Artists Series' Forum Division events scheduled

Syndicated columnists Rowland Evans and Robert Novak, five film lectures, a musical duo and Kevin McCarthy in a one-man show as President Harry S. Truman will make up the 1980-81 season of the Marshall Artists Series' Forum Division, Mrs. Nancy P. Hindsley, MU cultural events coordinator, announced.

Admission to these events is by season membership only, Mrs. Hindsley said. Forum season memberships for next year are now available from the Artists Series Office, Memorial Student Center 2W38, at a cost of \$24. Memberships are available to full-time faculty and staff for \$12 each. Memberships may be reserved by calling the office at 696-6656.

Opening the 1980-81 Forum season on Sept. 17 will be veteran journalists Evans and Novak, whose column "Inside Report" is carried in more than 250 newspapers. Evans will discuss the presidential election, while Novak will concentrate on economics and the international scene.

Summer library hours set

Sat., May 10 (Commencement)	9 a.m.-5 p.m.
Sun., May 11	CLOSED
Mon.-Fri., May 12-16	8 a.m.-4:30 p.m.
Sat. & Sun., May 17 & 18	CLOSED
Mon.-Fri., May 19-23	8 a.m.-4:30 p.m.
Sat. & Sun., May 24 & 25	CLOSED
Mon., May 26 (Memorial Day)	CLOSED
Tue.-Fri., May 27-30	8 a.m.-4:30 p.m.
Sat. & Sun., May 31 & June 1	CLOSED
Mon.-Fri., June 2-6	8 a.m.-4:30 p.m.
Sat. & Sun., June 7 & 8	CLOSED
Mon., June 9 (Registration)	8 a.m.-4:30 p.m.

REGULAR SUMMER SCHEDULE BEGINS TUESDAY, JUNE 10:

Mon.-Thurs.	7:45 a.m.-10 p.m.
Fri.	7:45 a.m.-5 p.m.
Sat.	9 a.m.-5 p.m.
Sun.	5 p.m.-10 p.m.

NOTE: Friday, July 4 (Independence Day) CLOSED

NOTE OF APPRECIATION

I am taking this means of expressing the appreciation of Wyn and me to everyone who contributed and/or participated in the luncheon last Friday held in our honor. This affair was undoubtedly one of the most monumental highlights we have ever experienced. We thank you.

George J. Harbold
Dean, College of Liberal Arts

On Oct. 30, Chris Borden will present a film lecture on Afghanistan, a country much in today's news, taking his audience to Kabul, to the Desert of Death and to areas virtually untouched by the outside world.

On Nov. 7, Bill Bolcom and Joan Morris, a piano and voice duo, will present an evening of nostalgia featuring songs of America from the 1800s to today.

Beginning in January with Theodore R. Bumiller and his film lecture on "Greece and the Aegean Sea," one film lecture per month for four months is scheduled for travel buffs. The programs include Doug Jones with "Royal London," Feb. 9; William Stockdale with "A New, New England," March 17, and John Roberts with "Delightful Denmark," April 9.

"Give 'em Hell Harry" with actor Kevin McCarthy will close the 1980-81 Forum programming on April 27.

All Forum programs will take place at 8 p.m. in Old Main Auditorium.

Committee discusses Fall 1980 classroom utilization purposes

The Physical Planning and Facilities committee met at 11 a.m. April 24 in Memorial Student Center room 2W10.

A survey of general purpose classroom utilization for Fall 1980 was presented. In view of the need for further information, the committee decided to ask President Robert Hayes and Provost Olen Jones to meet with the committee before the allocation of any space vacated in Harris Hall and elsewhere upon completion of Corbly Hall.

Statements of need for expansion for the library and theater facilities were presented. Before action could be taken, the secretary was asked to distribute copies of these statements to committee members before the next meeting.

A sign policy subcommittee report was deferred.

The committee was advised of a delay in the anticipated completion date for Corbly Hall.

Dr. Mills agreed to investigate rumors concerning intended use of nursery school facilities by the athletic department.

The temporary installation of benches on campus was approved, pending implementation of a landscaping plan. Dr. Howard Mills and Shirley Overholt were elected the committee's chairman and secretary, respectively, for 1980-81.

Respectfully submitted,
Eric P. Thorn
Secretary

Mine Safety: MU, academy to offer cooperative master's option

Effective this fall, Marshall University will become the first institution in West Virginia—and one of the few in the nation—to offer a graduate level program specifically in the area of mine safety, MU President Robert B. Hayes announced.

At its meeting in Lewisburg, the State Board of Regents approved implementation of a Mine Safety Program option under Marshall's current Master of Science degree in Safety.

The program will be the first in the nation offered in cooperation with the National Mine Safety and Health Academy at Beckley and the U.S. Department of Labor. Marshall's Community College already offers associate degree programs in mining technology and mining management under the cooperative agreement established earlier with the academy.

"The graduate mine safety program has been designed to address a most serious concern for workers in the field," the president said. "It is being initiated at a time when the mining industry is intensifying its activities and when public awareness of a need for mine safety is increasing," he noted.

"We are quite enthusiastic about the program," said Dr. Michael G. Zabetakis, superintendent of the National Mine Safety and Health Academy.

"Mining is such an important part of our lives and this program is recognition that we need to address the problems of safety education within the industry," Zabetakis added.

Faculty constitution voting this week

Ballots for the two proposed amendments to the faculty constitution will be distributed today, (May 2) and the voting deadline is 4 p.m. Friday, May 9, according to Robert Eddins, registrar. Anyone who does not receive a ballot through campus mail may pick one up in the Registrar's office. Ballots must be cast in person in your academic dean's office.

One of the two constitutional amendments would provide for a faculty Budget and Appropriations committee, an advisory committee to consider policy matters that determine the budget and its expenditure, and to serve in the development of the university budget and in the appropriations designated to units in the budget.

The other amendment would allow the University Council to make changes in position titles and article numbers in the faculty constitution, with the provision that the proposed changes be provided the faculty at least 10 days before the changes are made.

For more details on the amendments, consult the April 18 News Letter.

"The program is one whose development has involved a great deal of cooperation from the academy officials and various areas of the university." MU Graduate School Dean Paul Stewart said. "We appreciate the fact that the academy has placed its many resources at our disposal including the most extensive mining library in the nation," he added.

"While this program may not be the only graduate-level mine safety program in the nation, it is one of the first pioneering efforts in this direction," said Dr. Philip J. Rusche, MU College of Education dean. "I'm pleased to see such a program of vital concern initiated through a department within the College of Education," he said.

The program will provide mining personnel with the knowledge necessary to maintain a safe working environment, while at the same time developing personal at-

36 receive grants for summer research

Thirty-six Marshall University faculty members have been selected by the university's Research Board as recipients of Summer Research Grants of \$1,500 each, Dr. Paul D. Stewart, board chairman and Graduate School dean announced today.

In addition to the Summer Research Grants awarded, Dr. Stephen L. Winn, assistant professor of sociology, has been chosen to receive the \$2,000 George W. Van Zandt Memorial Research Grant, funded by a gift to the Marshall Foundation.

The award winners will be honored today (May 2) at the Research Board's annual dinner meeting at 6:30 p.m. in the Special Dining Room, Memorial Student Center. Dr. Wimberly Royster, dean of the University of Kentucky Graduate School, will be the guest speaker.

Receiving grants for summer research were: John J. McKernan, associate professor of English; Dr. Michael J. Galgano, associate professor of history; Dr. Howard Price, associate professor of chemistry; Dr. Carl S. Johnson, assistant professor of curriculum and foundations; Dr. Paul W. Whear, professor of music; Dr. Richard Rosswurm, associate professor of political science;

Dr. Frank Binder, associate professor of biological sciences; Dr. Paul Balshaw, professor of music; Dr. Robert Maddox, professor of history; Dr. Donald Tarter, professor of biological sciences; Dr. Leonard J. Deutsch, associate professor of English; Dr. Donna Spindel, assistant professor of history; Dr. James E. Joy, associate professor of biological sciences; Dr. C. Robert Barnett, associate professor of health, physical education and recreation;

Current master's in safety to include mining option

(Continued from page 1)

itudes and habits conducive to safety among themselves and their co-workers, according to Dr. Charles I. Jones, chairman of MU's Occupational, Adult and Safety Education Department, which is offering the special program.

"The option is designed to serve professional mine safety personnel in the mining industry and governmental regulatory agencies, both state and federal, by enhancing their knowledge and skills whether they are involved in underground, surface or auger operations and related preparation, loading and transportation," Jones said.

"The program addresses mine safety not just for coal mines, but for all types of mining—whether metal or mineral," he said.

"As the Academy itself is national in scope, drawing

clientele from all states, the students in the program probably will be ones not ordinarily enrolled in programs at our state institutions," he added. Jones said he expects to have approximately 30 students entering the program its first year and anticipates the number will be in the hundreds by 1983.

"In developing the program, we identified the competencies or knowledge base needed in mine safety," Jones said. "We then developed special courses which will provide these competencies."

Courses offered will include such topics as Mine Safety Program Analysis, Mine Safety and Health Legislation, Hazard Control in Mining and Philosophical Concepts of Mine Safety and Health.

Students in the program will be required to complete 36 hours of class work, including six hours of electives, or, if a thesis is written, 32 hours of which only six may be applied to the thesis.

Winn to receive \$2,000 Van Zandt research grant

(Continued from page 1)

Robert P. Hutton, assistant professor of art; Dr. Samuel Freeman, assistant professor of political science; Dr. Michael Seidel, assistant professor of biological sciences; Dr. James T. McQueeny, assistant professor of modern languages; Dr. David Woodward, professor of history; Dr. John Hubbard, assistant professor of chemistry; Dr. Charles R. Mabee, associate professor of Bible and religion; Mary Ann Rosswurm, assistant professor of nursing;

Dr. Thomas Weeks, associate professor of biological sciences; Dr. Bruce R. Ardinger, associate professor of English; Dr. George Arnold, associate professor of journalism; Dr. Donald W. Williams, associate professor of health, physical education and recreation; Dr. Kenneth Ambrose, assistant professor of sociology; Dr. Bowie Kahle, associate professor of biological sciences;

Dr. Barbara R. Brown, associate professor of English; Dr. Guru Kademani, associate professor of management; Dr. Steven Mewaldt, assistant professor of psychology; Dr. Dewey Sanderson, associate professor of geology; Dr. Robert L. Case, associate professor of health, physical education and recreation; Dr. John C. Plott, associate professor of philosophy; Dr. William C. Ramsey, associate professor of English, and Elizabeth Nordeen, assistant professor of English.

The Summer Research Grant recipients were selected by faculty committees established by the Research Board.

Alumnus to address ROTC cadets

Maj. James F. Madison, of the Foreign Language Department at the United States Military Academy, will be the guest speaker for the commissioning ceremony of Army ROTC cadets at 4 p.m. May 10 in the Memorial Student Center.

Major Madison is a January 1968 Marshall University graduate and earned his commission through the Army ROTC program here.

Twelve cadets are scheduled to be commissioned. Faculty, friends and students are invited.

Also to be honored at the dinner will be faculty members who received grants from outside sources during the 1979-80 academic year.

Paul Blazer takes first place at SCORES Academic Festival

Seventy students from 21 high schools won honors at Marshall University's second annual Academic Festival held recently on the Marshall campus.

Sponsored by SCORES (Search Committee on Recruiting Excellent Students), the festival provides academically superior students an opportunity to demonstrate their knowledge in various areas. More than 20 MU departments participated by providing standardized tests, essays, and in the case of science areas, actual experiments, according to Dr. Claire Horton, assistant professor of sociology/anthropology and festival coordinator.

Paul Blazer High School of Ashland, Ky., had the largest number of students placing in their events, and took home the sweepstakes trophy.

Excused Absences . . .

Absences have been excused by the respective deans for the following:

- April 27-30—Men's golf team.
- April 23-28—Women's golf team.
- March 27, April 5, 7, 10, 11, 14, 16, 17, 19, 21, 25-29—Baseball team.
- April 23-27—Track team.
- April 17-18—Mary Higgins, James Holley, Robert Rorer, Darryl Vance.
- April 25-26—Women's track team.

REMINDER

Next week's edition of the News Letter will be the last edition for the spring semester. The newsletter will resume publication June 13 on a bi-weekly basis during the summer school terms.

MU faculty and staff achievements, activities. . .

DR. CORAZON ALMALEL-NAVARRO, professor of modern language, is the author of "Arnaldo de Vilanova, Precursor del Ensayo," published in *Los Ensayistas*, March 1980, No. 8-9, pp. 146-148. *Los Ensayistas* is the official journal of the Association of Hispanic Thought in America. Members of the association met at the University of Toronto, Canada, April 10-12. The meeting's theme was "Veridad y Vericidad en el Pensamiento Hispanico."

DR. ROBERT F. MADDOX, chairman of the History Department, was the author of "The Politics of World War II Science: Senator Harley M. Kilgore and the Legislative Origin of the National Science Foundation," which appeared in the latest edition of *West Virginia History*. He was elected president of the West Virginia Historical Association during its meeting at Fairmont State College April 11-12. On April 19, he addressed Marshall alumni on "Bridging the Generation Gap: Family History," and April 24-26 he participated in a panel discussion on "The Local Picture: Community History in West Virginia" at the West Virginia Heritage Preservation Conference in Charleston.

EARLINE ALLEN, assistant professor of art, had a carved bowl on exhibit at the Ceramics Southeast Regional Competition at the University of Georgia in Athens. The show, judged by Don Pilcher, ran through May 1.

DR. WILLIAM SCHNEIDERMAN, assistant professor of psychology, was informed that his paper, "Effect of Self Evaluation Procedure on Errors in Self Reinforcement," has been accepted for publication by *Psychological Reports*.

DR. MICHAEL GALGANO, associate professor of history, was an examiner in the dissertation defense of Joseph Seward at West Virginia University. Seward, who has his master's degree from Marshall, successfully defended his work, "Dryden and Lucretius" and will be awarded his degree at spring commencement. Galgano has been on the dissertation committee since 1976. He also read two papers, "George Grenville and the English Constitution" at the West Virginia Historical Association meeting April 11-12 at Fairmont State College, and "Sugar and Spice: The Female Child in Seventeenth Century England" at the seventh annual conference of the Shakespeare and Renaissance Association of West Virginia April 18-19 in Morgantown. He is on the ex-

ecutive board of the Shakespeare and Renaissance Association.

DR. CHARLES BIAS, assistant professor, DR. ALAN B. GOULD, professor, and DR. DAVID WOODWARD, professor, all of history, participated in conference activities at the West Virginia Historical Activities at Fairmont State College April 11-12.

DR. BRADFORD R. DEVOS, associate professor of music, and DR. WARREN W. WOODEN, associate professor of English, attended the seventh annual conference of the Shakespeare and Renaissance Association of West Virginia in Morgantown April 18-19. Wooden is on the association's executive board, and DeVos was appointed program chairman of the 1981 conference to be held at Marshall. Wooden also attended the annual meeting of the Southeastern Renaissance Conference at Duke University in Durham, N.C., April 11-12.

DR. ROBERT L. CASE, Health, Physical Education and Recreation Department chairman, was elected to chair the Council on Facilities and Equipment at the national meeting of the American Alliance of Health, Physical Education, Recreation and Dance in Detroit Friday, April 11. On Saturday, April 12, he competed in the AAHPERD 10,000 meter race, placing 85th. Also attending were DR. PAT EISENMAN, associate professor, and OLIVE HAGER, assistant professor of HPER.

DR. ROBERT C. BARNETT, associate professor of health, physical education and recreation, presented the paper "The 1904 Anthropology Games: An Attempt to Prove the Validity of Social Darwinism" at the Sport History Academy held during the annual convention of the American Alliance of Health, Physical Education, Recreation and Dance. Barnett also served as a member of the Midwest District AAHPERD board of directors as its historian archivist.

DR. ROLAND L. MADISON, associate professor of accounting, and Wayne A. Ross, chief accounting officer and treasurer of the Energy Methods Corp. of Denver, Colo., are the authors of "Responsibility for Fraud Detection Requires Immediate Clarification" appearing in the April-May issue of *The Practical Accountant*. Madison also attended the Mid-Atlantic regional meeting of the American Accounting Association April 11-12 at West Virginia University.

UNUSUAL GIFT

Partners in the Huntington accounting firm, Callaway, Trainer and Wright, pose with data processing equipment similar to that which they recently contributed to the Marshall University Foundation. From left are Donald E. Trainer, John G. Hess, Carl M. Callaway, Richard M. Stewart and Charles W. Wright. The firm recently installed new NCR 101 data processing equipment and the partners decided to give their earlier model NCR 100 equipment to the Foundation, rather than sell it. Dr. Bernard Queen, executive director of the Foundation, said the equipment will be of great value to Marshall's Computer Center. (MU photo by Rick Hays)
