FACULTY SENATE
Recommendation
(from the Senate Floor)

SR-91-92-49 (SF)

The Faculty Senate of Marshall University is concerned about the procedures involved in the transfer of the Department of Computer Science from the College of Business to the College of Science. We are especially concerned that the affected faculty, as well as the Senate, were not asked for input prior to the decision to make the move. The Faculty Senate is, of course, aware that the decision to implement the move has already been made. The Senate anticipates that the administration will heed the concerns of the affected faculty.
