GRADUATE COMMITTEE  
Recommendation

**SR-91-92-11 (GR)**

That should new money become available for Graduate Assistantship use, that it be used to increase the minimum amount per existing stipend rather than using it to increase the number of stipends.

**RATIONALE:** The present amounts of the Graduate Assistantship stipends are so low as to make them noncompetitive in attracting quality graduate students to Marshall's programs. Only by increasing the amounts will it be possible to make them competitive with other schools of Marshall's caliber.
