POLICY STATEMENT

It is the policy of Marshall University to provide equal opportunities to all prospective and current members of the student body, faculty, and staff on the basis of individual qualifications and merit without regard to race, sex, religion, age, handicap, or national origin.

This nondiscrimination policy also applies to all educational programs and activities as they pertain to admission, employment and other related activities covered under Title IX which prohibits sex discrimination in higher education.

Marshall University also neither affiliates with nor grants recognition to any individual, group, or organization having policies that discriminate on the basis of race, sex, religion, age, handicap, or national origin. Information on the implementation of the policy and/or the Title IX Amendment should be addressed to:

General Information

Marshall University, supported by the State of West Virginia, encourages individual growth by offering programs and instruction in the attainment of scholarship, acquisition of skills, and personality development.

The university provides students with opportunities to understand and to make contributions to the culture in which they live; to develop and maintain physical health; to participate in democratic processes; to learn worthwhile spiritual, social and economic values; to develop intellectual curiosity and the desire to continue personal growth; and to share in a varied cultural program.

Professional, technical, and industrial career studies are available through the various departments of the university.

Marshall also recognizes an obligation to the state and community by offering evening courses, off-campus classes, lectures, musical programs, conferences, forums, and other campus and field activities.

HISTORY

Marshall University traces its origin to 1837, when residents of the community of Guyandotte and the farming country nearby decided their youngsters needed a school that would be in session more than three months a year.

Tradition has it that they met at the home of lawyer John Laidley, planned their school and named it Marshall Academy in honor of Laidley’s friend, the late Chief Justice John Marshall.

At a spot called Maple Grove they chose one and one-quarter acres of land on which stood a small log building known as Mount Hebron Church. It had been the site of a three-month subscription school and remained that for another term. Eventually $40 was paid for the site.

On March 30, 1838, the Virginia General Assembly formally incorporated Marshall Academy. Its first full term was conducted in 1838-39.

For decades the fledgling school faced serious problems, most of them financial. The Civil War forced it to close for several years, but in 1867 the West Virginia Legislature renewed its vitality by creating the State Normal School at Marshall College to train teachers. This eased Marshall’s problems somewhat, but it was not until the tenure of President Lawrence J. Corbly from 1896 to 1915 that the college began its real growth. In 1907, enrollment exceeded 1,000.

Since then Marshall’s expansion has generally been consistent and sometimes spectacular. The College of Education, first called Teachers College, was organized in 1920 and the first college degree was awarded in 1921. The College of Arts and Sciences was formed in 1924, and the Graduate School was organized in 1948. The College of Applied Science came into being in 1960; the School of Business was formed in 1969. These were merged into the College of Business and Applied Science in 1972. In 1974 the School of Medicine and Associated Health Professions was established. The Community College was organized in 1975, and the College of Science was authorized by the Board of Regents in 1976.

Marshall was granted University status in 1961. Today it has an alumni body of more than 25,000.

Since the formation of the West Virginia Board of Regents in 1969, Marshall’s progress as an urban-oriented university has been given strong impetus. As a result of this support, and because of its own active leadership and its location in the busy Tri-State Area, Marshall is a university with excellent prospects for future development.

ACCREDITATION

Marshall University is accredited by the North Central Association of Colleges and Schools and by the National Council for Accreditation of Teacher Education. Marshall also is a member of the Council of Graduate Schools in the United States. Academic credits earned at Marshall University are fully standardized for acceptance by all other colleges and universities.

The Department of Chemistry is accredited by the American Chemical Society. The Department of Nursing Education, Associate in Science in Nursing Degree Program is
accredited by the West Virginia Board of Examiners for Registered Nurses and by the
National League for Nursing.

The university is approved for attendance of nonimmigrant students under the
Federal Immigration and Nationality Act, and is approved by the American Association
of University Women. Marshall holds membership in the American Council on Education,
the American Association of Colleges for Teacher Education, the American Assembly of
Collegiate Schools of Business, the American Association of State Colleges and
Universities, the American Library Association, and the Southern Regional Educational
Board, Council on Collegiate Education for Nursing.

LOCATION

The campus of Marshall University is located in Huntington, W. Va. Huntington is
situated on the Ohio River close to the boundary of Kentucky, Ohio, and West Virginia,
and it is served by rail, air, and highway transportation.

DIVISIONS

The university functions through seven divisions: College of Education, College of
Arts and Sciences, College of Business and Applied Science, College of Science, Graduate
School, School of Medicine and Associated Health Professions, and Community College.

COMPUTER CENTER

The Computer Center supports activities of the university administration, research,
and student instructional programs. On-site equipment includes a PDP 11/40 computer
and terminals for interactive problem solving. Remote processing is supported by the
facilities of the West Virginia Network for Educational Telecomputing.

JAMES E. MORROW LIBRARY

The James E. Morrow Library of Marshall University was built in 1929-31 as a
combination library and classroom building. In 1966-69 the demands resulting from
growth in enrollment and the increase in graduate work brought about an extensive
remodeling and building program which provides an additional 74,652 square feet of
space. This space was literally "wrapped around" the existing building. It increased the
capacity to slightly over 100,000 gross square feet of assignable space, a total shelf
capacity for 375,000 volumes and reader stations for 700 students. The reading areas are
comfortable with carpeted floors, complete air conditioning, electrical heating and
adequate lighting. The new building created is a handsome campus landmark of imposing
Georgian design.

At this time the volume count of bound periodicals and cataloged monographs is
more than 295,975 volumes. The holdings also include 368,500 government documents,
and microforms in excess of 196,000 pieces. The total of units held by the library,
including all formats, is in excess of 889,000.

On March 13, 1972, the James E. Morrow Library converted from a closed stack
library to an open stack system. Now only government documents, West Virginiana, rare
books and archives are in closed stacks. Future plans call for opening most of these areas
also to serious scholars.

THE GRADUATE SCHOOL

In October, 1938, the West Virginia Board of Education authorized Marshall
University to conduct graduate instruction leading to the Master of Arts and the Master
of Science degrees. Since, then, the Graduate School has steadily expanded the scope and
depth of its offerings, and currently lists 34 programs in which the master's degree may
be earned: adult education, art, biological sciences, business and commerce, business
education, chemistry, communication arts, counseling, early childhood education,
elementary education, secondary education, educational administration, educational
supervision, English, geography, health and physical education, history, home economics,
journalism, library science education, mathematics, music, physical science, political
science, psychology, reading education, social studies, sociology, special education,
speech, speech pathology and audiology, vocational technical education, safety, and criminal justice.

As the variety of these programs would indicate, the Graduate School offers the graduate student ample opportunity to acquire research techniques in the many fields of knowledge; to participate under the guidance of the graduate faculty in basic research, and in the application of the insights gained in such research to the solution of the pressing problems of our times; and to become skilled professionals.

Admission to the Graduate School is based on a baccalaureate degree from an accredited college or university, and on the information provided on the “Application for Admission” form. However, on recommendation by the Department Chairman and with the approval of the undergraduate Dean and the Dean of the Graduate School, seniors with superior academic undergraduate records may be permitted to enroll in graduate courses at Marshall University. When combined with the College Level Examination Program (C.L.E.P.), in which thirty undergraduate semester credit hours or more can be earned by examination, this provision enables the superior student to earn both a baccalaureate and a master's degree in four years or less.

Students who want more information about any of the graduate programs should consult the Graduate Catalog, or address their inquiries to: Graduate School Office, Marshall University, Huntington, West Virginia 25701.

**RADIO STATION WMUL**

WMUL, Marshall’s educational-FM radio station, began broadcasting in 1961. It is a university-wide activity, operated by a staff of volunteer students who are interested in broadcasting. The radio station is supervised by the Director of Educational Radio-TV, and is the first educational-FM station to operate in West Virginia. WMUL broadcasts on 88.1 Mhz seven days a week during the first and second semesters.

**WMUL-TV**

Operated by Marshall University and Associates Broadcasting, this noncommercial television station broadcasts educational, cultural, and entertainment programs on Channel 33. Studios are located on the main campus in the Communications Building and at Nitro, West Virginia.

**MARSHALL ARTISTS SERIES, INC.**

This non-profit corporation provides for the appearance of prominent lecturers and artists in the performing arts. There are six divisions of activity within the Marshall Artists Series: Baxter Series, Mount Series, Forum Series, Convocation Series, Young Peoples Series, and Summer Series. Marshall University students with Activity Cards may attend all but the Young Peoples Series at no charge. Inquiries should be addressed to: Marshall Artists Series, Inc., Marshall University, Huntington, W. Va. 25701.

**SPEAKERS BUREAU**

The Speakers Bureau is a coordinating agency designed to centralize the speaker resources of the many departments of the university, its administrative staff and faculty, to facilitate the scheduling of speaking engagements by members of the university community. Details on the Speakers Bureau may be secured from the Office of Development, Marshall University, Huntington, West Virginia 25701 or by calling (304) 696-6440.
GENERAL ADMISSION PROCEDURE

All persons applying for admission to Marshall University must file an application and health record on forms provided by the Office of Admissions. All credentials in support of an application must be on file at least two weeks before the opening of a semester or term.

All correspondence and matters pertaining to admissions should be addressed to:
Director of Admissions
Marshall University
Huntington, West Virginia 25701

GENERAL REQUIREMENTS OF ALL APPLICANTS FOR ADMISSION

All credentials submitted in support of an application for admission become the property of the university and are not returned to the student. Such credentials include an official transcript of high school or college grades, an application for admission and a health record. The prospective student is responsible for the submission of all necessary forms and records in support of an application for admission.

Prospective students are notified as soon as action is taken on their application. Admission is for one semester or term and may be used only for that time. If the student fails to register during the semester or term for which he has been admitted, he must file another application if he desires admission at a later date.

Admission to the university does not guarantee housing. An application for housing will be sent after the student has been admitted to Marshall University. All housing arrangements must be made through the office of the Director of Housing.

A dormitory reservation or a scholarship award or grant-in-aid is void unless the student applies for and is admitted to the university.

Any student admitted on the basis of false and/or incomplete credentials is subject to immediate dismissal from Marshall University.

ADMISSION OF HIGH SCHOOL GRADUATES

To be eligible for admission from an approved* high school, the applicant must have been graduated and have earned a "C" (2.00) grade point average or higher for all courses taken for credit in high school. Students admitted with less than 2.00 averages will be admitted provisionally and will be required to participate in the remedial services offered by the university. The following high school units are suggested for minimal preparation for university attendance:

- English - four units
- Science - two units
- Mathematics - two units
- Social Studies - three units
- Health and Physical Education - one unit
- Foreign Language - two units

Under exceptional circumstances the requirements may be waived.

Veterans of one year or more who have been graduated from West Virginia high schools and have not attended college are also eligible for admission to Marshall University.

Admission to the university is not necessarily admission to a particular college or curriculum within the university. Each student must meet the requirements of the college he wishes to enter, or of the degree he seeks.

Entrance into certain programs may entail requirements in addition to those stated above. For example, entrance into the nursing program requires early admission, adequate performance on the ACT and an interview. Entrance into the music program requires an

*One that is approved by the State Department of Education in the State where the high school is located.
Candidates for these programs should consult with the appropriate departmental chairman.

It is recommended that students interested in earning certain degrees have the following:

- Bachelor of Science degree and pre-professional students - one unit of plane geometry.
- Bachelor of Science in Chemistry degree - two units of algebra, half unit of geometry, half unit of trigonometry, one unit of chemistry and one unit of physics recommended.
- Associate in Science in Nursing degree - one unit of chemistry recommended. A satisfactory current physical examination and an interview are required. Specific information concerning admission to the nursing program should be requested.
- Associate in Applied Science in Civil, Electrical, or Mechanical Engineering Technology - One unit of geometry and two units of algebra. One unit of chemistry, and one unit of physics are also recommended, but not required.

ACT-ADMISSIONS OPTION FOR FRESHMEN

You may wish to take the ACT Exam during your junior year or early in your senior year. If we receive your ACT scores no later than May 1 of your senior year (Note: you should list Marshall’s code number 4526) we will provisionally admit you and mail a pre-printed form for you to complete and mail back to Marshall noting your intentions. If you choose this option, you will not need to complete an application form or to request a transcript of your high school record.

If you choose the ACT-Admissions Option and you wish to apply for financial aid, you must take the test (ACT) by December of your senior year and request your scores to be forwarded to Marshall University (4526) when you take the examination. You will be required to submit your official grade-point-average on the form we mail to you by asking your principal to complete a section on the pre-printed admissions form and mail it to the Office of Admissions.

If you choose the ACT Admissions Option and you wish to apply for sports programs, you will need to arrange for your G.P.A. to be forwarded to this office on the pre-printed form we mail to you when you are provisionally admitted.

Admission to the university is not necessarily admission to a particular college, school or curriculum within the university.

THE AMERICAN COLLEGE TEST

Marshall University requires the American College Test (ACT) for the placement of all freshmen and transfer students who have earned less than 58 semester hours. Test scores are used in placing students in sections of English and mathematics, for scholarship and loan applications, and in the academic counseling programs of the colleges. High school students are urged to take this test during October or December of their senior year at the nearest test center. Information and applications may be secured from the high school principal or counselor. The test results must be on file in the Admissions Office before a student will be permitted to participate in orientation or registration.

ADMISSION OF TRANSFER STUDENTS

Any person who has attended another accredited institution* of collegiate grade, whether he has earned credit or not, is classified as a transfer student. The university does not at any time or under any conditions disregard college or university credits earned elsewhere in order to admit an applicant solely on the basis of his high school record. All credentials submitted in support of an application for admission became the permanent property of the university. Credit earned at other accredited colleges and universities is allowed toward a degree if applicable.

*Accredited colleges or universities are those approved by national or regional accrediting associations or the state university in the state in which the institution is located.
To be eligible for unconditional admission, a transfer student must present evidence that he is capable of doing university level work and should have maintained an overall average of “C” (2.0) or better on all college work previously attempted.

Applications of transfer students with cumulative averages slightly below 2.0 may be considered for admission if the work done in other colleges is equal to or above the academic standing required of a student in good standing at Marshall University.

The policy regarding transfer of student credits and grades between two-year and four-year institutions in the public higher education system of West Virginia is as follows:

Credit and grades earned for all baccalaureate level courses at any baccalaureate degree-granting institution in the West Virginia state-supported system of higher education shall be transferable to Marshall University.

Seventy-two hours of credits and grades earned for college-parallel courses completed at community colleges or branch colleges in the West Virginia System of higher education shall be transferable to Marshall University.

Transfer students must fulfill the graduation requirements of Marshall University to receive a degree.

Candidates for graduation must have a quality point average of 2.0 or higher on all work attempted at Marshall University.

NOTE: A student who attends another institution of collegiate level during the summer session immediately following graduation from high school is admitted as an entering freshman with advanced standing.

ADMISSION OF PART-TIME STUDENTS

Part-time students must meet the same requirements as full-time students, with the exception of auditors (those who attend classes for no credit). Auditors must file an application and obtain the permission of the instructor to sit in on the class. Students out of school for one year or more are given special consideration for admission.

SPECIAL STUDENTS

Individuals who hold the baccalaureate degree from an accredited institution may enter an undergraduate college or school at Marshall University by completing the application for admission and by presenting evidence of the receipt of the degree: either final transcript or diploma.

CLASSIFICATION OF FRESHMEN ADMITTED FROM HIGH SCHOOL

Graduates of accredited high schools are admitted in good standing if their grade average on required content subjects is between C and A-. Those students admitted with less than 2.00 “C” averages will be provisionally admitted pending the results of their academic performance at Marshall University.

Graduates whose scholastic average is A- (3.75) or above are admitted with honors.

POLICY REGARDING CLASSIFICATION OF RESIDENTS AND NONRESIDENTS FOR ADMISSION AND FEE PURPOSES

The West Virginia Board of Regents at its meeting November 13, 1973, adopted the following regulations governing the classification of students as residents or nonresidents for admission and fee purposes at all institutions under its jurisdiction, effective January 1, 1974.

Classification of Residents and Nonresidents For Admission and Fee Purposes

General- Students enrolling in a West Virginia public institution of higher education shall be classified as resident or nonresident for admission, tuition and fee purposes by the institutional officer designated by the President. The decision shall be based upon information furnished by the student and all other relevant information. The designated officer is authorized to require such written documents, affidavits, verifications, or other evidence as are deemed necessary to establish the domicile of a student. The burden of establishing residency for tuition and fee purposes is upon the student.
If there is a question as to residence, the matter must be brought to the attention of the designated officer and passed upon at least two weeks prior to registration and payment of tuition and fees. Any student found to have made a false or misleading statement concerning his residence shall be subject to disciplinary action and will be charged the nonresident fees for each session theretofore attended.

Residence Determined by Domicile - Domicile within the state means adoption of the state as a fixed permanent home and involves personal presence within the state with no intent on the part of the person to return to another state or country. West Virginia domicile may be established upon the completion of at least twelve months of continued residence within the state prior to the date of registration, provided that such twelve months residency is not primarily for the purpose of attendance at any institution of learning in West Virginia.

Establishment of West Virginia domicile with less than twelve months residence prior to the date of registration must be supported by proof of positive and unequivocal action, such as, but not limited to, the purchase of a West Virginia home, full-time employment within the state, paying West Virginia property tax, filing West Virginia income tax returns, registering to vote in West Virginia and the actual exercise of such right, registering of motor vehicles in West Virginia, and possessing a valid West Virginia driver’s license. Additional items of lesser importance include transferring or establishing local church membership, involvement in local community activities, affiliation with local social, civic, fraternal or service organizations, and various other acts which may give evidence of intent to remain indefinitely within the state. Proof of a number of these actions shall be considered only as evidence which may be used in determining whether or not a domicile has been established.

Minors - Minors are defined by the West Virginia Code (2-2-10) as persons under eighteen years of age. The residence of a minor shall follow that of parents at all times, except in extremely rare cases where emancipation can be proved beyond question. The residence of the father, or the residence of the mother if the father is deceased, is the residence of the unmarried or unemancipated minor. If the father and the mother have separate places of residence, the minor takes the residence of the parent with whom he lives or to whom he has been assigned by court order. The parents of a minor will be considered residents of West Virginia if their domicile is within the state.

A minor student who is properly admitted to an institution as a resident student shall retain that classification as long as he enrolls each successive semester.

Emancipated Minor - An emancipated minor may be considered as an adult in determining residence, provided satisfactory evidence is presented that neither of his parents, if living, contributes to his support nor claims him as a dependent for federal or state income tax purposes.

In the event that the fact of emancipation is established, the emancipated minor assumes all of the responsibilities of an adult to establish residence for tuition and fee purposes. Proof must be provided that emancipation was not achieved principally for the purpose of establishing residence for attendance at an institution of higher education.

Students Eighteen Years of Age or Over - A student eighteen years of age or over may be classified as a resident if (1) the parents were domiciled in the state at the time the student reached majority and such student has not acquired a domicile in another state, or (2) while an adult the student has established a bona fide domicile in the State of West Virginia. Bona fide domicile in West Virginia means that the student must not be in the state primarily to attend an educational institution and he must be in the state for purposes other than to attempt to qualify for resident status.

Any nonresident student who reaches the age of eighteen years while a student at any educational institution in West Virginia does not by virtue of such fact alone attain residence in this state for admission or tuition and fee payment purposes.

A student who is properly classified as a resident at the time that he reaches the age of eighteen shall continue to be classified as a resident as long as he enrolls each successive semester and does not establish a domicile, or legal residence, in another state.

Change of Residence - An adult student who has been classified as an out-of-state resident and who seeks resident status in West Virginia must assume the burden of proving conclusively that he has established domicile in West Virginia with the intention of making his permanent home in this state. The intent to remain indefinitely in West Virginia is evidenced not only by a person’s statements but also by his actions. The designated institutional officer in making his determination shall consider such actions as, but not limited to, the purchase of a West Virginia home, full-time employment within
the state, paying West Virginia property tax, filing West Virginia income tax returns, registering to vote in West Virginia and the actual exercise of such right, registering of motor vehicles in West Virginia and possessing a valid West Virginia driver's license. Additional items of lesser importance include transferring or establishing local church membership, involvement in local community activities, affiliation with local social, civic, fraternal or service organizations, and various other acts which may give evidence of intent to remain indefinitely within the state. Proof of a number of these actions shall be considered only as evidence which may be used in determining whether or not a domicile has been established. Factors militating against a change in residence classification may include such considerations as the fact that the student is not self-supporting, that he is carried as a dependent on his parents' federal or state income tax returns or his parents' health insurance policy, and that he customarily does not remain in the state when school is not in session.

**Marriage** - The residence of a married person is determined by the same rules of domicile which would apply if he or she were not married.

**Military** - An individual who is on active military service or an employee of the federal government may be classified as a resident for the purpose of payment of tuition and fees provided that he established a domicile in West Virginia prior to entrance into federal service, entered the federal service from West Virginia, and has at no time while in federal service claimed or established a domicile in another state. Sworn statements attesting to these conditions may be required. The wife and dependent children of such individuals shall also be classified as residents of the State of West Virginia for tuition and fee purposes. Persons assigned to full-time active military service and residing in West Virginia may be classified as in-state residents for tuition and fee purposes after twelve months continuous location in the state.

**Aliens** - An alien in the United States on a resident visa, or who has filed a petition for naturalization in the naturalization court, and who has established a bona fide domicile in West Virginia may be eligible for resident classification, provided he is in the state for purposes other than to attempt to qualify for residency status as a student.

**Appeal Process** - The decisions of the designated institutional officer charged with the determination of residence classification may be appealed to the President of the institution. The President may establish such committees and procedures as he determines necessary for the processing of appeals. The decision of the President of the institution may be appealed in writing with supporting documentation to the West Virginia Board of Regents in accord with such procedures as may be prescribed from time to time by the Board.

Adopted: West Virginia Board of Regents, November 13, 1973

**ADMISSION BY GENERAL EDUCATION DEVELOPMENT TEST**

Applicants, veterans and nonveterans, must be 19 years of age or past the age they would have been had they remained in high school until they graduated and must have been out of school more than one year preceding their application.

Applicants for admission who completed the test in the armed forces may have an official copy of their scores forwarded to the Office of Admissions by writing to the United States Armed Forces Institute, Madison, Wisconsin.

A non-high school graduate is admitted to Marshall University if he attains a standard score of 40 or above on each of the 5 parts of the test or an average standard score of 50 or above on the entire test.

No credit is granted for completion of the college level GED Test.

**PROVISIONAL ADMISSION OF HIGH SCHOOL STUDENTS**

Provisional admission is granted to high school students who have attained a C (2.00) average or better at the end of the junior year of high school or any time during the senior year, but final admission is not granted until after graduation from high school and the submission of the official high school record.
EARLY ADMISSION OF ACADEMICALLY OUTSTANDING HIGH SCHOOL STUDENTS

The university admits outstanding high school students who have completed the junior year. This program permits academically outstanding and talented students to accelerate their education by attending the Summer Session between the junior and senior year of high school, or if convenient they may enroll during the senior year. To be eligible for admission to the Summer Session under this program a student must:

1. Have completed the junior year of high school.
2. Have a B (3.00) or better average on high school subjects.
3. Have the recommendation of his high school principal.
4. File an application for admission and submit transcripts of high school credits and grades.
5. Be approved by the Director of Admissions.
6. Pay regular university fees.

For additional information concerning this program write to the Director of Admissions.

ADVANCED PLACEMENT

Marshall University will accept advanced placement in the following fields: biology, chemistry, Spanish, French, German, Latin, English composition, mathematics, and physics.

The examination is prepared by the college board and the papers are graded by readers of the Educational Testing Service, Princeton, New Jersey 08504. The examination paper, with the grade and an interpretation of the grade, a set of the examination questions, a description of the course as prepared by the school in which the work was done, and the school's recommendation, are forwarded to Marshall University. Students scoring five or four on the examination are given credit while those scoring three are referred to the chairmen of the various departments for their decision as to whether credit should be given. Credit will not be allowed for students scoring below three.

COLLEGE LEVEL EXAMINATION PROGRAM

The College Level Examination Program (CLEP) is offered at Marshall University and enables students who can demonstrate a knowledge and/or proficiency in certain fields to reduce the cost in time and money for pursuing a college education by successfully completing CLEP tests for credit. Intensive reading in a particular field, on-the-job experience or adult education may have prepared the student to earn college credit through CLEP tests and thereby reduce the total amount of course work needed to complete degree programs. In addition, scores on the test may serve to validate educational experience obtained at a nonaccredited institution or through noncredit college courses. A student expecting to apply CLEP credit toward degree requirements must consult with his or her major department and academic dean.

CREDIT FOR MILITARY EXPERIENCE AND TRAINING

Physical Education Credit for Veterans

Students who are veterans with at least one year of active military service who are eligible to receive Veterans Administration Educational Benefits, and who have completed at least 12 semester hours with a "C" average, shall upon their request be granted a maximum of four semester hours of credit in physical education. This credit is to include the general education requirement in physical education and two hours of general electives in the field of health and physical education. The specific credit to be allowed will be determined by the physical education department chairman. Veterans should initially contact the Director of Admissions concerning receipt of such credit. A copy of the DD 214 Form should be presented to the Director of Admissions at this time.

Training Credit

The Commission on Accreditation of Service Experiences of the American Council on Education has developed equivalence credit recommendations for certain kinds of
training received in the Armed Forces. This is credit in addition to that for physical education indicated above. Evaluation of training and experience in the Armed Forces is done by the Director of Admissions.

**United States Marine Corps Platoon Leaders Class**

Equivalence credit in Military Science may be awarded for successful completion of the Marine Corps Platoon Leaders Class. Students who have completed this class may apply at the Office of Admissions for possible award of credit for this training. Additional information concerning this class may be obtained by writing to:

United States Marine Corps
Officer Selection Office
3116 McCorkle Avenue, SW
South Charleston, West Virginia 25303
(304) 744-4355

**INTERNATIONAL STUDENTS**

International students are admitted to Marshall when they demonstrate proficiency in written and spoken English by the successful completion of the Test of English as a Foreign Language, administered by the Educational Testing Service of Princeton, New Jersey 08540. Information concerning this test can be secured through U.S. embassies and consulates throughout the world or by writing to TOEFL, 1755 Massachusetts Avenue, N.W., Washington, D.C. 20036.

The English proficiency admission requirement for all international students may be met by any one of the following:

1. TOEFL (Test of English as a Foreign Language)–500 score
2. Michigan Test of English Language Proficiency–79 equated score
3. ELS (English Language School)–Level 9
4. Graduate students having a degree from an accredited English speaking university.
5. Students whose native language is English (England, Canada, New Zealand, Australia, etc.)

Students will be further tested upon arrival at Marshall University for purposes of academic advising.

The Office of Admissions will provide international students whose native tongue is not English with a list of special courses designed to improve their proficiency in English and to aid them in their studies.

The applicant must also file an application for admission and an official transcript of all academic credits and grades. The transcript must be sent by the institution last attended. The Application for Admission to an Educational Institution in the United States may be secured by writing to the Director of Admissions, Marshall University, Huntington, West Virginia 25701.

International students admitted to the university must have sufficient funds to take care of all expenses.

International students at Marshall University should address questions regarding their immigration status to: Office of the United States Immigration and Naturalization Service, Pittsburgh, Pennsylvania.
GENERAL INSTRUCTIONS

1. All university fees are subject to change without prior notice. The fees listed in this catalog are those in effect at the time of publication. The rates are subject to change by the university and its governing board.

2. Enrollment fees are payable on or before the date of registration. Presently enrolled students who advance register (pre-register) for a semester or summer term will receive an invoice for enrollment fees. Payment of the invoice must be made to the university's cashier on the due date established by the Office of Business Affairs and the Registrar. The due date will be approximately three weeks prior to the date of regular registration for any given semester or summer term. Pre-registered students who do not pay their bill on the established due date will have their class schedules cancelled by the Registrar. Students who register during the regular registration periods and any reregistering pre-registered students will pay enrollment fees on the date of regular registration. First-time enrollees and transfer students will pay tuition on their assigned registration day. All late registrants are subject to the late registration fee of $10.00. A student who fails to pay his enrollment fees, room and board when due will be subject to administrative withdrawal from the university.

3. No financial credit shall be extended for enrollment fees. The university operates on a cash basis with payments being collected in advance. However, a student's dormitory fee (room and board) may be divided into two equal nine week installments payable in accordance with dates established by the Director of University Housing. For due dates and amounts of payments, see the section on Dormitory Fees on page 22.

4. Students who are recipients of financial aid through the university's loan or scholarship program, the University's Department of Intercollegiate Athletics, a private loan or scholarship or any governmental agency must complete arrangements for payment through the Director of Student Financial Assistance (Room 124, Old Main Building) and the university cashier (Room 103, Old Main Building). The arrangements must be complete on or before the student's date of registration.

5. Graduate assistants, who are eligible for enrollment fee waivers under the university's fee remission plan, must complete arrangements, for the remission of fees, with the university's cashier and the Graduate School Dean on or before the registration date.

6. A student's registration is not complete until all fees are paid. The cashier accepts cash, money orders, bank drafts and personal checks written for the exact amount of the obligation. All checks must be made payable to Marshall University.

7. A student's registration may be cancelled when payment is made by a check which is dishonored by the bank. A charge of $3.00 will be made for each check returned unpaid by the bank upon which it is drawn unless the student can obtain an admission of error from the bank. If the check returned by the bank was in payment of tuition and registration fees, the Office of Business Affairs may declare the fees unpaid and the registration cancelled. If the check was dishonored after the last day of regular registration, the late registration charge may be levied. In such case, the student may be reinstated upon redemption of the unpaid check, payment of the $3.00 handling charge and payment of the late fee of $10.00.

8. A student who owes a financial obligation to the university will not be permitted to enroll in subsequent semesters until the obligation is paid. The full payment of charges and balances outstanding on the books of the university in account with a student will be considered prerequisite to the issuance of any certificate of attendance or credit, the awarding of a diploma or the conferring of a degree. Checks given in payment of fees, charges, obligations, or in exchange for currency through a check cashing privilege are accepted by the University subject to bank clearing house procedure. In the event a check is dishonored by a bank, the student will be held responsible for prompt redemption of the check. Failure to properly redeem the check may result in administrative withdrawal.
9. Students who withdraw properly and regularly from the institution will receive refunds of fees paid in accordance with the refunding policy which is stated in the schedule of refunds in this section of the catalog.

10. A student who is required to withdraw from the institution for disciplinary reasons may not receive refunds of fees paid.

### ENROLLMENT FEES - OFF-CAMPUS COURSES

- Resident of West Virginia: $8.35 per credit hour; Nonresident: $47.95 per credit hour.

### DORMITORY FEES

Students assigned to a university residence hall are required to sign a contract to live and eat in the university facilities for the entire academic year.

Residence hall contracts are effective for the full academic year, fall and spring semester, and are binding on all students who sign a contract for this period.

The food service plan is not valid during vacation periods. If it is necessary for the student to remain on campus during such periods, meals can be obtained at regular dining hall prices if the dining halls remain open. Food service plans will become effective on the first day of any given semester or summer term. Meals prior to the first day of classes must be paid in cash.

Note: No deduction or refund is made in food service charges unless the student is absent from the campus for more than a calendar week because of personal illness or a university-approved trip. No deductions or refund is made in room charges for absences.

*Fees are payable as a pro-rated charge calculated in direct proportion to the number of hours scheduled by the student. (One twelfth of the full-time fee multiplied by the number of hours scheduled by the student.)*

**Activity fee assessed as a fixed amount - not pro-rated.

After February 22, 1978 - No refund

All refunds are to be calculated from the first day of regular registration of a given semester or term. Every student who registers incurs a financial obligation. Refund checks normally mailed within 15 days.

B. Dormitory Fee:
   First Regular Semester: Cancellation of a room reservation prior to August 31, 1977, the first day of classes, will result in a refund of the dormitory fee
FEES AND EXPENSES

less the $25.00 reservation deposit. Cancellation of a room reservation during the first week of classes, August 31-September 6, 1977, will result in the forfeiture of an amount equal to one-half of the semester’s room rental plus one week’s board. Cancellation of a room reservation after the first week of classes (after September 6, 1977) will require a payment of the semester’s rental portion of the dormitory fee, plus a weekly charge for board (food) to and including the week of the date of cancellation. After considering the above requirements any balance will be refunded.

Second Regular Semester: Cancellation of room reservation prior to January 16, 1978, the first day of classes, will result in a refund of the dormitory fee less the $25.00 reservation deposit. Cancellation of a room reservation during the first week of classes, January 16-22, 1978, will result in the forfeiture of an amount equal to one-half of the semester’s room rental plus one week’s board. Cancellation of a room reservation after the first week of classes (after January 22, 1978) will require a payment of the semester’s rental portion of the dormitory fee, plus a weekly charge for board (food) to and including the week of the date of cancellation.

Damage Deposit: The $25.00 damage deposit, less any damage charges is refundable when the student severs all ties with the University Resident Halls.

All dormitory refunds must be approved by the Director of University Housing.

II. Withdrawals due to administrative action - enrollment fee only
When it becomes necessary to cancel a class by administrative and/or faculty action, a student is granted a full-refund for the class cancelled unless he registers in another course of like value in terms of semester hours. This action does not apply to withdrawals due to disciplinary action.

III. Food Service Plans
Refunds when applicable will be pro-rated on the basis of a full week of 20 meals and not on the total number of meals remaining on the meal plan for the semester.

IV. Refunds to students called to armed services - enrollment fee only
Men and women called to the armed services of the United States shall be granted full refund of fees, but no credit, if the call comes before the end of the first three-fourths of the term, and full credit by courses, but no refund of fees, shall be granted to men and women called to the armed forces of the United States if the call comes thereafter.

V. Special fee refunds
The I.D. card fee of $.10 is not refundable. The student activity fee is not refundable unless the activity card is returned to the Office of Business Affairs on the date of withdrawal.

VI. Late fees are nonrefundable.
Financial Aid

The financial aid program at Marshall University assists students in furthering their education through scholarships, grants, loans, and employment. The scholarship program recognizes excellent high school achievement by incoming freshmen and outstanding academic performance by upperclass students.

All forms of financial assistance are administered by the Office of Student Financial Aid consistent with the policies and procedures set forth by the Student Financial Aid Advisory Council.

The Student Financial Aid Advisory Council holds that the primary responsibility for financing a college education rests with the student and his family. Financial Aid from the university and other sources, therefore, is viewed as supplementary to the efforts of the family.

SCHOLARSHIPS AND GRANTS

Academic Scholarships

Marshall University offers a number of scholarships to incoming freshmen and upperclassmen who demonstrate academic superiority. Scholarships are based upon academic achievements.

Athletic Grants-In-Aid

Applicants for athletic grants should write to Marshall University, Director of Athletics, P.O. Box 1360, Huntington, West Virginia 25715.

Basic Educational Opportunity Grant

The Basic Educational Opportunity Grant (BEOG) was authorized by the Educational Amendments of 1972 which was passed and signed into law in June of 1972. BEOG provides for the payment of Basic Grant awards to students attending eligible institutions of higher education and is intended to be the "floor" of a student's financial aid package. The maximum grant eligibility for each student is $1400 less the amount the student and his family can be expected to contribute toward the student's education. The amount of this expected family contribution is determined on the basis of a family contribution schedule developed by the U.S. Office of Education. If applicant expects his total need to be met, he must have proof of having applied for a BEOG.

ROTC Scholarship

Scholarships and subsistence allowance are available, will pay for tuition, fees and books, plus $100.00 per month. These awards are available for one, two or three years. Information is available upon request - ROTC, Gullickson Hall, Marshall University, Huntington, West Virginia 25701.

Supplemental Educational Opportunity Grants

Established by the Educational Amendments of 1972, Supplemental Educational Opportunity Grants are awarded to exceptionally needy students who otherwise would be unable to continue their education. Students are not required to repay funds received through the Supplemental Educational Opportunity Grants Program. Current grants may vary from $200 to $1,000 per year.

LOANS

National Direct Student Loans

Under the National Direct Student Loan Program, full-time undergraduates may borrow a maximum of $5,000, of which $2,500 can be borrowed during the freshman
and sophomore years. Full-time graduate students may borrow up to $2,500 a year. The loans are based on financial need and availability of funds.

Repayment of principal and interest at three per cent (3%) commences nine months after the date the borrower ceases to carry at least one-half the normal full-time academic load. Repayment may be deferred for graduate school or for active military duty, Peace Corps, or VISTA service.

Nursing Student Loan Program

The Nursing Student Loan Program for full-time students in the Department of Nursing is established on the same basis as the National Direct Student Loan Program. The purpose of this program is to increase the opportunity for the training of nurses through the establishment of a loan fund.

Nursing Grant Program

The Nursing Grant Program is open to all nursing students. Awards are based on a defined need. Students are not required to repay funds received through this grant program.

Emergency Loans

Students may be granted short-term loans to meet emergency college-related costs. The maximum loan is $150 and all recipients must sign a ninety (90) day note. There is a service charge of $1 (one dollar).

STUDENT GUARANTEED LOAN PROGRAM

Students who do not apply for, do not qualify for, or do not receive federal funds through the financial aid office may participate in the guaranteed loan program. This program is administered through the student’s hometown bank or State Guaranteed Agency. A student must be a permanent resident of the United States, and certified as a regularly enrolled student at the university to be eligible for consideration. Maximum awards in most cases are $2,500 per year. A student from a family who qualifies for interest subsidy pays no interest while in school, because the 7% interest rate which starts on issuance of the loan will be paid by the guaranteeing agency.

Out-of-state students should apply through the Guaranteed Student Loan Program established in their home states.

EMPLOYMENT

Under the College Work-Study Program, established under Title I (C) of the Economic Opportunity Act of 1964, Marshall University attempts to secure part-time and summer employment for students who need financial assistance to remain in school. Jobs are available both on and off campus. All placements are made on an academic year basis and reapplication is necessary each year.

A small amount of institutional employment is also available on campus. Students demonstrating financial need and/or possessing specialized or technical knowledge receive preference in job placement under this program.

A number of jobs for both male and female students are available in Huntington. Available positions are listed in the financial aid office and the Office of Career Planning and Placement.

APPLICATIONS

In order to apply for any type of financial aid at Marshall University, a student must have his parents complete a Financial Aid Form or a Parents' Confidential Statement (PCS). This FAF or PCS should be sent to the College Scholarship Service (CSS) in Princeton, N.J. or Berkley, Ca. CSS will analyze form PCS and send a Need
Analysis Report to Marshall. This report then becomes the student's statement of eligibility for financial aid. It should be noted by incoming freshmen that they cannot be awarded financial aid until they have been admitted for enrollment at Marshall University. Transfer students and upperclassmen must submit an institutional application for assistance to complete their requirements for consideration of financial aid.

Incoming freshmen can acquire the PCS and an application for admission to Marshall University from their high school guidance counselor or principal. Upperclassmen should bear in mind that they must re-apply each year for any type of financial aid. Upperclassmen independent or dependent may acquire the FAF and an institutional application form from the financial aid office, Room 124, Old Main. Information regarding independent status and the subsequent procedures necessary to qualify as an independent student may be obtained by writing the Financial Aid Office, Room 124, Old Main.

APPLICATION DEADLINES

All Financial Need Analysis Reports must be received by the financial aid office from the College Scholarship Service no later than March 1st.

Applications received after this date will be placed on a waiting list for later consideration pending the availability of funds.
University Housing

Comfortable, healthful, and congenial living conditions contribute much to the success of university life and work. Comfortable living conditions aid students to do their best in their studies and contribute, through the experience of group life, to the building of character and personality. Hence the university is vitally concerned with student housing.

UNIVERSITY DORMITORIES

Six halls of residence are maintained on the campus by the institution, accommodating approximately 2,100 students. Individual halls accommodate from 180 to 500 occupants, largely in rooms for two persons, although there are a limited number of private rooms. The halls are planned to provide each student with the best possible living and learning conditions. Student Government experiences, social programs, recreational facilities and association with trained residence staff members provide opportunity for sound academic and social development. Most of the halls are relatively new and modern, located at points convenient to most parts of the campus.

ROOM APPLICATIONS AND RESERVATIONS

A university residence hall application is automatically sent to a student after his application for admission to the university has been accepted by the Office of Admissions. Room reservations should be made as early as possible. Contracts for dormitory accommodations are for room and board for the entire academic year. Applications must be made on an official form and must be accompanied by a room deposit of $25.00 which will be applied to the first term's room and board payment. Room assignments are made without regard to a student's race, religion, or natural origin.

DORMITORY LIVING EXPENSES

Board and room costs in university dormitories range from approximately $785.00 to $880.00 per semester, depending on the facility — a total of approximately $1665.00 for the academic year. (These figures are tentative and are subject to change without prior notice.) Room rents for each hall are found under the title “Fees” in this catalog.

CANCELLATIONS AND REFUNDS

1. The $25.00 room reservation deposit is non-refundable under any circumstances.
2. Cancellation of a room reservation during the first week of classes of any semester will result in the forfeiture of an amount equal to one-half of the semester's room rental plus one week's board. Cancellation of a room reservation after the first week of classes of any semester will not relieve the student from the obligation of payment for the room for the balance of that semester.
3. Failure on the part of the student to submit payment of any installment by the due date may result in a cancellation of his room reservation and further, the student may be subjected to suspension from the university. This provision shall apply to any student who may have canceled a room reservation after the first week of classes of any given semester or summer term.
4. Any student dismissed from the Residence Hall and/or the University for disciplinary reasons automatically forfeits an amount equal to one semester's room fee less credit for any prior installment payments previously made.
5. Payment of the room and board fee will be refunded on a pro-rated basis if the student is denied admission, declared academically ineligible to return, or is unable to attend the university for medical reasons for one academic semester or summer term.
6. In no event will a student be released from the Housing Contract for the succeeding semester, whether in attendance or not, unless notice shall be delivered to the Student Housing Office not later than the last official class day of the preceding semester or summer term. Any attempt to cancel the housing contract shall be void.
and of no effect unless the student shall remain absent from and receive no credit for one academic semester, subject to written notice by the student, as set forth above, or intent to cancel said contract.

ROOM

Rooms are furnished with study desks, chairs, single beds, chests of drawers and study lamps. Linens, (blankets, sheets, pillows, pillow cases) are provided by the student. Draperies are provided only in Twin Towers Dormitory.

BREAKAGE

In addition to room and board expenses, each resident is required to deposit a $25.00 damage fee with the university. The fee will be carried forward from year to year and will be refunded only when the student severs all ties with the Residence Hall Program. Students are expected to exercise reasonable care in the use and custody of university property in the residence halls. The cost of repair for any unnecessary or careless breakage or damage to a room or furniture is assessed to the responsible student or students.

REQUIRED HOUSING POLICIES

The West Virginia Board of Regents policy pertaining to university housing for freshmen and sophomores is that all full-time freshmen and sophomores must live in a Marshall University Residence Hall unless they reside with their parents and commute from that residence to the main campus. An exception to this policy is married students.

HOUSING FOR MARRIED STUDENTS

Housing for married students is provided in 84 furnished family dwelling units owned and operated by the university. The units include a wide variety of accommodations. The rents range from $80.00 to $180.00 per month. Applications may be procured from the university housing office. To be eligible for married-student housing, students must be enrolled for course work, as follows: graduate students, 9 hours; undergraduate students, 12 hours.

The university housing office maintains a list of privately-owned apartments and houses to assist married students and staff. This list contains information regarding rental rates, whether the apartment is furnished or unfurnished, approximate distance from the campus, etc. This is available during the regular office hours. Staff members are available during these same hours for consultation regarding specific listings as well as other related matters.
THE HUMAN RELATIONS CENTER

The Human Relations Center coordinates student personnel services to special campus interest groups. The Human Relations Center offers special assistance to handicapped students, international students, and minority students. Administrative services to these groups include assistance in personal, academic, and institutional affairs. In addition to these services, the Human Relations Center provides a broad program of activities designed to educate students in general about the need for understanding and acceptance among persons of differing lifestyles, the goal of such efforts being to contribute to the educational growth of all students.

CENTER FOR STUDENT DEVELOPMENT AND HEALTH SERVICE

The Center for Student Development and Health Service offers four (4) basic programs of service to students. The Center is located on the first floor of Prichard Hall.

1. The Counseling Office - provides individual and small group counseling services, testing, vocational information, career counseling and referral services. These services can be utilized to assist in resolving problems of an educational, vocational or personal nature. All contacts are confidential.

2. Special Services-Upward Bound Offices - A federally funded program providing counseling, testing, vocational information, to students who qualify under federal economic guidelines. Upward Bound provides educational and enrichment activities for area high school students who qualify.

3. Career Planning and Placement Office - provides a placement service to all students and alumni. This service includes interviews with prospective employers, career counseling, part-time job placement, assistance in developing personal resumes and individual files for employment, a library of employer and occupational information, seminars in interviewing techniques, and job opportunity bulletins.

4. The Student Health Service - provides students with outpatient medical care, and in cooperation with a local hospital, provides 24-hour emergency medical care to both full-time and part-time students. The Student Health Service is located in the South Wing, first floor of Prichard Hall, and is staffed by licensed medical personnel. The university’s medical history form must be on file in the Student Health Service.

HEALTH INSURANCE

Student Government offers a student accident and sickness group insurance plan providing coverage for hospital and medical expenses. The plan provides annual coverage, on-campus and away from the university.

Information and applications can be obtained from the Student Government Office in the Memorial Student Center, from the Dean of Students Office, or Student Health Center.

THE SPEECH AND HEARING CENTER

The Department of Speech operates a clinic to provide free assistance to any Marshall student who wants help with speech and hearing problems. The clinic also gives training in clinical procedures to future public school speech and hearing therapists.

Consultation, examination, and recommendations are available to the public insofar as time and facilities permit. The clinic is located in Smith Hall.

The Speech Improvement Program—The Department of Speech provides special training for students requiring speech improvement. People who have substandard speech patterns not considered to be clinically significant but which require changes for more effective communication are scheduled in the speech improvement program. Students admitted to the program come from a screening procedure required as a part of courses in education and speech, from self-referral or by request of any course instructor.
THE PSYCHOLOGY CLINIC

The Department of Psychology staffs a clinic which provides free consultation and service for Marshall students on a wide range of psychological problems. Service is available to the public as time and facilities permit. The clinic is located in Harris Hall (fourth floor) and inquiries or appointment requests should be directed to the Department office in Harris Hall 326.

THE READING CENTER

The Reading Center provides special reading programs for Marshall University students, who may enroll for periodic short-term intensive reading improvement courses. These courses are available for students who are presently deficient readers and for students competent in reading but who would like to develop greater reading proficiency.

STUDENT GOVERNMENT

The Student Government provides an instrument for all students to have a voice in any program which would make Marshall a better university. It is constructed to represent democratically all members of the student body. Consult Student Handbook for more information.

STUDENT ACTIVITIES AND CULTURAL EVENTS

Each year a multitude of events are presented on the Marshall University campus enabling students to attend a wide variety of activities including plays, dances, films, lectures, orchestras, art exhibits, etc. More information is available from the office of Student Activities, the Marshall Artists Series, and the Student Handbook.

AFRO-AMERICAN CULTURAL PROGRAMS

Marshall University has several organizations open to all students which emphasize Afro-American student perspective, culture, social life, and lifestyle. They are the Black United Students and its various auxiliary club such as the Black Mass Choir; and nationally affiliated fraternities and sororities.

DEBATE, SPEECH CONTESTS, AND THE SPEAKERS BUREAU

Marshall University’s forensics program, under the direction of the Department of Speech, provides students with opportunities for intercollegiate competition and for appearances before audiences in the Huntington area.

Marshall’s debaters meet teams from other colleges and universities through a season which culminates in the regional or national Pi Kappa Delta Meet. Marshall students also compete in intercollegiate contests in oratory, extemporaneous speaking, discussion, after-dinner speaking, and interpretive reading. Tryouts for the debate squad and for the individual speaking events are open to all full-time undergraduates.

Pi Kappa Delta is the national honorary forensics fraternity. Membership is conferred on those achieving distinction in intercollegiate debate and other intercollegiate speaking events.

The Speakers Bureau is an honorary service organization offering to the Marshall-Huntington community programs for social, civic, church, and educational organizations. Speakers Bureau programs, provided free of charge, include panel discussions, entertaining oral readings, and informative speeches. Membership in the Speakers Bureau, open to all Marshall University students, is earned through auditions.

UNIVERSITY THEATRE

University Theatre, an all-university activity, is under the general direction of the Department of Speech. Normally three full-length plays and several studio and experimental dramas are produced each year.

University Theatre experience is intended not merely to give training in dramatic skills and techniques, but to develop such qualities as poise, confidence, initiative,
self-reliance, and cooperativeness. A further purpose is to encourage appreciation of dramatic literature, and to help keep alive the plays which have made dramatic history. University Theatre activities are open to all full-time students.

**BAND, ORCHESTRA AND CHORAL GROUPS**

All students at Marshall University are eligible to enroll for any one of the major musical organizations on the campus such as the Marching Band, Concert Band, Stage Band, Marshall Community Symphony, Symphonic Choir, A Cappella Choir, Choral Union, University Singers, Opera Workshops, Wind Ensemble, and the Chamber Brass Ensemble. These organizations perform for many school functions and make a number of appearances in Huntington and occasionally make trips to other parts of West Virginia and neighboring states. Each major organization offers the student an enjoyable experience and an opportunity for advancement to higher musical achievement. Students interested in enrolling for any of the organizations should consult first with the Department of Music.

**STUDENT PUBLICATIONS**

The Parthenon, the campus newspaper, is published four times a week by students working in the Department of Journalism.

The Student Handbook is published annually and contains general information for all students with particular emphasis on information for freshmen.

The Chief Justice, the university annual, is published by students constituting the Chief Justice Board.

Et Cetera is a campus literary magazine and is published annually.

**RELIGIOUS LIFE**

A number of local churches, representing a variety of faiths, have joined in a united effort to operate the Campus Christian Center. The center is located at the corner of 17th Street and Fifth Avenue, which is contiguous with the Marshall University campus. Consult Student Handbook for further information.

**INTRAMURALS**

The intramural program at Marshall University is a program of competitive athletics and recreational activities promoted for every student and faculty member on the campus. The program is sponsored jointly from student activity fees and the Department of Health, Physical Education and Recreation and conducted by the Director of Intramurals. It includes a variety of activities in every field of athletics and recreational interests designed for lifelong participation.

**INTERCOLLEGIATE ATHLETICS**

The Athletic Committee schedules non-conference games with institutions of similar academic and athletic standards. Marshall University is also a member of the National Collegiate Athletic Association and conforms to its standards.

The Director of Athletics who reports to the president is responsible for implementing the athletic policy of the university. The athletic program is advised by the Athletic Committee.

Athletic coaches also serve as academic instructors and are required to have degrees for teaching on a college level.

The university participates in the following intercollegiate sports: football, basketball, baseball, track, cross country, tennis, golf, swimming and wrestling.

**STUDENT ORGANIZATIONS**

Nearly 100 clubs and organizations are active on the Marshall University campus offering extra-curricular activities for students in the following interest areas: drama, forensics, music, religion, honorary, professional, Greek, social, and sports. For more information, contact the Dean of Students Office or consult the Student Handbook.
NEW STUDENT INFORMATION PROGRAMS

New Student Informational Programs are conducted during the summer and immediately preceding the Fall, Spring, and Summer School Terms to introduce freshmen, transfer students, and their parents to student counselors, faculty, and administrative staff members. These university personnel have student counselors inform, advise, and develop the academic program of each student, in addition to introducing the incoming students to university policies, regulations, and community life.

WOMEN'S PROGRAMS

Marshall University is committed to the concept of Affirmative Action, and therefore offers a number of informative programs for and about women through the Dean of Students Office. A Women's Center exists on campus to promote women's programs and to provide educational information on the changing role of women in our society. For further information, contact either the Dean of Students Office (2W31 Memorial Student Center) or the Women's Center (B-16 Old Main).

EDUCATION RECORDS: PRIVACY RIGHTS OF PARENTS AND STUDENTS

The General Education Provisions Act, Title IV of Public Law 90-247, Section 438, as amended, 88 Stat. 571-574 authorizes the granting to parents and students the right of access, review, challenge, and exception to education records of students enrolled in an educational agency or institution. The Department of Health, Education, and Welfare, after review and accepting comments, has published in the June 17, 1976 issue of the Federal Register the regulations to be met by an educational agency or institution to protect the rights to privacy of parents and students. In accordance with the regulations, Marshall University has adopted a policy to be implemented by all units of the institution. Upon enrollment in the university, the student and/or eligible parent(s) may request a copy of the policy.

Under the Act the student and eligible parent(s) are granted the following rights:

a. to be informed of the provisions of the Act through adoption of an institutional policy;
b. to inspect and review the records of the student;
c. to reserve consent for disclosure except as exceptions are granted in the regulations, i.e., school officials, officials of other schools to which the student seeks attendance, or others as delineated in Section 99.31;
d. to review the record of disclosures which must be maintained by the university; and
e. to seek correction of the record through a request to amend the record and to place a statement in the record.

After the student registers for courses, the student and/or eligible parent(s) may request a copy of the policy Education Records: Privacy Rights of Parents and Students from the Office of the Dean of Students, Memorial Student Center, Marshall University, Huntington, West Virginia 25701.

Complaints of alleged failure by the university to comply with the Act shall be directed to:
The Family Educational Rights and Privacy Act Office
Department of Health, Education and Welfare
330 Independence Avenue, S.W.
Washington, D.C. 20201

The University encourages complainants to lodge a formal complaint with either the President, University Attorney or Attorney for Students.

Further clarification on this Act, the regulations and University policy should be directed to the Dean of Students.

STUDENT CONDUCT

The faculty and administration of Marshall University recognize fully the rights and responsibilities of students. These include the privilege and obligation of maintaining high standards of social and personal conduct. While encouraging the students to develop independence, the university embraces the concept that liberty and license are not
synonymous, and it therefore accepts the obligation to maintain those rules which will 
provide for the welfare of the individual and the campus community at large.

In order for Marshall University to function properly as an educational institution, 
students must assume full responsibility for their actions and behavior. Too, students are 
expected to respect the rights of others, to respect public and private property, and to 
obey constituted authority. A student’s registration in this institution constitutes his (or 
er) acceptance of these responsibilities, and this registration serves as an agreement 
between the student and the university. Failure to adhere to the rules and conduct 
regulations of the university places the student in violation of the Marshall University 
Code of Conduct and may, therefore, subject the student to disciplinary action such as 
disciplinary warning, a period and degree of probation, or suspension.

All persons are subject to the Student Code of Conduct who:
  a. have exhibited an intent to enroll at Marshall University, i.e., who have 
     applied and been admitted;
  b. are currently enrolled; or
  c. are pursuing a course of study at Marshall University, whether or not they are 
     currently enrolled.

All persons (as defined above) are subject to the Code at all times while on 
university-owned or controlled property, whether during an academic term or between 
terms.

Students, therefore, are expected to be thoroughly familiar with university rules 
and regulations as expressed in this catalog and in the Student Handbook. Copies of the 
Student Handbook are available in the Dean of Students Office or the Student 
Government Office.

LIABILITY

Marshall University, as a state agency, cannot assume responsibility for loss of or 
damage to the personal property of students. Furthermore, the university cannot assume 
responsibility for personal injury to students.

Students and their parents are strongly urged to make certain that such matters are 
covered by their personal insurance.
Academic Information

FACULTY-STUDENT ADVISORY PROGRAM

Each student admitted to Marshall University is assigned to a faculty adviser, usually in the field in which the student has expressed an interest. The adviser renders academic guidance by assisting in the preparation of class schedules, and by counseling on academic progress and meeting degree requirements.

SEMESTER HOURS

The semester hour is the basis of college credit within the institution. A semester hour is the credit received for passing a subject taken one hour per week for one semester. Laboratory courses require two or three hours per week for each semester hour of credit.

STUDENT SCHEDULES AND COURSES

1. SEMESTER LOAD. To make normal progress toward graduation, the student should complete approximately 25 per cent of the degree requirements within a calendar year. Semester programs of nineteen hours or more may be taken with permission of the academic dean if not stipulated in a degree program.

2. SCHEDULE ADJUSTMENT. Schedule adjustment is defined as the adding or dropping of courses, or the changing of class hours or days after a person has registered in any semester or term. A specific period of Schedule Adjustment and Late Registration is defined in the Schedule of Courses printed each semester by the Office of the Registrar. At the conclusion of the defined Schedule Adjustment Period, students are no longer permitted to add classes, or make changes in class hours or days, nor are late registrations permitted. Dropping of classes after the Schedule Adjustment Period is defined under Withdrawal on page 43.

3. FULL TIME STUDENT DEFINED. A student carrying at least 12 semester hours in a regular semester, four semester hours in a single summer term. To qualify for full veterans' benefits, a student must carry at least 12 hours in a regular semester, or four hours in a single summer term.

4. NUMBERING OF COURSES. Courses numbered 100-199 are primarily for freshmen. Courses numbered 200-299 are primarily for sophomores. Courses numbered 300-499 are primarily for juniors and seniors. Courses numbered 500-599 are for graduate students.

CLASSIFICATION OF STUDENTS

Students who have completed 90 hours or more of college work are classified as seniors.

Students who have completed at least 58 hours and less than 90 hours of college work are classified as juniors.

Students who have completed at least 26 hours and less than 58 hours of college work are classified as sophomores.

Students who have completed less than 26 hours of college work are classified as freshmen.

GRADES AND QUALITY POINTS

The following system of grades and quality points is used within the institution:

A. For superior performance. Four quality points are earned for each semester hour with a grade of A.

B. For performance distinctly above the average in quality. Three quality points are earned for each semester hour with a grade of B.

C. For performance that is of average quality. Two quality points are earned for each semester hour with a grade of C.

D. For performance of below-average quality. One quality point is earned for
Academic Information

Each semester hour with a grade of D.

F. Failure, given for unsatisfactory work. No quality points.

W. Withdrawn on or before the eighth Friday after the first class day of the regular semester or the third Friday after the first class day in the summer session.

WP. Withdrawn passing after the "W" period.

WF. Withdrawn failing after the "W" period.

I. An I grade (Incomplete) is given to students who do not complete course requirements because of illness or for some other valid reason. The student has the responsibility of completing the work satisfactorily, and if this is done the final grade may be any one of the four passing marks. If an incomplete is not made up within a period of twelve months, or if the makeup work is unsatisfactory, the grade becomes an F. An I grade may also be removed by repeating the course within the twelve-month period. The I grade is not considered in determining the quality point average.

Quality Points Required for Graduation

Quality points are based on the following quality point values for each semester of credit: "A"-4; "B"-3; "C"-2; "D"-1; and "F", "WF"-0. The quality point average is computed on all work for which the student has registered with the following exceptions:

a. Courses with grades of "W" and "WP".

b. If a student earns a grade of "D" or "F" on any course taken no later than the semester or summer term during which he attempts the sixtieth semester hour, and if he repeats this course prior to the receipt of a baccalaureate degree, the original grade shall be disregarded and the grade or grades earned when the course is repeated shall be used in determining his grade point average. The original grade shall not be deleted from the student's record.

c. Students who began college study prior to the fall semester of 1968 or students whose records include an original grade which was reactivated following the second repeat of a course must make application to the appropriate institutional authority to assure their coverage by this regulation.

d. The institutions in which this regulation applies shall make clear to students the fact that this regulation pertains only to graduation requirements and not to requirements for teacher certification which are within the province of the West Virginia Board of Education.

e. Candidates for graduation must have a quality point average of 2.0 or higher overall and in the major area of study on all work attempted at Marshall University or any other institution under the jurisdiction of the West Virginia Board of Regents.

-Adopted by West Virginia Board of Regents, February 8, 1972

Students in the College of Education should check with their Dean prior to the application of the above regulations of the Board of Regents to their particular academic record.

Candidates for graduation and/or teacher certification must have a quality point average of 2.0 (C) or higher.

It is the student's responsibility to keep informed on quality point standing and degree and/or certificate requirements. This information can be obtained from the dean of the college in which the student is registered.

Regulations on Dropping Courses or Completely Withdrawing from the University

1. Dropping of Courses

Dropping of courses during the Schedule Adjustment Period is described in the Schedule of Courses Bulletin published each semester by the Office of the Registrar. Dropping of courses after the Schedule Adjustment Period is accomplished by securing a drop form, and having it signed by appropriate persons. Blank copies of the drop form are available in the Offices of the Registrar, the Academic Deans, the Academic Department Chairmen, and the Center for Student Development (Counseling Office, Prichard Hall). The signatures required on a drop
form vary with the academic calendar, as described in Paragraph 3-A and B below. After obtaining the required signatures, the student must submit the drop form to the Office of the Registrar, which then assumes the responsibility for notifying the Dean and faculty members concerned of a student's official dropping of a class. The regulations concerning the grade a student receives are in Paragraph 4 below.

2. Official Withdrawal from the University
   A. Undergraduate students taking courses on campus who desire to withdraw from the University must contact the Center for Student Development (Prichard Hall). This center will conduct the exit interview and inform the student of the necessary administrative offices that must be cleared prior to complete withdrawal from the University.
   B. All undergraduate students taking courses off the campus who desire to withdraw from the University should contact their respective deans.
   C. All graduate students who desire to withdraw from the University should contact the Office of the Dean of the Graduate School.
   D. Application for withdrawal from the University must be made in person or by mail. Application for withdrawal by telephone will be accepted when followed by a letter.
   E. At the time of withdrawal from the University, the student relinquishes unused meal tickets, activity card, and student I.D. card. The Finance Office will determine any financial refunds due to the student which will be transmitted by check. The student’s I.D. card will be deposited in the Office of the Registrar. If the student decides to attend a subsequent semester or summer term, the I.D. card may be picked up by the student one week prior to regular registration. A student who is withdrawing by mail should include the above mentioned items with the request.

3. Processing Drop Forms
   A. Any student contemplating dropping a particular course will be informed of his/her standing in that course to date, no later than the last class day prior to the “W” deadline. The Registrar will accept and process drop forms after they have been signed by the appropriate instructor and the student’s present status indicated.
   B. Dropping one or more courses or officially withdrawing from the University after the “W” deadline date will be approved only through personal conference with the student’s academic dean. The Registrar will accept and process requests during this period only from the office of the academic dean. Grades reported for drops and withdrawals during this period are defined in Paragraph 4-A below.

4. Grades Assigned in Case of Dropping Courses or Withdrawal from the University
   In all cases of dropping courses or withdrawal from the University the instructors will report grades as follows:
   A. A student dropping courses or withdrawing from the University on or before the eighth Friday after the first class day of the regular semester will receive a grade of “W”. During the summer session, the “W” period ends on the third Friday after the first day of class. For eight-week courses and other courses of varying lengths, the “W” period ends on the Friday immediately following the midpoint in the course. Students dropping or withdrawing after the “W” period will receive a “WP” or “WF”.
   B. A “W” grade or a “WP” (withdrew passing) grade will have no bearing on the student’s grade point average. A “WF” (withdrew failing) will be the equivalent of an “F” grade.
   C. Students who drop courses without approval, or who do not follow regulations provided in the preceding paragraphs, receive a grade of “F” at the end of the semester or summer term.

5. Final Date for Dropping or Withdrawing
   The last scheduled day of classes is the final date for dropping or withdrawing.

6. Military Service
   Men and women called to active duty in the armed services of the United States of America shall be granted full refund of fees, but no credit, if the call comes before the end of the first three-fourths of the semester or term, and full credit, but no refund of fees shall be granted if the call comes thereafter; provided,
however, that credit as described above will be granted only in those courses in which the student is maintaining a passing mark at the time of departure to military service. The term “called to active duty” is herein defined as being called to active duty as the result of the federal activation of a total reserve component or National Guard unit of which the student is a bonafide member. Such reserve components and guard units are defined as company strength and above. The final grades, both passing and failing, for three-fourths of a semester or more are to be shown on the student’s permanent record card.

ABSENCES FROM EXAMINATIONS

Students are required to take all regular examinations. If a student attends a course throughout the semester and is absent from the final examination without permission, the instructor counts the examination as zero and reports the final grade of F. If the absence is the result of illness or some other valid reason beyond the control of the student the grade of I is reported, and the student may, upon application, take the examination at a later date. (See “Incomplete” under Grades and Quality Points.)

ATTENDANCE POLICY

A student should recognize that one of the most vital aspects of a college experience is attendance and participation in classes and that the value of this academic experience cannot be fully measured by testing procedures alone.

The members of the student body are considered sufficiently mature to appreciate the necessity of regular attendance, to accept this personal responsibility, and to demonstrate the kind of self-discipline essential for such performances.

It is the responsibility of each individual instructor to evaluate the importance of student class attendance. Accordingly, each instructor prepares at the beginning of each semester a written statement setting forth his policy for consideration of unexcused absences, make-up examinations, and related matters, which will be in force for the semester. The statement is filed with the chairman of the department and a statement of policy on attendance appropriate to each class is read at the first class meeting.

In those cases where marked violations of class attendance policy occur, the instructor may notify the dean so that every effort can be made to find and counsel the student whose academic prospects are being jeopardized by non-attendance.

Absences such as those resulting from illness, death in the family, or institutional activities (those approved by the academic deans, such as debate, artistic performances and athletics) are to be excused when a student reports and verifies them to the instructor. For such excused absences, the student should not be penalized.

ACADEMIC PROBATION

Any student who has less than a 2.0 average is on academic probation.

INELIGIBILITY FOR SCHOLASTIC DEFICIENCIES

Students are subject to the academic regulations of the university. For failure to comply with such regulations, a student may be suspended as provided by the West Virginia Board of Regents.

1. A student on probation must show marked improvement in academic performance. It is expected that the quality point average will be better than 2.0 on all work attempted during each succeeding term in which the student is enrolled. Failing to meet this standard, he may be declared ineligible to attend the next regular academic semester or may be dismissed from the university.

2. A student who has a deficit of 20 or more quality points and who did not receive better than a 2.0 average on all work attempted during the semester in which the student last enrolled may be declared ineligible to attend the next regular academic semester.

3. Colleges may apply additional eligibility requirements as stated elsewhere in this catalog under specific college requirements.
READMISSION OF STUDENTS DECLARED INELIGIBLE TO ATTEND THE REGULAR ACADEMIC YEAR

Students who have been declared ineligible for readmission to either the fall or spring semester may attend either or both of the summer sessions to improve their academic standing. After the student has reduced the quality point deficiency to fewer than 20 or by the number stipulated by his or her college, he or she may petition for enrollment in the First and/or Second Semester. A student who is ineligible to attend a regular academic semester may attend one or both summer sessions and take one or more courses. If the student's academic standing does not improve, he or she will be subject to dismissal from the university.

Any student who enters another college or university following academic dismissal from Marshall University and thereafter seeks readmission to Marshall, is classified as a transfer student and is governed by the regulations applying to transfer students. It should be understood, however, that students must have a quality point average of 2.0 or higher on all work attempted at Marshall University. Quality points earned at another institution may not be used to reduce a quality point deficiency created at Marshall. (See Board of Regents transfer policy.)

TRANSFER FROM ONE COLLEGE TO ANOTHER

All decisions regarding a student's transfer to another college within the university are controlled by the student and the dean of the college to which the student proposes to transfer.

Individuals who are returning to the university from one or more years of active military duty are eligible to enter the college of their choice.

POLICY REGARDING THE TRANSFERABILITY OF CREDITS AND GRADES

Whereas, The Board of Regents at its meeting on June 8, 1971, recognized that the state system of higher education should provide flexible opportunities which facilitate the attainment of individual educational objectives, and

Whereas, The Board at that time recorded its intention to establish a policy concerning the transfer of credits and grades which would enable students who complete college-parallel programs in the state community colleges to obtain baccalaureate degrees in two additional years with the possible exception of certain specialized curricula,

Therefore Be It Resolved, That the West Virginia Board of Regents establishes the following policy regarding the transfer of student credits and grades between two-year and four-year institutions and between four-year institutions in the public higher educational system of West Virginia.

1. Credit and grades earned for all baccalaureate level courses at any baccalaureate degree-granting institution in the West Virginia state system of higher education shall be transferable to any other institution in the state system.
2. Seventy-two hours of credits and grades earned for college-parallel courses completed at community colleges or branch colleges in the West Virginia system of higher education shall be transferable to any baccalaureate degree-granting institution in the state system.
3. Transfer students must fulfill the graduation requirements of the institution from which they expect to receive a degree.
4. Each institution shall establish reasonable and nondiscriminatory policies that will permit transfer students from within the state system to graduate with honors.
5. Consistent with provisions 1 and 2 above, each baccalaureate degree-granting institution may require transfer students to meet any of the following standards:
   a. An average of "C" on previous work attempted, provided that the average be determined according to Board-approved regulations applicable to the institution from which the student is transferring.
   b. An average of "C" on work taken at the degree-granting institution, and an over-all "C" average according to the rules of that institution, as well as any requirements that may be established under provision 3 above.
c. The completion of up to 36 additional hours of credit, in residence, regardless of the number of hours transferred.

d. The completion of 16 of the last 32 hours before graduation in residence.

e. The completion of up to 15 additional hours of credit in his major field regardless of the number of hours and the nature of the courses transferred.

Be It Further Resolved, That any policies of this Board contrary to the foregoing are rescinded.

Adopted: West Virginia Board of Regents
November 5, 1971

MINIMUM RESIDENCE REQUIREMENTS FOR GRADUATION

For all undergraduate degrees at least one year's work in residence is required, one semester of which must be in the senior year. A "year in residence" must represent not less than two semesters work in residence or one semester and two summer terms with not less than 24 hours credit. (Except "Combined College and Professional Programs," see p. 67.)

Candidates for bachelor's degrees who enter Marshall University within 10 years prior to their graduation may graduate by meeting the requirements in effect on the date of their entrance. When the time between entrance and graduation is greater than 10 years, the student must meet the graduation requirements in effect on the date of graduation. For courses no longer offered, substitutions may be made by permission of the academic dean.

In all cases students in the College of Education must meet prevailing requirements for teacher certification.

QUALIFYING EXAMINATION IN ENGLISH COMPOSITION

To encourage an acceptable standard of written English, the university requires for graduation a grade of C or better in English 102 or 201H or the passing of a qualifying examination in English composition.

The examination is given six times each year: twice during each regular semester and once each summer term. Students in four-year programs take the examination at the first opportunity after they have reached junior classification (58 hours credit, including the required courses in composition). Students in associate degree (two-year) programs are eligible to take the examination in their second year, after they have passed six hours of regular freshman English (not including English 100).

Foreign students from countries whose national language is not English and students who receive A, B, or C in English 102 or 201H are excused. Students receiving credit for English 102 as a result of passing the CLEP Subject Examination in Freshman English after September 1, 1976 are also excused. For all others in the undergraduate colleges, passing the examination is a requirement for graduation. Passing the examination is also a requirement for admission to student teaching.

The date of the student's passing, or a notation of being excused, is entered in the student's permanent record. Those who do not pass the examination are required to attend the noncredit English Composition Clinic in the next half-semester before they retake it. The examination may be taken as many times as necessary.

ACADEMIC DISHONESTY

Marshall University considers cheating to be a serious breach of academic discipline and absolutely condemns this and any form of academic dishonesty, on or off campus, for whatever purpose it may be pursued.

Cheating shall be defined generally as any act of a dishonorable nature which gives the students engaged in it an unfair advantage over others engaged in the same or similar course of study and which, if known to the classroom instructor in such course of study, would be prohibited. Such cheating shall include, but is not limited to, the following: securing or giving unfair assistance during examinations or required work of any type; the improper use of books, notes, or other sources of information; submitting as one's own work or creation any oral, graphic, or written material wholly or in part created by another; securing all or any part of assignments or examinations in advance of their
submission to the class by the instructor; altering of any grade or other academic record; and any other type of misconduct or activity which manifests dishonesty or unfairness in academic work.

The university fully expects its students to conduct themselves in a dignified and honorable manner as mature members of the academic community, and assumes that individually and collectively they will act to discourage acts of cheating. The university also expects complete and absolute cooperation among administrators, faculty, staff and students in the prevention of cheating, in detecting those who cheat, and in providing appropriate punishment for offenders. It shall be the special responsibility of the individual classroom instructor to establish with each class learning and testing conditions which minimize possibilities of cheating, to make every reasonable effort to detect those who cheat, to take appropriate action against such persons, and to prevent repetitions of such academic dishonesty.

Since each classroom instructor may modify the general definition of cheating to fit the immediate academic needs of a particular class, it shall be the instructor's responsibility where this is done to make clear to students the details of any such departure from the general definition.

Major responsibility for punishment of cheating offenders shall lie with the individual instructor in whose classroom or course of study the offense occurred. Such punishment shall be based upon the severity of the offense, circumstances surrounding the act, causes for the behavior, whether this is a repetition of a previous offense, and such other factors as the instructor may consider pertinent, and may range from a reprimand to failure in the course with or without a remanding of the offender to other university officials for additional action. Where the offense is particularly flagrant and/or it is known to the instructor that the person has been guilty of one or more such offenses in the past, the instructor shall communicate the details of the offense and the action taken to the appropriate university officials with recommendation for additional punishment or action. If the cheating offense involves a violation of any local, state, or national law, the instructor shall communicate the details of the offense and any action taken, without delay, to the appropriate university official for additional action. Beyond the action taken by the individual classroom instructor, university officials may place the student on social and/or academic probation, place a written account of the offense in the student's permanent record file, expel the student from the university, remand the student to proper law enforcement officials for legal action, or take such other steps as may seem appropriate and reasonable.

A student charged with a cheating offense may appeal from the action of the classroom instructor to a Review Committee consisting of the Vice President for Student Affairs, the Dean of the College in which the student is enrolled, the Chief Justice of the Student Court, and two faculty members appointed for each individual case by the University Council. This committee may make such additional investigation as it may desire, shall hear all evidence in the case, and shall affirm or reverse, in whole or in part, the action of the instructor. The Review Committee shall be a special sub-committee of the Student Conduct and Welfare Committee, and shall deposit a record of its actions with the chairman of that committee.

A student may appeal from the action of the Review Committee to the President of the University, who may affirm or reverse, in whole or in part, the action of the Review Committee.

Appeals by the student to the Review Committee or to the President shall be made within thirty days of the time disciplinary action is taken or the appeal decision has been handed down; and as a part of such appeals the student may seek such legal or other assistance as he may deem advisable.

A copy of the regulations defining cheating shall be carried in all college and university catalogs, in any student handbook distributed to incoming students, in any freshman orientation issues of the student newspaper, and in any literature generally distributed as part of orientation classes. It shall be the responsibility of each classroom instructor each semester either to remind classes of these regulations or to indicate where they may be read, indicating at this time any variations which will be followed by that instructor's classes with respect to such regulations.

In all phases of enforcement of the cheating regulations due care and diligence shall be taken by instructors and others concerned to see that charges are made only upon sufficient knowledge and that each student so charged is treated with fairness and consideration.
AUDIT COURSES

An audit student is one who enrolls as an observer or listener only. Auditing is allowed only when there is space available in the class and the academic dean having jurisdiction over the course authorizes audit status. Enrollment for audit is limited to the regular registration period for the semester or term. Students who want to audit classes must enroll and pay fees in the same manner and at the same tuition rate as students enrolling for credit. Audit students receive no credit. Faculty members wanting to audit courses must secure approval of their dean and the instructor of the course or courses desired and must enroll in the regular manner for such courses.

It is not possible to change a registration from credit to audit or audit to credit after the close of the schedule adjustment period at the beginning of a semester or summer term.

CREDIT/NON-CREDIT OPTION

A student may elect to present a maximum of 18 semester hours of credit on a credit/non-credit basis towards fulfillment of requirements of a baccalaureate degree. The decision to take a course on this basis must be made during registration and may not be changed after the end of the registration period. Courses taken on the credit/non-credit basis must be in areas other than the student's major area or teaching specialization.

If a student decides to change his major after taking a course Credit/Non Credit, and that course then becomes a part of his major, the letter grade turned in by the instructor will be inserted in the transcript and will be included in the computation of the grade point average.

Course work taken on a credit/non-credit basis will be counted for credit the same as any other course. A credit/non-credit grade, recorded as CR or NC, will not be counted in computing the student’s grade-point ratio. A course that has been taken on a credit/non-credit basis in which the grade of NC was awarded may be repeated either on a credit/non-credit basis or on a regular grade basis.

THE DEAN'S LIST

Students registered for 12 or more hours who, at the end of the semester, receive grades averaging B or above are considered honor students and a list of such students constitutes the Dean’s List.

PUBLIC SERVICE INTERNSHIP

The Public Service Internship Program was developed by the West Virginia Board of Regents to place qualified students in state government agencies for an off-campus learning period of one semester. Students enrolled in this program work a forty hour week with an executive agency in a supervised intern program. They also attend a weekly seminar conducted by the state program coordinator and have a directed studies program conducted by their major department at Marshall.

Participants must be full-time enrollees of Junior or Senior rank. They also must have the approval of their department chairperson and the university selection committee. Final placement will be made by the state program coordinator. For their participation in the program students will receive 12 hours of academic credit and an educational stipend. It is a program requirement that participants live in approved housing in the Charleston area.

Academic credit for the program is divided among three courses:

487. Public Service Internship 6 hours
488. Seminar in Public Service 3 hours
489. Directed Studies 3 hours

The student's major department will determine how the credit is to be allocated in order to meet departmental requirements. All courses must be taken in order to receive credit. Students interested in this program should contact the Marshall Liaison Officer (Troy Stewart, Department of Political Science) early in the semester prior to the one in which they wish to participate.
HONORS COURSES

Students of exceptional ability who possess a high degree of initiative may register for a departmental or interdisciplinary honors course. Such students are excused from some of the routine demands of the undergraduate courses but they are required to maintain a higher standard of academic work. Juniors with outstanding scholastic records may apply to the chairmen of the departments to enroll as candidates for honors in the field of their choosing. Students recommended by the chairman of their departments, and approved by the honors committee, may receive six to eight hours credit during their senior year in courses numbered 495H and 496H. Applicants must file by the opening of the second semester of the junior year, and must be recommended by the chairman of the major department. A 3.3 grade point average in the major and a 3.0 over-all average are required normally of applicants. In extraordinary circumstances, a student with slightly lower averages may be admitted to the program with the approval of the chairman of the department, the dean, and the honors council. Both courses must be taken in sequence in order to receive credit.

Interdisciplinary honors seminars are held for freshmen, sophomores and upperclassmen. Further information is found in the University Honors listing on page 183.

GRADUATION WITH HONORS

Baccalaureate Degree candidates for graduation who have achieved special distinction in academic work are recognized at Commencement by having printed on their diplomas their honor status as determined by quality points:

- **summa cum laude** (3.85 and above)
- **magna cum laude** (3.6 to 3.84)
- **cum laude** (3.3 to 3.5)

To be eligible for graduation with honors:

1. A transfer student from a two-year college within the state system must have earned at least 56 hours of work at Marshall University (all work to be included in determining graduation with honors).
2. A transfer student from a four-year institution within the state system must have earned a minimum of 36 hours of work at Marshall University (all work to be included in determining graduation with honors).
3. All other transfer students must have earned at least 72 hours of work at Marshall University (work transferred from another institution is not included in determining graduation with honors).

Associate Degree candidates for graduation who have achieved special distinction in academic work are recognized at commencement by having printed on their diplomas their honor status as determined by quality points.

- **With High Honors** - 3.7 and above
- **With Honors** - 3.3 to 3.69

To be eligible to graduate with honors:

1. A transfer student must have earned at least 36 hours of work at Marshall University
2. All work completed by a student at Marshall University is included in determining graduation with honors.
3. Work transferred from another institution is not included in determining graduation with honors.

TRANSCRIPrTS

Every student is entitled to one free official transcript of his or her record. Each additional copy costs $1 in cash or money order. Two to three weeks may be required to process an application for a transcript at the close of a semester or summer term. At other times the service is approximately 24 hours from receipt of the request.

Students who default in the payment of any university financial obligation forfeit their right to claim a transcript.

An application for a transcript of credit earned must furnish the date of last attendance at Marshall University and student identification number. A married woman
should give both her maiden and married name.  
All requests for transcripts must be sent directly to the registrar.  
Transcripts are prepared in the order received.  
Transcript requests must be in writing, no phone requests accepted.

ACADEMIC PUBLICATIONS OF THE UNIVERSITY

The university issues six bulletins annually: the General Undergraduate Catalog, the Catalog of the Graduate School, the admission bulletin, the schedule of courses for each semester, and the summer session bulletin. Other special publications are issued from time to time.

EVENING CLASSES

Marshall University helps meet community needs through the Evening Classes. Credit and noncredit courses may be taken for personal, business, cultural, domestic, industrial and recreational improvement or as a refresher of other interests.
Phones Classes are provided for those not interested in college credit but who wish to meet for one or more sessions to discuss some topic of vital interest to them in their daily work. A class of 15 or more students is required for a special interest group.

The evening classes serve those who need or want further education for credit or noncredit. It is possible to earn college credit which will serve the needs of those working toward college degrees in various fields of study.

For those who want college credit there are two lines of work:
1. Undergraduate work for high school graduates who wish to improve their employment status through education or those who want to extend their knowledge in some direction or wish to satisfy their intellectual curiosity by following a particular line of studies.
2. Graduate work for those who hold a baccalaureate degree and who wish to work for a master's degree. Work done in evening classes carries residence credit.

CONTINUING EDUCATION

Marshall University regards adult-oriented programs as an extremely important dimension of higher education. As a state-supported institution it recognizes an obligation to provide for the people of West Virginia certain community services in addition to the regular academic programs.

Continuing Education Units

Marshall University, through the Office of Community Services in the Community College, is participating in a non-college credit type of "Continuing Education Unit" program designed to give recognition to persons continuing their education through certain types of short courses, seminars, conferences and workshops. The program is designed for industrial, business, educational, civic, professional, and other groups.

One Continuing Education Unit is generally defined as: Ten contact hours of participation in an organized educational experience under responsible sponsorship, capable direction and qualified instruction.

Continuing Education Units may be awarded as whole units or as tenths of units. For example, a fifteen contact-hour short course would produce 1.5 C.E.U.'s, a ten contact-hour offering 1.0 C.E.U., and a five contact-hour offering 0.5 C.E.U.

A permanent record will be maintained by the University of all C.E.U.'s earned.

ACADEMIC COMMON MARKET

West Virginia provides for its residents who wish to pursue academic programs not available within the State through the Academic Common Market and through contract programs. Both programs provide for West Virginians to enter out-of-state institutions at reduced tuition rates. Contract programs have been established for study in veterinary medicine, optometry, architecture, and podiatry; the Academic Common Market provides
access to numerous graduate programs. The programs are restricted to West Virginia residents who have been accepted for admission to one of the specific programs at designated out-of-state institutions. Further information may be obtained through the Office of Academic Affairs, Old Main 110, or the West Virginia Board of Regents.

REGENTS BACHELOR OF ARTS DEGREE

Marshall University Regents Bachelor of Arts Degree Program is an innovative program designed with the adult student in mind. It is different from any present baccalaureate degree plan in many respects. College credit may be awarded to students in the program for work or life experience and counts toward the degree requirements. While the program is designed to insure the Regents B.A. Degree student a sound educational foundation, rigid specialization requirements are not imposed.

The central principle that underlies the life experience assessment process is that WHAT the student knows is more important than how he/she learned it. If a student can demonstrate that his/her knowledge and skills are reasonably comparable to what the college trained student knows, then equal credit will be awarded. As long as the student can provide evidence that he/she possesses college equivalent knowledge or skills, his/her achievements will be credited and recognized as applicable toward this degree program. The term, “life experience,” is a partial misnomer since credit is not given for simply any kind of adult life experience, but only for those experiences that produce learning and skills comparable to the outcomes of courses of training at post-secondary levels. For determination of college equivalent credit for the student’s work and life experience
when requested by the student, there will be a total fee of $50 for the evaluation, regardless of the number of credit hours awarded.

Graduation requirements are:

Total Credit Hours:
Upper Division Hours: 128 (300-400 level courses or equivalent)
General Education: 36 total hours with a minimum of 6 hours in each of the following areas:
Communications: English 101, 102 or any English Composition Course at any accredited institution, Speech 103 or any Speech performance course, Introductory level foreign language or conversational language.
Humanities: Bible, Religion, Philosophy, Classics, Literature, Appreciation (Art or Music) or any course called Humanities at any accredited institution.
Natural Sciences: Chemistry, Physics, Geology, Geography (Physical only), Biological Science, Botany, Zoology, or any course called Natural Science at any accredited institution.
Social Sciences: Economics, Psychology, Sociology, Anthropology, History, Social Studies, Political Science, Geography (Social or Economic only) or any course called Social Science at any accredited institution.

Grade Point Average: 2.00
Residence: 15 hours in the state system, including community colleges.
Rules Relating to F’s: All F’s received one year or more before admission to the program are disregarded.
Grades and Grading: Grading will follow Marshall’s current requirements.
At Marshall University a Program Coordinator has been appointed to assist Regents B.A. Degree students in completion of admission documents, course enrollment, assessment for work and life experiences and other factors. The Program Coordinator will provide application forms and other information on the Regents B.A. Degree to prospective students.

SECOND BACHELOR'S DEGREE

A person may receive more than one Baccalaureate Degree by completing all of the major and minor requirements for the desired subsequent degrees. A minimum of 30 additional hours will be required. Grade point averages and graduation with honors must conform to existing university policies.
To be of the greatest service to society, one must have a liberal view, broad sympathies, and a constructive attitude toward the rights of others. The student who receives a liberal arts education is much more likely to have this broader outlook and is also more likely to see beyond the horizon of his own personal interests than is the individual whose training has been directed along a single line of specialization.

The primary purpose of a liberal arts course is to acquaint the student “with what man has done, that is, history; with what he has thought, that is, philosophy; with what he has found out, that is, science; with what man has created, that is, art; with what he has felt and expressed, that is, literature; and with what he has worshipped, that is, religion.” Knowledge alone must not be the purpose and the end of education. Courses of study should produce students able to deal with general as well as specific occasions. This faculty is best acquired by means of a liberal education and so the requirements for the Bachelor of Science degree and those for the Bachelor of Arts degree do not differ widely. In other words, one of the main purposes of the College of Arts and Sciences is to educate rather than to train. Training belongs to the more specialized schools. The person best fitted for life is usually one who combines both of these types of education.

The College of Arts and Sciences offers the following four-year degrees: Bachelor of Arts, Bachelor of Science, and Bachelor of Science in Chemistry.

Organizations

The various departments of the College of Arts and Sciences are grouped as follows:

Division of Humanities
- Bible and religion, classical studies (Latin, Greek), English, modern languages (French, German, Spanish), philosophy, speech.

Division of Sciences:
- Biological Sciences (bacteriology, botany, zoology), chemistry, geology, mathematics, physics.

Division of Social Sciences:
- Criminal justice, economics, history, journalism, political science, psychology, sociology-anthropology.

Arts and Sciences Academic Advising Center

The College of Arts and Sciences maintains an Academic Advising Center located in Old Main, Room 3-B. The educational philosophy of the college is that a student does not have to know what he or she wants to study upon entering college. To declare a major just for the sake of having a major is unwise and unnecessary. It is often more academically sound for the student to experience his field of interest before declaring a major. The Advising Center primarily serves the student who has not declared a major or who is pursuing a major which is not offered at Marshall University with the idea of transferring to another institution.

REQUIREMENTS FOR DEGREES

The Baccalaureate Degree

A student registering in the College of Arts and Sciences may elect to receive one of the following four-year degrees: Bachelor of Arts (B.A.), Bachelor of Science (B.S.), Bachelor of Science in Chemistry (B.S. in Chem.). Each degree requires that 128 hours of credit be earned and that the general and specific requirements for the degree be met. Further the student must meet the requirements of the department in which he is majoring.

Change in Major or College

Students who decide to change their major or their college will be governed by the catalog in effect at the time of change. All curriculum requirements must be met.
B.A., B.S., and B.S. in Chemistry Degrees

General Requirements

1. Candidates for graduation must have a quality point average of 2.0 or higher on all work attempted at Marshall University, and the average in the major subject must be 2.0 or higher.
2. Forty-eight hours must be earned in courses numbered 300-499 for all degrees.
3. Candidates for the B.A. and B.S. degrees must earn at least 26 hours in a major subject (see specific departmental requirements) no more than six of which may be selected from courses in the 100 series. The quality point average in the major subject must be 2.0 or higher. Candidates must also earn at least 12 hours in a minor subject, no more than three of which may be from the 100 series. The minor subject may be chosen from any department in the university.

Specific Requirements for the B.A. and B.S. Degree

HUMANITIES

I. English 101, 102 .................................................. 6 hrs.

II. Foreign Language
   Successful completion of French 204, German 204, Greek 302, Latin 204, or Spanish 204. .................................................. 3-12 hrs.

   The language requirement may be waived for students who have a native fluency in another language or who have acquired the knowledge of another language and its culture, provided the following conditions are met:
   2. Proof of knowledge of another language and culture as determined by the Department of Modern Languages.

III. Speech 103 .................................................. 0-3 hrs.
    This requirement may be waived for those who have one unit of high school speech and can demonstrate proficiency by a written and oral examination by the Speech Department.

IV. Literature .................................................. 6 hrs.
    Courses to be selected from the following:
    - Bible and Religion 206, 210, 304, 310, 430
    - Classics 321, 322
    - English 300, 301, 304, 307, 310, 311, 318, 329, 331, 340
    - French 327, 328, 417, 418, 435, 436
    - German 301, 302, 417, 418
    - Latin - any 300 or 400 level course
    - Spanish 312, 313, 320, 410, 485

V. Bible and Religion, Classics, or Philosophy .................................................. 2-3 hrs.
   One course to be selected from the following:
   - Bible and Religion - any course except Honors
   - Classics 200, 319, 435, 436
   - Philosophy - any course except 304, 425, 426

SOCIAL SCIENCES

I. Courses to be distributed in at least three fields from economics, geography, history, political science, psychology, and sociology and anthropology ........................................... 15 hrs.
   Courses to be selected from the following:
   - Economics - any course
   - Geography - 100, 203
   - History - any course
   - Political Science - any course
Psychology 201, and any course for which the student has the necessary prerequisite.

Sociology-Anthropology
Anthropology 201, 343, 426, 427, 430, 455
Sociology 101, 102, 200, 310, 311, 313, 314, 332, 342, 433, 439.

SCIENCE AND MATHEMATICS

I. Natural and Physical Sciences
Courses to be distributed in at least two fields from biological sciences, chemistry, geology and physics ........................................ 12 hrs.

II. One course selected from mathematics, depending upon departmental requirements for a major, or Philosophy 304 or 453 .......................... 3-5 hrs.

Total 47-62 hrs.

Students may take courses in physical education and R.O.T.C., but these courses are not required for graduation.

FOUR-YEAR CURRICULUMS

ART

Majors in the fine arts must satisfy the following requirements:
1. Art students must submit a portfolio of art work done in the freshman and sophomore years for review by the art staff prior to enrollment in advanced courses in art.
2. A successful exhibition of creative work must be presented by the student during his or her senior year.

Students in the College of Arts and Sciences may major in the fine arts and earn the B.A. degree by meeting the general and specific requirements and by taking the following 42 hours of art courses:

BIOLOGICAL SCIENCE

The major in biological science is for students who wish to study in the fields of botany and zoology and whose vocational preparation requires a background in these fields.

The major requirements include Biological Science 101 and 102, 8 hours in botany, 8 hours in zoology and 8 hours chosen under the guidance of the department chairman (total 32 hours).

Majors are required to meet all degree requirements and to take these courses:
Biological Science 101 and 102 ........................................ 8 hrs.
Zoology 212 and 301 or 302 ........................................ 8 hrs.
Botany 416 and 302 or 415 or Biological Science 404 ............... 8 hrs.
Additional hours in Botany, Zoology, or Biological Science 404, and 407 (two fields) ........................................ 8 hrs.
Chemistry 211, 212, 327 and 361 .................................. 12 hrs.
Two Chemistry laboratory courses chosen from 213, 214, 215, 216 ........ 4 hrs.
Geology 200, 210L .................................................. 4 hrs.
Physics 201, 202, 203, 204 ....................................... 8 hrs.
Mathematics 120 and either 122 or 125; or 130 and either 131, 190 or 225 6-8 hrs.

BOTANY

Professional opportunities in the plant sciences offer excellent possibilities for employment. They include industrial and academic positions with good remuneration.

Graduate study is increasingly demanded. The B.S. degree with botany as a major prepares the student for graduate study in the field.
Majors are required to meet all degree requirements and to take the following courses:

- Biological Sciences 101, 102 and 404 ........................................... .12 hrs.
- Botany 302, 415 and 416 ......................................................... 12 hrs.
- Botany electives ................................................................. 7-8 hrs.
- Chemistry 211, 212, 327 and 361 ............................................. .12 hrs.
- Two Chemistry laboratory courses chosen from 213, 214, 215, 216 .. 4 hrs.
- Geology 200 and 210L ............................................................. 4 hrs.
- Physics 201, 202, 203, and 204 ............................................... 8 hrs.
- Mathematics 120 and 122 or 130 and 131 ................................. 6-8 hrs.

CHEMISTRY

Courses offered by the Department of Chemistry provide a program of studies which allows the individual to:
1. Obtain high quality instruction in chemistry as a scientific discipline.
2. Obtain a sound background in preparation for advanced studies.
3. Meet the qualifications of professional chemists and accrediting agencies.
4. Prepare for a professional career in medicine, dentistry, pharmacy, medical technology, engineering, nursing and other fields.

The curriculum and facilities of the department have been approved by the Committee on Professional Training of the American Chemical Society.

Co-Op Program

In cooperation with local industries, the Chemistry Department provides opportunities for a limited number of students to alternate school terms with terms of full-time employment in local industries.

Curriculums

B.S. Degree, Major in Chemistry: The student must meet the general requirements for the B.S. degree, and must complete Chemistry 356, 361, 307 or 357, 345, 448 and chemistry electives to total 32 hours. The American Chemical Society requires 32 semester hours for admission to full membership without previous experience.

Students interested in careers in technical sales, management, and marketing, are encouraged to take the following courses as electives: Economics 241, 242; Marketing 340, 440 or 442; Management 320.

B.S. in Chemistry: The curriculum meets the minimum standards of the American Chemical Society and is recommended for students intending to enter the chemical profession or to apply for graduate work in chemistry. The following sequence of courses will normally qualify the student for certification:
1. Chemistry 211, 212, 331, 332, 345, 355, 356, 357, 358, 361, 362, 401-402 (2 hrs. min.), 431, 432, 448, 456
2. Two laboratory courses chosen from Chemistry 213, 214, 215, 216
3. Two advanced chemistry electives.
4. Mathematics through Mathematics 231
5. One year of Physics (not including Physics 200)
6. A reading knowledge of a foreign language is strongly recommended. German is especially useful.

With the approval of his advisor, the student may substitute advanced courses in other science departments for advanced chemistry electives.

Advanced Placement

The Department of Chemistry gives advanced placement to high school graduates who have taken the College Entrance Examination Board Advanced Placement Examination in Chemistry. Students scoring 5 or 4 on the CEEB examination are to be given credit for Chemistry 211 and 212. Those scoring 3 on the examination are to be referred to the Chairman of the Department of Chemistry for his decision on whether credit for Chemistry 211 and 212 is to be given.
Students who have not had the opportunity to take the Advanced Placement Examination may petition the department for permission to take a special departmental examination.

**CLASSICAL STUDIES**

The curriculum in the Department of Classical Studies has three objectives: to provide concentrated study in Latin; to give basic instruction in Greek; and to offer general humanistic courses in Classics, classical subjects taught in English. A concentration in Latin, 26 hours plus Classics 436, leads to a degree in Foreign Language with a major in Classical Language (Latin).

**CRIMINAL JUSTICE**

**Bachelor of Science in Law Enforcement**

- Speech 202 or 207, or English 408 ........................................ 3
- Health Education 222 ..................................................... 2

- Criminal Justice electives ............................................... 12
- Arts and Sciences requirements ......................................... 30
- Electives ........................................................................... 35

Total hours 128

**ECONOMICS**

The Department of Economics offers an undergraduate curriculum in the College of Arts and Sciences and in the College of Business and Applied Science. The curriculum provides the student the opportunity to achieve one or more of the following objectives:

1. To help prepare students for effective participation in the decision making processes of society by offering them an opportunity to develop their ability to analyze economic problems and issues and to deepen their understanding of the operation of the economies of the U. S. and other countries. Economics deals with such subjects as economic theory, business fluctuations, distribution of resources and income, international trade, economic development, managerial decision-making, industrial relations, and the growth of national income and welfare.

2. To prepare majors for administration or research positions in business firms, government agencies, labor organizations or private foundations.

3. To provide suitable courses and instruction for majors who plan to enter law or graduate school.

Majors must fulfill the general and specific requirements for the B.A. degree and must complete the following course work: Economics 241, 242, 326, 328 and 14 additional hours in economics to be chosen with the advice and approval of the department chairman; Mathematics 120; and Management 318. A minor may be earned by completing 12 hours in economics.
ENGLISH

English 101 and 102 or 201H are required of all freshmen and are prerequisites to all subsequent English courses.

Requirements for the English major: English 101-102, 6 hrs. or 201H; English 300, 3 hrs.; English 301, 3 hrs.; English 450 or 451, 3 hrs.; English 377, or 378, or 405 or 455, 3 hrs.; English 325 or 411 or 409, 3 hrs.; electives in English, 12 hrs, at least 6 of which are at the 400 level. Total, 33 hrs.

FOREIGN LANGUAGES

French, German, Spanish

A major in one of the modern foreign languages (French, German, or Spanish) consists of thirty semester hours in the same language. Eighteen hours must be in courses numbered above 204, and must include nine hours of courses at the 400 level. For a major in Latin, see Classical Studies, p. 123.

FORESTRY

Cooperative Plan of Study

Marshall and Duke Universities have entered into an agreement whereby a student may spend three years at Marshall and two years at Duke. At the end of the fourth year he may be eligible for the B.S. degree with a major in botany from Marshall and at the end of the fifth year, eligible for the Master of Forestry degree from Duke University. The curriculum outlined below shows the courses that must be completed to qualify for admission to Duke University. Marshall University requires a quality point average of 2.5 or higher on the three years of on-campus work. In the fourth year a sufficient number of hours must be successfully completed at Duke University to total 128 when added to those already completed at Marshall.

Forestry majors are required to meet the College of Arts and Sciences requirements for the degree and take the following courses:

- Biological Sciences 101 and 102 ................. 8 hrs.
- Botany 415 and 416 .................................. 8 hrs.
- Biological Science electives (either BSC 404 or Botany) .......... 4 hrs.
- Chemistry 211, 212, 327 and 361 ................. 12 hrs.
- Two Chemistry laboratory courses chosen from 213, 214, 215, 216 ........ 4 hrs.
- Physics 201, 202, 203, and 204 ................. 8 hrs.
- Geology 200 and 210L ................................. 4 hrs.
- Mathematics 120 and 122 or 130 and 131 ........ 6-8 hrs.

GEOGRAPHY

Students in the College of Arts and Sciences may major in geography and earn the B.A. or B.S. degree by meeting the general and specific requirements and by taking the following courses in geography:

Required in this group .................................. .25 hrs.
- Geography 100, 101, 203, 305, 317, 320, 405, 429

Required in this group .................................. 3 hrs.
- Geography 309, 408

Required in this group .................................. 6 hrs.
- Geography 302, 315, 401, 403, 412, 414, 415

Total required ......................................... 34 hrs.

GEOLOGY

The Department of Geology offers work leading toward the B.S. and B.A. degrees and the M.S. degree in Physical Science with a concentration in Geology. The major must meet the university general requirements for either the B.S. or the B.A. The B.S. candidate must complete 37 hours of required course work in the major; the B.A.
candidate, 26 hours of selected course work in the major. Summer field camp is strongly recommended for both the B.A. and B.S. degree candidates between the junior and senior year.

The curriculum can be modified for students preparing for graduate work in interdisciplinary areas of study. In general, this will mean an increase in course work in the basic sciences and a reduction of specific geology courses. This requires the approval of the Chairman of the Department of Geology.

For those students interested in going into the Coal Industry the Department offers a CO-OP program. This 5-year curriculum is jointly planned by the Department, the student and the cooperating company.

Requirements for the B.A. and B.S. degrees in Geology:
Specific requirements for B.A. degree in Geology:
   Mathematics 130, Chemistry 212 and 214, Biological Sciences 4 hours, Geology 26 hours selected.
Specific requirements for B.S. degree in Geology:
   Mathematics 131, Physics 4 hours, Chemistry 212 and 214, Biological Sciences 4 hours, Geology 200, 201, 210, 211, 212, 313, 314, 325, 418, 421, 422, 451, 453, 454.

HISTORY

Requirements for history major: 33 semester hours, including History 321, 322, 330, 331.

HOME ECONOMICS

Students interested in home economics for teaching, extension work, home service work with utility companies or other related areas should follow the teacher education curriculum.

Dietitians

Students preparing to become dietitians and qualify for membership in the American Dietetic Association must follow the approved course listed below. Upon successful completion of the course they may apply for admission to an internship or to a traineeship program. Graduate internships vary in length at different institutions, the shortest being of six months duration. Several hospitals in West Virginia are cooperating to provide traineeship programs.

Majors in dietetics are required to take the following courses:
   Home Economics 110, 203, 210, 303, 306, 403, 405, 407, 413, 420
   Biological Science 101-102, Zoology 315, Botany 302
   Chemistry 203, 204, 215, 216, 327, 361
   Management 320, 424
   Computer Science IS 101
   Economics 241, 242
   Sociology 200
   Psychology 201

Two specialization options are available - general dietetics and management.

Courses for one option must be selected in addition to the above requirements.
   General Dietetics
      Chemistry 300, 301
      Home Economics 304
   Management
      Accounting 215, 216
      Finance 323

INTERNATIONAL AFFAIRS

A major in international affairs combines studies in economics, geography, history and political science and emphasizes the study of a foreign language. Similar studies can be pursued at other schools with graduate work in one of the subjects or a combination of subjects.
A major in international affairs must meet the specific and general requirements for the B.A. degree except as altered by the following requirements:

a. The student will concentrate on a single foreign language. A minimum of 15 hours is required of students who receive credit for two years of high school language (the same language as that taken at Marshall) and 21 hours for those who do not. All available conversational courses should be taken.

b. The following courses are required:
   - Economics 241, 242, 408 and 420
   - Geography 405
   - History 322, 331, 404, 405, 418
   - Political Science 104, 209, 405 and 406

c. The student shall develop a sequence of courses consisting of a minimum of 12 hours from among the following:
   - History 301, 302, 314, 375, 430
   - Political Science 333, 407, 408, 409, 410, 411, 415, 422, 423, 470

d. A regional geography course in the area of the student's interest is highly recommended.

e. With the approval of the advisor other courses may be added such as special topics offerings, area studies courses, summer workshops or internships.

JOURNALISM

The Department of Journalism offers four sequences of study on the undergraduate level in the College of Arts and Sciences. These sequences are news-editorial, advertising, broadcast journalism and public relations. These areas of study prepare students for employment in the news-editorial departments of newspapers, in mass communications advertising, in radio and television news positions and with company publications.

On completion of the requirements of the College of Arts and Sciences and the journalism sequence of the student's interest, the B.A. degree is awarded. In addition, a Certificate of Journalism may be awarded on recommendation of the faculty of the Department of Journalism.

In addition to the College of Arts and Sciences program, a journalism major in the news editorial sequence in the College of Education prepares students for a two-fold career. Graduates will qualify for certification as teachers of journalism and as professional newsmen.

Students may apply a maximum of 32 credit hours in journalism toward the bachelor of arts degree requirement of 128 hours. Any other credit hours taken in journalism must be in addition to the college requirement of 128 hours for graduation.

News-Editorial Sequence

Journalism 101, 201, 202, 301, 302, 402, 404, 304 or 414 plus seven hours from any other journalism courses.

Journalism Advertising Sequence

Journalism 101, 201, 281, 301, 382, 383, 425 plus 12 hours selected from the following journalism courses: 308 or 430, 330, 335, 360, 404, 440, 480.

Broadcast Journalism Sequence

Journalism 101, 201, 202, 240, 350, 351, 360, 402, 414 and Speech 331 plus three hours from any other journalism courses.

Any of the following non-required courses within the Department of Speech would be beneficial for broadcast journalism majors: 230, 231, 233, 237-238, 332, 337-338, 430, 431, 434, 435.

Public Relations Sequence

Journalism 101, 201, 202, 240, 301, 330, 335, 490 plus nine hours from the following journalism courses: 302, 308, 350, 360, 381, 404, 430, 440, 480.
MATHEMATICS

The Department of Mathematics offers the B.S. degree in the College of Arts and Sciences. The major in mathematics must complete at least 23 hours of course work in mathematics at the 300-400 level.

Transfer students who wish to major in mathematics must complete at least nine hours of 300-400 level course work at Marshall University.

The American College Test score in mathematics is utilized for the placement of students. Relevant information regarding such placement is included under prerequisites in the “Courses of Instruction” section of this catalog.

A student enrolled in Marshall may receive credit for certain courses in mathematics provided he successfully completes the appropriate examination of the College Level Examination Program.

A student enrolled at Marshall may request the privilege of taking a special examination on any course offered by the Department of Mathematics. If the student is successful in the examination, he receives credit and a grade for the course.

Advance placement in mathematics is granted on the basis of Educational Testing Service Advanced Placement Test scores. Students who score 4 or 5 on the Calculus AB examination are given credit for Mathematics 130 and Mathematics 131 and those who score 4 or 5 on the Calculus BC examination are given credit for Mathematics 131 and Mathematics 230. Students who score 3 on either examination are referred to the Chairman of the Department of Mathematics for a decision on credit.

MODERN LANGUAGES

See Foreign Languages

PHILOSOPHY

A minimum of 30 hours is required for a major in philosophy to include 303, 311, 312, 321, 421 or 422.

PHYSICS

The Department of Physics offers adequate work to prepare students for admission into graduate departments of physics as well as into professional schools requiring a background in physics.

The physics major is required to complete Physics 211, 212, 213, 214; or equivalent; 300, 302, 320, 330 and 331 plus 10 semester hours of 300-400 courses, including at least 4 semester hours of advanced laboratory courses. Also the major must complete mathematics courses through Mathematics 335 and satisfy all the requirements for the B.S. degree.

POLITICAL SCIENCE

The political science curriculum has two objectives: First, to provide a basic understanding of the functioning of government and prepare students for democratic citizenship and second, to give a specialized foundation to those planning to enter law school, government service (foreign service, public administration), teaching, research or politics.

A major in political science must fulfill the general and specific requirements for the B.A. degree and must complete 36 hours in political science, including Political Science 104, 105 and 300. In addition, each major must take (1) at least one course in any four of the six fields into which political science offerings are divided and (2) at least three courses in any one field.

The fields of the political science curriculum with courses in each are as follows:
- American State, Local, and Urban Politics: 202, 235, 301, 376, 381, 436, 440 and 461
- Comparative Politics: 207, 407, 408, 409, 410, 411, 422 and 470.
- International Politics: 209, 405, 406, 415, and 423.
- Political Theory: 235, 425, 426, 427, 429 and 430.
Courses which appear in more than one field may not be counted twice.
Recommended electives include economics (especially 241 and 242); History 105 and 106 (for pre-law students), 330, 331; Accounting 215 and 216 (for pre-law students); philosophy; psychology; sociology; Speech 205; and English 408.

PSYCHOLOGY

Psychology majors will choose one of three options in accordance with their objectives with respect to graduate professional study:
Option 1 forms a sequence of required courses to provide an adequate foundation for beginning doctoral study upon graduation. The required courses sequence includes Psychology 201, 223, 302, 311, 323, 324, 440, 406, 417, and 460.
Option 2 requires a minimum of 30 hours in psychology courses, which must include Psychology 201, 223, either 323, or 324. This program constitutes preparation for masters' level training in clinical psychology or related fields.
Option 3 requires completion of a minimum of 30 hours in psychology courses approved by an advisor in relation to the student's interests and objectives. This program is not intended to prepare an individual for graduate study in psychology.

SOCIOLOGY AND ANTHROPOLOGY

The following sequences are available in the department:

1. Sociology Major – Nonprofessional Option. Mathematics 225 or Sociology 345 and Sociology 200, 300, 344 and 18 additional hours on the 300-400 level. For students not planning to do graduate work. (30 hours).
2. Sociology Major – Preprofessional Option. Mathematics 225 or Sociology 345 and Sociology 200, 300, 344, 403, 445, plus 12 additional hours on the 300-400 level. For students planning to work toward a higher degree in sociology or planning to enter career positions with the federal government. (30 hours).
3. Sociology Major – Community Development Option. Mathematics 225 or Sociology 345 and Sociology 200, 205, 300, 344, 332 or 442, 400, 439, plus six additional hours on the 300-400 level. For students planning to go into community planning and development or social action programs. (30 hours).
5. Anthropology Option. Mathematics 225 or Sociology 345, Anthropology 201, 304, 322, 333, 343, 444; plus two courses from the following: Anthropology 345, 430, 441, 455, and 457; plus two courses from the following: Anthropology 405, 427, 453, 456, and 458. (30 hours)

Sociology Minor. Twelve hours of sociology.
Anthropology Minor. Twelve hours of anthropology.

SPEECH

The Department of Speech provides courses and laboratory work in public address, radio and television, speech pathology and audiology, theatre, and interpretation leading to the B.A. degree. The department's work is augmented by the forensics program, Speech and Hearing Clinic, University Theatre, the Summer Theatre, and radio station WMUL.

General speech majors are required to have courses 103, 200, 202, 205, 210, 230, 240, 306, 312, 313, 320, 439, and one of the following: 233, 403, 418.

Theatre

Majors in speech with an emphasis in theatre are required to have Speech 103, 200, 208, 209, 210, 214, 240, 312-313, 314, 320, 403, 446, plus three hours from 404, 405, or 447 and three hours from 321, 440, 445, or 448. It is recommended that these
students take at least two courses in dramatic literature and six hours from the following: Art 217 (for those interested in scene design), Art 112, Music 175, Music 196 a, b, c, d (applied voice), Physical Education 160 and 305, Speech 327, and 328.

Broadcasting

Majors in broadcasting are required to complete Speech 103, 200, 230, 233, 332, 432, 34, 435, 436 and 437 and Mathematics 225. In addition the student must complete one course from each of the following groups: Journalism 360 or Educational Media 466; Speech 430 or 431; and two courses from each of the following groups: Journalism 240, Speech 231 or 239; Speech 331, 333, or 433. The student is required to meet with his advisor prior to registration each semester so that his minor field and other courses he selects to complete the requirements in his major field can be approved.

Speech Pathology and Audiology

Majors are required to take the following courses in the department: Speech 103, 240, 370, 420, 422, 424, 425, 426, 429, 439, 460, 463, and 470. Required courses outside the Speech Department are: Psychology 201, 311, 440 and English 475.

ZOOLOGY

The courses in zoology are intended to meet the needs of students who want some knowledge of zoology as part of their general education, those who need work in zoology to satisfy the requirements in other departments, and those who propose to specialize in zoology. A major in zoology serves those who plan to enter medicine, dentistry, veterinary medicine, game management, fisheries biology, entomology, or other related fields. Zoology majors may pursue advanced degrees leading to teaching or research in applied zoology.

Zoology majors must meet the College of Arts and Sciences requirements for the B.S. degree in addition to the following:

B.S. degree in addition to the following:
Biological Science 101 and 102 ........................................ 8 hrs.
Chemistry 211, 212, 327 and 361 ................................... 12 hrs.
Two Chemistry laboratory courses chosen from 213, 214, 215, 216 .. 4 hrs.
Physics 201, 202, 203, and 204 ..................................... 8 hrs.
Zoology 212 and 301 or 302 ........................................ 8 hrs.
Zoology electives (May include Biological Science 404, 407 and 413) 8 hrs.
Mathematics 120 and 122 or 130 and 131 or 190 or 225 ............. 6-8 hrs.

Recommended electives:
  Botany 302, 415 and 416
  Geology 200 and 210L
  Geology 418, Philosophy 304 and/or English 408

The College of Arts and Sciences science requirement will be met by completing the basic science requirements above.

COMBINED COLLEGE AND PROFESSIONAL DEGREES

A student wishing to study medicine, dentistry or law at a professional school may be granted a leave of absence during his senior year at Marshall University. To secure this leave of absence the student must file a written request in the office of the dean immediately after gaining admission to the professional school and before the termination of course work at Marshall University. Failure to discharge this responsibility voids candidacy for the degree under this program. At the end of the first year in the professional school the student then is eligible for the baccalaureate degree from Marshall University, provided that all requirements for graduation are met except the completion of a major, and that the student can present certification from the professional school that he has successfully completed the first year at the professional school and that a sufficient number of semester hours of good quality work has been completed to total 128 when added to those earned at Marshall University.

At least 96 hours (100 for pre-law) of study must have been completed and a quality point average of 2.0 earned by the student at Marshall University. Candidates for the degree must attend the regular Marshall University commencement, or have permission to graduate “in absentia.”
TWO YEAR PRE-PROFESSIONAL PROGRAMS IN ENGINEERING

A student who plans to become a professional engineer may find it convenient to study at Marshall University for one or two years and then transfer to an engineering school of his choice.

The student who enters this program at Marshall University should enroll in the College of Arts and Sciences. The student must consult with the designated adviser to develop a program.

PRELAW EDUCATION

Students who plan to prepare for law school may select a major in any discipline that fulfills the general and specific requirements for a baccalaureate degree at Marshall. In developing a prelaw program, the student should be aware of the recommendation of the Association of American Law Schools, which describes the basic skills and insights it believes fundamental to the later attainment of legal competence. These are (a) comprehension and expression in words, (b) critical understanding of human institutions and values with which the law deals; and (c) creative power in thinking. In order to develop these capacities, the Association recommends a prelegal education of "the broadest scope". To accomplish these goals the College of Arts and Sciences offers a wide range of prelaw courses. Although political science and business are frequently selected by prelaw students as their major, economics, history, sociology, and others are sometimes selected. Regardless of the area of concentration, the prelaw student should be zealous in the selection of electives that will facilitate critical understanding of economic, political and social institutions. Since a lawyer must be able to communicate effectively, the prelaw student is well-advised to lay special emphasis on communicative skills. Also a knowledge of elementary accounting is desirable and highly recommended.

Finally, the prelaw student should remember that the quality of undergraduate instruction is more important than the subject matter area. The Association of American Law Schools recommends the selection of courses which require the greatest preparation and intellectual discipline. "The best trained applicant for law school," states the Association, "is the student who has studied under teachers who have inspired, challenged, and pressed him."

All candidates for law school are urged to apply for admission and register for the October or December administrations of the Law School Admission Test. This should be done during the fall of their senior year in college. The Law School Admission Test is explained fully in the Law School Admission Bulletin which is available in the political science department at Marshall. Additional information and helpful advice may be secured from designated prelaw advisors in The Department of Political Science of the College of Arts and Sciences and the Department of Finance of the College of Business and Applied Science.

PREPARATORY FOR MEDICINE

Students who expect to engage in premedical or related work should include in their high school subjects: one and one-half units of algebra, one unit of geometry, one unit of chemistry and one unit of physics.

The minimum requirements for medicine are:

*Note Mathematics prerequisite.
These courses should be completed by the end of the second year and no later than the end of the junior year. The junior and senior year must include the courses needed to meet degree requirements and department major requirements.

The present trend among schools of medicine is to recommend against intensive training in the natural sciences. Instead they prefer that the candidate have a broader training with more attention being given to the liberal arts courses.

The tendency among medical colleges is to require four years of premedical preparation, and preference is given to applicants having such preparation. Students should plan undergraduate work toward securing the A.B. or B.S. degree. Premedicine is not a major; therefore the student must select a major field. The curriculum serves as a guide and may be varied to suit individual needs. Certain schools of medicine require specific courses in addition to those listed above. Such courses are best taken as electives during the third or fourth year.

In order to secure a favorable recommendation to a medical or dental college the student must have a scholastic average of 2.5. There are many more candidates for admission to medical schools than can be accepted and, other things being equal, those students with the highest scholastic standing are given preference.

The current trend among schools of medicine is for a scholastic average of 3.0 and better. If the student wishes to be accepted at several medical schools and thus becomes able to choose between schools, a scholastic average of around 3.5 is necessary.

DENTISTRY

Students preparing to enter dental college should take the same minimum requirements as outlined under medicine. Current trends are that 50% of the dental college admissions have their degree, and 50% have three years of college. A few exceptionally brilliant students can gain admission after two years.

RELATED PROFESSIONAL SCHOOLS

A student preparing to enter pharmacy, osteopathy, physical therapy, veterinary, optometry, or any related professional school should take a program similar to that suggested for medicine. However, the amount of work required for admission is variable. Therefore a student should consult with the school he plans to attend, or with the premedical advisor, to determine the exact minimum requirements for admission.
Course work in Business Administration and Business Education has been offered at Marshall University for many years. The School of Business was established in 1969. In 1972 the School of Business and the College of Applied Science were merged to form the College of Business and Applied Science, bringing together under one administrative unit a number of programs in professional and preprofessional education. In 1974, the Health Profession programs were transferred to the newly established School of Medicine and Associated Health Professions. In 1975, all associate degree programs were transferred to the Community College. The interdisciplinary program in Computer Studies was housed with the college in 1975. The Department of Military Science is also housed in the college. Today the college offers programs which lead to the Bachelor of Business Administration degree It collaborates with the Graduate School in providing programs leading to the degrees of Master of Business Administration and Master of Arts in Business Education.

The primary objective of the college is to educate undergraduate and graduate students for competent, responsible, meaningful professional careers as managers, administrators, or executives in business, government, nonprofit-seeking organizations, and related professional specializations. It is hoped that the college's educational program will also develop the student's interest in social and civic responsibilities; encouragement of intellectual independence and inquiry; competence and confidence in dealing with decisions and policy under circumstances of uncertainty and incomplete information; and a lively commitment to the maintenance, improvement and prosperity of the American economic system.

The faculty subscribe to the principle that specialized education for administration must be based upon a broad educational and cultural foundation encompassing traditional arts and sciences. Consequently, the Bachelor of Business Administration degree is built upon a set of General Education Requirements. Moreover, the faculty subscribe to the principle that there is a common body of knowledge, theories, analytical tools and approaches appropriate to all students of administration in business or other social organizations. Thus, the Core Professional Curriculum of the BBA, which is taken primarily in the junior and senior years or as foundation work for an MBA, seeks an understanding of the legal, economic and behavioral environment of business and administration; a working acquaintance with accounting and with statistical and data processing techniques; and an acquaintance with the major functional fields of administrative organization: finance, marketing, production and personnel management. The college also shares the general university responsibility to provide students with opportunities to understand and to contribute to the culture in which they live. To this end, the faculty has recognized that most citizens need a basic understanding of the social framework and internal administration of business firms and other organizations. Consequently, many students majoring in other colleges take courses here.

The college has other functions, subordinate to the principal task of instruction. The college supports and encourages research by its faculty and students. Graduate programs for prospective teachers in Business are provided, and the undergraduate programs of the College of Education in Business Education are supported. The college participates in programs of management development education.

The college has for many years offered courses on an evening schedule for the benefit of part-time students. The college also accepts CLEP examinations for equivalent credit without limit. Under appropriate circumstances, the departments of the college provide departmental proficiency, placement, competency, or validation examinations to assist students of unconventional educational backgrounds, or those having special needs.

The college maintains a full-time Advising Office (at Prichard 411) principally for freshmen and sophomore majors, or for upper division students who have not settled on a particular major within the BBA. Entry into the college as a freshman is permitted, and gives the student ample opportunity for early counseling with the College Advising Office. Students who have settled upon one of the majors provided within the BBA are assigned to a faculty advisor in the designated major department, by the chairman of that department. This assignment may be made as early as the freshman year or as late as the senior year, depending upon when the student makes a firm choice.
DEGREE PROGRAMS

The College of Business and Applied Science offers the following programs:

1. Bachelor of Business Administration degree, with majors in:
   a. Accounting
   b. Economics
   c. Finance (Option in Finance or in Insurance)
   d. Management
   e. Marketing (Option in Marketing or in Transportation)

2. Master of Business Administration: a complete description of the MBA program is given in the catalog of the graduate school.

3. Master of Arts in Business Education: a complete description of the MABE program is given in the catalog of the graduate school.

4. The Department of Military Science offers courses leading to a commission in the United States Army, contingent upon graduation from the university.

5. London Semester

   During Fall semester, 1976, the College of Business and Applied Science undertook an experiment in international education for Business Administration. The program was successful, and is expected to continue in future years. An International Studies Semester in London, with the theme of “The Multinational Corporation” will be conducted. Regular courses in the Business curricula will be offered by Marshall University faculty members in London to participating students, who will also have opportunities for tours, lectures and discussions in both the British and the international business community.

   Costs are kept as low as possible, in an effort to make it possible for many Business majors to participate in this international experience. The rapid rise of international business activity dictates that American students prepare for business careers in a multinational environment. The London Semester provides the familiar framework of Marshall University courses, taught by Marshall University professors, but in an altogether different cultural setting, where the student may observe firsthand the application of business principles to a multinational environment.

ORGANIZATION

The College of Business and Applied Science is organized into seven departments:

Applied Science
1. Military Science
2. Computer Science Program
Business Administration Departments
1. Accounting
2. Finance and Business Law
3. Management
4. Marketing
5. Office Administration

MILITARY SCIENCE

U.S. Army Reserve Officers' Training Corps

The Marshall University Reserve Officers' Training Corps Program, established at Marshall in September 1951, is open to both men and women. Persons do not incur a military obligation upon entering the program. The objective of this program is to produce leaders who are capable of serving as officers in the U.S. Army active and reserve forces. It provides a basic military education which, in conjunction with other college disciplines, develops those attributes essential for successful executive performance. Individuals who successfully complete all of the training must accept a commission in the United States Army, if tendered.
Scholarships and Allowances

Scholarships are available for one, two, three, or four years. For further information contact the Military Science Department, Room 217 Gullickson Hall (telephone 696-6450). During the last two years of the program all students enrolled in the advanced military science courses receive a cash allowance of $100.00 per month. In order to be eligible for commissioning, students must attend one advanced camp, which is five weeks of military training, at Fort Bragg, North Carolina. All travel and basic expenses are paid by the Department of the Army. Additionally, cadets are paid approximately $500.00 for participating in this training. Total remuneration for the final two years is approximately $2,500.00. All textbooks, uniforms, and equipment are furnished at no cost to students.

Credit

Courses in Military Science may be applied toward graduation requirements as electives. Students who attain a high standard of military and academic achievement may be afforded an opportunity to apply for a Regular Army commission with a beginning salary of about $11,000.00 per year.

Two Year Program

Those students who have not attended the first two years of military science may gain credit by attending Basic Camp (MS 251) at Fort Knox, Kentucky. Students are awarded three hours credit for this camp and are paid approximately $500.00. Students may also gain two years of ROTC credit through special on-campus modular training programs. Students interested in two year programs should contact the Military Science Department. If qualified, veterans may be awarded credit for the first two years of ROTC.

Curriculum

The military science curriculum can be taken in conjunction with any of the four year university degree programs. As a general rule freshmen should take 100 level military science courses, 200 level military science courses as a sophomore, etc. Some course substitution is allowed. For example, Management 320 may replace Military Science 301.

Qualifications

Participation in the military science program requires approval of the Professor of Military Science. First year students may enroll without prior approval. Approval will be granted during the first two weeks of each semester. Generally, the items checked prior to approval are age, physical condition, citizenship, and court convictions.

BUSINESS ADMINISTRATION

Bachelor of Business Administration

A candidate for the degree of Bachelor of Business Administration (BBA) must complete general university requirements for graduation.

Candidates for the BBA must earn a minimum of 128 semester hours, distributed among four broad and basic groups or blocks of the degree program: (1) at least 54 semester hours selected from a set of General Education Requirements designed by the faculty, but permitting student selectivity, to insure the student’s fundamental acquaintance with the Arts, Sciences, Humanities, Mathematics, American Institutions and International Institutions; (2) 30 semester hours of Common Requirements in Business designed by the faculty to provide a common body of prerequisite knowledge in business and administration for all BBA majors; (3) courses to complete one of the major fields of study: Accounting, Economics, Finance, Management or Marketing; and (4) electives to complete the student’s program.

OFFICE ADMINISTRATION

In July, 1975, the West Virginia Board of Regents announced its decision to terminate the major in Office Administration within the Bachelor of Business Administration degree at Marshall University. No freshmen may be admitted to this major subsequent to May, 1976, and previously enrolled students or transfer students must complete their programs by 1979. Transfer students will be subject to the program as described in the 1975-76 catalog.

GENERAL REGULATIONS

Students in the College of Business and Applied Science must comply with general university academic regulations. The following information will assist Business majors in knowing the college's interpretation and additions to those regulations.

Admissions: Admission to the university constitutes admission to the College of Business and Applied Science. There is no separate admission procedure for this college or for Business majors.

Transfer Students: The number of students wishing to transfer from other institutions into Marshall University College of Business and Applied Science, and the variety of their backgrounds, have increased in recent years. The following information may guide in expediting transfer into the BBA program.

Particular problems arise for transfer students concerning the difference in level (junior/senior or freshman/sophomore) at which courses are offered at Marshall or at other institutions. It should be understood by the student that the class level of a course merely reflects the background, prerequisite studies and maturity which the student is expected to bring to the course. It should be obvious, for example, that a course in "Real Estate Management" offered at the freshman level cannot substitute for the apparently similar counterpart at Marshall offered at the senior level, since the latter course presupposes extensive training in Accounting, Economics, Statistics, Financial Analysis, etc.

The college will accept credits, regardless of level, from accredited institutions. It will not necessarily allow the application of transfer credit for courses taken at the lower division level elsewhere to meet upper division requirements in the Business curriculum at Marshall.
A. Students attending senior colleges and universities who wish to transfer to Marshall University may expect to have all credits accepted against requirements in the Business curriculum. Students should pursue programs of study similar to those outlined above for Business majors in the first year, second year, etc.

B. Junior college and community college students should complete courses generally similar to those specified for the freshman and sophomore levels in the BBA curriculum. Specifically they should complete, in so far as possible, any of the following courses, which are prerequisite to advanced professional work in the BBA curriculum: Introductory Accounting; Principles of Economics; College Algebra, Analytical Geometry and Introductory Calculus; Introductory Psychology; Introductory Sociology. They should also complete their lower division program by choosing acceptable electives in the Humanities, Fine Arts, Natural Sciences, and Foreign Languages.

These students should avoid professional work in Business that is available at Marshall University only at the junior and senior level, TRANSFER STUDENTS ARE ADVISED TO AVOID SUCH COURSES AS: Business Law, Principles of Marketing, Principles of Management, Principles of Real Estate, Personnel Management, Corporate Finance, Investments, Production Management, Intermediate Accounting, or Retail Management. Such courses are not acceptable for meeting upper division requirements in the BBA program, except through special validation examinations. Credit for such courses at accredited institutions will be accepted, but in the form of undistributed elective credit without reference to specific courses taken in the student’s major field.

Grading Option of Credit/No Credit. Students pursuing the BBA may not take any courses in the College of Business and Applied Science or in the Department of Economics on a Credit/No Credit option. All such courses are interpreted as being in the student’s “major department,” and thus are not eligible for the Credit/No Credit option. The General Education Requirements courses may be taken on a Credit/No Credit basis.

Quality Point Averages for Graduation. Candidates for the BBA degree must have a quality point average of 2.0 or higher on (a) all college work submitted for the degree; (b) all work attempted at Marshall University; (c) all work attempted in the College of Business and Applied Science; and (d) all work attempted in the major subject within the College of Business and Applied Science.
The purpose of the College of Education is to function as the means for the preparation of teachers and school service personnel. This preparation is accomplished through meaningful curricula planning and faculty organization.

COLLEGE OF EDUCATION STUDENTS

Students who desire to become teachers in kindergarten, elementary, and secondary schools or at the college level, and who are confident that they can attain the standards of academic and professional competency required, enroll in the College of Education. A faculty adviser and the representatives of the academic dean's office direct the student in the program of his choice throughout his college life. Students who are enrolled in another college or school of the university may enroll for six (6) semester hours in the field of professional education if they desire. These students are limited to enrollment in Educational Foundations 218, Human Development and Educational Foundations 319, Human Development (teaching and learning).

CREDIT FOR COURSES OFFERED EXTERNALLY

Credits earned through correspondence, extension, military service, radio, television, and special examinations are accepted up to a maximum of twenty-eight semester hours. Courses are accepted only if such courses are offered by institutions of higher education which are accredited by a regional accreditation association of secondary schools and colleges and the National Council for Accreditation of Teacher Education. Enrollment for any such credit should be approved through the Dean's office prior to enrollment.

PRE-STUDENT TEACHING LABORATORY EXPERIENCES

All College of Education students participate in experiences which permit them to observe children or youth in activities which are examples of the teaching/learning process. These experiences are provided by the public schools of the area as well as by non-school agencies. Students who enroll for these activities must meet the standards of dress and conduct which apply to teachers in the school or staff in the agency to which they are assigned.

Students who receive transfer credit for courses which are co-requisite to the pre-student teaching activities are required to complete the activities as non-credit assignments.

The first of these activities accompanies Educational Foundations 218, Human Development, and consists of assigned experiences in an elementary school designated by the Office of Clinical Experiences. The specific assignment, the nature of the experiences and the length of the experiences are determined by the faculty. The successful completion of these experiences is required for a passing grade in Educational Foundations 218. The second required laboratory experience for all students is associated with the “Methods” course for secondary students and Curriculum and Instruction 443 for elementary students. An exception to this is made in the case of majors in music, vocational home economics, and speech and hearing therapy. Students in these areas will complete this experience with their Educational Foundations 319 course. The successful completion of the experiences is required for a passing grade in Educational Foundations 319. A student must have attained sophomore standing (26 hours) and have completed Educational Foundations 218 to enroll for Educational Foundations 319.

West Virginia state law requires that all persons working with children in public schools have a negative tuberculosis test report. Tuberculosis test reports are valid for two years. Students entering public schools for any Clinical experience must present this report to the school principal.

ADMISSION TO TEACHER EDUCATION

During the course of enrollment for Educational Foundations 319 each student will
be asked to submit an Application for Admission to Teacher Education and Graduation. During the semester the application is submitted the student will be evaluated for admission to Teacher Education, and following the completion of Educational Foundations 319 will be notified whether or not he is admitted to Teacher Education.

To be eligible for admission to Teacher Education, a student must have achieved the following:

1. Enrollment in the College of Education.
2. Fifty-eight (58) semester hours.
3. A 2.0 grade point average overall, in professional education and each teaching specialization.
4. A grade of “C” or better in English 102, or successful completion of the English Qualifying Examination.
5. Successful completion of Educational Foundations 218 and 319.
7. Recommendation by advisor.
8. Recommendation by program representative.
9. Note: The College of Education may recommend for teaching certificates only U.S. Citizens.

STUDENT TEACHING

An applicant for a professional certificate, who is to be recommended to his state department of education, must complete student teaching at Marshall University.

A student may not enroll for more than one course other than those included in the student teaching block, during the semester in which student teaching is included in his schedule of classes. Any class scheduled during the student teaching period must meet after 4:00 p.m.

Students are assigned to public schools which agree to provide the student teaching experiences for Marshall University. Since the supply of supervising teachers is limited, and the College of Education has a large supply of teacher candidates, it is sometimes necessary that students be assigned to selected schools away from campus. Students are advised not to commit themselves to long-term leases since it may be necessary for some to seek housing in areas which are beyond commuting distance. In all cases the assignment responsibility rests with the Director of Student Clinical Experiences with the approval of the public school administration in the school in which the student is to be placed. Students who are assigned a student teaching position but who do not complete the assignment may not be assured of a future assignment.

Admission to student teaching at Marshall University requires the following:

1. Applications must be completed by mid-term of the semester previous to enrolling for this experience. The deadline date for enrollment in student teaching will be posted outside the dean’s office. Students must file in the office of the Director of Student Clinical Experiences an application for permission to enroll for each course in student teaching.

An application for permission to enroll for student teaching during the summer must be filed in the office of the Director of Student Clinical Experiences twelve (12) weeks prior to the beginning of the summer session.

2. Student teaching is preceded by an orientation period which includes large group meetings and seminars. Orientation periods are scheduled twice each year. Students who have not successfully completed the orientation period will not be admitted to student teaching. When the student makes application for student teaching, information concerning the dates of the orientation periods will be provided.

3. A quality point average of 2.0 (C) in all courses attempted; in all courses in the teaching specializations; and in all courses in professional education. Courses formerly listed in education and those presently listed in educational foundations, curriculum and instruction, counseling and rehabilitation, educational media and vocational-technical education are included in professional education.

It will be the student’s responsibility to insure that the above grade averages have been met prior to entering student teaching. Any student who enters teaching without the above grade averages will be withdrawn by administrative action.
4. The completion of approximately three-fourths (3/4) of the course work in the teaching specializations and teaching methods in the primary subject specialization. (Elementary education students must have completed Curriculum and Instruction 443, Teaching Reading in Elementary Schools.)

NOTE: Students who are members of varsity teams may not participate in the student teaching program during the active season of their particular sport; e.g., football team members may enroll for student teaching only during the spring semester, basketball team members may enroll for student teaching only during the fall semester, etc.

ACADEMIC PROBATION

Any student who has less than a 2.0 average is on academic probation.

INELIGIBILITY FOR SCHOLASTIC DEFICIENCIES

Students are subject to the academic regulations of the university. For failure to comply with such regulations, a student may be suspended as provided by the West Virginia Board of Regents.

1. A student on probation must show the improvement stipulated by the College of Education during each succeeding term in which he is enrolled. If he fails to meet this standard, he may be declared ineligible to attend the next regular academic semester or he may be dismissed from the university.

2. A student who has a deficit of 20 or more quality points and who did not receive the reduction stipulated by the College of Education on all work attempted during the period of his last enrollment may be declared ineligible to attend the next regular academic semester.

READMISSION OF STUDENTS DECLARED INELIGIBLE TO ATTEND THE REGULAR ACADEMIC YEAR

A student who has been declared ineligible for readmission to either the fall or spring semester may carry a normal load of courses during either or both of the summer sessions to improve his academic standing. After he has reduced his quality point deficiency by the number stipulated by the College of Education, he may petition for enrollment in the first and/or second semester. If the student’s academic standing continues to deteriorate rather than improve, he will be subject to dismissal from the university.

Any student who enters another college or university following academic dismissal from Marshall University and thereafter seeks readmission to Marshall is classified as a transfer student and is governed by the regulations applying to transfer students.

It should be understood, however, that students must have a quality point average of 2.0 or higher on all work attempted at Marshall University. Quality points earned at another institution may not be used to reduce a quality point deficiency created at Marshall.

TRANSFER FROM ONE COLLEGE TO ANOTHER

All decisions regarding a student’s transfer to another college within the university are controlled by the student and the dean of the college to which the student proposes to transfer.

Individuals who are returning to the university from one or more years of active military duty are eligible to enter the college of their choice.

GRADUATION REQUIREMENTS

Grade Requirements

1. Admission to teacher education.
2. A quality point average of 2.0 (C) or better for all courses attempted.
3. A quality point average of 2.0 (C) or better in all comprehensive or subject specializations. All courses within the selected comprehensive or subject
specialization(s) are considered in computing the grade point average, whether or not they are listed as requirements for the student's specific comprehensive or subject specialization(s).

4. A quality point average of 2.0 (C) or better in all professional education courses.

5. A quality point average of 2.0 (C) or better in all courses attempted at Marshall University. Transfer credit may not be used to increase the grade point average.

6. National Teacher Examinations

NATIONAL TEACHER EXAMINATIONS

All College of Education students must complete the National Teacher Examinations during their senior year. The NTE includes:

1. The common examination.
2. The area examination.

Applications for the examination must be filed with Educational Testing Services, Princeton, New Jersey, on or before the deadline date published with the test announcement. The examination is scheduled three (3) times during the year and the student is responsible for the filing of his own application. The deadline date for filing will be announced for each examination.

RESIDENCY REQUIREMENTS

Those students who expect to complete degree requirements in the College of Education are required to complete their student teaching, a majority of their professional education courses, and the majority of each teaching specialization requirements at Marshall University, which must include at least one year's work in residence, one semester of which must be in the senior year. A "year in residence" must represent not less than 36 weeks work in residence with not less than 24 hours credit.

Candidates for a bachelor's degree who entered Marshall University within ten years prior to their graduation may graduate by meeting the requirements in effect on the date of their entrance. When the time between entrance and graduation is greater than ten years, the student must meet the graduation requirements in effect on the date of his graduation. For courses no longer offered, substitutions may be made by permission of the Academic Dean.

To meet requirements for recommendation for teacher certification, no catalog previous to the 1967-68 edition may be used to determine requirements for such certification. In all cases, students entering the College of Education under the 1967-68 catalog and thereafter must meet the prevailing requirements for teacher certification.

Program Requirements

The following information refers to the programming required in the College of Education.

Students may obtain program sheets from the College of Education office. These forms will assist in the planning and in the recording of progress.

3. A minimum of one-hundred and twenty-eight (128) semester hours is required for graduation.
   a. Credit for English 100, Preparatory English, is not included in the minimum one-hundred and twenty-eight (128) hour total. Students who are required to take English 100 must complete an additional three (3) semester hours of work for a minimum total of one-hundred and thirty-one (131) semester hours for graduation.
   b. Students enrolling in the first year of a foreign language must complete six (6) semester hours if it is to be included in the minimum one-hundred and twenty-eight (128) semester hours required for graduation. Students who complete one-half or three (3) semester hours of the requirement must complete an additional three (3) hours of credit for a total of one-hundred and thirty-one (131) semester hours for graduation.

4. A minimum of forty-five (45) semester hours must be earned in 300-400 level courses. Courses transferred from two year colleges may not be used as part of the 300-400 level requirements. Courses transferred from four-year accredited colleges retain their original numbers.

5. Although the student is expected to complete a majority of his work at Marshall University it is possible to complete some course work at other institutions. Arrangements for such enrollment must be made in advance of enrollment.

F. Motor Skills Requirements. Skill competency may be completed through taking
courses or through testing.
   1. A competency test can be completed in one of two ways:
      a. The student can take the competency test while enrolled in the course.
         The examination will consist of a cognitive test and a psychomotor test.
         Passing both phases fulfills the competency.
      b. The student having completed the course or transferring credit for a
         similar course can register for the examination without enrolling for the
         course a second time. If the examination is successfully completed the
         competency is fulfilled.
         NOTE: Once the cognitive test has been passed the student will not
         repeat that portion of the competency test a second time, although the
         student fails the psychomotor test.
   2. The motor skills which can be used to fulfill these competencies have been
divided into three areas:
      a. Dance: Two beginning skills are required.

*The teacher with a specialization in Physical Education K-12 who completes Mental Retardation 7-12
   will receive an endorsement for teaching Physical Education to the Mentally Retarded in Grades

E. National Teacher Examinations: Commons and Area Examination for Physical Education.

F. Motor Skills Requirements. Skill competency may be completed through taking courses or through testing.

1. A competency test can be completed in one of two ways:
   a. The student can take the competency test while enrolled in the course. The examination will consist of a cognitive test and a psychomotor test. Passing both phases fulfills the competency.
   b. The student having completed the course or transferring credit for a similar course can register for the examination without enrolling for the course a second time. If the examination is successfully completed the competency is fulfilled.
   NOTE: Once the cognitive test has been passed the student will not repeat that portion of the competency test a second time, although the student fails the psychomotor test.

2. The motor skills which can be used to fulfill these competencies have been divided into three areas:
   a. Dance: Two beginning skills are required.
   b. Individual and Dual Sports: Two beginning skills and two intermediate skills are required.
   c. Team Sports: One beginning skill and one intermediate skill is required.
   NOTE: Beginning skill requirements must be met in activities other than those selected for intermediate skill competency.

3. If aquatics and gymnastics are not taken to satisfy an intermediate competency they must be taken at the beginning level. All other beginning and intermediate requirements are left for the student to choose as long as he/she fulfills five beginning and four intermediate skills.

4. The three areas and their associated motor skills have been listed below. The motor skills have been selected on the basis of an activity survey completed by the faculty.

RECREATION - NON TEACHING

The College of Education offers a non-teaching interdisciplinary program in recreation leading to the Bachelor of Science degree. The program qualifies individuals for careers in leadership, supervision, and management in various leisure service agencies. Graduates in Recreation will become recreation directors in community centers, industries, community schools, as well as serving as supervisors in youth serving agencies, municipal and state agencies, therapeutic settings, and as specialists in one or more programs.

A. Admission to the Major
   Students interested in becoming a recreation major should enroll for Recreation 190 • Introduction to Recreation. During the term of enrollment students will be given an Application for Admission form, and those students completing that form will attend an orientation meeting and be evaluated for admission. To be admitted to a full major status the student must:
   1. Be enrolled in the College of Education as pre-major in Recreation
   2. Have at least a 2.0 overall grade point average
   3. Earn a grade of “C” or above in Recreation 190

B. Specialization Requirements ............................................. 63-66

   Speech 418 6
B. General Requirements (See page 86) ........................................ 44
C. Electives: (To meet 128 hours minimum) ................................. 14
D. Admission to the Major
   Students who wish to become Rehabilitation majors should enroll for
   Counseling and Rehabilitation 306 and 307. (Admission as a major requires a grade
   of “B” or higher in these courses.) While enrolled for these courses those individuals
   interested in being considered as majors should submit to the department the
   following:
   1. Application for admission to Rehabilitation Education
   2. Written statement detailing reasons a degree in Rehabilitation is desired
   3. A transcript (official or unofficial) of college grades
   Applications submitted after the deadline established by the department will
   not be considered. Each student may be given a selective personality measurement,
   and will be scheduled for a personal interview with the Screening Committee during
   final week.
   It should be clearly understood that acceptance into the Rehabilitation
   Education Program is not to be confused with being enrolled for CR 306 and 307.
   Academic work is only one factor used in considering the individuals selection into
   the program.

College of Science

The College of Science was approved by the West Virginia Board of Regents on November 9, 1976, with the effective date for establishment the First Semester, 1977-78. The departments included in the College are: Biological Sciences, Chemistry, Geology, Mathematics, and Physics and Physical Science.

The degree and program requirements for the departments of the College of Science are located in the Arts and Sciences College section of this catalog.
Community College

The Community College was established as a component of Marshall University which began offering courses in 1975.

PURPOSE

The function of the Community College is to provide programs, courses, and services to meet educational, manpower, and cultural needs of residents in Cabell, Lincoln, Mason, and Wayne counties. These include:

1. Career-Technical Programs which are less than baccalaureate degree level and culminate in an associate degree or certificate of proficiency.
2. Developmental and General Studies:
   (a) Courses in reading, writing, and mathematics to assist students in reaching mastery level in basic skills.
   (b) Courses designed to supplement career-technical programs.
   (c) Programs of general studies including core courses that support a number of curriculums.
3. Community Service/Continuing Education: Educational experiences designed to offer individuals lifelong learning and enrichment in a variety of areas.
   (a) Courses dealing with crafts, hobbies, and cultural activities.
   (b) Programs and specially designed courses for women.
   (c) Opportunities to retain and/or upgrade particular work-related skills.

Courses provided through Community Service/Continuing Education may be of regular length or offered through intensified workshops, seminars, or classes. Courses are developed according to community requests and are open to citizens of all ages and backgrounds. Courses are not limited to the campus. Facilities within the community are used sometimes.

4. Off-campus courses offered by the university in the Community College service area.

ADMISSION

The Community College has an open-door admission policy. Because of the broad range of students who seek employment, developmental courses will be provided to assist students to reach competencies in reading, mathematics, writing, and study skills when the need is identified.

Application for admission is made through the Marshall University Office of Admissions.

STUDENTS

Community College students exhibit a wide range of backgrounds, interests, and learning abilities. A significant portion of the enrollment comes from community adults who participate both part time and full time. Counseling services are available to assist individuals in selecting appropriate courses.

TRANSFER

While Community College programs are designed to be terminal in nature, seventy-two hours of credit are transferable throughout the West Virginia system. This procedure is in accordance with West Virginia Board of Regents Policy Bulletin No. 17. The determination of how the credit applies is the responsibility of the receiving school or college.

PROGRAMS

Complete information and program descriptions are in the Community College catalog which is available upon request from the Office of Admissions.
The School of Medicine and Associated Health Professions provides education and training for careers in health care service. The programs emphasize the desirability of a coordinated effort by the various health service professions.

**DEGREE PROGRAMS**

The School of Medicine and Associated Health Professions offers the following degrees:

1. Associate in Applied Science in Medical Laboratory Technology
2. Associate in Science in:
   a. Cytotechnology
   b. Nursing
3. Bachelor of Science in:
   a. Cytotechnology
   b. Medical Technology
   c. Nursing
4. Doctor of Medicine (It is anticipated that the first class will be accepted in the Fall of 1977)

NOTE: Undergraduate students interested in Preprofessional Programs in Medicine, Dentistry, Veterinary Science and similar health related areas should consult page 67.

**ASSOCIATED HEALTH PROFESSIONS**

**Specific Requirements**

**Associate in Applied Science in Medical Laboratory Technology**

Seventy-four semester hours are required for the A.A.S. (MLT) Degree.

Regular admission to Marshall University on the basis of accredited high school transcripts or General Education Test (GED) scores is a prerequisite for admission to the program.

Subject to university regulation, up to sixteen hours of applicable college academic credit may be transferred from another accredited institution of collegiate grade. A minimum of twenty-three semester credits in required academic subjects must be taken at Marshall University.

Credit for clinical training and/or experience in other medical laboratory programs such as CLA or military medical technician may be given upon certification of the Clinical Director of the Medical Laboratory Technician Program who will determine credit on the basis of: (1) The results of equivalency examination prepared by Education Testing Service and/or (2) proficiency examinations together with the experience record of the individual student.

Admission to the second year clinical studies requires completion of 39 hours in the required subjects but this does not of itself assure admission to the clinical program. Students wishing to be considered for the second year study should make application upon forms obtainable from the Director of Medical Laboratory Technology by April 1 of the first year. No application will be accepted after June 1 for the September class.

In the event that more applications for clinical studies are received than can be accommodated, selection of students will be made on the basis of quality-point averages and individual interview examinations.

The clinical year begins in September and is completed twelve months later.

#### Specific Requirements

**Bachelor of Science in Cytotechnology and;**

**Associate in Science in Cytotechnology**

The following curriculum meets the needs of those people preparing for positions as Cytotechnologists in hospitals, clinics, and private physicians' laboratories. The work of the senior year (twelve months) is given at the Cabell Huntington Hospital in cooperation with Marshall University. The School of Cytotechnology at Cabell Huntington Hospital is accredited by the American Society of Clinical Pathologists to give such training. Upon successful completion of the four-year curriculum, the student is granted the degree Bachelor of Science in Cytotechnology.

In some instances, when vacancies exist, a student may be admitted to the clinical work at Cabell Huntington Hospital after completing two academic years with a minimum of 60 semester hours in the courses specified in the curriculum below. Students successfully completing the first two years of the academic curriculum plus the twelve-month clinical program, may elect to receive the Associate in Science degree.

#### Other Requirements

Successful completion of the academic program does not automatically assure admission to the clinical studies. The present maximum class size is four students.
Students wishing to be considered for the clinical year beginning in early September must make application on forms obtainable from the Director of Medical Technology. Such application is made in April and acceptance will be made in June. No applications will be accepted after June 1. All academic requirements must have been completed no later than the semester of making application. All students must have a "C" or better average on all college work attempted to be eligible for admission.

Admission is on recommendation of the Committee on Medical Technology and with the approval of the Dean of the School of Medicine and Associated Health Professions. Recommendation by the Admissions Committee will be based on an interview examination. Priority will be given to B.S. degree candidates. In addition, each student must be acceptable to the Registry of Medical Technologists (ASCP).

Completion of the curriculum as outlined below leads to the degree of Bachelor of Science in Cytotechnology.

One hundred and twenty-eight semester hours are required for the B.S. in Cytotechnology.

Suggested Electives:
- Office Administration .................................................. 4 hrs.
- Psychology 418 ......................................................... 3 hrs.

Specific Requirements

Bachelor of Science in Medical Technology

The curriculum in medical technology leads to the B.S. in Medical Technology degree. This curriculum prepares students for positions as medical technologists in hospitals, clinics, and private physician’s laboratories.

Training standards for medical technologists are under the general supervision of the Council on Medical Educations and The National Accrediting Agency for Clinical Laboratory Sciences, which inspects, evaluates, and approves schools. The Cabell Huntington Hospital school is so approved. Upon completion of B.S. degree requirements in Medical Technology, students are eligible to take the Medical Technology national examinations. Passing this examination leads to certification by the Board of Registry of Medical Technologists of the American Society of Clinical Pathologists.

Two years of academic work may be transferred from other institutions but a minimum of 30 semester hours in required courses must be earned at Marshall University. Students wishing to transfer clinical work for degree purposes may not do so without successfully passing an examination given by the clinical staff. Clinical work completed as part of a non-degree program or for which Medical Laboratory Technician credit has been received will not be accepted and must be repeated.

The work of the fourth year is largely clinical in nature. Students take the practical and didactic work Mondays through Fridays, 7:00 a.m. to 3:30 p.m. (National holidays excepted). They are subject to the usual regulations and discipline of the regular laboratory staff. The instructional staff holds academic rank in the university. The twelve-month clinical work begins in September and ends the following year in September.

Admission to the Fourth Year (Clinical Studies)

Admission to the fourth year clinical studies requires completion of a minimum of 91 academic credit hours to include the following required courses: Chemistry; 22 semester hours - (1) one year general chemistry; (2) quantitative analysis; (3) organic chemistry and (4) biochemistry. Biological sciences: 16 hours to include one year general biology, histology, and bacteriology. Mathematics: 3-6 semester hours to include college algebra (if ACT score is less than 20) and plane trigonometry. Physics: 8 semester hours. One year general physics. Electives: 39-45 semester hours. Electives as for any professional career, are courses in arts, humanities including English, social sciences, or additional courses in the natural sciences. The following are suggestions: Foreign languages 3-12 hours, Literature 6 hours, Bible and Religion, classics or Philosophy 2-3 hours, Social Sciences 15 hours, Philosophy 304 or 435 3-5 hours, Botany 415 or 416 4 hours, Biological Science 404 or 407 4 hours, Zoology 300, 301, 315, 424 16 hours.

Completion of the three-year academic program outlined above does not of itself assure admission to the fourth year clinical curriculum. Students wishing to be considered for clinical training should make application upon forms obtainable from the Director of Medical Technology. Written application should be made before April of the third year. No application will be accepted unless the student will be completing all academic requirements by the end of the semester in which application is made. No applications
will be accepted after June 1 for the September class. All students making application
must have a “C” or better average on all college work attempted.

A maximum of twelve students will be selected for each September class. Admission is on recommendation of the Committee on Medical Technology and with the approval of the Dean. Selection will be made on the basis of an individual interview examination by the Admissions Committee. Marshall B.S. degree candidates will be considered before post-graduate and transfer applicants who meet the residency requirements specified above. Preference will be given to residents of West Virginia. Each student must be acceptable to the National Accrediting Agency for Clinical Laboratory Sciences (ASCP).

ASSOCIATE IN SCIENCE IN NURSING DEGREE PROGRAM

Purpose of the Program

The purpose of the Associate in Science in Nursing Degree Program is to prepare students for careers as registered nurses. The graduates of this program are eligible to write the State Board Test Pool Examinations for Registered Nurses in West Virginia and to accept beginning positions as registered nurses who can give nursing care to people with common recurring health problems. The program is accredited by the West Virginia State Board of Examiners for Registered Nurses and by the National League for Nursing.

Admission Requirements

All applicants seeking admission to the Associate in Science in Nursing Degree Program are required to:
1. Meet the admission requirements of Marshall University.
2. Have a composite score of 19 or better on the American College Test (ACT).
3. Have an overall quality point average of 2.5 or better on 12 or more credit hours of college work, if the ACT composite score is less than 19. The student must, however, have a quality point of 2.0 (C) in each of the courses required in the nursing curriculum.
4. Maintain an overall quality point average of 2.5 while awaiting admission to the nursing program if college work is attempted. The student must, however, have a quality point of 2.0 (C) in each of the courses required in the nursing curriculum.
5. Have a personal interview with a member of the nursing faculty after the applicant has been provisionally admitted. To be provisionally admitted, the candidate must meet the above academic requirements.
6. Have good physical and mental health as evidenced by a completed, current, and satisfactory health record.

Class enrollment is determined by availability of clinical learning facilities, science laboratory space on campus, and faculty. Final decision regarding all admissions to this nursing program is made by the Nursing Admission Committee. Prospective students are advised to take high school courses in biology, chemistry, and algebra as part of their preparation for work in nursing.

Admission of Transfer or Open Curriculum Candidates

Students seeking advanced placement are required to:
1. Meet the admission requirements of Marshall University and the Department of Nursing Education.
2. Request Advanced Standing (Challenge) Examinations for specific nursing courses in writing.
3. Have their former school submit a written evaluation of their previous clinical performance and academic work along with a reference from the director of that school of nursing. If currently employed, the candidate is also to have the employer submit a reference.
4. Have an interview with the instructor of the nursing course to be challenged after the above requirements are met.

Advanced Standing (Challenge) Examinations may also include an evaluation of clinical performance. If the examination is successful, credit will be given for the course or courses and the students may progress to the next nursing course if space permits; however, pre-requisite non-nursing courses must be completed.
Where to Apply for Admission

Applicants who have never been enrolled at Marshall University are to apply to:
  Director of Admissions
  Marshall University
  Huntington, W. Va. 25701

Applicants who were formerly or are currently enrolled in Marshall University are to apply to:
  Director
  Associate in Science in Nursing Degree Program
  Marshall University
  Huntington, W. Va. 25701

When to Apply for Admission

Application requirements include: application form, American College Test (ACT) report, and/or transcript. Applications are considered complete when all requirements are met.

The DATE that the application is COMPLETE, therefore, constitutes the official date of application. Applications for this program are considered in the order in which a completed application is received, that is, according to the official date of application.

Because of the large number of applicants, applications for admission to each succeeding fall class should be made between December 1 and November 30 inclusive. The application should be sent in the year prior to the class that the applicant desires admission.

High School students are, therefore, advised to apply in their junior year. Since all students entering as first-semester freshmen are required to take the American College Test (ACT), the high school applicants are urged to take the ACT by late spring of their junior year and have the reports sent to the Admissions Office, Marshall University.

Applicants who are unable to enroll in nursing either because the class is closed or because of a deficiency in application requirements will need to re-apply in writing for admission to nursing if the applicants wish to be considered for a future nursing class.

Applicants admitted by General Education Development Test must meet the same scores on the American College Test (ACT) as those required of any other applicant.

Health Record

Any serious health problem must be corrected or controlled before applying to the nursing program.

Admission to the program is dependent upon submission of a completed, current, and satisfactory health record. A health record is considered current if it is dated the same year that the applicant wishes to enroll. The completed health record must be sent directly to the director of the Associate in Science in Nursing Degree Program.

The health record includes the following:

1. Complete physical examination
2. Copy of chest x-ray report
3. Copy of complete blood count report
4. Copy of serology report
5. Copy of urinalysis report
6. Tetanus immunization required (polio and diphtheria immunizations are recommended)

Thereafter, a yearly physical examination, tine test, complete blood count, and urinalysis are required to continue in the nursing program. Any serious health problem must be corrected or controlled throughout the program. The medical cost is to be assumed by the student.

Registration for Nursing Courses

Pre-registration is required for all nursing courses. The advising will be done by nursing faculty in Prichard Hall during pre-registration periods. Pre-registration for entering freshman will be conducted during the Summer Orientation Program set aside for nursing students.
College Level Examination Program (CLEP)

Nursing students may take the CLEP examination for any of the following courses and apply them toward the nursing curriculum requirements.

1. English 101, 102. To qualify for graduation, the student must also take the English Qualifying Examination at Marshall University if the English CLEP was taken prior to September, 1976.
2. Psychology 201
3. Sociology 200
4. Chemistry 211-212
5. Microbiology 302

Academic Standards for Progression and Graduation

A student must meet the following requirements in order to qualify for unconditional progression each semester:

1. The student is to have a grade of “C” or better in each nursing course before proceeding to the next nursing course.
2. The student is to have a satisfactory evaluation in the clinical area. An unsatisfactory evaluation in the nursing clinical laboratory constitutes an automatic grade of “F” in the course grade.
3. The student is to have a “C” or better in each of the non-nursing courses required in the Associate in Science in Nursing Degree curriculum to meet graduation requirements.
4. The student who withdraws from the nursing program may repeat a nursing course upon recommendation of the Admissions Committee of the Associate in Science in Nursing Degree Program.

In addition, to be eligible to graduate from the Associate in Science in Nursing Degree Program:

1. A transfer nursing student must be in residence for one (1) year at Marshall University after entering the nursing program.
2. All nursing courses must be completed within five (5) years of beginning a nursing curriculum. This includes transfer and open curriculum candidates.

Grading Scale for Nursing Courses

<table>

</tr>
<tr>
<td>D</td>
<td>74 - 79</td>
</tr>
<tr>
<td>F</td>
<td>73 and below</td>
</tr>
</tbody>
</table>

Clinical Laboratory:

The student will receive a written final evaluation of his/her clinical performance. The grade will be satisfactory or unsatisfactory. All laboratory objectives must be achieved for a satisfactory grade. An unsatisfactory grade in clinical performance will result in automatic failure of the course.

Withdrawal

A student may withdraw from a class and receive a grade of “W” if the withdrawal is made on or before the eighth Friday after the first class day of the regular semester - or about midterm. During the summer term, the “W” period will end on the third Friday after the first day of class.

Students withdrawing after the “W” period will receive a “WF” (withdrew failing) or “WP” (withdrew passing) grade. A “W” or “WP” would not be counted in determining a student’s quality point average or academic standing. A “WF” grade would be the equivalent of an “F” or failing grade.

If the student fails or withdraws from a nursing course, the student is to have an exit interview with the coordinator of the course and with the director of the nursing program.
If the coordinator of the course recommends that the student may re-enter the nursing program, the student may then re-apply for admission to the nursing program.

Curriculum

The basic nursing curriculum extends over two years. New students will be formally admitted to the nursing program each fall semester.

All academic courses are offered on the Marshall campus. The clinical nursing experiences are selected at the hospitals and other health agencies by the nursing faculty for their educational value to students. Members of the faculty supervise student clinical laboratory experiences and conduct patient-centered seminars.

Cooperating health agencies include: Cabell Huntington Hospital, Cabell Huntington Hospital Health Department, Huntington State Hospital, Huntington Hospital, Inc., St. Mary's Hospital, rehabilitation centers, physicians offices, and other agencies. Students are responsible for their own transportation to and from the health agencies.

BACHELOR OF SCIENCE IN NURSING PROGRAM

Purpose of the Program

The program is designed to provide an opportunity for registered nurses to obtain a broadened base and scope of nursing practice to prepare them to implement the nursing process in beginning professional nursing positions in primary, secondary and tertiary care in urban and rural areas.

The program will also provide the general and professional education essential for graduate study and for promoting self understanding, personal fulfillment and motivation for continual learning.

Admission Requirements and Policies

Any registered nurse who wishes to enroll in nursing courses in the Bachelor of Science in Nursing Program must:
1. Meet the requirements for admission to Marshall University
2. Be a graduate of an approved Associate degree or diploma program in nursing.
3. Have a current license to practice as a registered nurse.

Any registered nurse who meets the requirements listed above may enroll in Nursing 300, 310 and 400 (nursing courses which do not have clinical laboratory requirements) and the non-nursing courses required for a B.S. degree in nursing.

Additional requirements for a registered nurse wishing to enroll in the nursing courses with clinical laboratory requirements are:
1. An evaluation of clinical performance
   If currently a student in a basic program in nursing, the evaluation must be done by the director or a teacher in the school where the student is enrolled. If employed as a registered nurse, the evaluation must be done by his/her present employer.
   Applicants not in the categories above should contact the director of the program to make arrangements for evaluation of clinical performance.
2. Two (2) letters of reference from former nursing teachers, employers or associates.
3. A resume of his/her work experience.
4. A statement of professional goals.
5. A personal interview with a faculty member.
6. Good physical and mental health as evidenced by a completed, current and satisfactory health record.
7. Satisfactory scores or admission examinations.

Students who will be graduating from an Associate degree or diploma nursing program may be conditionally accepted for admission to the Bachelor of Science in Nursing Program, but must have passed the licensure examination prior to the start of the fall classes.

Preference will be given to applicants with a grade point average of 2.5 or higher on an “A = 4.0” scale.
Selection of the students who are admitted to the nursing courses with clinical
laboratory requirements will be limited by the availability of clinical and campus facilities, and the number of nursing faculty members on the staff. Students admitted to these courses will be selected on the basis of grade point average of previous college and/or nursing school courses, state board grades, references, interview information, professional goals, previous work experience and grades on admission examination.

A registered nurse entering the program must have the same or equivalent science and general education courses as those required for the Associate in Science in Nursing at Marshall University. Deficiencies in required courses must be made up. Students may test out of the science and general education courses according to the policies of the department offering the course. Students who have completed courses beyond Associate degree requirements may receive advanced placement.

Students should apply for admission by the end of January of the year they wish to enter the clinical nursing courses.

Health Record

Any serious health problem must be corrected or controlled prior to and during enrollment in the Bachelor of Science in Nursing Program.

After being accepted for admission to the program and prior to the start of classes, a health record must be submitted which includes a complete physical examination, chest X-ray or tine test, CBC, serology and urinalysis. Polio, diptheria and tetanus immunizations should be current. Further examinations or tests will be requested as indicated.

The required nursing courses are only offered once each year.

*Nursing courses offered in the evening
**Nursing courses with clinical laboratory requirements
Academic Standards for Promotion and Graduation

1. A final grade of "C" or higher is required in all nursing courses.
2. A student must maintain satisfactory performance in the clinical laboratory experiences to obtain a passing grade for the course.
3. A quality point average of 2.0 ("C") or higher is required for graduation.

SCHOOL OF MEDICINE ADMISSION REQUIREMENTS

A "Letter of Reasonable Assurance of Accreditation" was obtained in February 1976 from the Liaison Committee on Medical Education of the American Medical Association and the Association of American Medical Colleges. Marshall University School of Medicine officials expect to receive Provisional Accreditation in time to enroll the School's first class of twenty-four students in the Fall of 1977. Provisional Accreditation is a prerequisite to accepting students and initiating classes.

Academic Background

The four-year program of study in an accredited college or university leading to the baccalaureate degree is the suggested preparation for medical school. The program should include a minimum of 120 semester hours or 180 quarter hours of credit. Exceptionally well qualified students with three years of collegiate education or the equivalent may be considered for admission. The quality of the applicant's education is of greater importance than the number of years spent in premedical education.

Fundamental competence in communication skills is emphasized. Additional course work should be designed to lead toward a bachelor's degree with major and minor fields of the applicant's own choosing, not necessarily in the natural sciences and not necessarily in a premedical curriculum.

An expressed interest in the practice of medicine in this geographical area is desired but not mandatory.

It is imperative that YOU request your academic records and MACT scores be forwarded to Marshall University School of Medicine, Office of the Dean, at the time of your application. You may be notified concerning an interview. Acceptances will be periodically issued throughout the interview period.

Character Qualifications

The applicant must exhibit excellence in character, motivation and ideals. Academic achievement alone is not a sufficient foundation for success in the profession of medicine. The integrity of a prospective student should be such that the Committee on Admissions would have no reservation about his/her ability to utilize knowledge and skills in a manner ultimately beneficial to society.

In addition to references, applicants who meet academic requirements for admission will be required to have an interview with members of the Committee on Admissions as a part of the decision making process.

Medical College Admission Test

In evaluating an application, the Committee on Admissions considers with appropriate emphasis the scores of the Medical College Admission Test. This test is administered semi-annually, in the spring and fall, under the sponsorship of the
Association of American Medical Colleges by the American College Testing Program, Box 168, Iowa City, Iowa. 52240. Application forms and details may be secured from that address or from most undergraduate premedical advisers.

The test is conducted at many undergraduate schools. Students planning to complete four collegiate years are strongly advised to take the test in the spring of the junior year. Students intending to begin medical studies after only three years of college should take the test no later than the fall of the third year.

Applicants must make the necessary arrangements with the American College Testing Program to forward their Medical College Admission Test scores to the School of Medicine.

Selection Factors

There is no discrimination because of race, creed, or sex. Qualified members of minority groups are encouraged to apply. Choice of student is based upon scholarship, the MCAT, and personal qualifications as judged by interviews and recommendations from qualified persons.

As a state supported school, the School of Medicine gives preference in selection of students to state residents, but positions may be available each year to well qualified nonresidents. Although most students present a bachelor’s degree at matriculation, a number of carefully selected individuals may be considered for admission after three years of college work.

ACCOUNTING (ACC)

215. PRINCIPLES OF ACCOUNTING. 3 hrs. I, II, S.
Introduction to principles and procedures of double entry accounting records and
reports.

216. PRINCIPLES OF ACCOUNTING. 3 hrs. I, II, S.
Introduction to principles and procedures of double entry accounting records and
reports. (PR: Accounting 215)

311. INTERMEDIATE ACCOUNTING. 3 hrs. I, II, S.
Principles and problems of valuation, analysis, and formal presentation of accounting
data. (PR: Accounting 216)

312. INTERMEDIATE ACCOUNTING. 3 hrs. I, II, S.
Principles and problems of valuation, analysis, and formal presentation of accounting
data. (PR: Accounting 311)

347. COST ACCOUNTING. 3 hrs. I, II, S.
Principles of industrial cost accounting; job order, departmental and process costs. (PR:
Accounting 216)

348. FEDERAL TAXATION. 3 hrs. I, II, S.
Problems and procedures of income tax accounting (PR: Accounting 216)

412. GOVERNMENTAL ACCOUNTING. 3 hrs. I.
A study of the use of accounting information in the financial management of
governmental and non-profit entities. (PR: Accounting 216)

413. AUDITING. 3 hrs., I, II, S.
Theory and procedures; legal and social responsibilities of the auditor. (PR: Accounting
311, 312)

414. ADVANCED ACCOUNTING PROBLEMS. 3 hrs. I, II, S.
Selected problems in advanced accounting principles and procedures. (PR: Accounting
312)

418. MANAGERIAL ACCOUNTING. 3 hrs. II, S.
The managerial approach to budgetary control. (PR: Accounting 347)

430. CPA REVIEW I. 3 hrs.
A comprehensive review of auditing and law with emphasis on reasoning underlying
problem solutions and study of previous CPA examinations in these areas to further
accounting education and preparation. (PR: 24 hrs. of Accounting)

431. CPA REVIEW II. 3 hrs.
A comprehensive study of accounting theory and practice reviewing previous CPA
examinations with emphasis on reasoning underlying problem solutions to further
accounting education and preparation. (PR: 24 hrs. of Accounting)

480-481. SPECIAL TOPICS. 1-4; 1-4 hrs.
Study of an advanced topic not normally covered in other courses. Accounting majors
only, with permission of Department Chairman.

495H-496H. READINGS FOR HONORS IN ACCOUNTING. 2-4 hrs.
Open only to students of outstanding ability. Both must be taken to receive credit. See
Honors Courses.

ANTHROPOLOGY (ANT)

201. CULTURAL ANTHROPOLOGY. 3 hrs.
Introduction to the scientific study of culture with emphasis on the cultures of
small-scale societies.

304. PHYSICAL ANTHROPOLOGY. 3 hrs.
Introduction to physical anthropology (PR: Anthropology 201)

322. ARCHAEOLOGY. 3 hrs.
Introduction to non-classical archaeology. (PR: Anthropology 201)

333. LINGUISTIC ANTHROPOLOGY. 3 hrs.
Introduction to non-classical linguistics. (PR: Anthropology 201)

343. ANTHROPOLOGICAL RESEARCH. 3 hrs.
Introduction to anthropological research methods. (PR: Anthropology 201)
**APPLIED ANTHROPOLOGY.** 3 hrs.
Principles of applied anthropology in community development. (PR: Six hours of anthropology and sociology or departmental permission.)

**AFRICAN CULTURES.** 3 hrs.
Comparative analysis of the tribal cultures of Africa. (PR: Six hours of anthropology or departmental permission.)

**ETHNIC RELATIONS.** 3 hrs.
Analysis of cultural contact situations with emphasis on the role of Western European cultures. (PR: Six hours of anthropology or departmental permission)

**THE AMERICAN INDIAN.** 3 hrs.
Comparative analysis of Indian tribal cultures of the Americas. (PR: Six hours of anthropology or departmental permission)

**OCEANIA.** 3 hrs.
Comparative analysis of the original cultures of the Pacific Island area. (PR: Six hours of anthropology or departmental permission.)

**ANTHROPOLOGICAL THEORY.** 3 hrs.
Introduction to ethnological theory. (PR: Anthropology 332, 333)

**CULTURE AND PERSONALITY.** 3 hrs.
Analysis of the relations between cultural, social, and personality systems. (PR: Six hours of anthropology or departmental permission)

**APPALACHIAN CULTURE I.** 3 hrs.
Analysis of the culture of Appalachia from its beginnings to 1870. (PR: Six hours of anthropology or departmental permission)

**APPALACHIAN FIELD EXPERIENCE I.** 3 hrs.
Supervised field work in an Appalachian community studying the social and cultural characteristics of the area. Four afternoons each week plus one class hour. (PR: Anthropology 455 or equivalent)

**APPALACHIAN CULTURE II.** 3 hrs.
Analysis of cultural changes in Appalachia from 1870 to the present. (PR: Anthropology 455)

**APPALACHIAN FIELD EXPERIENCE II.** 3 hrs.
Supervised field work in an Appalachian community studying the social and cultural characteristics of the area. Four afternoons each week plus one class hour. (PR: Anthropology 455, 456, 457)

**ART**

**ART APPRECIATION.** 2 hrs. I, II, S.
Significance of art in everyday living. Required of all students in the College of Education.

**ART EDUCATION: DRAWING AND PAINTING.** 3 hrs. I, II, S.
Creative expression in drawing, painting, graphics and design directed to the needs of students in elementary education.

**COMPOSITION, COLOR AND DESIGN IN DRAWING AND PAINTING.** 3 hrs. I, II.
Design elements studied as to their use in conveying compositional ideas and practical use of these ideas and elements in original compositions in a variety of traditional media.

**INTRODUCTION TO DESIGN.** 3 hrs. I, II.
Basic and related problems in design dealing with the plastic elements - line, color, form, space, and texture.

**THREE-DIMENSIONAL DESIGN.** 3 hrs. I, II.
Design with emphasis on three dimensional form. (PR: 214)

**COMMERCIAL ART.** 3 hrs. I, II.
Projects in advertising layouts, merchandise display, and container design.

**DRAWING.** 3 hrs. I, II.
Freehand drawing with emphasis on drawing from nature and the posed model, using a variety of media. (PR: Open to art majors and minors only. Others must have the permission of the Chairman of the Department of Art. (PR: Art 214 and 203).

**DRAWING.** 3 hrs. I, II.
Freehand drawing with emphasis on drawing from nature and the posed model, using a variety of media. (PR: Open to art majors and minors only. Others must have the permission of the Chairman of the Department of Art. (PR: Art 217)

**CERAMICS.** 3 hrs. I, II, S.
Advanced design problems in clay. Students will be involved in methods of producing ceramic forms by hand and with the potter’s wheel and in problems of firing and glazing. (PR: Art 214 and/or Art 215)

**DESIGN IN METAL.** 3 hrs. I, II, S.
Advanced design in metal. Emphasis on copper, silver, pewter, brass. Problems involve soldering, enameling, and shaping metal by hand. (PR: Art 214 or Art 215)

**SCULPTURE.** 3 hrs. I, II, S.
Emphasis on modeling in clay and exploring the potential of plaster, wood and other
308. WEAVING. 3 hrs. I, II, S.
   The student will demonstrate the ability to carry through the entire process for planning, through warping, threading, and weaving. Each will create unique art works while developing traditional technical skills. (PR: Art 217 and 218)

340. ART EDUCATION: CRAFTS. 3 hrs. I, II, S.
   Philosophy and methods of art education supplemented by laboratory experiences featuring crafts for students in early childhood and elementary education. 1 lec-3 lab. (PR: Art 113)

350. WATERCOLOR PAINTING. 3 hrs. I, II, S.
   Watercolor medium in expressing still life, landscape, and the human figure. (PR: Art 203 and 218)

360. MIXED MEDIA. 3 hrs. I or II or S.
   Projects in painting, drawing and mixed media. (PR: Junior or senior standing and Art 217 and 218)

401-402. HISTORY OF ART. 3; 3 hrs., I, II.
   A survey of the development of architecture, sculpture, painting, and the minor arts to ca. 1400 A.D. and from 1400 A.D. to the present. (PR: 401 for 402.)

403. ORIENTAL ART. 3 hrs. I or II or S.
   A historical survey of the architecture, painting, and sculpture of China, India, and Japan.

404. 20th CENTURY ART. 3 hrs. I or II or S.
   A survey of the development of architecture, painting and sculpture in the western world during the present century.

405. ART IN AMERICA. 3 hrs. I or II or S.
   A survey of the development of architecture, painting, and sculpture from colonial times to the present.

406. FIGURE DRAWING. 3 hrs. I, II, S.
   Practice in drawing from the posed human figure. (PR: Art 217 and 218)

407. PREHISTORIC AND PRIMITIVE ART. 3 hrs. I or II or S.
   An introduction to the unique arts of so-called pre-civilized peoples with a two-fold emphasis: first, the European pre-historic; second, the non-European primitive.

408. BLACK ART. 3 hrs. II, S.
   A survey of the development of black arts from ancient Africa to contemporary expressions in both the old and new worlds. (Open to all qualified students.)

409. 19TH CENTURY ART. 3 hrs. I or II or S.
   A survey of the development of architecture, painting, and sculpture in the Western World during the last century.

455-456. PAINTING: ACRYLIC AND OIL. 3; 3 hrs. I, II.
   Study and practice of painting in expressing still life, landscape, and the human figure. (PR: Art 203 and 218)

460. ART EDUCATION: HISTORY AND PHILOSOPHY OF ART EDUCATION. 3 hrs. I.
   A survey of the evolution of art education, philosophy, and a study of problems related to art education on the elementary and high school level. (PR: Art 340)

461-462-463. SPECIAL TOPICS. 1-3; 1-3; 1-3 hrs. I, II, S.

470. GRAPHIC PROCESSES. 3 hrs. I, II, S.
   Experiments in the media of intaglio, lithography, serigraphy, relief collagraphs and new techniques in printmaking.

ART EDUCATION

BIBLE AND RELIGION (BR)

Courses in the Department of Bible and Religion are open to all students at Marshall University and may be used to fulfill the requirements for a minor in the College of Arts and Sciences. Students who plan to pursue graduate and professional studies in religion should consult with the departmental chairman.

206. HISTORY AND LITERATURE OF THE NEW TESTAMENT. 2 hrs.
   The Jewish and gentile background and the beginnings of Christianity with an introduction to the writings of the New Testament. Open to freshmen.

210. OLD TESTAMENT HISTORY. 2 hrs.
   The growth and development of the Hebrew people, religion, and literature, to the Greek period. Open to freshmen.

300. INTRODUCTION TO THE STUDY OF RELIGION: NATURE OF RELIGION. 3 hrs.
   An analysis of the nature of religious personalities, institutions, literature, philosophies, experiences, and education.

301. INTRODUCTION TO THE STUDY OF RELIGION: FUNCTION OF RELIGION. 3 hrs.
A correlation of religion with the different areas of life: natural sciences, humanities, social sciences, philosophy, ethics, education.

302. OUTLINES OF CHURCH HISTORY. 3 hrs.
   The historical development of Christianity from the first century to the present.

304. THE TEACHINGS OF JESUS. 2 hrs.
   An analysis of the Gospels and a systematic study of the message of Jesus.

310. THE HEBREW PROPHETS. 2 hrs.
   The rise of the office of prophet and the contributions of prophecy to religion.

315. PSYCHOLOGY OF RELIGION. 3 hrs.
   An examination of the factors in individual and group religious experiences.

323. HISTORY OF RELIGIOUS THOUGHT IN AMERI-CA. 3 hrs.
   The rise and development of religion and of religious thinking in America.

418. DEVELOPMENT OF RELIGIOUS IDEAS. 3 hrs.
   A study of the sources of religious thought in western culture.

419. RELIGIOUS THOUGHT IN THE WESTERN WORLD. 3 hrs.
   An analysis of the major schools of religious thought as they have developed in the West.

420. RECENT AND CONTEMPORARY RELIGIOUS THOUGHT. 3 hrs.
   A survey of the major currents of religious thinking in the twentieth century.

430. ORIGIN AND TRANSMISSION OF THE BIBLE. 3 hrs.
   A study of the history of the canonization, textual transmission, and translations of the Bible.

450. SOCIOLOGY OF RELIGION. 3 hrs. (Same as Sociology 450)
   An investigation into the nature of religion as a social phenomenon.

495H-496H. READINGS FOR HONORS IN BIBLE AND RELIGION. 4; 4 hrs. See Honors Courses
   Open to students with permission of the department chairman. Both courses must be taken in order to receive credit.

BIOLOGICAL SCIENCES (BSC)

101. BIOLOGICAL SCIENCE (Biology of Plants). 4 hrs. I, II, S.
   The fundamentals of biology, with emphasis on plant structures, functions, and classification, including cellular organization and processes which are common to both plant and animal life. 3 lec-2 lab.

   Biological principles of structure, function, development, growth, classification, and evolution with emphasis on man and other vertebrates. 3 lec-2 lab. (PR: Biological science 101)

306. FIELD BIOLOGY. 4 hrs. II, S.
   Identification, classification, habitats, and communities of animal and plant life in field and laboratory. (PR: 8 semester hours of biological science)

403. BIOLOGICAL MICROTECHNIC. 3 hrs. I.
   Principles and methods of fixing, imbedding, sectioning, and staining of plant and animal preparations. Methods for identification and localization of cellular components, Introductory photomicrography. 1 lec-4 lab. (PR: One year of biological science)

404. CELLULAR PHYSIOLOGY. 4 hrs. I, II, S.
   The chemistry of cell functions, including cellular organizations, with special emphasis on intermediary metabolism, 2 lec-4 lab. (PR: 2 years biological science and 1 semester organic chemistry or consent of instructor.)

407. (ZOO 407) GENETICS. 4 hrs. I, S.
   The fundamental principles and mechanisms of inheritance including their human application. (PR: Biological Science 102)

413. (ZOO 413) PRINCIPLES OF ORGANIC EVOLUTION. 3 hrs. I, S.
   The progress of animal life through time and a discussion of known causes. (PR: Zoology 212 and 12 hours biological sciences)

430. ECOLOGY. 4 hrs. II, S.
   The interrelationships of plants, animals, and environment. Local and world distribution of biotic communities. (PR: Botany 316 or consent of instructor.)

431. LIMNOLOGY. 4 hrs. II, S.
   The study of inland waters: ecological factors affecting lake and stream productivity and various aquatic communities. 2 lec-4 lab.

482. CONSERVATION OF FORESTS, SOIL AND WILDLIFE. 3 hrs. I, S.
   Primarily for teachers in the biological, general and applied sciences. Includes field work, seminars, and demonstrations on phases of conservation of forest, soil, and wildlife.

483. HISTORY AND DEVELOPMENT OF BIOLOGY. 3 hrs. II, S.
   A study of the men who have developed our knowledge of biology, the philosophy of the period; and work of the foremost men in the field. (PR: 12 semester hours of science)

BOTANY (BOT)

302. GENERAL BACTERIOLOGY. 4 hrs. I, II, S.
**COURSES OF INSTRUCTION**

**Basic microbiological techniques, fundamental principles of microbial action, physiological processes, immunology, serology, disease process. 2 lec-4 lab. (PR: Biological Science 101 (or equivalent), or one year chemistry.)**

402. **BACTERIOLOGY: SPECIAL TOPICS. 1-3 hrs.**
   (PR: Botany 302.)

405. **ECONOMIC BOTANY. 3 hrs. I.**
   Plants used by man for food, ornamental purposes, building materials, textiles and other industrial purposes; economic importance of conservation. No laboratory.

410. **SPECIAL TOPICS. 1-4 hrs. I, II, S.**
   By permission of instructor and consent of department chairman.

415. **PLANT MORPHOLOGY. 4 hrs. I, S.**
   Characteristics of the great plant groups. Discussion of important steps in the development of plants. 2 lec-4 lab. (PR: Biological Science 101-102 or equivalent)

416. **PLANT TAXONOMY. 4 hrs. II, S.**
   Recognition of our native seed plants and ferns. 2 lec-4 lab. (PR: Biological Science 101-102 or equivalent)

418. **MYCOLOGY AND PLANT PATHOLOGY. 4 hrs. I.**
   Nature, cause and control of plant disease. 2 lec-4 lab. (PR: Biological Science 101-102 or equivalent)

---

**CHEMISTRY (CHM)*

100. **ELEMENTARY CHEMISTRY 4 hrs. I, II, S.**
   Designed primarily to meet the needs of students in the A.S. and B.S. in Nursing Programs. Includes relevant topics from inorganic, organic, and biochemistry. 3 lec-2 lab.

190H-191H. **HONORS IN CHEMISTRY. 1 hr. I, II, S.**
   Independent study programs for outstanding students. (PR: Permission of the department chairman)

203. **GENERAL CHEMISTRY I. 3 hrs. I, S.**
   An introduction to chemical science, its development, basic concepts and inter-relationships with other sciences. Intended primarily for non-science majors and B.A. degree candidates. 3 lec. (CR: Chemistry 213, 214, 215, or 216)

204. **GENERAL CHEMISTRY II. 3 hrs. II, S.**
   A continuation of Chemistry 203 with emphasis on introductory organic and biochemistry. 3 lec. (PR: Chemistry 203 or junior standing)

211. **PRINCIPLES OF CHEMISTRY I. 3 hrs. I, II, S.**
   A study of the properties of materials and their interactions with each other. Development of theories and applications of the principles of energetics, dynamics and structure. Intended primarily for science majors and pre-professional students. 3 lec. (CR: Chemistry 213, 214, 215, or 216)

212. **PRINCIPLES OF CHEMISTRY II. 3 hrs. I, II, S.**
   A continuation of Chemistry 211. 3 lec. (PR: Chemistry 211; CR: Chemistry 213, 214, 215, or 216)

213. **IDENTIFICATION OF THE ELEMENTS. 2 hr. I, II, S.**
   An introduction to the principles of experimentation and to laboratory techniques as applied to the qualitative analysis and identification of the chemical elements. One of the four courses (213, 214, 215, 216) which may be selected to meet the two-course laboratory requirement for introductory chemistry. 2 lab-1 lec.

214. **QUANTITATIVE ASPECTS OF CHEMISTRY. 2 hrs. I, II, S.**
   An introduction to quantitative measurement and to the relationship between experimental values and molecular structure and reactivity. One of the four courses (213, 214, 215, 216) which may be selected to meet the two-course laboratory requirement for introductory chemistry. 2 lab-1 lec.

215. **ENVIRONMENTAL CHEMISTRY. 2 hrs. I, II, S.**
   A study of experimental problems in the detection and measurement of common chemicals. Emphasis will be on problems of air and water pollution, with some attention to problems in consumer chemistry. One of the four courses (213, 214, 215, 216) which may be selected to meet the two-course laboratory requirement for introductory chemistry. 2 lab-1 lec.

216. **THE ELEMENTS OF LIFE. 2 hrs. I, II, S.**
   An introduction to the laboratory study of the chemistry of organic molecules and their biochemical applications. One of the four courses (213, 214, 215, 216) which may be selected to meet the two course laboratory requirement in introductory chemistry. 2 lab-1 lec.

290H-291H. **HONORS IN CHEMISTRY I, II. 1 hr. I, II, S.**

*The Department of Chemistry is approved by the Committee on Professional Training of the American Chemistry Society.*

COURSES OF INSTRUCTION

Mathematics 231)

463. NUCLEAR CHEMISTRY AND PHYSICS LABORATORY. 2 hrs. II, 4 lab. (CR: Chemistry 462)

475. ADVANCED BIOCHEMISTRY. 3 hrs. I.
Detailed studies of biochemical systems with emphasis on the structure and metabolism of representative compounds. 3 lec. (PR: Chemistry 300 or consent of instructor)

476. ADVANCED BIOCHEMISTRY LABORATORY. 3 hrs. II.
Laboratory methods for the preparation, purification and characterization of biochemical systems. 6 lab. (PR: Chemistry 475)

480. QUANTUM MECHANICS. 3 hrs.
An introductory course in quantum mechanics. 3 lec. (PR: Mathematics 231)

482. ADVANCED ORGANIC CHEMISTRY I. 3 hrs. I.
Studies of the dynamics of organic reactions with emphasis on mechanisms and stereochemistry. 3 lec. (PR: Chemistry 356)

483. ADVANCED ORGANIC CHEMISTRY II. 3 hrs. II.
A continuation of Chemistry 482 with emphasis on synthetic methods 3 lec. (PR: Chemistry 482)

490. SPECIAL TOPICS. 1-3 hrs.
Selected topics not covered in regular course offerings. (PR: Permission of department chairman)

495H-496H. HONORS IN CHEMISTRY. 3-4; 3-4 hrs. I, II, S.
Open only to chemistry majors of outstanding ability. Both courses must be taken to receive credit. (See Honors Courses)

CLASSICAL STUDIES (CL)

General humanities courses, taught in English, open to all students at the academic level listed.

200. BUILDING ENGLISH VOCABULARY THROUGH LATIN AND GREEK. 3 hrs. I, II.
Study of Latin and Greek word elements to build skill in English vocabulary, both general and technical (or scientific - medical).

319. CLASSICAL MYTHOLOGY. 3 hrs. I, II.
Study of the development of myth in ancient Greece and Rome; its place in ancient culture and its survival in the modern world.

321. ANCIENT GREEK LITERATURE (Taught in English). 3 hrs.
Study of representative works for their humanistic and literary values in the ancient and modern worlds.

322. ANCIENT ROMAN LITERATURE (Taught in English). 3 hrs.
Study of representative works for their humanistic and literary values in the ancient and modern worlds.

435. GREEK CIVILIZATION. 3 hrs. I.
Study of ancient Greek culture, emphasizing parallels with present-day issues.

436. ROMAN CIVILIZATION. 3 hrs. II.
Study of ancient Roman culture, emphasizing parallels with present-day issues.

450-451. SPECIAL TOPICS IN CLASSICS. 1-4; 1-4 hrs. I, II.
(PR: Departmental permission)

COMPUTER AND INFORMATION SCIENCES (CIS)

101. INTRODUCTION TO COMPUTERS AND DATA PROCESSING. 3 hrs.
Computer hardware and software systems, applications, impact on society, and related topics.

210. INTRODUCTION TO COMPUTER SCIENCE AND PROGRAMMING I. 3 hrs.
Lectures devoted to computer science and programming algorithms with the laboratory sections offering the student a choice of two or more languages (FORTRAN and COBOL).

220. INTRODUCTION TO COMPUTER SCIENCE AND PROGRAMMING II. 3 hrs.
Extension of algorithmic and programming concepts introduced in CIS 210; introduction of standard computer science problems and applications. (PR: 210 or consent of instructor)

COUNSELING AND REHABILITATION (CR)

306. INTRODUCTION TO REHABILITATION. 3 hrs. I, II.
Introduction to the field of rehabilitation, various mental, physical and social disabilities, careers in rehabilitation, rehabilitation services and orientation process. (PR: Sophomore standing and permission of instructor. CR: Counseling and Rehabilitation 307)

307. INTRODUCTORY PRACTICUM IN REHABILITATION. 2 hrs. I, II.
Orientation to helping service agencies and practice in developing interviewing skills under professional supervision. (PR: Permission of instructor. CR: Counseling and Rehabilitation 306)
310. VOCATIONAL EVALUATION. 3 hrs. I.
An integration of psychological and physical aspects in vocational assessment of the disabled; includes selection, administration and interpretation of vocational tests, work samples and job tryouts and utilization of medical psychiatric and psychological reports.

315. OCCUPATIONAL AND CAREER DEVELOPMENT. 3 hrs. II.
Study of career choice theory, career change, counseling approaches in career selection and resources to assist in career choice.

320. COMMUNITY RESOURCES. 3 hrs. II.
Study of available resources in the community and their utilization in providing rehabilitation services.

406. REHABILITATION SERVICES - MEDICAL ASPECTS. 3 hrs. I.
A study of medical and adjustment aspects of disability and the effective utilization of medical information in providing rehabilitation services.

420. JOB PLACEMENT. 3 hrs. I.
Study of techniques for diagnostic interviewing, job development, and job placement. (PR: Counseling and Rehabilitation 306, 310, 315, 320, 406 or permission of instructor.)

425. INTERVIEWING PROCEDURES. 3 hrs. II.
Principles and practices of the interviewing relationship in helping service settings. (PR: Permission of instructor. CR: Counseling and Rehabilitation 426)

426. ADVANCED PRACTICUM IN REHABILITATION. 2 hrs. II.
Practical experiences in counseling interviews under professional supervision. (PR: Permission of instructor. CR: Counseling and Rehabilitation 425)

428. REHABILITATION OF EMOTIONALLY DISTURBED. 3 hrs. I.
Study of characteristics of emotionally disturbed and special techniques and resources required in their rehabilitation. (PR: Psychology 408, Counseling and Rehabilitation 406, 425 or permission of instructor)

430. CASE DEVELOPMENT: PROCESS AND MANAGEMENT. 3 hrs. I.
Study of systematic development of casework to include case finding through follow-up, provision of services, case recording and time management. (PR: Counseling and Rehabilitation 310, 315, 320, 406, 420 or permission of instructor)

433. SPECIAL PROBLEMS IN REHABILITATION. 3 hrs. II.
A seminar study of the problems in rehabilitating special disability groups (mentally retarded, mentally ill, alcoholic, public offender, disadvantaged) as well as research into these and other unmet needs in rehabilitation today. (PR: Counseling and Rehabilitation 406, 425 or permission of instructor)

435. GROUP PROCESS AND ANALYSIS. 3 hrs. I, II.
Study and practice of dynamics involved in task and therapeutic groups; a thorough analysis of group process. (PR: Permission of instructor)

440. GROUP THEORIES AND TECHNIQUES. 3 hrs. I.
Study of theories and techniques used in group counseling; will include demonstration and practice of popular approaches in group counseling. (PR: Counseling and Rehabilitation 425 or permission of instructor)

445. MANUAL COMMUNICATION. 3 hrs. I, II.
Psychological characteristics of hearing impaired and techniques of manual communication.

449. INTERNSHIP SEMINAR. 2 hrs. I, II, S.
Group review and synthesis of internship activities, counseling approaches, and special problem areas. (PR: Counseling and Rehabilitation 306, 307, 315, 320, 406, 420, 425, 426, 430, 433, 435 and permission of instructor. CR: Counseling and Rehabilitation 450.)

450. COUNSELING INTERNSHIP. 10 hrs. I, II, S.
Participation in counseling process with a variety of individuals under supervision of cooperating agencies. (PR: Counseling and Rehabilitation 306, 307, 315, 320, 406, 420, 425, 426, 430, 433, 435 and permission of instructor. CR: Counseling and Rehabilitation 449.)

482-483-484-485. SPECIAL TOPICS. 1-4; 1-4; 1-4; 1-4 hrs. I, II, S.
(PR: Permission of department chairman.)

490. PRINCIPLES AND PRACTICES OF COUNSELING. 3 hrs. I, II, S.
The objectives, principles, and practices of guidance. (Not open to Rehabilitation Education majors)

CRIMINAL JUSTICE (CJ)

206. CRIMINOLOGY. 3 hrs.
Introduction to the social aspects of criminal behavior. (Same as SOC 206).

207. JUVENILE DELINQUENCY. 3 hrs.
Theories of delinquency causation and prevention; organizations and functions of social agencies operating in the field. (Same as SOC 207).

211. INTRODUCTION TO LAW ENFORCEMENT. 3 hrs.
Basic course dealing with agencies involved in administration of justice; history and organization of local state and federal agencies; courts, trial, jails, and prisons; probation and
231. **INTRODUCTION TO CORRECTIONS. 3 hrs.**
A survey of the historical development of the systems of punishment and rehabilitation. Analysis of the reasons for incarceration of offenders.

311. **POLICE ADMINISTRATION. 3 hrs.**
Functions and activities of police agencies. Police department organizations, responsibilities of police chiefs. Current administrative experimentation on law enforcement agencies. (PR: Criminal Justice 211)

312. **CRIMINAL INVESTIGATION. 3 hrs.**
Investigation methodology, relations of the detective with other police divisions; Modus Operandi; sources of information; surveillance, interrogation, follow-up procedures. (PR: Criminal Justice 211)

321. **CRIMINAL JUSTICE ADMINISTRATION. 3 hrs.**
Criminal procedure from apprehension to conviction arrests, extradition proceedings; information and indictment; functions of the grand jury and the coroner; trial procedure.

322. **CRIMINAL LAW. 3 hrs.**
History and development of criminal law, elements of a crime, parties to a crime, types of offenses. (PR: Criminal Justice 321)

323. **CRIMINAL PROCEDURE. 3 hrs.**
Admissibility of evidence and confessions, recent civil rights decisions, reconciling individual rights and community interest in law and order. (PR: Criminal Justice 322)

331. **PROBATION AND PAROLE. 3 hrs.**
Organization of systems of after-care treatment of juvenile and adult offenders released under probation and parole. (PR: Criminal Justice 231)

402. **SEMINAR IN CRIME PREVENTION. 3 hrs.**
Techniques for crime prevention analyzed from two orientations; crime prevention by environmental engineering and crime prevention by behavior modification. (PR: Criminal Justice 211)

404. **THEORETICAL CRIMINOLOGY. 3 hrs.**
A critical analysis of the major criminological theories and their empirical foundations. Current theory and research receive greater emphasis than historical development. (PR: Criminal Justice 206 or 207)

411. **POLICE SUPERVISION. 3 hrs.**
First-level supervision; employee morale and discipline; selection, training, placement, promotion; techniques of leadership. (PR: Criminal Justice 211, 311)

412. **COMMUNITY RELATIONS. 3 hrs.**
Law enforcement and the community; relation to schools, public education functions of law enforcement personnel; community attitudes. (PR: Criminal Justice 211)

413. **BUSINESS AND INDUSTRY SECURITY. 3 hrs.**
Selection, training, and staffing of a security force; security devices available; techniques of internal security; ground security; security techniques applicable to personnel selection; legal problems. (PR: Criminal Justice 211)

414. **CRIME STATISTICS AND DATA SYSTEMS. 3 hrs.**
A study of crime statistics and their interpretations. A survey of the system of reporting crime statistics both on the local and the national level. The use of the NCIC and other data banks. (PR: Criminal Justice 211 and Math 225)

421. **CORRECTIONS AND THE LAW. 3 hrs.**
Review of criminal law principles and theory as related to corrections. (PR: Criminal Justice 231)

422. **LAW OF EVIDENCE. 3 hrs.**
Leading rules and principles of exclusion and selection; burden of proof, nature and effect of presumptions; proof of authenticity and contents of writings; examinations, competency and privilege of witnesses.

425. **JUVENILE JUSTICE ADMINISTRATION. 3 hrs.**
A survey of the process—the police, the courts, and corrections—through which the juvenile delinquent passes. (PR: Sociology 207)

431. **CRIMINAL REHABILITATION. 3 hrs.**
Legal and historical background of rehabilitation; roles of correctional workers; and nature of the rehabilitation process. (PR: Criminal Justice 231)

432. **CORRECTIONAL INSTITUTIONS. 3 hrs.**
Analysis of the theory of organizations and administration of correctional institutions; principles of institutional correction. (PR: Criminal Justice 231)

433. **CORRECTIONAL ADMINISTRATION. 3 hrs.**
Objectives of correctional institutions; records; personnel, program development, security; educational programs. (PR: Criminal Justice 432)

451. **INTERNSHIP. 3 hrs.**
The placement of an individual into a criminal justice agency (police, probation, courts, jails) to observe and participate in its operation. (PR: Consent of the instructor)

461. **SPECIAL TOPICS IN CRIMINAL JUSTICE. 3 hrs.**
A study of special interest criminal justice topics under the supervision of a qualified...
faculty member. (PR: Consent of the instructor)

471. INDEPENDENT STUDY
This course permits the student to undertake supervised research (field or library) in any area where there is no appropriate course. (PR: Consent of the instructor)

480. TRAFFIC LAW AND ENFORCEMENT. 3 hrs.
A course designed to study and evaluate the varied and complex system of laws governing the control of all forms of traffic; the influences and responsibilities of traffic law enforcement in present day society. (Same as SED 480/580)

CURRICULUM AND FOUNDATIONS (CI)

101. MATHEMATICS EDUCATION: MATHEMATICS FOR ELEMENTARY TEACHERS, I. 3 hrs. I, II, S.
Study of sets, logic, numeration systems, number systems, and number theory using an inquiry, laboratory oriented approach. (Laboratory work required.)

201. MATHEMATICS EDUCATION: MATHEMATICS FOR ELEMENTARY TEACHERS, II. 3 hrs. I, II, S.
Study of the foundations of elementary mathematics in a laboratory setting emphasizing an inquiry and discovery approach; mathematical systems such as groups and fields, structure of the real number system, basic algebraic operations, simple analytical geometry, informal metric and non-metric geometry, probability, and statistics. (PR: Curriculum and Instruction 101. (Laboratory work required)

203. CHILDREN'S LITERATURE. 3 hrs. I, II, S.
Types of poetry and prose appropriate for elementary school pupils, with emphasis on methods of presentation. 
May not be used as elective to meet requirements of English major in College of Arts and Sciences. (PR: English 102 or 201H)

300. MATHEMATICS EDUCATION: TEACHING ELEMENTARY SCHOOL MATHEMATICS, 2 hrs. I, II, S.
Investigation of techniques and approaches to helping children learn mathematics with special emphasis on the use of manipulative materials in a laboratory setting. (PR: Curriculum and Instruction 201 and laboratory work required. Admission to teacher education)

303. LITERATURE FOR ADOLESCENTS. 3 hrs. II, S.
A study of the various types of literature appropriate to the needs, concerns, and interests of the adolescent. (PR: English 102, six hours of literature, admission to teacher education)

Practical application of modern methods and media in helping children learn more about the earth, physical, and biological sciences. (PR: Six hours of biological or physical science, admission to teachers education)

309. APPLACIAN LITERATURE. 3 hrs.
A study of various types of literature indigenous to Appalachian region and its application to literature in public schools. (PR: junior or senior)

320. SPECIAL EDUCATION: SURVEY OF EXCEPTIONAL CHILDREN. 3 hrs. I, II, S.
An introduction to the study of children who deviate from the average in mental, physical, and social characteristics, including a study of the characteristics of such children and the adaptation of educational procedures to their abilities and disabilities.

342. READING-LANGUAGE METHODS. 3 hrs.
A unified method for developing basic reading-language principles derived from innovative and practical classroom experiences and approaches that include application of latest research relevant to reading-language behavior.

367. EARLY CHILDHOOD EDUCATION: ORGANIZATION AND ADMINISTRATION. 3 hrs. I, II.
An overview of the development of early childhood education, related research, pre-primary program models, elementary school organizational patterns, program planning and techniques of working with parents. (PR: Educational Foundations 319; Home Economics 303 and admission to teacher education.)

370. SOCIAL SCIENCE METHODS IN ELEMENTARY SCHOOLS. 2 hrs.
An introduction to materials and methods for teaching social studies in elementary schools including goals, processes, strategies and evaluation.

400. ELEMENTARY EDUCATION. 2-4 hrs. I, II, S.
The learning environment of the elementary school, problems directly related to student teaching including methods in teaching science, social studies, the language arts and general teaching learning strategies. (PR: Educational Foundations 319 and admission to teacher education. CR: Curriculum and Instruction 405)

405. ELEMENTARY EDUCATION: SUPERVISED STUDENT TEACHING. 4-8 hrs. I, II, S.
All-day teaching under supervision in cooperating public schools. (PR: Curriculum and Instruction 443. CR: Curriculum and Instruction 400.)

409. EARLY CHILDHOOD EDUCATION: EARLY CHILDHOOD CURRICULA. 3 hrs. I, II, S.
Relationship of the kindergarten-elementary school curricula to child growth and development. Recent trends in curriculum organization and adapting curriculum content and methods to maturity levels of children. (PR: Educational Foundations 319, Curriculum and Instruction 367 and 443 and admission to teacher education. CR: Curriculum and Instruction 410)

410. EARLY CHILDHOOD EDUCATION: SUPERVISED STUDENT TEACHING.  
8 hrs. I, II, S.  
Practicum for students majoring in early childhood education. All-day teaching under supervision in kindergarten and elementary schools. (PR: Curriculum and Instruction 367 and 443. CR: Curriculum and Instruction 409).

411. EARLY CHILDHOOD EDUCATION: ANALYSIS OF TEACHING IN THE EARLY YEARS. 2 hrs.  
The analysis and appraisal of teaching strategies employed in the teaching of young children.

417. COMPREHENSIVE CLASSROOM DISCIPLINE TECHNIQUES. 3 hrs.  
Identification of common classroom discipline problems and techniques for dealing with behavioral incidents in school settings K-12. (PR: Curriculum and Instruction 367 and 443 or permission)

421. SPECIAL EDUCATION: BEHAVIORAL CHARACTERISTICS OF EXCEPTIONAL CHILDREN. 3 hrs. I, II, S.  
Behavioral characteristics of children with exceptional development, dynamics of family-community interaction, and attitudes towards exceptional conditions. Implications for amelioration and educational planning. (PR: Admission to teacher education program)

422. SPECIAL EDUCATION: INTRODUCTION TO EDUCATION OF DISADVANTAGED. 3 hrs. S.  
Analysis and exploration of causes of difficulties that accompany the disadvantaged learner. Strategies for structuring learning experiences according to needs will be considered. (PR: Educational Foundations 319)

423. SPECIAL EDUCATION: INTRODUCTION TO LEARNING DISABILITIES. 3 hrs. I, II, S.  
An integrated, concise overview of specific learning disabilities; definitions, etiology; observable and identifiable symptoms and implications for amelioration. (PR: Curriculum and Instruction 320 or permission)

424. SPECIAL EDUCATION: INTRODUCTION TO EMOTIONAL DISTURBANCES. 3 hrs. I, II, S.  
Characteristics of emotional-social disturbances in children; dysfunction in behavior, academic achievement, and social relationships; etiology and educational implications are presented. (PR: Curriculum and Instruction 320 or permission)

425. SPECIAL EDUCATION: ADVANCED CURRICULUM DEVELOPMENT FOR EXCEPTIONAL CHILDREN. 3 hrs. I, II, S.  

426. INTRODUCTION TO THE GIFTED. 3 hrs. I, S.  
An overview of giftedness in children definitions, etiology, observable characteristics, and implications for educational agencies. (PR: CI 320 or permission)

428. METHODS AND MATERIALS IN TEACHING HEALTH. 3 hrs. II,  
Survey of methods and materials for teaching health. Field experience in a school setting is required. (PR: Educational Foundations 319)

433. SPECIAL EDUCATION: INTRODUCTION TO MENTAL RETARDATION. 3 hrs. I, II, S.  
Acquaints teachers with the characteristics and needs of the mentally retarded child. The status of the mentally retarded in our society and the impact of mental retardation on education. (PR: Curriculum and Instruction 320, CR: Field experience)

440. SPECIAL EDUCATION: STUDENT TEACHING WITH MENTALLY RETARDED CHILDREN. 4 hrs. I, II, S.  
All-day supervised teaching in special classes in the public schools. Required of all students who are completing curriculum for teachers of mentally retarded children. (PR: Educational Foundations 319, Curriculum and Instruction 320 433 and 443 and admission to teacher education. CR: Curriculum and Instruction 453.)

441. SECONDARY EDUCATION: LITERARY MATERIALS FOR ENGLISH AND SOCIAL STUDIES. 3 hrs. I, S.  
To acquaint teachers of English and social studies with a variety of literary selections suitable for students, grades 7-12. (PR: Educational Foundations 319 and admission to teacher education.)

443. ELEMENTARY EDUCATION: TEACHING READING IN ELEMENTARY SCHOOLS. 3 hrs.  
Presenting modern techniques and practices in the teaching of reading. Field experience in a school setting is required. (PR: Educational Foundations 319, CR: Field experience)

444. INTRODUCTION TO CRIPPLED AND OTHER HEALTH IMPAIRED. 3 hrs. I, II, S.
An introduction to the characteristics and needs of crippled and other health impaired children. The medical aspects of physically handicapping conditions are considered (PR; C I 320 or permission)

445. SECONDARY EDUCATION: TEACHING READING IN SECONDARY SCHOOLS. 3 hrs. I, II.
Principles underlying the teaching of reading in junior and senior high schools. (PR: Educational Foundations 319 and admission to teacher education.)

446. READING EDUCATION: INDIVIDUAL ASSESSMENT AND PRESCRIPTION LANGUAGE INSTRUCTION. 3 hrs. I
Study of reading-language difficulties, current diagnostic devices and techniques, and preventive and prescriptive methods and materials. (PR: Curriculum and Instruction 443 or 445 and Educational Foundations 319)

450. SECONDARY EDUCATION: SUPERVISED STUDENT TEACHING. 3-8 hrs. I, II, S.
All-day teaching under supervision in cooperating public schools. (PR: Methods in teaching area, CR: Curriculum and Instruction 475)

453. SPECIAL EDUCATION: CURRICULUM AND METHODS FOR THE MENTALLY RETARDED. 3 hrs. I, II, S.
Principles and current trends in curriculum development are reviewed and evaluated toward the development of specific curriculums for the mentally retarded. Methods and materials are presented in relation to this development. (PR: Curriculum and Instruction 320 and 433)

460-461. SCIENCE EDUCATION: SPECIAL PROBLEMS. 1-3 hrs. I, II, S.
By permission of department chairman. (PR: Junior and senior standing)

467. SECONDARY EDUCATION: TEACHING SOCIAL STUDIES. 3 hrs. I, II, S.
Survey of materials and methods for teaching social studies. Field experience in a school setting is required. (PR: Educational Foundations 319 and admission to teacher education.)

468. SECONDARY EDUCATION: TEACHING ART. 3 hrs. I, II.
Survey of materials and methods for teaching art. Field experience in a school setting is required. (PR: Educational Foundations 319 and admission to teacher education.)

469. SECONDARY EDUCATION: TEACHING MATHEMATICS. 3 hrs. I, II.
Survey of materials and methods for teaching mathematics. Field experience in a school setting is required. (PR: Educational Foundations 319 and admission to teacher education.)

472. SECONDARY EDUCATION: TEACHING THE SCIENCES. 3 hrs. I, II.
Survey of materials and methods for teaching the sciences. Field experience in a school setting is required. (PR: Educational Foundations 319 and admission to teacher education.)

473. SECONDARY EDUCATION: TEACHING PHYSICAL EDUCATION. 3 hrs. I, II.
Survey of materials and methods for teaching physical education in grades 7-12. (men and women). Field experience in a school setting is required. (PR: Educational Foundation 319 and admission to teacher education.)

474. SECONDARY EDUCATION: TEACHING THE SCIENCES. 3 hrs. II.
Survey of materials and methods for teaching the sciences. Field experience in a school setting is required. (PR: Educational Foundations 319 and admission to teacher education.)

475. SECONDARY EDUCATION. 24 hrs. I, II, S.
Philosophy of teaching in the secondary school, curriculum planning, philosophy of education, and teaching of reading. (PR: Educational Foundations 319 and admission to teacher education. CR: Curriculum and Instruction 450.)

476. SECONDARY EDUCATION: TEACHING SPEECH. 3 hrs. I, II.
Survey of materials and methods for teaching speech. Junior clinical experience of 25 hours in a school setting is required. (PR: Educational Foundations 319, 24 hours of speech and admission to teacher education.)

482-483-484-485. SPECIAL TOPICS. 1-4; 1-4; 1-4; 1-4 hrs. I, II, S.

495. EDUCATION OF CRIPPLED AND OTHER HEALTH IMPAIRED. 3 hrs. II, S.
Principles and current trends in the teaching of crippled and other health impaired children. Curriculum development for teaching physically handicapped children as well as various methods and materials used in their education. (PR: CI 320 and admission to teacher education.)

496. STUDENT TEACHING THE CRIPPLED AND OTHER HEALTH IMPAIRED. 3 hrs. I, II, S.
All-day supervised teaching in special classes in cooperating public schools and/or hospital settings. (PR: CI 444)

CYTOTECHNOLOGY (CYT)

(Prerequisite: Admission is subject to approval by the Admissions Committee of the Schools of
438. CYTOLOGICAL METHODOLOGY. 3 hrs. I.
Routine methods in Cytology (specimen processing, staining, record keeping). Special methods (filtration, concentrations) Clinical microscopy (routine and special methods: light, phase, dark field).

439. ELEMENTARY CYTOLOGY. 3 hrs. I.
General fundamentals of (cell structure, embryology, bacteriology and Mycology as related to the field of Cytology, Anatomy, and Histology of the body as related to the field of cytology.)

440. GENITAL CYTOLOGY. 6 hrs. I.
Cytology of the female genital tract in health and disease. The study of cells in normal, benign, and malignant stages of development.

441. CYTOLOGY OF THE RESPIRATORY TRACT. 3 hrs. II.
Cytology of the respiratory epithelium in health and disease. Study of the cell in normal conditions, in benign and malignant pathological conditions.

442. CYTOLOGY OF THE BODY CAVITIES. 3 hrs. II.
Cytology of the pericardial, pleural, and abdominal cavities. Study of primary and metastatic tumors.

443. CYTOLOGY OF THE URINARY TRACT. 3 hrs. II.
Study of the normal, benign, and malignant cell changes as they occur in health and disease of this system.

444. CYTOLOGY OF THE BREAST. 3 hrs. II.
Cytology of breast secretion. Cell changes resulting from benign diseases and malignant tumors. Primary and secondary tumors are considered.

445. CYTOLOGY OF THE GASTRO-INTESTINAL TRACT. 3 hrs. S.

446. SEMINAR. 1 hr. II.
Methods of case follow-up. Administration and professional relations with physicians and patients.

447. ADVANCED METHODS IN CYTOLOGY. 4 hrs. S.
Methods and procedures of tissue culture, chromosome analysis, and microphotography. Study of chromosome anomalies including Turner's, Down's, and Klinefelter's Syndrome. Study of pure and mosaic anomalies.

DISTRIBUTIVE EDUCATION (DE)

101. INTRODUCTION TO DISTRIBUTIVE EDUCATION. 3 hrs. I.
The course is planned to give prospective Distributive Education Teacher-Coordinators an over-view of the Distributive Education Program: its history and development, its aims and objectives, and activities of a Distributive Education program and requirements for persons employed in this field.

201. OCCUPATIONAL ANALYSIS IN DISTRIBUTION. 3 hrs. I.
A study of the structure of occupations for the purpose of developing competencies in career development and curriculum development. Students will analyze distributive jobs in terms of specific and related job duties and competencies and will investigate career continuums.

401-402. AREAS OF DISTRIBUTION. 3 hrs. I, II.
Personal improvement, selling, merchandising information, visual merchandising, management, and marketing as these areas affect Distributive Education high school, adult and post-secondary curriculums.

405. METHODS OF TEACHING DISTRIBUTIVE SUBJECTS. 3 hrs. II.
Unit and lesson planning; cooperative and project methods of teaching; classroom management and control; demonstration teaching; coordination techniques; evaluation of achievement.

416. DIRECTED STORE EXPERIENCE. 6 hrs. S.

Study of city function, patterns, past and current problems confronting the city including planning, zoning, housing, and urban renewal.

412. GEOGRAPHY OF SOVIET LANDS. 3 hrs.
Russian agriculture, mining, grazing, industry, and transportation examined in environmental terms.

414. METHODS AND TECHNIQUES OF REGIONAL PLANNING. 3 hrs.
Introductory planning with emphasis on methods, techniques, tools and principles necessary to accomplish objective regional planning.

415. REGIONAL PLANNING AND DEVELOPMENT. 3 hrs.
The philosophy, theories, and principles involved in planning of urban and rural areas. (PR: Geography 414 or permission of instructor)

418. GEOGRAPHY FOR TEACHERS. 3 hrs.
A study of elements of geography most essential for effective teaching of geographic content in elementary education and the social studies.

420. FIELD GEOGRAPHY OF WEST VIRGINIA. 3 hrs.
Representative areas in lumbering, mining, agriculture, and industry studied through field methods.

425. CLIMATOLOGY. 3 hrs.
A study of elements of weather and climate, methods of climatic classification, and distribution and characteristics of world climate regions.

429. MAP INTELLIGENCE AND PROJECTIONS. 3 hrs.
Principles and practice in construction of map grid, relation of map to compass, use of drafting equipment, and understanding of earth features as shown on maps.
430. APPLIED CARTOGRAPHY. 3 hrs.
Map making with regard to projection selection, source materials, compilation, restitution, and air photo interpretation. (PR: Geography 429 or permission of instructor.)

495H-496H. READING FOR HONORS IN GEOGRAPHY. 4; 4 hrs. I, II.
See Honors Courses.

GEOLGY (GLY)

200. PHYSICAL GEOLOGY. 3 hrs. I, II, S.
Elementary physical geology; origin and nature of the earth, geological processes, weathering and erosion, volcanoes, earthquakes, mountain building, common rocks and minerals. 3 lec. (CR: Geology 210L)

201. HISTORICAL GEOLOGY. 3 hrs. I, II, S.
Chronological history and development of the earth, sequence of the geologic ages and rock formations, development and evolution of life as revealed by fossils. (PR: Geology 200, CR: Geology 211L)

210L. EARTH MATERIALS LABORATORY. 1 hr. I, II, S.
An introduction to laboratory methods and materials as applied to the identification, classification, recovery and uses of earth resources. 2 lab. (CR: Geology 200)

211L. EARTH DEVELOPMENT LABORATORY. 1 hr. I, II, S.
The geologically significant representative of both animals and plants will be studied. Attention is given to elementary morphology, taxonomy, biometrics and paleoecology. 2 lab. (PR: Geology 210L, CR: Geology 201)

212L. GEOLOGIC AND TOPOGRAPHIC MAPS. 1 hr. I, II, S.
An introduction to geologic mapping and map interpretation, preparations of topographic and geologic cross sections. 2 lab. (Field work). (PR: Geology 200 or 201. Required of majors.)

313. STRUCTURAL GEOLOGY. 4 hrs. II, Alternate years (even numbers)
Analysis, classification and origin of depositional and deformational structures common to all classes of rocks; their structural history, relationships, and stresses which caused them. 3 lec-2 lab. (PR: Geology 201)

314. MINERALOGY. 4 hrs. I. Alternate years (odd numbers)
Identification, classification, origin, occurrence and economic uses of minerals; crystallographic forms and blowpipe analysis. 2 lec-4 lab. (PR: Geology 200, Chemistry 212, 214)

325. STRATIGRAPHY AND SEDIMENTATION. 4 hrs. I. Alternate years (odd numbers)
Formation, organization, sequence, and correlation of sedimentary rocks; study of the origin, transportation and deposition of rock-forming sediments. 2 lec-2 lab. (PR: Geology 201)

400. SPECIAL TOPICS AND RESEARCH IN GEOLOGY. 1-4 hrs. I, II, S.
Independent field and/or laboratory research in a selected phase of the major or minor field. Majors and minors only. (PR: 10 hrs. of Geology)

415. ANALYTICAL MINERALOGY. 4 hrs. alternate years (even numbers)
A study of the internal symmetry, bonding, structure, and crystal chemistry of minerals by analytical methods. 3 lec-2 lab. (PR: GLY 314 or consent)

418. INVERTEBRATE PALEONTOLOGY. 3 hrs. I, II, Alternate years (even numbers)
Taxonomy and morphology of the major invertebrate phyla with an introduction to biometrics as applied to paleontology. 2 lec-2 lab. (PR: Geology 201 and 325 or Zoology 212 and consent)

421. PETROLOGY. 4 hrs. I. Alternate years (even numbers)
Identification and classification of igneous, sedimentary and metamorphic rocks, their origin and occurrence; their geologic and economic importance. 2 lec-4 lab. (PR: Geology 200, Geology 314 or consent)

422. ECONOMIC GEOLOGY. 4 hrs. II, Alternate years (odd numbers)
Origin, distribution and economics of the metallic and non-metallic ore deposits. 3 lec-2 lab. (PR: Geology 201, 314, or consent)

423. SEDIMENTARY PETROGRAPHY. 3 hrs. II, Alternate years (even numbers)
Megascopic and microscopic identification and a depositional and postdepositional interpretation of the sedimentary rocks. 2 lec-2 lab. (PR: Geology 201 and 314)

425. GEOCHEMISTRY. 4 hrs. I, Alternate years (even numbers)
Introduction to the principles of geochemistry. The application of elementary chemistry to geologic problems. 3 lec-2 lab. (PR: Geology 200, Chemistry 211, 212, 213, 214, or permission)

426. GEOPHYSICS. 4 hrs. I, Alternate years (odd numbers)
Development of seismic, gravity, magnetism, electrical and thermal methods to study the structure and dynamics of the earth. (PR: Geology 201, Physics 203, Mathematics 131)

451. PRINCIPLES OF GEOMORPHOLOGY. 3-4 hrs. I, Alternate and S (even numbers)
Principles of identification and analysis of the world's surficial features in terms of stratigraphy, structure, processes, tectonics and time. 3 lec-2 lab. Optional laboratory. (PR: Geology 200, Geology 210 or consent)
COURSES OF INSTRUCTION

452. REGIONAL GEOMORPHOLOGY. 3 hrs. II, Alternate years (odd numbers)
Description and classification of North American surface morphology and its relationship to bedrock; climate, processes and history. 3 lec. (PR: Geology 451 or consent)

453-454. SEMINAR. 1 hr. I, II.
A graduation requirement for all seniors seeking the B.S in Geology and recommended for seniors seeking the B.A. in Geology. (PR: Permission of chairman)

455. WATER RESOURCES. 4 hrs.
The properties of water, the hydrologic cycle with emphasis on surface and groundwater processes, the uses, needs and problems associated with water resources. (PR: 10 hrs. Geology or consent)

456. ENVIRONMENTAL GEOLOGY. 3 hrs.
Through lecture and demonstration, the interactions of man and the earth, dealing with natural resources, natural hazards, cultural and urban geology and future planning. (PR: 10 hrs. Geology or consent)

GERMAN (GER)

101-102. ELEMENTARY GERMAN. 3; 3 hrs. I, II.
Grammar, pronunciation, beginning conversation, reading and comprehension. (PR for German 102: German 101 or one unit of high school German or departmental examination.)

Current ways of disseminating public information as practiced by business, educational, industrial, governmental and social organizations.

335. COMPANY PUBLICATIONS. 3 hrs. I.
A study of company publications, trade journals and other specialized periodicals. The duties and work of the industrial editor in preparing internal, external and multi-purpose publications. (PR: Journalism 201 and 301)

350. BROADCAST NEWS I. 4 hrs. I.
Practice in compiling, writing and editing news for broadcasting. A laboratory class which makes use of university broadcast facilities. Students receive on-air experience as available. (PR: Journalism 201, 240 and 360)

351. BROADCAST NEWS II. 4 hrs. II.
Examination of skills required by the broadcast journalist: Writing, filming, editing and announcing. Class makes use of University broadcast facilities. Students must discuss course with instructors before enrolling. (PR: Journalism 350)

360. NEWS PHOTOGRAPHY I. 3 hrs. I, II, S.
Methods of taking pictures for newspapers and picture editing. Laboratory work in developing and printing required. Enrollment limited to 20 students, with journalism and advertising majors given enrollment priority. Students must discuss course with instructor before enrolling.

382. ADVERTISING COPYWRITING. 3 hrs. I, II.
Practice in obtaining material and writing copy for of advertisements in publications. (PR: Journalism 201 and 281)

383. ADVERTISING LAYOUT AND DESIGN. 3 hrs. II.
Principles and practices in layout and design of advertising for all media. (PR: Journalism 281)

385. ADVERTISING MEDIA PLANNING. 3 hrs. II.
Planning and practice in allocating advertising budgets in the mass media to effectively reach the target audiences at the most reasonable cost. (PR: Journalism 281)

400. NEWS PHOTOGRAPHY II. 3 hrs.
A course in advanced techniques for newspaper and magazine photography, concentrating on creation, design and use of photo essays and picture stories. (PR: Journalism 360)

401. PROFESSIONAL PRACTICUM. 1-4 hrs. I, II, S.
Supervised work on The Parthenon or the Chief Justice. Reporting, editing, advertising, and newspaper production are to be elected by student for supervised work. Students may enroll in 401 for just one hour of credit per term. (PR: Journalism 202, Journalism 302 or permission of practicum instructor.)

402. ETHICS AND LAW OF MASS COMMUNICATIONS. 3 hrs. I, II.
Ethical and legal aspects of Mass Communications. Responsibility, libel, copyright, regulatory agencies, state and federal laws, ethical considerations and practices.

404. HISTORY OF AMERICAN JOURNALISM. 3 hrs. I.
The development of the press in the United States, the contributions of American journalists, the rise of radio and television, and the relation of communications developments to political, economic and social trends in America.

406. JOURNALISM INTERNSHIP. 3 hrs. S.
Supervised reportorial work on Huntington and other daily newspapers, and other areas of mass communications. Conferences with instructor for guidance and evaluation. Advanced arrangements must be made through instructor.

414. REPORTING PUBLIC AFFAIRS. 3 hrs. II.
Instruction in reporting local, state and federal government; politics, finance and labor; social environmental issues and other areas, with emphasis on background and interpretation. Course includes field trips and guest speakers. (PR: Journalism 201 or 351)

425. ADVERTISING STRATEGY AND THE COMMUNICATION PROCESS. 3 hrs. II.
Principles and concepts of advertising strategies as communications processes applied to consumerism, salesmanship, promotions and campaigns. (PR: Journalism 382)

428. SUPERVISION OF SCHOOL PUBLICATIONS. 3 hrs. II, S.
A study of school newspapers, including practical experiences in writing for school publications. Designed primarily for College of Education English majors but open to students of all colleges. (PR: Junior standing)

430. MAGAZINE ARTICLE WRITING. 3 hrs. I.
Fundamentals of researching and writing the popular, factual magazine article; techniques of selling articles to magazines. (PR: Junior standing)

440. SEMINAR: MASS COMMUNICATION AND SOCIETY. 3 hrs. I, II.
Study of the interaction between the mass media and other social institutions, and between the media and the government; problems and responsibilities of the media in social change. (PR: Junior standing)

480-481. SPECIAL TOPICS. 1-3 hrs. I, II, S.
Independent studies or projects in areas of interest to the student, conducted under the direction of a faculty member. Course is taught by arrangement. It includes regular meetings with the instructor for advice and direction. Projects and studies may include mass communication research studies or special group field projects. The professor is assigned based on his proficiency in the area of study or field report. (PR: Permission)

490. SEMINAR IN MEDIA MANAGEMENT. 3 hrs. II.
Problems and practices affecting all departments of the mass media including labor and personnel, editorial, business and production. (PR: Junior standing)

495H-496H. READING FOR HONORS IN JOURNALISM. 4; 4 hrs. I, II.
For journalism majors of outstanding ability. Both courses must be taken to receive credit. See Honors Courses.
LATIN (LAT)

101-102. FIRST YEAR LATIN. 3; 3 hrs. I, II.
   (PR for Latin 102: Latin 101)

203-204. INTERMEDIATE LATIN. 3; 3 hrs. I, II.
   Varied readings including selections from Cicero’s Orations; Vergil’s Aeneid I-VI. (PR
   for Latin 203: Latin 102 or equivalent; PR for Latin 204: Latin 203 or equivalent)

240. ELEMENTS OF PROSE COMPOSITION. 3 hrs. I.
   (PR: Latin 204 or 3 units of high school Latin.)

306. SELECTIONS FROM HORACE. 3 hrs.

307. CICERO’S LETTERS. 3 hrs.

309. LIVY’S HISTORY OF ROME. 3 hrs.

312. TACITUS: (selections from): ANNALS, AGRICOLA. 3 hrs.

329. ELEGIAIC POETS: CATULLUS, TIBULLUS, PROPERTIUS, OVID. 3 hrs.

401. ROMAN LIFE: PLINY, MARTIAL, JUVENAL. 3 hrs.

402. VERGIL’S AENEID VII-XII. 3 hrs.

403. THE ROMAN STAGE: COMEDIES OF PLAUTUS AND TERENCE. 3 hrs.

450-451. SPECIAL TOPICS IN LATIN. 1-4; 1-4 hrs. I, II.

49SH-496H HONORS IN LATIN. 4; 4 hrs. I, II.
   Open only to Latin majors of outstanding ability. Both courses must be taken for credit.
   See Honors Courses.

MANAGEMENT (MGT)

100. INTRODUCTION TO BUSINESS. 3 hrs.
   The activities and organization of a business enterprise, the function of its personnel,
   and its role in the economic and social systems. Intended for students whose major is
   undecided or outside business.

318. BUSINESS STATISTICS. 3 hrs. I, II, S.
   Survey of methods of analysis and presentation of business and economic data;
   sampling, measures of central tendency and dispersion; index numbers; time series. (Rec:
   Mathematics 190)

320. PRINCIPLES OF MANAGEMENT. 3 hrs. I, II, S.
   A comprehensive survey of the fundamental principles of management applicable to all
   forms of organizations. The course provides the student with a basis for thinking about
   complex business situations in the framework of analysis of the management process. Some
   case analysis of management problems used. (PR: Rec. Accounting 215-216, Economics
   241-242 or permission)

360. MANAGEMENT OF SMALL BUSINESS. 3 hrs.
   The study of the knowledge needed in initiation of a new business venture and the
   techniques and problems of management in the small business enterprise as opposed to the
   large-scale corporate structure.

418. STATISTICAL ANALYSIS AND SURVEY DESIGN. 3 hrs.
   Methods of constructing designs for survey investigation; methods of estimation, and
   questionnaire design; nonparametric methods; experimental design; factorial experiment;
   regression and correlation; Multivariate analysis. (PR: Management 318)

420. OPERATIONS MANAGEMENT. 3 hrs. I, II, S.
   Management of operation systems including system design, implementation and control.
   Analysis of the system in the areas of product, process, material quality, and facilities
   management. Topics include breakeven analysis, inventory models, transportation models,
   network analysis. (PR: Management 318, 320)

422. HUMAN BEHAVIOR IN ORGANIZATIONS. 3 hrs. I, II, S.
   Problems, methods, and analysis of various theories of behavior within organizations for
   purposes of integration and generalization. Emphasis will be upon the identification and
   investigation of the schools of thought concerning the behavioral sciences. (PR:
   Management 320.)

424. PERSONNEL MANAGEMENT. 3 hrs. I, II, S.
   Modern employment relations and manpower management from theoretical and
   practical viewpoints. Basic methodology techniques involving recruitment, selection,
   training, labor relations, collective bargaining contracts, wage and salary administration,
   and personnel research.

426. MANAGEMENT SCIENCE. 3 hrs. I, II, S.
   Survey of quantitative techniques used in the solution of management problems. Topics
   include bayesian probability, uncertainty, linear programming, non-linear programming,
   game theory and queing theory. (PR: Management 318 or consent of instructor.)

450. BUSINESS RESEARCH. 2 hrs.
   Under the direction of an advisor, the student makes a study of a topic related to his
   field of specialization and submits a written report. (PR: Senior standing)
COURSES OF INSTRUCTION

157

460. BUSINESS POLICY. 3 hrs.
An integration of knowledge gained in business core subjects and advanced management courses. Designed to develop ability to analyze complex business problems. (PR: Senior standing in BBA Program)

480-481. SPECIAL TOPICS. 1-4; 1-4 hrs.
Study of an advanced topic not normally covered in other courses. Management majors only, with permission of department chairman.

495H-4961L READINGS FOR HONORS IN MANAGEMENT. 2-4 hrs.
Open only to students of outstanding ability. Both must be taken to receive credit. See Honors Courses.

MARKETING (MKT)

231. PRINCIPLES OF SELLING. 3 hrs.
Elements of successful specialty and salesmanship designed for individuals who must influence or persuade, actuate, or lead other individuals now or in the future.

340. PRINCIPLES OF MARKETING. 3 hrs. I, II, S.
Institutions, channels of distribution, functions, federal regulation, and economics of marketing. (PR: Economics 241, 242)

341. ADVERTISING MANAGEMENT. 3 hrs. I, II, S.
A managerial analysis of the principles and practices of advertising from the viewpoints of the consumer, the firm, the industry, and the economy. Special emphasis is given advertising in relation to its role in the marketing mix. (PR: English 102, Marketing 340.)

343. PRINCIPLES OF RETAILING. 3 hrs.
An interdisciplinary presentation of the principles and concepts fundamental to the operation of retail firms including consumer orientation. (PR: Economics 242 and Marketing 340)

344. RETAIL MANAGEMENT. 3 hrs. I, II, S.
Management of retail establishments including successful retail merchandising, stock control, buying, pricing, marketing, advertising, promotion, displaying, credit, and selling of goods and/or services. (PR: Marketing 340, Economics 241 and 242.)

349. PRINCIPLES OF DOMESTIC TRANSPORTATION. 3 hrs.
Introduction to the history, economics, and regulation of U.S. domestic motor, rail, water, air and pipeline transportation. Particular emphasis is placed upon the significance of transportation to the development of the United States and today’s economy. (PR: Economics 241, 242)

350. PHYSICAL DISTRIBUTION. 3 hrs. I, II, S.
Introduction to the activities concerned with the efficient movement of products from the source of raw materials supply, through production to the ultimate consumer. These activities include procurement, inventory control, materials handling, transportation, order processing, site determination, warehousing and customer service. (PR: Marketing 340, 349 or permission of the department chairman)

351. TRAFFIC MANAGEMENT. 3 hrs.
Concerned primarily with the function of buying transportation service. Includes the mechanics of transportation pricing and detailed coverage of services legally includable in the price. (PR: Marketing 340, 349, 350, or permission of the department chairman)

430. MARKETING MANAGEMENT. 3 hrs. I, II.
A research base for marketing decisions and organizing the market functions in relation to company objectives, program planning, and products, price, and promotion strategy. (PR: Marketing 340, 341, 344, 350)

437. CONSUMER BEHAVIOR. 3 hrs.
Acquaints the student with individual and group behavior as it pertains to consumer activity. Theories and findings in the behavioral sciences, as well as those set forth by marketing scholars, are examined so as to understand the behavioral patterns of consumers. Cultural, social, and psychological influences are considered, in addition to the traditional economic interpretations. The stress of the course is on incorporating these data into the managing of the marketing effort (PR: Marketing 340, 341, 344, 350)

440. SALES MANAGEMENT. 3 hrs. I, II.
Policies and procedures pertaining to product planning and pricing, choice of market, planning sales effort, and the control of sales operations. (PR: Marketing 340, 341, 344, 430)

442. MARKET RESEARCH. 3 hrs. I, II.
Scope and importance of market and distribution research; product, package, brand analysis and social impact; consumer, industrial and institutional surveys, quantitative and qualitative analysis of market data; situation analysis, sampling, tabulation and presentation methods. (PR: Marketing 340, Management 318, Accounting 216, Economics 242)

449. TRANSPORTATION LAW AND PUBLIC POLICY. 3 hrs.
Comprehensive review of the regulation of carriers and transportation in general. Comparison of the principle transportation regulatory acts, functions of the procedure before the several regulatory commissions. (PR: Marketing 340, 349, 350, 351, 430, 449 or
CARRIER MANAGEMENT. 3 hrs.
Management of transportation carriers including the unique constraints faced by such firms due to the regulatory system, transportation competition, route structures, ownership patterns, pricing and rate making. (PR: Marketing 340, 341, 349, 350, 351, 440, 449 or permission of the department chairman)

SPECIAL TOPICS. 1-4; 1-4 hrs.
Study of an advanced topic not normally covered in other courses. Marketing majors only, with permission of department chairman.

READINGS FOR HONORS IN MARKETING. 2-4 hrs.
Open only to students of outstanding ability. Both must be taken to receive credit. See Honors Courses.

MATHEMATICS (MTH)

DEVELOPMENTAL MATHEMATICS. 3 hrs. I, II, S.
Remedial mathematics with emphasis on calculation. The graduation requirement is increased three hours for students who complete this course. The course will not satisfy the mathematics requirement in any program of study. (PR: Required for students with mathematics ACT score less than 10 who are enrolled in either the College of Arts and Sciences, the College of Science, or the College of Business and Applied Science. Permission of the chairman of the Department of Mathematics is required for admission of students who either have mathematics ACT score of 15 or higher or who have credit for another college mathematics course.)

MATHEMATICS FOR ELEMENTARY SCHOOLS. 3 hrs.
Language and symbolism of modern mathematics for elementary school programs. Emphasis on the structure and development of the real number system.

INTRODUCTION TO COLLEGE MATHEMATICS. 3 hrs. I, II. S.
Introduction to logic, postulational thinking, and mathematical models; numbers, numerals and symbols; basic probability and statistics. (Rec: Mathematics 100 or at least 10 on ACT.)

ALGEBRA. 3 hrs. I, II, S.
Review of modern algebraic concepts including sets, relations, functions. Review of the number systems through the axiomatic approach. Review of algebraic processes using exponents, radicals, logarithms. Solutions of linear equations and linear systems. Solutions of quadratic equation. Graphing linear and quadratic functions. Sequences, progressions, and the Binomial Theorem. (PR: One year of high school algebra or Mathematics 100. Rec: Students enrolling with one year of high school algebra should have a mathematics ACT score of 10 or more.)

PLANE TRIGONOMETRY. 3 hrs. I, II, S.
Definitions of circular functions; graphs of trigonometric functions, trigonometric identities, and applications. (PR: One-half year of high school geometry. PR or CR: Mathematics 120 or at least 20 on ACT.)

FINITE MATHEMATICS. 3 hrs. I, II, S.
Topics in elementary finite mathematics; sets, counting, probability and statistics, matrices and linear equations, and applications. (PR: One year of high school algebra or Mathematics 100. Rec: Students enrolling with one year of high school algebra should have a mathematics ACT score of 10 or more.)

COLLEGE ALGEBRA. 3 hrs. I, II, S.
Systems of equations, matrices and determinants, complex numbers and vectors, theory of equations and mathematical induction. (PR: Mathematics 120 or at least 20 on ACT.)

CALCULUS WITH ANALYTIC GEOMETRY I. 5 hrs. I, II.
An introduction to analytic geometry and calculus including a study of limits, continuity, differentiation and antiderivatives. (PR: A score of at least 26 on ACT with strong background of at least 1 ½ years of high school algebra or Mathematics 130.)

INTRODUCTORY CALCULUS. 5 hrs. I, II.
Review of pre-calculus mathematics. Calculus of one variable with applications for students whose program requires a basic knowledge of differentiation and integration and their application to a variety of problems. May not be used as one of the three calculus course sequence required for mathematics, chemistry, physics, or engineering majors. (PR: Mathematics 120 or 125 or at least 26 on ACT.)

INTRODUCTORY STATISTICS. 3 hrs. I, II.
Introduction to statistical analysis. (PR: Mathematics 120 or Mathematics 125 or Mathematics 130 or two years of high school algebra.)

CALCULUS WITH ANALYTIC GEOMETRY II. 4 hrs. I, II.
A study of the conics and transcendental functions, techniques of integration, improper integrals, indeterminate forms and infinite series. (PR: Mathematics 122 and 131 or equivalent)

CALCULUS WITH ANALYTIC GEOMETRY III. 4 hrs. I, II.
Analytic geometry of two and three dimensions, partial differentiation, and multiple
COURSES OF INSTRUCTION

330. LINEAR ALGEBRA. 3 hrs.
Vector spaces over the real and complex fields, the algebra of matrices, linear transformations, eigenvalues, and eigenvectors, and linear programming. (PR: Mathematics 125 or Mathematics 130 or equivalent.)

335. ORDINARY DIFFERENTIAL EQUATIONS. 4 hrs.
An expositon of methods used in solving ordinary differential equations, with applications. (PR: Mathematics 231 or equivalent)

337. ELEMENTARY TOPOLOGY. 3 hrs.
Introduction to the basic concepts of topological spaces including such properties as continuity, connectedness, separability, compactness, and metrization. (PR: Mathematics 230 and consent of the instructor or Mathematics 231.)

400. STRUCTURE OF ALGEBRA. 3 hrs.
Emphasis on the language of Modern Elementary Algebra. Recommended for pre-service elementary teachers and for elementary and secondary in-service teachers. May not be used for either a degree offered by the Department of Mathematics or for a 7-9 or 7-12 mathematics specialization. (PR: CI 201 or consent of the Chairman of the Department of Mathematics.)

401. STRUCTURE OF MODERN GEOMETRY. 3 hrs.
Informal development of geometry. Recommended for pre-service elementary teachers and for elementary and secondary in-service teachers. May not be used for either a degree offered by the Department of Mathematics or for a 7-9 or 7-12 mathematics specialization.

427-428. ADVANCED CALCULUS. 4-4 hrs. I, II.
The number system, limits, sequences, partial differentiation with applications, maxima and minima of functions of several variables. Theory of definite integrals, multiple integrals, line and surface integrals, improper integrals, infinite series. (PR: Mathematics 231 for 427; 427 for 428.)

443. NUMERICAL ANALYSIS. 3 hrs.
The theory and technique of numerical computation involving the difference calculus, the summation calculus, interpolation methods, solution of systems of equations, and methods of solution of ordinary differential equations. (PR: Mathematics 230 and 330)

445-446. INTRODUCTION TO THE THEORY OF STATISTICS. 3; 3 hrs. I, II.

448. FUNDAMENTAL CONCEPTS OF MODERN GEOMETRY. 3 hrs.
Finite geometries, basic background material for the modern development of Euclidean Geometry, other geometries. (PR: Mathematics 230)

MEDICAL LABORATORY TECHNOLOGY (MLT)

Prewrquisite: Admission is subject to approval by the Admissions Committee of the School of Medical Laboratory Technology of St. Mary's Hospital.

200-201. THEORY AND TECHNIQUES OF BASIC LABORATORY IN HEMATOLOGY, URINALYSIS, BLOODBANKING, SEROLOGY, AND CHEMISTRY. 6:4 hrs. I, II.
180 lectures and conferences.

202-203. PRACTICAL CLINICAL EXPERIENCE. 2:6 hrs. I, II.
Rotating assignments in hematology, urinalysis, bloodbanking, serology, microbiology, and chemistry.

204. ANALYTICAL BIOCHEMISTRY. 6 hrs. I.
Medical biochemistry involved in the evaluation of patient specimens. An in-depth study of the broad aspects of clinical biochemistry in normal and diseased states. 90 lecture hours.

205. MEDICAL MICROBIOLOGY. 6 hrs. II.
Study of pathogenic microorganisms including bacteria, rickettsia, viruses, and fungi.
Study of immune responses and serologic reactions. 90 lecture hours.

206. CLINICAL LABORATORY INSTRUMENTATION. 3 hrs. S.
In-depth study of the various electronic apparatus and automated equipment used in the clinical laboratory to develop data in the measurement of biologic materials. 45 lecture hours.

207. RESEARCH AND DEVELOPMENT IN CLINICAL LABORATORY PROCEDURES. 2 hrs. S.
Preparation of individual student research papers.

MEDICAL TECHNOLOGY (MDT)

Prerequisite: Admission is subject to approval by the Admissions Committee of the Schools of Medical Technology and Cytotechnology of the Cabell Huntington Hospital.

411. URINALYSIS AND CLINICAL MICROSCOPY (4 weeks). 3 hrs. I.
Routine urinalysis including microscopic examination. Special chemical analysis such as bile, urobilinogen, prothrombins. Examination of gastric contents for acidity.

412. BLOOD BANK (7 weeks) 4 hrs. I.
Maintenance of adequate blood supply including bleeding donors and screening tests for atypical antibodies. Determination of blood types for purposes of crossmatching blood for transfusions, and selecting candidates for administration of RhoGam.

413. HEMATOLOGY AND IMMUNOLOGY (9 weeks). 7 hrs. I.

414. BACTERIOLOGY (8 weeks). 4 hrs. I.
Laboratory work includes preparation of smears, cultures and subcultures of bacteriological and mycological material from patients to identify pathogenic bacteria and fungi. Antibiotic sensitivity testing.

415. PARASITOLOGY (4 weeks). 1 hr. I.
Exercises in techniques for identification of parasites. Thick film preparation for malaria, concentration and flotation techniques for ova and cysts, wet and strained preparations for intestinal parasites, especially for the common pathological forms.

416. BIOCHEMISTRY (10 weeks). 9 hrs. II.

418. SEROLOGY (4 weeks). 3 hrs. S.

419. AUTOMATED INSTRUMENTAL ANALYSIS (6 weeks). 4 hrs. S.
Instruction and practice in use of automated analytical equipment for chemical analysis of 19 tests (Chemistry Composite Profile). Automated fluorometric procedures including cortisols. Use of computerized readout systems for all test results.

420. DIRECTED RESEARCH (4 months). 2 hrs. S.
Individual project directly concerned with theory and/or technique in the clinical laboratory to be completed by each student under the direction of the teaching supervisor. Student must complete all lab work included in the project, necessary research, and submit a paper covering all aspects of his research.

421. SEMINAR. 2 hrs. I, II, S.
Student elective by special assignment.

MILITARY SCIENCE (MS)

101-102. BASIC COURSE MILITARY SCIENCE I. 2; 2 hrs.
Introduction to Army organization and its individual weapons, including marksmanship; a study of the role of the U. S. Army in national security and instruction and practice in leadership and command. Three hours per week. This course is specifically designed for the student with a strong orientation toward the military.

103-104. MILITARY SKILLS I, II. 1; 1 hr.
This course is designed to give students an understanding of the military and to acquaint them with necessary military knowledge while requiring a minimum amount of student time away from other studies. The course is taught on a credit/no credit basis only. Material covered includes marksmanship, land navigation, camping, and rappelling. Completion of
These courses allow the student to progress to the Basic Course Military Science II level. The class meets one four-hour period per month.

201-202. **BASIC COURSE MILITARY SCIENCE II.** 2; 2 hrs.
Study of American military history; introduction to operations and basic tactics; map and aerial photograph reading; and continuation of leadership and command training begun in Military Science I. Three hours per week. Students may enroll in History 221 or 222 in lieu of Military Science 202.

251. **ROTC BASIC SUMMER CAMP.** 3 hrs. (non-resident)
This course is six-week camp consisting primarily of applicatory training conducted during the summer at Fort Knox, Kentucky. It is designed to replace the first two years of on-campus ROTC training. Students who successfully complete the course are eligible to attend the advanced military science training.

301-302. **ADVANCED COURSE MILITARY SCIENCE III.** 3; 3 hrs.
Advanced instruction and practice in leadership concepts and exercise of command in precommissioned leadership situations; continuation of the study of Army organization to include the roles and missions of its various arms and services; introduction and practice in military teaching methods; and study of small unit tactical operations under nuclear and nonnuclear warfare conditions; counterinsurgency operations. Four hours per week. Students may substitute other college courses for one of these Military Science courses subject to the approval of the Professor of Military Science.

351. **SUMMER TRAINING CAMP.** 3 hrs.
Five-week period of realistic applicatory training conducted at an active army post or camp to supplement and reinforce the instruction presented on campus. Mandatory for advanced course. (PR: Military Science 301-302.)

401-402. **ADVANCED COURSE MILITARY SCIENCE IV.** 3; 3 hrs.
Continuation of advanced training and practice in leadership concepts and exercise of command in commissioned leadership situations in the Brigade program; study of command and staff, personnel and administration, intelligence, logistical and operational aspects of army operations up to and including the battalion level; orientation on the role of the United States in world affairs and the present world situation; customs and traditions of the service in preparation for active service; and a study of current military law. Four hours per week. Students may substitute other college courses for one of these Military Science courses subject to the approval of the Professor of Military Science.

403. **MILITARY SCIENCE SEMINAR.** 1 hr.
Seminars on advanced military science concepts and current national and international issues; advanced practical leadership and military instructional experience. Open to and required of students completing Military Science 401 and having one full year of undergraduate work remaining before receiving degree and being commissioned. Two hours per week. (PR: Military Science 401-402)

**MUSIC (MUS)**

**Requirements for Music Majors**

**Admission to Music Program**
All students applying for admission to any program in music must arrange by appointment for an audition and be approved by the Chairman of the Department of Music. Students unable to audition on campus may arrange to submit a tape. The audition will cover performance in a major applied music area.

**Applied Music MAJOR:**
All students pursuing the single music field curriculum are required to select a major instrument or voice and complete twelve (12) semester hours in this field - six (6) hours of lower division and six (6) hours of upper division. Each student must be approved through jury examination at the end of each semester before registering for the next level of study; this is particularly so after the fourth semester before upper division (5th Sem.) applied music courses may be started. Students who are not approved for advancement will be required to repeat lower level work until successful. Major applied music courses include one hour of lesson time per week with two hours daily preparation. Applied Music students are not permitted to drop these subjects during the course of a term without specific permission from the department chairman. This permission is granted only for extraordinary reasons in exceptional cases.

All applied music study must be approved by the Department of Music office and no registration for any level or category is permitted without this approval.

Performance on the major instrument or voice is required at least once each semester on weekly daytime recitals held for this purpose. First semester freshmen are exempt, but
may perform upon request with approval. Seniors must give a recital as part of the requirement for graduation. Approval to plan this recital must be obtained during the jury examination preceding the recital semester.

SECONDARY PIANO:

Music majors whose area of concentration is not piano take at least four semesters of piano instruction, usually in class work. Incoming students are given a hearing for the purpose of determining the level at which that study begins. All music majors are required to pass a piano proficiency examination as part of the requirements for the degree. This examination is usually given at the end of the fourth semester of study and graded separately, pass or fail, apart from the semester’s grade. Students may be required to repeat piano until the proficiency requirements are met.

ELECTIVE:

Students may elect applied music courses, upon approval of the Department of Music, for one hour credit each semester. These courses afford one half-hour lesson per week requiring at least one hour of daily preparation, and are permitted on a first come, first served basis according to spaces available on teaching loads. In Piano and Voice, special beginning classes for non-majors are listed in the Schedule of Classes.

SENIOR RECITAL:

All music majors must appear on a senior recital to be approved by the music faculty before becoming eligible for graduation. This recital may be one of three options: 1) a full length public recital; 2) a partial public recital; 3) a non-public studio recital. The selection of the option for each student is made at the discretion of the Music Faculty.

ENSEMBLES:

General Requirements:

All music majors are required to enroll in a major ensemble for at least seven semesters. Those who have completed this requirement and who are in residence during the spring and fall semesters are expected to continue to participate in the ensemble program.* Such students are permitted to select the ensemble of their choice provided they meet the audition requirement.

Ensembles are open to all university students.

Major Ensembles

The major ensembles are: Symphonic Choir, A Cappella Choir, Orchestra, Symphonic Band, and Marching Band. For woodwind, brass, and percussion majors, Marching Band is required in the fall semester and Concert Band in the spring.

Secondary Ensembles:

The secondary ensembles are: Choral Union, Opera Workshop, University Singers, Jazz Ensemble, Pep Band, and Chamber Ensembles, e.g., Brass, Woodwind, Percussion, and String.

Theory and practice of folk dancing and round dancing. (PR: PE 155, PE 156 or
permission)

410. PRINCIPLES, ORGANIZATION AND ADMINISTRATION OF PHYSICAL EDUCATION
AND ATHLETICS. 3 hrs. I, II, S.
Principles of health and physical education, procedures in the organization and
administration of the physical education program, including purchase, care and use of
equipment. (PR: PE 118 and all movement experience courses)

420. ADVANCED PRACTICE AND OFFICIATING. 1 hr. II.

421. ADVANCED PRACTICE AND OFFICIATING. 1 hr. II.

422. PREVENTION, CARE AND TREATMENT OF ATHLETIC INJURIES. 3 hrs. II.
This course is designed to prepare the athlete for competition, the prevention and protection of the athlete from accidents, the etiology, examination and immediate care of the athlete, and the rehabilitation of the athlete following injury. (PR: PE 201)

426. METHODS OF COACHING BASKETBALL. 2 hrs. II.
Different styles and systems of playing, methods of selecting and teaching player, scouting techniques and a scientific analysis of the player and the methods of playing football.

427. METHODS OF COACHING FOOTBALL. 2 hrs. II.
Different styles and systems of playing, methods of selecting and teaching players, scouting techniques and a scientific analysis of the player and the methods of playing football.

428. METHODS OF COACHING BASEBALL. 2 hrs. II.
Methods and coaching techniques in baseball theory and fundamentals including scouting, rules interpretation, officiating, selection of players, and construction and maintenance of baseball facilities.

435. ADAPTED PHYSICAL EDUCATION. 2 hrs. I, II.
Theory of remedial exercise and individualizing of physical activities to meet the needs of the physically handicapped. (PR: PE 201)

455. INSTRUCTIONAL INTEGRATION. 3 hrs. I, II.
Analysis, synthesis and application of interdisciplinary principles in a physical education and sport context. (PR: PE 321, PE 345, PE 365, PE 370)

470. CURRICULUM DEVELOPMENT IN PHYSICAL EDUCATION. 2 hrs. II, S.
A study of principles, objectives and procedures in a curriculum construction in the elementary and secondary school programs. Typical programs studied and evaluated. (PR: All movement experience courses and PE 118)

482-483-484-485. SPECIAL TOPICS. 1-3 hrs.
(PR: Physical Education majors only, with permission of department chairman.)

PHYSICAL SCIENCE (PS)

109-110. GENERAL PHYSICAL SCIENCE. 4; 4 hrs. I, II, S.
The universe, energy and its various forms, force and motion. The crust of the earth, rocks, minerals, weather, and wave motion. (PR: CI 101 or high school mathematics equivalent - algebra.)

400. ASTRONOMY. 3 hrs. I, S.
A study of the stars and planets and galaxies, planetary motion, cosmology, cosmography. Designed to assist teachers and others to develop an interest in astronomy. (PR: Physics 200-203 or Physical Science 109-110.)

483. DEVELOPMENT OF SCIENTIFIC THOUGHT. 3 hrs. II, S.
A study of the men and ideas which have influenced science: the philosophy of their periods; the economic conditions leading to scientific advancement; and the works of the foremost men in this field. (PR: A total of twelve hours in physical science, physics, and chemistry courses.)

PHYSICS (PHY)

200. INTRODUCTORY PHYSICS. 4 hrs. I, II, S.
A course which covers the basic principles of classical and modern physics for non-science majors. 3 lec.-2 lab. (PR: Mathematics 110 or 120 or the equivalent high school mathematics.)

201-203. GENERAL PHYSICS. 3; 3 hrs. I, II, S.
A course in general physics for all science majors with the exception of physics and engineering majors. 3 lec. (PR: Mathematics 120 and high school trigonometry or equivalent.)

202-204. GENERAL PHYSICS LABORATORY. 1; 1 hr. I, II, S.
Required of all students taking Physics 201-203, unless exempt by special permission. 3 lab.

211-213. PRINCIPLES OF PHYSICS. 4-4 hrs. I, II.
A course in the basic principles of physics for physics, mathematics, and engineering majors. 4 lec. (PR: Mathematics 131. CR: Mathematics 230.)

212-214. LABORATORY METHODS IN PHYSICS. 1; 1 hr. I, II.
A laboratory course to accompany Physics 211-213. 3 lab.

300. ELECTRICITY AND MAGNETISM. 3 hrs. I.
A course including the study of electrostatics, multiple expansions, magnetostatics, electromagnetic induction, introduction to Maxwell’s equations and electromagnetic waves. 3 lec. (PR: Physics 203 and Mathematics 231)

302. ELECTRICITY AND MAGNETISM. 3 hrs. II.
A study of Maxwell’s equations and electromagnetic waves, radiation theory, optional phenomena, and electrodynamics. 3 lec. (PR: Physics 300)
304. OPTICS. 3 hrs.
An intermediate course in geometrical and physical optics. 3 lec. (PR: Physics 203)

308. THERMAL PHYSICS. 3 hrs.
A study of thermodynamics, kinetic theory of gases, and an introduction to statistical mechanics. 3 lec. (PR: Physics 203 and Mathematics 231)

314. ELECTRONIC PHYSICS. 3 hrs.
A study of electron tubes, transistors, and associated circuits. 3 lec. (PR: Physics 203 and 204)

320. INTRODUCTORY MODERN PHYSICS. 3 hrs. I, II, (formerly 401.)
An introductory study of atomic and molecular theories, relativity, quantum theory, and nuclear physics. 3 lec. (PR: Physics 203 and Mathematics 131)

330. MECHANICS. 3 hrs. I. (Formerly 306).
An intermediate study of the fundamental principles of statics of particles and rigid bodies, momentum and energy, dynamics of particles, harmonic oscillations, and wave motion. 3 lec. (PR: Physics 203 and Mathematics 231)

331. MECHANICS. 3 hrs. II.
A study of rigid-body dynamics, central force motion, accelerated systems, and an introduction to the equations of Lagrange and Hamilton. 3 lec. (PR: Physics 330 and Mathematics 335)

350. BIOMEDICAL PHYSICS. 4 hrs.
A one semester survey course in biomedical applications of physical principles designed for students in premedical, para-medical, and life sciences. 3 lec-2 lab. (PR: Physics 203 and 204, or consent of instructor)

424. ADVANCED PHYSICS LABORATORY. 2 hrs. I, II.
Laboratory exercises consisting of four distinct tracts: 424a, Modern physics Lab; 424b, Optics lab; 424c, Electronics lab; 424d, Nuclear chemistry and physics lab. Taken accompanying or following appropriate lecture course.

430. APPLIED ELECTRONICS AND INSTRUMENTATION. 4 hrs.
A course applying electronic principles to instrumentation with emphasis on the medical and life sciences. The functions of electronic instruments will be stressed. 3 lec.-2 lab. (PR: Physics 203 and 204, or consent of instructor)

440. OPTICS WITH LIFE SCIENCE AND MEDICAL APPLICATIONS. 4 hrs.
A course emphasizing the application of optical principles in instruments dealing with biological and medical measurements. 3 lec.-2 lab. (PR: Physics 203 and 204, or consent of instructor)

450. RADIATION PHYSICS IN LIFE SCIENCES. 4 hrs.
A course in radiation physics with emphasis on applications in the medical sciences. Designed for students interested in the life sciences. 3 lec.-2 lab. (PR: Physics 203 and 204, or consent of instructor)

462. NUCLEAR CHEMISTRY AND PHYSICS. 3 hrs. II.
An introduction to the phenomena of nuclear chemistry and physics. 3 lec. (PR: Physics 320 and Mathematics 231 or consent of instructor.)

470. MATHEMATICAL METHODS OF PHYSICS. 3 hrs.
Applications of advanced topics in mathematics to problems in physics. 3 lec. (PR: Physics 203 and Mathematics 335)

471-472. SEMINAR. 1 hr. I, II.
One semester required of physics majors.

480. QUANTUM MECHANICS. 3 hrs. Offered on demand.
A study of waves and particles, the Schroedinger and Heisenberg formulations, particles in potential fields, scattering and perturbation theories, and applications to atomic and nuclear structure. 3 lec. (PR: Physics 470 or Chemistry 358 or consent of instructor.)

482-483-484-485. SPECIAL TOPICS. 1-4; 1-4; 1-4; 1-4 hrs. I, II, S.
By permission of department chairman

POLITICAL SCIENCE (PSC)

104. AMERICAN NATIONAL GOVERNMENT AND POLITICS. 3 hrs.
The American federal government system, with emphasis on constitutionalism, governmental structure, and the political process. (Open to all students.)

105. FUNDAMENTALS OF POLITICS. 3 hrs.
General survey introducing the study of politics, its major concepts, processes, institutions, and fields of concern, with attention to the place of political science in the larger context of social science inquiry.

Study emphasizing power structures in black sub-committees, dissent and protest, problems and trends, and the uniqueness of black politics as compared with the politics of other ethnic groups.

381. THE AMERICAN LEGISLATIVE PROCESS. 3 hrs.
Structure and behavior of American national and state legislative systems; the impact of constituencies, parties, interest groups, interpersonal relations, and other factors on the legislative policy-making process; the role of the legislature as a subsystem in the larger political system; and problems and trends. (PR: Political Science 104 or 202)

382. STUDENT LEGISLATIVE PROGRAM. 1 hr. II.
One week intensive legislative observation designed to provide selected students an understanding of the organization and processes of the West Virginia legislature and its role in the making of public policy. (PR: Junior or senior standing, a Political Science course in American Government and permission.)

383. THE AMERICAN EXECUTIVE PROCESS. 3 hrs.
Study of governmental executives in the American political system, with emphasis on the president, including analysis of constitutional status and powers, recruitment, administrative responsibilities, political and legislative leadership, accountability, and problems and trends. (PR: Political Science 104 or 202)

400-401-402-403-404. SELECTED TOPICS. 3; 3; 3; 3; 3 hrs.
To offer a course seminar or workshop on some special topic in the field of political science which is not adequately treated in the regular course offerings.

405. INTERNATIONAL ORGANIZATIONS. 3 hrs.
Study of world and regional organizations as reflections of world politics, as instruments of foreign policies, and as forces for change and order, with emphasis on their role as channels for management of cooperation and conflict. (PR: Political Science 209)

406. INTERNATIONAL POLITICS. 3 hrs.
Study of major issues in world politics, with emphasis on theoretical approaches, problems of war and peace, and contemporary trends. (PR: Political Science 209)

407. ASIAN POLITICS. 3 hrs.
Study of such nations as India, China, Japan, and Korea in the contemporary setting.

408. MIDDLE EASTERN POLITICS. 3 hrs.
Study of the Arab States and such nations as Israel, Iran and Turkey in the contemporary setting.

409. WESTERN DEMOCRATIC POLITICS. 3 hrs.
Study of such nations as Canada and those of Western Europe, particularly Great Britain and France.

410. EUROPEAN COMMUNIST POLITICS. 3 hrs.
Study of the Soviet Union and Eastern Europe.

411. LATIN AMERICAN POLITICS. 3 hrs.
Study of selected Latin American nations in the contemporary setting.

415. INTERNATIONAL LAW. 3 hrs.
Study of theories, origins, sources, development, present state, and trends of

See page 49
PSYCHOLOGY (PSY)

201. GENERAL PSYCHOLOGY. 3 hrs.
The principles and methods in the scientific study of behavior.

204. PSYCHOLOGY OF ADJUSTMENT. 3 hrs.
Modes of personal and social adjustment; assessment and treatment techniques. (PR: Psychology 201)

223. FUNDAMENTALS OF PSYCHOLOGICAL RESEARCH. 3 hrs.
Orientation to the philosophy of science; survey of methods in behavior study; elementary statistics. (PR: Psychology 201)

302. SOCIAL PSYCHOLOGY. 3 hrs.
Psychological interrelationships in group behavior. (PR: Psychology 201)

311. DEVELOPMENTAL PSYCHOLOGY: INFANCY TO OLD AGE. 3 hrs.
Psychological characteristics and personal and social problems of developmental periods of life span. (PR: Psychology 201)

323. EXPERIMENTAL PSYCHOLOGY OF LEARNING AND MOTIVATION. 3 hrs.
Methodology and research in learning and motivation. 2 lec-2 lab. (PR: Psychology 223)

324. EXPERIMENTAL PSYCHOLOGY OF SENSATION AND PERCEPTION. 3 hrs.
Methodology and research in sensory and perceptual processes. 2 lec-2 lab. (PR: Psychology 223)

350. COMPARATIVE PSYCHOLOGY. 3 hrs.
Evolutionary, ecological, biological and psychological principles underlying the behavior of animals including man. (PR: Nine hours of Psychology.)

360. PERSONALITY. 3 hrs.
Review of classical and contemporary theories of personality. (PR: Nine hours credit in Psychology.)

402. ADVANCED SOCIAL PSYCHOLOGY. 3 hrs.
Advanced study of selected topics in social psychology. (PR: Psychology 223, Psychology 302 or consent of instructor.)

406. PSYCHOMETRICS. 3 hrs.
Mental test theory and applications. (PR: Psychology 223)

408. ABNORMAL PSYCHOLOGY. 3 hrs.
A bio-social approach to the nature, conditions and modification of ineffective human behavior. (PR: Psychology 311)

416. PSYCHOLOGY OF LEARNING. 3 hrs.
Critical study of the major theories of learning and the related research. (PR: Twelve hours of psychology including Psychology 323.)

417. QUANTITATIVE METHODS IN PSYCHOLOGY. 3 hrs.
An intermediate level presentation of descriptive and inferential statistics as applied in behavioral research. 2 lec-2 lab. (PR: Psychology 201 and 223)

418. PSYCHOLOGY OF PERSONNEL. 3 hrs.
Psychological principles and methods applied to functions in personnel administration. (PR: Psychology 201)

440. PHYSIOLOGICAL PSYCHOLOGY. 3 hrs.
The relationships between physiological functions and biochemical processes and behavior. (PR: Psychology 201)

460. HISTORY AND SYSTEMS OF PSYCHOLOGY. 3 hrs.
An examination of the historical and philosophical antecedents of contemporary psychology. (PR: Twelve hours of psychology.)

491-492-493-494. SPECIAL PROBLEMS. 1-3; 1-3; 1-3; 1-3 hrs.
A course, seminar or workshop on some aspect of psychology not otherwise treated in regular course offerings. (PR: Permission of instructor and department chairman)

RECREATION (REC)

190. INTRODUCTION TO RECREATION. 3 hrs. I, II.
An orientation to the profession emphasizing history, trends, concepts, and relationship to other fields.

280. TECHNIQUES AND METHODS OF RECREATION LEADERSHIP. 3 hrs. I, II.
A study of effective leadership methods and techniques which are used to motivate the non-captive participant. A variety of leisure settings and activities are considered. Classroom and laboratory study. (PR: 190. CR: 291)

291. FIELD EXPERIENCE IN RECREATION I. 2 hrs. I, II.
Supervised practicum experience in a professional setting; emphasis will be on face to face leadership in one or more program areas. (PR: Recreation 190; CR: 280)

303. OUTDOOR RECREATION. 2 hrs. I.
Lecture and field experiences in organization, administration and participation in outdoor activities.

325. RECREATION PROGRAMS. 2 hrs. I, II.
Emphasis placed upon the fundamental principles of program planning in various types of recreation settings and various types of activities in leisure setting. (PR: REC 280, 291)

350. COMMUNITY YOUTH SERVICES. 3 hrs. I.
Explores the dynamics of youth in light of societal expectations and the historic, current and future roles of selected voluntary youth agencies and professional opportunities therein. (PR: REC 280, 291 or Permission)

391. FIELD EXPERIENCE IN RECREATION II. 2 hrs. I, II, S.
Supervised practicum experience in a professional setting; emphasis on administrative, supervisory, and program leadership in various laboratory situations related to recreation and/or outdoor recreation. (PR: Recreation 325, junior standing.)

420. ADMINISTRATION OF RECREATION. 3 hrs. I, II.
Considers administrative practice and various organizational structures. Includes administrative processes, supervision of personnel, budgeting and public relations. (PR: REC 325, 391)

430. CAMP ADMINISTRATION. 3 hrs. II.
Basic concepts of campsite development, administrative organization, business management, staff training, programming for special groups, and camp appraisal. (PR: Recreation 391, junior standing.)

440. RECREATION AREAS AND FACILITIES. 3 hrs. I.
Basic considerations in the planning, construction, design and maintenance of recreation areas, facilities, and buildings. (PR: Recreation 325 and 391)

460. RECREATION FOR SPECIAL POPULATIONS. 3 hrs. II.
A study of the use of recreation activities with disabled persons. Techniques in programming and adaptation to meet the leisure needs of special groups in today’s society. (PR: Junior or senior, Recreation 190 or instructor’s permission.)

475. SEMINAR: AGENCY ANALYSIS. 4 hrs. I, II, S.
Supervised group discussions relating to the supervised recreation experience; techniques, principles, methods and materials as each relates to planning, direction, and conducting recreational programs. (PR: Instructor’s permission. CR: Recreation 491)

482-483-484-485. SPECIAL TOPICS IN RECREATION. 1-3 hrs. each. I, II, S.
(PR: By permission of the department chairman.)

491. SUPERVISED PROFESSIONAL STUDENT EXPERIENCE. 8 hrs. I, II, S.
Full-time supervised experience in recreation of cooperating leisure service agency. (CR: Recreation 475, Senior standing, permission.)

SAFETY EDUCATION (SED)

101. DRIVER, PEDESTRIAN AND CYCLE SAFETY. 1 hr.
An introduction to traffic safety: emphasis is placed on the fundamentals of driving, pedestrian and cycle safety. 2 lab. per week.

235. INTRODUCTION TO SAFETY EDUCATION. 3 hrs. II, S.
The child accident problem: basic courses, types, and areas of accidents; home, farm, recreation, school and vacation accidents; safe practices, control and prevention in the school and the general environment.

385. TRAFFIC SAFETY AND DRIVER EDUCATION. 3 hrs.
An introductory course in the teaching of safety and driver education, including techniques of classroom and behind the wheel instruction. 2 lec-2 lab. Non-drivers may enroll for this course as auditors in order to learn to drive an automobile. (PR: Safety Education 235, ability to drive an automobile, and the possession of a valid driver’s license.)

450. TRAFFIC ENGINEERING. 3 hrs.
Concerned with traffic and pedestrian flow, channelization, light coordination, intersection control, and devices as related to safe, convenient and economical transportation of persons and goods.

480. TRAFFIC LAW AND ENFORCEMENT. 3 hrs. II, S.
A course designed to study and evaluate the varied and complex system of laws governing the control of all forms of traffic; the influences and responsibilities of traffic law enforcement in present day society.

482-483-484. SPECIAL TOPICS. 1-3; 1-3; 1-3 hrs.
Students with specialization in safety education only, with permission of department chairman.

485. OCCUPATIONAL SAFETY AND HEALTH PROGRAMS. 3 hrs.
Safety functions in industry. Principles of organization and application of safety programs. Prevention, correction and control methods are outlined and evaluated.

486. OCCUPATIONAL SAFETY AND HEALTH LEGISLATION. 3 hrs.
A survey of the legislation that has affected the safety movement with special emphasis on the 1969 Coal Mine Health and Safety Act and the 1970 Occupational Safety and Health Act.

48. OCCUPATIONAL HAZARD CONTROL. 3 hrs.
A study of the latest industrial safety information which will assist the student in designing a program to reduce or eliminate all incidents which downgrade the system
490. PROBLEMS AND PRACTICES IN TRAFFIC SAFETY AND DRIVER EDUCATION. 3 hrs.
A survey course designed for supervisors of traffic accident prevention programs. Examines and evaluates problems, attitudes, philosophies, activities and administrative practices in school, city and state traffic safety programs. Supplements basic teacher training courses in traffic safety. (PR: Safety Education 235.)

493. ORGANIZATION, ADMINISTRATION AND SUPERVISION OF SAFETY PROGRAMS. 3 hrs.
A study of safety programs at the state and local levels including the administrative, instructional, and protective aspects of a comprehensive safety program in schools, occupations, home and public.

495. OCCUPATIONAL SAFETY AND HEALTH MANAGEMENT. 3 hrs.
Emphasis is placed on principles, facts, and methodology rather than incidental detail concerning safety management. (PR: Safety Education 485)

SCIENCE EDUCATION

Listed under Curriculum and Foundations

SOCIAL STUDIES (SOS)

104. THE GREAT CIVILIZATIONS TO 1300. 3 hrs. I, II, S.
A comparative study focusing on the cultures of India, China, Islam, and the West.

105. THE WORLD AND THE RISE OF THE WEST, 1300-1914. 3 hrs. I, II, S.
The foundations of Western expansion and its global impact.

106. THE TWENTIETH CENTURY WORLD. 3 hrs. I, II, S.
Major developments and trends since 1914 and their implications for the future.

201-202. FUNDAMENTAL SOCIAL PROBLEMS. 3; 3 hrs. I, II, S.
An interdisciplinary approach emphasizing the sociological aspects of major problem areas in the first course, and the political and economic aspects of major problem areas in the second course.

295. BLACKS AND ISSUES IN AMERICA. 3 hrs. I.
Their role in American history, literature, and the arts, and the nature of racial problems.

296. BLACKS IN AMERICAN CULTURE. 3 hrs. II.
Political, economic, social, psychological, and philosophical aspects of American racial problems, past and present.

303. WEST VIRGINIA HISTORY, GEOGRAPHY AND GOVERNMENT. 3 hrs. I, II, S.
An interdisciplinary study of the state and its people.

482-483-484-485. SPECIAL TOPICS. 1-3; 1-3; 1-3; 1-3 hrs. I, II, S.
See Honors Courses page

SOCIAL WORK (SWK)

205. COMMUNITY ORGANIZATION. 3 hrs.
Comparative analysis of the sociological social and cultural organization of various types of communities with emphasis on communities in large scale societies. (PR: Sociology 200)

316. SOCIAL WELFARE. 3 hrs.
The development of social welfare as a contemporary social institution and of social work as a profession. (PR: Social Work 205. CR: Social Work 317)

317. FIELD STUDY I. 3 hrs.
Supervised field experience in a welfare agency or community action organization with regular conference with instructor. Two afternoons each week plus one class hour. Must be registered for Social Work 316. (PR: Social Work 205 and permission of instructor. CR: Social Work 316)

318. SOCIAL WORK. 3 hrs.
Preprofessional introduction to social case work and to social group work. (PR: Social Work 316 and 317. CR: Social Work 319)

319. FIELD STUDY II. 3 hrs.
Supervised field experience in a welfare agency or community action organization with regular conferences with instructor. Two afternoons each week plus one class hour. Must be registered for Social Work 318. (PR: Social Work 316, 317 and permission of instructor. CR: Social Work 318)

UNIVERSITY HONORS (UH)

Good students have always been frustrated by the fragmentation of knowledge into departmental and disciplinary segments. The program in Interdisciplinary Honors is designed to provide promising and highly motivated students an exciting pursuit of a given topic following wherever it takes them without regard for disciplinary fences.

In addition to the Interdisciplinary Honors seminars the Honors Program at Marshall University provides the opportunity for qualified students to develop individual programs of study and research usually within the student's major department.

A student may enroll for three to twelve hours in Interdisciplinary Honors seminars and for a maximum of eight hours in departmental readings for honors. No honors seminar serves as a prerequisite for any of the other seminars, which may be taken individually or sequentially. Qualified students become eligible to graduate with honors in Interdisciplinary Studies, Departmental Honors, or both.

195H-196H. INTERDISCIPLINARY HONORS. 3; 3 hrs.  
Open to distinguished freshmen and sophomores selected on the basis of their ACT scores, high school records, and a personal interview with the Director of University Honors.

395H-396IL INTERDISCIPLINARY HONORS. 3; 3 hrs.  
Open to distinguished sophomores and upper classmen of the four undergraduate colleges and schools. Such students may apply for admission to the seminar through the Director of University Honors.

422. COORDINATION OF COOPERATIVE PROGRAMS IN VOCATIONAL EDUCATION. 3 hrs.  
Study of the types of data needed for planning a cooperative program within one or more service areas of vocational education, operational procedures for implementing the plan, and techniques for evaluating the program and individual progress; each student will conduct a study of the community to identify appropriate work stations for a specified level and develop a detailed plan for utilization of such facilities; for maximum credit, the student will implement and evaluate the program he designed throughout an academic year.

430. OCCUPATIONAL EDUCATION FOR THE DISADVANTAGED. 2-3 hrs.  
Study of conditions which mitigate against success in school for students of all ages; emphasis on the potential of occupational education programs for assisting such students to achieve a level of employability and to achieve a higher level of academic achievement through materials related to personal interests and employment goals; emphasis on cooperative planning and teaching involving academic teachers and counselors. Implementation of a plan for maximum credit.

479. PRACTICUM IN OCCUPATIONAL EDUCATION PROGRAMS. 1-4 hrs.
Individually designed to provide field experience under supervision of the faculty; such experience to be related to the student's projected role in vocational education (instruction, administration, program planning, research).

481-482-483-484. SPECIAL TOPICS. 1-3; 1-3; 1-3; 1-3 hrs.
Concentrated study of a special topic in vocational or technical education to be selected cooperatively by student and faculty adviser; hours of credit to be determined by magnitude of the project and number of hours commitment the student makes to its completion.

WOMEN'S STUDIES

See Interdisciplinary Courses

ZOOLOGY

212. INVERTEBRATE ZOOLOGY. 4 hrs. I, II, S.
Classification, structure and relationships of the important animal phyla. 2 lec-4 lab. (PR: Biological Science 102)

225. HUMAN BIOLOGY. 4 hrs. I, II.
Structure and function of the human organism. Open to candidates for the A.S. degree in Nursing and Medical Laboratory Technology program.

300. HISTOLOGY. 4 hrs. II.
Microscopic study of vertebrate tissues. 2 lec-4 lab. (PR: Biological Science 102)

301. VERTEBRATE EMBRYOLOGY. 4 hrs. I, S.
Vertebrate development based chiefly on frog, chick and pig embryos. 2 lec-4 lab. (PR: Biological Science 102)

302. COMPARATIVE VERTEBRATE ANATOMY. 4 hrs. II, S.
Structure, function and relationships of systems of selected vertebrates with an emphasis on embryology and evolution. (PR: Biological Science 102)

310. ANATOMY AND PHYSIOLOGY. 4 hrs.
Applied anatomy and clinical physiology; normal and altered topographical and regional anatomy of body systems; methods of clinical evaluation. 3 lec.-1 lab. (PR: Admission to 4 yr. nursing program)

315. GENERAL PHYSIOLOGY. 4 hrs. II, S.
Physiological principles of vertebrate organ systems. 3 lec-2 lab. (PR: Biological Science 102)

402. VERTEBRATE NATURAL HISTORY. 4 hrs. II, S.
The origin, classification, life histories, habits and distribution of fishes, amphibians, reptiles and mammals. 2 lec-4 lab. (PR: Zoology 212)

407. (BSC 407) GENETICS. 4 hrs. I, S.
The fundamental principles and mechanisms of inheritance including their human application. (PR: Biological Science 102)

408. ORNITHOLOGY. 3 hrs. II, S.
Identification, distribution, migration and breeding activities of birds. 2 lec-2 lab.

413. (BSC 413) PRINCIPLES OF ORGANIC EVOLUTION. 3 hrs. I, S.
The progress of animal life through time with a discussion of known causes. (PR: Zoology 212 and 12 hrs. Biological Sciences)

414. ENTOMOLOGY. 4 hrs. S.
Anatomy, classification, life histories and economic importance of representative insects. 2 lec-4 lab. (PR: Zoology 212)

424. ANIMAL PARASITOLOGY. 4 hrs. I, II, or S.
Morphology, life histories, classification, and host relationships of common parasites. 2 lec-4 lab. (PR: Zoology 212)

426. MEDICAL ENTOMOLOGY. 4 hrs. I, II, or S.
Role of certain insects and other arthropods in the transmission of disease organisms and methods of control. 2 lec-4 lab. (PR: Zoology 212)

431. LIMNOLOGY. 4 hrs. II, S.
The study of inland waters; ecological factors affecting lake and stream productivity and various aquatic communities. 2 lec-4 lab.

450-451-452. SPECIAL PROBLEMS. 1-3; 1-3; 1-3 hrs. I, II, S.
