MARSHALL COLLEGE

(FOUNDED 1837)

Bulletin

ISSUED BI-MONTHLY

Volume XXV, No. 5

Catalogue 1940 - 1941

ANNOUNCEMENTS FOR 1941-1942

APRIL 1, 1941

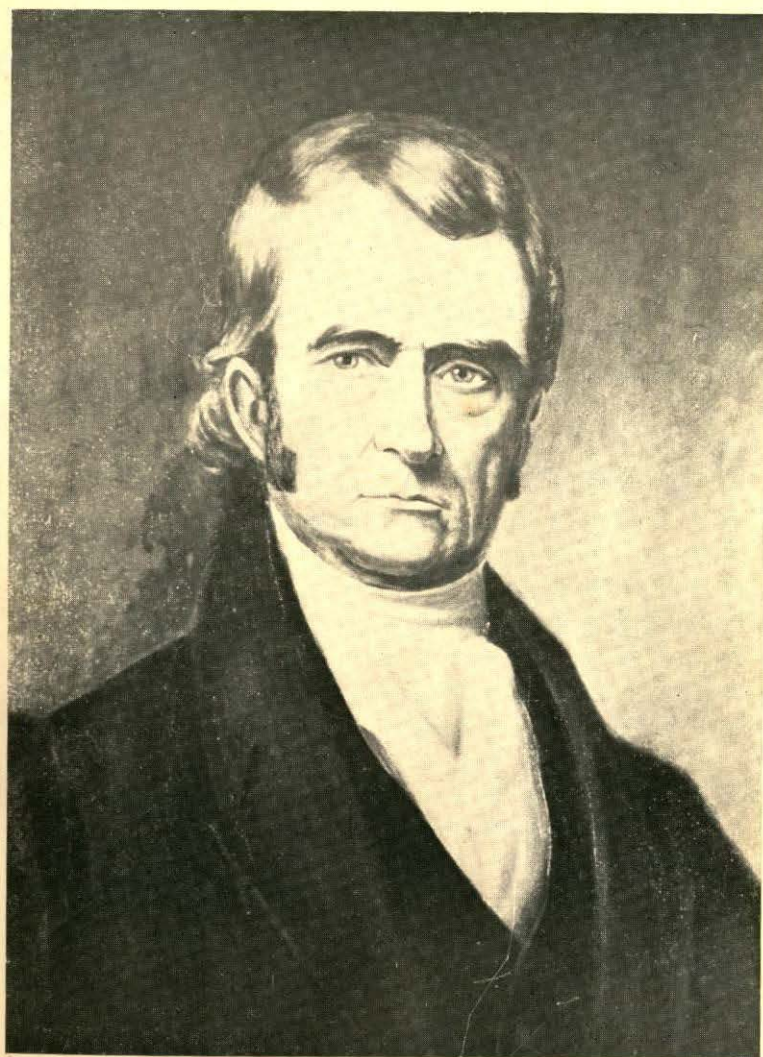

HUNTINGTON, WEST VIRGINIA

This bulletin of Marshall College contains information of general value to high school graduates and other prospective students and their parents. Complete information as to entrance fees, living conditions, requirements for degrees in either of the colleges, and a brief statement of the courses of study offered are given. This bulletin is sent on request and without cost. For further information, address the Secretary, Marshall College.

Accredited by the North Central Association of Colleges and Secondary Schools and the American Association of Teachers Colleges, and a member of the Association of American Colleges.

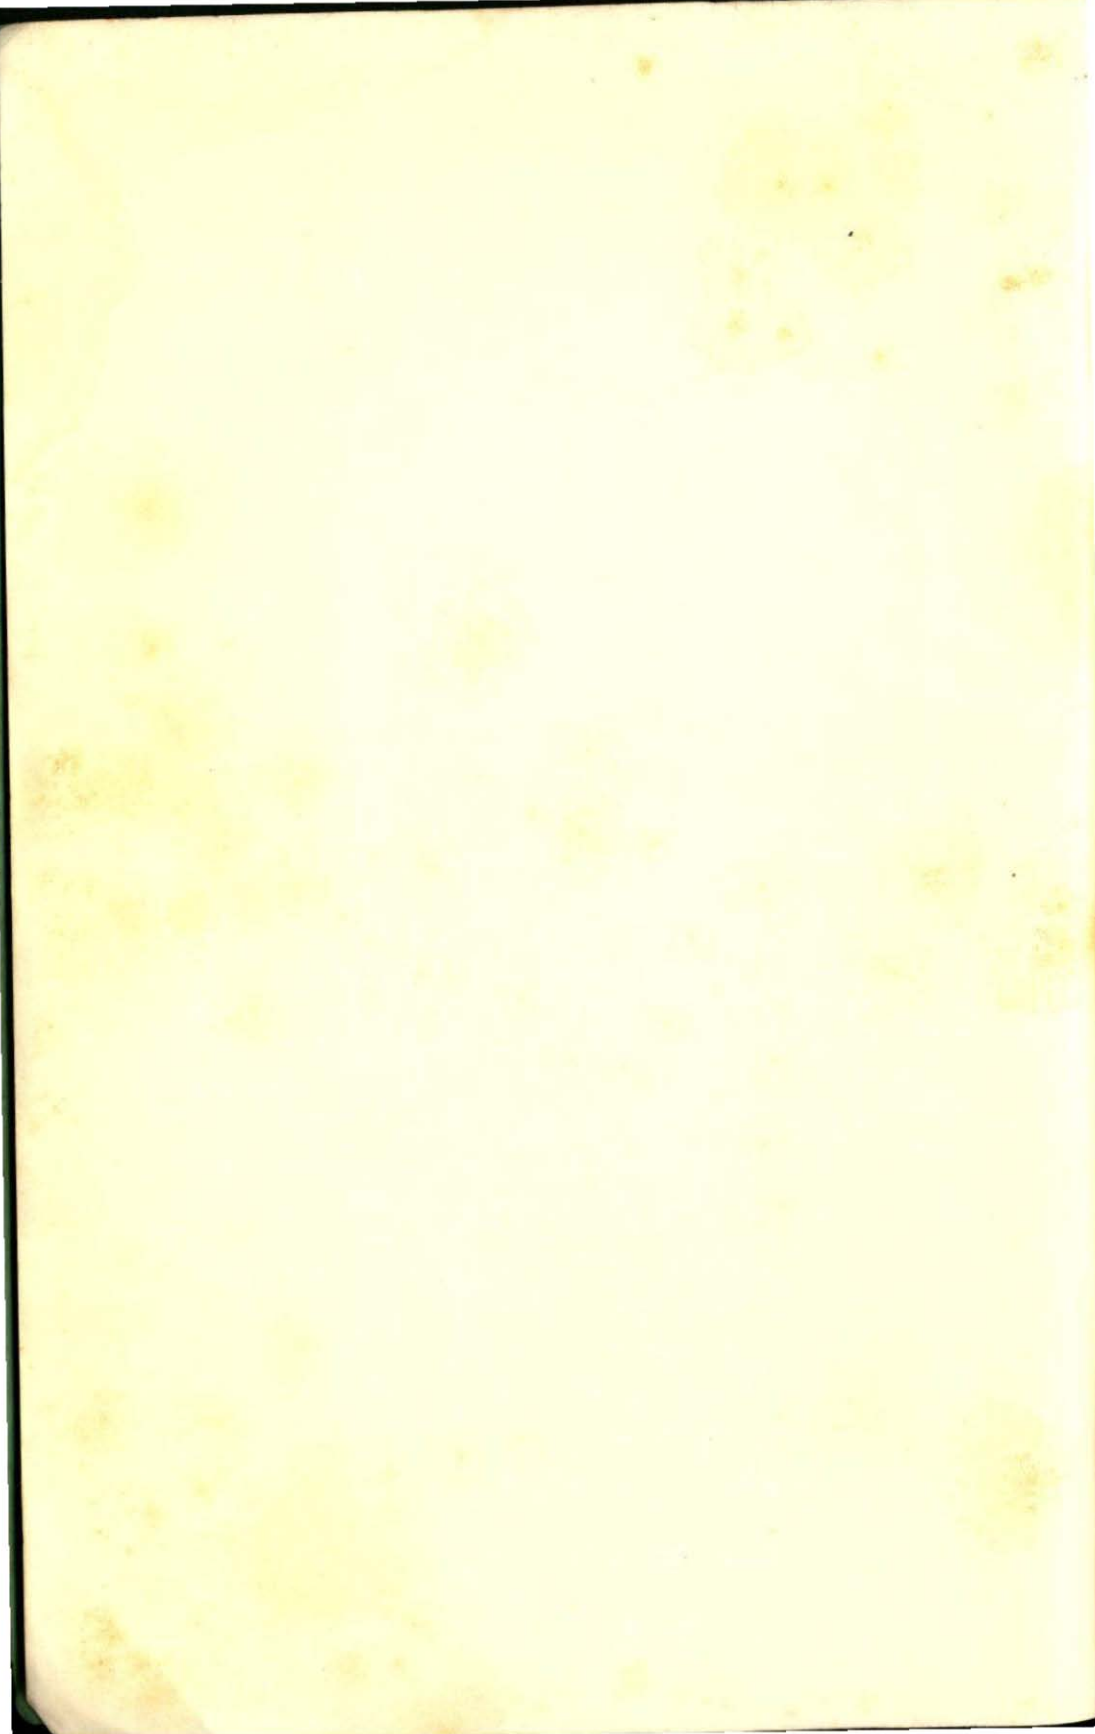

For Non-Resident tuition see page 44.

Preserve this bulletin for future use.

CHIEF JUSTICE JOHN MARSHALL
(1755 - 1835)

Marshall College (then Marshall Academy) was organized in 1837, two years after the death of the great jurist, and named in his honor.

OTIS G. WILSON, *Dean of the Teachers College,*

M. A. 1911, West Virginia University; Ped. D. 1936, Salem College; graduate student in Education 1930-1931, University of Pittsburgh.

ELSWORTH VACHEL BOWERS, *Dean of the College of Arts and Sciences and Professor of Psychology,*

Ph. D. 1929, Ohio State University.

JAMES BLAINE SHOUSE, *Chairman of the Graduate Council and Professor of Education,*

M. A. 1910, University of Chicago; graduate student in Education, 1915-1916, 1917, 1918, 1919, University of Chicago.

LEE FAIRCHILD BACON, *Dean of Women,*

M. A. 1928, University of Wisconsin; M. A. 1935, Columbia University; graduate student in Personnel Administration 1938, Harvard University.

KENNETH KARL LOEMKER, *Dean of Men and Associate Professor of Psychology,*

M. A. 1929 University of Chicago; graduate student in Psychology 1928-1930 University of Illinois; 1931, 1933, 1937-1938, University of Chicago.

LUTHER E. BLEDSOE, *Registrar,*

M. A. 1933, West Virginia University.

ORA STAATS, *Financial Secretary.*

VETA LEE SMITH, *College Secretary,*

M. A. 1936, West Virginia University.

CAM HENDERSON, *Director of Athletics and Head Coach,*

A. B. 1917, Salem College; graduate student in Coaching 1923, University of Illinois; 1924 University of Wisconsin; 1934 Duke University.

JAMES L. MULLEN, *Superintendent of Buildings and Grounds.*

Administrative Assistants

ARVYE LITTLETON, *Secretary to the President*

MAURINE ROBERTS, A. B., *Secretary to the Dean of the Teachers College*

SYLVIA SUMMERS, *Secretary to the Dean of the College of Arts and Sciences*

DOROTHY ISNER, *Recorder in the office of the Registrar*

MARY LOU BLAKE, *Transcript Clerk in the office of the Registrar*

KATHERINE PROCTOR, A. B., *Stenographer in the office of the Registrar*

KLEA HOLT, *Clerk in the office of the Registrar*

CONSTANCE ARTHUR, *Chief Clerk in the office of the Financial Secretary*

EDITH ALEXANDER, *Clerk in the office of the Financial Secretary*

LOUISE THOMPSON, *Bookkeeper in the office of the Financial Secretary*

RUTH BUCK, *Secretary in the office of the Financial Secretary*

LILLIAN BUSKIRK, A. B., *Secretary to the Dean of Women*

SYLVIA JORDAN, *Secretary in the Department of Athletics*

REBECCA KING, A. B., *Secretary to the Coordinator of Civil Pilot Training*

PERCY L. GALLOWAY, *Manager of the Bookstore*

CECIL J. FERGUSON, *Manager of the Student Union*

MRS. FRANK N. MANN, *Hostess in the Student Union*

MRS. MARIE C. VINSON, *Manager of the Cafeteria*

Library Staff

ROSA OLIVER, *Librarian,*

A. B. 1921, North Carolina College for Women; New York State Library School 1923, certificate.

MARGARET SEIDEL BOBBITT, *Assistant Librarian,*

B. S. L. S., 1931, Drexel Institute.

BERNICE AMSTUTZ DORSEY, *Assistant Librarian,*

B. S. L. S. 1930, Carnegie Institute of Technology.

LAURA ANN MILES, *Assistant Librarian,*

B. S. L. S. 1935, Drexel Institute; Student in Library Science 1939, 1940, Columbia University.

Dormitory Staff

MRS. GRACE B. LAUHON, *Hostess, Laidley Hall*

MRS. M. H. FLOWER, *Hostess, Laidley Hall*

MISS ELEANOR MORELAND, M. A., *Hostess, College Hall*

MRS. T. H. HOOPER, *Hostess, College Hall*

MRS. C. R. MORRIS, *Hostess, Hodges Hall*

MRS. EDITH B. WILKINSON, *Certificate, London, Dietitian and Dining Room Supervisor, College Hall*

Athletic Staff

CAM HENDERSON, *Athletic Director and Head Coach,*

A. B. 1917, Salem College; graduate student in Coaching 1923, University of Illinois; 1924, University of Wisconsin; 1934, Duke University.

J. KERR WHITFIELD, *Business Manager,*

B. S. 1932, Davis and Elkins College; graduate student in Mathematics 1933, West Virginia University.

ROY STRAIGHT, *Line Coach,*

A. B. 1934, Davis and Elkins College.

FARLEY WARREN BELL, *Freshman Football and Basketball Coach, Varsity Baseball Coach,*

A. B. 1924, Davis and Elkins College; graduate student in Coaching 1929, Northwestern University; 1934, Duke University; 1935, Toledo University; 1937, Marshall College.

JOSEPH BENTON PEASE, *Backfield Coach.*

Health Service

CHARLES A. HOFFMAN, *College Physician,*

M. D. 1936, University of Cincinnati; graduate student in Medicine 1938, Post Graduate School of Cook County Hospital, Chicago.

ELEANOR CARROLL, *Nurse,*

R. N. 1937, St. Luke's Hospital, Richmond.

The Faculty

JAMES EDWARD ALLEN, *President*,

A. B. 1898, LL. D. 1923, Hampden-Sydney College; graduate student in Latin 1902, 1903, University of Virginia; 1903-1906, Johns Hopkins University.

JOHN FRANK BARTLETT, *Professor of Chemistry*,

Ph. D. 1932, West Virginia University; post-doctorate study, 1936-1937, University of Zurich, University of Edinburgh, and Technische Hochschule in Munich.

CURTIS FRANKLIN BAXTER, *Assistant Professor of English*,

M. A. 1936, Washington and Jefferson College; graduate student in English 1940, New York University.

KENNETH L. BEAN, *Instructor in Psychology*,

Ph. D. 1938, University of Michigan.

ROBERT LLOYD BECK, *Professor of Philosophy*,

Ph. D. 1931, Cornell University.

WILLIAM NELSON BEETHAM, *Registrar and Assistant Professor of Education, Emeritus*,

Ph. B. 1899, Mt. Union College; graduate student in Education 1921-1922, Columbia University.

CHARLOTTE E. BERRYMAN, *Associate Professor of Physical Education*,

M. A. 1926, Columbia University; graduate student in Physical Education 1933, University of Wisconsin; 1936, 1937, Columbia University.

MARIUS BLESİ, *Associate Professor of English*,

Ph. D. 1938, University of Virginia.

ELSWORTH VACHEL BOWERS, *Dean of the College of Arts and Sciences, Professor of Psychology and Director of Psychological Clinic*,

Ph. D. 1929, Ohio State University.

ROBERT LEEVERNE BRITTON, *Associate Professor of Geography*,

M. S. 1930, University of Chicago; graduate student in Geography 1932, University of Chicago.

*EUGENE H. BROWN, *Instructor in Journalism*, (Part-time)

A. B. 1936, Marshall College.

*Supplying for Instructor on Leave.

FREDERICK E. BROWN, *Assistant Professor of Commerce*,

M. S. 1937, University of Illinois.

FRANCES CORRIE BURGESS, *Professor of Geography*,

M. A. 1927, Columbia University.

*Supplying for Instructor on leave.

- MAURICE GWINN BURNSIDE, *Associate Professor of Political Science*,
Ph. D. 1938, Duke University.
- LIVINGSTON HUNTER CHAMBERS, *Associate Professor of Mathematics*,
Ph. D. 1935, Cornell University.
- THOMAS EDWARD DANDELET, *Associate Professor of Physical Education*,
M. A. 1936, West Virginia University.
- HOLLIE CLAYTON DARLINGTON, *Associate Professor of Biology*,
M. A. 1926, West Virginia University; graduate student in Biology
1930, West Virginia University; 1932, 1933, 1935, 1936, 1940, Uni-
versity of Chicago.
- LESLIE M. DAVIS, *Associate Professor of Geography*,
Ph. D. 1935, University of Chicago.
- ANNA LAURA DENOON, *Professor of Mathematics*,
M. A. 1930, Columbia University.
- CONLEY HALL DILLON, *Professor of Political Science*,
Ph. D. 1936, Duke University.
- BERNICE AMSTUTZ DORSEY, *Instructor in Library Science*,
B. S. L. S. 1930, Carnegie Institute of Technology.
- WALTER MARSHALL DOVE, *Associate Professor of Physics and Mathe-
matics*,
M. A. 1930, West Virginia University; graduate student in Physics
1933, 1935, 1938, University of Michigan; 1937-1938, Pennsylvania
State College.
- CAROLYN FORE DWIGHT, *Assistant Professor of Commerce*,
M. B. A. 1938, Ohio State University.
- FREDERICK A. FITCH, JR., *Associate Professor of Physical Education*,
M. A. 1932, New York University.
- RUTH MARION FLOWER, *Associate Professor of English*,
M. A. 1929, University of Michigan; graduate student in English
1938, University of Washington.
- JUAN C. FORS, *Associate Professor of Spanish*,
Ph. B. 1920, Colegio Nacional; A. B. 1927, Valparaiso University;
graduate student in Spanish 1929, 1933, 1937, 1939, University of
Chicago.
- MARGARET VIRGINIA FOULK, *Associate Professor of Education*,
M. A. 1928, Columbia University.
- WILLIS HAYES FRANKLIN, *Professor of English*,
M. A. 1920, Harvard University; graduate student in English, 1936,
Middlebury College.

- MIRIAM PEARL GELVIN, *Instructor in Music*,
M. Ed. 1940, University of Cincinnati; M. Mus. 1940, Cincinnati
Conservatory of Music.
- FRANK ALBERT GILBERT, *Professor of Botany*,
Ph. D. 1927, Harvard University.
- OTTO ANDREW GULLICKSON, *Associate Professor of Physical Education*,
M. A. 1926, Columbia University.
- LILLIAN HACKNEY, *Professor of Mathematics, Emeritus*,
A. B. 1893, West Virginia University; graduate student in Mathe-
matics 1900, Cornell University; 1907, Columbia University; 1921,
1923, 1924, 1926, University of Chicago.
- ALBERT ROBERTS HALLEY, *Professor of English*,
Ph. D. 1923, Harvard University.
- ARVIL E. HARRIS, *Professor of Political Science*,
Ph. D. 1936, State University of Iowa.
- CLARA H. HARRISON, *Instructor in Commerce*,
M. A. 1933, Ohio State University.
- HESTER HASTINGS, *Assistant Professor of French*,
Ph. D. 1934, Johns Hopkins University.
- AUGUSTUS W. HAYES, *Professor of Sociology*,
Ph. D. 1920, University of Wisconsin.
- HAROLD M. HAYWARD, *Associate Professor of Sociology*,
Ph. D. 1937, Clark University.
- CHARLES EMBURY HEDRICK, *Professor of History*,
Ph. D. 1927, George Peabody College for Teachers.
- RAY EMERSON HEIKS, *Instructor in Chemistry*,
Ph. D. 1940, Ohio State University.
- HENRIETTA HEPBURN, *Instructor in English, (Night School)*
M. A. 1919, Indiana University.
- WILLIAM POWELL HOOPER, *Assistant Professor of Bible*,
A. B. 1908, Washington and Lee University; student in Theology
1913-1915, Union Theological Seminary in Virginia.
- RALPH PRESTON HRON, *Professor of Physics*,
M. A. 1914, University of Oklahoma; graduate student in Physics
1928-1929, 1930-1931, University of Oklahoma; 1929, Columbia Uni-
versity.

- JOSEPH S. JABLONSKI, *Professor of Art*,
M. A. 1923, Harvard University; graduate student in Art 1923-1924,
Harvard University, Pratt European Fellowship.
- ALLEN CONNABLE KLINGER, *Professor of History*,
Ph. D. 1930, University of Wisconsin.
- ROBERT THEODORE LAGEMANN, *Instructor in Physics*,
Ph. D. 1940, Ohio State University.
- ROBERT JOSEPH LARGENT, *Professor of History*,
M. A. 1923, University of Chicago; graduate student in History
1921, 1922, 1923, 1925-1926, 1928, University of Chicago.
- L. P. LEGGETTE, *Instructor in Speech*,
M. A. 1938, University of North Carolina.
- LAWRENCE ALDEN LEYENBERGER, *Instructor in Commerce*, (Night School)
M. S. 1935, Pennsylvania State College.
- WILLIAM NOBLE LOCKWOOD, *Assistant Professor of Geology*,
M. A. 1936, University of Buffalo; graduate student in Geology
1940, Ohio State University.
- KENNETH KARL LOEMKER, *Associate Professor of Psychology and Dean
of Men*,
M. A. 1929, University of Chicago; graduate student in Psychology
1928-1930, University of Illinois; 1931, 1933, 1937-1938, University
of Chicago.
- MELVIN PARSONS LOY, *Associate Professor of Biology*,
M. A. 1931, Ohio State University.
- HARRIET LYON, *Associate Professor of Education*,
B. Ed. 1889, Edinboro State Teachers College; student in Education
1916, University of Pennsylvania.
- THEETA SEARCY LYON, *Assistant Professor of Home Economics*,
M. A. 1924, Columbia University.
- JOHN LEWIS MARTIN, *Assistant Professor of Spanish*,
Ph. D. 1940, University of Pittsburgh.
- MYRTLE MACDANNALD, *Associate Professor of Home Economics*,
M. A. 1934, Columbia University; graduate student in Home Econom-
ics 1936, 1937, Columbia University.
- AMBROSE E. MCCASKEY, *Associate Professor of Engineering*,
M. S. C. E. 1936, West Virginia University; graduate student in
Engineering 1939, 1940, University of Michigan.

- LOUISE McDONOUGH, *Associate Professor of Physical Education*,
M. A. 1929, Columbia University; graduate student in Physical Education 1931, Columbia University, 1938 State University of Iowa.
- ARTHUR VICTOR MERKEL, *Instructor in Engineering*, (Night School)
B. E. 1930, Johns Hopkins University.
- ALBERT GRAHAM MOSELEY, JR., *Associate Professor of Chemistry*,
M. S. 1928, University of Nebraska.
- HARRY EDWARD MUELLER, *Professor of Music*,
M. Mus. 1930, Cincinnati Conservatory of Music; Mus. D. 1933, Capitol Conservatory of Music.
- LEANDER BARTLETT MURDOCK, *Assistant Professor of German*,
M. A. 1932, Northwestern University; graduate student in German 1932-1934, Northwestern University.
- PAUL N. MUSGRAVE, *Assistant Professor of Education*,
Ph. D. 1936, West Virginia University.
- WILBERT H. NORTON, *Instructor in Commerce*, (Night School)
A. B. 1922, Lynchburg College; LL. B. 1923, University of Virginia.
- CARROLL RANDOLPH OGDEN, *Associate Professor of English*,
M. A. 1927, West Virginia University; graduate student in English 1932, 1939, 1940, Duke University.
- ALBERT LAVERNE OLSON, *Professor of Economics*,
Ph. D. 1934, Yale University.
- HAROLD RECENUS PINCKARD, *Assistant Professor of Journalism*,
A. B. 1929, Marshall College.
- WILLIAM PAGE PITT, *Professor of Journalism*,
M. S. 1930, Columbia University.
- JOE DONALD POLLITT, *Assistant Professor of English*,
M. A. 1935, Duke University; graduate student in English 1936, 1938, 1939, 1940, Ohio State University.
- LUCY ELIZABETH PRICHARD, *Professor of Latin*,
M. A. 1924, Columbia University; graduate student in Latin 1925, American Academy at Rome.
- ALLEN OTIS RANSON, *Associate Professor of Speech*,
M. A. 1935, University of Wisconsin.
- RUTH ROBINSON, *Associate Professor of Physical Education*,
M. A. 1928, Columbia University.
- *VIRGINIA ROBISON, *Instructor in Home Economics*,
M. S. 1939, Iowa State University.

*Appointed: February. 1941.

- RUSSELL IRWIN ROUDEBUSH, *Professor of Education*,
M. A. 1920, Ohio State University; graduate student in Education,
1928-1929, University of Michigan.
- JAMES BLAINE SHOUSE, *Professor of Education*,
M. A. 1910, University of Chicago; graduate student in Education,
1915-1916, 1917, 1918, 1919, University of Chicago.
- *EUGENE M. SIMONS, *Instructor in Engineering*,
B. S. M. E. 1937, Carnegie Institute of Technology; graduate student in Engineering 1939, 1940-1941, Virginia Polytechnic Institute.
- VICTOR SPRAGUE, *Instructor in Bacteriology*,
Ph. D. 1940, University of Illinois.
- *JOHN L. STENDER, *Instructor in English and Journalism*,
M. A. 1938, West Virginia University; graduate student in English
1939, 1940-41, Duke University.
- OLLA STEVENSON, *Professor of French, Emeritus*,
M. A. 1910, Northwestern University; graduate student in French
1921, University of Grenoble; 1929, McGill University.
- **SAMUEL TURLEY STINSON, *Instructor in Engineering*,
B. S. Chem. E. 1940, Virginia Polytechnic Institute.
- JAMES PAUL STOAKES, *Associate Professor of English*,
M. A. 1929, University of Wisconsin; graduate student in English
1930, 1931-1932, 1933, 1934, 1935, 1936, 1937, 1938, 1939, University of Michigan.
- LESLIE JAY TODD, *Professor of Chemistry*,
Ph. D. 1931, Columbia University.
- HORACE GRESHAM TOOLE, *Professor of History*,
Ph. D. 1932, University of Pennsylvania.
- WILLIAM IRVIN UTTERBACK, *Professor of Zoology*,
M. A. 1915, University of Missouri.
- FLORENCE H. VANBIBBER, *Associate Professor of Psychology*,
Ph. D. 1935, University of Arizona.
- LINDLEY EDWARD VANDER ZALM, *Associate Professor of Education*,
M. A. 1920, Columbia University; graduate student in Education
1921, University of Chicago; 1923, Columbia University; 1927-1928,
University of Michigan.

*On leave 1940-1941.

**Supplying for Instructor on leave.

- KATHERINE WEHLER, *Professor of English*,
M. A. 1921, Columbia University; graduate student in English
1917, Johns Hopkins University; 1919, 1928, 1929, 1934, 1935, 1937,
Columbia University.
- MARY ANN WILLIAMSON WHITE, *Assistant Professor of English*,
M. A. 1937, University of Kentucky.
- LUCY ADELE WHITSEL, *Associate Professor of Latin, Greek, and German*,
Ph. D. 1929, University of Wisconsin; graduate student in Latin
1930, American Academy at Rome; 1937, University of Wisconsin.
- OTIS GUY WILSON, *Dean of the Teachers College and Professor of Edu-
cation*,
M. A. 1911, West Virginia University; Ped. D. 1936, Salem College;
graduate student in Education 1930-1931, University of Pittsburgh.
- CLARA EASTMAN WILTSE, *Assistant Professor of Art*,
M. A. 1937, Syracuse University; graduate student in Art 1938,
Syracuse University.
- LEE ANTHON WOLFARD, *Professor of Commerce*,
M. C. S. 1919, University of Denver; graduate student in Com-
merce; 1921, 1922, University of Denver.
- ROY CLEO WOODS, *Professor of Education*,
Ph. D. 1927, State University of Iowa.
- J. DAVID YARBRO, *Assistant Professor of French*,
M. A. 1938, Columbia University; graduate student in French 1939,
1940, Columbia University.
- JOHN HURSTER ZELL, *Instructor in Engineering and Coordinator of Civil
Pilot Training*,
B. S. C. E. 1934, Missouri School of Mines.

Department of Piano and Voice

- MILDRED MACGEORGE, *Head Instructor in Piano*,
Study in Piano 1903, Chicago School of Music; 1921, University of
California; 1927, Washington University.
- ST. ELMO FOX, *Instructor in Piano*,
B. Mus. 1932, Cincinnati Conservatory of Music.
- MARY HELEN STEELE, *Instructor in Piano*,
Study in Music 1909, Smith College; 1929, Marshall College.
- LOUISE FAY HAWORTH, *Instructor in Voice*,
Private study in Voice.

Campus Laboratory School

- PAUL N. MUSGRAVE, Ph. D., *Principal of the High School.*
- DOROTHY BERRY BRAGONIER, *High School, Mathematics,*
M. A. 1939, Columbia University.
- NORMA BARTELLS BROOKS, (Part-time) *High School, Home Economics,*
A. B. 1936, Marshall College.
- MARY FRANCES CARTER, (Part-time) *High School, Music,*
A. B. 1939, Marshall College.

Standing Committees

1940-1941

CLASS ADVISERS

Senior Class, 1941	Dr. Bec
Junior Class, 1942	Dr. Tool
Sophomore Class, 1943	Mr. Fite
Freshman Class, 1944	Miss Robinson, Dr. Van Bibber Dr. Dillon, and Mr. Gullickson

GENERAL

ATHLETICS FOR MEN—Mr. Dandeleit, chairman; Mr. Bledsoe, Mr. Herderson, Dean Loemker, Dr. Musgrave, Dr. Olson, and Mr. Dove.

ATHLETICS FOR WOMEN—Miss Robinson, chairman; Miss Berryman, Miss McDonough, Dr. Van Bibber, and Miss MacDannald.

AUDIT—Mr. Fred E. Brown, chairman; Mr. Wolfard and Dr. Olson.

COLLEGE CATALOGUE—The President, chairman; Dean Bowers, Dean Wilson, and Mrs. Smith.

COMMENCEMENT—The President, chairman; Dr. Gilbert, Miss Staats, Mr. Moseley, and Mrs. Smith.

CREDITS—Dean Bowers, chairman; Dean Wilson, Mr. Bledsoe, and Mr. Largent.

EXAMINATION SCHEDULE—Dr. Gilbert.

JOURNALISM SCHOLARSHIP—Mr. Pitt, chairman; Mr. Bledsoe, Mr. Pinckard, and Miss Lee.

LIBRARY—Miss Oliver, chairman; Mr. Largent, Dr. Woods, Miss Flower, Mr. Stoakes, and Dr. Burnside.

PLACEMENT—Dean Wilson, chairman; Dean Bowers, Dean Bacon, Dean Loemker, and Mr. Bledsoe.

REGISTRATION—Mr. Bledsoe, chairman; Mr. Shouse, Dean Bowers, Dean Wilson, and Miss Staats.

RELIGIOUS ACTIVITIES—Dr. Toole, chairman; Dr. Musgrave, Dr. Harris, Miss DeNoon, Miss Prichard, Miss Wehler, and Dean Loemker.

SPECIAL EXAMINATIONS—Dean Wilson, chairman; Dean Bowers, and Mr. Bledsoe.

STUDENT EMPLOYMENT—Dean Loemker, chairman; Dean Bacon, Mr. Dandeleit, Mr. Wolfard, and Mr. Hron.

STUDENT LOANS—Dr. Hedrick, chairman; the President, Miss Prichard, Miss Burgess, Mr. Bledsoe, and Mr. Fred E. Brown.

STUDENT ACTIVITIES—Dean Bacon, chairman; Dean Loemker, Mr. Gullickson, Mr. Yarbrow, and Mrs. Theeta Lyon.

STUDENT UNION ADVISORY—Dr. Beck, chairman; Dean Bacon, Mr. Fitch, Mr. Fors, Dr. Toole, Miss MacDannald, Mrs. Mann, Hostess, and Mr. Ferguson, Manager.

EXECUTIVE

COLLEGE COUNCIL—The President, chairman; Dean Wilson, Dean Bowers, Dean Loemker, Dean Bacon, Miss Wehler, Mr. Dandeleit, Mrs. Theeta Lyon, Dr. Dillon, Dr. Bartlett, Dr. Todd, Mr. Roudebush, and Mr. Ogden.

GRADUATE COUNCIL—Mr. Shouse, chairman; Dr. Hedrick, Dr. Harris, Dr. Hayes, Dr. Todd, Dr. Halley, Dean Loemker, and Dean Bowers and Dean Wilson, ex-officio.

STUDENT

STUDENT COUNCIL—Burt Anderson, President, '41; Gordon Kinney, vice-President, '41; Agnes Givens, Secretary, '41; Bill Scott, Treasurer, '41; Harry Price, Business Manager, '42; Naomi Agnew, President of College Hall, '41; Agnes Givens, President of Laidley Hall, '41; Charles Leftwich, President of Hodges Hall, '42.

Council Members: Roger Tricot, '41; Damon Engle, '41; Vince Berggren, '41; Betty Peters, '41; Ed Straight, '42; Virginia Winn, '42; Robert Hinerman, '42; Reba Asbury, '43; Bob Stone, '43; John Purdom, '43; Fredis Campbell, '43; Jim McCubbin, '44; Malcolm Trowbridge, '44; and Olin Weaver, '44.

ELECTION BOARD—Dean Loemker, Faculty Chairman; Roger Tricot, Virginia Winn, Betty Peters, and Charles Leftwich.

SPECIAL

BROADCAST—Dr. Gilbert, Temporary Chairman of the General Committee; Mr. Douthat, Chairman of the Junior School of the Air; Mr. Ranson, Miss Gelvin, Mr. Loy, Mr. Jablonski, and Mr. McCaskey.

ARTISTS SERIES—Mr. Baxter, chairman; Miss Prichard, Mr. Douthat, Mrs. Haworth, Miss Flower, Mrs. Bragonier, Dr. Mueller, Miss Gelvin, Mr. Britton, Dr. Toole, Mr. Ranson, Judge H. Clay Warth, Alumni; Miss Wagers, President of Pan-Hellenic; Mr. Anderson, President of the Student Body.

STUDENT COURT—Faculty: Dr. Harris, Mr. McCaskey, and Dr. Van Bibber. Student: Marjorie Montgomery, Ira Supman, Fred Young, Irene Mayenschein, and Rufus McLean, Prosecutor.

MARSHALL REVIEW—Executive Committee: Dr. Woods, Mr. Murdock, Mr. Wolfard, Mr. Dove, and Dr. Blesi. Editorial Board: Dr. Blesi, Editor-in-chief: Mr. Shouse, Mr. Largent, Miss Wehler, and Dr. Harris.

STUDENT UNION CORPORATION—The President, chairman; Mr. Eugene Brown, Mr. Clyde Wellman, Mr. Burt Anderson, Mr. Harry Wolfe, Jr., Mr. Cecil Ferguson, and Mr. Fred E. Brown, Secretary-Treasurer.

HOUSING—Dean Bacon, chairman; Miss Prichard, Miss McDonough, Dean Loemker, and Mr. Murdock.

NATIONAL DEFENSE—Dr. Toole, chairman; Dr. Todd, Mr. Ogden, Mr. Shouse, and Dr. Harris.

PART II — GENERAL INFORMATION***History**

Marshall Academy was established in 1837, shortly after the death of Chief Justice John Marshall of the Supreme Court, in whose honor the school was named. Just who launched the movement to establish an academy is lost in time, but in all events John Laidley was one of the leading spirits and brought about the incorporation of the academy and raised the necessary funds to buy the land. On March 13, 1838, The General Assembly of Virginia passed an act making Benjamin Brown, F. G. L. Beuhring, John Laidley, William Buffington, John Samuels, James Gallaher, Richard Brown, Benjamin H. Smith, and George W. Summers, a body politic as the "Trustees of Marshall Academy," to be located in Cabell County.

In June, following the incorporation, James Holderby and wife, who owned the land on which stood an old log house called Mt. Hebron which was used for both school and church in consideration of forty dollars, conveyed to the trustees of Marshall Academy one and one-fourth acres of land where the log house stood, and put into the deed a provision that the land was to be used only for school purposes. Later, a new four-room building was erected. The first teacher was Mr. John N. Peck and his associate a Mr. Shepherd.

In 1850, the Academy passed under the control of the Methodist Episcopal Church, South. The Academy had progressed with varying degrees of success, had been considerably enlarged, and its patronage was coming in numbers from Kentucky and Ohio, as well as from the counties of southwestern Virginia, now West Virginia.

The name was changed to Marshall College in 1858 by Act of the General Assembly of Virginia and the following gentlemen were its trustees: The Reverends Samuel Kelly, Staunton Field, S. K. Vaught, George B. Poage, C. M. Sullivan, William Bickers, J. F. Medley, R. A. Claughton, W. H. Fonterton, S. F. Mallory, and C. J. Warner, and the following lay-

*Wallace, George S., CABELL COUNTY ANNALS AND FAMILIES, 1935.

men: F. G. L. Beuhring, Peter Cline Buffington, C. L. Roffe, J. H. Poage, Dr. G. C. Ricketts, John W. Wright, St. Mark Russell, Dr. P. H. McCullough, H. H. Miller, and T. W. Everett. They were Methodists, and while the College was under immediate control of the Methodist Episcopal Church, South, it was not a denominational school, and the act making it a college prohibited the establishment of a theological school in the institution.

As in the case of all young educational institutions of the day, Marshall Academy and Marshall College experienced from time to time serious financial difficulties.

It was in the midst of such a crisis that in 1867, James H. Ferguson, who represented Cabell County in the Legislature, succeeded in getting a bill passed for the establishment of "the State Normal School at Marshall College in Cabell County." By the act, \$30,000 was to be expended under the direction of the regents. This was to be spent over a period of three years in installments of \$10,000, but with the provision that no part should be expended until the sum of \$10,000 in addition should be raised by local subscription. This provision was satisfied by purchasing the college property, the same being paid for by a county levy. The property was then presented to the State.

To emphasize the fact that Marshall College had become a State Institution, upon invitation, the Grand Lodge of Ancient Free and Accepted Masons of the State of West Virginia laid the cornerstone of what was designated as the "State School at Marshall College," June 24, 1869.

It will be seen that Marshall College during its first thirty years had many ups and downs, characteristic of the early development of most institutions of higher learning in this Country. Its history during the Civil War is not clear. Whether or not it actually closed for any period is not definite.

Since 1868, Marshall has had thirteen presidents, an unusually long list for so short a period. Many were men who while in office, or later, were distinguished citizens. Reverend James E. Morrow, father of the late Senator Dwight W. Mor-

row, was president of the College from 1872 until 1873, and was followed by the Honorable James Beauchamp (Cham) Clark, late Senator from Missouri, who served for the years 1873-1874. Dr. Thomas E. Hodges was president from 1874 until 1896, later becoming president of West Virginia University. The late Professor Lawrence J. Corbly was president from 1896 until 1915, and after an absence returned as professor until his death in 1935. From 1915 to 1919, the late Oscar I. Woodley was president. He was succeeded by Frederick R. Hamilton, now president of Bradley Polytechnic Institute, whose administration continued until 1923. His successor was the late Dr. M. P. Shawkey, for twelve years the State Superintendent of Schools for West Virginia, who served as president until his resignation in 1935.

Through construction or purchase, a number of attractive buildings now occupy the campus. Most of the substantial buildings have been erected during the last twenty years.

Three new buildings, to be described later, two dormitories and a laboratory school for the training of teachers, were dedicated during the Centennial in 1937, buildings which had been constructed at an approximate cost of \$600,000.

The College passed through the stages of elementary, secondary, and normal school work, and in February, 1920, the Teachers College was organized with the power to grant degrees, and in 1924 the College of Arts and Sciences was also organized to offer the Bachelor of Arts degree. Each college is under its own dean.

In August, 1938, the State Board of Education at the request of the President granted permission to offer the Bachelor of Science (B. S.) degree, and in October of the same year permission was given by the Board to offer the degree of Master of Arts (M. A.) and Master of Science (M. S.) at Marshall College in six departments: chemistry, education, history, psychology, political science, and sociology. English was later added. The Board in regular session in December, 1940, authorized the granting of the Bachelor of Engineering Science (B. E. S.) degree.

Location

Marshall, located in Huntington, West Virginia's largest city, has extraordinary advantages.

First, excellent railroad facilities and bus accommodations make Marshall accessible from all parts of the State as well as from Ohio and Kentucky. Further, a new airport completed recently in Huntington, permits the landing and taking on of passengers on the American Airline on east-west routes.

Second, the growth in industrial enterprise in southern and in southwest West Virginia means constant growth in population and in business and professional opportunities for students who plan to enter one or other of these fields.

Third, the college is not far distant from a large number of the State's best high schools, and this makes possible a freshman class of well-qualified young men and young women.

Fourth, Huntington is a city of culture. Huntingtonians love music and better-type lectures. Among the organizations providing these attractions are the Artists Series Committee of the College, the Madrigal Club, the Huntington Symphony Association, the Civic Music Association, the Community Players, the Junior League, the Woman's Club, and others.

Lastly, Huntington is a church-going city. There are a large number of beautiful churches where the faculty and students of Marshall College are made welcome.

Physical Plant

Campus: The campus of Marshall consists of about twenty-five acres, well set with trees, some of which are rare. By the removal of several small buildings and the laying of new walks, the campus compares most favorably with the best college campuses. The bust statue of John Marshall, erected on the campus in front of "Old Main" and unveiled on the final day of the Centennial celebration in 1937, identifies permanently the first place which this distinguished jurist of the

United States occupies in the history of Marshall College John Marshall lived from 1755 until 1835. Marshall Academy began in 1837, and was named in honor of the great Virginian.

Old Main: This, the oldest and largest building, provides for many different services to the College. This building includes the original dormitory for women, the auditorium, social parlors, a great many classrooms, and all administrative offices. The Bookstore and the Cafeteria are installed in the basement.

Science Hall: The Northcott Science Hall, completed in 1915, and named for one of Huntington's distinguished citizens, the late G. A. Northcott, is a three-story structure of modern design devoted to science. It has large, comfortable lecture rooms, and laboratories for physics, chemistry, biology, botany, zoology, fine arts, and home economics.

Physical Education Building: This building, completed in 1921, is in constant service, providing facilities for physical education for men and women. It has two swimming pools, one large and two small playing floors, classrooms, and offices for the executives in this department.

Music Hall: While this building was not originally planned for college purposes, it was acquired, remodelled, and enlarged to provide a small auditorium for recitals, practice rooms for recitals, practice rooms for piano and voice students, and it has, in addition, a band room and ten classrooms.

The Library: The James E. Morrow Library, built in 1930, was named for a former president of the institution. It is a handsome building of the early American type splendidly adapted to its purpose, containing five classrooms, an art display room, offices, stack rooms, and a reading room that will accommodate 300 students. The Library contains 40,000 books and 300 periodicals, besides a large number of reports and documents which are of great value for research purposes. In design, in structural material, and in commodious space for all library purposes, including executives' offices,

this building is admirably adapted for a modern library and lends dignity to the entire physical plant.

The Clinic: This is a well-lighted and well-ventilated building located at 1712 Fifth Avenue, which is readily accessible to the new dormitories. A full-time nurse who lives in Laidley Hall is employed, and a resident physician is at the Clinic during definite hours. He may be secured at other times by appointment. The services of the Clinic are available to all students.

College Hall: (Women's Dormitory). College Hall is a three-story brick building. It is the "old dormitory" and its high-ceilinged rooms have the charm that comes with age and tradition. College Hall will house eighty-five women. Within the last few years much has been done to add to the comfort of its residents. The walls and woodwork have been refinished; the parlor and dining rooms have been done over; the kitchen and bathrooms have been completely modernized; the entire building is steam heated and screened. Rates in College Hall are slightly lower than in Laidley Hall, as the student provides for herself curtains, rugs, desk light, and pillow.

Laidley Hall: (Women's Dormitory). This is a three-story brick building opened in September, 1937. It is of modern fireproof construction. Laidley Hall will house one hundred and fifty girls. It also contains the nurse's suite with a modern two-bed infirmary and diet-kitchen. Each student room is furnished in early American maple furniture and Simmons metal beds. Rugs, lamps, and curtains are provided. In each room there is running hot and cold water, and a separate closet for each student.

NOTE: Students in College and Laidley Halls must provide bed linens, blankets and towels. Additional provisions for College Hall are listed above. Both halls are under the direct supervision of two trained hostesses.

Hodges Hall: (Men's Dormitory). This is a three-story brick building opened for occupancy in September, 1937, and situated on the southeast corner of the campus at Eighteenth Street. This building is thoroughly modern and fire-proof.

The entire building is heated by steam; all windows are screened. Hodges Hall contains nineteen bathrooms, three suites consisting of one bedroom and study, thirteen suites consisting of two bedrooms and a study, thirty-eight single rooms, one social room, and an apartment and office for the matron in charge. This building is completely furnished with maple furniture. Each bedroom contains a single bed (the beds are metal), mattress, pillow, chest of drawers, mirror, rug, chair, floor lamp, and a sanitary basin with running hot and cold water. Each study is appropriately furnished with desk, chair, etc. The student must provide his own bed linens, blankets, and towels.

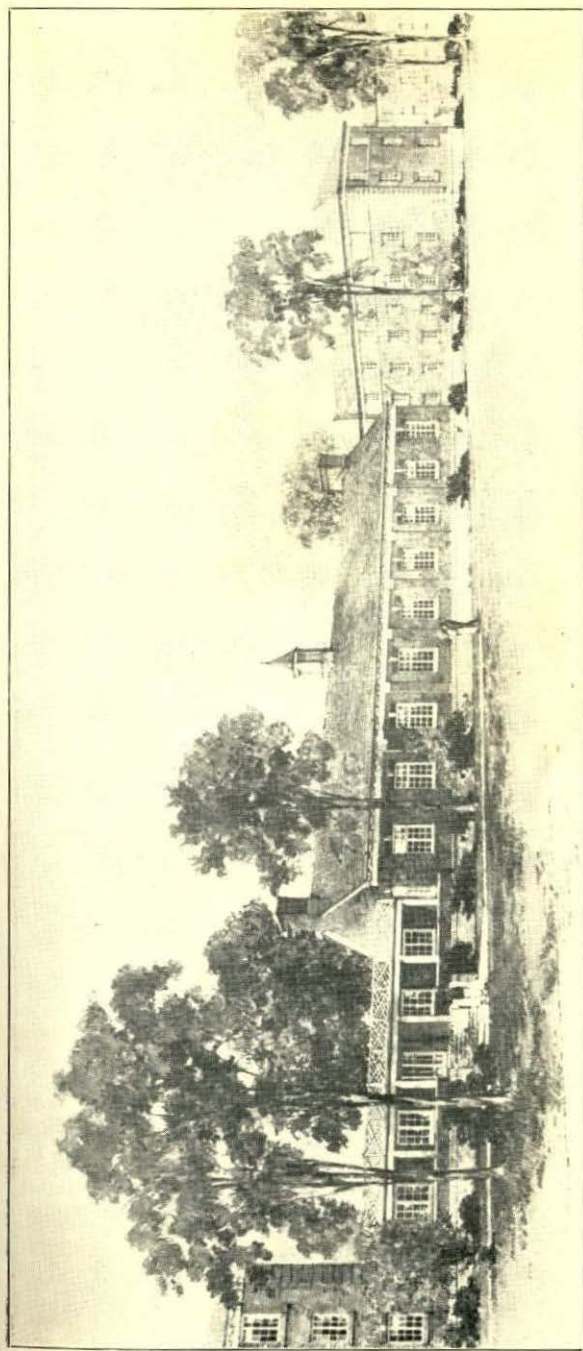

Dining Hall: A new dining hall will soon be under construction, to be completed in the early fall, which will seat 400 guests. This building, costing \$100,000, will be located between Hodges and Laidley Halls to accommodate the resident students of these two halls. This dining room will fill a great need particularly for men students who have had no regular dining room.

The Albert Gallatin Jenkins Laboratory School: The laboratory school completed the latter part of March, 1938, was dedicated and named at the time of the dedication and naming of Laidley and Hodges Halls (1937). It was named in honor of a distinguished Confederate cavalry officer, a native of Cabell County, General Albert Gallatin Jenkins.

This new laboratory school makes provision for kindergarten, elementary, and high school grades. It is modern in all particulars, and is designed to facilitate teacher training for the college. This building makes possible an enriched program for pupils as well as larger opportunities for prospective teachers. The building is fully equipped. It cost approximately \$250,000.

Everett Hall: This is a three-story brick building located on Fifth Avenue which provides ample accommodations for twenty-five resident students.

Fairfield Stadium: Marshall is fortunate indeed in being a joint owner with the Park Commission and the Cabell

THE NEW DINING HALL

County Board of Education of Fairfield Stadium, splendidly located about eight blocks from the campus. This a modern structure accommodating about twelve thousand spectators. In recent years, ample lights for night football and other attractions have been provided, and last year the President's box for distinguished guests was provided by the Board of Control.

Shawkey Student Union: Devoted wholly to social life, the Union is the common meeting ground of all the students. The building was erected in 1932 and named in honor of the late Dr. Morris P. Shawkey, president of the College for twelve years. It is early American in architectural type. For the convenience of students, a good soda fountain is operated, and other light refreshments are served. It is the home of many college dances, receptions—the social center of the college.

College Bookstore: The College maintains for the convenience of the students and faculty a bookstore in the west end of the Main Building basement. Text-books and other supplies are sold at reasonable prices.

Caps and gowns for graduation exercises may be rented from the bookstore.

The Summer School

The summer session of Marshall College has become an integral part of the school year. The diversified offerings of courses are designed to answer the needs of students in both colleges regularly enrolled in preceding semesters, as well as for teachers in service who desire to continue their training in order to renew their certificates or to prepare themselves for certificates of a higher quality. Courses for teachers include those required for the normal certificate, for the collegiate elementary, and for secondary school certificates. Four summer sessions are credited as one academic year of nine months.

The 1940 Summer School will be held from June 10 to August 8. The session will be made up of one term of nine weeks and a concurrent term of six weeks ending July 22.

Transfer Students: Students entering Marshall from other colleges and universities must meet the entrance requirements of this college and have an average grade of "C" transferred credits. An official transcript and a statement of honorable dismissal from the institution last attended must be on file in the Registrar's Office *at least fifteen days prior to the opening of the semester*. A transcript to be official must come direct from the institution issuing it and must bear the official seal of the institution and the manual signature of the proper official. The transcript should show the descriptive title of the courses, the year in which the work was done, the number of credits and the grades allowed thereon. A transcript when accepted becomes the permanent property of the college and will not be returned to the student.

Examination for Entrance: Entrance examinations may be offered at the beginning of each semester, if requested. No student is permitted to take an entrance examination in any subject for which he has college credit. All candidates for entrance examination must notify the Registrar at least one week before the examinations are to be taken.

Examination for Advance Standing: Examinations for advance standing must be taken within three months after the opening of the semester. Each candidate for examination must secure a permission card from the Registrar's office at least five days before the date of the examination.

No credit of collegiate grade will be allowed for work done in high school except as authorized by the West Virginia State Board of Education from the former Normal Training High Schools. By action of the Board five-eighths college credit may be allowed for such work up to a maximum of twenty (20) semester hours.

No credit, either high school or college, is allowed for teaching experience.

Extra curricular activities are not acceptable for entrance credit.

Fractions of units smaller than one-half are disregarded.

No student may register by proxy.

All correspondence regarding entrance should be directed to the Registrar.

Specific Requirements:

The requirement for admission is graduation from a first grade high school with a *minimum of fifteen accepted units* of preparatory work, the meaning of a unit being a course of study successfully completed in an approved high school, covering a school year of thirty-six weeks, with five periods of at least forty minutes each per week. A half-unit is a similar course for a half year.

Since the entrance requirements vary according to the various colleges and departments, students are requested to study carefully the entrance units required for the particular degree which they hope to secure. The specific requirements follow.

For Admission to Teachers College:

By regulations of the State Board of Education any graduate of a first class high school in West Virginia, with credits as required in any one of the curricula provided for high schools, may enter upon a teacher training curriculum. A student with fifteen (15) units of credit applicable upon one of the high school curricula may be admitted conditionally, but not more than thirty-two (32) semester hours of college credit may be taken before the requirements for high school graduation have been met in full. These include a total of sixteen (16) units, four (4) of which must be in English.

For Admission to College of Arts and Sciences:

The three degrees offered within the College of Arts and Sciences require slightly different entrance credits. The

entrance requirements for the different degree curriculums are as follows:

A. B. Degree		B. S. Degree	
<i>Subject</i>	<i>Units</i>	<i>Subjects</i>	
English	3	English	
Foreign Language	2	Algebra	1 to 2
Social Studies	2	Geometry	
Electives	8	Foreign Language	
		Electives	
	<hr/> 15		

15 to 18

B. E. S. Degree

<i>Subject</i>	<i>Unit</i>
English	3
Algebra	1½
Geometry	1½
Foreign Language	*2
Physics	*1
Chemistry	*1
Electives	5
	<hr/> 15

*Recommended.

No credit will be allowed for less than one (1) unit of foreign language, chemistry, or physics.

For Admission to Graduate Study:

Applicants holding bachelor's degrees from Marshall College or from other institutions within the state approved by the State Board of Education and authorized to confer degrees, or from institutions within or without the state standardized by membership in one of the associations of colleges and secondary schools, may be admitted to graduate study by making application to the Graduate Council through its chairman, and filing with the Registrar an official transcript

credit upon which the bachelor's degree is based. Graduates of non-approved institutions may be admitted provisionally with the understanding that any and all deficiencies in their undergraduate training will be removed promptly.

Provisional Admission to the College:

Candidates for admission who do not present entrance certificates, or who come from other institutions without letters of honorable dismissal and official transcripts may, at the discretion of the Registration Committee, be allowed to register provisionally. In all such cases the Registrar will make immediate inquiry of the institution from which the applicant comes, and if satisfactory transcripts and statements of good standing cannot be obtained, the registration will be cancelled and the fees paid by the applicant will be returned. A provisional registration will be continued for a period of not to exceed two weeks.

To avoid embarrassment, all incoming students should request high school principals and college registrars, well in advance of the opening of the college semester, to send their transcripts to the Office of the Registrar at Marshall College. High school principals are often on vacation or in school during the summer months and college registrars are very busy during the late summer months and student transcripts are delayed.

Freshman Days

In order to give freshmen students an opportunity to adjust themselves to their new surroundings, the College sets aside the first four days of the fall semester for their reception and registration. During these days, the freshmen are introduced to the campus and to the facilities provided for their instruction and welfare. Selected upper-classmen and members of the faculty greet the new class and assist them in adapting themselves to college life.

During this period the freshmen are given the opportunity to confer with Deans and advisers about their programs, living accommodations and personal problems.

During freshmen orientation days the new student will

1. Obtain approval of his or her living arrangements from the Dean of Men or Dean of Women.
2. Take required medical examination at the College Clinic.
3. Complete registration and payment of fees.
4. Get acquainted with the campus, location of buildings, including recitation rooms, library, and other points of interest.
5. Attend a general Freshman Assembly on Monday morning, September 8 at eleven o'clock in the College Auditorium. At this time the Administrative Officers of the College will be introduced and the President will address the new students.
6. On Monday afternoon there will be separate assemblies for freshmen in the Arts College and freshmen in the Teachers College. These assemblies will be under the direction of the academic Deans.
7. Attend a social gathering Wednesday evening in the Student Union arranged by the Social Activities Committee. Here freshmen will be received by representatives of the faculty and the student body.
8. Attend a general Freshmen Assembly on Thursday morning, September 11 at nine-thirty in the College Auditorium. At this time the Student President and representatives of the various student organizations will talk to the new students about campus traditions and Student Activities.
9. All freshman women will attend an assembly Thursday morning, September 11, at eleven o'clock. At this time the Dean of Women will talk with the group.
10. All freshmen men will attend an assembly Thursday afternoon, September 11 at one-thirty at which time the Dean of Men will talk with the group.

Other plans for freshmen gatherings will be announced at the Freshmen Assembly.

Registration

It is understood that prior to Registration days an official transcript of credit has been sent to the Registrar of the College, for which the student receives an admission ticket.

All students are expected to register on the days set apart for registration at the beginning of each semester or term of the College. (For registration for evening and part-time classes see page 5.

The following steps are to be observed in registering:

(1) Housing approvals must be secured from the Dean of Men, Room 111, Main or from the Dean of Women, Room 115, Main.

(2) Admission ticket and Housing Approval ticket are presented at the Registrar's office, Room 105, Main where Registration Book, Registration Time Card, and the Schedule of Classes are issued.

(3) At the hour designated on the Registration Time Card, the student reports to the Morrow Library where he consults faculty advisers and signs for classes.

(4) Fees are due and payable at the Financial Secretary's Office, Room 101, Main the day of registration. Registration is not completed until the tuition fee is paid.

Scholastic Standing and Quality Points

Semester Hours—Definition:

The semester hour is the basis of college credit within the institution. A semester hour is the credit received for taking a subject one hour per week for one semester or eighteen weeks, thus taking a subject three times a week for eighteen weeks would give the student credit for three semester hours.

Laboratory courses require two periods per week for eighteen weeks for each semester hour of credit.

Grading System:

The following system of grading is used within the institution:

A—Honor, given only to students of superior ability performance.

B—Good, given for ability and performance distinct above the average in quality.

C—Average, given for ability and performance of average quality.

D—Lowest Passing Grade, given for ability and performance of poor quality.

E—Condition, indicates unsatisfactory work, which if removed cannot be higher than D. Grade of E must be made up within one year or it becomes F.

F—Failure, signifies entirely unsatisfactory work. Course must be repeated if credit is received.

FIW—Failure because of irregular withdrawal. (See page 41.)

I—Incomplete, given to students who miss some or all last exercises of the class work because of illness, or some other equally good reason. When the work missed is done satisfactorily the final grade may be any one of the four passing grades. If the deficiency represented by I is not made up within a year, the grade I automatically becomes F.

W—Withdrawn. (See page 41.)

Numbering of Courses:

Courses 100-199 are primarily for freshmen, open to sophomores unless otherwise stated. Courses 200-299 are primarily for sophomores, open to freshmen and to juniors unless otherwise stated. Courses 300-399 are for juniors and seniors, open to sophomores unless otherwise stated. Courses 400-499 are for seniors, open to other students only upon special permission. Courses 500 and above are for graduate students only.

Quality Points:

The quality of a student's work shall be indicated by quality points.

Candidates for graduation must have at least as many quality points as semester hours to their credit.

Quality points are computed as follows:

A—Three (3) quality points for each semester hour of credit.

B—Two (2) quality points for each semester hour of credit.

C—One (1) quality point for each semester hour of credit.

D—No (0) quality points for each semester hour of credit.

It is the student's responsibility to keep informed on his quality point standing. This information can be obtained at any time from the Dean of the College in which the student is registered.

Quality points are computed and transferable only on grades earned at colleges under the jurisdiction of the State Board of Education.

Examinations, Mid-Semester and Final:

In practically all courses offered in the College, the student receives both a preliminary or mid-semester grade and a final grade. The mid-semester standing of a student is based on the daily recitation grades and a special test given during one or more regular recitation periods. Mid-semester grades are not entered on the Registrar's records. The final grade is based on the class standing for the entire semester and a written final examination to which a special period of two or three hours is devoted, except that the manner of determining the final grade of senior and graduate students provisionally approved for graduation at the end of the semester or term is left with the Dean of the College or Chairman of the Graduate Council.

Absence from Examinations:

Students are required to take all regular examinations. If a student attends a course throughout the semester and is absent from the examination without permission, the instructor shall count the examination as zero and report the final grade as F. If in the opinion of the instructor the absence of the student was for a satisfactory reason, the grade of the student will be reported and the student may, upon application, take the examination at a later date. (See also page 38).

Classification of Students:

Students who have completed not less than ninety hours of college work are classified as seniors.

Students who have completed not less than fifty-eight hours and not more than eighty-nine hours of college work are classified as juniors.

Students who have completed not less than twenty-six hours and not more than fifty-seven hours of college work are classified as sophomores.

Students who have completed the high school or secondary course and not more than twenty-five hours of college work are classified as freshmen.

Special Information, Assignments and Credits:

1. *Semester Load:* A student who enters at the beginning of a semester may be assigned as much as sixteen semester hours, but not more, except by special permission of his Dean—and not more than eighteen hours without the permission of the College Council. Two laboratory hours shall count as one semester hour.

2. *Schedule Changes:* When a student has received his assignment, he can not change it except by permission of his Dean.

3. *"Regular" Student defined:* Each "regular" student shall carry at least twelve semester hours.

4. *Late Registration Load*: If a student enters late, the maximum assignment of sixteen semester hours may be reduced; and to receive credit for eighteen weeks' work in any subject assigned, he must pass satisfactorily an examination on all the work covered by the class up to the time of his entering. In laboratory subjects all "make up" work must be done hour for hour in the laboratory.

5. *Absences*: If a student's absences in any course equal or exceed twice the value of the course in semester hours, the instructor may request the Dean to withdraw him from the course. Continued absence without reasonable excuse will constitute *irregular* withdrawal from College. (See below No. 6).

6. *Withdrawal from the College*: A student desiring to withdraw from the college must apply to the academic Dean for permission. Upon giving permission, the Dean will inform the Registrar's office *immediately* who in turn will inform the instructors concerned. The instructor will record a "W" on his class record followed by the date of last class attendance; thus, W 3-14-40. In case such drop notice is issued later than one calendar month after the date for the first class meetings in the semester, the "W" shall also be accompanied by a grade in parentheses to show the quality of the student's work up to the time of the last attendance; thus, W(P) 4-9-41, passing, or W(F) 3-2-40, failing. Such grades can be used as part of the student's record for the semester in determining his eligibility for enrollment the following semester. Withdrawals from courses may not be secured after two weeks following the midsemester period.

Students who withdraw from the college without permission will receive at the end of the semester a grade of "FIW" (failure because of irregular withdrawal) in each subject for which they are registered and will be indefinitely suspended from the college.

7. *Probation*: A regular student failing to pass in as much as nine hours of his load in a semester is automatically placed upon probation. A probation student is limited to a load of twelve hours, upon all of which he must earn at least

an average grade of C for the semester; otherwise he is ineligible to register in the college the following semester.

8. *Suspension*: Students are subject to the rules and regulations made by the College for their guidance and government; for any failure to comply with such regulations, student may be suspended or expelled as provided by the Board of Education.

9. *Transfers*: Students in attendance at any State College may be transferred to any other State College, but no student shall be admitted to such school unless he presents a recommendation for admission with an official certificate of his credits earned in the school from which he transfers.

10. *Minimum resident requirements for graduation*: For the A. B., B. S., or B. E. S. degree, at least one year's work in residence, one semester of which must be in the senior year, is required. A "year in residence" must represent not less than twenty-six weeks' work in residence with not less than twenty-four hours' credit.

Honor Students

Candidates for graduation who have achieved special distinction in academic work are so recognized at Commencement by having printed on their diplomas, first, second, or third honors, as follows: summa cum laude (2.85 and above); magna cum laude (2.6 to 2.85); cum laude (2.3 to 2.6). To be so recognized, the candidates must have attended Marshall for at least two years.

The Dean's List

Those students who are registered for twelve or more hours and who at the end of the semester receive grades averaging B or above are considered honor students and a list of such students constitutes what is known as the Dean's list.

Transcripts

Every student at Marshall is entitled to one official transcript of his record free; for each additional copy a fee of

one dollar (\$1.00) will be charged. Students are urged not to request transcripts at the beginning of a semester or between semesters if they want prompt service as the press of other work in the Registrar's office makes it impossible to prepare transcripts immediately.

A student who defaults in the payment of any College dues forfeits his right to claim a transcript.

An application for a transcript of credit should furnish the date of last attendance at Marshall College, and a married woman should give both her maiden and married names.

All requests for transcripts should be sent directly to the Registrar.

FEES AND EXPENSES

All fees are due and payable at the office of the Financial Secretary on the day of registration. The Financial Secretary accepts cash and postal money orders, or approved personal checks written for the exact amount of the obligation.

TUITION FEES: (Payable by all students)

	For West Virginians Per Semester	For Non-West Virginians—1 Per Semester
Enrollment fee..... (Includes Enrollment, plus \$5.00 student activities fee.)	\$35.00	\$55.00
Hospitalization fee.....	0.50	0.50
Summer term, nine weeks.....	23.00	23.00
Hospitalization (Summer Term) fee.....	0.25	0.25
Diploma fee.....	5.00	5.00
Late Registration fee ²	2.00	2.00
Reinstatement fee ³	2.50	2.50

PART TIME FEES:

Students taking fewer than 12 semester hours will be charged \$6.50 for one hour, \$9.50 for two hours, etc. Athletic books are given to students who take in excess of four hours. Those taking four hours or less may purchase the book for \$3.50 additional. For further information, inquire at the office of the Financial Secretary.

1. **NON-RESIDENT FEES:** Students who have lived in West Virginia at the time of registration less than one year must pay a non-resident fee of \$20.00 each semester. If, after the original registration of a minor student the parents become domiciled in this State for at least one year, the student may become entitled to pay resident fees. No non-resident student may establish residence in this State by attendance at Marshall College. No person or persons other than bona fide legal guardian may represent the student in this matter. As other fees, this non-resident fee is payable at registration. Part-time students, that is, those carrying fewer than twelve hours per semester, will pay an out-of-state tuition of \$10.00 a semester.

2. **LATE REGISTRATION FEE:** Full-time or regular students registering after the regular registration days named in the catalogue will be charged a Late Registration fee of \$2.00.

For the convenience of part-time students who cannot register on the regular registration days (Monday, Tuesday, Wednesday, Thursday) for late afternoon, evening, or Saturday morning classes, administrative offices involved in enrollment and payment of fees will be open on Friday, September 12 for the first semester, and Friday, January 30 for the second semester from 7:00 to 9:00 p. m. after which dates a Late Registration fee of \$2.00 will be charged.

3. **REINSTATEMENT FEE:** All students, both full and part time, who have not paid their fees before the close of office hours on Thursday, September 18, for the first semester, and Thursday, February 5, for the second semester, shall be dropped from the rolls of the College. If a student wishes to remain in College, he must pay a Reinstatement fee of \$2.50.

Music Department

Piano, Head Teacher, per semester.....	\$40.00
Piano, Assistant, per semester.....	36.00
Piano, Class for beginners.....	10.00
Piano, Practice, one hour per day.....	3.00

Zoology 206.....	3.50

Refunding of Fees:

Tuition fees will be refunded in accordance with the following schedule:

	<i>Amount of Refund</i>
During the first week.....	All fees, less \$2.50
During the second week.....	75% of fees
During the third and fourth week.....	50% of fees
After the fourth week.....	No refund allowed

Refunds will not be allowed unless the withdrawal is *regularly* made through the office of the Dean, and will be computed from the date such withdrawal is reported from the Dean's office.

Dormitory fees will be refunded in accordance with the schedule on page 54.

STUDENT LIVING AND WELFARE

Students admitted to Marshall are subject to College authority, which will be courteous but firm.

Official Regulations of the governing boards:

THE STATE BOARD OF EDUCATION

The State Board of Education so seriously considers the matter of conduct as to request that the following order of the Board be published in the catalogue:

"The regulations of the College shall require from every student decorous, sober, and upright conduct, so long as he remains a member of the College student body, whether within the College precincts or anywhere else.

The President and faculty shall have authority to formulate specific regulations for the administration of this provision."

BY THE STATE BOARD OF EDUCATION.

THE STATE BOARD OF CONTROL

Resolution respecting the occupancy of a dormitory at Marshall College.

WHEREAS, The West Virginia Board of Control has adopted a resolution dated November 12, 1935, authorizing the construction of a dormitory on the property of the State of West Virginia at Marshall College and the issuance of revenue bonds to finance the cost thereof; and,

WHEREAS, such resolution provides, among other things, that the Board shall establish and enforce, so long as any of the bonds authorized by the aforesaid resolution remain outstanding, such lawful

parietal rules and regulations as will insure maximum occupancy of the dormitory; and

WHEREAS, the West Virginia Board of Control desires to carry such provisions into full force and effect.

NOW, THEREFORE, BE IT RESOLVED BY THE WEST VIRGINIA BOARD OF CONTROL—

Section 1. All boarding students enrolled at Marshall College shall occupy the dormitory to the extent that facilities are available and under the supervision of the direction of the President of said College, and no member of the freshman class shall be permitted to live outside the dormitory as long as facilities within the dormitory are available.

Section 2. In the assignment of students to rooms in dormitories, preference shall be given to the dormitory authorized to be constructed by the aforesaid resolution, notwithstanding other dormitory facilities which may be available.

Section 3. The President of the College is hereby authorized and directed to establish and enforce from time to time such other rules and regulations as he shall deem necessary and proper to insure maximum occupancy of the dormitory by the students of the College.

Section 4. The provisions of this resolution shall not apply to students whose parents or legal guardians reside within daily commuting distance of the College or to students above the rank of freshmen residing in sorority or fraternity houses under the supervision of either the Dean of Men or the Dean of Women. The provisions of this resolution shall not apply to working students where the conditions of their employment require residence on the premises.

(Signed)

President West Virginia Board of
Control, Charleston, West Virginia.
By Order: State Board of Control,
November, 1935.

By Order: State Board of Education,
April, 1939.

Health Service

Health service is organized to provide medical service to students of the College, as well as to supervise health conditions on the campus.

As a part of the health program, the spacious grounds surrounding the Gymnasium are used for outdoor physical

education classes, outdoor intra-mural sports, football practice, etc.

A student clinic is maintained in which are located the offices of the physician and nurse. The College Physician is available only for such services as may be rendered at the clinic, except in emergency cases. Students who wish to avail themselves of the health service are expected to call at the office of the physician in the clinic. The nurse is available at the clinic or at the infirmary in Laidley Hall.

Medical Examinations

Students entering Marshall *must* take a medical examination given by the College Physician. It may be taken immediately before or after registration. Applicants for admission must have been successfully vaccinated against smallpox.

The Psychological Clinic

The Psychological Clinic is open to students for consultation and examination as to intellectual capacity, special abilities, vocational guidance, personality adjustment, speech disorders, reading disabilities, study habits, and other problems of the individual student. Students should avail themselves of this opportunity to adjust their problems early in their course. All interviews and information are strictly confidential. For further information, see Professor Bowers, Director of the Psychological Clinic, Room 109, Main Building.

Student Hospital Service

Each full-time student of Marshall College shall have added to his regular semester fees a hospital fee of fifty cents (0.50) per semester, for which he shall be furnished hospital care as hereinafter provided in any one of the following hospitals: St. Mary's, Huntington Memorial, Huntington Orthopedic, and Moore-Beckner Eye, Ear and Throat, as ordered by the College physician or by his attending physician. Each full-time student registering in the Summer School shall have added to his regular term fee a hospital fee of twenty-five

cents (0.25) per term, for which he shall be furnished such hospital care. (Note: A full-time student is one carrying not less than twelve hours in either semester, or less than six hours in the Summer School.)

(1) For this fee the Huntington Hospital Service, Inc., contracts with the West Virginia Board of Control to give the following service in any of the above-mentioned hospitals: Accommodation in a ward bed, or should the student so desire, a credit of \$3.50 towards the cost of more expensive accommodation, and in addition to either of the above items, shall include general nursing care, use of the operating room, use of emergency room, material and equipment for anesthetics, three X-ray examinations to each injury, ailment or illness, routine laboratory and pathological services ordered by the attending physician during hospitalization, routine medications and surgical dressings, plaster casts, oxygen, and all other routine hospital service.

Hospital service shall not include the following: Vaccines, serums, X-ray therapy, artificial eyes, orthopedic appliances, crutches, diagnostic dental X-ray, the services of any physician, surgeon or consulting physician or surgeon, special nurses or their board.

(2) It is agreed that should a student remain in a hospital after being discharged as a hospital patient by the attending physician, such student shall be responsible to the hospital for the payment of its regular charges for hospitalization after the date of such discharge, and HUNTINGTON HOSPITAL SERVICE, INC., shall not be liable therefor. This, however, shall not prevent the student from again entering a hospital for the remainder of the twenty-one-day period hereinafter set forth.

(3) Hospital care shall not be furnished in the following cases: Injuries resulting from brawls, acts in violation of any law, or laws, of the State of West Virginia or the United States of America, strikes, riots, or insurrection, wilfully self-inflicted injuries, venereal diseases, insanity, drug addiction, alcoholism, quarantinable diseases, pulmonary tuberculosis, and/or illness resulting from any of the above.

(4) Each student shall be entitled to the aggregate number of twenty-one days hospitalization for the semester term for which the said sum of fifty cents (0.50) is paid, although the twenty-one day period may be in sequence or various periods of time, provided, however, and only when the hospitalization is recommended by physician or surgeon attending the student.

(5) This hospital service shall be available to students from twelve o'clock noon of the first day of the semester term on which scheduled classes are held regularly and shall be available as hereinbefore specified until twelve o'clock noon of the last day of the semester on which regularly scheduled classes are held.

Note: 1. The fee of twenty-five cents (0.25) for Summer School and fifty cents (0.50) for each semester shall be paid at the time of payment of other fees.

2. This contract does not apply to part-time students, nor to students who have withdrawn from attendance at Marshall College, nor who have been dropped from the College register, for in such event the obligation on the part of the Huntington Hospital Service, Inc., is cancelled and the student fee is forfeited.

Women Students

All women are required to live in the dormitories with the exception of those listed in the Board Ruling, (pages 46, 47). Exceptional cases will be considered by the Dean of Women and the Housing Committee.

Students who do not reside at home must have written permission from home to leave Huntington. This permission must be filed in the Dean of Women's office. Students leaving town must record their destination with the housemother.

Women students desiring to change their living quarters must obtain permission from the Dean of Women.

Women who do not have rooms in the college halls are subject under the same general regulations as the women in the halls. They must conform to general rules in force in the college halls.

Dean of Women

The objective of the office of the Dean of Women is the general objective of all guidance programs—to assist the student, through her own efforts, to develop to the utmost her individual capacity for growth. The special fields of this office are the problems of student living, housing, guidance in vocational and social choices, and assistance in the student employment program. The office cooperates closely with the offices of the academic Deans in scholastic problems and with the student health service in cases of illness.

Marshall College desires to render to its women students the highest type of personal service. In order to develop this program effectively, it is necessary to have the cooperation of both the students and their parents in all such matters as following the simple regulations covering living in registered houses, house rules, registration of Huntington address, telephone number, name of housemother and complete and correct academic schedule in the office of the Dean of Women.

Residence Halls

Application blanks for reservations in the Women's Residence Halls may be secured through the office of the Dean of Women.

A \$10.00 deposit is required with all dormitory reservations. When a room reservation is cancelled, \$8.00 will be returned if the cancellation is received in the office of the Dean of Women on or before September 1, 1941, for the first semester; and on or before January 20, 1942, for the second semester. The room deposit will be credited on the Board and Room bill. No student may occupy a room in the dormitory until the \$10.00 deposit is paid.

Room assignments are made in the order of application.

In case a double room has a single occupant, the College reserves the right to place that student in another room of the same price.

Room Rent

College Hall—

Double room, per semester, each student.....	\$30.
Single room, per semester, each student.....	35.
Small double with single occupant, per semester.....	45.

(Curtains, rugs, pillows, desk light, linens, blankets and waste basket must be furnished by the student.)

Laidley Hall—

Small doubles, per semester, each student.....	\$36.
Large doubles, per semester, each student.....	40.
Singles, per semester.....	45.
Small double with single occupant, per semester.....	54.

(All rooms are furnished with running hot and cold water, curtains, rugs, pillows, desk light, and waste basket. Linens and blankets must be supplied.)

Note: 1. The above prices, plus 2% consumers' tax, are payable at the time of registration.

2. Residence Halls for Women will be closed during the Christmas holidays.

Board

All women students living in the dormitories must take their meals in the College Dining Room.

Board, per semester (if paid quarterly).....	\$85.
First payment on entrance.....	\$22.00
2nd, 3rd, 4th, payments due the first of each month, each payment.....	21.00
Board, per semester (if paid in advance).....	81.

NOTE: To above charges add 2% consumers' tax.

NOTE: No deduction is made in board for short absences (less than one week).

Men Students

Students who live in Hodges Hall will be under the rules established for the government of the dormitory. This building was secured through the aid of the Public Works Administration. It supplies most comfortable and convenient living rooms for young men. Special care is taken that unnecessary damage is reduced to a minimum. The occupants are expected to be gentlemen and to observe scrupulously the simple regulations imposed by the administration.

The office of the Dean of Men is established for the assistance of students in personal matters. The Dean of Men assists students in making their housing arrangements, in finding employment, to some extent in arranging to make up deficiencies in their college work, in deciding their choice of an occupation, in social and organizational affairs within the College, and in other kindred respects. Students are encouraged to consult the Dean of Men concerning problems of this nature.

Any changes of address must be reported to the Dean of Men.

Residence Hall

Application blanks for reservations in the Men's Residence Hall may be secured through the office of the Dean of Men.

A \$10.00 deposit is required with all reservations for rooms in Hodges Hall. When a reservation is cancelled, \$8.00 will be returned if the cancellation is received in the office of the Dean of Men on or before September 1, 1941, for the first semester; and on or before January 20, 1942, for the second semester. The deposit will be credited on the room bill. No student may occupy room in the dormitory until the \$10 deposit has been paid.

Room assignments are made in the order of application.

An additional deposit of \$5.00 is required from each occupant of a room in Hodges Hall. The fee will be returned at

the end of the year if no damage has been done to the room or its furnishings.

Room Rent

Hodges Hall—

Suite of bedroom and study for three students, each, per semester.....	\$3
Suite of two bedrooms and study for four students, each, per semester.....	3
Suite of bedroom and study for two students, each, per semester.....	3
Suite of bedroom, study, private bath for three students, each, per semester.....	4
Single room, per semester.....	4
Large single room, per semester.....	4

Note: The above rental prices, plus 2% consumers' tax, are payable at the time of registration. Fifty cents of each of the above rates is for mail box rental.

Board

Good meals at reasonable rates may be obtained in the College Cafeteria.

Dormitory Refunds

1. No refunds will be made except in those cases where a student is "*regularly withdrawn*." (See page 41).
2. Unused board in College Hall will be refunded at the rate of \$4.75 a week.
3. Through November 30 for the first semester, March 31 for the second semester, unused room rent will be refunded at the rate paid, less the \$10.00 deposit.
4. All refunds will be calculated from the date of regular withdrawal."

SCHOLARSHIPS AND FINANCIAL AID

NYA Assistance

Marshall College students have enjoyed substantial assistance through funds made available by the National Youth Administration. On these work projects, students have received from \$10.00 to \$15.00 a month, depending on the type and amount of work accomplished.

Attention is called to the fact that this program involves mutual cooperation. It is designed by the National Youth Administration to aid financially certain students who could not otherwise attend college. Students seeking this aid must fill out the application blanks carefully and honestly. Blanks are thoroughly checked to determine the real need of the student.

The NYA assistance has enabled many young men and young women to enter and remain in college. It is not adequate to defray all college expenses, but often it is sufficient, when added to the student's resources, to enable the student to continue his college work. Properly, this aid has been offered first to upperclassmen; new students are eligible to receive the aid only after they have given acceptable evidence of their ability to do college work of satisfactory quality.

The NYA program is administered by the Dean of Men and the Dean of Women, and application blanks are available in their offices.

Student Employment

Many students are able to find part-time employment on the campus or in the city. However, the student should not depend upon such employment unless actually secured in advance of registration. The offices of the Dean of Men and the Dean of Women exert every effort to place deserving students in part-time work.

Scholarships and Student Loans

Marshall College deems it a privilege to be permitted to assist worthy young people in obtaining a coveted education. Through its friends, the College has acquired limited funds which are available to students in need.

Application for loans or scholarships should be addressed to the Scholarship Committee, of which Dr. C. E. Hedrick is chairman. Scholarships are awarded primarily to students who have proved their ability in the classroom. The following scholarships are available for 1941-42.

The Julius Broh Memorial Scholarship. This fund provides five hundred dollars annually for the assistance of worthy, needy students of journalism. It is not a loan but a grant in pursuance of the wishes of the late Julius Broh, as indicated by his initiation of this philanthropy in 1935. This living memorial, perpetuating the memory of Julius Broh, has been established by his loved ones. This scholarship is to be administered by a journalism committee headed by Professor W. Page Pitt.

Woman's Club Loan Scholarship. This scholarship of \$150 is to be awarded to a student who could not otherwise attend school. Administered by Miss Lucy Prichard.

Huntington Branch, American Association of University Women Loan Scholarship, total amount \$1000, awarded to girls who cannot otherwise attend college. Administered by Miss Lucy Prichard.

Class of 1889 Fund. The class of 1889 is permitting its class fund of \$225 to be used for student loans until it can be increased materially, at which time a more permanent disposition of the fund may be decided upon. Administered by Miss Frances Burgess.

The Mr. and Mrs. James W. Burgess Loan Fund. This fund, established in 1928 by Miss Frances Burgess as a memorial to her parents, is a fund of \$1000 to be held in trust for worthy and promising students of junior and senior classes.

ing who need temporary financial aid. The fund is to be loaned with interest. Administered by Miss Frances Burgess.

The Lucille Druen Memorial. In honor of their classmate, Lucille Druen, the members of the Home Economics Club of Marshall College of the year 1926 raised a fund of \$725. This money is to be loaned to worthy students at three per cent interest. The income is to be used as a gift scholarship to stimulate the interest of high school students in West Virginia in home economics. Administered by the head of the Home Economics Department.

The Marshall College Pan-Hellenic Loan will be awarded the second semester to a non-sorority, graduating senior woman on the basis of need and scholarship, the amount never to exceed fifty per cent of the total Pan-Hellenic Scholarship Fund. Awarded by the Pan-Hellenic Scholarship Committee.

Journalism scholarships will be available for the scholastic year 1941-42 to students above the rank of freshman in that department. Administered by the Journalism Scholarship Committee.

The D. B. Smith Memorial. In honor of her husband, Senator D. B. Smith, a loyal and devoted friend of Marshall College, Mrs. Smith on July 23, 1925, turned over to the College the sum of \$1000 as a memorial fund. This money is to be invested in perpetuity and the income used in assisting worthy students. Administered by the General Committee.

The Paul Morgan Fund. In memory of their son, John Paul Morgan, a student in the pre-medical department of the College, Mr. and Mrs. W. S. Morgan, of Mason County, have given the College \$1000 as a scholarship fund, the income from which is to be awarded annually to some worthy student preparing for the medical profession. Paul Morgan was a noble example of young manhood and an ideal student. Administered by the General Committee.

The Mrs. James Lewis Caldwell Fund. As a memorial to her mother, Mrs. Mary O'Bannon Smith Caldwell, Mrs. Charles Wellington Watts established in June, 1928, a fund of \$400 annually to 1934. This will be used for student loans

until it may have materially increased, at which time a more permanent disposition of a portion of it may be decided upon. In the awarding of the loans, preference will be given to junior and senior students who have established high scholastic records. Administered by the General Committee.

The Moina Martha Prator Fund. Dr. Moina Prator, Professor of Geography, who died in July, 1930, provided a bequest of \$1000 which is held in trust and the proceeds are available to worthy girls who require assistance in obtaining a college education. Administered by the General Committee.

Kappa Delta Pi, Phi Chapter. A small loan fund is administered for the benefit of worthy students of Teachers College whose scholastic average for two years is B or better.

Placement Committee

To assist superintendents of schools in securing teachers and to assist others who have need for the services of college-trained men and women, a Placement Committee is maintained. This committee consists of the Deans of the College and faculty members who are especially familiar with the work of the students. This committee will cheerfully arrange for personal conferences between candidates for positions and prospective employers, or supply by mail as complete personal data about candidates as may be required.

STUDENT GOVERNMENT AND ACTIVITIES

College Council Ruling on Activities

In order to encourage students of Marshall College to achieve proficiency in their studies; and

In order to give recognition to students who have won honorably achieved;

College Council expresses the belief that only those students whose scholastic average for the preceding semester is satisfactory should be eligible to hold positions of honor or trust in College clubs or student organizations, or should

permitted to represent the College or the student body in any official capacity whatsoever.*

Accordingly, the Council directs that:

I. A student be allowed to represent Marshall College in extra-curricular activities if he (or she) meets the following standards:

(1) He (or she) must be a *regular student* of Marshall College as specified in the catalogue: "Each regular student shall carry at least twelve hours a semester."

(2) He (or she) must have passed, the preceding semester, in at least twelve hours of work and have attained a total of at least twelve credit points. (See pages 39, 40).

II. Standard (1) shall affect all extra-curricular activities. Standard (2) shall cover all extra-curricular activities, *except* the intra-mural sports program, which is a health program.

NOTE: If lists of organizations affected by these regulations are desired or if more detailed information is needed, consult the Social Deans or the Secretary of the College Council.

Other Council Action

The Student Council of Marshall College is required to submit at the end of each semester an itemized account of all moneys received and disbursed by it during the semester.

Any social function, whether given by the active members or by the alumni of any fraternity or sorority, must have the approval of the Student Activities Committee if it is to be attended by the active members.

The Student Council

In a large measure the students of Marshall College govern themselves. To maintain traditions and to provide the machinery necessary for handling the business and social

*Eligibility may be restored by repeating work in the Summer School if it is offered.

affairs of the student body, a system of student government was set up in 1926. From year to year the organization has been perfected in its functions until now it exercises a large degree of control over student affairs. The system not only works to the advantage of the College, but its operation affords students an excellent opportunity for study of citizenship and government.

Successful student government requires large responsibility on the part of the students and a willingness to exercise this responsibility promptly. On the other hand, successful student government requires cooperation from all students and a willingness to submit without undue complaint to the rules of the official body.

In electing representative students for the Council, apparent competency for the position should be the sole reason for the suffrage of the students.

The Student Council in addition to other campus responsibilities, sponsors the publication of *The Chief Justice*, the college annual, and *The Student Handbook*, dedicated to the freshman class.

Campus Honor Societies

Alpha Psi Omega. An Honorary Dramatic Fraternity, organized in 1925 by Professor E. Turner Stump, then of Marshall College and Dr. Paul F. Off, of Fairmont State College, which now has 165 chapters in the United States and is one of the largest honorary groups in the world. Beta Cast of Marshall College is the reward given to faithful and loyal members of College Theatre.

Chi Beta Phi. An Honorary Scientific Fraternity, was founded at Randolph-Macon College, Ashland, Virginia, in 1916. It is an affiliated society in the American Association for the Advancement of Science, Kappa Chapter (Men) was established at Marshall in 1925 and Gamma Chapter (Women) in 1934. The purpose of the organization is to promote an interest in science and in so doing gives recognition to students actively interested in scientific pursuits who maintain high levels of scholastic and personal achievement.

D-Rho D-Theta. An honorary Engineering Fraternity, was organized at Marshall in 1936 for the purpose of recognizing outstanding engineering students and of fostering high scholastic standards. Students to be eligible for membership must fulfill definite academic requirements and attain a 2.00 quality point average for the preceding semesters.

Kappa Delta Pi. An Honor Society in Education was organized in 1911 in Illinois. Phi Chapter, organized by Miss Isabella Wilson of Alpha Chapter, at Marshall June 7, 1923, was the twenty-first chapter to be established. The Society now boasts a Laureate Chapter, three alumni chapters and 124 institutional chapters. Its purpose is to encourage in its members high intellectual and scholastic standards, to foster devotion to social service during the period of preparation for teaching and to recognize outstanding contributions in the field of education.

Kappa Omicron Phi. An honorary Professional Home Economics Fraternity, was founded at Northwestern Missouri State Teachers College in 1922, and Epsilon Chapter was established at Marshall in 1925. The purpose of the society is to further the interests of Home Economics and those women who fulfill certain academic requirements and who maintain high moral and personal standards are eligible for membership.

Awards for Distinction

Chi Beta Phi Fraternity Awards. The Key Award is given annually to the man and woman of Gamma Chapter (men) and Kappa Chapter (women) who have been most actively interested in scientific pursuits.

A life membership in Chi Beta Phi, based on scholarship, character and active interest in science, is given annually to a man and woman eligible to join the fraternity by Gamma and Kappa Chapters. Awards are determined by vote of the fraternity.

D-Rho D-Theta, Honorary Engineering Fraternity, annually awards an engraved cup to the sophomore engineering

student who makes the highest scholastic average during his freshman year.

Fourth Estate Awards. The honorary Journalism society for women presents two awards annually: a key to the woman student on the campus who has written the most outstanding piece of published work; a key to the woman who has done the most consistent good work in journalism.

Professor R. P. Hron awards annually to the student majoring or minoring in physics who makes the highest average grade in his physics course during the year a year's membership in the American Association for the Advancement of Science.

The *Huntington Engineers' Club* annually awards a prize to the engineering student whom they judge to be the outstanding in the upper quarter of the sophomore class.

Marshall Chamber of Commerce Awards. The organization for students interested in commercial subjects awards annually a key to the man and a pin to the woman majoring in commerce who, during their four years at Marshall College, have shown all around achievement.

Student Organizations

Outside of daily class work a number of scholastic, professional, and social organizations and fraternities offer opportunities in preparation for citizenship following college graduation. It must be remembered that a complete education in college is not secured in books alone. Studies are only a part of the life on the campus, and, though they are by far the most important, they should not crowd out entirely other activities. A list of such activities follows:

Band.

Broadcasting Programs.

Chamber of Commerce.

Chi Beta Phi: Honorary Scientific Fraternity.

Chief Justice: Year Book.

Christian Alliance.

Classical Alliance: One year Latin required.

College Theatre: Alpha Psi Omega.
Dormitory Councils.
D. Boone Club.
Engineering Society: D-RHO D-THETA.
Eta Beta Sigma: Topical discussion.
Flying Club.
Future Teachers of America.
Geology Club.
Greenbrier-Pocahontas Club.
4-H Club.
Home Economics Club: Kappa Omicron Phi.
Independent Party.
Intercollegiate Athletics.
Inter-Fraternity Council.
International Relations Club.
Intramurals.
I Tau Kappa: Women's athletic club.
Junior Woman's Club.
Kappa Delta Pi: Honorary Educational Society.
Le Cercle Francais.
Madrigal Club: Glee Club.
Newman Club: Catholic organization.
Pan-Hellenic Council.
Parthenon: College newspaper.
Pre-Law Fraternity.
Pre-Med. Fraternity: Epsilon Delta.
Press Club.
Student Council.
Theta Epsilon: Baptist organization.
Varsity "M".
Woman's Athletic Association.
Y. W. C. A.
Fraternities.
Sororities.

SPECIAL CAMPUS ACTIVITIES

The Marshall Artists' Series Committee

The Marshall Artists' Series Committee has been very successful in bringing to the College campus, and to the city of Huntington as well, the very best talent on the American platform. Those who appeared on the program during the current year were: S. K. Ratcliffe, Miss Helen Jepson, "The Barber of Seville," Guiseppe Bamboschek, conducting; Percy Grainger and Miss Carroll Glenn; Rabbi Stephen S. Wise; Stuart Chase, the Rochester Symphony with Jose Iturbi, soloist; George Daingerfield; and Richard Crooks with Miss Rose Bampton.

Assembly

A general assembly of faculty and students is convened in the College Auditorium at stated periods. A part of the hour is given to devotional exercises, and the remainder to addresses or other educational programs. This is the one opportunity for a mass assembly of the faculty and student body, and both groups are expected to attend these meetings.

Among distinguished speakers on the morning and evening programs this year were: Judge Justin Miller, Associate Judge, United States Court of Appeals; Dr. Alonzo F. Meyer, New York University; Rabbi Abraham Feinstein, Chattanooga, Tennessee; Judge George W. McClintic, United States Judge for Southern District of West Virginia; L. R. Venable, United States Attorney for Southern District of West Virginia; Dr. Bennett Weaver, Professor of English, University of Michigan; Harold R. Malcolm, author and lecturer; Reverend A. W. Gottschall, Southern Area Director, National Conference of Christians and Jews; Ray L. Huff, Superintendent of the District of Columbia Penal Institutions; Edward Howard Griggs, lecturer; Honorable John W. Brainerd, Superintendent of Public Instruction for the State of Kentucky, Charles E. Wood, Regional Director, Boy Scouts of America.

Broadcasting Programs

By arrangement with Stations WSAZ and WCMI Marshall College has been on the air regularly for several months with a sub-station in the Student Union. Programs are prepared and broadcast weekly by the faculty, Student Council, and the Parthenon (student newspaper). Visiting speakers and musical programs were added to the regular schedule from time to time.

College Theatre

College Theatre is an organization of college players closely affiliated with the work of the Speech Department which presents annually four plays. Usually a play is presented on the road in West Virginia or in neighboring states. The plays on the campus, under the direction of Associate Professor Ranson and Instructor Leggette, furnish not only an interesting program for patrons but a cultural training for those who take part. The plays given during the current year were, *You Can't Take It With You*, *I Killed the Count*, and *The Male Animal*. Taking the place of the third major play, College Theatre entertained the West Virginia Inter-collegiate Speech Festival in March.

Intercollegiate Athletics

Eligibility rules for participation in varsity athletics at Marshall are the same as rules governing all other student activities. (See page 58.) Athletic students becoming ineligible at the close of a semester remain ineligible through the following semester, and may be reinstated for athletic participation provided they fully meet requirements as found in article 1, section 2, Ruling and Activities on page 59 of this catalogue.

Marshall has not been negligent in emphasizing the value of clean athletics. Good athletic teams are not of value only to those who make the team, or join in the practice, but to the entire student body and the faculty as well who enjoy good wholesome sports. In an institution such as Marshall athletics greatly aid in developing and maintaining college

spirit for the students and likewise for the faculty. Fairfield Stadium will seat 12,000 people and consequently will very largely aid in solving the financial problem of good athletic programs when every seat is filled at the football games.

Basketball is only second to football as a major sport at Marshall. This team enjoyed three consecutive championships in basketball in the Buckeye Conference.

There should be more, and not less, athletics in our colleges and universities; more, in the sense of engaging a larger number of students in active participation.

Athletic Awards

Varsity Football

Marshall sweaters were awarded to twenty-one players and the manager at the end of the 1940 season, which included eight victories and two defeats.

Varsity Basketball

Eight members of the basketball squad received the coveted Marshall sweater at the close of the season for 1940-41. The team recorded fourteen games won and nine lost out of a total of twenty-three scheduled.

Intramurals

Intramural sports, under the direction of the Physical Education staff, have engaged the attention of a large majority of the students of Marshall. During the winter and spring months, ordinarily more than eighty per cent are engaged in some form of sport—football, basketball, volley ball, tennis, or hockey. A published report in pamphlet form will probably appear this spring setting forth the active program of this branch of Physical Education as carried on at Marshall for a number of years. This work for men is sponsored and personally conducted by Associate Professor Gullickson and other members of the Physical Education staff for men.

MADIRGAL CLUB — 1940-1941

The intramural sports for women are sponsored by the Women's Athletic Association, with the following eighteen activities being offered: tennis, badminton, horseshoes, table tennis, handball, (both doubles and singles in the preceding activities), hockey, basketball, baseball, aerial darts, volley ball, hiking, swimming, and bowling. Participation is open to any woman on the campus, and in case the individual needs help in some particular activity, instruction is offered before actual competition begins.

The activities offered in the co-recreational program are tennis, badminton, and volley ball. Much interest has been shown in this program.

Increased emphasis should be laid upon intramural sports, both indoor and outdoor. That part of the campus devoted to physical education provides excellent facilities for outdoor sports.

Intramural Awards

During the 1940-41 season, 221 medals were awarded to winners in fifty-two sports on the intramural program for men.

In women's intramurals, plaques are awarded to winning teams in group sports, and medals to winners in individual competition.

Madrigal Club and Band

Under the leadership of Professor Harry Mueller, the Madrigal Club is a popular organization on the campus and is frequently invited to sing on programs not connected with the College.

The band is another popular organization performing on public occasion, and especially at football and basketball games. This organization too is frequently called upon to render public service in and away from Huntington.

The Museum

The Museum is located on the first floor of Morrow Library where exhibits of the work of students and faculty

members are placed on display from time to time. In addition, during the year interesting collections are exhibited under the direction of Professor J. S. Jablonski. They include for the current year:

Prints by American Artists, October, 1940.

Colored Wood Engravings, November, 1940.

Etchings and lithographs by British artists.

Exhibition of Photographs, January, 1941.

Recent acquisition of Prints and Reproductions, March, 1941.

Exhibition of work by students in the Art Department, May, 1941.

Publications of the College

The College issues six bulletins annually, the annual Catalogue in April, the Summer Bulletin with announcements of courses and tentative faculty in February, and the Alumni Bulletin in August, October, December, and June.

The Marshall Review appeared first in the Centennial year, 1937. It has been published three times annually since that date. It is a magazine primarily for the publication of articles prepared by the teaching staff of Marshall College but it is not restricted to this group of writers entirely. It contains articles of academic and scholarly nature, and is widely distributed among colleges and universities.

The Chief Justice, the college annual, for the first time in several years was issued last year under the sponsorship of the Student Council with the cooperation of the entire student body.

The Parthenon is a semi-weekly news publication of the students, issued under the direction of the department of Journalism.

The Student Directory is published each fall by the History and Economics department of the College.

The Student Handbook is published annually in September by the Student Council for the information of incoming freshmen.

Religious Life

The religious life of the students is largely entrusted to the many well-organized churches in Huntington. Devotional exercise is held at the assemblies and other ample opportunities for students are provided in association with the young peoples' organizations in the churches. In addition, the Christian Alliance of Men and Women, meeting weekly for an hour session, has been very helpful in the spiritual life of the College.

To the above mentioned agencies for religious development, the Y. W. C. A. contributes a most wholesome influence.

Gifts to the Library

Professor William Nelson Beetham, Registrar Emeritus, has, during the past year, made the gift of his entire library to the James E. Morrow Library.

Alumni Association

If one's education is never complete, then the alumni of an institution are the off-campus students. They are still Marshall representatives wherever they are.

The Alumni Association is charged with great responsibility. The fact that Marshall is a State institution in no way lessens the responsibility which an alumnus must assume by virtue of having been a Marshall student. Non-tax-supported colleges in this country rely wholly upon alumni directly and indirectly for their growth. No college can exist without alumni support. In an economic sense the alumni are the sponsors of the institution.

On the other hand the College owes a very definite service to the alumni. The administration must conduct the College in a manner worthy of its traditions and alumni, and make some advancement each year. First, the College must

keep them informed of its progress through certain publications; it must cooperate in the advancement of the alumni by recommendations, etc., when possible; and must provide a "royal good time" to the old grads when they return.

But none of these things can be made possible unless the college first has the loyal, cheerful, and active financial support of the alumni by active membership in the Alumni Association and the regular payment of dues.

PART III

THE COLLEGES AND COURSES OF INSTRUCTION

THE TEACHERS COLLEGE

Purpose of The Teachers College

Teachers College has for its purpose the education and training of prospective teachers. It recognizes as significant and desirable the general movement toward higher standards for both elementary and secondary teaching service. The College holds a prominent place in assisting young men and women to regard teaching as a profession which commands the respect of the best minds.

Teachers should first be educated men and women. After that they should be professionally equipped. In addition they should have those personal traits of character and those attitudes of mind which are necessary to success in working with children and with the public. The day has passed when a teachers college may be concerned primarily with helping its students to meet requirements for teaching certificates. Vital concern must be exercised in the development of strong personalities as well as of academic achievement.

The educated teacher will have command of subject matter and of methods of teaching. He will also have mastery of certain techniques of teaching. He must likewise have command of the English language and use correct oral and written expression. He must be socially desirable as a teacher of children. Social control, emotional poise, professional attitudes are outcomes not of curricular but of co-curricular activities. These desirable traits are not vitally related to academic competence. Teachers College recognizes the need for well-developed social programs with clear-cut objectives.

The dominant purpose of Teachers College is expressed by the Policy Committee on Teacher Education Curricula in

its statement of objectives. That purpose, in part, is to certificate:

- (1) Teachers who are well above average in intelligence.
- (2) Teachers who have sound physical health and who are free from major physical handicaps.
- (3) Teachers who have a broad liberal education functional in character and in terms of their needs as individuals, as citizens, and as members of the teaching profession.
- (4) Teachers who are informed and keenly interested in the history, the achievements, and the cultures of other countries as well as their own.
- (5) Teachers who through contacts with pupils in the laboratory school in adequately supervised student-teaching courses are able to interpret educational theory in terms of schoolroom practice.
- (6) Teachers who have demonstrated proficiency to speak and write the English language correctly; teachers who are free of speech defects which will interfere with teaching; and teachers who have attained voice control appropriate to the classroom.
- (7) Teachers who have been trained in approved methods of teaching and learning and have manifested ability to grow toward desirable efficiency.
- (8) Teachers who possess those qualities of superior teaching personalities which are usually found in successful leaders in other fields. Such qualities should include sympathy, tact, enthusiasm, sense of humor, expectancy of good, sociability, energy, friendliness, and reliability.

The faculty of Teachers College is vitally interested in helping young men and women to develop into desirable teaching personalities in line with the objectives listed above.

The courses of study required on certificates for elementary and secondary teaching are to be found on the pages following. These requirements are minimums, not maximums.

Many students will go beyond the lowest limit of requirements in order to gain assured competence for teaching.

What Students Register in Teachers College

Those students who desire to become teachers and who feel that they can attain the standards of academic and professional competency register in Teachers College. Such students pursue one of the curricula under the direction of their academic Dean.

Subject matter courses needed by students, and not offered by Teachers College, will be taken from the schedule of the College of Arts and Sciences. Students of the Arts College will be admitted to courses on the Teachers College schedule, but they will be limited to eight semester hours of education credit.

"Teacher in Service" credit: Six hours is the maximum credit allowed for work done during any school year by a teacher in service, regardless of whether the work is done in extension class or in residence.

Entrance Requirements

By regulation of the State Board of Education any graduate of a first class high school in West Virginia, with credits as required in any one of the curricula provided for high schools, may enter upon a teacher training curriculum. A student with 15 units of credit applicable upon one of the high school curricula may be admitted conditionally, but not more than 32 semester hours of college credit may be taken before the requirements for high school graduation have been met in full. These include a total of 16 units, 4 of which must be in English.

Degree and Diplomas

The Baccalaureate degree is conferred and the diploma awarded to Teachers College students who have completed one of the four-year curricula, and have met all requirements as to honor points and residence. It is expected of students transferring from other colleges that they earn the major

amount of credits in Education including their courses in directed teaching in Teachers College.

The completion of any of the four-year curricula automatically carries with it completion of requirements for the appropriate five-year teacher's certificate. Early selection of a definite professional plan, and adherence to that plan, is urged upon prospective teachers.

For the Master of Arts degree, see bulletin of graduate courses.

Student Teaching

Teachers who are certified through Marshall College are expected to do their student teaching and the major amount of their professional work at Marshall. If the courses in student teaching are done elsewhere, arrangements should be made in advance for such privilege.

The Campus Laboratory School offers exceptional advantages for student teaching. The critic teachers, all expert in their work, are ever ready to help the novice grow toward teaching efficiency. In this laboratory school are all the elementary grades including a kindergarten and a six-year high school accredited by North Central.

FOUR-YEAR CURRICULUM FOR ELEMENTARY TEACHERS

GENERAL AND PROFESSIONAL REQUIREMENTS FOR ELEMENTARY CERTIFICATES

	<i>Four Years A. B. Degree and Collegiate Elementary Sem. Hrs.</i>	<i>Two Years Normal Sem. Hrs.</i>
ENGLISH:		
Eng. 103-104, English Composition.....	6	6
Eng. 105, Speech Arts	2	2
Eng. 203, Children's Literature	2	2
Electives	5	
Eng. 223, Survey of American Literature, or Eng. 208, Survey of English Literature 3 hrs.		
Lib. Sci. 301, How to Use a Library 2 hrs.		
Eng. 215, Exposition..... 2 hrs.		
Literature in 300-400 series.		
Minimum hours required	15	10
SOCIAL STUDIES:		
Hist. 231-232, American History and Government (1492-present)	6	6
Soc. St. 103, West Virginia History, Government and Geography	3	3
Economics 340, Principles of Economics.....	3	3
Sociology 300, Outlines of Sociology.....	3	
Geography 100, Principles of Geography, 3 hrs.....	3	3
Geog. 205, Economic Geography of North America, 3 hrs.....		
Geog. 320, Conservation of Natural Resources, 3 hrs.....		
Minimum Hours Required	18	15
SCIENCE:		
Biol. 107, General Biology	3	3
Biol. 109, General Physical Science	3	3

Phys. Ed. 221, Health Education.....	2	2
Mathematics 100, Practical Arithmetic.....	2	2
Electives	3	
Biol. 306, Field Biology, 4 hrs.		
Minimum Hours Required	13	10

MUSIC:

Music 100, Introduction to Music.....	2	2
Music 270, Public School Music Methods (Grades 1-6)	2	2
Music 370, Methods (Second Course) (Grades 1-6)	2	2
Minimum Hours Required	6	6

NOTE: Students who are discovered as non-singers in Music 100, will take Music 250 and 350 instead of Music 270 and 370.

ART:

Art 100, Introduction to Art	2	2
Art 205, Public School Art (Grades 1-6).....	2	2
Art 300, Arts and Crafts for the Elementary School	2	
Minimum Hours Required	6	4

PHYSICAL EDUCATION:

Phys. Ed. 101-102, General Course	2	2
Phys. Ed. 203-204, Physical Education for Elementary Schools	2	2
Minimum Hours Required	4	4

EDUCATION:

105, Educational Psychology	3	3
150, Teaching in the Elementary School	3	3
233, The West Virginia School System.....	2	2
250, Supervised Student Teaching (Gr. 1-6) ..	3	3
350, Supervised Student Teaching.....	2	
365, Teaching and Management in the Elementary School	2	
Electives.....	5 to 9	2
215, Kindergarten-Primary Education	2	
230, Tests and Measurements.....	2	
303, Psych. of Child Adjustment.....	3	
370, Investigations in Elem. School Subjects	2	
405, Educational Sociology	2	
415, History of Modern Education.....	3	

460, Philosophy of Education	3	
Minimum Hours Required	20	13
Maximum Hours Permitted	24	15
GENERAL ELECTIVES	46	2
Total required for certificate	128	64

(With Bachelor's degree)

(At least 48 semester hours of the total required for the A. B. degree and first class collegiate elementary certificate shall be in the 300-400 courses.)

REQUIREMENTS FOR SECOND CLASS ELEMENTARY CERTIFICATES

(Based on 96 semester hours)

This new certificate was authorized by the West Virginia Legislature of 1941, and is valid for four years. The requirements are as follows:

To the requirements for the normal certificate listed in the second column, pages 75, 76 and 77, add:

Literature	2 hours
Biology 306	3 hours
Art 300	2 hours
Education 365	2 hours
Electives selected from the col- legiate elementary course (first column)	23 hours
	<hr/>
	32 hours
Requirement for normal cer- tificate	64 hours
	<hr/>
Total	96 hours

FOUR-YEAR CURRICULA FOR HIGH SCHOOL TEACHERS

Leading to A. B. degree with first class high school teacher's certificate in two or three fields. *Forty-eight* hours must be taken in courses of the 300 and 400 series. Average of C required; average of C required in each teaching field, and in Education. One hundred twenty-eight hours for graduation.

I. GENERAL REQUIREMENTS FOR ALL HIGH SCHOOL TEACHERS

<i>Subject Groups</i>	<i>Hours</i>	<i>Hours</i>	<i>Hours</i>
1. English _____			11
English 103, 104, English Composition _____		6	
English (literature) to be selected from courses in Teachers College _____		3	
English 105, Speech Arts _____		2	
2. Social Studies _____			12
History (207, 308, 309, 311, 312, 431, 432)			
Political Science (201, 202, 351)			
Sociology 300			
Economics 340			
Geography (any course)			
(At least one course in each of three sub- jects must be completed).			
3. Science* or Mathematics (but not both) _____			6
4. Education _____			20
a. Required courses _____		14	
Ed. 301, Educational Psychology _____	5		
Ed. 310, Principles and Management of High School Teaching _____	4		
Ed. 450, Directed Teaching _____	5		
b. Select from following _____	6 to 10		
Ed. 333, The Junior High School _____	2		
Ed. 404, Co-Curricular Activities			
	1, 2 or 3		
Ed. 405, Educational Sociology _____	2		
Ed. 415, History of Education _____	3		

*Laboratory Courses in Biology, Botany, Chemistry, Physics, Zoology.

Ed. 430, Tests and Measurements	2	
Ed. 433, The West Virginia Secondary School System	2	
Ed. 440, High School Organization.....	3	
Ed. 460, Philosophy of Education.....	3	
5. Physical Education		3
Phys. Ed. 101-102, General Course.....	2	
Phys. Ed. 311 or 312, Physical Education for Secondary Schools	1	

NOTE: When any of the General Requirements overlap the requirements in the chosen teaching fields, the work may be used to meet both requirements.

A. FOR TEACHERS OF ART

<i>Subject Groups</i>	<i>Hours</i>	<i>Hours</i>	<i>Hours</i>
Art: Minimum requirement for graduation.....			32
1. Freehand Drawing		6	
Art 101-102, Drawing	6		
Art 406, Figure Drawing.....	3		
2. Design		6	
Art 103, Theory of Color and Design.....	3		
Art 200, Design	2		
Art 305, Design	3		
3. Painting and Sculpture		6	
Art 307, Sculpture	3		
Art 350, Water Color Painting.....	3		
Art 455-456, Oil Painting.....	6		
4. History and Appreciation		6	
Art 212, Art and Nature Appreciation.....	2		
Art 401-402, History of Art.....	4		

B. FOR TEACHERS OF BIOLOGICAL SCIENCE

BIOLOGY: Minimum requirement for graduation		32
1. Required courses	17	
Biology 107-108, General Biology.....	6	
Botany 203, General Botany, or Botany 204, Cryptogamic Botany.....	4	
Biology 306, Field Biology.....	4	
Zoology 307, Genetics	3	

2. Suggested electives	7
Zoology 206, Comparative Vertebrate Anatomy	4
Botany 302, Bacteriology	4
Zoology 305, Human Anatomy	3
Zoology 306, Human Physiology	3
Botany 404, Plant Taxonomy	4
Chemistry 101-102	8

C. FOR TEACHERS OF BIOLOGICAL AND GENERAL SCIENCE

<i>Subject Groups</i>	<i>Hours</i>	<i>Hours</i>	<i>Hours</i>
Minimum requirement for graduation			39
Biology		20	
1. Required courses	13		
Biology 107-108, General Biology 6 hrs.			
Biology 306, Field Biology	4		
Zoology 307, Genetics	3		
2. Suggested electives	7		
Botany 203, General Botany, or			
Botany 204, Cryptogamic Botany 4 hrs.			
Botany 305, Economic Botany	3		
Zoology 206, Comparative Verte- brate Anatomy	4		
Botany 302, Bacteriology	4		
Zoology 305, Human Anatomy	3		
Zoology 306, Human Physiology	3		
Botany 404, Plant Taxonomy	4		
Chemistry 101-102		8	
Physics 201, 202, 203, 204		8	
Geology		3	

D. FOR TEACHERS OF COMMERCE-BUSINESS PRINCIPLES*

<i>Subject Groups</i>	<i>Hours</i>	<i>Hours</i>	<i>Hours</i>
Minimum requirement for graduation			24
Money, Credit, and Banking		3	
Economics 308, Money, Credit, and Prices	3		

*It is recommended that Commerce majors complete requirements for both Occupational Commerce and Business Principles. If the student will do this, the number of hours required for the combination of fields will be 38. It is understood that an additional major other than Commerce will also be selected.

Marketing or Retail Merchandising.....	3
Commerce 340, Principles of Marketing	3
Typewriting	4
Commerce 103-104, Typewriting.....	4
Business Mathematics or Mathematics of Finance	2
Commerce 311, Advanced Accounting	3
Commerce 323, Principles of Business Finance	3
Accounting	6
Commerce 215-216, Principles of Accounting	6
Business Law	3
Commerce 307, Principles of Business Law	3
Consumer Business—Economic Problems	3
Economics 347, Economic Problems.....	3
Economics 242, Principles of Economics	3

E. FOR TEACHERS OF COMMERCE-OCCUPATIONAL*

<i>Subject Groups</i>	<i>Hours</i>	<i>Hours</i>	<i>Hours</i>
Minimum requirement for graduation.....			24
1. Accounting		6	
Commerce 215-216, Principles of Accounting	6		
2. Typewriting		4	
Commerce 103-104, Typewriting.....	4		
3. Shorthand		8	
Commerce 201-202, Shorthand-Type-writing	8		
4. Secretarial Training and Office Practice		5	
Commerce 404, Secretarial Training.....	3		
Commerce 405, Office Practice.....	2		
5. Retail Merchandising, Salesmanship, Advertising		3	
Commerce 231, Principles of Selling.....	2		
Commerce 330, Advertising	3		
or			
Commerce 340, Marketing			

F. FOR TEACHERS OF ENGLISH

<i>Subject Groups</i>	<i>Hours</i>	<i>Hours</i>	<i>Hours</i>
ENGLISH: Minimum requirement for graduation			32
1. Composition, Oral and Written.....		10	
Eng. 103, 104, English Composition.....	6		
Eng. 105, Speech Arts	2		
Eng. 215, Exposition, or English 405, Study of the English Language.....	2 or 3		
2. Literature		12	
Eng. 223, Survey of American Literature	3		
English Literature Survey	3*		
Select from following:			
Eng. 335, Literature of the Renaissance and Reformation in England (1485- 1674)	2 hrs.		
Eng. 234, English Prose and Poetry (1660-1800)	2		
Eng. 233, English Prose and Poetry (1800-1892)	2		
Eng. 436, First Ten Centuries of English Literature	2		
Eng. 316, Contemporary Writers, English and American	2		
Eng. 317, The Development of the English Novel	2		
Eng. 325, Shakespeare	3		
Eng. 402, World Literature.....	3		
Eng. 407, Anglo-Saxon	3		
3. Special Activities		2	
Lib. Sci. 301, How to Use a Library, or Journ. 328, High School Journ. 2			

NOTE: Students combining English and social studies as teaching fields should add a third teaching field.

G. FOR TEACHERS OF FRENCH

<i>Subject Groups</i>	<i>Hours</i>	<i>Hours</i>	<i>Hours</i>
Minimum requirement for graduation.....			24

(2 semester hours may be deducted for each high school unit with a maximum deduction of 6 hours)

*May be satisfied by taking Eng. 233, 234 and 335.

French 121-122, First Year French.....	6
(Student who enters with 2 units of high school French does not take these courses; with 1 unit of high school French he takes French 122.)	
French 223-224, Intermediate French.....	6
French 315-316, Advanced Composition.....	6
French 327-328, Seventeenth Century Literature.....	6
French 351-352, Phonetics and Oral French.....	4
French 357-358, Explication de Textes.....	4
French 425-426, Eighteenth Century Literature.....	6
French 435-436, Nineteenth Century Literature.....	6

NOTE: Spanish and German teaching fields have requirements similar to those for French and Latin.

H. FOR TEACHERS OF HOME ECONOMICS

Subject Groups	Hours	Hours	Hours
HOME ECONOMICS: Minimum requirement for graduation.....			37
1. Foods and Nutrition		10	
Home Ec. 202, Food Selection and Preparation.....	3		
Home Ec. 203, Economic Uses of Food.....	3		
Home Ec. 301, Dietetics.....	4		
2. Textiles and Clothing		8	
Home Ec. 127, Textiles and Clothing.....	2		
Home Ec. 227, Clothing Selection.....	3		
Home Ec. 329, Clothing Construction.....	3		
3. Applied Art		8	
Home Ec. 104, Applied Art.....	2		
Home Ec. 240, History of Costume.....	2		
Home Ec. 351, Home Architecture.....	2		
Home Ec. 354, Home Decoration.....	2		
4. Home Management		8	
Home Ec. 358, Economics of the Household.....	3		
Home Ec. 402, Home Management.....	2		
Home Ec. 420, Mechanics of the Household.....	3		
5. Child Care and Development.....		2	
Home Ec. 303, Child Care.....	3		
Chemistry 101-102			8
Biology			12

NOTE: The chemistry and biology requirement above automatically covers the science item in general requirements for all high school teachers and that portion of a major in science.

I. FOR TEACHERS OF LATIN

<i>Subject Groups</i>	<i>Hours</i>	<i>Hours</i>	<i>Hou</i>
Minimum requirement for graduation.....			24
(2 semester hours may be deducted for each high school unit with a maximum deduction of 6 hours.)			
Latin 111-112, Beginning Course.....		6	
(For students with no high school credit in Latin.)			
Latin 115, Caesar: Gallic Wars.....		3	
(For students with one unit high school Latin.)			
Latin 203, Cicero: Selected Orations.....		3	
Latin 204, Cicero, De Amicitia, De Senectute.....		3	
Latin 214-215, Vergil's Aeneid.....		6	
Latin 306, Selections from Horace.....		3	
Latin 307, Cicero: Selection from His Letters.....		3	
Latin 309, Livy: Selections from His History.....		3	
Latin 312, Tacitus: Annals.....		3	
Latin 327, Advanced Prose Composition.....		3	
Latin 403, The Roman Stage.....		3	

J. FOR TEACHERS OF MATHEMATICS

<i>Subject Groups</i>	<i>Hours</i>	<i>Hours</i>	<i>Hours</i>
Minimum requirement for graduation.....			22
Mathematics 120, Algebra.....		3**	
Mathematics 121, Solid Geometry.....		3***	
Mathematics 122, Plane Trigonometry.....		3	
Mathematics 223, College Algebra.....		3	
Mathematics 224, Analytic Geometry.....		4	
Mathematics 325-326, Differential and Integral Calculus.....		8	
Mathematics 421, Solid Analytics.....		3	
Mathematics 435, Differential Equations.....		3	

*2 semester hours may be deducted for each high school unit with maximum deduction of 6 hours.

**Only for students entering with less than $1\frac{1}{2}$ units high school algebra.

***Only for students entering without high school solid geometry

K. FOR TEACHERS OF MUSIC

<i>Subject Groups</i>	<i>Hours</i>	<i>Hours</i>	<i>Hours</i>
Minimum requirement for graduation.....			32
1. Theory		6	
Music 115, Sight Reading.....	3		
Music 116, Ear Training.....	3		
Music 120-121, Harmony	4		
2. Applied Music		9	
Music 280-281, 403, Piano Training.....	6		
Music 312-313, Voice Training.....	4		
Music 262, 462, Band and Orchestral Instruments	4		
3. Appreciation		3	
Music 222-223, History and Appreciation of Music	6		
4. Conducting		6	
Music 207, 407, Ensemble Singing, or Music 265, 266, 466, 465, Band	4		
Music 490, Conducting	2		

L. FOR TEACHERS OF PHYSICAL EDUCATION

<i>Subject Groups</i>	<i>Hours</i>	<i>Hours</i>	<i>Hours</i>
Minimum requirement for graduation			30
1. Anatomy, Physiology and Kinesiology.....		4	
Phys. Ed. 440, Physiology of Exercise.....	3		
Phys. Ed. 321, Kinesiology	3		
2. Health Education and Hygiene		4	
Phys. Ed. 221, Health Education.....	2		
Phys. Ed. 313, Personal Hygiene.....	2		
3. Principles, Organization and Administration of Health and Physical Education		2	
Phys. Ed. 410, Organization and Adminis- tration	2		
4. Physical Inspection and Correction of Remedial Defects		1	
Phys. Ed. 322, Individual Gymnastics.....	3		
Phys. Ed. 310, Postural Gymnastics.....	1		
5. Theory and Practice of Physical Educa- tion		13	
Differentiated Courses for Men and Women:			

	<i>Men</i>	<i>Women</i>
Team Sports _____	5	3
Phys. Ed. 103, Football _____	1 hr.	
Phys. Ed. 108, Field Ball and Hockey _____	1	
Phys. Ed. 109, Track _____	1	
Phys. Ed. 110, Basketball _____	1	
Phys. Ed. 111, Baseball _____	1	
Phys. Ed. 206, Soccer and Speedball _____	1	
Phys. Ed. 421, Advanced Practice and Officiating _____	1	
Recreational Activities _____	3	3
Phys. Ed. 205, 403, Aquatic Sports _____	1	
Phys. Ed. 207, Archery and Tennis _____	1	
Phys. Ed. 306, Tumbling _____	1	
School and Community Activities _____	4	4
Phys. Ed. 208, Games _____	1	
Phys. Ed. 307, Scouting _____	1	
Phys. Ed. 308, Camping and Hiking _____	1	
Phys. Ed. 422, Athletic Training _____	2	
Phys. Ed. 450, Playground and Community Recreation _____	2	
Rhythms _____	1	3
Phys. Ed. 104, Marching and Calisthenics _____	1	
Phys. Ed. 304, Natural Dancing _____	1	
Phys. Ed. 405, Folk Dancing and Clogging _____	1	

M. FOR TEACHERS OF PHYSICAL SCIENCE

<i>Subject Groups</i>	<i>Hours</i>	<i>Hours</i>	<i>Hours</i>
Minimum requirement for graduation _____			24
Chemistry _____		16	
Chemistry 101-102, General Chemistry, or Chemistry 201-202 (inorganic), General Chemistry _____	8		
Chemistry 203, Qualitative Analysis _____	4		
Chemistry 204, Quantitative Analysis _____	4		
Chemistry 301-302, Organic _____	8		
Chemistry 305, Physiological Chemistry _____	3		
Physics _____		8	
Physics 201, 202, 203, 204, General Physics _____	8		
Physics 300, Electricity and Magnetism _____	3		
Physics 301, Electrical Measurements _____	2		
Physics 302, Electricity and Magnetism _____	3		
Physics 303, Electrical Measurements _____	2		
Physics 304, Light _____	3		
Physics 305, Light Laboratory _____	2		

Physics 306, Elements of Mechanics.....	3
Physics 307, Mechanics Laboratory	2
Physics 308, Heat	3
Physics 309, Heat Measurements.....	2
Physics 311, Sound	3

N. FOR TEACHERS OF PHYSICAL AND GENERAL SCIENCE

<i>Subject Groups</i>	<i>Hours</i>	<i>Hours</i>	<i>Hours</i>
Minimum requirement for graduation.....			35
Chemistry		16	
Chemistry 101-102, General Chemistry or			
Chemistry 201-202, Advanced General			
Chemistry (Inorganic).....	8		
Chemistry 203, Qualitative Analysis.....	4		
Chemistry 204, Quantitative Analysis.....	4		
Chemistry 301-302, Organic Chemistry.....	8		
Chemistry 305, Physiological Chemistry.....	3		
Physics		8	
Physics 201, 202, 203, 204, General Physics	8		
Physics 300, 302, Electricity and Magnet-			
ism	6		
Physics 301, 303, Electrical Measurements	4		
Physics 304, Light	3		
Physics 305, Light Laboratory.....	2		
Physics 306, Elements of Mechanics.....	3		
Physics 307, Mechanics Laboratory.....	2		
Physics 308, Heat	3		
Physics 309, Heat Measurements.....	2		
Physics 311, Sound	3		
Geology		3	
Biology		8	

O. FOR TEACHERS OF SOCIAL STUDIES

<i>Subject Groups</i>	<i>Hours</i>	<i>Hours</i>	<i>Hours</i>
Minimum requirement for graduation.....			32
History		18	
History 207, West Virginia History.....	3		
History 221-222, Modern Europe (1492-			
Present)	6		
History 311-312, 431, American History			
(1492-Present)	9		
Government		3	
Political Science 201, American National			

<i>Subject Groups</i>	<i>Hours</i>	<i>Hours</i>	<i>Hours</i>
Government	3	(required)	
Political Science 202, State and Local Government	3		
Political Science 351, Modern Governments	3		
Economics		3	
Economics 340, Principles of Economics	3		
Economics 347, Economic Problems	3		
Sociology		3	
Sociology 300, Outlines of Sociology	3		
Sociology 308, The Family	2		
Sociology 311, Problems of Poverty	3		
Geography, any course or courses		3	

NOTE: Students combining social studies and English as teaching fields should add another teaching field.

P. FOR TEACHERS OF SPEECH

Speech as a third teaching field has been authorized by the State Board of Education. Twenty-four hours of required and elective courses make up this teaching field.

COURSES OF INSTRUCTION

ART

Professor Jablonski

Assistant Professor Wiltse

NOTE: A laboratory fee of \$2.00 will be charged for the following
Art courses: 200, 201, 305, 306, 307.

100. **Introduction to Art.** Two hours.
Fundamental principles of drawing, painting and design.
Mr. Jablonski, Miss Wiltse.
101. **Drawing.** Three hours.
Study and practice of line drawing, form drawing and color
value drawing. Mr. Jablonski.
102. **Drawing.** Three hours.
Perspective principles, applications and renderings in various
mediums. Prerequisite: Art 101. Mr. Jablonski.
103. **Theory of Color and Design.** Three hours.
Application of the fundamental principles of order to surface
patterns and painting. Mr. Jablonski.
200. **Design.** Two hours.
Practice in designing and constructing objects of use or dec-
oration. Individual projects in clay, wood, metal, and other
materials are carried out. Prerequisite: Art 103. Mr. Jablonski.
201. **Design.** Two hours.
Continuation of Art 200, which is prerequisite. Mr. Jablonski.
202. **Lettering.** One hour.
Study and practice of freehand lettering with pen and brush.
Miss Wiltse.
205. **Public School Art** (Grades 1-6). Two hours.
Methods of presenting all art subjects; selection of materials;
units of work, and course planning. Prerequisite: Art 100.
Miss Wiltse.
212. **Art Appreciation.** Two hours.
A survey of the development of European and American ar-
chitecture, sculpture and painting. Mr. Jablonski.

- 300. Arts and Crafts for the Elementary School** (Grades 1-6). Two hours.
Consideration of material, designs and construction of industrial arts and crafts. Use of clay, cardboard and wood. Book-binding, weaving, textile design, puppetry and stage art. Prerequisite: Art 205. Miss Wiltse.
- 305. Design.** Three hours.
Advanced practice in designing and constructing objects of use or decoration. Individual projects in clay, wood, metal and other materials are carried out. Prerequisite: Art 103, Art 200. Mr. Jablonski.
- 306. Design.** Three hours.
Continuation of Art 305, which is prerequisite. Mr. Jablonski.
- 307. Sculpture.** Three hours.
The study and practice of modeling forms in relief and in the round. Practice in plaster and clay casting. One lecture and five laboratory hours per week. Prerequisite: Art 200. Mr. Jablonski.
- 338. Materials and Methods.** (Grades 1-6). Four hours.
Art majors wishing to qualify for teaching art in elementary grades as well as in high school should take Art 338 and 300; 40 semester hours in art are required for teaching on both levels. Prerequisite: 8 hours of Art. Miss Wiltse.
- 350. Water Color Painting.** Three hours.
Practice of the technique of water color medium as applied to still life, landscape and figure subjects. Prerequisite: Art 102, 103. Mr. Jablonski.
- 401. History of Art.** Two hours.
A general survey of the development of architecture, sculpture, painting and the minor arts to 1150 A. D. Mr. Jablonski.
- 402. History of Art.** Two hours.
Occidental art from 1150 A. D. to present. Mr. Jablonski.
- 406. Figure Drawing.** Three hours.
A study of the construction and rendering of the human figure. Prerequisite: Art 102. Mr. Jablonski.
- 455. Oil Painting.** Three hours.
Practice of the technique of oil colors in the rendering of still life, landscape and figure subjects. Experiments with palettes. Prerequisite: Art 102, 103. Mr. Jablonski.
- 456. Oil Painting.** Three hours.
Continuation of Art 455. Mr. Jablonski.

BIOLOGY

Associate Professors Darlington, Loy.

NOTE: A laboratory fee of \$2.00 will be charged for the following Biology courses: 107, 108, 306. A laboratory fee of \$1.00 will be charged for General Physical Science 109.

107. General Biology. Three hours.

A general course which deals with biological principles, the cell, physical and chemical aspects of protoplasm, unicellular organisms, simple multicellular organisms, and the earthworm and crayfish. Classroom, 2 hours; laboratory, 2 hours. Mr. Loy.

108. General Biology. Three hours.

A study is made of the representatives of higher plants, such as moss, ferns, and flowering plants; also a detailed laboratory study of several typical animals such as the grasshopper, clam, starfish, and frog. Classroom, 2 hours; laboratory, 2 hours. Prerequisite: Biology 107. Mr. Loy.

109. General Physical Science. Three hours.

An integrated survey course regarding physical and chemical changes and the nature and properties of matter and energy, the earth and its relations to other heavenly bodies, and weather and climate affecting man. Required on elementary certificates. Mr. Darlington.

306. Field Biology. Four hours.

A study of identification, classification, different habitats, communities, and interrelations of some of the common plants and animals. Classroom, 2 hours; laboratory, 4 hours. Prerequisite: six hours of biology. Mr. Darlington.

ECONOMICS

(Offered in Teachers College by the Department of Economics of the College of Arts and Sciences)

340. Principles of Economics. Three hours.

An abbreviation of Economics 241-242. Given for Teachers College juniors and seniors who require only three hours in economics. Mr. Wolford.

EDUCATION

Professors Roudebush, Shouse, Wilson, Woods

Associate Professors Foulk, Harriet Lyon, Vander Zalm

Assistant Professor Musgrave

105. Educational Psychology. Three hours.

The learning process as it applies to learning in the elementary school. Normal students only. Miss Foulk.

150. Teaching in the Elementary School. Three hours.

Methods of teaching as related to fundamental principles of learning. A study of the procedure and techniques to be employed in teaching basic subjects of the elementary school which require the mastery of fundamental skills. Emphasis is upon method of procedures for effective direction of economic learning of pupils. Prerequisite: Education 105. Mrs. H. Lyon.

215. Kindergarten-Primary Education. Two hours.

History of kindergarten; its theory and value; materials and equipment, and their use; relation to first grade. Formerly Education 115. Mrs. H. Lyon.

230. Tests and Measurements (Elementary). Two hours.

Designed to aid teachers in the preparation of new type tests, and in the giving, scoring and interpretation of tests and test results. Mr. Wilson.

233. The West Virginia Elementary School System. Two hours.

Required on normal certificate. A study of the state school system as it applies to finance, school laws, organization, safety education, program of studies, school reports, public relations. Miss Foulk.

250. Supervised Student Teaching (Grades 1-6). Three hours. Students will teach daily in the Laboratory School under supervision and on different grade levels. Reference readings and conferences. Prerequisite: 40 hours college credit with an average of C; an average of C in education, including Education 150. Mrs. H. Lyon.**301. Educational Psychology.** Five hours.

A study of the bases of human behavior and of the learning process. Emphasis is placed upon motivation, emotional control, fatigue in learning, development of personality. Illustrations are drawn from the secondary school. Prerequisite: Junior standing. Mr. Vander Zalm.

303. Psychology of Child Adjustment. Three hours.

An applied course in the study of individual differences as to child nature, motivation, and adjustment. Special emphasis upon causal factors of maladjustment, on a case study basis. Prerequisite: Education 105. Mr. Vander Zalm.

310. Principles and Management of High School Teaching. Four hours.

A study of secondary school activities relative to the best teaching procedures and classroom management. Required for high school teachers. Prerequisite: 80 hours credit with Education 301 preceding or accompanying. Mr. Roudebush.

333. **The Junior High School.** Two hours.
Mr. Musgrave.
350. **Supervised Student Teaching.** Two hours.
A continuation of Education 250; for collegiate elementary certificates. Mrs. H. Lyon.
365. **Teaching and Management in the Elementary School.** Two hours.
A study of organization and management in the elementary school, in relation to fundamental teaching procedures of school subjects. Provision for individual differences; unit learning; pupil control; safety and health, professional and social relationships. Prerequisite: Education 150. Miss Foulk.
370. **Investigations in Elementary School Subjects.** Two hours.
Investigations of the new movements in education as applied to elementary school subjects. Prerequisite: 12 hours education. Mr. Wilson.
404. **Co-Curricular Activities.** One, two or three hours.
An elective course for prospective high school teachers. The student directs an activity in the Laboratory High School. Prerequisite: Current registration in Education 450. Mr. Musgrave.
405. **Educational Sociology.** Two hours.
What has sociology to offer by way of answer to educational problems? Questions about objectives, curriculum, method, arise for answers in terms of social considerations. Formerly Education 305. Juniors and seniors. Mr. Shouse.
415. **History of Modern Education.** Three hours.
Historical backgrounds of our public school system since the Renaissance. The course follows two main lines—development of educational practice; development of educational theory. Formerly Education 315. Seniors. Mr. Shouse.
430. **Measurement of Achievement in Secondary Schools.** Two hours.
Designed to aid high school teachers in preparation of new type tests, and in the giving, scoring and interpretation of tests and test data. Includes elementary statistical processes. Seniors. Mr. Woods.
433. **The West Virginia Secondary School System.** Two hours.
A study of the state school system as it applies to organization and program of studies. Mr. Musgrave.
450. **Supervised Student Teaching in Secondary Schools.** Five hours.
Consideration is given to best methods and educative materials. Daily conferences. Required for high school teachers. Prerequisite: Education 310. Seniors. Mr. Roudebush.

460. Philosophy of Education. Two or three hours.

Contemporary educational thinking and practices studied in relation to present day types of philosophy; realism, idealism, pragmatism. Current educational literature examined for evidences of the effect of philosophical points of view. Seniors. Mr. Shouse.

ENGLISH

Professors Franklin, Wehler

Associate Professor Flower

Assistant Professors Baxter and Pollitt

103. English Composition. Four hours.

For Teachers College freshmen. Emphasis is placed upon correct speaking and writing. This course to be followed in the succeeding semester by English 104, two hours, and English 105, two hours. Staff.

104. English Composition. Two hours.

Staff.

105. Speech Arts. Two hours.

Upon completion of English 103 the student registers for English 104, two hours, and English 105, two hours. These are integrated courses, the purpose of which is to insure competent mastery in reading, speaking and writing for prospective teachers. Staff.

203. Children's Literature. Two hours.

A study of the various types of poetry and prose—traditional, recent, and contemporary—which appeal to children of the primary and intermediate grades. Sophomores. Miss Wehler.

208. Survey of English Literature, 1744-1930. Three hours.

A comprehensive reading and study course, dealing with representative English writers of the period indicated. Not open to students who take English as a teaching field. Miss Wehler.

215. Exposition. Two hours.

Systematic exercises in expository writing. Prerequisite English 103. Not open to freshmen. Mr. Franklin, Miss Flower.

223. Survey of American Literature. Three hours.

A reading course planned to give a general knowledge of literature of America as the expression of the national mind. Mr. Baxter, Miss Flower.

233. English Prose and Poetry 1800-1892. Two hours.

Open only to those students who take English as a teaching subject. Miss Flower.

234. English Prose and Poetry 1660-1800. Two hours.

Open only to those students who take English as a teaching subject. Miss Flower.

316. Contemporary Writers, English and American. Two hours.

For juniors and seniors. This course aims to discover in representative American and English poetry, drama, novel and biography something of the temper and the trend of the writing of the twentieth century. Mr. Baxter.

317. The Development of the English Novel. Two hours.

For juniors and seniors. A history of the English novel of the seventeenth and eighteenth centuries with emphasis on the literary and social trends of the periods as represented in the novels themselves. Mr. Baxter.

325. Shakespeare. Three hours.

Ten representative plays are studied, and ten others are read. For juniors and seniors. Mr. Franklin, Mr. Baxter.

335. Literature of the Renaissance and Reformation in England (1485-1674). Two hours. Miss Wehler.**402. World Literature.** Three hours.

Selections from the literature of great nations, (except American and English), ancient and modern. Miss Wehler.

403. Lyric Poetry, English and American. Two hours.

The background and the varying forms of the lyric, with much reading of poetry. Mr. Baxter.

404. Guided Reading. One hour.

A course designed to give students opportunity to pursue, with guidance, their interests in reading. Conferences and reports. Miss Flower.

405. Study of the English Language. Three hours.

A study of the growth of the English language and of its present structure and use. Mr. Franklin.

407. Old English. Three hours.

The elements of Old English, with selected readings. For juniors and seniors who intend to do graduate work in English. Mr. Franklin.

425. Vocabulary Building. Two hours.

A study of words, with the object of increasing the vocabulary and gaining more accurate meanings for the less common words. Formerly English 225. Mr. Franklin.

436. The First Ten Centuries of English Literature (449-1500).

Two hours.

Selections from Old English and earlier Middle English literature in translation; selections from Chaucer in the original. Prerequisite: English 405. Mr. Franklin.

GEOGRAPHY

Professor Burgess

Associate Professors Britton, Davis

100. Principles of Geography. Three hours.

A study of the relationship between man and elements of natural environment, such as location, size, accessibility, soils, minerals, native vegetation and animals, oceans, surface and underground waters and climate. Miss Burgess, Mr. Davis.

203. General Economic Geography. Three hours.

Study of world geography with units built around specific products of agriculture, manufacturing and mining, as related to soil, climate, geology, etc. Mr. Britton. Prerequisite: Geography 100.

205. Economic Geography of North America. Three hours.

Study of North America by natural regions with special emphasis on the relation of man's activities to such natural factors as soil, geology, climate, etc. Mr. Britton, Mr. Davis. Prerequisite: Geography 100.

302. Economic Geography of Europe. Three hours.

A study of activities as related to the natural environment with special attention to the four leading countries. Current geography. Prerequisite: 3 hours geography or European history. Miss Burgess.

309. Economic Geography of Latin America. Three hours.

Study of economic regions within countries or political divisions of South and Central America and the West Indies in relation to natural factors of the environment. Prerequisite: 3 hours geography. Mr. Britton.

312. Geography of Asia. Three hours.

Particular attention is given to the study of India, China, and Japan. A brief survey is made of the continent. Prerequisite: 3 hours geography. Mr. Davis.

315. Geography of Africa and Australasia. Two hours.

The geography of the low latitude and lower middle latitude regions located in Africa, Australia, New Zealand, the lower East Indies, and the oceanic island groupings of the Indian

Ocean and the southern Pacific Ocean. Colonial problems relating to possession of natural resources are stressed, and economic activities in these areas are studied with reference to natural and human relations. Mr. Davis.

320. Conservation of Natural Resources. Three hours.

A study of the natural resources of the United States with particular reference to soils, forests, water power, and minerals as basic factors of modern civilization. Consideration of the conservation problem of our national life. Mr. Britton.

325. Climatology. Two hours.

A review of the climatic factors and a detailed study of the climatic regions of the world, following Koppen's classification. The climatic regions of the United States receive special emphasis. Detailed climatic data studied whenever possible. Mr. Britton, Mr. Davis.

401. Historical Geography of the United States. Three hours.

The geography of the United States in the past; the evolution of environmental relationship. Prerequisite: 3 hours of geography or American history. Miss Burgess, Mr. Davis.

405. World Political Geography. Three hours.

Study of the political problems of the leading countries in relation to the natural environment. Prerequisite: 3 hours geography, or special permission. Mr. Davis.

410. Urban Geography. Three hours.

A study of the geography of cities with special attention given to larger cities of the United States. Cultural points relating to city grouping, residential and commercial planning within the individual city, transportation network layout, and industrial center planning, are studied in checking the natural-cultural relationships observed in each urban setting. Theory and practice are recognized in a test study made in or near Huntington. Mr. Davis.

HISTORY

Professors Hedrick, Klinger, Toole

207. History of West Virginia and Trans-Allegheny Frontier. Three hours. Open to freshmen. Mr. Hedrick.

221. Modern Europe (1492-1815). Three hours.

A general survey of the period with emphasis upon the relationship of events and movements. Not open to freshmen. Mr. Toole, Mr. Klinger.

- 222. Modern Europe (since 1815).** Three hours.
A continuation of History 221. Mr. Klinger, Mr. Toole.
- 231. American History and Government (to 1852).** Three hours.
An integrated course for normal students only. Open to second semester freshmen. Mr. Hedrick, Mr. Toole.
- 232. American History and Government (since 1852).** Three hours.
Continuation of History and Government 231. An integrated course for normal students only. Not open to freshmen. Mr. Hedrick, Mr. Toole.
- (NOTE: Students who have taken History and Government 231 and 232 may earn credit in History 308, 309 and 432, but not in History 311, 312, 431 and Pol. Sci. 201.)
- 308. Social and Economic History of the South.** Three hours.
Juniors and seniors. Recommended as an elective for majors in social studies. Mr. Hedrick.
- 309. Social and Economic History of the West.** Three hours.
Recommended as an elective for majors in social studies. Juniors and seniors. Mr. Hedrick.
- 311. American History (1492-1789).** Three hours.
An intensive study of the colonial settlement and problems, including a comparative study of the colonies and their institutions. Juniors and seniors. Mr. Toole.
- 312. American History (1789-1865).** Three hours.
A continuation of History 311. Juniors and seniors. Mr. Toole.
- 431. American History (since 1865).** Three hours.
An intensive study of the social, economic and political problems that grew out of the Civil War and the Reconstruction. Seniors only, except by special permission. Mr. Hedrick.
- 432. American History since 1914.** Three hours.
Not open to majors in the social studies. Mr. Hedrick.

HOME ECONOMICS

Associate Professor MacDannald

Assistant Professor Theeta Lyon

NOTE: A laboratory fee of \$1.00 will be charged for the following Home Economics courses: 127, 202, 203, 227, 304, 329. A laboratory fee of \$2.00 will be charged for Home Economics 301.

- 104. Applied Art.** Two hours.
Application of the fundamental principles of design to dress.
Mrs. T. Lyon.

127. **Textiles and Clothing.** Two hours.
Study of the important fibers and materials made from them. Practice in weaving and textile testing. Mrs. T. Lyon.
202. **Food Selection and Preparation.** Three hours.
Food selection from the standpoint of body requirements, cost, methods of preparation. Miss MacDannald.
203. **Economic Uses of Food.** Three hours.
A study of food markets from the standpoint of the consumer. Planning, preparing, and serving meals from the standpoint of various budget levels. Prerequisite: Home Economics 202. Miss MacDannald.
205. **Elementary Nutrition.** Two hours.
An elective course for students not majoring in home economics. The course covers the fundamental principles of elementary dietetics. No prerequisite. Miss MacDannald.
227. **Clothing Selection.** Three hours.
Instruction and practice in planning, designing, buying, cutting, fitting and finishing of garments made from wash fabrics, woolsens, and sport silks. Mrs. T. Lyon.
240. **History of Costume.** Two hours.
Study of historic costume with emphasis upon modern adaptation. Mrs. T. Lyon.
301. **Dietetics.** Four hours.
Advanced course in the principles of nutrition as they relate to food health and dietary construction. Prerequisite: Home Economics 202, 203; Chemistry 101, 102. Miss MacDannald.
303. **Child Care.** Three hours.
A study of the physical development and care of the infant and the pre-school child. Lecture two hours; laboratory two hours. Mrs. T. Lyon.
304. **Diet and Disease.** Three hours.
A study of the relation of diet to disease with emphasis upon prevention as well as dietary treatment. Prerequisite: Home Economics 202, 203, 301; Chemistry 101, 102. Miss MacDannald.
329. **Advanced Clothing Construction.** Three hours.
Special application of the principles of design and construction to tailored, formal and informal garments. Prerequisite: Home Economics 227. Mrs. T. Lyon.
351. **Home Architecture and Sanitation.** Two hours.
Situation, surrounding, and construction of the house. Heating, lighting, ventilating, water supply, and drainage. Miss MacDannald.

354. Home Decoration. Two hours.

Theory of color and design applied to interior decoration.
Mrs. T. Lyon.

358. Economics of the Household. Three hours.

The economic problems of the home; organization of personal and family life; family income, expenditures, savings, budgets.
Miss MacDannald.

402. Home Management. Two hours.

Principles of efficient management in the home. Includes study of family finance, of household buying, housing problems, time and energy studies, and home hygiene. Miss MacDannald.

405. Quantity Cookery. Three hours.

Practice in large-quantity food preparation and serving. Laboratory work in cooperation with school and local hospitals.
Miss MacDannald.

407. Institutional Management. Two hours.

A study of the organization and administration problems of food in certain institutions such as the school lunch, residence halls, hospitals and cafeterias. Miss MacDannald.

420. Mechanics of the Household. Three hours.

A study of household equipment, its selection and care.
Miss MacDannald.

JOURNALISM

(Offered in Teachers College by the Department of Journalism of the College of Arts and Sciences.)

327. Journalistic English. Two hours.

English form and style as found in best newspapers. Mr. Pitt.

328. High School Journalism. Two hours.

Designed to train high school teachers in the methods of directing high school papers. Editorial news, and feature policies, advertising and circulation, etc. Mr. Pitt.

LIBRARY SCIENCE

Instructor Dorsey

301. How to Use a Library. Two hours.

An elective course for both elementary and secondary teachers who wish to improve their working knowledge of a library.
Mrs. Dorsey.

MUSIC

Professor Mueller

Instructor Gelvin

100. Introduction to Music. Two hours.

Proper use of singing voice; good taste in interpretation; songs taught by rote used as foundation for further study; reading material of fifth grade difficulty; only such theory as is needed to master the above outline; appreciation through artistic singing and hearing other music. Mr. Mueller, Miss Gelvin.

115. Sight Singing and Ear Training. Three hours.

Rudimentary music in unison, two and three parts, including bass staff. Simple chromatics. Miss Gelvin, Mr. Mueller.

116. Sight Singing and Ear Training. Three hours.

Recognition of simple pitch and rhythm types, major and minor effects, and simple modulations through chromatic usage. Miss Gelvin, Mr. Mueller.

120. Harmony. Two hours.

Study of melodic construction and use of chords including the dominant seventh. Prerequisite: Music 100. Mr. Mueller.

121. Harmony. Two hours.

Primary and secondary chord usage including modulations. Prerequisite: Music 120. Mr. Mueller.

132. Music Appreciation. One hour.

A general approach to the beauties and characteristics of worthwhile music. Miss Gelvin.

207. (For freshmen and sophomores).
or**407. (For juniors and seniors). Ensemble Singing.** Two hours.

The study of the principles of choral singing based on standard chorus literature. Prerequisite: An acceptable voice and the ability to sustain a part. Tryout. Mr. Mueller.

222. History and Appreciation of Music. Three hours.

From early music to the romantic period, including listening to music. Open to all college students. Mr. Mueller.

223. History and Appreciation of Music. Three hours.

The romantic and modern periods. Conducted in same manner as 222. Mr. Mueller.

234. Music Appreciation. One hour.

Of same nature as Music 132, using different music and different text. Miss Gelvin.

- 250. Music Appreciation for Elementary Teachers.** (For Uncert Singers). Two hours.
A background for understanding music through directed tening, knowledge of voices and instruments. Prerequisite: Music 100. Miss Gelvin.
- 262. (Freshmen and Sophomores).**
or
- 462. (Juniors and seniors) Band and Orchestral Instruments.** C hour.
Giving a working knowledge of the instruments of the us school orchestra. (May be repeated to four hours credit different instruments.) Prerequisite: Music 100. Mr. Muell
- 265. (Freshmen and sophomores).**
or
- 465. (Juniors and seniors) Band.** Two hours.
Study of march and concert material. (Meets four days week). Prerequisite: Tryout. Mr. Mueller.
- 266. (Freshmen and sophomores)**
or
- 466. (Juniors and seniors) Band.** Two hours.
Advanced technique and concert material. (Meets four da a week.) Prerequisite: Technical proficiency. Mr. Mueller.
- 270. Public School Music Methods.** (Grades 1-6). Two hours.
Methods and materials for teaching music in the element grades. Emphasis is placed upon the presentation of rote reading songs. Miss Gelvin.
- 280. Piano Training.** Two hours.
Technical and theoretic study for beginners, using pianos key-boards. Prerequisite: Music 100 or 115. Mr. Mueller
- 281. Piano Training.** Two hours.
Continuation of Music 280. Prerequisite: Music 280. Mr. Mueller.
- 301. Analysis.** Two hours.
From the harmonic content. Prerequisite: Music 121. Mr. Mueller.
- 302. Analysis.** Two hours.
From the formal content. Prerequisite: Music 121. Mr. Mueller.
- 312. Voice Training.** Two hours.
Foundation principles of voice usage and taste in s Prerequisite: Music 100. Miss Gelvin.

- 313. Voice Training.** Two hours.
Continuation of Music 312. Prerequisite: Music 312.
Miss Gelvin.
- 338. Materials and Methods in Public School Music. (Grades 1-6).**
Four hours.
Intensive study of materials and methods in successful use.
For music majors only. Prerequisite: Eight hours of music.
Miss Gelvin.
- 350. Methods of Teaching Music Appreciation.** Two hours.
Materials and methods (Grades 1-6). Prerequisite: 2 hours
of music. Mr. Mueller.
- 370. Music Methods (Grades 1-6). Second Course.** Two hours.
A continuation of Music 270.
Emphasis is placed upon the development of the appreciation
and rhythmic programs for elementary schools, rural and other-
wise. Prerequisite: Music 270. Miss Gelvin.
- 365. Human Values in Music Appreciation.** Two hours.
A course in listening to music of various kinds with oppor-
tunity for discussion of our likes and dislikes. Assigned read-
ings. No music prerequisite. Open to all juniors and seniors.
Mr. Mueller.
- 371. Orchestration.** Three hours.
Arranging music for school orchestras; survey of materials
and methods for instrumental music in the schools. Prerequis-
ite: Music 120 and 262. Mr. Mueller.
- 381. Counterpoint.** Two hours.
Simple contrapuntal writing. Prerequisite: Eight hours of
music. Mr. Mueller.
- 403. Advanced Piano Training.** Two hours.
Repertoire and interpretation. Prerequisite: Music 281.
Mr. Mueller.
- 490. Conducting.** Two hours.
The technique of conducting with application to the artistic
values involved. Prerequisite: Ten hours of music. Mr. Mueller.

PHYSICAL EDUCATION

Associate Professors Berryman, Dandelet, Fitch, McDonough,
Gullickson, Robinson

- 101. General Course.** One hour.
Three periods a week for all non-major freshmen. Activities
for men: games, calisthenics, corrective exercises, marching,
tumbling, apparatus work, swimming.

Activities for women: tennis, field hockey, volleyball, swimming, rhythm, postural work, baseball. Miss Robinson, Miss Berryman, Mr. Fitch, Mr. Dandelet, Mr. Gullickson.

102. General Course. One hour.

Continuation of Phys. Ed. 101.

NOTE: Sections of Phys. Ed. 101 and 102 are maintained for those who, on college physician's advice, are restricted to certain types of physical activity. Carried on under college physician's supervision to improve general physical condition and to correct physical handicaps as far as possible. Miss Robinson, Miss Berryman, Mr. Fitch, Mr. Dandelet, Mr. Gullickson.

103. Football. One hour.

Three periods a week. Theory and technique of football. A course in fundamentals; not credit for playing football. Freshmen men majoring in physical education and others who pass tests. Mr. Dandelet.

104. Marching and Calisthenics. One hour.

Three periods a week. Separate sections for men and for women majoring in physical education and others who pass tests. Miss Robinson, Mr. Gullickson.

108. Field Ball and Hockey. One hour.

Three periods a week. Freshmen women majoring in physical education and others who pass tests. Miss Berryman.

109. Track. One hour for men (full semester). One-half hour for women (half semester).

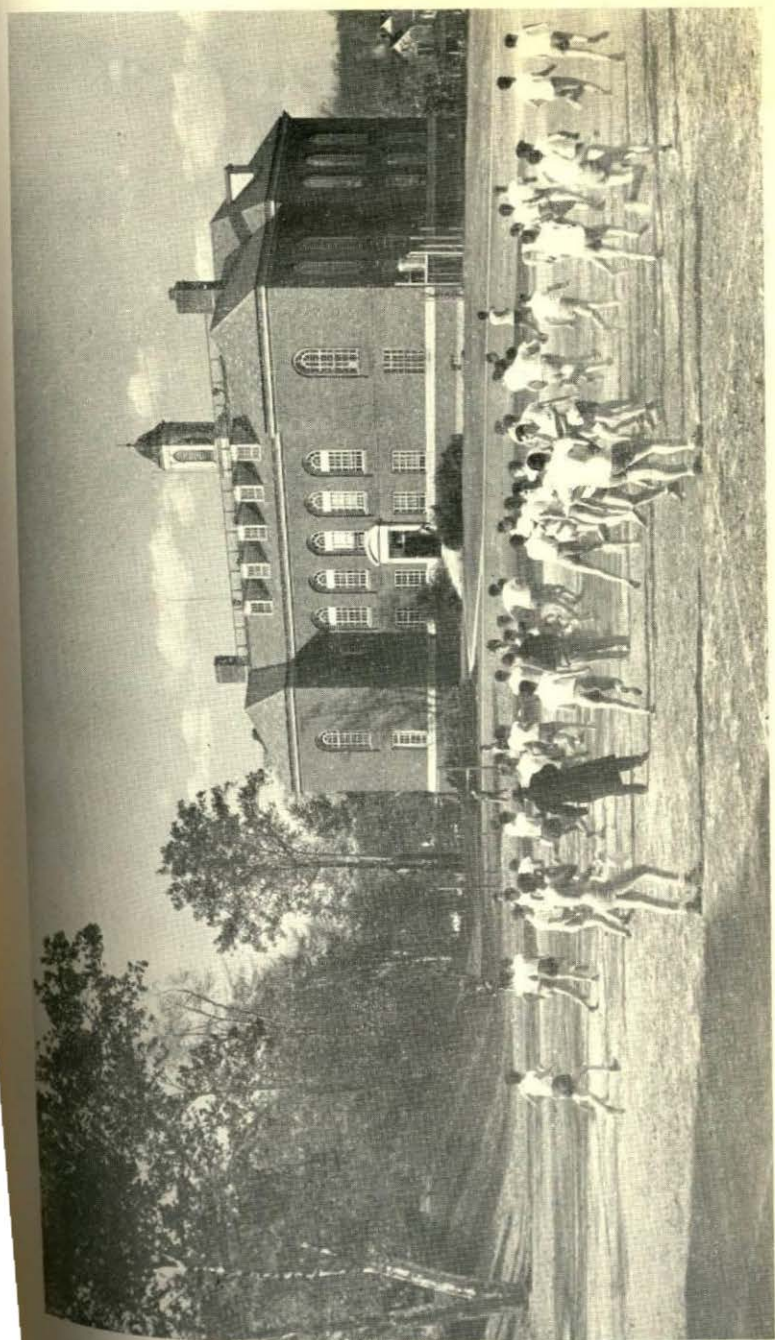

Three periods a week. A course in fundamentals; not credit for participation in track. Separate sections for men and for women majoring in physical education and others who pass tests. Women take this course same semester as Phys. Ed. 111. Miss Berryman, Mr. Dandelet.

110. Basketball. One hour.

Three periods a week. Theory and technique of basketball. A course in fundamentals, not credit for playing basketball. Separate sections for men and women majoring in physical education, and others who pass tests. Miss Robinson, Mr. Dandelet.

111. Baseball. One hour for men (full semester). One-half hour for women (half semester).

Three periods a week. Theory and technique of baseball. A course in fundamentals, not credit for playing baseball. Separate sections for men and for women majoring in physical education and for others passing tests. Women take this course in same semester as Phys. Ed. 109. Miss Berryman, Mr. Fitch.

PHYSICAL EDUCATION GROUP

- 203. Physical Education for Elementary Schools.** One hour.
Two periods a week. Games and rhythmic activities appropriate for use in grades one-four. Standard normal sophomores. Miss McDonough.
- 204. Physical Education for Elementary Schools.** One hour.
Games and rhythmic activities appropriate for use in grades five-eight. Standard normal sophomores. Miss McDonough.
- 205. Intermediate Swimming.** One hour.
Two periods a week. Theory and practice of fundamental strokes and dives. Separate pools for men and for women. Miss Berryman, Mr. Fitch.
- 206. Soccer and Speedball.** One hour.
Two periods a week. Theory and technique of play. A course in fundamentals. Separate sections for men and for women. Miss Robinson, Mr. Dandeleit.
- 207. Archery and Tennis.** One hour.
Two periods a week. Theory and technique of play. A course in fundamentals. Separate sections for men and for women. Miss Berryman, Mr. Fitch.
- 208. Games.** One hour.
Two periods a week. A repertoire of games of less highly organized type and making less demand on skill than games listed with specific title. Separate sections for men and for women. Miss Robinson, Mr. Fitch.
- 221. Health Education.** Two hours.
A study of health problems as they relate to the classroom, to the individual pupil and to the school community. Mr. Dandeleit, Mr. Fitch, Mr. Gullickson.
- 304. Creative Dancing.** One hour.
Two periods a week. Women. Analysis and technique of rhythm of body movement, with emphasis on natural interpretation and expression of variety of exercises. Miss Berryman.
- 305. Advanced Dancing.** One hour.
Two periods a week. Women. Emphasis on advanced motor controls and growth in imagination and emotional capacity as expressed in advanced creative dance work. Elective. Prerequisite: Phys. Ed. 304. Miss Berryman.
- 306. Tumbling.** One hour.
Two periods a week. Fundamentals and practice. Separate sections for men and for women. Miss Robinson, Mr. Fitch.
- 307. Scouting.** One hour.
Two periods a week. Men: organization and administration of Boy Scout troops, badge tests, etc. Women: principles of

Girl Scouts and Campfire organization. Miss Robinson, Mr. Dandeleit.

308. Camping and Hiking. One hour.

Two or more hours per week. Separate sections for men and for women. Lecture and lab. Problems in organization, food and shelter. Miss McDonough, Mr. Gullickson.

310. Postural Gymnastics. One hour.

Two periods per week. Laboratory work for men and for women in administering remedial exercises. Coordinating with Phys. Ed. 322. Miss Berryman, Mr. Gullickson.

311. Physical Education for Secondary Schools. One hour.

Two periods a week. Organization and practice of games especially appropriate for secondary schools. Juniors and seniors preparing to teach in secondary schools, but not majoring in physical education. Separate sections for men and for women. Miss McDonough, Mr. Fitch.

312. Physical Education for Secondary Schools. One hour.

Continuation of Phys. Ed. 311. Women do work in rhythmic activities. Miss McDonough, Mr. Fitch.

313. Personal Hygiene. Two hours.

The study of those phases of hygienic living which should be understood by all college students. Special emphasis placed on the personal aspects of hygiene. Miss Robinson, Mr. Dandeleit.

321. Kinesiology. Three hours.

The applied anatomy of the human musculature in relation to physical activity. Men and women. Mr. Fitch.

322. Individual Gymnastics. Three hours.

Theory of remedial exercises. Correlates with Phys. Ed. 310. Men and women. Miss Berryman.

403. Advanced Swimming. One hour.

Two periods a week. Separate pools for men and women. Diving, water stunts, games, high skill swimming, lifesaving exercises. Instruction and tests for Red Cross senior life saving certificates and emblem. Prerequisite: Approval of instructor. Miss Berryman, Mr. Fitch.

405. Folk Dancing and Clogging. One hour.

Two periods a week. Men and women. Miss Robinson.

410. Organization and Administration. Two hours.

The study of procedures in the organization and administration of a physical education program. This includes purchase, care and uses of equipment. Coordinating the physical education program with the school system. Miss Robinson.

421. **Advanced Practice and Officiating.** Two hours for men. Mr. Dandeleit, Mr. Fitch.
422. **Athletic Training.** Two hours.
Massage, conditioning, first aid and treatment of injuries. Both theory and practice. Men and women. Formerly listed as Phys. Ed. 222. Mr. Dandeleit.
440. **Physiology of Exercise.** Three hours.
Men and women. Follows Phys. Ed. 321. Mr. Fitch.
450. **Playground and Community Recreation.** Two hours.
Men and women. Theory and practice in organization and administration of such work. Mr. Dandeleit.

POLITICAL SCIENCE

Professor Harris

201. **American National Government.** Three hours.
The organization, principles, and actual workings of American national government; the relation of the Federal government to the states; the organization and powers of the departments of the Federal government; parties of public opinion; recent trends in the expansion of Federal administrative functions. Students who have taken American History and Government 231 and 232, may not earn credit in Political Science 201. Not open to freshmen. Mr. Harris.
202. **State and Local Government.** Three hours.
A study of the organization and functions of the state legislature, executive, and judiciary; state constitutions; tendencies in state administrative reorganization; parties and elections; suffrage. A study of both state and local government in West Virginia. Not open to freshmen. Students who have earned credit in Social Studies 103 may not take Political Science 202. Mr. Harris.
351. **Modern Governments.** Three hours.
A general survey of the organization and functioning of contemporary major European and neighboring American governments. The course is intended for prospective teachers who are interested in a broad general acquaintance with the political institutions and governmental practices of other countries. Mr. Harris.

SOCIAL STUDIES

Professors Burgess and Harris

103. West Virginia History, Geography and Government. Three hours.

This course aims to survey the history, government and geography of West Virginia for prospective elementary teachers. Attention is given to the relative value and proper use of materials in the elementary schools. Miss Burgess, Mr. Harris.

MATHEMATICS

100. Practical Arithmetic. Two hours.

A required course for all elementary certificates. Miss Foulk.

NOTE: Additional courses in Mathematics are listed in the College of Arts and Sciences, pages 150, 151.

THE COLLEGE OF ARTS AND SCIENCES

Education and Liberal Arts

In 1924, the State Board of Education, observing the rapid growth of Marshall College in student enrollment, considered the matter of broadening the program of studies and decided to set up a curriculum composed largely of liberal arts courses, leading to the degree of Bachelor of Arts. Many educators regard such courses as fundamental bases from which to prepare technically for other professions, and so in the following pages will be listed the names of the courses offered in the College of Arts and Sciences and a brief definition of the same.

The primary purpose of a liberal arts course is to acquaint the student "with what man has done, that is, history; with what he has thought, that is, philosophy; with what he has found out, that is, science; with what man has created, that is, art; with what he has felt and expressed, that is, literature; and with what he was worshipped, that is, religion." Knowledge alone must not be the purpose and the end of education. Courses of study should produce students able to meet general occasions and not specific occasions alone. This requirement is best met by a liberal education and so the requirements for the Bachelor of Science degree and the requirements for the Bachelor of Arts degree do not differ widely. This means that one of the main purposes of the College of Arts and Sciences is to educate rather than to train. Training belongs to the more specialized schools. The person best fitted for life is usually one who combines both these types of education.

The College of Arts and Sciences now offers the degrees of Bachelor of Arts, Bachelor of Science, and Bachelor of Engineering Science.

REQUIREMENTS FOR ADMISSION

Fifteen units of high school work are required for entrance. Admission may be obtained by entrance examination, by certificate from an accredited secondary or high school, or by a properly certified transcript from a standard university, college, or normal school.

According to the degree which he expects to receive the student will present for admission one or the other of the groups of prescribed subjects listed below. Those students expecting to major in Commerce, Botany, Physics, Chemistry, Zoology, Home Economics, Engineering, or Geology, should plan to prepare for the B. S. degree. All others plan to prepare for the A. B. degree.

A. B.		B. S.	
	Units		Units
English	3	English	3
Foreign Language	2	Algebra	1 or 1½
Social Studies	2	Geometry	1
Electives	8	Electives	10
	—		—
	15		15 or 15½

(Foreign Language 2 units recommended.)

B. E. S. DEGREE

Subject	Unit
English	3
Algebra	1½
Geometry	1½
Foreign Language	*2
Physics	*1
Chemistry	*1
Electives	5
	—
	15

*(Recommended, see page 34).

RESTRICTIONS

No credit is allowed for less than one unit in a foreign language, chemistry, or physics.

EVENING CLASSES

The evening school at Marshall College has been established with a three-fold purpose in mind; first, to give those who are employed opportunity to augment their knowledge in their field of endeavor through evening study; second, to assist in the advancement of

school graduates who find it necessary to enter a vocation immediately; third, to give adults an opportunity to obtain instruction in those cultural courses which will provide a much fuller enjoyment of life.

While the number of courses offered in the evening classes is less than those offered in the day college, those subjects will be given which furnish a good training in the arts and sciences. These evening classes have proved to be very popular as is evidenced by the steady increase in enrollment from year to year.

Special announcements will be released one month prior to the opening of the semester. Those interested in taking this evening work should communicate with the Office of the Dean of the College of Arts and Sciences.

ORGANIZATION

The various departments of the College of Arts and Sciences are grouped as follows:

Group A: Language, English, and the Arts.

English, Latin, French, Spanish, German, Greek, Art, Speech, Music, Physical Education, Bible.

Group B: Mathematics and the Natural Sciences.

Mathematics, Physics, Chemistry, Geology, Home Economics, Botany including Bacteriology, Zoology, Astronomy, Commerce, Engineering.

Group C: History and the Social Sciences.

History, Sociology, Economics, Political Science, Journalism, Philosophy, Psychology, Geography, Education, Civilization.

Through the requirement of a minimum number of hours from each group, over-specialization will be avoided, while through the requirement of a maximum number of hours in a particular group an opportunity is afforded for intensive study in closely related subjects.

HONORS COURSES

Students of exceptional ability who possess initiative to a high degree may be registered by a department in Honors courses. Such students are excused from some of the routine demands of the undergraduate courses but are required to maintain a higher standard of work both as to quantity and quality. Juniors with outstanding scholastic records may apply to the department heads for the privilege of enrolling as candidates for honors in the field of their choice. Applications should be filed by the opening of the second semester of the junior year.

THE BACCALAUREATE DEGREE

The degree of Bachelor of Arts (A.B.) is conferred by Marshall College upon students who have completed a four-year course (128 hours) in the College of Arts and Sciences, and who major in Groups A or C. The degree of Bachelor of Science (B.S.) is conferred upon students who have completed a four-year course (128 hours) in the College of Arts and Sciences and who major in Group B. The degree of Bachelor of Engineering Science (B. E. S.) is conferred upon students who have completed the four-year course of not less than 140 semester hours in the College of Arts and Sciences. The term "hour" is used conventionally to signify one recitation a week throughout the semester of eighteen weeks, or an equivalent of that. A lecture or recitation is regularly fifty minutes in length, and the outside work of the student is estimated at an average of two hours for each class recitation. In laboratory work each exercise is approximately two hours in length, with outside study to make it as nearly as possible equivalent in its demands to the conventional "hour" defined above.

(For the Master's degree see Graduate Bulletin.)

REQUIREMENTS FOR THE A.B. AND B.S. DEGREES

GENERAL REQUIREMENTS

(For the B. E. S., degree, see page 123).

- (1) Candidates for graduation must have at least as many quality points as hours to their credit.
- (2) Of the 128 hours required for graduation a total of 60 hours must be earned in cultural subjects. This will include all the subjects (except Physical Education) listed under the specific group requirements, as well as Geography, Music, Art and Bible.
- (3) Forty-eight hours must be earned in one group which will be designated as the student's major group, and at least 24 hours from a second group which will constitute the student's minor group.
- (4) In no one of the groups listed under "Organization" may more than 72 hours be credited toward the A.B. degree and 84 toward the B.S. degree.
- (5) Forty-eight hours must be earned in courses numbered 300-499 for the A.B. and B.S. degrees, and 53 hours for the B.E.S. degree.
- (6) All the specific requirements must be completed before the student is admitted to the senior year. Before admission to the junior year each student must show a "C" average for the first two years.

- (7) Candidates for the A.B. degree must take 20 semester hours in their field of concentration in courses numbered 200 and above in a department (or departments) with the advice of the head of the department in which they select most courses. This is not to be counted as a part of the required 60 hours in cultural subjects. An elementary or 100-199 course may not be counted toward the concentration requirement.
- (8) No more than 8 hours of Education may be elected from the Teachers College.
- (9) Half credit only will be allowed on required courses in the 100 series taken in the senior year unless a grade of B is attained.

SPECIFIC REQUIREMENTS FOR THE A.B. DEGREE

GROUP A:

I. English.

- a. English Composition 101 and 102 6 hrs.
- b. English Literature 205 and 206 4 hrs.
- c. English Literature 4 hrs.
- d. A proficiency test in public speaking will be given to all first semester freshmen; those failing will be advised to take a course in public speaking.

II. Foreign Language.

- a. Twelve hours must be earned in one foreign language. These hours may be earned either in a new language or in one already begun in high school. If a student enters deficient in one unit of foreign language he must present 16 hours for graduation; if he enters deficient in two units he must present 20 hours for graduation. 12 hrs.

III. Physical Education 2 hrs.

GROUP B: Choose either a and d, b and d, or c and d.

I.

- a. Physics 8 hrs.
- b. Chemistry 8 hrs.
- c. 4-hr. lab. course in Botany and 4-hr. lab. course in Zoology 8 hrs.
- d. Mathematics or Geology 3 hrs.

GROUP C:

- I. History, Economics or Political Science (in two) 9 hrs.
- II. Psychology, Sociology or Philosophy (may be distributed) 9 hrs.

Total 57 hrs.

SPECIFIC REQUIREMENTS FOR THE B.S. DEGREE

GROUP A:

I. English.

- a. English Composition 101 and 102 6 h
 b. English Literature 205 and 206 4 h
 c. A proficiency test in public speaking will be given to all first semester freshmen; those failing will be advised to take a course in public speaking.

II. Foreign Language.

- a. Twelve hours must be earned in one foreign language. These hours may be earned either in a new language or in one already begun in high school 12 h
 Not required of Engineering and Commerce majors if two years of high school language has been presented. It is urgently recommended that all Commerce majors take at least twelve hours of college work in a foreign language, as such will be required in pursuit of all advanced degrees by graduate schools.

III. Physical Education 2 h

GROUP B:

I.

- a. Physics 8
 b. Chemistry 8
 c. 4-hr. lab. course in Botany and
 4-hr. lab. course in Zoology 8
 d. Mathematics 6
 Total 30

Candidates for the B.S. degree must take the subjects mentioned under a, b, c, and d, with the following exception: Commerce majors are required to take only 8 hours from a, or b, or c, and 3 in Mathematics or Geology.

GROUP C:

- I. History, Economics, or Political Science (in two)
 II. Psychology, Sociology, or Philosophy (may be distributed)

Total

COMBINED COLLEGE AND PROFESSIONAL COURSES

A student wishing to study medicine, dentistry, or law at a professional school may be granted a leave of absence during his senior year at Marshall College. At the end of the first year in the professional school the student then is eligible for the baccalaureate degree from Marshall College, provided that all requirements for graduation are met and that the student can present certification from the professional school that a sufficient number of semester hours of good quality work has been completed to total 128 when added to those earned at Marshall College.

Only 52 hours of study in the student's major group at Marshall College will count toward the degree. At least 96 hours of study must have been completed and 96 or more quality points earned by the student at Marshall College. In order to receive the degree the student must be present at the regular Marshall College commencement.

CURRICULUM PREPARATORY FOR MEDICINE

FIRST YEAR

First Semester

Chemistry 201	4 hrs.
English 101	3 hrs.
Foreign Language	3 hrs.
Zoology 110	4 hrs.
Physical Education 101	1 hr.
Electives	2 hrs.
Recommended:	
Psychology 211	
Sociology 132	
Pol. Sci. 101	

Second Semester

Chemistry 202	4 hrs.
English 102	3 hrs.

*Duke University requires ten hours of physics as preparatory work.

**Bachelor of Science candidates note that six hours of mathematics are required for the degree.

THIRD YEAR

Chemistry 301 _____ 4 hrs. ✓ Chemistry 302 _____
 Electives _____ 12 or 13 hrs. Electives _____ 12 or 13 hrs.

Recommended electives for the third and fourth years are additional courses in physics, chemistry (physical is especially recommended), and the biological sciences.

Students who are preparing themselves for medicine should in mind the fact that certain schools of medicine require specific courses in addition to those listed above. Such courses are best suited for electives for the third or fourth year. Embryology (Zoology 301) is a course most frequently required and this by only a limited number of schools.

The present trend among schools of medicine is to recommend against intensive training in the natural sciences. Instead they prefer that the candidate have a broader training with more attention given to the liberal arts courses.

Candidates for admission to the pre-medical work should include their high school subjects: Latin 2 units, Mathematics 2 units (algebra 1, geometry 1), physics 1 or chemistry 1. Students are strongly urged to present also: French 2 units or German 2 units, and Botany 1 or Zoology 1 unit.

The curriculum presented above is designed to meet the needs of students preparing to enter medical colleges which require two, three, or four years of pre-medical preparation. It is highly desirable that freshmen indicate the medical college they intend to enter, since requirements vary somewhat in certain requirements.

NOTE: Those pre-medics requiring ten hours of general science may take Light Laboratory (Physics 305) or Heat Laboratory (Physics 309) for the extra two hours credit.

Special attention is called to the increasing tendency among the best medical colleges to require three or even four years of pre-medical preparation. In all colleges preference is given to those applicants having such preparation. Students are urged to plan their undergraduate work toward securing the A.B. or B.S. degree. The curriculum is intended to serve as a guide and may be varied to suit the individual needs of the student.

In order to secure a recommendation to a medical college the student must earn as many credit points as hours, that is, he should maintain an average of at least C. The student should keep in mind, however, the fact that competition in the field of medicine is extremely severe. There are many more candidates for admission to medical schools than are accepted and, other things being equal, those students with the highest scholastic standing are given preference.

DENTISTRY

Students preparing to enter dental college should take a similar course, except that foreign language is not required usually. The ruling of the Dental Educational Council of America calls for six semester hours in each of the following: English, biology, physics, inorganic chemistry, and three semester hours of organic chemistry, and electives to make a total of sixty semester hours as preparation for three years in any leading school of dentistry.

PREPARATION REQUIRED FOR STUDENTS PLANNING TO BE HOSPITAL DIETITIANS

Students planning to prepare for positions as hospital dietitians must be graduates of a four-year college of approved standing. During their undergraduate years they must follow the courses prescribed by the American Dietetic Association for students applying for admission to graduate training courses. In 1935-1936 there were 55 hospitals in the United States and Canada giving approved graduate courses averaging about one year in length.

The required preparation is as follows:

CURRICULUM FOR DIETITIANS

B. S. Degree

FIRST YEAR

<i>First Semester</i>		<i>Second Semester</i>	
English 101	3 hrs.	English 102	3 hrs.
Language	3 hrs.	Language	3 hrs.
Chemistry 101 or 201*	4 hrs.	Chemistry 102 or 202*	4 hrs.
Psychology 101	4 hrs.	Psychology 110	3 hrs.
Home Economics 202	3 hrs.	Home Economics 203	3 hrs.
	—	Physical Education 102	1 hr.
	17 rs.		—
			17 hrs.

*Students who have not had high school chemistry take 101 and 102.

FIRST YEAR

English 205	2 hrs.	English 206	2 hrs.
Language	3 hrs.	Language	3 hrs.
Zoology 110	4 hrs.	Zoology 206	4 hrs.
Mathematics 122*	3 hrs.	Mathematics 223	3 hrs.
Chemistry 301	4 hrs.	Chemistry 302	4 hrs.
Physical Education 101	1 hr.		—
	—		16 hrs.
	17 hrs.		

*Students who have not had $1\frac{1}{2}$ units high school algebra and 1 unit high school geometry, take Math. 120 and 223.

THIRD YEAR

Botany 302	4 hrs.	Zoology 306	3 hrs.
Chemistry 305	3 hrs.	Sociology 300	3 hrs.
Economics 241	3 hrs.	Economics 242 or Chem.	3 hrs.

—	—	—	—
	15 hrs.		15 hrs.

FOURTH YEAR

Home Econ. 301	4 hrs.	Home Econ. 304	3 hrs.
Home Econ. 405	3 hrs.	Home Econ. 407	2 hrs.
Physics 201	3 hrs.	Physics 203	3 hrs.
Physics 202	2 hrs.	Physics 204	2 hrs.
Commerce 215	3 hrs.	Electives	5 hrs.
—	—	—	—
	15 hrs.		15 hrs.

NOTE: Concentration subject within the major group must include 20 semester hours above 100 courses. An A.B. degree may be earned by substituting four hours of English and six hours elective for the ten hours of physics.

CURRICULUM PREPARATORY FOR NURSING AND
HEALTH FIELDS

Students planning to enter the nursing field have a distinct advantage in larger hospitals if they have their college degree. Some schools of nursing admit only college graduates.

Preference is usually given to students who have had good training in the sciences; including chemistry, biology, psychology, and sociology. Other recommended courses are: anatomy, physiology, bacteriology, social science, public health, economics (household), dietetics, English and modern languages.

One of the leading schools of nursing makes the following statements: "Opportunities for employment in both the hospital and the public health nursing fields are steadily increasing—staff positions for the young graduate; teaching, supervisory, and administrative positions for the person of experience. Our students are placed as soon as they are graduated, and we cannot begin to fill the positions which are open. The number of students that we can admit each year is limited, and we frankly are looking for the finest young women available. We want them to be good students, but even more important, we want them to be of fine character—the kind you would trust in your family at time of crisis."

The usual basic course in nursing is three years in length.

NOTE: *Technicians*—The requirements for technicians are in the main the same as those for nursing and health fields, except that Botany 302, (Bacteriology) must be included. Special emphasis should be placed on the physical sciences.

TWO-YEAR COLLEGE COURSE FOR MEDICAL TECHNOLOGISTS

Biology: 8 semester hours of which at least 4 semester hours must be Zoology.

Bacteriology: At least 3 semester hours. (If not available, other branches of Biology may be substituted.)

Chemistry: General Inorganic Chemistry. At least 8 semester hours, including 4 semester hours in laboratory.

Organic Chemistry: A complete course, at least 4 semester hours, with not less than 1 1-3 semester hours of laboratory.

Quantitative Analysis: 3 semester hours.

Physics: At least 8 semester hours, with 2 semester hours of laboratory. Either High School or College Trigonometry prerequisite to Physics.

English: 6 semester hours in English Composition and Rhetoric.

Electives: Sufficient to give a total of 60 semester hours of college credit. Sociology and Psychology are recommended for electives.

CURRICULUM PREPARATORY FOR LAW

FIRST YEAR

First Semester

English 101	3 hrs.
Language	3 hrs.
Political Science 101	2 hrs.
History 105	3 hrs.
Speech 101	3 hrs.

FOURTH YEAR

Political Science	3 hrs.	Political Science	6 h
Geology 225	3 hrs.	Electives	12 h
English 377	2 hrs.	Recommended electives:	
Psychology 305	3 hrs.	Psychology 308 or	
Electives	6 hrs.	Psychology 418	
	—	Economics 442	—
	17 hrs.		18 h

NOTE: No more than 72 hours in any one group may be counted toward graduation.

This curriculum is open to all students who have met the college entrance requirements. It is strongly recommended that the units prescribed for entrance include 2 units in Latin and 2 units in social sciences, in addition to the required American history, civics and mathematics.

The special curriculum prescribed and advised for the student has two purposes in view:

The first purpose is to meet the entrance requirements of any of the standard law schools, and with additional courses given in the senior year to meet the four year requirements of other law schools.

The second purpose is to give the student the most necessary preliminary knowledge of new words and phrases, of old terms with prescribed and limited meaning, and of such new methods of study as will enable him to undertake the technical study of law with a greater degree of intelligence and understanding.

This curriculum also aims to give the student a foundation for a broader cultural background for the study of law and a thorough introduction to current problems as they are related to law as a social institution. To meet this purpose carefully selected courses in accounting, economics, history, political science, philosophy, psychology and sociology are either prescribed or recommended.

In order to give special opportunities for students to familiarize themselves with the practical aspects of the legal profession, guest speakers (usually judges or lawyers) appear before the Pre-Law Fraternity fortnightly to present problems of the profession pertaining to aptitudes, education for the law and different fields of the law.

ENGINEERING

Candidates for admission to this department must present a certificate of graduation from an accredited high school, with 15 units of credit. This work must include algebra $1\frac{1}{2}$ units, plane geometry 1 unit, solid geometry $\frac{1}{2}$ unit; and it should include 1 unit of physics, 1 unit of chemistry, and 2 units of one foreign language. High school students looking toward this profession are also advised to present credit for trigonometry, mechanical drawing, and shop work. Deficiencies in algebra and solid geometry may be made up in college. Students offering less than $\frac{1}{2}$ unit of algebra must make up the shortage before entering the class in college algebra by taking Mathematics 120. When credit in solid geometry is not offered, it must be made up before the beginning of the second year. The department endeavors to make such reasonable adjustments as may be necessary to meet individual needs. (See Requirements for Admission on page 110).

The Engineering Department offers the first two years of college engineering work leading to the specialists degree and the curriculum has been so arranged that it can be made to conform with the curricula of engineering colleges. A student who has satisfactorily completed the two years offered here may enter as a junior in any engineering college and receive credit, thereby making it possible for him to receive an engineering degree after two additional years in an engineering college. To gain entry as a junior in other schools, the engineering adviser must know the selected college so that the curriculum can be altered to fit the individual case.

The Huntington Engineers' Club presents an annual award to the outstanding engineering student of Marshall College. It carries a certificate award together with some worthwhile engineering instrument that can be used later in advanced engineering work. Open to sophomores only. No student can win it twice in succession.

D-Rho D-Theta, Honorary Engineering Fraternity, annually awards an engraved cup to the sophomore engineering student who makes the highest scholastic average during his freshman year.

ENGINEERING CURRICULUM

Freshman and Sophomore years of the Specialist Curriculum

GENERAL ENGINEERING CURRICULUM

For the Degree of Bachelor of Engineering Science

This curriculum is a liberal engineering course. The purpose of this course of study is to provide a foundation of scientific and basic engineering knowledge, to train in the engineering method of attacking problems, and at the same time to give the student a well-rounded knowledge of the various phases of the engineering profession. In the senior year the student is offered a considerable amount of latitude in the selection of his schedule. This provision gives him an opportunity to choose advanced subjects along his main line of interest. The curriculum is intended to fit students for positions in sales engineering and employment requiring a broad engineering knowledge with no intensive specialization.

FIRST YEAR

<i>First Semester</i>		<i>Second Semester</i>	
English 101, Composition	3 hrs.	English 102, Composition	3 hrs.
Chem. 201, Gen. Chemistry	4 hrs.	Chem. 202, Gen. Chem.	4 hrs.
Math. 122, Trigonometry	3 hrs.	Math. 224, Analytic Geom.	4 hrs.
Math. 223, College Algebra	3 hrs.	Eng'g. 111, Mech. Drawing	1 hr.
Eng'g. 110, Mech. Drawing	2 hrs.	Eng'g. 201, Plane Surveying	
Eng'g. 100, Eng'g. Lectures	$\frac{1}{2}$ hr.	and Spherical Trig.	2 hrs.

Eng'g. 304, Electrical Eng'g. 3 hrs.	Eng'g. 303, Electr. Eng'g. 2 hrs.
Eng'g. 302, Electrical Meas. 2 hrs.	Eng'g. 305, Elec. Eng'g. Lab. 3 hrs.
Eng'g. 210, Gas Welding 1 hr.	Eng'g. 404, Structures 4 hrs.
Econ. 347, Economic Prob. 3 hrs.	Eng'g. 211, Elec. Welding 1 hr.
Electives 4 hrs.	Electives 7 hrs.
17 hrs.	17½ hrs.

FOURTH YEAR

Eng'g. 402, Materials and Construction 2 hrs.	Eng'g. 403, Report Writing 4 hrs.
Eng'g. 351, Eng'g. Seminar ½ hr.	Eng'g. 401, Hydraulics 3 hrs.
Com. 307, Comm. Law. 3 hrs.	Eng'g. 352, Eng'g. Seminar ½ hr.
Econ. 308, Money, Credit, Prices 3 hrs.	Electives 10 hrs.
Electives 9 hrs.	17½ hrs.
17½ hrs.	

The choice of electives is subject to approval of the Engineering Adviser and in all cases must follow a definite objective. Students may obtain approved copies of curricula for options in Physics, Chemistry, Business Administration, as well as in General Engineering.

NOTE: Substitutions may be made in the schedule above subject to the approval by the Head of the Department of Engineering and the Dean of the College.

AERONAUTICS

Under the Civilian Pilot Training Act of 1939 authorizing the Civil Aeronautics Authority to conduct a program for the training of civilian pilots in educational institutions, Marshall College was selected as one of the colleges to offer this training, and was assigned a number of students who completed the ground school requirements qualifying them to take, at the expense of the government, flight training necessary to secure a private pilot certificate of competency which entitles them to do private flying. Subsequently Marshall College was approved as an advanced training center in the program and since the summer of 1941 has offered Advanced Aeronautical Ground School and flight training. The completion of the advanced course entitles the trainee to secure restricted commercial pilot certificate of competency. The interest in this course has been sufficient to justify a continuance of the course as a part of the college curriculum.

PREPARATION FOR ENTRANCE TO SECOND YEAR OF FORESTRY SCHOOL

<i>First Semester</i>		<i>Second Semester</i>	
English 101	3 hrs.	English 102	3 hrs.

COMMERCE CURRICULA

Specialization in this department leads to either the A.B. or B.S. degree. It offers the student a cultural background similar to that offered in other fields of specialization—Science, Language, Humanities. Specialized curricula are given in the secretarial and accounting fields, while merchandising, money and banking, finance and investments, receive special emphasis. Students graduating from this department almost invariably are placed in responsible positions.

FIRST YEAR

First Semester

English 101	3 hrs.
*Language	3 hrs.
Mathematics 120 or 223	3 hrs.
**Commerce 103	2 hrs.
Physical Education 101	1 hr.
Botany 203	4 hrs.

Second Semester

English 102	3 hrs.
*Language	3 hrs.
Speech 101	3 hrs.
**Commerce 104	2 hrs.
Physical Education 102	1 hr.
Psychology 101	4 hrs.
or	
Zoology 205	4 hrs.

*Twelve hours of foreign language required unless student has had in high school two years of one language. It is recommended that all Commerce majors take at least twelve hours of foreign language in college as such will be required in pursuit of all advanced degrees later.

**Not open to students having had one year or more in typewriting.

SECOND YEAR

<i>First Semester</i>		<i>Second Semester</i>	
English 205	2 hrs.	English 206	2 hrs.
Commerce 201	4 or	Commerce 202	4 or
Commerce 307	3 hrs.	Geography 203	3 hrs.
Commerce 215	3 hrs.	Commerce 216	3 hrs.
Economics 241	3 hrs.	Economics 242	3 hrs.
Language	3 hrs.	Language	3 hrs.
Commerce 231	2 hrs.	Elective	2 or 3 hrs.

*Not required of students specializing in Accounting. Not open to students having more than one unit of shorthand in high school.

FOR SECRETARIAL SPECIALISTS

THIRD YEAR

<i>First Semester</i>		<i>Second Semester</i>	
Commerce 301	3 hrs.	Commerce 302	3 hrs.

Elective or Com. 313	3-4 hrs.	Elective	3-4

FOURTH YEAR

First Semester

Economics 308 _____ 3 hrs.
Commerce 340 _____ 3 hrs.
Economics 347 _____ 3 hrs.
History or Pol. Sci. _____ 3 hrs.
Elective _____ 3-4 hrs.

Second Semester

Economics 310 _____ 3 hrs.
Commerce 330 _____ 3 hrs.
Economics 403 or 442 _____ 3 hrs.
Commerce 316 or 434 _____ 3 hrs.
Elective _____ 3-4 hrs.

COURSES OF INSTRUCTION

AERONAUTICS (Group B)

See Engineering 300 and 301.

ART

All Art courses may be taken by students in the College of Arts and Sciences for credit, with the exception of Art 205, 206.

ASTRONOMY (Group A or B)

Associate Professor McCaskey

301. Descriptive Astronomy. Two hours. (First Semester).

A non-mathematical treatment so that the course is generally cultural.

BACTERIOLOGY (Group B)

Instructor Sprague

See Botany

BIBLE and RELIGION (Group A)

Assistant Professor Hooper

206. History and Literature of the New Testament. Two hours. (Second semester). Formerly Bible 202 and 211. Mr. Hooper.

A brief study of the origin of the gospels, the Life of Christ, and the New Testament Church.

210. Old Testament History. Two hours. (First semester). Mr. Hooper.

A history of the Hebrew people from the call of Abram to the overthrow of the kingdom in 586 B. C.

302. Outlines of Church History. Two hours. (First Semester). Mr. Hooper.

Brief survey of the History of the Church from the first century to the present.

304. The Teachings of Jesus. Two hours. (Second semester). Mr. Hooper.

*310. The Hebrew Prophets. Two hours. (First semester). Mr. Hooper.

*Will not be given in 1941-1942.

BOTANY (Group B)

Professor Gilbert

Instructor Sprague

A \$2.00 science fee will be charged for each laboratory course taken. This will be payable to the Financial Secretary. The date of payment will be designated at the registration period.

203. **General Botany.** Four hours. (First semester). Mr. Gilbert.

Two lectures and two 2-hour laboratories each week.

A study of the structure and functions of the seed plant and its organs.

204. **Cryptogamic Botany.** Four hours. (Second semester). Formerly Systematic Botany. Mr. Gilbert.

Two lectures and two 2-hour laboratories each week.

This course gives a general acquaintance with the lower plants and is a useful foundation for students who intend to take up biology or medicine.

302. **General Bacteriology.** Four hours. (First and second semesters). Mr. Sprague.

Two lectures and two 2-hour laboratories each week.

A general study of the bacteria, yeasts and moulds and intended to meet the needs for subsequent studies in domestic science, sanitation, and medicine.

305. **Economic Botany.** Three hours. (First semester). Mr. Gilbert.

A study, including the origin and history, of the plants useful to man.

- *403. **Mycology and Plant Pathology.** Four hours. (First semester). Mr. Gilbert.

A systematic study of the fungi and the diseases caused by them. Field trips planned for the first part of the semester.

Prerequisite: Botany 204.

404. **Plant Taxonomy.** Five hours. (Second semester). Mr. Gilbert.

Four lectures and one two-hour laboratory period each week.

The identification and classification of the flowering plants and ferns of eastern United States. Each student will prepare a small herbarium and field trips will be planned to introduce the student to methods of field work.

CHEMISTRY (Group B)

Professors Bartlett and Todd

Associate Professor Moseley

Instructor Heiks

A \$2.00 science fee and a \$5.00 breakage fee will be charged for each laboratory course taken. This will be payable to the Financial Secretary. The date of payment will be designated at the registration period.

101. **General Chemistry.** Four hours. (First semester). Mr. Moseley and Mr. Heiks.

Prerequisite: Algebra.

*Will not be given in 1941-1942.

- 102. General Chemistry.** Four hours. (Second semester). Mr. Moseley and Mr. Heiks.
Prerequisite: Chemistry 101.
- 201. Advanced General Chemistry.** Four hours. (First and second semesters). Mr. Todd, Mr. Bartlett, Mr. Moseley, Mr. Heiks.
A study of the theories of general chemistry and the preparation, properties and uses of the non-metals.
Prerequisites: Algebra and high school chemistry.
- 202. Advanced General Chemistry and Elementary Qualitative Analysis.** Four hours. (First and second semesters). Mr. Todd, Mr. Bartlett, Mr. Moseley, Mr. Heiks.
A study of the theories of ionization, the periodic law and preparation, properties and uses of the metals.
Prerequisite: Chemistry 201.
- 203. Qualitative Analysis.** Four hours. (First and second semesters). Mr. Todd and Mr. Moseley.
A study of weak and strong electrolytes, solubility product principle, hydrolysis and complexions. The aim of the laboratory instruction is to acquire an understanding of the principles of analytical separations and to develop technique.
Prerequisites: Chemistry 102 or 202.
- 204. Quantitative Analysis.** Four or five hours. (Second semester). Mr. Todd.
This course familiarizes the student with typical analyses and prepares the student for further analytical work. It includes volumetric and gravimetric analysis. Special emphasis is placed on the development of a quantitative technique in the analytical separations.
Prerequisites: Chemistry 202 or 203.
- 301. Organic Chemistry.** Four hours. (First semester). Mr. Bartlett.
A study of the paraffin series and derivatives.
Prerequisites: Chemistry 202 or 203.
- 302. Organic Chemistry.** Four hours. (Second semester). Mr. Bartlett.
A study of the unsaturated carbon compounds, the benzene series and their derivatives.
Prerequisite: Chemistry 301.
- 303. Advanced Quantitative Analysis.** Four hours. (First and second semesters). Mr. Todd.
One hour conference and six hours laboratory work per week.
The analytical work is designed to fit the needs and the desires of the student. It may include the complete analysis of limestone, gypsum and other minerals or the analysis of coal, water, drugs and food products.
Prerequisite: Chemistry 204.
- 305. Physiological Chemistry.** Three or five hours. (Second semester). Mr. Todd.
A study of the essential foods, digestion, metabolism, the blood and the urine. This course is designed for pre-medic students, home economics and students of dietetics.
Prerequisites: Chemistry 301 and 204 for 5 hours credit.
- 307. Elementary Physical Chemistry.** Three or four hours. (First semester). Mr. Todd.
A study of the physical theories of general chemistry emphasizing the biological and medical viewpoint.
Prerequisites: Physics, Analytical and Organic Chemistry.

- 309. Industrial Chemistry.** Four hours. (First semester). Mr. Todd.
A study of the older and more basic industries such as the industries producing and using acids, alkalis, salts, coal, glass, etc.
Prerequisite: Chemistry 204.
- 310. Industrial Chemistry.** Four hours. (Second semester). Mr. Todd.
A study of the newer industries such as the production and use of petroleum and its products, dyes, lacquers, resins, cellulose products, etc.
Prerequisite: Chemistry 309.
- 401. Special Topics.** One to four hours. (First and second semester).
For major students only. By members of the Chemistry staff. Work to consist of special problems in the field of inorganic, organic, physical, or physiological chemistry.
Prerequisite: Permission of the staff.
- *403. Advanced Inorganic Chemistry.** Two hours. (First semester). Mr. Todd.
Open to seniors and graduates only.
Complex metallic compounds, Werner theory, the newer theories of valence and the compounds of the lesser known metals.
Prerequisites: Physics, Analytical and Organic Chemistry.
- 404. Colloid Chemistry.** Two hours. (Second semester). Mr. Todd.
Open to seniors and graduates only.
A study of the behavior of colloidal solutions, inorganic and organic, from a chemical viewpoint.
Prerequisite: Chemistry 307.
- 411. Physical Chemistry.** Three hours. (First semester). Mr. Todd and Mr. Heiks.
Open to seniors and graduates only.
A general course in physical chemistry.
Prerequisites: Analytical and Organic Chemistry, Physics, and Integral Calculus.
- 412. Physical Chemistry.** Three hours. (Second semester). Mr. Todd and Mr. Heiks.
Open to seniors and graduates only.
A continuation of Chemistry 411.
Prerequisite: Chemistry 411.
- 413. Experimental Physical Chemistry.** Two hours. (First semester). Mr. Todd and Mr. Heiks.
Open to seniors and graduates only.
Experiments in viscosity, molecular weight determinations, vapor density, etc.
Prerequisite or parallel: Chemistry 411.
- 414. Experimental Physical Chemistry.** Two hours. (Second semester). Mr. Todd and Mr. Heiks.
Open to seniors and graduates only.
Experiments in rates of reaction, electromotive force, gas cells, salt effect, etc.
Prerequisite: Chemistry 413.

*Will not be given in 1941-1942.

CIVILIZATION (Group C)

Professor Prichard

Associate Professors Fors, Whitsel

Assistant Professor Hastings

- 306. Hispanic Culture.** Two hours. (Second semester). Mr. Fors.
No knowledge of Spanish is required.
- 318. Mythology.** Two hours. (First and second semesters). Miss Prichard.
No knowledge of Latin is required.
- 320. Latin Literature in Translation.** Two hours. (Second semester).
Formerly Latin 320. Miss Whitsel.
No knowledge of Latin is required.
- 335. Hellenic Civilization.** Three hours. (First semester). Miss Prichard.
No knowledge of Greek required.
- 336. Roman Civilization.** Three hours. (Second semester). Miss Prichard.
No knowledge of Latin required.
- 345. Representative French Masterpieces in Translation.** Two hours. (First semester). Miss Hastings.
Especially designed for juniors and seniors who do not read French but who are majoring in cultural subjects. Selections from Villon, Rabelais, Montaigne, Moliere, Prevost's *Manon Lescaut*. Rousseau's *Confessions*.
Prerequisite: Junior or senior standing.
- 346. Representative French Masterpieces in Translation, continued.** Two hours. (Second semester). Miss Hastings.
Voltaire's *Candide*. Selections from Chateaubriand, Victor Hugo, Balzac, Zola, Maupassant, Flaubert's *Mme. Bovary*.
Prerequisite: Junior or senior standing.

COMMERCE (Group B)

Professor Wolfard

Assistant Professors Brown, Dwight, Instructor Harrison

Instructors (Night School) Norton, Leyenberger

- 103. Typewriting.** Two hours. (First semester). Mrs. Dwight.
Development of proper technique in operation of typewriter by touch method. Elementary business letter typing and adaptation of typing skill to personal use.
No credit if student has had one year or more of typing in high school.
- 104. Typewriting.** Two hours. (Second semester). Mrs. Dwight.
Continuation of Commerce 103. Required of all secretarial specialists.
The typing of business letters, manuscripts, office forms, and legal documents, tabulation and the development of typing speed.

201. **Shorthand-Typewriting.** Four hours. (First semester). Mrs. Dwight and Mrs. Harrison.
Fundamental principles of Gregg shorthand as taught by modified functional method. Introduction to transcription of shorthand notes on typewriter.
No credit if student has had one year or more of shorthand in high school.
Prerequisite: Commerce 104 or equivalent.
202. **Shorthand-Typewriting.** Four hours. (Second semester). Mrs. Dwight and Mrs. Harrison.
Business letter dictation and transcription on typewriter. Speed of 80 to 100 should be attained.
Prerequisite: Commerce 201 or one year of shorthand in high school.
206. **Law of Contract.** Two hours. (First semester). Mr. Norton.
Designed for evening class and extension course.
For those taking 307, no credit is given for Commerce 206 and 207.
207. **Law of Property.** Two hours. (Second semester). Mr. Norton.
Continuation of Commerce 206.
For those taking 307, no credit is given for Commerce 206 and 207.
215. **Principles of Accounting.** Three hours. (First semester). Mr. Brown and Mrs. Harrison.
Fundamental principles involving simple transactions, accounts, books and statements; adjustments.
216. **Principles of Accounting.** Three hours. (Second semester). Mr. Brown and Mrs. Harrison.
Business documents; first principles of partnership and corporation accounts, voucher system, statements.
Prerequisite: Commerce 215.
231. **Principles of Selling.** Two hours. (First and second semesters). Mr. Wolfard.
Elements in successful selling; knowledge, personality, pre-approach standardized canvass, relationships to management.
301. **Advanced Dictation.** Three hours. (First semester). Mrs. Dwight.
Development of speed in taking dictation and speed and accuracy of transcription. Speed of 120 should be attained.
Prerequisite: Commerce 202.
302. **Advanced Dictation and Court Reporting.** Three hours. (Second semester). Mrs. Dwight.
Speed of 150 should be attained.
Prerequisite: Commerce 301.
304. **Filing.** One hour. (Second semester—first half). Mrs. Dwight.
Basic principles of indexing and filing. Practice in the operation of the common filing systems.
305. **Machine Operation.** One hour. (Second semester—second half). Mrs. Dwight.
307. **Principles of Business Law.** Three hours. (Formerly Com. 205). (First and second semesters). Mr. Wolfard.
Study of the laws of business dealing; Contracts, Torts, Agency, Sales and Bailment, Insurance, Partnership, Corporation and Property. State codes and case material used.
No credit for 307 if Commerce 206 and 207 have been taken.

- 311. Advanced Accounting.** Three hours. (First semester). Mr. Brown.
Working papers; forms of statements; corporation accounts; principles of asset valuation; depreciation; installment sales consignments.
Prerequisite: Commerce 216.
- 312. Advanced Accounting.** Three hours. (Second semester). Mr. Brown.
Liabilities surplus and reserve; analysis of financial statements; application of funds; partnership problems; liquidation.
Prerequisite: Commerce 311.
- *315. Cost Accounting.** Three hours. (Second semester). Mr. Brown.
Departmental process, sequential and job lot costs; cost records and procedures; disposition of burden.
Prerequisite: Commerce 311.
- 316. Auditing.** Three hours. (Second semester). Mr. Brown.
Auditing theory and procedure; preparation of working papers and reports; legal and social responsibilities of the auditor.
Prerequisite: Commerce 311 and 312. (312 may be taken concurrently with 316.)
- 317. Statistical Methods.** Three hours. (First semester). Mr. Leyenberger.
Tabulation and graphic presentation of statistical data; analysis of frequency distributions, averages and their uses, measures of dispersion; elementary theory of probability and its application to the normal curve; introductory study of index numbers.
Prerequisites: College algebra or approval of instructor.
- 318. Statistical Methods, continued.** Three hours. (Second semester). Mr. Leyenberger.
Analysis of time series; further study of index numbers; linear and non-linear correlation and regression curves; elementary theory of sampling; further analysis of frequency distributions and measures of reliability.
Prerequisite: Commerce 317.
- 323. Principles of Business Finance.** Three hours. (First semester). Mr. Brown.
Forms of business organization; development and nature of the corporation; instruments of corporate finance, promotion; sale of corporate securities.
Prerequisite: Economics 242 and Commerce 216.
- 324. Principles of Business Finance.** Three hours. (Second semester). Mr. Brown.
Financing ordinary operations of business organizations; combination and expansion of business units; corporate dissolution and reorganization; social aspects of business finance.
Prerequisite: Commerce 323.
- 330. Principles of Advertising.** Three hours. (Second semester). Mr. Wolfard.
Introduction to the field of advertising, principles of copy, layout and display, and elements of construction.
Prerequisite: Commerce 231 and Pref. Art 213.
- 340. Principles of Marketing.** Three hours. (First semester). Mr. Wolfard.
Intensive study of market functions, channels through which goods move, whole sale and retail institutions, and market costs. Survey of standardization, market news, and relations to state.
Prerequisite: Commerce 231.

*Will not be given 1941-1942.

- 404. Secretarial Training.** Three hours. (First semester). Mrs. Dwight.
Training in the duties of a private secretary.
Prerequisite: Com. 202.
- 405. Office Practice.** Two hours. (Second semester). Mrs. Dwight.
Theory of office management. Practical experience in office work.
Prerequisite: Commerce 404.
- *434. Investments.** Three hours. (Second semester). Mr. Brown.
The nature forms and principles of investment; institutions for facilitating investment.
Prerequisite: Economics 241, 242, or 340; Commerce 215, 216; and preferably Commerce 311, 323 and Economics 308 and 310.

ECONOMICS (Group C)

Professors Olson and Wolfard

- 241. Principles of Economics.** Three hours. (First semester). Mr. Olson.
Principles and problems associated with the production, exchange, and distribution of wealth. Not open to freshmen.
- 242. Principles of Economics.** Three hours. (Second semester). Mr. Olson.
Prerequisite: Economics 241.
- 308. Money, Credit, and Prices.** Three hours. (First semester). Mr. Wolfard.
An intensive study of the principles of money and credit with an analysis of their effects on prices.
Prerequisites: Economics 241 and 242 or 340.
- 310. Principles of Banking.** Three hours. (Second semester). Mr. Wolfard.
A general survey of various banking institutions; savings, investment, agricultural, trust and commercial banks; central banks and the Federal Reserve System.
Prerequisites: Economics 241 and 242 or 340.
- 342. Economic Development of the United States.** Three hours. (First semester). Mr. Olson.
An historical, institutional study of the economic evolution of the United States.
Prerequisite: Economics 241 and 242.
- 346. Labor Problems.** Three hours. (First semester). Mr. Olson.
A study of the economic problems caused by modern industrial employment from the standpoint of the employees, the employer, and society.
Prerequisite: Economics 241 and 242.
- 403. Public Finance.** Three hours. (Second semester). Mr. Olson.
The theory and practice of governmental expenditures and taxation, including a study of the West Virginia tax system.
Prerequisites: Economics 241 and 242.
- *442. Economic Thought.** Three hours. (Formerly Economics 441). (Second semester). Mr. Olson.
An analysis of the origin and development of economic theories.
Prerequisites: Economics 241 and 242.
Open to juniors and seniors only.

*Will not be given 1941-1942.

ENGINEERING (Group B)

Associate Professor McCaskey

Instructors Simons, Stinson, Zell

Instructor (Night School) Merkel

- 100. Engineering Lectures.** One-half hour. (First semester).
Mr. McCaskey and Mr. Stinson.
Required of all freshmen in engineering. A series of weekly lectures designed to acquaint the engineering student with this engineering profession.
- 110. Mechanical Drawing.** Two hours. (First and second semesters).
Mr. McCaskey and Mr. Stinson.
Two 3-hour laboratory periods each week. Care and use of drawing instruments, lettering, mechanical and perspective drawing and tracing.
- 111. Mechanical Drawing.** One hour. (First and second semesters).
Mr. Stinson and assistant.
One 3-hour laboratory each week. Orthographic projection, practical problems using working drawings.
Prerequisite: Engineering 110.
- 200. Machine Work.** Three hours. (Summer only). Meets eight hours a day for a period of three weeks at the close of school.
Includes the use of metal lathe, drill press, shaper, fundamentals of foundry, and welding.
- 201. Plane Surveying.** Two hours. (Second semester). Mr. McCaskey and assistant.
One hour recitation and three hours laboratory each week. Methods of using the tape, level and transit in making plane surveys.
Prerequisites: Engineering 110 and Mathematics 122.
- 202. Advanced Surveying.** Four hours. (First semester). Mr. Stinson.
Three hours recitation and three hours laboratory each week. City and topographic surveys. Field and office work.
Prerequisite: Engineering 201.
- 203. Engineering Problems.** One hour. (First semester). Mr. Stinson.
An elementary course in the analysis of simple engineering problems and the application of mathematics to their solution. To train the student in recording engineering computations.
Prerequisites: Mathematics 122 and 223 and Engineering 100.
- 204. Engineering Problems.** One hour. (Second semester). Mr. Stinson.
Prerequisite: Engineering 203.
- 205. Empirical Design.** Two hours. (First semester). Mr. McCaskey and Mr. Stinson.
Advanced work in mechanical drawing for mechanical engineers, the study and use of standard parts and the application of the empirical method to the proportioning of common machine parts.
Prerequisite: Engineering 111.

- 207. Structural Drawing.** Two hours. (First semester). Mr. McCaskey.
For civil engineers. Steel details and structures.
Prerequisite: Engineering 111.
- 208. Descriptive Geometry.** Three hours. (First and second semesters). Mr. Stinson and assistant.
- 209. Mechanism.** Four hours. (Second semester). Mr. Stinson.
Two lectures and two 3-hour laboratory periods each week. Theory of Mechanism.
Prerequisite: Engineering 205.
- 210. Gas Welding.** One hour.
A study of the methods and practice of welding. One 3-hour laboratory.
- 211. Electric Welding.** One hour.
- 300. Private Pilot Training Course.** Three hours. (First and second semesters). Mr. Zell.
Ground school course in aeronautics. A study of the history of aviation, civil air regulations, air navigation, meteorology, parachutes, aircraft, theory of flight, engines, instruments, and radio.
Instructors licensed by the Civil Aeronautics Authority.
- 301. Restricted Commercial Course.** Five hours. (First and second semesters). Mr. Zell.
Radio and celestial navigation, aerodynamics, airplane power plants, aircraft structures, and aircraft operation.
Prerequisite: Eng'g. 300 and at least 1½ years college credit.
- NOTE: Engineering Courses 302, 303, 304, 305, 310, 311 and 312 are offered in cooperation with the Department of Physics. See Physics 300, 301, 302, 303, 307, 308 and 309.
- 302. Electrical Measurements.** Two hours. (First semester).
Laboratory experiments of theory in Engineering 304.
Prerequisites: (See Engineering 304.)
- 303. Electrical Measurements.** Two hours. (Second semester). Mr. Lagemann.
Laboratory experiments of theory in Engineering 305.
Prerequisites: Physics 203, 204 and Mathematics 325, 326.
- 304. Elements of Electrical Engineering.** Three hours. (First semester). Mr. Lagemann.
Principles involved in the flow of continuous currents in conductors; current and voltage regulations; electrical measuring instruments; magnetic circuits; general resume of direct current theory; the basic theories of magnetic and electrical circuits and their application to direct current machinery.
Prerequisites: Physics 203, 204 and Mathematics 325, 326.
- 305. Elements of Electrical Engineering.** Three hours. (Second semester).
Alternating current circuits and theory; AC machinery.
Prerequisite: Physics 203, 204 and Mathematics 325, 326.
- 306. Analytical Mechanics.** (Statics). Three hours. (First and second semesters). Mr. McCaskey and Mr. Merkel.
Three lectures each week. Statics of material point and rigid bodies by graphic and algebraic methods of analysis; chains and cords; centers of gravity; moments of inertia of plane figures.
Prerequisite: Registration in Mathematics 326.

- 307. Mechanics of Materials.** Four hours. (First semester). Mr. McCaskey.
Strength of materials, shear and moment diagrams, stresses in shafts, beams and columns, combined stresses, deflection, reinforced concrete beams, etc.
Prerequisite: Engineering 306.
- 310. Mechanics Laboratory.** Two hours. (Second semester). Mr. Hron.
Two 2-hour laboratory periods. Experiments in statics, kinetics, and strength of materials.
- 311. Thermodynamics.** Three hours. (Second semester). Mr. Hron.
The general laws of Thermodynamics as applied to gases; temperature in entropy diagrams; adiabatic and isothermal processes; internal combustion engine cycles.
Prerequisites: Physics 203, 204 and Mathematics 326.
- 312. Thermodynamics Measurements.** Two hours. (Second semester). Mr. Hron.
Laboratory experiments of theory in Engineering 311.
Prerequisites: Physics 203, 204 and Mathematics 326.
- 350. Engineering Seminar.** One-half hour. (Second semester). Mr. McCaskey.
Advanced students only.
- 351. Engineering Seminar.** One-half hour. (First semester). Mr. McCaskey.
Advanced students only.
- 352. Engineering Seminar.** One-half hour. (Second semester). Mr. McCaskey.
Advanced students only.
- 353. Route Surveying.** Two hours. (Formerly Eng'g. 206). (Second semester). Mr. Zell.
A study of simple, compound, and spiral curves, earth work, etc.
Prerequisite: Engineering 201.
- 400. Kinetics.** Three hours. (Second semester). Mr. Zell and Mr. Stinson.
Three lectures each week. Developing of the laws of moving bodies; work and energy; relative motion; principles of rotating masses. An elementary study of dynamics in general.
- 401. Hydraulics.** Three hours. Mr. Zell.
Three lectures each week. A study of the mechanics of fluids.
- 402. Materials of Construction.** Two hours. Mr. McCaskey.
Two lectures each week. A study of the properties of building materials.
- 403. Engineering Report Writing.** Four hours. (First semester). Mr. Zell.
Prerequisites: English 102 and Junior standing.
- 404. Statically Determinate Structures.** Four hours. (Second semester). Mr. McCaskey.
Design of steel and timber structures. Special emphasis on design and tailing of steel roof truss. Study of structural engineering theory and practice.
Prerequisite: Engineering 307.

ENGLISH (Group A)

Professor Halley

Associate Professors Blesi, Ogden, Stoakes

Assistant Professor White

Instructors Pollitt, Stender

101. **Composition.** Three hours. (First and second semesters). Staff.
Required of all freshmen in the College of Arts and Sciences.
102. **Composition.** Three hours. (First and second semesters). Staff.
Prerequisite: English 101.
Required of all freshmen in the College of Arts and Sciences.
205. **English Literature, (to 1800).** Two hours. (Formerly English 107). (First and second semesters). Staff.
206. **English Literature, (1800 to present).** Two hours. (Formerly English 108). (First and second semesters). Staff.
Prerequisite: English 205.
301. **Shakespeare—Comedies.** Two hours. (First semester). Mr. Halley.
Six or seven of the most important comedies will be intensively studied.
Prerequisites: English 206 or 208.
302. **Elizabethan Drama.** Three hours. (First semester). Mr. Ogden.
The most significant work of Shakespeare's contemporaries and successors to the close of the theater in 1642. About eighteen plays are read and comparisons and development as well as the decline of the drama are presented.
Prerequisites: English 206 or 208.
304. **Shakespeare — Tragedies.** Three hours (Second semester). Mr. Halley.
Six or seven of the most important tragedies will be intensively studied.
Prerequisites: English 206 or 208. English 301 advised.
305. **Tennyson.** Three hours. (First semester). Mr. Halley.
The most important poems of Tennyson will be studied, including "In Memoriam," "The Idylls of the King," and "The Princess."
Prerequisites: English 206 or 208.
306. **The Victorian Period.** Three hours. (Second semester). Mr. Stoakes.
A survey of the poetry and prose, exclusive of the novel, of the period from 1830 to 1900. The main authors studied are Tennyson, the Brownings, Carlyle, Ruskin, Swinburne, and Hardy.
Prerequisites: English 206 or 208.
307. **Modern Drama.** Three hours. (Second semester). Mr. Stoakes.
A survey of modern European and American drama from Ibsen to the present.
Prerequisites: English 108 or 208.
310. **Milton.** Three hours. (First semester). Mr. Halley.
Special attention will be paid to "Paradise Lost." The complete poems of Milton will be studied.
Prerequisites: English 206 or 208.
311. **Carlyle.** Three hours. (Second semester). Mr. Halley.
Special attention will be given to "Sartor Resartus."
Prerequisites: English 206 or 208.

- 315. Poetry and Prose of the Renaissance.** Three hours. (First semester). Mr. Stender.
Prerequisites: English 206 or 208.
- 318. Browning.** Three hours. (Second semester). Mr. Halley.
The most important poems of Browning, including "The Ring and the Book," "Paracelsus," and "Fifine at the Fair," will be studied.
Prerequisites: English 206 or 208.
- 320. A Study of Poetry.** Two hours. (Second semester). Mr. Halley.
Poetic technique, theory of poetry and poetic composition.
Prerequisites: English 206 or 208 and at least one course in poetry.
- 321. Wordsworth and Keats.** Three hours. (First semester). Mr. Halley.
A study of the chief works of Wordsworth and Keats in relation to the Classical School and the Romantic School.
Prerequisites: English 206 or 208.
- 329. The Modern English Novel.** Three hours. (First semester). Mr. Stoakes.
A survey of the English novel from 1850 to the present. The novelists studied are: Thackeray, Eliot, Hardy, Butler, Galsworthy, Bennett, Lawrence, Douglas Woolf, and Huxley.
Prerequisites: English 206 or 208.
- 331. The Short Story.** Two hours. (Second semester). Mr. Stender.
Prerequisite: English 102.
- 341. American Literature to 1870.** Three hours. (First semester). Mr. Ogden.
(Formerly English 241).
Prerequisites: English 206 or 208.
- 342. American Literature since 1870.** Three hours. (Second semester). Mr. Ogden.
(Formerly English 242).
Prerequisites: English 206 or 208.
- 344. The Romantic Period.** Three hours. (First semester). Mr. Stoakes.
A survey, chiefly of the poetry of the period from 1775 to 1830. The major authors studied are: Burns, Wordsworth, Coleridge, Byron, Shelley, Keats, Lamb, and DeQuincey.
Prerequisites: English 206 or 208.
- 377. Literary Composition.** Two hours. (First semester). Mr. Blesi.
An advanced course in composition, designed primarily for those having so much interest and ability in writing. Themes vary from simple exposition and description to the finished essay and critical review. Considerable parallel reading is required, although scope is left for individual preference in the choice of reading and in the types of writing.
Prerequisite: English 102 or 103, and permission of the instructor.
- 378. English Literature of the Middle Ages.** Two hours. (Second semester). Mr. Blesi.
Early English literature, Chaucer and some of the writings of the 15th and 16th centuries, with parallel readings in other words that explain mediaeval life and times. The reading is in translation.
Prerequisites: English 206 or 208.
- 400. Pre-Shakespearean Drama.** Three hours. (Second semester). Mr. Halley. (Formerly English 300.)
From the beginning up to, but exclusive of Shakespeare.
Open to seniors and graduates only.

- 409. The Seventeenth Century.** Three hours. (First semester). Mr. Blesi.

A survey of the poetry and prose of the period from Ben Johnson to Dryden. The Restoration drama will be carefully studied.

Prerequisites: English 206 or 208.

- 410. The Eighteenth Century.** Three hours. (Second semester). Mr. Blesi.

(Formerly English 309).

Beginning with the earlier poets of the 18th century and extending to Blake. Special emphasis upon the major novelists of the period.

Historical background will be carefully studied.

Prerequisites: English 206 or 208.

- 444. Emerson, Poe, and Whitman (Advanced American Literature).** Three hours. (First semester). Mr. Blesi.

Prerequisites: English 206 or 208.

Open to seniors and graduates only.

FRENCH (Group A)

Assistant Professors Hastings, Yarbro

- 121. First Year French.** Three hours. (First and second semesters). Staff.

No credit for French 121 without French 122.

- 122. First Year French.** Three hours. (Second semester). Staff.

Continuation of French 121.

Prerequisite: French 121 or one unit high school French.

- 223. Intermediate French.** Three hours. (First semester). Staff.

A brief review of grammar with readings in modern fiction and drama.

Prerequisite: French 122 or two units of high school French.

- 224. Intermediate French.** Three hours. (Second semester). Staff.

Continuation of French 223.

Prerequisite: French 223 or three units of high school French.

- 315. Advanced Composition.** Three hours. (First semester). Miss Hastings.

Studies in style and composition with topics based on modern French culture.

Prerequisite: French 224.

- 316. Advanced Composition, continued.** Three hours. (Second semester). Miss Hastings.

Prerequisite: French 315.

- 327. Seventeenth Century Literature.** Three hours. (First semester). Miss Hastings.

Preciosity. The Classic Spirit. Theatre of Corneille. Moliere's great comedies.

Prerequisite: French 224.

- 328. Seventeenth Century Literature.** Three hours. (Second semester). Miss Hastings.

Continuation of French 327. Theatre of Racine. LaFontain's Fables. Descartes, Pascal, Colleau, LaRochefoucauld, Mme. de Sevigne.

- 351. Phonetics and Oral French.** Two hours. (First semester). Mr. Yarbro.

Pronunciation, reading, and conversational practice.

Prerequisites: French 122 and consent of instructor. Not open to freshmen.

- 352. Phonetics and Oral French.** Two hours. (Second semester).
Mr. Yarbro.
Prerequisite: French 351.
- 357. Explication de Textes.** Two hours. (First semester). Staff.
Careful analysis of modern prose texts, aiming to increase vocabulary, reading skill, and appreciation of style.
Prerequisite: French 224.
- 358. Explication de Textes.** Two hours. (Second semester). Staff.
Continuation of French 357.
Appreciation of poetry, and the elements of French versification.
- 425. Eighteenth Century Literature.** Three hours. (First semester).
Mr. Yarbro.
Transition from Classicism. Reason and Sentimentality. The novel and the theatre: Lesage, Prevost, Marivaux, Sedaine, Beaumarchais.
Prerequisites: French 224 and consent of instructor.
- 426. Eighteenth Century Literature.** Three hours. (Second semester). Mr. Yarbro.
Continuation of French 425. Montesquieu, Voltaire, Diderot, and the Enlightenment. Rousseau and the beginnings of Romanticism.
- *435. Nineteenth Century Literature.** Three hours. (First semester).
Mr. Yarbro.
The Romantic movement in poetry, drama, and novel; Chateaubriand, Lamartine, Hugo, De Vigny, and others.
Prerequisites: French 224 and consent of instructor.
- *436. Nineteenth Century Literature, continued.** Three hours. (Second semester.) Mr. Yarbro.
Realistic fiction from Balzac to Flaubert and Zola. Realism in the theatre. Baudelaire, the Parnassians, and Symbolism.

GEOLOGY (Group B)

Assistant Professor Lockwood

A \$2.00 science fee will be charged for each laboratory course taken. This will be payable to the Financial Secretary. The date of payment will be designated at the registration period.

- 211. Meteorology.** Three hours. (Second semester). Mr. Lockwood.
(Will not count as Geology requirement in the Science group.)
A study of the atmosphere and its phenomena, and the ways by which weather and climatic cycles are brought about. Practice is afforded in forecasting weather from synoptic charts.
- 225. General Geology (Introductory).** Three hours. (First and second semesters). Mr. Lockwood.
A study of the nature of our earth, and the various geological agents and processes which are continually modifying its surface.
- 312. Historical Geology.** Three hours. (First and second semesters).
Mr. Lockwood.
A general study of the geological history of the earth with reference to the development of continents and the evolution of life.
Prerequisite: Geology 225 or permission of instructor.

*Will not be given in 1941-1942.

- 314. Mineralogy.** Three hours. (Second semester). Mr. Lockwood.
A study and determination of minerals by their physical properties.
Prerequisite: Geology 225 or 312.
- *315. The Geology of West Virginia.** Three hours. (First semester).
Prerequisite: Geology 225.
- 316. Economic Geology I.** Three hours. (First semester). Mr. Lockwood.
A study of the nature, origin, distribution, and uses of the non-metallic mineral deposits.
Prerequisites: Geology 225 and one semester of chemistry.
- 317. Economic Geology II.** Three hours. (Second semester). Mr. Lockwood.
A study of the nature, origin, distribution, and uses of the metallic mineral deposits.
Prerequisites: Geology 314 recommended or permission of instructor.
- *318 Paleontology.** Three hours. (Second semester).
The study of invertebrate forms. Field trips to be arranged.
Prerequisite: Geology 312.
- *321. Petrology.** Three hours. (Second semester). Mr. Lockwood.
A study of the nature and origin of igneous, sedimentary and metamorphic rocks. Training will be afforded in elementary geological field mapping.
Prerequisites: Geology 225 and one semester chemistry.
- 350. Geology of the United States.** Three hours. (First semester). Mr. Lockwood.
A comprehensive study of the physiographic features and geologic structures of the United States.
Prerequisite: Geology 225 or 312.
- 400. Special Topics.** One to four hours. (First and second semesters). Mr. Lockwood.
Geology majors only.
Research and special problems in the field of geology.
Prerequisite: Consent of instructor.

GERMAN (Group A)

Associate Professor Whitsel

Assistant Professor Murdock

- 101. First Year German.** Three hours. (First and second semesters). Staff.
No credit for 101 without 102.
- 102. First Year German.** Three hours. (First and second semesters). Staff.
Prerequisite: German 101 or one unit high school German.
- 203. Intermediate German.** Three hours. (First and second semesters). Staff.
Reading, composition, conversation.
Prerequisite: German 102 or equivalent.

*Will not be given in 1941-1942.

- 204. Intermediate German.** Three hours. (Second semester). Sta
Reading, composition, conversation.
The preceding four courses or reading knowledge of German are prerequisite
for any of the following courses.
- *305. Conversation and Advanced Grammar.** Two hours. (Sec
semester). Mr. Murdock.
Alternates with German 315.
- 307. Goethe's Faust.** Three hours. Reading of Part I and con
eration of the Faust Legend. The Faust Theme in Literatu
(First semester). Mr. Murdock.
Alternates with German 405.
- 308. Goethe's Faust.** Three hours. Continuation of 307. Read
of Part II. (Second semester). Mr. Murdock.
Alternates with German 406.
- *313. Scientific German.** Two hours. (First semester). Mr. Murdo
- 315. Modern Drama. German Dramas since 1889.** Two hours.
(Second semester). Mr. Murdock.
Alternates with German 305.
- *405. Survey of German Literature.** Three hours. (First semeste
Mr. Murdock.
From the beginnings to 1750.
Alternates with German 307.
- *406. Survey of German Literature.** Three hours. (Second sem
er). Mr. Murdock.
From 1750 to the present.
Alternates with German 308.

GREEK (Group A)

Professor Prichard

Associate Professor Whitsel

- 201-202. Beginner's Course.** Three hours each. (First and se
semesters). Miss Whitsel.
No credit given for 201 without 202.
- 301-302 Selections from Homer.** Three hours each. (First and
ond semesters). Miss Whitsel.
Prerequisite: Greek 201-202.
- *303-304. Selections from Greek Tragedy.** Three hours each.
and second semesters). Miss Whitsel.

HISTORY (Group C)

Professors Klinger, Largent

- 105. English History to 1660.** Three hours. (First and secc
mesters). Mr. Largent.

*Will not be given in 1941-1942.

106. **English History since 1660.** Three hours. (First and second semesters). Mr. Largent.
131. **European History.** Three hours. (Formerly History 121). (First semester). Mr. Klinger.
From the decline and fall of the Roman empire to the Renaissance (400-1300).
132. **European History.** Three hours. (Formerly History 122). (Second semester). Mr. Klinger.
From the Renaissance to 1815.
215. **American History, 1492-1789.** Three hours. (First semester). Mr. Largent.
216. **American History, 1789-1865.** Three hours. (Second semester). Mr. Largent.
217. **American History, 1865 to the Present.** Three hours. (First semester). Mr. Klinger.
301. **Hispanic America.** Three hours. (First semester). Mr. Toole.
A survey of the origins and the development of Hispanic American Institutions; social, economic, educational, religious, and political. Emphasis will be placed on the national period with special attention given to the relations of the Hispanic American countries with the United States.
324. **History of the American Frontier.** Three hours. (Second semester). Mr. Klinger.
401. **American History.** Three hours. (First semester). Formerly History 333. Mr. Largent.
Open to juniors and seniors only.
The South. The social, economic, religious, political and intellectual development of the Southland from the colonial period to the downfall of the Confederacy with special attention to the "southern way of life" in the middle years of the nineteenth century.
402. **American Diplomacy.** Three hours. (Second semester). Formerly History 350. Mr. Largent.
Open to seniors and graduates only.
The principles and policies guiding American diplomacy in its various stages of development, the methods commonly employed, and the personalities of leading American diplomats.
421. **The Era of the Renaissance and the Reformation.** Three hours. (First semester). Mr. Klinger.
Open to seniors and graduates only.
422. **The French Revolution and the Napoleonic Era.** Three hours. (Second semester). Mr. Klinger.
Open to seniors and graduates only.
425. **European History, 1815-1914.** Three hours. (First semester). Mr. Klinger.
Open to seniors and graduates only.
426. **European History, 1914 to the Present.** Three hours. (Second semester). Mr. Klinger.
Open to seniors and graduates only.

JOURNALISM (Group C)

Professor Pitt

Assistant Professor Pinckard

Instructor Brown

Graduate Assistant Lee

- 101. Survey of Journalism.** Two hours. (First and second semesters). Miss Lee.
A study of the elementary principles of journalism as exemplified by leading American newspapers.
For students who have not studied journalism or had newspaper experience.
- 201-202 Reporting.** Three hours each. (First and second semesters). Mr. Pitt.
Theory and practice in gathering and writing news.
- 210-211. History of American Journalism.** Two hours each. (First and second semesters). Mr. Pinckard.
Given in alternate years.
- 301-302. Copy Reading, Editing.** Three hours each. (First and second semester).
Theory and practice in writing headlines, editing copy, and makeup.
Open to students who have had Journalism 201-202 or their equivalent.
- *304-305. Editorial Writing.** Two hours each. (First and second semesters). Mr. Pinckard.
A study of contemporary editorials and practice in writing editorials.
Given in alternate years.
- 306. Advanced Reporting.** Three hours. (First semester). Mr. Pitt.
Prerequisites: Journalism 201-202 or their equivalent.
- 307. Special Articles.** Three hours. (Second semester). Mr. Pitt.
A study of contemporary magazine and newspaper articles and practice in writing articles.
- 308-309. Feature Writing.** Two hours each. (First and second semesters). Mr. Pinckard.
Practice in writing news features for publication in local newspapers.
- 320-321. Book Reviewing.** Two hours. (First and second semesters). Mr. Pinckard.
A study of modern literary criticism and practice in writing reviews.
- 341. Psychology of News Interest.** Two hours. (First semester). Mr. Pitt.
A classification of news with analyses of the effects of various types of news and the reasons for their publication.
- *353. Special Departments.** Two hours. (First semester).
A detailed study of the specialized work of various departments of American newspapers.
Given in alternate years.

- *355. News Photography.** Two hours. (First semester). Mr. Pinckard, Mr. Moseley.

A study of methods in taking pictures for newspapers with practice in photography, developing, and printing.

Prerequisites: Journalism 201-202 or their equivalent.

- 381. Newspaper Advertising Practices.** Three hours. (First semester). Mr. Pitt.

The fundamentals of advertising as applied to newspapers. A study of advertising campaigns, public appeal, and costs.

All students enrolled in this course are required to make a laboratory tour of Cincinnati or a similar city and to attend luncheons of the Huntington Advertising Club frequently. Total estimated cost will approximate \$14.00.

- 382. Advertising Copy and Layout.** Three hours. (Second semester). Mr. Pitt.

A study of copy and layouts, especially as applied to newspapers. Practical experience in advertising departments of local firms and newspapers. Emphasis on writing.

All students enrolled in this course are required to make a laboratory tour of Cincinnati or a similar city and to attend luncheons of the Huntington Advertising Club frequently. Total estimated cost will approximate \$14.00.

- 402. Law of the Press.** Two hours. (Second semester). Mr. Pitt.

A technical case study of laws pertaining to the press.

- *405 Ethics of Journalism.** Two hours. (Second semester).

An examination and description of newspaper practices from an ethical point of view.

Given in alternate years.

- 410 Journalism Seminar.** Two hours. (First semester). Mr. Pitt.

For journalism majors only.

LATIN (Group A)

Professor Prichard

Associate Professor Whitsel

- 111-112. Beginning Course.** Three hours. (First and second semesters). Miss Prichard.

No credit for 111 without 112.

- 115. Caesar: Gallic Wars.** Three hours. (First semester). Miss Prichard.

Prerequisite: One unit high school Latin.

- 203. Cicero: Selected Orations.** Three hours. (First or second semesters). Miss Whitsel.

Prerequisite: Two units high school Latin.

- *204. Cicero: De Amicitia, De Senectute.** Three hours. (First or second semesters). Miss Whitsel.

- 214-215. Virgil's Aeneid, I-VI.** Three hours. (First and second semesters). Miss Prichard.

Prerequisite: Three units high school Latin.

- 306. Selections from Horace.** Three hours. (Second semester). Formerly Latin 308 and 310. Miss Prichard.

*Will not be given in 1941-1942.

- 307. Cicero: Selections from His Letters.** Three hours. (First semester). Miss Prichard.
Prerequisite: Four units high school Latin. Given in alternate years.
- *309. Livy: Selections from His History.** Three hours. (First semester). Miss Prichard.
Prerequisite: Four units high school Latin.
- 311. Studies in Elegiac Poetry (Augustan).** Three hours. (Second semester). Miss Prichard.
- 312 Tacitus: Annals.** Three hours. (Second semester). Miss Whitsel.
Prerequisite: Four units of Latin.
- *327. Advanced Prose Composition.** Three hours. (First semester). Formerly Latin 201 and 328. Miss Prichard.
Prerequisite: Two courses above 300.
- *401. Juvenal, Pliny and Martial.** Three hours. (Second semester). Miss Prichard.
- 402. Vergil's Aeneid, Books VII-XII.** Three hours. (Second semester). Miss Prichard.
- 403. The Roman Stage.** Three hours. (First semester). Miss Whitsel.

MATHEMATICS (Group B)

Professor DeNoon

Associate Professors Chambers, Dove

- 120. Algebra.** Three hours. (First and second semesters). DeNoon, Mr. Dove.
Factoring, fractions, systems of equations, exponents, quadratic equations. Credit if taken by students offering 1½ units of algebra for entrance.
Prerequisite: Algebra, one unit.
- 121. Solid Geometry.** Three hours. (First and second semesters). Miss DeNoon.
Planes, polyhedrons, cylinders, cones and spheres. Not open to students offering the subject for entrance.
Prerequisites: Algebra one unit; plane geometry one unit.
- 122. Trigonometry.** Three hours. (First and second semesters). Miss DeNoon, Mr. Dove, Mr. Chambers.
Trigonometric functions, graphs, formulas, solution of right and oblique angles, inverse functions, trigonometric equations, solutions of spherical triangles.
Prerequisites: Algebra 1½ units or Math. 120; plane geometry one unit.
- 223. College Algebra.** Three hours. (First and second semesters). Miss DeNoon, Mr. Dove, Mr. Chambers.
Exponents, radicals, quadratics, progressions, complex number, equations.
Prerequisites: Algebra 1½ units or Math. 120; plane geometry one unit.

- 224. Analytic Geometry.** Four hours. (First and second semesters).
Miss DeNoon, Mr. Dove, Mr. Chambers.
Cartesian and polar coordinates, straight line, conic sections, coordinate transformations, properties of conics.
Prerequisites: Math. 122 and 223.
- 325. Differential Calculus.** Four hours. (First and second semesters).
Miss DeNoon, Mr. Dove.
Variables, differentiation, application of the derivative, parametric equations, radius of curvature, theorem of mean value.
Prerequisite: Math. 224.
- 326. Integral Calculus.** Four hours. (First and second semesters).
Mr. Dove, Mr. Chambers.
Methods of integration, definite integral, areas, volumes, surface, length of curves, centroids, series.
Prerequisite: Math. 325.
- 421. Solid Analytics.** Three hours. (First semester). Mr. Chambers.
Systems of coordinates, planes and lines, types of surfaces, quadratic surfaces.
- 425. History of Mathematics.** Two hours. (First semester). Miss DeNoon.
Prerequisite: Twelve hours of college mathematics.
- 427. Advanced Calculus.** Three hours. (Second semester). Mr. Dove, Mr. Chambers.
Theorem of mean value, series, expansion of functions, ordinary differential equations, partial differentiation, applications of partial derivations, multiple integrals.
Prerequisite: Mathematics 326.
- 431. Theory of Equations.** Three hours. (First semester). Mr. Dove.
Construction with ruler and compass, complex numbers, numerical equations, symmetric functions, determinants.
Prerequisite: Math. 325.
- 435. Differential Equations.** Three hours. (Second semester). Miss DeNoon.
Differential equations of first, second and higher orders, numerical approximations, solutions in series.
Prerequisite: Math. 326.

PHILOSOPHY (Group C)

Professor Beck

NOTE: No courses open to freshmen.

- 201. Introduction to Philosophy.** Three hours. (First and second semesters). Mr. Beck.
This course is intended to introduce the student to the meaning of philosophy as a way of answering fundamental questions about the nature of reality and the higher values of life.
- 303. Ethics.** Three hours. (First semester). Mr. Beck.
A review of the history of moral ideas and the theories followed by a study of contemporary moral problems and suggestions as to their solutions.
- 304. Logic and Scientific Methods.** Three hours. (First and second semesters). Mr. Beck.
A study of the principles of correct reasoning and the fallacies which are to be avoided.

- 306. Esthetics.** Two hours. (First semester). Mr. Beck.
An examination of the logical and psychological elements underlying the appreciation of different forms of art and a survey of the more important theories of art as an activity related to other human activities and interests, such as science, morality and religion.
- 311. Survey of Ancient and Medieval Philosophy.** Three hours. (First semester). Mr. Beck.
- 312. Survey of Modern Philosophy.** Three hours. (Second semester). Mr. Beck.
Prerequisites: Philosophy 201 or 311.
- 314. Studies in the Great Modern Philosophers.** Three hours. (Second semester). Mr. Beck.
Prerequisites: Philosophy 311 or 313.
- 320. Types of Religious Philosophy (Comparative Religion).** Three hours. (Second semester). Mr. Beck.
A comparative study of the world's great religion, past and present, with a view toward a deeper understanding of the religious consciousness and culture belonging to the different civilizations of the world.

PHYSICS (Group B)

Professor Hron

Instructor Lagemann

NOTE: A \$2.00 Science fee will be charged for each laboratory course taken. This will be payable to the Financial Secretary. The date of payment will be designated at the registration period.

- 201. General Physics.** Two or three hours. (First semester). Mr. Hron.
Premedics take the 2-hour course only and all others take the 3-hour course. Either two or three lectures each week. No laboratory.
Prerequisites: One year each of algebra and geometry for the premedics. One year each of algebra and geometry, and plane trigonometry for the engineers. Physical Science and Mathematics majors.
- 202. General Physics Laboratory.** Two hours. (First semester). Mr. Hron.
Required of all students taking Physics 201.
Four hours laboratory each week.
- 203. General Physics.** Two or three hours. (Second semester). Mr. Hron.
Either two or three lectures each week. A continuation of Physics 201.
Prerequisites: Physics 201 and 202.
- 204. General Physics Laboratory.** Two hours. (Second semester). Mr. Hron.
Four hours laboratory each week. Required of all students taking Physics 203. A continuation of Physics 202.
Prerequisites: Physics 201 and 202.
- 300. Electricity and Magnetism.** Three hours. (First semester). Mr. Lagemann. (Engineers enroll in Engineering 304).
Three lectures each week.
A study of the mathematical theory and practical applications of direct current of electricity and magnetism.
Prerequisites: Physics 203, 204, and Mathematics 326.

- 301. Electrical Measurements.** Two hours. (First semester). Mr. Lagemann. (Engineers enroll in Engineering 302).
Four hours laboratory each week. Accompanies Physics 300.
Prerequisites: Physics 203 and 204, and Mathematics 326.
- 302. Electricity and Magnetism.** Three hours. (Second semester). Mr. Lagemann. (Engineers enroll in Engineering 305).
Three hours lecture each week. A study of the mathematical theory and practical application of alternating current electricity and magnetism.
Prerequisites: Physics 203 and 204, and Mathematics 122, 223, 326.
- 303. Electrical Measurements.** Two hours. (Second semester). Mr. Lagemann. (Engineers enroll in Engineering 303).
Four hours laboratory each week.
Accompanies Physics 302.
Prerequisites: Physics 203, 204, and Mathematics 326.
- 304. Light.** Three hours. (First semester). Mr. Lagemann.
Three hours lecture each week. A study of the theory and application of light.
Prerequisites: Physics 203, 204, and Mathematics 122, 223.
- 305. Light Laboratory.** Two hours. (First semester). Mr. Hron.
Four hours laboratory each week. Accompanies Physics 304.
Prerequisites: Physics 203, 204, and Mathematics 122, 223.
Pre-medics are given this course by special arrangement.
- 306. Elements of Mechanics.** Three hours. (First semester). Mr. McCaskey.
Three hours lecture each week.
A study of the theory and application of mechanics.
Prerequisites: Physics 203, 204, and registration in Mathematics 326.
- 307. Mechanics Laboratory.** Two hours. (Second semester). Mr. Hron.
(Engineers taking this course should enroll in Engineering 310.)
Four hours laboratory each week.
Follows Physics 306.
Prerequisites: Physics 203, 204, and Mathematics 122, 223.
- 308. Heat.** Three hours. (Second semester). Mr. Hron.
(Engineers enroll in Engineering 311).
Three hours lecture each week. A study of the theory and application of heat and thermodynamics.
Prerequisites: Physics 203, 204, and Mathematics 326.
- 309. Heat Measurements.** Two hours. (Second semester). Mr. Hron.
(Engineers enroll in Engineering 312).
Four hours laboratory each week.
Accompanies Physics 308.
Prerequisites: Physics 203, 204, and Mathematics 326.
Pre-medics are given this course by special arrangement.
- *310. History of Physics.** Three hours. (First semester). Mr. Lagemann.
Three hours lecture each week.
An historical study of pre-Newtonian, classical and modern physics. The development of the theory involved in its elementary branches is emphasized.
Prerequisites: Physics 203, 204.
- 311. Sound.** Three hours. (First semester). Mr. Hron.
Three hours lecture each week.
A study of wave motion; origin, propagation, velocity, interference, and diffraction of sound; vibrations of strings and organ pipes; music and speech; and acoustics of buildings.
Prerequisites: Physics 203, 204, and Mathematics 122, 223.

- *400. Electrons, Ions and Atoms.** Three hours. (Second semester).
Mr. Lagemann.
 Three hours lectures each week.
 A study of the conduction of electricity through gases, photo-electricity, x-rays, radio-activity, and the electron theory of matter.
 Prerequisites: Physics 203, 204, and Mathematics 326.
- 401. Modern Physical Theories.** Three hours. (Second semester).
Mr. Lagemann.
 Three hours lectures each week.
 A general review of modern physical theories.
 Prerequisites: Physics 203, 204, and Mathematics 326.
- *402. Special Topics.** One to four hours. (First and second semesters). By members of the Physics staff. For Physics major only.
 Work consists of special problems in the field of Physics and written reports thereon read before the seminar.
 Prerequisite: Consent of the Physics staff.

POLITICAL SCIENCE (Group C)

Associate Professors Dillon and Burnside

- 101. Introductory Course.** Two hours. (First semester). **Mr. Dillon and Mr. Burnside.**
 A general survey of the basic theories and principles of the state. The chief purpose is to acquaint the student with political terminologies and the elements of governmental institutions.
- 102. Introductory Course.** Two hours. (Second semester). **Mr. Dillon and Mr. Burnside.**
 A continuation of 101. Although 101 is not a prerequisite it is desirable to take it prior to 102. This course is a study of the practical questions arising in connection with government.
- 201. American National Government.** Three hours. (First semester). **Mr. Dillon.** Not open to freshmen.
 An examination of the American federal system in respect to both theory and practical functioning. A study of the background and development of the Constitution is a fundamental object of this course.
- 202. American State Government.** Three hours. (Second semester). **Mr. Burnside.**
 This is an introductory course in state government. In addition to the general study special attention is given to the state government of West Virginia.
- *301. Municipal Government.** Three hours. (First semester). **Mr. Burnside.**
 This course is a study of the types of city government, charters, federal and state services to cities, the legislative or ordinance power, departmental organization, municipal courts, etc.
 Prerequisites: Political Science 201, 202.
- 303. American Political Parties.** Three hours. (First semester). **Mr. Burnside.**
 This course is a study of political dynamics, and describes the political process as a living reality, combining structural description with functional analysis. Parties, pressure groups, bosses, and machines are shown in motion. Party organization, primaries, corrupt practices, voting, election laws, ballots, conventions, etc., are viewed as they actually function in American society.
 Prerequisites: Political Science 201, 202.

*Will not be given in 1941-1942.

***307. Public Opinion.** Three hours. (Second semester). Mr. Dillon.

An analysis of the effect of various types of propaganda on public opinion with an examination of the technique of the various propaganda agencies.

323. American Constitutional Law. Three hours. (First semester). Mr. Dillon.

A survey of constitutional law is made by the casebook method supplemented by practical writing of moot cases, the opinions of publicists, and current material. The student has an opportunity to become acquainted with the leading cases significant to the development of American Constitutional Law and the historical background of these cases.

Prerequisites: Political Science 201, 202.

333. Public Administration. Three hours. (Second semester). Mr. Burnside.

A study of the branch of government whose function it is to put governmental policies into execution; the location and exercise of the general function of direction, supervision and control; the determining of the structural character or organization of the services by means of which the actual work of administration is to be performed. A further study is made of personnel, supply, and finance.

Prerequisites: Political Science 201, 202.

405. International Relations. Three hours. (First semester). Mr. Dillon.

Open to seniors and graduates only.

An examination of the forces motivating the conduct of nations in their relations with special consideration of the rise and development of international institutions. The approach to this study is economic and historical as well as political.

Prerequisites: Political Science 201, 202.

406. Contemporary World Politics. Three hours. (Second semester). Mr. Dillon.

Open to seniors and graduates only.

A study of present day currents in international affairs, with an examination of the underlying motives of national states. The place of international organizations in the post war world is given special attention. The current opinion of international political observers both American and foreign is considered.

Prerequisites: Political Science 201, 202.

***409. Parliamentary Governments.** Three hours. (First semester). Formerly Political Science 304. Mr. Burnside.

Open to seniors and graduates only.

An analysis of the origin, development, structure and current operation of the English, French, Swiss, and other selected democratic governments.

Prerequisites: Political Science 101, 102 or 201, 202.

***410. Modern Dictatorships.** Three hours. (Second semester). Formerly Political Science 304. Mr. Burnside.

Open to seniors and graduates only.

A study of the ideology, structure and operations of the totalitarian states with an effort to compare their methods with democratic procedure.

420. State Administration. Three hours. (Second semester). Mr. Burnside and Mr. Harris.

Open to seniors and graduates only.

It is the purpose of this course to outline the numerous activities in which each of the forty-eight states may be expected to engage today, and to propose ways of organizing suitable agencies for the proper administration of these services. The actual working of these various departments will be discussed and studied from the states' reports.

Prerequisite: Political Science 202.

*Will not be given in 1941-1942.

- 425. Early Political Theory.** Three hours. (First semester). Mr. Dillon.

Open to seniors and graduates only.

An historical survey and examination of the political theories from time of Plato to Burke with an effort to show their effect on modern political institutions.

Prerequisites: Political Science 201, 202.

- 426. Recent Political Theory.** Three hours. (Second semester). Formerly second half of Political Science 425. Mr. Dillon.

Open to seniors and graduates only.

A study of the ideas of leading recent political philosophers with particular emphasis on the basic ideologies of the modern democratic and totalitarian states.

Prerequisites: Political Science 201, 202.

PSYCHOLOGY (Group C)

Professor Bowers

Associate Professors Loemker, Van Bibber

Instructor Bean

- 101. Elementary Psychology.** Four hours. (First and second semesters). Staff.

An introductory course, prerequisite to subsequent courses in psychology. Recommended for pre-medical students.

- 110. Mental Hygiene.** Three hours. (First semester). Mrs. Van Bibber.

A course recommended to follow Psychology 101. Principles of general psychology applied to problems of adjustment in everyday life.

Prerequisite: Psychology 101.

- 211. Psychology of Effective Study.** Two hours. (First and second semesters). Staff.

A course in economical and efficient methods of study and adjustment.

- 302. Social Psychology.** Three hours. (Second semester). Mrs. Van Bibber.

A study of the social nature of the individual, and a psychological analysis of the individual's relation to social groups.

Prerequisite: Psychology 101 or 305.

- 305. General Psychology.** Three hours. (First semester). Mr. Loemker.

A study of the facts and principles in the field of General Psychology. Open only to juniors and seniors who have not had Psychology 101.

- 307. Psychology of Adolescence.** Three hours. (Second semester). Mrs. Van Bibber.

A study of the basic factors and characteristics of the adolescent period, including both the individual and social problems of adjustment peculiar to this period in life.

Prerequisites: Psychology 101 or 305, or consent of instructor.

- 308. Abnormal Psychology.** Three hours. (Second semester). Mr. Bowers.

(Formerly Psy. 208.)

A study of mental, emotional and personality disorders. Recommended for pre-medical students.

Prerequisite: Psychology 101 or 305.

- 314. Child Psychology.** Two hours. (First semester). Mrs. Van Bibber.
Formerly Psy. 214.
An applied course in child nature, mental growth, and causal factors of behavior from birth to the adolescent period.
Prerequisite: Psychology 101 or 305.
- 323. Experimental Psychology.** Three hours. (First semester). Mr. Loemker.
An application of laboratory practices to psychological problems in the field of sensation, perception, motor activity, learning and memory.
Prerequisite: Six hours of psychology.
- *406. Intelligence: Theories and Development.** Three hours. (Second semester).
Open to seniors and graduates only.
A study of the nature of intelligence, individual differences, and mental levels; and significance of measuring intelligence; also the relation of intelligence to social efficiency.
Prerequisite: Psychology 101 or 305.
- 418. Psychology of Personnel Techniques.** Three hours. (Second semester). Mr. Loemker.
A course designed to equip the student with a working knowledge of basic techniques in personnel administration, with an understanding of the psychological principles involved. Deals with problems of employment procedures, preparation of personnel records, and human relations in business and industry.
Prerequisite: Consent of the instructor.
- 420. Mental Measurements.** Three hours. (First semester). Mr. Bean.
Formerly Education 318.
Open to seniors and graduates only.
Technique and practice in the use of the Stanford-Binet Scale, and other tests — both individual and group; the evaluation of results, and the classification of individuals according to intelligence level.
Prerequisite: Psychology 101 or 305.
- 460. History of Psychology.** Three hours. (First semester). Mr. Loemker.
Open to seniors and graduates only.
A study of the historical bases and antecedents of present-day psychology, together with a brief outline of various schools of Psychology.
Prerequisite: Six hours of psychology.

SOCIOLOGY (Group C)

Professor Hayes

Associate Professor Hayward

- 132. Rural Sociology.** Two hours. (First and second semesters). Mr. Hayes.
A study of the structure and development of rural society, town and country relationships, communication and socialization agencies, national and local rural life policies, rural leadership, and rural institutional development.
- 232. Urban Sociology.** Two hours. (Second semester). Mr. Hayward.
A study of the structure and development of urban society, of urban social types, of the special social pathologies of city life, and a consideration of urban influence upon progress.
Prerequisite: Sociology 132.

*Will not be given in 1941-1942.

- 300. Outlines of Sociology.** Three hours. (First and second semesters). Mr. Hayward and Mr. Hayes.
(Formerly Sociology 201).

A general course dealing with the principles of organization, growth and functions of society; basic to further courses in sociology.

- *301. Cultural Anthropology.** Three hours. (Second semester). Mr. Hayes.

Analysis of the culture of various primitive groups, the development of family, religion, language, law, custom, tradition, science, and other basic forms.

Prerequisite: Sociology 300.

- 305. Community and Welfare Organization.** Four hours. (First semester). Mr. Hayward.
(Formerly Sociology 330).

The community and its significance in modern social life, and the development and uses of the various community welfare organizations.

Prerequisites: Sociology 132 or 232 and 300.

- 308. The Family.** Two hours. (First semester). Mr. Hayward.

The structure of early family life and its relation to social organization; forms of marriage and family relationships, changing family conditions, and studies of successful and unsuccessful family life.

Prerequisite: Sociology 300.

- *311. Problems of Poverty.** Three hours. (First semester). Mr. Hayward.

General social pathology. A treatment of the problems arising out of sickness, old age dependency, poverty, unemployment, the homeless, the destitute, and other handicapped members of society.

Prerequisite: Sociology 300.

- 315. Juvenile Delinquency.** Two hours. (First semester). Mr. Hayes.

The causes, social backgrounds and general problem of juvenile delinquency, and methods and institutional aid of dealing constructively with delinquents.

Prerequisite: Sociology 300.

- 320. Criminology.** Three hours. (Second semester). Mr. Hayes.

A study of the individual and social factors in crime; theories concerning crime and criminals, and a consideration of the modern penological methods of dealing with crime. Visits will be made to penal institutions and courts.

Prerequisite: Sociology 300, 311 or 315.

- *401. Population.** Three hours. (First semester). Mr. Hayes.

The problems of population movements, immigration and assimilation. Studies of population growth and decline, of quality and quantity factors, and of the concentration and distribution of population.

Prerequisites: Sociology 132 or 232 and 300 and Senior or Graduate standing.

- *403. Techniques and Methods of Social Investigation.** Four hours. (First semester). Mr. Hayward.

A study of the several methods of investigation and research in the fields of the social sciences; sources of data and their evaluation, organization and presentation.

A special research project will be required of each student.

Prerequisite: At least 8 hours in sociology and Senior or Graduate standing.

- 405. Introduction to Social Case Work.** Four hours. (Second semester). Mr. Hayward.

The aims, methods and purposes of social case work are to be treated through class work and field practice. Assignments of case studies will be made in cooperation with local and state social agencies.

Prerequisite: Sociology 305.

*Will not be given in 1941-1942.

418. Current Social Conflict. Three hours. (First semester). Mr. Hayes.

The analysis of social conflict as found in war; in economic, religious and professional classes; in family, community, and social classes; and a study of the causes, types and results of social conflict.

Prerequisite: Sociology 308 and 311 or 320, and Senior or Graduate standing.

421. History of Social Thought. Three hours. (Second semester). Mr. Hayes.

The origin and development of social thought and plans about society from the earliest times to the present; origins of the science of sociology, and a brief study of the chief modern systems of sociology.

Prerequisite: Sociology 300 and 401 or 418 and Senior or Graduate standing.

***425. Social Control.** Three hours. (Second semester). Mr. Hayes.

A study of the formal and informal means of social control such as legal processes, institutional control, folkway and custom controls, punishments and rewards; analysis of types of control and of the causes of increasing social control.

Prerequisites: Sociology 418 or 421 and Senior or Graduate standing.

SPANISH (Group A)

Associate Professor Fors

Assistant Professor Martin

101. Elementary Course. Three hours. (First and second semesters). Mr. Fors and Mr. Martin.

No credit is given for 101 without 102.

102. Elementary Course, continued. Three hours. (First and second semesters). Mr. Fors and Mr. Martin.

Prerequisite: Spanish 101 or one year high school Spanish.

203. Intermediate Course. Three hours. (First and second semesters). Mr. Fors.

Prerequisite: Spanish 102 or two years high school Spanish.

204. Intermediate Course, continued. Three hours. (First and second semesters). Mr. Fors.

Prerequisite: Spanish 203.

310. Advanced Conversation. Two hours. (First semester). Staff.

Class conducted strictly in Spanish; conversation on current events, literature, industries and commerce.

Prerequisite: Spanish 204.

311. Advanced Conversation, continued. Two hours. (Second semester). Staff.

Prerequisite: Spanish 310 or permission of the instructor.

312. Latin-American Literature. Two hours. (First semester). Mr. Martin.

Prerequisite: Spanish 204.

313. Latin-American Literature, continued. Two hours. (Second semester). Mr. Martin.

Prerequisite: Spanish 204.

*Will not be given in 1941-1942.

- *320. The Regional Novel.** Three hours. (First semester). Mr. Fors.
Reading, lectures, discussions, and reports of the works of representative authors.
Prerequisite: Spanish 204.
- *330. Modern Drama.** Three hours. (Second semester). Mr. Fors.
Readings, lectures, discussions and reports of the representative authors from the Romantic Period to the present.
Prerequisite: Spanish 204.
- 410. Cervantes.** Three hours. (First semester). Mr. Fors.
Readings, lectures, discussions and reports of the Novels Ejemplares and Don Quijote.
Prerequisite: Spanish 204.
- 420. Drama of the Golden Age.** Three hours. (Second semester). Mr. Fors.
Readings, lectures, discussions and reports of the representative authors of the Golden Period.
Prerequisite: Spanish 204.

SPEECH (Group A)

Associate Professor Ranson

Instructor Leggette

- 101. Practical Public Speaking.** Three hours. (First and second semesters). Staff.
Beginners' course.
- 102. Practical Public Speaking.** Three hours. (First and second semesters). Staff.
Prerequisite: Speech 101 or one year of high school speech.
- *200. Oral Interpretation of Literature.** Three hours. (First semester). Mr. Leggette.
Prerequisite: Speech 101.
- 205. Argumentation and Debate.** Three hours. (First semester). Mr. Ranson.
- 207. Business and Professional Speech.** Three hours. (Second semester). Mr. Ranson.
Prerequisite: Speech 101.
- *211. Elements of Pantomime and Dramatic Expression.** Three hours. (First semester). Mr. Leggette.
Prerequisite: Speech 101.
- 230. Speech Psychology.** Three hours. (Second semester). Mr. Ranson.
Prerequisite: Speech 102.
- 240. Voice Training.** Three hours.
Specific training and practice designed to improve vocal conditions for all speech purposes. Exercises for flexibility, range, relief from tension, articulation, and enunciation.

*Will not be given in 1941-1942.

- 305. Principles of Public Address.** Two hours. (First and second semesters). Mr. Ranson.
A course in Speech fundamentals. Open only to Juniors and Seniors who have not had Speech 101 or 102.
- 306. Extempore Speech.** Three hours. (First semester). Mr. Ranson.
Prerequisite: Speech 102 or 305.
- 313. Play Production.** Three hours. (First and second semesters). Mr. Leggette.
- 318. Speech Correction.** Three hours.
A study of, and laboratory work in, the correction of speech disorders.
- *321. Dramatic Reading and Platform Art.** Three hours. (Second semester). Mr. Leggette.
Prerequisite: Speech 200.
- 330. Radio Speech.** Three hours.
The preparation and delivery of the radio speech, commercial announcements, interviews, and plays.
Prerequisite: Speech 101 or 305.
- *401. Advanced Dramatic Production.** Three hours. Second semester). Mr. Leggette.
Prerequisite: Speech 313.
- 402. Advanced Persuasion.** Three hours. (Second semester).
Prerequisite: Speech 230.
- 405. Principles of Acting.** Three hours. (Second semester). Mr. Leggette.
Prerequisite: Speech 211.

ZOOLOGY (Group B)

Professor Utterback

Instructor Sprague

NOTE: A \$2.00 science fee will be charged for each laboratory course taken except \$3.50 fee for Zoology 206. This will be payable to the Financial Secretary. The date of payment will be designated at the registration period.

- 110. General Zoology.** Four hours. (First semester). Mr. Sprague.
Two lectures and two 2-hour laboratories each week.
An introduction course of Zoological sciences dealing with structure, functions, development, adaptation and heredity of animal types.
- 205. Invertebrate Zoology.** Four hours. (First and second semesters). Mr. Utterback.
Two lectures and two 2-hour laboratories each week.
A systematic study of the lowest forms of animal life dealing with morphology, physiology and ecology.
Prerequisite: Biology 107, or high school Biology.

*Will not be given in 1941-1942.

- 206. Comparative Vertebrate Zoology.** Four hours. (Second semester). Mr. Sprague.
Two lectures and two 2-hour laboratories each week.
A comparative study of vertebrate animals with particular emphasis on the dogfish and the cat.
Prerequisite: 4 hours Biology, Zoology 110 or 205.
- 300. Histology.** Four hours. (First semester). Mr. Sprague.
Two lectures and two 2-hour laboratories each week.
A study of the structures of animal tissues.
Prerequisite: Biology 107, or Zoology 110, or Zoology 205.
- 301. Embryology.** Four hours. (Second semester). Mr. Sprague.
Two lectures and two 2-hour laboratory periods each week.
A study of the development of the fish, frog and chick embryos.
Prerequisite: Biology 107, Zoology 110, or Zoology 205.
- 303. Entomology.** Two hours. (First semester). Mr. Utterback.
(Formerly Zoology 203).
A course intended to give the essential facts concerning the taxonomy, life histories, anatomy and economic importance of insects. No laboratory.
- 305. Human Anatomy.** Three hours. (First semester). Mr. Utterback.
No laboratory. A study of the anatomy of the human body.
- 306. Human Physiology.** Three hours. (Second semester). Mr. Utterback.
Two lectures and two hours laboratory each week.
A study of the functions of the human body.
Prerequisite: Zoology 305, or equivalent.
- 307. Genetics.** Three hours. (First and second semesters). Mr. Utterback.
No laboratory.
A general introductory course in studies of heredity, evolution and eugenics.
- 308. Ornithology.** Two hours. (Second semester). Mr. Utterback.
Formerly Zoology 207.
A study of the life structure, nesting habits, migrations, esthetic and economic importance of birds. No laboratory.

*Will not be given in 1941-1942.

DEPARTMENT OF PIANO AND VOICE

(For complete Music courses, refer to pp. 85, 101, 102, 103, inclusive)

Requirements

Instruction in instrumental or vocal music may be taken by students not otherwise connected with the College.

A maximum of six hours of practical music may be credited toward a degree, provided that the student has met in full the entrance requirements of the College, provided also that the courses in Harmony (Music 120 and 121) are successfully taken. Two half-hour lessons a week with a minimum of one hour's daily practice shall count as one credit hour.

Fees for lessons in applied music are payable as other fees. For charges for one or two lessons see page 44 of this catalogue. No refunds are made for absence except in cases of illness lasting more than two weeks, when lessons will either be made up or a refund of three-fourths of the fee for the time lost will be granted.

Piano

Miss MacGeorge, Miss Fox, Miss Steele

In piano two courses of study are offered, one leading to a teacher's certificate at the completion of the junior year, and a second one leading to a diploma at the completion of the work in the senior year.

No student may register for credit who cannot acceptably do the work involved in Piano 201. To ascertain this a practical examination involving major and minor scales, major triad arpeggios, and one composition of the degree of difficulty of Grade IV will be given, for example, Grieg's "Dance Caprice" or Haydn's "Gipsy Rondo."

Candidates for teachers' certificates in piano must complete the work of the junior year, together with Music 120, 121, and also piano methods. Before the end of the year they must, with the assistance of one other musician, give a recital from memory, this recital including one sonata and other selected compositions.

Candidates for diplomas in piano must complete the work of the senior year, and must take Music 222 and 223. They are also required to give a public recital from memory, this recital to include a number of standard piano selections, one concerto, and one special number studied without the aid of the instructor.

COURSES

Preparatory Years. Technical exercises. All major and harmonic minor scales. Arpeggios. Studies by Concone, Burgmüller, Heller. Miscellaneous compositions.

Piano 201. One hour's credit. Sophomore Year.

Technical exercises. All major and minor scales with the metronome, at a tempo of M. M. 100, four notes to a beat. Major and minor scales in tenths, sixths, and thirds. Major triad arpeggios at tempo of M. M. 76. Bach's Two Part Inventions. Miscellaneous compositions.

Piano 202. One hour. Sophomore Year.

Technical exercises. Major and minor scales at a tempo of M. M. 112. Minor triad arpeggios at tempo of M. M. 84. Octave exercises. Sonatas by Haydn, Mozart, Beethoven.

Piano 301. One hour. Junior Year.

Technical exercises. Major and minor scales at tempo of M. M. 120. All melodic minors. All scales in tenths, sixths, and thirds. All diminished seventh arpeggios and half of the dominant seventh arpeggios at tempo of M. M. 100. Kullak's Octave Studies. Sonatas by Beethoven. Chopin's Mazurkas, Nocturnes and Valses.

Piano 302. One hour. Junior Year.

Technical exercises. All scales at tempo of 128. All dominant seventh arpeggios at tempo of 116. Studies by Cramer, Kullack, Harberbier, Kullack's Octave Studies. Chopin's Nocturnes, Valses, Polonaises, Bach's Three Part Inventions. Beethoven's Sonatas.

Piano 401. One hour. Senior Year.

Major and minor scales at tempo of M. M. 132. Major and minor scales in double thirds. Arpeggios with passing notes. Concertos by Mendelssohn, Beethoven, Liszt. Advanced compositions by Chopin, Schumann, Brahms, Liszt.

Piano 402. One hour. Senior Year.

Major and minor scales at tempo of M. M. 136. Major and minor scales in double thirds. Bach's Well Tempered Clavier. Concertos. Advanced compositions.

VOICE

Mrs. Haworth

No student may register for credit in Voice who is not able to pass an examination covering the Freshman Year described below. Students registered for courses 103, 104, 203, and 204, must also carry courses in harmony, piano, and one modern language. Such study must be continued through the junior year. Two lessons a week with six hours of practice count for one semester hour of credit.

COURSES

Voice 103-104. No credit. Freshman Year.

Six exercises from Concone, Opus 9; songs of the difficulty of *Ihr Bild*, Schubert; *The First Violet*, Mendelssohn; *Du bist wie eine Blume*, Schumann; *In the Time of Roses*, Reichardt.

Voice 203-204. One hour, two semesters. Sophomore Year.

Technical work continued with scales and arpeggios at increased speed. Classical songs in German, French, and Italian.

Voice 303-304. One hour, two semesters. Junior Year.

Advanced technical and interpretative study. Repertoire of arias and songs of all countries and periods. Oratorio.

MUSIC SCHOLARSHIPS

The Piano Scholarship. Instruction in Piano for one year.

This scholarship is awarded annually to the student who in the opinion of the committee will profit most by such instruction.

The Voice Scholarship. Instruction in Voice for one year.

This scholarship is awarded annually to the man and woman with an untrained voice who, in the opinion of the committee, will profit most by such instruction.

GRADUATE COURSES AND GRADUATE DEGREES

In October, 1938, the State Board of Education approved regulations under which Marshall College is authorized to conduct graduate instruction leading to Master of Arts and Master of Science degrees. Such graduate work was first given during the summer session of 1939.

Ordinarily the Master of Arts degree will follow the Bachelor of Arts degree, and the Master of Science degree will follow the Bachelor of Science degree; however, in case a Bachelor of Arts degree has been received on qualifications which meet present requirements for Bachelor of Science degree, either the Master of Arts or the Master of Science degree may follow, at the option of the candidate.

For the present, graduate work is restricted to seven departments: Chemistry, education, English, history, political science, psychology, sociology. Other departments will be authorized to undertake graduate instruction as circumstances permit.

Administration

The graduate council directs graduate work, its chairman serving as executive officer in such relations as registration and graduating exercises. To each graduate student an adviser from his major department is assigned; it is the duty of the adviser to assist the student and the council chairman in planning the student's sequence of courses, and in the preparation of thesis.

Admission

Any graduate of a recognized college may be admitted to graduate courses, admission of graduates of colleges other than Marshall College being based on official transcripts of high school and college credits. These transcripts should be

received by the registrar of Marshall College direct from the institution which granted this undergraduate degree.

While any graduate of a recognized college may be admitted to graduate courses, formal admission to candidacy for the master's degree is a second step, to be taken after the student has completed a full semester of graduate work (at least 12 semester hours). Candidacy is granted by the council upon written application by the student, endorsed by the adviser, and council approval of the student's record, as well as of his plan for completing his work.

Degree Requirements

At least 30 semester hours of graduate credit must be earned in residence at Marshall College. The period of residence must be at least 36 weeks, part or all of which may be in summer terms.

A thesis is required in addition to the 30 hours of credit. In case the research work basic to the thesis is done in credit courses, a minimum of 32 hours will be required for the master's degree.

A minimum of 18 hours and a maximum of 24 hours may be earned in one subject, known as major subject. However, in case the 32 hour requirement is in force for the student, minimum and maximum for the major subject become 20 and 26 hours respectively. The remaining hours will be earned in a second subject, known as minor subject. Whether minimum or maximum hours are to be earned in major subject will depend upon several factors; for example, the adviser will take into consideration the student's undergraduate preparation and the strength of his graduate performance.

At least half of the hours in the major subject, and at least six hours in the minor subject, must be in strictly graduate courses (in the 500 series). Courses of the 400 series approved by the council may count toward the graduate degree, provided no undergraduate students except seniors are admitted; the graduate students in such courses will be required to do some work of a research character, in addition

to the work assigned to seniors in the same classes. (To be classified as senior the student must have at least 90 semester hours of credit.)

The thesis must be sufficiently advanced, one month before the time of graduation, to assure the adviser of its acceptability to the council. Three bound copies of the thesis must be filed with the chairman of the council not later than two weeks before the date of graduation. The thesis must be prepared according to the form adopted by the council.

Oral and written examinations covering the thesis and the courses in the major subject are to be taken under the direction of the council after it appears that the major and minor course work will be successfully completed. The oral examination may include the minor subject at the option of the minor department.

The minimum full-time residence requirement is eighteen weeks; this may be satisfied by one regular semester or two nine-weeks summer terms of full-time residence work on the graduate level. Students who elect to be in full-time residence for this minimum period only will be required to carry part-time residence graduate work for at least four semesters.

The Graduate Council may, upon the student's petition, grant to any graduate student the privilege of transferring to Marshall College, for application on master's degree, not to exceed six hours of graduate credit earned in another institution when, in the judgment of the Council and the major department, such credit is to the advantage of the student's graduate program. Provided, that the acceptance of such graduate credit shall not reduce the requirement of thirty-six weeks of residence as graduate students in Marshall College except in the case of holders of Marshall College undergraduate degrees.

The average of grades earned in courses applied on master's degree may not be lower than B; not more than six hours of work with C grades may be applied; no course with grade lower than C will be counted toward the degree.

Requirements for the master's degree must all be met within a maximum period of six years.

Seniors who, in the last term or semester of undergraduate work, have less than a normal load to carry for graduation may fill their schedules to normal limits with graduate courses, to be applicable on master's degree.

(For complete material pertaining to graduate courses, write for bulletin of graduate studies. Tuition fees for graduate work are the same per credit hour as for undergraduate work. Address the Secretary, Marshall College.)

PART IV — GRADUATES AND HONOR STUDENTS

ONE HUNDRED AND THIRD COMMENCEMENT—June, 1940

BACCALAUREATE, Sunday, June 2

Speaker: The Reverend Wallace McPherson Alston, D. D., First Presbyterian Church, Charleston, West Virginia

Subject: "Great Living in a Mad World"

ALUMNI DAY, Monday, June 3

Speaker: Honorable Arthur B. Koontz, LL. B., Class of 1907

Valedictory Speaker: William Torrance Nunley, Honor Graduate, Class of 1940

Banquet Speaker: Honorable Robert E. Lee Goff, Class of 1927

COMMENCEMENT, Tuesday, June 4

Speaker: Douglas Southall Freeman, Ph. D., L. H. D., D. Litt., LL. D., Editor of The News Leader, Richmond, Virginia

Subject: "Barbed Wire Horizons."

AWARDS FOR DISTINCTION IN SCHOLARSHIP, 1939-1940

(Presented Alumni Day)

CHI BETA PHI:

Key Awards: Creed Gearhart, Kappa Chapter; Maxime MacKenzie, Gamma Chapter

Life Memberships: Tom Watters, Kappa Chapter; Emily Wright, Gamma Chapter

D-RHO D-THETA CUP IN ENGINEERING: Alex G. Smith

FOURTH ESTATE AWARDS: Excellence in Journalism

Best Published Article: Dorothy Buzek

Most Consistent Good Work in Journalism: Virginia Daniel

PROFESSOR R. P. H'RON AWARD IN PHYSICS:

Beulah Grace Inman

HUNTINGTON ENGINEERS CLUB AWARD: Alex G. Smith

MARSHALL CHAMBER OF COMMERCE:

Key Award: Robert T. Early, Jr.

Pin Award: Grace Estelle Greenawalt
