Lambert Family Papers

Accession Number: 1978/06.0236
MS 76

Special Collections Department
James E. Morrow Library
Marshall University
Huntington, West Virginia
1981
The Lambert Collection consists primarily of notebooks containing information on families and local history of Cabell and Wayne Counties, West Virginia. Included are cemetery readings, copies of deeds, wills, indentures, newspaper articles, research notes and notes of interviews conducted by Mr. Lambert of Cabell County residents. Material on Lincoln, Logan, Mason, Kanawha, and Boone Counties is also included.

The index is by no means comprehensive; it is primarily a guide to family names where there is a significant amount of information.

The notebooks were arranged and described by Kim Wilson; the index was prepared by Cora P. Teel and Linda Nance. The word-processed document was typed by Crystal Rice in 1995.
NOTE TO USERS OF THE LAMBERT PAPERS:

Mr. Lambert's papers were received as three separate collections and were processed accordingly.

The first collection, Ms 76, consists of notebooks of West Virginia history and genealogy relating especially to Cabell, Wayne, and Lincoln Counties.

The second group of papers, Ms 76-A, contain notebooks of Mr. Lambert's research notes concerning his own family genealogy.

The final set of papers, Ms 76-B, consist of personal papers, miscellaneous research notes, and photographs.

Each collection has its own index or guide.
