**PHYSICAL FACILITIES & PLANNING COMMITTEE
RECOMMENDATION**

DISAPPROVED BY EXECUTIVE COMMITTEE

SR-03-04-50 PFPC

Recommends that during the fall and spring semesters, Monday morning through Friday morning, overnight parking in the Third Avenue parking garage is allowed only on level four (4) and above. This policy will be effective beginning with the fall semester, 2004.

RATIONALE:

It was felt that the recommendation was discriminatory toward the campus residents as to where and how long they choose to park in the garage in that there is no shortage of parking slots in relation to the number of permits sold; that there are adequate parking spaces for residents and commuters.

Also, opinion was expressed that if speed is a safety factor, then a request for the installation of speed bumps should be presented to the Department of Public Safety.
