INSTITUTIONAL GOVERNANCE

SPONSORSHIP OF THE INSTITUTION

Marshall University is a tax-supported institution under the jurisdiction of the West Virginia Board of Regents. The Board of Regents assumed jurisdiction of state colleges and universities in July, 1969.

WEST VIRGINIA BOARD OF REGENTS

The President of Marshall University reports directly to the West Virginia Board of Regents, the governing board established by action of the West Virginia State Legislature in 1969. The functions of this Board are delineated in School Laws of West Virginia, Chapter 18, Section 26, as extracted from the West Virginia Code.

As described in the Code, the Board of Regents exercises responsibilities for the general determination, control, supervision, and management of the financial, business, and educational policies and affairs of all state colleges and universities. The Board's responsibilities include the making of studies and recommendations respecting higher education in West Virginia; allocating among the state colleges and universities specific functions and responsibilities; and submitting budget requests for the state colleges and universities.

The responsibilities of the Board of Regents differ from those of the West Virginia Board of Education, which was the former governing body of Marshall University, in that 1) the Board of Education did not govern West Virginia University and Potomac State College, both of which are now under the authority of the Board of Regents; 2) in addition to Marshall University and the public four-year colleges of the state, the Board of Education had responsibility for public education on the elementary and secondary levels, whereas the Board of Regents is responsible only for public higher education; and 3) under the Board of Education, each college and university submitted its individual budget request to the Board of Education who, in turn, submitted it to the Board of Public Works to be included in the Board of Public Works Budget Request, whereas presently the budget for higher education is submitted by the Board of Regents to the Governor as a composite for all state colleges and universities.

All powers, duties, and authority of the West Virginia Board of Education with respect to state colleges and universities were transferred from the Board of Education to the Board of Regents, effective July 1, 1969, except that standards for education of teachers and teacher preparation programs at the state colleges and universities continue to be under the general direction and control of the Board of Education. The Board of Education has the sole authority to enter into agreements with County Boards of Education for the use of the public schools to give prospective teachers teaching experience.

The Board of Regents consists of nine voting members, in addition to the State Superintendent of Schools, ex officio, and a nonvoting student member. The members are state residents appointed by the Governor and approved by the Senate. After the initial organizational period, appointments will be made for six-year overlapping terms. Membership of the Board of Regents cannot include persons who serve as employees or advisory board members of any state college or university; nor can public and political party officials or public employees serve on the Board. Of the nine members appointed by the Governor from the public at large, not more than five

may belong to the same political party, and at least one member of the Board is appointed from each Congressional District. Members of the Board of Regents are as follows:

III.

ACADEMIC EMPLOYMENT, RANK, TENURE, AND RETIREMENT

PLAN FOR DETERMINING ACADEMIC RANK AND TENURE FOR MARSHALL UNIVERSITY FACULTY MEMBERS

NOTE: Sections I-VIII below have been rewritten by the Faculty Personnel Committee to conform with Board of Regents Policy Bulletin No. 36. As of this printing of the Greenbook, these revisions have not as yet been approved by the President, except for Sections V and VI, which are included as amended.

SECTION I. Principles and Objectives

- A. The general purpose of this plan is to provide a sound professional basis for accomplishing the following objectives:
1. To assist the administration by providing sound standards for the original selection of staff members.
 2. To result in the retention, encouragement, and promotion of able and promising staff members.
 3. To assure the faculty that individuals will be treated with the maximum objectivity.
 4. To offer assurance that accomplishment will be recognized and rewarded.
 5. To assure the faculty of the maintenance of promotional opportunity.
 6. To assure the faculty of security of tenure in the terms herein set forth and of freedom of teaching, of research, and of opinion.
 7. To provide appropriate procedures for release and dismissal so that faculty members may be guaranteed adequate notice and a fair hearing of complaints bearing on their security.
- B. It is assumed that some university positions by their very nature can be filled satisfactorily by persons whose graduate study is limited to the master's degree. It should, therefore, be understood that the terminal point in academic rank for some teachers is that of assistant professor. However, the terminal point in salaries for superior teachers of ten or more years' experience may exceed the maximums when in the judgment of the administration that is right and proper. Subject matter fields rich in content, in depth and breadth, require seasoned, scholarly men and women as teachers. For teachers in these fields the two upper academic ranks are primarily reserved. As evidence of their scholarship, these teachers should possess the terminal degree. New entrants to the faculty whose services as teachers include scholarly interpretation of content courses and subjects should possess the terminal degree.
- C. It will be the duty of the university administration to withhold salary raises for persons of all ranks if they cease to grow professionally and widen their influence as college teachers. According to the provision of the salary scale, the administration will be free to give salary increases in line with a teacher's worth to the university. "Worth to the university" may be measured by criteria for promotion listed in Section V. Through such provision, an impelling incentive is given for best

service to the institution. It is not assumed that the possession of the highest earned degree carries with it immunity from the necessity of further study, nor that it is a *sine qua non* of good classroom teaching.

SECTION II. Definitions

See Faculty Constitution.

SECTION III. Committees

See Faculty Constitution.

SECTION IV. Requirements for Academic Ranks; Initial Appointment and Advancement

A. Rank for Incoming Members of the Faculty

1. New members of the faculty shall be assigned academic rank and salary by the university administration on the basis of qualifications for the various ranks established in Section IV. B, C, D, and E.
2. Experience has shown, however, that on certain occasions special problems arise in connection with the determination of academic ranks and salaries of new entrants to the faculty. Such problems usually involve the evaluation of related work experience, private instruction without college credit, and the procurement of faculty in fields of extreme scarcity. If at any time the administration feels that it is advisable to assign rank or salary above that to which a newcomer is entitled under this plan, the recommendation shall come from the department chairman after he has conferred with the members of his department, especially those who hold ranks which are comparable to or above that of the new member of the department. The Faculty Personnel Committee shall be provided with a written explanation by the Vice President for Academic Affairs.
3. Should new faculty members be employed at salaries higher than those being paid to current members of the staff who hold positions with comparable responsibilities and who have equivalent training, experience, and competence, the latter shall be compensated in like manner. The competence is to be determined by the chairman of the department in consultation with other members of the department with equal or higher rank.
4. The Vice President for Academic Affairs shall send to the Faculty Personnel Committee a summary statement concerning each new faculty member which will include training, experience, and salary and rank assigned.

B. Requirements for the Rank of Instructor

1. Except as provided below, for entrance as an instructor the applicant must have at least a master's degree from an accredited college, with a major in the teaching field.
2. However, in certain special areas in which professional achievement is of unusual importance, or in which personnel holding higher degrees are extremely scarce, the

bachelor's degree or its equivalent may be sufficient for acceptance as an instructor.

3. The candidate must have expressed an interest in college teaching, and his character reputation must be above reproach.

C. Requirements for the Rank of Assistant Professor

1. He must show promise of superior worth to the university and the community.
2. He must have had at least three years of satisfactory teaching experience in institutions of higher learning, or other experience deemed equivalent, or the terminal degree in his teaching field.
3. He must have completed beyond the master's degree at least fifteen hours of graduate work in his teaching field or in courses that are acceptable to the dean of his college.
4. However, in certain special areas where professional achievement is of unusual importance, or in which personnel holding higher degrees are extremely scarce, the securing of the master's degree or its academic equivalent may be considered as sufficient for promotion to assistant professor.
5. Character reputation above reproach.

D. Requirements for the Rank of Associate Professor

1. He must show evidence of superior worth to the university.
2. He must have had at least six years' satisfactory teaching in institutions of higher learning, or other experience deemed equivalent. Faculty members with earned terminal degrees are eligible for appointment to the rank of associate professor in four years.
3. He must have completed beyond the master's degree at least thirty hours of graduate work in his teaching field or in courses that are acceptable to the dean of his college or have earned 60 hours of graduate work toward the terminal degree.
4. Interest in scholarship as evidenced by some publication activity in the form of research papers, creative writing and other forms of creative expression, book reviews, etc.
5. Character reputation above reproach.

E. Requirements for the Rank of Professor

1. He must show evidence of superior worth to the university.
2. He must give evidence that his service in the future will be of increasing worth to the university and the community.
3. He must have had at least eight years' teaching experience in institutions of higher learning, or other experience deemed equivalent.
4. He must have the highest earned degree recognized in his field.

within the institution, professional persons outside the institution, students (present and past) and administrators.

- B. In addition to teaching effectiveness, all the following criteria may be considered to determine an individual's eligibility for promotion:

1. Research and scholarship: publication, creative productions, and other scholarly attainments.
2. Professional recognition: awards, fellowships, state and national office, etc.

3. In any case of dismissal for cause, the procedure as formulated by a joint conference of committees from the Association of American Colleges and the American Association of University Professors shall be followed.
4. The Faculty Personnel Committee shall serve as the preliminary hearing committee in cases involving termination for cause of a continuous appointment or the dismissal of a faculty member on probation previous to the expiration of an annual contract, in

accordance with the 1958 Statement on Procedural Standards in Faculty Dismissal Proceedings of the AAC and AAUP. In such cases, the University Council shall serve as the hearing committee as specified in section four of the above statement. It is mandatory for nonacademic employees hired after February 1, 1974, and for nonacademic employees hired prior to February 1, 1974, who elected to be covered by the new leave policy.

For other nonacademic personnel who elected to remain under the previous leave policy, accrual of sick leave began as of the effective date, November 1, 1968. Provisions of this policy are described below.

A. Coverage

1. Sick leave as herein outlined shall be accorded to all permanent nonacademic employees. All other nonacademic employees shall qualify for sick leave upon the completion of thirty (30) days full-time or equivalent part-time employment.
2. Students employed on a part-time basis through campus and federal work programs are not eligible for sick leave provisions.

B. Conditions

 - a. Illness on the part of or injury to the employee incapacitating him for duty.
 - b. Death in the immediate family of the employee. This provision shall be understood to include time required for travel to and from, and attendance at the funeral; the immediate family may be defined as: the father, mother, son, daughter, brother, sister, husband or wife, mother-in-law, father-in-law, brother-in-law, sister-in-law, daughter-in-law, grandmother, grandfather, granddaughter, grandson, step-mother, step-father, and step-children.
 - c. Illness in the immediate family (see the preceding paragraph) of such a critical nature as to require the presence of the employee: This

provision shall not be construed to cover absence for the purpose of nursing or caring for members of the family not declared by the attending physician to be critically ill.

- d. Exposure to a contagious disease and determination by an appropriate health authority or his superior that the presence on duty of the employee may jeopardize the health of others.
- e. Illness due to pregnancy may be charged to sick leave under the same conditions applying to any illness. WEST VIRGINIA COURT OF CLAIMS

The West Virginia Legislature has created a "court of claims," (Section 4, Article 2, Chapter 14, Code of W. Va., as amended). This statute provides an individual, company or corporation who believe that they have a claim against the State a procedure to seek relief, even though it may be termed only a moral obligation. The State provides this procedure in lieu of insurance coverage for every possible risk.

REMISSION OF TUITION AND REGISTRATION FEES FOR GRADUATE AND TEACHING ASSISTANTS

Tuition and registration fees are waived for graduate and teaching assistants approved by the Dean of the Graduate

School. The Student Activity-Service fee is not waived and must be paid.

STUDENT EMPLOYMENT SYSTEM

All student employment is administered by the Financial Aid Office. University units seeking student help should elicit the services of this office.

Applications for employment of student employees must be made with the Financial Aid Office via a written job request. All positions requested must be approved by the respective department chairman, academic dean or administrative director. Once the position has been approved, the Financial Aid Office will send students to the requesting unit for interviews.

Each student authorized for work-study employment by the Financial Aid Office will present to the interviewer an Introduction Sheet and a Marshall University Personnel Action Request form. Only students possessing these forms should be interviewed by the university unit, unless other arrangements have been approved by the Financial Aid Office.

An Introduction Sheet will direct the student to the university unit requesting student employees. The student's name, requested position, and employment authorization are also indicated on the Introduction Sheet. When a student has been selected for employment by the unit, Part I of the Introduction Sheet must be dated and signed by the unit supervisor and student employee. The Marshall University Personnel Action Request form must also be completed and returned to the Financial Aid Office at this time. The P.A.R. must be typed and signed by the department or unit supervisor.

The Payroll Department will issue an IBM timecard each month to the university unit employing students. This timecard must be signed by the supervisor and submitted to the Payroll Department on the last day of each month. The supervisor is responsible for any errors appearing on the student's timecard. Any timecard not properly completed and signed will be returned to the supervisor. This delay will cause the late receipt of the payroll check by the student employee. This situation is regarded as justification for the Financial Aid Office to reassign the student to another university unit for the remainder of the employment term. Questions concerning student payrolls should be directed to the Payroll Department. Questions concerning the conduct of a student employee should be directed to the Financial Aid Office.

Payrolls are prepared for transmittal during the first week of each month following the previous month's pay period. Student employees' checks are disbursed by the Cashier's Office approximately ten days after the transmittal has been submitted.

Students must be enrolled and attending classes to be eligible for employment. Work-Study students may work while not enrolled and not attending classes during the summer. Student employees may not work during the weeks of semester break and vacation periods without the express

consent of the Financial Aid Office.

Work and pay specifications are subject to changes as required by the university's participation in federal assistance programs and by the availability of federal and state funds. The designated rate of pay is in accordance with the minimum wage as set forth by federal law.

Under no circumstances may a student be paid for more than the maximum hours provided in the program. Student employees will be paid only for the number of hours actually worked, and these hours must be verified by the supervisor.

PURCHASING

No individual has the authority to enter into purchase contracts or in any way obligate Marshall University for a procurement indebtedness unless specifically authorized to do so by the President, Vice President for Business Affairs, or the University Director of Purchasing. Any such negotiations are considered as unauthorized purchases and the individual will be held personally accountable.

All equipment and supplies requested by faculty or staff members must be requisitioned by means of the Purchase Requisition Form. Requisition forms are available at the Purchasing Office, Room 201, Old Main. Each requisition originated by a faculty or staff member must contain detailed specifications and must be signed by the proper department chairman, dean or department head and vice president. After approvals, the requisition is forwarded to the University Purchasing Office for processing.

All equipment, supplies, commodities and printing, by state statute, must be purchased by the Purchasing Division of the State Department of Finance and Administration. Approval of the purchase is indicated when copies of a state purchase order are returned to Marshall University. One of these copies is then sent to the originating department. This purchase order must be checked carefully and if errors are discovered the University Purchasing Office must be contacted immediately.

The University Purchasing Director should be contacted when there is need for an emergency or unique purchase, or when there is only one known source of supply.

The vice presidents, deans and program directors shall make certain that obligations do not exceed available resources.

TRAVEL AND UNIVERSITY MOTOR POOL REGULATIONS

Employees of Marshall University may travel on state business by state car, personal car or other mode of transportation and receive reimbursement for expenses, in accordance with state statutes and regulations promulgated by the Governor's Office.

Information pertaining to travel and University Motor Pool regulations governing all Marshall University employees is available in the office of each university department chairman.

V.

ACADEMIC REGULATIONS

MINIMUM NUMBER IN CLASS

Undergraduate classes should have a minimum of ten students and graduate classes a minimum of six.

IBM CLASS CARD

A faculty member shall not admit a student to class until he or she has an IBM class card from the Registrar's Office.

STUDENT ATTENDANCE POLICY

"A student should recognize that one of the most vital aspects of a college experience is attendance and participation in classes and that the value of this academic experience cannot be fully measured by testing procedures alone.

"The members of the student body are considered sufficiently mature to appreciate the necessity of regular attendance, to accept this personal responsibility, and to demonstrate the kind of self-discipline essential for such performances.

"It is the responsibility of each individual instructor to evaluate the importance of student class attendance for his classes. Accordingly, each instructor prepares at the beginning of each semester a written statement setting forth his policy for consideration of unexcused absences, make-up examinations, and related matters, which will be in force for that semester. The statement is filed with the chairman of his department and a statement of policy on attendance appropriate to each class is read at the first class meeting.

"In those classes where marked violations of class attendance policy occur, the instructor may notify his dean so that every effort can be made to find and counsel the student whose academic prospects are being jeopardized by non-attendance.

"Absences such as those resulting from illness, death in the family, or institutional activities (those approved by the academic deans, such as debate, artistic performances and athletics) are to be excused when a student reports and verifies them to his instructor. For such excused absences, the students should not be penalized."

Adopted - General Faculty Meeting, May 12, 1970

EXCESSIVE ABSENCES

Excessive absences must be reported to the academic deans on an Excessive Absence report form obtainable from the deans offices.

REPORT OF ABSENCES OF VETERANS

Members of the faculty will report to their respective deans and the Registrar the daily absences of veterans only. Reports will be turned in each Friday on absences occurring during that week.

FINAL EXAMINATION SCHEDULE

The final examination schedule is printed in the Parthenon prior to the examination period. No exceptions to the printed schedule are permitted except those approved by the student's academic dean.

CHEATING

Marshall University considers cheating to be a serious breach of academic discipline and absolutely condemns this and any form of academic dishonesty, on or off campus, for whatever purpose it may be pursued.

Cheating shall be defined generally as any act of a dishonorable nature which gives the students engaged in it an unfair advantage over others engaged in the same or similar course of study and which, if known to the classroom instructor in such course of study, would be prohibited. Such cheating shall include, but is not limited to, the following: securing or giving unfair assistance during examinations or required work of any type; the improper use of books, notes, or other sources of information; submitting as one's own work or creation any oral, graphic, or written material wholly or in part created by another; securing all or any part of assignments or examinations in advance of their submission to the class by the instructor; altering of any grade or other academic record; and any other type of misconduct or activity which manifests dishonesty or unfairness in academic work.

The university fully expects its students to conduct themselves in a dignified and honorable manner as mature members of the academic community, and assumes that individually and collectively they will act to discourage acts of cheating. The university also expects complete and absolute cooperation among administrators, faculty, staff and students in the prevention of cheating, in detecting those who cheat, and in providing appropriate punishment for offenders. It shall be the special responsibility of the individual classroom instructor to establish with each class learning and testing conditions which minimize possibilities of cheating, to make every reasonable effort to detect those who cheat, to take appropriate action against such persons, and to prevent repetitions of such academic dishonesty.

Since each classroom instructor may modify the general definition of cheating to fit the immediate academic needs of his particular class, it shall be the instructor's responsibility where this is done to make clear to students the details of any such departure from the general definition.

Major responsibility for punishment of cheating offenders shall lie with the individual instructor in whose classroom or course of study the offense occurred. Such punishment shall be based upon the severity of the offense, circumstances surrounding the act, causes for the behavior, whether it is a repetition of a previous offense, and such other factors as the instructor may consider pertinent, and may range from a reprimand to failure in the course with or without a remanding of the offender to other university officials for additional action. Where the offense is particularly flagrant and/or it is known to the instructor that the person has been guilty of one or more such offenses in the past, the instructor shall communicate the details of the offense and the action he has taken to the appropriate university officials with his recommendation for additional punishment or action. If the cheating offense involves a violation of any local, State, or National law, the instructor shall communicate the details of the offense and any action taken, without delay, to appropriate university officials for additional action. Beyond the action taken by the individual classroom instructor, university officials may place the student on social and/or academic probation, place a written account of the offense in the student's permanent record file, expel the student from the university, remand the student to proper law enforcement

officials for legal action, or take such other steps as may seem appropriate and reasonable.

A student charged with a cheating offense may appeal from the action of the classroom instructor to a Review Committee consisting of the Vice President for Student Affairs, the Dean of the College in which the student is enrolled, the Chief Justice of the Student Court, and two faculty members appointed for each individual case by the University Council. This committee may make such additional investigation as it may desire, shall hear all evidence in the case, and shall affirm or reverse, in whole or in part, the action of the instructor. The Review Committee shall be a special sub-committee of the Student Conduct and Welfare Committee, and shall deposit a record of its actions with the chairman of that committee.

A student may appeal from the action of the Review Committee to the President of the university, who may affirm or reverse, in whole or in part, the action of the Review Committee.

Appeals by the student to the Review Committee or to the President shall be made within thirty days of the time disciplinary action is taken or the appeal decision has been handed down; and as a part of such appeals the student may seek such legal or other assistance as he may deem advisable.

A copy of the approved cheating regulations shall be carried in all college and university catalogs, in any student handbook distributed to incoming students, in any freshman orientation issues of the student newspaper, and in any literature generally distributed as part of orientation classes. It shall be the responsibility of each classroom instructor each semester to either remind classes of these regulations or to indicate where they may be read, indicating at this time any variations which will be followed by that instructor's classes with respect to such regulations.

In all phases of enforcement of the cheating regulations due care and diligence shall be taken by instructors and others concerned to see that charges are made only upon sufficient knowledge and that each student so charged is treated with fairness and consideration.

GRADE REPORTING

Grades are reported to the Registrar's office at the end of each semester or term. Class listings for grade reporting are provided by the Registrar's office during the examination period. Detailed instructions for reporting grades accompany the listings.

The faculty member's signature shall be at the bottom of each grade slip. Initials are not acceptable. Each faculty member shall deliver grade reports to the Registrar's office in person and remain until the lists can be checked by the designated person. Grade reports should never be placed in mailboxes or delivered by students.

Faculty members must turn in grade reports by the deadline indicated for each term. Failure to meet the deadline will delay the total grade reporting process.

Accuracy in the reporting of grades is most important. An incorrect grade may mean the loss of GI benefits, the failure of a student to be admitted to a professional or graduate school, the loss of deferment from military service or the loss of an opportunity to return to school.

If an error in reporting a grade or new evidence concerning a student's work makes a grade change necessary, the faculty member should explain the circumstances and propose the change in a letter to the department chairman and to the academic dean. If approval is given, the faculty member goes to the Registrar's office, makes the change, places his or her initials opposite the new grade, and indicates the date on

which the change was made. Grades reported for graduating seniors cannot be changed.

A faculty member's grade report becomes a basic record in the Registrar's office. It should be filled out accurately and neatly, preferably with a typewriter. (See current Catalog for regulations concerning Incomplete (I) grades.)

GRADE APPEAL PROCEDURE

Steps outlined in this procedure should be followed.

1. The student should first have a discussion with the course instructor to determine whether the grade recorded in the Registrar's Office is correct.

2. If the procedure in Step 1 does not have a mutually satisfactory result, either party may appeal to the Department Chairman. The Chairman will attempt to mediate the issue at the departmental level.

3. Should the problem not be resolved at the departmental level, either party may appeal in writing to the Dean of the College in which the course is offered. The Dean will attempt to bring it to a mutually satisfactory solution through mediation.

4. Should the problem not be resolved at the College level either party may appeal in writing to the Chairman of the Academic Planning and Standards Committee who will appoint a Review Committee as a special subcommittee of the Academic Planning and Standards Committee to be constituted as follows:

- a. Two members of the Academic Planning and Standards Committee, one of whom will serve as chairman.
- b. The academic dean in whose college the course is offered.
- c. The Chief Justice of the Student Court.
- d. A student member of the Student Conduct and Welfare Committee.

5. The full report of the action of the special subcommittee will be sent to the Academic Planning and Standards Committee which will hold further hearings.

6. Further appeal should be to the governing state board in accordance with appeal procedures set up by that body.

7. Initial appeal must be within sixty days of the mailing of grades from the Registrar's Office.

8. This procedure will be effective from the date of adoption by the faculty.

Adopted - General Faculty Meeting, November 11, 1969

NOTE: In the case of graduate students "academic dean" refers to the Dean of the Graduate School. Appeal of a graduate comprehensive examination result may occur only after the second attempt to pass the examination.

POSTING OF GRADES

To comply with the regulations of the "Privacy Act of 1974" (Public Law 93-579 of the U.S. Congress), faculty members are required not to post grades of students. The Act prohibits disclosure of any records "from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual."

TUTORING BY FACULTY MEMBERS

A faculty member must have the approval of his or her department chairman and the academic dean before tutoring Marshall University students for pay.

VI.

FACULTY RESPONSIBILITIES RELATED TO STUDENT LIFE

STUDENT ORGANIZATION ADVISORS

It is a requirement that approved campus organizations have one or more advisors who are members of the university faculty or staff. Exceptions are made for faculty spouses if approved by the Student Conduct and Welfare Committee. The role of the faculty or staff member serving as an advisor in the organization is an important one in aiding students to obtain full benefits from extracurricular activities. The faculty member is instrumental in assisting students in developing programs and receiving maximum benefit from university and community resources and working within university regulations. The faculty member who is interested in aiding student organizations should contact the Office of the Dean of Students.

CONFIDENTIALITY OF RECORDS

Academic and disciplinary records are confidential matters between the student and the institution. Policies must ensure that these records can be viewed only by the student and authorized campus personnel, and then for specific purposes, and that records may be discussed with others only

upon authorization of the student. The student's right to privacy further entails that procedures be established to preclude illegitimate use of evaluations made of the student, including achievement, aptitude, ability, interest, and personality tests. Students and university personnel who wish to review a record must make a specific request to the individual responsible for the direct supervision of the records.

CHAPERONES FOR STUDENT SOCIAL ACTIVITIES

Faculty and staff members are asked to cooperate when requested to volunteer their services as chaperones at student functions.

ATTENDANCE AT UNIVERSITY EVENTS

Students having scheduled classes or laboratories which conflict with university events may be excused by the instructor to attend such events.

No instructor may require a student to attend an event if the student has a regular scheduled class or laboratory which conflicts with the time of the event.

VII.

UNIVERSITY REGULATIONS AND PROCEDURES

OFFICE HOURS

Office hours in university administrative offices are 8 a.m. to 4:30 p.m. Monday through Friday. Each director shall be responsible for having the appropriate offices open at other times when there is need for them to be open.

Faculty members will post office hours to fit their class schedules.

RECEIVING DEPARTMENT

This department is located in the Maintenance Building at the corner of Virginia Avenue and 20th Street. All items delivered to the campus go to the receiving and inventory department to be inventoried and distributed to the departments requesting them. Equipment may not be transferred from one part of the campus to another without prior approval of the University Purchasing Director.

INSTRUCTIONAL SUPPLIES

The Superintendent of Buildings and Grounds will provide chalk, erasers, desks and chairs for each classroom upon receipt of a signed request from the department chairman.

EXPENDABLE OFFICE SUPPLIES

Expendable supplies are available from the Receiving Department. Requests for supplies should be made to the Receiving Department on forms provided for that purpose.

SPACE RESERVATIONS

Reservation of the educational facilities of the university for programs, meetings, etc. can be granted only after the necessary spaces have been reserved for the regularly scheduled functioning of the university in all its departments. Requests for such special reservations should be made in line with the regulations stated here.

Classrooms, the Science Hall Auditorium, Smith Hall Room 154, and the conference rooms in Smith Hall are assigned by the Registrar. Old Main Auditorium is assigned by Mr. Bruce Greenwood. The Music Recital Hall is assigned by the chairman of the Department of Music.

Health, Physical Education, Recreation and Intramural facilities, such as the gymnasiums, playing fields, tracks, tennis courts and the swimming pool are assigned by the Chairman of Health, Physical Education, Recreation Department (GH104A), 696-6490. All requests must be submitted in writing at least two weeks prior to their anticipated usage to the Chairman of HPER for consideration by the Facilities Priorities Committee. Fairfield Stadium is scheduled by the Athletic Department, 696-3190.

Faculty office assignments are made by the academic deans, in consultation with the Director of Physical Plant Operations and department chairmen.

Requests for facilities handled by the Registrar must be made at least 24 hours in advance of the date the facility is to be used. The request should be submitted in writing.

The use of the educational facilities of the university is limited to university recognized organizations and to those civic organizations which serve an educational purpose and which are nonpolitical and nonsectarian. It will not be possible

to confirm any reservations prior to the end of the late registration period of any semester or term as the educational needs of the institution must have first priority on all facilities.

CHANGE IN CLASSROOM ASSIGNMENT

Faculty members desiring a change in classroom assignment must contact their department chairman who will then request the change through the Registrar. If the request is granted, the Registrar will notify the department chairman and the academic dean regarding the change.

CONTROL OF KEYS ON THE CAMPUS

Keys to buildings, offices and classrooms are issued by the Superintendent of Buildings and Grounds to faculty on the request of their department chairmen. Requests for additional keys must be approved by the proper academic dean or other official. Key request forms and key regulations are available at the Office of the Superintendent of Buildings and Grounds.

USE OF UNIVERSITY FACILITIES

The use of university facilities is limited to university-sponsored organizations and to those civic organizations which serve an educational purpose and which are non-denominational and nonpolitical. As a state-supported institution, the university must remain nonpartisan and non-sectarian.

SMOKING REGULATIONS

Smoking is prohibited in classrooms, laboratories, auditoriums, and theater dressing rooms. Classes and organizations meeting in late afternoon or night are not exempt from this regulation.

Smoking is permitted in the corridors.

PARKING REGULATIONS

Marshall University has limited parking facilities on campus. Regulations controlling campus parking facilities are promulgated by the University Security Officers.

Application forms for parking assignments and information pertaining to parking facilities may be obtained through the office of the Vice President for Business Affairs in Room 116, Old Main Building.

USE OF UNIVERSITY BUSES

Information pertaining to the use of university buses for official university business may be obtained from the office of the Superintendent of Buildings and Grounds.

USE OF DRIVER EDUCATION CARS

Cars assigned to the university for use in driver education classes may be used only for driver education instruction work. Any other use of such cars will constitute a violation of the contract between the university and the automobile dealer. If an accident occurs while a driver education car is being used for any purpose except driver education, it may result in a personal liability for either the driver or the university administrator in charge.

POLLS

Faculty members should not take part in polls intended to disclose the position of the university staff, as such, on partisan or other highly controversial matters. This, of course, does not imply any restriction on participation in polls conducted among the general public.

COLLECTIONS AND DONATIONS

No canvassing, peddling, or soliciting is permitted on the grounds or in the buildings of the university without the written permission of the President. Any canvassing, peddling, or soliciting in violation of this order should be reported at once to the President's Office.

USE OF UNIVERSITY NAME AND STATIONERY

Whenever representing Marshall in an official capacity, staff members will use the name of the university and will use Marshall stationery for official correspondence. The university does not wish to become involved in actions with which it is not connected officially. Thus Marshall does not permit the use of its name or the university title of any of its employees in any announcement, advertisement, publication, or report, if such use in any way implies university endorsement of any product or service.

FUND RAISING

All fund raising in the name of Marshall University should be coordinated through the Marshall University Development Office and, if at all possible, funds should be channeled through The Marshall University Foundation, Inc. This coordination prevents duplication of action on the part of university staff and it also points out to our constituent friends that the university does have an overall university development plan.

It is to the advantage of the university's total development program that all requests for funds from any particular university constituent be coordinated through the Development and Foundation Office.

INQUIRIES BY PROSPECTIVE STUDENTS

Many individual staff members receive inquiries from prospective students. Such inquiries should be channeled through the Director of Admissions. The faculty member should acknowledge the inquiry, help in any way he can, and tell the prospective student that his inquiry has been referred to the university Director of Admissions for further action.

COMMENCEMENT

Annual Commencement exercises are held at the conclusion of the second semester. All faculty members march in the academic procession. The order of the procession is published each spring by the parade marshal. If a staff member does not own an academic costume, he may rent one from the Bookstore. Permission to be absent from Commencement must be obtained from the President.

POLITICAL ACTIVITIES

It is consistent with the interests of the university that members of the staff be permitted to participate in the political and governmental activities of the community, under conditions which assure that the university will not become

directly involved in any political activities or suffer from undue diversion of the interests of its employees. Therefore, the following considerations govern political activity;

No employee may use or attempt to use his official authority or position in the university directly or indirectly:

1. To affect the nomination or election of any candidate for any political office.
2. To affect the voting or legal political affiliation of any other employee of the university or any student.
3. To cause any other university employee or student to contribute time and money, whether as payment, loan or gift, to support a political organization or cause.

University employees may not engage in political activity while on university property, while on duty for the university, or while traveling on behalf of the university. "Political activity" is defined as active participation in political management or in political campaigns or knowingly attempting to use official position or influence to promote the success or defeat of a political party or candidate in an election.

GRADE BOOKS

Each faculty member may secure a grade book from his academic dean at the beginning of the fall semester.

FIRE REGULATIONS

It is the responsibility of the university to hold periodic drills in order to acquaint all personnel with building evacuation procedures.

Each instructor has the responsibility to instruct his students in proper safety procedures to follow should an emergency occur.

Periodic announcements of drills with suggested procedures will appear in the university News Letter.

RESEARCH BOARD

Marshall University encourages research by its faculty. A research fund, financed on the basis of institutional grants from public and private sources, is administered through the University Research Board to provide faculty members with research stipends and equipment or supplies beyond the means of departmental budgets. Applications for grants should be made on the forms provided by the Office of the Graduate Dean and be submitted by the officially published deadlines.

CONSULTING AGREEMENTS, PATENTS, COPYRIGHTS AND ROYALTIES

The university is dedicated to the generation and dissemination of knowledge, and its philosophy is to encourage the involvement of the faculty in professional activities such as research, writing and consulting. These activities are encouraged with the understanding that each faculty member has a primary obligation to the university, and that these activities must not interfere with specified university duties and with effective service to the university.

In order to encourage such activities and to protect the rights of both the individual and the university, the following policies have been developed:

Patents:

1. Patent rights from personal and independent

research, with little or no use of university resources, shall be the property of the inventor. Deans and department chairmen shall determine the extent to which university resources and support were used.

2. Patent rights from sponsored research grants, contracts, and fellowships shall be controlled by the terms of the agreements.
3. Patents resulting from activities carried out by faculty members, staff, and students in projects supported entirely or largely by university resources shall be assigned to and controlled by the university. The income will be shared by the university with the inventor on a negotiated basis. In most cases, 15% of the gross income will revert to the inventor.

Copyrights and Royalties:

1. It is the privilege of faculty to copyright their publications and to receive royalties except as noted below.
2. When authorship is an assigned duty on university time, or when a publication is commissioned by the university, the copyright may be claimed by the university.
3. When university funds or resources are specifically allocated to a project which results in a financially profitable publication, the author should reimburse the university in the amount allocated.
4. When the term "University" is used above, it may refer to Marshall University or The Marshall University Foundation, Inc. as determined by the Marshall University Research Board.

Consulting and Professional Services:

1. Whenever university facilities are to be moderately used, arrangements must be made and approval obtained from the department chairman. When a situation places an excessive demand upon university facilities, permission for use will be accomplished by submission of a formal request, through channels, indicating the extent to which university space, services, supplies, and equipment are to be used. The university will determine the appropriateness and the fee to be charged for the use of these facilities.
2. The university community is fully cognizant of and respects the professional ethics of each staff member. In those rare instances where consulting and professional services create doubt as to whether or not the faculty member is adequately fulfilling contractual obligations, the following procedural policy applies.
 - a. No faculty member should accept outside employment involving professional or non-professional services which interfere with or reduce the performance level of regularly assigned university duties. It is the responsibility of the department chairman to confer with the faculty member involved when interference with contractual duties becomes a possibility.
 - b. In instances where the situation is unresolved, the faculty member or department chairman may appeal to the academic dean to resolve the issue. If there still results a lack of agreement among the parties involved, the case should be presented to the Academic Planning and Standards Committee for its consideration and

recommendation to the President.

Approved – Research Board
Academic Planning and Standards Committee
University Council
February 10, 1970.

LEAVING THE UNIVERSITY

Each year faculty members leave the service of Marshall University through retirement, resignation or release. Necessarily, some last-minute responsibilities must be met: That is, grades must be reported to the registrar, class records must be filed with the department chairman, library books must be returned, keys must be returned, etc. As an assurance that these responsibilities have been fully met, the last salary check will be lodged with the respective academic dean and delivered to the faculty member when it has been determined that all responsibilities have been discharged. It will be the responsibility of each academic dean to set up his own clearance procedures.

FACULTY CREDIT TRANSCRIPTS

Every new member of the faculty is required to submit to the Office of Academic Affairs a copy of his or her birth certificate, a small photograph, and official transcripts of all academic credits and degrees. These items should be turned in early in September of the first year of employment. They will become part of the faculty member's permanent file.

Also, each faculty member is responsible throughout his career at Marshall for submitting to the Office of Academic Affairs official transcripts of additional academic degrees and credits, as they are earned. It is important to keep the personal file updated for periodic evaluation as it affects promotion, tenure, etc.

UNIVERSITY SPONSORED TOURS POLICY

Marshall University will encourage and sponsor certain educational tours for academic credit under the following conditions:

1. Each participant in the tour must be registered as a Marshall University student either for course credit or as an auditor.
2. For credit or audit, participants must pay the established registration and tuition fees, resident or nonresident. Student activity services fees are waived for all participants.
3. At least ten members of the tour group must be regularly enrolled full-time students.
4. Marshall University will incur no additional expense over and above the regularly approved fiscal budget.
5. The tour must be conducted by a member of the Marshall University faculty.
6. The university may seek the assistance of a recognized travel agency to provide the arrangements and facilities required to carry out the tour.
7. Evidence of waiver of responsibility of Marshall University and the West Virginia Board of Education by all members of the tour and by parents of minors with respect to liability for accidents, etc., must be furnished to the university.

8. Prior approval of each educational tour must be obtained from the West Virginia Board of Education.

Approved by the West Virginia Board of Education
February 24, 1969
(Carry over policy of Board of Regents)

SELLING ON THE CAMPUS

All solicitation and selling on the campus is prohibited by regulation of the West Virginia Board of Education unless it is done by groups connected with the university and with the approval of the President. (Carry-over policy of Board of Regents).

VENDING MACHINES ON CAMPUS

Vending machines may not be placed on campus without advance approval of the Director of Physical Plant Operations. Pursuant to this approval, placement of such machines must be approved by the office of the Vice President for Business Affairs.

MARSHALL UNIVERSITY LIBRARY

All books, periodicals, documents, pamphlets, and other library materials that can be best organized and made available for use by library methods and are the property of Marshall University, whether acquired through purchase, gifts, exchange, or otherwise for university purposed constitute the Marshall University Library.

The apportionment of the funds used for the purchase of library-type materials, (books, serials, pamphlets and other carriers of information) to the various schools, colleges, departments, and other units of the university is the responsibility of the Director of Libraries with the advice of the Faculty Library Committee.

The Director of Libraries is responsible for the implementation of a system to insure the maintenance of as well balanced and adequate a book collection as funds available will permit. To invite participation in book selection, each department is requested to name a library representative

who will be authorized to coordinate the purchase of library materials for that department.

All expenditures for library materials and arrangements for using them are made under the administrative supervision of the Director of Libraries.

The bibliographical control of library materials must serve the best interests of the respective users. Department collections shall be established and maintained only upon the official approval of the President, the Vice President for Academic Affairs, the pertinent dean and the Director of Libraries.

Duplication of library material already existing in the general library, while sometimes desirable in the interest of teaching, will be based on real need and shall be practical only with reasonable regard for the limitations of library funds.

Since it is estimated that the cost of acquiring, handling, and adding a book that is an outright gift to the average university library is over three dollars and the construction and maintenance of space to shelve each volume is an additional two dollars, and since donors of collections sometimes place restrictions on the use and location of their gifts, no collection is to be accepted for the university library except after consultation between the donor and the Director of Libraries or an official representative of the director's office.

The Director of Libraries will institute policies of centralization in purchasing, cataloging, and other operations whenever economy and efficiency warrant them.

FACULTY MEETING PARTICIPATION

Participation in Marshall University Faculty Meetings is limited to those provided for in the Marshall University Faculty Constitution and to others who may be invited to speak to specific matters. Other persons in the University Community may attend faculty meetings as observers and may be seated in the designated section of the auditorium.

The use of still cameras, motion picture cameras, television cameras, and tape recorders is forbidden except under conditions stated by the President in advance of the meetings.

Members of the press may attend meetings of the Marshall University faculty, other than executive sessions. The representatives of the press will be seated in a specially designated section of the auditorium. They may observe the proceedings but may not take part in them.

(Approved by University Council, November 26, 1975)

Faculty members, like other library patrons, are entirely responsible for books checked out to them. They should not reloan books to students or other members of the faculty. The person who signs for a book when it is withdrawn from the library is solely responsible and entirely liable for its safe return. Certain materials are restricted for use within the library.

The attendants are trained to answer or find answers to almost any question. The service is maintained both on a walk-in and a call-in basis.

MEMORIAL STUDENT CENTER

The Memorial Student Center offers fountain and cafeteria services, dance and meeting facilities, and recreational facilities for students, staff and administrative personnel. The Multi-Purpose Room as well as other meeting rooms may be reserved by campus groups for dances, social affairs, and/or meetings. Specific information regarding the charge for using these facilities may be obtained from the Assistant Manager of the Memorial Student Center who schedules the use of the various rooms.

The station is licensed to the West Virginia Educational Broadcasting Authority. The main facility is located on the Marshall campus with auxiliary production studios in Nitro, West Virginia and transmission facilities on Barkers Ridge outside Huntington.

The station provides a number of additional television programming and program production services for the university and the community. Afternoon and evening programming are primarily devoted to a wide variety of public television programs designed to meet the interests and needs of smaller audience groups within the station's overall coverage area. Daytime programming is directed toward instructional television materials broadcast for in-classroom use.

In addition, facilities are used by Marshall's closed circuit television staff. Marshall University faculty are asked to participate in programming from "one time only" to "full course."

CLOSED CIRCUIT TELEVISION

The Closed Circuit Television Department is located in the Communications Building, with studios and offices on the first and second floors. Contact may be made by telephoning 696-3150 for information in regard to programming.

Programs aired on the system by CCTV can be received at present on six different channels simultaneously. Each department on campus can request television programs that are on file, to be shown in the classrooms at a time and day designated by the professor. If a professor is interested in preparing a TV lesson or program for his class or department's use, arrangements can be made to produce such programs as needed. At present, there is no charge to the department for the use of CCTV services.

In addition, Closed Circuit TV maintains a night schedule for faculty and students. Programs telecast by the department are aired in black and white and color, in designated areas.

ACTIVITIES

ATHLETIC EVENTS

Faculty and staff may purchase tickets at reduced rates through the Ticket Manager, Department of Athletics, Gullickson Hall.

CONSTITUTIONAL INTERPRETATIONS

Vacancies on Faculty Committees:

The Constitution provides for filling committee vacancies but does not define what vacancy is. The University Council considers a vacancy to exist when a committee member cannot fulfill the obligations and responsibilities required. Determination of whether a vacancy does or will exist is primarily the responsibility of the committee chairman. The faculty member should immediately inform the chairman of any change which will prevent him from fulfilling his duties on the committee. The chairman of the committee should then inform the University Council so that it may initiate the necessary action to fill the vacancy. Any person elected to fill such vacancy will serve on a temporary basis until the original member is free to meet his committee responsibilities.

Beginning of Committee Term:

Faculty members selected for committee service begin their terms on September 1. Student members selected for committee service have terms beginning on June 1.

QUORUM REQUIREMENTS IN STANDING FACULTY COMMITTEES

A quorum shall consist of a majority of the voting members unless special rules exist.

Recommended Special Rule:

If a voting member has been absent for three consecutive regularly scheduled meetings or a vacancy has been reported but not filled, he shall not be considered in determining a quorum.

The foregoing shall apply to the University Council, the standing committees and all special committees or subcommittees assigned to a standing committee.

XII.

THE ACADEMIC COMMON MARKET

Marshall University faculty members who are residents of West Virginia are eligible for graduate study on an in-state tuition basis in specific programs in other Southern states which participate in the Academic Common Market.

The Common Market concept recognizes that it is impractical for every state to attempt development of programs in every field of knowledge. Every Southern state has programs which are not offered in some of the other states and which can accommodate additional students. Through the sharing of such programs, the Market assists in eliminating unnecessary duplication and increasing the availability of and access to programs which meet the educational needs of citizens in the participating states. Thus far, the arrangements have been limited to unusual graduate programs.

To enroll as an Academic Common Market student, you must:

- 1) Be accepted for admission into a graduate program to which your state has obtained access for its residents through the Academic Common Market. Application for admission should be made directly to the institution offering the program.
- 2) Obtain certification of residency from the Common Market coordinator in your home state. Contact the state coordinator for certification information.

The graduate opportunities available to residents of Southern states through the Academic Common Market are listed state-by-state in a booklet, "The Academic Common Market," published by the Southern Regional Education Board and available in the Office of Academic Affairs. The participating states have made arrangements so that students entering these programs through the Common Market will not be required to pay out-of-state tuition fees.

The coordinator for West Virginia is:

Dr. John C. Wright
Vice Chancellor and Director of Academic Affairs
West Virginia Board of Regents
1316 Charleston National Plaza
Charleston, West Virginia 25301

POLICY BULLETIN NO. 1

November 17, 1970

With the distribution of Policy Bulletin No. 1, the Board of Regents initiates a formal procedure for disseminating official Board policies to the Presidents of the State Colleges and Universities. Policy Bulletins will be numbered in sequence and it is recommended that a complete file of these Bulletins be maintained at each institution for historical reference.

POLICY REGARDING CURRENT OPERATING EXPENDITURES

It is the policy of the West Virginia Board of Regents that the financial affairs of the state system of higher education shall be conducted according to sound business principles; therefore:

BE IT RESOLVED THAT expenditures of each institution within each major category (Personal Services, Current Expenses, Repairs and Alterations, Equipment) shall be maintained within the sum allotted to the institution for each category,

BE IT FURTHER RESOLVED THAT the payment of all financial obligations incurred during the fiscal year shall be processed according to established procedures within that fiscal year and the duly authorized payment period at the end of the fiscal year (month of July),

BE IT FURTHER RESOLVED THAT at each college and university the president or chief administrator is responsible for the financial affairs of the institution being conducted in full compliance with this resolution.

Recognizing that each major change in the administrative organization or in the structure of colleges, schools, divisions, departments or other administrative units within universities and colleges has budgetary and program implications, the Board has enacted the following Resolution:

RESOLVED THAT the president of each state college and university shall submit to the Board of Regents a request with full justification for any proposed major change in the administrative organization of the institution or in the structure of its colleges, schools, divisions, departments or other administrative and academic units, and

BE IT FURTHER RESOLVED that no such change shall be put into effect without the prior approval of the Board of Regents.

POLICY REGARDING THE APPROVAL OF NEW ACADEMIC PROGRAMS

WHEREAS the West Virginia Board of Regents received a substantially smaller 1971-72 appropriation for personal services, library resources and the development of new programs in the state system of higher education than it has requested, and,

WHEREAS enrollment growth projected for 1971-72 and inflationary factors will require additional expenditures to maintain current programs at a quality level, and

WHEREAS the Board of Regents is committed to the principle of obtaining maximum return to the State for the dollars invested in support of higher education, and

WHEREAS the Board of Regents believes that the expansion of career-technical higher educational opportunities of two years or less duration designed to prepare West Virginians for gainful employment within the State requires priority consideration,

THEREFORE BE IT RESOLVED that during 1971-72 new baccalaureate and graduate degree programs will be approved by the Board of Regents only if economies can be realized through a consolidation or reduction in existing programs sufficient to support new programs and if there is clear evidence that a critical need exists for personnel in West Virginia prepared in such new programs.

RESOLVED, That the "Policies, Rules, and Regulations Regarding Student Rights, Responsibilities, and Conduct in West Virginia State Universities and Colleges" adopted by the West Virginia Board of Regents August 4, 1970 are amended in regard to the following sections which are herewith changed to read as follows:

SECTION 3. POLICIES REGARDING STUDENT RIGHTS AND RESPONSIBILITIES

The submission of an application for admission to an institution represents an optional and voluntary decision on the part of the prospective student to partake of the program and privileges offered by the institution pursuant to the policies, rules and regulations of the Board of Regents and the institution. Institutional approval of that application, in turn, represents the extension of a right or privilege to join the institution community and to remain a part of it so long as the student fulfills the academic and behavioral expectations that are set forth in the policies, rules and regulations of the Board of Regents and the institution.

3.02 Freedom of Association - Students may organize whatever associations they deem desirable, and are entitled to affiliate with any group or organization for which they qualify for membership. However, institutional recognition of student organizations shall be limited to those whose purposes comport with the educational mission of the institution.

5.02 Powers, Authority, and Duties of the Presidents: Delegation of Authority and Responsibility - Any authority, responsibility or duty granted to or imposed upon such a president by these policies, rules, and regulations may be delegated by him, subject to the control of the Board of Regents, to another person or persons on the faculty, staff or student body of the institution of which he is president.

5.06 Powers, Authority, and Duties of the Presidents: Use of Institutional Property or Facilities: Activities Which Interfere With, Disrupt, or Inhibit Institutional Operations - The assertion by any person or persons of rights of speech, assembly, press, or other expression with the intention to interfere with access to, or use of, the institution's property,

facilities, activities, programs or operations by those properly and regularly using the same in expressly prohibited, any rule, regulation, or permission, expressed or implied, notwithstanding.

5.07 Powers, Authority, and Duties of the Presidents: Limitations of Assembly and Student Use of Institution Property or Facilities - Subject to the control of the Board of Regents, when, in the judgment of the president of any institution, an assembly is not in the best interests of the institution or of the individuals concerned, in that it presents a clear and present danger of harm to persons, property or facilities or interference with or disruption of activities, such president or his delegate of authority shall prohibit such assembly and shall take measures to prevent harm to persons, property, or facilities, or to prevent interference with or disruption of activities, as may be necessary in the circumstances or may be reasonably expected to come into existence.

508b. Immediately suspend any student who is found involved in prohibited action or conduct and who is (i) first advised, told, or notified that his action or conduct is prohibited, and who (II) continues such action or conduct in spite of the warning. Such immediate suspension shall be followed with speedy disciplinary proceedings consistent with these policies, rules, and regulations.

After completing a sabbatical leave a faculty member shall not again be eligible until the seventh subsequent year.

(2) Purposes. Sabbatical leave may be granted to a faculty member so that he may engage in research, writing, study or other activity calculated to improve his usefulness to the college or university.

(3) Conditions governing the granting of sabbatical leave. The awarding of sabbatical leave is not automatic but shall depend on the merits of the request and on conditions prevailing in the college or university at the time. Sabbatical leave recommendations will be presented by the President of the institution to the Board of Regents for approval.

The presidents of the state colleges and universities may develop appropriate criteria for determining the usefulness of the proposed activity to the institution and equitable procedures and standards for processing applications for leaves.

(4) Compensation. A faculty member on sabbatical leave shall receive full salary for one semester of 4½ months or half salary for two semesters totaling 9 months. If a faculty member's salary is not paid wholly from state funds allocated

by the Board of Regents, the president shall so inform the Board and justify his recommendation for a sabbatical under such circumstances.

(5) Obligations of the faculty member.

(a) An applicant for a sabbatical leave shall submit to the president in writing a detailed plan of activity which he proposes to follow.

(b) In accepting a sabbatical leave, a faculty member shall sign a statement indicating that he is aware of and agrees to all conditions of the leave, including the repayment provision.

(c) While on sabbatical leave, a faculty member may not accept remunerative employment without the written consent of the president or his designated representative. Fellowships, assistantships and similar institutional stipends shall not be considered remunerative employment.

(d) Upon return from a sabbatical leave, a faculty member shall file with the president of the college or university a written report of his scholarly activities while on leave.

(e) Upon completing a sabbatical leave, the faculty member shall return to the college or university for three years, or repay the compensation received by him during the leave. If he returns for a period of less than three years, the repayment shall be prorated accordingly.

WHEREAS, The Board of Regents at its meeting on June 8, 1971, recognized that the state system of higher education should provide flexible opportunities which facilitate the attainment of individual educational objectives, and

WHEREAS, The Board at that time recorded its intention to establish a policy concerning the transfer of credits and grades which would enable students who complete college-parallel programs in the state community colleges to obtain baccalaureate degrees in two additional years with the possible exception of certain specialized curricula,

THEREFORE BE IT RESOLVED, That the West Virginia Board of Regents establishes the following policy regarding the transfer of student credits and grades between two-year and four-year institutions and between four-year institutions in the public higher educational system of West Virginia.

1. Credit and grades earned for all baccalaureate level courses at any baccalaureate degree-granting institution in the West Virginia state system of higher education shall be transferable to any other institution in the state system.

2. Seventy-two hours of credits and grades earned for college-parallel courses completed at community colleges or branch colleges in the West Virginia system of higher education shall be transferable to any baccalaureate degree-granting institution in the state system.

3. Transfer students must fulfill the graduation requirements of the institution from which they expect to receive a degree.

4. Each institution shall establish reasonable and nondiscriminatory policies that will permit transfer students from within the state system to graduate with honors.

5. Consistent with provisions 1 and 2 above, each baccalaureate degree-granting institution may require transfer students to meet any of the following standards:

- (a) An average of "C" on previous work attempted, provided that the average be determined according to Board-approved regulations applicable to the institution from which the student is transferring.
- (b) An average of "C" on work taken at the degree-granting institution, and an over-all "C" average according to the rules of that institution, as well as any requirement that may be established under provision 3 above.
- (c) The completion of up to 36 additional hours of credit, in residence, regardless of the number of hours transferred.
- (d) The completion of 16 of the last 32 hours before graduation in residence.
- (e) The completion of up to 15 additional hours of credit in his major field regardless of the number of hours and the nature of the courses transferred.

BE IT FURTHER RESOLVED, That any policies of this Board contrary to the foregoing are rescinded.

BE IT FURTHER RESOLVED, That should the president of a college or university determine that unusual and extenuating circumstances exist whereby the loss of services of a teaching faculty member would seriously weaken or harm the instructional function of the institution, the president may petition the Board of Regents to continue the employment of the faculty member on a year-to-year basis beyond the established retirement date and the Board of Regents will consider and act upon each such request provided:

- (a) The petition, with detailed justification of the circumstances involved, is received by the Board not less than four months prior to the established date of retirement of the individual.

POLICY REGARDING QUALITY POINTS REQUIRED FOR GRADUATION

WHEREAS, The quality point averages of undergraduate students at Marshall University, Bluefield State College, Concord College, Fairmont State College, Glenville State College, Shepherd College, West Liberty State College, West Virginia Institute of Technology, West Virginia State College and Southern West Virginia Community College are calculated on the basis of the following regulation which was adopted by the West Virginia Board of Education and included in the minutes of its meeting on August 26-27, 1968:

**Quality Points Required for
Teacher Certification and Graduation**

Quality points are based on the following quality point values for each semester of credit: "A"-4; "B"-3; "C"-2; "D"-1; and "F"-0. The quality point average is computed on all work for which the student has registered with the following exceptions.

- a. Courses with grades of "W" and "WP"
- b. If a student earns a grade of "D" or "F" on any course taken no later than the quarter, semester, or summer term when he has attempted a total of 60 semester hours, and if he repeats this course one time only, the first grade shall be disregarded for the purpose of determining the student's quality point average and the grade earned the second time this course is taken shall be used in determining his grade point average.
- c. This regulation shall be effective only for students entering upon college study for the first time in the fall term of 1968 and thereafter.
- d. The first grade recorded shall not be deleted from the student's record and the second grade shall be entered adjacent thereto.

WHEREAS, Many students, parents and interested citizens have brought to the attention of the Board of Regents the fact that the regulation works to the disadvantage of students who entered college prior to the fall term of 1968, and particularly to the disadvantage of veterans who are returning from the armed services of the United States to resume their college studies, and

WHEREAS, The regulation is not applied in a uniform manner in all institutions as a result of various interpretations, and

WHEREAS, The current regulation of the Board of Education, published in MINIMUM REQUIREMENTS FOR THE LICENSURE OF SCHOOL PERSONNEL 1971, for the calculation of quality point averages for teacher certification is not the same as the regulation adopted by that Board in 1968,

THEREFORE BE IT RESOLVED, That the West Virginia Board of Regents hereby amends the 1968 regulation regarding the calculation of quality point averages for graduation purposes only to read as follows:

Quality Points Required for Graduation

Quality points are based on the following quality point values for each semester of credit: "A"-4; "B"-3; "C"-2; "D"-1; and "F"-0. The quality point average is computed on all work for which the student has registered with the following exceptions:

- a. Courses with grades of "W" and "WP".
- b. If a student earns a grade of "D" or "F" on any course taken no later than the semester or summer term during which he attempts the sixtieth semester hour, and if he repeats this course prior to the receipt of a baccalaureate degree, the original grade shall be disregarded and the grade or grades earned when the course is repeated shall be used in determining his grade point average. The original grade shall not be deleted from the student's record.

Students who began college study prior to the fall semester of 1968 or students whose records include an original grade which was reactivated following the second repeat of a course must make application to the appropriate institutional authority to assure their coverage by this regulation.

BE IT FURTHER RESOLVED, That the institutions in which this regulation applies shall make clear to students the fact that this regulation pertains only to graduation and not to requirements for teacher certification which are within the province of the West Virginia Board of Education, and

BE IT FURTHER RESOLVED, That the Presidents of the colleges and universities shall evaluate this regulation and report to the Chancellor their recommendation for further modification.

POLICY REGARDING THE COLLEGE-LEVEL EXAMINATION PROGRAM

RESOLVED, That the West Virginia Board of Regents hereby establishes the following regulations regarding the use of the College-Level Examination Program in the colleges and universities which comprise the West Virginia state system of higher education.

Regulations Regarding the College-Level Examination Program

The regulations shall govern the use of the College-Level Examination Program (CLEP) of the College Entrance Examination Board in the institutions which comprise the West Virginia state system of higher education. The extent to which the program is utilized by any institution is a matter of institutional prerogative, but credit awarded by an institution in conformity with this policy shall be transferable to all other institutions in the state system.

- (1) Subject Examinations. Students may be awarded

credit for the successful completion of any or all of the CLEP Subject Examinations presently offered or developed in the future. They must achieve a score equal to or above the recommended score of the model policy of the College Board's Council on College-Level Examinations current at the time the examination was taken. Credit shall be awarded for the number of semesters for which the examination was designed. A grade shall not be assigned and the credit will not be included in the computation of the student's grade point average. The institution shall equate the CLEP credit earned with existing course offerings. If no equivalent course is offered by the institution the credit earned by CLEP examination shall be considered elective credit. Students shall not receive CLEP credit for equivalent courses in which they have already earned credit.

(2) General Examinations. An institution may award credit within the limits indicated below to students who attain a score of 500 or above on each section of the General Examinations. The model policy of the Council on College-Level Examinations shall, upon publication, supersede the requirement for a score of 500.

English	6 hours	English Composition Credit
Natural Sciences	6 hours	General Education Natural Science Credit
Humanities	6 hours	General Education Humanities Credit
Social Sciences - History	6 hours	General Education Social Science and History Credit
Mathematics	6 hours	General Education Mathematics Credit

It should be made clear to students that such credit in general education may not meet specific program requirements of the institution awarding the credit or of other institutions to which the student may later transfer. The credit shall then be used as elective credit.

(3) Academic Record. The permanent academic record of the student shall indicate which credit was earned by CLEP examination.

(4) Enrollment. Students must be enrolled in an institution in order to receive credit from the institution. Students who have taken CLEP examinations prior to enrollment must submit an official CLEP transcript.

(5) Review. The Chancellor shall appoint a committee to review these regulations periodically.

POLICY REGARDING DEFINITIONS AND CLASSIFICATIONS USED IN REPORTING LIBRARY HOLDINGS

WHEREAS, The definitions and classifications followed in reporting library holdings vary among the State Colleges and Universities,

THEREFORE BE IT RESOLVED, That the attached definitions and classifications be used by the State Colleges and Universities in reporting library statistics.

COLLEGE AND UNIVERSITY LIBRARIES CATEGORIES FOR REPORTING LIBRARY HOLDINGS

1. Report physical volume count of items which fit the definition.

To determine the holdings of a library, a physical volume count should be reported according to the definition of a volume (see definitions). Books, monographic serials, and periodical publications should be reported in the total count of volumes held at the end of the reporting year. These are included in the volume definition, as are appropriate government documents and technical reports.

For reporting purposes, a volume is a physical unit of any printed, typewritten, handwritten, mimeographed, or processed work contained in one binding or portfolio, hardbound or paperbound, which has been classified, cataloged and/or otherwise prepared for use. Include bound periodical volumes. Include government documents that have been classified and cataloged, counting as a volume such material as is contained in one binding or portfolio.

The term "otherwise prepared for use" includes accessions which have not yet been cataloged. It does not include materials classified by a document classification system. The listing of specific inclusions or exclusions from the comparable area count is as follows:

Exclude:

- (1) Government documents which do not meet the definition of a volume as outlined above;
- (2) College and university catalogs;
- (3) Fragmentary or loose map collections;
- (4) Pamphlets, clippings, unbound newspapers, loose music scores, paintings, prints, phonograph records, and tape recordings;
- (5) Educational curricular materials, such as school texts, curriculum guides, kits and laboratoriali, film strips, records, units of study, circulating periodical collections for student teachers, book jackets, pictures, etc., which are not cataloged or accessed or otherwise meet the definition of a volume;
- (6) Telephone books, trade catalogs and other ephemeral materials.

Include:

- (1) Prints or plates in portfolio;
- (2) Each copy of these which are retained;
- (3) Materials which meet the definition of a volume which are housed in an archives and educational reference material or audiovisual reference books which meet the definition of a volume but which happen to be housed in a curricular lab or an AV section; if they are administratively part of the library.

- (4) Juvenile books if they are cataloged or accessed;
- (5) Bound volumes of newspapers.

2. Omit title count

It is recommended that "titles added" not be reported. Count total current subscriptions (including indexes and government serials) and also subscriptions by title count.

Current subscriptions should include all periodical and serial subscriptions, including newspapers. Total current subscriptions, including duplicates, reflect a library's acquisitions program in relation to its expenditures for library materials and in relation to use, and are consistent with the physical volume count. A subsection, listing number of titles subscribed to, shows depth of coverage and should also be reported.

Service-based subscriptions and monographs received in series will fall into the subscription count, but it is recommended that serially received monographs be included separately in the volume count.

4. Count unbound periodicals by bibliographic volume if this category represents an appreciable segment of the collection. List these separately from total bound volume count.

Unbound periodicals should be counted by bibliographic volume, that is, by publisher's volume. Because a number of libraries refrain from binding extensive periodical holdings for reasons of economy and practicability for circulation, these resources would otherwise go unreported. The opportunity should exist to list unbound periodicals as a separate category from the physical volume count of holdings.

5. Microform:

- a) Count microfilm holdings by reel, as separate total.
- b) Count microfiche and microcard by card, as separate total.
- c) Count ultrafiche by card, as separate total.

Microform is regarded as a separate significant category of holdings. It falls into two broad categories – reels and sheet forms. Although both physical volume and microform share a common role as information sources, it is recognized that accessibility and cost factors add significant differences in terms of library holdings.

Microform represents a format which is less accessible to users than the printed book because its use is limited by the necessary physical equipment, such as micro-readers. It is valuable in locating specific information known to the user, but it is less useful for searching information through indexes, tables of contents, and chapters with the intent of finding needed material instantly. Microfilm in academic libraries is used to reduce storage space required for newspapers and to replace or acquire out-of-print books and periodicals. It is usually of most use in areas where repeated access by many people is not of the highest importance. The more recently established the library is, the more out-of-print material it may lack, which it will probably purchase in microfilm form.

In a number of libraries, particularly the smaller ones, the request for a report of microform holdings in terms of volumes or titles, rather than reels, would result in noncomparability because of differences in counting methods. The situation is aggravated in some cases where small spools of microfilm have been spliced together and each article or part of an article is counted as a separate bibliographic unit. In these cases, we can present a fair picture to the library-user as well as the administrator by consistently reporting total holdings of libraries in terms

of physical units.

Because of these differences, it is recommended that the volume count and reel count not be added to make a total. The recommendation that microfilm be counted in reels is consistent with the physical volume of printed materials.

Microcard and microfiche, which tend to be bought in series, are best reported by the piece, since one serial subscription may cover thousands of cards.

For each of the above categories, list the number added during the year and the number withdrawn during the year.

6. List special collections of library materials not included above only if warranted by depth or amount; count by individual item.

For national statistics, it is not recommended that a further breakdown in reporting be made. However, further breakdown of categories of library holdings may be made for internal administrative uses; and to facilitate comparisons between libraries that wish to do so. A standard method of counting should be adopted by all libraries even for those materials which are not now reported nationally in the event that these items become of national significance at some future time.

Methods for counting nonbook materials are here outlined in order to make them uniform. Count by the piece: broadsides, posters, manuscripts, sheet maps (if bound, include in volume count), pictures, prints, photographs, and unbound sheet music. Prints, maps, or plates in portfolio are counted as volumes. Audiovisual materials should also be counted individually. Slides, filmstrips, video cassettes, and video cartridges should be counted by the piece. Motion picture film is counted by the reel. Sound recordings on disc, cassette, spool of wire, or reel of tape are counted by the physical unit.

Telephone books, college and trade catalogs, etc., are ephemeral and should not be reported. Other material which does not fall into the recommended format for national reporting, but which is of significance due to amount or depth, should be listed by libraries individually.

7. Omit office book-collections and other collections on campus not part of library.

Special material available on campus but not administered by the library should not be counted in the library collection. This includes office book-collections and audiovisual materials which are located on campus but not part of the library holdings.

8. Count government documents by item; do not add to the total volume count. Add periodical subscriptions as in recommendation 3. State whether the library is a full or partial U.S. Government document depository.

Count government documents by item when they do not fit the volume definition; they should be reported separately from the total volume count. In this context, the U.S. Government Documents classification system is not interpreted as "classified" according to the definition of a volume. Pamphlets, press releases, or other unbound materials should not be prorated into volumes. A government publication should be added to the volume count when it is hardbound or paperbound and locally classified.

Since most government documents are published serially, only periodical titles so identified in the February issue of the U.S. Government Publications Monthly Catalog should be counted under current subscriptions.

The question of whether or not a library is a U.S.

Government document depository should be included in order to assist the user in the interpretation of the date for the library.

DEFINITIONS

ANNUAL. VOLUME. For statistical purposes, a volume is a physical unit of any printed, typewritten, handwritten, mimeographed or processed work contained in one binding or portfolio, hardbound or paperbound, which has been cataloged, classified, and/or made ready for use. (See Recommendation I for complete definition.)

POLICY REGARDING THE CONTINUING EDUCATION

UNIT (C.E.U.)

RESOLVED, That the West Virginia Board of Regents recognizing the increasing importance of Continuing Education activities as part of the services rendered by the state system of higher education to the people of West Virginia and recognizing the need for a systematic method of measuring and reporting Continuing Education activities, adopts the Continuing Education Unit (CEU) as defined in the document entitled "Proposal for Measurement of Community, Public and Extension Services" as the Board's official measuring unit for these activities.

Measurement of Community, Public and Extension Services

Community, Public and Extension Services, which include such non-credit activities as short courses, institutes, workshops, etc., shall be measured in Continuing Education Units (C.E.U.) in conformity with the recommendations of the National Task Force to Study the Feasibility and Implementation of a Uniform Unit for the Measurement of Non-Credit Continuing Education Offerings. A Continuing Education Unit is defined as ten contact-hours of participation in an organized continuing education experience under responsible sponsorship, capable direction, and qualified institution.

C.E.U.'s may be awarded as whole units or as tenths of units. For example, a fifteen contact-hour short course would produce 1.5 Continuing Education Units, a ten contact-hour offering 1.0 C.E.U., and a five contact-hour offering 0.5 C.E.U.

The following provisions are essential to the establishment of the C.E.U. as a measuring unit:

1. The number of C.E.U.'s for each activity must be determined and identified through regular institutional procedures in advance of offering the activity.
2. There must be some formal registration or identification of participants.

POLICY REGARDING CLASSIFICATION OF RESIDENTS AND NONRESIDENTS FOR ADMISSION AND FEE PURPOSES

The West Virginia Board of Regents at its meeting November 13, 1973, adopted the following regulations governing the classification of students as residents or non-residents for admission and fee purposes at all institutions under its jurisdiction, effective January 1, 1974.

CLASSIFICATION OF RESIDENTS AND NONRESIDENTS FOR ADMISSION AND FEE PURPOSES

1. General Students enrolling in a West Virginia public institution of higher education shall be classified as resident or nonresident for admission, tuition and fee purposes by the institutional officer designated by the President. The decision shall be based upon information furnished by the student and all other relevant information. The designated officer is authorized to require such written documents, affidavits, verifications, or other evidence as are deemed necessary to establish the domicile of a student. The burden of establishing residency for tuition and fee purposes is upon the student.

If there is a question as to residence, the matter must be brought to the attention of the designated officer and passed upon at least two weeks prior to registration and payment of tuition and fees. Any student found to have made a false or misleading statement concerning his residence shall be subject to disciplinary action and will be charged the nonresident fees for each session theretofore attended.

2. Residence Determined by Domicile Domicile within the state means adoption of the state as a fixed permanent home and involves personal presence within the state with no intent on the part of the person to return to another state or country. West Virginia domicile may be established upon the completion of at least twelve months of continued residence within the state prior to the date of registration, provided that such twelve months residency is not primarily for the purpose of attendance at any institution of learning in West Virginia.

Establishment of West Virginia domicile with less than twelve months residence prior to the date of registration must be supported by proof of positive and unequivocal action, such as, but not limited to, the purchase of a West Virginia home, full-time employment within the state, paying West Virginia property tax, filing West Virginia income tax returns, registering to vote in West Virginia and the actual exercise of such right, registering of motor vehicles in West Virginia, and possessing a valid West Virginia driver's license. Additional items of lesser importance include transferring or establishing local church membership, involvement in local community activities, affiliation with local social, civic, fraternal or service

organizations, and various other acts which may give evidence of intent to remain indefinitely within the state. Proof of a number of these actions shall be considered only as evidence which may be used in determining whether or not a domicile has been established.

3. Minors Minors are defined by the West Virginia Code (2-2-10) as persons under eighteen years of age. The residence of a minor shall follow that of the parents at all times, except in extremely rare cases where emancipation can be proved beyond question. The residence of the father, or the residence of the mother if the father is deceased, is the residence of the unmarried or unemancipated minor. If the father and the mother have separate places of residence, the minor takes the residence of the parent with whom he lives or to whom he has been assigned by court order. The parents of a minor will be considered residents of West Virginia if their domicile is within the state.

A minor student who is properly admitted to an institution as a resident student shall retain that classification as long as he enrolls each successive semester.

4. Emancipated Minor An emancipated minor may be considered as an adult in determining residence, provided satisfactory evidence is presented that neither of his parents, if living, contribute to his support or claim him as a dependent for federal or state income tax purposes.

In the event that the fact of emancipation is established, the emancipated minor assumes all of the responsibilities of an adult to establish residence for tuition and fee purposes. Proof must be provided that emancipation was not achieved principally for the purpose of establishing residence for attendance at an institution of higher education.

5. Students Eighteen Years of Age or Over A student eighteen years of age or over may be classified as a resident if (1) the parents were domiciled in the state at the time the student reached majority and such student has not acquired a domicile in another state, or (2) while an adult the student has established a bona fide domicile in the State of West Virginia. Bona fide domicile in West Virginia means that the student must not be in the state primarily to attend an educational institution and he must be in the state for purposes other than to attempt to qualify for resident status.

Any nonresident student who reaches the age of eighteen years while a student at any educational institution in West Virginia does not by virtue of such fact alone attain residence in this state for admission or tuition and fee payment purposes.

A student who is properly classified as a resident at the time that he reaches the age of eighteen shall continue to be classified as a resident as long as he enrolls each successive semester and does not establish a domicile, or legal residence, in another state.

6. Change of Residence An adult student who has been classified as an out-of-state resident and who seeks resident status in West Virginia must assume the burden of proving conclusively that he has established domicile in West Virginia with the intention of making his permanent home in this state. The intent to remain indefinitely in West Virginia is evidenced not only by a person's statements but also by his actions. The designated institutional officer in making his determination shall consider such actions as, but not limited to, the purchase of a West Virginia home, full-time employment within the state, paying West Virginia property tax, filing West Virginia income tax returns, registering to vote in West Virginia and the actual exercise of such right, registering of motor vehicles in West Virginia and possessing a valid West Virginia driver's license. Additional items of lesser importance include transferring or establishing local church membership, involvement in local community activities, affiliation with local social,

civic, fraternal or service organizations, and various other acts which may give evidence of intent to remain indefinitely within the state. Proof of a number of these actions shall be considered only as evidence which may be used in determining whether or not a domicile has been established. Factors militating against a change in residence classification may include such considerations as the fact that the student is not self-supporting, that he is carried as a dependent on his parents' federal or state income tax returns or his parents' health insurance policy, and that he customarily does not remain in the state when school is not in session.

7. Marriage The residence of a married person is determined by the same rules of domicile which would apply if he or she were not married.

8. Military An individual who is on active military service or an employee of the federal government may be classified as a resident for the purpose of payment of tuition and fees provided that he established a domicile in West Virginia prior to entrance into federal service, entered the federal service from West Virginia, and has at no time while in federal service claimed, or established a domicile in another state. Sworn statements attesting to these conditions may be required. The wife and dependent children of such individuals shall also be classified as residents of the State of West Virginia for tuition and fee purposes. Persons assigned to full-time active military service and residing in West Virginia may be classified as in-state residents for tuition and fee purposes after twelve months continuous location in the state.

9. Aliens An alien in the United States on a resident visa, or who has filed a petition for naturalization in the naturalization court, and who has established a bona fide domicile in West Virginia may be eligible for resident classification, provided he is in the state for purposes other than to attempt to qualify for residency status as a student.

10. Appeal Process The decisions of the designated institutional officer charged with the determination of residence classification may be appealed to the President of the institution. The President may establish such committees and procedures as he determines necessary for the processing of appeals. The decision of the President of the institution may be appealed in writing with supporting documentation to the West Virginia Board of Regents in accord with such procedures as may be prescribed from time to time by the Board.

POLICY BULLETIN NO. 35

Such election shall be made by each individual on or before June 30, 1974 by giving written notice to the institution in the manner prescribed by the president of the institution. The option to elect shall pertain in full to the leave policy hereinafter defined or to the pre-existing policies. Individual elements may not be elected from among the several leave policies. An employee's election of a leave policy shall be effective from the date written notice is received by the institution from the individual.

ANNUAL LEAVE

It is the desire of the West Virginia Board of Regents that employees of the Board shall earn annual leave with the length of leave based on the level of position, responsibility, service, and other factors.

I. Eligibility and Annual Allowance:

Except as otherwise provided herein, employees of the Board of Regents shall accumulate and receive annual leave with pay as follows:

- A. Major Administrators and Faculty with 12-month contracts shall be eligible for 22 days leave per year, calculated at the rate of 1.83 days per month from the date of employment.
- B. Junior Administrative and Professional Employees in certain non-academic salaried and regular hourly classes shall be eligible for 15 days leave per year, calculated at the rate of 1.25 days per month from the date of employment until the end of the 14th year of service. - C. Semi-professional, Technical, Clerical, Maintenance, Service and other related classes shall be eligible for:
 - (1) ten (10) days leave per year calculated at 0.83 days per month until the end of the eighth (8th) year;
 - (2) fifteen (15) days leave per year calculated at 1.25 days per month from the beginning of the ninth (9th) year of employment until the end of the fourteenth (14th) year;
 - (3) twenty-two (22) days leave per year calculated at 1.83 days per month from the beginning of the fifteenth (15th) year of employment for the duration of their employment.
- D. Terms of service described in B and C above shall be total service and does not require continuous service to fulfill the required terms.
- E. Employees working more than one-half time on a regular and continuing basis shall accumulate annual leave on a pro-rata basis.
- F. Annual leave shall not be accorded emergency or short-term employees or students employed on a part-time basis.
- G. A holiday occurring during an employee's leave period shall not be considered as a day of leave.
- H. Accumulated annual leave for continuing employees may be extended beyond that earned during a period of one year by written approval of the president but in no case shall it exceed twice the amount earned in any twelve-month period.
- I. An employee is entitled to accumulated leave at

termination of service but in no case may this exceed the limits set in H above. Leave time may not be earned during a terminal leave period.

II. Other Conditions:

- A. Annual leave at the request of the employee may be granted to an employee because of illness provided all earned sick leave has been used.
- B. Calculation of annual leave shall be based on years of service under the Board of Regents regardless of the location of the employee's work; however, accumulated leave cannot be transferred to a new institution without consent of the administrator of the new institution to which the employee is transferring or being reassigned.
- C. Annual leave shall be arranged to fit operating schedules. However, consideration should be given to an employee's request. Leave may not be taken before it is earned.
- D. In the event of an employee's death, accumulated leave will be credited to the employee's heirs or estate.
- E. Each institution under the Board of Regents shall keep on file a record showing classification of each employee and current leave status.

MILITARY LEAVE

An employee who is a member of the National Guard or any Reserve Component of the Armed Forces of the United States shall be entitled to and shall receive a leave of absence without loss of pay, status, or efficiency rating, for all days in which engaged in drills or parades ordered by proper authority, or for field training or active service for a maximum period of thirty (30) calendar days in any one calendar year ordered or authorized under provisions of State Law. The term "without loss of pay" shall mean that the employee shall continue to receive normal salary or compensation, notwithstanding the fact that such employee may receive other compensation from federal sources during the same period. Furthermore, such leave of absence shall be considered as time worked in computing seniority, eligibility for salary increase, and experience with the institution. An employee shall be required to submit an order or statement in writing from the appropriate military officer in support of the request for such military leave. The terms of this policy shall not apply under the provisions of any Selective Training and Service Act, or other such Act whereby the President may order into active duty the National Guard and the Reserve Components of the Armed Forces of the Federal Government.

LEAVE OF ABSENCE WITHOUT PAY

A full-time regular employee upon application in writing and upon written approval by the institutional President, may be granted a continuous leave of absence without pay for a period of time not to exceed one year provided, if granted because of illness, all sick and annual accumulated leave have been used.

The President, at his discretion, may require the written approval of the supervisor before accepting the written application of an employee for a leave of absence without pay.

The President, at his discretion, shall determine if the purpose for which such a leave is requested is proper and within sound administrative policy.

At the expiration of leave of absence without pay, the employee shall be reinstated without loss of any rights unless the position is no longer available due to a reduction in staff caused by curtailment of funds or a reduced workload. Failure

of the employee to report promptly at the expiration of a leave of absence without pay, except for satisfactory reasons submitted in advance, shall be cause for termination of employment by the institution.

SICK AND EMERGENCY LEAVE

I. Eligibility and Allowance

- A. All full-time employees of the Board of Regents and employees who work more than one-half time on a regular and continuing basis, exclusive of major administrative and faculty personnel, shall be eligible to receive and accumulate sick leave with pay. Full-time employees shall accumulate sick leave with pay at the rate of 1.5 days for every employment month or a major fraction thereof. Part-time employees working more than one-half time, shall accumulate sick leave on a pro-rata basis.
- B. Sick leave with pay may be accumulated to a maximum of ninety (90) work days.
- C. Sick leave may be used by the employee when ill or injured, when a member of the immediate family is seriously ill or when death occurs in the immediate family. For the purpose of administering this leave policy, the immediate family is defined as: the father, the mother, son, daughter, brother, sister, husband or wife, mother-in-law, father-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law, grandmother, grandfather, granddaughter, grandson, stepmother, stepfather, stepchildren, or others considered to be members of the household and living under the same roof.
- D. Disabilities caused or contributed by pregnancy, miscarriage, abortion, childbirth, and recovery therefrom shall be, for all job-related purposes, temporary disabilities and shall be treated the same as any other off-the-job illness or disability would be treated for sick leave entitlement. For this reason, employees shall be entitled to sick leave for their disabilities related to pregnancy and childbirth on the same terms and conditions as they or other employees would be entitled for other illnesses and disabilities. In determining whether an employee is unable to work because of a disability related to pregnancy or childbirth the same criteria shall be used as would be used in the case of another type off-the-job illness or disability.
- E. Sick leave for more than five (5) consecutive days shall not be granted to an employee for illness without satisfactory proof of illness or injury as evidenced by a statement of the attending physician or by other proof satisfactory to the institution. An employee having an extended illness or serious injury shall, before returning to duty, obtain medical clearance to help insure adequate protection.
- F. The institution may require evidence from an employee for verification of an illness or other causes for which leave may be granted under this policy, regardless of the duration of the leave.
- G. In any case where all accumulated sick leave has been used and annual leave is available, it shall be the option of an employee (1) to use any accumulated annual leave until it has also expired rather than being removed from the payroll - or - (2) to retain the accumulated annual leave for use

after return to work, but be taken off the payroll immediately after the accumulated sick leave has expired.

- H. On-the-job injuries or occupational illnesses which involve no more than three (3) days of disability leave or absence from work shall not be charged against the employee's accumulated sick leave. If on-the-job injuries or illnesses require a leave beyond the three-day period, the employee may have the option of either of the following: (1) Using earned and accumulated sick and annual leave until both may be exhausted and receiving any additional benefits adjudged to be due under the West Virginia Compensation Law; (2) reserving for future use any earned and accumulated sick and annual leave and receiving only Workmen's Compensation benefits for which adjudged eligible.
- I. An employee is required to notify his supervisor immediately if ill or unable to work for any reason. The notification shall be given to the immediate supervisor prior to the employee's normal starting time and should include the approximate length of absence. Following two written warnings, failure to report off from work shall be a basis for disciplinary action, which may include suspension, demotion, or discharge.
- J. Students employed on a part-time basis through campus and federal work programs are not eligible for sick leave provisions.
- K. Accumulated sick leave may be transferred with an employee from one institution to another under the control of the West Virginia Board of Regents with approval of the President of the institution gaining the employee.
- L. Sick leave provisions are contingent upon continued employment. When the services of an employee have terminated, all sick leave credited to the employee shall be considered ended as of the last working day with the institution and no reimbursement shall be provided for unused sick leave. Employees who resign in good standing and are later reemployed may have their accumulated sick leave reinstated.
- M. Each institution shall maintain a sick leave record on each employee for computation, audit, and research purposes.
- N. Special emergency leave with pay may be granted by the President of the institution to those regularly employed in the event of extreme misfortune to the employee or the immediate family, provided annual leave is not available. The leave should be the minimum necessary, and in no case may it exceed five (5) days within any fiscal year. Typical events which may qualify an employee for such leave are fire, flood, or other events (other than personal illness or injury, or serious illness or death in the immediate family) of a nature requiring emergency attention by the employee.

WITNESS AND JURY LEAVE

- A. Upon application in writing, a permanent, probationary, provisional or temporary employee of the Board of Regents may be granted leave as indicated hereinafter in this section. Annual leave will not be charged under the provisions of this section.
- B. When, in obedience to a subpoena or direction by proper

authority, an employee appears as a witness for the Federal Government, the State of West Virginia, or a political subdivision thereof, the employee shall be entitled to leave with pay for such duty and for such period of required absence.

- C. When attendance in a Court is in connection with an employee's usual official duties, time required in going and returning shall not be considered as absence from duty.
- D. When an employee serves upon a jury, or is subpoenaed in litigation, the employee shall be entitled to leave with pay for such duty and for such period of required absence.

SPECIAL NOTE: This section of the policy is effective as of the date of enactment on February 3, 1976.

LEAVE RECORDS TO BE MAINTAINED BY EACH INSTITUTION

A complete leave record and file shall be maintained by each college and university for each employee. This record shall disclose at all times accrued leave as well as leave that has been used. The leave record and file for persons employed prior to February 1, 1974 shall include the signed statement of the employee giving notice of the leave policy elected by the individual.

AMENDED POLICY BULLETIN NO. 36

June 11, 1974

(Replaces Policy Bulletin No. 36, March 12, 1974)

POLICY REGARDING ACADEMIC FREEDOM AND RESPONSIBILITY, APPOINTMENT, PROMOTION, TENURE AND TERMINATION OF EMPLOYMENT OF PROFESSIONAL PERSONNEL

RESOLVED, That the West Virginia Board of Regents hereby amends its "Policy Regarding Academic Freedom and Responsibility, Appointment, Promotion, Tenure and Termination of Employment of Professional Personnel," adopted March 12, 1974, for professional personnel in the state system of higher education, and issued as its "Policy Bulletin No. 36," by deleting the language of Paragraph 9-G thereof, and by substituting in lieu of such language Paragraph 9-G as hereinafter set forth on page nine, effective July 1, 1974.

All academic appointments made after the effective date hereof shall be in conformity with this policy statement.

The provisions of this policy relating to qualifications, contracts and tenure status, shall not apply to personnel with an effective date of employment prior to July 1, 1974; provided, however, any such appointee wishing to be covered by these provisions relating to qualifications, contracts and tenure status, may request such coverage in writing prior to July 1, 1974, which request for such coverage, if approved by the President of the institution and the Board of Regents, shall entitle the appointee to coverage, and such coverage shall be

noted in, and become a part of the individual's permanent file.

ACADEMIC FREEDOM AND RESPONSIBILITY, APPOINTMENT, PROMOTION, TENURE AND TERMINATION OF EMPLOYMENT OF PROFESSIONAL PERSONNEL

1. Academic Freedom:

The necessity of academic freedom at West Virginia state colleges and universities is self-evident. The West Virginia Board of Regents recognizes that the vigilant protection of constitutional freedoms is nowhere more vital than in the colleges and universities under its jurisdiction. Faculty members and students must always remain free to inquire, study, and evaluate.

Academic freedom guarantees the liberty of members of the academic community to freely study, discuss, investigate, teach, conduct research and publish, depending upon their particular role at the institution. Administrators shall have the same freedom in these areas. While the term "academic freedom" is most often used in describing the rights of faculty members of a college or university, students are also entitled to the right of academic freedom. To all of those members of the academic community who enjoy academic freedom, there are, commensurate with such freedom, certain responsibilities.

Faculty members, whether tenured or on probationary status, shall be entitled to full freedom in research and in the publication of the results of such research, subject to the adequate performance of their other academic duties which may include designated research, extension service, and other professional duties. Further, each faculty member is entitled to freedom in the classroom in discussing the subject taught. In addition, when faculty members speak or write as citizens outside of the college or university, they shall be free from institutional censorship or discipline.

The concept of academic freedom should be accompanied by an equally important concept of academic responsibility. The faculty member at a West Virginia state college or university is a citizen, a member of a learned profession and a representative of an educational institution. As such, a faculty member, together with all members of the academic community, has the responsibility for protecting, defending, and promoting individual academic freedom and academic freedom for all members of the community. The faculty member is responsible also as a teacher for striving to speak with accuracy and with respect for the similar rights and responsibilities of others. In speaking only as an individual or for a limited group, the faculty member should not imply or claim to be a spokesman for the institution in which employed.

2. Appointment of Academic Personnel:

A. The academic personnel at any of the institutions under the jurisdiction of the Board of Regents shall be those appointees of the Board of Regents at such institution who are assigned by the president of each such institution to academic duties which include teaching, research and/or service. This may include, upon the recommendation of the president of an institution and the approval of the Board of Regents, such professional personnel as librarians and those involved in off-campus service.

B. Academic personnel appointed to render full-time service for the Board of Regents at any of the institutions shall be appointed to faculty positions

in one of the following ranks:

- (1) Professor
- (2) Associate Professor
- (3) Assistant Professor
- (4) Instructor

C. Other appropriate titles which more accurately indicate the nature of the position may be used upon the recommendation of the president of an institution and the approval of the Board of Regents.

3. Service of Academic Personnel:

A. Personnel rendering full-time service to the Board of Regents at one of the institutions, but assigned to administrative or staff duties, either in addition to, or, for the time being, exclusive of, academic duties may, if qualified, be appointed to, or may retain, one of the foregoing faculty ranks in addition to any administrative or staff title.

B. Academic personnel who are expected to render service limited to only part of their working time in any period, or to particular functions requiring only part of their professional attention to duties at an institution, or to only a brief association with an institution, shall be designated part-time and may be appointed to a position with one of the following titles:

- (1) Any of the faculty ranks, but designated part-time, visiting clinical, or adjunct, as applicable to describe the connection or function.
- (2) Lecturer.
- (3) Assistant, designated graduate, research, clinical or adjunct, as applicable to describe the connection or function.

C. The president of an institution shall make all appointments to all positions at the institution, subject to approval of the Board.

D. Every appointment of academic personnel at any institution shall be for one fiscal year, or part thereof, in accordance with and in compliance with the annual budget of the Board of Regents, or supplementary actions thereto, as provided by law.

E. Every such appointment shall be in writing and a copy of the appointing document shall be furnished to the person appointed. Such document shall contain the terms and conditions of the appointment; provided, however, any special understandings stated therein shall be subject to the approval of the Board of Regents, or otherwise such special understandings shall be void.

4. Faculty: Conditions of Appointment:

A. All full-time appointments to the faculty of an institution shall be of two kinds: probationary appointments and appointments with tenure.

B. All part-time appointments, as defined in 3-B, shall be neither probationary appointments nor appointments with tenure, but shall be appointments only for the periods specified in the appointments and for the purposes specified in the appointments with no other interest or right obtained by the person appointed by virtue of such appointment except as specified in such appointments.

C. The appointment of a person to a full-time faculty position at an institution is made subject to the following conditions:

- (1) The appointee shall render full-time service to the institution to which appointed.

Outside activities shall not be restricted unless such activities or employment interfere with the adequate performance of academic duties. The administration of each institution shall establish a program of periodic review of outside services of appointees to guide faculty members.

- (2) If outside employment or service interferes with the performance of the regular institutional duties of the appointee, the institution has the right to make such adjustments in the compensation paid to such appointee as are warranted by services lost to the institution, and institutional equipment and materials used.

5. Joint Appointments:

A. Faculty members may be appointed to perform academic duties at two or more institutions, which duties may include teaching, research, counseling, or other services. For administrative purposes, one institution shall be designated the faculty member's "home institution," which institution shall be responsible for granting promotions, raises in salary and tenure; provided, however, when cause therefore shall occur, appropriate counseling, disciplinary action, etc., shall be the responsibility of the institution where the occurrence arose.

B. The conditions and the details of the faculty member's joint appointment, including the designation of his "home institution" and other special arrangements, which may include reasonable expenses, shall be specified in the contract agreed to by the faculty member and the presidents of the institutions sharing his services. Joint appointments will only be made with the consent of the employee.

C. Full-time faculty members appointed under joint or contractual appointments shall continue to be considered full-time employees of the "home institution."

6. Promotions:

A. Within the following framework each president shall establish, in cooperation with the faculty or duly elected representatives of the faculty, guidelines and criteria for promotion.

- (1) There shall be demonstrated evidence that the promotion is based upon a wide range of criteria such as: excellence in teaching, significant contribution and service to the college community, experience, academic achievement, professional growth, research, potential for continued professional growth, and service to the people of the State of West Virginia.

- (2) There shall be demonstrated evidence that in the process of making evaluations for promotions there is participation of persons from several different groups such as: peers from within and from without the particular unit of the institution, department chairperson, dean, and students.

- (3) There shall be no practice of granting promotion routinely nor of denying promotion capriciously.

- (4) The institution shall submit its guidelines and criteria for promotion to the Board of Regents for approval and shall make

available such guidelines and criteria to its faculty.

7. Faculty Resignation:
 - A. If a member of the faculty desires to terminate an existing appointment at the end of the academic year, or to decline a renewal, notice shall be given in writing at the earliest opportunity. Professional ethics, however, should dictate the consideration of the institution's need for having a full complement of faculty at the beginning of the academic year.
 8. Tenure:
 - A. Tenure is a system designed to protect academic freedom and to provide professional stability for the experienced faculty member. It is a means of protection against the capricious dismissal of an individual who has served faithfully and well in the academic community. Continuous self-evaluation as well as periodic evaluation by peer and administrative personnel is essential to the viability of the tenure system. Tenure should never be permitted to mask irresponsibility, mediocrity, or deliberate refusal to meet academic requirements or professional responsibilities. Tenure applies to those faculty members who qualify for it and is a means of making the teaching and research profession attractive to persons of ability.
 - B. Tenure shall not be granted automatically but shall result from action by the West Virginia Board of Regents upon the recommendation of the president following consultation with the department concerned.
 - C. Tenure status may be attained by all full-time employees who hold faculty rank of Assistant Professor or above and whose major assignment is of an academic nature and shall not be contingent upon promotion in rank.
 9. Probation:
 - A. When a full-time faculty member is first appointed to teach in any of the institutions of higher education under the jurisdiction of the West Virginia Board of Regents, the appointment shall be on a probationary status, except that persons as defined in 3-B shall not be considered as being either on probation or on tenure.
 - B. The terms and conditions of every appointment shall be stated in writing with a copy of the agreement in the possession of both the institution and the individual concerned before the effective date of the appointment.
 - C. The maximum period of probation shall not exceed seven years; and at the end of six years any non-tenured faculty member will be given notice in writing of tenure, or offered a one-year written terminal contract of employment. Any reduction in this period may be determined at the discretion of the president of each institution within the following guidelines:
 - (1) A faculty member appointed to the rank of Instructor shall, if not elevated in rank, serve the maximum seven-year probationary period, and decision thereon shall be made at the end of the sixth year.
 - (2) An Assistant Professor may be eligible for consideration for tenure at the end of three years in that rank and at that institution.
 - (3) An Associate Professor or Professor may be eligible for consideration for tenure at the
- D. All faculty members shall serve a minimum two-year probationary period, except under special conditions established by the institution, the president may recommend to the Board of Regents that an Associate Professor or a Professor be granted tenure at the time of initial appointment.
 - E. Administrative personnel with minor academic assignments shall not accrue service credit toward satisfying the probationary period.
 - F. Employment during summer terms, in part-time positions or during periods of leaves of absence, shall not be credited toward satisfying the probationary period.
 - G. During the probationary period contracts will be issued on a year-to-year basis and appointments may be terminated with or without cause at the end of any contract year. During such probationary period no reason for non-retention or nonreappointment need be given. An appeal from the president's decision as to non-retention may be made by the non-tenured faculty member to the Board of Regents, which will review the decision of the president to determine whether the same has afforded procedural due process and was not in violation of the constitutional rights of the non-tenured faculty member.
 - H. The president of each college or university shall give written notice to non-tenured faculty concerning their retention or nonretention as follows:
 - (1) Not later than March 1 of the first academic year of service.
 - (2) Not later than December 15 of the second academic year of service.
 - (3) At least one year before the expiration of an appointment after two or more years of service in the institution.
 - I. Institutions shall involve the faculty in the periodic review of the performance of academic duties of non-tenured faculty members and the faculty members shall be informed of the results of such review in writing.
10. Grievance Procedure:
 - A. "Grievance" shall mean a claim or complaint based upon an event or condition which affects the welfare or condition of appointment of academic personnel and which does not involve causes for dismissal or termination of employment as defined by 11 herein.
 - B. Each institution shall establish fair and equitable grievance procedures at the lowest administrative level for the purpose of securing equitable solutions to the problems which may from time to time arise affecting academic personnel.
 11. Dismissal and Termination of Employment of Tenured Personnel:
 - A. Causes for Dismissal: The dismissal of a faculty member with tenure, or of any faculty member before the end of a specified period of appointment, shall be effected only pursuant to the procedures provided in these policies, and only for any of the following causes:
 - (1) Demonstrated incompetence or dishonesty in the performance of professional duties.
 - (2) Personal conduct which substantially impairs

the individual's fulfillment of institutional responsibilities.

- (3) Insubordination by refusal to abide by legitimate reasonable directions of the administration or of the Board of Regents.
- (4) Physical or mental disability making the faculty member unable, within a reasonable degree of medical certainty and by reasonably determined medical opinion, to perform assigned duties.
- (5) Substantial and manifest neglect of duty.

B. Termination of Employment: A Tenured faculty member's appointment may be terminated because of a bona fide financial exigency or the reduction or elimination of an existing program at the institution for which no other program or position exists requiring equivalent competency, and only as a last resort after all reasonable efforts have been made to meet the need in other ways. Decisions in these matters shall be reached after a collaborative assessment by administration and faculty, and prompt written notice of such termination shall be given to the faculty member by certified mail.

C. Notice of Dismissal for Cause: The president of the institution shall institute proceedings by giving the faculty member a written dismissal notice by registered or certified mail, which dismissal notice shall contain:

- (1) Full and complete statements of the charge or charges relied upon,
- (2) a copy of any pertinent rules and regulations governing the faculty member's procedural rights, and
- (3) a statement that the faculty member has the right to elect to have the hearing conducted either by the Hearing Committee or a Hearing Examiner.

D. Answer and Service: Within 30 days from the date of the receipt of the dismissal notice the faculty member may file a written answer to the charges. The period for filing the answer may be extended by the president for good cause. The answer shall also contain a request for either a hearing by the Hearing Committee or Hearing Examiner. If the faculty member fails to file a timely answer, the notice of dismissal shall be final.

12. Hearings:

In order to assure a fair and impartial hearing, a dismissed faculty member shall receive a written notice of hearing as hereinafter provided and may avail himself of either one of the following two hearing procedures:

A. Hearing Committee: Each year the faculty of each institution shall elect thirteen faculty members representative of the various ranks in the institution who shall be known as the Hearing Panel. In the event of a vacancy for any cause the faculty shall fill the vacancy.

If the request is for a hearing before the Hearing Committee:

- (1) The president shall furnish the faculty member, in writing, a list of nine of the thirteen faculty members of the Hearing Panel as herein set forth, with instructions to strike four names and return the list to the president within five working days. If for any reason the faculty member fails to strike, the president shall within five

working days strike a sufficient number to reduce the members to five which shall constitute the Hearing Committee

- (2) The president shall promptly notify, in writing, the five members of their selection as the Hearing Committee, and of their need to select from their membership a chairperson, and shall designate a time and place for their meetings to make such selection and to set a date for hearing the charge or charges.
- (3) The chairperson shall give notice by certified mail to the concerned parties of the time and place for hearing the charge or charges which time shall be not less than ten days nor more than twenty days from the date of the notice thereof.

B. Hearing Examiner. If the request is for a hearing before a Hearing Examiner:

- (1) The president shall notify the Board of Regents, which shall appoint a duly qualified disinterested attorney at law as a Hearing Examiner and shall submit the name and address of such Hearing Examiner to the president and to the dismissed faculty member.
- (2) The Hearing Examiner shall determine the time and place for a hearing to be held and shall give notice by certified mail to the concerned parties. Such hearing date shall be not less than ten days nor more than twenty days from the date of appointment of the Hearing Examiner.

C. Hearing shall be Conducted as Follows:

- (1) The Committee or the Examiner will hear such proof of facts as may be deemed proper and reasonable and make such investigation and enter such recommendations as the facts justify and the circumstances may require.
- (2) The hearing will be conducted with as little delay as possible.
- (3) The faculty member shall have the right to have an advisor, but such advisor shall not be a person other than a member of the faculty or staff of the institution, unless specifically permitted by name by the Committee or the Examiner.
- (4) Witness will be examined under the oath in the manner and form and in the order designated by the Committee or the Examiner.
- (5) Formal court rules of evidence shall not apply in such hearings.
- (6) Testimony shall be recorded, and a transcript thereof shall be prepared.
- (7) A copy of the transcript of the testimony together with copies of the exhibits shall be furnished to the faculty member, at no charge, upon his request.
- (8) As soon as practical after the hearing, the Committee or Examiner shall deliver to the president a copy of the record of the hearing with the recommendation of the Committee or Examiner and shall provide a copy of the recommendation to the faculty member. The president shall, within twenty days after receiving the record and recommendation, issue a decision in writing to the faculty

member by certified mail, and such decision shall be final unless the faculty member institutes an appeal to the Board of Regents under the procedure set forth hereinafter.

- D. Amendments: Technical forms and allegations in pleadings are not required to be observed and amendments or supplemental statements may be made and filed at the discretion of the Hearing Committee or the Hearing Examiner.
13. Appeal to the Board of Regents:
- A. An appeal as of right from the final decision of the president of the university or college may be taken by the faculty member by filing a written notice of intent to appeal with the Board of Regents within 10 days after receiving the final written decision of the president.
- B. Within 30 days after filing the notice of intent to appeal, a petition shall be filed with the Board of Regents containing a statement of the reasons why the final decision of the president is in error together with a complete record of the proceedings.
- C. Within 60 days after receipt of the appeal, the Board of Regents shall consider the appeal on the record submitted and may take such action as it deems reasonable and proper in all the circumstances and in answer to all of its responsibilities under the law.
- D. Time is of the essence, and in the event the faculty member fails to file the notice of intent to appeal and the petition of appeal as required in provisions "A" and "B" of this section, the decision of the president shall be final.

DELEGATION OF CERTAIN PERSONNEL AUTHORITY AND RESPONSIBILITY TO PRESIDENTS

Subject to the limitations and conditions set forth in other West Virginia Board of Regents' policy statements and Board-approved budgetary limits, the president of each college and university under the governance of the West Virginia Board of Regents has final institutional level authority and responsibility for each and every personnel action on his or her particular campus, with the exception of decisions on tenure and matters relating to his or her own employment and compensation.

Although each president is to consult appropriately within the campus community on personnel decisions and seriously take into account all such inputs, he or she shall not be bound or, in any manner, limited by faculty or other institutional rule, regulation, report or procedure heretofore or hereafter adopted, made or recommended.

In adopting this policy, the Board of Regents expects that all presidents will make personnel decisions in a fair, lawful, and equitable manner with due regard for the best interests of higher education and the taxpayers of the State of West Virginia.

This policy bulletin addresses itself to those institutions which do not, or could not, hold institutional accreditation under Policy Bulletin No. 15.

I. Policies

- a. The degree to be awarded will be called Associate in Business or Associate in Technology. These degrees will be limited to career programs which do not have general education components.

POLICY REGARDING GUIDELINES FOR INSTITUTIONAL ADMISSIONS POLICIES

Statement of Principles

It is the intent of the Board of Regents that all West Virginia residents shall have access to higher educational opportunities commensurate with their interests and abilities. Working toward this end, the Board continues to encourage the development of academic programs and flexible time-space options which allow citizens throughout West Virginia to develop to the fullest their capabilities for work and fulfillment of life. It is further the intent of the Board that admissions policies at the state supported institutions of higher education should foster the attainment of these broad goals of access to the highest extent possible within the limits of available educational programs and resources.

In recognition of the diverse educational programs offered by the different public colleges and universities and the varying kinds of preparation necessary for successful entry into them, the Board of Regents considers it more appropriate to establish general statewide guidelines than to provide detailed provisions related to admissions criteria and procedures. Accordingly, the Board has identified certain broad policies and provisions around which specific institutional admissions policies and practices are to be developed.

General Admissions Criteria and Provisions

- 1. As a means of ensuring a reasonable chance of success in the educational programs for which students seek

admission and of making the most productive use of state and community resources, state institutions may use, but shall not be limited to the use of, the following criteria in determining admission to institutions and/or institutional programs.

- a. Record of traditional academic performance relative to the requirements of the educational program to which the student seeks entry. Documents and criteria suitable for making such determination may include high school and/or college transcripts, high school equivalency scores, etc.
 - b. Record of nontraditional learning experiences.
 - c. Standardized examinations relative to the requirements of the program to which the student seeks entry
 - d. Recommendations and interviews
 - e. Health records
2. Application of the above criteria may vary so as to be in conformity with the requirements of the levels and types of educational programs (e.g. community college, baccalaureate, graduate and professional) offered at each institution.
 3. While it is not the policy of the Board to exclude nonresidents from state institutions or their programs, preference shall be given qualified West Virginia residents (as defined by Board Policy Bulletin No. 34) in cases where enrollments must be limited.

Institutional Implementation

1. All institutional admissions policies will be submitted to the Board for evaluation in terms of their compatibility with stated Board of Regents policies, institutional goals, and available educational programs and resources. Any amendments to admissions policies shall be submitted to the Board prior to their actual implementation at the institutional level.
2. Institutional admissions policies shall be comprehensive and stated in specific terms and shall include the general admissions requirements of the institution, as well as additional requirements for entry into special or limited enrollment programs.
3. Admissions policies shall be submitted to the Board within a time frame which will allow institutional implementation for the 1977-78 academic year.
4. All institutional admissions policies shall be consistent with existing Board of Regents policies and applicable state and federal regulations regarding nondiscrimination.

Adopted: West Virginia Board of Regents
May 4, 1976

This policy rescinds all previous admissions policies relating to admissions standards and practices which have been issued by the Board of Education and the Board of Governors.

POLICY REGARDING WEST VIRGINIA BOARD OF REGENTS EQUAL OPPORTUNITY AND AFFIRMATIVE ACTION

General Policy:

Based upon Board authority (outlined in the West Virginia Code Chapter 18, Article 26) to hire personnel, purchase materials, make studies and reports, enter into

contracts and carry out other functions, it shall be the general policy of the West Virginia Board of Regents to provide equal opportunity for all qualified persons and to prohibit discrimination in employment because of race, sex, age, color, religion, national origin or handicap.

Allocation of Specific Functions and Responsibilities to Each Board Institution:

Under the Board's additional authority to allocate specified functions and responsibilities among the State colleges and universities, each Board institution shall accept primary and long-term responsibility for the development and implementation of equal opportunity-affirmative action policies consistent with all Board, State and Federal regulations.

Responsibility for the Development and Implementation of Equal Opportunity - Affirmative Action Plans:

Each Board institution and the Chancellor's office shall take the initiative in developing or modifying its own plans to achieve compliance based on a (proposed) model plan developed and updated in the Office of the Chancellor. The president of each institution shall, through appropriate means, establish and maintain a positive program of equal opportunity and affirmative action within his/her jurisdiction in accordance with specific laws and regulations applicable to his/her particular institution. The realistic goals and timetables of each institution shall be vigorously pursued to achieve a proportional representation of minorities and women in the faculty and nonfaculty ranks based on their availability. The effective pursuit of affirmative action requires not only the adoption of an adequate plan, but also result-oriented procedures which ensure the involvement of managers at all levels of each institution.

Duties of Equal Opportunity-Affirmative Action Advisory Council:

The Chancellor shall appoint a seven-member Equal Opportunity-Affirmative Action Advisory Council from among the colleges and universities for the purpose of providing guidance to help facilitate the achievement of Equal Opportunity-Affirmative Action compliance in each Board institution. Under the Chancellor, the Advisory Council shall be responsible for, but not necessarily limited to, the following specific duties and responsibilities:

1. Conducting periodic reviews of institutional Equal Opportunity-Affirmative Action plans and programs providing any assistance that may be required to improve program and realize objectives.
2. Consulting from time to time with the Chancellor, presidents of institutions and/or their assistants on equal opportunity-affirmative action matters.
3. Reviewing copies of equal opportunity reports of all institutions (EEO-6 and others) submitted to Federal agencies responsible for enforcement of laws and regulations and providing consultation to institutions where indicated or requested.
4. Helping assure that current information affecting equal opportunity-affirmative action is disseminated to institutions.
5. Conducting other advisory assignments as directed by the Chancellor.

Statement on Procedural Standards in Faculty Dismissal Proceedings

The following *Statement on Procedural Standards in Faculty Dismissal Proceedings* was prepared by a joint committee representing the Association of American Colleges and the American Association of University Professors and was approved by these two associations at their annual meetings in 1958. It supplements the 1940 *Statement of Principles on Academic Freedom and Tenure* by providing a formulation of the "academic due process" that should be observed in dismissal proceedings. The exact procedural standards here set forth, however, "are not intended to establish a norm in the same manner as the 1940 *Statement of Principles on Academic Freedom and Tenure*, but are presented rather as a guide. . . ."

Introductory Comments

Any approach toward settling the difficulties which have beset dismissal proceedings on many American campuses must look beyond procedure into setting and cause. A dismissal proceedings is a symptom of failure; no amount of use of removal process will help strengthen higher education as much as will the cultivation of conditions in which dismissals rarely if ever need occur.

Just as the board of control or other governing body is the legal and fiscal corporation of the college, the faculty are the academic entity. Historically, the academic corporation is the older. Faculties were formed in the Middle Ages, with managerial affairs either self-arranged or handled in course by the parent church. Modern college faculties, on the other hand, are part of a complex and extensive structure requiring legal incorporation, with stewards and managers specifically appointed to discharge certain functions.

Nonetheless, the faculty of a modern college constitute an entity as real as that of the faculties of medieval times, in terms of collective purpose and function. A necessary pre-condition of a strong faculty is that it have first-hand concern with its own membership. This is properly reflected both in appointments to and in separations from the faculty body.

A well-organized institution will reflect sympathetic

understanding by trustees and teachers alike of their respective and complementary roles. These should be spelled out carefully in writing and made available to all. Trustees and faculty should understand and agree on their several functions in determining who shall join and who shall remain on the faculty. One of the prime duties of the administrator is to help preserve understanding of those functions. It seems clear on the American college scene that a close positive relationship exists between the excellence of colleges, the strength of their faculties, and the extent of faculty responsibility in determining faculty membership. Such a condition is in no wise inconsistent with full faculty awareness of institutional factors with which governing boards must be primarily concerned.

In the effective college, a dismissal proceeding involving a faculty member on tenure, or one occurring during the term of an appointment, will be a rare exception, caused by individual human weakness and not by an unhealthy setting. When it does come, however, the college should be prepared for it, so that both institutional integrity and individual human rights may be preserved during the process of resolving the trouble. The faculty must be willing to recommend the dismissal of a colleague when necessary. By the same token, presidents and governing boards must be willing to give full weight to a faculty judgment favorable to a colleague.

One persistent source of difficulty is the definition of adequate cause for the dismissal of a faculty member. Despite the 1940 *Statement of Principles on Academic Freedom and Tenure* and subsequent attempts to build upon it, considerable ambiguity and misunderstanding persist throughout higher education, especially in the respective conceptions of governing boards, administrative officers, and faculties concerning this matter. The present statement assumes that individual institutions will have formulated their own definitions of adequate cause for dismissal, bearing in mind the 1940 Statement and standards which have developed in the experience of academic institutions.

This statement deals with procedural standards. Those recommended are not intended to establish a norm in the same manner as the 1940 *Statement of Principles on Academic Freedom and Tenure*, but are presented rather as a guide to be used according to the nature and traditions of particular institutions in giving effect to both faculty tenure rights and the obligations of faculty members in the academic community.

Procedural Recommendations

1. Preliminary Proceedings Concerning the Fitness of a Faculty Member

When reason arises to question the fitness of a college or university faculty member who has tenure or whose term appointment has not expired, the appropriate administrative officers should ordinarily discuss the matter with him in personal conference. The matter may be terminated by mutual consent at this point; but if an adjustment does not result, a standing or *ad hoc* committee elected by the faculty and charged with the function of rendering confidential advice in such situations should informally inquire into the situation, to effect an adjustment if possible and, if none is effected, to determine whether in its view formal proceedings to consider his dismissal should be instituted. If the committee recommends that such proceedings should be begun, or if the president of the institution, even after considering a recommendation of the committee favorable to the faculty member, expresses his conviction that a proceeding should be undertaken, action should be commenced under the procedures which follow. Except where there is disagreement, a statement with reasonable particularity of the grounds proposed for the dismissal should then be jointly formulated by the president and the faculty committee; if there is disagreement, the president or his representative should formulate the statement.

2. Commencement of Formal Proceedings

The formal proceedings should be commenced by a communication addressed to the faculty member by the president of the institution, informing the faculty member of the statement formulated, and informing him that, if he so requests, a hearing to determine whether he should be removed from his faculty position on the grounds stated will be conducted by a faculty committee at a specified time and place. In setting the date of the hearing, sufficient time should be allowed the faculty member to prepare his defense. The faculty member should be informed, in detail or by reference to published regulations, of the procedural rights that will be accorded to him. The faculty member should state in reply whether he wishes a hearing and, if so, should answer in writing, not less than one week before the date set for the hearing, the statements in the president's letter.

3. Suspension of the Faculty Member

Suspension of the faculty member during the proceedings involving him is justified only if immediate harm to himself or others is threatened by his continuance. Unless legal considerations forbid, any such suspension should be with pay.

4. Hearing Committee

The committee of faculty members to conduct the hearing and reach a decision should either be an elected standing committee not previously concerned with the case or a committee established as soon as possible after the president's letter to the faculty member has been sent. The choice of members of the hearing committee should be on the basis of their objectivity and competence and of the regard in which they are held in the academic community. The committee should elect its own chairman.

5. Committee Proceeding

The committee should proceed by considering the statement of grounds for dismissal already formulated, and the faculty member's response written before the time of the hearing. If the faculty member has not requested a hearing, the committee should consider the case on the basis of the obtainable information and decide whether he should be removed; otherwise the hearing should go forward. The committee, in consultation with the president and the faculty member, should exercise its judgment as to whether the hearing should be public or private. If any facts are in dispute, the testimony of witnesses and other evidence concerning the matter set forth in the president's letter to the faculty member should be received.

The president should have the option of attendance during the hearing. He may designate an appropriate representative to assist in developing the case; but the committee should determine the order of proof, should normally conduct the questioning of witnesses, and, if necessary, should secure the presentation of evidence important to the case.

The faculty member should have the option of assistance by counsel, whose functions should be similar to those of the representative chosen by the president. The faculty member should have the additional procedural rights set forth in the 1940 *Statement of Principles on Academic Freedom and Tenure*, and should have the aid of the committee, when needed, in securing the attendance of witnesses. The faculty member or his counsel and the representative designated by the president should have the right, within reasonable limits, to question all witnesses who testify orally. The faculty member should have the opportunity to be confronted by all witnesses adverse to him. Where unusual and urgent reasons move the hearing committee to withhold this

right, or where the witness cannot appear, the identity of the witness, as well as his statements, should nevertheless be disclosed to the faculty member. Subject to these safeguards, statements may when necessary be taken outside the hearing and reported to it. All of the evidence should be duly recorded. Unless special circumstances warrant, it should not be necessary to follow formal rules of court procedure.

6. Consideration by Hearing Committee

The committee should reach its decision in conference, on the basis of the hearing. Before doing so, it should give opportunity to the faculty member or his counsel and the representative designated by the president to argue orally before it. If written briefs would be helpful, the committee may request them. The committee may proceed to decision promptly, without having the record of the hearing transcribed, where it feels that a just decision can be reached by this means; or it may await the availability of a transcript of the hearing if its decision would be aided thereby. It should make explicit findings with respect to each of the grounds of removal presented, and a reasoned opinion may be desirable. Publicity concerning the committee's decision may properly be withheld until consideration has been given to the case by the governing body of the institution. The president and the faculty member should be notified of the decision in writing and should be given a copy of the record of the hearing. Any release to the public should be made through the president's office.

7. Consideration by Governing Body

The president should transmit to the governing body the full report of the hearing committee, stating its action. On the assumption that the governing board has accepted the principle of the faculty hearing committee, acceptance of the committee's decision would normally be expected. If the governing body chooses to review the case, its review should be based on the record of the previous hearing, accompanied by opportunity for argument, oral or written or both, by the principals at the hearing or their representatives. The decision of the hearing committee should either be sustained or the proceeding be returned to the committee with objections specified. In such a case the committee should reconsider, taking account of the stated objections and receiving new evidence if necessary. It should frame its decision and communicate it in the same manner as before. Only after study of the committee's reconsideration should the governing body make a final decision overruling the committee.

8. Publicity

Except for such simple announcements as may be required, covering the time of the hearing and similar matters, public statements about the case by either the faculty member or administrative officers should be avoided so far as possible until the proceedings have been completed. Announcement of the final decision should include a statement of the hearing committee's original action, if this has not previously been made known.

1940 STATEMENT OF PRINCIPLES

The purpose of this statement is to promote public understanding and support of academic freedom and tenure and agreement upon procedures to assure them in colleges and universities. Institutions of higher education are conducted for the common good and not to further the interest of either the individual teacher² or the institution as a whole. The common good depends upon the free search for truth and its free exposition.

Academic freedom is essential to these purposes and applies to both teaching and research. Freedom in research is fundamental to the advancement of truth. Academic freedom in its teaching aspect is fundamental for the protection of the rights of the

teacher in teaching and of the student to freedom in learning. It carries with it duties correlative with rights.

Tenure is a means to certain ends; specifically: (1) Freedom of teaching and research and of extramural activities and (2) a sufficient degree of economic security to make the profession attractive to men and women of ability. Freedom and economic security, hence, tenure, are indispensable to the success of an institution in fulfilling its obligations to its students and to society.

Academic Freedom

(a) The teacher is entitled to full freedom in research and in the publication of the results, subject to the adequate performance of his other academic duties; but research for pecuniary return should be based upon an understanding with the authorities of the institution.

(b) The teacher is entitled to freedom in the classroom in discussing his subject, but he should be careful not to introduce into his teaching controversial matter which has no relation to his subject. Limitations of academic freedom because of religious or other aims of the institution should be clearly stated in writing at the time of the appointment.

(c) The college or university teacher is a citizen, a member of a learned profession, and an officer of an educational institution. When he speaks or writes as a citizen, he should be free from institutional censorship or discipline, but his special position in the community imposes special obligations. As a man of learning and an educational officer, he should remember that the public may judge his profession and his institution by his utterances. Hence he should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make every effort to indicate that he is not an institutional spokesman.

Academic Tenure

(a) After the expiration of a probationary period, teachers or investigators should have permanent or continuous tenure, and their service should be terminated only for adequate cause, except in the case of retirement for age, or under extraordinary circumstances because of financial exigencies.

In the interpretation of this principle it is understood that the following represents acceptable academic practice:

(1) The precise terms and conditions of every appointment should be stated in writing and be in the possession of both institution and teacher before the appointment is consummated.

(2) Beginning with appointment to the rank of full-time instructor or a higher rank, the probationary period should not exceed seven years, including within this period full-time service in all institutions of higher education; but subject to the proviso that when, after a term of probationary service of more than three years in one or more institutions, a teacher is called to another institution it may be agreed in writing that his new appointment is for a probationary period of not more than four years, even though thereby the person's total probationary period in the academic profession is extended beyond the normal maximum of seven years. Notice should be given at least one year prior to the expiration of the probationary period if the teacher is not to be continued in service after the expiration of that period.

(3) During the probationary period a teacher

should have the academic freedom that all other members of the faculty have.

(4) Termination for cause of a continuous appointment, or the dismissal for cause of a teacher previous to the expiration of a term appointment, should, if possible, be considered by both a faculty committee and the governing board of the institution. In all cases where the facts are in dispute, the accused teacher should be informed before the hearing in writing of the charges against him and should have the opportunity to be heard in his own defense by all bodies that pass judgment upon his case. He should be permitted to have with him an adviser of his own choosing who may act as counsel. There should be a full stenographic record of the hearing available to the parties concerned. In the hearing of charges of incompetence the testimony should include that of teachers and other scholars, either from his own or from other institutions. Teachers on continuous appointment who are dismissed for reasons not involving moral turpitude should receive their salaries for at least a year from the date of notification of dismissal whether or not they are continued in their duties at the institution.

(5) Termination of a continuous appointment because of financial exigency should be demonstrably bona fide.

INTERPRETATIONS

At the conference of representatives of the American Association of University Professors and of the Association of American Colleges on November 7-8, 1940, the following interpretations of the 1940 *Statement of Principles on Academic Freedom and Tenure* were agreed upon:

1. That its operation should not be retroactive.
2. That all tenure claims of teachers appointed prior to the endorsement should be determined in accordance with the principles set forth in the 1925 Conference Statement on Academic Freedom and Tenure.
3. If the administration of a college or university feels that a teacher has not observed the admonitions of Paragraph (c) of the section on *Academic Freedom* and believes that the extramural utterances of the teacher have been such as to raise grave doubts concerning his fitness for his position, it may proceed to file charges under Paragraph (a) (4) of the section on *Academic Tenure*. In pressing such charges the administration should remember that teachers are citizens and should be accorded the freedom of citizens. In such cases the administration must assume full responsibility and the American Association of University Professors and the Association of American Colleges are free to make an investigation.

The Standards for Notice of Nonreappointment

(Endorsed by The Fiftieth Annual Meeting)

Because a probationary appointment, even though for a fixed or stated term, carries an expectation of renewal, the faculty member should be explicitly informed of a decision not to renew his appointment, in order that he may seek a position at another college or university. Such notice should be given at an early date, since a failure to secure another position for the ensuing academic year will deny the faculty member the opportunity to practice his profession. The purpose of this Statement is to set forth in detail, for the use of the academic profession, those standards for notice of nonreappointment which the Association over a period of years has actively supported and which are expressed as a general principle in the 1940 *Statement of Principles on Academic Freedom and Tenure*.

The Standards for Notice

Notice of nonreappointment, or of intention not to recommend reappointment to the governing board, should be given in writing in accordance with the following standards:

- (1) Not later than March 1 of the first academic year of service, if the appointment expires at the end of that year; or, if a one-year appointment terminates during an academic year, at least three months in advance of its termination.
- (2) Not later than December 15 of the second academic year of service, if the appointment expires at the end of that year; or, if an initial two-year appointment terminates during an academic year, at least six months in advance of its termination.
- (3) At least twelve months before the expiration of an appointment after two or more years in the institution.
