TRADE IS EVERYWHERE

The League of Women Voters National Current Agenda Item reads: Support of U.S. economic policies which promote world development and maintain the strength of the American economy. Much time and effort have been devoted to the study of our foreign policy item as indicated by the choice of our speaker's topic for Council meeting.

In this connection, League members will be interested to know that CBS Reports will present a program on the Common Market on Channel 13, 10 PM, March 22. Jean Monet, often termed Father of the Common Market, is to be interviewed.

SCOTT LECTURE

An Invitation has been extended to the Huntington League of Women Voters Membership to attend the Scott Lecture of 1962 at Marshall University. The speaker is the distinguished Mark Twain scholar and author of numerous important books, Dr. Walter Blair, Professor of English at the University of Chicago. Further information as to time and place will be in the local newspaper.
