THE GRADUATE COUNCIL

The Graduate Council is a body of representatives of the various faculties of the University, elected by the respective faculties. Its functions are to advise the Board of Trustees on all matters relating to the education of graduate students, to recommend the appointment and removal of graduate faculty, to recommend the admission and removal of graduate students, to recommend the award of degrees, and to recommend the establishment of new graduate programs. The Council also has the honor to present to the Board of Trustees the annual report of the University's progress in graduate education.

General Information

MARSHALL UNIVERSITY

Marshall University, supported by the State of West Virginia, encourages individual growth by offering programs and instruction in the attainment of scholarship, acquisition of skills, and personality development.

The University provides students with opportunities to understand and to make contributions to the culture in which they live; to develop and maintain physical health; to participate in democratic processes; to learn worthwhile spiritual, social and economic values; to develop intellectual curiosity and the desire to continue personal and professional growth; and to share in a varied cultural program.

Professional, technical, or industrial career studies are available through the various departments of the University.

Marshall also recognizes an obligation to the state and community by offering evening courses, extension classes, lectures, musical programs, conferences, forums, and other campus and field activities.

HISTORY

Marshall University was founded as Marshall Academy in 1837 by a group of Cabell County citizens. According to tradition, they met first at the home of John Laidley, who chose the name "Marshall" in honor of his close friend, Chief Justice John Marshall, who had died two years earlier.

A subscription school, operated by Isaac Peck at Mount Hebron, two miles down the Ohio River from the Town of Guyandotte, became the nucleus of the new institution. The school had met in a log structure, also used as a church, which stood on a knoll, now the site of part of "Old Main."

A year later the Academy was incorporated by the Virginia Assembly with Mr. Laidley as president of the Board of Trustees. The Trustees purchased one and one-half acres of land from James and Lucy Holderby who stipulated that it was to be used "for purposes of an academy and no other." They also erected a two-story brick building to replace the log structure, enclosed the land and sank a well.

For more than a decade the Academy was successful in attracting students and preparing them for college entrance and for teaching positions in the county schools, in spite of inadequate financial support.

In 1850 the Academy and its financial obligations were accepted by the Conference of the Methodist Episcopal Church South. Educational progress continued under church auspices and, in 1858, the original act of incorporation was amended to raise the institution to college level. The name was changed to Marshall College, a faculty of five was elected, and a full college program was offered.

However, financial difficulties, doubtless aggravated by the sectional difference of the time, became acute and, near the beginning of the Civil War, the institution was sold for debt.

During the war years the college premises were occupied by a family some members of which conducted a private school to satisfy the clause in the deed which limited use of the property to school purposes. Tradition holds that the building was also used for a time as a hospital for Union soldiers.

In 1867, four years after the birth of the new state of West Virginia, the Legislature passed an act creating a normal school ". . . to be called West Virginia State Normal School . . . to be established at Marshall College in the County of Cabell."

College preparatory work was offered in addition to teacher training and, by 1886, there was also a full "academical" course of two years. Through the later years of the 19th century and the first two decades of the 20th, the college offered, in addition to secondary work, two years of liberal arts work and two years of teacher training.

In 1920 the West Virginia State Board of Education approved the granting of a bachelor's degree in education. Teachers College conferred degrees upon four candidates in June 1921.

The College of Arts and Sciences was established in 1923 and awarded the first liberal arts degrees in 1925. The degree of Bachelor of Science was authorized in 1938, Bachelor of Engineering Science in 1940, and Bachelor of Science in Chemistry in 1951. The Bachelor of Business Administration was approved in 1954. In 1945 two-year programs leading to the degrees of Associate in Arts and Associate in Science were approved in ten fields.

The College of Applied Science was established in 1960 and granted its first degrees in 1961.

The Graduate School, authorized in May 1948, grew out of a program of graduate work in six departments which had been established in 1938. Courses leading to the degree of Master of Arts or Master of Science are now offered in twenty-five major fields with ten additional departments offering work in a minor field.

Marshall was granted University status by an act of the 55th West Virginia Legislature in March 1961. Two-year branch colleges at Williamson and Logan started in 1963.

ACCREDITATION

Marshall University is accredited by the North Central Association of Colleges and Secondary Schools and by the National Council for Accreditation of Teacher Education. Academic credits earned at Marshall University are fully standardized, and are accepted by all other colleges and universities.

The University is approved for attendance of nonimmigrant students under the Federal Immigration and Nationality Act, and is approved by the American Association of University Women. Marshall holds membership in the American Council on Education, the Association of American Colleges, and the American Association of Colleges for Teacher Education.

LOCATION

The main campus of Marshall University is located in Huntington, W. Va. Huntington is located on the Ohio River close to the boundary of Kentucky, Ohio, and West Virginia, and it is served by rail, air, and highway transportation. A second campus, University Heights, is located four miles east of the main campus.

DIVISIONS

The University functions through five divisions: Teachers College, College of Arts and Sciences, College of Applied Science, Graduate School, and Division of Adult Education.

Academic Information

FACULTY-STUDENT ADVISORY PROGRAM

Each student admitted to Marshall University is assigned to a faculty adviser. The adviser renders academic guidance by assisting in the preparation of semester class schedules and guiding the student in meeting degree requirements or other matters bearing on academic advancement.

SEMESTER HOURS

The semester hours is the basis of college credit within the institution. A semester hour is the credit received for taking a subject one hour per week for one semester of approximately 18 weeks.

Laboratory courses require two or three hours per week for 18 weeks for each semester hour of credit.

GRADES AND QUALITY POINTS

The following system of grades and quality points is used within the institution:

- A—Honor, given only to student of superior ability and performance. Four quality points are earned for each semester hour with a grade of A.
- B—Good, given for ability and performance distinctly above the average in quality. Three quality points are earned for each semester hour with a grade of B.
- C—Average, given for ability and performance of average quality. Two quality points are earned for each semester hour with a grade of C.
- D—Lowest passing grade, given for ability and performance of poor quality. One quality point is earned for each semester hour with a grade of D.
- F—Failure, signifies entirely unsatisfactory work. Courses must be repeated if credit is to be received. No quality points.
- FIW—Failure because of irregular withdrawal. No quality points. (See regulations on withdrawal.)
- W—Withdrawn during the first calendar month after the date for the first class meeting in the semester, or during the first 10 days after the date for the first class meeting in the summer session. No quality points. (See regulations on withdrawal.)
- WP, WF—Withdrawn later than the first calendar month after the date for the first class meeting in the semester, or later than the first ten days after the date for the first class meeting in the summer session. The grades WP (withdrawn passing) and WF (withdrawn failing) show the status of the student's work up to the official withdrawal date (not the last day of class attendance) unless otherwise directed

by the academic dean and so noted on the drop slip. The official withdrawal date is the date on the withdrawal slip issued by the Registrar's Office. (See regulations on withdrawal.) No quality points.

I—Incomplete, given to students who miss some or the last exercises of the class work because of illness or some other equally good reason beyond the control of the student.

When the work missed is done satisfactorily, the final grade may be any one of the four passing grades. If the deficiency represented by I is not made up within the next semester or summer in residence and if the make-up work is unsatisfactory, the grade becomes an F. No quality points for an I grade.

Grades of A, B, C, D, F, FIW and WF in all semester hours registered are to count toward quality point averages.

Candidates for graduation and/or certification must have a quality point ration of 2.0 (C) or higher on all work attempted.

It is the student's responsibility to keep informed on his quality point standing and his degree and/or certificate requirements. This information can be obtained at any time from the dean of the college in which the student is registered.

REGULATIONS GOVERNING WITHDRAWAL FROM COURSES OR FROM THE UNIVERSITY

Official Withdrawal from Courses or from the University:

A student who wants to withdraw from one or more courses must apply to the dean of his college for permission. The dean informs the registrar who in turn informs the instructors concerned.

A student wanting to withdraw from the University must apply to the dean of his college for permission. If permission is granted the student must secure the approval of the appropriate administrative offices as listed on the student withdrawal form. When applying for withdrawal, whether in person or by mail, the student must turn in his unused meal book tickets, his activity card and his student identification card. The semester's validation on the I.D. card is voided and the card returned to the student for use in future registration.

In all cases of withdrawal from one or more courses or from the University the instructors report grades for the student as follows:

1. If permission for withdrawal is given during the first calendar month after the first class of the semester or within 10 days after the first class meeting of a summer term, the instructor reports a grade of W followed by the date of official withdrawal; thus W 2-14-52.
2. If permission for withdrawal is given later than one calendar month within a semester or 10 days within a summer term and through the 12th week of the semester or the 4th week of a summer term the

W is accompanied by a grade P for passing, F for failing, to show the status of the student's work up to the time of official withdrawal; thus WP 4-15-52 or WF 4-15-52.

3. Students who withdraw from one or more courses or from the University after the 12th week of a semester or the 4th week of a summer term automatically receive a grade of WF unless the academic dean declares the withdrawal to be for reasons beyond the control of the student, in which case the W is followed by the grade P or F being made at the time of official withdrawal.

Irregular Withdrawal from Courses or from the University:

Students who drop one or more courses without permission and who do not follow regulations provided in the preceding paragraphs receive at the end of the semester or summer term a grade of FIW, failure because of irregular withdrawal, in each course involved and are automatically placed on academic probation the following semester or summer term in attendance. A student withdrawing irregularly will not be entitled to refund of tuition and registration fees.

ABSENCE FROM EXAMINATIONS

Students are required to take all regular examinations. If a student attends a course throughout the semester and is absent from the final examination without permission, the instructor counts the examination as zero and reports the final grade as FIW. If, in the opinion of the instructor, the absence was for a satisfactory reason, the grade I is reported, and the student may, upon application, take the examination at a later date. (See "Incomplete" under Grades and Quality Points.)

ABSENCES FROM CLASSES

1. A student is expected to be present at all class sessions.
2. Unavoidable absences such as those due to health, death in the immediate family, or similar reasons, should be reported to the instructor concerned by the student. In such case, and whenever possible, the instructor will provide an opportunity for the student to make up work missed.
3. There is a distinction between willful absences and institutional absences. Institutional absences include those which result from participation in an activity sponsored by the University such as athletics, music, debate, and other activities approved by the academic deans. Students who are absent for such reasons are expected to make up their work but should receive no undue penalty.
4. When a student misses classes for reasons other than those stated above, he does so at the risk of jeopardizing his academic standing.
5. Any student who has been absent from a class for two or more weeks before the final examination is denied the privilege of taking the final examination in that class except when it can be shown that the absences were beyond the student's control.

ASSIGNMENTS AND CREDITS

1. **SEMESTER LOAD.** Twelve semester hours constitute a normal semester schedule. However, additional hours may be taken with permission of the major adviser.

2. **CHANGES OF SCHEDULE**, i.e., adding courses, dropping courses, changing class hours or days, or other changes of any kind are not permitted after the student has registered for the semester except by permission of the dean of the Graduate School.

3. **FULL TIME STUDENT DEFINED.** A student carrying at least 12 semester hours.

4. **NUMBERING OF COURSES.** Courses numbered 1-99 are subcollege courses and do not carry college credit.

Courses numbered 100-199 are primarily for freshmen, open to sophomores unless otherwise specified.

Courses numbered 200-299 are primarily for sophomores, open to freshmen and juniors unless otherwise stated.

Courses numbered 300-499 are primarily for juniors and seniors.

Courses numbered 500-599 are equivalent to certain 400 series courses, but are open only to graduate students.

Courses numbered 600-699 are open to graduate students only.

AUDIT AND NONCREDIT COURSES

With the consent of the instructor and the adviser or the academic dean, lecture and recitation courses may be audited without credit. Enrollment for audit is limited to the regular registration period for the semester or term. All students who want to audit classes must enroll and pay fees in the same manner and at the same tuition rate as students enrolling for credit. Faculty members wanting to audit courses must secure approval of their dean and the instructor of the course or courses desired and must enroll in the regular manner for such courses. The auditor is not required to participate in the course nor does he receive academic credit.

TRANSCRIPTS

Every student is entitled to one free official transcript of his record. Each additional copy costs \$1 in cash or money order. Two or three weeks may be required to process an application for a transcript.

A student who defaults in the payment of any University dues or loans forfeits his right to claim a transcript.

An application for a transcript of credit must furnish the date of last attendance at Marshall University, student identification number, and a married woman should give both her maiden and married names.

All requests for transcripts must be sent directly to the registrar.

Transcript are prepared in the order received.

ACADEMIC PUBLICATIONS OF THE UNIVERSITY

The University issues six bulletins annually: the general catalog, the graduate catalog, the admission bulletin, the schedule of courses for each semester, and the summer session bulletin. Other special publications are issued from time to time.

Fees and Expenses

All fees are due and payable at the Cashier's Office on the day of registration.

The cashier accepts cash, postal money orders, or approved personal checks written for the exact amount of the obligation. All checks must be made payable to Marshall University. A student's registration may be canceled when payment is made by a check which is dishonored by the bank.

All fees and expenses are subject to change without prior notice.

BOARD

All students living in the dormitories are required to purchase meal books and take their meals in the University dining halls. Meals are available to students rooming off the campus at the same rate as resident students.

Board costs \$234.00 each semester plus \$7.02 consumers sales tax. This cost is based on prevailing prices and subject to change in the event of continued price increases in food cost. Board may be paid in full upon entrance or in two equal installments each semester. The first installment is due and payable on the day of registration; the second installment is due on the first day of the second half of the semester.

Board per five-week summer term is \$65.00 plus \$1.95 consumers sales tax.

Meal books are not valid during vacation periods. If it is necessary for the student to remain on the campus during such periods, he can obtain meals at regular cafeteria prices if the cafeteria remains open.

The effective date for use of tickets in the meal book for all students is the first day of regular registration.

The consumers sales tax is added to the board and room charges.

¹ID card \$.25; Laboratory and Course Fees.

Effective date for refunds and reductions is from the first day of regular registration for the semester or summer term.

NOTE: No deduction or refund is made in board charges unless the student is absent from the campus for *more* than a calendar week because of personal illness or a University-approved trip. No deduction or refund is made in room charges for absences.

REFUND OF FEES

I. Withdrawal from the University

Students who withdraw regularly from the University may have a refund in accordance with the following schedule:

	Amount of Refunds
During the first and second weeks	90%
During the third and fourth weeks	70%
During the fifth and sixth weeks	50%
Beginning with the seventh week	No refunds allowed

Laboratory, activity and course fees are to be refunded in the same percentages as outlined above.

All refunds are to be estimated from the first day of regular registration of a given semester or term.

Refunds under \$1.00 in amount will not be made except on special request.

II. Withdrawals due to administrative action

When it becomes necessary to cancel a class by administrative and/or faculty action, a student is granted a full refund for the class cancelled unless he registers in another course of like value in terms of semester hours. This section does not apply to withdrawals due to disciplinary action.

III. Board

The unused portion of meal books upon withdrawals must be returned to Office of Business and Finance in order for a refund to be made. Refunds will be pro-rated on the basis of a full week of 20 meals and not on the number of meal tickets unused.

IV. Room rent

No refund of any portion of the room rent is made except for reasons entirely beyond the control of the student. In such cases the \$25.00 deposit plus the pro-rated rent based upon the total semester rate is deducted from the refund.

V. Special fee refunds

The I.D. card fee of \$.25 is not refundable. The student activity fee is not refunded unless the activity card is returned to the Office of Business and Finance.

VI. Late fees are non-refundable.**Regulations Governing Classification of Students
for the Purpose of Assessing Tuition Fees**

As a state institution, Marshall University offers a low rate of tuition to all students entering from West Virginia. Eligibility for admission under the low residential rate is determined in accordance with the following policy established by the West Virginia Board of Education in July, 1959.

The term "resident" as hereinafter used refers to classification for fee purposes only.

All students not classified as resident students are classified as non-residents for fee purposes.

A student classified as a nonresident at the time of first registration in a state college, is considered a nonresident for fee purposes throughout his years as a student in a state college, unless his parents move to and establish a home, permanent abode and legal domicile in the state for 12 consecutive months immediately prior to his registration in a state college. If the status of a student is thus properly changed from a non-West Virginia to a West Virginia student, his classification may not be changed until the next registration period.

Students who are minors: The residence of a minor follows that of the parents at all times. The residence of the father during his life, and after the father's death, the residence of the mother is the residence of the minor, but if the father and mother have separate places of residence, the minor takes the residence of the parent with whom he lives or to whom he has been assigned by court order. The parents of a minor are considered residents of West Virginia if they have had a home, permanent abode and legal domicile within the state for 12 months immediately prior to registration.

A student who is 21 years of age or over may be classified as a resident if (1) his parents were residents of the state at the time he reached his majority or (2) who, while an adult, has established a bona fide home, permanent abode and legal domicile for at least 12 consecutive months immediately preceding his initial registration, it being understood, however, that no non-resident student may establish residence in this State for fee purposes, merely by his attendance as a full or part-time student at any institution of learning

in the State. There must be evidence that he has come to the State primarily for other purposes than college attendance.

Marriage, alone, to a West Virginia resident does not change the status of a nonresident student in a West Virginia state college. Employment of his spouse does not change his status.

A West Virginia student whose parents or guardian move out of the State of West Virginia after his original enrollment, automatically becomes liable for nonresident fee at the next registration period after 12 months following removal of parents or guardian.

The residence of a minor student assigned to a guardian shall be considered affected by such assignment, beginning 12 months after the appointment of the guardian; the provisions stated above with respect to parents' residence shall then apply to the guardian's residence.

An alien who has taken out his citizenship papers and has had a home, permanent abode and legal domicile in West Virginia for 12 months immediately preceding the date of his enrollment in a state college is regarded as eligible for registration as a West Virginia student.

Neither registration as a voter in the State of West Virginia nor the purchase of a West Virginia automobile license constitutes residency for fee purposes.

Persons who are moved into the state as the result of military orders from the government, or the minor children of such persons, are entitled to admission as in-state students beginning 12 months after establishing domicile or abode in the state.

A student who willfully gives wrong information to evade payment of the nonresident fees is subject to serious disciplinary action, and must also pay the nonresident fee for each session attended.

The above regulations shall not be retroactive nor penalize a student or students previously classified.

Division of Adult Education

EVENING SCHOOL

Marshall University helps meet community needs through the Evening School. Here, credit and noncredit courses may be taken for personal, business, cultural, domestic, industrial and recreational improvement or as a refresher of other interests.

Evening classes are provided for any group not interested in college credit but which wishes to meet for 1 to 12 or more sessions to discuss some topic of vital interest to them in their daily work. A class of 12 or more students is required to organize a special interest group.

The Evening School serves those who need or want further education for credit or noncredit. It is possible to earn college credit which will serve the needs of those working toward college degrees in the various fields of study.

For those who want college credit there are two lines of work:

1. Undergraduate work for high school graduates who wish to improve their employment status through education or those who want to extend their knowledge in some direction or wish to satisfy their intellectual curiosity by following a particular line of studies.

2. Graduate work for those who hold a baccalaureate degree and who wish to work for a master's degree. Work done in evening classes carries residence credit. By taking advantage of the evening program, the time on campus needed to secure a master's degree may be shortened.

EXTENSION CLASSES

Extension classes are offered for teachers and others who cannot be in residence. Credit or noncredit courses in several fields are offered on a semester basis.

Not more than 12 semester hours are acceptable toward a master's degree. Not more than six semester hours may be earned during a semester nor more than nine semester hours within one year. (This applies to public school teachers under contract in the state).

The tuition fee for resident students is \$7.50 per semester hour, plus a registration fee of \$4.00 per semester hour, and a \$2.50 course fee, all payable in advance.

The tuition fee for non-resident students is \$15.00 per semester hour, plus a registration fee of \$6.00 per semester hour, and a \$2.50 course fee, all payable in advance.

The quality of instruction in extension is on the same high level as that of regularly taught classes on the campus since all staff members doing extension are full-time faculty members.

Admission requirements for those who desire credit in extension are set forth below:

College graduates beginning work for the master's degree in extension courses must do the following before credit can be earned to count toward a degree in Marshall University or be transferred to another graduate school.

1. File application for admission to the Graduate School on a form furnished by the Graduate School Office.
2. Furnish two official transcripts of all previous college work. Those holding the bachelor's degree from Marshall University must have one copy of a transcript sent from the Registrar's Office to the Graduate School Office.
3. Receive a letter from the dean of the Graduate School concerning eligibility for admission.

Extension students who are college graduates and who do not wish to work toward a degree may be excused from the transcript and application requirements by signing a form forfeiting graduate credit. However, these students must furnish the Registrar's Office with letters of good standing from their undergraduate colleges. Compliance with these regulations is a required part of the registration procedure for graduate students.

Students who fail to comply with these regulations within a reasonable time (dates to be announced each semester) may be withdrawn from courses by administrative action by the dean of the Graduate School.

COMMUNITY SERVICES

As a state-supported institution Marshall University recognizes its obligation to provide to the people of West Virginia certain community services in addition to the regular academic campus program. Some of the services available upon request are:

SPEAKERS AND PROGRAMS—The Information Service Office is glad to receive requests for speakers to appear before school, civic and community organizations, scientific societies, service clubs.

A limited number of musical and dramatic programs are available for presentation during the year.

SCHOOL SURVEYS AND CONSULTANT SERVICES—The University provides consultant services and assists in surveys in the field of education. Counties wanting assistance with such problems as transportation, building programs, curriculum development and other problems of similar nature should request such assistance. The director of adult education should be informed of the needs and desires of a particular organization or county before the beginning of the semester whenever possible.

CONFERENCES AND WORKSHOPS—In so far as possible facilities of the University will be made available to industrial, educational and other groups for conducting special conferences and workshops.

Student Life

HOUSING

Residence Halls

There are three residence halls for women: Laidley Hall, Prichard Hall, and West Hall.

Men are housed in Hodges Hall and South Hall.

Students making reservations for the fall term must remain in the dormitory residence for an entire academic year except for the reason of graduation or circumstances beyond their control.

Applications and Deposits

Applications for rooms in residence halls must be made to the Housing Director. An application is considered only if accompanied by a \$25.00 deposit. Deposits are credited to the semester room rent.

Rooms

Rooms are furnished with study desks, chairs, single beds, chests of drawers and study lamps. Items such as blankets, pillows, bedspread, dresser scarf, towels, toilet articles and draperies are provided by the student.

All residence halls are closed during the Thanksgiving, Christmas and Easter vacation periods.

Room rents for each hall are found under the title "Fees."

Cancellations and Refunds

DEPOSITS: A refund of \$15.00 on the deposit of \$25.00 is made if a request is received in the Housing Director's office prior to August 1st for the first semester or December 5th for the second semester. After these dates the entire deposit is forfeited.

ROOM RENT: No refund of any portion of the room rent is made except for reasons entirely beyond the control of the student. In such cases the \$25.00 deposit plus the prorated rent based upon the total semester rate is deducted from the refund.

Breakage

Students are not required to pay a breakage fee. They are expected to exercise reasonable care in the use and custody of University property in the residence halls. The cost of repairs (to be determined by the superintendent of buildings and grounds) for any unnecessary or careless breakage or damage to a room or furniture is assessed to the responsible student or students.

Rooms in Private Homes

Rooms in private homes are listed in the offices of the Housing Director. All rental transactions are negotiated directly between the student and the householder following a personal inspection and approval of the residence by the student and his parents. Men and women may not rent rooms in the same rooming house.

Housing for Married Students

The University has 48 housing units, located at University Heights, 4 miles from the campus, which are rented to married student and their families at rents of \$45.00 per month for a one-room apartment and \$55.00 per month for a two-room apartment. Applications may be procured from the Housing Director. A security deposit of \$25.00 is charged for family dwellings.

Board for Students Living in Residence Halls

All students living in residence halls are required to purchase their meals through the University dining halls. Cost of meal books for each semester is \$234.00 plus tax. The University dining halls serve all meals during the regular academic year, with the exception of the Sunday evening meal. During holiday periods the University dining halls are closed.

STUDENT HEALTH SERVICES

The Health Service provides student medical service and supervises health conditions on the campus.

A physician and nurse staff the student clinic. The University physician, located in Gullickson Hall, is available only for such services as may be rendered at the clinic, except in emergency cases. Students who wish to avail themselves of the Health service are expected to call at the office of the physician.

The University's medical examination form, completed by the family physician and submitted as part of the admission credentials, is on file in the Health Service.

HOSPITALIZATION INSURANCE

The Student Government offers a specially formulated student accident and sickness group insurance plan providing coverage for hospital and medical expenses. The plan protects students at home, at the University, or while traveling for the entire regular term, including vacations. Special arrangements may be made for coverage during the Summer Session if desired. All full-time students and their dependents are eligible for participation in the plan.

Student hospitalization coverage is not compulsory, but is recommended.

Application forms may be obtained at the Student Government Office or the Office of Student Affairs.

THE PSYCHOLOGY CLINIC

The Psychology Clinic, located in M307 is open to full-time students for consultation on scholastic, vocational, social, and personal problems. Students are invited to make use of the clinic.

THE SPEECH CLINIC

The Department of Speech operates a clinic to provide free assistance to any Marshall student who wants help with speech problems. The clinic also gives training in clinical procedures to future public school correctionists.

Consultation, examination, and recommendations are available to the public in so far as time and facilities permit. The clinic is located in Room 18 of the Science Building.

MARSHALL UNIVERSITY LIBRARY

The Marshall University Library is housed in the James E. Morrow Library Building. Library facilities are open to University students, faculty, and staff. Permission for use of the facilities is also extended to others in the Huntington area when such use does not specifically interfere with use by those in the University community. Arrangements have been made with the Huntington Public Library to provide for cooperation in making the facilities of both collections available when necessary.

The Library contains approximately 130,000 volumes, and more than 1,200 current periodicals are received regularly. The Library is a designated depository for U. S. Government documents. Several special collections are available for reference use.

AUDIO-VISUAL CENTER

The Audio-Visual program at Marshall University aids the University faculty in selecting and utilizing audio-visual aids, and trains teachers and prospective teachers in the use of all types of audio-visual materials, equipment, and techniques. The Audio-Visual Center is maintained in Room 4, Science Building, and courses and workshops in audio-visual education are offered at the University and in extension centers throughout the state.

OFFICE OF PLACEMENT

Marshall University operates a free placement service. Graduating students have the opportunity to meet prospective employers from public schools, business, industry, governmental agencies and others. Alumni may use the service at no cost.

The Office of Placement, located in Old Main 114, assists students in securing employment while they are in college.

STUDENT CONDUCT

The University assumes that each student is a mature, responsible individual who has entered the institution for educational advancement. On that assumption the University expects the student to direct his energy toward the highest scholastic achievement possible for the individual.

While attaining these high educational purposes the University requires that the student maintain a pattern or social behavior in keeping with good taste and high moral standards. The student is charged with the responsibility for regular class attendance, reasonable study hours, and a sane social program.

The University believes that the use of liquor by a student is detrimental to his welfare. Therefore students entering their rooming places, either residence halls or private houses, under the influence of liquor, and students who introduce liquor into any rooming place or college building are subject to dismissal from the University. Any function sponsored by or held in the name of a recognized student organization must abide by all University regulations whether that function be held on or off campus.

ARTISTS SERIES, FORUMS, CONVOCATIONS

The Marshall University Artists Series, the Community Forum and special Convocations annually offer students professional talent of international reputation, including symphony orchestras, opera and lecture authorities. All programs are designed to instruct and entertain the student. Informal teas and conferences with artists and speakers contribute to the cultural life of the campus and students find a ready welcome to all of these events. A fee is included in the Student Activity Fee and no further admission charge is collected for any of the above programs.

SHAWKEY STUDENT UNION

The Shawkey Student Union, devoted wholly to social life, is a recreational center for all students. A soda fountain is operated, light refreshments are served and many formal and informal dances, receptions, and teas are held in the Union—the social center of the University. Recreational facilities are also provided.

UNIVERSITY THEATRE

University Theatre, an all-university activity, is under the general direction of the Department of Speech. Normally three full-length plays and several studio and experimental dramas are produced each year.

University Theatre experience is intended not merely to give training in dramatic skills and techniques, but to develop such qualities as poise, confidence, initiative, self-reliance, and cooperativeness. A further purpose is to encourage appreciation of dramatic literature, and to help keep alive the plays which have made dramatic history.

RADIO STATION WMUL

WMUL, Marshall's educational-FM radio station, began broadcasting in 1961. It is a University-wide activity, operated by a staff of volunteer students who are interested in broadcasting. The radio station is supervised by the director of educational radio-TV, and is the first educational-FM station to operate in West Virginia. WMUL broadcasts on 88.1 mc 7 days a week.

BAND, ORCHESTRA AND CHORAL GROUPS

All students at Marshall University are eligible to enroll for any one of the major musical organizations on the campus such as the Marching Band, Concert Band, Symphony Orchestra, Symphonic Choir, Men's Concert Choir, A Capella Choir, and Choral Union. These organizations perform for many school functions and make a number of appearances in Huntington and occasionally make trips to other parts of West Virginia and neighboring states. Each major organization offers the student an enjoyable experience and an opportunity for advancement to higher musical achievement. Students interested in enrolling for any of the organizations should consult first with the Department of Music.

STUDENT PUBLICATIONS

THE PARTHENON is a semi-weekly news publication issued by students under the direction of the Department of Journalism.

THE STUDENT HANDBOOK is published annually in September by the Student Senate and contains general information for all students with particular emphasis on information for freshmen.

THE CHIEF JUSTICE, the University annual, is published by the Student Government under the supervision of the Chief Justice Board.

ET CETERA is a campus literary magazine, established in 1953 as an outlet for student creative writing. It is published annually and is under the supervision of the Student Government.

SHAVETAIL is the monthly newspaper published by the cadets of the Marshall University Battle Group, Department of Military Science.

INTERCOLLEGIATE ATHLETICS

Marshall University is a member of the Mid-American Conference and competes in all sports with other Conference members, Bowling Green University, Kent State University, Miami University, Ohio University, University of Toledo and Western Michigan University. The Athletic Board schedules non-conference games with institutions of similar academic and athletic standards. Marshall University is also a member of the National Collegiate Athletic Association and conforms to its standards.

The president of Marshall University is responsible for the athletic policy as part of the internal administration of the University. Persons serving on committees appointed by the president act solely in an advisory capacity.

The Graduate School

GENERAL INFORMATION

In October, 1938, the West Virginia Board of Education authorized Marshall University to conduct graduate instruction leading to the Master of Arts and the Master of Science degrees. Graduate work was first offered during the summer session of 1939. The first master's degrees were conferred at the spring commencement of 1940.

Degrees

The degree of Master of Arts or Master of Science may be earned with a major in the following fields: art, biological sciences, chemistry, education, English, geography, health and physical education, home economics, history, music, political science, psychology, sociology, speech, and communication arts.

Programs for school personnel leading to the Master of Arts degree and certification are available in: administration (county superintendent, general supervisor, elementary principal, and secondary principal) counseling and guidance, and special education.

Special programs for teachers leading to the Master of Arts degree are: elementary education, art-education, biological science-education, business-education, English-education, home economics-education, library science-education, music-education, physical science-education, and social studies-education.

Fields that offer work for a minor only are anthropology, Bible, economics, French, geology, German, journalism, Latin, mathematics, philosophy, and Spanish.

Ordinarily the Master of Arts degree follows the Bachelor of Arts degree, and the Master of Science degree follows the Bachelor of Science degree; however, in case a Bachelor of Arts degree has been received on qualifications which meet present requirements for the Bachelor of Science degree, either the Master of Arts or the Master of Science degree may follow at the option of the candidate.

Objectives of Graduate Work

1. To meet a regional need for an opportunity for graduate study.
2. To aid in the development of a corps of competent teachers, administrators, and counselors for the public schools of West Virginia.
3. To prepare students to use and evaluate the better known techniques of research and to appreciate their contribution to knowledge.
4. To prepare students for further graduate study.

Admission to Graduate School

Admission to the Graduate School is open to qualified graduates of Marshall University and of other colleges and universities provided their undergraduate records are satisfactory. Admission is based on official transcripts of college credits, the information provided on the application for admission form, and on whatever examinations and conditions the Graduate School

may require in any given case. A minimum quality point average of 2.7 overall with a minimum of 3.0 in the area of the proposed major is required for Unconditional Admission. Graduates from non-accredited institutions and applicants who are deficient in undergraduate preparation in the major field may be granted Provisional Admission. Grade requirements for Provisional Admission are the same as those for Unconditional Admission. Special Admission may be granted to applicants whose undergraduate quality point averages are below those required for Unconditional Admission when unavoidable circumstances adversely affected the applicant's undergraduate average and if the record indicates progressive improvement. To be eligible for advanced degrees, Special Admission students must complete 12 hours of graduate work with at least a "B" average and be reclassified by the dean of the Graduate School with the recommendation of the chairman of the student's major department.

Applicants for admission may be required to take any special or standard ability or achievement tests in determining their eligibility for admission. The major department may require an applicant to make a satisfactory showing on a special written or oral examination before accepting him as a major.

Application for admission must be filed in the Graduate School Office at least one month prior to the opening of the semester or term of enrollment. Two official copies of the applicant's undergraduate transcript must be mailed directly from the student's undergraduate college to the Graduate School Office when the application is filed. Students with undergraduate degrees from Marshall University must furnish a transcript for the Graduate School Office when they submit the application for admission.

Registrations for 500 series courses may be changed by administrative action to the 400 series course numbers if two transcripts of work for the baccalaureate degree and an application for admission to the Graduate School are not received within 30 days after registration.

Students who have not been admitted to the Graduate School and who wish to begin graduate work in extension courses must furnish transcripts and file application for admission as a part of the registration procedure. If these are not furnished immediately, it is the prerogative of the dean of the Graduate School to withdraw the student from the course by administrative action, or, to direct that the student shall not receive credit that may be counted toward an advanced degree in any institution.

Seniors with outstanding academic records who, in their last term or semester, do not require full time to complete the requirements for the baccalaureate degree may be permitted to register for a limited amount of graduate work with the approval of the student's undergraduate dean, the dean of the Graduate School, and the instructor with whom the work is taken. This practice is not encouraged.

Admission to Candidacy

Admission to graduate courses does not imply admission to candidacy for the master's degree. The student is admitted to candidacy only after

he has proved his ability and fitness to do graduate work. After completion of 12 semester hours at Marshall University, a student may apply for admission to candidacy for the degree. The application, bearing a record of courses completed, must be made on a form secured from the Graduate School. Examinations may be required for admission to candidacy for the degree. To be considered for admission to candidacy, a student must have received Unconditional Admission to the Graduate School and must have earned a quality point average of 3.0 (B) on all graduate work attempted at Marshall University.

The Adviser

The dean assigns each student to an adviser from the major department. The adviser assists the student in planning his program for the master's degree. If the student writes a thesis, the adviser directs the student in that work. The adviser serves as chairman of the committee to conduct the student's oral examination, assembles questions for the comprehensive written examination and reports the results of these examinations to the Graduate School Office. Admission to candidacy for the master's degree and admission to the comprehensive examination must have the approval of the adviser. The student should keep in close touch with his adviser during the progress of his work.

General Requirements for Master's Degree

A student whose program requires a thesis must earn 32 hours of credit in graduate courses. Of these 32 hours, credit not to exceed 6 hours may be granted for the thesis. If a thesis is not required, the student must complete 36 hours of graduate course work. Students majoring in chemistry must earn 32 hours of graduate credit. Of these 32 hours, credit of not less than 6 hours and not more than 12 hours must be in Chemistry 682, Research, which includes a thesis.

A minimum of 18 hours must be earned in one subject known as a major and a minimum of 6 hours in another subject known as a minor. Courses may be taken in a third closely related field if approved by the adviser. In special teacher-education curriculums courses may be distributed among several fields with the approval of the adviser.

On recommendation of the department and with the concurrence of the dean, the requirement of a minor may be waived.

At least 12 hours is the undergraduate prerequisite for a graduate major. Six hours is the prerequisite for the minor. Some departments require more than the minimum for admission to graduate courses. The undergraduate prerequisite may be waived with the consent of the dean and department chairman.

Graduate courses are numbered 500 to 699. Selected courses with 400 series numbers for undergraduate credit have 500 series numbers for graduate credit. A few courses that have 300 series numbers for undergraduate credit have 600 series numbers for graduate credit. In courses open to both grad-

uate and undergraduate students, graduate students are required to do more work than undergraduates. This includes more extensive reading, research papers, and other individual work. At least one-half of the work counted for the master's degree must be taken in courses numbered 600 to 699.

To receive a master's degree, students must have a scholastic average of not less than 3.0 (B). All grades of C or less are counted in computing averages, but no more than six hours of C may be applied toward the degree.

Meeting minimum requirements in hours of credit does not necessarily constitute eligibility for the degree. The work taken must constitute a unified program in the field. It must be completed at a level of competence befitting graduate work. To correct obvious weaknesses in the student's program for the degree, additional courses or other work may be required beyond the minimum as a condition of being admitted to candidacy or recommended for the degree.

Persons possessing personal qualities which may render them unacceptable among those with whom they may work or which may reflect discredit on a profession, on the master's degree, and on Marshall University will not be recommended for the degree. The University has the final right to determine whether the candidate has such qualities.

Thesis

REGULATION GOVERNING THESIS REQUIREMENT. A thesis in the major field, completed to the satisfaction of the department, may be submitted. The maximum amount of credit that may be earned for the thesis is 6 hours for all departments. Students who will profit more by doing additional course work in lieu of a thesis must earn 36 course hours credit. The thesis adviser and student are guided by departmental requirements and the student's needs and interests in determining whether he is to write a thesis.

Students in departments other than chemistry register for Thesis 681. Chemistry majors register for Research 682. The student continues to register for Thesis 681, or Research 682 in chemistry, and pay tuition for the minimum number of hours per semester as required by his department until the thesis is accepted and a final grade submitted by the thesis adviser to the Registrar's Office. The thesis adviser reports a mark of PR (progress) for satisfactory work at the end of each term or semester for which the student is registered with the total amount of credit to be allowed. The student must be registered for thesis during the term in which the thesis is completed. The adviser may report a final grade of F at the end of any semester or term when in his opinion, because of irregular reports or unsatisfactory progress, the student should not be permitted to continue to register for research.

The mark of PR (progress) may be used only in reporting progress on Thesis 681 or Research 682 (chemistry). It may not be used in connection with other courses in the Graduate School.

The thesis must be sufficiently advanced one month before graduation to assure the adviser of its acceptability. Three unbound copies of the thesis must be filed with the dean of the Graduate School not later than

two weeks before graduation. The thesis must be prepared according to the form furnished by the Graduate School Office. The Graduate School Office has three copies of the thesis bound. Two copies of the bound thesis are deposited in the Library. The third bound copy is filed in the major department.

VALUE AND NATURE OF THESIS. The experience of collecting, assembling and interpreting a body of information for a thesis is essential in developing the capacity to do independent work. This is a primary difference between graduate and undergraduate work. For capable graduate students, preparation of the thesis may be of great value. To be urged to write a thesis is a compliment to one's ability.

The thesis consists of a written interpretation of a body of facts and opinions gained through critical reading and independent study or reports the results of a research project. For teachers, it may be a presentation of a directed learning activity showing the purpose, problems involved, procedure, and effectiveness of the project.

Residence

At least 36 weeks must elapse between matriculation and graduation. This period may be shortened for those holding the bachelor's degree from Marshall University upon recommendation of the student's adviser.

All requirements for the master's degree must be met within five years from date of matriculation, unless an extension in time not to exceed three years is granted by the dean. Absence in one of the armed services and long serious illness are regarded as proper reasons for an extension of time. Work beyond the minimum course requirements may be prescribed when a portion or all of the credit is more than five years old. Validation by special examination may be required on credit that is more than five years old. This examination is optional with the major department. A student whose time is extended for completion of the degree must meet the requirements in the catalog in the year of the conferring of the degree. A student who does work in extension courses for graduate credit must be in residence one semester and one summer term, or four five-week summer terms, or two nine-week summer terms.

Part-Time Graduate Students

Teachers in service who are doing graduate work are limited in the amount of credit that may be earned by the regulations of the West Virginia Board of Education or of corresponding regulations of other states in which they may be employed.

Graduate students in other employment are required to limit their schedules in proportion to the time available for graduate study. As a general practice, the maximum graduate load of a student in full-time employment shall not exceed six hours in a semester or three hours in a five-week summer term. This limit may be exceeded only by permission granted by the student's adviser and the dean after the student has given satisfactory evidence that he can do more than an average quality of work on his total schedule.

Transfer of Credit and Extension Credit

The dean may, upon the student's petition, grant to a student the privilege of transferring to Marshall University, for application on the master's degree, six graduate hours earned in another institution when, in the judgment of the dean and the major department, such credit is to the advantage of the student's program. Occasionally it may be recommended that a student earn more than six hours in another institution in work not offered by Marshall University.

Courses taken in extension and work transferred from another institution cannot exceed nine hours in one field or total more than 12 semester hours. Graduate credits transferred from other institutions may be accepted if they are not superannuated for graduate credit toward meeting the requirements for a degree as shown in the current issue of the catalog of the institution from which the transfer of credit is requested. Extension credit counted toward the master's degree must be earned during regular academic years.

Six semester hours of extension credit may be accepted from West Virginia University. No extension credit may be transferred from any other graduate school.

Graduate credit accepted from other graduate schools must carry term grades of "B" or above.

Those who wish to begin work for the master's degree in extension courses must do the following before credit can be earned toward a degree in Marshall University or be transferred to another graduate school.

1. File application for admission to the Graduate School on a form furnished by the Graduate School Office.
2. Furnish two official transcripts of all previous college work. Those holding the bachelor's degree from Marshall University must have one copy of a transcript sent from the Registrar's Office to the Graduate School Office.
3. Receive a letter from the dean of the Graduate School concerning eligibility for admission.

Extension students who fail to comply with these regulations within a reasonable time (dates to be announced each semester) may be withdrawn from courses by administrative action.

Comprehensive Examinations

A comprehensive examination on the major subject must be taken under the direction of the dean after it appears that the course work in progress will be successfully completed. The examination may be either oral or written, or both. The examination is not to rest primarily upon the specific courses pursued but is to test the student's maturity of thought in his field of specialization. The questions for the written examination are prepared by the student's adviser in consultation with other instructors in the major field. The oral examination is conducted by a committee of three appointed by

the dean and includes the student's adviser and the head of the major department.

A candidate who fails on either the written or oral comprehensive examination may take a second examination at the discretion of the chairman of the student's major department and the dean of the Graduate School.

The Graduate Record Examination

The Graduate Record Examination—Aptitude Test will be administered at Marshall University and other Graduate Record testing centers on the dates listed below.

TESTING DATES

October 29, 1966

January 21, 1967

April 22, 1967

July 8, 1967

REGISTRATION DEADLINES

October 14, 1966

January 6, 1967

April 7, 1967

June 23, 1967

The student must contact Educational Testing Service, Princeton, New Jersey, and file application for the test prior to the Registration Deadline Date.

The student is required to take the *Aptitude Test only*. This will be given during the morning session. The Aptitude Test score must be filed with the Dean of Graduate School, Marshall University, Huntington, West Virginia.

BIOLOGICAL SCIENCES

Professors Ward, Edeburn, Fisher, Green, Mills, Plymale, Warren

Associate Professor Ash

Assistant Professors Modlin, Shoemaker

Course work leading to the Master of Arts and the Master of Science degrees with a major in the biological sciences is preparation for teaching and research and for positions in public health, food sanitation, governmental and industrial biology, biological technical sales, conservation, game and wildlife management, park naturalist, genetics, pest control, and microbiology.

Master's degree candidates must have an adequate knowledge in both the plant and animal life sciences. Students who enter the Graduate School with a concentration in one of these fields and with little work in the other are expected to diversify their graduate studies in the biological sciences. A minimum of 18 hours in graduate courses in the biological sciences must be completed. At least 15 hours must be selected from the following courses: Biological Science 502, 601, 602, 604, 607, 615, 616, 619 and 630.

Selection of the individual's graduate program is determined by a committee composed of the chairmen and two other members of the department.

Students who do not have 12 hours of undergraduate work in biology may be permitted to make up this work while taking graduate courses. Deficiencies in undergraduate preparation must be made up before admission to candidacy for the degree. A combined graduate and undergraduate program must present a total of at least 40 semester hours in the life sciences for the master's degree.

The graduate seminar furnishes the student with the opportunity to develop oral and written competency, to become familiar with current literature and its use in the mechanics of scientific writing, and to review basic principles in the biological sciences. The graduate student will include the seminar in his course of study each registration that he is enrolled as a student on the campus. A student will present at least two hours credit in seminar toward graduation requirements for the master's degree in the biological sciences.

A comprehensive oral examination covering the work in the major field to test the student's knowledge of the fundamentals, as well as his maturity of thought, in the biological sciences.

Students interested in the special program for biology teachers should see PROGRAM FOR HIGH SCHOOL TEACHERS OF BIOLOGY under Education.

502. VERTEBRATE NATURAL HISTORY. 3 hrs. II, S.
The origin, classification, life histories, habits and distribution of fishes, amphibians, reptiles and mammals. 1 lec-4 lab.
508. ORINTHOLOGY. 3 hrs. II, S.
Identification, distribution, migration and breeding activities of birds. 2 lec-2 lab.
513. PRINCIPLES OF ORGANIC EVOLUTION. 2 hrs.
The progress of animal life through time with a discussion of known causes.
524. ANIMAL PARASITOLOGY. 4 hrs. I.
Morphology, life histories, classification, and host relationships of common parasites. 2 lec-4 lab.
PR: Zoology 212.
526. MEDICAL ENTOMOLOGY. 4 hrs. II.
The role of certain insects and other arthropods in the transmission of disease causing organisms and their methods of control. 2 lec-4 lab.
PR: Zoology 212 or equivalent.
582. CONSERVATION OF FORESTS, SOIL AND WILDLIFE. 3 hrs. I, S.
Primarily for teachers in the biological sciences, general and applied sciences. Includes fieldwork, seminars, and demonstrations related to conservation. 2 lec-4 lab.
583. DEVELOPMENT OF SCIENTIFIC THOUGHT. 3 hrs. II.
A study of men and ideas which have influenced science; the philosophy of their periods; the economic conditions leading the scientific advancement; and the work of the foremost men in science. Lecture.
601. VERTEBRATE EMBRYOLOGY. 4 hrs. I.
vertebrate development based chiefly on frog, chick and pig embryos. 2 lec-4 lab.
602. COMPARATIVE VERTEBRATE ANATOMY. 4 hrs. II.
Principles of structure, function, and relationships of vertebrate systems with emphasis on the dogfish and cat. 2 lec-4 lab.
603. BIOLOGICAL MICROTECHNIC. 3 hrs. I.
Prnciples and methods of fixing, imbedding, sectioning and staining of plant and animal preparations. Methods for identification and localization of cellular components. Introductory photomicrography. 1 lec-4 lab.
604. PLANT PHYSIOLOGY. 4 hrs.
Study of growth, nutrition and correlative phenomena in plants. Emphasis on food synthesis, translocation, and physio-chemical changes in growth and development including correlative functions of plant growth substances. Laboratory experiments planned to develop technique and independence in investigation. 2 lec-4 lab.

605. **ECONOMIC BOTANY.** 3 hrs.
Plants used by man for food, ornamental purposes, building materials, textiles and other industrial purposes; economic importance of conservation. No laboratory.
606. **FIELD BIOLOGY.** 4 hrs. II, S.
Identification, classification of plants and animals; study of different habitats, and communities of animal and plant life. 2 lec-4 lab.
PR: Six hours of biological science.
607. **GENETICS.** 4 hrs. I, S.
The fundamental principles and mechanisms of inheritance including their human applications. 3 lec-2 lab.
610. **HISTORY OF BIOLOGICAL SCIENCE.** 2 hrs.
A study of the development of biology as a science, including biographies of the great scientists from Aristotle to the present.
611. **BACTERIOLOGY.** 4 hrs. I, II, S.
Basic microbiological techniques; fundamental principles of microbial action, physiological processes, immunology, serology, disease process. 2 lec-4 lab.
- 613-614. **GENERAL ENTOMOLOGY.** 2; 2 hrs.
Collection, identification, classification and mounting of insects. 1 lec-4 lab.
615. **PLANT MORPHOLOGY.** 4 hrs.
Characteristics of the great plant groups. Discussion of the important steps in the development of plants. 2 lec-4 lab.
616. **PLANT TAXONOMY.** 4 hrs.
Identification and classification of seed plants and ferns of eastern United States. Readings in history and principles of taxonomy, rules of nomenclature and related topics. 2 lec-4 lab.
618. **PLANT PATHOLOGY.** 4 hrs. II.
Nature, cause and control of plant diseases. 2 lec-4 lab.
619. **CELLULAR METABOLISM.** 4 hrs. II.
The chemistry of cell functions, including cellular organization, with special emphasis on intermediary metabolism. 2 lec-4 lab.
625. **HUMAN ANATOMY AND PHYSIOLOGY.** 4 hrs. II.
The structure and functions of the human body. 3 lec-2 lab.
630. **ECOLOGY.** 4 hrs. I, S.
The interrelationships of plants and animals. Local and world distribution of biotic communities. 2 lec-4 lab.
PR: Botany 316 or consent of instructor.

642. INVESTIGATIONS IN CONSERVATION. 2 hrs.

Sponsored by cooperating colleges at Jackson's Mill. Individual work on problems of conservation under the direction of staff members. Evening seminars, operation and sources of audio-visual equipment in conservation.

650-651-652. SPECIAL PROBLEMS. 1-3; 1-3; 1-3 hrs.

By permission of adviser.

660-661-662. SEMINAR. 1; 1; 1 hr.

679. PROBLEM REPORT. 1-3 hrs.

681. THESIS. 1-6 hrs.

by permission of adviser.

BUSINESS

Policies and procedures pertaining to product planning and pricing, choice of market, planning sales effort, and the control of sales operations.
PR: Business Administration 231 and 340.
541. WHOLESALING. 3 hrs. II.
Nature and importance of wholesaling; managerial aspects and problems; governmental regulation.
PR: Business Administration 340.
542. TECHNIQUES OF MARKETING RESEARCH. 3 hrs. II.
Scope and importance of marketing and distribution research; product, package, and brand analysis; consumer, industrial and institutional surveys; quantitative and qualitative analysis of market data, situation analysis, sampling; tabulation and presentation techniques.
PR: Business Administration 318 and 340.
640. AMERICAN MARKETS AND MARKETING. 3 hrs. S.
Marketing principles developed through the case problems method.

Business Education

624. ORGANIZATION, ADMINISTRATION, AND SUPERVISION OF BUSINESS EDUCATION. 3 hrs. I, II, S.

Emphasis on problems involving the administration of the business education program in the secondary school and in post-high school institutions; provides fundamentals of school administration for the classroom teacher.

625. CURRICULUM CONSTRUCTION IN BUSINESS EDUCATION. 3 hrs. I, II, S.

Basic principles of curriculum and course of study construction in business, especially oriented to the secondary school; particular attention given to study of existing city and state business education programs.

626. CURRENT PROBLEMS AND ISSUES IN BUSINESS EDUCATION. 3 hrs. I, II, S.

Individual and group analysis of current problems and issues in teaching business subjects, particularly in the secondary school; identification and clarification of issues significant to the direction of sound business education.

627. TESTS AND MEASUREMENTS IN BUSINESS EDUCATION. 3 hrs. I, II, S.

A study of evaluation procedures in business education; survey of standardized and published test material and its utilization in the classroom; a review of basic statistical methods used in test interpretation.

628. ANALYSIS OF RESEARCH AND LITERATURE IN BUSINESS EDUCATION. 3 hrs. I, II, S.

A review and analysis of the most significant research and writing in business education; includes a study of research methods and the application of these methods to individual problems or topics.

629. TEACHING TYPEWRITING AND OFFICE MACHINES. 3 hrs. S.

Improvement of methods of teaching typewriting and office machines through evaluation of current research, methods, classroom materials, and current trends; discussion of major problems of teachers in these subjects.

630. TEACHING BASIC BUSINESS AND BOOKKEEPING. 3 hrs. S.

A study of the problems and techniques of teaching basic business subjects and bookkeeping; evaluation of major problems facing teachers, including motivation, remedial practices, use of classroom materials.

631. TEACHING SHORTHAND AND SECRETARIAL OFFICE PRACTICE. 3 hrs. S.

Teaching techniques and a study of research in methodology in shorthand and secretarial practice; a review and discussion of the major problems of shorthand teachers; study of testing and grading, use of visual aids, use of materials.

CHEMISTRY

Professors Wotiz, Bartlett, Hoback

Associate Professors Douglass, Lepley, Reynolds

Assistant Professors Chakrabarty, Hanrahan, Heindel, Thompson

The Committee on Professional Training of the American Chemical Society (ACS) does not have minimum standards for graduate study. However, the undergraduate work of the Department of Chemistry is approved by this committee of the ACS.

PREREQUISITES FOR GRADUATE STUDY IN CHEMISTRY

Students seeking a Master of Science degree with a major in Chemistry must have earned at least the bachelor's degree in chemistry or its equivalent as described in the Marshall University undergraduate catalog. Deficiencies must be removed by taking the appropriate undergraduate courses for no credit.

An entrance examination, which consists in part of the examination of the undergraduate record, is required of all students seeking graduate credits. This examination covers the field of organic, analytical, and physical chemistry. The results of these examinations are used to guide the student in his course of study.

REQUIREMENTS FOR THE MASTER OF SCIENCE DEGREE.

In addition to the general requirements of the Graduate School, students majoring in Chemistry must fulfill the following departmental requirements.

The minimum of 32 semester hours must be distributed as outlined below:

- 1) All graduate students are required to take or present transfer credit for Chemistry 547, 548, 582, 609, 631, and a minimum of three hours credit in a chemistry laboratory course (Chemistry 510, 556, 563, 566, 616, 617).
- 2) Twelve semester hours of research (Chemistry 682).

A reading knowledge of German, French, or Russian is required.

Students must present seven copies of an acceptable thesis (three unbound copies to be delivered to the Graduate School) three weeks before graduation, and must defend their work in an oral examination before a committee.

Note: Courses marked "*" require a \$10.00 laboratory breakage deposit.

510.* ADVANCED CHEMICAL PREPARATIONS. 3 hrs. II.

The syntheses of organic and inorganic compounds which use specialized techniques. 1 lec-6 lab.

2 lec- 3 lab.
PR: Mathematics 221.
- 617.* SPECTROSCOPY. 3 hrs. Offered on demand.
A study of emission and absorption spectroscopy. 2 lec-3 lab.
PR: Mathematics 221.
618. KINETICS. 3 hrs. II.
An advanced study of reaction rates and mechanisms.
PR: Chemistry 547.

- 520.* FUNDAMENTALS OF CHEMISTRY. 4 hrs. S. Offered on demand.
Two credits lecture and one credit laboratory. Open only to M.A. candidates.
PR: Analytical Chemistry or equivalent.
- 622*-623.* ORGANIC. 3; 3 hrs. S. Offered on demand.
Two credits lecture and one credit laboratory. Open only to M.A. candidates.
- 627.* PHYSICAL CHEMISTRY FOR TEACHERS. 5 hrs. S.
Three credits lecture and one credit laboratory. Open only to M.A. candidates.
PR: Chemistry 520 or equivalent.
628. SPECIAL TOPICS (INORGANIC). 1-3 hrs. Offered on demand.
629. SPECIAL TOPICS (ORGANIC). 1-3 hrs. Offered on demand.
630. SPECIAL TOPICS (PHYSICAL). 1-3 hrs. Offered on demand.
- 631-632. SEMINAR. 1; 1 hr. I, II.
639. QUANTUM MECHANICS. 3 hrs. I.
682. RESEARCH. 1-12 hrs. I, II, S.
PR: Approval of department chairman.
Credit in the course is earned by directed original investigation in a field of chemistry. 12 semester hours credit in research must be applied toward the M.S. degree. Students may sign for one or more credit hours per semester depending on the time to be spent on research. A grade of PR will be reported at the close of each term or semester.

COMMUNICATION ARTS

An interdepartmental program providing education in several related communication areas, the Master of Arts degree with a major in communication arts is a flexible one adaptable to the needs of persons in public relations, journalism, advertising, broadcasting, school library services, school supervision and administration, and similar fields where a wide knowledge of related communication skills is required.

A committee from the cooperating departments guides the student with a member designated by the committee as the faculty adviser.

Students lacking the undergraduate equivalent for any course in Group 1 must take this course for graduate credit. Work taken under Group 2 must be distributed so that at least nine hours is outside any area of emphasis. Only one course in research methods may be taken for credit. For description of courses consult the appropriate departmental listings.

Assistant Professors Campbell, Hunter, Mangan, Regula

The undergraduate prerequisite for a graduate major in education is 15 semester hours in Education. College graduates who do not meet this requirement may take a limited number of graduate courses in education concurrently with the undergraduate courses required for certification. The total of undergraduate and graduate education courses required for the master's degree is 45 semester hours. Registration for graduate courses in education to meet certificate requirements does not automatically admit the student to the Graduate School as a candidate for a master's degree. Final determination of whether or not the student is permitted to count graduate courses in education toward a master's degree is made after completion of the requirements for a valid certificate. Passing the National Teachers Examination does not exempt the applicant from the undergraduate requirement in education.

Students earning master's degrees in education must be competent in: audio-visual aids, curriculum, guidance, history or philosophy of education, human growth and development, psychology of learning, research in education, school administration or supervision, teaching methods, and testing and evaluation. It is the responsibility of the student to develop with his adviser at the beginning of his graduate work a program of studies which provides a broad professional background.

The student's adviser may require that specific courses be completed to correct weaknesses that become apparent during his progress toward the master's degree.

Students working toward an administrative certificate or counselor certificate must plan their programs to include from 6 to 12 hours in courses not listed as education.

Students admitted to administrative, counseling, or teacher-education programs must, before being admitted to candidacy for the master's degree, fulfill the following requirements:

1. Complete 15 semester hours of graduate courses with a 3.0 (B) average.
 - a. At least six semester hours must be completed in residence.
 - b. Education 621, Educational Research and Writing, must be completed as a part of the first 15 hours. This course is optional in certain teacher-education programs.
2. Submit to a test of scholastic aptitude. (G.R. Exam.—Aptitude Test)*
3. Have a Professional Teaching Certificate valid in West Virginia or the equivalent thereof.

*Students must arrange for this examination by writing to Educational Testing Service, Princeton, New Jersey.

When these requirements have been met, a committee composed of the student's adviser, the chairman of the department, and the dean of the Graduate School will decide, upon consideration of the student's graduate record and the results from tests, whether the student shall be admitted to candidacy.

At any time either in the process of admitting a student to the Graduate School or in admitting a student to candidacy for the master's degree the chairman of the department and/or the dean of the Graduate School may require the applicant to submit to additional tests if it is felt that the results from these tests will provide a better basis upon which to judge the student's possible success in graduate work.

Students may not enroll in the following courses until they have taught for one year: Education 601, 602, 603, 604, 606, 614, 646, 649, and 650.

Courses for persons minoring in education must be chosen from the following: Education 535, 545, 560, 590, 609, 610, 614, 515 or 615, 616 or 648, 635, 641.

Course requirements for the curriculums follow:

I. Administrative Certificates

A. COUNTY SUPERINTENDENT'S CERTIFICATE

MINIMUM REQUIREMENTS	32-36 hours
1. Education 601, 602, 603, 604, 606, 613, 621, 681	27 hrs.
2. With the approval of the adviser select from Education 517, 528, 535, 545, 560, 565, 590, 610, 615, 616, 617, 618, 635, 648, 675	3 hrs.
3. Electives selected with the approval of the adviser	2-6 hrs.

B. ELEMENTARY PRINCIPAL'S CERTIFICATE

MINIMUM REQUIREMENTS	32-36 hours
1. Education 601, 604, 606, 610, 613, 621, 681	24 hrs.
2. With the approval of the adviser, select from Education 517, 528, 543, 560, 590, 595, 616, 617, 618, 635, 656, 657, 670, 671, 675	3-6 hrs.
3. With the approval of the adviser, select not fewer than six hours in student's field of interest (courses listed as education excluded)	6-12 hrs.
4. Electives selected with the approval of the adviser	0-9 hrs.

C. SECONDARY PRINCIPAL'S CERTIFICATE

MINIMUM REQUIREMENTS	32-36 hours
1. Education 601, 604, 606, 613, 610, 621, 681	24 hrs.
2. With the approval of the adviser, select from Education 515, 517, 528, 535, 541, 545, 560, 565, 590, 614, 615, 617, 618, 635, 647, 648, 675	3-6 hrs.

3. With the approval of the adviser, select not fewer than six hours in student's field of interest (courses listed as education excluded) 6-12 hrs.
4. Electives selected with the approval of the adviser 0-9 hrs.

D. CERTIFICATE IN GENERAL SUPERVISION

MINIMUM REQUIREMENTS 36 hours

1. General requirements
Education 606, 616, 621, 681 15 hrs.
2. *Practice in Supervision
Education 672, 673, 674 9 hrs.
3. Requirements in problems of teaching education
Education 543 or 545, 657, 667, or 670, 671 12 hrs.

*Courses to be acquired through not less than two years of field experience on a county-wide basis, supervised jointly by the University, State Department of Education, and county superintendent.

II. Two-Year Graduate Program Leading to the Certificate in Advanced Study in School Administration

The Certificate in Advanced Study in School Administration is earned by completing a minimum of two years of graduate work in residence including such courses, field experiences, research, and examinations as may be required by the student's advisory committee. The mere completion of any prescribed list of courses and other experiences does not necessarily lead to the certificate. It can be earned only by demonstrated capacity to carry on original investigation, scholarly attainment in the area of school administration, and a comprehensive grasp of the basic concepts and problems in the entire field of education.

Students may apply for admission to this program after completing 24 hours of graduate work with a minimum scholastic average of 3.0 (B) including Education 601, General School Administration: Basic Course; Education 604, The School Principal; Education 606, Supervision of Instruction: Basic Course; Education 613, Organization and Administration of Guidance Programs; and Education 621, Educational Research and Writing. The remainder of the work required for the certificate must be chosen from the total offerings of the Graduate School to satisfy the needs of the student.

Retention in the program is based on the previous scholarly record of the student, personal references, and diagnostic tests. Holders of the master's degree with superior qualifications may seek admission to the program. They must participate in all diagnostic procedures required for admission. Eligibility for admission is determined by the Admissions Committee.

The student's work in the two-year program is directed by an advisory committee of three members of the Education faculty. The student chooses an adviser who serves as chairman of his committee and with whom he consults in the choice of two additional members subject to the approval of the dean

of the Graduate School. The committee may include a member from another department, if it is helpful to the student in the attainment of his professional objectives.

A student entering the two-year program must take diagnostic examinations. These are given under the direction of the student's advisory committee, and bear a close relationship to his objectives. All courses and field experiences must be approved by the advisory committee. If courses needed to satisfy the objectives are not available in Marshall University, the advisory committee may direct the student to take appropriate courses in another graduate school which are accepted as transfer credit. Research ability demonstrated by papers submitted is one of the important requisities of this program. The advisory committee determines the extent and nature of the research required.

Each candidate must pass a written examination followed by a general oral examination based on his planned objectives. These examinations are supervised by the advisory committee as the final step in completing the two-year program. A scholastic average of 3.0 (B) is required on all courses attempted for the certificate.

Application for admission must be made to the dean of the Graduate School.

Several positions for which this program prepares are:

School Superintendent
 Elementary School Principal
 Secondary School Principal
 School Business Manager
 General or Special Supervisor of Instruction
 Guidance Counselor
 Supervisor of Special Education
 Director of Communication Services
 Special Education Specialist
 Director of Educational Measurement and Statistics

III. Counselor Certificate

PROGRAM FOR SCHOOL COUNSELORS

To qualify for the Master of Arts degree with a major in counseling and guidance, the candidate must successfully complete the following program:

MINIMUM REQUIREMENTS 32-36 hours

1. Education 517, 590, 614, 621, 646, 647, 616 or 648,
 649 or 650 24 hrs.
2. Electives in Education selected with the approval of the
 adviser (Guidance majors may not enroll in Education
 602, 603, 604) 6-12 hrs
3. Electives outside of Education selected with the ap-
 proval of the adviser 3-9 hrs.

Following courses recommended:

Psychology 506, 518, 611, 612
 Sociology 512, 529, 531, 533, 535, 620, 625.

Students may qualify for recommendation for the teacher-counselor endorsement of their Professional Teaching Certificates in the State of West Virginia upon completion of the following courses:

Education 490 or 590, 614, 621, 646, 647, 649 or 650.

IV. Teacher-Education Curriculum

A. PROGRAM FOR TEACHERS IN ELEMENTARY SCHOOLS

The program includes courses in child development, the curriculum, and methods of teaching in elementary schools.

Students in this program may take not more than six hours in Educational Guidance to be chosen from Education 590, 614, and 646.

MINIMUM REQUIREMENTS 32-36 hours

1. Education 609, 560 or 610, 616, 621 12 hrs.

2. With the approval of the adviser select from Education 515, 535, 543, 560, 565, 595, 610, 635, 640 or 641, 656, 657, 670, 671, 678 9 hrs.

3. Electives 11-15 hrs.

Courses in these fields are to be selected with approval of the adviser: anthropology, art, Bible and religion, education, science, English, geography, geology, history, home economics, library science, music, philosophy, political science, psychology, sociology and speech.

B. PROGRAM FOR TEACHERS OF ART

Admission to the Art-Education program requires credit in 18 semester hours of art. Deficiencies in undergraduate work must be made up by taking prescribed courses for undergraduate credit.

MINIMUM REQUIREMENTS 32-36 hours

1. Education 609 and 616 or 648 6 hrs.
560, 590, 610 or 621 3 hrs.

Note: Students electing to write theses must include Education 621.

Students seeking the master's degree in any phase of school administration must complete 681. Students completing 681 must defend their thesis in an oral examination.

ENGLISH

Professors Tyson, Brown, Mitchell

Associate Professor Rollins

Graduate courses in English provide detailed consideration of authors, literary types, and periods in literary history, as well as English language history and linguistics. Students are expected to acquire a broad acquaintance with the whole range of English and American literature and the English language and to become thoroughly familiar with the forms of literature, critical standards, and the materials and methods of literary research.

Each student selects an area of literature as a specialty and concentrates on it as a part of his work. Suggested areas are drama, poetry, novel, American literature, Victorian period, the 18th century, etc. He may elect to write a thesis in his chosen area or demonstrate his knowledge of it in the comprehensive examination which is required of all candidates at the conclusion of the specified number of hours of work for the master's degree.

Students who major in English must have at least 15 undergraduate hours in English and American literature. Students taking English as a minor must have six hours credit in literature on the undergraduate level. Students with deficiencies may enroll for graduate work but must take undergraduate courses suggested by the department before becoming candidates for degrees.

A minimum of six hours of college credit in a foreign language (or demonstrated reading ability) is required for unconditional admission to graduate study in English. Students who lack this minimum and are admitted provisionally must make up the deficiency prior to the comprehensive examination.

English 630, Materials and Methods of Research, is required for a major in English and is offered twice during each year, once in the regular term, usually in the fall semester, and once in the summer session. This course must be scheduled among the first 12 hours of graduate study.

Graduate students in English should discuss their backgrounds and programs frequently with their advisers.

A study of types, variants, backgrounds, and influences.
603. CHILDREN'S LITERATURE. 3 hrs.
Intensive reading of recent works in the field and evaluation of current trends.
610. READINGS IN ENGLISH AND AMERICAN LITERATURE. 2-3 hrs.
Independent reading in a field not covered by regularly scheduled courses. Limited to English majors who have been admitted to candidacy.
PR: Prior approval by department chairman.
614. THE VICTORIAN NOVEL. 3 hrs.
Critical reading of the principal novelists.
615. VICTORIAN POETRY. 3 hrs.
Emphasis on Tennyson, Browning, Arnold, Hopkins, Hardy, and the Pre-Raphaelites.
616. ESSAYISTS OF THE 19TH CENTURY. 3 hrs.
Chief English nonfictional prose writers of the century.
620. CONTEMPORARY DRAMA. 3 hrs.
Major British and American dramatists since 1870.
621. CONTEMPORARY NOVEL. 3 hrs.
Major 20th century novelists, principally British and American.
630. MATERIALS AND METHODS OF RESEARCH. 3 hrs.
Instruction and practice in scholarly literary research. Required among first 12 hours of course work and prior to admission to candidacy for the M.A. degree in English.
631. HISTORICAL ENGLISH GRAMMAR. 3 hrs.
Present-day grammatical structure in the light of historical evolution.

632. HISTORY OF ENGLISH WORDS. 3 hrs.
Historical development of the modern English vocabulary.
679. PROBLEM REPORT. 1-3 hrs.
681. THESIS. 1-6 hrs.

GEOGRAPHY

Professors Clagg, Britton, Davis

The undergraduate prerequisite for a graduate major is 12 semester hours of geography. For undergraduate social science majors three semester hours of work in another field closely related to geography may be accepted toward meeting the 12-hour requirement for admission.

Graduate work in geography is for people in public school work, those who wish to prepare for work in industry or government service, and for those who plan to continue to the doctoral level.

Before recommending the student for admission to candidacy for the master's degree, the department may require a qualifying examination.

Students who major in geography must complete not fewer than 24 hours in the major field. At least one-half of the hours must be earned in 600 series courses.

A major must include:

529 or 530	3 hrs.
505 or 605	3 hrs.
603	3 hrs.
602 or 604 or 608	3 hrs.
620	3 hrs.
606 or 609	3 hrs.

501. HISTORICAL GEOGRAPHY OF THE UNITED STATES. 3 hrs.

Study of coastal settlements, the population spread through Appalachia and the Mississippi Valley, and the development of intermountain and Pacific Coast centers.

503. ECONOMIC GEOGRAPHY OF ASIA. 3 hrs.

Special attention given activities and environment in continental countries and nearby islands.

505. WORLD POLITICAL GEOGRAPHY. 3 hrs.

Survey of international relations showing influence of economic-environmental adjustments, stressing studies of countries of North America, Europe, and Asia.

508. GEOGRAPHY OF MEXICO. 3 hrs.

Regional study of the relation of man's activities to natural environment.

509. GEOGRAPHY OF CANADA. 3 hrs.

Regional study of the relation of man's activities to natural environment.

-
510. URBAN GEOGRAPHY. 3 hrs.
Study of numerous cities of the world, with local field survey made.
512. GEOGRAPHY OF SOVIET LANDS. 3 hrs.
Russian agriculture, grazing, mining, industry, and transportation explained in environmental terms.
513. GEOGRAPHY OF BRITISH ISLES. 3 hrs.
Climate, minerals, and land forms checked in explaining economic activities.
520. FIELD GEOGRAPHY OF WEST VIRGINIA. 3 hrs.
Type areas in lumbering, mining, agriculture, and industry checked through field methods.
525. CLIMATOLOGY. 3 hrs.
Causes and results of regional weather of the world studied.
529. MAP INTELLIGENCE AND PROJECTIONS. 3 hrs.
Principles and practice in construction of map grill, use of drafting equipment, and understanding of earth features as shown on a map.
530. APPLIED CARTOGRAPHY. 3 hrs.
Map making with regard to projection selection, source materials, compilation, restitution, and photo revision.
601. PROBLEMS IN GEOGRAPHY OF THE FAR EAST. 3 hrs.
Agriculture, industry, transportation, and trade of selected regions in eastern Asia and the islands of the western Pacific Ocean.
602. PROBLEMS IN GEOGRAPHY OF EUROPE. 3 hrs.
Consideration of problems in selected countries following a geographical review.
603. PROBLEMS IN GEOGRAPHY OF NORTH AMERICA. 3 hrs.
Relationship of human activities to natural environment in selected regions.
604. PROBLEMS IN GEOGRAPHY OF LATIN AMERICA. 3 hrs.
Problems studied in each country following geographical review.
605. GEOGRAPHY IN WORLD POLITICAL AFFAIRS. 3 hrs.
Key nations of world studied in light of significance of geographic items and their effects on international relations.
606. FIELD PROBLEMS IN GEOGRAPHY OF THE TRI-STATE AREA. 3 hrs.
607. PROBLEMS IN WORLD ECONOMIC GEOGRAPHY. 3 hrs.
Problems of world exchange of outstanding trade items.
608. PROBLEMS IN GEOGRAPHY OF AFRICA AND AUSTRALIA. 3 hrs.
Selected regions studied in both continents.
609. GEOGRAPHICAL RESEARCH. 3 hrs.
Research methods stressed with special attention given to a consideration of the literature of the field.

620. CONSERVATION EDUCATION. 3 hrs.

Presents elements of conservation education in the specific areas of soil, water, and human conservation.

679. PROBLEM REPORT. 1-3 hrs.

681. THESIS. 1-6 hrs.

GEOLOGY

Professor Janssen

505. EARTH SCIENCE. 4 hrs. S.

Nature of the earth, geologic agents and processes, land forms and erosion, rocks, minerals, and fossils. Recommended for teachers in secondary schools. Field trips. Not open to students who have had Geology 200. 3 lec-2 lab.

518. PALEONTOLOGY. 3 hrs. I, S.

Nature and origin of plant and animal fossils; development and evolution of life, its dominant forms through the geologic ages. Recommended for biological science majors.

PR: Geology 201 or graduate status.

522. ECONOMIC GEOLOGY. 3 hrs. II.

Nature, origin, occurrence and distribution of the world's commercially valuable and useful mineral and rock resources.

PR: Geology 201 or graduate status.

551. GEOMORPHOLOGY. 3 hrs. II, S.

Geology nature, origin, and classification of the world's land forms as resulting from their structural, orogenic, and erosional history.

PR: Geology 200 or 405 or graduate status.

HISTORY

Professors Heath, Moffat, Wilkins

Assistant Professor Ross

All students working toward the master's degree with a major in history must take one or more of the following courses which emphasize use of material and methods of research: 516, 525, 526, 633, 634.

A research course in which a student probes a selected problem within the period since 1917.
679. **PROBLEM REPORT. 1-3 hrs.**
681. **THESIS. 1-6 hrs.**

HOME ECONOMICS

Professor Bennett

Associate Professors Foose, Neely, Strouss

See Home Economics-Education Program Listed Under Education

500. CONSUMER PROBLEMS OF THE FAMILY. 3 hrs.
Current aspects relating to purchase of goods and services to meet needs and wants of individuals and families.
503. ADVANCED NUTRITION. 3 hrs. I.
Metabolism of food nutrients as related to nutritional requirements of man. Reports of current nutrition research and other nutrition topics of current interest—to add depth and perspective in nutrition.
PR: Home Economics 203, 210 and Chemistry 104.
505. QUANTITY FOOD SERVICE. 3 hrs. II.
Experience in application of food preparation principles to quantity food production; menu planning and purchasing; cost control; operation of equipment; service to the public.
PR: Home Economics 110 and 203 or consent of instructor.
507. INSTITUTIONAL MANAGEMENT. 3 hrs.
Principles of organization and management as applied to administration of food service in institutions.
513. EXPERIMENTAL COOKERY. 3 hrs.
Experimental study of chemical and physical factors affecting standard food preparation procedures.
PR: Home Economics 110 and 203, Chemistry 103 and 104.
515. FAMILY RELATIONSHIPS. 3 hrs. I, S.
A study of the interrelationships in the family in present day society as it progresses through the family life cycle, with some consideration of family life in other cultures.
516. PRENATAL AND INFANT CARE. 3 hrs. II, S.
A study of prenatal and postnatal care of the mother, and needs and care of the infant from birth to two years.
519. TAILORING. 3 hrs. S.
Selection, fitting and construction of tailored wool garments. A comparison of time and cost of different methods.
PR: Home Economics 329 or consent of instructor.
520. HOUSEHOLD EQUIPMENT. 3 hrs. I, II, S.
Principles underlying the selection, use, and care of household equipment.
540. NUTRITION IN THE HOME AND SCHOOL. 3 hrs. I, S.
A study of the fundamental principles of human nutrition and their application in the home and school. Designed primarily for elementary teachers. (Not open to Home Economics majors)

554. PROBLEMS IN HOME FURNISHINGS. 3 hrs.

Practical problems relating to modern decorating with consideration given to the selection and use of suitable fabrics and materials for making curtains, draperies, slipcovers, and reclaiming and refinishing furniture.

- 581-582-583-584-585. WORKSHOP. 2-3; 2-3; 2-3; 2-3; 2-3 hrs. S.

Workshop in selected areas of home economics. Credit for more than two workshops may not be counted for the master's degree.

679. PROBLEM REPORT. 1-3 hrs.

681. THESIS. 1-6 hrs.

- 684-685. SPECIAL PROBLEMS IN HOME ECONOMICS. 1-3; 1-3 hrs. I, II, S.

Problems of particular interest to the graduate students. Registration by permission of adviser. Not more than four hours credit in Special Problems may be counted toward a master's degree.

- 690-691. SEMINAR. 1-3; 1-3 hrs. S.

Extensive readings and reports from current literature in selected areas of home economics. Not more than four hours of seminar credit may be counted toward a master's degree.

Home Economics Education

506. METHODS IN ADULT HOME ECONOMICS EDUCATION. 3 hrs. I.

Psychology of adult learning. Philosophy, types of programs to include organization, methods, techniques, and leadership training in working with adult groups.

600. PHILOSOPHY AND TRENDS IN HOME ECONOMICS EDUCATION. 3 hrs. S.

Home economics in the total education program: elementary, secondary, higher education and adult levels.

601. EVALUATION IN HOME ECONOMICS. 3 hrs. S.

A course planned for secondary and college teachers in procedures for the appraisal of student progress in home economics as well as for the evaluation of programs in home economics.

602. CURRICULUM DEVELOPMENT IN HOME ECONOMICS. 3 hrs. S.

A study of needed revisions of curriculum necessitated by changing family needs in present day society and new developments in the total educational process.

603. SUPERVISION OF STUDENT TEACHING IN HOME ECONOMICS. 3 hrs. S.

A course for experienced teachers of home economics who are interested in supervising student teachers.

PR: Open only to those who have served or are serving as supervising teachers.

JOURNALISM

Professor Pitt

527. JOURNALISTIC ENGLISH. 3 hrs. I.

In addition to an examination of the language of the mass communicator, students are required to do collateral reading or investigate specific areas of mass communications. Primarily designed for teachers interested in a minor or electives in journalism.

528. HIGH SCHOOL PUBLICATIONS. 3 hrs. II.

An investigation of the function of school publications and an analysis of editorial content. Also, graduate students are required to do collateral reading or examine specific areas of school publications. The course is designed for teachers interested in a minor or elective in journalism.

LIBRARY SCIENCE

Associate Professor Theis

Requirements for the school librarianship curriculum are listed as Program H under "Teacher-Education Curriculums."

501. HISTORY OF BOOKS AND LIBRARIES. 3 hrs. I or II, S.

Overview of library development from classical world to the present as well as a survey of the development of books, printing, and writing.

504. BOOK SELECTION FOR CHILDREN. 3 hrs. I, S.

Survey of the development of children's literature with emphasis on modern books; evaluation of the aids and standards for selection of books and materials in this area; techniques of determination of reading levels and study of reading skills; study and comparison of the work of illustrators of children's books and various editions of individual titles with emphasis on story-telling.

505. BOOK SELECTION FOR ADOLESCENTS. 3 hrs. II, S.

Survey of books and other materials adapted to the needs of adolescents and young adults correlated with the school program in all subject areas; critical evaluation of standard, classic and current books with aids and criteria for selection; techniques of reading guidance, including determination of reading levels and study of reading skills; book talks, book reviews and book notes.

510. FOUNDATIONS OF MASS COMMUNICATIONS. 3 hrs. II, S.

Survey of social and psychological causes and effects of reading and mass communications (newspapers, magazines, radio, motion pictures, television) with reference to their importance to the school librarian.

550. LIBRARY PRACTICE (FIELD WORK). 3 hrs. I, II, S.

Practical experience in the application of techniques of library service, adapted as far as possible to the student's needs. Experiences gathered in Laboratory School and affiliated schools.

PR: Fifteen hours of library science.

582-583-584-585. SPECIAL TOPICS. 1-4; 1-4; 1-4; 1-4 hrs. S.

604. READING GUIDANCE. 3 hrs. II, S.

Study of current investigations and research concerning reading interests and habits of young people and adults; methods of relating readers and materials.

607. THE LIBRARY AND THE CURRICULUM. 3 hrs. I, S.

A survey of elementary and secondary school curriculums with emphasis on materials which may enrich the teaching of various subjects.

610. ADMINISTRATION AND OPERATION OF LIBRARIES. 3 hrs. S.

An introduction to the fundamental processes and activities of various types of libraries, including the purposes and relationships of common routines and records.

615. ADVANCED REFERENCE. 3 hrs. I, S.

A study of specialized reference tools.

PR: Library Science 315.

620. ADVANCED CATALOGING AND CLASSIFICATION. 3 hrs. S.

Study of the Library of Congress and Dewey Decimal classification systems. Practice given in detailed descriptive and subject cataloging of special materials.

PR: Library Science 320.

621. INTRODUCTION TO RESEARCH IN LIBRARY SCIENCE. 3 hrs. S.

Materials and methods of bibliographic research.

625. THE LIBRARY IN THE COMMUNITY. 2 hrs. II, S.

A study of the problems relating to the interpretation of the library to its constituents and methods of handling these problems with emphasis on successful public relations programs.

630. TECHNICAL PROCESSES. 3 hrs. S.

Overview of methods of acquisition, processing routines in preparation work, conservation and circulation of materials.

635. GOVERNMENT PUBLICATIONS AND SPECIAL MATERIALS. 3 hrs. S.

The form, production, distribution and subject content of official publications of state and national governments and of international agencies. Emphasis given to selection, acquisition, organization and use of these materials.

PR: Library Science 615.

640. READINGS IN LIBRARIANSHIP. 1-3 hrs. I, II, S.

Guided reading and reports on outstanding books in the field of library science. Only one registration in Library Science 640 permitted.

MATHEMATICS

Professors Bauserman, Hardman

Associate Professor Goins

Assistant Professor Thompson

Courses may be taken with approval of student's adviser and the instructor in the course.

527. ADVANCED CALCULUS. 4 hrs.

The number system, limits, sequences, partial differentiation with applications, maxima and minima of functions of several variables.

PR: Mathematics 221.

528. ADVANCED CALCULUS. 4 hrs.

Theory of definite integrals, multiple integrals, line and surface integrals, improper integrals, infinite series.

PR: Mathematics 427 or 527.

530. VECTOR AND TENSOR ANALYSIS. 3 hrs. I, II.

The algebra of vectors, the calculus of vectors with applications, introduction to tensor analysis.

PR: Mathematics 221.

536. PARTIAL DIFFERENTIAL EQUATIONS. 3 hrs. I, II.

An exposition of methods used in solving partial differential equations with applications to geometry and topics in mathematical physics.

PR: Mathematics 335.

543. NUMERICAL ANALYSIS. 3 hrs. I, II.

The theory and technique of numerical computation involving interpolation methods, solution of systems of equations, and methods of solution of ordinary differential equations.

PR: Mathematics 335.

554-546. INTRODUCTION TO THEORY OF STATISTICS. 3; 3 hrs. I, II.

Probability spaces, random variables, and algebra of expectations; sampling methods; estimation of parameters; tests of hypotheses; analysis of variance.

PR: Mathematics 221.

548-549. FUNDAMENTAL CONCEPT OF GEOMETRY. 3; 3 hrs. I, II.

A broad study of the development of Euclidean Geometry as a specialization of Projective Geometry using synthetic and algebraic methods.

550-551. FUNDAMENTAL CONCEPTS OF MODERN ALGEBRA. 3; 3 hrs. I, II.

Set theory and logic with applications; number theory; groups; matrices, with applications; determinants.

560-561. FUNCTIONS OF A COMPLEX VARIABLE. 3; 3 hrs. I, II.

Complex numbers, analytic functions, properties of elementary functions, integrals, series, residues and poles, conformal mapping.

PR: Mathematics 221.

MODERN LANGUAGES

Professors Dauer, Lieberman, Perl, Fors, J. Martin

Associate Professor Noble

French

535. 19TH CENTURY LITERATURE. 3 hrs.
The French romantic movement as exemplified in the poetry, drama, and the novel of the period.
PR: French 224 or equivalent.

Realistic and naturalistic fiction, realism in the theatre, and selected poems of Baudelaire, the Parnassians, and the Symbolists.
PR: French 224 or equivalent.
- 555-556. SPECIAL TOPICS. 2-4; 2-4 hrs.
A course for advanced students sufficiently prepared to do constructive work in phases of the language or literature of interest to them.
PR: Three hours of literature from courses numbered 327 or above and the consent of instructor.

German

- 507-508. GOETHE'S FAUST. 3; 3 hrs. I, II.
Reading of "Faust" parts I and II. A presentation of the Faust legend. Goethe's life and works as related to "Faust".
PR: Graduate standing.
- 582-583. SPECIAL TOPICS. 2-4; 2-4 hrs. I, II.
PR: Six hours of 300 courses in German literature and approval of the instructor and the department chairman.

Spanish

510. SPANISH LITERATURE FROM THE CID TO THE 17TH CENTURY. 3 hrs. II.
Readings, lectures, reports, and discussions in Spanish of significant literary works from the CID to the 17th Century.
PR: Spanish 204.
585. THE MODERNIST MOVEMENT. 3 hrs. S.
The precursors of the Modernist Movement, its chief exponents, and its influence on the literature of Spanish America and Spain. Readings, lectures, discussions, and reports in Spanish.
PR: Two courses in Spanish beyond 204, one of which must be a course in Spanish or Spanish American literature.
588. ADVANCED SYNTAX AND STYLISTICS. 3 hrs. S.
A detailed analysis of Spanish syntax and shades of meaning, with the writing of original compositions in Spanish to perfect the student's own style.
PR: Two courses in Spanish beyond 204.

590-591. SPECIAL TOPICS. 2-4; 2-4 hrs. I, II.

Independent research in selected areas of Spanish and Spanish American literature that are not available in other courses in the catalog. The student has the opportunity to become familiar with leading authorities and bibliographies. Conferences and reports in Spanish.

PR: Three hours of literature from courses numbered 320 or above and permission of the department chairman.

612. SPANISH AMERICAN POETRY BEFORE MODERNISM. 3 hrs.

620. SPANISH ROMANTICISM. 3 hrs.

681. THESIS. 1-6 hrs.

MUSIC

Professor Kingsbury

Associate Professors Creighton, Davidson, Drescher, Imperi,

Jones, Lanegger, O'Connell, Shepherd, Wolff

Assistant Professors Bass, Balshaw

Students must have received a bachelor's degree from a recognized institution with a major in music or the equivalent. A conference may be required with the chairman of the Music Department as a part of the admission procedure. At this conference the conditions of admission are defined.

604b. CHAMBER MUSIC LITERATURE. 2 hrs.

A survey of chamber music literature from the Baroque Era to the 20th Century. Analysis of form emphasized in the study of string quartet, trio, quintet, and various other combinations.

604c. SONG LITERATURE. 2 hrs.

The song literature of Germany, France, Italy, England, and America, as well as contemporary material from other countries; interpretation, song study, program building, and languages.

604d. CHORAL LITERATURE. 3 hrs.

A comprehensive study of choral composition beginning with sixteenth century, with special emphasis on music for school organizations.

Education

610. PHILOSOPHY OF MUSIC EDUCATION. 3 hrs.

Basic concepts of music education and their application to problems of music teaching, supervision, and administration.

611. PSYCHOLOGY OF MUSIC. 3 hrs.

A study of reactions to musical stimuli and the factors involved in the development of musical skills.

612. PROJECTS AND PROBLEMS IN MUSIC EDUCATION. 3 hrs.

Special problems and projects chosen by the student for investigation. Extensive study of a single problem or project in detail for use in schools.

613. TESTS AND MEASUREMENTS IN MUSIC. 3 hrs.

Principles and techniques of measurement in music.

614. THE TEACHING OF MUSIC APPRECIATION. 2 hrs.

Advanced methods and materials for teaching appreciation of music in grades 1-12.

615. BAND MANEUVERS AND PAGEANTRY. 2 hrs.

The marching band. The marching and musical problems which are encountered in training and operating a band for football games and other events involving marching and playing.

616. CURRICULUM CONSTRUCTION AND REVISION. 3 hrs.

Survey of recent developments in curriculum and their effect on music courses; consideration of various methods of determining and stating curriculum content. Preparation of a detailed course of study in a specific area of music education by each student.

617. SEMINAR IN MUSIC EDUCATION. 3 hrs.

An advanced study of basic concepts of current problems in music education.

618a. ADMINISTRATION OF INSTRUMENTAL MUSIC. 3 hrs.

The planning and operation of the instrumental program and the details of programming the work in a school system.

618b. ADMINISTRATION OF CHORAL MUSIC. 3 hrs.

Organization for tryouts and selection of members, rehearsal schedules, and all detailed arrangements for school, public, and radio rehearsals and concerts as well as other problems of rehearsals and performances.

619a. SEMINAR IN VOCAL PEDAGOGY. 2 hrs.

Problems in the teaching of voice production: diagnosis, breath control, resonance, diction, repertory, and interpretation. For teachers of voice, supervisors of school music, and choir directors.

619b. SEMINAR IN PIANO PEDAGOGY. 2 hrs.

A comparative study of several pedagogical methods and open discussions on various facets of piano teaching, including papers covering important phases of teaching as well as demonstrations in class and private teaching. Materials and repertoire included.

620a. INSTRUMENTAL WORKSHOP. 2 hrs.

Problems of the instrumental teacher at all levels; practical work in the techniques of handling beginning classes and ensembles of all types.

620b. CHORAL WORKSHOP. 2 hrs.

Review of available materials for high school and junior high school levels and actual performance of chosen selections to give each student opportunity at singing, conducting, and discussion; also music for church and radio.

625a. WOODWIND TECHNIQUES. 1 hr.

Advanced instrumental techniques courses designed to strengthen the student's playing-teaching knowledge of the various band and orchestra instruments, with the main emphasis on the teaching problems, including private lessons, class lessons, seminars, and a term paper on teaching problems. Not more than two semester hours on any one instrument nor more than a total of six in this area apply toward a degree.

625b. WOODWIND TECHNIQUES. 1 hr.

626a. BRASS TECHNIQUES 1 hr.

626b. BRASS TECHNIQUES. 1 hr.

627a. STRING TECHNIQUES 1 hr.

627b. STRING TECHNIQUES. 1 hr.
