Faculty invited to receptions

Members of the Marshall University faculty and administrative staff are invited and encouraged to attend Homecoming activities for alumni, Dr. Everett Roush, director of alumni affairs, said Wednesday.

Among the alumni Homecoming highlights are a TGIF Party tonight (Friday) at 8:30 p.m. in the American Legion Hall, 1421 6th Ave., and a post-game reception Saturday from 5 to 7 p.m. at the UpTowner Inn. There will be no charge to faculty and administrative staff members attending these events, Roush said.

"Our alumni really look forward to these events," Roush said, "and many would be especially happy to renew friendships with the faculty and staff members they came to know during their student days. We're hoping a large number of the faculty and staff will turn out to let the alumni know how much we enjoy having them come back."

The Alumni Association also is sponsoring an Alumni Goal Post Buffet from 5:30 to 9:30 p.m. at the UpTowner

at a cost of \$6 per person. This will be followed by the Alumni Homecoming Dance there, starting at 9 p.m. and costing \$8 a couple. The Gary Stewart Combo will be featured.

Highlight of the weekend, of course, will be the Saturday football game with Western Michigan, starting at 1:30 p.m. The Homecoming parade is scheduled for 10 a.m. Saturday, starting at 7th Street and moving east on 4th Avenue to the campus entrance at 16th Street.

A reception for Department of Music alumni will be held Saturday from 5 to 7 p.m. at the Guyan Golf and Country Club.

Other Homecoming highlights include an exhibit, "Marshall in the 1950s," in the Student Center's Alumni Lounge; a Seals and Crofts concert tonight at 8 o'clock in Memorial Field House, and the Student Homecoming Dance, Saturday at 9 p.m. in Memorial Field House.

Search for development director started

Marshall University has initiated a search for a director of development to head its fund-raising activities, Interim President Robert B. Hayes announced. The development director also will serve as executive director of the Marshall University Foundation, Inc.

The development position previously had been filled on an acting basis by Dr. Donald K. Carson, who also served as director of university relations. Carson resigned this fall to become dean of students at Memphis State University.

In addition to fund-raising duties and work with the Foundation, the development director will work with faculty and administration in developing proposals to take before foundations, corporations and individuals who may be able to assist in funding the proposals.

Dr. Hayes said preference will be given to a person with successful experience in fund-raising efforts. Other requirements include graduation from an accredited college or

university and ability to maintain harmonious working relations with university personnel and the constituencies the university serves.

Dr. Hayes said he is hopeful the position can be filled by Jan. 1.

Interested persons should submit a letter of application, along with credentials and current references, to Dr. Hayes by Nov. 15.

State organization picks

Dr. Neely as president

Dr. Harold E. Neely, director of grants and associate professor of political science at Marshall University, was elected president of the West Virginia Political Science Association during the organization's annual meeting last weekend at Mont Chateau Lodge, Morgantown.

Dr. Neely succeeds David Temple, chairman of the West Virginia University Department of Political Science, as head of the organization.

Dr. Neely, who joined the Marshall faculty two years ago, has had successful careers in both higher education and state government. Prior to coming to Marshall, he served as director of the Governor's Committee on Crime, Delinquency and Corrections. He was the Republican nominee for governor in 1960.

The Political Science Association voted to have its 1975 annual meeting on the Marshall campus.

Bookstore stocks 'Gazette'

Marshall University Bookstore is stocking the Charleston Gazette, Monday through Friday, according to Joseph L. Vance, bookstore manager.

Faculty and staff wishing to receive copies daily may have them reserved by calling Vance at 696-3622.

Counselors Conference to draw 125-plus Page 2

Between 125 and 150 counselors from throughout the state are expected to attend the third annual West Virginia Counselors Conference in Higher Education, scheduled Sunday and Monday, Oct. 20 and 21, at the Marshall Memorial Student Center.

The conference is being sponsored by the Marshall Counseling Service, according to Kenneth E. Blue, program coordinator and a member of the university's Counseling Service staff.

Blue said the conference is expected to attract not only counselors from the state's colleges and universities, but also representatives of community mental health centers and welfare, family service, vocational rehabilitation and other

"helping" agencies.

Theme for this year's program is "Sexuality: Understanding, Educating, and Helping."

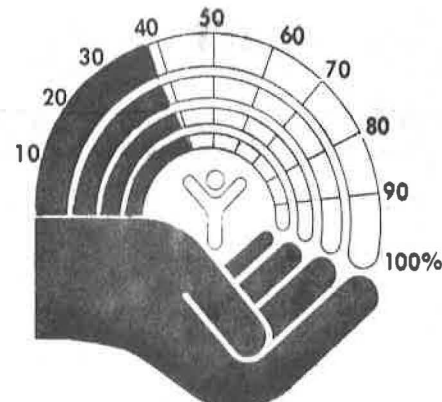

The team of Dr. Alan Wabrek and his wife, Carolyn, of Hartford, Conn., will be conference consultants and speakers. They are co-directors of sexual therapy, Department of Obstetrics and Gynecology at Hartford Hospital. He is an assistant professor of obstetrics and gynecology at the University of Connecticut School of Medicine. Mrs. Wabrek presently is a Ph.D. candidate in human sexuality, marriage and family at New York University and is a clinical member of the American Association of Marriage and Family Counselors.

Also speaking on the two-day program will be Dr. Elizabeth Wolf, professor of psychology at Marshall, and Mrs. Emily Day, executive director of the Women's Medical Center in Washington, D.C.

Dr. Wolf was director of the Marshall Psychology Clinic from 1964 to 1970. She presently is a member of the professional advisory boards to the Huntington Community Mental Health Center and to the Division of Vocational Rehabilitation, and a consultant to the West Virginia Department of Mental Health.

Registration for the conference will begin at 6:30 p.m. Sunday and the introductory session will begin at 8 p.m. The conference will close at 4 p.m. Monday.

Persons interested in attending or in obtaining detailed information about the program may telephone Blue at Marshall's Student Development Center, 696-2324.

**United
Way
Drive
At 39%**

The United Way fund drive in the Marshall University community has reached 39 per cent of its \$12,908 goal at the end of the second campaign week.

Dr. Neil L. Gibbins, Marshall's UW section chairman, reported the figures Wednesday and labeled them both encouraging and disappointing.

"The \$5,146 given or pledged came from only 170 people, or about 16 per cent of the 1,047 persons in the university community," he said.

"That may mean that most of our larger donations are in hand and that it will be an uphill fight to reach our goal."

But Dr. Gibbins said, however, that if everyone gives some amount, large or small, the goal should be attained.

Two actions reported by Academic Committee

Following is a summary of actions taken by the Academic Planning and Standards Committee at its Sept. 16 and Sept. 26 meetings as submitted by Dr. Joan Adkins, chairman, and Dr. Howard A. Slaatte, secretary:

Dr. William K. Easley, vice president for Academic Affairs proposed, and the committee approved, the following persons for membership in the Honors Council for the Academic year 1974-75:

Dr. Richard Rosswurm, Professor Eric Thorn, Dr. Francis Aldred, Dr. Carolyn Karr, Dr. William Coffey, Dr. Guru Kademani, Professor Thomas Olson, Dr. A. M. Tyson and Dr. Ralph Taylor.

A sub-committee report on repeat grades was given by Dr. Robert Alexander and Edwin Cubby. Two regulations proposed in the report were adopted unanimously. They are:

- I. In implementing the "repeat rule" as set forth in Board of Regents Policy Bulletin No. 20, the following will apply:
 1. A Marshall University course in which a student earns a "D" or "F" during his first 60 semester hours may be repeated at any accredited college or university.
 2. A "D" or "F" earned in a course at another accredited institution during a student's first 60 hours may be repeated at Marshall University.
- II. A Marshall University course in which a "C" is earned may be repeated at any accredited institution, provided prior approval is obtained from the chairman of the department in which the original course was taken. Both the original grade and the "repeat" grade will be used in computing the quality point average.

The deletion from the original statement consisted of a conditional clause appended to I, 2, vis. "...if the student subsequently transfers to Marshall."

Student Conduct group meeting is summarized

Following is a summary of actions taken by the Student Conduct and Welfare Committee at its Sept. 30, 1974, meeting as reported by Chairwoman Elizabeth Wolf and Secretary Charles R. Quillin. Recommendations submitted to the President which have received approval are:

1. that faculty members who are members of the Student Conduct and Welfare Committee not be submitted in nomination by the Student Conduct and Welfare Committee to the President for Judicial Board membership.
2. for the 1974-75 Judicial Board from which the President is to choose two; Dr. Daryll Bauer, Jr., Dr. Alan B. Gould and Dr. Clair Matz, Jr.

Coal treatment process topic of guest speaker

Solvent refining, a potential method for "cleaning" high-sulfur coal, will be discussed at Marshall University by Dr. Gerhard H. Beyer of Virginia Polytechnic Institute (VPI).

Dr. Beyer will give his lecture at 8 p.m. Tuesday, Oct. 22, in the Marshall Science Hall Auditorium. His address, sponsored by the Marshall chapter of Sigma Xi, science honorary, will be free and open to the public.

Solvent refining, as defined by Dr. Beyer, involves dissolving high-sulfur coal in a chemical solvent so the refined coal can be burned as a liquid or solid or be utilized as a feedstock for the production of other chemicals.

The need for such a process is due to the fact that much of the coal available to meet current high energy demands contains too much sulfur to be economically used as a fuel and still meet federal Environmental Protection Agency air quality standards, according to Dr. Beyer.

Dr. Beyer is a graduate of the University of Wisconsin, where he gained his B.S., M.S. and Ph.D. degrees in chemical engineering. He taught at Ohio State University and the University of Missouri before joining the VPI faculty at Blacksburg, Va. He has done research in nuclear energy as well as coal.
