THE PRESIDENT'S MESSAGE

May 31, 1957

To The Members of the Class of 1961:

We welcome you to Marshall. You are now one of us and we want you to enter enthusiastically into the friendly atmosphere of the campus.

You are indeed fortunate to be able to attend college. I believe that most of you have the qualities which will enable you to succeed here. Much depends upon your zeal to learn.

Colleges exist to help purposeful people improve themselves so that they render greater service and enjoy richer and fuller lives. College provides the opportunity to grow into maturity in a wholesome and stimulating environment. You must understand that the college cannot educate you. You must educate yourself by taking advantage of the many opportunities we provide.

Marshall is your college. Give it your loyalty, devotion and support. Make sure that every word and act of yours will bring credit and honor to your Alma Mater.

With all good wishes for success, I am

Sincerely yours,

STEWART H. SMITH
President

HISTORY

"YOUR COLLEGE"**Past, Present, Future**

Marshall College occupies twenty-five beautifully shaded acres near the center of Huntington, West Virginia's largest city.

Founded in 1837, it was first known as Marshall Academy, in honor of Chief Justice John Marshall. In 1858 the school became Marshall College and has been state-supported since 1867.

Today, Marshall College is a \$9,910,000 institution with seventeen buildings for classroom and dormitory use and sixty-two temporary units available for veterans' housing. Outdoor sports events are held in Fairfield Stadium and indoor sports take place in the Huntington Memorial Field House. Intramural events are played on the campus.

Three divisions are now maintained, each under a dean—the College of Arts and Sciences, the Teachers College, and the Graduate School—plus an Evening Program and a director of Field Services in charge of the college extension program and the off-campus workshops.

Marshall is accredited by the North Central Association of Colleges and Secondary Schools and the Association of Colleges for Teacher Education. The college is approved by the American Association of University Women. It is a member of the Association of American Colleges and the American Council on Education.

Thirty-one major fields are offered including three curricula for teaching and ten pre-professional programs. During the 1955-56 term, there were, in round numbers, 3,230 resident students from 46 counties, 14 states, and 5 foreign countries.

Looking to the future, Marshall is in the tenth year of an expansion program designed to accommodate 4,000 students. Two buildings, a science building and a women's dormitory, have been completed and plans for five additional structures needed for better service to the state are scheduled. The two oldest of the present buildings, Old Main and Northcott Hall, have been modernized. The Student Union has been doubled in size. Additional land is being acquired. A Physical Education and Health Building are under construction. Other buildings included in the expansion plans are a combination auditorium and gymnasium for the Laboratory School, a men's dormitory, a fine arts building and auditorium, and a garage and service building. The present physical education building will be remodeled for women students, and some remodeling is scheduled to improve library service in the Morrow Library. A campaign is underway to raise \$30,000 for a college chapel.

DAVE KIRK
President of Student Body

To The Class of 1961:

On behalf of the Student Body of Marshall College it is an honor for me to extend to the class of 1961 a big welcome.

As you start your college career, you find a new and great adventure that is different from all you have ever known. It contains

experiences and memories which will remain with you throughout life. Here at Marshall we are noted for our close association and friendly attitude among students, faculty and administration. The student body is proud of this accomplishment and I know as you begin to feel this attitude among the students you too, will be proud to be a part of Marshall College.

While attending Marshall College, no doubt you will have many contacts with the student government. In student government we attempt to emphasize the development of the four main aspects of life. These are physical, social, mental and religious. We help develop the physical by backing intramural and varsity athletics, develop the social by sponsoring several dances and functions throughout the year; we develop the mental by impressing on the students that first they are here to get an education in order that they may support themselves in future years; and lastly we help develop the religious by sponsoring Life Planning Week and we stand behind the building of the new student Chapel for students of all faiths to worship. We emphasize these points because we feel that they are the aspects which fully develop the character and personality of each individual and it can be best accomplished as a student in Marshall College. We want you to remember these aspects that the Student Government attempts to develop. We want you to know that this is your Student Government and we ask each student to take an active part in it.

We are happy to have you as a part of the Marshall College Student Body and wish you all the success and happiness in your college career.

Sincerely yours,
DAVE KIRK
Student Body President

YOUR STUDENT GOVERNMENT

The purpose of student government is to provide an instrument which will make it possible for all students to have a voice in any program which would make Marshall a better college. Student government belongs to you and to me. It is constructed to represent democratically all members of the Student Body. It is designed to reflect student opinion, and to crystallize and make effective any constructive program. It encourages initiative and civic development; it trains for intelligent citizenship.

But its success and vitality depend upon your participation. Ultimately, it is just what you make it. It belongs to you.

Senate meetings are held regularly in the office of the Student Government each week. Any student has the privilege, and is invited, to attend.

Many activities of the campus are sponsored by the Student Government. Some of these are: Homecoming, Life Planning Week, Parent's Week-End, Leadership Camp, and the Junior-Senior Prom. The Student Government maintains general supervision over all student activities such as the Cheerleaders, THE CHIEF JUSTICE, etc.

Student Government at Marshall is evolving. In addition to regular activities, the new Student Government Office was established and equipped as permanent central headquarters. A new constitution, which involves greater student participation in the administration of the College, was drafted, approved, and effectuated. Be sure to read your copy so that you may better understand, and more effectively participate in your Student Government.

SPECIFIC GRADUATION REQUIREMENTS**Teachers College**

1. 128 hours and at least 256 quality points.
2. 45 hours in 300-499 courses.
3. Two teaching fields with a 2.0 average in each field.
4. 2.0 average in courses in education.
5. 2.0 average in Student Teaching.

College of Arts and Sciences

1. 128 hours and at least 256 quality points.
2. 48 hours in the 300-499 courses.
3. 26 hours in a major subject with a 2.0 average.
4. 12 hours in a minor subject.

CLASSIFICATION OF STUDENTS

Students are classified according to the number of semester hours of college work which they have completed.

SENIORS—Students with 90 hours or more.

JUNIORS—Students who have completed 58 hours and less than 90 hours.

SOPHOMORES—Students who have completed 26 hours and less than 58 hours.

FRESHMEN—Students who have completed the high school or secondary course and less than 26 hours.

NUMBERING OF COURSES

- 1-99, sub-college courses and do not carry credits.
- 100-199, primarily for freshmen, but open to sophomores, unless otherwise specified.
- 200-299, primarily for sophomores, but open to juniors and seniors unless otherwise specified.
- 300-499, for juniors and seniors unless otherwise specified and are open to sophomores only upon special permission.
- 500-599, graduate students only.

ASSIGNMENTS AND CREDITS

1. **DEFINITION OF A SEMESTER LOAD**—Sixteen (16) semester hours constitutes a normal semester schedule. However, additional hours may be taken with permission of the academic dean.
2. **CHANGE OF SCHEDULE**—i. e., adding courses, dropping courses, changing class hours or days, changing instructors, etc. These and similar changes will not be permitted after the student has registered for the semester except by permission of an academic dean.
3. **FULL TIME STUDENT DEFINED**—A student carrying at least twelve (12) semester hours.

THE DEAN'S LIST

Those students who are registered for twelve or more hours and who at the end of the semester receive grades averaging B or above are considered honor students and a list of such students constitutes what is known as the Dean's List.

SEMESTER HOURS

A semester hour is the credit received for taking a subject one hour per week for one semester of 18 weeks.

GRADING SYSTEM

- A, Honor (given only to students of superior ability and performance.)
- B, Good (ability and performance distinctly above the average in quality.)
- C, Average (ability and performance of average quality.)

- D, Lowest passing grade (poor quality)
- F, Failure (signifies entirely unsatisfactory work. Course must be repeated if credit is to be received.)
- FIW, Failure because of irregular withdrawal.
- W, Withdrawals during the first calendar month after the date of the first class meeting in the semester.
- WP, Withdrawal Passing, Withdrawal later than the first calendar month after the date of the first class meeting in the semester. Shows the status of the student's work up to the official withdrawal date (not the last day of class attendance) unless otherwise directed by the academic dean.
- WF, Withdrawal Failing. See explanation under WP above.

QUALITY POINTS

Marshall uses the four point system with the quality point average being computed on all work for which the student has registered, except for courses with grades of W and WP. Following are the quality point values per semester hour of credit:

A—4	D—1
B—3	F—0
C—2	WF—0
	FIW—0

A total of 256 quality points are necessary for graduation which is in effect a C average. (128 semester hours times two quality points equals 256 quality points.)

CHEATING

1. Definition of cheating—The giving or receiving of help during examinations.
2. When an instructor observes evidence of cheating on the part of a student, he shall submit the facts to the Dean of the College in which that student is enrolled. If the evidence indicates guilt on the part of the student, and if this is a first reported offense, the following procedure will be followed:
 - a. The student will be given a grade of "F" in, and will be expelled from, the course in which the cheating occurred;
 - b. The student will be placed on academic probation at the end of the semester during which the violation occurred;
 - c. For the remainder of the semester during which the violation occurred, and for the duration of his academic probation which was the consequence of that violation, the student will be denied the privilege of participation in all social and athletic activities which are under the jurisdiction of the college;
 - d. The advisor of the student will be notified of the action taken;
 - e. A dated report on the offense and the actions taken will be placed in the Student's Central File folder; (It is assumed that this record will be available only to qualified persons and that it will be used in ways which might be helpful to the student, it is not intended to attach permanent stigma to the student. Such a record appears to be neces-

sary in view of the possibility of a further violation by the same student.)

- f. Provision shall be made by the Dean for such counseling as may be of benefit to the student.
3. In the case of a second offense on the part of a student, he will be expelled from the college.

BULLETIN BOARDS

Bulletin boards are maintained for official and semi-official notices of the administration and student organizations. The board near the auditorium is posted by the College Secretary. The long board facing the offices of the Social Deans is under the jurisdiction of the Dean of Men. Boards are posted beside the doors of the College of Arts and Sciences and the Teachers Colleges. These are usually for the listing of the honor students, or "Dean's List," for the schedule of examinations, and for the listing of your counselor. A board is located beside the Social Dean's door for the listing of available jobs, notices of items for sale, etc. In all cases, before information can be posted on any of these boards the office or department concerned must be notified and permission secured. It's also a good idea for you to check these boards from time to time. They may concern you.

PAYMENT OF FEES

Personal checks are accepted in the Cashier's Office for the EXACT AMOUNT of fees payable to the college. These checks should be made payable to MARSHALL COLLEGE. The college is not permitted, under regula-

tions of the State Board of Education, to cash any personal checks other than for payment of fees. If you wish to maintain a checking account for personal expenses, it is easier to have checks cashed if you establish an account with a local bank. In any case, there is a considerable amount of difficulty involved in cashing personal checks.

LOCKERS

Lockers for personal articles are available on the second floor and basement of Old Main and the Science Building. These lockers may be rented by the semester from the Office of the Comptroller, M. 103. The only charge is a small fee for the use of the key. In some instances, students have placed their own locks on lockers without permission. These locks are, of course, broken off.

FINANCIAL AID

Three forms of financial aid are available to students to assist in securing their education. Part-time jobs are open in many of the departments on campus for student assistants. A listing of part-time jobs downtown and with members of the faculty are maintained in the office of the Dean of Men. Employment cards are available in this office and if you are interested fill in a card so your name can be kept on file for possible openings. If at all possible, first semester freshmen should delay such employment until they have completed one semester.

The two other forms of financial aid are the loans and scholarship funds maintained by various organizations and individuals. Over \$8,000 is available in these funds. Application may be made to the Registrar or the Social

Deans. Loans are made on a short-term basis and the student must sign a promissory note. Letters of recommendation and a co-signer are usually necessary to secure a loan. There is a service charge of 25c on each loan.

Records are kept with the Social Deans of all debts incurred by students, both on and off campus, which have been reported as unpaid. These remain a part of your permanent personnel folder. In considering letters of recommendation for graduating seniors, these folders are referred to and note is made of such bad debts.

STUDENT INDEBTEDNESS

"A student who is indebted to the college may not preregister, be graduated, or receive a transcript of credits or a statement of good standing until the debt is paid in full".

CHANGE OF ADDRESS

Each time you find it necessary to change your local or home address, notify the Social Deans, Registrar, and College Secretary as soon as possible. You should be sure to list a phone if one is available. Many times students who are needed immediately cannot be located because they have neglected to change their addresses.

LOST AND FOUND

If you aspire to be an absent-minded professor one day and are developing the traits in school, the lost and found department may save you much time and worry. Check with them as soon as you lose anything. It usually turns up. This is another function of the Social Deans and is handled in their office.

BOOKSTORE

Marshall's Bookstore is located in the basement of Old Main with an outside entrance on the south side of the building. All necessary books and supplies can be purchased there.

POSTOFFICE

A subdivision of the downtown post office is located on Third Avenue and 20th Street, two blocks east of campus. It's the most convenient place to mail packages. Packages will be accepted in the Bookstore if they have the correct amount of postage on them.

FOOD SERVICE

If you live in one of the campus dormitories you are required to eat your meals in the College Cafeteria. Meal books are on sale in the Cashier's Office in Old Main and are used for half a semester each. You may pay the full amount for the semester or one half at time of registration and the last half on November 14. The cafeteria hours are: Weekdays—Breakfast 7-9; Lunch, 11-1:30; Dinner, 5-6:30. Saturday—Lunch, 11-12. Sunday—Breakfast, 8:30-9:30; Dinner, 12:00-1:00. No supper on Sunday.

Most students who don't eat at the cafeteria find time to grab a snack at the fountain in the Student Union. It excels in good atmosphere and good food. The Student Union is open from 8:30 a.m. to 9:00 p. m. on weekdays. Saturday from 10:00 a. m. until 2:00 p. m. The Union is closed on Sunday.

ANSWERS

Since you should, by now, have loads of questions running through your head, here

are some tips on where to find the answers. If it's one that strictly concerns your courses, grades, hours and instructors drop in at the office of the dean of your college—which would be either Arts and Sciences or Teachers College. You will be assigned a member of the faculty as your counselor who will assist in planning your course of instruction.

Now for the questions of a personal or social nature. That's the main job of the Dean of Women and the Dean of Men. If you're in doubt as to whether your problem or question is in their field, go see them anyhow. It isn't hard to get an appointment and most of the time you can just walk right in.

And for those general thoughts that may be still lingering in your mind about college history, regulations, programs, and any number of others, the College Secretary is the one to see. Her office is located in Old Main 107 with hours from 8:30 until 4:30. Incidentally, that's time that all the administrative offices are open.

VETERANS

For veterans attending Marshall College advisement and counseling services are available within the offices of the Registrar. This office keeps a close check on class attendance, grades, entitlement and makes all official contacts with the Veterans Administration offices located within the city.

In order to qualify for the maximum benefit under Public Law 550 (Korean G. I. Bill) a veteran must carry a minimum of 14 semester hours of college work each semester. All Korean veterans must report to this office at least once each month to

sign statement of attendance to be forwarded to the Veterans Administration or monthly subsistence payments will not be made.

All veterans are urged to keep in close touch with the Registrar's office concerning problems of subsistence payments, change of address, change of dependencies, class load and attendance in classes.

TRAFFIC REGULATIONS

Marshall College has limited parking facilities which necessitate the use of traffic regulations and parking permits. Your cooperation in complying with the following rules will enable the college to derive maximum benefits from available space.

1. Parking will not be allowed at any time by any person operating a motor vehicle on the campus road from the Student Union to Sixteenth Street, the circle by College Hall, service drives, drives marked "fire lane," grassed areas, or in any restricted areas on the campus where parking is not allowed. College employed personnel and students may stop on drives (not to exceed 3 minutes) to receive or discharge passengers. Faculty may stop at Bookstore (not to exceed 3 minutes) to pick up mail.
2. All persons operating vehicles on the campus, no matter what their status, are required to obey all directive signs placed on the campus drives, service and parking areas.
3. Fast or reckless driving on the campus or in the parking lots will not be permitted.

4. At intersections where stop signs are located, all vehicles must be brought to a complete stop.
5. Parking in service drives is limited to service vehicles and emergency apparatus.
6. The parking area (ramp) south of Old Main is reserved at all times for college service vehicles, disabled faculty or staff members, and college guests.
7. Faculty and administration will be issued parking permits from the Office of the Business Manager in Room 103 Main Building. Permit stickers are to be displayed on the rear window of the permit holders' motor vehicles.
8. Permit holders may park their vehicles in any space designated for parking on the rear and east side of the Science Building except those spaces marked for special purposes. Only those cars bearing parking permits may enter the parking area. All parking on college property is at the owner's risk.
9. Visitors' vehicles on the campus are accorded all privileges granted under regular parking and operating permits.
10. The Science Building parking lot will open at 7 a. m. and close at 11 p. m. daily except Sundays and holidays. Cars without permit stickers may use this parking area between the hours of 7 p. m. and 11 p. m.
11. Overnight parking in any college parking lot will be by special permit issued in the Office of the Dean of Men or Building and Grounds.

12. No student will receive special parking privileges by virtue of any office he may hold, because of any extracurricular activity in which he may be engaged or because of any status he may enjoy as a student.
13. Traffic Infringements
 - a. Parking in prohibited space.
 - b. Improper parking in permissible areas.
 - c. Parking in Fire Lane.
 - d. Driving on driveways wrong way.
 - e. Parking or blocking driveway.
 - f. No parking lot permit.
 - g. Failure to observe traffic sign.
14. The violation ticket directs offenders to appear in the Office of the Dean of Men, 110 Main Building, within twenty-four (24) hours after issuance of a traffic violation charge between the hours of 8 a.m. and 12 noon or 1 p.m. to 4 p.m. week days; Saturday from 9 a.m. to 12 noon. Failure to report within the specified period will constitute an additional violation and may result in disciplinary action.
15. Penalties
 - 1st violation—Warning
 - 2nd violation—appear before the traffic Committee.
 - 3rd violation—will be referred to the Cabinet for disposition and this could result in suspension from school.
16. These enumerated regulations will not be regarded as exclusive. The college reserves the right to revoke any permit or to discipline any person for participation in or connivance in any form of violation of the letter or spirit of these

regulations and to take such disciplinary action in all cases as the circumstances justly warrant.
(Action of the Traffic Committee, 1956.)

ENTERTAINMENT IN THE CITY

Local entertainment will naturally vary with the individual. Huntington can be proud of the wide range of activities that are concentrated within the tri-state area.

Fourth Avenue is the Main street of the city and the theatre area is located about seven blocks west of campus. Four theaters are in this section on Fourth Avenue. There are also several local and drive-in theaters in Huntington.

Horseback riding, golf, swimming, strolling in the park, bowling, car rentals, airplane trips, and boating are all available.

To find your way around, just remember, the avenues run east to west and are numbered beginning at the river. The streets run north to south and are numbered in both directions from First street, which is fifteen blocks west of the campus.

Our own social calendar is published in the **Parthenon**, the school paper. It comes out at noon on Wednesdays and Fridays.

MARSHALL SPORTS

The Athletic program of Marshall College includes football, basketball, cross country, baseball, track, tennis, golf, and wrestling. All students on the campus are encouraged to participate in intercollegiate athletics. Marshall College is a member of the National Collegiate Athletic Association and the Mid-American Conference including Ohio University, Kent State, Miami, Bowling Green, Toledo, and Western Michigan.

A full schedule of competition is played with the Mid-American schools in football, basketball, and baseball. As many Conference schools as possible are also scheduled in tennis, golf, track, and wrestling. The intercollegiate program is broad enough so that any student can have the opportunity to exercise whatever athletic ability in some sport against high class opponents. Freshmen are not eligible for varsity, but freshman teams are fielded in most sports.

FOOTBALL

Head coach Herb Royer, in his fifth season, hopes his rebuilding program will begin to assert itself this year. Making up one of Marshall's most difficult schedules are all of the Mid-American schools along with West Virginia State, Morehead, and Xavier University. Coach Royer will be assisted by Bill Hillen, Forrest Underwood, Bill Chambers, and Ed Prelaz. The home games will be played at Fairfield Stadium.

With three regulars from the 1957 team and the Freshman coming up, the 1957-58 basketball prospects look very good. Some height, which was lacking last year is available from the Freshman team. Marshall, runner-up to Mid-American champs Miami last year, will be out to repeat their 1956 success. All home games will be played at Memorial Field House which is located at 5th Avenue and 26th Street.

BASEBALL

Baseball in the Mid-American Conference is a full schedule sport and Marshall strives to rank with the best in the Conference. Ten games with Conference teams and an anticipated twenty game schedule will give student baseball fans a chance to play in or see good baseball each week. All home games are played at the International Nickel Baseball Park. Anyone who has played baseball in high school, or the equivalent, is encouraged by Coach Bill Chambers to come out and participate.

WRESTLING

Wrestling began from scratch four years ago. It is still in infancy, but growing very quickly as the increase in the number of matches indicates. Wrestling affords the student who is not big enough for football or basketball a chance to engage in a fine competitive sport as the weight classes start at 125 pounds. Students in the lighter weights are especially encouraged to come out for the team, coached by Ed Prelaz.

TRACK AND FIELD

The Marshall track team, in its fourth year in a rebuilding program, has several victories to its credit. Broader schedules are anticipated in the years to come, and prospects are good from the freshmen coming up. Since the team is still in the process of rebuilding, there are plenty of opportunities for the student with speed or skill to participate on a varsity or freshman team. Home track meets are held at Fairfield Stadium and are coached by Forrest Underwood.

TENNIS

The varsity tennis team under Coach Lanny Brisbin's direction will again undertake one of the most difficult schedules ever played by a Marshall College team. Losses through graduation and leaving school hindered last year's team but prospects are brighter for the coming year. Coach Brisbin would like to have anyone with tennis experience try for the team. Practice and matches are played on the campus courts.

GOLF

Golf at Marshall College has been improving the last few years under Coach Neal Wilson's direction. Last year Marshall was runner-up for the Mid-American conference championship, losing to Ohio University by one point. All home matches and practices are held at the Guyan Country Club.

CROSS COUNTRY

Cross Country running is a fall sport which gives boys who like to run, a chance to compete. The cross country team will be

under the direction of Jule Rivlin, who will be ably assisted by Coach "Swede" Gullickson.

INTRAMURAL ATHLETICS

Do you like to participate in sports? You'll get all you want at Marshall for the school has as complete an intramural program as any college. There is something for everyone no matter what his taste may be. Last year there were 74 different activities in the intramural sports program making it the most comprehensive program of any college in the nation.

The men's intramural program, directed by capable Otto "Swede" Gullickson, includes just about every sport that could possibly be arranged—touch football, basketball, softball, swimming, tennis, volleyball, handball, ping pong, badminton, and scores of minor sports on down to checkers, bridge, canasta, chess, etc.

You might think that with so much going on things might apt to become a bit confusing, but actually the program is run off very smoothly. Mr. Gullickson, with the aid of the Intramural Board, does a great job with a really difficult task.

The girls get their chance too. Although their activities don't range quite so widely as do the men's, there is plenty for the athletically minded lassie to do. The Woman's Athletic Association keeps things running on an even keel, and does a grand job of it.
