Faculty Personnel Committee
October 7, 1988
Recommendation

Background: Policy Bulletin #36 3d (in the 1985-6 Greenbook, p. 81 states, "If the status of a faculty member changes from temporary to probationary, the time spent at the institution may, at the discretion of the President, be counted as part of the probationary period.

That a faculty member wishing to count years on a temporary appointment as part of the probationary period must make such a request at the time of initial appointment to a tenure-track position. The request should be initiated through the department chair and should flow through appropriate channels. Requests made after this time will be denied. If no request is made, the years on the temporary appointment will not be counted as part of the probationary period.

It should be stated that in the original hiring agreement that the faculty member being hired for a tenure track position has the option of requesting that his/her temporary service be counted toward promotion and tenure or not. If the option is exercised, the faculty member must be cautioned that his/her years of temporary service will be evaluated by the same criteria as tenure-track service.

This policy shall not be applied retroactively, and those faculty currently on probationary appointments who have previous years of service as temporary faculty members and wish to make such a request have until the end of the current academic year to do so.
