## First-generation website and directory

In an effort to provide additional support and resources for first-generation students, a new website has been created that will serve as a launch pad for both current and prospective first-gen students. The site is available at [www.marshall.edu/firstgen/](http://www.marshall.edu/firstgen/). One of the components of this site, will be a directory of first-gen faculty and staff.

This directory will include first-gen faculty and staff who request to be included. If you are a faculty or staff member from a family in which neither parent earned a bachelor's degree and would like to be included in our directory, please complete the [request form](#) to be added. The directory is managed by Student Support Services.

If you are unsure whether you're considered first-generation or if you have any questions about first-gen efforts at Marshall, please contact [firstintheherd@marshall.edu](mailto:firstintheherd@marshall.edu).
