Library summer hours revised

Graduate School heads the listing of prospective graduates with 623 students scheduled to complete their work prior to May 10. The College of Education lists 355 prospective graduates, followed by the College of Business with 242, the College of Arts with 205, the Community College with 110, the College of Science with 102, and the School of Nursing with 63. Another 61 students are scheduled to graduate under the Regents Bachelor of Arts Degree program.

More than 900 of the graduating students are completing their work this month; 380 finished their classes last December and another 455 completed work during the 1979 summer terms.

Among those appearing on the program will be Rabbi Frederick L. Wenger, who will deliver the invocation and the benediction; the Marshall Symphony directed by W. Richard Lemke; the Symphonic Choir, directed by Wendell Klimlen; Leo V. Imperi, who will sing "The Alma Mater; and Alumni Association President Philip E. Cline.

The academic degrees will be conferred by Marshall President Robert R. Hayes.

Horsemanship course to be held in summer, fall

A new course in basic horsemanship will be offered this summer and next fall by the Health, Physical Education and Recreation Department at Marshall University in conjunction with the Hillcrest Stables, in Ohio.

Kristy Scarbery, stable owner and one of the instructors, said the emphasis will be on equestrian safety and proper care of the horse.

The course will be offered from 6 to 7:45 p.m. Mondays and Wednesdays during both five-week summer school sessions, which begin June 16 and July 21.

Basic horsemanship classes will meet from 5:30 to 8 p.m. Mondays and Wednesdays for two fall semester sessions, beginning Sept. 3 and the other Oct. 2. All classes meet at the Hillcrest Stables, in Ohio.

Dr. Robert Case, HPER chairman, said the off-campus course is being offered because of the success of two other courses and the demand for horsemanship and whitewater rafting.

Mrs. Scarbery and the other instructor, Kate Kessler, will divide the class into three groups, so that while one is riding, the others will work on riding or doing groundwork. Each group will participate in all three sessions each week.

The curriculum includes riding balance, correct riding clothes, cleaning and maintaining tack, grooming a horse, horse care, correct mounting and dismounting, riding safety, horse care, self-stabling, loading the horse into a trailer, and defects to watch for when buying a horse.

The course will be limited to 12 persons, and if possible, the course will be divided according to degree of previous experience with horses. The course will cost $156 per person payable to Hillcrest Stables and $9.50 to Marshall University, which will pay one hour of elective credit. Students also must rent a safety helmet and purchase a textbook.

Anyone wishing more information may contact Case at ext. 6490.
