Tickets at half-price for concert by Hampton orchestra

Tickets for the concert by Lionel Hampton and his orchestra, scheduled for Monday, Oct. 3, are available from the Marshall Artists Series Office, located on the first floor of the Memorial Student Center. Part of Marshall Artists Series' Student Division programming, the performance will be in the Keith-Albee Theatre with curtain time set for 8 p.m.

Reserved seat tickets for the general public are available at $6 and $5 each, but MU employees may purchase them at half-price, according to Mr. Nancy P. Hindsley, Marshall University cultural events coordinator. Tickets may be reserved by calling the Artists Series Office at 696-6656 or 696-5436.

Hampton's appearance on the Artists Series has been made possible in part by a grant from Arts and Humanities, West Virginia Department of Culture and History.

Campus chapter of NOW sets reception for members

The Marshall University Campus Chapter, National Organization for Women (NOW), will sponsor a reception for new members from 11:30 a.m. to 1 p.m. Tuesday, Oct. 4, in the Alumni Student Center.

All interested faculty and staff members and students are invited to attend, according to Patricia Matters, MU Women's Center director. Those unable to attend the reception may call the Women's Center, extension 3112, for membership information.

Personnel personal... .

Marsha Steffen Smith, daughter of Ruby Steffen, Graduate School clerk, has been elected gymnastics chairman for West Virginia at the annual state meeting of the U.S. Gymnastics Federation and will represent the state at the National Gymnastics Congress in Washington, D.C., Oct. 8-9. Smith will be responsible for coordinating all state activity with national headquarters in Indianapolis. According to her mother, this is the first time anyone from the Huntington area has been elected to this position.

Proud of a family member's accomplishment! Is there a new baby at your house? Is there something else you'd like to share with your colleagues? "Personnel personal..." is just the place. Send your information to Judith Casto, University Relations, Old Main 182.

NEWCOMERS

New to the campus are:

GABRIEL CANADA, secretary, Minority Students Office; RODNEY D. HAGLEY, lab technician, Biochemistry; ELIZABETH GRAYBEAL, clerk, Accounting Office; PHILLIP M. SERGENT and SHERRY L. HATHFIELD, computer operators; and FREDERICK CECIL DAMRON, technician, Instructional Television Services.

Welcome to Marshall!

RETIREE RECEIPTION

A 20-year veteran of the Marshall University staff, Marian E. Green, second from right, was guest of honor at a reception prior to her retirement this past summer. Miss Green, office manager for the Provost's Office at the time of her retirement, began her career at Marshall as a stenographer in July 1963. Shown with Miss Green at the reception are, from left, Williltean Chapman, College of Liberal Arts administrative aide; Nancy Stilner, Graduate School secretary, and Dr. William S. Deel, associate provost. (MU photo by Rick Haye)

Beneficial approach

As a member of the Women's Student Division programming, the Women's Center will sponsor a reception for members from southern states are enrolled in the programs here, while 39 West Virginia are studying in programs elsewhere.

The University of Kentucky-nearest Academic Common Market institution—Marshall are cooperating currently in two other graduate programs, according to Marshall's Graduate School dean.

"Marshall's social work division is assisting UK with the placement of its Master of Social Work degree candidates in experiential learning situations," Maddox said. UK's M.S.W. degree program is available through the Academic Common Market to Marshall's Bachelor of Social Work degree program graduates and other students from southern West Virginia. "The program is even more available to students in our region since classes are offered at Ashland (Ky.) Community College," he said.

As a result of these two schools have joined forces in the library science area with UK offering courses from its Master of Library Science degree program in West Virginia. With the approval of the faculty advisor involved, up to 12 semester hours may be earned through UK and applied to Marshall's graduate degrees in Communication Arts and in Library Science.

In the same vein, UK authorities have agreed—again depending upon the faculty advisor's approval—to accept undergraduate and graduate credits from Marshall's Educational Media Department.

"This cooperative approach of the Academic Common Market is beneficial to everyone involved as it offers much needed access to a variety of degree programs on a cost-effective basis," Maddox said.

Homecoming—special time for MU campus

Dear Faculty and Staff,

This weekend is a very special time for the Marshall University community—it's Homecoming and a time when alumni and friends we haven't seen for a while will come back to campus to renew their "old school ties." As a faculty member, Homecoming has always been rather special for me, because not only do our alumni come back to see each other, but also to visit with faculty and staff members who were important to them during their days as students.

I'm hoping that you will join me in participating in Homecoming 1983. There are several activities to choose from—Friday night's reception at the Huntington Civic Center, the parade on Saturday, the game and a post-game party—information and ticket costs can be obtained by calling the Alumni Affairs staff, extension 3134.

I'm going to participate—just as I have in the past—and I hope you all will join me.

Sincerely,

Sam Clagg
Acting President

MARGARET UNIVERSITY

Safety and health programs

Students in the Department of Safety and Health at Marshall University and the University of Kentucky have begun cooperative efforts in an expanded Mine Safety Program.

The program is designed to provide competencies needed by mine management and safety personnel as well as mine safety compliance personnel, according to Professor James B. Stone, program director. It is geared to underground, auger and surface mining as applicable to all mining industries including metallic and nonmetallic mining.

Co-sponsored with the National Mine Safety and Health Academy at Beckley, the graduate program includes:

Environmental Design and Control—Identifying, developing and maintaining a setting which provides maximum safety;

Mine Safety Systems and Compliance—Understanding and applications of mining and compliance with safety procedures, regulations and reporting;

Mine Safety Programming—Development and implementation of safety training programs for all mine personnel. Internships, practicum and cooperative arrangements are provided in active mining operations.

The M.S. in Mine Safety is the second M.S. Program to be offered through the Academic Common Market. Earlier an undergraduate degree in Sports Communications, offered by Marshall's Health, Physical Education and Recreation Department, in conjunction with the School of Journalism, was accepted by the SREB.

Currently there are three undergraduate and graduate level programs offered by West Virginia institutions of higher education to out-of-state students under the Academic Common Market approach. Twenty-six

VIP forums to commence on Monday, Oct. 3

"Where Does the Next MU President Stand on Issues" will be the theme for the first Vital Issues Program (VIP) of the 1983-84 academic year, according to Dr. Jabir A. Abbas, VIP coordinator and professor of political science.

The meeting is scheduled for 2 p.m. Monday, Oct. 3, in Harris Hall 134. Members of the Presidential Search and Screening Committee have been invited to attend, Abbas said.

During the forum, faculty, students and staff will be encouraged to discuss their views on issues and commitments.

Children's College begins on Saturday

Registration is under way for the Marshall University Community College's Children's College which begins Saturday, Oct. 1, and continues through Dec. 10, according to Robert L. Lawson, Community College continuing education director.

"Your child does not need to be gifted to participate in Children's College, just interested in exploring new horizons outside the normal school day fare," Lawson said.

"Classes are available for students in grades four through nine and also adults, which may enroll one class or as many as three," he added.

Among the subjects to be explored by fourth through sixth graders are Creative Writing, Science Fiction, Computer Science, Drama-Storytelling, Microscopic Organisms, and Conversational Spanish. Computer Science will be offered on three levels: introductory, intermediate, and advanced.

For junior high students, the course selection includes Comparative Anatomy, Archaeology and Computer Science for all skill levels.

In addition to six regular classes, sessions in playing Dungeons and Dragons will be offered for both age groups, according to Lawson.

"Dungeons and Dragons has great potential as an educational tool," he said. "The interactions of players form an excellent basis for learning. In R.W.M.T, which involves concepts of leadership, teamwork, sociology, mathematics and even politics. The only limits to the game are the limits of the individual's imagination," he explained.

Courses for fourth through sixth graders will be offered in the mornings, beginning at 9 a.m. except for the computer sessions and Dungeons and Dragons which begin at 12:10 p.m. All junior high classes are scheduled to begin at 12:15 p.m.

A package of three classes will be $50, two classes will be $40 and one class will be $20. The cost for families enrolling two or more children will be $40 for each child. For additional information or to register, call Marshall's Community College at 696-3646.

Career Planning/Placement announces October recruiters

Eighteen businesses will be recruiting on campus during October, according to Barbara A. Cyrus, recruiting coordinator, Office of Career Planning and Placement.

Oct. 3-Ashton Oil Computer Science, Sales
Oct. 4-Putnam County Schools, All areas of Education
Oct. 5-Charleston National Bank, Mgt. Trainees, Auditor, Acc. Credit Analyst, Business Admin. Finances, Accounting
Oct. 7-West Virginia University College of Law, Informational Session
Oct. 10-Grandview Hospital, All areas of Service
Oct. 11-South's Casuals, Management Trainee
Oct. 12-U.S. Air Force, Military Background
Oct. 12-Chow & Cool mean Accounting, Must have 3 GPA
Oct. 13-Lazarus, All Majors 1 Christmas (job 2 Phone)
Oct. 17-Leover Brothers, All Majors – Sales Representative
Oct. 18-Ernst & Whinney, Accounting
Oct. 19-Converse College, Counselor
Oct. 20-Touche Ross, Accounting
Oct. 21-Aronett & Foster – Accounting
Oct. 24-NCR, Sales Representative
Oct. 25-WV Dept. Natural Resources, Criminal Justice
Oct. 26-Xerox, Marketing Preferred – Will interview all Majors
Oct. 27-Berkley County School System

All interview applicants must have a completed credential file. A credential file may be established by sessions or by attending one of the credential file seminar held at various times throughout the semester. Workshops also are being conducted on Resume Writing and Interviewing Skills. A copy of the schedule is available in the Office of Career Planning and Placement.

Information on the seminar may be obtained by calling Career Planning and Placement, extension 2370.

Appreciation

I wish to extend my appreciation to the faculty and staff for many expressions of sympathy on the death of my mother. Your kind words, cards and flowers were a great comfort and were greatly appreciated.

Thank you, B.R. Smith
RBA Program Director

MU faculty and staff achievements, activities...

DR. DAVID CUSICK, associate professor of mathematics, has an article, "A Logarithm Algorithm for Calculating Pi," appearing in the July issue of the Year College Mathematics Journal's September issue (vol. 14, no. 3, pages 323-324). Cusick has also been named moderator of the High-Q program aired at 11:30 a.m.

New faculty ranks

(Collapsed from page 1)

Kathleen B. Marshall, computer and information science, Ph.D., Duke University; Nicholas Freidin, sociology/anthropology, Ph.D., University of Oxford; Jody Gottlieb, sociology/anthropology, M.S.W., University of Pittsburgh; Yamshid Hashighi, computer and information science, M.A., Michigan State University; Donald L. Hall, education, Ed.D., University of Virginia; Patrick M. Heilman, finance and business law, M.B.A., University of Arkansas; Frances S. Hensley, history, Ph.D., Ohio State University; Kenneth O. Horner, biological sciences, Ph.D., Virginia Polytechnic Institute and State University; David A. Lumpkin, English, Ph.D., McGill University; Joan T. Meadows, English, Ph.D., Ohio University; James D. Riemer, English, Ph.D., Bowling Green University; Daniel J. Moss, health, physical education and recreation, Ph.D., Ohio State University; Richard S. Spilman, English, Ph.D., State University of New York; Margaret A. Swisher, biological sciences, Ph.D., Clemson University; Andrew J. Burger, medicine, M.D., University of Pittsburgh; Carl F. Comcas, medicine, M.D., West Virginia University; Robert H. Greist, medicine, M.D., University of Louisville; Shirley M. Neitch, medicine, M.D., University of Texas; David L. Webb, medicine, M.D., Medical College of Ohio; Timothy Saxe, pharmacology and medicine, M.D., West Virginia University; Jeffrey W. Sullins, family and community health, M.D., University of Rochester; Linda M. Savory, family and community health, M.D., University of Nevada; Donald A. Kayser, psychiatry, M.D., Virginia University, and Patricia J. Kelly, pediatrics, Marshall University.

New instructors include: Laura Adrian, mathematics, M.A., Marshall University; Victoria L. Casey, nursing, B.S., Marshall University; Timothy C. Clark, health, physical education and recreation, M.A., Marshall University; Daniel K. Crottey, computer and information science, B.A., Marshall University; Randall L. Jones, computer technology, B.B.A., James Madison University; John F. McMillan, marketing, M.B.A., Marshall University.

Announcement: Marshall University, Kenneth T. Miline, computer and information science, B.S., Michigan State University; Paula J. Mitchell, computer and information science, M.S., Arkansas State University; Hossein Mohbbehian, mathematics, M.A., Michigan State University; Richard H. Mundie, physical education and recreation, M.S., Marshall University, and Lynne Heidseik, family and community health, M.D., University of California.

Sunday's on WOW-TV. High-Q is a contest testing high school students' quick recall of knowledge.

C. ROBERT BARNETT, professor of health, physical education and recreation, had an article, "The First Black Steeler," which originally was published in the July issue of the Pittsburgh Steelers Weekly, reprinted in the national and local editions of the Pittsburgh Tribune-Review.

DR. JOHN N. VIELKIND, Philosophy Department chairman, was one of 32 participants in the Capital District Human Resource National Conference, held Sept. 22-24 at SUNY-Albany. The theme was "The Business of Humanities Programs and the Art of Innovation."

CHARLES F. GRUBER, assistant professor of social studies, and Daniel J. Moss, professor of political science, are attending the 11th annual meeting of the Latin American Studies Association in Mexico City, Sept. 27-Oct. 2. They were selected through a juried process to lead a roundtable panel on "The Use of the 'Frontier' as a Concept for Teaching Interdisciplinary Latin American Studies."
