MUFaculty and Staff Achievements

Events for the community's Sixth Annual Martin Luther King Jr. Symposium are set for Jan. 16-20 and will feature a candlelight march and special programs. The event is co-sponsored by the Department of Social Sciences, the Marshall University Office of Multicultural Affairs, the Martin Luther King Jr. Scholars Council, the Regional Meeting in Jacksonville, Fla. in November. WELCH was also an evaluator for the Military Health professions programs for the American Council on Education (ACE) in Montgomery, Ala. in Nov.

Dr. LAWRENCE R. SCHMITZ, associate professor in the Department of Chemistry, has published a paper entitled "Heats of formation of organic molecules calculated by density functional theory: II. Alkanes" in the Journal of Physical Chemistry, volume 19, pages 1421 - 1430.

Dr. BETSY ENNIS DULIN, associate professor in the Department of Physics and Physical Science, presented a paper entitled "Modeling the high-speed switching of far-infrared radiation by photoinization in a semiconductor" in Session EB (Condensed Matter and Polymers) at the Ohio State Fall Meeting of the American Physical Society, held October 16-17, 1998 at the University of Akron's Goodyear Polymer Center. The abstract may be viewed on the Internet at wwwaps.org/APS/PP/98/S10600005.html. A more detailed paper on the topic has been submitted to The Physical Review B for publication.

Funeral services held for Molly Binder

Funeral services for Mary E. "Molly" Binder, 28, of Huntington were conducted Jan. 13 at St. Joseph Church. Binder was a student at Marshall University and a member of the ROTC program. Binder was a member of the ROTC program and served in the United States Army Reserve. She was a member of the ROTC program and served in the United States Army Reserve. She was a member of the ROTC program and served in the United States Army Reserve. She was a member of the ROTC program and served in the United States Army Reserve.

Dr. MURRAY KLECKLEY, professor of English at Wilberforce University, has been selected to receive the 2003 Martin Luther King Jr. Scholar Award. The symposium will provide a platform for open discussion between youth and community leaders and will take place at Fairfield West Community Gardens, 1680 11th Ave.

Marshall University set records in 1998

Organizations and activities at the University that contributed to the many achievements of this special year...

- Marshall's total enrollment exceeded 16,000 students, including 4,000 graduate and professional students — up from 13,000 in 1991.
- The university dedicated and occupied three new libraries at a cost of $35 million on its Huntington, South Charleston and Huntington campuses and opened three new Byrd Institute manufacturing facilities in South Charleston, Bridgeport and Rocket Center.
- Marshall was named as one of the 100 Best College Buys in America — a function of quality and modest cost to students.
- The football team won the Mid-America Conference championship and defeated the University of Louisville in the Motor City Bowl on December 23 by a score of 22-14. This was the first new school to ever win more than 100 football games in any decade — 101, with nine more games still to play in the 1990s.
- New apartments with more than 1,000 new beds for students are under construction through a unique public-private partnership.
- Marshall faculty have achieved national recognition in key areas such as writing across the curriculum, technology management, learning disorders, family practice, journalism, forensic science, integrated science, technology management, learning disorders, family practice, journalism, forensic science, integrated science, technology management, learning disorders, family practice, journalism, forensic science, integrated science, technology management.
