KEY #3 – EXPLANATION OF NUMBERING SYSTEM

Senate recommendations are numbered according to the year, the order of submission and the place of origin. For example—the first recommendation of the first year of the two-year term would be as SR-12-13-01 (with this number increasing by one for each additional recommendation). The first recommendation of the second year of the two-year term would be as SR-13-14-(01) 58* (*with 58 being the next number in secession at the end of the first term).
