(Symphonic Choir---1)

A goal of \$2,000 has been set to cover expenses for the Marshall College Symphonic Choir to appear at the Music Educators National Conference at St. Louis, Mo., April 14-18.

The choir has scheduled a City-Wide Singing Convention at City Hall Auditorium in Huntington next Sunday, April 8 at 2:30 p.m. to raise funds for the trip, which must be financed independently. Appearing on the special program will be several well-known quartets of the Tri-State area. Dean Sturm of WSAZ, Inc., will act as master-of-ceremonies. (1)

Featured on the program will be the Gospel Harmony Boys of WSAZ-TV; The Kings Men of WSAZ-Radio; the nationally known Lionaires of Parkersburg who have won honors as the "outstanding Lions quartet in the nation"; the Huntington Harmonaires; the Expressers, young Marshall College quartet which has appeared on local TV and talent shows; and the winners in the Barbershop and Beautyshop Quartet Contest from Marshall College.

The contest winners include the Tonettes, sponsored by the Cavalettes; the Froshettes of Freshman Dormitories; the Kappa Alpha Quartet and the Sigma Phi Epsilon Four; and the Four-Penny Quartet sponsored by Sinfornia.

Among the Marshall choral groups to be presented are the Girls Triple Trio, the Girls Ensemble, the Men's Concert Choir and the Marshall Symphonic Choir. Music selected for the program will range from the gospel and religious to romantic and modern secular compositions and light popular tunes.

(Emilie Jacobson Convocation---1)

Emilie Jacobson, actress, director and intimate friend of George Bernard Shaw, will present a program of "Two Great Portraits," recreating the atmosphere of Shakespeare and Shaw at a Convocation in the Old Main Auditorium at Marshall College tomorrow at 11:00 a.m.

Mrs. Jacobson is a world traveller and linguist in addition to being a well-known theatrical personality. Born in Manchester, England, of cultured parents, she was, from the beginning placed in an atmosphere of exciting conversation and interesting people. 5

Mrs. Jacobson also devotes a certain amount of her time to writing. She has lived in Italy for several years where she writes a regular series of articles for the English press on everyday life in the great Italian cities of Rome, Florence, Milan, Turin, Venice and Naples.

"Two Great Portraits" includes a brief discussion of interesting traits of Shakespeare and Shaw with some personal memories of Shaw. The program includes comparisons of the handling of similar characters by the two literary giants as shown in scenes from "Henry VIII", "St. Joan", "Julius Caesar", "Don Juan in Hell", "Hamlet", "Pygmalion", "Macbeth", and "Back to Methuselah."

One of Mrs. Jacobson's favorite pastimes while in London is entertaining her favorite audience--the inmates of Holloway Jail, the largest women's prison in London. "Those poor souls are hungry for laughter", she says, "and at one time I went there so often that they came to greet me as a long-lost

relative or the oldest inhabitant."

Mrs. Jacobson enjoys a "quite game of bridge" and taking her young daughter to a play. "But most of all," she said, "I enjoy American audiences and their laughter."

Admission to the Convocation program will be by Season Membership and Student Activity Cards, according to Curtis Baxter, manager of the convocation series.

(Emilie Jacobson Convocation---1)

Emilie Jacobson, outstanding actress-director of the English theatre, will present "Two Great Portraits," a program of Shakespeare and Shaw at a Convocation in the Old Main Auditorium at Marshall College tomorrow morning at 11:00 a.m. (7)

Mrs. Jacobson is an award-winning dramatic platform reader and has achieved a reputation as a successful director in England through her productions of works by Galsworthy, Noel Coward, Shakespeare and Shaw, as well as the classic Greek dramatists.

A close friend of George Bernard Shaw, her program deals with personal memories and selections from the works of the late literary genius.

Among her favorites of the plays she has directed, Emilie Jacobson prefers a production of "The Trojan Women" by Euripides. Her acting ability has been seen in London where she appeared in many roles, including "Lady Teazle" in Sheridan's "A School For Scandal" and the title role in a play by the great Indian dramatist and philosopher Tagore, "Chitra."

Mrs. Jacobson will compare similar characters in the writings of Shakespeare and Shaw on her Convocation program. She will discuss interesting traits of the two literary giants and present excerpts from several of their plays, including "Henry VIII", "St. Joan", "Julius Caesar", "Don Juan in Hell", "Hamlet", "Pygmalion", "Macbeth" and "Back to Methuselah."

Mrs. Jacobson also devotes a part of her time to writing. She has

For Immediate Release

(Art exhibit---1)

The exhibit of "Twelve Sculptors of the Twentieth Century" will be shown at the James E. Morrow Art Gallery at Marshall College from April 9 through April 27.

Included in the exhibit are twelve sculptures in wood, stone and bronze which have been selected from the world of European and American artists such as Maillol, Despiau, Flannagan, Barlach, Lehmbruck, Chaim Gross and Marek.

On exhibit with the sculpture will be twelve photo panels showing works by the same artists, which have not previously been circulated because of their large size.

The sculptors selected for this exhibit are exponents of the classical concept of sculpture as solid mass and volume. Each has adhered to the traditional techniques of carving the form out of the material, of building it up in clay to be cast in metal.

The interest of the sculptors has been primarily directed towards the human form through which they sought to express their own particular artistic concepts.

Barlach, in his Singing Man, presents an illustration of the peaceful life of a simple peasant. Lehmbruck renders the introspective mood of a young woman. Maillol's work is an idealized version of the female bather and Flannagan's a deeply felt comment on the classical theme of mother and child. Chaim Gross presents a daring stunt of circus performers.

(more)

MARSHALL COLLEGE INFORMATION SERVICE---4-6-56

(Art exhibit---?)

The exhibition is under the auspices of the Museum of Modern Art in New York.

Most of the sculptors included in the show have enjoyed established reputations for several decades. Their work has since enjoyed important recognition in many collections of contemporary art. The exhibition will be open to the public during the regular library hours, 9:00 a.m. to 4:00 p.m.

For Immediate Release

(Science Institute)

HUNTINGTON, W. VA.--- (Special)---Lecturers for the Summer Institute for Secondary School Science Teachers to take place at Marshall College in Huntington from June 4 through July 13 include Dr. Guy Forman, member of the Physics Department of Vanderbilt University.

Dr. Forman will lecture and give demonstrations in physics for qualified high school science teachers from seven states who will attend the Summer Institute.

Dr. Forman received his Bachelor of Science degree from Western Kentucky State College. Master of Arts work was completed at the University of Indiana. He received his Ph. D. degree from the University of Kentucky prior to becoming a member of the Vanderbilt University staff in 1943. (23)

The purpose of the Summer Institute is to help high school teachers gain a better insight into basic concepts and subject matter of the different physical sciences. The Institute is one of 21 being conducted throughout the country by the National Science Foundation.

Only ^E teachers from West Virginia, Ohio, Kentucky, Virginia, Tennessee, North Carolina, and South Carolina who hold a Bachelors Degree will participate in the Marshall program. Institute at Marshall.

Qualified teachers who are interested in attending and who desire financial aid may be eligible for stipends of \$300 to \$450. The stipends will be granted on a basis of need, eligibility of applicant for graduate work, professional science preparation and teaching experience.

Further information concerning the program and the awarding of stipends may be obtained by writing to Dr. Donald C. Martin, director of Summer Institute for Science Teachers, Marshall College, Huntington, W. Va.

For Release ~~Sunday~~, April 8, 1956

(Mudge at Science Fair---1)

America faces "the loss of leadership" unless a serious shortage of engineers and scientists can be ~~made~~ offset by the education of more young people in the technological sciences, W. A. Mudge of New York, N. Y., told a Marshall College Regional Science ^{fair} gathering Friday night. (April 6). 24

Speaking before 175 high school science exhibitors and fair officials, the International Nickel Company executive said only five out of every thousand young people who enter preparatory schools are graduated as engineers.

"There are explainable reasons for this condition," said Mr. Mudge. "Scientific discoveries have disclosed more opportunities than there are qualified men and women to fill. During the last decade, there have been fewer students of college age as a result of the decreased birth rate during World War II years. There has been insufficient interest in engineering by our youth."

(more)

(Mudge at Science Fair---2)

He cited the Marshall College Regional Science Fair as a constructive effort to overcome the shortage of young people entering the technological field.

The speaker described the West Virginia-Ohio-Kentucky tri-state area as "the ideal location for industrial growth."

"Each of the new industries in the Tri-state area," he said, "must have more engineers for progress and growth. Enrollment at nearby universities can be increased, but this is not enough." 25

"Marshall College," he continued, "has grown from a small school to an accredited liberal arts and science college; it has succeeded well with its engineering science and pre-engineering work; it has the confidence of this community as a result of these successes; and it is the logical choice for additional undergraduate and postgraduate instruction in science and engineering in this area."

Mr. Mudge expressed the hope that "the state and its Board of Education will provide this additional instruction" and asked parents and teachers to "urge them to immediate action."

(Mudge at Science Fair---1)

America faces "the loss of leadership" unless a serious shortage of engineers and scientists can be offset by the education of more young people in the technological sciences, W. A. Mudge of New York, N. Y., told a Marshall College Regional Science Fair gathering Friday night. (April 6).

Speaking before 175 high school science exhibitors and fair officials, the International Nickel Company executive said only five out of every thousand young people who enter preparatory schools are graduated as engineers.

"There are explainable reasons for this condition," said Mr. Mudge. "Scientific discoveries have disclosed more opportunities than there are qualified men and women to fill. During the last decade, there have been fewer students of college age as a result of the decreased birth rate during World War II years. There has been insufficient interest in engineering by our youth."

He cited the Marshall College Regional Science Fair as a constructive effort to overcome the shortage of young people entering the technological field.

The speaker described the West Virginia-Ohio-Kentucky tri-state area as "the ideal location for industrial growth."

"Each of the new industries in the Tri-state area," he said, "must have more engineers for progress and growth. Enrollment at nearby universities can be increased, but this is not enough."

(Mudge at Science Fair---2)

"Marshall College," he continued, "has grown from a small school to an accredited liberal arts and science college; it has succeeded well with its engineering science and pre-engineering work; it has the confidence of this community as a result of these successes; and it is the logical choice for additional undergraduate and postgraduate instruction in science and engineering in this area."

Mr. Mudge expressed the hope that "the state and its Board of Education will provide this additional instruction" and asked parents and teachers to "urge them to immediate action." (27)

(Art Exhibit---1)

A special exhibit of contemporary American and European sculptors is being presented daily through April 27 at the James E. Morrow Art Gallery in the Library Building of Marshall College. 29

The exhibit is entitled "Twelve Sculptors of the Twentieth Century" and includes works in wood, stone and bronze by such artists as Maillol, Despiau, Flanagan, Barlach, Lehbruck, Chaim Gross and Marcks. To the group of sculptures have been added twelve photo panels showing important works by the same artists, which could not be circulated because of their large size.

The exhibit is open from 9:00 a.m. to 4:00 p.m. weekdays and from 9:00 a.m. to 12:00 Noon on Saturdays.

The sculptors selected for the exhibition are exponents of the classical concept of sculpture as solid mass and volume. The majority of them have enjoyed established reputations during the first half of this century. Their work has since occupied prominent places in many collections of contemporary art.

Each artist has adhered to the traditional techniques of carving the form out of the material and building it up in clay to be cast in metal. Their interest is primarily directed towards the human form, through which they thought to express their individual artistic concepts.

(Art Exhibit---2)

Thus Barlach, in his Singing Man, presents an illustration of the peaceful life of a simple peasant. Lehmbruck renders the introspective mood of a young woman in his sculpture, while Maillol presents an idealized version of the female bather. Flannagan's work is a comment on the classical theme of mother and child, while Chaim Cross has captured a daring stunt of circus performers.

The exhibit is open to the public and is free of charge.

(Science Fair students---)

HUNTINGTON, W. VA.---Four students of Williamson High School were winners in two exhibits at the Marshall College Regional Science Fair held recently in Huntington.

A group of three students, Jerry Ardigo, Linda Hatfield, and Loretta Hager, all 16 years old, won the First Place Award for Group Exhibits in the Senior Division.

Their exhibit illustrated the developmental stages of the chicken, daily, during the incubation period of the egg.

Chester Frankie Laughlin, 16, of 114 Joseph Street in Williamson won the Fourth Place Award in Biological Sciences. The exhibit he presented dealt with the formation and development of the embryological stages in the human being from the fusion of the gametes to the natal period.

All four are students of P. H. Moricle of the Science Department of Williamson High School.

[The Marshall College Music Department will present a scholarship fund raising concert Thursday, April 26, at 8:30 p.m. in Old Main Auditorium.

The concert will be to provide funds for a scholarship for prospective orchestral string students. It will feature the combined talents of Jane Hobson, mezzo soprano; Ruth Tibbs, pianist; Mary Shep Mann, pianist; and Alfred Lanzegg, violinist.

The group will present varied piano, vocal, and violin works.

Concerning the presentation Dr. C. L. Kingsbury, head of the Marshall music department, said, "West Virginia boasts 165 high school bands but only ten cities in our state have high school orchestras. We want to offer some encouragement to these orchestral students to attend Marshall. The number of students is small and recruitment is ^{difficult} difficult but we hope a scholarship will help attract them."

(Ultrasonic Generator)

The Physics Department at Marshall College has received a General Electric Ultrasonic Generator which will provide a simple and practical method of studying the effect of ultrasonic energy on various materials and processes.

The purchase of the generator was made possible through contributions from the American Car and Foundry Division of the ACF Industries, Inc.; LeJohn Manufacturing Co., Polan Industries; The Standard Ultramarine and Color Co. and Electronics Supply, Inc.

Ultrasonic waves from the machine will transform immiscible liquids such as oil and water into stable emulsions. They will also perform desirable changes on metals and destroy many types of bacteria, change the action of the heart, and produce artificial fever in animals. They are also being used as a substitution for the common drilling process in cleaning out decayed tooth cavities.

Dr. Donald C. Martin, professor of physics at Marshall, has begun demonstrating the machine for physics students in his college laboratory.

(Greeks Donate)

The Greek-letter organizations on the Marshall College campus have donated \$200 to the Marshall Foundation for the establishment of an endowment fund, it was announced recently.

The funds which were donated represent a part of the proceeds of the first Greek Week held at Marshall.

President Stewart H. Smith, in a statement made concerning the fund, said that he "has for several years been trying to interest alumni and friends of the college in establishing a permanent endowment fund. Although this is a small beginning," he said, "I am extremely happy to see the fund get started and I am particularly glad that it was begun by our students."

Dr. Smith added his "many thanks to the sorority and fraternity members" for what he termed "this fine example of interest and loyalty."

Net profits of the Greek Week totaled \$576.11, which will be set aside to help finance the week next year.

Greek Week was established this year to help unite the sororities and fraternities in their efforts to work together "for the betterment of the college and the community."

(Greek Donation)

The Greek organizations have donated \$200 to the Marshall Foundation for the establishment of an endowment fund at Marshall College, according to Albin Wheeler, Huntington junior and co-chairman of the recently inaugurated Greek Week.

The funds donated represent a portion of the proceeds of the first Greek Week celebration, designed to unify social sororities and fraternities "for the betterment of the college and community".

President Stewart H. Smith, in speaking of the donation, said that he had "for several years been trying to interest alumni and friends of the college in starting a permanent endowment fund. Although this is a rather small sum when compared with the millions in endowments of many other colleges and universities, it is a good beginning."

Dr. Smith added that he was "extremely happy to see the fund get started and particularly glad that it was begun by our students." He expressed his "many thanks" to the sorority and fraternity members for what he called "a fine example of interest and loyalty."

(Science Fair Grand Award---)

Hayes Edward Wilcox, 17, of Route 3, Sciotoville, was the winner of the Grand Award at the Marshall College Regional Science Fair held recently in Huntington. (45)

Mr. Wilcox is a student at Minford High School.

The award includes a free, expense-paid trip to Oklahoma City where Mr. Wilcox' exhibit will be entered in the National Science Fair May 10-12.

He was awarded first place in the Senior Division from among more than 180 entries. His exhibit illustrated the basic principles dealing with matter-energy relationships and consisted of a steam boiler operating a generator, a small electric motor, a waterwheel in operation, a small wet cell battery and the conversion of chemical energy into radiant (light) energy---all operated by a simple photoelectric cell.

The Grand Prize trip will include special scientific and sight-seeing events in Lexington, Ky., St. Louis, and Oklahoma City. Entries in the national event will compete for more than \$2,500 in prizes, to be judged by top-ranking scientists.

Dr. Howard L. Mills, director of the Marshall Regional Science Fair, will accompany Mr. Wilcox and the first place winner in the girls division on the trip.

(Hurricane Student---)

HUNTINGTON, W. VA.---(Special)---Miss Nancy Williams, daughter of Mr. and Mrs. Owen Williams of Hurricane, will represent Marshall College on the television program "Today", which will be filmed in Huntington April 24 and 25. 69

Miss Williams, a senior at Marshall, was selected from among twelve valedictorians on the basis of poise, appearance and personality. She will be interviewed by master of ceremonies Dave Garroway between 7 and 8 a.m. Tuesday, April 24, along with representatives from Marietta College and Morehead State Teachers College.

The program will be filmed both days from a steam boat Armco Steel Corporation's "W. W. Sebald", at its dock on the Ohio river in Huntington. The presentation will illustrate the industrial development of the central Ohio Valley.

Miss Williams is a member of Fagus, women's honorary society; Pi Kappa Sigma social sorority; Mademoiselle Magazine's College Board; and was regional "Dream Girl" of Pi Kappa Alpha fraternity.

She was a candidate for "Miss West Virginia" in her sophomore year at Marshall.

(Parents Weekend---)

A weekend of teas, luncheons, departmental displays, military drills, concerts, and other activities will be available to parents of Marshall College students during the 1956 Marshall Parents Weekend, May 11-12-13.

Designed to acquaint the parents of Marshall students with the college and its overall academic and social scene the program will include varied educational, musical and social events to interest the parent. It is sponsored by the college and the Student Senate. (70)

Dr. Stewart H. Smith, Marshall College President, has extended an invitation to all parents to attend the program. "A schedule of activities has been planned to give parents of our students the opportunity to see as much of college life as possible," said Dr. Smith.

One of the featured events of the three day affair will be the annual Mothers Day Sing, at which campus sororities and fraternities will compete for top group singing honors.

The college cafeteria will be opened to parents throughout the weekend. Guests will make their own arrangements for housing.

According to Maywood Ellifritt, Greenwood senior and program chairman, efforts will be made to conduct the program annually if this years event is successful.

From: Joe Maynor, Sports Publicity Director

Coach Bill Chambers' Big Green baseball team got back into the win column last Saturday when they defeated the Morehead Eagles by a three run margin (8-5), after taking a 6-0 defeat from Morris Harvey the day before.

The Big Green was undefeated up to the Morris Harvey game, and was sporting a 5-0 record.

While the baseball team was losing their first the tennis team managed to win their first match last week when they defeated a strong Ohio University team on the Marshall courts. They had previously lost to Notre Dame, Illinois, Richmond, V. P. I., and Washington and Lee.

The track team dropped their first meet of the year at Athens, Ohio, where the Big Green was thumped, 39-6, by the Ohio U. Bobcats. It was their first meet of the season.

(Roundtable open to chairmen)

The Explorer Leaders Roundtable will be opened to post and ship committee chairmen of the Lawaca District when the next meeting takes place at the Marshall College library building Tuesday, May 1. The meeting is scheduled for 7:30 p.m. in the news room of the library basement floor.

James H. Herring, director of the Roundtable, said post or ship advisers and crew leaders of Explorer posts or ships are already included in the Roundtable.

"I hope we will have a full turnout of Explorer leaders May 1," said Herring. "The Explorer Leaders Roundtable is new in the Tri-State Area Council and it should be a help to all persons holding key positions in the Explorer program."

Theme of the May meeting will be "Planning a Summer Adventure Program." Problems which individual leaders have will also be discussed.

Helen Mays, Jacqueline Meade, Susan Merritt, Angela Moore, Eva Mullins, Susie Osborne, Ruth Oshel, Mary Ellen Prince, Donald Clifton Reynolds, Jack Rixie Rogers, Donna Rowe, Ralph Rowlette, Margaret Royer, Cecil Schulze, Charles Slack, Jerry Snow, James Southers, Alvin Sowards, Jacqueline Spaulding, Marlene Spradling, Betty Lou Squire, Margaret Waddell, Barbara Walden, Ada Walton, Lois Jean Wegwart, Garnet Wilson, Dina Jean Witt, Anna Woods, and Carol Lee Workman.

A list of 26 candidates for ~~Master~~ of Arts degrees has been announced, with two students eligible for Master of Science degrees.

Students who completed their requirements by January 28 include 38 Bachelor of Arts candidates in Teachers College; 48 students in Arts and Science College completed requirements for degrees in various fields, including A. B., B. S., and B. S. in Chemistry, B. B. A., B. E. S. and A. S. degrees. Eleven graduate students of the January term will receive M. A. degrees, making a total of 97 mid-term graduates.

MARSHALL COLLEGE INFORMATION SERVICE---4-24-56

To the Herald-Advertiser, Huntington, W. Va.

For Balance, Sunday, April 29

By Robert C. Adams
Marshall Student Journalist

(Fred R. Smith---1)

The old dog looked in bad shape. She limped slowly across the yard and sat down on her haunches, her sad, tired eyes looking out of a mud covered face at the small boy that watched her approach, his mouth open.

The boy was excited! It was the first time that he had ever seen a hunting dog up close! Oh, he had watched them as they darted expertly back and forth across neighboring fields during the hunting season, but never had he seen one right in his front yard. He ran to the window loudly shouting to his family about the unexpected visitor.

Today, after almost thirty years of training and hunting with bird dogs, Fred R. Smith, Marshall College comptroller and canine trainer, smiles as he recalls his boyish exuberance on that day years ago. "Its a wonder that I didn't scare the poor animal to death," he said, "but she was tired and hungry, and didn't have time to worry about energetic boys. We cleaned her up and fed her and in a few days she was as good as new."

Young Smith and his canine visitor became great friends and when the dogs owners could not be found he adopted her for his own. The animal lived for five years afterwards. "During those five years I discovered what a wonderful companion a dog could be," said Smith. "They have been part of my life ever since."

(MORE)

(Fred R. Smith---2)

Smith has been working with canines since that early experience and estimates that he has to date trained more than ~~one~~ hundred animals into hunting proficiency. "When I first started I studied all of the books I could find on the subject of dogs, their feeding, care and training," he said. "I quickly found, however, that patience and understanding were to be my most valuable tools."

Smith has learned that each dog has its own individual personality and requires a different approach in training. "Some respond to training excellently and others are unresponsive and take years of special handling," he said.

Smith began training bird dogs for other people at the age of seventeen. He primarily worked with problem animals that owners could not handle. "Many of the dogs were gun shy, or just wouldn't take commands," recalls Smith, "and in most cases they were very high strung and nervous. Some could not be helped, but in the majority of instances, after hard work on the part of the dog and the trainer, good results were achieved."

While in high school Smith charged a flat fee of ten dollars for training, housing and feeding each animal for one year. "Even in those days ten dollars wasn't much," he said, "but I enjoyed the work and I didn't worry about making money."

Smith has won various local and tri-state trophies and ribbons for prizewinning puppies and dogs since taking up his hobby.

He has served as judge in field trial events in West Virginia, Kentucky, Virginia, Ohio, North Carolina, and Tennessee where top ranking game bird dogs from throughout the area have competed for honors. "Some of the winners at these events would sell for as high as \$10,000," Smith commented.

(more)

78

(Fred R. Smith---3)

Smith, Marshall College's comptroller and business manager since 1946, now limits his training of animals to working with a neighbors dog once in a while, and teaching his own American pointer and her two puppies the techniques of pointing and retrieving.

A former member of the United States Army Intelligence Corps, Smith served in England, North Africa, Sicily, Italy, Egypt, Arabia, India, Burma, China, and Australia during World War II.

He earned an A. B. degree at Marshall College and did his graduate work at the University of Kentucky. He served as comptroller at Concord College prior to accepting his present position at Marshall.

After a day of working over a college's financial problems Smith finds a walk in the woods with a frisky pup or affectionate dog along side him very relaxing. "Dogs like companionship as well as do humans," he said, "and I have found that being friendly with them doesn't affect their hunting ability."

Smith says that although dogs are generally hardy animals, they are susceptible to colds, skin diseases, and intestinal disorders and must be adequately housed and fed. "It costs about ten dollars per month to feed a full grown dog properly," said Smith. "Their diet should include meal or canned dog foods, and meat and table scraps with an occasional round, soft bone for calcium."

Most of the dogs that Smith has trained have been used by local hunters to hunt quail during the areas annual November to January game bird season.

Canine enthusiasts differ on the age at which a hunting dogs education should start, but Smith believes that training should begin when the animal is about two months old.

79

MARSHALL COLLEGE INFORMATION SERVICE---4-24-56

(Fred Smith---4)

"I usually start a puppy off on his training by teaching him to retrieve a ball or something soft," said Smith. "I keep the lessons short and never tire the pup. "Although most young bird dogs will point game by instinct it is difficult to teach them retrieve."

Smith resides with his wife Marian and their two sons, Scott and Don, at 6210 Highland Avenue. In his years of training dogs he has learned several lessons concerning the teaching of animals. "Never tire them, don't punish them, and above all don't lose your temper, if you want to achieve the best results," he said.

(W. Va. Speech Festival)

The West Virginia Intercollegiate Speech Festival will begin on the Marshall College campus with three rounds of debates on Friday, April 27 at 1:30 p.m. in the Science Hall Auditorium.

Six colleges in addition to Marshall will be represented in the debates, including Concord College, Fairmont College, Glenville College, Morris Harvey College, Potomac State College and Salem College. (81)

The debate sessions will continue on Saturday morning, April 28 with two rounds at 8:50 and 10:00 a.m.

Included on the festival program are an oratory contest at 7:50 Friday evening and an extemporaneous session at 4:50 Saturday afternoon. Contestants will compete for trophies in each of the various fields.

Main topic of the team debates will be "The Guaranteed Annual Wage." The extemporaneous sessions will concern "Integration in Public Schools."

Entered in the oratory sessions are Fairmont, Marshall, and Morris Harvey Colleges, with Fairmont, Glenville, Marshall, and Morris Harvey registered for the extemporaneous debates.

(Hypothetical Court Martial---1)

Students of the Senior Military Science Class of the Marshall College ROTC enacted a hypothetical court-martial scene as part of the course in Military Justice yesterday at noon.

The simulated trial, in which students performed all the functions of required court personnel, culminated a ten-hour instruction period in which they were instructed in basic military court procedure, rules of evidence and related topics.

The situation was presented to the students enacting the trial exactly as if it were an actual court martial. The "case" enacted dealt with an imaginary situation in which the "accused" was charged with the military offense of having abandoned his guard post without permission. Moderator of the class was Major Purdy Phillips, assistant professor of military science and tactics.

(Selective Service Test---1)

Applications for the final administration of the Selective Service Qualification test to take place at Marshall College on Thursday, May 17, must be postmarked not later than midnight, May 7.

This final session is for testing those Selective Service Registrants who did not have an opportunity to be tested on one of the preceding testing dates, November 17, 1955 or April 19, 1956. (85)

The administration of the May 17 testing will be identical with the November and April programs. A definite number of applicants will be assigned to the Marshall College testing center, according to Luther E. Bledsoe, Registrar and Director of Admissions at Marshall.

Applications for the test can be acquired from Cabell County's Local Board Number 2, or through any Selective Service office. Applications must be postmarked not later than May 7, 1956, if the applicant is to be eligible for the test.

Students who are interested in taking the test, which assures draft exemption while fulfilling requirements in a college course of study, are advised to contact Local Board Number 2 in the basement of the Cabell County Court House or their own local board not later than May 6.

(Intercollegiate Speech Festival---2)

Individual contestants in the Extemporaneous Speaking section of the program are Hobart Everson, coached by Jo An Lough, representing Fairmont College; Albert Somerville, coached by William S. W. Coleman, representing Clonville State College; Richard Haylor, coached by R. W. Pope, representing Marshall, and an unannounced speaker from Morris Harvey, coached by O. J. Wilson.

Representatives in the Oratory Contest include Tom Buford for Fairmont; Charles Turner for Marshall; and Morris Harvey, unannounced.

The program for the festival will begin with registration at the Speech Office in the Science Building at Marshall College from 11:00 a.m. to 1:00 p.m. Friday. Registration will be followed by a general meeting in Room 17 of the Speech Department at 1:00 p.m.

The first round of debates will begin in the Science Hall Auditorium at 1:30 p.m., with a second round at 3:00 p.m., followed by a coffee break in the Lounge on the Oratory Contest at 4:00 p.m.

Extemporaneous drawing will begin at 6:30 p.m. with the Extemporaneous Speaking at 7:30 p.m. and a third round of debate at 8:30 p.m.

Saturday's schedule begins with debates at 8:30 a.m. and 10:00 a.m., followed by a final coaches meeting at 12:00 noon. Contestants will compete for trophies in each field of public speaking.

For Release After 8 p.m., Thursday, April 26, 1956

(Hard Work--1)

Declaring that there is no easy shortcut to learning, Dr. Stewart H. Smith, president of Marshall College, said in a speech Thursday night that "the price of victory and success in life is hard, accurate, repetitious and slogging work."

Addressing the Cabell County Education Association at Huntington High School, the educator said school children must be taught that hard work "is the cornerstone to success in all the professions and arts."

"I believe," Dr. Smith said, "that the best way to develop basic virtues in children is to encourage them to do their daily work well." (100)

The school, in the Marshall president's view, must raise the child to its standards. It must not lower its standards to the child's or parent's whims.

"There is no shortcut to skill," he declared. "It takes training and patience, whether you run a typewriter, play a violin or master an assignment. And that training is priceless. It builds character."

Dr. Smith said many children may lose interest in school because it presents no challenges, no high purposes, no satisfactions that come from doing a job well.

Citing the desire for success as a basic urge of mankind, he said everyone needs the kind of success that results from concentrating all thoughts and energies upon a difficult problem.

MARSHALL COLLEGE INFORMATION SERVICE---4-26-56

(Final Work---3)

"We must remember," said Dr. Smith, "that almost every boy or girl wants to be somebody, wants to get somewhere, wants to gain the respect and approval of his teacher and parents."

The speaker's subject was "What I Expect the School to Do For My Child."

MARSHALL COLLEGE INFORMATION SERVICE---4-26-56

To the Herald-Advertiser, Huntington, W. Va.

For Release Sunday, April 29

(Intercollegiate Speech Festival---1)

Representatives of five state colleges participated in the 18th Annual State Intercollegiate Speech Festival yesterday and Friday at Marshall College.

Colleges represented were, in addition to Marshall, Fairmont, Concord, Glenville State and Potomac State.

Morris Harvey College and Salem College withdrew prior to the tournament.

Debating for Concord College were: Bonnie Robertson, David Knight, Stanley Woolwine, and George Hess. Their coach is James B. Shrewsbury.

Fairmont College was represented by Bill Seifrit, Bill Bonasso, Ed Brooks and Bill Schooley, with George E. Moore acting as coach.

Marshall's representatives included Charles Wagner, Tom Carter, Janice Caldabaugh and Ruth McCabe. Professor B. W. Hope coached the Marshall group.

Potomac State College debaters were Kenneth McDonald, Paul Kane, William Withers and Eugene Simmons, with Jay V. Groves as coach.

Glenville College's representatives were Shirley Ann James, Ronald Shuman, Jack Cawthon and Richard Smith. William S. E. Coleman acted as coach.

MARSHALL COLLEGE INFORMATION SERVICE, Huntington, W. Va.---4-30-56

For Immediate Release

To the Wheeling Intelligencer, Wheeling, W. Va.

(Physics Award)

HUNTINGTON, W. VA.---(Special)---Donald James Armstrong, son of Mr. and Mrs. Wiley V. Armstrong, of Route 3, Elm Grove, W. Va., recently received the Physics Handbook award given annually to the most outstanding chemical and physics students in American colleges and universities.

The award is presented each year by the publication of the Chemical Rubber Company to students selected by faculty members and department heads as being the most outstanding in their scientific fields.

Mr. Armstrong is a sophomore in Teachers College at Marshall and a member of Phi Eta Sigma honorary fraternity.

MARSHALL COLLEGE INFORMATION SERVICE---4-30-56

To The Parthenon

For Immediate If Not Sooner Release

(Parents Weekend---1)

Approximately 2,000 invitations were sent out this week inviting the parents of students to participate in the first Marshall Parents Weekend May 11-12-13.

The invitations were in letter form and personally addressed to each parent. They included a personal invitation from President Stewart H. Smith, and a general list of activities that have been arranged for the parents during the weekend. (105)

The event is designed to acquaint parents with the college and its overall academic and social program. It will consist of departmental displays, military demonstrations, guided campus tours, musical concerts, teas, luncheons, religious services, and other events.

One of the featured attractions of the three day affair will be the annual Mothers Day Sing at which fraternities and sororities will compete for top singing honors.

Efforts will be made to conduct the program annually if this year's event is successful, according to Maywood Ellifritt, student body president and program chairman.

The program is sponsored by the college and the student seante.

Rats In Cage Slated As Science Fair Prize

Would you like to receive a pair of rats in a cage as a prize? You probably would if you were a youngster interested in science, especially biology.

At any rate, a "pair of rats and cage" is listed as one of the prizes in the biology group of both the senior and junior divisions of Marshall College's Regional Science Fair Friday and Saturday at the college.

category prizes will be a radio kit, drafting set, electric drill, optical kit and slide rule.

In the "earth science group", awards will include a telescope, barometer, mineral collection and compass.

In the junior division (grades 6-9 inclusive) prizes in the biology section will be an aquarium, plant grafting set, pair of rats and cage, dissecting set, insect net, spreading board, hand lens and Nature Guide (seashores, reptiles and amphibias, insects or trees).

Winners in the physical science category will receive an electrical kit, weather kit, compass, mineral collection, drawing set, hand lens and Nature Guide — stars.

Trophies will be awarded the schools attended by the two grand prize winners. Trophies also will go to the schools the two junior high winners represent.

Gold, silver and bronze medal awards will be given in each classification of individual exhibits in addition to the prizes of scientific equipment.

Certificates of awards will be given to the best group exhibits. All entries will receive certificates of merit.

Marshall Pitching Uncertain

Marshall College opens its Mid-American Conference baseball schedule this afternoon, meeting Bowling Green at Inco Park. Starting time is 3:30.

The two will also play at Inco tomorrow, beginning at 2 P. M.

Marshall coach Bill Chambers today said he hadn't made up his mind who to pitch this afternoon, Bob Ashley, Paul Underwood or Jim Lane. He hinted Underwood, the Big Green's No. 1 hurler, would probably draw the assignment.

BG Winless

"But if he gets in the least bit of trouble," promised Chambers, "I'll take him out and put in Bob or Jim."

Bowling Green arrived in Huntington late last night. It has lost its only two games played—both to Kent State in MAC encounters.

Marshall now owns a 4-1 record, winning over Concord twice, Morehead and West Virginia Tech. Its only loss was to Morris Harvey.

Smith Hurt

Sam Smith, the Big Green's starting catcher, will sit out today's game due to a shoulder injury suffered in the Morehead contest. Bill Harris will sub for Smith.

Other starters should be: Hal Greer, first, Gary Wolfe, second, Donzil Hall, third, John Mayberry, shortstop, Lafe Parsley, left, Dyke Six, center, and either Clarence York or Stan Milecki in right.

Officer To Visit Sorority

Mrs. Raymond Suppes, of Chevy Chase, Md., national president of Alpha Chi Omega sorority, will be the guest of Gamma Omicron chapter of Alpha Chi Omega at Marshall College this weekend. She will arrive in Huntington Saturday night and will be honored with a tea given by the Mothers Club Sunday at 3 P. M., at the chapter house, 1601 Fifth avenue.

Mrs. Suppes was first elected to the top office at the 1953 convention at Banff and was elected to her second term at the 1955 convention at The Greenbrier White Sulphur Springs last July. She has previously served on the council as national treasurer and was formerly advisor to several chapters. Mrs. Suppes was organizing officer for the Marshall College chapter.

She is a graduate of the University of Washington, Seattle and a member of Rho chapter and Phi Beta Kappa.

Alpha Chi Omega national sorority has 81 chapters, over 201 alumnae chapters and clubs and members totaling to over 38,000. The sorority was founded October 15, 1885 at De Pauw University, Greencastle, Ind.

106

Big Green Nine Plays Host To Morris Harvey

4-26-56 Ad
Marshall College's baseball team gets back into action tonight at Inco Park, battling old foe Morris Harvey at 7:30.

And, expected to draw mound duty for the Big Green nine is Paul Underwood. Underwood hasn't pitched since pacing the Big Green to victory at Morehead, Kentucky, over a week ago.

Coach Bill Chambers' crew is unbeaten in three games. Besides that 14-4 drubbing of Morehead, Marshall holds victories over Concord College, 7-4 and, 7-6.

The Big Green plays again tomorrow, in a rematch with Morehead at Inco Park. Game time is 2 P. M.

Besides Underwood, slated to start for Marshall tonight are catcher Sam Smith, first baseman Hal Greer, second baseman Gary Wolfe, shortstop John Mayberry, third baseman Donzil Hall, and outfielders Lafe Parsley, Dyke Six and Clarence York.

Bearcat Netters Blank Marshall

A powerful University of Cincinnati tennis squad blanked Marshall, 7-0 yesterday afternoon at Cincinnati. In dropping their seventh match in eight outings, the Big Green failed to win a single set against the Bearcat netmen.

The results: Wally Holzman over Bill Bias, 6-1, 6-3; Bill Hadley over Charlie Bearden, 6-1, 6-0; Harry Lambert over Larry Hite, 6-1, 7-5; Denny Nabors over Bill Seidel, 6-3, 6-2; Dick Roehr over Dubby Morris, 6-1, 6-3; Curt Beier over George Templin, 6-0, 6-2. In doubles, which rain curtailed to one match, Beier-Lamb defeated Templin-Seidel, 7-5, 6-1.

Big Green Golf Team Is Victor

4-25-56 Ad
Marshall College's golf team won its first of three matches scheduled for this week yesterday, trouncing Beckley College, 24½-2½, at the Guyan Country Club.

Results of yesterday's matches: Jack Freeman (M) 40-36-76 (3) vs Bob Easley (B) 47-38-85 (0); Ray Burcham (M) 46-39-85 (1) vs Best Ball, Marshall (3).

Jack Stewart (M) 39-37-76 (3) vs Fred Allen (B) 43-41-84 (0); Roger White (M) 39-39-78 (3) vs Cotton White (B) 42-43-85 (0); Best ball Marshall (3).

Thurman Watts (M) 42-37-79 (3) vs Jim Berry (B) 43-41-84 (0).

Local Musicians Will Give Benefit Recital

4-25-56 H-Ad
A String Scholarship Benefit Concert will be presented by the Marshall College Music Department Thursday, at 8:30 P. M. in the Marshall College auditorium.

Mrs. Robert Shepherd, mezzo soprano, with Mary Shep Mann at the piano, Alfred Lanegger, violin, and Ruth Northup Tibbs, piano, are giving their services in this all-Mozart program.

Mrs. Robert Shepherd is professionally known as Jane Hobson. Mrs. Shepherd attended the Cincinnati Conservatory of Music, Juilliard School of Music and the American Conservatory at Fontainebleau, France. The wide scope of Mrs. Shepherd's performances include Concert Artist Series and appearances with leading symphonies under such eminent conductors as Toscanini, Steinberg and Szell.

MARY SHEP MANN HAS studied both here and abroad with prominent teachers including Robert Casadesus, Edwin Hughes, Sederin Eisenberger, and the late Conrad Bos. Mrs. Mann is known for her ability both as a teacher and an accompanist.

Alfred Lanegger of the Marshall faculty is widely known throughout this area through concert performances. He is a graduate of the State Academy of Music at Munich, and played in theatre and opera orchestras

while studying there. During this time he was also an apprentice to Gustav Keller, violin maker, where he learned the art of violin making. At this concert Mr. Lanegger will play one of the violins he made in 1933. In this country he played with the New York Symphony, N. B. C. recording symphony and taught at Syracuse University and the Saranac Lake, N. Y. During the war Mr. Lanegger was an interpreter overseas, and toured Europe with the G. I. Symphony Orchestra.

Ruth Northup Tibbs, wife of Thomas S. Tibbs, has been in Huntington four years. She is a graduate of the Eastman School of Music at Rochester, N. Y., where she was a teacher of theory. Mrs. Tibbs, a student of both piano and organ, has appeared in chamber music recitals at the Huntington Galleries and on Woman's Club programs. (107)

THE PROCEEDS from the concert will be used to establish a "String Scholarship Fund" at Marshall College. The scholarship in strings will be used to encourage string students to attend Marshall College.

Tickets for the concert may be purchased at Becker's Music Store, at the office of the Marshall College music department, and from Marshall College music students and faculty.

Marshall Net Team To Play

4-25-56 Ad
CINCINNATI, O. - Marshall College's tennis team battles the University of Cincinnati today, the second match of a two-day road trip.

Yesterday the Big Green bowed to Xavier, 6-3, here for loss No. 6 in its seven outings to date.

Results of yesterday's matches: Jim Brockhoff (X) beat Bill Bias (M) 3-6, 7-5, 9-7; Charles Beardon (M) defeated Lloyd Hill (X) 6-2, 6-1; John Shields (X) downed Larry Hite (M) 2-6, 6-3, 6-4; Mike Hassett (X) topped Bill Seidel (M) 6-4, 6-2; Mike McConville (X) won over Dubby Morris (M) 6-1, 3-6, 6-3; George Smith (X) bettered George Templin (M) 8-10, 6-3, 6-3.

Doubles: Bias - Morris (M) trimmed Brockhoff-Smith, 6-2, 8-6; Shields-McConville (X) defeated Bearden-Seidel (M) 3-6, 10-8, 6-1; Hite-Templin (M) won over Hassett-Lill (X), 6-2, 3-6, 6-4.

Explorer Group Sets Roundtable

4-25-56 Ad
All explorer post advisers, crew leaders and post committee chairman of the Lawaca district have been asked to attend the Explorer Leaders Roundtable in the Marshall College library Tuesday, May 1, at 7:30 P. M.

The meeting will take place in the news room on the basement floor of the library. It will last two hours.

James H. Herring, director of the round table, said Explorer leaders attending will discuss the subject, "Planning a Summer Adventure Program." Problems which individual leaders have also will be discussed.

The Explorer Leaders Roundtable is a new feature of the Tri-State Area Boy Scout Council's effort to assist its leaders of boys and young men.

Marshall Symphonette Gives Pleasing Program

By WALTER H. PERL

The Marshall Symphonette under the direction of Professor Alfred Lanegger gave their second semi-annual concert of this winter yesterday.

The program listed Mozart and Schubert. It is indeed difficult for a local group to play a Mozart program a week after the performance of the great Salzburg orchestra, but we must state that our fine disciplined local ensemble passed the test well.

The 38 musicians, composed of Marshall students, faculty and orchestral players of the community, proved to be sincere musicians. Alfred Lanegger, of Austrian stock, is a wonderful interpreter of Mozart and Schubert. Carmen Pursley is a fine and efficient concert master.

The concert opened with the great Overture to Mozart's "Magic Flute", a solemn work of the master. The fine woodwind and horn section was delightful.

The two movements of Schubert's "Unfinished Symphony" (No. 8) followed. This genial fragment of the German musical romanticism is one of the most inspired compositions of the early 19th century, and in a way reflects the heritage of Mozart in the next generation. Here the string section was excellent and played the "andante" with graceful tenderness.

The main work of the evening

was Mozart's wonderful "Symphony No. 39" in E Flat Major, the second of the four great symphonies of Mozart's latest period.

The difficult work was rendered with great skill, the tempi were excellent and the dynamic charm of the menuetto and the Finale allegro was very inspiringly reflected.

Only one word about the audience: The old saying that the prophet is not estimated in his native land was unfortunately true. The audience was the smallest we have seen at any symphony concert here — and there was not even an entrance fee.

Alfred Lanegger tries with an heroic effort to keep up the old symphony tradition of our fine town, which was interrupted with support our fine local musicians by giving them the following they deserve.

College Gets Ultrasonic Generator

The physics department at Marshall College has received a General Electric ultrasonic generator which will provide a simple and practical method of studying the effect of ultrasonic energy on various materials and processes.

The purchase of the generator was made possible through contributions from the American Car and Foundry Division of ACF Industries Inc.; LeJohn Manufacturing Co., Polan Industries, Standard Ultramarine and Color Co. and Electronics Supply Inc.

Ultrasonic waves from the machine will transform immiscible liquids such as oil and water into stable emulsions. They will also perform desirable changes on metals and destroy many types of bacteria, change the action of the heart, and produce artificial fever in animals. They are also being used as a substitution for the common drilling process in cleaning out decayed tooth cavities.

Dr. Donald C. Martin, professor of physics at Marshall, has begun demonstrating the machine for physics students in his college laboratory.

Marshall Reunion Planned

Class Of 1931 Will Meet

The 25th anniversary reunion of the Marshall College class of 1931 will be held in conjunction with Alumni Day activities at the college May 26, it was announced today.

John W. Lea Jr., principal of Gallaher school, is general chairman for the reunion. Other members of the committee are Tom Stark, Mrs. Virginia Estep Austin, Rome F. Brooks, C. P. Wilson, Mrs. Hite Wilson Compton, Miss Boyce Yarbrough, Mrs. Esther Fish Myers, John Butler, Mrs. Betty Rosenheim Caldwell, Mrs. Daisy Blankenship Gillette, Mrs. Mary Carolyn Staton Gayle and Grayson Thornton.

All '31 Grads Asked

Mr. Lea said all persons who received either Bachelor of Arts, Bachelor of Science or Standard Normal degrees in the spring or summer graduating classes in 1931 are invited to participate in the reunion.

A member of the class of '31, C. Pete Wilson, will be toastmaster for the Marshall College Alumni Association banquet May 26 at 6:30 P. M. in the college dining hall. Mrs. K. C. Boogs is general chairman for the banquet. William A. (Buck) Thompson is president of the Alumni Association.

The class of 1906 also is planning a reunion this year.

Frosh Face Spring Valley Caddies

Marshall's unbeaten freshman golf team will play the Spring Valley caddies today at 3:30 P. M. at the Spring Valley Country Club. The frosh hold two wins over the varsity, along with a win over the Guyan Country Club caddies.

Private First Class Carroll D. Adkins, 23, whose wife, Ernestine, and parents, Mr. and Mrs. Wetzel Adkins, live at Lavalette, took part in a field training exercise with the Ninth Infantry Division in Southern Germany. He is a medical technician in the 39th Infantry Regiment. Pfc. Adkins graduated from Marshall College in 1954 and is a member of Tau Kappa Epsilon fraternity. He entered the Army in September, 1954 and arrived in Europe in April, 1955.

Students To Set Up Science Fair Exhibits

Students participating in Marshall College's second annual Regional Science Fair will begin setting up their exhibits in the college gymnasium tomorrow at 9 A. M. as the event gets under way.

More than 200 entries have been submitted by boys and girls in the sixth through the 12th grades in a 21-county area in Ohio,

West Virginia and Kentucky.

The exhibition hall will be open to the public from 7:30 to 10 P. M. tomorrow and on Saturday from 9 A. M. to 12 noon.

Admission is free.

The exhibits will be judged tomorrow afternoon and winners announced at the awards dinner at 6 P. M. in the college cafeteria.

Dr. Mudge To Talk

The dinner speaker will be Dr. William A. Mudge, director of technical service on mill products for the International Nickel Co., Inc. His subject will be "More Engineers for Progress." Dr. Mudge, who has been with Inco since 1920, was chief metallurgist at the Huntington Works of the company before going to the firm's New York offices.

Fair entrants have been divided into two groups: a senior division which includes students in the 10th through the 12th grades, and a junior division which includes those in the sixth through the ninth grades.

The two grand award winners in the senior division will receive all expense paid trips to the National Science Fair in Oklahoma City May 10-12. In addition, prizes will be awarded winners in the different classes in the junior and senior divisions. Prizes will consist of gold, silver and bronze medals as well as a large selection of articles of scientific equipment.

Interest Increases

Dr. Howard L. Mills, director of the fair, said interest in the fair has been much greater this year than it was last year.

Purposes of the science fair are to offer opportunity for display of scientific talent and provide recognition of this talent; to motivate, encourage and inspire in students and teachers a desire for scientific experimentation and discovery; to encourage talented youths to enter scientific careers, and to focus attention on science and stimulate student, teacher and community interest.

Big Green Net Team Defeated

Miami University defeated Marshall College tennis team, 7-2, in a Mid-American Conference match at the Marshall courts yesterday.

It was loss No. 8 in nine matches for Marshall.

Bill Bias and the doubles team of Charlie Bearden and Bill Seidel gave Marshall its only victories. Bias won over Don Hackney, 6-4, 6-3, and Bearden-Seidel defeated Duane Wyatt and Fred Weinman, 4-6, 6-4, default.

French Art At Marshall

A group of sixty paintings by public school children of Paris, France, aged nine to 16 years, will go on view at the Art room of the James E. Morrow Library beginning tomorrow and extending through May 12. These paintings interpret assigned themes such as "Animals", "Decoration", "My Friend", "Paris Landscape", "School", and "Still Life", and convey an excellent impression of the art activities of children in the Paris public schools.

This exhibit, one of a group of 10, has been assembled by the Inspector General of the Teaching of Art of the City of Paris and is being circulated among schools and colleges in the United States by the French Culture Services of New York City.

Exhibition hours are from nine A. M. to four P. M. Mondays through Fridays and from nine to noon Saturdays.

Dr. Britton To Be Speaker

St. John's Youth Fellowship will meet today at 7 P. M. at the church.

Professor Robert L. Britton of Marshall College will be the guest speaker. His topic will be "Religion and Science".

A social hour will follow. Raymond E. Hage is adviser to the group.

Sorority Club To Sponsor Sale

A rummage sale will be sponsored today by the Mothers Club of Sigma Sigma Sigma sorority at Marshall College from 8 A. M. to 4 P. M. at 834 Sixteenth street.

Mrs. W. A. Coakley and Mrs. Aubrey Harris will be in charge.

Marshall Frosh Top Logan Caddies

Marshall's freshman golf squad copped their fourth victory in as many outings by walloping the Logan caddies, 15-0 yesterday afternoon at the Guyan Country Club.

Lindon Meade had the day's best score, firing a 37-35-72.

Marshall In Night Game With Eagles

Marshall College's baseball forces, victors in their first three encounters, will be under the arc lights tonight entertaining Morris Harvey at 7:30 P. M. at Inco Park.

Paul Underwood will probably be Coach Bill Chambers selection to face the Golden Eagles. He defeated Morehead in the season's opener. There is no admission charged at the ball park.

Big Green Nine To Open League Tilts Tomorrow

Coach Bill Chambers makes his debut in Mid-American Conference competition tomorrow when his Marshall College baseball team meets Bowling Green at Inco Park. Game time is 3:30 P. M.

Chambers' team will take a 4-1 record into the contest. The Big Green has beaten Morehead, West Virginia Tech and Concord twice. It's only loss was to Morris Harvey.

Slim right-hander Paul Underwood may draw the mound assignment for tomorrow. Underwood, probably the top pitcher on the Marshall squad, threw last against Morris Harvey Friday night.

Chambers' catching problems have grown a bit smaller. He now has two backstops ready in Bill Harris and Irvin Wilson, while Sam Smith, his regular, may be ready. Smith injured a shoulder against Morris Harvey and it hasn't mended yet.

Two Here Talk

Two members of the Marshall College laboratory school faculty will speak at the annual spring meeting of the West Virginia Council for Social Studies in Charleston Saturday.

They are Mrs. Mae Houston and Lyell V. Douthat. The topic of the day's program will be "Techniques for Greater Student Participation."

Recital Set For May 1

Mrs. Eugenia Roe McMullen, assistant professor of music at Marshall College, will present a piano recital Wednesday at 8:20 P. M. in the College Auditorium.

Mrs. McMullen has studied under Coenraad Bos at the Juilliard School in New York, and with Prof. Anthony Laudis and Dr. Raymond Burrows.

Her program follows:

- Ballade No. 2 F major Op. 38 Chopin
- Etude Op. 25 No. 7 C Sharp Minor Chopin
- Etude Op. 25 No. 12 C Minor Chopin
- Etude D Flat Major: Un Sospiro Liszt
- Grosse Sonate fur das Hammerklavier B Flat Major Op. 106 Beethoven

Marshall Puzzles Chambers

Yesterday's extra-inning loss to Mid-American Conference foe Bowling Green, 6-5, at Inco Park left Marshall College baseball coach Bill Chambers a little puzzled.

"I don't know what's wrong," he said. "We get the hits, but not at the right time. And, we make errors. The boys aren't playing too badly. I guess most of it's due to inexperience. I thought some of them knew more baseball than they actually do."

Marshall held a 4-2 lead, but lost it when Fred Hanson hit a two-run homer in the sixth. Both teams added runs in the eighth and both went scoreless in the ninth. The Beegees scored the winning tally in the tenth when Bill Carlsen singled in Hansen.

The two meet again today at 2 o'clock, also at Inco.

The loss was No. 2 for Marshall in six games. It was the Big Green's MAC opener. Bowling Green now has a 1-5 record overall and is 1-2 in the conference.

Bowling Green Edges Marshall In Tenth, 6-5

Bowling Green battled from behind to push across the winning run in the 10th inning and edge Marshall, 6-5 yesterday afternoon in a Mid-American clash at Inco Park.

Bill Carlsen singled in Fred Hansen from second base with two out to provide the Falcons with the victory.

Marshall scored four of their runs in the second inning after two were out to move into a 4-1 lead. Only three of the runs off losing pitcher Paul Underwood were earned, as the Green defense was guilty of five errors. Both teams play again today.

Mementos, Newspapers In 'Capsule'

The burial of a time capsule, to be unearthed in the year 2,000, took place at the C. & O. Passenger Station here yesterday as one of the main features of "Railroad Week."

Sponsored by the Railroad Community Committee of the Huntington area, the time capsule contained mementos of Huntington as it is today. Prominent among the contents were copies of the Huntington Advertiser, Herald-Dispatch and Herald-Advertiser, for a seven day period of time. It was felt by members of the Railroad Community Committee that these papers would be a valuable documentation of the past week's events, including the origination of the "Today" program from Huntington, "Railroad Week," and "Chemical Progress Week."

Has Marshall Year Book

Letters from Governor Marland, the presidents of the three participating railroads, and civic officials were included — each addressed to the signers counterpart in the year 2,000.

Also included were current periodicals, railroad trade magazines, railroad literature, and publications pertaining to Huntington activities during the past year such as Chamber of Commerce reports and a yearbook from Marshall College.

The capsule itself, a cylindrical container, was made of Monel at the C. & O. Railway Huntington Shops. A brass plaque, made by the Norfolk & Western East End Shops at Roanoke bore the inscription, "A 'Time Capsule' was buried here on April 25, 1956 during Railroad Week and is to be opened April 25, 2,000."

MC Alumni Banquet Set For May 26

The annual banquet of the Marshall College Alumni Association will be held Saturday, May 26, in the college dining hall.

Brief reports will be given by William A. Thompson, president of the Alumni Association; Duncan W. Daugherty, president of the Marshall Foundation, and Dr. Stewart H. Smith, president of the college.

Mrs. K. C. Boggs is general chairman for the dinner. Heber Rife is in charge of tickets which may be purchased from any of the following: George Wright Jr., at the George H. Wright Co.; Miss Ellin Wagner, at Amsbary Johnson Co.; Mrs. Edith Cohen Gross, at the Style Shope and Percy Galloway, College Book Store.

THE COMMITTEE on arrangements assisting Mrs. Boggs includes Mrs. Vincent Diehl, Miss Bertha Rider, Miss Lucy Rider, Mrs. Edward Johnson and Mrs. Leonard Cavendish.

The class of 1906 will celebrate its 50th anniversary reunion and the class of 1931 will observe its 25th anniversary. Mrs. Mary Berry Chadwick is chairman of the 1906 class reunion and John W. Lea Jr. is chairman of the 1931 class reunion.

Miss Adrienne Arnett is in charge of the program for the dinner.

Music will be provided by Archie Snyder of Charleston.

At the business session the election of officers for next year will take place.

Parthenon's New Editor Capital Girl

By LAVERNE LOGAN

The staff for the 1956-57 Parthenon, Marshall College student newspaper was announced today by Bill Keesee, War senior and present editor-in-chief.

Ann Garrity, Charleston junior, has been elected editor-in-chief. Miss Garrity is a 1953 graduate of Charleston high school and attended West Virginia University for one year. She is a member of Delta Sigma Epsilon sorority, the Student Court, and Fourth Estate, local women's journalism honorary of which she is pledge-mistress. Miss Garrity presently is managing editor.

Hagan Managing Ed

Edward Hagan, Huntington junior and picture editor, was named managing editor. Marjorie Cappellari, Point Pleasant sophomore, was elected news editor to replace co-news editors Robert Adams, Huntington senior, and Nancy Williams, Hurricane senior, both of whom graduate next month.

Pat Cooper, Huntington sophomore, was appointed assistant news editor.

Lowell Cade, Wayne sophomore, was appointed sports editor. He replaces Steve Posti, Weirton senior. Also elected to the sports staff was George Bennett, South Charleston junior, who will be assistant sports editor.

New Society Editor

Laverne Logan, Huntington sophomore, was elected society editor, replacing Patricia Talbert, Clarksburg senior. Miss Talbert has served as society editor for two years. Betty Frame, Birch River sophomore, will replace Hagan as picture editor.

Pasty Friend, Ivydale junior, replaces Barbara Barbour, Huntington junior, as feature editor.

Named staff reporters were Geneva Scott, Huntington sophomore; Suzanne Hensley, Bluefield junior and Eugenia Damron, Huntington sophomore.

All appointments are subject to the approval of the Student Publications Board and the Student Senate. They are effective in September.

Marshall Wins Extemporaneous Speaking Award In Festival

The eighteenth annual intercollegiate speech festival came to a close last night in Huntington with Marshall College winning first place for extemporaneous speaking and tying with Concord College for first place in debate.

Fairmont College won first place in oratory.

Other colleges represented in the festival were Glenville State and Potomac State. Morris Har-

vey College and Salem College withdrew prior to the tournament.

The Marshall representatives were Charles Wagner, Tom Carter, Janice Caldabaugh, Richard Hepler, and Ruth McCade. Professor Ben Hope was the coach for the Marshall group.

The members of the Concord team are Bonnie Robertson, David Knight, Stanley Woolwine and George Hess. Their coach is James B. Shrewsbury.

Mary Sue Ratcliffe Wins Over-All Chopin Award

Miss Mary Sue Ratcliffe, a freshman at Marshall College, was named over-all winner of the eighth annual Chopin Award Festival here yesterday at the Woman's Club.

Miss Ratcliffe is the daughter of Mr. and Mrs. Roy R. Ratcliffe of Philippi, W. Va. She is a piano student of Miss Joanne Drescher.

Other winners from the four groups participating in the festival were as follows:

ELEMENTARY Group (through the sixth grade): Jan Jenkins, daughter of Mr. and Mrs. John E. Jenkins, 326 West Seventh avenue, pupil of Mrs. Hilda F. Livezey; Sara Powell, daughter of Dr. and Mrs. Lucius L. Powell, 205 Washington Boulevard, pupil of Mrs. Earl V. Townshend.

JUNIOR HIGH Group (grades 7, 8 and 9): Bill Weaver, son of Mr. and Mrs. W. W. Weaver, 935 West Eleventh avenue, pupil of Mrs. Townshend; and Becky Smith, daughter of Mr. and Mrs. J. Clifford Smith, 2624 Washington Boulevard, pupil of Mrs. Charles H. Tucker.

HIGH SCHOOL Group (10th, 11th and 12th grades): Miss Grace Barrett, daughter of Dr. and Mrs. Robert S. Barrett, 535 Madison Avenue, pupil of Mrs. Townshend, and Miss Judy Boso, daughter of Dr. and Mrs. C. H. Boso, 712 Harrison Court, pupil of Mrs. E. S. Chandler, Jr.

COLLEGE Group: Miss Nancy Barbour, daughter of Mr. and Mrs. Ralph W. Barbour, 4046 Eighth Street Road, pupil of Mrs. Lavelle T. Jones, and Miss Rosalie Hudson, daughter of Mr. and Mrs. R. P. Hudson of Costa, W. Va., also a pupil of Mrs. Jones.

The over-all winner and the group winners

were presented in a program last night at the Woman's Club. Afterwards they and Miss Anne McClenny, judge for this year's event, were honored at a reception at the Woman's Club.

MISS RATCLIFFE and others from the four groups will appear on a program over WHTN-TV this afternoon from 5 to 5:30 P. M. Miss Ratcliffe also will appear on the "Current" program tomorrow afternoon over WSAZ-TV.

As winner of the festival she was presented with the works of Chopin last night.

Each elementary grade school student participating in the festival received a bust of Mozart, one of the three composers whose works were featured in the festival this year. The others were Domenico Scarlatti and Muzio Clementi.

Each junior high, high school and college student taking part was given a ticket to a program of the Marshall College Artists Series for 1956-57. The tickets were donated by the Marshall College Artists Series Association.

MISS RATCLIFFE also will be featured in the musical portion of the annual business meeting of the Woman's Club of Huntington Wednesday.

The Chopin Award Festival is sponsored by the Woman's Club and is under the direction of its Music Department.

Miss McClenny, who spoke briefly following last night's program, is assistant professor of music at Hollins College. She has served as a judge for the State Federation Contest in Plano of West Virginia and North Carolina. She also has judged for the District Federation Contest in Southwest Virginia.

sheln, 126 Roby Road; Mrs. H. A. Meadows, 1125 Nineteenth street; John Meador, 1661 Thirtieth avenue; Edna Rutherford, 3025 Hughes street; William Hughes, 2823 Collis avenue; Mary M. Duckworth, 620 Sixth street; H. B. Patterson, 2234 Washington avenue;

Mildred Stearns, 746 Twentieth street; Mrs. H. C. Hanholtz, 1315 Thirteenth street; Pauline Beard, 2982 McCoy Road; Peggy Vickers, 633½ Fourth street; Mrs. Jane Meadows, 320 Thirty-fifth street; Sarah Goodrich, 1249 West Plith avenue; Mrs. Douglas Ellis, Milton; A. L. Spurlock, 334 Gallaher street;

B. L. Bunn, 4197 Four-Pole Road; Daisy Little, Ashland, Ky.; Mrs. D. M. Trainer, 5609 Taylor Road; Pat Taylor, Ashland, Ky.; Alvis Riddle, 1457 Eleventh avenue; Mrs. Kenneth B. Thompson, 724 Elouise street; and George Mills, 1142 Spring Valley Drive.

Fourth Estate Dinner Marks Anniversary

The Fourth Estate, woman's honorary journalism club at Marshall College, will celebrate its 25th anniversary Tuesday with an initiation and banquet in the Garden room of the Hotel Frederick. The initiation will be at 5 P. M. and the banquet at 6 P. M.

Presiding officers at the initiation will be Miss Virginia Lee, faculty adviser and founder of the Fourth Estate; Miss Patricia Talbert, president, and Mrs. Page Pitt, alumnae.

Pledges to be initiated will be Misses Patsy Friend, Pat Cooper, Marjorie Cappellari, Jo Ann McClellan, Geneva Scott, Eugenia Damron, LeVerne Logan and Betty Frame.

Special awards will be given to the woman student who has done the most consistent work in journalism and to the one who has had the best published work. The judges will be W. Page Pitt, head of the Journalism Department, Marshall College; Miss Dorothy Buzek, general news reporter for The Huntington Advertiser and William S. Keesee editor of The Parthenon.

Officers will also be elected at the dinner.

Marshall Prof Receives Grant

Thomas S. O'Connell, associate professor of music at Marshall College, has received a summer grant-in-aid from the Southern Fellowship Fund at Chapel Hill, N. C., it was announced here today. Mr. O'Connell was one of two West Virginians to receive the grants which range from \$300 to \$500. The other is Mrs. Esther T. McAllester of West Virginia Wesleyan College.

Marshall Net Team Beaten

By The Associated Press
CINCINNATI, Ohio — Marshall College ended an unsuccessful road trip here yesterday, bowing to Cincinnati University's powerful tennis team, 7-0, without winning a single set.

The results:
Wally Holzman (C) defeated Bill Bias, 6-1, 6-3; Bill Hadley (C) won over Charlie Bearden, 6-1, 6-0; Harry Lambert (C) beat Larry Hite, 6-1, 7-5; Denny Nabors (C) knocked off Bill Seidel, 6-3, 6-2; Dick Roehr (C) downed Dubby Morris, 6-1, 6-3; Curt Beier (C) topped George Templin, 6-0, 6-2; Doubles — Beier-Lamb (C) defeated Templin-Seidel, 7-5, 6-1.

FROSH GOLFERS WIN
Marshall's sharp shooting freshman golf team slammed their way to their seventh straight win of the season yesterday afternoon, walloping the Logan caddies, 14½-½ at the Logan Country Club. Linden Meade and Buddy Graham had the day's best score with 74's.

Big Green Squads Set Busy Week

4-16-56
(See Picture on Page 17)

The Marshall College tennis, track and golf squads will all see action this week.

The net squad will open this week's card today when it meets the Ohio University Bobcats at the Marshall Courts. Starting time is 2 o'clock.

Coach Lanny Brisbin's team will be looking for its first victory of the still young season. It has lost six in a row, returning from a disastrous road trip where it met with defeat with the University of Richmond, V. P. I., University of Virginia and Washington and Lee.

Coach Jules Rivlin and his track squad will make its initial showing of the season tomorrow when it travels to Athens, Ohio to participate in the Ohio University Relays.

Coach Whitey Wilson and his linksmen will engage in three contests this week. The first of these will be Thursday when the squad travels to Dayton, Ohio to meet the Dayton Flyers. Starting time is 2 P. M.

The Golf team will be in action again Friday. This time it hits the road to the Blue Grass state of Kentucky where it plays Villa Madonna. Starting time is set at 1:30.

From there the linksmen will move over to Lexington Saturday to be entertained by the University of Kentucky Wildcats.

Fulcher Will Preside At Conference

4-16-56
Tom Fulcher, youth director at Central Methodist Church and a Marshall College junior, will leave Wednesday for Philadelphia to preside at a planning conference for Methodist youth to be held Thursday and Friday at Swarthmore College.

Mr. Fulcher was chosen youth chairman of the Northeastern Jurisdiction last July at a training conference for subdistrict, district and conference officers of the Methodist Youth Organization held at Lycoming College, Williamsport, Pa.

The jurisdiction covers 13 states, the District of Columbia, Puerto Rico, and six church areas, including Pittsburgh, of which Huntington Methodist churches are a part.

Slack Cops Two Honors As Marshall Cage Squad Is Feted At Banquet

4-12-56
BY FRED BURNS

Herald-Dispatch Sports Editor

A habit he picked up during the basketball season was still in control last night as Charlie Slack copped the only two honors passed out at the campus banquet honoring Coach Jules Rivlin and his Marshall College basketball team.

The champions of the Mid-American Conference were feted during a program sponsored by the Big Green Club and they heard praise heaped on them from all angles.

By a vote of the squad members Captain Slack received a wrist watch as the most valuable player and a plaque which honored him for his outstanding leadership. The watch was a presentation of Harry Greenstein of Rogers Jewelers and the plaque was provided by Larry Glick of Dunhill's.

In making the presentations Coach Rivlin complimented Slack for his fine performances and his abilities as a leader. Rivlin pointed out that since the season had closed Slack had played in five independent tournaments and had been named the most valuable player in four of them.

Slack proved himself a champion in another field as he responded with a fine talk in which he thanked everyone for their consideration and said that his ambition now is to be a credit to the school which had afforded him such wonderful opportunities. "And," he said, "I only hope my boys can have the advantage of the leadership I did and also the fine companionship I enjoyed." Concerning the leadership he nodded toward Coach Rivlin and pointed to his teammates concern-

ing his companionship.

Andy Dantonl, president of the Big Green Club, presided and set the pattern by thanking the visitors for the cooperation they had given the Marshall athletic program.

From there on everyone got a "thank you" from some direction.

Actually the affair was also in honor of the freshman basketball team and the varsity wrestling team. Dr. Stewart H. Smith, Marshall president, pointed out the very successful season enjoyed by Dr. Mike Joseph's frosh cagers and complimented Dr. Sam Clagg's success with the varsity wrestling team.

Rivlin made the featured talk and was highly complimentary as he related a long list of individuals who, "have been so kind to me, helped me with many problems and contributed heavily to the success we have enjoyed in my first year of college coaching. Without this kind of loyal support the road would have been rocky and rough." He introduced the members of his squad and again the compliments flowed. He contributed the team success to the cooperation the boys gave him and the fine physical condition they maintained.

Rivlin also had some comments about his trip to the basketball coaches meeting during the NCAA tournament. Of chief interest was the fact that he couldn't pin any of the big name schools down concerning a basketball game in the immediate future, "but we got several promises."

"Marshall has a pretty good reputation out in the basketball world so we can't expect some of the big boys to take us on until they do a little thinking. Portland University and the Air Force Academy team are both scheduled to come East in the next couple of years and we may be able to interest them. Also the University of Miami Hurricanes, down in Florida, are scheduled to come up this way and we may be able to get a game with them. I would also like to tell you that our success in basketball is having a good effect in that there are many boys wanting to come to Marshall. I hate to say it but we have some 20 to 25 boys who wanted to come here but we could not take on scholarships. We only have a few scholarships and we have to pick the most outstanding boys and some with some height."

Physicist To Address Teachers

4-15-56 Had
Lecturers for the Summer Institute for Secondary School Science Teachers to take place at Marshall College from June 4 through July 13 include Dr. Guy Forman, member of the Physics Department of Vanderbilt University.

Dr. Forman will lecture and give demonstrations in physics for qualified high school science teachers from seven states who will attend the Summer Institute.

Dr. Forman received his Bachelor of Science degree from Western Kentucky State College. Master of Arts work was completed at the University of Indiana. He received his Ph. D. degree from the University of Ken-

tucky prior to becoming a member of the Vanderbilt University staff in 1943.

THE PURPOSE of the Summer Institute is to help high school teachers gain a better insight into basic concepts and subject matter of the different physical sciences. The Institute is one of 21 being conducted throughout the country by the National Science Foundation.

Only teachers from West Virginia, Ohio, Kentucky, Virginia, Tennessee, North Carolina, and South Carolina who hold a Bachelor's Degree will participate in the Marshall program.

Qualified teachers who are interested in attending and who de-

sire financial aid may be eligible for stipends of \$300 to \$450. The stipends will be granted on a basis of need, eligibility of applicant for graduate work, professional science preparation and teaching experience.

Further information concerning the program and the awarding of stipends may be obtained by writing to Dr. Donald C. Martin, director of Summer Institute for Science Teachers, Marshall College.

Bad Science Problem Exists, But It's Not Insurmountable

(Last In A Series)

By BROOKS WELLS

"Is it really true our children are graduating from high school unprepared to enter science and engineering courses in college?"

This was the question being asked today by Cabell county parents. It was as though they had suddenly become aware of a personal problem:

From the colleges came only one answer. Yes.

At Marshall, Dr. Donald C. Martin, head of the physics department, said "This year I have only one student who is majoring in physics. In past years I usually have had two or three students."

"Yes, it's a fact that freshmen college students for the most part are unprepared to enter the science field."

Need "Pure Scientists"

Dr. Martin added that there is an urgent need for more "pure scientists".

"Most of the students who major in physics do not go ahead and take post graduate work. They

can step into such good positions when they get out of college, they just don't bother to take graduate work," he declared.

Dr. Stewart H. Smith, president of Marshall, while admitting that a serious problem exists, injected some hope into the picture.

"The problems of our schools today are many as well as serious. Although they are serious, there is nothing insurmountable about them."

"The regrettable thing is that the public has been so painfully slow in assuming its share of the responsibilities for solving these problems. Of course, the layman cannot solve them alone. By working together the job can be done. Much progress has been made during the past two years but it will require many more years of great effort and close cooperation before the serious deterioration in our schools can be corrected."

Concrete Plan

From among the myriad suggestions by educators and boards of education dealing with the shortage of engineering students

and the growing shortage of teachers, there has emerged one concrete plan.

This summer high school teachers of physical sciences will attend a Summer Institute at Marshall.

The Summer Institute is sponsored by the National Science Foundation. The Foundation underwrites most of the expenses of the teachers who attend the sessions.

During the course, high school teachers will be informed of the serious national threat being imposed upon the United States by the decline in the number of graduating engineers and scientists.

It is hoped that the high school teachers will return to their class rooms next fall with a clearer understanding of the importance of preparing their students for college.

Teachers Drop

Meanwhile, school authorities continue to watch the catastrophic drop in the number of teachers.

"We could calculate the growing need as far back as 1950"

they say. "But today the surge of war-born youngsters advancing steadily upon our limited high school facilities has created a new problem."

"The pattern is being repeated in our colleges. These same young people are growing up. Many of them will soon enter institutions of higher learning. Shall we repeat our mistakes by waiting until the problem is upon us? Or shall we anticipate the need for more college teachers, more space, and more equipment, particularly in engineering and science?"

Overhaul Needed

Despite all the controversy. Despite the hundreds of suggested solutions. The fact remains that an overhaul of the country's system of education is one of its most important problems.

That is why local educators applaud the forthcoming Summer Institute for high school teachers at Marshall.

It is a tiny light in a vast and dark room. But it is a light, and from it there could emerge a new illumination on the problem.

Concert Tonight Ends Series

The 20th season of the Marshall College Artists Series will end with a concert by the Rochester Symphony Orchestra tonight at 8:30 P. M. at the Keith-Albee Theater.

The 90-piece organization will arrive by Chesapeake & Ohio train at 10:45 A. M. The conductor is Erich Leinsdorf.

Appearing as soloist at the concert will be Jorge Bolet, Cuban pianist.

Present series subscribers may renew their seat locations for the 1956-57 season during the remainder of this week at the Becker Music Store, 1040 Fourth Avenue. Seat sales for new subscribers will begin Monday.

General Netters Defeat Marshall

LEXINGTON, Va., April 10 —

The Washington and Lee tennis team turned back Marshall College 7-2 here today by sweeping the doubles and winning the singles 4-2.

Bill Bias of Marshall defeated Mauricio Glauser 8-6 and 6-4 and Charles Bearden of Marshall downed Dick Buttrick 6-1 and 6-3.

Other results, with W-L players listed first, were John Peale defeated Larry Hite, 6-4 and 6-1; Art Hufford defeated Bill Seidel 6-4 and 6-4; Bill Boyle defeated Dubby Morris, 6-3 and 7-5; George Stuart defeated Cebe Price 6-3 and 6-3; Glauser and Hufford defeated Bias and Morris, 5-7, 10-8 and 6-1; Buttrick and Peale defeated Bearden and Seidel 10-8 and 6-2; and Boyle and Woods defeated Price and Hite 6-0 and 9-7.

CONCERT AT COLLEGE

The Marshall College Symphonette will present a concert of the works of Mozart and Schubert at 8:15 P. M. tonight in the college auditorium. The public is invited to attend.

Rhine Journey Colorlogue To Be Shown April 23

The Marshall College Community Forum will present Curtis F. Nagel and his colorlogue, "Rhine Journey," April 23, at 8:15 P. M. in the college auditorium. Nagel is considered to be one of the world's most traveled men as well as a pioneer of theatrical color motion pictures.

In the early 1920's Mr. Nagel was associated with technicolor at its pioneer plant in Boston, Mass. One of the motion pictures youngest producers of that time, he made over forty Technicolor Color Classics and Color Symphonies which set a new standard for the theatres of the country. His outstanding film, "The Toyshop", won the highest praise and honors ever given a short subject, including the Photoplay medal of that year. Later he was co-producer with F. W. Murnau of "TABU", an epic film of the South Seas which won the Academy Award, the greatest honor which can be bestowed upon a film in the motion picture industry. Turning from Hollywood, Mr. Nagel toured almost every part of the world filming his "Romantic Journeys" for Educational Films and "Paramount Color Cruises" for Paramount Pictures.

Urged by friends and travel enthusiasts to expand the length of his films for full feature time showings, was a nat-

ural lead into the lecture field. Today Mr. Nagel has twelve or more glorious Kodachrome masterpieces available for the lecture audiences of the country. They cover in a most complete manner, Scandinavia, the rest of Europe, the Pacific, the Caribbean, the Central and South Americans, Ireland, Alaska, Rhine Journey, "Portrait of Paris" completed late 1953 which continues to receive the plaudit of those who have seen many of his other films; "Song of Switzerland", and his latest "The Beautiful Blue Danube" presented this season has received "raves" of audiences coast-to-coast.

All new members of the Forum for 1956-57 who have purchased their season tickets will be admitted to "Rhine Journey" free of charge. They will also be admitted to the final presentation of the season, the Dublin Players, who will appear May 14.

Marshall Nine Will Play Tech At Inco Today

Marshall College's baseball team, unbeaten in three games, attempt to make it four today when it plays host to West Virginia Tech at Inco Park. Game time is 2 o'clock.

Coach Bill Chambers' crew holds victories over Morehead and Concord, beating the latter in a double-header here Thursday. Chambers, however, figures Tech to be the roughest of the three.

"I don't know too much about them," he said. "But they've always had good baseball teams. They'll be rough."

Pitching assignments haven't been made as yet. Paul Underwood, Marshall's top hurler, pitched at Morehead Tuesday. Three other hurlers, Jim Lane, Rudy Chandler and Bob Ashley, saw action Thursday. Only one Marshall pitcher is still untested—former HHS athletic Pat Paden.

Marshall hitters have accounted for three home runs in its three games. Donzil Hall hit two of those, both in the first game with Concord. John Mayberry slammed the other, in the second game with Concord.

Putnam Bands Are Tuning Up For Festival

The All-Putnam County Band will rehearse at Hurricane High School from 9:30 to 11:30 A. M. and from 12:30 to 2:30 P. M. today. The band is composed of 25 musicians from Poca High School, 25 from Hurricane High, 25 from Winfield High, 13 from Buffalo High and 13 from Eleanor High.

Tomorrow at 7:30 P. M. the band will play at a meeting of Putnam County teachers at Hurricane High School.

On Saturday all county bands will participate in a band festival at Hurricane, starting at 9 A. M. Adjudicator will be Thomas O'Connell of Marshall College.

On April 17 there will be a concert by the Hurricane junior and senior High School bands at 7:30 P. M. at the high school.

A free will offering for the band will be received.

Big Green Nine Triumphs Over Morehead 14-4

MOREHEAD, Ky. (AP) — Marshall College turned 14 hits into exactly that many runs Tuesday to defeat the Morehead Eagles, 14-4, in a baseball game. The Big Green piled up six quick runs in the first two innings.

Pitcher Paul Underwood went all the way for the visitors, striking out nine and walking two. He also was the big batsman, with four hits out of five trips, including a triple in Marshall's five-run seventh inning.

Johnny Fannin and Don Hester each had a single and triple for Morehead.

AXD Sorority To Hold Meet In Huntington

The Huntington alumnae chapter and the active chapter of Alpha Xi Delta sorority at Marshall College, will serve as hostesses to the Province III convention of the sorority May 4, 5, and 6, in Huntington.

The Hotel Frederick will be the convention headquarters. Approximately 125 delegates will attend.

Chapters to be represented will be those at West Virginia Wesleyan, Bethany College, West Virginia University, Allegheny

College, the University of Pennsylvania, University of Maryland, Gettysburg College, Penn State University, and Marshall College.

Alumnae chapters to be represented are from Baltimore, Md., Buckhannon, W. Va.; Charleston, W. Va.; Clarksburg, W. Va.; Gettysburg, Pa.; Meadville, Pa., Morgantown, W. Va.; Philadelphia, Pa.; Pittsburgh, Pa.; State College, Pa.; Uniontown, Pa.; Richmond, Va.; Washington, D. C.; Wilmington, Del.;

Northern Virginia, and Huntington.

Mrs. James T. Danford is chairman, and Miss Vera Peters, co-chairman of the convention.

Province officers who will be in charge of the business sessions are Mrs. Harold E. Harkins of Bridgeport, Pa., president; Mrs. James R. Welschone of Elkins, W. Va.; vice president; Miss Doris Cheesman of Charleston, W. Va.; secretary; and Miss Grace Lemon of McKeesport, Pa., treasurer.

MC's Weaver Given Trophy

Marshall College's Don Weaver waltzed off with a sportsmanship trophy Saturday as the Big Green table tennis team finished fifth in an inter-collegiate meet.

The team of Dubby Morris, Weaver and Bill Sledel downed Dayton, Ohio U and Case Tech, but lost to Upsala. The group of Ron Self, Walt Stowers and Carl Wolfe defeated Ohio U but lost to Indian, Kent State and Upsala.

MC Baseballers Play Morehead

Marshall College's baseball team left this morning for Morehead, Kentucky where it was scheduled to open its 1956 baseball season today at 2 o'clock.

The Big Green has three more games scheduled this week. Thursday, it plays Concord in a twin-bill. The first game will start at 2 P. M., the second at 7:30 P. M. both slated for Inco park.

Marshall's next game after that is Saturday when it entertains West Virginia Tech, also at 2 P. M.

2 Leaving At Marshall

4-10-56 P.M.
Two members of the Marshall College faculty have submitted their resignations, effective at the end of the current college year, President Stewart H. Smith announced yesterday.

Both have accepted positions at other schools at "substantial salary increments," Dr. Smith added.

Dr. David P. Stewart, assistant professor of geology, will join the faculty of Miami University at Oxford, O. Dr. Jeanne Owen, associate professor of business administration, will take a position at Wake Forest (N. C.) College.

Dr. Stewart has been at Marshall since 1949, and Dr. Owen since 1947.

ODK Awards Assembly Is Set May 12

4-13-56 Adm.
The annual awards assembly at Marshall College sponsored by Omicron Delta Kappa, men's leadership fraternity, has been scheduled for May 12 at 7:30 P. M. in Old Main auditorium, it was announced today.

Any individuals or organizations in Huntington having awards or scholarships to present at this assembly are asked to contact Bill Keesee at the office of The Parthenon, Marshall student newspaper, for an application which must be filled out.

All applications must be in by April 27.

The assembly is an annual event held to recognize students who have excelled in various fields—academic, athletic and leadership—throughout the year.

Dr. Mudge Speaks At M. C. Fair Formerly With Inco Here

4-2-56 Adm.
Dr. William A. Mudge of New York City, director of technical service on mill products for the International Nickel Co., will be principal speaker at the awards dinner of the Marshall College Regional Science Fair Friday at 6 P. M. in the college cafeteria. His subject will be "More Engineers for Progress."

Dr. Mudge was graduated from Union College in 1914 and received his doctor's degree at Columbia University in 1920.

For 18 years he was chief metallurgist at the Huntington Works, of Inco. He has been with the company since 1920.

Fair Friday, Saturday

Dr. Mudge is a member of many technical societies and has published many technical articles on nickel and high-nickel alloys.

The science fair at Marshall will be held Friday and Saturday. More than 200 exhibits entered by students from the sixth through the 12th grades in tri-state area schools will be open to the public in the college gymnasium from 7:30 to 10 P. M. Friday and from 9 A. M. to noon Saturday.

Winners in both the junior and senior divisions of the fair will be announced at the dinner.

Campus tours and special entertainment is being planned for the students who will be visiting the campus during the fair. This is the second year Marshall has sponsored such an event. One of its main purposes is to encourage talented youths to enter scientific careers.

Dr. Howard L. Mills of the college faculty is fair director.

Big Green Golf Team Is Beaten

4-10-56 P.M.
Ohio University, defending Mid-American Conference golf champion, edged Marshall College, 18½-8½, yesterday at the Guyan Country Club.

The victory was the sixth in eight starts for Ohio U. It evened Marshall's record at 1-1. It was the Big Green's first MAC match of the year.

Best scorers were Dave Morris and Dudley Kinder of Ohio with 75s. Marshall's Ray Burcham had a 77.

The results:
Jack Freeman (M) 88-40-78 (0) vs. Dudley Kinder (OU) 37-38-75 (8).
Jack Stewart (M) 38-42-80 (1) vs. Warren Worthley (OU) 40-39-79 (2).
Roger White (M) 40-41-81 (0) vs. Dave Moore (OU) 37-38-75 (3).
Ray Burcham (M) 39-38-77 (2½) vs. Bob Waggoner (OU) 40-38-78 (½).
Thurman Watts (M) 39-41-80 (1½) vs. Dick Luther (OU) 39-41-80 (1½).
Jack Powers (M) 43-41-84 (1) vs. Jerry Knox (OU) 45-30-81 (2).
Best Ball:
Freeman-Stewart (M) 37-38-78 (1½) vs. Kinder-Worthley (OU) 36-37-37 (1½).
White-Burcham (M) 39-37-70 (0) vs. Moore-Waggoner (OU) 36-35-71 (3).
Watts-Powers (M) 38-39-77 (1) vs. Luther-Knox (OU) 39-35-74 (2).

Banquet Honors Marshall Cage Squad Tonight

4-11-56 P.M.
Marshall College's Mid-American basketball champions will be feted with a banquet tonight at 6:30 P. M. at the College Cafeteria. Tickets for the affair have been listed at \$2.50, and may be purchased at the Athletic Office and Dan's Sport Shop.

Coach Jules Rivlin, who in his first year as mentor at his alma mater brought the college a championship, will be the main speaker. Rivlin has been quite busy in the knife and fork circuit the past two months, being guest speaker at numerous banquets throughout the state.

Members of the squad being honored are: Capt. Charlie Slack, Cebe Price, Paul Underwood, Dave Kirk, Hal Greer, Jack Freeman, Bob Ashley, Dave Dingess, John Mayfield, Joe Hunnicutt, Jerry Pierson, and Mgr. Ron Williamson. Slack is the only senior of the group.

Beck Speaker For Unitarians

4-14-56 P.M.
Dr. Lloyd Beck, professor of Philosophy at Marshall College, will address the Unitarian Fellowship of Huntington on "Modern Ideas on Religion" tomorrow. Dr. H. C. Darlington is the president of the group. The meeting will be held in the bridge room of the Hotel Prichard at 7:30 P. M. A short discussion period will be held at the close of the speech, and a coffee hour will follow.

Endowment Fund Started At College

4-13-56 P.M.
A \$200 donation to the Marshall College Foundation by Greek letter organizations on the campus was announced yesterday by Albin Wheeler, who served as co-chairman for Greek Week at the college. The contribution represents part of the proceeds from the event.

The \$200 will be used to start an endowment fund. President Stewart H. Smith of Marshall welcomed the gift as "a good beginning" for such a fund.

Marshall Tennis Team Plays Gens

Marshall College's tennis squad seeks its first victory of the season this afternoon in Lexington, Va. when it battles the Washington & Lee netmen.

The Big Green lost its fourth straight match yesterday in Charlottesville, bowing to the University of Virginia, 8-1.

Bill Bias and Dubby Morris teamed up to give Marshall its only win—a doubles victory. The pair defeated Jim Cromwell and John Berkley, 3-6, 6-4, 7-5.

116

Marshall Takes Top Honors At Pershing Rifle Meeting

4-8-56 11-11-11
Members of the Pershing Rifles of the Marshall College ROTC unit literally walked away with top honors yesterday in the second annual Invitational Pershing Rifles Drill Meet, sponsored by Marshall and conducted on the college campus.

Marshall took second place in all events leading up to the platoon drill competition and took the trophy in that event putting them eight-points ahead of the over-all runner-up, Ohio University.

Ohio State University rated third place and the fourth school, West Virginia State College, trailed.

Marshall College initiated the meet last year. Ohio State University took the first place trophy that year but lost it to Marshall yesterday.

Smaller trophies and their winners were: best individual cadet in drill, Ohio State University; best squad drill, Ohio University; best rifle team, Ohio State University; and best platoon drill, Marshall College.

The Marshall platoon was directed through the paces by Platoon Cadet Lt. Joe Griffith. His commands and the platoon's responses to them were carried out with exact precision.

The Pershing Rifles is a national organization of students of ROTC colleges who are outstanding in precision drill, leadership

and academics within the ROTC. It is not a part of the Army but only ROTC students may belong.

Judges for the competition were Maj. L. J. White, Unit Advisor for the U. S. Army Reserve here, Maj. William Perkowsky and Capt. Joseph Wingard, both of the USAR here.

Maj. Robert Wensley, assistant professor of military science and tactics, is faculty advisor to the Marshall Pershing Rifles.

'Miss Armed Forces Day' Entries Being Accepted

4-8-56 Ady
Entries for the "Miss Armed Forces Day" contest are being accepted now, Major Purdy Phillips announced today. Major Phillips is contest chairman.

The contest is a traditional feature of the annual Armed Forces Day on May 19. The winner will be selected at the Armed Forces day dance at Memorial Field House May 19.

More than 33 contestants were sponsored by local civic groups and military reserve units in last year's contest. Miss Darlene Harbour, daughter of Mr. and Mrs. Earl Harbour of 253 Locust street, was the winner. She was sponsored by the 670th Quartermaster Co.

Rules for this year's contest require that contestants be from the Huntington area and between 16 and 21 years old. Each contestant must be sponsored by a local recognized organization, such as a fraternal order, club, military unit or business establishment.

The contest committee will contact the agencies who sponsored contestants last year by letter, and others desiring to sponsor a contestant are encouraged to notify Major Phillips at the military department, Marshall College. Rules governing the conduct of the contest will be sent to prospective sponsors.

Sponsoring organizations are asked to make application to Major Phillips prior to May 1 in order to permit arrangement for appropriate publicity. A contestant may be registered simply by notifying Major Phillips by telephone or letter.

Professor Seeking Seat On Charter Board

Dr. Paul D. Stewart, 412 Norway Avenue, associate professor

of political science at Marshall College, yesterday became the second candidate to announce for a seat on the 11-member charter board to be qualified if Huntington voters decide May 8 to have a new charter drafted.

Votes will be cast for charter board at the same time votes are cast for or against drafting a new charter.

Dr. Stewart is supported by the All Huntington Association, which advocates a city manager charter. The first to announce for the board was Borge Rosing, vice-president and sales manager of the West Virginia Steel & Manufacturing Co. and president

of the All Huntington Association.

Dr. Stewart was born in Florida. He holds an A. B. degree from Hope College at Holland, Mich., and a master's degree and his doctorate from Duke University.

Dr. Stewart came to Marshall College in 1948. He is an elder at the Beverly Hills Presbyterian Church, member of Phi Beta Kappa and holds membership in the National Municipal League, the Southeast Huntington Improvement Association and the Southern Political Science Association.

He and Mrs. Stewart are the parents of three children.

Frosh Golfers Defeat Varsity

4-8-56 Ady
Marshall's freshmen golfers defeated their varsity counterparts yesterday at the Guyan Country Club, 11-7 in a match which was continued from last week.

Miss Berridge Long, state women's amateur champion, won her match for the frosh — her first event as a member of a Marshall squad. She defeated Thurman Watts, 82-86 (3).

The results: Linden Meade (F) 37-39—76 (3), Jack Stewart (V) 40-41—81; Jack Freeman (V) 38-40—79 (3), Drexel Meade (F) 40-42—82; Buddy Graham (F) 41-28—79 (2½), Roger White 42-38—80 (½); Berri Long (F) 41-41—82 (3) Thurman Watts (V) 43-43—86; Larry McDowell (F) 43-40—83 (2½), Jack Powers 43-41—84 (½), Mike Perry (V) 44-42—86 (3), Jerry Robinson (F) 45-44—89.

d Contacts To Marshall Group

By DORIS MILLER

The spring retreat of the Students Christian Association of Marshall College, held at Howall's Mills last weekend, brought some significant world contacts to a Huntington group of Christian youth.

"The purpose of the retreat is to give the students a time to get away from the hustle and bustle of the campus and spend time in thought and meditation," Lander Beal, student religious counselor at the college, explained.

And one of the objectives of the SCA is to bring all Christian students together for fellowship and unity in the common purposes of Christianity, the counselor said. This purpose was well fulfilled by the retreat, which was held in an Evangelical United Brethren camp by representatives from a number of denominations and three races. William D. Hall, Indianapolis, Ind., former Christian Church Missionary to India and present director of the general church program of the Department of Missionary Education, as one of the speakers. Miss Mary Garland Taylor, Presbyterian missionary on furlough in Brazil, was another. Miss Yokeyo, Japanese Methodist who is a graduate student at Marshall College, was a discussion group adviser.

The topic for discussion and meditation was "The Campus and the Revolutionary World." In preparation, a number of

the group had read "Encounter With Revolution" by Richard Shaull, a Christian education textbook which points out the general unrest and revolution which prevails throughout the world today, and urges the individual Christian to present a better example through active Christian participation in world affairs. Both textbook and speakers presented some challenging modern viewpoints.

Mr. Hall, the Saturday night speaker, told of some of his own experiences in the mission field and explained why the work of the missionary is vitally important.

"If we want to help Asia's millions, we first must change their outlook on life," he said. "Millions live constantly in fear of evil spirits, or gods, they believe are around them. Progress is impossible where people live by a religion based on the fear of hideous, malevolent gods, with only the purpose to deceive or propitiate them. When we teach them that God is a loving Father, they are released from bondage."

The missionary expressed the thought that life in Christian countries is based on belief in the goodness of God and the dig-

nity of the individual as a child of God. He added that comparatively few of us live consistently according to our basic beliefs.

"Furthermore, we have a stewardship of the gospel message," Mr. Hall pointed out. "Think of all the miserably unhappy people who are looking for some good news, some uplifting spiritual truth to which they can dedicate their lives. The only plan God has for redeeming the world is through weak people, like us. Christian converts in Asia rejoice in the love of Christ. 'When you have such wonderful news, why have you been so long telling us? they ask.'"

"The world has the anomalous situation today of the Com-

munist arousing deep spiritual dedication by denying that the spiritual things exist, and the Christians failing to arouse spiritual response to the great truths of Christianity because of their own lack of dedication," the missionary stated.

After the general meeting, the students broke up into small groups for further discussion. About 50 students and Christian leaders were present.

Artists Series Box Office To Close For Season Monday

New memberships to the Marshall College Artists Series

may be purchased tomorrow at the downtown box office at the Becker Music Store, 1040 Fourth avenue.

The box office will close tomorrow and tickets will not be available again until next fall.

The Artists Series 21st season will feature the Yugoslav State Company of dancers, singers and musicians on October 23. This will be the opening attraction.

Thursday, November 8, Jane Hobson (Mrs. John V. Shepherd of Huntington) will be soloist with the National Symphony Orchestra of Washington, D. C.

The NBC Opera, on November 27, will present "The Marriage of Figaro", by Mozart, with a company of 100.

The Ballet Russe de Monte Carlo will appear Monday, December 3. Featured dancers will be Igor Youskevitch, one of the world's greatest male dancers today, and Cuban dancer Alicea Alonso. They will have a company of 100 with orchestra and full corps de ballet.

On February 20, the St. Louis Symphony Orchestra will be in Huntington with Szigeti, violinist, as soloist.

Thursday, March 14, the series will close the season with a return engagement of the world famous pianist Artur Schnabel.

Members of the Artists Series board include Dr. Stewart H. Smith, president; Mr. Baxter, manager; Mrs. Will Mount, secretary - treasurer; Ralph Edeburn, Okey Keadle, Wilbur Pursley, Barbara Flinn and Jamie Johnston. Miss Flinn and Mr. Johnston are student members.

Huntington Man Wins Art Awards In Charleston

A painting, "Hillside Community", by Arthur Carpenter, of Huntington, was placed among the six best works in the Allied Artists of West Virginia 21st annual art exhibition at Morris-Harvey College in Charleston. The awards were judged Monday night.

Carpenter also won the Woodrum's Award for the best portrait in the show with his painting of a "miner".

The exhibition was given in cooperation with the second annual Creative Arts Festival of West Virginia which opened in Charleston last Sunday and closes tomorrow.

OTHER Huntington artists and their works which are being displayed at the exhibit are Joan Loeblein Mondrach, "Coquette" and "King Leo," and Olga Thabet, "Dream On A Christmas Tree" and "Huntington Skyline Eighth Street Hill".

Judge Virgil Cantini, of the University of Pittsburgh faculty, selected 70 pieces for exhibit from a total of 135 entries. He also chose the award-winners.

The two Huntington women's works were among those chosen for display.

ARTHUR CARPENTER

Eight At Marshall Chosen Cheerleaders

4-5-56 By LAVERNE LOGAN

Eight Marshall College women have been chosen to serve as cheerleaders for the next year, according to Larry Hite, Huntington junior and cheerleader committee chairman.

They include Par Davidson, Branchland junior; Jo Ann Reilly, Huntington sophomore; Judy Fearon, Wheeling sophomore; Mary Ann Thompson, Charleston freshman; Joyce Lucas, South Charleston freshman and Barbara Varney, Williamson freshman.

Evelyn Grose, Crumpler sophomore, and Peggy Tolley, Mullens freshman, are alternates.

The women were selected by a new point system devised by a two faculty members who also served as judges for the tryouts.

Debaters Will Vie

Four members of the debate team, coached by Ben W. Hope associate professor of speech, will be in Grove City, Pa., April 9-11 to compete in the Province of the Lakes Pi Kappa Delta speech tournament.

Janice Caldabaugh, McMechen sophomore; Ruth Ann McCabe, St. Albans sophomore; Tom Carter, Huntington freshman, and Charles Wagner, Huntington sophomore, comprise the team.

The topic for debate is the guaranteed annual wage plan. Each team will debate the negative and affirmative sides of the question, and participate in discussions pertaining to it.

The team will compete with representatives from northeastern

colleges and universities that have chapters of Pi Kappa Delta, national speech honorary.

Sorority Formal Set

Sigma Sigma Sigma sorority will have its annual Spring Formal dance, "The Royal Sigma Ball" tomorrow night from 9 to 1 at the Cabaret Room. Bill Ed Clark and his orchestra will play. Chaperons will be Mr. James Stais, Dr. Michael Josephs, and Mr. and Mrs. R. C. Steele.

The "Forty-Niners Ball" of Sigma Alpha Epsilon fraternity will be Saturday night from 9 to 1 at the Cabaret Room. Johnny McCoy and his orchestra will furnish the music.

Sorority Head To Be Honored At Tea Today

Mrs. Raymond Suppes of Chevy Chase, Md., national president of Alpha Chi Omega sorority, will be honored today with a tea given by the Mothers Club of Gamma Omicron chapter at Marshall College, at 3 P. M. at the chapter house, 1601 Fifth avenue.

Mrs. Suppes, who is serving her second term as president, colonized the Marshall chapter in the fall of 1952. She will attend a meeting of the chapter Monday night and will conduct a workshop following the meeting.

Mrs. Suppes is a graduate of the University of Washington, Seattle, where she was a member of Rho chapter of Alpha Chi Omega, and Phi Beta Kappa. She will leave Huntington Tuesday.

Famed Pianist With Rochester Orchestra

Jorge Bolet, renowned pianist, will appear with the Rochester Philharmonic Orchestra here Thursday night. The concert at 8:30 P. M. at the Keith-Albee Theatre will conclude the current season of the Marshall College Artist Series.

Mr. Bolet is an artist of international stature. His gifted performances have been acclaimed on both sides of the Atlantic. The piano virtuoso is one of the most widely heard recitalists in North America, and is a favorite orchestral soloist with major symphonies.

Mr. Bolet received his early training at the Curtis Institute in Philadelphia. After early successes in Europe, Mr. Bolet returned to the United States to win the coveted Neumburg and Josef Hoffman Awards. His debut with the New York Philharmonic-Symphony was hailed as "the most outstanding concerto reading of the season."

Since recording the Prokofieff Piano Concerto No. 2, the great pianist has fast become personally identified with the concerto. One leading critic has written: "Bolet is like a bullet that pierces the very tough steel that is without a doubt the most exhaustingly virtuosic piano work of our century."

Mr. Bolet will appear as soloist in Rachmaninoff's "Concerto No. 3" Thursday night.

A native of Havana, Cuba, he has long been an American citizen. His career was interrupted by World War II, during which he served as an officer in both the Cuban and U. S. Armies.

The Rochester orchestra, receiving the full support of its home community, may well be one of the world's largest and most

democratic musical organizations. Heard in symphony concerts, over the air and on recordings, the Rochester Philharmonic has been increasingly recognized as a first-class symphonic group.

Erich Leinsdorf has been music director and conductor of the orchestra for seven years. He has conducted a number of the world's leading orchestras, including the London Philharmonic, the NBC Symphony, the Robin Hood Dell Orchestra of Philadelphia, the Cleveland Orchestra and the Chicago Symphony. Mr. Leinsdorf was recently made director of the New York City Opera Company.

214 Summer Classes Set At Marshall

Students enrolling in 1956 summer classes at Marshall College may select courses of study from 214 classes in 30 fields, according to Luther E. Bledsoe, Marshall registrar and director of admissions.

The summer term, which begins June 5, will consist of two six-week sessions. Twelve semester hours in graduate or undergraduate work may be earned.

Summer term schedules have been printed and may be obtained by writing the college registrar's office.

Fields represented are art, Bible and religion, biological sciences, botany, business administration, chemistry, economics, education, engineering, English, French, geography, geology, history, home economics, journalism and library science;

Mathematics, music, philosophy, physical education, physics, political science, psychology, science, social studies, sociology, Spanish, speech and zoology.

Marshall Net Team Defeats OU For 1st Win

The tennis team of Marshall College finally won its first match yesterday, and it couldn't have come at a better time or against a better foe. The Big Green defeated Ohio University in a Mid-American Conference match, 7-2.

Coach Lanny Brisbin's team had dropped four straight matches, all non-conference encounters.

The results:

Bill Bias (M) defeated Jim Hartman, 6-3, 6-3; Charlie Bearden (M) lost to Al Ludlum, 6-8, 6-1, 6-3; Larry Hite (M) topped Joe Saggio, 6-3, 6-4; Bill Seidel (M) beat Carl Hutchinson, 6-4, 6-3; Dubby Morris (M) was defeated by Bob Bredenfuerber, 6-8, 6-3, 11-9; Cebe Price (M) downed Dick Woolwine, 6-2, 6-0.

Doubles scores: Bias-Morris (M) upended Hartman-Ludlum, 6-4, 4-6, 6-3; Bearden-Seidel (M) dumped Saggio-Bredenfuerber, 6-4, 5-7, 6-3; Price-George Templin (M) topped Dick Nellis-Roger Fenneman, 6-2, 6-4.

Green Golfers Play Wildcats In Lexington

(Special to The Advertiser)

LEXINGTON, Ky. — Marshall College's golf team invades Lexington today for a match with the University of Kentucky linksmen. Marshall will be closing out a three-match, three-day road trip.

The Big Green of Huntington won yesterday in Villa MaDonna, 18-9. Two days ago, it was defeated at Dayton.

Results of yesterday's matches:

Jack Freeman (M) 39-38-77 (0) vs. Bob Schultz (VM) 34-37-71 (3); Ray Burcham (M) 39-41-80 (2) vs. Pete Cahill (VM) 43-39-82 (1); Best ball (VM) 34-35-74 (3).

Roger White (M) 41-38-79 (3) vs. Jim Berling (VM) 45-42-87 (0); Jack Stewart (M) 40-40-80 (3) vs. Jim Fedders (VM) 43-42-85 (0); Best ball (M) 36-38-74 (3).

Thurman Watts (M) 42-44-86 (2½) vs. Jerry Mann (VM) 42-46-88 (½); Jack Powers (M) 44-44-88 (2) vs. Jerry Lorenze (VM) 46-43-89 (1); Best ball (M) 40-41-81 (2½).

Foreign Languages Being Taught Grade Schoolers

"Bonjour, mother. Comment allez-vous aujourd'hui" say some Huntington elementary school students bouncing into their homes with all the energy of a school-age youngster.

From this, mother can presume that her child has had a lesson in French sometime during the school day from one of the six volunteer and student teachers at Marshall who are either majoring in that field or have consented to do such teaching.

Take Miss Florence Brown's sixth grade class for example. Identifying such things as pencils (le crayon); books (le livre); American and French flags (le drapeau americain, francais); colors of various objects, bleu (blue) rouge (red), vert (green), noir (black), are all a small part of the twice-weekly, half-hour sessions in foreign language learning. In general, it is learning to speak French by beginning at an age when this is easiest. Just about the same way we all began in learning to speak English.

Plan Proves Success

Responsible for initiating such a plan of teaching a foreign language to pre-high school children is Dr. Alma N. Noble, French department head at Marshall. It is a plan that has been tried and proved highly effective. As results from the Cleveland, O.,

school system will show.

Known as the Cleveland Plan, it has had remarkable results as far as teaching a foreign language to elementary school students goes. It proves that students in the first six grades learn a foreign language easier than later in high school.

As for the Huntington pupils who are having this fine opportunity to learn a new language it is strictly voluntary on the part of the students and their parents. No child is forced to receive this teaching and, in fact, must have written permission from his parents before starting such training.

Minds Absorb Quicker

In all cases the youngsters learning French show how much easier a young mind can absorb such training as compared to one that is more mature, according to Dr. Noble.

20th Century Sculptor Show To Close Friday

The exhibit Twelve Sculptors of the Twentieth century now showing at Marshall College's Morrow library under sponsorship of the art department will close Friday.

Hours during which the exhibit may be seen are Monday through Friday from 9 A. M. to 4 P. M. according to Prof. Joseph Jablonski head of the art department.

Included are twelve sculptures in wood, stone and bronze which have been selected from the work of European and American artists such as Maillol, Despiau, Flannagan, Barlach, Lehmbruck, Chaim Gross and Marcks. To the group of sculptures have been added twelve large photo panels showing important works by the same artists, which could not be circulated because of their large size.

With but few exceptions the

sculptors included already enjoyed established reputations during the first half of this century, and their work has since occupied important places in many collections of contemporary art.

Contrary to the recently developed experiments in open and linear forms, the sculptors selected for this exhibition are exponents of the classical concept of sculpture as solid mass and volume. Each has adhered to the traditional techniques of carving the form out of the material of building it up in clay to be cast in metal. Their interest is primarily directed towards the human form through which they sought to express their artistic concepts. Thus has Barlach, in his Singing Man, presented us with an illustration of the peaceful life of a simple peasant, Lehmbruck has rendered the introspective mood of a young woman. Maillol's is an idealized version of female bather and Flannagan's a deeply felt comment on the classical theme of mother and child, while Chaim Gross is captivated by a daring stunt of circus performers.

By JO. ANN HERRING.
What's the secret of successfully combining a teaching career with a full-time job as a wife and the mother of three active teen-agers?

The answer is simple in the opinion of Mrs. Ralph D. Purdy, 8 Virginia Court. It's nothing more than complete cooperation by every member of a family of five.

Mrs. Purdy, wife of Dr. Ralph D. Purdy, Marshall College professor of education, teaches music and the fifth grade at Meadows school. At the same time she does an efficient job of homemaking.

THE PURDY children are Gary, 18, a senior Rosemary, 16, tenth grade student and Kathleen, 13, eighth grader, all of Marshall High School.

BESIDES home responsibilities,

two of the three do part-time work outside. Gary is an usher at the Palace Theater. Rosemary works in her spare time at Cabell-Huntington Hospital.

In the home of this working mother, everyone has a regular responsibility to assume. Each person reaps the benefits of a good home while helping to assure those benefits for another day.

"The amazing thing," said Mrs. Purdy, "is that with everybody helping, things just work out. Since I work, the children assume home responsibilities that they wouldn't otherwise."

TAKE THE girls, for example. They help plan menus and assist in shopping.

"Rosemary and Kathleen always know what foods we have on hand," said vivacious Mrs. Purdy. "No time is lost fretting over what we'll have for a meal. It helps, of course, that we're

a family that likes about anything. That gives us a wide variety to select from. Our menus are so varied that there's no monotony whatever in our eating."

The Purdys — mother and daughters — go shopping for foods at the end of each week. They make semi-monthly visits to their frozen food locker to get meats and vegetables for two weeks at a time. Then it's just a matter of following the menus.

Systematic meal planning at the Purdy home reflects the mother's background as a home economics college graduate. She enjoys meal planning and preparation. Following Mrs. Purdy's example, Rosemary and Kathleen take naturally to the food chores of a home — and enjoy it, too.

"GARY'S BIGGEST help is bringing boys home for dinner without letting us know," Mrs.

THE FAMILY has many favorites for week-day evening meals. Spaghetti — Mrs. Purdy's own tasty version — always finds the family appetite at its best. As a snack item, the Purdy children and their friends like mother's raised donuts.

At school, Mrs. Purdy teaches the fifth grade in the morning and music in the afternoon.

In her dual role as a mother and homemaker, you can take it from her that she's "having a wonderful time."

Combining home work with jobs outside are an old story with active Mrs. Purdy.

She formerly taught high school music at Asbury College Laboratory School in Kentucky. While there, her mixed glee club won the first place award in a state-wide competition. She is a former music teacher of Wilmore High School in the blue grass state and is a veteran at substitute teaching.

THIS PERSONABLE working mother became a beautician after completing training at Louisville College of Cosmetology. She operated her own beauty shop in Wilmore, Ky., for three years.

Mrs. Purdy formerly sold advertising for the Fairfield County school magazine in Ohio. She also has worked as a statistical investigator for the department of labor in the tri-state area.

In addition to these duties, she takes an active leadership part in affairs of the Marshall College Faculty Wives Club.

The Purdys admit that they

have fun as a family. It is, they say, that unending spirit of working together that adds zest to their living. Its tangible

result is seen in the family home itself. Everybody had a hand in planning it to suit his or her convenience.

Rhine Journey Colorogue To Be Shown Monday Night

A new Curtis Nagel colorogue, "Rhine - Journey", will be presented here tomorrow at 8:15 P. M. in the Marshall College auditorium under sponsorship of the Marshall College Community Forum.

Curtis Baxter, Forum manager, said season memberships for 1956-57 may be purchased at the doors of the auditorium. These tickets, in addition to admitting new members to all of next season's attractions, will also entitle them to attend the program tomorrow night and a presentation by the Dublin Players here on May 14.

The film to be shown by Mr. Nagel is described as "a photographic poem of the most fabled river on earth." With the immortal music of Wagner as a background, the story of the Rhine unfolds, showing its legends, castles and old world charm.

Included in the highlights of this "Rhine-Journey" itinerary are the world famed beauties of Lake Constance and the Bavarian Alps.

Freiburg, the Black Forest, Baden-Baden, Karlsruhe, Worms-Mannheim, Heidelberg, Nurnberg, Rothenberg, Bayreuth, Koblenz, Bonn, Cologne, Dusseldorf, Nijmegen, Dordrecht, Holland's tulip fields, Schiedam, Viardingen, Rotterdam and the Hook of Holland.

Mr. Nagel will narrate the film in person.

Frosh Defeat Caddie Team

The freshmen golfers of Marshall won their fifth straight yesterday, downing the Spring Valley Country Club caddies, 14½-½ at Spring Valley.

The frosh, who hold two wins over Marshall's varsity, are still undefeated.

Dick Burger gave the losers their only score when he tied Jerry Robinson on the front line.

The Green's scores were: Lindon Meade, 70; Buddy Graham, 77; Drexel Meade, 78; Larry McDowell, 72; Jerry Robinson, 82.

Caddies' scores were: John Kounse, 78; David Boyer, 83; Paul Nelson, 83; Bill Cremeans, 83; Dick Burger, 85.

Purdy laughed. "Seriously, though, he certainly does his share. All the children make their own beds and pick up after themselves."

Economy and time saving are constantly kept in mind in food planning at the Purdy home. In fact, even with Mrs. Purdy working outside the home all day, the food bill is not excessive.

Hamburgers are made into patties and frozen for quick use. Pie crusts are made in half dozen lots and refrigerated for immediate use with fresh fillings.

Mrs. Purdy went to a nearby market last summer and bought enough fresh peaches to can 75 quarts at Huntington Trade School. She also canned green beans and vegetable soup which come in handy in quick meal preparation.

Other canned foods are bought in case lots are bought fresh and stored in the family food locker.

A pressure cooker cuts the time of food preparation especially for chuck and pot roasts. Chicken is traditionally the Purdy Sunday dinner main dish. Roasts are the second favorite.

Chambers Will Juggle Lineup

By DON HATFIELD

Bill Chambers, Marshall College baseball coach, promised a few changes in his lineup following last night's 6-0 loss to Morris Harvey at Inco Park.

Chambers immediately began thinking about his team's game today with Morehead at 2 o'clock, also at Inco. Marshall beat Morehead earlier in the year, 14-4.

The Big Green coach said he would start Jim Layne against the Eagles, with Bob Ashley and Pat Paden ready for relief work.

Thinking again about his team's sub-par showing against Morris Harvey, in which was its first loss in four games this year, Chambers could only point to the list of errors on the scoreboard.

Errors Hurt

"We had eight errors — eight!" he said. "And they all hurt, too. Our boys didn't hit as well as they should have, either."

"But, I will say Morris Harvey is by far the best team we've played. And that pitcher of theirs (Jim Melmige) is one of the finest I've seen in college ball. He's had experience and he knows what he's doing."

Chambers, however, wouldn't blame his Marshall team.

"These things happen," he remarked. "And there's nothing you can do. Eight errors—I wish we'd made 14, then maybe we'd have it out of our system."

Changes Due

"But I'm definitely going to juggle that lineup. Some of the boys aren't hitting like they should. Yessir, there's going to be some changes made."

Chambers also moaned about his catching problem, made even worse last night by the injury of Sam Smith, the Big Green's No. 1 backstop. Smith injured his right shoulder and arm while making a tag at home plate. He was to be x-rayed this morning to determine the extent of his ailment.

Marshall just didn't get started all night. It's hits were well-scattered, with Paul Underwood, who pitched a good game himself, accounting for two of them.

Underwood yielded only four hits, the same as Melmige, and struck out eight. Melmige fanned ten. Underwood, however, walked ten while Melmige issued six passes.

Ohio Track Team Defeats Marshall

Although Marshall College got romped in their first track meet, 110-36½ against Ohio U. yesterday at Athens, Ray Dunlap managed to capture a couple of first place finishes for the Big Green.

Dunlap took the 100-yard dash with a time of 10.1, and the 220 in 22.4. Running anchor man in the 880-yard relay, Dunlap gave Marshall its third first place of the afternoon. Dunlap combined with teammates Lee Smith, Don Adkins and Ken Adkins for the 880 triumph.

Diament, Formerly At Marshall, Dies

Word has been received in Huntington of the death April 12 in Chicago of Nathan F. Diament, former instructor of business administration at Marshall College.

Friends reported that Mr. Diament, a personnel expert for the federal government, was killed in an automobile accident. Mr. Diament, in his late forties, left Huntington approximately five years ago having taught at the college for several years.

Color Film Here Wednesday

Nature lovers who enjoyed his film, "Lake Erie's Changing Shores," shown here a few years ago, will welcome the return Wednesday evening, April 25 of G. Harrison Orians, with his new color film "Great Smoky Skyland". This is the concluding presentation for the year of the Huntington Bird Club and the picture will be shown in the Science Hall Auditorium, Marshall College, at 8 P. M.

The Great Smoky Mountains National Park, a wild and rugged area of great interest to vacationists, straddles the high divide between Tennessee and North Carolina, about 600 miles south of Huntington. The film depicts the natural beauty of the area's forests and flowery fields, its high peaks and waterfalls, interesting animal and bird life, and shows also some of the contrast in primitive mountain folk customs and the advance of industry and trade along the bor-

dering Tennessee River. With vacation season just ahead, the film is timely in its beckoning appeal to the motorist to visit and enjoy this nearby picture-land area.

Dr. Orians, author and photographer, is a native of Marion, O., who has pursued and discovered adventure in the world of nature since boyhood. Now associated with the University of Toledo, he has pictured scenic spots throughout the United States and Canada, served as a ranger naturalist in Yosemite National Park, and on the faculty of University of Illinois and the University of Idaho. During World War II he taught pre-flight instruction for the Army Air Corps. Photography has been the hobby which Dr. Orians cultivated until he has become an outstanding expert. Tickets may be secured from members of the Huntington Bird Club or at the door Wednesday evening.

Librarians Fraternity Installs

Installation ceremonies for the newly organized Marshall College chapter of Alpha Beta Alpha, national undergraduate library science fraternity, were held recently in the North Parlor of Old Main.

The chapter of the organization from Concord College conducted the installation. Officers of the Marshall chapter are Mary Jo Sullivan, president; Donna Lawson, vice-president; Margaret Lindsay, secretary; Nancy Morgan, treasurer; Susan Hensley, reporter, and Joyce Pauley, parliamentarian. Miss Virginia Locke is the faculty sponsor.

The installation ceremony was followed by a banquet at Robinson's Lakeside Inn.

Charter members of the organization are Harriett Womack, Elizabeth Linkenhoker, Edna Simpkins, Vera Peters, Jean Evans, Maria Kesler, Helen Wortman, Barbara Meadows, Nora Bennett, Betty Price, Betty Arrowood, Mary Catherine Adkison, Donna Lawson, Betty Meadows.

Donna Lycan, Betty Jo Legg, Carolyn Boggs, Shirley Huddleston, Betty Lynne Johnson, Anna Vickers, Janet Walker, Susan Hensley, Margaret Lindsay, Mary Jo Sullivan, Joyce Pauley, Jan Britton, Rose Ann Ballangee, Nancy Morgan, Eunice Boyd, Ann Flack and Jo Kish.

Schools Lag Behind Scientific

4-11-56
By BROOKS WELLS
(Third in a Series)

The present system of education has failed to keep abreast of the fast-changing economic pattern. Stated simply: There are too few teachers and too few students training for technical positions.

There is a current need for 37,000 new engineers each year. There is a backlog shortage of 50,000. By 1970 it is estimated the country will need 45,000 new engineers annually.

Our engineering schools are graduating 27,000 annually.

Where will the additional engineers be found? What is the solution? What, if anything, can be done about it?

Some Suggestions

In view of the fact that one-third of the teaching time at Marshall is spent teaching high school mathematics and algebra to freshmen, the Tri-State Technical Societies Council has suggested the following:

1. That a coordinator of physical science and mathematics be employed for Cabell County schools; and, further, that he be fully qualified for the position.
2. That certain units of chemistry or advanced physical science be required for graduation in any course in all high schools.
3. That the high schools strengthen college preparatory curriculums.

The above suggestions were recommended to the Cabell County Board of Education and the State Board of Education. The suggestions if followed would be a start toward better technical preparation for college.

But what about teachers and qualified science instructors in the high schools? Where are the teachers to be obtained?

Olin C. Nutter, secretary of the Cabell County Board of Education

and superintendent of Cabell County Schools had this to say concerning the suggestions from the Tri-State Technical Societies Council:

"I'd love to have a coordinator of physical science and mathematics. But where is the money going to come from? There is not sufficient money supplied now for teachers at the classroom level, and until the financial situation is straightened out I don't know what we are going to do.

"Big industries come in and take our best teachers. We can't compete with industries on salaries. Our teaching staff is so thinly spread now we just can't spread any thinner."

Educate The Parents

Howard B. Thornburg, member of the Cabell County Board of Education had very strong convictions concerning the problem.

"It is a matter," said Mr. Thornburg, "of educating the parents first. The parents cry 'I don't want my child to be overworked in school.'"

"We can prepare students for college engineering courses with the teachers we have now, if the parents would let us alone.

"We do not have any additional money with which to hire a science and mathematics coordinator. But even if we could hire one the parents wouldn't let him do an efficient job.

"If the child complains about how hard mathematics and physics are, the parents demand that he take band, or some 'easy' elective."

Need Financial Support

Dr. Stewart H. Smith, Marshall president, quoted the National Education Association as saying that

an estimated 4,000,000 children are under incompetent teachers.

"The schools have been given a tremendous job to do without the financial support to do the job satisfactorily. I refer in particular to teachers' salaries," Dr. Smith said.

"I know this is an old story that is perhaps sometimes used as an excuse for not having done some things that might have been done. Yet we cannot ignore it. We can solve many of our problems with more good teachers. The fact is that we continue to recruit an insufficient number of good young teachers for the same reason.

Interest Is Vital

"Recent increased public interest in solving educational problems is most heartening. I believe we are on the way. But we have far to go. The solution of our problems would be much less difficult if more parents would attach at least as much value and importance to the mastery of studies such as mathematics, sciences, history, English and languages as they place upon achieving prominence in extra-curricular activities.

"I doubt that they (the schools) deserve all the blame. For one thing they have needed much more assistance from parents; but the parental tendency has been to default responsibilities to the schools and then criticize the schools for not discharging them.

"Today the schools are held responsible for many things previously treated in the home or, at times, behind the woodshed."

Thus Dr. Smith expressed his opinion concerning the problems

facial the present educational system.

Years Of Trouble

Most educators agree that a step toward solving the teacher shortage and the shortage of graduating engineer scientists, is in recognizing the problem. They also agree that it will take many years before a complete solution is reached.

Meanwhile, the fact remains that what our schools are today will determine, in large measure, what our nation will be tomorrow. And the course our schools follow depends upon decisions the

123

Needs

people make, in their role as citizens. If an apathetic public refuses to concern itself with school affairs, it jeopardizes the welfare of this crucially important institution.

Only an interested and informed citizenry can keep America's schools vital and sensitive to the changing needs of our dynamic society. That is why our top educators say:

The American people face no more important responsibility.

(Tomorrow: What does the public think about this problem.)

Sorority To Have Banquet

"The Years Remembered" will be the theme of the Founder's Day banquet of Psi chapter of Sigma Sigma Sigma sorority tonight at 6 o'clock at the Woman's Club of Huntington.

Toastmistress for the dinner will be Miss Becky Marshall, immediate past president of the

sorority. Other past officers will give talks.

Chairman of Founder's Day is Miss Pat Cooper.

Cats, Frogs, Rabbits--All

Do Their Bit For You

H-Ado 4-29-56

By **BOB WILKINSON**

Hospitals and schools throughout the country make wide use of a large variety of animals, and Huntington area hospitals and the laboratories at Marshall College are no exception. The hospitals use live animals, while at Marshall College the pre-medical students experiment on dead animals only.

The local hospitals use three different kind of live animals — the guinea pig, frogs, and white rabbits, the latter two being used for a pregnancy test, while the guinea pigs are used in tests for tuberculosis.

At Marshall College nine different kinds of animals are used for dissection and study by pre-medical and pre-dental students, according to Dr. Ralph Edeburn, professor of zoology and college pre-medical advisor.

Those used more frequently are cats, the dog fish sharks, and frogs in great numbers, according to Dr. Edeburn. Other animals used include; necturus (big salamander), crayfish, earthworms, starfish, ascaris (big dog worms), and clams.

DR. EDEBURN explained that the students begin by working on the smaller animals and towards the end of their pre-medical studies, before going to medical schools, work on the cat, whose organs nearly approximate those of the human body.

Dr. Edeburn said that contrary to what some local people think, colleges and their students do not work on the human body — such work being reserved for the medical colleges. He also said that Marshall College obtains practically all of their animals

from out of state biological supply houses, and do not practice going around the community picking up stray cats.

"All of the animals purchased from the supply houses are embalmed, so that they will stay in a preserved state longer," he said.

Supplying most of the laboratory needs are such places as Carolina Biological Supply Co., located at Elon College, N. C., the General Biological Supply concern in Chicago, and the Wards Natural History Company at Rochester, N. Y. He explained that all of the purchases are made on requisition forms through the office of State Auditor Edgar B. Sims, of Charleston.

Dr. Edeburn said, that several days ago a local resident phoned the college seeking to make some ready money by offering to sell his body to the college for dissection purposes upon his death, but that the man was turned down as all such cases are.

NO MONKEYS are used in Huntington for research work, although Dr. Edeburn said that two pet monkeys are kept at the science hall, which are owned by other faculty members. In some of the larger centers they are used for polio research, carried on by the National Polio Foundation.

The pets at Marshall happen to be the Rhesus monkeys — the same type that the Rh factor was discovered in.

At one time the white rabbit was used in most laboratories for the pregnancy tests. However, that is not generally true today, although W. T. Whitman, chief laboratory technician at the Veterans' Administration Hospital in Wayne County said an occasional

124

4-29-56

"virgin doe rabbit" is used there.

MOST OF the rabbits that are not being used or were formerly used were obtained from local markets as well as from Barboursville, Charleston and Ashland. The market for the rabbits has about diminished in recent years, it was said.

Most of their guinea pigs come from Pennsylvania, he pointed out, adding, "we only keep two or three on hand, and order additional ones as needed."

The same situation is true at St. Mary's Hospital. There Mrs. Jean Crute said they had a larger hutch of guinea pigs. They also keep a fairly large supply of frogs on hand, she said.

Sister Emilene, the chief of the laboratory said that recently a boy stopped there wanting to sell them some hamsters, but that they don't use them here. They are small animals much like the guinea pigs — but much more vicious. They have been reported to have bitten their handlers in other cities, where they are still employed for laboratory use.

MRS. CRUTE, the bacteriologist at St. Mary's explained that because frogs are much easier to handle they are being used today more than rabbits. She said that a patient must be from one to a month and a half pregnant before the tests with frogs are reliable.

She said that after injection a positive sign is indicated if the frog lays eggs within six to twenty-four hours. Then after a period of a week, they can be used over and over again. In the case with rabbits, they have to be destroyed after each test, Mrs. Crute said.

(After the picture of the guinea pig, (shown on this page) was made, the animal was placed in a basket to be carried back to the hutch. En route he passed out, and Sister M. Antonio had to administer artificial respiration to revive it. It was thought that the photographer's flash bulb scared the small animal.)

The frogs used by hospitals are African female frogs, Mrs. Crute said. Most of them are ordered from J. E. Cooper, an importer of Cokesville, Md.

At the C. & O. Hospital, Mrs. Margaret Howser, chief laboratory technician explained that they usually keep several guinea pigs on hand for tests. As the hospital has but few pregnancy tests to run rabbits are used. In this case the Friedman test is run.

Mrs. Howser said they are contemplating doing away with animals at all for such tests, and if they did, they would employ a new skin test, considered just as effective.

In the use of rabbits, Mrs. Howser said, they inject serum from the patients blood into the rabbit rather than urine which is done at some hospitals.

Mrs. Howser said they obtained their rabbits from Mrs. H. E. Stanton of this city when needed. Mrs. Stanton, who resides at 420 New York street, has been breeding rabbits only a short time.

At Cabell Huntington Hospital, chief laboratory technician, Amon Clay, said an order for the African frogs has been placed. This is the only animal the Cabell Hospital would normally use for tests. He said they plan to cooperate with other laboratories in case other tests are ordered to be run by doctors.

125
