TRUE **HOSPITALITY**

assumes that the best is none too good
for the honored guest, and that any-
thing but the best is unworthy. That is
why

WIEDEMANN'S **BEER**

is to be found in every household where
good old-fashioned hospitality still ob-
tains. WIEDEMANN'S BEER has an
acknowledged place as the aristocrat of
beers. On your table it is evidence of
good taste, discrimination. Your vis-
itors will appreciate the compliment
involved. Send for Price List.

FOR LEGISLATURE

The above cut presents a characteristic likeness of F. A. Macdonald, Editor of the Huntington Herald-Dispatch, and one of the Republican nominees for the legislature. Mr. Macdonald is a man of brilliant attainments, a loyal friend and a citizen of the highest type. His genial nature and liberality have combined to render him one of the most popular men in the community. "Ted" as everybody knows him, will make a strong candidate, and an able representative, if elected.

EMERSON FANS

MORE BREEZE

"THE QUIET KIND"

LESS NOISE

The Emerson Fan is without question the highest type fan manufactured today. It has more exclusive features, each one of which means an advantage over all other fans. We do not ask that you take our word for the following facts, simply come to our store and see for yourself.

The blades on all Emerson Fans are patented and used on this fan exclusively. They give more breeze than others, and are guaranteed to make less noise, which is worth consideration.

The cost of running these fans is reduced to the minimum and it is a fact that you can run them for less than the ordinary sized electric lamp.

Our assortment of fans is complete, showing a fan for every use—the home, the office, or in fact any place you find need for one, and whatever you do, make it a point to see the Emerson before you purchase. This does not necessarily mean you have to purchase as it will be a pleasure to show you this fan. The result is conclusive.

The price of the Emerson is no more than the ordinary type of fan, and our price means a fan complete with all attachments ready to run, and when you buy an Emerson your troubles are over. The manufacturers of this fan guarantee it to us unconditionally, and we therefore do not hesitate to tell you, if the fan is not all we claim for it, return it.

SEE THE EMERSON BEFORE YOU BUY AND AVOID BEING
DISAPPOINTED.
