MU receives nearly $3.5 million in grants

Fifty-nine grant proposals by Marshall University faculty and staff members were funded during 1980-81, yielding nearly $3.5 million for various research, teaching, public service and other projects.

Eighteen additional grant proposals initiated during that period are still pending and many will be funded this academic year, according to an annual report by Grants Director Corey Lock. The pending proposals amount to $1,870,000.

Funding sources include the federal and state government, along with private foundations and companies.

The School of Medicine received the largest dollar amount with 10 proposals yielding $278,836. Another 12 proposals totaling $1,748,952 are pending, Dr. Lock said.

The School of Medicine total includes $1,781,065 from the Veterans Administration as its contribution toward staffing the medical school, which was established in cooperation with the VA.

The College of Education was the university's most active division in developing successful grant proposals, with 23 funded for $676,104.

Grants activity by other university divisions includes:

College of Liberal Arts, eight projects funded for $102,239 with three pending for $106,106. Administration, four funded for $61,000 and pending for $3,000. College of Business, two funded for $9,304. Community College, one funded for $34,343. School of Nursing, two funded for $19,404. College of Science, four funded for $38,759 and two pending for $12,413, and Student Affairs Division, three funded for $22,470.
