**FACULTY SENATE
RECOMMENDATION**

SR-01-02-30 (FS)

Recommends adoption of the attached policy relating to smoking at academic building entrances.

RATIONALE:

In an effort to decrease the amount of cigarette smoke entering the building and to increase the unobstructed flow of people entering the building.

COMMENTS: While the rationale for the changes seems valid, revisions and refinements to the smoking policy should have input from other constituencies of the university community such as students and classified staff.

Signs will be placed in the most visible area to inform the university community of where cigarette smoking **may not** occur. The sign will read, "NO SMOKING OR BLOCKING ENTRANCE." The signs will be placed in the following areas:

Smith Hall - bridge entrance

Smith Music Hall (Birke Art Gallery) - Third Avenue and Hal Greer Boulevard & Third Avenue center entrance

Jenkins Hall - west side entrance (facing Buskirk field) & south side entrance

Harris Hall - south side (first floor)

Old Main - west entrance (Hal Greer Boulevard)

Corbly Hall - entrance across from Drinko Library & Fifth Avenue entrance

Science building - west side entrance & south side entrance closest to the west & north side entrance closest to the west

Community College - Laidley Hall side entrance

All necessary ashtrays will be moved to the smoking areas if none are provided. If there are not enough ashtrays in the needed areas, new ashtrays will be provided.
