Marriage Record No. 1, from which this record is made is composed of reports made apparently in the handwriting of the various ministers who performed the marriage ceremonies and is difficult to read in certain instances, as I have indicated in this record by " ? " a question mark. Record No. Two (20), is in much better condition, made up by the County Clerks of the Court, and well written, in almost every instance.

I am happy to have been able to do this work, although it has taken many long night's work and often all day on numbers of Sundays, and I dedicate it to the use of those making researches as to their "Family Trees".

Completed, at Huntington, Cabell County, W. Va., Wednesday, November 21, 1934.
