This catalog will next be issued in printed form for the fall semester of 2011. However, revisions in catalog content will be made in intervening semesters and will be published each semester on the university’s World Wide Web site (www.marshall.edu). Each semester’s catalog, as found on the web site, will be the catalog of record for students admitted to degree programs for that semester.

Susan Tams, M.B.A., Ed.S.
Editor
Huntington and South Charleston, West Virginia

Marshall University is accredited as an institution of higher learning by:

About Marshall University

Toll-Free Numbers and World Wide Web Sites

The Graduate Admissions Office has a toll-free telephone number for use by students anywhere in West Virginia. Complete information about Admissions and the Graduate College is available below:

Toll-free telephone number: 1-800-642-9842 (Graduate Admissions Office, South Charleston)

World Wide Web site: www.marshall.edu/graduate
The Marshall University Graduate Catalog fulfills two primary functions:

1. The rules and regulations, policies and procedures of the University, its divisions and its governing body, all of which apply to all students, are contained in this document. These rules apply during the publication period of the document and are subject to change during that year upon recommendation of the various divisions and approval of the president or governing body of the University.

2. The Catalog contains the specific requirements for all degrees and certificates awarded by the University. These are normally in effect for a period of ten consecutive years for undergraduate degrees and certificates and seven consecutive years for graduate degrees and certificates. Students are cautioned that programs leading to licensure may be altered by the outside licensing agency and are not subject to this provision.

CATALOG OF RECORD AND DEGREE REQUIREMENTS

The online version is the official Graduate Catalog of Marshall University. It is updated semi-annually. The online catalog that is current for the semester or term during which you are admitted to your graduate degree program is the catalog that applies to you as your “catalog of record.” To ensure that you are meeting the requirements that apply to you, please consult the online Graduate Catalog in effect for the semester or term you are admitted to your degree program.

When Graduate College or degree program requirements are changed after you begin a course of study, with the approval of your advisor, you shall have the option of fulfilling either the old or the new requirements. If you elect to fulfill the old requirement but find that necessary resources (e.g., courses, instruction in particular skills) are no longer available, you may make reasonable substitutes with the approval of your advisor and the appropriate graduate dean. In the event you have not completed the requirements for a graduate degree seven years after the effective date of a change in degree requirements, the new requirements shall apply unless determined otherwise by the advisor and the appropriate academic dean.

STUDENT RESPONSIBILITY

Graduate students accept responsibility to remain current and informed on all regulations, policies, and procedures of their academic program and of the University.

The provisions of this catalog do not constitute a contract, expressed or implied, between any applicant or student and Marshall University. The University reserves the right to change any of the provisions, schedules, programs, courses, rules, regulations, or fees whenever University authorities deem it expedient to do so.
Dr. Stephen J. Kopp, President

Marshall University encourages individual growth by offering programs and instruction in attainment of scholarship, acquisition of skills, and development of personality. The university provides students with opportunities to understand and to make contributions to the culture in which they live; to develop and maintain physical health; to participate in democratic processes; to learn worthwhile moral, social, and economic values; to develop intellectual curiosity and the desire to continue personal growth; and to share in a varied cultural program. Professional, technical, and industrial career studies are available through the various departments of the university.

Marshall also recognizes an obligation to the state and community by offering evening, off-campus, and Internet classes, lectures, musical programs, conferences, forums, and other campus and field activities.

MISSION OF THE UNIVERSITY

Marshall University is a multi-campus public university providing innovative undergraduate and graduate education that contributes to the development of society and the individual. The University actively facilitates learning through the preservation, discovery, synthesis, and dissemination of knowledge.

Marshall University will
- provide affordable, high quality undergraduate and graduate education appropriate for the state and the region;
- provide services and resources to promote student learning, retention, and academic success;
- foster faculty, staff, and student outreach through service activities; provide a safe and secure employee work environment; make instruction available throughout Marshall’s service area using all appropriate modes of delivery;
- enhance the quality of health care in the region;
- promote economic development through research, collaboration, and technological innovations;
- educate a citizenry capable of living and working effectively in a global environment;
- support and strengthen the faculty, staff, student, and administrative governance structures in order to promote shared governance of the institution;
- further the intellectual, artistic, and cultural life of the community and region; and
- adhere to the Marshall University Creed and to the Statement of Ethics.

Marshall University faculty will
- remain current in their fields of expertise and incorporate that expertise in the educational process as appropriate;
- improve instruction through the use of innovative teaching methods that require students to become actively involved in the learning process and develop the critical thinking skills necessary for lifelong learning;
- contribute to the body of knowledge through completion of scholarly and creative activities;
- actively engage and mentor students in scholarly, artistic, and creative endeavors;
- help students develop the ability to navigate through a rapidly changing society; and
- regularly review the curriculum, degree, and programs offered, and recommend necessary additions and deletions to meet changing needs of the state and region.

Marshall University staff will
- support the mission of the University in their transactions with students, staff, faculty, administrators, and the public;
- develop a positive, just, and equitable workplace; and
- be a quality workforce equipped with appropriate skills and knowledge.

(continued)
Marshall University students will have the opportunity to

- use their knowledge, creativity, and critical thinking skills to make their communities better places in which to live;
- examine critically the many issues facing society and, through the process of civil discourse, prepare themselves to become socially responsible individuals who contribute to the betterment of society;
- appreciate and to cultivate diversity, and to value differences;
- participate in activities such as artistic and cultural programs, social and residential life activities, and intercollegiate/intramural athletic teams; and
- undertake intensive graduate-level education in their chosen fields upon admission to graduate school, giving them solid foundations for becoming competent professionals.

Marshall University administration will

- actively seek resources to support the mission and goals of the institution as stated in this document;
- secure funding to support scholarship, artistic, and creative endeavors, faculty and staff development, and state-of-the-art classrooms;
- provide leadership to facilitate the institution’s achievement of its mission and vision;
- administer the policies of the university in a fair, ethical, and equitable manner;
- communicate the vision, mission, goals, achievements, and difficulties of the institution in a clear, effective, and forthright manner to both internal and external constituencies; and
- actively support shared governance of the institution.

VISION STATEMENT

Marshall University, an exemplar of excellence in teaching and learning, will continue to place its highest priority on providing outstanding undergraduate and graduate education, resulting in national recognition in academics and in scholarly, artistic, and creative achievement. Marshall’s students will graduate well prepared for the responsibilities of life within a culturally diverse and globally interdependent society. Marshall will address the changing needs of the state and region and will return to the community and state an outstanding value for the resources invested in the university.

ACCREDITATIONS

- Higher Learning Commission of the North Central Association of Colleges and Schools (30 North LaSalle Street, Suite 2400, Chicago, IL 60602; toll-free 1-800-621-7440, www.ncalahigherlearningcommission.org) accredits Marshall University as an institution of higher learning.
- Accreditation Board for Engineering Technology accredits the Engineering Technology program.
- Accreditation Council for Continuing Medical Education accredits the School of Medicine’s Continuing Medical Education program.
- Accreditation Council for Graduate Medical Education accredits the School of Medicine’s Residency Programs in Internal Medicine, Pathology, Transitional Year, Surgery, Pediatrics, Family Practice and Obstetrics/Gynecology.
- AACSB International - The Association to Advance Collegiate Schools of Business accredits the Elizabeth McDowell Lewis College of Business.
- AACSB International – The Association to Advance Collegiate Schools of Business accredits accounting degree programs of the Elizabeth McDowell Lewis College of Business.
- American Chemical Society accredits the Department of Chemistry.
- American Psychological Association accredits Doctor of Psychology degree program.
- Accrediting Council on Education in Journalism and Mass Communication (University of Kansas School of Journalism, Stauffer-Flint Hall, Lawrence, KS 66045; telephone 913-864-3986) accredits the W. Page Pitt School of Journalism & Mass Communications.
- Commission on Accreditation of Allied Health Education Programs (35 East Wacker Drive, Suite 1970, Chicago, IL 60610; telephone 312-553-9355) accredits the Athletic Trainer program.
- Council on Academic Accreditation of the American Speech-Language-Hearing Association (10801 Rockville Pike, Rockville, MD; telephone 301-897-5700) accredits the Communication Disorders graduate program.
- Liaison Committee on Medical Education of the American Medical Association and the Association of American Medical Colleges (515 North State Street, Chicago, IL 60610; telephone 312-464-4657) accredits the School of Medicine.
- National Association of Schools of Music (11250 Roger Bacon Drive, Reston, VA 22090; 703-437-0700) accredits the Department of Music.
- National Council for Accreditation of Teacher Education and the West Virginia State Department of Education accredit the teacher education program.
- National League for Nursing Accreditation Commission (3343 Peachtree Road NE, Suite 500 Atlanta, GA 30326; phone 404-975-5000; fax 404-975-5020) accredits programs for the Associate in Science in Nursing, the Bachelor of Science in Nursing and the Master of Science in Nursing.
• National Recreation and Park Association and the American Alliance of Leisure and Recreation accredit the Recreation and Park Resources program.
• World Safety Organization accredits undergraduate and graduate programs in Safety Technology.

APPROVALS
• American Association of University Women approves Marshall University.
• Federal Immigration and Nationality Act approves Marshall University for attendance of nonimmigrant international students.

• Teacher Education Council of State Colleges & Universities

HISTORY
Marshall University traces its origin to 1837, when residents of the community of Guyandotte and the farming country nearby decided their youngsters needed a school that would be in session more than three months a year. Tradition has it that they met at the home of lawyer John Laidley, planned their school, and named it Marshall Academy in honor of Laidley’s friend, the late Chief Justice John Marshall. At the spot called Maple Grove they chose one and one-quarter acres of land on which stood a small log building known as Mount Hebron Church. It had been the site of a three-month subscription school and remained that for another term. Eventually $40 was paid for the site.

On March 30, 1838, the Virginia General Assembly formally incorporated Marshall Academy. Its first full term was conducted in 1838-39. For decades the fledgling school faced serious problems, most of them financial. The Civil War forced it to close for several years, but in 1867 the West Virginia Legislature renewed its vitality by creating the State Normal School at Marshall College to train teachers. This eased Marshall’s problems somewhat, but it was not until the tenure of President Lawrence J. Corbly during 1896-1915 that the college began its real growth.

In 1907, enrollment exceeded 1,000. Since then Marshall’s expansion has been consistent and sometimes spectacular. The College of Education, first called Teachers College, was organized in 1920 and the first college degree was awarded in 1921. The College of Education was expanded in 1997 to include Professional Development; its name then changed to the College of Education and Human Services. The College of Arts and Sciences was formed in 1924, The College of Applied Science came into being in 1960; the School of Business was formed in 1969. These were merged into the College of Business and Applied Science in 1972. The School of Medicine and Associated Health Professions was established in 1974, which became the Joan C. Edwards School of Medicine in 2000. The Community College was organized in 1975 and became the Community and Technical College in 1991. In 2003, the Marshall Community and Technical College became an administratively linked, separately accredited institution. Effective July 1, 2008, the Community and Technical College became a separate institution.

The College of Science was authorized by the Board of Regents in 1976. In 1977, the Board approved a change of name for the College of Arts and Sciences to the College of Liberal Arts, and for the College of Business and Applied Science to the College of Business which became the Elizabeth McDowell Lewis College of Business in 1996. In 1978, the School of Nursing was established as a separate entity and in 1998 was renamed the College of Nursing and Health Professions and again in 2004 became the College of Health Professions. The W. Page Pitt School of Journalism and Mass Communications
About Marshall University

Marshall University was recognized as an independent school in 1998. The College of Fine Arts was established in 1984. In 1999, the College of Information Technology and Engineering was established. Marshall was granted university status in 1961.

A significant number of non-credit courses are offered through the Robert C. Byrd Institute and Professional Development programs. Marshall has taken the lead in delivering courses to off-campus sites throughout the state, nation, and world via distance learning with online courses. Since the formation of the West Virginia Board of Regents in 1969, then under the University of West Virginia Board of Trustees in 1988, and now the Higher Education Policy Commission, Marshall has progressed as an urban-oriented university with regional centers and a statewide mission. As a result of state system support, and because of its own active leadership and its location in the thriving Tri-State area, Marshall is a university with excellent prospects for future development.

Graduate Education

In October, 1938, the West Virginia Board of Education authorized Marshall University to conduct graduate instruction leading to the Master of Arts and the Master of Science degrees. Graduate work was first offered during the summer session of 1939, and the first master’s degrees were conferred at the commencement of 1940. The Graduate School on the Huntington campus was organized in 1948. The first Ph.D. degree was conferred in 1992 in Biomedical Sciences.

Graduate education on the South Charleston Campus was born in 1958 when West Virginia University was authorized by the Legislature to establish the Kanawha Valley Graduate Center, which began offering courses in chemistry and chemical, mechanical and civil engineering in 1958-59. In July 1972, the Legislature established the college as a separate entity, the West Virginia College of Graduate Studies (COGS). Two years later, the Board of Regents further defined its mission by specifying geographical areas of responsibility, designating COGS to serve 16 counties of central and southern West Virginia with graduate programs—an area containing about 39 percent of the state’s population. On July 1, 1989, a restructured University System of West Virginia was implemented and COGS became the University of West Virginia College of Graduate Studies. With the advent of a new statewide mission approved by the Board of Trustees in 1991, the name was modified in March 1992 to West Virginia Graduate College.

On July 1, 1997, the West Virginia State Legislature authorized a merger of Marshall University and the West Virginia Graduate College, providing a new campus for Marshall University in South Charleston. Since 1997, MUGC was headquartered in two buildings on the South Charleston campus, providing an array of degree and professional development programs, continuing education opportunities and services designed to address the needs of the adult learner. Today the South Charleston campus is the location for the Graduate School of Education and Professional Development, the graduate Humanities and Psychology M.A. program of the College of Liberal Arts, graduate programs of the Lewis College of Business and of the College of Information Technology and Engineering.
Over the past seven decades the Marshall University Graduate College has provided graduate education to tens of thousands of students and has contributed to the economic and cultural life of the state, region, and nation. The Graduate College is ranked 17th among public universities in the South by U.S. News & World Report, 2009.

At Marshall University, the 270 faculty who hold graduate faculty status offer a broad range of courses in many different disciplines. Students may choose from forty-six master’s programs, four doctoral programs, two Education Specialist degrees, and thirty certificate programs plus an array of professional and professional development courses.

Graduate education is offered on the Huntington campus, the South Charleston campus, throughout the state and region, in Bangalore, India, and online world-wide. Some programs offer courses on either the Huntington or South Charleston campus. Some programs offer courses on both campuses and students may complete those programs, start to finish, at the campus location of their choice. Graduate courses may also be offered through Marshall University's regional center locations in Teays Valley, Point Pleasant, or Beckley.

The Huntington campus encompasses 90 acres in its urban setting. The Medical School is located several blocks to the south. This campus is 126 miles east of Lexington, Kentucky, and 50 miles west of Charleston, West Virginia.

The South Charleston campus is located 50 miles to the east of the campus in Huntington, and covers about 29 acres in South Charleston, West Virginia. There are two buildings at the South Charleston campus. The Administration Building houses the Graduate Admissions Office, the Graduate School of Education and Professional Development, a bookstore, classrooms, computer labs, and faculty and staff offices. The Robert C. Byrd Academic and Technology Center houses the Library as well as classrooms.

**MISSION OF THE GRADUATE COLLEGE**

The graduate mission of Marshall University is to provide quality educational opportunities at times and places convenient to students, employing alternative delivery systems and rich learning resources. The institution promotes excellence in instruction, research and public service in the interest of enhancing the intellectual, professional, and personal growth of students, faculty, and staff. Throughout the state Marshall University offers masters' degrees, post-masters' programs, doctoral degrees and professional development options according to needs and with a minimum of duplication.

In support of its graduate mission, Marshall University values
- excellence in teaching and advising;
- support services for students;
- the expansion of knowledge through research and inquiry;
- an interactive and collaborative relationship with the community;
- open access to quality educational opportunities;
- lifelong learning;
- cultural diversity;
- the continuous review of our programs and administrative processes;
- innovation and efficiency in the use of resources; and
- personal and institutional accountability.

To fulfill its graduate mission, Marshall University supports the commitment of institutional resources to ensure
- quality in existing graduate programs;
- adequate library resources for meeting accreditation requirements, electronic library needs and program initiatives;
- access to graduate programs within the state, region and nation;
- promotion of technological delivery of courses and programs;
- development of new graduate programs at the master’s, post-master’s, and doctoral levels according to need;

(continued)
• recruitment and retention of a strong and diverse graduate faculty;
• recruitment and retention of a strong and diverse graduate student population; and
• development of student life initiatives appropriate for graduate students.

THE GRADUATE COUNCIL

The primary responsibility of the Graduate Council is to make policy recommendations with respect to the graduate education mission of the university to the university president. Specific functions include the facilitation of long range planning for graduate education at Marshall University, the recommendation of new programs and courses, the evaluation of existing programs and courses, the facilitation of graduate accreditation, the recommendation of promotion and tenure policies related to graduate education, and the recommendation of approval of graduate faculty to the university president.

THE GRADUATE FACULTY

There are currently 270 faculty who hold graduate faculty status and offer a broad range of courses in many different disciplines.

RESEARCH CENTERS

The Graduate College has a particular interest in research by students and faculty. It is the responsibility of the Graduate Dean to promote research by all available means. A Research Committee composed of faculty members advises the Dean on such matters. Students and faculty interested in research opportunities or who need assistance in their research activities may contact the Graduate Dean’s office in Huntington.

Training in the Marshall University Graduate College is based upon the students’ active participation in the teaching and research programs in their major areas of interest. It may not always be possible to provide all students with financial aid. However, the Graduate College encourages all students, regardless of receipt of financial assistance or its ultimate source, to participate in the departmental programs (teaching, research, etc.) as an integral part of their advanced training.

Cell Differentiation and Development Center

The Cell Differentiation and Development Center (CDDC) is an inter-disciplinary group aimed at increasing institutional research capacity at Marshall University. The products and outcomes of this venture will be applied to further technology-based economic development in Huntington, Cabell county, and the surrounding tri-state area. The multidisciplinary research groups within the CDDC mainly focus on the mechanisms that govern cellular differentiation and development.

Center for Business and Economic Research

Standing as a research arm of Marshall University, the CBER’s mission is to conduct business and economic research pertinent to the West Virginia and tri-state regional economies; provide related research and service support to College faculty; support University economic development and service efforts; integrate with the business community through direct faculty involvement in research related to the West Virginia and tri-state economies; provide business and economic development support to private and public sector constituencies; disseminate information, research findings, and data; and encourage and support faculty in their intellectual pursuits and contributions.

Center for Environmental, Geotechnical and Applied Sciences

CEGAS was established in May 1993 through the cooperative efforts of the presidents of Marshall University and West Virginia Graduate College. On July 1, 1998, CEGAS became an affiliated organization of the College of Information Technology and Engineering (CITE). The goal of the center is to forge close working relationships among the business community, higher education institutions, and government agencies in technology related endeavors. CEGAS has been involved since its inception with educational offerings, research, service, and long-term planning for regional development.

The center has secured more than $10 million in external contracts and grants for research, development, and service projects in multiple fields of study, including Environmental Management, Engineering, Information Technology, Geographic Information Systems, Safety and Health Technology Innovation, Specialized Training, and business assistance through its Environmental Management Incubator. WV Senate Bill 603 was passed in spring 2005, authorizing the development of regional brownfield assistance centers at Marshall University and West Virginia University. Under CEGAS, the Southern West Virginia Brownfields Assistance Center assists eligible entities in 22 West Virginia counties to convert derelict land into useful and productive property through economic development, workforce development, and site revitalization.

For more information, please visit www.marshall.edu/cegas or contact CEGAS at (304) 696-5453 or cegas@marshall.edu.
Center for the Study of Ethnicity and Gender in Appalachia

CSEGA was made possible by a grant from the Rockefeller Foundation in 1996. The program was established to research and promote research on the various aspects of the people, cultures, and lives within the Appalachian region. The program's accomplishments have included sponsoring 10 scholars in residence, 7 scholar affiliates, and hosting 2 conferences. CSEGA has a unique research mission – it is the only Appalachian Center in the country dedicated to studying and understanding the incredible diversity of the region.

Environmental Management Incubator

The incubator works to enhance the sustainability of regional businesses by providing access to environmental information and management strategies, and encouraging business development based on environmentally-related opportunities.

John Deaver Drinko Academy

The Drinko Academy is devoted to enhancing public understanding of American institutions and the responsibilities of citizens to their society, particularly a sense of shared values and common purpose.

Marshall Institute for Interdisciplinary Research

The goal of this institute, created through the state's “Bucks for Brains” research trust fund, is to develop a focused program of pioneering research dedicated to producing patentable scientific breakthroughs and creating new high-tech businesses based on those discoveries. Focusing on entrepreneurial research through increased educational and career opportunities, it is anticipated that MIIR will have a tremendous effect on the state economy over the next 10-20 years. In its first ten years, MIIR is expected to create more than 1,000 jobs, as well as to generate $25 million in tax revenue. During its second decade of existence, MIIR is slated to enhance the overall state economy by more than $280 million.

Marshall University Nutrition and Cancer Center

Investigators at this NCRR/NIH-funded Center of Biomedical Research Excellence are studying a wide variety of dietary components, including omega-3 fatty acids, capsaicin (responsible for the “hotness” of chili peppers) and alcohol. Cancers of interest include small cell lung cancer, breast cancer, skin cancer and leukemia/lymphoma.

Nick J. Rahall II Appalachian Transportation Institute

The institute helps influence a more diverse and equitable economy for rural Appalachia and other mountain areas by providing insights into how to create and maintain the most cost-effective enhancement to the national transportation system in rural Appalachia and rural America.

Robert C. Byrd Center for Rural Health Resources

This center serves as the base for Marshall's rural medicine outreach programs, which directly affect more than half of West Virginia’s population.

Robert C. Byrd Institute for Advanced Flexible Manufacturing

RCBI is the only statewide manufacturing technology production and teaching resource in the state. The institute provides manufacturers with access to advanced equipment; affordable, customized workforce development and technical training programs; quality certification and implementation assistance, and an array of technical support programs.

West Virginia Autism Training Center

This center provides training, information and support to West Virginians with autism, their families, educators and others.

West Virginia IDeA Network of Biomedical Research Excellence

The primary goal of this institute is to develop competitive NIH research at primarily undergraduate institutions in the state. The program also provides students at these institutions with enhanced research experiences. The principal areas of research are cardiovascular disease and cancer.

West Virginia Prevention Resource Center

This center supports West Virginia’s Substance Abuse Prevention System through information dissemination, networking and collaboration, facilitated learning and training, and evaluation activities.
Animal and Human Subject Research

Graduate students conducting research involving experiments that utilize animals must work under the supervision of faculty advisors who have written permission from the Institutional Animal Care and Use Committee (IACUC) before the students can start the research. Information about procedures and protocol forms may be obtained from the Office of Research Integrity through its website at www.marshall.edu/research/ori.

Graduate students who conduct research involving the use of human subjects must have the approval of the applicable Institutional Review Board (IRB), either Medical or Behavioral and Social Sciences, before starting the research and must work under the supervision of faculty advisors. Information about procedures and approval forms may be obtained at the Office of Research Integrity website at www.marshall.edu/research/ori.

Hazardous Substances

Graduate students who will be using, or who will be generating, hazardous substances in their research must work under the supervision of faculty advisors who obtain permission for such research through the appropriate college safety committee. The college will arrange for proper disposal of these materials. Proposals must be submitted to the appropriate safety committee for approval.

Policy Statement on Integrity in Scientific Research

Research and scholarship are essential parts of Marshall University. The virtues of scholarship are forged from a combination of patience with eagerness, inspiration with meticulous care, and a reverence for integrity with a willingness to challenge cherished assumptions. It is within the research process that these virtues must be held in the highest esteem and measured against a strict set of standards. In this light, it is incumbent upon the institution to insure accurate, objective, valid and reliable research in the finest tradition of scholarship.

It shall be the policy of Marshall University that no faculty member shall knowingly plagiarize, fabricate, or present incorrect data in research or creative activities conducted under the auspices of the institution. Further, in the case of alleged scientific misconduct, all pertinent rules and regulations of the Public Health Service (PHS), such as 42 CFR Part 50 and allied documents, will prevail in providing definitions, procedures, and deadlines.

ADMISSION TO THE GRADUATE COLLEGE

Prospective graduate students should apply for admission as early as possible. The first step for a student interested in a degree program is to obtain admission information from the department offering the program desired or from the Graduate Admissions office. Instructions for applying are available at the Graduate College website at www.marshall.edu/graduate.

Admission deadlines are as follows:
- Fall Semester: August 1
- Spring Semester: December 1
- Summer Terms: May 1

Please note that some academic majors have a program-specific deadline. Program-specific deadlines are indicated on the Graduate Application for Admission and in the departmental listing under Degree Program Requirements in this catalog.

Admission to the Graduate College is based on receipt of a baccalaureate degree from an accepted, regionally accredited college or university, the Grade Point Average, the scores on required Admissions examinations and the information provided on the “Application for Graduate Admissions” form.* The receipt of a bachelor’s degree from an accepted, regionally accredited college or university is the basic requirement for admission as a graduate student to Marshall University. An applicant who holds a bachelor’s degree from an institution that is not regionally accredited may file an appeal to request a waiver of this requirement. Appeals will be reviewed by the Dean of the Graduate College and the dean of the applicant’s proposed college on a case-by-case basis and will be granted on an extremely limited basis when the situation warrants. To initiate the appeal process, send a letter of request to the Graduate Admissions Office. The only exception to the baccalaureate degree requirement pertains to students in the 3+2 joint Bachelor’s/MBA degree program in the Lewis College of Business. Students who have previously taken graduate coursework at another institution must submit all transcripts and also meet undergraduate and examination requirements. Poor academic performance in prior graduate work may serve as the basis for the denial of admission to Marshall University Graduate College, at the discretion of the faculty.

The application for admission form accompanied by payment of a non-refundable application fee must be filed in the Graduate Admissions Office at least two weeks prior to the opening of the term of enrollment. One official copy of the applicant’s undergraduate transcript showing the degree earned and the date on which it was conferred must be mailed directly from the registrar’s office of the student’s undergraduate college or university to the Graduate Admissions Office when the application is filed. An official transcript from each college or university previously attended must be mailed directly from the registrar’s office to the Graduate Admissions Office before the applicant can be considered for admission to a degree program. All materials submitted in support of an application for admission become the property of Marshall University. Materials will not be returned or released to the student or to third parties. Any student admitted on the basis of false and/or incomplete information is subject to immediate dismissal or other disciplinary action.

In some academic programs, applicants may enroll for one semester with conditional status based upon submission of the application form, an official undergraduate transcript that certifies the receipt of a bachelor’s degree, official copies of all other transcripts (if applicable), and the application fee. However, students with conditional status will not be eligible for subsequent registration (even if they do not attend the classes) unless they have completed all requirements for admission and have been admitted to their requested program. A student cannot be conditionally admitted to multiple programs within one calendar year and cannot be conditionally admitted to the same program, at any time, more than once. Credit for coursework taken will not be applied toward a degree unless the admission process is completed. Certain programs, including, but not limited to, those in the Graduate School of Management, Nursing, Biomedical Sciences, Communication Disorders, and others require that all admissions requirements be completed and that the applicant be admitted to the program before being permitted to enroll for courses in those fields.

ADMISSIONS EXAMINATIONS

The Graduate Record Examinations (GRE) General Test is required of applicants to some programs. M.B.A. students are required to take the Graduate Management Admission Test (GMAT) prior to admission to that program. Other programs* for international students, a baccalaureate degree from the equivalent of an appropriately accredited institution is required. See International Students, point number 5.
may accept the Miller Analogies Test (MAT) in lieu of the GRE. Specific test requirements are indicated in the program or departmental description in later sections of this catalog. Test scores must be sent by the appropriate testing agency directly to the Graduate Admissions Office, Marshall University Graduate College, 100 Angus E. Peyton Drive, South Charleston, WV 25303-1600.

For complete information regarding admission examinations and the services provided by the Marshall University Testing Center, please see www.marshall.edu/graduate/testinformation.asp.

Waiver of Admissions Examination

If a student has a master’s or higher degree from an accepted, regionally accredited institution of higher education, the admissions examination requirement may be waived for any future master’s program at Marshall University. Ultimate responsibility for this decision rests with the faculty of the program in which the student proposes to enroll.

GRADUATE ADMISSION CHECKLIST

- Complete, sign, date and submit by the deadline the Graduate Application for Admission and the required, non-refundable fee to:
  
  Marshall University
  Graduate Records and Admissions Office
  100 Angus E. Peyton Drive
  South Charleston, WV 25303-1600

- Request the registrars at all colleges and universities previously attended (except Marshall University) to send official transcripts of your academic record directly to the Graduate Admissions Office. Transcripts bearing the stamp “Issued to Student,” hand-delivered transcripts, transcripts mailed or handled by the student, faxed transcripts, or transcripts issued to third parties cannot be accepted.

- Have the appropriate testing agency submit your official test scores (GRE, GMAT, or MAT) directly to the Graduate Admissions Office.

- Send or have sent all other items required by your academic major to the Graduate Admissions Office.

  Applications are reviewed only after the application fee and all required credentials are received. Prior university holds or obligations on a student’s record may cause a delay in application processing or may cause the application not to be processed.

Deadlines

The Application for Graduate Admission must be filed in the Graduate Admissions office by the semester deadline for the desired term of enrollment or by the specific departmental deadline. Semester deadlines are as follows:

- Fall Semester: August 1
- Spring Semester: December 1
- Summer Terms: May 1

Program-specific deadlines are included in the departmental listing under Degree Program Requirements in this catalog or on the Graduate Application for Admission form. Once the application is received in Graduate Admissions, in order for an application to be reviewed for admission, the non-refundable application fee and all required credentials must be filed in the Graduate Admissions office no later than two weeks prior to the opening of the desired term of enrollment or by the specific departmental deadline. Applicants should submit the non-refundable application fee at the time the application is submitted.

ADMISSION CLASSIFICATION OF GRADUATE STUDENTS

DEGREE-SEEKING - A student who desires admission as a degree-seeking graduate student must have an overall undergraduate Grade Point Average (GPA) of 2.5 on a 4.0 scale. Individual schools and programs may require higher Grade Point Averages. A degree-seeking student must also meet all criteria for full admission to the program of his/her choice.

DUAL-DEGREE-SEEKING - Students who wish to seek admission to more than one degree program at a time (Dual Degree Status) must complete a separate application, pay an additional non-refundable application fee, submit all required credentials, and meet all admission requirements for each academic program to which admission is sought. A student must be admitted to the first program before being considered for admission to a dual degree program. Conditional status is not an admission option for dual degree students. Not all departments may accept a student who is already admitted to another graduate level program. Prior to submitting a Graduate Application for Admission, please check with the academic department(s) of the program(s) in which you are interested. Students who desire a second area of emphasis within their majors should notify the advisor after admission.
CERTIFICATE OR PROFESSIONAL DEVELOPMENT - Students who do not want to be enrolled in degree programs but who wish to enroll in certificate/licensure programs or other programs that require the completion of specified sequences of courses should apply as certificate or professional development students.

In most cases, requirements for admission to certificate or professional development programs are the same as for admission to degree programs, including at least a 2.5 overall undergraduate GPA. However, requirements for admission to these programs can vary and are explained in the Degree Program Requirements section of this catalog.

PROVISIONAL ENROLLMENT - A student may be admitted as provisional in a degree program after submission of all required application materials when he or she possesses a baccalaureate degree and shows academic promise but does not meet the criteria for regular admission. An academically provisional student must be reclassified as a regular student no later than the completion of the 12th graduate credit hour. This is accomplished by meeting the conditions established by the academic program and by maintaining at least a 3.0 GPA in courses identified by the program faculty and approved by the appropriate dean.

CONDITIONAL ENROLLMENT - In some programs, applicants who are not fully admitted may register for courses with conditional enrollment status in the semester for which they have applied for admission based upon submission of (1) a properly completed Graduate Application for Admission form, (2) official undergraduate and graduate transcripts from all institutions attended, including one which certifies the receipt of a bachelor's degree from an accepted, regionally accredited institution, (3) an overall undergraduate GPA of 2.5 on a 4.0 scale, and (4) the appropriate application fee. Applicants who are permitted to enroll for one semester (enrolled is defined as registered when a term begins or any time thereafter) as conditional students (even if they do not attend the classes) are not eligible to register for subsequent terms until they complete all admission requirements and are fully admitted to the requested program. Many programs do not accept conditional enrollments and require applicants to be fully admitted before enrolling for courses. A student cannot be conditionally admitted to multiple programs within one calendar year and cannot be conditionally admitted to the same program, at any time, more than once.

Students enrolled in the last semester of an undergraduate program may be admitted to some programs conditionally for one term subject to completion of the bachelor’s degree program and subject to departmental approval. All required credentials, including official transcripts, are necessary for consideration, including an official letter of good standing/proof of pending graduation.

NON-DEGREE ADMISSION - Persons who desire university instruction without becoming graduate degree candidates may attend as non-degree students, provided they have received a bachelor’s degree from an accepted, regionally accredited undergraduate college or university. Before enrolling in a class, non-degree graduate students must obtain permission from the instructor. Students wishing to take courses offered by the Lewis College of Business must secure approval of the academic advisor. The fees for attendance as a non-degree student are the same as those set for other graduate students. Non-degree enrollment for graduate courses is not available to persons under suspension by the university.

A non-degree student who does not hold a master’s or higher degree may take a maximum of 15 semester hours. Permission for non-degree students to register for additional hours beyond 15 can be granted by the Dean of the Graduate College or the appropriate school dean. Applicants for non-degree status will complete a Graduate Application for Admission, pay the application fee, and have the registrar send an official transcript showing proof of a bachelor’s degree from an accepted, regionally accredited undergraduate college or university not later than the scheduled time of registration. A person holding a graduate degree may take an unrestricted number of additional courses for which he/she has the prerequisites and departmental permission, provided both a transcript showing the undergraduate degree and a transcript showing a master’s degree or higher (both from an accepted, regionally accredited college or university) are submitted. All transcripts must be official and sent to Graduate Admissions directly from the registrar. Please note that non-degree students may not be eligible for financial aid or graduate tuition waivers.

Non-degree graduate students may apply later for admission to degree programs by filing the necessary documents, provided they meet the admission requirements described in the current Marshall University Graduate Catalog. However, work taken as a non-degree student cannot in itself qualify a person for admission as a degree candidate. Only credit approved by the assigned program advisor and the appropriate dean will be counted toward a degree awarded by the university.

TRANSIENT - A graduate student who is duly enrolled at another accepted, regionally accredited graduate institution may, upon submission of an admission application and a letter of good standing from the home university, enroll for Marshall University graduate coursework. This admission is valid for one semester only. The student must submit a new application and letter of good standing each semester he/she wishes to attend.

Normally, up to twelve credit hours of coursework may be transferred back to the home institution. Permission to transfer credits is arranged, by the student, with the home university. Transient students who wish to register for coursework beyond twelve credit hours at Marshall are required to obtain the approval of Marshall University’s Graduate Dean.

STAFF DEVELOPMENT - School personnel approved by their county school systems may use a departmental form to be admitted in the Staff Development category. Students admitted in this category are restricted to registering for Staff Development classes (560 series) in the College of Education or the Graduate School of Education and Professional
Development, for which they will receive credit/non-credit or satisfactory/unsatisfactory grades. Such classes cannot be used in degree, professional development or licensure programs. Students who wish to mix regular and Staff Development classes must seek regular admission to the Graduate College.

SENIORS - Seniors at accepted, regionally accredited baccalaureate institutions with a cumulative GPA of at least 2.75 may register for graduate classes (500 and 600 series) after they have received approval from their undergraduate dean, the chair of the department offering the course, and the appropriate graduate college/school dean. Complete applications must be on file in the appropriate graduate dean’s office and permission secured prior to the opening of the term of enrollment. Credit for graduate courses completed as a senior can be applied to either an undergraduate or a graduate degree at Marshall University but not to both. No more than 12 graduate hours may be taken as an undergraduate.

The university reserves the right, even after the arrival and enrollment of students, to make individual curricular adjustments whenever particular deficiencies or needs are identified. These deficiencies will be determined by the student’s advisor or the program director/department chair. Students may be required to take such courses without credit toward the master’s degree and at their own expense. This could also apply to additional coursework in Speech and/or English whenever necessary.

Further requirements or exceptions applicable to special fields are noted in the program statements in this catalog.

Any appeals of admissions decisions should be directed to the program director, dean, or chair of the academic program to which the individual applied.

RESIDENCY CLASSIFICATION FOR ADMISSION AND FEE PURPOSES

Requests for changes in residency status for new students will be evaluated by the Admissions Office provided a completed residency application with all required supporting documentation is submitted by the end of the first week of classes of each new term. Thereafter, all requests for changes in residency status for currently enrolled students will be evaluated by the Registrar, for subsequent terms.

Title 133
Procedural Rule
West Virginia Higher Education Policy Commission, Series 25

SECTION 1. General
1.1. Scope - Rule regarding residency classification of students for admission and fee purposes.
1.3. Filing Date - July 2, 2002
1.4. Effective Date - August 1, 2002
1.5. Repeal of Former Rule - Repeals and replaces Title 128, Series 34 and Title 131, Series 34

SECTION 2. Classification for Admission and Fee Purposes

2.1. Students enrolling in a West Virginia public institution of higher education shall be assigned a residency status for admission, tuition, and fee purposes by the institutional officer designated by the President. In determining residency classification, the issue is essentially one of domicile. In general, the domicile of a person is that person’s true, fixed, permanent home and place of habitation. The decision shall be based upon information furnished by the student and all other relevant information. The designated officer is authorized to require such written documents, affidavits, verifications, or other evidence as is deemed necessary to establish the domicile of a student. The burden of establishing domicile for admission, tuition, and fee purposes is upon the student.

2.2. If there is a question as to domicile, the matter must be brought to the attention of the designated officer at least two (2) weeks prior to the deadline for the payment of tuition and fees. Any student found to have made a false or misleading statement concerning domicile shall be subject to institutional disciplinary action and will be charged the nonresident fees for each academic term theretofore attended.

2.3. The previous determination of a student’s domiciliary status by one institution is not conclusive or binding when subsequently considered by another institution; however, assuming no change of facts, the prior judgment should be given strong consideration in the interest of consistency. Out-of-state students being assessed resident tuition and fees as a result of a reciprocity agreement may not transfer said reciprocity status to another public institution in West Virginia.
SECTION 3. Residence Determined by Domicile

3.1. Domicile within the state means adoption of the state as the fixed permanent home and involves personal presence within the state with no intent on the part of the applicant or, in the case of a dependent student, the applicant’s parent(s) to return to another state or country. Residing with relatives (other than parent(s)/legal guardian) does not, in and of itself, cause the student to attain domicile in this State for admission or fee payment purposes. West Virginia domicile may be established upon the completion of at least twelve (12) months of continued presence within the state prior to the date of registration: Provided, That such twelve (12) months’ presence is not primarily for the purpose of attendance at any institution of higher education in West Virginia. Establishment of West Virginia domicile with less than twelve (12) months’ presence prior to the date of registration must be supported by evidence of positive and unequivocal action. In determining domicile, institutional officials should give consideration to such factors as the ownership or lease of a permanently occupied home in West Virginia, full-time employment within the state, paying West Virginia property tax, filing West Virginia income tax returns, registering of motor vehicles in West Virginia, possessing a valid West Virginia driver’s license, and marriage to a person already domiciled in West Virginia. Proof of a number of these actions shall be considered only as evidence which may be used in determining whether or not a domicile has been established. Factors militating against the establishment of West Virginia domicile might include such considerations as the student not being self-supporting, being claimed as a dependent on federal or state income tax returns or on the parents’ health insurance policy if the parents reside out of state, receiving financial assistance from state student aid programs in other states, and leaving the state when school is not in session.

SECTION 4. Dependency Status

4.1. A dependent student is one (1) who is listed as a dependent on the federal or state income tax return of his/her parent(s) or legal guardian or who receives major financial support from that person. Such a student maintains the same domicile as that of the parent(s) or legal guardian. In the event the parents are divorced or legally separated, the dependent student takes the domicile of the parent with whom he/she lives or to whom he/she has been assigned by court order. However, a dependent student who enrolls and is properly classified as an in-state student maintains that classification as long as the enrollment is continuous and that student does not attain independence and establish domicile in another state.

4.2. A nonresident student who becomes independent while a student at an institution of higher education in West Virginia does not, by reason of such independence alone, attain domicile in this state for admission or fee payment purposes.

SECTION 5. Change of Residence

5.1. A person who has been classified as an out-of-state student and who seeks resident status in West Virginia must assume the burden of providing conclusive evidence that he/she has established domicile in West Virginia with the intention of making the permanent home in this State. The intent to remain indefinitely in West Virginia is evidenced not only by a person’s statements, but also by that person’s actions. In making a determination regarding a request for change in residency status, the designated institutional officer shall consider those actions referenced in Section 3 of these rules. The change in classification, if deemed to be warranted, shall be effective for the academic term or semester next following the date of the application for reclassification.

SECTION 6. Military

6.1. An individual who is on full-time active military service in another state or a foreign country or an employee of the federal government shall be classified as an in-state student for the purpose of payment of tuition and fees: Provided, That the person established a domicile in West Virginia prior to entrance into federal service, entered the federal service from West Virginia, and has at no time while in federal service claimed or established a domicile in another state. Sworn statements attesting to these conditions may be required. The spouse and dependent children of such individuals shall also be classified as in-state students for tuition and fee purposes.

6.2. Persons assigned to full-time active military service in West Virginia and residing in the state shall be classified as in-state students for tuition and fee purposes. The spouse and dependent children of such individuals shall also be classified as in-state students for tuition and fee purposes.

SECTION 7. Aliens

7.1. An alien who is in the United States on a resident visa or who has filed a petition for naturalization in the naturalization court, and who has established a bona fide domicile in West Virginia as defined in Section 3 of these rules, may be eligible for in-state residency classification: Provided, That person is in the state for purposes other than to attempt to qualify for residency status as a student. Political refugees admitted into the United States for an indefinite period of time and without restriction on the maintenance of a foreign domicile may be eligible for an in-state classification as defined in Section 3 of these rules. Any person holding a student or other temporary visa cannot be classified as an in-state student.

SECTION 8. Former Domicile

8.1. A person who was formerly domiciled in the State of West Virginia and who would have been eligible for an in-state residency classification at the time of his/her departure from the state may be immediately eligible for classification as a
SECTION 9. Appeal Process

9.1. Each institution shall establish procedures which provide opportunities for students to appeal residency classification decisions with which they disagree. The decisions of the designated institutional official charged with the determination of residency classification may be appealed in accordance with appropriate procedures established by the president of the institution. At a minimum, such procedures shall provide that:

9.1.1. An institutional committee on residency appeals will be established to receive and act on appeals of residency decisions made by the designated institutional official charged with making residency determinations.

9.1.1.1. The institutional committee on residency shall be comprised of members of the institutional community, including faculty and at least three, in any event, an odd number. The student representative(s) shall be appointed by the president of the institutional student government association while the faculty representative(s) shall be selected by the campus-wide representative faculty organization.

9.1.1.2. The student contesting a residency decision shall be given the opportunity to appear before the institutional committee on residency appeals. If the appellant cannot appear when the committee convenes a meeting, the appellant has the option of allowing committee members to make a decision on the basis of the written materials pertaining to the appeal or waiting until the next committee meeting.

9.1.2. The residency appeal procedures will include provisions for appeal of the decision of the institutional committee on residency appeals to the president of the institution.

9.1.3. Residency appeals shall end at the institutional level.

ADMISSION OF INTERNATIONAL STUDENTS

Marshall University is authorized by the U.S. Department of Homeland Security, Bureau of Citizenship and Immigration Services to enroll non-immigrant visa students with F-1 or J-1 status.

Deadlines:

If a student is applying for:

- Spring semester: October 15
- Summer semester: March 15
- Fall semester: June 15

Please note that certain departments or programs may have application deadlines that are earlier than the ones provided above. In such cases you will need to meet the department’s deadline.

Application Procedures

International applicants must submit ALL of the following documents to be considered for admission. First, complete the Online Application (www.marshall.edu/cip/apply) and send the following by mail or fax:

1. **$100.00 Application Fee (non-refundable).** Check or money order made payable to Marshall University. Please note that this is a non-refundable fee and cannot be refunded in the event the student is not accepted or does not get a student visa. To be accepted, all checks must have a 9-digit routing number. DO NOT SEND CASH. You can also pay the $100 fee with a credit card using our Online Secure Payment Form (https://www.marshall.edu/cip/apply). A 2.5% processing fee, per transaction, will be required to make payment by credit card. VISA is not accepted. Only MasterCard, Discover and American Express credits cards are accepted.

2. **Official Transcripts.** Transcripts must be submitted in English and the original language and contain ALL college or university academic credits and grades. The transcripts must be sent directly to the Center for International Programs by the institution that you attended. Photocopies will be accepted as a basis for preliminary evaluation of eligibility for admission; however, the official transcripts must be received prior to admission.

Additional or alternate admission credentials may be accepted at the discretion of the Center for International Programs depending on the applicant’s country of origin. Please contact CIP for details regarding specific admission requirements for applicants from your country. For International applicants, Marshall University reserves the right to accept official credentials directly from a limited number of third party agencies that have been approved by the University. In some cases, a credential evaluation may be required from a certified academic credential evaluation service.

3. **Evidence of English Language Proficiency.** It is possible for students to be admitted conditionally without English proficiency if the student applies for admission to the L.E.A.P. Intensive English Program at the same time he or she applies for admission. Visit the L.E.A.P. website for more information and an online application for this program (www.marshall.edu/leap).
Proof of your proficiency in English may be certified by submitting one of the following (results of tests taken more than two years prior to the date submitted cannot be accepted):

a. The Test of English as a Foreign Language (TOEFL). Students taking the paper version of the test must have a minimum score of 525. Computer-based TOEFL ceased in September 2006, therefore scores are no longer acceptable. Internet-based TOEFL requires a minimum score of 70. If a program mandates a score higher than 525 (paper) or 70 (Internet), that requirement will be found in the degree requirements section of this catalog. (ETS code for Marshall University is #5396.)

b. Michigan English Language Assessment Battery (MELAB) - The minimum acceptable score is 82% for graduate study.

c. A minimum score of 6.5 on the International English Language Testing System (IELTS) for graduate study. (More information about the IELTS is available on their website at www.ielts.org. IELTS is jointly managed by the British Council, IDP:IELTS Australia, and the University of Cambridge ESOL Examinations.)

d. Advanced ESL. Completion of the advanced level of Marshall University’s L.E.A.P. Intensive English Program or the completion of an intensive English program comparable to Level 112 of the English Language School (ELS).

e. Diploma or degree from an English-speaking school - A degree or a diploma from an accredited secondary school, college or university in which the primary language of instruction is English.

4. **Affidavit of Support Form (if you need to obtain an F-1 visa).** Complete the Affidavit of Support Form (if you need to obtain an F-1 visa) showing that you or your sponsor have finances to support your study and living costs for one academic year (9 months). Print, complete, and submit the the Affidavit of Support Form (http://www.marshall.edu/cip/apply) for the estimated cost of attendance. We currently estimate this amount to be $27,600 USD. (In some cases, a 50% deposit will be required in order to issue the I-20 form.) Proof of financial support may be demonstrated in several ways:

   a. An affidavit of financial support from a personal sponsor (parent, relative, friend) that has been certified by a U.S. bank or financial institution.

   b. A scholarship agency (government, corporation, etc.) stating the availability of funds and the intention to support your educational and living expenses for the entire duration of study at Marshall University.

   c. Personal funds, provided you submit documentary evidence of a bank statement from a U.S. bank or financial institution or it affiliate in U.S. dollars (USD). A statement from your employer certifying that you have been granted study leave and salary support arrangements may also be acceptable.

5. **Completed application materials for the L.E.A.P. program.** If you are planning to enroll in the L.E.A.P. Intensive English Program before pursuing a graduate program of study, please also send us the completed application materials for the L.E.A.P. program. Students can be conditionally admitted to a graduate program of study at Marshall University without English proficiency if they enroll in Marshall University’s L.E.A.P. Intensive English Program and they satisfy all other criteria for admission.

The Graduate Record Exam (GRE) or Graduate Management Admission Test (GMAT) may be required for some degree programs. Please check the graduate catalog for information about admission to specific programs.

Send all of your application materials and fees to the address below:

Marshall University
Center for International Programs
Old Main 320
One John Marshall Drive
Huntington, West Virginia, USA 25755-1054

After we receive all of your application materials, your credentials will be evaluated and, if admissible, you will be sent a letter of admission and an I-20 form. The I-20 form is used to apply for a student visa (F-1) at an American embassy or consulate. We will also send a housing application and a form you can complete to notify us of your arrival.

For international applicants, Marshall University reserves the right to accept official credentials directly from a limited number of third party agencies by have been approved by the university. Additional or alternate admission credentials may be accepted at the discretion of the Center for International Programs depending on the applicant’s country of origin. Please contact CIP for details regarding specific admission requirements for applicants from your country.

If you are not able to attend the semester for which you applied, contact the Center for International Programs and we will fill out a new application for the semester that you will be able to attend. All of your other application materials will be acceptable for a period of one year. After that time period, new documentation will have to be submitted.
Financial Information: Tuition, Fees, and Financial Assistance

FEES

Tuition and fee costs are based on a variety of circumstances. Among those are your major, which specific classes you are taking, and where the classes are held. For a complete schedule of tuition and related fees for the current year, please visit www.marshall.edu/bursar.

The university and its governing board reserve the right to change fees and rates without prior notice. Fee assessments are calculated on student level, not course level.

Please note: All fee listings in the fee section of this catalog show the rates authorized and in effect for the fall semester of the 2010-2011 academic year.

ROOM AND BOARD

Residence Halls and Food Service Plans

The Department of Housing and Residence Life provides on-campus living space for approximately 2,600 students. Individual halls will accommodate from 100 to 500 residents in double and single occupancy rooms. All halls are located within easy walking distance of academic buildings. There is 24-hour security in every building. Every student has a food service plan, computer connections, and cable television. Each hall is managed by a Resident Director with a Resident Advisor on every floor to provide the students with the best possible living and learning conditions.

Marshall requires all full-time freshman and sophomore students to live on campus. Exceptions are granted to those living within a 50-mile radius who live at home with a parent or legal guardian; individuals 21 years of age; those who are
married; or those who have been high school graduates for more than two years. In order to be considered for release from this requirement, a release request and supporting documentation must be submitted to the Department of Housing and Residence Life by July 1 (Fall) or November 15 (Spring).

**SEMESTER FEES** (16 weeks):

**Residence Halls**

*Double Occupancy*
- First-Year Residence Halls: $2,625.00
- Buskirk: $2,326.00
- Twin Towers: $2,326.00

*Deluxe Single Occupancy*
- Buskirk (if available): $3,242.00
- Holderby Hall: $2,975.00
- Twin Towers: $3,242.00

*Single Room Suite*
- Gibson, Haymaker, Wellman, Willis: $3,639.00

*Double Room Suite*
- Gibson, Haymaker, Wellman, Willis: $2,726.00

**Board Rates**

Unlimited Meal Plan
- w/ $50 Flex Dollars: $1,603.00
- w/ $150 Flex Dollars: $1,703.00
- w/ $250 Flex Dollars: $1,803.00

15 Meal Plan
- w/ $100 Flex Dollars: $1,622.00
- w/ $200 Flex Dollars: $1,722.00

10 Meal Plan: $1,223.00

**SUMMER TERM FEES** (5 weeks): Residence Halls (unlimited meal plan)*

Double Occupancy: To Be Announced
Single Occupancy: To Be Announced

**COMMUTER MEAL PLANS**

Fifty Meals w/$50 Flex Dollars: $359.00
Thirty Meals w/$50 Flex Dollars: $239.00
Twenty Meals w/$50 Flex Dollars: $185.00

**PAYMENT OF FEES**

Tuition fees for a regular semester, a Summer Term, an Intersession, and any special class are due and payable to the Office of the Bursar in accordance with dates established and listed on the Marshall University website at [www.marshall.edu/bursar](http://www.marshall.edu/bursar). If you do not pay your enrollment fees on or before the due date, your registration will be cancelled and you will be subject to withdrawal from the university (see Withdrawal/Reinstatement Policy below). Do not depend on receiving a bill

*Online Graduate Catalog Spring 2011  Financial Information 25*
from the university in the mail. It is always your responsibility to know when enrollment fees are due and to pay them by that time. If you have not paid your enrollment fees by the official due date you must obtain permission from the appropriate academic dean and the Office of the Registrar to register.

Student deferred payments plans for tuition will be offered for the fall and spring semester. All available financial aid from the term must be credited to the student’s account prior to determining the amount available for deferral. Contact the Office of the Bursar for current deferred payment plan information. A student’s residence services fees (room and board) are due at a semester rate payable in accordance with dates established by the Department of Housing and Residence Life.

You can pay fees by American Express or MasterCard or Discover by using myMU (www.marshall.edu/myMU). Credit card payments are also accepted at the Office of the Bursar, 101 Old Main.

If you are a recipient of financial aid through the university’s loan or scholarship program, the university’s Department of Intercollegiate Athletics, or any governmental agency, or by private loan or scholarship, you must complete arrangements for payment through the Director of Student Financial Aid in 116 Old Main, and the University Bursar in 101 Old Main. (See Student Financial Assistance below.)

Your registration is not complete until all fees are paid.

Your registration will be cancelled if the bank does not honor your check for payment of registration fees. A charge of $25.00 will be made for each check returned unpaid by the bank.

A student who has a financial obligation to the university cannot engage in any registration activity until the obligation is satisfied. Should the obligation remain unpaid and require assignment to a state-authorized collection agency, the student additionally will be responsible for all collection costs incurred by the institution.

A student who withdraws from the institution by following proper withdrawal procedures will receive refunds of fees paid in accordance with the refunding policy.

A student who is required to withdraw from the institution for disciplinary reasons may not receive refunds of fees paid.

WITHDRAWAL/REINSTATEMENT POLICY FOR NONPAYMENT OF ENROLLMENT AND RESIDENCE HALL FEES

Request for withdrawal from Marshall University on-campus housing must be addressed in writing to the Department of Residence Services. Refunds, if applicable will be based on the date cancellations are received. Fall cancellations must be received before May 15 and Spring or Summer cancellations must be received ten (10) business days or more prior to the official opening date of Housing, in order to receive $100.00 of the deposit back. Voluntary withdrawal following these dates and prior to the opening of residence halls will result in a full refund less the two-hundred dollars ($200.00) reservation deposit. Withdrawal between the opening day for Housing and the first Friday will result in a refund of fifteen weeks room and board. Withdrawals after the first Friday will result in a forfeiture of monies paid for room. A prorated refund will be processed for any unused portion of the Board plan. Students whose residence is terminated automatically forfeit all monies paid for that semester. Students who are denied admission, declared academically ineligible to return, or are unable to return for medical reasons, will be refunded on a prorated basis.

1. Through late registration each semester, a schedule of withdrawal for nonpayment will be included on the bursar’s office website at www.marshall.edu/bursar. Following late registration, the Bursar will send written notification to the student advising of administrative withdrawal for nonpayment of Enrollment or Residence Hall Fees.

2. Upon notice from the Bursar, the Registrar will initiate a complete withdrawal for a student not paying fees. The withdrawal will be for “Administrative-Nonpayment of Enrollment or Residence Hall Fees.”

3. The Registrar will notify the instructor that the student should not be permitted to continue attendance in the class.

4. If the student fulfills the financial obligation, the Bursar’s Office will notify the student and his/her academic dean. The academic dean will have discretion to approve registration. If the dean approves, the student, the instructors, and the Registrar will be notified in writing immediately.

5. Upon receipt of notice from the academic dean, the Registrar will initiate the procedure to register the student in the courses for which the student was enrolled at the time of withdrawal.

6. A student who does not meet the financial obligation for enrollment and residence hall fees will have all entries of that registration erased on the Registrar’s permanent record.

7. A student who owes a financial obligation to the university will not be permitted to enroll in subsequent semesters or terms until the obligation is paid.

8. If a student disputes an administrative withdrawal, he/she may file an appeal with the Student Grievance Board through the Office of Student Affairs. (The Student Grievance Board is a subcommittee of the Student Conduct and Welfare Committee.) This appeal must be filed before the effective date of withdrawal established by the Bursar. The administrative withdrawal will be suspended until the President of the University acts upon the recommendation of the Student Grievance Board.
WITHDRAWAL/REINSTATEMENT FOR OTHER FINANCIAL OBLIGATIONS

1. Failure to fulfill other types of financial obligations with proper procedure may result in administrative withdrawal from the university.

2. Upon notice from the Bursar, the Registrar will initiate a complete withdrawal for a student not paying financial obligations. The withdrawal will be “Administrative-Nonpayment of Financial Obligations” and will be dated with the effective date of processing of the withdrawal.

   Under these conditions, procedures will be followed as outlined above, items 3, 4, & 5, under “Withdrawal/Reinstatement Policy for Nonpayment of Enrollment and Residence Hall Fees.”

3. Students who do not meet these “Other Financial Obligations” and who are administratively withdrawn from the university will receive the grade determined by the withdrawal policy in effect at the time the administrative withdrawal was initiated.

4. A student who owes other types of financial obligations to the university will not be permitted to enroll in subsequent semesters until the obligation is paid.

5. If a student disputes an administrative withdrawal, he/she may file an appeal with the Student Grievance Board through the Dean for Student Affairs. (The Student Grievance Board is a subcommittee of the Student Conduct and Welfare Committee). This appeal must be filed before the effective date of withdrawal established by the Bursar. The administrative withdrawal will be suspended until the President of the University acts upon the recommendation of the Student Grievance Board.

REFUND PROCEDURES

Enrollment fees (tuition fees) will be refunded during the period designated by the Office of the Registrar for Registration, Late Registration, and Schedule Adjustments for a regular semester or a summer term and published on the bursar’s office website at www.marshall.edu/bursar. Enrollment fees (tuition fees) will be refunded to students for:

1. Classes officially dropped from the student’s course schedule that reduce the student’s total scheduled semester hours from full-time status to part-time status. Example: Undergraduate enrollment dropping of classes to adjust course schedule from 12 or more hours to fewer than 12 hours.

2. Classes officially dropped from the student’s course schedule when the enrollment is in a current part-time status that reduce the student’s total scheduled semester hours. Example: Undergraduate enrollment dropping of classes to adjust course schedule from 11 hours to 10 hours to 9 hours, etc.

3. Official complete withdrawals from all classes from the student’s course schedule. Example: Undergraduate withdrawal from enrollment of 12 or more hours to 0 hours, 11 hours to 0 hours, 10 hours to 0 hours, etc.

4. Title IV Financial Aid recipients who officially withdraw before or during their period of enrollment shall have their refund calculated in accordance with the provisions contained in the 1998 amendments to the federal Higher Education Act. See the following section.

Return of Title IV Funds Policy

See section under “Student Financial Assistance.”

Cancellation of Class

When it becomes necessary to cancel a class by administrative and/or faculty action, a student is granted a full refund of the fee for the class cancelled unless he/she registers in another course of like value in terms of semester hours. This action does not apply to withdrawals due to disciplinary action or withdrawals due to nonpayment of financial obligations.

Residence Services

Cancellation and Refund Policy for Residence Services

Cancellations of the Housing Contract by those not planning to enroll in the University or reside on campus must be received in writing by the Department of Housing and Residence Life on or before May 15th. Such cancellations will result in a refund of $100.00 of the reservation deposit. Cancellation postmarked after the 15th from individuals who do not enroll in the University or reside on campus will result in a forfeiture of the entire $200.00 reservation deposit. Individuals who complete a contract and who enroll in the University (academic classes) will be expected to fulfill their obligations for the period specified. For contracts commencing for the Spring or Summer terms, cancellations postmarked 30 days before the opening of housing will result in a $100.00 refund. Cancellations postmarked after that date will result in a forfeiture of the entire $200.00 reservation deposit.

(continued)
Voluntary withdrawal from the University and, in turn, housing and food service prior to the opening of the residence halls will result in a full refund less the $200.00 reservation deposit. Complete withdrawal from the University and housing and food service between opening day and the first Friday will result in a refund of fifteen weeks room and board. Withdrawals after the first Friday will result in a forfeiture of all monies paid for a room. A prorated refund will be processed for any unused portion of the board plan.

Students whose residency is terminated automatically (due to violations of Code of Conduct or Residence Hall policies) forfeit all monies paid for that semester and remain liable for and unpaid room and meal plan balances at the time of termination. Students will be responsible for any interest, collection and reasonable attorney's fees associated with the collection of delinquent accounts.

Students who are denied admission, declared academically ineligible to return, or are unable to return for medical reasons, will be refunded on a prorated basis.

Refunds to students called to armed services of the enrollment fee only will be processed in accordance with policy established by the Office of the Registrar.

Late fees are nonrefundable.

**Student Financial Assistance**

**Financial Aid Application Process**

To apply for financial aid, students must file the Free Application for Federal Student Aid (FAFSA) by visiting [www.fafsa.ed.gov](http://www.fafsa.ed.gov).

By filing the FAFSA, students are considered for federal grants, scholarships, loans and work-study. Students must enter Marshall University's Federal School Code: 003815 in Section 5 – of the FAFSA for consideration of all financial aid programs to attend Marshall University.

The priority filing date for the FAFSA is March 1 prior to the academic year the student is attending for full consideration of all federal, state and institutional financial aid programs. Students may file the FAFSA after this date; however, certain financial aid opportunities may be missed.

In addition to the FAFSA, there is a supplemental application for students who wish to apply for financial aid for the summer. Marshall University Summer Financial Aid Applications are available by April 1. Summer is a non-standard term. This requires the Office of Student Financial Assistance to collect additional information, which is not provided on the FAFSA. Summer is also considered a trailer for financial aid awarding purposes, meaning that the summer follows the completed academic year. For example, to apply for financial aid for the 2011 summer terms, the student must have a 2010-2011 FAFSA on file and complete a 2011 Summer Financial Aid Application. To obtain a Summer Financial Aid Application, go to [www.marshall.edu/sfa](http://www.marshall.edu/sfa); click on the Forms & Applications tab, and then on the General Forms & Applications tab.

**Eligibility Determination**

1. **Student Aid Report**

   As a result of filing the FAFSA, the student receives a Student Aid Report (SAR) by email if an email address was provided on the FAFSA. Otherwise, the student will be sent a SAR through regular mail. Students have the ability to access their SAR by going to [www.fafsa.ed.gov](http://www.fafsa.ed.gov). Students will need their USDE PIN to access their SAR.

   When students receive their SAR, Marshall University receives the results of the students’ FAFSA. The results provide an Expected Family Contribution (EFC), which is used to determine a student’s financial aid eligibility.

2. **Cost of Attendance**

   The Office of Student Financial Assistance determines a student’s financial aid eligibility by subtracting the student’s Expected Family Contribution (EFC) from the Cost of Attendance (COA). The information the student reported on the FAFSA is used in a formula established by the U.S. Congress, which determines the student’s EFC.

   The COA that a financial aid package is based upon reflects average costs. Tuition and Fees are fixed costs for any given academic year. For actual tuition and fee costs visit the Bursar website at [www.marshall.edu/bursar](http://www.marshall.edu/bursar).

3. **Eligibility Confirmation and Verification**

   **Eligibility Confirmation**

   Information on the student’s FAFSA is checked with federal agencies to confirm that they meet basic eligibility requirements. The following student eligibility criteria are checked:

   - Social Security number and citizenship status with the Social Security Administration
The Office of Student Financial Assistance must also review other eligibility requirements, which include, but are not limited to:

- Admission Status
- Satisfactory Academic Progress
- Enrollment Status
- Academic Level
- Dependency Status
- Marital Status

If any of these items come up as discrepant, the Office of Student Financial Assistance is required to resolve the issue. This may require the Office of Student Financial Assistance to follow up with the student to request documentation to resolve any of the eligibility issues referenced above.

**Verification**

Verification is the process in which Student Financial Assistance (SFA) – as dictated by federal and state regulations – compares the information you reported on the FAFSA with your prior-year federal income tax returns, W-2 forms, and other financial documentation. Students who are selected for verification are sent either a post card or an email notification instructing them to access their financial aid records through their Marshall Information Liaison Online (MILO) accounts. To access Marshall University financial aid records, the student must go to: mymu.marshall.edu. Students need their Marshall University ID and their Marshall University (PIN) to access their records.

SFA must receive all requested documentation before financial aid can be disbursed (or credited) to the student’s Bursar account. If there are differences between the data the student supplied on the FAFSA and the verification documentation submitted, corrections to the SAR may be needed, and as a result the student’s application will be reprocessed.

Student responsibilities are to:

- Submit all documents requested promptly
- Ensure that all documents are signed and complete and include the student’s name and Marshall University ID
- Maintain copies of all information used to file the FAFSA and of documents submitted to the Office of Student Financial Assistance

It is extremely important that students respond to requests for information promptly because finalized financial aid awards are processed in the order of file completion date. To ensure that financial aid funds disburse as scheduled at the start of the fall semester, students must be registered for classes and submit all required documentation by May 15. Students may submit documents after the May 15 deadline; however, they should be prepared to make payment arrangements with the Bursar’s Office in the event their financial aid is not finalized by the billing due date. The final deadline for submittal of all documents is 30 days prior to the end of the academic year the student is enrolled. The designated deadlines allow SFA to process and authorize disbursements within the timeframe permitted under regulations set forth for administering the federal and state financial aid programs.

The deadline for students to submit documentation may be extended up to 60 days after the student’s last day of enrollment during the academic year and will be processed to the extent that is administratively possible on a case-by-case basis.

If the student has already received an award notice from Marshall University and corrections are made to the SAR after verification, the student will receive a revised award notice if his or her eligibility has changed.

4. **Financial Aid Satisfactory Academic Progress**

Satisfactory academic progress (SAP) is the term used to define successful completion of coursework to maintain eligibility for financial aid. Marshall University is required by federal and state regulations and university policy to determine whether a student is meeting SAP requirements. Marshall University Office of Student Financial Assistance monitors SAP once a year after the spring semester. The review at that time determines the student’s continued financial aid eligibility for the forthcoming academic year, fall semester, spring semester and summer terms.

The student’s entire academic history must be considered when determining SAP status. This includes Advanced Placement (AP) and International Baccalaureate (IB) credits as well as transfer credits that reflect on the student’s Marshall University transcript as earned. Students enrolling at Marshall University for the first time (including transfers) will be considered initially to be meeting satisfactory academic progress.

The following three components are measured to determine whether the student is meeting SAP standards: Qualitative, Quantitative and Maximum Time Frame.

(continued)
Qualitative
The qualitative component is measuring the quality of the student’s SAP by conducting an annual review of the student’s cumulative grade point average (GPA). The charts below provide the minimum cumulative GPA requirements for graduate students.

Graduate (Certificate, Master’s, Ed.S. and Doctoral) Degree

<table>
<thead>
<tr>
<th>Completed Credits (Hours)</th>
<th>Qualitative (GPA) Requirement</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 – 17</td>
<td>2.5</td>
</tr>
<tr>
<td>18 +</td>
<td>3.0</td>
</tr>
</tbody>
</table>

(Specific federal, state and institutional scholarships, grants, and assistantships may require a higher GPA for continued eligibility. This is a separate and distinct factor in renewing or continuing eligibility for these specific funds. The grade point requirement for specific scholarships supersedes the grade point average requirements referenced above. Information on the terms and conditions of specific financial aid programs that have GPA requirements are provided to the student at the time the award is offered.)

Quantitative
The quantitative component is measuring the graduate student’s credit completion rate by percentage. This is calculated by dividing number of Marshall University credits the student attempted against the number of credits earned. If the student has transfer credit, those credits that are applicable to the student’s Marshall University degree are added to his/her attempted credits to measure the quantitative component.

Graduate (Certificate, Master’s, Ed.S. and Doctoral) Degree

<table>
<thead>
<tr>
<th>Attempted Credits (Hours)</th>
<th>Quantitative Requirement</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 – 17</td>
<td>50%</td>
</tr>
<tr>
<td>18 +</td>
<td>75%</td>
</tr>
</tbody>
</table>

Maximum Time Frame
If the graduate student has transfer credit, those credits that are applicable to the student’s Marshall University degree are added to his/her attempted credits to measure the maximum time frame component.

The maximum time frame for completing a Master’s Degree, an Ed. S. Degree and Doctoral Degree is 7 years from the date of completion of the earliest course applied toward the degree, including transfer credits.

Effects of Repeated Courses
If the graduate student repeats a course, those credits are counted again when calculating attempted credits.

Effects of Withdrawal and Incomplete Grades
If the student withdraws from a course after the first week of classes during any given semester (i.e. student receives a grade of W for the course), the course credits are included in the count of attempted credit hours. Thus, withdrawn courses are calculated in the quantitative and maximum time frame measures.

Credits for an incomplete course (i.e. student receives a grade of I for the course) are always counted as credits attempted but are not included in the GPA or the credits earned count until the incomplete grade changes to a passing or a failing grade. Thus, incomplete courses are calculated in the quantitative and maximum time frame measures.

Change Majors/Second or Subsequent Degree
If a student changes majors, the credits the student earns at Marshall under all majors will be included in the calculation of qualitative, quantitative and maximum time frame measures.

If a student continues to take classes towards a second major or second degree after having completed all required coursework for a first degree, the student may continue to remain eligible for financial aid as long as the qualitative, quantitative and maximum time frame measures of SAP are met.

Procedures/Deadlines for Appealing
If a student fails one or more of the three measures (qualitative, quantitative and maximum time frame), the student is not eligible for federal, state, or institutional financial aid, which includes grants, scholarships, work-study and loans. However, students failing SAP standards, who have had mitigating circumstances (i.e., death in the family, illness) may request reinstatement of their financial aid eligibility by completing the SAP Appeal for Financial Aid Reinstatement form and submitting it to the Financial Aid SAP Appeals Committee, c/o Office of Student Financial Assistance. Students may download and print the form from the Office of Student Financial Assistance “Downloadable Forms” web page at www.marshall.edu/sfa.
Appeal requests must provide an explanation of mitigating circumstances that contributed to the student’s inability to meet the minimum SAP standards, including documentation when applicable, and a realistic plan for academic improvement.

The deadlines to appeal are as follows:
- August 16 – for fall and spring semesters and summer terms
- January 3 – for spring semester and summer terms
- July 1 – for summer terms

If the Financial Aid SAP Appeals Committee approves the appeal, the student’s financial aid eligibility is reinstated for the applicable terms/semesters. For example, if the student appeals by August 16 and the appeal is approved, the student’s financial aid eligibility would be reinstated for an entire year, fall, spring and summer terms.

This means that a student may not receive financial aid retroactively for a payment period if a deadline is missed.

Students will receive a decision of the Appeals Committee by letter, email and as a personal announcement through their myMU account. The decision of Financial Aid SAP Appeals Committee is final. A decision on the appeal is rendered within 3 days of the appeal committee meeting.

5. Enrollment Status

Each type of financial aid (program) has specific requirements regarding enrollment status.

As a rule financial aid packages are based on full-time enrollment and the Office of SFA uses the student’s enrollment status on the first day after drop/add period (usually the 8th day of the semester) to determine financial aid eligibility.

Graduate students enrolled in 9 or more credits are considered full-time students; graduate students enrolled between 5 and 8 credits are considered half-time students for financial aid eligibility purposes.

Professional staff development courses (560 – 564 S/U or CR/NC series) do not count toward the student’s degree requirements; therefore, they cannot be calculated as enrolled hours for financial aid eligibility purposes.

6. Academic Level Classification

Some financial aid programs have specific criteria based on the student’s academic (grade) level. Graduate students taking both graduate and undergraduate courses must be enrolled in at least 5 credits to receive financial aid under a graduate student classification.

7. Dual Enrollment & Study Abroad

Marshall University students who plan to enroll at another college or university simultaneously may have their other enrollment elsewhere considered for financial aid eligibility at Marshall University.

Students may not receive federal financial aid at more than one institution of higher education for the same courses or at the same time. Students must declare which institution is to be considered the “home school” or the institution where they will receive their degree for financial aid eligibility purposes. To be considered for financial aid as a dually enrolled student or a student taking courses elsewhere during a given semester, a consortium agreement form must be completed and approved by both Marshall University and the other school. Students may download and print a Consortium Agreement Form by visiting www.marshall.edu/sfa and clicking on the “Downloadable Applications & Forms” link. It is located within the General Forms tab.

Types of Aid Available

Financial aid is funding for college education that comes from sources outside of the student’s family. Gift aid and self-help aid are the two categories of financial aid. Gift aid comes in the form of grants and scholarships and usually do not have to be repaid. Self-help aid comes in the form of loans and work-study. Financial aid at Marshall University is awarded based on financial need, merit, or both. Students may receive a combination of grants, scholarships, loans, and work-study in their Financial Aid Package. Sources of funding come from Marshall University, the federal government, the state and other entities.

For current and more detailed information on types of financial aid available, please visit www.marshall.edu/sfa and click on the Types of Aid tab.

Notification and Disbursement of Awards

1. Checking Financial Aid Records

Students may access their financial aid records by logging on to their myMU account. myMU is the student’s campus web portal used to provide students with easy online access to their Marshall University records.
In order to log into myMU, students must have both their unique Marshall University ID (901 number) and password. Any student that has problems accessing his or her myMU records should email helpdesk@marshall.edu or call 1-877-689-8638.

2. Understanding Financial Aid Awards & Requirements
Online financial aid notification via the student’s myMU account is the official method by which students receive information regarding their financial aid application and awards.

Email is the primary means of communication between students and the Marshall University Office of Student Financial Assistance. Emails are sent to the student’s Marshall University email account. It is the student’s responsibility to monitor email notifications from the Office of Student Financial Assistance as well as from other university offices. Failure to read and respond to email communications from the Office of Student Financial Assistance may result in delay or cancellation of financial aid awards.

Viewing students’ personal financial aid documentation online is quick and easy. The financial aid related information available is within the Academic Services (MILO) tab. Students are also able to view Personal Announcements through their myMU account. Typically when the Office of Student Financial Assistance sends a student an email, the student will also receive the same message in his or her Personal Announcement tab.

Once you access your financial aid records within the Financial Aid Main Menu tab, you will be able to view the following topics:
- Financial Aid Status
- Eligibility
- Awards

3. Disbursement of Financial Aid (or Financial Aid Crediting to your Billing Account)
The earliest financial aid may credit to students’ billing accounts is 10 days before the semester begins. However, financial aid will not credit to the student’s account unless all eligibility requirements have been met and verification has been completed. In addition, if the student is taking out a student loan, the student must have completed entrance loan counseling and completed a master promissory note for the respective loan program.

Pending financial aid is a temporary status and is used for financial planning purposes only. Pending financial aid allows the Bursar Office to defer payment of student’s tuition, fees, residential and board payments until the financial aid is finalized and credited to the student’s Bursar account. Students are responsible for making payment for the difference between bursar charges and financial aid awards by the designated due dates established by the University.

Financial aid awards are not final until they have credited to the student’s account. In the Overall Status tab of a student’s MILO account, students may view their Account Summary, which includes all of the Bursar Office fees and financial aid if it has credited to your account.

4. Payment Plan Option
Under the Marshall University OASIS Payment Plan, students may select to make three equal payments of their outstanding charges for the fall or spring semester after any applicable financial aid has been applied. For more information, visit www.marshall.edu/bursar/tuition/OASIS.HTML.

5. Refunds Due to a Financial Aid Credit Balance
When financial aid for the semester/term exceeds a student’s direct charges (tuition, fees, etc.) on the student bill, the student is entitled to a refund for the difference used toward other educational expenses. The Bursar Office issues refunds to students beginning the first day of classes. Only those students whose financial aid was credited 10 days prior to the semester/term with a credit balance will receive a refund on the first day of the semester/term. Following the first day of the semester/term, it takes approximately one week after financial aid is disbursed for the Bursar Office to issue a financial aid refund to a student.

A student may choose one of three financial aid refund options:
1. Depositing the financial aid funds directly to his/her Higher One card account;
2. Direct deposit to a current bank account; or,
3. Receiving a paper check by mail.

For more information about financial aid refunds visit the Bursar Website at www.marshall.edu/bursar.

6. Impact on Financial Aid Due to Withdrawal or Failure to Enroll
Students could jeopardize receipt of some types of aid if they are not properly enrolled at the time that financial aid funds disburse. Students may have originally been packaged as a full-time student, but at the time the funds are ready to disburse, students’ enrollment status may differ. Students change in enrollment may impact the eligibility for certain funds.
If a student does not attend for a period of enrollment that he/she has been awarded financial aid, the Office of Student Financial Assistance must cancel all financial aid awards offered. Upon re-enrollment, the student may request assistance again, but, because awards are based on the availability of funds, funding may be limited.

Students who plan to withdraw from any courses during an academic term should consult with a Financial Aid Counselor. Withdrawing from courses may prevent students from making Financial Aid Satisfactory Academic Progress and affect eligibility for future financial aid assistance. Students who cease attending all courses must follow the official withdrawal procedure as defined by the Registrar Office to obtain an official withdrawal date.

When students withdraw from all courses on or before the 60% point in time of an academic term, the Office of Student Financial Assistance is required to review their financial aid awards to determine whether financial aid funds must be adjusted in accordance with federal and state regulations. The policies on treatment of financial aid for total withdrawal are specific to each designated financial aid program and are applicable only if the student has received those particular kinds of funds. If a student received various types of financial aid, more than one policy may apply when determining revised financial aid eligibility.

**Treatment of Marshall University, State & External Aid for Total Withdrawal**

Adjustments to institutional, state and external financial aid follow the Marshall University Refund Policy. The chart below describes how institutional, state and external financial aid is treated whenever a student withdraws:

<table>
<thead>
<tr>
<th>Period of Withdrawal</th>
<th>Percentage of Aid</th>
<th>Returned to Program</th>
</tr>
</thead>
<tbody>
<tr>
<td>During a Semester</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Weeks 1 &amp; 2</td>
<td>90%</td>
<td></td>
</tr>
<tr>
<td>Weeks 3 &amp; 4</td>
<td>70%</td>
<td></td>
</tr>
<tr>
<td>Weeks 5 &amp; 6</td>
<td>50%</td>
<td></td>
</tr>
</tbody>
</table>

For example, if a student withdraws during the 5th week of the semester, the student would have 50% of his/her tuition charge reversed. Simultaneously, if a student received an institutional scholarship for the semester in the amount of $2,000, 50% or $1,000 of this scholarship would be returned to the respective financial aid program.

**Treatment of Title IV (Federal) Aid for Total Withdrawal**

The federal policy for return of Title IV funds maintains that a student retains only that portion of federal aid that the student has earned based on time in attendance before withdrawal. The percentage of time that the student attended an academic term determines the amount of federal aid that must be returned to the federal government. This federally mandated policy is independent of Marshall University's institutional refund policy due to withdrawal. Marshall University is required by federal statute to recalculate federal financial aid eligibility for students who withdraw, drop out, are dismissed, or take a leave of absence prior to completing 60% of the semester or the financial aid payment period. Should the student cease to be enrolled prior to completing 60% of the semester or financial aid payment period, the Office of Student Financial Assistance applies the Federal Return of Title IV funds formula to determine whether any federal financial aid must be returned.

The Federal Return of Title IV formula is calculated as follows:

\[
\frac{\text{Total # of Days Student Completes Until Withdrawal}}{\text{Total # of Days in the Semester or Payment Period}} \times (100\% \text{ of the Aid That Could be Disbursed minus the } \% \text{ of Earned Aid}) 
\times \frac{\text{Total Amount of Aid That Could Have Been Disbursed}}{}^\%
\]

Funds are returned to the appropriate federal program based on the percentage of unearned aid using the following formula:

Federal student aid refunds are returned to the following Title IV sources in the following order:

1. Unsubsidized Federal Direct Stafford Loan
2. Subsidized Federal Direct Stafford Loan
3. Federal Perkins Loan
4. Graduate Federal Direct PLUS Loan
5. Parent Federal Direct PLUS Loan
6. Federal Pell Grant
7. Federal ACG Grant
8. Federal National SMART Grant
9. Federal SEOG Grant
10. Federal TEACH Grant

(continued)
If a student earned less financial aid than was disbursed, Marshall University is required to return the unearned portion of the financial aid to the respective federal student aid programs. In some cases, if the student was issued a federal financial aid refund, he/she may be required to return all or a portion of the federal funds.

If the student (or parent in the case of PLUS Loan) is required to return a portion or all of the loan proceeds, the calculated amount would not have to be returned through this calculation, but be repaid according to the loan’s terms.

If a student qualifies for federal aid that has not yet disbursed and less aid is disbursed than earned, the student may receive a late disbursement for the difference.

When a student that has begun attendance fails to earn a passing grade (has a zero GPA) at the end of the semester, Marshall University, for federal student aid purposes, must assume that the student has unofficially withdrawn or dropped out.

If the student has unofficially withdrawn (shows zero earned hours at the end of the semester), 50% of the student’s federal student aid for the term is considered unearned and may result in a reduction of federal aid. However, when Marshall University can document attendance or participation beyond the 60% point in the semester, the student may be able to retain 100% of his/her federal student aid under these circumstances.

Should it become necessary for a student to cease attendance in all courses, it is in the student’s best interest to follow the official University Withdrawal Procedure.

**VOTER REGISTRATION FORMS**

Marshall University, as a participant in Federal Title IV Student Aid programs, is required to advise you that voter registration forms are available in the Office of Student Financial Assistance. You must be registered 30 days prior to any election.

For additional information about any of the programs in this section, please contact the Office of Student Financial Assistance, Old Main Room 116. Telephone 304-696-3162 or 1-800-438-5390; Fax: (304)696-3242; E-Mail Address: sfa@marshall.edu.
AFFIRMATIVE ACTION POLICY STATEMENT

It is the policy of Marshall University to provide equal opportunities to all prospective and current members of the student body, faculty, and staff on the basis of individual qualifications and merit without regard to race, color, sex, religion, age, disability, national origin, or sexual orientation. This nondiscrimination policy also applies to all programs and activities covered under Title IX, which prohibits sex discrimination in higher education. Marshall University strives to provide educational opportunities for minorities and women in the graduate student body which reflect the interest, individual merit and availability of such individuals. The University ensures equality of opportunity and treatment in all areas related to student admissions, instructions, employment, placement accommodations, financial assistance programs and other services.

COPYRIGHT COMPLIANCE

Marshall University complies with U.S. copyright law, which prohibits unauthorized duplication and use of copyrighted materials, including written, audio-visual, and computer software materials. Further information is available on Marshall’s website at www.marshall.edu/library/copyright.

EDUCATION RECORDS

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student’s education records within forty five days of the day the University receives a request for access. Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student’s education records that the student believes are inaccurate or misleading. Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

(continued)
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Marshall University to comply with the requirements of FERPA. The name and address of the office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue, SW
Washington, DC 20202-4605

LIABILITY

Marshall University, as a state agency cannot assume responsibility for loss of or damage to the personal property of students. Furthermore, the university cannot assume responsibility for personal injury to students.

SEXUAL HARASSMENT POLICY STATEMENT

Sexual Harassment, a form of sex discrimination, is illegal and against the policies of the university. Sexual Harassment involves:

(a) making unwelcome sexual advances or requests for sexual favors or other verbal or physical conduct of a sexual nature a condition of employment or education, or
(b) making submission to or rejection of such conduct the basis for employment or educational decisions, or
(c) creating an intimidating, offensive or hostile environment by such conduct.

Anyone who believes he or she has been the subject of Sexual Harassment should report the alleged conduct immediately to an appropriate university representative or directly to the Office of Equity Programs, located in 206 Old Main.

WEATHER-RELATED AND/OR EMERGENCY CLOSINGS AND DELAYS
(from Executive Policy Bulletin No. 7, updated February 1, 2005)

Huntington Campus

Generally it is Marshall University's policy to maintain its normal schedule, even when conditions are inclement. However, that is not always possible.

In those instances when it is necessary to alter the schedule in response to weather conditions, every effort will be made to notify all those affected--students, faculty, staff and the general public--as expeditiously and as comprehensively as possible in the following ways:

• Television stations in Huntington and Charleston will be notified.
• Radio stations in Huntington and Charleston will be asked to announce the delay or closing.
• Time permitting, newspapers in Huntington and Charleston will be notified. Often, however, decisions must be made after deadlines of newspapers.
• The Office of University Communications will communicate the specific details of the delay or closing to the Office of Public Safety at 304-696-HELP.
• The Office of University Communications will place the delay or closing message on the Huntington campus AUDIX system (304-696-6245) as well as the university response number (304-696-3170).

NOTE: This section applies only to the Huntington campus and all releases should make it clear that it relates only to the Huntington campus. The Marshall University Graduate College (South Charleston campus) weather-related policy will be managed by the Vice President for Regional Operations, and all releases from that office should make clear that it applies only to the South Charleston campus. The South Charleston phone number is 304-746-2500. See below for information on MUGC (South Charleston) procedures.

Definitions

University Closed: All classes suspended and offices closed.
Classes Cancelled: All classes suspended; offices open.

Delay Code A: Means a delay in the opening of classes BUT no delay in the opening of offices. Delays will usually be in the range of one to two hours. Employees are expected to report to work at their normal starting times unless they feel that travel is unsafe. If an employee feels that he/she cannot travel safely to work, they may charge accrued annual leave for the portion of the workday from 8:00 a.m. (or their normal start time) until their arrival at work.

Delay Code B: Means a delay in the opening of classes AND a delay in the opening of offices. Delays will usually be in the range of one to two hours. Employees do not have to report to their offices until the stated delay time. If they believe they cannot
travel to work safely by the stated delay time, they may charge accrued annual leave for the work hours from the stated delay time until they can next report to work.

Class operation under delays: Under both categories of delay, students should go to the class that would begin at the stated delay time or the class that would have convened within 30 minutes of the stated delay time. A two-hour delay means that classes that begin at 10:00 a.m. begin on time. Classes that begin at 9:30 a.m. meet at 10:00 a.m. and continue for the remaining period of that class.

Exceptions with regard to employees: Certain critical and emergency employees may be required to report to work on time or earlier than normally scheduled despite the particular delay code published.

Clarification

Information about closing, cancellations, or delays will ordinarily be disseminated to area radio and television stations. These outlets may, however, publish the University’s notification incorrectly. Therefore, the authoritatively correct statement of the University’s condition (Huntington) is stipulated to be the message on the AUDIX system (304-696-6245) or the message available at the University response number (304-696-3170).

Faculty

Once operations are resumed, deans, and departmental chairs must take steps to ensure that faculty meet their scheduled classes or substitutes secured so that class schedules are met.

Decision Making

Decisions on closings and/or delays will be made jointly by the Senior Vice President for Academic Affairs and the Senior Vice President for Finance and Administration following the consultation with other appropriate officials, including the President. Should only one of those two vice presidents be available, that person will make the decision.

Every effort will be made to reach decisions to allow time for adequate notification to the news media, and in turn those affected.

South Charleston campus and Other Education Centers:

General Policy

Because weather conditions can vary substantially, it is possible that classes will be delayed or cancelled at some locations and not at others. The Vice President for Regional Operations, in consultation with staff at other learning centers, will decide on class cancellations.

South Charleston Campus

Since South Charleston classes do not generally meet until late afternoon, an effort will be made to decide about classes by noon. Notification of delays or cancellations at the South Charleston Campus will be announced by (a) local media, (b) MUGC telephone system, and (c) University website. Any delay will be placed on the MUGC automated switchboard. Students may check the status of their classes by calling the MUGC telephone system (304-746-2500) or checking the Marshall website.

Point Pleasant, Beckley, Teays Valley and Other Educational Centers

Procedures for delayed openings and class cancellations are similar to those for the MUGC. At Point Pleasant, Beckley, and Teays Valley local media will provide information regarding cancellations. In addition, each site has a weather hot line: (a) Point Pleasant, 304-674-7239; (b) Beckley, 304-252-0719; (c) Teays Valley, 304-757-7223.

Remote Locations and Other Education Centers

Because the university may have several classes meeting on an irregular schedule in a geographically dispersed area throughout the semester, decisions about whether to meet during inclement weather will be made by the instructor. Those decisions will be transmitted to students by e-mail or other methods as agreed by students and the instructor.

Definitions

*MUGC Closed:* All classes cancelled and offices closed.

*MUGC Classes Cancelled:* All classes cancelled. Details provided by site.

MU ALERT

Information on Marshall University’s Emergency Messaging System (MU Alert) can be found on the website at www.marshall.edu/emergency/mualert/moreInformation.asp
Textbooks for Marshall University graduate courses are available from the Marshall University Bookstore in Huntington and on the South Charleston campus. Students should contact the store at the campus location where they are enrolled, or in the case of off-campus locations, they may order books by mail, phone, or online at http://marshall.bkstr.com.

The Marshall University Bookstore in Huntington (telephone 304-696-3622 or toll free at 1-800-547-1262) is located at Fifth Avenue and John Marshall Drive on the Huntington campus. The store is open from 8:00 a.m. to 6:30 p.m. Monday-Thursday, 8:00 a.m. to 5:00 p.m. on Friday, and 10:00 a.m.-5:00 p.m. on Saturday. Summer hours are 8:00 a.m.-5:00 p.m. Monday-Friday.

The Marshall University Bookstore in South Charleston is located on the first floor of the Administration Building. Hours are 10:00 a.m.-6:00 p.m. Monday-Thursday and 9:00 a.m.-5:00 p.m. Friday.

Textbooks also may be ordered by mail or phone, with the addition of a shipping and handling charge. To order by mail, fill out the requested information on the book order form and return with the cost of the book and the required shipping and handling charge. To order by phone, call and use a credit card.

Both bookstores accept checks, MasterCard, VISA, Discover, and American Express. Point Card is accepted at the Huntington store. Third-party direct billing is accepted with a purchase order or written authorization from the funding agency. Textbooks may be returned for refund or credit within 2-7 days of the date of purchase. Students should ask for a copy of the returns policy at the time of purchase. Used books are purchased at any time.

The Graduate College has established a textbook policy with the objective of minimizing textbook costs to students. This will be accomplished by repurchasing and reselling used textbooks, and using certain basic textbooks for a reasonable number of years, ordinarily not less than two years.

**CAREER SERVICES CENTER**
Denise Hogsett, Director

The Career Services Center assists students in all phases of professional development. The career professionals at the center can assist students in the areas of selecting a major, developing a focused resume, acquiring effective interviewing skills, or searching for part-time, internship or entry level employment.

The services include:

**Online Career Management (Marshall JobTrax)** – This employer/student database allows students to build an online credential file of resumes and other documents as well as search for jobs. Employers post jobs, giving students direct contact with local and national companies. They may apply for these positions directly with the company, often by submitting their resumes right from their JobTrax account.

**Career Advising and Testing** – The center offers career planning assistance that spans all aspects of student professional development, including both online and individual assessment to help the undecided or wavering student with career exploration and major selection.

**Workshops/Seminars** – The center provides informational workshops each semester on resume development, interview skills, networking and job search. Dates and times can be found on the center’s website each semester.

**Resume Development** – Experienced staff will guide students in preparing effective and professional resumes.

**Job Search Assistance** – Career advisors will advise students on the job search process. From part-time employment while attending the university to entry level employment upon graduation, students can obtain the skills necessary to make an effective job search.

**Internships** – The center works with undergraduate and graduate academic programs to assist students in procuring internships. All students are encouraged to gain work experience with at least one internship before graduation.
Career Expos – Students can network with employers through three major career expos each year.

On-Campus Recruiting – The center hosts visiting local, regional and national employers interested in recruiting Marshall University students and graduates.

Website – www.marshall.edu/career-services provides information concerning all career-related services and activities available to students/alumni, faculty, parents and employers.

CHILD DEVELOPMENT ACADEMY
www.marshall.edu/cda

The Child Development Academy at Marshall University provides child care services to children of Marshall University students, faculty, staff and the greater community. It serves as a location for Marshall University undergraduate and graduate students participating in various clinical experiences as part of their academic program. The programs currently placing university students at the Child Development Academy are Early Education, Psychology, and Communication Disorders. The facility was opened in August of 1999 and the construction was a joint venture of Marshall University and the City of Huntington.

COUNSELING CENTER
www.marshall.edu/counseling/

The Counseling Center is located on the first floor of Prichard Hall and provides free confidential mental health counseling and crisis intervention for students. Students may call 304-696-3111 to schedule an appointment with one of the full time counselors.

DISABILITY SERVICES
Sandra Clements, Coordinator
www.marshall.edu/disabled/

A student with a disability may be eligible to receive academic accommodations. It is incumbent upon the student to follow the policy detailed on the university website and to request any academic accommodations through the Office of Disability Services at the beginning of each semester. Students must follow this procedure to ensure they will receive appropriate and reasonable academic accommodations.

GRADUATE STUDENT COUNCIL
www.marshall.edu/graduate/gsc/

The Graduate Student Council is an organization open to all graduate students. Meetings are designed to discuss problems common to graduate students and propose their administrative solutions. Probably the most attractive aspect of the GSC is its ability to initiate administrative changes favorable to graduate students. GSC appoints representatives to a number of Faculty Senate standing committees and to the Graduate Council. A second and related goal of the GSC is to provide an environment in which contact with graduate students in other disciplines is expanded. Above all, the GSC is concerned with enriching the academic and personal lives of its members. The council can be reached through the Graduate College office on the Huntington Campus.

HIGHER EDUCATION FOR LEARNING PROBLEMS (H.E.L.P.)
Lynne Weston, Director
www.marshall.edu/help

H.E.L.P. is an individualized tutorial program for undergraduate students who have learning disabilities and/or Attention Deficit Disorder. Assistance is also available for all graduate students and medical students who have been diagnosed by a qualified professional person as having one or both of the above handicapping conditions. Assistance with coursework, study skills, note-taking skills, and appropriate accommodations in testing are available. Graduate assistants and master's-level tutors conduct tutorial sessions. Remediation in reading, spelling, written language, and math is available from LD specialists. Application to H.E.L.P. must be made separately from application to the university and should be completed 6 months in advance. For information, including fees, call the H.E.L.P. program at (304) 696-6252.
The Department of Housing and Residence Life is committed to the academic and personal development and success of our students. We provide housing for all Marshall students. For more information about housing and residence halls available to all graduate students, please contact the Department of Housing and Residence Life at (304)696-6765 or 1-800-438-5391, e-mail housing@marshall.edu or visit the web at www.marshall.edu/housing.

JUDICIAL AFFAIRS
Lisa Martin, Director
www.marshall.edu/judicial-affairs

For Marshall University to function effectively as an educational institution, students must assume full responsibility for their actions and behavior. Students are expected to respect the rights of others, to respect public and private property, and to obey constituted authority. A student's admission to the university constitutes acceptance of these responsibilities and standards. Failure to adhere to the policies and conduct regulations of the university places the student in violation of the Marshall University Code of Student Rights and Responsibilities and may, therefore, subject the student to disciplinary action. All admitted students are subject to the code at all times while on or about university-owned property, or at university-sponsored events. Anyone may refer a student or student organization suspected of violating the Code of Student Rights and Responsibilities to the Office of Judicial Affairs.

MULTICULTURAL AFFAIRS
Shari Williams-Clarke, Vice President
www.marshall.edu/mcip

Marshall University Multicultural Affairs comprises the Office of the Vice President for Multicultural Affairs, the Center for African American Students' Programs, the Lesbian Gay Bisexual Transgender Office and the Women’s Center. Each department is further broken down into individual units responsible for a host of programs and initiatives that contribute to Marshall University Multicultural Affairs’ primary objectives. Marshall University established the Division of Multicultural Affairs in 1989. Multicultural Affairs affirms Marshall’s commitment to an environment of teaching and learning which recognizes and welcomes diversity of race, disability, color, sex, sexual orientation, age, religion, national origin, marital status, political and ethnic backgrounds. Consistent with its awareness of different people, backgrounds and cultures, the Division of Multicultural Affairs is committed to developing the potential of all students by creating and maintaining an environment that promotes and fosters a multicultural, international, global community. Multicultural Affairs is organized to provide underrepresented populations with programs that enhance knowledge, skills and awareness to function in a complex global society.

MU ONLINE
Monica G. Brooks, Ass’t VP for OTL and Libraries
www.marshall.edu/muonline

Marshall University’s electronic course delivery software and program are referred to as MUOnline to aid in consistency and branding when referring to Blackboard Learning System - Vista Enterprise 8, the software that powers the online course system and its peripheral programs. Housing approximately 600 online courses, with up to 200 sections per term, and serving over 16,000 students annually, this program grows steadily each year to meet student needs by providing quality, affordable, and convenient online courses.

OUTREACH AND CONTINUING STUDIES
Rudy Pauley, Associate Vice President for Outreach and Continuing Studies
www.marshall.edu/ocs

The mission of the Office of Outreach and Continuing Studies (OCS) is to provide a coordinated approach to sustaining and expanding undergraduate, graduate, and professional development educational opportunities for both traditional and non-traditional students in Marshall University's service region. OCS works closely with all academic departments to ensure that courses meet each department's academic standards. In addition to serving traditional college students in its off-campus locations, the office also serves adult students who have previously completed a portion of a degree, but did not graduate, via Marshall’s Regents Bachelor of Arts program. West Virginia National Guard personnel and their families may take classes on military bases in pursuit of a Regents BA through OCS.
The Office of Outreach coordinates a program where high school students take college courses while still in high school. Working professionals and traditional students seeking both undergraduate and advanced degrees are supported by class offerings at the following locations: Teays Valley Regional Center, Mid-Ohio Valley Center in Point Pleasant, Beckley Higher Education Center, Southern Mountain Center in Williamson and at Marshall University’s South Charleston campus. Classes are offered via interactive video links, online (Internet-based), hybrid classes using a combination of live meetings and the Internet, weekend/accelerated formats and traditional 15-week live class sessions. To learn more about Marshall University’s outreach programs visit the website at www.marshall.edu/ocs or contact one of the OCS offices listed below.

**PSYCHOLOGY CLINIC**
Keith Beard, Director
www.marshall.edu/psych

The Marshall University Psychology Clinic has been established by the Department of Psychology to serve as a training facility for advanced graduate students enrolled in the clinical psychology program at the university and to provide high quality, low cost, confidential psychological services to individuals on the campus and from the local community.

The student clinicians are doctoral students in the Marshall University Clinical Psy.D. program. Student clinicians provide services under the supervision of qualified clinical faculty selected by the Department of Psychology to fulfill supervisory and teaching functions. A variety of services are offered by the clinic. These include individual psychotherapy, psychological assessment, and group psychotherapy, as well as educational workshops and other events. Some faculty also provide services. Although the clinic is not a for-profit venture, nominal fees are charged for some services; psychological counseling services are provided at no charge to students.

**RECREATION**
www.marshallcampusrec.com

The Marshall Recreation Center, a 123,000-square-foot facility, contains 4 wood gym courts for basketball, volleyball, badminton, pickle ball and dodge ball; a 37’ climbing wall with bouldering area; outdoor pursuits center with rental equipment area; aquatics center with 3 lap swim lanes, leisure pool, vortex pool and 20 person spa; men’s and women’s locker rooms; family changing areas with lockers; 17,000 square feet of fitness space on the second and third floor with free weights, selectorized machines with LCD televisions; 4 group exercise rooms; a 3 lane 1/7th mile walking/jogging/running track; massage area; fitness assessment room; juice bar; lounge areas and staff offices. Immediately east of the pool is an outdoor, fenced area for sunning and relaxing. The entire facility is accessible for persons with disabilities. The Rec Center is also the largest student employer on campus.
SPEECH AND HEARING CENTER
Pamela J. Holland, Director
www.marshall.edu/commdis/mushc
304-696-2985

The Department of Communication Disorders in the College of Health Professions operates the Marshall University Speech and Hearing Center, (MUSHC) which provides quality evaluation and treatment services for people of all ages with speech, language, and hearing problems. The Center provides services for a variety of communication disorders including, but not limited to, articulation, fluency, voice and resonance, cognitive communication, augmentative and alternative communication, aural rehabilitation, swallowing, and receptive and expressive language. Individual and group therapy sessions are also provided for dialect, pragmatics, and aphasia. Additional programs within the department include the Luke Lee Listening, Language, and Learning Lab which was the first oral preschool for deaf and hard of hearing children in West Virginia and the Scottish Rite Childhood Speech and Language Disorders Program. Services are available for Marshall students, faculty, and staff, as well as the general public. Costs for services may be handled through insurance or private pay, with a sliding-fee scale available. MUSHC is located in Smith Hall 143. For scheduling call 304-696-3641.

STUDENT HEALTH SERVICES

Student Health Services are provided by University Physicians and Surgeons Incorporated, an affiliate of the university’s School of Medicine. The clinic is located at 1600 Medical Center Drive, Suite 1500, next to Cabell Huntington Hospital, and is open from 8:00 to 10:45 a.m. and 1:00 to 4:00 p.m. Monday through Friday. Summer hours vary. The clinic is closed on Saturday, Sunday, and days that class is not in session.

Student Health Services will be provided on weekdays that class is in session to Marshall University students who present current validated identification cards. Part-time students may be required to pay fees for service. Students enrolled for 5 hours or fewer (regular term) are assessed a charge of $20.00 per office visit* and must pay for Lab or X-Ray.

Services provided include: diagnosis and treatment by a physician, licensed practitioner or physician’s assistant; limited routine laboratory and x-ray procedures; and injections for allergies (if vaccines and dosage directions are provided by the physician of the patient and approved by the staff physicians). Prescription medication is provided from a specified formulary at Medical Arts Pharmacy with a maximum a $5 co-payment.

Marshall University recommends that all students carry medical insurance and that they take their insurance information with them on Student Health visits. For information on health insurance call Student Health Education Programs at 304-696-4800.

STUDENTS WITH DISABILITIES

See also Disability Services.

A student with a disability may be eligible to receive academic accommodations. It is incumbent upon the student to follow the policy detailed on the university website at www.marshall.edu/disabled and to request any academic accommodations through the Office of Disability Services at the beginning of each semester. Students must follow this procedure to ensure they will receive appropriate and reasonable academic accommodations.

TESTING CENTER
Vickie Seguin, Director
www.marshall.edu/cbtc

The Marshall University Testing Center administers the, GRE, Praxis I, TOEFL, and various other tests in contract with the Educational Testing Service. For information, call 304-696-2604.

WRITING CENTER
Kelly Prejean, Director
www.marshall.edu/writing

The Writing Center, staffed by English graduate students and undergraduate peer tutors of various majors, provides free writing consultation to all Marshall University students. Tutors help students through the entire writing process, from discussing initial ideas to revising and editing their work. The center is located on the second floor of Drinko Library. Students are encouraged, but not required, to make appointments ahead of time, and may find more information about making appointments on the Writing Center’s website or by calling the Writing Center at 304-696-6254.

*Policies and fees are subject to change.
Academic Affairs  Gayle L. Ormiston, Provost and Senior Vice President for Academic Affairs

The Office of Academic Affairs has primary responsibility for supporting and pursuing the academic mission of the university.

SCHOOLS AND COLLEGES

The university functions through these academic units: the Lewis College of Business, the College of Education and Human Services, the College of Fine Arts, the College of Liberal Arts, the College of Science, the W. Page Pitt School of Journalism and Mass Communications, the Joan C. Edwards School of Medicine, the College of Health Professions, the College of Information Technology and Engineering, the Honors College, the Graduate School of Education and Professional Development, and the Graduate College.

BECKLEY CENTER

Marshall University also operates a center in the Beckley area that is part of the Erma Byrd Higher Education Center in Beaver. It serves primarily graduate students in Beckley, Bluefield, and other nearby areas.

LIBRARIES
Monica Brooks, Assistant Vice President for OTL and Libraries
www.marshall.edu/library

The Marshall University Library System consists of the John Deaver Drinko Library, the James E. Morrow Library, the Health Science Library at the Cabell-Huntington Hospital location, the Hoback Chemistry Library in the Science Building, and the Library and Research Commons on the South Charleston campus. Together, the University Libraries' holdings support graduate level research needs with 400,000 books, over a million government publications and microforms, 100 online indexes and full text databases, 20,000 electronic books, and over 22,000 periodical titles.

The John Deaver Drinko Library located on the western side of campus beside Old Main, opened in 1998 and is named for John Deaver Drinko, a Marshall graduate, philanthropist and strong supporter of higher education. The facility melds a full range of traditional library services with state-of-the-art computer and advanced technological education facilities that include multimedia training and presentation rooms, workstations, distance education and computer carrels. A variety of user services such as online Ask a Librarian research services, an extensive information literacy program, and curriculum-specific collections are provided to aid students and faculty with research and technology support needs.

The first floor of Drinko consists of a learning commons that provides 24-hour access to group and individual study areas, library materials, computers, wireless network, snacks and assistive technology. The general collection includes books, bound periodicals, and a wide variety of media and Internet accessible electronic materials. The Writing Center, a free tutoring service for all Marshall University students, is located on the second floor. It is staffed by graduate and upper-level undergraduate students who are trained to help at all stages of the writing process and in any discipline. Drinko also includes the Music Library collection formerly housed in Smith Music Hall.

(continued)
The James E. Morrow Library, located on Third Avenue on the north side of campus, first opened to the public in 1930. In 1967 an addition was added to the original structure which doubled its size to over 100,000 square feet. Recently, many areas of the interior of the building have been remodeled. Morrow Library houses three significant collections for the university: Government Documents on the 1st floor and Special Collections and access to the Morrow Stacks on the 2nd floor. In addition, the university’s Testing Center is located on the Ground floor.

The Health Science Library is located in the Robert C. Byrd Center for Rural Health next to the Cabell-Huntington Hospital, on Hal Greer Boulevard. The Library’s primary mission is serving the informational needs of the students, faculty, and staff at Marshall University and the Cabell-Huntington Hospital. The Library also plays an important role in providing information services to hospitals and healthcare professionals in the Huntington and the Tri-State area.

The Hoback Chemistry Library is located in the Science building on the Huntington campus. Due to the specialization of the materials in this library, the facility is only open by appointment and accessible to users during regular business hours. Contact the Chemistry Main Office for assistance: 304/696-2430.

The Library and Research Commons on the South Charleston campus is located in the Robert C. Byrd Academic and Technology Center. Distance students are eligible for library services that are unique to their needs. For details, go to the Graduate College library’s home page (www.marshall.edu/mugclibrary) Items held in the libraries on the Huntington campus can be retrieved through a daily courier service and by the electronic transmission of journal articles between the sites.

CENTER FOR TEACHING AND LEARNING
Sherri Smith, Executive Director
www.marshall.edu/catl

The Center for Teaching and Learning helps faculty enhance the nature and quality of the educational experience of all Marshall students through instructional and career development opportunities. University faculty must be experts in the processes of teaching and learning as well as experts in their disciplines. The activities of the center are designed to encourage innovative and effective teaching methods that will stimulate student learning. The center is composed of the Faculty Development Program, the Writing Across the Curriculum program, the Office of Assessment and Program Review, and the Service Learning Program.

CENTER FOR INTERNATIONAL PROGRAMS
Clark Egnor, Executive Director
www.marshall.edu/cip

The Center for International Programs was established in 1993. Its mission is to assist in globalizing Marshall University and the surrounding community through a coordinated effort. The following programs are coordinated by the Center for International Programs: International Students and Scholars Program, International Admissions, Study Abroad Programs, L.E.A.P. Intensive English Program, China Projects.

COMPUTING SERVICES
Arnold R. Miller, Executive Director, Computing Services
www.marshall.edu/ucs

On the Huntington campus the Marshall University Computing Services (UCS) administrative offices are located on the fourth floor of the Drinko Library and the Information Technology Services Desk is located on the first floor. On the South Charleston campus, all computing services are located on the second floor of the Administration Building. The mission of Computing Services is to "provide and facilitate quality computing, networking, and information services for the students, faculty, and staff of Marshall University in support of instruction, research, administration, and economic development, and community service needs."

Computing Facilities

Information Technology manages a number of computing facilities that provide access to MUnet-connected workstations for the campus community. Information Technology managed public computers, including those in the Drinko 24-Hour Study Center, will always have the latest versions of software available. University Computing Facilities are currently available in Corbly Hall, Harris Hall, Smith Hall, the Drinko Library and Information Technology Center in Huntington; and in the administration and academic buildings in South Charleston. All University Computing Facilities provide printing and scanning facilities. Other specialized facilities are available at selected sites.

Computing Policies

Policies regarding computer use are available online at www.marshall.edu/ucs/CS/acceptuse.asp.
Computer Purchases

Recommendations on student computer purchases are available online at www.marshall.edu/personalpurchase.

Computer Security

Recommendations on student computer security are available online at www.marshall.edu/ucs/systems/infosec.asp.

Connecting to the Marshall University Network (MUnet)

MUnet is Marshall University's computing network. MUnet provides access to a variety of software (word processors, web browsers, etc.) and services (electronic mail, personal web pages, etc.).

New students are automatically assigned a computer account. All accounts consist of a username (up to 12 characters long) based on your last name and a randomly generated password.

You can obtain this account by presenting your ID card to the service desk, study center, or fourth floor front desk in the Drinko Library on the Huntington campus, or to computer support on the second floor of the GC building on the South Charleston campus.

Wireless access is also available at most locations on the Huntington and South Charleston campuses.

Email (also see myMU)

New students are automatically assigned a Marshall University email account. NOTE: All official university email will be sent to your Marshall University email address.

To obtain your email address, log in to myMU, and click the “MU LiveMail” button to access your email.

For more information, visit www.marshall.edu/ucs/systems/live.

Information Technology Service Desk

The IT Service Desk is located on the first floor of the Drinko Library on the Huntington Campus and the second floor of the Administration Building on the South Charleston campus.

Additional sites on the Huntington campus include Drinko Library, Corbly Hall, Harris Hall, Smith Hall, Gullickson Hall, and residence halls. Additional sites on the South Charleston campus include the Byrd Academic Center.

Help for MUnet account holders is available by calling one of the numbers below:

304-696-3200 in the Huntington calling area
304-746-1969 in the Charleston calling area
877-689-8638 toll-free outside the Huntington/Charleston calling areas

MUnet

MUnet is a fiber optic 10 GigE and 1 GigE backbone connecting all campus buildings throughout the campus. The network provides 10/100/1000M connectivity for voice, video and data across a copper infrastructure. MUnet is linked to the Internet via redundant high-speed digital MPLS service. MUnet can also be accessed from off campus through free virtual private networking (VPN) software available on the UCS website at www.marshall.edu/ucs. The same VPN software allows users to connect to the MUWireless network when on campus in the vicinity of a wireless network access point. Wireless 802.11a/b/g/n connectivity is available throughout campus and current coverage levels are available on the UCS website at www.marshall.edu/ucs/networking/wireless/mapsindex.asp.

Online Support

The UCS website is where students and staff can find the most up-to-date information and exists to provide information, facilitate communications with our customers, and provide a secure source for downloading software such as the free anti-virus software which the university licenses for all users, and other software. Please go to www.marshall.edu/ucs.

myMU

MyMU is the Marshall University portal to the Internet. This is where students can register for classes, check their email, view their grades and financial aid status, and make secure payments. To log in, you will need your ID no. (beginning with “901”) and your PIN (Personal Identification Number) If you do not know your 901 number, check here: https://mudbapps03.marshall.edu/muidlookup/muidlookup_default.asp. Until you change it, your PIN is your birthday in this format: mmddyy. To log in to MyMU, visit www.marshall.edu/mymu.

Servers and Systems

Central timeshare and server facilities include more than 250 servers and systems, running Microsoft Windows Server and Red Hat Enterprise Linux. These systems provide timeshare, file, print, database, email, Library, and web-based services.
to the MUnet community. A wide variety of software products are available to MUnet users including administrative software based on Sungard Higher Education’s BANNER products, office automation products (word processors, spreadsheets, electronic mail, document production, electronic filing, calendar/time management, and other groupware functions), computer instruction, programming languages, query/data base packages, electronic reference databases, presentation products, and courseware delivery, and electronic publishing packages.
ACADEMIC APPEALS

See Academic Rights and Responsibilities of Students.

ACADEMIC COMMON MARKET

Out-of-State Programs at Reduced Tuition

West Virginia residents can pursue academic programs not available within the state through the Academic Common Market (ACM) and through contract programs. Both programs enable West Virginians to enter out of state institutions at reduced tuition rates. Contract programs have been established for study in veterinary medicine, optometry, architecture, and podiatry. ACM provides access to both baccalaureate and graduate programs not otherwise available in West Virginia. The programs are restricted to West Virginia residents who have been accepted for admission to one of the specific programs at designated out of state institutions. For information please contact the Office of Academic Affairs, Old Main 110, (304-696-6690) or the Higher Education Policy Commission. Out-of-state students who have been granted Academic Common Market access to Marshall University should follow the Academic Common Market Procedures available at www.marshall.edu/academic-affairs/studentresources.htm.

ACADEMIC DISHONESTY

Introduction:

As described in the Marshall University Creed, Marshall University is an “Ethical Community reflecting honesty, integrity and fairness in both academic and extracurricular activities.”

Academic Dishonesty is something that will not be tolerated as these actions are fundamentally opposed to “assuring the integrity of the curriculum through the maintenance of rigorous standards and high expectations for student learning and performance” as described in Marshall University’s Statement of Philosophy.

A student, by voluntarily accepting admission to the institution or enrolling in a class or course of study offered by Marshall University accepts the academic requirements and criteria of the institution. It is the student’s responsibility to be aware of policies regulating academic conduct, including the definitions of academic dishonesty, the possible sanctions and the appeal process.

For the purposes of this policy, an academic exercise is defined as any assignment, whether graded or ungraded, that is given in an academic course or must be completed toward the completion of degree or certification requirements. This includes, but is not limited to: Exams, quizzes, papers, oral presentations, data gathering and analysis, practica and creative work of any kind.

Definitions of Academic Dishonesty

Below are definitions of some common types of academic dishonesty. Each instructor may modify the general definition of academic dishonesty to fit the immediate academic needs within that particular course of study, provided the instructor defines, in writing and preferably in the course syllabus, the details of any departure from the general definition.

- Cheating: Any action which if known to the instructor in the course of study would be prohibited. This includes:
  - The unauthorized use of any materials, notes, sources of information, study aids or tools during an academic exercise.
  - The unauthorized assistance of a person other than the course instructor during an academic exercise.
  - The unauthorized viewing of another person’s work during an academic exercise.
  - The unauthorized securing of all or any part of assignments or examinations, in advance of submission by the instructor.
- Fabrication/Falsification: The unauthorized invention or alteration of any information, citation, data or means of verification in an academic exercise, official correspondence or a university record.

(continued)
• Plagiarism: Submitting as one’s own work or creation any material or an idea wholly or in part created by another. This includes:
  • Oral, written and graphical material.
  • Both published and unpublished work

It is the student’s responsibility to clearly distinguish his/her own work from that created by others. This includes the proper use of quotation marks, paraphrase and the citation of the original source. Students are responsible for both intentional and unintentional acts of plagiarism.

• Bribes/Favors/Threats: Attempting to unfairly influence a course grade or the satisfaction of degree requirements through any of these actions.

• Complicity: Helping or attempting to help someone commit an act of academic dishonesty.

Sanctions
Sanctions for academic dishonesty may be imposed by the instructor of the course, the department chairperson, or the Academic Dean. Sanctions for academic dishonesty may be imposed even if a student withdraws from an individual course or from the university entirely.

The instructor may impose the following sanctions:
• A lower or failing project/paper/test grade,
• A lower final grade,
• Failure of the course
• Exclusion from further participation in the class (including laboratories or clinical experiences)

The following sanctions may be recommended by the instructor but will need to be imposed by the department chair, academic dean or the Office of Academic Affairs:
• Exclusion from an academic program
• Academic probation for up to 1 year
• Academic suspension for up to 1 year
• Dismissal from the university.

In those cases in which the offense is particularly flagrant or where there are other aggravating circumstances, additional, non-academic, sanctions may be pursued through the Office of Judicial Affairs.

A student will be informed in writing by the instructor or person making the charge of any charges and subsequent sanctions imposed for academic dishonesty (See “Reporting” below). Written notification of academic dishonesty charges (and the inclusion of confirmed charges/sanctions in a student’s records) is designed to inform a student of the potential repercussions of repeat offenses and his/her rights of appeal.

If a student believes that charges of academic dishonesty have been erroneously levied, he/she should appeal such charges in accordance with the process outlined below. (See Appeals Process.)

Sanctions for repeated academic dishonesty offenses will be imposed by the Office of Academic Affairs after consultation with the appropriate department chairs and deans.

• A student’s record of academic dishonesty offenses will be maintained throughout his/her enrollment at Marshall University, and the period of time between offenses will have no impact on sanctions for repeated offenses.
• A student with a second academic dishonesty offense during his/her enrollment at Marshall University will be academically suspended for a period of time not to exceed one academic year (to include summer terms).
• A student with a third academic dishonesty offense during his/her enrollment at Marshall University will be dismissed from the university.

Reporting:
When an accusation of academic dishonesty is reported to the Office of Academic Affairs, and a sanction imposed (or a sanction will be imposed with the submission of final grades), a notice should be sent to the Office of Academic Affairs within ten (10) days of the accusation or submission of a final grade with imposed sanction, whichever comes first.

Notice of an act of academic dishonesty will be reported to the Office of Academic Affairs through the completion of an “Academic Dishonesty Report Form.” The “Academic Dishonesty Report Form” will include:
• Instructor’s Name
• Course Information (Term, Number, Section)
• Student’s Name
• Student’s University Identification Number
• Brief Description of the Charge
• Date of Accusation
• Brief Description of the Sanction

Within ten (10) days of receipt of the “Academic Dishonesty Report Form” the Office of Academic Affairs will inform the student and the student’s dean of the accusations made, the sanctions prescribed, the repercussions of repeat offenses, and his/her rights of appeal.

A copy of the report will go into the student’s college file.

Any subsequent actions taken (additional sanctions imposed, the lessening of sanctions, the withdrawal of accusations, the results of appeals, etc.) should be reported to the Office of Academic Affairs within ten (10) days of the action.

Recording:

The Office of Academic Affairs will maintain a file of academic dishonesty incidents. These will be reported in summary form (no student or faculty names will be included) to the Academic Deans and the Faculty Senate at the end of each academic year.

Appeals Process:

In cases where the instructor imposes sanctions and does not refer the matter to the department chairperson for additional sanctions, the student may appeal the sanction in accordance with the procedures described for grade appeal (see listing under “Academic Appeals,” A). This includes lowered grades, exclusion from class activities and failure of the course.

If allegations of academic dishonesty are referred to the department chairperson for additional sanctions, it must be within thirty (30) days from the date of the alleged offense. This process starts with the dean if there is no department chairperson.

a. The department chairperson shall bring together the student involved, and the faculty member, and/or other complainant within ten (10) days from the date of referral.

b. If the student denies guilt or disagrees with the sanction imposed, or if the faculty member, other complainant, or chairperson feels that the penalties are insufficient for the act complained of, the case shall be forwarded in writing by the chairperson to the student’s Academic Dean within ten (10) days from the date of the meeting. The Academic Dean shall bring together the student, faculty member or other complainant, and the department chairperson to review the charges within ten (10) days from the date of referral. The Academic Dean may impose any sanction permitted by this policy.

c. Should the student, faculty member, or other complainant be dissatisfied with the determination of the Academic Dean, the case may be appealed in writing within ten (10) days of the Dean’s written decision to the Budget and Academic Policy Committee, who shall refer the case to the University Academic Appeals Board for resolution.

d. Should the student, faculty member, or other complainant be dissatisfied with the determination of the Academic Appeals Board, then he/she may file an appeal with the Provost and Senior Vice President for Academic Affairs within thirty (30) days from the receipt of the written decision of the Board. The decision of the Provost and Senior Vice President for Academic Affairs shall be final.

Only individual allegations of academic dishonesty may be appealed. If a previous offense was not appealed within the time limit, or was appealed unsuccessfully then subsequent offenses will be counted as repeat offenses and additional sanctions will be levied by the Office of Academic Affairs as described under the section on “Sanctions.”

ACADEMIC DISMISSAL

This is defined as termination of student status, including any right or privilege to receive some benefit, or recognition, or certification. A student may be academically dismissed from a limited enrollment program and remain eligible to enroll in courses in other programs at Marshall University; or a student may be academically dismissed from the institution and not remain eligible to enroll in other courses or programs at Marshall University. The terms of academic dismissal from a program for academic deficiency shall be determined, defined, and published by each of the constituent colleges and schools of Marshall University. Academic dismissal from a program or from the University may also be imposed for violation of the University policy on academic dishonesty. For additional details, see “Academic Rights and Responsibilities.”

ACADEMIC PROBATION

A student whose grade point average falls below 3.0 will be placed on academic probation by the Graduate College. Following notification of probation and prior to subsequent registration, students will be counseled by their advisor or the department chair. During this initial counseling session, the student will be advised of his/her deficiencies and the requirements for removing the deficiencies within the next nine semester hours of enrollment. The student will not be permitted to register without the written approval of the Dean of the Graduate College in Huntington or the Dean of the
Graduate School of Education and Professional Development in South Charleston. A second counseling session will follow the first grading of subsequent enrollment and will be designed to check the student’s progress. If probationary status is not removed within a satisfactory time period, the Dean in consultation with the graduate department will determine (1) if the student is to be retained or recommended for dismissal, (2) what counseling or remediation steps will be required of the student as a condition of retention.

Graduate Students

Any student who has less than a 3.0 GPA either overall or in his/her current major will be placed on academic probation by the Graduate Dean. Following notification of probation and prior to subsequent registration, a student will be counseled by his/her advisor or the chairperson of the department of his/her program. During this session, the student will be advised of his/her deficiencies and the requirements for removing the deficiency within the next nine (9) semester hours of enrollment. A second advising period will follow the first grading of subsequent enrollment and will be designed to check the progress. If probationary status is not removed, the student may be subject to further academic action pursuant to these policies, including academic dismissal.

Medical Students

Medical School students should consult the appropriate Medical School publications for the description of this sanction.

ACADEMIC RIGHTS AND RESPONSIBILITIES OF STUDENTS

I. Statement of Philosophy

Marshall University is an academic community and as such must promulgate and uphold various academic standards. Failure of a student to abide by such standards may result in the imposition of sanctions pursuant to University Policy Number 60. A student, by voluntarily accepting admission to the institution or enrolling in a class or course of study offered by Marshall University, accepts the academic requirements and criteria of the institution. It is the student’s responsibility to fulfill coursework and degree, or certification requirements, and to know and meet criteria for satisfactory academic progress and completion of the program.

II. Definitions

A. Academic Dean: the chief academic officer of a college or school. The dean also serves in an advisory capacity to the student. The student is encouraged to contact his/her academic dean for guidance on appeal procedures.

B. Academic Deficiency: failure to maintain the academic requirements and standards as established by Marshall University and its constituent colleges and schools other than those relating to academic dishonesty. This shall include but is not limited to the criteria for maintenance of satisfactory academic progress, i.e. Grade Point Average, special program requirements, professional standards, etc.

C. Academic Dishonesty: Academic dishonesty is conduct on an academic exercise that falls into one or more of the following categories: cheating, fabrication/falsification, plagiarism, bribes/favors/threats, and complicity. These categories and “academic exercise” are defined in detail in the section on Academic Dishonesty in this catalog. Each instructor may modify the general definition of academic dishonesty to fit the immediate academic needs within that particular course of study, provided the instructor defines, in writing and preferably in the course syllabus, the details of any departure from the general definition.

D. Day: shall refer to a calendar day.

E. Limited Enrollment Program: any academic program which imposes admissions requirements in addition to general admissions to the University.

F. Student: any undergraduate student who has been admitted to, and is currently enrolled in, a course or in a certificate or degree program at Marshall University, or for whom the institutional appeal period has not expired. Students enrolled in the undergraduate Nursing Program will follow these procedures.

G. University Community: faculty, staff, or students at Marshall University.

H. President’s Designee: Chief Academic Officer.

I. Provost and Senior Vice President for Academic Affairs: refers to the Chief Academic Officer.

J. Appeal Deadlines: the time allowed for each level of appeal. There will be no time extensions unless granted by the Academic Appeals Board for good cause. If the appeals do not meet the established deadlines, the issue is no longer appealable.

III. Student Academic Rights:

Concomitant with other academic standards and responsibilities established by Marshall University and its constituent colleges and schools, each student shall have the following academic rights:

A. The student shall be graded or have his/her performance evaluated solely upon performance in the coursework as measured against academic standards.
B. The student shall not be evaluated prejudicially, capriciously, or arbitrarily.

C. The student shall not be graded nor shall his/her performance be evaluated on the basis of his/her race, color, creed, sex, sexual orientation, or national origin.

D. Each student shall have the right to have any academic penalty, as set forth herein, reviewed pursuant to the procedures in Section V. Except in those cases where a specific time is provided, this review shall occur within a reasonable time after the request for such review is made.

E. Each student shall have access to a copy of a University catalog or program brochure in which current academic program requirements are described (e.g., required courses, total credit requirements, time in residence standards, minimum Grade Point Average, probation standards, professional standards, etc.).

F. Each student shall receive from the instructor written descriptions of content and requirements for any course in which he/she is enrolled (e.g., attendance expectations, special requirements, laboratory requirements including time, field trips and cost, grading criteria, standards and procedures, professional standards, etc.).

G. The instructor of each course is responsible for assigning grades to the students enrolled in the course consistent with the academic rights set out in the preceding sections.

H. Marshall University and its constituent colleges and schools are responsible for defining and promulgating:
   1. The academic requirements for admission to the institution, for admission to limited enrollment programs, and for admission to professional and graduate degree programs;
   2. The criteria for maintenance of satisfactory academic progress, for the successful completion of the program, for the award of a degree or certification, for graduation;
   3. The requirements or criteria for any other academic endeavor, and the requirements for student academic honesty, consistent with the Policies, Rules, and Regulations of the Higher Education Policy Commission and with the fundamentals of due process; and
   4. Probation, suspension, and dismissal standards and requirements.

I. Normally, a student has the right to finish a program of study according to the requirements under which he/she was admitted to the program. Requirements, however, are subject to change at any time, provided that reasonable notice is given to any student affected by the change.

IV. Academic Sanctions

A student who fails to meet the academic requirements or standards, or who fails to abide by the University policy on academic dishonesty, as defined by Marshall University and its constituent colleges and schools, may be subject to one or more of the following academic sanctions:

A. A lower final grade in or a failure of the course or exclusion from further participation in the class (including laboratories or clinical experiences), any or all of which may be imposed by the instructor of the course involved.

B. Academic Probation
   1. For Academic Deficiency:
      a. Graduate Students
         Any student who has less than a 3.0 GPA either overall or in his/her current major will be placed on academic probation by the Graduate Dean.
         Following notification of probation and prior to subsequent registration, a student will be counseled by his/her advisor or the chairperson of the department of his/her program. During this session, the student will be advised of his/her deficiencies and the requirements for removing the deficiency within the next nine (9) semester hours of enrollment. A second advising period will follow the first grading of subsequent enrollment and will be designed to check the progress. If probationary status is not removed, the student may be subject to further academic action pursuant to these policies, including academic dismissal.
      b. Medical Students
         Medical School students should consult the appropriate Medical School publications for the description of this sanction.
   2. For Academic Dishonesty
      In those cases in which a student has been found guilty of academic dishonesty he/she may be placed on academic probation for a period of time not to exceed one academic year. During this period the student is given an opportunity to prove that he/she can become a responsible and positive member of the University community. Conditions and restrictions for probation may be imposed, as deemed appropriate, including but not limited to:
      a. Exclusion from representation of the University in any extracurricular activities such as intercollegiate athletics, debate teams, university theater, band, etc.; however, the student may participate in informal activities of a recreational nature sponsored by the University.
      b. Self-Improvement: A program of self-development will be planned in conjunction with a faculty or staff person assigned in a counseling/guidance capacity.
c. Surrender of Student Activity Card: Upon request the Student Activity Card is to be yielded to the Vice President of Academic Affairs and all rights and privileges pertaining thereto forfeited for a specified period of time not to exceed one academic year.

A student violating any term of academic probation while on such probation will be subject to further academic sanction up to and including academic dismissal from the University.

C. Academic Suspension for Academic Dishonesty

In those cases in which a student has been found guilty of a second academic dishonesty offense, he/she will be academically suspended for a period of time not to exceed one academic year (to include summer terms). During such period the student may not enroll in any course or program offered by Marshall University or any of its constituent colleges or schools. A student violating any term of academic suspension while on suspension will be subject to further academic suspension up to, and including, academic dismissal from the University.

D. Academic Dismissal

This is defined as termination of student status, including any right or privilege to receive some benefit, or recognition, or certification. A student may be academically dismissed from a limited enrollment program and remain eligible to enroll in courses in other programs at Marshall University; or a student may be academically dismissed from the institution and not remain eligible to enroll in other courses or programs at Marshall University. The terms of academic dismissal from a program for academic deficiency shall be determined, defined, and published by each program and/or the Graduate College. Typically, a student unable to get off of probation is subject to dismissal. Academic dismissal from a program or from the University may also be imposed for violation of the University policy on academic dishonesty.

V. Academic Appeals

Please Note: Notwithstanding any other provision in Marshall University catalogs or policy documents, only students who are or will be dismissed from a program or from the University as a direct and immediate consequence of any academic sanction administered by the University may, at his or her own discretion and expense, retain legal counsel for representation during all relevant administrative appeal proceedings.

In cases where a student is appealing a grade, the grade appealed shall remain in effect until the appeal procedure is completed, or the problem resolved.

A. Student Appeals for Instructor-Imposed Sanctions: The intent of the appeals process is to treat all parties fairly, and to make all parties aware of the appeals procedure. In those cases in which a student has received an instructor-imposed sanction, the student shall follow the procedures outlined below:

1. Graduate Students:
   a. The student should first attempt a resolution with the course instructor. This initial step must be taken within ten (10) days from the imposition of the sanction or, in the case of an appeal of a final grade in the course, within thirty (30) days of the beginning of the next regular term. The student who makes an appeal is responsible for submitting all applicable documentation. If the instructor is unavailable for any reason, the process starts with the department chairperson.
   b. If the procedure in Step 1 does not have a mutually satisfactory result, the student may appeal in writing to the department chairperson within ten (10) days after the action taken in Step 1, who will attempt to resolve the issue at the departmental level. When a student appeals a final grade, the faculty member must provide all criteria used for determining grades.
   c. Should the issue not be resolved at the departmental level, either the student or instructor may appeal in writing to the Dean of the Graduate College within ten (10) days of the action taken in Step 2. The Dean will attempt to achieve a mutually satisfactory resolution.
   d. Should the issue not be resolved by the Dean, either the student or instructor may appeal in writing within ten (10) days of the action taken in Step 3 to the Chair of the Budget and Academic Policy Committee, who shall refer the matter to the University Academic Appeals Board which decides if an appeal hearing is justified. If the University Academic Appeals Board decides a hearing is justified, the Board will schedule the hearing. The University Academic Appeals Board has the right to seek additional documentation if necessary. The University Academic Appeals Board has thirty (30) days to convene the members of the Hearing Panel to hear the appeal (once the requested documentation is provided by the appellant student) and ten (10) days after the hearing to make notification of the determination to the student and instructor. Since many of these appeals occur at times when school is not in session it may not always be possible to meet the above conditions, but every effort will be made to hear appeals in a timely and reasonable manner.

2. Medical Students

Medical School students who desire to appeal an instructor-imposed sanction should consult the appropriate Medical School publication for the proper procedures to follow.
B. Appeals for Academic Dishonesty:
Primary responsibility for the sanctioning for academic dishonesty shall lie with the individual instructor in whose class or course the offense occurred; however, charges of academic dishonesty may be filed by any member of the University community. Sanctions for academic dishonesty may range from an instructor-imposed sanction, pursuant to Sec. IV, A, herein, to dismissal from the institution. 

(Only individual allegations of academic dishonesty may be appealed. If a previous offense was not appealed within the time limit, or was appealed unsuccessfully, then subsequent offenses will be counted as repeat offenses and additional sanctions will be levied by the Office of Academic Affairs as described in the section on “Sanctions” in this policy.)

1. In those cases where the instructor imposes a sanction pursuant to Section IV, A, only and does not refer the matter to the department chairperson for additional sanctions, the student may appeal the sanction in accordance with the procedures described in Section V, A.
2. Where the offense is particularly flagrant or other aggravating circumstances are present, such as a repeat violation, the instructor may refer the matter to the department chairperson for additional sanctions as permitted by this policy. In addition, any member of the University community may refer a case of academic dishonesty to the chairperson of the department in which the course involved is being offered. Allegations of academic dishonesty must be referred to the department chairperson within thirty (30) days from the date of the alleged offense.

In those cases where the matter is referred to the department chairperson the following procedures are applicable:
   a. The department chairperson shall bring together the student involved, and the faculty member, and/or other complainant within ten (10) days from the date of referral. A written admission of guilt at this level may be resolved with a maximum penalty of “F” in the course.
   b. If the student denies guilt or disagrees with the sanction imposed, or if the faculty member, other complainant, or chairperson feels that the penalties in Step (a) are insufficient for the act complained of, the case shall be forwarded in writing by the chairperson to the Graduate Dean within ten (10) days from the date of the meeting. The Graduate Dean shall bring together the student, faculty member or other complainant, and the department chairperson to review the charges within ten (10) days from the date of referral. The Graduate Dean may impose any sanction permitted by Section IV of this policy.
   c. Should the student, faculty member, or other complainant be dissatisfied with the determination of the Graduate Dean, the case may be appealed in writing within ten (10) days of the Dean’s written decision to the Chair of the Budget and Academic Policy Committee, who shall refer the matter to the University Academic Appeals Board which decides if an appeal hearing is justified. If the University Academic Appeals Board decides a hearing is justified, the Board will schedule the hearing. The University Academic Appeals Board has the right to seek additional documentation if necessary. The University Academic Appeals Board has thirty (30) days to convene the members of the Hearing Panel to hear the appeal (once the requested documentation is provided by the appellant student) and ten (10) days after the hearing to make notification of the determination to the student and instructor. Since many of these appeals occur at times when school is not in session it may not always be possible to meet the above conditions, but every effort will be made to hear appeals in a timely and reasonable manner.
   d. Should the student, faculty member, or other complainant be dissatisfied with the determination of the Hearing Panel, then he/she may file an appeal with the Vice President of Academic Affairs within thirty (30) days from the receipt of the written decision of the Hearing Panel. The decision of the Provost and Senior Vice President for Academic Affairs shall be final.

C. Appeals for Academic Deficiencies:

1. When a graduate student has been or may be placed on academic probation for academic deficiencies, or when a student having completed six or more credit hours of relevant coursework in a major is denied admission to a degree program, the student may appeal as follows:
   a. The student is entitled to written notice:
      (1) of the nature of the deficiency or reason for denial of admission to a program;
      (2) of the methods, if any, by which the student may correct the deficiency, and;
      (3) of the penalty which may be imposed as a consequence of the deficiency.
   b. The student shall be given the opportunity to meet with the person or persons who has judged his/her performance to be deficient, to discuss with this person or persons the information forming the basis of the judgment or opinion of his/her performance; to present information or evidence on his/her behalf; and to be accompanied at any such meeting by an advisor of his/her choice from the University (faculty, staff, or student). Such advisors may consult with but may not speak on behalf of their advisees or otherwise participate directly in the proceedings, unless given specific permission to do so by the person conducting the meeting. The student is not entitled to an attorney in such meetings and the formal rules of evidence are not applicable. The student must request such a meeting in writing within ten (10) days from receipt of the notice.
(continued)
c. If the student is dissatisfied with the outcome of the meeting outlined in (b) above, the student may appeal the judgment to the Provost and Senior Vice President for Academic Affairs within (30) days after receipt of written notice of the judgment.

d. The decision of the Provost and Senior Vice President for Academic Affairs is final.

2. In those cases in which a student has been or may be dismissed from a graduate academic program, or has been or may be dismissed from the institution for academic deficiencies, the following procedures are applicable:

a. The student is entitled to written notice:
   (1) of the nature of the deficiency;
   (2) of the methods, if any, by which the student may correct the deficiency, and;
   (3) of the penalty which may be imposed as a consequence of the deficiency.

b. The student shall be given the opportunity to meet with the person or persons who have judged his/her performance to be deficient. The student must request such meeting in writing within ten (10) days from receipt of the notice. The student shall be given the opportunity to discuss with this person or persons the information forming the basis of the judgment or opinion of his/her performance, to present information or evidence on his/her behalf, and to be accompanied at any such meeting by an advisor of his/her choice from the University (faculty, staff, or student). Such advisor may consult with but may not speak on behalf of their advisee or otherwise participate directly in the proceedings, unless given specific permission to do so by the person conducting the meeting. The student is not entitled to an attorney in such meetings and the formal rules of evidence are not applicable.

c. If the student is dissatisfied with the outcome of the meeting outlined in (b) above, within ten (10) days of the meeting with the person who judged his/her performance the student may file an appeal with the Chair of the Budget and Academic Policy Committee, who will refer the matter to the Academic Appeals Board which decides if an appeal hearing is justified. If the University Academic Appeals Board decides a hearing is justified, the Board will schedule the hearing. The University Academic Appeals Board has the right to seek additional documentation if necessary. The University Academic Appeals Board has thirty (30) days to convene the members of the Hearing Panel to hear the appeal (once the requested documentation is provided by the appellant student) and ten (10) days after the hearing to make notification of the determination to the student and instructor. If the student is denied an appeal, he/she may appeal this decision to the Provost and Senior Vice President for Academic Affairs. This appeal must be filed within ten (10) days after receipt of written notice of the decision. If the student is granted an appeal, the University Academic Appeals Board will appoint a Hearing Panel. At least two (2) of the faculty and student members of the hearing panel will, if possible, be chosen from board members appointed from the constituent college or school involved. Since many of these appeals occur at times when school is not in session it may not always be possible to meet the above condition, but every effort will be made to hear appeals in a timely and reasonable manner.

d. If the student is dissatisfied with the decision of the Hearing Panel, the student may appeal the decision to the Vice President of Academic Affairs within thirty (30) days after receipt of written notice of the decision.

e. The decision of the Provost and Senior Vice President for Academic Affairs is final.

3. Medical School Students

In those cases in which a Medical student has been or may be placed on academic probation, or academic suspension, or has been or may be dismissed from Medical School for academic deficiencies, he/she should consult the appropriate Medical School publications for the proper procedure to be followed.

VI. Academic Appeals Board

A. Description and Jurisdiction:

The Academic Appeals Board is a permanent subcommittee of the Budget and Academic Policy Committee of the Faculty Senate. It is composed of experienced hearing officers and is established to decide whether appeals arising from the following should result in a hearing:

1. Instructor-imposed sanctions, including: lowering of final course grade, failure of course, or exclusion from further participation in the class.
2. Final course grades.
3. Sanctions imposed for academic dishonesty.
4. Dismissal from an academic program.
5. Dismissal from the University.
6. Such other cases as may be referred to the Board.

B. Function:

The University Academic Appeals Board collectively determines whether:

a) The prior steps of the appeal process have been completed.
VII. The purpose of the Hearing Panel is to hear arguments, evaluate evidence, and reach a decision by voting in an Academic Hearing.

A. The Hearing Panel shall be composed of faculty and student members chosen in the following manner:

1. Faculty Members:
The Dean of each constituent college and school of the University shall appoint five (5) faculty members from his/her unit to serve on the Panel. Such appointments will be made annually in the spring semester with the understanding that some of these faculty members will be available to hear appeals during the summer terms and the week before the beginning of Spring semester. Terms will run from May 15 to the following May 15. Faculty members serving on the Panel must have Graduate Faculty status if the course in question is a graduate course.

2. Student Members:
The President of Student Government shall appoint three (3) students from each of the constituent colleges and schools of the University, at least one of whom should be a graduate student. Students serving on the Panel must be graduate students if the course in question is a graduate course.

3. Hearing Officers:
The Budget and Academic Policy Committee will call for volunteers and appoint two Hearing Officers each spring. It is desirable but not required that the Hearing Officers have served on the Hearing Panel.

B. Selection of Members for an Individual Hearing:
An individual Hearing Panel shall be composed of two (2) faculty members, one (1) student member, and one (1) non-voting Hearing Officer. The members of the Hearing Panel shall be chosen by the Chairperson of the Budget and Academic Policy Committee or his/her designee.

VIII. Hearing Procedures
It is the intent of these procedures to insure that Marshall University students receive appropriate due process in academic matters. This includes fundamental fairness, just sanctions, and all rights in accordance with the belief that academic appeal hearings at an institution of higher education such as Marshall University should have an educational objective. Academic appeals, pursuant to these procedures, are informal and not adversarial in nature.

A. The time and place of the hearing are determined by the Hearing Officer. The hearing should be held within sixty (60) days of receiving the written request. Upon written request, the Hearing Officer may, at his/her discretion, grant a continuance to any party for good cause.

B. The Hearing Officer will notify the appellee, appellant, and other appropriate parties in writing at least five (5) days prior to the hearing of the date, time, and place of the hearing. A statement of the facts and evidence to be presented in support of the student’s grounds for appeal will be provided to the appellee five (5) days prior to the hearing.

C. The Hearing Panel is to hear arguments, evaluate evidence, and reach a decision by voting in an Academic Hearing. This means that some policy may have been violated in the application of the sanction, arbitrariness or capriciousness may be a factor in the sanction, different standards may have been applied to the student or there may have been bad faith or ill will on the part of the instructor’s applying of the sanction.

D. Appropriate documentation of the claim needs to be provided in order to justify a hearing. It is the student’s job to provide documentation for his/her claims. The Board may ask for additional documentation from either students or faculty in order to determine whether a hearing is justified.

E. The student and his/her advisor, if any, will be called before the Hearing Panel and the Hearing Officer will then restate the nature of the appeal and the issues to be decided.

G. The hearing shall be closed. All persons to be called as witnesses, other than the appellant, with his/her advisor, if any, and the appellee and his/her advisor, if any, will be excluded from the hearing room. Any
person who remains in the room after the hearing has begun will be prohibited from appearing as a witness at the discretion of the Hearing Officer.

H. Anyone disrupting the hearing may be excluded from the hearing room if, after due warning, he/she engages in conduct which substantially delays or disrupts the hearing, in which case the hearing shall continue and the Hearing Panel shall make a determination based on the evidence presented. If excluded, the person may be readmitted on the assurance of good behavior. Any person who refuses the Hearing Panel order to leave the hearing room may be subject to appropriate disciplinary action pursuant to Marshall University policy. In the event a student is excluded under the terms of this provision, a representative shall be appointed by the Hearing Officer to participate in the student’s behalf during the continuation of the proceedings.

I. Except as provided in G and K herein, all evidence must be presented in the presence of the student.

J. The student or other parties involved may petition the Hearing Officer for a subpoena or a request for appropriate written information or documents.

K. The student will be given the opportunity to testify and present evidence and witnesses on his/her own behalf and to discuss with, and question, those persons against whom the appeal is filed.

L. The Hearing Panel may admit as evidence any testimony, written documents, or demonstrative evidence which it believes is relevant to a fair determination of the issues. Formal rules of evidence shall not be applicable in academic appeal hearings.

M. If the student appellant or the appellee fails to appear at a hearing and fails to make advance explanation for such absence which is satisfactory to the Hearing Panel, or if the student appellant or the appellee leaves before the conclusion of the hearing without permission of the Hearing Panel, the hearing may continue and the Hearing Panel may make a determination on the evidence presented at the hearing, or the Hearing Panel may, at its discretion, dismiss the appeal.

N. Upon completion of the testimony and presentation of evidence, all persons, except Hearing Panel members will be required to leave the room. The Hearing Panel will then meet in closed session to review the evidence presented. The Hearing Panel shall make its findings based upon a preponderance of evidence. The Hearing Panel shall reach its determination by a majority vote. The results shall be recorded in writing and filed with the Chair of the Budget and Academic Policy Committee and the Provost and Senior Vice President for Academic Affairs. If the Hearing Panel’s decision includes the imposition of academic sanction, the sanction given and its duration must be specified for the record. A report of a dissenting opinion or opinions may be submitted to the Chair of the Budget and Academic Policy Committee and the Provost and Senior Vice President for Academic Affairs by the Hearing Officer. The actual vote of the Hearing Panel will not be disclosed. The Hearing Officer is a non-voting member of the Hearing Panel.

O. The findings of the Hearing Panel, and any sanction, shall be announced at the conclusion of the hearing. The student, faculty member, and the Graduate Dean shall be notified in writing of the findings and any sanction at the conclusion of the hearing. A record of the hearing shall be prepared in the form of summary minutes and relevant attachments and will be provided to the student upon request.

P. The student, or any other person, may not tape the proceedings.

Q. In an appeal related to a final grade the Hearing Panel will complete the change of grade forms and submit that information to the Registrar, the faculty member and the Graduate Dean.

R. Within thirty (30) days following receipt of the Hearing Panel’s decision, the student or faculty member may file an appeal with the Provost and Senior Vice President for Academic Affairs who shall review the facts of the case and take such action as deemed appropriate under all the circumstances. The Hearing Panel’s findings and sanction, if any, may be affirmed, modified, or remanded to the original Hearing Board for further action as deemed appropriate by the Provost and Senior Vice President for Academic Affairs. A written brief stating grounds for the appeal should be presented by the student to the Provost and Senior Vice President for Academic Affairs with the appeal. The scope of review shall be limited to the following:

1. Procedural errors.
2. Evidence not available at the time of the hearing.
3. Insufficient evidence to support the findings of the Hearing Panel or of the Academic Appeals Board.
4. Misinterpretation of University policies and regulations by the Hearing Panel or of the Academic Appeals Board.
5. A sanction disproportionate to the offense.

S. The decision of the Provost and Senior Vice President for Academic Affairs is final. The student, the faculty member, the Graduate Dean, and the Registrar shall be notified in writing of the Provost and Senior Vice President for Academic Affairs’ decision.

Revised by Graduate Council
December 3, 2004

Academic Requirements and Regulations
Marshall University
ADVISING

An advising system allows students to effectively interact with faculty to ensure that course work follows a coherent, balanced, sequential, and unified plan of academic study. The advising system provides not only academic guidance but also professional identification and educational enrichment.

At the time of admission, students are assigned an academic program advisor. The student and advisor prepare a Plan of Study during the semester the student is admitted. The program outlined in the Plan of Study should be chosen on the basis of the student’s interests and needs and should meet program requirements.

- Any unapproved deviations from the Plan of Study may result in delayed program completion and/or graduation. To amend the Plan of Study the student must consult with his or her academic program advisor. When a student applies for graduation or for certification there must be agreement between the Plan of Study and the record of courses taken by the student.
- If the student writes a thesis or dissertation, the advisor or other designated person directs the student in that work. The advisor usually serves as chair of the committee to conduct the student’s comprehensive assessment, assembles questions for any written and oral examination, and reports the result of the examination to the Graduate College.

APPLICATION FOR GRADUATION

The application for graduation must be completed and submitted BEFORE or at the beginning of the student’s final semester/term, but NOT LATER than the date printed in the University Calendar. For Huntington students, the application must be submitted to the Graduate College Office along with documentation that the diploma fee has been paid (a receipt from the Bursar or a Bursar stamp on the application form). For South Charleston students, the application must be submitted to the Graduate Records Office with a check attached for the appropriate fee or students may call the office to pay with a credit card.

For diploma fee information, see “Special Student Fees” at www.marshall.edu/bursar/tuition/tuition.html. Forms for applying for graduation can be obtained from the above offices and online at http://www.marshall.edu/graduate/forms/applicationforgraduation.pdf.

Students planning to graduate in a particular semester or term must provide all data to be applied toward the graduation to the Graduate Dean’s office in Huntington or the Graduate Records office in South Charleston by the advertised last day for the submission of the final grades for the semester or term. This documentation is to include official transcripts from institutions external to Marshall. Said transcripts must be received in the Graduate College Office by the stated deadline. All incomplete grades must be officially removed by the accepted University procedure by this same deadline. Failure on the part of students to comply with this policy will result in their being removed from the graduation list for the term in question.

NOTE on Transfer Credit

All transfer credit (and official transcripts) must be sent directly to the Graduate College Office and received no later than the date for submitting final grades established by the Registrar. Should the transcript not be received by this deadline, the student’s name will be removed from the final graduation list.

NOTE on Incomplete Grades and PR Grades

All grades of I must be removed by the end of the term and the Grade Change Form for said grade must be received by the Graduate College Office no later than the date for submitting final grades established by the Registrar. This also applies to the recording of grades for thesis. Failure to meet this deadline will cause the student’s name to be removed from the final graduation list.

AREA OF EMPHASIS (see also Changing Area of Emphasis)

An area of emphasis is a specific subject area of study which has defined course offerings within an approved degree program and major.

Although a student might take continuing education and/or development courses after receiving a graduate degree, Areas of Emphasis for any given degree cannot be added after that degree has been obtained.

ATTENDANCE

See Class Attendance Policy.

AUDITING

Students who wish to register for a course without earning credit may register as an audit. The cost incurred is the same as if the course were taken for credit. Students who complete audit requirements for a course receive a grade of AUD which
carries no earned credit hours. Students who wish to audit a class should secure instructor approval before registration. Attendance and other requirements for auditors shall be determined by the instructor of the course being audited. It is the responsibility of the instructor to discuss the requirements of the course with the auditor. It is the prerogative of the instructor to notify the respective Dean and the Registrar’s Office to withdraw the auditor from the class if attendance or other requirements are not met.

Staff Development courses may not be taken under the audit option.

It is not possible to change a registration from credit to audit or audit to credit after the close of the schedule adjustment period at the beginning of a semester or summer term.

CERTIFICATE PROGRAMS
Certificate programs are professional continuing education programs of typically 12 to 21 credit hours as designated by the program faculty and available to students admitted under the Professional Development and Degree-seeking categories. The main purpose of certificate programs is to provide opportunities to students to complete a cohesive program of coursework that is less than a graduate degree, but which provides advanced training in a specific area. Please consult the department offering the certificate program for complete information.

CHANGING AREAS OF EMPHASIS
If a student decides to change his/her area of emphasis within his/her current degree, the student will need to submit a Change of Area of Emphasis form for approval. There is no fee for this change. The form is available in the Graduate College office (OM 113) or online at the Graduate College website.

CHANGING DEGREE PROGRAMS
If a student decides to change his/her degree program, the student will need to apply for admission to that program through the regular admission process, and pay the appropriate admission fee. Note that admission to another degree program is not automatic. Students are reviewed as applicants to the new program and may be refused admission to the second program.

CLASS ATTENDANCE POLICY
It is the responsibility of each individual instructor to evaluate the importance of student class attendance. Accordingly, each instructor prepares at the beginning of each semester a written statement in the syllabus setting forth his or her policy for consideration of unexcused absences, make-up examinations, and related matters, which will be in force for the semester. This statement is filed with the chair of the department and a statement of policy on attendance appropriate to each class is made available to students. Absences such as those resulting from illness, death in the family, or institutional activities (those approved by the academic deans, such as debate, artistic performances and athletics) and professional, work-related absences are to be excused when a student reports and verifies them to the instructor. For such excused absences, the student should be reasonably accommodated.

COMMENCEMENT AND GRADUATION
Marshall University observes two Commencement Exercises and four Graduation dates during an academic year. The official graduation dates are:
- last day of final examinations in July;
- last day of final examinations in August;
- last day of final examinations in December;
- day of Commencement for the spring semester.

Commencement Exercises are held twice a year to honor candidates for associate, baccalaureate and advanced degrees (master’s, specialist and doctoral). The Spring ceremony honors students who complete their degree requirements between December and May and is held in May; the Fall ceremony honors students who complete their degree requirements between May and December and is held in December.

Please see the Academic Calendar for official dates.

COMPREHENSIVE ASSESSMENT
In addition to all general requirements for graduate degrees, a comprehensive assessment must be completed. The comprehensive assessment is not solely based upon the specific courses completed, but affords the student an opportunity
to demonstrate broad comprehension and synthesis of the major subject. Depending upon the specific requirements of a
particular program, the assessment might include such activities as the report and defense of a final project, comprehensive
project, portfolio, or capstone project; thesis or dissertation and its defense; or a written comprehensive exam or oral
comprehensive exam.

In this policy, the term “Comprehensive Assessment Committee” will be understood to mean any committee executing
the student’s final assessment for the degree. For example, a doctoral research project committee would be understood
to serve as the final Comprehensive Assessment Committee, if that doctoral research project is considered to be the final
comprehensive assessment. For additional information, see specific requirements in the appropriate program section.
Responsibility for development, scheduling and administration of the comprehensive assessment rests with the faculty of the
student’s program and the appropriate dean.

A student’s performance on the comprehensive assessment is reported to the Office of the Graduate Dean or school dean
as follows:

- **E** Pass with distinction, indicating superior performance.
- **P** Pass, indicating satisfactory performance.
- **PC** Pass with contingency, which may mean additional requirements for the student as determined by the faculty.
- **U** Unsatisfactory, indicating that performance has not met the minimum standards of Marshall University
Graduate College.

The decision on the grade is made by a majority vote of the members of the committee, and forwarded by the chair to
the Graduate Dean on a form provided by the Graduate College Office. All graduate students must pass a final comprehensive
assessment to be eligible for graduation.

Unless more restrictive guidelines are specified in the individual program description in this catalog, no more than two
reassessments are permitted. In the event students fail to pass an assessment, they will be placed on probation and, prior to
reassessment, must meet with their examining committee to discuss deficiencies and steps to correct them. Students may be
assessed only one time a term or semester. When students fail the second reassessment, the department will recommend their
dismissal by the Graduate College.

**Comprehensive Assessment Committee: Master’s Degrees and Education Specialist Degrees**

A Comprehensive Assessment Committee must evaluate each student’s performance on the comprehensive assessment.
The student’s graduate advisor or graduate program director selects the chair and other member(s) of the Comprehensive
Assessment Committee. The committee chair must have at least “Graduate” level membership in the Marshall University
graduate faculty. There must be a minimum of two voting members on every Comprehensive Assessment Committee,
including the committee chair, except in the case where a national standardized exam is used as the only assessment, in which
case only the person serving as chair is needed. Other than the chair, all other assessment committee voting members must
have at least “Associate” level membership in the Marshall University graduate faculty. A majority of the student’s Comprehen-
sive Assessment Committee voting members must have appointments within the college of the student’s major.

With the approval of the department or division chair or head and the student’s Comprehensive Assessment Committee
chair, other professionally or educationally qualified people may be invited to act as non-voting members of the committee.

In the event of a tie-vote when determining the outcome of the student’s comprehensive assessment, the college or
school dean is to select one additional faculty member to break the tie. This additional member must be from the college of
the student’s major and must have at least “Graduate” level membership in the Marshall University graduate faculty. This also
might require the assessment to be executed a second time with the new committee member’s personal direct involvement.

In the case of written or oral examinations, the chair of the student’s Comprehensive Assessment Committee prepares
the questions for the written examination in consultation with other faculty members on the committee, and conducts the
oral assessment with the other committee members present. The student may check with the program or department for
availability of past assessments or study guides for review.

For any specific student, any exceptions to the above policies must be approved by the dean of the Graduate College on
an individual basis. The dean of the Graduate College will notify the chair of Marshall University’s Graduate Council of any
exceptions which were approved and give the reasons for each exception.

**Comprehensive Assessment Committee: Doctoral Degrees (other than Doctor of Medicine degrees)**

A final Comprehensive Assessment Committee must evaluate each student’s performance on the doctoral degree final
comprehensive assessment. Other preliminary or intermediate assessments vary by program and department policy. The
student selects the chair and other members of the final Comprehensive Assessment Committee, subject to the approval of
the student’s graduate advisor or program director, and dean. The committee chair must have “Doctoral” level membership
in the Marshall University graduate faculty. There must be a minimum of three voting members on every doctoral
Comprehensive Assessment Committee, including the committee chair. Other than the chair, all other assessment committee
voting members must have at least “Graduate” level membership in the Marshall University graduate faculty. Professional
programs may alternatively choose to include a maximum of one external, professionally qualified voting member who would
not need graduate faculty membership, and who would serve as one of the three or more voting members. A majority of the student’s Comprehensive Assessment Committee members must have faculty appointments within the college of the student’s major.

In the event that more than one member of the final Comprehensive Assessment Committee votes not to approve the student’s performance as a result of the assessment, the doctoral degree cannot be recommended. At the discretion of a majority of the committee, the student may be given one additional chance to satisfy the committee to the point that no more than one committee member refuses to approve the student’s performance on the comprehensive assessment.

For any student, exceptions to the above policies must be approved by the dean of the Graduate College on an individual basis. The dean of the Graduate College will notify the chair of Marshall University’s Graduate Council of any exceptions which were approved and give the reasons for each exception.

**COURSE LOAD**

A normal course load for graduate students is nine to twelve semester hours in the Fall and Spring semesters, and four to six semester hours in each of the summer terms. Any student seeking registration beyond this limit must request a course overload approval in the Graduate College office.

**COURSE NUMBERING**

Graduate courses numbered 500-599 may be similar to certain undergraduate 400-499 series courses and may meet jointly. A Marshall University course taken at the 500 level will not meet degree requirements if it was already taken at the 400 level. Courses numbered 600-699 and 700-899 are open only to graduate students. Exceptions to this policy sometimes are granted to seniors with excellent academic records. See *Undergraduate Enrollment in Graduate Courses*.

**CREDIT HOUR**

One lecture credit hour is given normally for each 15 classroom contact hours plus 30 hours of outside preparation or equivalent. One laboratory credit hour requires at least 30 hours of laboratory work per one lecture credit plus necessary outside preparation or equivalent. Laboratory experiences are complements to classroom courses that focus on the theory and principles of the discipline. They are organized activities involving the observation and verification of experiments and experimental techniques.

**DEGREE PROGRAM (See also Changing Degree Program)**

A degree program is a unified, complementary series of courses or learning experiences that lead to a degree.

**DEGREES**

Marshall University offers programs of study leading to the degrees of:

- Master of Arts, M.A.
- Master of Arts in Teaching, M.A.T.
- Master of Arts in Journalism, M.A.J.
- Master of Business Administration, M.B.A.
- Master of Science, M.S.
- Master of Science in Engineering, M.S.E.
- Master of Science in Nursing, M.S.N.
- Education Specialist, Ed.S.
- Doctor of Education, Ed.D.
- Doctor of Management Practice in Nurse Anesthesia, D.M.P.N.A.
- Doctor of Philosophy, Ph.D.
- Doctor of Psychology, Psy.D.

**DISMISSAL FROM PROGRAM**

Only grades of A, B, C, CR, or S are acceptable in fulfilling graduate degree requirements on any Plan of Study. Particular programs may require higher performance than C in certain courses.

Exclusively, all courses completed after submission to the current degree program, along with any previous Marshall University coursework to be counted toward the current degree (should be in the student’s Plan of Study), will be used to calculate the student’s GPA—no other courses will be included in the GPA.
A graduate student is required to maintain a minimum cumulative GPA of 3.0 for this coursework. If, upon the completion of 12 hours or thereafter, a degree student’s GPA is less than 3.0, the student may be subject to dismissal from the program. See Grade Point Average and Other Requirements for Graduation for more information.

DOCTORAL DEGREES

DROPPING COURSES AND COMPLETELY WITHDRAWING FROM THE UNIVERSITY (See also Medical Withdrawal)

1. Dropping of Courses
   Dropping a course after the schedule adjustment period requires that a drop form bearing the instructor’s signature be submitted to the Registrar’s Office. Students on academic probation must have the Dean’s approval to drop a course.

   Off-campus or night courses may be dropped by mailing a request to drop to the Registrar’s Office. The postmark on such a request will be the official date of withdrawal.

2. Withdrawal from the University
   Withdrawal from the university is defined as dropping all classes for which a student is registered.

   Withdrawal requires that a withdrawal form be submitted to the Registrar’s Office or that a request for withdrawal be mailed to the Registrar’s Office. It is not possible to withdraw by telephone.

   The effective date of withdrawal is the date that the withdrawal form is submitted to the Registrar’s Office. The postmark on mail requests will be the official date of withdrawal.

3. Grades Assigned in Case of Dropping Courses or Withdrawal from the University

   In all cases of dropping courses or withdrawal from the University the instructors will report grades as follows:

   a. A student dropping courses or withdrawing from the University on or before the tenth Friday after the first class day of the regular semester will receive a grade of “W”. For eight-week courses, summer sessions and other courses of varying lengths, the “W” period ends the Friday immediately following the two-thirds point in the course. Exact “W” dates are identified in the annual University Academic Calendar.

   b. A “W” grade (withdrew) will have no bearing on the student’s Grade Point Average.

   c. Students who drop courses without approval, or who do not follow regulations provided in the preceding paragraphs, receive a grade of “F” at the end of the Semester or summer term.

4. Final Date for Dropping or Withdrawing
   The final date for dropping an individual class is the tenth Friday in a regular term. The last date for complete withdrawal from the University is the last day of classes. In both cases, “W” grades are assigned.

5. Military Service
   Men and women called to active duty in the armed services of the United States shall be granted full refund of fees, but no credit, if the call comes before the end of the first three-fourths of the semester or term, and full credit, but no refund of fees, shall be granted if the call comes thereafter; provided, however, that credit as described above will be granted only in those courses in which the student is maintaining a passing mark at the time of departure to military service. The term “called to active duty” is herein defined as being called to active duty as the result of the federal activation of a total reserve component, National Guard unit, or any portion thereof which involves a particular student or an individual who is a bona fide member of the reserve component or a National Guard unit. The final grades, both passing and failing, for three-fourths of a semester or more are to be shown on the student’s permanent record.
DUAL DEGREES

Students who wish to seek admission to more than one degree program at a time (Dual Degree Status), must complete a separate application, pay an additional non-refundable application fee, and meet all admission requirements for each academic program for which admission is sought. Not all departments may accept a student who is already admitted to another graduate level program. Prior to submitting a Graduate Application for Admission, please check with the academic department(s) of the program(s) in which you are interested.

EDUCATION SPECIALIST

Marshall University also offers the Education Specialist (Ed.S.) degree in Education and in School Psychology. Under the Ed.S. in Education, students may select areas of emphasis in Adult and Technical Education, Counseling, Curriculum and Instruction, Leadership Studies, Community and Technical College Studies, and Reading Education. For more information, check the appropriate program description in this catalog, or contact the department offering the degree.

FINAL GRADES

Marshall University mails final grades only upon student request. Grades will be available online using myMU. Requests to have grades mailed to the permanent address in the student information system may be submitted online using myMU or by submitting a written request to the Office of the Registrar, One John Marshall Drive, Huntington, WV 25755. Written requests must contain name, student number, and signature of the student.

FULL-TIME GRADUATE STUDENT

The West Virginia Higher Education Policy Commission defines a full-time graduate student at Marshall University as carrying nine or more semester hours in a regular semester. During a single summer term a full-time graduate student carries four or more semester hours. This may differ from the definition for fee purposes. (See Financial Information.)

FOUR-PLUS-ONE DEGREE PROGRAMS

See Integrated Bachelor’s and Master’s Degree (IBAM) Programs.

GRADE INFORMATION AND REGULATIONS

Grade Point Average Defined

Anywhere in this catalog where GPA is discussed, unless otherwise noted, GPA means degree GPA. However, the final transcript GPA includes all graduate-level grades taken at Marshall University at any time, regardless of whether or not they count toward the student’s degree. The GPA is calculated only on graduate coursework taken at Marshall University, and only includes coursework taken within the past seven years, or older for coursework that has been revalidated (see Time Limitations for coursework older than seven years). Exclusively, all courses completed after admission to the current degree program, along with any previous Marshall University coursework to be counted toward the current degree (should be in the student’s Plan of Study), will be used to calculate the student’s GPA—no other courses will be included in the GPA.

Courses with grades of W, PR, NC, CR, S, or U are not computed in the GPA. The grade of I is computed as an F in determining qualifications for graduation.

Grade Point Average Requirements – Good Standing

Grades on coursework may not average lower than 3.0 at any time in the program. All grades of C or less are counted in computing the GPA, but no more than six hours of C and no grades below C may be applied toward a graduate degree. Individual degree programs may have more stringent requirements, so refer to your degree program for information.

A graduate student is required to maintain a minimum cumulative GPA of 3.0 for this coursework. If, upon the completion of 12 hours or thereafter, a degree student’s GPA is less than 3.0, the student may be subject to dismissal from the program.

Grades and Quality Points

The following system of grades and quality points is used for graduate courses:

- **A** For achievement of distinction. Four quality points are earned for each semester hour with a grade of A.
- **B** For competent and acceptable work. Three quality points are earned for each semester hour with a grade of B.
- **C** For below average performance. Two quality points are earned for each semester hour with a grade of C. (No more than six hours of C may be applied toward a graduate degree.)
D  For patently substandard work. One quality point is earned for each semester hour with a grade of D. (No grade of D may be applied toward a graduate degree.)
F  Failure, given for unsatisfactory work. No quality points.
W  Withdrawn on or before the tenth Friday after the first class day of the regular semester or the Friday after the two-thirds point in the summer session. "W" grades are assigned for complete withdrawals.
I  An I grade (Incomplete) is given to students who do not complete course requirements because of illness or for some other valid reason. The I grade is not considered in determining the Grade Point Average. The student has the responsibility of completing the work within the period defined by the instructor, not to exceed twelve calendar months from date of receipt of the incomplete. If the work is completed satisfactorily, one of the four passing marks will be awarded. If the work is unsatisfactory or the student fails to complete the work within the twelve-month period, an F or failing grade will be recorded. All grades remain on the student's permanent record as originally submitted by the course instructor. Any grade change is added to the permanent record.
CR/NC  Recorded as CR (for satisfactory performance) or NC (for unsatisfactory performance) for courses designated by the department or division for credit/no credit grading. CR and NC are not considered in determining the Grade Point Average.
S/U  For certain courses, which are so designated in the catalog, every student is given a grade of S, which denotes satisfactory completion of the course, or U, which denotes unsatisfactory work. S and U are not considered in determining the Grade Point Average.
PR  Indicates progress on a thesis, dissertation or in select research courses. It is replaced by the final grade upon completion up to established credit limits.

GRADUATE ASSISTANTSHIPS

Many departments offering graduate degrees as well as non-academic units have graduate assistantships available. The amount of the award may vary, but the award generally includes a stipend and a waiver of a portion of tuition and fees.

Graduate Assistantships are available each semester in teaching, research, or administrative work. Reappointment depends on job performance and academic progress. Please note that a student cannot hold more than one Graduate Assistantship at a time.

Eligibility:
- Full or Conditional admission to a graduate degree-granting program at Marshall University;
- First-time graduate students must have a minimum undergraduate GPA of 2.75 on a 4.0 scale for all previously completed undergraduate coursework; returning GA's must have a minimum graduate GPA of 3.0;
- During Fall or Spring semester must be enrolled for at least 9 hours of graduate coursework for a full-time assistantship or at least 3 hours of graduate coursework for a half-time assistantship; during summer terms must be enrolled for at least 4 hours of graduate coursework for a full-time assistantship or at least 2 hours of graduate coursework for a half-time assistantship. NOTE: undergraduate hours are eligible for a tuition benefit when required in a student's graduate program.

Apply for an assistantship by contacting the department in which you intend to be enrolled.

For information on the availability of other assistantship options see www.marshall.edu/graduate/forms/gainformation.pdf.

Note: By an act of Congress, all graduate assistants must submit an approved I-9 form. Payment of the GA stipend will not be authorized until this form is accepted by the Human Resources Office.

Inquiries about graduate fellowships, work-study opportunities, loans, and other forms of financial assistance for graduate students should be directed to the Graduate College Office or to the Office of Student Financial Assistance, Marshall University, Huntington, WV 25755.

GRADUATE STUDENT EMPLOYMENT

Graduate students who are employed should limit their schedules in proportion to the time available for graduate study. As a general practice, the maximum graduate load recommended for a student who is employed full-time is six hours in a regular semester or three hours in a summer term.

GRADUATION REQUIREMENTS FOR MASTER'S DEGREE

The requirements for graduation include completion of the program requirements, successful completion of required comprehensive assessments, a GPA of at least 3.0 (see Grade Information and Regulations), and satisfactory fulfillment of other academic requirements as may be established by the various programs. Additionally, the student must have at least a 3.0 GPA in the major, or in CORE courses of an interdisciplinary program. Only grades of A, B, C, CR, or S are acceptable in fulfilling graduate degree requirements on any Plan of Study. Particular programs may require higher performance than
C in certain courses. Grades of W, PR, CR, NC, S, U, and I, are not counted in the GPA calculation, except that an I grade will be calculated as an F (for courses where a letter grade is normally given), NC, or U, depending on the type of course, for determining qualifications for graduation.

Additional Requirements

- All grades of C or less are counted in computing averages, but no more than six hours of C and no grades below C may be applied toward a graduate degree. Individual degree programs may have more stringent requirements, so refer to your degree program for information.
- Up to six hours of CR or S may be included within a degree program but they will not affect the GPA.
- Master’s degree students must complete a minimum of 30 hours of graduate coursework. For programs requiring a thesis, a minimum of 3 and a maximum credit of 6 hours may be granted for the thesis toward the total degree credits, except in chemistry and biological sciences, where up to 12 thesis hours may be applied toward the MS degree. Individual programs may require more than the 30-hour minimum requirement, so students must consult individual program degree requirements.
- A minimum of 18 hours must be earned in the major subject. The major department may optionally require a minor with a minimum of 6 hours in another subject.
- Courses may be taken in a third closely related field if approved by the advisor. In special teacher-education curricula, courses may be distributed among several fields with the approval of the advisor.
- Graduate courses are numbered 500 to 899. Selected courses with 400 series numbers for undergraduate credit may have 500 series numbers for graduate credit. In courses open to both graduate and undergraduate students, graduate students are required to do more work than undergraduates. This may include more extensive reading, an extra research paper, and other individual work.
- A Marshall University course taken at the 400 level cannot be retaken at the 500 level; it will not be applicable to the master’s degree.
- At least one-half of the minimum required hours for the student’s master’s degree must be earned in classes numbered 600 or above.

Meeting minimum requirements in hours of credit does not necessarily constitute eligibility for the degree. The work taken must constitute a unified and approved program in the field. Students may be required to take appropriate national exams in order to graduate.

During the seven-year time limit, Marshall University reserves the right to advise students of their status on academic performance related to the probability of receiving a degree within the prescribed time limit.

INCOMPLETE GRADE

An I grade (Incomplete) is given to students who have completed at least three quarters of the work for the course, as determined by the instructor, but who do not complete course requirements for reasons deemed acceptable to the course instructor. The I grade is not considered in determining the Grade Point Average, except for graduation. Students must be in good standing in the class prior to requesting an incomplete. The course instructor decides whether or not an incomplete will be granted and specifies in writing what work the student must complete to fulfill the course requirements; this remaining-requirements description is to be submitted with the University's Incomplete Grade Form, with copies to the student and the instructor. To complete the course, the student has until the end of the next fall or spring semester, whichever comes earlier, after the semester in which the incomplete grade was assigned, or the instructor may establish an earlier deadline. If extenuating circumstances exist, which prevent the student from completing the course in the prescribed time, the incomplete grade may be extended with written approval of the instructor, the instructor’s chair or division head, and the appropriate dean. If the student satisfactorily completes the course in the prescribed time he/she will receive either a letter grade, a CR grade, or an S grade, depending upon what type of grade is appropriate for the course. If the student fails to complete the course requirements during the stipulated time, the grade of I changes to a grade of F, NC, or U, depending on the type of grade appropriate for the course. All grades remain on the student’s permanent record as originally submitted by the course instructor, except for I grades that have been completed and changed by the instructor. Any grade change is added to the permanent record.

INDEPENDENT STUDY

Independent Studies are tutorials, directed and independent readings, directed and independent research, problem reports, and other individualized activities which allow students to explore in depth a specific aspect of a discipline or professional field not covered by the established curriculum. The independent study topic is not covered (or not covered in sufficient depth) by courses inside or outside of the student’s degree program. Written objectives of each independent study course, approved by the chair and dean, must be maintained in departmental files.
INELIGIBILITY FOR SCHOLASTIC DEFICIENCIES

See Academic Rights and Responsibilities of Students.

IN-SERVICE TEACHER RESTRICTION

In addition to offering teacher preparation programs, Marshall University is actively involved in the continuing education of all professional teachers. The West Virginia Board of Education has approved a program of continuing education for teachers and school service personnel. Information relative to a teacher’s renewing a professional certificate is available from the certification specialist, College of Education and Human Services, (304) 696-2857 in Huntington and (304) 746-1909 in South Charleston. The teacher must have approval of his/her renewal advisor prior to enrolling in any course which is to be used for certificate renewal, salary classification, or additional endorsements.

INTEGRATED BACHELOR’S AND MASTER’S (IBAM) DEGREE PROGRAMS

Some master’s degree programs at Marshall University allow undergraduate students who excel academically to begin working simultaneously on coursework toward a master’s degree while completing a bachelor’s degree. These are Integrated Bachelor’s and Master’s (IBAM) degree programs, and are somewhat like what previously have been called three-plus-two or four-plus-one programs.

Such program arrangements can be very beneficial from a scheduling standpoint, as they allow students to take both undergraduate and graduate courses in the same semesters, once those students have accumulated at least 90 credit hours toward their bachelor’s degrees. It also allows the possibility for students to complete the bachelor's degree with a minimum of 120 credit hours if they have met all other degree requirements for their particular bachelor’s degree, while they continue to work on their master’s degree. However, none of the credit hours used for the bachelor’s degree can be counted toward the master’s degree.

Students may apply through the appropriate bachelor’s and master’s degree programs to be accepted into an approved IBAM degree program any time during their junior or senior year if they (1) have previously completed at least 60 hours toward their bachelor’s degree, (2) have at least a 3.30 overall undergraduate GPA, (3) have at least a 3.30 GPA for their major courses, (4) are in good standing with the university, and (5) have met all requirements set by the master’s degree program for students desiring admittance into that program’s IBAM degree program. These requirements might differ somewhat from normal master’s degree application requirements. For example, some departments might waive the required admission test, such as the GRE, GMAT or Miller Analogies, for students in an IBAM degree program—it is important to check carefully with the particular degree department. Application deadlines, if any, are to be set by the departments involved with the particular degrees.

INTERNSHIPS

Internships are supervised, contractual work-study arrangements with professional agencies or institutions.

MAJOR

A major is a field of study within an approved degree program, having its own prescribed curriculum. A degree program may have more than one major.

MASTER’S DEGREES

Marshall University offers a wide array of master’s degrees. The master’s may serve one or more of the following purposes: to provide greater specialization within one’s area of interest; to facilitate licensure in certain fields; to provide access to Education Specialist or doctoral degrees; to support professional advancement, and to promote intellectual growth and personal fulfillment.

MEDICAL WITHDRAWAL

(See also Dropping Courses and Completely Withdrawing from the University)

Mandatory Withdrawal for Medical Reasons (initiated by the university)

1. A student will be subject to a mandatory medical withdrawal if it is determined by the Dean of Student Affairs and/or designee that the student is endangering him/herself or other members of the University community by his/her continued membership in the University community.

   (continued)
2. Through an approved designee, the Dean of Student Affairs reserves the right to request a complete mental or physical evaluation if it is reasonably believed that said student’s behavior or health habits warrant it.

3. The student shall be referred to the appropriate health physician and a written document of evaluation and recommendations will be requested and forwarded to the University designee. The University will then act upon the evaluation and recommendations with regard to the student’s continuation at Marshall University.

4. If evaluation supports or indicates a recommendation for a medical withdrawal from the University, the appropriate Student Affairs office will facilitate the withdrawal.

5. Students will be accorded an informal hearing before the Dean of Student Affairs or a designee to obtain an understanding of the evaluation and rationale for the mandatory withdrawal.

6. In the event that the student declines the opportunity for such an evaluation, a withdrawal for medical reasons may be unilaterally effected by the University.

7. Withdrawal for medical reasons will be done without academic penalty to the student. Fees will be refunded in accordance with university policy.

8. A decision to withdraw may be appealed to the Student Conduct and Welfare Committee or a special subcommittee thereof appointed by the chairperson.

Adopted by Student Conduct and Welfare Committee, December 7, 1984; approved by the President, January 22, 1985.

Request for Medical Withdrawal (initiated by the student)

In cases when students withdraw from the university for medical reasons, their request for withdrawal must be supported by certification from the attending physician. (The Office of Student Affairs provides a form for the physician to use for this purpose.) In order to be admitted after this withdrawal, the student must provide a letter and supporting documentation from the attending physician that indicates that the student is able to return. Confidentiality will be maintained at all times except on a need-to-know basis. Requests for medical withdrawals from the university or from an individual class will be handled on a case-by-case basis through the Associate Dean/Director of Counseling located in Prichard Hall in Huntington. Students in South Charleston may submit documentation to their school deans.

Students who receive a medical withdrawal shall receive a grade of W.

MINOR

Minors approved by the Graduate Council to which code numbers have been assigned may appear on a graduate student's transcript if the following conditions are met:

- the student’s advisor approves the minor courses as part of the student’s Plan of Study; and
- the program offering the minor allows it to be designated as the student’s minor. Such permission must be obtained in writing. The department or division chair in the minor program signs the student’s Plan of Study to signify approval.

As of the date of this catalog, the following graduate minors are available: (please see department information for requirements):

- Adult and Technical Education
- Anthropology
- Classics
- Criminal Justice
- Exercise Science
- Environmental Science
- Geobiophysical Science
- Geography
- History
- Mathematics
- Philosophy
- Sport Studies
- Sociology

MULTIPLE DEGREES

A student who wishes to earn additional master’s degrees at Marshall University must make formal application to the department in which the subsequent master’s degree is sought. A maximum of 12 semester hours from a prior degree may be applied toward a subsequent master’s degree, with the approval of the department from which the subsequent degree is sought. Such approval must be obtained in writing and put on file in the Graduate College Office at the time the student begins the subsequent master’s degree program. All applicable coursework must meet time limitations.
NON-DEGREE STUDENTS

• Persons who desire university instruction without becoming graduate degree candidates may attend as non-degree students, provided they have received a bachelor’s degree from an accepted, regionally accredited undergraduate college or university.

• Before enrolling in a class, non-degree graduate students must obtain permission from the instructor. Students wishing to take courses offered by the Lewis College of Business must secure approval of the academic advisor. The fees for attendance as a non-degree student are the same as those set for other graduate students. Non-degree enrollment for graduate courses is not available to students under suspension by the university.

• A non-degree student who does not hold a master’s or higher degree may take a maximum of 15 semester hours. Permission for non-degree students to register for additional hours beyond 15 can be granted by the Dean of the Graduate College or the Dean of the Graduate School of Education and Professional Development.

• Applicants for non-degree status will complete a Graduate Application for Admission, pay the application fee, and have the registrar send an official transcript showing proof of a bachelor’s degree from an accepted, regionally accredited undergraduate college or university not later than the scheduled time of registration.

• A person holding a graduate degree may take an unrestricted number of additional courses for which he/she has the prerequisites and departmental permission, provided both a transcript showing the undergraduate degree and a transcript showing a master’s degree or higher (both from an accepted, regionally accredited college or university) are submitted. All transcripts must be official and sent to Graduate Admissions directly from the registrar.

• Non-degree graduate students may apply later for admission to degree programs by filing the necessary documents, provided they meet the admission requirements described in the current Marshall University Graduate Catalog. However, work taken as a non-degree student cannot in itself qualify a person for admission as a degree candidate. Only credit approved by the assigned program advisor and the appropriate dean will be counted toward a degree awarded by the university.

ONLINE COURSES (See also Technology-Enhanced Courses)

Online courses are online versions of classes offered on the Marshall campus. They are offered completely over the Internet. Courses are delivered with Blackboard Learning System, Vista Enterprise 8, a set of course tools. Communication between students and instructors can occur by e-mail, discussion forums or chat sessions, and there are no required on-campus or real-time meetings. Online courses generally follow the University calendar for the term in which they are offered, but individual exceptions may apply. Students should check the syllabus for each individual class for a beginning and ending date. Students may register for online courses using myMU during the designated registration periods each term, in person at the Registrar’s Office, or by mail. Hours of enrollment are reflected in the actual term in which the student is registered. For all verification purposes, hours of enrollment are counted only in the term in which the student is registered. Note that the withdrawal period for online courses parallels that of regular courses. A student may withdraw from an individual online course through 2/3 of the official course length. After that time, only a complete withdrawal from the university is allowed. The refund policy for online courses also parallels that of regular courses.

Online courses are currently assessed a fee per credit hour for graduate courses, regardless of residency or number of credit hours the student may be registered for in addition to the online courses.

Students may visit www.marshall.edu/muonline for complete information on online courses, including technical requirements, student readiness, and course listing.

NOTE: Tuition waivers are not applicable to online courses.

PLAGIARISM

Plagiarism (submitting as one’s own work or creation any oral, graphic, or written material wholly or in part created by another) is a form of academic dishonesty. Sanctions for academic dishonesty may range from an instructor-imposed sanction such as a failing grade in the course in which plagiarism has been documented to dismissal from the university. Refer to the section on Academic Dishonesty for the complete university policy on academic dishonesty.

PLAN OF STUDY

Each degree-seeking student at the master’s or Ed.S. level is required to develop a “Plan of Study” with his or her graduate advisor. The Plan of Study is a student’s “blueprint” for completing degree requirements. A student’s certification for graduation depends on completion of the Plan of Study.

A Plan of Study approved by the department/program must be submitted for approval to the appropriate dean before the student registers for his or her 12th semester hour. Students who fail to do so will have a hold placed on subsequent enrollment. If changes are made to the Plan of Study, the student’s advisor must report those changes to the appropriate dean or to his or her designee. Consult the degree programs section of the catalog for specific information about each program’s Plan of Study.
PRACTICUM
A practicum is a learning activity that involves the application of previously learned processes, theories, systems, etc. Generally, credit is assigned on the same basis as that of a laboratory.

PREREQUISITES
The purpose of prerequisites for certain courses is to assure adequate preparation of the student for the information to be presented in any particular course as well as to insure a coherent, balanced, sequential, and unified set of learning experiences. Course prerequisites may be either previous undergraduate or graduate preparation. In general, course prerequisites will not be waived except by written approval of the instructor and program director or dean.

PROBATION
See Academic Probation.

PROGRAM
See Degree Program.

READMISSION
See Time Limitation

REVALIDATION OF COURSEWORK
See Time Limitation.

SCHEDULE ADJUSTMENT
Schedule adjustment is the adding of courses or dropping of courses, or the changing of class hours or days after a person has registered in any semester or term. The specific Schedule Adjustment Period for any semester or term is specified in the Academic Calendar for that semester or term. After the conclusion of the Schedule Adjustment Period, students are not permitted to add classes or make changes in class hours or days, nor are late registrations permitted except with the permission of the Graduate Dean. Dropping of classes after the Schedule Adjustment Period is discussed in the section Dropping Courses.

SCHOLARSHIPS
For information on available graduate scholarships see www.marshall.edu/graduate/scholarships.asp.

SECOND MASTER'S DEGREE
See Dual Degrees, Multiple Degrees.

SEMESTER HOUR
See Credit Hour.

SEMINARY
A seminar is a small group of students engaged in advanced study of the original research or some important recent advancements in the field. Seminars are organized under the direction of a faculty member, and credit is allowed according to university regulations for granting semester-hour credit.

SPECIAL TOPICS
Special Topics are experimental courses that may be offered twice by a given department with no prior committee approval. Such courses may satisfy university, college or department requirements toward a given degree and may carry specific requisites.
SENIORS IN GRADUATE COURSES

See Undergraduate Enrollment in Graduate Courses.

STAFF DEVELOPMENT COURSES

School personnel approved by their county school systems may use a departmental form to be admitted in the Staff Development category. Students admitted in this category are restricted to registering for Staff Development classes (560 series) in the College of Education for which they will receive credit/non-credit or satisfactory/unsatisfactory grades. Such classes cannot be used in degree, professional development or licensure programs. Students who wish to mix regular and Staff Development classes must seek regular admission to the Graduate College.

Staff Development courses are offered exclusively as Credit/No Credit and S/U. They may not be taken under the audit option and may not be applied toward the credit hour requirement for a graduate degree.

SYLLABUS POLICY

During the first two weeks of semester classes (or the first 3 days of summer term), the instructor must provide each student a copy of the course requirements which includes the following items: 1) attendance policy, 2) grading policy, 3) approximate dates for major projects and exams, and 4) a description of the general course content.

This policy may not apply to the following types of courses: thesis, seminar, problem report, independent study, field work, internship, and medical clerkship.

Adopted by University Council, March 12, 1980; amended by Academic Planning and Standards Committee, April 10, 1980; approved by the President, May 5, 1980.

In many cases, syllabi will be available on the World Wide Web. In the case of an Independent Study, the student must complete the necessary form, obtain the required signatures, and submit it or a permission to enroll form to the Registrar before enrolling.

TECHNOLOGY ENHANCED COURSES (T-COURSES)

T-courses are “technology-enhanced” courses. In these courses at least 80 percent of the course content is delivered by remote electronic means but students will be required to attend face-to-face classes or participate in synchronous class activities for the remaining content. T-courses are identified in the schedule of courses as WebCT courses. Most, but not all, of the T-courses use the Internet as the remote electronic means. T-courses start and end on the same dates as the regular semester courses.

Students may visit www.marshall.edu/muonline for complete information on technology enhanced courses, including technical requirements, student readiness, and course listing.

THESIS

Degree program graduate students may elect the thesis option for the number of credits allowed by each program. The thesis advisor and student are guided by departmental requirements and the student’s needs and interests in determining whether he/she is to write a thesis. Students who will profit more by doing additional coursework in lieu of a thesis must earn at least 36 course hours of credit in most programs.

When a student decides to prepare a thesis, written notice and approval must be obtained. Notification of approval will come from the appropriate program director, program coordinator, or dean after review and acceptance of a prospectus by the advisor and a thesis committee. The committee should have the same composition as the examining committee for the comprehensive assessment.

• Students graduating with a thesis must register for a cumulative minimum of 3 credit hours of thesis. The maximum amount of credit that may be earned for the thesis is 6 hours for all departments except biology and chemistry. Research and thesis in those two fields are permitted to a maximum of 12 hours. Students in departments other than chemistry register for thesis 681. Chemistry majors register for research 682. The student continues to register for thesis 681 or research 682, as appropriate, and pay tuition for the number of hours per semester as agreed to between the student and the thesis advisor.

• The thesis advisor reports a mark of PR (progress) for satisfactory work at the end of each term or semester for which the student is registered with the total amount of credit to be allowed.

(continued)
• The thesis must be prepared according to the instructions provided at the Graduate College website, www.marshall.edu/graduate/etd, or according to the guidelines (available in the department), which have been approved by the Graduate Dean.

• When the thesis is completed, it is submitted to the advisor and thesis committee for tentative approval. The candidate must then give a presentation open to the academic community based upon the results of the thesis and give a satisfactory defense of the thesis before his/her thesis committee. Upon successful defense of the thesis, the advisor with the concurrence of the committee assigns a grade which applies to all hours earned for the thesis.

• The advisor may report a final grade of F at the end of any semester or term when in his/her opinion, because of irregular reports or unsatisfactory progress, the student should not be permitted to continue to register for research.

• The mark of PR (progress) may be used to indicate progress on a thesis, dissertation, or in select research courses.

• A thesis or dissertation approved by a student's committee must be submitted electronically. Full instructions for electronic theses and dissertations (ETD's) are located at: www.marshall.edu/graduate/etd.

• Submission of the thesis must occur by the dates printed in the academic calendar of the term in which the student intends to graduate. If the student fails to meet these dates, the Graduate Dean may postpone the student's graduation until the end of the following term.

• The Graduate Dean will review the submitted thesis for style and format; students may be required to make modifications prior to final approval by the Graduate Dean.

Value and Nature of Thesis

The experience of collecting, assembling and interpreting a body of information for a thesis is essential in developing the capacity to do independent work. This is a primary difference between graduate and undergraduate work. For capable graduate students, preparation of the thesis may be of great value. To be urged to write a thesis is a compliment to one's ability. The presentation and oral defense of the thesis is designed to emphasize the importance of graduate student research in the academic environment and give public credit to the student's achievements. The objectives of a graduate thesis at the master's level include development of the ability to plan and execute a scholarly and/or analytical study and the development of expertise in a specific subject area. The thesis should illustrate that a graduate student has:

• Comprehended the essentials of a selected subject area;
• Demonstrated understanding of the problem selected;
• Obtained working knowledge of research techniques appropriate to the Master's or Ed.S. degree level;
• Demonstrated the ability to write in a professional and scholarly style;
• Produced a study which is of value to the subject field or professional education.

THREE-PLUS-TWO PROGRAMS

See Integrated Bachelor's and Master's (IBAM) Degree Programs.

TIME LIMITATION FOR MASTER'S AND ED.S. DEGREES

The time limit for the master's and Ed.S. degrees is seven years from the date of completion of the earliest course applied toward the degree, including transferred courses.

Time Requirement on Readmission

If a student has not completed his/her Master's or Ed.S. degree within seven years from the end of the first graduate course to be counted toward his/her degree, and if the student has not been enrolled in a course toward that degree for the most-recent one year when that seven-year limit is reached (meaning the seventh year), then the student will be dropped from the program. To continue to work on that degree, the student must reapply for admission to that degree program through the regular graduate admission process, and pay the appropriate admission fees.

Time Extension

To ensure that a student's knowledge base is current at the time the degree is awarded, all credit that exceeds the time limit must be revalidated.

When a student requests an extension of time, the advisor and program director or department chair should review the program of study, identify coursework which exceeds the time limit, and make a recommendation for revalidation of expired coursework through one or more of the following options: (NOTE: the current fee for course revalidation is $25/credit hour)

• Option 1: Examination: A validation exam shall be the equivalent to a comprehensive final exam for the course. In most cases, validation must be done by a written exam.
• Option 2: Independent Study: The department or program may elect to design an independent study if no course currently exists by which the student may update course content.
• Option 3: The student may repeat expired coursework.
• Option 4: Additional Hours: The department or program may assign additional hours of course work to ensure currency of knowledge in rapidly changing content areas.
• Option 5: Portfolio that revalidates objectives of course(s) and degree objectives (may include work experiences, thesis or final project)

Decisions about revalidation of credit are forwarded to the graduate dean of the academic unit for approval. When the student has satisfied the conditions imposed for revalidation, the signed Plan of Study with a memorandum from the chair/program director confirming that the conditions were completed satisfactorily will be forwarded to the graduate dean of the academic unit with the completed application for graduation. The memorandum will include a statement of evidence of completion (e.g., examination, grade report, portfolio).

Outdated courses which are not revalidated will not be used in computing Grade Point Averages for graduation, but they will remain on the record.

Students completing programs in the College of Education which lead to certification should contact the Dean of the College of Education for additional information on time limitations.

TRANSCRIPT

A transcript is a copy of the student’s permanent academic record. An official transcript can only be issued by the Office of the Registrar. Official transcripts cost $8.00 per copy. The Office of the Registrar will process transcript requests within 24 to 48 hours of receipt. Processing time may be extended if current term grades and/or graduate posting are required. Students with outstanding financial, social or other obligations to the university forfeit rights to a transcript until the obligations are resolved. Requests for official transcripts must be sent directly to the Office of the Registrar. Students must sign the request to authorize release of the transcript. Students may obtain unofficial transcripts at no cost in the registrar’s office or the college dean’s office. Unofficial transcripts also may be accessed using the university’s online self-service portal, myMU.

TRANSFER OF GRADUATE CREDITS

A student with an approved Plan of Study may transfer to Marshall University credit earned in graduate coursework completed at another regionally accredited graduate institution provided that the courses are appropriate to the student’s program and the grades earned are B or better or equivalent, and acceptable to the advisor and Graduate Dean.

On the master’s and education specialist level, transfer credits may not exceed 12 hours.

Graduate credits transferred from other institutions will not become a part of the Grade Point Average recorded on the student’s Marshall University transcript and will simply meet credit hour requirements toward graduation.

All transfer credits must have been earned within a seven-year time limit counted from the date of enrollment in the first graduate course to be applied toward meeting degree requirements of the student’s program.

TRANSIENT STUDENTS

A student who is enrolled at another regionally accredited graduate institution may, upon submission to the Graduate Admissions office an admission application and a letter of good standing from the home university, may enroll for Marshall University graduate coursework. This admission is valid for one semester only. The student must submit a new application and letter of good standing each semester he/she wishes to attend.

Normally, up to twelve credit hours of coursework may be transferred back to the home institution.

Permission to transfer credits is arranged, by the student, with the home university. Transient students who wish to register for coursework beyond twelve credit hours at Marshall are required to obtain the approval of Marshall University’s Graduate Dean.

TUITION WAIVER SCHOLARSHIP

A limited number of Graduate Scholarship Tuition Waivers is available through competitive application to Marshall University students and full-time faculty and staff. Priority consideration is given to full-time faculty and staff MU employees.

Tuition waiver application deadlines for each upcoming semester will be posted to the Graduate College website at www.marshall.edu/graduate/tuitionwaivers.asp.

Waivers cover all or a portion of System Capital fees and Educational & General fees. Waivers typically are available for one 3 credit graduate course (e- courses excluded).

Applications are available in the Graduate College office (Old Main 113) on the Huntington campus, through a student’s academic department office on the South Charleston campus, or online at www.marshall.edu/graduate/tuitionwaivers.asp.
UNDERGRADUATE STUDENTS IN GRADUATE COURSES

Seniors at accepted, regionally accredited baccalaureate institutions with a cumulative GPA of at least 2.75 may register for graduate classes (500 and 600 series) after they have received approval from their undergraduate dean, the chair of the department offering the course, and the appropriate graduate college/school dean. Complete applications (available at the Graduate College website, the Graduate College office, Old Main 113, or the Graduate Records office on the South Charleston campus), must be on file in the appropriate graduate dean’s office and permission secured prior to the opening of the term of enrollment. Credit for graduate courses completed as a senior can be applied to either an undergraduate or a graduate degree at Marshall University but not to both. No more than 12 graduate hours may be taken as an undergraduate.

WITHDRAWAL FROM THE UNIVERSITY

See Dropping Courses and Completely Withdrawing from the University or Medical Withdrawal.

WORKSHOPS

Workshops are highly practical, participatory courses usually designed for advanced students or professionals. They provide experience or instruction in a new technique, theory or development in a given discipline. If credit is granted, appropriate university guidelines will be followed.
Degree Programs

Elizabeth McDowell Lewis College of Business
Dr. Chong W. Kim, Dean
www.marshall.edu/lcob

- Accountancy, M.S.
- Business Administration, M.B.A. (including Executive M.B.A. and M.B.A. in India)
- Health Care Administration, M.S.
- Human Resource Management, M.S.
- Doctor of Management Practice in Nurse Anesthesia

Other programs: Business Foundations, Graduate Certificate in Management Foundations

Education

Graduate programs in education are housed in two units of the university.

College of Education and Human Services
Dr. Robert Bookwalter, Interim Dean

Biomedical Sciences, M.S., Ph.D.
Forensic Science, M.S.
ACCOUNTANCY, M.S.

Program Description

The Master of Science in Accountancy emphasizes skills necessary to succeed in the profession of public accounting. The program requires 30 semester hours of study.

Admission Requirements

Applicants should follow the admissions process described in the Graduate Catalog, or at the Graduate Admissions website: www.marshall.edu/graduate/admissionsrequirements.asp

Applicants must also:

- Have an undergraduate degree in business from an AACSB accredited institution with an undergraduate Grade Point Average (GPA) of 3.0 or higher on a 4.0 scale for all previously completed undergraduate university work;
  OR
  All other applicants may be admitted if they score 500 or better on the Graduate Management Admission Test (GMAT) or if they have an index of at least 1,100 computed by multiplying the undergraduate grade point average by 200 and adding the GMAT score. The minimum acceptable GMAT score is 400.
- All applicants must have completed the following accounting foundations courses or equivalents, each with a grade of C or better:

  ACC 311 Intermediate Accounting I
  ACC 312 Intermediate Accounting II
  ACC 318 Cost Accounting
  ACC 341 Accounting Information Systems
  ACC 348 Federal Taxation
  ACC 429 Auditing

Program Requirements

The following courses must be completed:

<table>
<thead>
<tr>
<th>Functional Studies</th>

</tbody>
</table>

(continued)
ACC 614 Theory of Accounting
ACC 616 Advanced Income Tax Procedure
ACC 650 Special Topics
ACC 660 Independent Study

One of the following courses may be substituted for one accounting elective:
MKT 682 Advanced Marketing Management
MGT 680 Entrepreneurship

In addition, students with an undergraduate degree other than business must complete a program of study, approved by the Director of the M.S. program, of business subjects to qualify the student to sit for the Uniform CPA Examination and to become licensed as a CPA.

**BUSINESS ADMINISTRATION, M.B.A.**

**Business Administration, M.B.A. (36-Hour Curriculum)**

**Program Description**
Qualified candidates are given an opportunity to earn the Master of Business Administration degree. In keeping with its purpose of providing professional preparation and foundation, the M.B.A. program gives emphasis to building a strong fundamental framework and to developing skills in managerial problem-solving and decision-making.

**Program Design**
Business policies and procedures, reflecting rapid advancement in technology, are subject to change over time. Methods and practices in current use may be totally inadequate for coming decades. For this reason, greater emphasis is placed on sound general principles and decision-making techniques which provide a base for continuous learning.

To accomplish this purpose, the program involves:
1. A series of Business Foundation courses which enable the student to continue professional development. The foundation courses required will be determined by the M.B.A. Director and/or the Graduate School of Management Academic Advisor.
2. A broad study of functional areas of business and their interrelationships, with emphasis on application of knowledge, concepts, and analytical methods for problem-solving.

The program can be completed in 15-18 months, attending on a full-time basis, depending on the candidate’s previous training.

The M.B.A. program includes:

<table>
<thead>
<tr>
<th>Hours</th>
<th>Business Foundation courses, required as determined by the M.B.A. Director and/or the GSM Academic Advisor</th>
</tr>
</thead>
<tbody>
<tr>
<td>0-15</td>
<td>M.B.A. Functional Studies courses</td>
</tr>
<tr>
<td>36</td>
<td><strong>TOTAL</strong></td>
</tr>
<tr>
<td><strong>36-51</strong></td>
<td></td>
</tr>
</tbody>
</table>

The university and the Lewis College of Business reserve the right, even after the enrollment of students, to make individual curricular adjustments whenever serious deficiencies or needs are found. This may involve additional coursework in speech and/or English whenever necessary. Deficiencies will be determined by the M.B.A. program director. Students may be required to take such courses without credit toward the master’s degree and at their own expense.

**Admission Requirements**

**Full Admission**
Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website: [http://www.marshall.edu/graduate/admissionsrequirements.asp](http://www.marshall.edu/graduate/admissionsrequirements.asp).

Applicants must also have:

- A bachelor’s degree from a regionally accredited institution with an undergraduate Grade Point Average (GPA) of 2.5 or higher on a 4.0 scale for all previously completed undergraduate university work;
- A minimum Graduate Management Admissions Test (GMAT) score of **500** and
- An index of 1000* computed by multiplying the undergraduate Grade Point Average (GPA) by 200 and adding the GMAT score;

(continued)
• completion of all foundation coursework through undergraduate preparation with a grade of B or better in each undergraduate course or an overall 3.0 GPA in the Business Foundation program;

• required Business Foundations courses or their equivalents must have been completed within seven years of application;

• demonstrated computer literacy.

Applicants meeting all of the above criteria will be fully admitted into the M.B.A. program. This allows them to move immediately into the 36-hour M.B.A. curriculum.

Provisional Admission

Applicants who have GMAT scores of 500 or better and have met all of the Business Foundation course requirements but whose overall undergraduate GPA is sufficiently low that the index does not equal 1000 may enroll in the 36-hour M.B.A. curriculum as provisional students with the permission of the M.B.A. director.

Applicants who have completed all of the Business Foundation courses with GPA’s of 3.00 or better and have GMAT scores between 450 and 500 may enroll in the 36-hour M.B.A. curriculum as provisional students with the permission of the M.B.A. director, if the index is at least 1050.

Applicants who have GMAT scores of 500 or better and who have indexes of 1000 or better, but have no more than two Business Foundation courses to complete, may take no more than two courses from the 36 hour M.B.A. curriculum as provisional students while completing the Business Foundation courses, with the permission of the M.B.A. director.

Students who drop the required Business Foundation courses also will be dropped from the M.B.A. courses. Students accepted into the 3+2 Program may take up to, and no more than, three courses from the 36-hour M.B.A. curriculum as provisional students. Students admitted provisionally for any of the above reasons must earn a grade of B or better in each of the first four M.B.A. courses taken and an overall G.P.A. of 3.25 in those four courses to be admitted fully into the 36-hour M.B.A. curriculum.

Program Requirements

Plan of Study

The student and his/her advisor shall prepare a Plan of Study which must be approved during the semester in which the student initially enrolls. A plan should be appropriate to meet the needs of the student in his/her chosen field. It shall include the specific courses the student is expected to complete; and shall also list all other requirements of the program or school. Courses listed on the Plan of Study shall be those judged appropriate by the faculty. Subsequent requests for changes in the plan must be formally approved by the M.B.A. Director or the Academic Advisor. Any deviation from the final Plan of Study and/or discrepancy between it and the student’s official transcript will delay graduation. Any Plan of Study that was approved may become void if a student is inactive for one year (unless on an official leave of absence).

Grade Point Average Requirement

A student must have a 3.0 overall GPA in all program coursework, with no more than two C’s in his or her program. In addition the student must maintain a cumulative 3.0 GPA in all courses completed after admission to the degree program, along with any previous Marshall University coursework to be counted toward the current degree. This standard must be met for the student to graduate. If the student falls below these standards, then that student shall be placed on academic probation or will be subject to dismissal from the program.

Comprehensive Assessment

Degree candidates are required to complete a comprehensive assessment prior to receipt of the master’s degree. The timing and form of a student’s comprehensive assessment shall be approved in advance by the Director of the Graduate School of Management. The comprehensive assessment is usually a written term paper required within the final, integrated capstone course, MGT 699, “Business Policy and Strategy.”

Course Enrollment Policy

In order to take any 600-level course in the Lewis College of Business, students must be enrolled in a graduate program in the college. On an exception basis, a student not enrolled in an LCOB graduate program may take only one 600-level course with the written approval of the Academic Advisor or the MBA Director. Cooperative programs with other departments must by approved by the MBA Director. It is the responsibility of the student to obtain this approval before attempting to register. Additionally, the student must meet the specific course prerequisites. Students who violate this policy will be administratively withdrawn.

*For those applicants who elect to use only upper-level (latter half) undergraduate coursework to calculate the index, the index requirement shall be 1050 or greater. For those who already possess a master’s degree and elect to use graduate coursework to calculate the index, the index requirement is 1100. Waiver of Admissions Examination: Applicants with an earned doctoral degree from a regionally accredited institution are not required to take the GMAT.
Course Requirements

The 36-Hour M.B.A. Curriculum

All students are required to complete 36 hours of M.B.A. Functional Studies courses. These courses must be completed with a GPA of 3.0 (B or better) with no more than 2 C's. In addition, each candidate must pass a comprehensive assessment, which is normally a required written term paper within the final, integrated capstone course, MGT 699, “Business Policy and Strategy.”

Courses in the M.B.A. Functional Studies

All students in the M.B.A. program must complete these courses:

<table>
<thead>
<tr>
<th>Course Number</th>

Business Foundations Program

NOTE: The Business Foundations Program is not a degree-granting program. Applicants who do not meet the standards for full admission into the 36-hour M.B.A. curriculum may still be admitted into the Business Foundations program. This program is open to those who have no undergraduate background in business. Participation in this program may be used to meet the requirements for admission into the 36-hour M.B.A. curriculum. There is no GMAT requirement or GPA requirement for admission into the Business Foundations program. Those wishing to complete the 36-hour M.B.A. curriculum, however, must meet the requirements for full admission to the M.B.A. Program. No grade below a C will be counted toward the requirements of the M.B.A. program.

Admission Requirements

Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website: http://www.marshall.edu/graduate/admissionsrequirements.asp.

A student admitted to the Business Foundations program may not take a 600-level course without the approval of the GSM Academic Advisor.

All required Business Foundations courses or their equivalents must have been completed within seven years of application:

(continued)
Executive M.B.A.

The Executive M.B.A. is designed for the experienced professional. The Executive M.B.A. is a program which is undertaken as a cohort program where students move through the courses as a group in a set sequence. While admission standards are similar to the M.B.A., students in the Executive M.B.A. usually have a minimum of three years of managerial work experience. Course requirements for the Executive M.B.A. are similar to the M.B.A. except that Executive M.B.A. students are required to complete a foreign study experience. The GMAT could be waived if an applicant has at least five years of significant managerial experience.

The Executive M.B.A. offers an intensive format with courses offered on Saturdays in five/six week blocks. Those interested in the Executive M.B.A. should contact the Executive M.B.A. Director or the Assistant Director, GSM Programs, for further details.

India M.B.A.

Indian students desiring to apply for the India M.B.A. program should consult the following website for entrance requirements and other program details: www.bhavan-marshall.org

3 + 2 Program (B.B.A-M.B.A.)

The 3+2 Program offered by the Lewis College of Business allows students to earn both their Bachelor of Business Administration and Master of Business Administration degrees in a total of five years. Students are allowed to double-count up to nine hours of graduate-level courses from the master’s degree toward their bachelor’s degree requirements. Please contact the Graduate Academic Advisor for the specific entrance requirements.

Graduate Certificate in Management Foundations

This certificate is designed for students with non-business undergraduate degrees. It is envisioned as a generalist overview of graduate business topics. Students desiring a fully developed master’s degree in business should enroll in the MBA program. The Graduate Certificate in Management Foundations will help students to improve their depth of knowledge, remain competitive in the job market, learn new skills, advance their careers, or pursue personal enrichment.

Admission

Prospective certificate-only students should apply for admission to Marshall University as a Certificate/Professional Development student and select on the application form the Certificate in Management Foundations.

Requirements

A student must have a 3.0 GPA in all coursework with no more than two C’s. If the student falls below these standards, the student will be placed on academic probation. A student who successfully completes the series of courses will earn a certificate. The Graduate Certificate in Management Foundations program consists of 15 credit hours.

A student pursuing a certificate must complete the following courses:

Accounting 510: Survey of Accounting
Economics 501: Economic Analysis
Marketing 511: Marketing and Management
Management 500: Statistics/Calculus
Finance 510: Finance

All five courses must be taken; no courses may be waived.

Anyone desiring to enroll in the Management Foundations Certificate Program is encouraged to contact the Graduate Academic Advisor for further information.
HEALTH CARE ADMINISTRATION, M.S.

Program Description
The Master of Science in Health Care Administration is designed to provide individuals with a comprehensive perspective of the health care environment. Emphasis is placed on a global view of health care rather than a targeted sector (such as hospitals, nursing homes, etc.) of the industry. Students completing the program frequently pursue employment opportunities in environments ranging from hospitals to medical practices to health insurers/buyers. While the program attracts individuals from all undergraduate disciplines, many of the students have strong clinical backgrounds and are interested in building their management skills with a focus toward their clinical expertise.

Admission Requirements
Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website: www.marshall.edu/graduate/admissionsrequirements.asp.
- A bachelor’s degree from a regionally accredited institution with an undergraduate Grade Point Average (GPA) of 2.5 or higher on a 4.0 scale for all previously completed undergraduate university work
- A minimum Graduate Management Admissions Test (GMAT) score of at least 450 or a minimum on the Graduate Record Examination (GRE) of 860 for tests taken after September 2002*
- An index of 950 computed by multiplying the undergraduate Grade Point Average (GPA) by 200 and adding the GMAT score or 53% of the total GRE score, and
- Demonstrated computer literacy

Program Requirements
Plan of Study
The student and his/her advisor shall prepare a Plan of Study which must be approved during the semester in which the student initially enrolls. A plan should be appropriate to meet the needs of the student in his/her chosen field. It shall include the specific courses the student is expected to complete; and shall also list all other requirements of the program or school. Courses listed on the Plan of Study shall be those judged appropriate by the faculty. Subsequent requests for changes in the plan must be formally approved by the Academic Advisor. Any deviation from the final Plan of Study and/or discrepancy between it and the student’s official transcript will delay graduation. Any Plan of Study that was approved may become void if a student is inactive for one year (unless on an official leave of absence).

Grade Point Average Requirement
A student must have a 3.0 overall GPA in all program coursework, with no more than two C’s in his or her program. In addition the student must maintain a cumulative 3.0 GPA in all courses completed after admission to the degree program, along with any previous Marshall University coursework to be counted toward the current degree. This standard must be met for the student to graduate. If the student falls below these standards, then that student shall be placed on academic probation or will be subject to dismissal from the program.

Comprehensive Assessment
Degree candidates are required to complete a comprehensive assessment prior to receipt of the master’s degree. The timing and form of a student’s comprehensive assessment shall be approved in advance by the Director of the Graduate School of Management. The comprehensive assessment is usually a written term paper required within the final, integrated capstone course, MGT 699, “Business Policy and Strategy.”

Course Enrollment Policy
In order to take any 600-level course in the Lewis College of Business, students must be enrolled in a graduate program in the college. On an exception basis, a student not enrolled in an LCOB graduate program may take only one 600-level course with the written approval of the Academic Advisor or the MBA Director. Cooperative programs with other departments must by approved by the MBA Director. It is the responsibility of the student to obtain this approval before attempting to register. Additionally, the student must meet the specific course prerequisites. Students who violate this policy will be administratively withdrawn.

HUMAN RESOURCE MANAGEMENT, M.S.

Program Description

The Master of Science in Human Resource Management degree program is designed to prepare graduates for research and administrative positions in both public and private sector human resource management offices, labor unions, other employee associations, and agencies concerned with employer-employee relations. Graduate instruction is provided in human resource management; in trade unionism and collective bargaining; and in legal and public policy issues which may relate to any of the preceding. These matters are examined academically within the contexts of social, economic, and political considerations; and are analyzed via the theoretical and empirical contributions of the social/behavioral sciences. The study of human resource management is based upon the knowledge and methods developed in a number of traditional areas of study. The major disciplines represented in the program are economics, psychology, sociology, management, and law. Coursework in related fields is available and encouraged.

Admission Requirements

Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website: http://www.marshall.edu/graduate/admissionsrequirements.asp.

- A bachelor’s degree from a regionally accredited institution with an undergraduate Grade Point Average (GPA) of 2.5 or higher on a 4.0 scale for all previously completed undergraduate university work;

MANAGEMENT PRACTICE IN NURSE ANESTHESIA DOCTORAL PROGRAM (DMPNA)

The DMPNA is an innovative practice doctorate developed jointly by the Elizabeth McDowell Lewis College of Business and the Charleston Area Medical Center Health Education and Research Institute School of Nurse Anesthesia. The program offers a unique combination of advanced professional nurse anesthesia practice with entrepreneurial business management training.

The 36-month program is delivered in an integrated classroom and clinical format designed to prepare certified registered nurses for a career in the field of nurse anesthesia. At the end of the program, graduates will have completed 127 hours of study and clinical practice as well as a comprehensive doctoral research project. Students attend classes at the Marshall University South Charleston campus as well as CAMC’s medical facilities in Charleston.

The program is nationally accredited by the Council on Accreditation of Nurse Anesthesia Educational Programs.

For admission requirements, application, and program information, please see: [www.camcinstitute.org/anesthesia/admission.htm](http://www.camcinstitute.org/anesthesia/admission.htm).
ADULT AND TECHNICAL EDUCATION, M.S.

Areas of Emphasis
- Adult Education
- Interdisciplinary Studies
- Training and Development
- Occupation Leadership (currently not accepting applications)
- Teaching English as a Foreign Language (currently not accepting applications)

Education Specialist with Area of Emphasis in Adult and Technical Education, Ed.S.
Education Specialist with Area of Emphasis in Adult and Community and Technical College Studies, Ed.S.

Program Description, M.S.

The Master of Science in Adult and Technical Education is a field-based program designed to serve persons who are employed on a full-time basis. The program is intended for persons who serve in an instructional, training, leadership, or professional role in human services areas of business, industry, government, community agencies or education. The areas of emphasis in Adult and Technical Education allow a program to be tailored to meet the personal and professional needs of a broad spectrum of graduate students. The courses provide students with the opportunity to continue their graduate education in a flexible program through a state-wide delivery system. Most courses are taught in the evening or at other convenient times. Every effort is made to tailor the program to meet the needs of the student.

The following provides the framework for the candidate’s Plan of Study: In consultation with the advisor, the student will select an area of emphasis and plan the program. Areas of emphasis available in the Master of Science degree program are:

a. Adult Education
b. Interdisciplinary Studies
c. Training and Development

d. Occupation Leadership (currently not accepting applications)
e. Teaching English as a Foreign Language (currently not accepting applications)

Admission Requirements, M.S.

Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

Full admission to the program also requires an undergraduate Grade Point Average (GPA) of 2.75 or higher on a 4.0 scale for all previously completed undergraduate university work.

Program Requirements, M.S.

Students may complete 33 hours in the thesis option or 36 hours in the non-thesis option to satisfy the Master of Science degree requirements.

A Plan of Study approved by the student’s advisor must be submitted for approval to the Graduate College Dean before the student registers for his or her 12th semester hour. The Plan of Study is a student’s “blueprint” for completing graduation requirements.

The required GPA to complete the master’s degree is 3.0 (B). Students must pass a written comprehensive assessment during the final semester of their coursework.

Adult Education Area of Emphasis

The Adult Education program is designed to serve persons who work with adults in either an instructional or an administrative role. As such, its participants are drawn from various areas such as the human services agencies, those with staff development, or in-service responsibilities in hospitals, business or government as well as those in adult preparatory programs at the postsecondary or community college level.
Minimum Requirements ...........................................................................................................33-36 hours

Major Field .................................................................................................................................. 27

  Required:
  - ATE 603 Introduction to Adult Education and Adult Learners
  - ATE 618 Literature of Adult and Continuing Education
  - ATE 628 Adult Instruction: Environmental and Personal Aspects
  - ATE 675 Literature & Applied Research in ATE or Equivalent
  - ATE 679 Problem Report (3 hours only)

  Elect 12 hours from the following:
  - ATE 600 Aspects of Training and Development
  - ATE 609 Developing Training in Business and Industry
  - ATE 656 Instructional Planning for Adult Populations
  - ATE 661 Practicum in Adult and Continuing Education
  - ATE 671 Evaluation of Adult and Technical Education

Thesis (6 hours) or Electives (9 hours) .................................................................................. 6-9

Select any academic graduate courses for electives from Adult and Technical Education, Counseling, Curriculum and Instruction, Economics, English, Family and Consumer Sciences, Instructional Technology, Mathematics, Management, Marketing, Psychology, Reading Education, Safety Technology, Sociology, or other approved disciplines.

Interdisciplinary Studies Area of Emphasis

The Interdisciplinary Studies program involves a combination of courses from disciplines within the broad field of Adult and Technical Education. The program is designed to permit students to forge specific links among courses from adult education, technical education, training and development, and community college teaching. Students can tailor the program to their particular interests and needs. The program differs from traditional graduate programs in that it promotes acquisition of knowledge that transcends traditional disciplinary boundaries.

Minimum Requirements ...........................................................................................................33-36 hours

Major Field .................................................................................................................................. 27

  Required:
  - ATE 595, Historical Developments in Workforce Preparation (or ATE 552)
  - ATE 601, Philosophy of Workforce Preparation (or ATE 511)
  - ATE 603, Introduction to Adult Education and the Adult Learner
  - ATE 675, Literature and Applied Research in ATE or equivalent

  Elect 15 additional hours of ATE course credit

Thesis (6 hours) or Electives (9 hours) .................................................................................. 6-9

Select any academic graduate courses for electives from Adult and Technical Education, Counseling, Curriculum and Instruction, Economics, English, Family and Consumer Sciences, Instructional Technology, Mathematics, Management, Marketing, Psychology, Reading Education, Safety Technology, Sociology, or other approved disciplines.

*Students may register for Internship after successful completion of: ATE 503, ATE 609, ATE 628, ATE 652.
Ed.S. with Area of Emphasis in Adult and Technical Education

Program Description
The program is designed to permit specialization in the field of Adult and Technical Education. Upon admission, the department will assign an advisor who will work with the student in developing an approved program. The program is considered approved when an agreement is signed by the student, advisor and one other member of the ATE program.

Admission Requirements
Applicants must have a master’s degree in an appropriate field. Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website: www.marshall.edu/graduate/admissionsrequirements.asp

Program Requirements
All programs must be completed in seven years from admittance and conform to the following standards:
1. Completion of a minimum of 36 hours of planned, approved graduate study with a 3.25 GPA, including the following:
   - Core coursework .................................................................................................................. 21
   - Minor field (approved area of specialization) ................................................................. 6
   - Research Component (ATE 677 or equivalent course by approval) ......................... 3
   - Applied Research (Thesis, 6 hours) ................................................................................. 6
   TOTAL HOURS .................................................................................................................. 36
2. A Plan of Study approved by the student’s advisor must be submitted for approval to the Graduate College Dean before the student registers for his or her 12th semester hour. The Plan of Study is a student’s “blueprint” for completing graduation requirements.
3. Completion of a comprehensive oral examination covering the coursework and thesis. The examination will be administered by three full-time ATE faculty members selected by the student.

Ed.S. with Area of Emphasis in Community and Technical College Studies

Program Description
The Ed.S. Degree program with an area of emphasis in Community and Technical College Studies builds on learners’ professional experience and the teaching and learning process. The program incorporates both theory and practical applications, helping learners become stronger, more effective classroom teachers in a community college setting. The program is intended to serve persons who are employed on a full-time basis as Community and Technical College teachers. It is also available to professionals who aspire to become teachers in community and technical colleges. Emphasis on classroom teaching and learning means community college faculty must not only have strong backgrounds in their fields of expertise, but also possess skills in effective instruction. Expectations and accountability in student learning are challenging community college faculty to strengthen their knowledge and skills in the teaching process. The focus of the Ed.S. degree is on the teaching/learning process.

Admission Requirements
Applicants must have a master’s degree in an appropriate field. Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

Program Requirements
The program is designed to permit specialization in the field of Community and Technical College Studies. Upon admission, the department will assign an advisor who will work with the student in developing an approved program. The program is considered approved when an agreement is signed by the student, advisor, one other member of the program, and the Dean of the Graduate College. Completion of a minimum of 36 hours of planned, approved graduate courses with a 3.25 GPA is required. A Plan of Study approved by the student’s advisor must be submitted for approval to the Graduate College Dean before the student registers for his or her 12th semester hour. The Plan of Study is a student’s “blueprint” for completing graduation requirements.
All programs must be completed in seven years and conform to the following standards:
1. Core Requirements ........................................................................................................ 15 hrs.
   - ATE 701 The Community and Technical College
   - ATE 603 Introduction to Adult Education and Adult Learners
   - ATE 702 Analysis of Literature on Community and Technical Colleges
ATE 723 Perspectives and Strategies for Teaching Workforce Education
ATE 726 Funding, Planning, and Administrative Issues of Community and Technical Colleges

   (Required before further advancement in program)
ATE 703 Interpretation and Utilization of Applied Research in Community and Technical Colleges

3. Professional Seminars in Community and Technical College Studies ................................. 3 hrs.
ATE 707-709 Professional Seminars

ATE 781 Thesis
   (Students must have a written thesis proposal/prospectus approved by the thesis committee prior to enrolling for thesis
   credit. An oral defense of the completed thesis is required.)

5. Professional Support Courses .................................................................................................... 9 hrs.
ATE 712 Classroom Assessment for Community and Technical College Students
ATE 714 Community and Technical College Curriculum Design
ATE 718 Education and Employment Preparation for Diverse Populations

Total hours for Ed.S. Degree ........................................................................................................ 36 hrs.

Minor in Adult and Technical Education
For information on this minor, please contact the Department of Adult and Technical Education.

COUNSELING, M.A.
Areas of Emphasis
   Correctional Counseling (South Charleston)
   Marriage, Couple, and Family Counseling (South Charleston)
   Clinical Mental Health Counseling (South Charleston and Huntington)
   School Counseling (South Charleston and Huntington)

Education Specialist with Area of Emphasis in Counseling, Ed.S. (South Charleston)

Graduate Certificates
   Domestic Violence Counseling (South Charleston)
   Marriage, Couple, and Family Therapy (South Charleston)

Program Description, M.A.
The Master of Arts degree in Counseling is a 60-hour planned program of study designed to meet the necessary
competencies of professional counselors, and satisfies the curricular requirements for counselor licensure. There are
currently four distinct Areas of Emphasis offered within the Counseling program. Curricular elements consist of core courses
required of all counseling majors and emphasis courses specific to: mental health counseling, correctional counseling, school
counseling, and marriage, couple and family counseling.
1. All core courses are offered on the Huntington and South Charleston campuses.
2. Areas of Emphasis in School Counseling and Clinical Mental Health Counseling are offered on the Huntington and
   South Charleston campuses.
3. Areas of Emphasis in Correctional Counseling and Marriage, Couple and Family Counseling are offered on the South
   Charleston campus only.
4. The Certificate Programs in Domestic Violence Counseling and Marriage, Couple and Family Therapy are offered
   through the South Charleston campus only.
5. The Ed.S. with an Area of Emphasis in Counseling is offered on the South Charleston campus only.

The Master of Arts degree in Counseling at Marshall University is built upon the training standards and codes of
ethics recognized by CACREP (Council for Accreditation of Counseling and Related Educational Programs), ACA (American
Counseling Association), and ASCA (American School Counselors Association) and is consistent with the Marshall University
School of Education conceptual framework theme of Preparing The Experienced Professional as Specialist. Within this
context it is the mission of the Counseling Program to prepare graduates with the knowledge and skills needed to meet
the challenges associated with entry into the field of counseling and into their role as professional counselors. Program graduates are eligible to apply for WV licensure in counseling at the point they complete post-graduate supervision and pass a comprehensive licensure examination.

**Admission Requirements**

Admission to the Counseling Program is selective and competitive. Admission decisions for all program applicants are rooted in the specific standards of the Marshall University Graduate College and the minimum standards of the Counseling program. Students are admitted to an Area of Emphasis and must indicate their preferences during the admission application process.

Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

Multiple criteria are used in making decisions to admit students to the degree program. Each applicant is evaluated using the following criteria (all material should be submitted directly to Graduate Admissions):

1. GRE score of 800 (quantitative & verbal combined) or MAT scale score of 395 (Raw score 40).
2. Undergraduate Grade Point Average (GPA) of 2.75 or higher on a 4.0 scale for all previously completed undergraduate university work.
3. Three written references (two from current or former professors)
4. Writing sample expressing the applicant’s interest in the counseling profession.

Flexibility is maintained in applying the criteria to individual cases. For example, an applicant who does not meet the minimum criteria may be granted provisional admission and be directed to complete a prescribed set of courses. A provisionally admitted student can be reclassified as a fully admitted student no later than completion of the 12th credit hour by maintaining a 3.50 GPA in these courses.

**Program Requirements**

It is the responsibility of all admitted students to meet with their advisors prior to the beginning of coursework. Each student must complete an advisor-approved Plan of Study prior to registering for the 12th credit hour. A minimum Grade Point Average of 3.0 in all degree courses is required prior to enrollment in the practicum, internship, and for graduation.

**CORE COURSES**

All 45 hours of core courses are offered on both the South Charleston and Huntington campuses. Please note that internship courses are specific to emphasis areas.

**CORE CURRICULUM**

The Master of Arts degree in Counseling is a 60 hour planned program of study designed to meet the necessary competencies of professional counselors. The curricular elements consist of core courses required of all counseling students and emphasis courses specific to: Clinical Mental Health Counseling; Correctional Counseling; School Counseling, and Marriage, Couple & Family Counseling.

The following 45 semester hours of core courses are required of all students:

**Phase I**

- COUN 574 Social & Cultural Foundations 3
- COUN 575 Prevention and Treatment of Addictions 3
- COUN 600 Professional Orientation 3
- COUN 602 Human Development & Psychopathology 3
- EDF 621 Educational Research and Writing 3

**Phase II**

- COUN 603 Counseling Theories 3
- COUN 604 Group Counseling 3
- COUN 605 Theory & Practice of Human Appraisal 3
- COUN 607 Counseling Techniques in Human Relationships 3
- COUN 631 Diagnosis & Treatment Planning in Mental Health Counseling 3
- COUN 632 Introduction to Marriage, Couple & Family Counseling 3

**Phase III**

- COUN 606 Career & Lifestyle Development 3
- COUN 608 Practicum 3
- (or COUN 638 for Marriage, Couple and Family students only) 3
Phase IV

Internship

COUN 691 (Clinical Mental Health),
COUN 693 (Marriage, Couple and Family),
COUN 695 (Correctional),
or COUN 698 (School Counseling)  

6

Total Core Hour Requirement 45

*All emphases (60 hours) satisfy the curricular requirements for professional counselor licensure in the State of West Virginia.

Certification Requirements for School Counselors

Students in School Counseling must meet certification requirements established by the West Virginia Department of Education. All students must pass the Praxis II: Specialty Area Test (formerly the National Teachers Examination) in School Counseling prior to applying for certification. Applications for certification are available in the central offices of the county school systems. An alternative school counseling program certification is available for students without a teacher education background to qualify for West Virginia certification as elementary or secondary school counselors.

Students who do not hold a valid West Virginia teaching certificate (non-education majors) must submit passing scores on the Pre-Professional Skills Tests (PPST) prior to enrollment in courses leading to certification.

Non-education majors must also complete 6 hours of additional coursework from the following:

Alternative Certification Courses

EDF 665  Sociology of American Schools
OR
LS 532  Human Relations Skills for Leaders ...........................3
CISP 521  Children with Exceptionalities (check with advisor)...........3

Graduate Certificate in Domestic Violence Counseling
(courses available on the South Charleston campus only)

NOTE: Professional Continuing Education coursework offered in the certificate program will be eligible for continuing education units by the Counseling Board of Examiners. Efforts are being made to facilitate receipt of continuing education units from the West Virginia Board of Social Work Examiners. Individuals must submit course information to the Psychology Board of Examiners for review. The coursework meets and exceeds the training requirements for facilitators of Batterer Intervention Programs. These requirements are set forth in Title 119 Legislative Rule Family Protection Services Board Standards.

The graduate certificate program in Domestic Violence Counseling can be completed in one of two ways:

1. The student may apply and be accepted into the Clinical Mental Health Area of Emphasis of the Counseling program and take the certificate courses in conjunction with the required degree courses and graduate with a Master of Arts degree in Counseling in addition to a graduate certificate denoting the Domestic Violence Counseling area of specialty.

2. Second, the certificate coursework may be taken as a stand-alone program to be completed in one year. The program is currently the state’s only post-baccalaureate initiative providing a sequential, specialized professional development opportunity for mental health professionals and paraprofessionals who contribute to the identification of, and interventions in family/partner abuse situations.
Admission Requirements

Students already enrolled in the Counseling program, in the Clinical Mental Health Counseling Area of Emphasis, should submit to Graduate Admissions a Secondary Program Request form: www.marshall.edu/graduate/forms/SecondaryProgramRequestForm.pdf.

Prospective certificate-only students should apply for admission to Marshall University as a Professional Development student and select on the application form the Certificate in Domestic Violence Counseling.

It is expected that enrollees of this program will generally be engaged in clinical practice or some support aspect of direct client service and/or intervention where family violence has been identified or suspected.

Admission requirements for the stand-alone Domestic Violence Certificate program include the following:

- a baccalaureate degree from a regionally accredited college or university with an undergraduate Grade Point Average (GPA) of 2.50 or higher on a 4.0 scale for all previously completed undergraduate university work.
- current employment in a community mental health agency, private practice, or related/supporting role that provides direct client contact involving general mental health/psycho-educational interventions; or a master’s degree in counseling, social work, psychology; or departmental approval.

It should be noted that gaining admission to the certificate program will not guarantee admission to the Counseling M.A. program.

Course Requirements (12 hours)

- COUN 654, An Ecological Approach to Domestic Violence ................................................. 3
- COUN 655, Domestic Violence I: Working with Victims....................................................... 3
- COUN 656, Domestic Violence II: Working with Perpetrators............................................ 3
- COUN 657, Domestic Violence III: Children as Victims and Witnesses ............................ 3

Graduate Certificate in Marriage, Couple and Family Therapy
(courses available on the South Charleston campus only)

NOTE: Coursework in Marriage, Couple and Family Therapy is eligible for continuing education units with the West Virginia Counseling Board of Examiners, as individual study with the West Virginia Board of Social Work Examiners, and can be submitted to the West Virginia Psychology Board of Examiners for review and approval. This certificate program is currently the state’s only program focusing on the knowledge base and clinical skills in Marriage, Couple and Family Therapy.

The Graduate Certificate Program in Marriage, Couple and Family Therapy can be completed in one of two ways:

1. The student may apply and be accepted into the Marriage, Couple and Family Area of Emphasis of the Counseling program and take the certificate courses in conjunction with the required degree courses and graduate with a Master of Arts degree in Counseling in addition to a graduate certificate denoting the Marriage, Couple and Family Therapy area of specialty.
2. Students with a master’s degree in counseling, social work, psychology or departmental approval, may be accepted into the certificate program as a post-master’s professional development student.

Admission Requirements

Applicants must meet admission requirements for the master’s degree in counseling OR hold a master’s degree in counseling, social work, psychology, or divinity.

Course Requirements (18 hours)

- COUN 622, Parent Education .......................................................................................... 3
- COUN 632, Introduction to Marriage, Couple, and Family Therapy ................................. 3
- COUN 637, Adult and Family Development and Transition ............................................. 3

- COUN 693, Internship ....................................................................................................... 3

Ed.S. with an Area of Emphasis in Counseling
(courses available on the South Charleston campus only)

The Ed.S. with an Area of Emphasis in Counseling is designed to accommodate those students who already possess a master’s degree in counseling. The program promotes advanced knowledge and skills in the field of professional counseling.
with a focus on intervention and supervision skills. A strong component of the program is the attainment of knowledge and skills in three areas:

1. supervision processes,
2. advanced theoretical applications
3. advanced internship experiences.

A minimum of 27 semester hours beyond the master’s degree must be earned for completion of the program.

Admission Requirements
Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

In addition, applicants must:

• possess a master’s degree in counseling or closely related field, from a regionally accredited university or college;
• be eligible for West Virginia certification as a school counselor or licensure as a Licensed Professional Counselor by the West Virginia Board of Examiners in Counseling;
• have a graduate Grade Point Average (GPA) of 3.50 or higher on a 4.0 scale for all previously completed graduate university work.
• have completed coursework at the graduate level in the following areas:
  • Human development
  • Human relationships: listening and communication skills
  • Individual counseling theories and techniques
  • Group counseling theories and techniques
  • Developmental guidance
  • Career development
  • Organization and development of counseling and guidance
  • Legal and ethical issues in counseling
  • Consultation
  • Research methods
  • Tests and measurements
• possess appropriate counseling and intervention skills evidenced by a portfolio of previously completed courses or professional experiences.

Students who are deficient in any or all of the above requirements may be required to complete advisor-approved prerequisite courses or experiences in addition to the 27 hours in the Ed.S.

Students are admitted to the Ed.S. program in the fall of each year, at which time an individualized plan of study will be developed based on the program requirements and the student’s past academic and professional experiences.

Program Requirements
The Ed.S. program consists of a minimum of 27 hours of prescribed coursework built around competencies considered crucial to the practice of a master professional counselor. Students in the Ed.S. program must earn a grade of at least a B in all coursework. The courses comprising the core curriculum are as follows:

CURRICULUM AND INSTRUCTION, Ed.S., Ed.D.
Education Specialist with Area of Emphasis in Curriculum and Instruction, Ed.S.
Curriculum and Instruction Ed.D.

Ed.S. with an Area of Emphasis in Curriculum and Instruction

The Education Specialist degree with an Area of Emphasis in Curriculum and Instruction is designed for post-master’s professionals who are seeking a planned and structured program of study. Students may elect to be dually enrolled in the Education Specialist program and Doctor of Education in Curriculum and Instruction program.

Admission Requirements

Applicants must have a master’s degree in an appropriate field. Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

Degree Requirements

Education Specialist degree (Ed.S.) students follow a planned program of study and must maintain a cumulative Grade Point Average (GPA) of 3.0.

Curriculum and Instruction, Ed.D.

This program is designed to offer the opportunity to earn the Doctor of Education (Ed.D.) degree in Curriculum and Instruction. Coursework and other requirements will be met on the South Charleston campus. The mission of the doctoral program in education is to prepare practitioners to be reflective, ethical educators and researchers who contribute to the field of education. Program faculty are committed to creating a community of scholars through mentoring, engaging in collaborative research, and maintaining a focus on sound educational practices.

Acceptance into the Program

The decision to admit an applicant to doctoral work constitutes a significant commitment from the faculty of the department in the form of advising, teaching, chairing or serving on the student’s committee, preparing and evaluating examinations, and guiding the successful completion of the dissertation. The applicant should note that the decision to admit students to the doctoral program is a collective judgment of the program faculty and represents their determination of the likelihood of the candidate to succeed in all major phases of the degree program. These judgments take into account the applicant’s professional experiences, communication and thinking skills, and other relevant capabilities. Thus, an applicant is not automatically admitted on the basis of meeting only the minimum criteria.

An applicant must have earned at least a master’s degree from an accredited institution in Educational Leadership, Curriculum and Instruction, or a related field. Details of all admission requirements and other pertinent information can be found at www.marshall.edu/gsepd/edd.

EDUCATION, M.A. Ed.S.
Teacher Licensure in West Virginia

With the exception of the Master of Arts in Teaching Program, the master’s degree and professional development programs described herein do not result in initial licensure in West Virginia. Students seeking initial West Virginia licensure are advised to consult with their advisors regarding appropriate programs and courses.

Program Description
The goal of the Early Childhood, Elementary and Secondary Education programs is to provide coordinated, sequential programs of study in an identified area of education. These programs provide the educators and those in education-related fields four venues for graduate level professional development:

• Graduate certificate programs,
• Master’s degree (M.A.),
• Education Specialist degree (Ed.S.)
• Doctor of Education degree (Ed.D.).

In addition, graduate courses are available outside planned programs to allow professionals to augment their knowledge on topics of current interest or meet individual needs.

The graduate certificate programs provide concentrated graduate-level study of a specialty. Master’s degrees offer a theoretical orientation with a focus on the application of theory to practice. The Education Specialist degree with an Area of Emphasis in Curriculum and Instruction is designed for post-master’s professionals who are seeking a planned and structured program of study. Students may elect to be dually enrolled in the Education Specialist program and Doctor of Education in Curriculum and Instruction program. The Doctor of Education in Curriculum and Instruction serves the need of professionals who are seeking a terminal degree in the field. For more information on these post-master’s degrees please see individual listings in this catalog.

Admission Requirements to Master’s Degree Programs
Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

In addition:

• Submit directly to Graduate Admissions your Graduate Record Examinations (GRE) General Test or Miller Analogies Test (MAT) scores; applicants should score 800 or above on the verbal and quantitative sections of the GRE or at least 387 on the MAT.

Multiple criteria are used in arriving at decisions to admit students to the master’s degree programs in Early Childhood, Elementary and Secondary Education. Each applicant is evaluated with reference to the following criteria:

1. Undergraduate Grade Point Average;
2. GRE or MAT scores;
3. Performance in any prior graduate courses.

Flexibility is maintained in applying the criteria to individual cases. In practice, superior performance in one criterion may compensate for failing to meet the required standard on another. An applicant who does not meet minimum requirements
for admission may be granted provisional admission. Provisionally admitted students may be directed to complete certain courses up to 12 credit hours. If a 3.0 GPA is maintained in those courses, then the applicant will be fully admitted to the degree program no later than completion of the 12th credit hour.

**Plan of Study**

A Plan of Study approved by the student’s advisor must be on file before the student registers for his or her 12th semester hour. The Plan of Study is a student’s “blueprint” for completing graduation requirements.

**EARLY CHILDHOOD EDUCATION, M.A.**

**Program Requirements**

The Master of Arts in Early Childhood Education consists of a set of core course requirements, an area of emphasis, and a capstone experience. All students must complete 15 hours of coursework in research, growth and development, technology, instructional methods and assessment. Each student must also select an area of emphasis consisting of 18 hours of required and elective coursework. The capstone experience is the program component through which students demonstrate their ability to synthesize and apply the problem solving, research and writing capabilities developed throughout the program. Students may meet the capstone experience requirement by either completing a research project (Final Symposium: CI 659 and CI 680) or satisfactorily completing a written comprehensive examination and six hours of coursework.

Two options for advanced studies in Early Childhood are available:

1. **Option 1**, designed for those who are licensed Early Education (Pre K-K) teachers.
2. **Option 2**, designed for those who are licensed Elementary teachers with no endorsement in Early Education.

Hours may vary, depending on the student’s undergraduate program. For those earning an endorsement in Early Childhood (Pre K-K) under Option 2, a practicum and a passing grade on the Praxis II: Specialty Area Test in Early Education (Pre K-K) is required. Candidates with three or more years of teaching experience must consult the Director of Clinical Experiences to determine if they qualify for a performance assessment.

**Option 1: The Master’s Degree in Early Childhood Education designed for those who are licensed Early Education (Pre K-K) teachers**

| Core Subjects: EDF 621 or 625; EDF 616; CIEC 530 or 534 or 600 or 660; CI 623 or 624 or approved methods course; EDF 612 or CI 609 or CI 501 | 15 |
| Specialty: CIRG 653, CI 631, CI 632, CI 633, CI 634, FCS 603 | 18 |
| Capstone Experience | 6 |
| **TOTAL** | **39** |

**Option 2: The Master’s Degree in Early Childhood Education designed for those who are licensed Elementary teachers with no endorsement in Early Education.**

| Core Subjects: EDF 621 or 625; EDF 616; CIEC 530 or 534 or 600 or 660; CI 623 or 624 or approved methods course; EDF 612 or CI 609 or CI 501 | 15 |
| Specialty: CI 632, CI 633, CI 634, FCS 535, EDF 513, CI 630 | 18 |
| Capstone Experience | 6 |
| **TOTAL** | **39** |

**ELEMENTARY EDUCATION, M.A.**

**Program Requirements**

The Master of Arts in Elementary Education consists of a set of core course requirements, area of emphasis requirements, and a capstone experience. All students must complete 15 hours of coursework in research, growth and development, technology, instructional methods and assessment. Each student must also select an area of emphasis consisting of 18 hours of required and elective coursework. The capstone experience is the program component through which students demonstrate their ability to synthesize and apply the problem solving, research and writing capabilities developed throughout the program. Students also will meet the comprehensive assessment requirement through the framework of the capstone experience.

| Core Subjects: EDF 621 or 625; EDF 616; CIEC 530 or 534 or 600 or 660; EDF 612 or CI 609 or CI 501; CI 623 or 624 or approved methods course | 15 |
| Area of Emphasis | 18 |
| Capstone Experience | 6 |
| **TOTAL** | **39** |

(continued)
Areas of Emphasis include (descriptions follow on page 97):
1. Early Childhood Education
2. Educational Computing
3. Elementary Science
4. Instructional Processes and Strategies
5. Math through Algebra I
6. Middle Childhood Education
7. School Library Media
8. Teaching English as a Second Language (ESL)
9. Individualized Plan of Study

Capstone Experience:
Students may meet the capstone experience requirement by either completing a research project (Final Symposium: CI 659 and CI 680) or satisfactorily completing a written comprehensive examination and six hours of coursework.

SECONDARY EDUCATION, M.A.
Program Requirements
The Master of Arts in Secondary Education consists of a set of core course requirements, Area of Emphasis requirements, and a capstone experience. All students must complete 15 hours of coursework in research, growth and development, technology, instructional methods and assessment. Each student must also select an Area of Emphasis consisting of 18 hours of required and elective coursework. The capstone experience is the program component through which students demonstrate their ability to synthesize and apply the problem solving, research and writing capabilities developed throughout the program. Students also will meet the comprehensive assessment requirement through the framework of the capstone experience.

Core Subjects: EDF 621 or 625; EDF 616; CIEC 530 or 534 or 600 or 660; CI 623 or 624 or approved methods course; EDF 612 or CI 610 or CI 501 ..................15

Area of Emphasis............................................................................................................................18

Capstone Experience ..........................................................................................................................6

TOTAL.............................................................................................................................................39

Areas of Emphasis include (descriptions follow on page 165):
1. Educational Computing
2. Instructional Processes and Strategies
3. Math through Algebra I
4. Middle Childhood Education
5. School Library Media
6. Teaching English as a Second Language (ESL)
7. Individualized Plan of Study

Capstone Experience:
Students may meet the capstone experience requirement by either completing a portfolio project (Final Symposium: CI 659 and CI 680) or satisfactorily completing a written comprehensive examination and six hours of coursework.

ADDITIONAL CERTIFICATION FOR TEACHERS
Teachers who want to add another teaching endorsement may do so by completing the course requirements, a performance assessment at the appropriate grade level, and the appropriate Praxis II test.

Plans of Study for Areas of Emphasis, Professional Development Programs
Plans of study marked with an asterisk (*) may be used as endorsements for teaching certification. Endorsement programs are available only to teachers who hold a valid professional license in any area other than the one for which endorsement is desired.

Plans of study marked with a plus sign (+) may be used as graduate certificate programs. Certificate coursework may be taken as a stand-alone program.
Certificate Program Admission Requirements
Prospective certificate-only students should apply for admission to Marshall University as a Certificate/Professional Development student and select on the application form the certificate they wish to pursue. Education certificate programs require:

- A baccalaureate degree from a regionally accredited college or university; and
- An undergraduate Grade Point Average (GPA) of 2.50 or higher on a 4.0 scale for all previously completed undergraduate university work OR a Master’s Degree.

**Early Childhood Education:** This concentration combines theory, research, and practical applications to child development and early childhood education. It is designed for teachers who wish to pursue a master’s degree with an emphasis in early childhood education, as well as teachers who wish to add a Pre K-K endorsement to their professional licensure. This concentration is available to teachers who hold a valid K-6 or K-8 professional license and wish to pursue a master’s degree with an early childhood education emphasis.

CIEC 534, CI 632, CI 633, CI 634, FCS 535, EDF 513, CI 630.

TOTAL ........................................................................................................... 21 hrs.

**Educational Computing:** This concentration focuses on instructional applications and classroom utilization of computing.

CIEC 534 or CIEC 530 or CIEC 660, CIEC 600, CIEC 610, CIEC 620, CIEC 630, CIEC 699, and an approved elective.

TOTAL ........................................................................................................... 21 hrs.

**Elementary Science Education:** This concentration combines theory, research, and practical applications to enhance content knowledge and strategies and techniques of delivering instruction through the use of hands-on, discovery/inquiry teaching.

CISE 571, CI 657, CIEC 600, CISE 576 or CISE 577, CISE 572 or CISE 573, CISE 570 or CISE 574 or CISE 575, and an approved elective.

TOTAL ........................................................................................................... 21 hrs.

Instructional Processes and Strategies:

EDF 610, CI 623, CI 624, CIEC 530 or 534, CI 539, CI 551, CI 657, and CI 671.

TOTAL ........................................................................................................... 24 hrs.

**Mathematics through Algebra I:** This concentration is available to teachers who hold a valid professional license in any area other than mathematics. Satisfactory completion of the required courses, and passing the Praxis II meets the requirements for certification.

CIME 555, CIME 556, CIME 650, CIME 657, CIME 658, CIME 600, CIME 670, and CIME 675 or CIME 677

TOTAL ........................................................................................................... 24 hrs.

**Middle Childhood Education:** The concentration in middle childhood education provides a certificate endorsement program for elementary and secondary teachers who have met initial licensure requirements. The endorsement will allow teachers to provide instruction in grades 5-9 within their area(s) of specialization.

The coursework in this program may be used as an area of emphasis within the master’s degree program in Elementary Education or Secondary Education or may be completed as a separate Professional Development program. Individuals who wish to take the endorsement program but not pursue a master’s degree should apply to the Professional Development program in middle childhood education. Teachers selecting this option must have an initial content specialization or complete a new one. Elementary Education is not a content area for 5-9 or 5-12. Passing the Praxis II is required.

CIEC 534, CI 501, CI 503, EDF 502, CI 672

TOTAL ........................................................................................................... 15 hrs.

**School Library Media Specialist:** The concentration in Library Media provides a certificate endorsement program for elementary and secondary teachers who have met initial licensure requirements. The program will prepare K-12 teachers to manage school library media centers, collaborate with faculty to support the school curriculum and facilitate information literacy.

ITL 501, 502, 515, 622, 625, 631, 650, CIRG 613

TOTAL........................................................................................................... 24 hrs.

(continued)
*Teaching English as a Second Language (ESL): The concentration in Teaching English as a Second Language provides a certificate endorsement program for elementary and secondary teachers who have met initial licensure requirements. The purpose of the program is to prepare teachers who work with learners who enter schools with a language other than English.

CIEC 534, CISL 550, 551, 552, 653, 654, 655
TOTAL ..... 21 hrs.

Individualized Plan of Study: Students selecting a planned program must complete the curriculum course CI 501, CI 609, or CI 610 appropriate for their certification.

   Supervisor of Instruction
   School Superintendent

Program Descriptions
The Leadership Studies program offers the following degree programs:
   • Master of Arts degree in Leadership Studies with Areas of Emphasis in Educational Leadership, Justice Leadership, Leadership Specialist
   • Education Specialist in Education (Ed.S.) with an Area of Emphasis in Leadership Studies and specializations in Public School or Higher Education Administration.
   • Doctoral Degree in Education (Ed. D.) with a major in Educational Leadership with Areas of Emphasis in Higher Education Administration and Public School Administration.

Leadership Studies also offers professional licensure programs for School Principal, Supervisor of Instruction, School Superintendent, and Social Services and Attendance.

Leadership Studies, M.A. with Educational Leadership Area of Emphasis
The Master of Arts Degree in Leadership Studies offers an area of emphasis in Educational Leadership which includes the coursework for professional administrative licensure as a school principal. It is a portfolio-based program which requires a minimum of 36 semester hours. Courses may not be used if they are more than seven years old at the time of graduation. Students must complete all field-based experiences for courses that are transferred from other accredited institutions or programs. All persons seeking professional licensure as a school principal are required to pass the PRAXIS II (0410) Educational Leadership Administration and Supervision Test. West Virginia licensure also requires the completion of the Evaluation Leadership Institute offered by the West Virginia Center for Professional Development.
Admission Requirements for Educational Leadership Area of Emphasis

Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

In addition:

Each candidate for the Educational Leadership Area of Emphasis must meet all admission requirements as a degree student. Scores from the Graduate Record Examination, the Miller Analogies Test, or a previous master’s degree from an accredited institution must be on file at the time of admission. Students must score at least a 40 (tested prior to October, 2004) or at least a 392 (after October, 2004) on the Miller Analogies Test. Students who take the Graduate Record Examination must have a combined score of 800 (verbal and quantitative). Students must hold a Professional Teaching Certificate and have a minimum of one year of teaching experience at the time of admission to the program.

TOTAL .................................................................................................................30 hrs

Educational Leadership, Ed.D.

This program is designed to offer the opportunity to earn the Doctor of Education (Ed.D.) degree in Educational Leadership with Areas of Emphasis in Public School Administration or Higher Education Administration. Coursework and other requirements will be met on the South Charleston campus. The mission of the doctoral program in education is to prepare practitioners to be reflective, ethical educators and researchers who contribute to the field of education. Program faculty are committed to creating a community of scholars through mentoring, engaging in collaborative research, and maintaining a focus on sound educational practices.

Acceptance into the Program

The decision to admit an applicant to doctoral work constitutes a significant commitment from the faculty of the department in the form of advising, teaching, chairing or serving on the student’s committee, preparing and evaluating examinations, and guiding the successful completion of the dissertation. The applicant should note that the decision to admit students to the doctoral program is a collective judgment of the program faculty and represents their determination of the likelihood of the candidate to succeed in all major phases of the degree program. These judgments take into account the applicant’s professional experiences, communication and thinking skills, and other relevant capabilities. Thus, an applicant is not automatically admitted on the basis of meeting only the minimum criteria.

An applicant must have earned at least a master’s degree from an accredited institution in Educational Leadership, Curriculum and Instruction, or a related field. Applicants for Public School Administration must have an earned Principal’s Licensure. Details of all admission requirements and other pertinent information can be found at www.marshall.edu/gsepd/edd.

LICENSURE/CERTIFICATE PROGRAMS IN LEADERSHIP STUDIES

Certificate/Licensure in School Principalship (post-master’s)

This program is designed for students who have completed a master’s degree in education. Students completing the program qualify for professional administrative licensure as a PreK-Adult school principal in West Virginia, Ohio and Kentucky. Those seeking professional administrative licensure as a school principal are required to pass the PRAXIS’ (0410) Educational Leadership Administration and Supervision Test. West Virginia students are also required to complete the Evaluation Leadership Institute offered by the West Virginia Center for Professional Development.
Admission Requirements - Principal Licensure and Graduate Certificate Program

An applicant should enroll as Certificate/Professional Development student and select on the application form the School Principalship Certificate.

- A student who desires admission to the Post Master’s Principal Licensure/Graduate Certificate program must have an overall Graduate Grade Point Average (GPA) of 3.0 on a 4.0 scale in an education field from an ELCC-accredited institution.
- Transcripts from the student’s graduate institution(s) must be provided to Graduate Admissions at the time of application.
- Students are also required to have a Professional Teaching Certificate and a minimum of one year of teaching experience at the time of application.

Certificate/Licensure in Social Service and Attendance

This program provides the required coursework for Social Service and Attendance licensure. The program is designed for educational personnel who hold a valid license, or for social workers who hold at least a bachelor’s degree.

Admission Requirements – Social Service and Attendance Licensure/Graduate Certificate Program

Applicants may apply as a Non-Degree students, or, if they wish to earn the certificate, as a Certificate/Professional Development student and select on the application form the Social Service and Attendance Certificate.

- A student who desires admission to the Social Service and Attendance Licensure/Graduate Certificate program must have an overall Graduate Grade Point Average (GPA) of 3.0 on a 4.0 scale in an education field from an ELCC-accredited institution.
- Transcripts from the student’s graduate institution(s) must be provided to Graduate Admissions at the time of application.
- Students are also required to have a minimum of one year of teaching experience at the time of application.
- Each candidate for the Social Services and Attendance Worker licensure must meet all admission requirements as a degree student. Scores from the Graduate Record Examination, the Miller Analogies Test, or a previous master’s degree from an accredited institution must be on file at the time of admission. Students must score at least a 40 (tested prior to October 2004) or at least a 392 (after October, 2004) on the Miller Analogies Test. Students who take the Graduate Record Examination must have a combined score of 800 (verbal and quantitative).
- All students follow a planned program of study and must maintain a cumulative Grade Point Average (GPA) of 3.0.

Licensure in Supervisor of Instruction

Students who hold a Master’s Degree in Educational Leadership from an ELCC nationally recognized program may add the West Virginia Supervisor of Instruction licensure by completing LS 661. This licensure is for persons who work in central office supervisory positions.

School Superintendent Licensure

Students who hold a master’s degree in education leadership program from an ELCC-accredited institution will need the following additional courses to complete the licensure requirements for School Superintendence:

READING EDUCATION, M.A.

Program Description

The Master of Arts in Reading Education consists of six foundation courses, four advanced courses two of which are two practicum experiences, and two elective courses for a total of 36 credit hours.

Admission Requirements

Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

In addition, applicants must have:

• An undergraduate Grade Point Average (GPA) of 2.7 or higher on a 4.0 scale for all previously completed undergraduate university work;
• A valid WV teaching certificate;
• Graduate Record Examinations (GRE) General Test verbal score of 400 or above or a score of 389 on the MAT.
• A minimum of one year of teaching experience or equivalent as a long-term substitute by the time of program completion.

Program Requirements

Degree candidates follow a planned program of study and must maintain a cumulative Grade Point Average (GPA) of 3.0. The program of study includes several assessments that are completed as candidates move through the program.

Plan of Study

A Plan of Study approved by the student’s advisor must be on file with the Reading Education Program within 30 days of acceptance into the program. The Plan of Study is a student’s “blueprint” for completing graduation requirements.

CIRG 636 Developmental Reading
CIRG 644 Content Literacy
CIRG 615 Writing in the Literacy Curriculum
CIRG 653 Literacy Acquisition
CIRG 622 The Use of Technology for Literacy Instruction
CIRG 637 Literacy Assessment
CIRG 654 Aligning Assessment and Instruction
CIRG 643 Teaching Struggling Readers: A Practicum
CIRG 623 Reading Instruction for Literacy Facilitators: A Practicum
Two electives, chosen in consultation with the program advisor.

This program requires six hours of supervised practicum and a series of performance assessments completed as candidates move through the program.

Ed.S. WITH AREA OF EMPHASIS IN READING EDUCATION

The Graduate School of Education and Professional Development offers an Education Specialist degree (Ed.S.) with an area of emphasis in Reading. The goal of the Education Specialist (Ed.S.) program is to provide a unified sequence of graduate studies for school and related personnel who wish to achieve proficiency beyond the master’s level in Reading Education. Please contact the Reading Education program faculty for additional information.

Admission Requirements

Applicants must have a master’s degree in an appropriate field. Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

Degree Requirements

Education Specialist degree (Ed.S.) students follow a planned program of study and must maintain a cumulative Grade Point Average (GPA) of 3.0.

ADDITIONAL LITERACY ENDORSEMENTS AND CERTIFICATES FOR TEACHERS

Teachers who want to add another teaching endorsement may do so by completing the course requirements and performance assessments, and the appropriate PRAXIS II test.
The program offers two certificate programs that support literacy education. Programs marked with an asterisk (*) may be used as endorsements for teaching reading. Programs marked with a plus sign (+) may be used as graduate certificates.

**Certificate Program Admission Requirements**

Prospective certificate-only students should apply for admission to Marshall University as a Certificate/Professional Development student and select on the application form the Certificate they wish to pursue.

**Reading Specialist (24 hours)**

Admission to this program is suspended.

**Reading Education (18 hours)**

The Reading Education Certificate is intended for educators who hold an initial teaching license and wish to become highly qualified teachers of reading. It consists of six courses, with embedded field-experiences and leads to a reading endorsement at either the elementary or secondary level.

**Admission Requirements**

1. An initial undergraduate degree in education from a regionally accredited college or university; and
2. A valid teaching license

**Program Requirements**

- CIRG 636 Developmental Reading
- CIRG 653 Literacy Acquisition
- CIRG 644 Content Literacy
- CIRG 615 Writing in the Literacy Curriculum
- CIRG 622 The Use of Technology for Literacy Instruction
- CIRG 637 Literacy Assessment
- A series of performance assessments completed as candidates move through the program.
- PRAXIS II - 201/202

**+Family Literacy (12 hours)**

**Admission Requirements**

A relevant undergraduate degree, as determined by the Reading Education program, from a regionally accredited college or university is needed for admission to the program.

**Program Requirements**

- CIRG 653 Literacy Acquisition
- CIRG 651 Principles of Family Literacy
- CIRG 652 Implementing and Evaluating a Family Literacy Program
- CI 634 Language and Cognition in Early Childhood

**PROFESSIONAL DEVELOPMENT STUDENTS**

A student who holds a master’s degree in education and seeks a Reading Specialist endorsement to the teaching certification completes 24 credit hours within the Reading program. Students should contact the Reading Education program area for information.

**SCHOOL PSYCHOLOGY, Ed.S.**

**Program Description**

The Ed.S. program in School Psychology is designed to prepare students to meet the Department of Education requirements for certification in West Virginia and other states. The program, which is approved by the National Association of School Psychologists (NASP), consists of 75 hours of required coursework and field experiences. Students who possess graduate degrees in psychology or education are encouraged to apply and enter with advanced standing. The program faculty will review such students’ transcripts and determine the extent of credit to be awarded for previous coursework.
Admission Requirements

Admission is competitive because of the limited number of available internships. Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

In addition, applicants must submit all materials to Graduate Admissions:

- have a minimum undergraduate and/or graduate GPA of 3.0.
- must obtain GRE (General Test) scores of no lower than 400 on either the Verbal or Quantitative sections, or a minimum total of 900 on those two sections. As an alternative to the GRE, students may take the Miller Analogies Test. On this test, students must achieve a scaled score of at least 400 (raw score of 40).
- must submit a sample of their professional writing (a scholarly paper on any subject) and a statement of their professional goals (1000 words or fewer).

Creating a diverse student body is a priority and minority applicants are encouraged to apply. Graduate assistantships are available. Students can be accepted into the school psychology program throughout the school year; however, school psychology competency classes begin in the fall semester of each academic year.

Program Requirements

Students are expected to have previous coursework in abnormal psychology, tests & measurements, and statistics. Any prerequisite courses must be completed prior to fall enrollment. In addition, each student is required to have a school psychologist mentor (a practicing school psychologist who has volunteered to serve as a mentor for a school psychology graduate student in his or her geographic area) and an adopting school (the adoptive school is a public school that has agreed to serve as a “home” for the student during his or her years in the program as he or she becomes socialized to the role of school psychologist) at the time of admission. Program faculty will help potential students connect with potential mentors in their own areas if needed.

Students are admitted to the Ed.S. program with the expectation that they will complete the program within three to five years, depending on the number of classes in which they enroll each semester. Students are expected to enroll in all three semesters. Failure to make the expected amount of progress may result in reassignment to another internship year.

During the first year, each student is required to complete seven courses in the core competencies of school psychology. The final year begins with the summer semester preceding internship in which the student takes the final practicum and completes the thesis requirement. The student then completes the 1200 hour (12 credit hours) internship that is required for certification in school psychology. The internship requires a commitment to a school system for a full academic year. A maximum of 18 students will be admitted to this final-year experience.

The program consists of 63 hours of coursework followed by a year-long internship earning 12 hours of graduate credit. This paid internship must occur within a school setting and meet stringent criteria specified by the program and the National Association of School Psychologists. In addition, students must complete a thesis or program evaluation and earn a passing score on Praxis II Specialty Area Test in School Psychology before graduation.

Take Praxis II Specialty Examination in School Psychology

Total of 75 hours required

SPECIAL EDUCATION, M.A.
Areas of Emphasis
  Autism
  Deaf and Hard of Hearing (South Charleston)
  Gifted (Huntington)
  Multi-Categorical Special Education (South Charleston and Huntington)
  Preschool Special Education (Huntington)
  Teaching Visually Impaired (South Charleston)

Admission Requirements for Special Education M.A.

  All Applicants (including those seeking admission as professional development (certification only), should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

  Applicants must:
  •  Have an undergraduate Grade Point Average (GPA) of 2.50 or higher on a 4.0 scale for all previously completed undergraduate university work.
  •  Meet one of the following two requirements:
    •  A total of 800 on the verbal and quantitative sections of the Graduate Record Examinations (GRE) or
    •  A raw score of at least 30 or a scaled score of 378 on the Miller Analogies Test (MAT)

Program Requirements for Special Education M.A.

A master’s degree may be earned with a specialization in any of the Areas of Emphasis listed below. Students without a background in education must acquire certification in regular education prior to endorsement in Special Education, or they can enter the Alternative Certification Program (see Section 6 under Program of Study). The Preschool Special Education endorsement is exempt from this requirement.

Plan of Study

A Plan of Study approved by the student’s advisor must be submitted for approval to the Graduate College Dean before the student registers for his or her 12th semester hour. The Plan of Study is a student’s “blueprint” for completing graduation requirements.

Program of Study - M.A. in Special Education

1.  Master's Degree Requirements (Preschool Special Education, see #5)

   CISP 611 and CISP 615 ........................................................................................................ 6 hrs.
   CISP 627 or CISP 629 ........................................................................................................... 3 hrs.

2.  Special Education Core:

   CISP 520, CIEC 534, CISP 606, CISP 607, CIRG 644, CISP 626
   (CIEC 534, CIRG 644, CISP 606, and CISP 607 are not required for the degree in gifted) .................................................................................................................. 18 hrs.

(continued)
3. Certification Area (select one)
   Autism CISP 527, 662, 664
   Behavioral Disorders CISP 645, 649
   Deaf and Hard of Hearing (special education core not required) CIDH 501, 502, 504, 505, 506, 601, 602, 607, CISP 607, CIEC 534
   Mentally Impaired 553, 651
   Specific Learning Disabilities CISP 523, 646, 647
   Gifted CISP 526, 601, 602, 603
   Vision Impaired (special education core not required) CIVI 500, 501, 502, 503, 504, 600, 601, 602, 603, CIEC 534
   Multicategorical CISP 553, 647, 645, 655
4. Electives............................................................................................................................... 0 - 9 hrs.
   Total hours.................................................................................................................. 36-39 hrs.
5. Preschool Special Education
   General Education: EDF 621 or 625 and CISP 627 or 629........................................ 6 hrs.
   Early Childhood Education: CI 632 and 634 .............................................................. 6 hrs.
   Special Education: CISP 520, 529, 554, 661, 663, 665, 666, 674.................................. 27 hrs.
   Due to the nature of a student’s undergraduate program the total required in Preschool Special Education may only be 36.
   Total hours for Preschool Special Education ......................................................... 36 - 39 hrs.
6. Alternative Certification Program
   The Alternative Certification Program is designed to allow candidates from non-education backgrounds to obtain West Virginia teacher licensure in Specific Learning Disabilities, Mental Impairments, Visual Impairments, Behavior Disorders, Multicategorical, and Autism at the 5-Adult level. The alternative program does not include a general education teaching endorsement.
   Students must meet all Special Education Program admission requirements. In addition to the general Special Education Admission requirements, applicants must pass the Praxis I (Pre-Professional Skills Test) in Reading, Mathematics, and Writing within their first twelve hours of coursework. The Praxis I requirement is waived for applicants with an enhanced ACT score of 26 or higher, a re-centered SAT score of 1125 or higher or if the applicant holds a master’s degree.
   Current West Virginia Department of Education initial certification requirements also require a minimum overall GPA of 2.5, as well as a 2.5 GPA in the content specialization area. Candidates in the Alternative Certification program must also meet the WVDE Praxis II testing requirements including the Principles of Learning and Teaching (PLT) test at the 5-9 or 7-12 levels.
   In addition to the Special Education Core and Certification Area course requirements, students in the Alternative Certification program must complete EDF 619 and EDF 616 for certification. Additional master’s degree requirements are the same as for all other Special Education master’s degree programs.

Additional Certification Requirements
   All Special Education majors must pass the Praxis II Test in the area(s) in which they seek endorsement. The Special Education Content Specialization Test is taken at or near the end of the certification coursework in Special Education. Students should contact the Special Education Program Area for additional information about these tests.

Special Note
   The reauthorization of the Individuals with Disabilities Education Act (IDEA) has strengthened the requirements in the definition of “highly qualified” for special education teachers if they provide direct instruction in core academic subject areas (English, mathematics, science, etc.). Applicants’ transcripts and teacher licenses will be analyzed upon admission to determine what, if any, additional coursework may be required to meet the federal requirements.
TEACHING, M.A.T.
Post-Baccalaureate Teacher Certificate

Program Description: Master of Arts in Teaching

The Master of Arts in Teaching (M.A.T.) degree program is an alternative means for college graduates with degrees in liberal arts, fine arts, business, and professional fields to attain teacher certification. The program provides the professional education courses and clinical experiences, including student teaching, necessary to prepare individuals for teaching a specific content area in grades PreK-Adult, 5-Adult or 9-Adult. Program completion results in the awarding of a Master of Arts in Teaching degree. Recommendation for certification typically takes place at the same time, unless there are West Virginia Department of Education requirements still pending. Please note that the M.A.T. program does not offer certification in Elementary Education or Special Education.

Admission and Program Requirements: Master of Arts in Teaching

Candidates must request a transcript analysis through a certification officer either in Huntington or South Charleston. An unofficial copy of the transcript may be used for the analysis. The analysis will identify the courses that can be used to meet content licensure requirements and the list of additional courses needed. Candidates must have at least 50% of the required content courses.

1. Candidates deciding to apply to the program after reviewing the transcript analysis should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp. Please note that all admissions documents must be submitted to Graduate Admissions before an applicant will be considered for admission.

2. In addition to university admission requirements, applicants must have an undergraduate Grade Point Average (GPA) of 2.70 or higher on a 4.0 scale for all previously completed undergraduate coursework and a GPA of 2.70 in the content area, must meet the Praxis I, Pre-Professional Skills Test (PPST) requirement, must submit Graduate Record (GRE) or Miller Analogies Test (MAT) scores with a required minimum total score of 800 on the GRE (verbal and quantitative sections) or a minimum score of 387 on the MAT.

3. An applicant may qualify for an exemption of the Praxis I if he or she has an enhanced ACT score of 26 or higher, a re-centered SAT score of 1125 or higher, or a master’s degree or higher.

4. Applicants must take and pass all three subtests (reading, writing and math) of the Praxis I prior to being admitted to the PBC program. The required Praxis I scores are Reading = 174, Writing =172, and Math = 172.

5. Students may enroll in graduate courses only after they have been fully admitted to the university and the MAT program. All students must maintain a cumulative Grade Point Average of 3.0.

6. A Plan of Study approved by the student’s advisor must be submitted for approval to the Graduate College Dean before the student registers for his or her 12th semester hour. The Plan of Study is a student’s “blueprint” for completing graduation requirements.

7. In the last semester of the program students will be enrolled in EDF 677, MAT Level III Clinical Experience, a 15 week, full-time student teaching experience under the direct supervision of a certified teacher(s). Prerequisites for student teaching include the following: 3.0 GPA in all graduate MAT courses; completion of at least 90% of content courses (100% recommended); completion of EDF 537 and EDF 637, Level I and II Clinical Experiences; completion of all MAT coursework and the Praxis II content test(s)

8. Candidates must apply to take and pass the comprehensive examination prior to the completion of student teaching and graduation.

9. Before a candidate may apply for certification/licensure, he or she must take and pass the PRAXIS II, Principles of Learning and Teaching (PLT) Grades 7-12. The PLT may be taken during or following the final semester in the MAT program.

10. Upon completion of the MAT program and all testing requirements, the student should apply for licensure. The teaching license is awarded by the West Virginia Department of Education; however, the candidate must be recommended for licensure by the institution.

   - EDF or CI Elective ..................................................................................3  
   - *EDF 677, Clinical III - Student Teaching ..............................................3

In addition to the above courses, students must also complete all courses in their teaching specialization.

**TOTAL** ............................................................................................................. 39 Hours

*Requires minimum of 90% completion of content courses and passing score on Praxis II content exam.

**Post-Baccalaureate Teacher Certificate Program**

In West Virginia the license to teach is granted by the West Virginia Department of Education and is typically issued upon the completion of a four-year undergraduate program of study that included content and professional education courses. The Post-Baccalaureate Teacher Certificate (PBC) program offers an accelerated route to teacher certification for persons who already have undergraduate degrees in content areas such as chemistry, music, French, and other liberal and fine arts, business or professional fields. Using the previously completed content courses as a foundation, this program provides the required professional education courses at the graduate level. Additional undergraduate classes may be needed in the content area.

Upon successful completion of the PBC program, all content courses, and testing requirements, the candidate earns a recommendation to the West Virginia Department of Education for a teaching certificate at the secondary level and is eligible to apply for a certificate from the university. The PBC does not include Elementary Education or Special Education certification.

(continued)
Admission to PBC and Licensure Requirements

1. Candidates must request a transcript analysis through a certification officer either in Huntington or South Charleston. An unofficial copy of the transcript may be used for the analysis. The analysis will identify the courses that can be used to meet content licensure requirements and the list of additional courses needed. Candidates must have at least 90% of the required content courses.

2. Candidates deciding to apply to the program after reviewing the transcript analysis should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp. Students should apply as Certificate/Professional Development students and select the Post-Baccalaureate Teacher Certificate on the admissions form. Please note that all admissions documents must be submitted to Graduate Admissions before an applicant will be considered for admission.

3. In addition to university admissions requirements, applicants must have an overall undergraduate GPA of 2.70 and a GPA of 2.70 in the content area, and must meet the Praxis I, Pre-Professional Skills Test (PPST) requirement.

4. An applicant may qualify for an exemption of the PPST if he or she has an enhanced ACT score of 26 or higher, a re-centered SAT score of 1125 or higher, or a master’s degree or higher.

5. Applicants must take and pass all three subtests (reading, writing and math) of the PPST prior to being admitted to the PBC program. The required PPST scores are Reading = 174, Writing = 172, and Math = 172.

6. Students may enroll in graduate courses only after they have been fully admitted to the PBC program. All students must maintain a cumulative Grade Point Average of 3.0.

7. In the last semester of the program students will be enrolled in EDF 677, MAT Level III Clinical Experience, a 15 week, full-time student teaching experience under the direct supervision of a certified teacher(s). Prerequisites for student teaching include the following: 3.0 GPA in all graduate PBC courses; completion of at least 90% of content courses (100% recommended); completion of EDF 537 and EDF 637, Level I and II Clinical Experiences; completion of all PBC coursework and the Praxis II content test(s).

8. Before a candidate may apply for certification/licensure, he or she must take and pass the PRAXIS II, Principles of Learning and Teaching (PLT) Grades 7-12. The PLT may be taken during or following the final semester in the PBC program.

9. Upon completion of the PBC program and all testing requirements, the student should apply for licensure. The teaching license is awarded by the West Virginia Department of Education; however, the candidate must be recommended for licensure by the institution.

Program Requirements

Foundations of Education ................................................................. 6 hours
EDF 619 or EDF 616 ................................................................. 3 hours
EDF 537 ........................................................................................................ 0 hours
EDF 612 or EDF 535 ................................................................. 3 hours

Curriculum and Instruction ................................................................. 12 Hours
CISP 510 ........................................................................................................ 3 hours
CISP 521 ........................................................................................................ 3 hours
CIRG 644 ........................................................................................................ 3 hours
CI 515 or Specialized Methods Course ................................................... 3 hours
EDF 637 ........................................................................................................ 0 hours

Technology .......................................................................................... 3 Hours
CIEC 530 or CIEC 534 or CIEC 600 or CIEC 660

Supervised Student Teaching ................................................................. 3 Hours
EDF 677

Total ........................................................................................................ 24 Hours

Eligibility for Student Teaching: Students must successfully complete the courses listed above, the appropriate Praxis II content knowledge test(s), and have 90% of their content requirements completed prior to enrolling for supervised student teaching.

Eligibility for Licensure: Students must meet content requirements, professional education requirements, and testing requirements. Testing requirements include the appropriate Praxis II content knowledge test(s), and the Principles of
Learning and Teaching. Students who apply for licensure from the West Virginia Department of Education are required to submit to the department a fingerprint card for federal and state background checks.

**Certification Options:**
- Art Education, grades PreK-Adult
- Athletic Training, grades 5-Adult (must be taken with another certification area)
- Biological Science, grades 9-Adult
- Business Education, grades 5-Adult
- Chemistry, grades 9-Adult
- English, grades 5-Adult
- Family and Consumer Science, grades 5-Adult
- French, grades 5-Adult
- General Science, grades 5-Adult
- Health, grades 5-Adult (must be taken with another certification area)
- Journalism, grades 9-Adult (must be taken with another certification area)
- Latin, grades 5-Adult (must be taken with another certification area)
- Marketing Education, grades 9-Adult
- Mathematics, grades 5-Adult
- Music, grades PreK-Adult
- Oral Communications, grades 5-Adult (must be taken with another certification area)
- Physics, grades 9-Adult
- Physical Education, grades PreK-Adult
- Social Studies, grades 5-Adult
- Spanish, grades 5-Adult
ART, M.A.
(The Art Education Area of Emphasis is currently not accepting applications).

The Department of Art and Design offers the M.A. in Art with a 36-hour concentration in studio art with options in the following areas of study: ceramics, sculpture, graphic design, painting, photography, printmaking, or fibers.

Admission Requirements

Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

In addition, applicants must submit to Graduate Admissions:

1. GRE scores.
2. A portfolio with twenty representative examples of the applicant’s artwork that includes a digital archive with a numbered image sheet listing work title, medium, and size.
3. A writing sample consisting of an artist’s statement of 500-700 words.
4. Letter of application addressed to the department chair.
5. Three letters of reference in sealed and signed envelopes.

Applicants whose transcripts, portfolio, or writing samples indicate lack of adequate preparation for graduate study in Art and Design are required to do preliminary coursework to address the deficiencies.

Applicant’s portfolio and writing sample

Faculty members in the studio concentration will review the applicant’s portfolio and submit a letter of recommendation to the graduate committee. The graduate committee will decide whether to accept the student based on its review of the portfolio, writing sample, and transcripts.

Courses Prerequisite to Graduate Study in Art and Design for those not completing a Bachelor’s in Art

One year of developmental undergraduate courses for those lacking undergraduate degrees in art who wish to pursue graduate study in art will consist of a minimum of:

• A minimum of two courses from the following studio courses (selected in consultation with the graduate advisor):
  ART 214, 215, 217, 218, 219, 406 or 418 and,
• Art History 201 and 202
• Two courses in proposed area of studio concentration.

These courses will not be converted or substituted for graduate credit.

Prospective students who have completed comparable courses as undergraduates may substitute that work for some of these requirements in consultation with the chair or graduate coordinator.

At completion of the minimum of 18 hours of coursework, a portfolio and writing sample must be submitted to the graduate committee for review.

Graduate Assistantships

An applicant who wishes to be considered for an assistantship should contact the Department of Art and Design office, obtain the appropriate form, and schedule an interview with the department chair.

Program Requirements

General Requirements

• Each student will have a committee for the purposes of advising and reading the comprehensive examination. The student will select two faculty members plus the graduate coordinator or chair of the Department of Art and Design.
• All students are required to complete three semesters of ART 500, Co-Curricular Experiences.
• A Plan of Study approved by the student’s advisor must be submitted for approval to the Graduate College Dean before the student registers for his or her 12th semester hour. The Plan of Study is a student’s “blueprint” for completing graduation requirements.

• All students in studio areas are required to undergo a review of their artwork after completing 9 hours of work. Students must pass this review before registering for additional studio courses. All students in studio areas are additionally required to undergo an 18-hour review. Dates for both the 9-hour and 18-hour reviews are posted every semester in the Art and Design office.

• Transfer students must complete a minimum of 30 hours toward the degree in courses in the Marshall University Department of Art and Design.

• All students seeking an M.A. degree in art must pass a written comprehensive examination prior to graduation.

• All students in studio concentrations are required to exhibit art and design work completed at Marshall University, in the Birke Art Gallery, prior to graduation.

• Art and design majors may not take Art 507 as an art history credit toward their graduate degrees

**Studio Art Concentration**

The degree of Master of Arts in Art, with a concentration in Studio Art, requires a minimum of thirty-six credit hours. General Graduate College admission requirements must be fulfilled. It is suggested that applicants contact a studio faculty member in the area of concentration they wish to pursue if they have questions about the program. An exhibition of completed artwork is required.

Minimum Course Requirements ................................................................................................................................... 36 hours

- Studio area ........................................................................................................................................... 18-21 hours
- Art History ............................................................................................................................................... 6-9 hours
- Seminar (ART 670) ................................................................................................................................. 3 hours
- Electives in courses selected in consultation with advisor ................................................. 6-9 hours

**MUSIC, M.A.**

**Areas of Emphasis:**
- Music Composition
- Music Education
- Music History/Literature
- Music Performance

**Program Description**

The mission of the Department of Music is to prepare students for careers in performance, education, and other music-related fields who will make a positive impact on their artistic discipline and on schools and communities. Additionally, the Department will provide enriching experiences for those who will continue their musical activities as an avocation; and to cultivate within the region an increased awareness of the educational, cultural, and aesthetic aspects of music. In fulfilling its mission, the department is committed to the following goals:

- To provide a nurturing environment for musical, academic and personal growth;
- To educate students to think critically, work creatively, communicate effectively, and become technologically literate;
- To function as a visible, responsible and responsive student-centered department dedicated to academic excellence;
- To maintain a faculty of musicians/teachers who, through dedication to excellence, sound pedagogy and effective communication skills, present models that inspire students to achieve their full potential;
- To meet educational, research, and service needs of the region through collaboration with academic and technical institutions, businesses, government agencies, and cultural organizations;
- To contribute to the cultural life of the university and community by providing concerts, recitals, festivals, joint musical ventures and other services;
- To provide leadership within the university and the region in all matters pertaining to music.

The Department of Music offers the following areas of emphasis within the Master of Arts degree: Music Education, Applied Music Performance, Music History and Literature, and Music Composition. Programs require 32 to 36 hours (thesis or non-thesis options).

*(continued)*
Admission Requirements
Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.
In addition, applicants must:
• Have a bachelor’s degree from an accredited institution with a major in music or the equivalent.
• Submit an application to the Department of Music at www.marshall.edu/cosa/music/documents/Graduate_Application.pdf
• Have an interview with the Department Chair, Graduate Coordinator, and other graduate faculty.
• Have an audition on the major instrument (Performance) or a portfolio of previous academic work and/or professional work (Composition, Music Education, Music History).

Potential graduate students should contact the Department of Music Graduate Coordinator for more specific information.

Placement Examinations
Students in all graduate music degree areas of emphasis must complete a placement examination in music theory and piano prior to the end of the first semester of study. Preparatory classes are available for students needing assistance. Any hours attained in these classes (graduate class piano and graduate theory review) do not count toward degree completion.

Comprehensive Examinations/Applied Study
All graduate students, regardless of area of emphasis, must complete both written and oral comprehensive examinations. Requirements for performance levels in applied music can be found in the Department of Music Handbook.

Thesis Option
Students may choose the thesis or non-thesis option in select areas of emphasis. The thesis may take the form of a written report, graduate recital, and/or a musical composition as determined by one’s graduate committee. Ordinarily, no more than 3-4 hours may be earned through work on a thesis.

Ensemble Participation
As recommended by their major advisors, all full-time graduate students may be required to participate in a music ensemble during the regular academic year. Credit will be awarded up to the amount listed in each degree program.

Degree Requirements
A Plan of Study approved by the student’s advisor must be submitted for approval to the Graduate College Dean before the student registers for his or her 12th semester hour. The Plan of Study is a student’s “blueprint” for completing graduation requirements.

Master of Arts with Emphasis in Music Education – Thesis Option (32 credits)
Required Courses: (18 credits)
MUS 622, Styles and Analysis (3)
MUS 610, History and Philosophy of Music Education (3)
MUS 611, Music Psychology and Learning Theory (3)
MUS 616, Curriculum and Administration (3)
MUS 621, Music Research Methods (3)
MUS 681, Thesis (3)

Specialization (8-10 credits)
MUS 511, Introduction to Orff (3)
MUS 615, Advanced Marching Band Techniques (3)
MUS 620A, Instrumental Techniques and Materials (3)
MUS 630A, Instrumental Conducting (2)
MUS 630B, Instrumental Conducting (2)
MUS 604D, Choral Literature (2)
MUS 619A, Vocal Pedagogy (2)
MUS 620B, Choral Techniques and Materials (3)
MUS 629A, Choral Conducting (2)
MUS 629B, Choral Conducting (2)
MUS 670, Current Trends in Music Education (PreK-5) (3)
MUS 675, Music in Early Childhood (Birth to Age 5) (3)
Electives (2-6 credits) to be selected from:
- Graduate Music Courses
- 1-4 credits in Applied Music
- 1-2 credits in ensembles
- Graduate COEHS courses

Master of Arts with Emphasis in Music Education – Non-Thesis Option (36 credits)

Required Courses: (15 credits)
- MUS 622, Styles and Analysis (3)
- MUS 610, History and Philosophy of Music Education (3)
- MUS 611, Music Psychology and Learning Theory (3)
- MUS 616, Curriculum and Administration (3)
- MUS 621, Music Research Methods (3)

Specialization (12-20 credits)
- MUS 511, Introduction to Orff (3)
- MUS 615, Advanced Marching Band Techniques (3)
- MUS 620A, Instrumental Techniques and Materials (3)
- MUS 630A, Instrumental Conducting (2)
- MUS 630B, Instrumental Conducting (2)
- MUS 604D, Choral Literature (2)
- MUS 619A, Vocal Pedagogy (2)
- MUS 620B, Choral Techniques and Materials (3)
- MUS 629A, Choral Conducting (2)
- MUS 629B, Choral Conducting (2)
- MUS 670, Current Trends in Music Education (PreK-5) (3)
- MUS 675, Music in Early Childhood (Birth to Age 5) (3)

Electives (1-9 credits)
- Graduate Music Courses
- 1-4 credits in Applied Music
- 1-2 credits in ensembles
- Graduate COEHS courses

Master of Arts with Emphasis in Music History/Literature – Thesis Option (32 credits)

Required Courses (26 credits)
- MUS 622, Styles and Analysis (3)
- MUS 612, Projects and Problems in Music (2)
- MUS 621, Music Research Methods (3)
- MUS 640A, Music Theory (3)
- 4 Music History period courses (12 credits) to be chosen from: MUS 510, MUS 526, MUS 650,
  MUS 651, MUS 652, MUS 653, MUS 654, MUS 655
- MUS 681, Thesis (3)

Electives (6 credits)
- Graduate Music Courses
- 1-4 credits in Applied Music
- 1-2 credits in ensembles

* Students without reading knowledge in German are encouraged to complete appropriate undergraduate courses.

Master of Arts with Emphasis in Music History/Literature – Non-Thesis Option (36 credits)

Required Courses (23 credits)
- MUS 622, Styles and Analysis (3)
- MUS 612, Projects and Problems in Music (2)
- MUS 621, Music Research Methods (3)
- MUS 640A, Music Theory (3)
- 4 Music History period courses (12 credits) to be chosen from: MUS 510, MUS 526, MUS 650,
  MUS 651, MUS 652, MUS 653, MUS 654, MUS 655

Music Electives (7 credits)
- Graduate Music Courses
- 1-4 credits in Applied Music
- 1-2 credits in ensembles

(continued)
Non-Music Electives (6 credits)
May be chosen in consultation with advisor from the following areas: Art, Classics, English, Humanities, Languages, Philosophy, Religious Studies, Sociology, Theater

* Students without reading knowledge in German are encouraged to complete appropriate undergraduate courses.

Master of Arts with Emphasis in Music Performance (32 credits)

Required Courses (25 credits)
- MUS 622, Styles and Analysis (3)
- MUS 621, Music Research Methods (3)
- MUS 640A, Music Theory (3)
- Applied Music (8)
- MUS 604, Literature Courses in Principal Applied Area (2)
- Graduate History Course (3)
- MUS 681, Thesis–Recital (3)

Instrumental Track Electives (7 credits)
- Graduate Music Courses
- 1-2 Graduate Ensemble Courses

Vocal Track Electives (7 credits)
- MUS 619A, Vocal Pedagogy (2)
- 2 Graduate Ensemble Credits
- Graduate Music Courses

*Voice performance majors with fewer than 2 semesters study of French, German, or Italian must complete 2 semesters of undergraduate study in one of those languages.

** Students must follow departmental policies in preparing and presenting the graduate performance recital.

Master of Arts with an Emphasis in Music Composition (32 credits)

Required Courses (28 credits)
- MUS 532, Electronic Music (2)
- MUS 622, Styles and Analysis (3)
- MUS 621, Music Research Methods (3)
- MUS 640A, Music Theory (3)
- MUS 641, Counterpoint (3)
- MUS 655, Music Since 1900 (3)
- MUS 645, Composition (8)
- MUS 681, Thesis–Recital (3)

Electives (4 credits)
- MUS 640B, Music Theory (3)
- MUS 646, Choral Arranging (3)
- MUS 647, Instrumental Arranging (3)
- MUS 648, Orchestration (3)
- MUS 649, Advanced Jazz Arranging (3)
- Additional courses from applied, history, theory, technology
- 1-4 credits in Applied Music
- 1-2 credits in ensembles

* Students must follow departmental policies in preparing and presenting the graduate performance recital.
COMMUNICATION DISORDERS, M.S.

Program Description

The graduate program of the Department of Communication Disorders is accredited by the Council on Academic Accreditation (CAA) of the American Speech-Language-Hearing Association. The Department of Communication Disorders offers an M.S. degree. Communication Disorders majors at the graduate level follow a prescribed program leading to eligibility for national certification in Speech-Language Pathology by the American Speech-Language-Hearing Association and West Virginia licensure. Students wishing to be eligible for West Virginia certification as public school speech-language pathologists must also meet the requirements for such certification.

Admission Requirements

Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

In addition, applicants must also meet these requirements and provide this documentation to the Office of Graduate Admissions by February 1.

1. An undergraduate major or the equivalent in Communication Disorders is required. Students with deficits in undergraduate coursework or those wishing public school certification may need to complete additional requirements after admission.

2. An overall and communication disorders Grade Point Average of at least 3.0 is required for full-time admission.

3. GRE Scores.

4. Students with undergraduate degrees from institutions other than Marshall University must submit three letters of recommendation (written on appropriate letterhead) from individuals who can comment on their academic and clinical performance and potential. All letters must be submitted to the Communication Disorders Department with the program application, and must be submitted in sealed envelopes with the recommender’s signature across the flap. At least one letter must be from one of the applicant’s classroom instructors in communication disorders. Additionally, if the undergraduate program included a clinical practicum, at least one letter must be from a clinical supervisor.

5. Students with undergraduate degrees from Marshall University must submit the names of three faculty who will serve as references.

A separate application form for the Graduate Program in Communication Disorders (available from the Communication Disorders department) must be submitted to the department by the specified deadline.

The program admits students once per year. Generally, more students apply than can be accepted; therefore, the selection process is competitive. All completed applications are reviewed in the spring after the specified deadline for submission. Students who are accepted into the program may elect to begin in the next summer, fall, or the following spring semester. Students admitted to the program who fail to enroll in the selected semester, as well as students already in the program who fail to enroll for a semester without prior permission from their academic advisor, are considered withdrawn from the program and not eligible for future enrollment. NOTE: Applicants who are accepted for the graduate program will be simultaneously admitted as students in the Graduate College.

Program Requirements

A minimum of 33 graduate credit hours of academic coursework without the thesis (or 30 hours with the thesis) is required in addition to clinical practicum. All practicum necessary to complete certification requirements must be completed prior to graduation. Minimum practicum requirements include 9 graded academic hours plus 6 CR/NC hours (excluding CD 672/673). Students who apply for clinical practicum assignments are expected to fulfill the responsibilities of these assignments for the full semester. Students who fail to do so may not be assured of future assignments.

The student and advisor will develop a Plan of Study or blueprint for graduation requirements. The Plan of Study must be on file in the Graduate College office before the student registers for the 12th semester hour.

The Speech-Language Pathology specialty area exam of the ETS Praxis Series (NESPA) serves as the comprehensive examination required for all students. A score of 620 or better is considered passing. In addition to the comprehensive examination, a candidate who writes a thesis will be required to pass an oral examination on the thesis.

Students should consult the department chair, their Communication Disorders academic advisor, and the clinic handbook regarding all academic and clinical requirements and standards specific to the program.
Dietetics, M.S.
Dietetics Internship Certificate

Program Description
The mission of the Master of Science degree program is to prepare graduates to practice in advanced level professional positions in the fields of clinical nutrition, community nutrition, and/or food and nutrition management. The program offers a unique opportunity to dietetics professionals in southern West Virginia. It is open to persons who have completed a bachelor’s degree in dietetics at a regionally accredited institution and have been admitted to the dietetic internship certificate program or are currently a Registered Dietitian.

Admission Requirements
Prospective students who wish to apply for admission to the master’s degree program must meet the admission requirements for the internship, which are available at www.marshall.edu/cohp/portal/Main/index.asp?w=pages&r=0&pid=41&sid=3.

Upon successful completion of the internship certificate program, students will submit an additional application requesting full admission to the master’s program.

Any other prospective students must currently hold the status of Registered Dietitian through the Commission on Dietetic Registration. Admission of these students will be handled on a case-by-case basis by the department. They should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

Program Requirements
Students presently enrolled in or who have completed the internship certificate program, which consists of seven courses, accumulate 21 graduate credits, which provide the basis for the master’s degree. The degree consists of a total of 36 graduate credit hours.

The student and advisor will develop a Plan of Study or blueprint for graduation requirements. The Plan of Study must be on file in the Graduate College office before the student registers for the 12th semester hour.

• In addition to the internship certificate requirements, students pursuing a master’s degree choose from one of three concentration areas: clinical nutrition, community nutrition, or food/nutrition management.
• Course requirements can vary and must be approved by the student’s advisor.
• Students are provided with an option to complete a thesis and six additional hours of coursework in the chosen area of concentration. Those choosing a thesis option will be required to defend the thesis orally.
• Students choosing a non-thesis option will be required to complete an additional 15 hours of coursework in the chosen concentration and to sit for a written comprehensive examination in their final semester.
• To successfully complete the program, students will be required to maintain a GPA of 3.0 or higher and receive a score of satisfactory or better on all preceptor evaluations, when applicable.

For specific course requirements, prospective students should consult the department chair for further details.

Dietetic Internship Certificate
A post-baccalaureate certificate program to qualify to take the registration exam to become a Registered Dietitian (RD) is available. Students who have an undergraduate major in dietetics may be selected to enroll in the Accredited Dietetic Internship Program to receive the supervised practice component required before taking the exam. Enrollment is by a selective, competitive process. The internship has been granted full accreditation by the American Dietetic Association, Commission on Accreditation for Dietetics Education, 120 South Riverside Plaza, Suite 2000, Chicago, IL 60606-6995, telephone 312-899-4876.

Detailed internship information is available at www.marshall.edu/cohp/portal/Main/index.asp?w=pages&r=0&pid=41&sid=3.

Health Informatics, M.S.
(This program will begin admitting students on a limited basis in Spring 2011.)

Program Mission and Description
The mission of the Master of Science in Health Informatics (MSHI) program is to provide students with high-quality education and training that will make them valuable employees in today’s data- and information-driven healthcare enterprises.
The program provides multidisciplinary education and training in the organizational, technical, and clinical/medical aspects of healthcare. The MSHI emphasizes the application of information systems and information systems management for medical research and clinical information technology support and the development of advanced imaging, database, and decision systems.

The program requires at least 4 semesters of coursework including a capstone, or practicum, experience. The total number of credits includes at least 33 post-baccalaureate hours of study. Because this graduate degree focuses both on didactic and clinical applications, the program is a combination of classroom and clinical application credits. Graduate level credits will be provided for supervised practicum. The program is an accepted entry level for accreditation in the health informatics field.

Admission Requirements

Applicants should follow the admissions process described in the Graduate Catalog, or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp. (Submit all materials to the Graduate Admissions Office.)

Students must have an undergraduate Grade Point Average (GPA) of 2.5 or higher on a 4.0 scale for all previously completed undergraduate university work.

Students may enter the program in three ways:
1. post bachelor’s degree from any regionally accredited university,
2. full admission post MS degree from any regionally accredited university, or,
3. accelerated master’s degree program, whereby a junior with exceptional standing may be admitted into the graduate program prior to completion of all undergraduate requirements.

Program Requirements 33 hrs.

NOTE: Students with no informatics background may be advised to take additional foundational informatics courses.

Students must take courses from 3 colleges:

College of Health Professions Courses
   HP605
   HP615
   HP650

Lewis College of Business Courses
   MIS 678
   HCA600
   HCA 656
   MIS 680

College of Information Technology and Engineering Courses
   IS 623
   EM 660
   IS 665
   TM664

NURSING, M.S.N.
Areas of Emphasis
   Family Nurse Practitioner
   Nursing Administration
   Nursing Education
   Nurse-Midwifer (collaborative program with Shenandoah University)
Graduate Certificates
   Family Nurse Practitioner (post master’s)
   Nursing Administration (post master’s)
   Nursing Education (post master’s)

Program Description

The purpose of the Master of Science in Nursing program is to prepare graduates for advanced practice nursing in a variety of practice settings, particularly in rural and/or underserved communities. The program also prepares nurses for
leadership roles in the administration of clinical services in a variety of community-based or acute care provider agencies.

Coursework in the Master of Science in Nursing program incorporates the classroom, laboratory, and clinical modes of instruction. All nursing students have experiences with rural and/or underserved populations as part of the state initiatives for primary health care. The Master of Science in Nursing program requires the completion of a minimum of 41 credit hours for the family nurse practitioner area of emphasis, 36 credit hours for the nursing administration and nursing education areas of emphasis, and 44 credit hours for the nurse-midwifery area of emphasis.

Certifications

Upon successful completion of the MSN-FNP program, and depending on area of emphasis, graduates are eligible to take the American Academy of Nurse Practitioners (AANP) Certification Examination for Adult and Family Nurse Practitioners and/or the American Nurses’ Credentialing Center (ANCC) Certification for Family Nurse Practitioners. Graduates of the MSN-NUR ADM program are eligible to take the ANCC Certification Examination for Nursing Administration or Nursing Administration Advanced, depending on their experience and stage of professional development. Graduates of the Nursing Education program are eligible to take the National League for Nursing Certified Nurse Educator Examination. Nurse-Midwifery graduates are eligible to take the American Midwife Certification Board Exam.

The MSN program purpose is achieved through three program components.

1. The core component (12 credits) focuses on knowledge and skills related to nursing theory, advanced nursing research, leadership, and health care issues.

2. The area of emphasis component (18 to 32 credits) allows the student to specialize in a particular area. The family nurse practitioner area of emphasis (29 credits) provides students with the opportunity to develop competency as a family nurse practitioner. The nursing administration area of emphasis (24 credits) provides students with the opportunity to acquire knowledge and skills necessary to administer/manage rural/underserved primary care agencies, home health care, and other health care agencies or units. The Nursing Education area of emphasis (21 credits) gives the student the opportunity to gain the knowledge and skills necessary to be a nurse educator. The Nurse-Midwifery area of emphasis (32 credits) provides knowledge and skills to practice as a nurse-midwife.

3. The elective component (6 credits) allows students to choose one of four options: 1) thesis, 2) role development courses in teaching, or 3) elective courses related to the student’s area of interest, or 4) organizational dynamics or financial strategies in administration.

The MSN program must be completed in a period not to exceed 7 calendar years from the date of first class enrollment.

Accreditation

The Master of Science in Nursing program is accredited by the National League for Nursing Accrediting Commission, 3343 Peachtree Road NE, Suite 500, Atlanta, GA 30326; phone, 404-975-5000; fax, 404-975-5020; Web, www.nlnac.org. In addition, the NLNAC is a source for information regarding tuition, fees, and length of the program.

Admission Requirements

Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website: www.marshall.edu/graduate/admissionsrequirements.asp.

Students must also submit a separate application to the MSN program at www.marshall.edu/cohp/portal/Main/index.asp?w=pages&r=75&pid=106&sid=%204.

Deadline

Completed application by October 1 and April 1 of each year.

In addition:

The nursing program is available to a limited number of qualified applicants. Admission is determined on a competitive basis. To be eligible for regular admission to the program, applicants must meet the following admission requirements:

1. Baccalaureate degree with a major in nursing from an NLNAC- or CCNE-accredited program.
2. Baccalaureate degree with a major in nursing and a master’s degree in any field.
3. Undergraduate course credit for 3 semester hours of basic statistics with a grade of “C” or better.
4. Undergraduate course credit for 3 semester hours of basic research with a grade of “C” or better.
5. Evidence of a current unencumbered license as a registered nurse in a U.S. jurisdiction. Verification form is included in the MSN application package.
6. Scholastic achievement as evidenced by an overall undergraduate/graduate Grade Point Average and scores on the Graduate Record Examination as follows:
   - GPA of 3.25 or higher: GRE waived
   - GPA of 3.0-3.25: GRE of 800 (total of 2 subsets) and Analytical Writing Score of 3 or higher
   - GPA of 2.5-2.99: GRE of 1000 (total of 2 subsets) and Analytical Writing Score of 3 or higher

7. It is strongly recommended that all MSN students have two years of full-time nursing practice prior to application to the program. Those who do not meet this criterion will be considered on an individual basis.

8. Midwifery applicants must have an interview with Shenandoah University faculty prior to the application deadline.

   An applicant with a master’s in nursing is eligible to be admitted as a post-master’s student depending on space availability.

Program Requirements

The student and advisor will develop a Plan of Study or blueprint for graduation requirements. The Plan of Study must be on file in the Graduate College office before the student registers for the 12th semester hour.

Once the student has successfully completed his or her 25 credit hours at Marshall University, the student will transfer to Shenandoah University to obtain an additional 19 credit hours of classroom and clinical midwifery courses. The student will spend one week at the beginning of each semester at Shenandoah and then return to rural WV to be placed with a preceptor to obtain the clinical portion of the program. The student will continue to receive didactic material from Shenandoah midwifery faculty.

**Advanced Practice Midwifery Courses at Shenandoah University (19 credits)**

</tbody>
</table>

**TOTAL** 44

Upon successful completion of the 19 credit hours at Shenandoah, the student transfers these 19 hours to Marshall University. The student will receive an M.S.N. from Marshall University and a certificate in Nurse-Midwifery from Shenandoah University. The student is then eligible to take the Certified Nurse Midwifery Exam from the American Midwives Certification Board.

Deadlines for applications are April 1 and October 1 of each year.
Admission Requirements for Post Master's Certificates

Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

Students must also submit a separate application to the MSN program at http://www.marshall.edu/cohp/portal/Main/index.asp?u=pages&r=75&pid=106&sid=%204.

In addition: The Post Master’s Certificate program is available to a limited number of qualified applicants. Admission is determined on a competitive basis. Applicants must meet the following minimum requirements.

1. Master of Science in Nursing from an NLNAC- or CCNE-accredited program. Applicants who are graduates of programs outside the NLNAC jurisdiction will be evaluated on an individual basis.
2. Evidence of a current unencumbered license as a registered nurse in a U.S. jurisdiction.
   
   Verification form is included in the MSN application package.

POST MASTER'S CERTIFICATE IN FAMILY NURSE PRACTITIONER PROGRAM

The purpose of the Post Master’s Certificate in Family Nurse Practitioner program is to prepare nurses, who have a Master of Science in Nursing degree, as family nurse practitioners. The graduates of this program are eligible to take the American Nurses’ Credentialing Center Certification Examination for Family Nurse Practitioners and/or American Academy of Nurse Practitioners Certification Examination for Adult and Family Nurse Practitioners.

Course Requirements: Post Master’s Certificate in Family Nurse Practitioner Program

(continued)
POLICIES

Students in both the MSN and Post Master’s Certificate programs are governed by policies stated in the Marshall University Graduate College Catalog. Policies specific to the nursing programs are as follows:

Academic Policies

1. The College of Health Professions reserves the right to require withdrawal from nursing of any student whose health, academic record, clinical performance, or behavior in nursing is judged unsatisfactory.
2. No more than 6 hours of C may be applied toward the MSN degree.
3. Students may repeat one required course in which they have earned less than a C. (The original grade remains.)
4. Students whose Grade Point Average falls below 3.0 may not progress in nursing courses with a clinical component until a grade point average of 3.0 is attained, and only when space is available.
5. No more than 12 course hours may be accepted as transfer credit.
6. Students enrolled in the Post Master’s Certificate program must complete the program with a 3.0 Grade Point Average or better on a 4.0 scale.

Other Policies

1. Each student must submit a satisfactory health record prior to registering for his/her first nursing course with a clinical component.
2. Each student is required to have an annual PPD screening test for Tuberculosis. Documentation of a onetime two step TB test is also required.
3. Each student must show evidence of the following prior to registering for any nursing course with a clinical component: Current unencumbered professional nurse licensure in West Virginia, Ohio and/or Kentucky.
5. Students are responsible for own transportation to and from all clinical assignments.
6. Students are required to be in professional attire for all clinical practica and to wear a name pin. In addition, selected clinical agencies require a white lab coat.

For additional policies, see the Graduate Nursing Student Handbook.

SCHOOL OF KINESIOLOGY

Exercise Science, M.S.
Areas of Emphasis
   Athletic Training
   Clinical Applied: Cardiac Rehabilitation
   Exercise Physiology
   Integrative Physiology

Sport Administration, M.S.
Areas of Emphasis
   Recreation and Physical Activity
   Sport Management

Minor in Sport Studies

Program Description

The School of Kinesiology offers graduate degrees in Exercise Science (M.S.) and Sport Administration (M.S.). Each degree program has distinct areas of emphasis. The Exercise Science program has four areas of emphases: Athletic Training, Clinical Applied- Cardiac Rehabilitation, Exercise Physiology, and Integrative Physiology. The Sport Administration degree program offers two areas of emphasis: Sport Management; and Recreation and Physical Activity.

Both degree programs require from 32 to 39 hours and successful completion of an oral comprehensive examination or thesis defense. Thesis and non-thesis options are available.
Admission requirements are different for the two degree programs. A personal interview may be required. Provisional admission to a program is possible, and will be considered on an individual basis. (See definition of Provisional Admission in this catalog). All students applying to the Exercise Science, M.S. program must have successfully completed an undergraduate course in either exercise physiology or human physiology. Applicants lacking these courses may be provisionally admitted and must complete required undergraduate courses within the first 12 hours of graduate coursework. Additional biological science, chemistry, and physics courses are required for admission to the Integrative Physiology Area of Emphasis. Students are limited to twelve semester hours of transfer credit from other institutions, and limited to a maximum of nine semester hours taught at the 500-level.

Program Description-Exercise Science

The M.S. in Exercise Science prepares students for allied health and medical careers in the clinical, commercial, corporate, community, university, and medical settings. Options include an emphasis on leadership roles and skills that permit one to work with individuals on a client/patient continuum extending from the elite athlete to those with chronic disorder/disease to the cardiac transplantation patient as well as the in between – the recreational athlete and those simply wishing to stay healthy by living sensibly. Options include careers as clinicians in cardiopulmonary rehabilitation and diabetes management programs, as athletic trainers, as exercise physiologists, as well as preparation for other medical fields including physical therapy, pharmaceutical and pacemaker sales, as pharmacists, as physician assistants, as physicians, and for advanced degrees in related doctoral programs.

The course of study for the M.S. in Exercise Science degree is a two-year program with a 36-39-hour requirement.

Admission Requirements-Exercise Science

Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

In addition: (submit all materials directly to Graduate Admissions office)

- an undergraduate Grade Point Average (GPA) of 2.75 or higher on a 4.0 scale for all previously completed undergraduate university work;
- an appropriate undergraduate/graduate background;
- successful completion of an undergraduate course in either exercise physiology or human physiology; see requirements for Integrative Physiology above;
- Graduate Record Exam scores or MCAT scores;
- three letters of reference.

Program Requirements-Exercise Science

Athletic Training Area of Emphasis

The Athletic Training Area of Emphasis is designed to meet the needs of the clinical, high school, middle school, college, professional, industrial, and independent athletic trainer. The program is designed to build on existing knowledge and skills the student has acquired in the student’s respective undergraduate program. Elective courses can be chosen from the approved courses with approval of the student’s assigned academic advisor and/or can be determined by the academic advisor depending on the student’s background, needs, and/or weaknesses. The emphasis in athletic training can be accomplished by a thesis or non-thesis track. Successful completion of oral comprehensive exam/thesis defense is required for graduation. Six hours of the degree may be fulfilled with coursework outside the School of Kinesiology.

Athletic Training Area of Emphasis .................................................................36 Hours

Research: ESS 670 ............................................................................................3
Statistics: EDF 517 or equivalent ....................................................................3
Required: ESS 621, HS 579, ESS 601, ESS 687 ..............................................12
HS 540 or HS 640 ............................................................................................3
HS 548 or 646 .................................................................................................3.5
Restricted Electives (as approved by advisor) .....................................................6
Thesis (HS 681) or Internship (HS 660) ...............................................................6

Clinical Applied: Cardiac Rehabilitation Area of Emphasis

The Clinical Applied Area of Emphasis: Cardiac Rehabilitation focuses on health promotion, disease prevention, and rehabilitation in the clinical, corporate, commercial, community, and medical settings. The course of study has a strong science orientation. Research clearly shows that seventy percent (70%) of all premature death and chronic disability could be prevented with appropriate life-style changes. This includes sensible nutrition, exercise, smoke cessation, and related
behavioral changes. Such intervention and risk factor management can significantly reduce all-cause mortality and morbidity from cardiovascular disease, diabetes, osteoporosis, obesity, mental health disorders, and cancer. Our quality of life, as well, can be improved and our chances for longevity increased. Because of the awareness and the skyrocketing cost of contemporary treatment-oriented health care, our graduates are becoming major players in an alternative approach and paradigm shift in medicine emphasizing health promotion, disease prevention, and rehabilitation.

**Clinical Applied: Cardiac Rehabilitation Area of Emphasis ................................39 Hours**

- Physical Education: ESS 601, ESS 621, ESS 623, ESS 644, ESS 682, ESS 683, HCA 600 .............................................................. 21

**Integrative Physiology Area of Emphasis**

- Located in the School of Kinesiology (SOK) and the Division of Biological Sciences (BSC) and Robert C. Byrd Biotechnology Science Center/Laboratory of Molecular Physiology. The Integrative Physiology Area of Emphasis will prepare students to work as researchers in exercise physiology, physiology, the biotechnology industry and apply to doctoral programs (Ph.D./D.P.T./D.O./M.D.).

**Integrative Physiology Area of Emphasis: ........................................36 hours**

- Required: BSC 517, BSC 522, ESS 621, ESS 623, ESS 683, BSC 661, BSC 662 ........................................................................ 21
- Elective(s) .......................................................................................... 6
- Thesis .................................................................................................... 9

**Program Description—Sport Administration**

- The Sport Administration M.S. degree is a program in the School of Kinesiology with areas of emphasis in Sport Management or Recreation and Physical Activity. Graduates of this program are prepared to work in a variety of settings.

**Admission Requirements—Sport Administration**

- Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

  - For **Full Admission** (submit all materials directly to Graduate Admissions office):
    - an undergraduate Grade Point Average (GPA) of 3.0 or higher on a 4.0 scale for all previously completed undergraduate university work;
    - at least a 1000 combined score on verbal and quantitative reasoning and 4.5 on analytical writing of the GRE;
• a strong background in sport participation and/or sport administration.

A limited number of students may be admitted provisionally (see definition of Provisional Admission in this catalog):

• an undergraduate Grade Point Average (GPA) of 2.75 or higher on a 4.0 scale for all previously completed undergraduate university work;
• at least 800 combined score on verbal and quantitative reasoning and 4.0 on analytical writing of the GRE or at least 500 and 4.0 on analytical writing of the GMAT;
• meeting two of the three Full Admission requirements above and a strong background in sport participation and/or sport administration.

Program Requirements—Sport Administration

If the thesis option is selected, the student must complete 32 hours, of which six hours are for the thesis. The non-thesis option requires the completion of 36 hours. However, both options require the successful passing of an oral comprehensive examination or thesis defense. Programs illustrated below are the non-thesis option.

Sport Management Area of Emphasis .......................................................................................................................... 36 Hours

Minor in Sport Studies

Interested students should contact the director of the Sport Administration program.
ENGINEERING, M.S.
Areas of Emphasis

   Engineering Management
   Environmental Engineering
   Transportation and Infrastructure Engineering.

Program Description

The M.S. in Engineering (M.S.E.) program is an interdisciplinary engineering program designed to meet the specific needs of engineers employed in industry, government, and consulting. The program offers a broad core curriculum with opportunities for concentrated study in three areas of emphasis: Engineering Management, Environmental Engineering, and Transportation and Infrastructure Engineering. Students wishing to have two areas of emphasis must meet special requirements—see below under Students Wishing to Have Two Areas of Emphasis.

Admission Requirements

Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website: http://www.marshall.edu/graduate/admissionsrequirements.asp

   In addition:
   Each applicant for admission to the M.S. in Engineering program must have an undergraduate engineering degree from an ABET-accredited college or university, and must satisfy at least TWO of the following criteria:

   • Score at the mean or above on the verbal GRE
   • Score at the mean or above on the quantitative GRE
   • Score at the mean or above on the analytical GRE
   • Have an undergraduate GPA of 2.75 or above
   • Have passed the FE exam and/or the P.E. exam

   Also, international students must score at the mean or above on the TOEFL, and must have met all other admission criteria prior to registering for the first semester of courses.

Degree Requirements

Each degree candidate is required to complete at least 30 graduate credit hours, consisting of 9 credit hours of core courses plus 21 additional hours of required courses and electives in the applicable area of emphasis, with a cumulative Grade Point Average of 3.0 for the courses included in the student's Plan of Study. Each degree-seeking student must have an approved “Plan of Study,” developed with a faculty advisor, that must be filed before the student registers for the 12th credit hour. Please consult the Academic Regulations portion of the Graduate Catalog for other information.

The Engineering program culminates with the comprehensive graduate project. This project is not the traditional graduate thesis with a research orientation, but rather a real-life, industry-type project in which the student undertakes an assignment that requires synthesis of all of the coursework and its application to a typical problem from a relevant subject area.

Core Courses

   EM 660 Project Management ................................................................. 3 hrs.
   ENGR 610 Applied Statistics .................................................................... 3 hrs.
   TE 699 Comprehensive Project .............................................................. 3 hrs.

Requirements for Areas of Emphasis

   Engineering Management:

   EM 620 Management of Technical Human Resources and Organizations .......... 3 hrs.
   EM 668 Operations Management ............................................................ 3 hrs.
   EM 670 Seminar in Engineering Management ............................................ 3 hrs.
   EM 675 Engineering Economics (or TM equivalent) ...................................... 3 hrs.
EM 694 Engineering Law ................................................................. 3 hrs.
Two CITE elective courses approved in advance by the student’s advisor ........ 6 hrs.

_Environmental Engineering:_

ES 614 Environmental Risk Assessment ........................................ 3 hrs.
ENVE 681 Environmental Engineering Design .............................. 3 hrs.
ENVE 615 Environmental Chemistry ........................................... 3 hrs.
ES 660 Environmental Law I ....................................................... 3 hrs.
Three CITE elective courses approved in advance by the student’s advisor .... 9 hrs.

_Transportation and Infrastructure Engineering:_

Any two of the following: CE 612, 614, 616, or 618 ............................ 6 hrs.
Any two of the following: CE 634, 635, 636, or 637 .......................... 6 hrs.
Three CITE elective courses approved in advance by the student’s advisor ... 9 hrs.

The following elective courses are approved for the Transportation and Infrastructure Engineering area of emphasis:

CE 612 Structural Steel Design and Behavior
CE 614 Advanced Reinforced Concrete Structure Design and Behavior
CE 615 Finite Element Applications in Civil Engineering
CE 616 Prestressed Concrete Design
CE 618 Bridge Engineering
CE 634 Traffic Engineering
CE 635 Evaluation of Transportation Systems
CE 636 Transportation Planning
CE 637 Highway Safety Engineering
CE 638 Pavement Design
CE 650-652 Special Topics in Civil Engineering
CE 699 Civil Engineering Research
EM 694 Engineering Law
ENVE 670 Hydrology and Drainage Control
ES 660 Environmental Law
IS 645 Geographic Information Systems

_Students Wishing to Have Two Areas of Emphasis_

Master of Science in Engineering students who wish to complete two areas of emphasis must complete two comprehensive projects—one for each area of emphasis—and all the required courses for both areas of emphasis, as well as the M.S.E. core courses and needed electives as approved in advance by the student's advisor.

To complete both the Engineering Management and the Environmental Engineering areas of emphasis, the student must complete the following courses:

EM 660 Project Management ....................................................... 3 hrs.
ENGR 610 Applied Statistics .......................................................... 3 hrs.
TE 699 Comprehensive Project ................................................. 3 hrs.
ENGR 687 Independent Study (for the second comprehensive project) ........ 3 hrs.
EM 620 Management of Technical Human Resources and Organizations .... 3 hrs.
EM 668 Operations Management .................................................. 3 hrs.
EM 670 Seminar in Engineering Management ................................... 3 hrs.
EM 675 Engineering Economics (or TM equivalent) ............................ 3 hrs.
EM 694 Engineering Law ............................................................... 3 hrs.
ES 614 Environmental Risk Assessment ........................................ 3 hrs.
ENVE 681 Environmental Engineering Design ................................ 3 hrs.
ENVE 615 Environmental Chemistry ........................................... 3 hrs.
ES 660 Environmental Law I ....................................................... 3 hrs.
One CITE ENVE or ES elective approved in advance by the advisor ............ 3 hrs.

**TOTAL Degree Semester Hours:** ............................................. **42 hrs.**

(continued)
To complete both the Engineering Management and the Transportation and Infrastructure Engineering areas of emphasis, the student must complete the following courses:

- EM 660 Project Management ................................................................. 3 hrs.
- ENGR 610 Applied Statistics ................................................................. 3 hrs.
- TE 699 Comprehensive Project .............................................................. 3 hrs.
- ENGR 687 Independent Study (for the second comprehensive project) .... 3 hrs.
- EM 620 Management of Technical Human Resources and Organizations ... 3 hrs.
- EM 668 Operations Management ........................................................ 3 hrs.
- EM 670 Seminar in Engineering Management ....................................... 3 hrs.
- EM 675 Engineering Economics (or TM equivalent) .............................. 3 hrs.
- EM 694 Engineering Law ...................................................................... 3 hrs.
- Any two of the following: CE 612, 614, 616, or 618 .............................. 6 hrs.
- Any two of the following: CE 634, 635, 636, or 637 .............................. 6 hrs.
- One CITE CE or other related elective approved in advance by the advisor 3 hrs.

**TOTAL Degree Semester Hours:** ...................................................... 42 hrs.

To complete both the Environmental Engineering and the Transportation and Infrastructure Engineering areas of emphasis, the student must complete the following courses:

- EM 660 Project Management ................................................................. 3 hrs.
- ENGR 610 Applied Statistics ................................................................. 3 hrs.
- TE 699 Comprehensive Project .............................................................. 3 hrs.
- ENGR 687 Independent Study (for the second comprehensive project) .... 3 hrs.
- ES 614 Environmental Risk Assessment ................................................ 3 hrs.
- ENVE 681 Environmental Engineering Design ...................................... 3 hrs.
- ENVE 615 Environmental Chemistry ...................................................... 3 hrs.
- ES 660 Environmental Law I ................................................................. 3 hrs.
- Any two of the following: CE 612, 614, 616, or 618 .............................. 6 hrs.
- Any two of the following: CE 634, 635, 636, or 637 .............................. 6 hrs.
- One CITE ENVE or ES elective approved in advance by the advisor ....... 3 hrs.
- One CITE CE or other related elective approved in advance by the advisor 3 hrs.

**TOTAL Degree Semester Hours:** ...................................................... 42 hrs.

**ENVIRONMENTAL SCIENCE, M.S.**

**Minor in Environmental Science**

**Program Description**

The environmental science program gives the student the broad multi-disciplinary subject matter and analytical tools necessary to be successful in such professions as consulting, industrial environmental management and environmental protection. Students from diverse science backgrounds apply their knowledge and skills to environmental problems, such as air pollution and control; water pollution and treatment; groundwater protection, contamination and remediation; solid and hazardous waste management.

**Admission Requirements**

Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at [www.marshall.edu/graduate/admissionsrequirements.asp](http://www.marshall.edu/graduate/admissionsrequirements.asp)

Each applicant must satisfy at least ONE of the following criteria:

- Score at the mean or above on the verbal GRE
- Score at the mean or above on the quantitative GRE
- Score at the mean or above on the analytical GRE
- Score at the mean or above on the Miller Analogies Test
Have an undergraduate GPA of 2.50 or above
• Have passed the Fundamentals of Engineering exam and/or the Professional Engineering exam

In addition to the general requirements all students entering the graduate Environmental Science program must have completed prior to admission the following courses OR their equivalent:
Chemistry 211 and Math 130 with a grade of C or better, AND a minimum total of FIVE (5) courses/ competencies, relevant to environmental science, from the following: Chemistry (200 level or above); Physics (200 level or above); Biology; Geology; Geography; Statistics; Soil Science; Law; Health and Economics; 10 years relevant work experience.

**Degree Requirements**

Students must complete 36 graduate credit hours at the graduate level, including at least 24 credit hours at Marshall University. The degree consists of 12 credit hours of core courses; 12 credit hours of required courses; and 12 credit hours of electives.

**Core Courses**

EM 660, Project Management ................................................................. 3 hrs.
ENGR 610, Applied Statistics ................................................................. 3 hrs.
TE 698, Comprehensive Project Formulation - after completion of 18 hours .......... 3 hrs.
TE 699, Comprehensive Project - after completion of 27 hours....................... 3 hrs.

**Additional Degree Requirements for Program**

**Required Courses**

ES 614, Environmental Risk Assessment...................................................... 3 hrs.
ENVE 615, Environmental Chemistry (or ES 646 or SFT 651)............................. 3 hrs.
ES 660, Environmental Law I (or ES 662 or ES 655)........................................ 3 hrs.
ES 620, Environmental Management Systems............................................. 3 hrs.

**Electives**

On completion of the MS Environmental Science degree program the student should have the requisite scope of knowledge and competency in specific environmental subject matter. Students are required to take 12 credit hours of elective courses and use them to satisfy proficiency courses: TWO Environmental Science program electives; ONE division elective (an approved course in the division); ONE CITE elective (an approved course in CITE). The required and elective courses should be outlined in the Plan of Study. The Plan of Study should be developed in cooperation with and signed by the student's advisor and should be completed prior to registration for the 12th credit hour.

**Graduate Minor in Environmental Science**

The Graduate Minor in Environmental Science can be completed through 9 hours of coursework:
• ES 614, Risk Assessment (or ES 610, Environmental Sampling Practice, or ES 630, Site Assessment) 3 hrs.
• ENVE 615, Environmental Chemistry (or ES 646, Dynamics of Ecosystems, or ES 654, Environmental Microbiology) 3 hrs.
• ES 660, Environmental Law (or ES 662, Environmental Policy, or ES 655, Environmental Ethics) 3 hrs.

**INFORMATION SYSTEMS, M.S.**

**Program Description**

The Information Systems program prepares participants to be effective users, designers, and developers of information systems, people who can add value to processes and products in organizations. The program also helps participants improve their professional writing, presentation, and teamwork abilities. Specific objectives expected of graduates include:

• The ability to describe a situation as a system, specifying components, boundaries, and interfaces
• Communication skills for effectively leading teams, collaborating with managers in defining needs and opportunities, and assisting colleagues
• Knowledge of the basic hardware and software components of computer systems and their configurations
• The ability to develop specifications for a software system in terms of functions, modules, and interfaces
• The ability to gather and use information needed by information systems professionals
• Mastery of the technical and human skills needed to successfully deploy information technologies in various organizational settings.

Admission Requirements
Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website www.marshall.edu/graduate/admissionsrequirements.asp.

Each applicant for admission to the M. S. in Information Systems program must satisfy at least TWO of the following criteria:
• Score at the mean or above on the verbal GRE;
• Score at the mean or above on the quantitative GRE;
• Score at the mean or above on the analytical writing portion of the GRE;
• Score at the mean or above on the Miller Analogies Test;
• Have an undergraduate GPA of 2.75 or above;
• Have passed the Fundamentals of Engineering exam and/or the Professional Engineering exam.

Also, international students must score at the mean or above on the TOEFL, and must have met all CITE admission criteria prior to registering for the first semester of courses.

Applicants with a wide variety of backgrounds are welcome.

In addition to the admission requirements stated above, an applicant wishing to major in Information Systems must have the following credentials and abilities:
• Ability to write structured programs in a high-level language and familiarity with computer systems
• Basic mathematical ability. College algebra with a grade of B would minimally meet this requirement
• Ability to use computer software for word processing, spreadsheet analysis, telecommunications, and data management
• Ability to write a coherent, grammatically correct report

Prospective students without the skills outlined above should take the following courses or their equivalents before entering the degree program:
• Computer Systems and Programming: CS 110 or equivalent
• Mathematical Maturity: College algebra
• Communication Skills: This need will normally be addressed by requirements within the program. In some cases, additional work may be required.

Degree Requirements
Students must complete 36 graduate credit hours, including at least 24 credit hours at Marshall University. The degree consists of 27 credit hours of required courses and 9 hours of approved elective courses.

Required courses:

SAFETY, M.S.
Areas of Emphasis
Mine Safety
Occupational Safety and Health

Program Description
No human endeavor or undertaking can be done without involving the field of safety technology. Safety professionals work in a variety of situations alongside management to ensure the health and safety of all employees. The graduate curriculum in offers two areas of emphasis: Mine Safety and Occupational Safety and Health. The Master of Science degree has a 36 semester credit-hour requirement. A thesis may be submitted which would require 32 credit hours of graduate coursework with no more than 6 credit-hours to be earned by the thesis. A final (written) comprehensive examination is administered to all candidates, thesis and non-thesis, by a committee of three members of the graduate faculty in the College of Information Technology and Engineering (CITE), including the student’s advisor. Comprehensive examinations will be administered during the spring and fall semesters.

Admission Requirements
Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

In addition:
Each applicant for admission must have an undergraduate degree from an accredited college or university, and must satisfy at least ONE of the following criteria:
• Score at the mean or above on the verbal GRE
• Score at the mean or above on the quantitative GRE
• Score at the mean or above on the analytical GRE
• Score at the mean or above on the Miller Analogies Test
• Have an undergraduate GPA of 2.50 or above
• Have passed the Fundamentals of Engineering exam and/or the Professional Engineering exam

In addition to the general requirements all students entering the graduate Safety program must have completed prior to admission the following courses OR their equivalent:
• For the Area of Emphasis in Occupational Safety and Health:
  MTH 130, PHY 101 and 101L, and CHM 203

Degree Requirements

Area of Emphasis in Occupational Safety and Health
Core Courses
SFT 599, Occupational Safety Program Management.................................................. 3
SFT 610, Philosophical and Psychological Concepts in Occupational Safety and Health................................................................. 3
SFT 630, Current Literature and Research in Occupational Safety and Health............. 3

(continued)
Required Courses

SFT 540 - Industrial Fire Prevention ................................................................. 3
SFT 554 - Industrial Hygiene I ................................................................. 3
SFT 597 - Occupational Safety Program Development ................................. 3
SFT 645 - Safety Engineering and Equipment Design ........................................ 3
SFT 660 · Human Factors in Accident Prevention (3 hrs.) or
SFT 560 · Fundamentals of Ergonomics (3 hrs.) ........................................ 3
ES 660 · Environmental Law I .................................................................. 3

Electives:
9 hours chosen with advisor to give the student 18 hours of 600-level courses ......... 9

Total hours including core, required, and elective courses ............................ 36

Area of Emphasis in Mine Safety
The Mine Safety graduate program is offered in cooperation with the National Mine Safety and Health Academy (MSHA), Beckley, WV. The program is designed for underground and surface mining and is applicable to all aspects of the metallic and non-metallic mining industry. Typically students are MSHA employees and have five or more years experience in the mining industry, and have a technical background. A limited number of non-MSHA employees are permitted into the program. The Division Chair of Applied Science Technology grants permission for admission to this area of emphasis. Please contact the Division Chair for further information prior to applying for admission to this program.

TECHNOLOGY MANAGEMENT, M.S.
Areas of Emphasis
  Environmental Management
  Information Security
  Information Technology
  Manufacturing Systems
  Pharmacy (see TM Program Coordinator)
  Transportation Systems and Technology
Graduate Certificate in Information Security

Program Description
The M.S. in Technology Management degree program is designed primarily for working professionals with both technical and non-technical backgrounds who want a better understanding of technological change and its relevance to competitiveness and business strategy. Program coursework has a practical emphasis, with real-world projects designed to develop skills that can be put to use on the job immediately. Courses are currently available in Huntington and South Charleston with several courses offered online or virtually. Program benefits:
  • Learn how to evaluate and use technology to meet changing customer needs and markets
  • Learn how to weigh the costs/benefits of technology decisions
  • Understand the effects of technological change on organizations and how to help people adapt to change
  • Learn about technology life cycles and how to evaluate emerging technologies
  • Explore common problems of management and organizations-and their relationships to technology
  • Understand the interrelationships of quality, productivity, and technology
  • Network with other professionals

Admission Requirements
Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.
In addition, applicants must:
1. Have an undergraduate GPA of 2.5 or greater
2. Satisfy at least one of the following:
   • Score at the mean or above on the Analytical Writing portion of the GRE and achieve a composite score on the Verbal and Quantitative portions of the GRE greater than or equal to the sum of the two individual means (1070 or greater).
• Score at the mean or above on the Analytical Writing portion of the GMAT, and achieve a composite score on the Verbal and Quantitative portions of the GMAT greater than or equal to the sum of the two individual means (526 or greater).
• Have previously completed a master’s degree from a regionally accredited college or university.
• Have 10 or more years of relevant professional work experience (documented in the written summary required in item 3, below).

3. Submit a written summary (2 typewritten pages maximum) of education and professional experiences, and career goals related to the TM program including the Area of Emphasis the applicant is interested in pursuing.
4. Complete an interview with the TM program coordinator or designee, with part of the interview consisting of discussion of the written summary.

Degree Requirements

Degree requirements consist of seven core courses (21 semester hours), four area-of-emphasis courses (12 semester hours), and a capstone project (3 semester hours), for a total of 36 semester hours. You must have the Technology Management advisor’s approval to enroll in Technology Management degree program courses.

Plan of Study

A Plan of Study approved by the student’s advisor must be on file before the student registers for his or her 12th semester hour. The Plan of Study is a student’s “blueprint” for completing graduation requirements.

Core Courses

TM 610 Technology and Innovation Management
TM 612 Economic and Financial Analysis for Technology Management
TM 620 Technology Planning
TM 630 Quality and Productivity Methods
EM 620 Management of Technical Human Resources and Organizations
EM 660 Project Management
Plus one of the following:
  TM 615 Information Technology Strategies
  EM 694 Engineering Law

Each student selects an area of emphasis, consisting of four courses. Currently, the following emphases are available:

Environmental Management:
  Environmental Regulations
  Environmental Risk Assessment
  Environmental Management Systems
  One course selected from among:
    Hazardous Waste Management, Environmental Site Assessment, or Geographic Information Systems

Information Security:
  Information Security
  Communication and Network Technologies
  Computer Systems Security
  One additional 3 credit hour elective, chosen from TM or IS courses, with permission of the student’s advisor

Information Technology:

Four approved courses from the following list:
  Computing and Information Systems Technologies
  Communication and Network Technologies
  Multimedia Production and Electronic Information Dissemination
  Geographic Information Systems
  Health Informatics
  Software Engineering
  Information Security
  Computer Systems Security
  Other courses may be taken with permission of the student’s advisor.

(continued)
Manufacturing Systems:
- Applied Computer Integrated Manufacturing
- Modern Manufacturing Concepts
Two courses selected from:
- Applied statistics
- Operations Research I
- Operations Management
Other courses with permission of the advisor

Transportation Systems and Technologies:
- This area of emphasis is offered in cooperation with the Nick J. Rahall II Appalachian Transportation Institute.
  - Intelligent Transport Systems - Three courses, selected with Technology Management Advisor approval.
  - Possible choices include: Traffic Engineering, Safety in Transportation, Human Factors in Accident Prevention, Traffic Safety Management, Urban and Regional Planning, Engineering Law, Operations Research I, Operations Research II, Transportation Systems, Geographic Information Systems. Some of these courses have prerequisites; students taking the courses must meet prerequisites.

The technology management capstone project (TM 699) will be work related, oriented toward the area of emphasis, and directed by an academic advisor.

Graduate Certificate in Information Security

Evidence of information security coursework is required for many federal and Department of Defense (DoD) funded projects. This certificate will meet the government requirements for certification and continuing education for several security certifications.

Admission Requirements

Students may pursue the graduate certificate while enrolled in the Technology Management M.S. program OR as a certificate-only student. Students already enrolled in the M.S. degree program should submit to Graduate Admissions a Secondary Program Request form: http://www.marshall.edu/graduate/forms/SecondaryProgramRequestForm.pdf

Applicants interested in the certificate-only program should apply for admission to Marshall University as a Certificate/Professional Development student and select on the application form the Certificate in Information Security. The admissions requirements for the certificate program are the same as for the Technology Management M.S. program.

Curriculum
- IS 631 Information Security
- IS 656 Communications and Network Technologies
- IS 646 Computer Systems Security
- IS 647 IT Disaster Planning & Recovery
- TM 615 IT Strategies

Credit Hours: 15 – All required
COMMUNICATION STUDIES, M.A.

Program Description

The M.A. degree in Communication Studies provides an opportunity for students to develop individual programs of theory, research, and application among the areas of interpersonal, organizational, and public communication. The program is designed for students who seek careers as communication professionals or who intend to pursue further graduate study in the field.

Admission Requirements

Applicants should follow the admissions process described in the Graduate Catalog, or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp. Applicants must also submit GRE scores to the Graduate Admissions Office:

- must score a minimum of 800 on the verbal and quantitative sections of the GRE, and must score a 4 on the GRE writing sample.
- must have a minimum 2.5 GPA on a 4.0 scale for all previously completed undergraduate university work. Students with less than a 3.0 GPA on a 4.0 scale for all previously completed undergraduate university work must attain a 900 score on the verbal and quantitative sections of the GRE and a score of 4 on the GRE writing sample.
- International student applicants also must have a minimum score of 525 on the paper Test of English as a Foreign Language (TOEFL), 197 on the Computer-based test, or 71 on the Internet-based test.

Assistantships and Financial Support

The Department of Communication Studies has funds available in the form of assistantships to provide financial support for graduate students. For complete information on graduate assistantships please see www.marshall.edu/graduate/assistantships.asp.

For complete information on other financial support opportunities please see www.marshall.edu/graduate.

Program Requirements

A Plan of Study approved by the department/program and the graduate dean must be filed in the Graduate College office before the student registers for the 12th semester hour. Students prepare a Plan of Study in conjunction with a committee of three graduate faculty members. At least one member of the committee must have full graduate faculty status.

The Plan of Study must include CMM 601 and 606. A total of 36 credit hours is required for graduation. Students who write a thesis may earn six of those credit hours for the thesis. A minor or cognate outside the department may be approved by a student’s committee.

A written comprehensive exam, prepared and evaluated by the student's committee, is required. A candidate who writes a thesis is also required to pass an oral examination on the thesis.

CRIMINAL JUSTICE, M.S.
Minor in Criminal Justice

Program Description

The Master of Science degree in Criminal Justice provides students with advanced theoretical, legal, and methodological training for research, teaching, and management careers in criminal justice. The program serves to educate criminal justice professionals and prepare students for further advanced graduate work, legal studies, and scholarship. The Department of Criminal Justice and Criminology is committed to:

- providing students with the conceptual and research skills needed to undertake advanced analyses of the criminal justice system;
- serving criminal justice professionals and others who are interested in pursuing professional careers in management and administration;

(continued)
• furnishing law enforcement, corrections and court practitioners with knowledge of justice administration, theoretical perspectives of human behavior, policy analysis and criminal justice theory; and
• preparing social scientists to pursue careers in university and research settings.

Admission Requirements

Deadlines: Applications to the program are due by July 1 for the fall semester and by November 1 for the spring semester. However, students are strongly encouraged to apply early. Applications submitted after the due dates will be considered, but no later than three weeks from the start of classes for the fall semester and four weeks for the spring semester. Application for admission does not guarantee acceptance into the program.

Applicants should follow the admissions process described in the Graduate Catalog, or at the Graduate Admissions Website at www.marshall.edu/graduate/admissionsrequirements.asp. (Submit all materials to the Graduate Admissions Office.) Applicants must also have:

• a baccalaureate degree from a regionally accredited college or university (preference will be given to applicants with undergraduate majors in criminal justice or closely related social science discipline);
• an undergraduate Grade Point Average (GPA) of 3.0 or higher on a 4.0 scale for all previously completed undergraduate university work;
• a score of 550 or higher on the TOEFL (for international students only);
• a C or better in an undergraduate research methods course or equivalent (documentation of course content may be required);
• two letters of recommendation (college instructors strongly preferred); and
• a personal statement (1-2 page essay regarding the student’s interest in criminal justice and how the M.S. in Criminal Justice degree will benefit him or her).

Students may be considered for provisional admission or conditional enrollment. Please see www.marshall.edu/graduate/typesofadmissions.asp. All prospective students are strongly encouraged to contact the Criminal Justice Graduate Director before applying to the Master of Science in Criminal Justice program to discuss the application process and requirements.

Assistantships and Financial Support

The Department of Criminal Justice and Criminology has funds available in the form of assistantships to provide financial support for graduate students. For complete information on graduate assistantships please see www.marshall.edu/graduate/assistantships.asp. For complete information on other financial support opportunities please see www.marshall.edu/graduate.

Program Requirements

General Requirements

The Master of Science degree requires the completion of 32 hours of coursework and writing a thesis, or completion of 36 hours of coursework and the passing of written and oral comprehensive examinations. The curriculum is structured around a set of core requirements that provide a broad foundation in criminological theory, research and statistics, criminal law as well as aspects of criminal justice policy and practice.

All students are required to complete 18 hours of core courses:

CJ 602, Law and Social Control
CJ 603, Criminal Justice Planning
CJ 604, Advanced Theory in Criminal Justice
CJ 621, Advanced Criminal Law and Procedure
CJ 655, Research Methods in Criminal Justice
CJ 656, Applied Statistics in Criminal Justice

CJ 655, Research Methods in Criminal Justice, and CJ 656, Applied Statistics in Criminal Justice, are a two course sequence that should be completed by all students during the first academic year in the graduate program (within the first 12 graduate credit hours for part-time students). Exceptions are made for students who must take prerequisite courses before enrolling in this sequence.

The Department of Criminal Justice and Criminology maintains a “two C rule” whereby students who earn more than two grades of C or lower in any graduate courses will be withdrawn from the program.
Plan of Study

Before registration for the 12th graduate credit hour, all graduate students must complete an official Plan of Study form to be approved by the Graduate Director and/or Department Chair and submitted for approval to the Graduate College Office.

Thesis Option

For students planning to continue graduate studies, the thesis is the preferred option for receipt of the M.S. degree in Criminal Justice. Students electing the thesis option must complete 32 hours of graduate credit from the Department of Criminal Justice and Criminology. Students selecting the thesis option must complete the core courses and have a written thesis proposal/prospectus approved by the thesis committee prior to enrolling for thesis credit. The remaining credit hours may be granted for thesis research (up to 6 credit hours) or elective courses. The 6 thesis research hours are normally taken in three-hour increments over two successive semesters, immediately preceding graduation, and after course requirements are completed. Students must enroll in CJ 681, Thesis, for a maximum of 6 graduate credit hours. All students selecting the thesis option must pass an oral defense. In cooperation with the Graduate Director, a student should form a thesis committee. The thesis committee assists in selecting and developing the research problem and evaluates the student's work on that problem. A student who selects the thesis option should outline the thesis option early in his or her studies in consultation with members of the graduate faculty. The student should also determine the graduate faculty member of the department who will serve as chair of the student's thesis committee.

Non-Thesis Option

Students who select the M.S. degree without a thesis must complete 36 credit hours of graduate coursework. The credit hours include the 18-hour core course requirement and 18 CJ elective hours. The elective hours may be completed using a variety of classes offered by the Department of Criminal Justice and Criminology. All students who select the non-thesis option must pass both written and oral comprehensive exams. In order to sit for the comprehensive examination, students must select a committee as well as complete and return the Comprehensive Examinations form to the Graduate Director prior to the end of the second week of the semester they plan to graduate. The Comprehensive Examination form must be signed by all committee members and will remain valid only for the semester in which it is signed. The committee must consist of at least three readers/evaluators who hold Marshall University graduate faculty status. In addition, a majority of the committee must consist of full-time faculty from the Department of Criminal Justice and Criminology, and the committee chair must be a faculty member in the Department of Criminal Justice and Criminology with graduate faculty status. This committee will be responsible for both writing and/or selecting the examination questions and evaluating the adequacy of the student's responses. The comprehensive written examination consists of four questions. The four questions assess knowledge rooted in the program's core courses. Students will be asked to answer one question in each of the following content areas: criminological theory; research and advanced statistics; advanced criminal law and procedures; and criminal justice planning. The comprehensive oral examination will focus on areas deemed weak, incomplete, or inconsistent in the written portion of the test. However, the committee may ask students other related questions deemed appropriate. Both written and oral comprehensive examinations are administered once during the fall, spring, and summer semesters unless otherwise specified.

Minor in Criminal Justice

Graduate students from any program, with permission of the student's graduate advisor and the chair of the Department of Criminal Justice and Criminology can choose a graduate minor in Criminal Justice by taking six credit hours from the following list:

- CJ 504, Theoretical Criminology
- CJ 506, Race, Ethnicity, Gender, & Crime
- CJ 510, Police Administration
- CJ 526, Civil Liability Issues in Criminal Justice
- CJ 533, Correctional Administration
- CJ 601, Seminar in Criminal Justice
- CJ 620, Criminology

Special topics courses appropriate for the minor are also frequently offered.
ENGLISH, M.A.
Graduate Certificates
- Medieval and Renaissance Studies
- Creative Writing
- Applied Linguistics

Program Description
Graduate courses in English provide detailed consideration of authors, literary types, and periods of literary history, as well as composition and rhetoric, English language history, and linguistics. Students are expected to acquire a broad acquaintance with the range of English and American literature and the English language; to acquire a basic knowledge of the terms and methods of critical and cultural theory; and to become thoroughly familiar with the forms of literature, critical standards, and the materials and methods of research in the field.

Admission Requirements
Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

In addition (send all materials below directly to the Graduate Admissions Office):

- an undergraduate Grade Point Average (GPA) of 3.0 or higher on a 4.0 scale for all previously completed undergraduate university work;
- a letter of interest/personal statement (1-2 pages);
- a writing sample of 8-12 pages;
- at least two letters of recommendation, preferably from college instructors;
- GRE scores (applicants lacking GRE scores may be accepted for conditional enrollment for one semester only and must provide official scores to the Graduate Admissions Office before the end of the conditional semester or they will not be allowed to continue);
- at least 15 undergraduate hours in literary or language studies or related coursework (students lacking this coursework may be admitted but may be asked to take undergraduate courses suggested by the department);
- six hours of college credit in a foreign language or demonstrated reading ability to the satisfaction of the English Department.

Program Requirements
General Requirements:
Students who choose the non-thesis option must take 36 hours of coursework or, with a thesis, 32 hours, six of which may be earned by writing the thesis. All students must pass a comprehensive assessment upon the completion of the coursework.

A Plan of Study approved by the student's advisor must be submitted for approval to the Graduate College Dean before the student registers for his or her 12th semester hour. The Plan of Study is a student's “blueprint” for completing graduation requirements.

Course Requirements
All students must take English 630 which is offered in the Fall semester. (ENG 633 may be substituted for ENG 630.) This course should be scheduled among the first 12 hours of graduate study.

All students must take at least one course in four areas of specialization and must choose the non-thesis or thesis option below:

- **Non-thesis option:** three courses from an area of specialization not selected above;
- **Thesis option:** two courses in an area of specialization not selected above and a thesis.

*Literature area of specializations:* Medieval; Renaissance and 17th Century; Restoration and 18th Century; Romantic and Victorian; 19th Century American; Modern British; and Modern American.

*Other areas of specialization:* Composition and Rhetoric; Language and Linguistics; Critical Approaches to Literature; Genre Study; and Writing.
M.A. IN ENGLISH WITH AREA OF EMPHASIS IN TESOL
(TEACHING ENGLISH TO SPEAKERS OF ANOTHER LANGUAGE)

This M.A. program prepares students to teach English to adult speakers of other languages. The core curriculum explores both language pedagogy and applied linguistic theory. Upon completion of the degree, students will (1) be familiar with current methodologies in language teaching, (2) be able to use research findings within applied linguistics to make informed pedagogical decisions for local contexts, and (3) be able to engage in reflective teaching and observation practices.

Admission Requirements

Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

In addition (send all materials below directly to the Graduate Admissions Office):

• a minimum of six hours of college credit in a foreign language or demonstrated reading ability to the satisfaction of the English Department is required for admission to candidacy.
• undergraduate GPA of 3.0 or higher.
• letter of interest/personal statement (1-2 pages);
• writing sample;
• at least two letters of recommendation, preferably from college instructors;
• current GRE scores;
• current TOEFL score (550 for paper-based, 79-80 for IBT, internet-based, or 213 for CBT, computer-based) or IELTS scores (6.5).

Students may be conditionally admitted to the MA in English program without having taken the GRE General Test; however to receive full admission, they must take the GRE during the first semester of study at Marshall.

Program Requirements

General Requirements:

• minimum GPA of 3.0 (B) maintained throughout program;
• successful completion of comprehensive examinations in final semester;
• successful completion of a portfolio to include:
  • statement of teaching philosophy,
  • reflective paper on teaching experience,
  • reflective paper on observation,
  • sample lesson plan with detailed rationale,
  • sample assessment measure with detailed rationale,
  • two papers on the application of linguistic theory.

Course Requirements

Prerequisite:

Eng 575 Introduction to Linguistics or CISL 551 Linguistics for ESL

Required 3-credit hour courses:

Eng 578 Introduction to Sociolinguistics
Eng 615 Teaching English and Applied Linguistics
Eng 617 TESOL Curriculum Development & Materials Design
Eng 618 TESOL Language Assessment
Eng 622 Language Development or CISL 550 Second Language Acquisition
Eng 626 Systemic Functional Grammar
Eng 627 Text Analysis
Eng 670 Observation Practicum TESOL
Eng 671 Teaching Practicum TESOL

2 Electives:

Choose 1 from:

Eng 508 Advanced Expository Writing
Eng 560 Composition Theory 1
Eng 633 Research Methods and Applied Linguistics
Eng 634 Teaching English for Academic Purposes

(continued)
GRADUATE CERTIFICATES

Admission Requirements

Prospective certificate-only students should apply for admission to Marshall University as a Professional Development student and select on the application form the certificate they wish to pursue. Please note that the certificate program in Creative Writing has additional requirements.

Graduate Certificate in Medieval and Renaissance Studies

This is an interdisciplinary program housed in Marshall University’s English department. It draws upon the faculty and resources of five graduate departments to promote the interdisciplinary and cross-cultural studies of the period from Late Antiquity to the end of the 17th Century. One of the unique strengths of this certificate program is its breadth; students are encouraged to following their own interests and select from a wide range of courses within the guidelines described below.

To earn a Certificate in Medieval and Renaissance Studies, students must complete 15 hours of relevant coursework. Six to 9 of these hours must come from the following list: ENG 509, 510, 511, 512, 517, 536, 537, 538, and 600. The remaining 6 to 9 hours may be drawn from the following: HST 506, 421, 602; ART 501, 405, 415, 519; MUS 650, 651; and advanced Latin. Certain Special Topics and Independent Studies courses may also be used. Students should check with the program administrator when selecting their courses.

Graduate Certificate Program in Creative Writing

Admission Requirements

• Bachelor’s degree in a Humanities field;
• GRE scores;
• A creative writing sample of 5-10 pages.

This certificate program is designed for writers wishing to pursue advanced, individualized study and practice in any genre(s): fiction, poetry, drama, nonfiction, and multiple genre work. With a diverse and well-published writing faculty, the English Department will work with all students to develop an appropriate course plan to suit their needs. Most courses qualify for teachers’ re-certification and professional continuing education.

To earn a Certificate in Creative Writing, students must complete 15 hours of coursework selected from the following list: ENG 508, 544, 558, 585 (Independent Study), 591, 592, and 593. Special Topics courses with a creative writing focus or creative writing courses available through the Department of Humanities on the South Charleston campus may be substituted for up to 6 hours. A completed manuscript of twenty-five pages of original work constitutes the capstone requirement. A maximum of 9 hours of the certificate program courses, with approval of the chair, would be applicable for those wishing to pursue the M.A. in English.

Graduate Certificate in Applied Linguistics

Note: Completion of this certificate program does not meet the requirements for teacher licensure.

This certificate may be earned by completing the following courses: ENG 615. Teaching English and Applied Linguistics, 3 credit hours; ENG 622. Language Development, 3 credit hours; ENG 627. Text Analysis, 3 credit hours; ENG 633. Research Methods in Applied Linguistics, 3 credit hours; and ENG 638. Language, Text, and Context, 3 credit hours. Total: 15 credit hours.

GEOGRAPHY, M.A., M.S.
Minor in Geography

Graduate Certificate in Geospatial Information Science

Program Description

The Geography Department at Marshall University offers a supportive atmosphere featuring responsive, accomplished faculty and state-of-the-art facilities. In order to prepare students for professional employment or further education, the
faculty strives to maintain a flexible curriculum, involve students in research, keep offerings updated with changes in
the field and the job market, and help students obtain internships. As a result, many of our students secure employment
as professional geographers before graduation, obtaining positions as urban and regional planners, GIS professionals,
environmental scientists, geography doctoral students, economic development consultants, city/county/state/federal
government professionals, historic preservationists, international trade consultants, and more.

Students wishing to earn a master’s degree in geography have the option of selecting either a Master of Arts (M.A.)
or Master of Science (M.S.) degree. The core requirements are the same for both degrees. In consultation with a faculty
advisor, a student choosing the M.S. option will specialize in natural science-based geography such as environmental science/planning, cartography, GIS/remote sensing, or physical geography. In consultation with a faculty advisor, a student pursuing
an M.A. degree will specialize in social science based geography emphasizing GIS, planning, geographic education, human or
regional geography. Both the M.S. and M.A. degree options prepare the graduate for professional employment or advanced
work at the doctoral level. For more information, please see the departmental website at www.marshall.edu/geography or
call (304) 696-4364.

Admission Requirements

Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

In addition, applicants must:
• Submit GRE (Graduate Record Examination) scores with the graduate application;
• Have completed nine semester hours of undergraduate coursework in geography for full admission to the program.

Conditional admission (see definition in this catalog), for applicants who have not yet completed the GRE or nine hours of
undergraduate coursework in geography may be granted with consent of the faculty. Students with coursework deficiencies
may enroll for graduate work but may be asked to take undergraduate courses suggested by the Chair before full admission to
the degree program. Students who have not taken the GRE may enroll for graduate work but must complete the GRE before
full admission to the degree program.

Graduate Assistantships

Applications for department research or teaching assistantships are available from the Geography Department chair.
For more information about graduate assistantship at Marshall University, please see www.marshall.edu/graduate/assistantships.asp.

For more information about other financial support, please see www.marshall.edu/graduate/forms/scholarshipflyer.pdf.

Degree Requirements

Candidates for the master’s degree (M.A. or M.S.) must meet the general requirements for the Graduate College and
either complete a thesis with a minimum of 30 total credits or comprehensive finals with a minimum of 36 total credits.

Required Courses

GEO616 Geographical Research – 3 credit hours
GEO615 Geographic Thought and Methods – 3 credit hours
GEO540 Quantitative Methods in Geography – 3 credit hours; requirement waived if taken at the undergraduate level
Any graduate-level geography GIS course (GEO 526, 529, 530, 531, 631, or GIS special topics) – 3 credit Hours.

A Plan of Study approved by the student’s advisor must be submitted for approval to the Graduate College Dean
before the student registers for his or her 12th semester hour. The Plan of Study is a student’s “blueprint” for completing
graduation requirements.

Minor in Geography

Students who minor in Geography should choose a minimum of six hours of appropriate courses from one of the
specialties below in consultation with their major faculty advisor and a Geography faculty advisor.

Regional Geography:
Choose from GEO 502, 503, 504, 507, 508, 509, 512, 520 (regional topic), 610-614, 617-619.

Physical Geography:
Choose from GEO 520 (physical topic), 522, 525, 530, 531, 617-619, 620

Human Geography:
Choose from GEO 501, 505, 506, 510, 511, 518, 519, 520 (human topic), 607, 617, 619

(continued)
Graduate Certificate in Geospatial Information Science

Admission Requirements

Students may pursue the graduate certificate while enrolled in the Geography master’s program OR as a certificate-only student.

- Students already enrolled in the master’s degree program should submit to Graduate Admissions a Secondary Program Request form at www.marshall.edu/graduate/forms/SecondaryProgramRequestForm.pdf
- Applicants interested in the certificate-only program should apply for admission to Marshall University as a Certificate/Professional Development student and select on the application form the Certificate in Geospatial Information Science.

Program

A graduate certificate in Geospatial Information Science consists of a minimum of 12 graduate hours in courses designated as GIScience Courses, including regularly offered courses as well as special topics courses. Students must take courses from at least two different departments for a graduate GIScience certificate. Students must have a B (3.0) average in their GIScience courses and no grade below a C (2.0) in their GIScience courses to earn the certificate. The program is designed to:

- offer GIS study in a variety of disciplines with a variety of applications;
- teach students GIS techniques;
- teach students to apply GIS to solve scientific research problems;
- encourage students to gain experience in the GIS field before graduation by means of internships and work study programs;
- integrate GIS applications with appropriate computer science training;
- prepare students for GIS employment or GIS work at the graduate level.

GIScience courses:

- BSC 510/PS 510 Remote Sensing/GIS Applications (4 credit hours)
- BSC 511/PS 511 Digital Image Processing/GIS Model (4 hrs.)
- ES 626 Remote Sensing and Map Use (3 hrs.)
- GEO 526 Principles of GIS (3 hrs.)
- GEO 529 Intermediate GIS – Vector Analysis (3 hrs.)
- GEO 530 Intermediate GIS – Raster Analysis (3 hrs.)
- GEO 531 Analysis of Digital Airborne and Space-Based Imagery (3 hrs.)
- GEO 631 Applied GIS Projects (3 hrs.)
- GEO 690 Internship (1-6 hrs.; must be GIScience approved in advance)
- IS 645 Geographic Information Systems (3 hrs.)
- Special Topics courses as approved by the GIScience Advisory Board

HISTORY, M.A.
Minor in History

Program Description

Established in 1938, the history graduate program is one of the oldest at Marshall University. Since the program began, more than 300 Master of Arts degrees in history have been awarded. Although many students have concentrated on U.S. and European history, the department also offers courses in Asian, Middle Eastern, Latin American, African American, and Women’s history. In all fields of study students receive personal attention and direction that is often not available in larger graduate programs. It is recommended that students earn credit hours in a wide distribution of historical areas and periods from a diversity of instructors. Students may pursue either the thesis option or non-thesis option, but are encouraged to write a Master’s thesis.
Admission Requirements

Deadlines:
The department has established two deadlines for the submission of applications to the program.
October 1st (for a spring semester start) and March 1st (for a fall semester start) are the deadlines for the submission of all application materials. The graduate committee will review applications and make its decisions shortly after these dates.
Applicants should follow the admissions process described in the Graduate Catalog, or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

All materials should be submitted to the Graduate Admissions office.
Applicants must also submit to the Graduate Admissions office:

- two letters of recommendation;
- a writing sample drawn from work in a college course;
- satisfactory scores from the Graduate Record Examination (GRE) General Test.

Program Requirements

Students who have not completed an undergraduate major in history must have at least 15 hours of undergraduate courses in history, including 12 hours in the World and American history surveys. Students with deficiencies may be accepted provisionally and may be asked to take undergraduate courses suggested by the Director of Graduate Studies before full admission to the program.

Plan of Study

Students must submit to the department’s Director of Graduate Studies a Plan of Study in the semester prior to registering for the 12th semester hour. The Plan of Study is a student’s blueprint for graduation.

Students must earn a quality point average of at least 3.0 (B) on all graduate work applicable to the degree. A student who receives a second grade of C or below at any time while pursuing the Master of Arts degree in History must withdraw from the program. In addition, M.A. students in History must earn at least a 3.0 (B) grade point average in all History courses as a requirement for graduation.

Students must complete a minimum of 36 semester hours of graduate coursework. At least fifty percent of these hours must be completed at the 600 level. All students are required to complete History 600, Seminar in Historical Methods.

Thesis Option

Students who choose the thesis option must complete HST 681 for three to six credit hours and HST 677, Thesis Writing Seminar I, for an additional three hours. Thesis students are encouraged to take HST 678, Thesis Writing Seminar II, for an additional three hours.

Minor in History

A minor in History is earned by taking at least 6 credit hours in courses at the 500- or 600-level in History as approved by the student’s advisor and the Graduate Program Director in the Department of History.

HUMANITIES, M.A.
Graduate Certificate in Appalachian Studies
Graduate Certificate in Women’s Studies

Program Description

The Master of Arts in Humanities stresses an interdisciplinary approach, embracing a variety of fields, while allowing conventional disciplinary studies as an integral part of the program. Students consult with faculty advisors to determine individual plans of study. After completing a prescribed core of humanities courses, the student elects one of four areas of concentration (Arts and Society; Cultural Studies; Historical Studies; Literary Studies). Although the student’s plan may encompass courses from more than one area of concentration it will have strong intellectual coherence. The program enhances the student’s ability to deal critically and flexibly with intellectual, social, political, historical, literary, or artistic issues with a broad humanistic perspective. The Humanities Program strongly encourages students not concerned with pursuing the degree (such as teachers using classes for certification and those who want to take courses for their own continuing education) to enroll as non-degree students.
Admission Requirements

Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

In addition applicants must have:

- a score of 450 or above (40%) on the verbal section of the Graduate Record Examination (GRE) General Test or an equivalent score on the Miller Analogies Test (MAT);  
- an undergraduate major in the humanities broadly defined;  
- an overall undergraduate grade point average of 3.0 on a scale of 4, or a score in or above the 40th percentile in the GRE subject test of Literature in English.

Applicants who do not meet all of the above admissions requirements may be admitted provisionally. A provisionally admitted student must earn a grade of B or above in their first twelve hours of coursework in the humanities, the twelve hours to include the course in Expository Writing for Research (Humanities 604) and one other core course (Humn 600, 601, 602, 603, or 605).

Program Requirements

Degree students have the options of a thesis or final project. Students electing the thesis complete a total of 36 hours, six of which are the thesis (HUMN 680 and 681). Students electing the project option complete a total of 39 hours, three of which are the project (HUMN 680).

With both options, students must pass a comprehensive examination. All individual plans of study are organized according to the following general structure:

I. Humanities Core (12 hours): Humn 600 and 604 and two others (Humn 601, 602, 603, or 605);
II. Concentration (minimum of 15 hours);
III. Program Electives (3-12 hours);
IV. Independent Research Project (3 hours) or Thesis (6 hours).

Plan of Study

Before registration for the 12th graduate credit hour, all graduate students must complete an official Plan of Study form to be approved by the Graduate Director and/or Department Chair and submitted to the Graduate College Office.

Within a concentration, a student may select courses to develop personal interests. Note: Not all courses are offered at every teaching site. Students should understand that some plans of study may require travel to other teaching sites in West Virginia.

No more than twelve hours may be taken at the 500 level. A student nearing the completion of a plan of study may request an independent study course on a topic unavailable through regular courses. In such a case, the student will work under the direct supervision of a faculty member. The student’s advisor and the program director must approve the independent study.

Degree students are expected to maintain a 3.0 Grade Point Average in their courses. After a minimum of 24 hours of course credits and consultation with the advisor, a student is eligible to sit for the examination which is related to the core and to the individual plan of study.

Note: Students may not enroll in Humanities 680 until they have passed the comprehensive examination.

For further information on the degree program (sample plans of study, comprehensive examination, and independent research options), students should consult the Humanities Program Guide, available from the program director in South Charleston. Because degree students in Humanities have individualized plans of study, they are cautioned to contact the program director when applying for graduate study and to meet regularly with their advisors.

Note: Some courses in Art and Design, Classics, Communication Studies, English, History, Journalism and Mass Communications, and Philosophy also may be appropriate for the plan of study in Humanities.

GRADUATE CERTIFICATES

Graduate Certificate in Appalachian Studies

The Humanities program is home for the Graduate Certificate in Appalachian Studies, a non-degree program of 18 hours composed of foundation courses (CULS 611 and 612), electives to meet specific educational goals, and a capstone research experience (HUMN 680).

For additional information, contact the Humanities Program.
Admission

Students may pursue the graduate certificate in Appalachian Studies while enrolled in the Humanities M.A. program OR as a certificate-only student. Students already enrolled in the M.A. degree program should submit to Graduate Admissions a Secondary Program Request form: http://www.marshall.edu/graduate/forms/SecondaryProgramRequestForm.pdf

Applicants interested in the certificate-only program should apply for admission to Marshall University as a Certificate/Professional Development student and select on the application form the Certificate in Appalachian Studies. Applicants must have a bachelor’s degree from a regionally accredited institution.

Graduate Certificate in Women’s Studies

Scholarly work on women and gender has influenced all levels of academic discourse. For example, one of the most important dimensions of globalization has been the heightened awareness of the importance of women in societal development.

Applicants must have a bachelor’s degree from a regionally accredited institution.

For additional information, contact the Humanities Program.

LATIN, M.A.,

Graduate Certificate in Latin

Program Description

The Latin M.A. is a 33-hour degree that consists of twenty-one hours of advanced Latin on the 500- and 600-levels, six hours of related courses taught in English, and six thesis hours.

The program fills significant needs in West Virginia and surrounding states. It will allow current Latin teachers to expand their knowledge base and to strengthen their own programs. It will also contribute to the training new teachers of Latin on the middle and secondary school levels, and will prepare students to enter Ph.D. programs in Classical Philology.

The M.A. in Latin is not designed to replace the M.A.T. in Latin currently offered by Marshall, nor does it guarantee licensing or certification to teach Latin in WV. It will, however, allow teachers certified in other disciplines to add Latin as a content area, and it will provide additional graduate hours for persons that hold professional teaching certification in Latin.

Admission Requirements

Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

Applicants must also have:
• GRE (Graduate Record Examination) scores sent to Graduate Admissions
• three letters of recommendation sent to Graduate Admissions
• appropriate prerequisites for upper-level Latin courses, which minimally consist of the completion of at least six semesters of Latin, at least two of which were taken at the 300-level or above.

Program Requirements

The M.A. degree will consist of twenty-one hours of advanced Latin on the 500- and 600-levels, of which LAT 640 and 660 are required, six hours of related courses taught in English, of which CL 620 is required, and six thesis hours. NOTE: at least 16 hours must be at the 600 level.

• From the Latin courses, students will be required to take LAT 640 (Advanced Latin Prose Composition) and LAT 660 (Special Author in Latin Literature), and will select 15 hours from the other courses.
• From the courses taught in English, students will be required to take CL 620 (Theoretical Approaches to Latin Literature) and will select 3 hours from the other courses.

Thesis

All students will be required to write an M.A. thesis of approximately 50-70 pages. Topics will be literary, and grounded in cultural contexts and literary critical techniques. They can focus on one author, or on themes or subjects found in more than one author. The research and writing of the thesis will extend over two semesters. In the first, students, working with an advisor, will develop and begin preliminary research on an author. In the second, they will continue their research and complete the actual writing. Students will be encouraged to present their research at national or regional conferences.
Plan of Study

Before registration for the 12th graduate credit hour, all graduate students must complete an official Plan of Study form to be approved by the Graduate Director and/or Department Chair and submitted to the Graduate College Office. Courses that may be used to fulfill the advanced Latin requirement are:

- LAT 503: Roman Comedy. A close reading in Latin of selected comedies of Plautus and Terence, along with a study of their literary antecedents.
- LAT 504: Roman Elegy: Propertius and Tibullus. A close reading in Latin of the poetry of Propertius and Tibullus, along with a study of literary antecedents, cultural contexts and contemporary theories.
- LAT 505: Readings in Vergil. A close reading in Latin of the poetry of Vergil, along with a study of his literary antecedents, cultural contexts and contemporary theories.
- LAT 506: Horace: Odes and Epodes. A close reading in Latin of the poetry of Horace, along with a study of his literary antecedents, cultural contexts and contemporary theories.
- LAT 507: Livy's History of Rome. A close reading in Latin of the selections from the histories of Livy, along with a study of his literary antecedents and historiographical theory.
- LAT 510: Tacitus. A close reading in Latin of the selections from the histories of Tacitus., along with a study of his literary antecedents and historiographical theory.
- LAT 580-583: Special Topics in Latin Literature.
- LAT 585-588: Independent Study.
- LAT 600-683: Special Topics in Latin Literature.
- AT 685-688: Independent Study.

Other required courses:

- LAT 640: Advanced Latin Prose Composition. A detailed study of Latin prose composition that focuses heavily on the more complex grammatical structures of the language.
- LAT 660-665: Special Author in Latin Literature. A detailed study of one Latin author with close attention to primary and secondary sources on that author.
- CL 620: Theoretical Approaches to Latin Literature.
- LAT 681: Thesis Hours.

Courses that may be used to fulfill the related courses requirement are:

- ART 508: Art of the Ancient World
- CL 535: Greek Civilization
- CL 536: Roman Civilization
- CL 560: Ancient Goddess Religions
- CL 570: Transformations of Myth
- CL 580-583: Special Topics in Greek and Roman Literature
- CL 585-588: Independent Study

GRADUATE CERTIFICATE IN LATIN

The Graduate Certificate in Latin provides a convenient way for individuals to add a consistent study of the Latin language and literature to their undergraduate and graduate credentials. Currently, all credits can be used toward teacher certification and toward the M.A.T. at Marshall.

Admission Requirements

Students already enrolled in the Latin M.A. program should submit to Graduate Admissions a Secondary Program Request form [www.marshall.edu/graduate/forms/SecondaryProgramRequestForm.pdf](http://www.marshall.edu/graduate/forms/SecondaryProgramRequestForm.pdf).

Prospective certificate-only students should apply for admission to Marshall University as a Professional Development student and select on the application form the Certificate in Latin.

Program Requirements

The program requires 15 hours, 12 of which consist of 500-level Latin courses, and 3 of which consist of CL 536, Roman Civilization.
PHILOSOPHY MINOR

The minor in philosophy consists of any two 500-level courses in Philosophy.

POLITICAL SCIENCE, M.A.

Program Description

The Department of Political Science is committed to those items enumerated in the mission statements of Marshall University and its College of Liberal Arts. First and foremost, the Department of Political Science strives to prepare future leaders by providing undergraduate and graduate students with a quality liberal arts political science education. This education includes critical thinking skills, problem solving skills, research skills, language/communication skills, and development of students' intellectual capabilities. The Department of Political Science is committed to (1) applied and basic research; (2) leadership and public service to the community; and (3) developing insight into multicultural and global issues.

Admission Requirements

Applicants should follow the admissions process outlined in the Graduate Catalog or at the Graduate College website at www.marshall.edu/graduate/admissionsrequirements.asp.

Additional requirements:

- completion of 12 hours of undergraduate social science coursework
- Graduate Record Examination (GRE) General Test and TOEFL (if applicable): combined GRE score of at least 1000; 550 or higher for TOEFL;
- Two letters of recommendation that discuss the applicant’s abilities (college instructors strongly preferred)
- A personal statement (1-2 page essay regarding the student’s interest in political science and how the M.A. degree will benefit him or her).
- an undergraduate Grade Point Average (GPA) of 3.0 or higher on a 4.0 scale for all previously completed undergraduate university work;

Applicants may be accepted for Provisional Admission (see definition of Provisional Admission in this catalog), based on all of the above criteria except:

- undergraduate GPA between 2.50 and 2.99 on a 4.0 scale for all previously completed undergraduate university work; OR
- GRE scores lower than the combined 1000.

Plan of Study

A Plan of Study approved by the Director of Graduate Studies and the Graduate Dean must be filed in the Graduate College office before the student registers for the 12th semester hour.

Core Curriculum

The Master of Arts degree requires the completion of 30 hours of coursework and writing a thesis and passing an oral defense, or completion of 36 hours of coursework and the passing of written and oral comprehensive examinations.

The graduate curriculum in political science is divided into five fields of specialization. The student who elects to write a thesis must take at least nine credit hours in one of these, and the topic of the thesis must be within that field. Under the non-thesis option, at least twelve credit hours must be taken within a single field.

<table>
<thead>
<tr>
<th>Hours</th>

</table>

Electives must be approved by the Director of Graduate Studies and be related to the major or minor field of study.

(continued)
GRADUATE FIELD CONCENTRATIONS

Political Theory: 518, 519, 521, 525, 526, 529, 530, 531, 546, 629.

All courses are designated PSC unless otherwise noted.

*Must take any two of these courses for a major field.

Courses that fall in two or more specializations may be counted in an appropriate area upon the approval of the Director of Graduate Studies.

The Director of Graduate Studies must approve all coursework that constitutes each student’s specialization. Enrollment in specializations and elective courses is subject to the completion of any prerequisite courses and/or any requirement for permission to enroll from an individual instructor and/or other department faculty member. In addition, all courses to be considered toward graduation require approval from the Director of Graduate Studies.

Thesis Option

For students planning to continue graduate studies in a doctoral program, the thesis is the preferred option for receipt of the M.A. degree in Political Science. Students electing the thesis option must complete 30 hours of graduate course credit. Students selecting the thesis option must complete the core courses and area of concentration requirements and have a written thesis proposal/prospectus approved by the thesis committee prior to enrolling for thesis credit. The remaining credit hours are obtained by taking thesis research (PSC 681) (6 credit hours). The 6 thesis research hours are normally taken in three-hour increments over two successive semesters, immediately preceding graduation, and after course requirements are completed.

All students selecting the thesis option must pass an oral defense. In cooperation with the Director of Graduate Studies, a student should form a thesis committee. The thesis committee assists in selecting and developing the research problem and evaluates the student’s work on that problem. A student who selects the thesis option should outline the thesis option early in his or her studies in consultation with members of the graduate faculty. The student should also determine the graduate faculty member of the department who will serve as chair of the student’s thesis committee.

Non-Thesis Option

Students who select the M.A. degree without a thesis must complete 36 credit hours of graduate coursework with a GPA of at least 3.0 and meet all other requirements. The credit hours include the 18-hour core course requirement, which includes the 12-hour specialization requirement. Nine credit hours must be completed in a minor area of specialization offered by the Political Science Department. The remaining 9 hours may be taken from a variety of graduate level courses offered at Marshall University. All elective courses must enhance the major or minor field and be approved in advance by the Director of Graduate Studies. All students who select the non-thesis option must pass both written and oral comprehensive exams. Both written and oral comprehensive examinations are administered once during the fall and spring semesters.

Choosing Classes

All curriculum choices should be made in consultation with the Director of Graduate Studies. Students should keep in mind that they cannot retake undergraduate/graduate classes they took as an undergraduate student at Marshall University (if applicable).

Advising

Each new graduate student must meet with the Director of Graduate Studies before his or her first semester as a graduate student. Continued advising throughout a student’s tenure at Marshall University is strongly encouraged.

PSYCHOLOGY, M.A.
Graduate Certificate in Clinical Psychology
Graduate Certificate in Behavioral Statistics

Program Description

The M.A. program requires a minimum of 36 graduate credit hours, though students may complete significantly more, depending upon their objectives. A common “core” of 24 credits (see below) is required of all students. The remaining hours are selected in consultation with an advisor to help meet students’ academic and professional goals.
For both educational and ethical reasons, it is important that students obtain education and training that is consistent with their career goals. For example, students who intend to work in applied fields of psychology (e.g. clinical, counseling, school, industrial/organizational) should pursue and complete programs of study that prepare them with the skills, knowledge and supervised experience needed to develop competence in that field; this process is consistent with the APA ethical requirement that psychologists restrict their professional work to areas in which they have developed and maintained competence.

Prospective students in our M.A. program should recognize that the general M.A. program is NOT in itself a clinical training program; students who plan to do clinical work should apply for and complete the entire Graduate Certificate in Clinical Psychology sequence (described in a separate section below), which is designed to prepare graduates for entry-level clinical positions.

Admission Requirements

Deadlines:

• Application for admission to the Psychology M.A. will be received throughout the year and acted on within one week of receipt by the program.

All applicants should follow the admissions process described in the Graduate Catalog, or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp. (Submit all materials to the Graduate Admissions Office.)

Applicants must also have:

• an undergraduate Grade Point Average (GPA) of 3.0 or higher on a 4.0 scale for all previously completed undergraduate university work;

• Graduate Record Exam (General Test) scores no lower than 400 on either the Verbal or Quantitative sections, and a minimum total of 900 on those two sections;

• Completion of the following prerequisite courses: Elementary or Introductory Statistics, Experimental Psychology or Research Methods; Abnormal Psychology; Learning, Social Psychology and Developmental Psychology.

PROVISIONAL STATUS: Students may be admitted to the psychology master’s program with “Provisional” status if either the GRE admission criterion OR the GPA criterion is met. (Students who do not meet either criterion are not eligible for admission to the program.) Provisionally admitted students will be fully admitted to the program when they have completed 12 hours of classes (which must include PSY 517 and 506) from the core courses listed below with no grade being below a B. A student who earns a C or lower in any of the listed core classes during the period of provisional status will not be permitted to take further graduate hours within the psychology department.

Students granted provisional admission status must take:

Statistics (PSY 517)
Psychometrics (PSY 506)
And two of the following:

Biological Bases of Behavior (PSY 674)
Cognitive Psychology (PSY 672)
Advanced or Applied Social Psychology (PSY 606 or 503)
Advanced or Applied Developmental (PSY 615 or 617)

No student may take more than 18 hours in the psychology department nor take any courses in the clinical concentration without receiving full admission to the department.

Provisional students will be assigned an advisor who must approve all course registrations. Provisional students will have a departmental hold placed on their registration to assure advisor approval and compliance with this policy. This hold will be permanently removed upon full admittance.

Students who meet the undergraduate GPA and GRE test score requirements but who are missing no more than two of the required undergraduate prerequisite classes listed above may also be granted provisional admission status. They will then be able to take some graduate classes with the approval of their advisors while completing the prerequisites. However, they may only enroll in graduate classes for which they have taken the prerequisite as an undergraduate. For example, a student who has not had elementary statistics cannot enroll in Intermediate Statistics (PSY 517); a student without an undergraduate social psychology course cannot take Advanced Social Psychology, etc.

Students granted provisional admission status because of missing course prerequisites will be fully admitted to the program upon successful completion of the missing prerequisites and of any graduate courses taken during the provisional period.
Program Requirements

General Requirements
The M.A. program requires a minimum of 36 graduate credit hours, though students may complete significantly more, depending upon their objectives. A common “core” of 24 credits (see below) is required of all students. The remaining hours are selected in consultation with an advisor to help meet students’ academic and professional goals. The Clinical Psychology area of emphasis (see below) requires a minimum of 26 specified credits beyond the core.

2C Rule: Psychology students cannot be admitted to, or continue in, a graduate program in psychology if they earn more than one grade of “C” or lower in any graduate course in psychology or any course included in the plan of study. Such students will not be permitted to continue taking courses or to work on a thesis.

Ethics and Student Behavior: Students in all programs are expected to behave in accordance with the APA Ethical Principles and Code of Conduct. Consequences for violations may include suspension or dismissal from the student’s program of study. When students in the clinical area of emphasis (M.A. program) exhibit behavior indicating inability or limited capacity to successfully perform clinical roles and functions, they may be suspended or dismissed from their program of study.

Plan of Study
Before registration for the 12th graduate credit hour, all graduate students must complete an official Plan of Study form to be approved by the Graduate Director and/or Department Chair and submitted for approval to the Graduate College Office.

Comprehensive Evaluation
A written comprehensive examination is required of all students in the M.A. program. Details about the exam are available from advisors and the program coordinator. In addition, students in the Clinical Psychology certificate program must, as part of their clinical internship, complete a comprehensive evaluation based on identified clinical competencies.

Thesis Option
Students have the option of completing a research thesis. The department has established a set of criteria and procedures for doing a thesis; these are available from advisors. These may be good choices for students intending to continue their education in research-oriented Ph.D. programs. This issue should be carefully discussed with the advisor. Up to 6 credits of PSY 681 (Thesis) may be included as “additional coursework” discussed below.

Curriculum

Core Requirements
- Intermediate Behavioral Statistics (PSY 517). NOTE: if PSY 417 or its equivalent was completed with a B or better as an undergraduate, an additional statistics course must be substituted, in consultation with the student’s advisor.
- Biological Bases of Behavior (PSY 674)
- Cognitive and Emotional Bases of Behavior (PSY 672)
- Advanced or Applied Social Psychology (PSY 606 or PSY 503);
  NOTE: if either course or its equivalent was completed with a B or better as an undergraduate, the student must take the other course at the graduate level.
- Advanced or Applied Developmental Psychology (PSY 615 or PSY 617)
- Psychometrics (PSY 506).
  NOTE: If PSY 406 or its equivalent was completed with a B or better as an undergraduate, an acceptable alternative must be substituted, in consultation with the student’s advisor.
- Ethical and Legal Issues in Psychology (PSY 605)
- M.A. Research Seminar (PSY 692)
Total: 24 credits

Additional Coursework
A minimum of 12 additional credit hours are to be selected in consultation with the advisor. With the advisor’s approval, courses from other departments that are consistent with the student’s academic and career goals may be included in the required 12 additional credits. Students may, and often do, take more than 36 credit hours as part of their degree programs; in preparing their plans of study, students should carefully discuss their academic and career goals with their advisors and other faculty members.

Clinical Psychology Post-Master’s Certificate
The Clinical Psychology certificate consists of 26 credit hours of clinical coursework and supervised clinical experience. It is designed to prepare graduates for master’s degree level clinical roles within professional psychology. Any student who is
fully admitted to the Psychology M.A. program may apply for admission to the clinical psychology post-master’s certificate. More information and application materials are available from advisors and from the Clinical area coordinator.

**Required Courses**

The courses listed below are required for the Clinical Psychology certificate. Those marked with * are restricted to students in the clinical certificate program. Students in the clinical certificate program must take their specialty track courses in South Charleston. It is important to note that students in the clinical area of emphasis must complete the entire track to receive any letters of support or other indication from individual faculty members, the department or the university that the student has achieved appropriate competence in the skills or knowledge bases associated with master’s level clinical training, and such students must complete the entire sequence for the Clinical Psychology Area of Emphasis to appear on their transcripts.

**Curriculum**

*Required:*
- Current Models of Psychotherapy (PSY 533; 3 cr.)
- Diagnosis and Treatment Planning (PSY 608; 3 cr.)
- Individual Psychotherapy and Interviewing (PSY 633; 3 cr.)*
- Assessment of Adults (PSY 610; 3 cr.)*
- Assessment of Children (PSY 611; 3 cr.)*
- Adult Assessment Practicum (PSY 620; 1 cr.)*
- Child Assessment Practicum (PSY 621; 1 cr.)*
- Group Therapy (PSY 634, 3 cr.)*
- Clinical Practicum (PSY 670; 6 cr.)*
- Clinical Internship (PSY 680; 3 cr.)*

*Electives:*
- Psychotherapy with Children (PSY 619; 3 cr.) *
- Adult Diagnosis and Therapy (PSY 630; 3 cr.)*
- Child and Family Diagnosis and Therapy (PSY 635; 3 cr.)*
- Clinical Practicum II (PSY 671; 3 cr.)*

**Admissions**

Applications for admission to the Clinical Psychology Post Master’s Certificate are due by March 15th and will be acted on by April 15th of each year. Students who are already admitted to the MA program may submit a letter of interest to the coordinator. Slots in the Clinical Psychology Certificate Program are limited. The most qualified applicants will be accepted until the slots have been filled. Grade point averages (undergraduate and graduate) GRE scores, and faculty recommendations will be considered.

**Comprehensive Evaluation**

A written comprehensive examination is required of all students in the Clinical Psychology Post Master’s Certificate program. Details about the exam are available from advisors and the program coordinator. Students in the clinical certificate program must, as part of their clinical internship, complete a comprehensive evaluation based on identified clinical competencies.

The following two statements are applicable to all psychology graduate programs:

1. **2-C Rule:** Psychology students cannot be admitted to, or continue in, a graduate program in psychology if they earn more than one grade of “C” or lower in any graduate course in psychology or any course included in the plan of study. Such students will not be permitted to continue taking courses or to work on a thesis.
2. **Ethics and Student Behavior:** Students in all programs are expected to behave in accordance with the APA Ethical Principles and Code of Conduct. Consequences for violations may include suspension or dismissal from the student’s program of study. When students in the clinical area of emphasis (M.A. program) or the Psy.D. program exhibit behavior indicating inability or limited capacity to successfully perform clinical roles and functions, they may be suspended or dismissed from their program of study.
Graduate Certificate in Behavioral Statistics

Psychology and behavioral research are based, in part, upon the assumption of an orderly analysis of empirical data. Within psychology, behavioral statistics offer the foundation for discovery and advancement of the profession and provide the support for the demonstrability of treatment programs and other forms of psychological intervention.

The Graduate Certificate in Behavioral Statistics offers a comprehensive array of statistical tools and analyses that will enable those who complete the certificate both private and public sector opportunity. The certificate represents a balance between the large sample parametric statistics of experimental design [ANOVA] and regression and the areas of non-parametric and small or single subject design.

Certificate holders will be able to create, design, and implement real-world statistical paradigms.

Employers will benefit from the breadth of the program in the graduates’ ability to apply behavioral statistical paradigms to their knowledge base.

Admissions

Applicants interested in the certificate-only program should apply for admission to Marshall University as a Certificate/Professional Development student and select on the application form the Certificate in Behavioral Statistics. The Admissions requirements for the certificate program is the same as for the M.A. program in Psychology.

All credits earned in the Graduate Certificate Program in Behavioral Statistics may be applied to a master’s degree. For example, PSY 517 is a current requirement for the master’s degree in Psychology. Other credits earned in the behavioral statistics program may be applied in part to the elective hours required for the M.A. degree in Psychology.

Requirements: 12 hours

- PSY 517, Intermediate Behavioral Statistics ................................................................. 3 hours
- PSY 623, Experimental Design .................................................................................... 3 hours
- PSY 624, Multivariate Analysis .................................................................................... 3 hours
- And one of the following:
  - PSY 651, Advanced Nonparametric Statistics ......................................................... 3 hours
  - PSY 654, Single Subject Analysis ................................................................................. 3 hours

DOCTOR OF PSYCHOLOGY, PSY.D.

Clinical Psychology (Psy.D.) Program Mission

The primary mission of the Clinical Psychology (Psy.D.) Program at Marshall University is to train doctoral-level psychologists who are highly skilled generalists. Training within the program will foster an appreciation for the importance of critical inquiry at all levels of clinical practice. There is a specific emphasis on developing a sensitivity to the needs of rural and underserved people. The Psy.D. program is accredited by the American Psychological Association.

Model and Goals

The philosophy of the program follows a practitioner-scholar model of education and training; consequently, graduates of the program are trained as practitioners of clinical psychology as an empirically informed field. Education and training within the program emphasize the importance of critical inquiry at all levels of clinical practice, including treatment planning for individual clients, assessment of program outcomes, and the design and execution of rigorous research. The program is dedicated to educating students for professional practice careers. The program faculty has set forth several pertinent goals and objectives to be obtained by students during their time in the program. These goals and objectives are founded on the core competencies of clinical education and training stated by the National Council of Schools in Professional Psychology (NCSPP).

The program exposes students to the following primary clinical orientations: integrative, behavioral, cognitive behavioral, and psychodynamic. In the context of this exposure, we encourage each student to develop an orientation that is best suited to his or her style and situation. We endeavor to support students in their development, whether they prefer to remain eclectic or choose to invest in a particular theoretical orientation. The fact that the faculty represents a variety of orientations fits well with this model. Although the perspectives of clinical faculty vary, they share a common mission to provide education and training that is solidly grounded empirically. We also emphasize that multiple systemic and individual factors must be considered in developing a cooperative relationship between client and therapist that will ultimately lead to more positive life experiences for the client. There is a sharp focus on the impacts of community and culture from a biopsychosocial model of influence on human development. As such, the generalist orientation of the program serves as a model to students that the field of clinical psychology is as diverse as the human population it serves.
**Education and Training Goals and Objectives**

1. The primary goal of the program is to provide high quality graduate education and training in clinical psychology with an emphasis on the role of empirical knowledge as it pertains to clinical practice. As such, students will develop the specific competencies that are the foundation of the education and training model developed by NCSPP.

**Objective 1.1:** Relationship competence: Students are expected to develop the ability to form productive partnerships with clients, peers, supervisors, faculty, and community members.

**Objective 1.2:** Assessment competence: Students are expected to develop competency in clinical assessment as evidenced by knowledge of basic psychometric theory and sound test administration and interpretation skills. In addition, students should be able to demonstrate the use of sound assessment methodologies that allow them to describe their client, to plan a course of intervention, and to assess intervention outcomes.

**Objective 1.3:** Intervention competence: Students are expected to demonstrate the ability to form a coherent, theoretically based, empirically-supported treatment plan that is refined during the course of intervention.

**Objective 1.4:** Research and evaluation competence: Students must demonstrate the ability to conceptualize as appropriate a logical research question, frame it in terms of an operational definition, and develop a sound method for addressing the question. Students must be able to execute the plan and analyze the quantitative and/or qualitative data in a rigorous and systematic manner.

**Objective 1.5:** Consultation and education competence: A rural behavioral health practitioner may often find that the most important function s/he can serve is as a consultant within existing systems. Students will demonstrate competence in distinguishing various types of consultation from direct intervention.

**Objective 1.6:** Management and supervision competence: Students will become knowledgeable in the areas of organization and supervision of psychological services. Students will demonstrate this knowledge in their ability to provide formal and information supervision to less experienced students. They will also demonstrate this knowledge in their ability to function professionally in at least two different agency settings.

**Objective 1.7:** Legal and Ethical competence: Students are expected to understand and abide by the APA Code of Ethics in all professional and academic settings.

**Objective 1.8:** Cultural/Diversity competence: Students will understand the significant impact cultural differences have on clinical practice and be able to articulate those impacts in reference to specific clinical cases. Students will be able to identify cultural differences in an academic sense and demonstrate through program planning and service delivery that the differences are appreciated.

2. The second goal is to ensure that the clinical training of students is thoroughly grounded in the broad scientific areas of psychology.

**Objective 2.1:** Students will demonstrate knowledge in the following broad areas of scientific psychology: biological aspects of behavior; cognitive and affective aspects of behavior; social aspects of behavior; history and systems of psychology; psychological measurement; research methodology; and techniques of data analysis.

**Objective 2.2:** Students will demonstrate knowledge in the following scientific, methodological, and theoretical areas of psychology: individual differences in behavior, human development, dysfunctional behavior and analysis, and professional standards of ethics.

3. Rural areas are characterized by unique needs that are not often met by service delivery models and therapeutic modalities developed primarily in urban settings. Therefore, a third goal is to promote an understanding regarding the impact of rural culture on clinical practice.

**Objective 3.1:** Students will develop an understanding of the diverse forces at work in rural areas that can and do impact various aspects of human development and community functioning.

**Objective 3.2:** Students will be able to articulate alternative service delivery models that may improve access and use of behavioral health services in rural areas.

**Objective 3.3:** Students will be encouraged to seek internships in settings that serve rural populations.

4. Finally, the program seeks to nurture in students the spirit of lifelong learning. In the service of this goal, the faculty strives to create an atmosphere of inquiry in which students are encouraged to utilize a variety of means to answer complex questions related to human nature.

**Objective 4.1:** Faculty and students will regularly engage in formal and informal discussions of current literature and pertinent research issues.

**Objective 4.2:** Faculty and students will be encouraged to regularly attend conferences and workshops that promote critical thinking regarding issues pertinent to the broad field of psychology.

**Program Goals and Objectives**

1. The primary program goal is to enhance the scope and quality of services available in rural areas by increasing the likelihood that doctoral students graduating the program will choose to work in rural and underserved regions, particularly those regions in West Virginia.

*(continued)*
Objective 1.1: As research has shown that students who are native to rural areas and who train there are more likely to return to those areas to practice, the department has determined that 50% of the slots be reserved within the program for residents of West Virginia and the surrounding region. The department anticipates offering the remaining slots to individuals from a broad range of geographic regions and all interested individuals are strongly encouraged to apply.

Objective 1.2: Quality practicum placements are cultivated in rural settings to allow students to be trained in alternative service delivery models.

2. The second program goal is to promote an understanding of the impact(s) of rural culture, particularly Appalachian culture, on human behavior and behavioral health needs.

Objective 2.1: Faculty and students are encouraged to develop research projects that permit the examination of the impact of rural/Appalachian culture.

Objective 2.2: Faculty and students are encouraged to present their work in conferences and workshops that address issues pertinent to rural populations.

Applying to the Psy.D. Program

Prerequisite Coursework. Applicants must have completed a minimum of 18 undergraduate semester hours of psychology, including statistics, experimental psychology or research methods, personality, abnormal psychology, and psychometrics in order to be considered for admission.

Application Deadline and Materials. Students are admitted to the Psy.D. program once per year for classes starting in the Fall semester. Applicants are required to submit the completed application form with all requested supplemental materials, official transcripts of all previous coursework, official report of the Graduate Record Examination (GRE) General Test (scores may not be more than five (5) years old), and three letters of recommendation. Completed applications along with all supporting materials must be received by the January 15 deadline to be considered for admission the following fall. It should be noted that the application process is competitive. Average scores for successful applicants for the verbal and quantitative sections for the GRE are around 550 and 540 respectively. Grade point averages for successful candidates typically range from 3.2 to 3.6. Application materials and current program information can be obtained by contacting the Marshall University Psychology Department, the Marshall University Graduate College Admissions office, or by consulting the Psychology Department Web site at www.marshall.edu/psych.

Applicant review process. Applicants are divided into two groups as follows:

1. Post-B.A.: This track is designed for students who either possess no graduate degree or whose graduate degree is in an area other than psychology. Students who have completed some graduate work towards a master’s degree in psychology but will not have completed the degree prior to admission to the Psy.D. program would also be a part of this track. Students accepted into this track are expected to enroll as full-time students throughout the program. A student accepted through this track may earn a master’s degree in general psychology as he or she makes successful progress toward the Psy.D.

2. Advanced Standing: A student who already has a master’s degree in psychology can apply for advanced standing in the Psy.D. program. In order to apply for advanced standing, a student must have completed a master’s degree in psychology from a regionally accredited institution. Students who are admitted with advanced standing must select to enter in either a full-time track or a part-time track by the end of their first semester of enrollment. These tracks are described below:

Full-time track: Students who apply for advanced standing and the full-time track must be able to document coursework and practicum equivalencies equal to approximately 36 hours of coursework required in the Psy.D. program at Marshall University. Review of equivalencies is described in the next section. Students in the full-time track must commit to a minimum of 9 hours of coursework and practica per semester during the entire time of their enrollment. They also must commit to taking summer coursework as needed. As such, these students can anticipate completing the program in approximately four years. This would assume 5-6 semesters of coursework and a full year for the pre-doctoral internship. Students admitted to the full-time track can apply to change to the part-time track if their circumstances warrant such a change. Although students with extenuating circumstances may drop below full-time for a given semester without changing tracks, they should recognize that this change may impact the time it will take to complete the program. Students in this track desiring to attend part time for more than one semester may be required to switch formally to the part-time track.

Part-time track: Students who apply for advanced standing and the part-time track are not required to document equivalencies at any particular level, although they must still possess a master’s degree in psychology from an accredited institution. Students in the part-time track may enroll either full-time or part-time in any given semester with the exception of the residency year, described in the next section. During the residency year, full-time enrollment is required. Students in this track should anticipate completing the program in no fewer than 5 years and no more than 7 years from the date of enrollment.

Vertical Team Practica: Practica in the program are arranged according to vertical teams. Each team is led by a clinical faculty member who is a licensed psychologist. Teams are organized around a particular orientation to clinical conceptualization and treatment planning. Teams include students at all levels of training and allow newer students to be
exposed to practica in which they may be placed as they progress through the program. Vertical team arrangements also allow more experienced students to become mentors to more junior students.

**Comprehensive Evaluation Process:** All students admitted to the program must complete the portfolio evaluation review as part of the comprehensive evaluation process. In addition, students who are admitted without a master’s degree will take a written comprehensive prior to being awarded the master’s degree.

**Doctoral Research Project:** All students are required to complete a doctoral research project prior to receiving their Psy.D. degree. Details of the doctoral research process are discussed in the Psy.D. Student Handbook.

**Internship Requirement:** All students are required to complete a one year, full time (or two year, half time) internship in clinical psychology at an approved internship training site. There are a very limited number of local approved sites and students should anticipate the possibility of relocation during this portion of the training period. Please contact the Psy.D. program coordinator for additional information concerning this requirement.

**Residency Requirement:** All students are required to enroll as full time students for a one year “residency” period. For most students, this will be the 4th year, when students focus on their doctoral research and their rural practicum placements.

**Rural Practicum Placement:** A key component of our program is training in and supervised delivery of psychological services in rural settings. All students will spend at least one academic year (two sequential full semesters) placed in an approved rural training site. This placement will require driving to the site and may require an overnight stay each week. More information about this part of the program is available from the Psy.D. program coordinator and/or the Practicum Coordinator.

**Scheduling of Coursework:** Courses are offered during Fall, Spring and Summer terms, with most courses offered no more than once per year. Students must plan to take courses during each term to make appropriate progress through the curriculum.

Other information about program (e.g. comprehensive exams, specific procedures for requesting evaluation of prior graduate coursework, graduate assistantships and other student funding opportunities; the doctoral program fee charged to students each semester of enrollment) is available from the psychology department; please contact the Psy.D. Program Coordinator.

**Accreditation**

Marshall University's Psy.D. is fully accredited by the American Psychological Association. In addition, Marshall University is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools (30 North LaSalle Street, Suite 2400, Chicago, IL 60602-2504). The Psy.D. program has also been recognized as a designated program by the National Register/Association of State and Provincial Boards of Professional Psychology. The Psy.D. program is also a member of the Association of Psychology Postdoctoral and Internship Centers (APPIC).

**Course Requirements**

Below are the courses required for the Psy.D. program. A curriculum by year can be found by visiting the website at www.marshall.edu/psych.

**I. Foundational Psychotherapy**

PSY 633, Individual Interviewing & Psychotherapy (3 cr.)

**II. Foundational Assessment**

PSY 706, Integrated Assessment I (3 cr.)
PSY 707, Integrated Assessment I Practicum (1 cr.)
PSY 708, Integrated Assessment II (3 cr.)
PSY 709, Integrated Assessment II Practicum (1 cr.)
Optional: PSY 710, Advanced Assessment (3 cr.)

**III. Biological Bases of Behavior**

PSY 674, Biological Bases of Behavior (3 cr.)
PSY 618, Psychopharmacology (1 cr.)
PSY 750, Behavioral Health Psychology (3 cr.)

**IV. Cognitive and Affective Aspects of Behavior**

PSY 672, Cognitive and Emotional Bases of Behavior (3 cr.)

**V. History and Systems of Behavior**

PSY 560, History and Systems of Psychology (3 cr.)

(continued)
VI. **Research Methodology and Data Analysis**
PSY 517, Intermediate Statistics (3 cr.)
PSY 723, Clinical Research Methods (3 cr.)
Choose one of the following:
   - PSY 717, Advanced Quantitative Methods (3 cr.)
   - EDF 625, Qualitative Research in Education (3 cr.)
   - PSY 799, Doctoral Research (6 or more cr.)

VII. **Human Development and Individual Differences**
PSY 615, Advanced Developmental Psychology (3 cr.)
PSY 712, Geropsychology (3 cr.)
PSY 764, Human Sexuality and Dysfunction (3 cr.)

VII. **Psychopathology**
PSY 608, Differential Diagnosis and Treatment Planning (3 cr.)

IX. **Professional Standards and Ethics**
PSY 605, Ethics, Legal, and Professional Issues (3 cr.)

X. **Social Aspects of Behavior**
PSY 606, Advanced Social Psychology (3 cr.)

XI. **Cultural and Individual Diversity**
PSY 755, Rural/Community Psychology I (3 cr.)
PSY 726, Cross-Cultural Psychology (3 cr.)

XII. **Advanced Psychotherapy**
PSY 635, Child and Family Therapy (3 cr.)
PSY 732, Behavior Therapy (3 cr.)
PSY 731, Psychodynamic Therapy (3 cr.)
PSY 733, Cognitive Psychotherapy (3 cr.)
PSY 752, Rural/Community Psychology II (3 cr.)
PSY 634, Group Therapy (3 cr.)

XIII. **Consultation and Supervision**
PSY 753, Supervision in Clinical Psychology (3 cr.)

XIV. **Clinical Practica**
PSY 670, Practicum I (3 cr.)
PSY 671, Practicum II (3 cr.)
PSY 769, Practicum in Clinical Psychology (3 cr.)
PSY 713, Advanced Assessment Practicum (2 cr.)
PSY 714, Advanced Assessment Practicum (2 cr.)
PSY 770, Advanced Practicum in Clinical Psychology (3 cr.)
PSY 771, Advanced Practicum in Clinical Psychology (3 cr.)
PSY 772, Rural Practicum I (3 cr.)
PSY 773, Rural Practicum II (3 cr.)

XV. **Internship**
PSY 780-783, Pre-Doctoral Internship (3-9 cr.)

XVI. **Clinical Seminar**
PSY 790-796, Clinical Seminars (3 cr. each/2 required)

XVII. **Teaching Experience (Optional)**
PSY 600, Teaching Seminar (3 cr.)
The following two statements are applicable to all psychology graduate programs:

1. **2-C Rule**: Psychology students cannot be admitted to, or continue in, a graduate program in psychology if they earn more than one grade of “C” or lower in any graduate course in psychology or any course included in the plan of study. Such students will not be permitted to continue taking courses or to work on a doctoral research project.

2. **Ethics and Student Behavior**: Students in all programs are expected to behave in accordance with the APA Ethical Principles and Code of Conduct. Consequences for violations may include suspension or dismissal from the student’s program of study. When students in the clinical area of emphasis (M.A. program) or the Psy.D. program exhibit behavior indicating inability or limited capacity to successfully perform clinical roles and functions, they may be suspended or dismissed from their program of study.

**Education/Training Outcomes for the Psy.D. Program**

In keeping with APA Accreditation Guidelines, the following information is provided to permit students considering application to the Psy.D. program to make an informed decision.

**Timeframe for Program Completion.** The Psy.D. Program is designed to be a five year, full-time program. On average, students attending the program full time complete the program in that time frame. Those attending half-time include only those students who have completed a master’s degree prior to entry. For these students, average length of completion time is approximately 5.5 years.

**Tuition and fees.** Because tuition and fees are subject to change on an annual basis, students are encouraged to contact the Bursar’s Office at 1-800-438-5389 or the website at www.marshall.edu/bursar to obtain current program costs.

**Internship acceptance rates.** The program has had a total of 32 students apply for internship as of AY 2009-2010. Figures for internship acceptance are as follows:

- Percent obtaining internships: 100%
- Percent obtaining paid internships: 100%
- Percent obtaining internships at APPIC sites: 63%*
- Percent obtaining internships at APA sites: 56%*

*The program maintains an affiliated internship which is relatively new and thus not affiliated with Association of Psychology Postdoctoral and Internship Centers (APPIC) at this time nor is it eligible for accreditation. Approximately 34% of our students have chosen this option rather than applying to the national match.

**Attrition.** At present, the overall attrition rate is 6%.

**Licensure outcomes.** The program claims a licensure rate of 68%.

**SOCIOMETRY, M.A.**

**Area of Emphasis**

- Anthropology
- Minor in Anthropology
- Minor in Sociology

**Program Orientation**

The Department of Sociology and Anthropology at Marshall University offers a supportive environment for students who wish to pursue advanced training in sociology or anthropology as well as those for whom the Master’s level is the final degree. The curriculum is designed to provide our students with a wide range of options in pursuit of their academic and professional goals and interests, while also providing solid training in core foundational aspects of the two disciplines. Students learn both qualitative and quantitative research methods and are exposed to a variety of subfields and theoretical perspectives. Faculty core strengths include: theory, social movements and social change, inequality, stratification, deviance, cultural diversity, social interaction and group processes, world systems/globalization, social institutions (religion, family, work and occupations, health care, politics and the economy), criminology, gerontology, qualitative and quantitative research methods, and advanced statistical analysis.

**Admission Requirements**

Interested students may seek admission to the program for full-time or part-time studies, with preferred entrance in the fall semester of each year. To receive full consideration all application materials must be received by the Graduate Admissions
Office by April 15 for the Fall semester and by November 15 for the Spring semester. Students should plan to take the GRE as early in the year as possible. Applicants should follow the admission process outlined in the Graduate Catalog or at the Graduate College website at www.marshall.edu/graduate/admissionsrequirements.asp.

In addition to the materials described in the Catalog and on the Web site, applicants for regular admission to the Master of Arts in Sociology must submit to the Graduate Admissions Office:

- A personal statement describing interests in the program and future plans;
- Standardized test scores (GRE);
- International students must provide evidence of English language proficiency such as the TOEFL;
- Evidence of a minimum of 12 credit hours of undergraduate sociology course work;
- Undergraduate grade point average (GPA), overall and in sociology;
- A writing sample: a copy of one paper (10-25 pages) from an undergraduate course, preferably a sociology or anthropology course; and
- Two letters of recommendation from persons familiar with the applicant’s academic or professional competence.

Admission to the program is offered to a limited number of qualified students demonstrating academic excellence and professional promise. Applicants who have submitted a complete application, who fulfill the requirements stated above, and who have achieved a combined GRE score of 651 will be considered for Full Admission. Students who do not fulfill all requirements stated above (including the minimum GRE score) may be considered for admission on a provisional or conditional basis. (See definitions of Provisional and Conditional admission in this catalog).

Requirements

In addition to regular courses and seminars, students are expected to contribute to their professional growth through interaction with the faculty and other graduate students as well as from independent study and reading. A student must earn at least a 3.0 GPA in all Sociology and Anthropology classes as a requirement for graduation. A student who receives a second grade of C or below while pursuing the MA in Sociology must review her/his academic plans with the department’s Director of Graduate Programs; this review may result in the student being dismissed from the program.

The Sociology Master of Arts degree requires the completion of 33 hours of coursework plus SOC 681 thesis hours for the Thesis Option, or completion of 36 hours of coursework plus SOC 679 for the Non-Thesis Option. The curriculum is structured around a set of core requirements and a set of disciplinary focus areas that together provide a strong foundation in sociological theory, research methods and data analysis. At least half of the minimum required hours for the student’s master’s degree must be earned in classes numbered 600 or above. Students, in consultation with their advisor, must complete an official “Plan of Study” during their first semester or before completion of 12 credit hours. The Plan of Study must be approved by the Director of Graduate Programs in the department before submission for approval to the Office of the Graduate College. All students must successfully pass comprehensive exams to demonstrate broad comprehension and synthesis of sociology (and, in case the Anthropology Area of Emphasis is chosen, also anthropology); the comprehensive exam will be in conjunction with the defense of the thesis for students choosing that option or will be an examination in an appropriate form after the approval of a problem report.

Core Requirements

All students are required to complete 15 hours of core courses:

- SOC 600 Classical Sociological Theory
- SOC 601 Contemporary Sociological Theory
- SOC 605 Qualitative Research Methods and Analysis
- SOC 606 Quantitative Research Methods and Analysis
- SOC 609 Professional Development

SOC 605 and SOC 606 is a two-course research methods sequence that should be completed by all students during the first academic year in the graduate program if possible (or within the first 12 graduate credit hours for part-time students). Exceptions are made for students who must take prerequisite courses before enrolling in this sequence.

Electives (18 hours for thesis option and 21 hours for non-thesis option; for the specific requirements for the Anthropology Area of Emphasis see below)

The department offers a variety of electives which are bundled in four disciplinary focus areas and an area of emphasis in anthropology. Graduate level courses from other departments may be taken with approval from the Director of Graduate Studies and the course instructor.

To guarantee breadth of education, courses from more than one focus area have to be taken. Note that some classes contribute to more than one focus area; a student can count such classes in more than one focus area for this requirement, but must of course still meet the requirement for the total number of credit hours.

To guarantee depth, students also have to take more courses of a particular focus area, declare a minor, or opt for the area of emphasis in anthropology as described below.
Breadth:
Non-thesis option: One course from each focus area 1 thru 4 (12 hrs.)
Thesis option: Thesis related to one focus, one course from each of the three remaining focus areas (9 hrs.)

Depth:
Additional courses from one focus area or a Minor (9 hrs.)

Focus area 1: Organizations and Institutions
SOC 508 The Family
SOC 533 Sociology of Work
SOC 550 Sociology of Religion
SOC 564 Complex Organizations
SOC 580 Special Topic (dependent on content)
SOC 668 Seminar (dependent on content)

Focus area 2: Stratification and diversity
SOC 523 Social Class, Power and Conflict
SOC 525 Race and Ethnicity
SOC 532 Sociology of Appalachia
SOC 555 Sociology of Sex and Gender
SOC 655 Feminist Social Theory
SOC 580 Special Topic (dependent on content)
SOC 668 Seminar (dependent on content)

Focus area 3: Demography, health, and human environments
SOC 501 Population and Human Ecology
SOC 528 Medical Sociology
SOC 532 Sociology of Appalachia
SOC 540 Introduction to Sociology of Aging
SOC 542 Urban Sociology
SOC 552 Sociology of Death and Dying
SOC 640 Problems and Prospects for an Aging Society
SOC 580 Special Topic (dependent on content)
SOC 668 Seminar (dependent on content)

Focus area 4: Social problems and collective behavior
SOC 513 Social Movements and Social Change
SOC 520 Criminology
SOC 535 Juvenile Delinquency
SOC 560 The Holocaust and Genocide
SOC 602 Contemporary Social Change
SOC 620 Criminology
SOC 640 Problems and Prospects for an Aging Society
SOC 580 Special Topic (dependent on content)
SOC 668 Seminar (dependent on content)

Anthropology Area of Emphasis (12 credit hours)
The requirements for the Area of Emphasis include:
   ANT 600 Ethnographic Methods
   ANT 567 Culture through Ethnography or ANT 591 Theory in Ethnology
An additional two classes (6 credit hours) of courses at the 500- or 600-level in Anthropology as approved by the student’s advisor and the Graduate Program Director in the Department of Sociology and Anthropology and included in the Plan of Study mentioned above.

(continued)
Students who opt for the Anthropology Area of Emphasis have to choose courses from two out of the four sociology focus areas if they write a thesis or from three out of the four sociology focus areas if they write a problem report to comply with the breadth requirements discussed above.

**Sociology Minor**

A minor in sociology is earned by taking at least 6 credit hours in courses at the 500- or 600- level in Sociology as approved by the student’s advisor and the Graduate Program Director in the Department of Sociology and Anthropology.

**Anthropology Minor**

A minor in anthropology is earned by taking at least 6 credit hours in courses at the 500- or 600- level in Anthropology as approved by the student’s advisor and the Graduate Program Director in the Department of Sociology and Anthropology.

**SPANISH, M.A.**

**Program Description**

The M.A. in Spanish provides an opportunity for students to further their knowledge of the Spanish language and of the cultures and literatures of the Latin/Hispanic world. Students completing this degree would increase their qualifications as secondary education teachers or would be prepared to pursue a Ph.D. in Spanish.

**Admission Requirements**

Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

**In addition:** (send all materials directly to the Graduate Admissions Office)

- Undergraduate degree in Spanish or an undergraduate degree in any field in liberal arts and proven preparation in and command of the Spanish language; or educated native speaker with an appropriate command of the Spanish language;
- Undergraduate GPA of 3.0 on a 4.0 scale for all previously completed undergraduate university work; GRE scores;
- Three letters of recommendation, at least two of which are from individuals familiar with the student’s academic abilities;
- Admission examination (interview, essay, and short translation) in the Department of Modern Languages, which will evaluate students on all four language skills: reading, writing, listening and speaking;
- Study abroad strongly encouraged before starting the program or shortly after.

**Program Requirements**

- Students must develop a Plan of Study with the Director of Graduate Studies. A Plan of Study approved by the department/program and the graduate dean must be filed in the Graduate College office before the student registers for the 12th semester hour.
- Grade Point Average in all graduate courses must be maintained at or above 3.00.
- A final, written comprehensive examination.
- Completion of ACTFL Oral Proficiency Examination, at the student’s expense, is required. This examination is administered by the American Council of Teachers of Foreign Languages and can be completed by telephone.

**Required Introductory Courses:**

- SPN 533, Intensive Spanish Grammar Review or SPN 544, Bilingual Contrastive Grammar
- SPN 655, Introduction to Spanish Linguistics
- SPN 656, Critical Theory for Spanish/Latin American Literature
- SPN 535, Culture and Civilization: Contemporary Latin America or SPN 436/536 Culture and Civilization: Contemporary Spain.

The following options are available to pursue. Thesis Option 1 or 2 or Non-Thesis Option.

**Thesis Option 1:**

- Required/Introductory courses above (four): 12 hours
- Applied linguistics courses online from the Universidad A. de Nebrija (four): 12 hours
Spanish or Latin American literature (two): 6 hours
Thesis in (Spanish or Latin American) literature: 6 hours
Total: 36 hours

**Thesis Option 2:**
- Required/Introductory courses above (four): 12 hours
- Spanish or Latin American literature (four): 12 hours
- Applied linguistics courses online from the Universidad A. de Nebrija (two): 6 hours
- Thesis in applied linguistics: 6 hours
Total: 36 hours

**Non-Thesis Option:**
- Required/Introductory courses above (four): 12 hours
- Applied linguistics courses online from the Universidad A. de Nebrija (four): 12 hours
- Spanish or Latin American literature (four): 12 hours
Total: 36 hours
BIOLOGICAL SCIENCES, M.S., M.A.
Area of Emphasis
Watershed Resource Science

Program Description
The Department of Biological Sciences at Marshall University offers Master of Science (M.S.) and Master of Arts (M.A.) degrees with a major in Biological Sciences.

The Master of Science (M.S.) degree in Biological Sciences is preparation for further study or employment requiring research experience in areas ranging from cellular and molecular to evolutionary and population biology. The M.S. degree requires a thesis. An M.S. student must be mentored by a faculty member, so applicants are encouraged (but not required) to contact potential faculty advisors about research projects and graduate assistantships prior to application for admission. Information about faculty may be accessed through the Biological Sciences website (www.marshall.edu/biology).

The Master of Arts (M.A.) degree does not require a thesis and allows students to strengthen their education in Biological Sciences through the completion of advanced coursework.

Admission Requirements
Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp. Application deadlines are April 15 and November 15 for Fall and Spring admissions, respectively.

Applicants should send these materials directly to the Graduate Admissions Office:
• three letters of recommendation from academic or professional references;
• a written statement of educational and professional goals (250-500 words);
• Graduate Record Exam (GRE) scores. Applicants must specify that official test scores are to be sent directly to Marshall University.

Applicant must also have:
• A combination undergraduate GPA of 2.75 on a 4.0 scale for all previously completed undergraduate university work and 1100 GRE score (composite verbal and quantitative test scores) and an undergraduate GPA in biology courses of 3.0 or higher on a 4.0 scale for all previously completed undergraduate university work.

Graduate Assistantships
Students interested in applying for teaching assistantships must submit a completed Application for Graduate Assistantship by April 15 or November 15 for the Fall or Spring semester, respectively. The Application for Graduate Assistantship Form is available from the Department of Biological Sciences, One John Marshall Drive, Huntington, WV 25755.

Requirement for All Degrees
A Plan of Study approved by the student’s advisor must be submitted for approval to the Graduate College Dean before the student registers for his or her 12th semester hour. The Plan of Study is a student’s “blueprint” for completing graduation requirements. Students must also have a thesis committee (M.S.) or advising committee (M.A.) consisting of no fewer than three faculty (including the student’s advisor) assembled by the end of their first year. Students must meet with their committees at least once within their first year and at least once per semester (excluding the defense) in subsequent years.

M.S. Degree Requirements
• Students must complete at least 32 hours of graduate coursework, including the thesis. The maximum amount of credit that may be earned for the thesis (BSC 681) is 12 hours.
• Candidates for the M.S. degree must register for and participate in six hours of Graduate Seminar (BSC 660 and 661 during their first year and BSC 662 in at least two subsequent semesters) during each of the semesters in which they are actively enrolled in the graduate program and complete at least 18 hours in graded BSC electives at the graduate level (which may include BSC 660, 661, 662, and 681).
• Not more than 6 hours of seminar (BSC 660, 661, 662) may be used to complete the 32-hour requirement.
• Not more than 4 semester hours credit in Independent Study (BSC 585-588) or Special Problems (BSC 650-652) may be used to complete the 32 hour requirement, and these may only be applied beyond the 18 hours in BSC graduate credits.
• Students may elect to take 6 hours of graduate work in a minor field.
• Successful completion of the program in Biological Sciences requires a GPA of 3.0 or higher, and no more than 6 credit hours of “C” grades may be applied to the total hours for graduation. Upon completion of course requirements and the thesis, M.S. candidates must pass a comprehensive oral examination.

M.A. Degree Requirements
• Students who select the M.A. option must complete a minimum of 36 hours of graduate coursework.
• M.A. candidates do not conduct thesis research. The Graduate Seminar, BSC electives, Independent Study/Special Problems, GPA, “C” grades, and comprehensive oral exam requirements are as stated for the M.S. degree.

Area of Emphasis in Watershed Resource Science

Watershed Resource Science as an area of emphasis in Biological Sciences will provide participating students with a systematic and integrated approach to the study of water resources as well as the analysis and implementation of the most effective way to assess their quality and manage their use and conservation. In this program, the integration of course offerings in assessment, informatics, and management into traditional and integrated science curricula provides students with the knowledge base necessary to effectively and innovatively assess and manage water resources.

Admissions Requirements for Watershed Resource Science Area of Emphasis
• Must be admitted to the BSC master’s degree program;
• Must have a bachelor’s degree which includes a minimum of 6 courses from the following disciplines: two courses in mathematics (must include 1 semester of calculus and one semester of statistics); two courses in physical science (physics, chemistry, geology, etc.); and two courses in life science (biology, agronomy, microbiology, etc.).

Degree Requirements for Watershed Resource Science Area of Emphasis
• The curriculum of this program is made up of a research component, a core of required courses, and specialization in either environmental assessment, environmental management, or environmental informatics.
• Students choosing the M.S. option must complete 32 hours of coursework including up to six hours of thesis.
• Students choosing a non-thesis option will receive an M.A. degree and must complete 36 hours of credit.
• The M.A. degree also requires completion of a minimum of three hours of independent study credit.
• A minimum of sixteen hours for M.S. and eighteen hours for M.A. degrees must be completed in coursework at the 600 level.
• A successful graduate must complete the research core, which may be a thesis (M.S.) or independent study (M.A.) project, the core of required courses, and courses in a specialization chosen in collaboration with a faculty advisor.

CHEMISTRY, M.S.

Program Description

The Master’s Degree in Chemistry is a two-year program intended primarily for individuals interested in advanced training in chemistry and related disciplines in preparation for doctoral programs or for careers in industry, government, or postsecondary school education. Students are expected to be well grounded in one or more of the program’s five areas of specialization: Analytical Chemistry, Biochemistry, Inorganic Chemistry, Organic Chemistry, and Physical Chemistry. The Department of Chemistry currently offers both a thesis and non-thesis option for the Chemistry M.S. degree.

Admission Requirements

Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

In addition, applicants must:
• hold an undergraduate degree in Chemistry;
• have GRE (Graduate Record Exam) scores sent to Graduate Admissions.
Program Requirements

General Requirements

Students are required to complete 32 and 36 hours of graduate credit (see below) for the thesis and non-thesis options, respectively. No more than six hours of Special Topics courses may be counted in the minimum hours required by either route; any exceptions require specific departmental approval.

Students following the thesis option will receive up to 12 hours credit for 682 and one hour each for 631 and 632. The remaining 18 hours of graduate credit will come from courses in the various areas of chemistry, chosen in consultation with one’s advisor. It is required that at least three of the five areas be represented in the Plan of Study (see below), and it is recommended that all courses pertaining to the area of one’s research be included.

Plan of Study: A newly admitted student will take placement examinations the week before the beginning of the first term of study and then should meet with his or her advisor before registering for classes. The student and advisor will develop a Plan of Study or blueprint for graduation requirements. The Plan of Study must be on file in the Graduate College office before the student registers for the 12th semester hour. Programs will be adjusted to reflect major interests and prior training of the student.

Non-Thesis Option

The non-thesis option is a seldom-utilized alternative route available for students currently employed full-time and requires department authorization. Basic requirements are the same as the thesis option; however, it requires 36 hours of graduate credit and a problem report followed by a public lecture. This program organization ensures that all students develop research, writing and public speaking skills regardless of their area of concentration. Due to limitations in course offerings, this option may require more than two years to complete.

Thesis Option

The preferred route requires a thesis with 32 hours of graduate credit, two public lectures, and an oral thesis defense. The Master of Science thesis demonstrates that you are capable of pursuing a program of original and independent research, that you can formulate and carry out a research project, and that you can report on the project in a proper scientific manner. The thesis option prepares students for technical careers in industry, or for further study toward a more advanced degree. This option requires advanced coursework in chemistry, biochemistry, or environmental chemistry and research, with the latter culminating in an M.S. thesis.

Shortly after entering the program students select a faculty advisor based on their research interests and agree on a research problem. Under the guidance of their faculty advisor students carry out the research program, select a graduate research committee and write and defend the thesis in a final oral examination.

The defense of the thesis will take place when the student, the research advisor, and the graduate research committee agree that a defensible copy of the thesis is complete. The thesis examination is graded on a pass/provisional pass/fail basis. To pass the examination, there can be no more than one unsatisfactory grade from the committee members. A student who fails may submit another thesis or a revised version upon approval of the student’s committee. A student may only be re-examined once. A student earning a provisional pass will generally be required to make minor revisions or corrections to the thesis.

MATHEMATICS, M.A.
Minor in Mathematics

Program Description

The Master of Arts degree in Mathematics is offered by the Department of Mathematics. This is a two-year program designed to prepare students for positions in industry, government agencies, or business, for further graduate study at the doctoral level, and for teaching positions at the secondary or two year college level.

NOTE: An area of emphasis in mathematics, Math through Algebra I, is offered by the M.A. degree programs in Elementary Education and Secondary Education. These programs, which are offered through the College of Education and Human Services and the Graduate School of Education and Professional Development, are intended to meet the needs of public school teachers (K-12).

Admission Requirements

Applicants should follow the admissions process described in the Graduate Catalog, or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.
In addition:
- Applicants must also submit GRE scores to Graduate Admissions. The scores are considered when awarding graduate assistantships and during initial advising.
- To ensure full consideration for admission, applicants must submit duly completed applications, including all required admission credentials to the Graduate Admissions Office at least two weeks before the beginning of the upcoming semester.
- Applicants wishing to be considered for the Graduate/Teaching Assistantship are advised to have all required credentials submitted by May 15 for the fall semester and by November 15, if admission is for the spring semester.

**Degree Requirements**

A Plan of Study approved by the department/program and the graduate dean must be filed in the Graduate College office before the student registers for the 12th semester hour.

For graduation, a student is required to pass at least 36 approved credit hours, of which 18 credit hours must be at the 600 level. These 18 credit hours may include Special Topics, but neither Thesis nor Independent Study. A maximum of 6 credit hours of Thesis shall count toward the 36-hour requirement. Students must pass or be exempted from each of MTH 528 – Advanced Calculus II, MTH 546 – Probability and Statistics II, and MTH 552 – Modern Algebra II. Students may choose either to write and defend an acceptable thesis or pass a comprehensive oral examination. Teaching Assistant Seminar hours do not count toward graduation.

The specific coursework requirements for the program are:

- 18 credit hours of 600-level courses, excluding Thesis and Independent Study.
- 18 additional credit hours at the 500-level or higher, which will include MTH 528, 546, and 552 unless exempted. These additional credit hours may also include an optional 6 credit hours at the 500-level or higher from another department at Marshall offering a graduate program as a minor.

**Comprehensive Oral Exam:** With the approval of the Assistant Chair for Graduate Studies, the student will select three graduate courses at the 600 level demonstrating a depth of knowledge in those areas of mathematics. The student will select, with the approval of the Assistant Chair for Graduate Studies, a committee consisting of three faculty members. The chairman of the Oral Examination Committee must have the level of Graduate Faculty Status as determined by the Graduate College.

**Assistantships and Financial Support**

Applicants wishing to be considered for the Graduate/Teaching Assistantship must submit a separate application form to the Assistant Chair for Graduate Studies. This application can be obtained from the Department of Mathematics. The application must be accompanied by three letters of reference and a personal statement.

For complete information on graduate assistantships please see [www.marshall.edu/graduate/assistantships.asp](http://www.marshall.edu/graduate/assistantships.asp) and [scholarshipflyer.pdf](http://www.marshall.edu/graduate/forms/scholarshipflyer.pdf).

**Minor in Mathematics**

The Department of Mathematics also offers a minor in mathematics. A minor is earned by taking at least 6 credit hours in courses at the 500- or 600-level in Mathematics as approved by the student’s advisor and the Assistant Chair for Graduate Studies in the Department of Mathematics.

**PHYSICAL AND APPLIED SCIENCE, M.S.**

**Areas of Emphasis**

- Chemistry Area of Emphasis
- Modeling Area of Emphasis
- Geology Area of Emphasis
- Mathematics Area of Emphasis
- Physics and Physical Science Area of Emphasis

**Minor in Geobiophysical Science**

The Master of Science in Physical and Applied Science, offered in cooperation with the Departments of Chemistry, Geology, Integrated Science and Technology, and Mathematics, is intended to provide the opportunity for students with diverse qualifications to improve the depth and breadth of their knowledge in the Physical Sciences.
The degree offered is a M.S. in Physical and Applied Science, with an Area of Emphasis in one of the following: Chemistry, Geobiophysical Modeling, Geology, Mathematics, Physics.

The area of emphasis in Geobiophysical Modeling is interdisciplinary, with core courses in Remote Sensing and GIS Modeling. Thereafter, students may choose from areas of concentration in Aquatic, Terrestrial or Biophysical Systems and Models.

Admission Requirements

Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

Degree Requirements

A Plan of Study approved by the student’s advisor must be submitted for approval to the Graduate College Dean before the student registers for his or her 12th semester hour. The Plan of Study is a student’s “blueprint” for completing graduation requirements.

Programs will be designed to meet individual needs. Students must consult with their advisors for specific requirements. The writing of a thesis is optional in all areas of emphasis.

If the thesis option is chosen, a minimum of 32 hours is required, including not more than 6 hours for the thesis. Without the thesis, 36 hours are required.

NOTE: These are general guidelines. Individual departments may have their own requirements.

Hours

**Minimum requirements**........................................................................................................32-36

- Area of Emphasis (Chemistry, Geobiophysical Modeling, Geology, Mathematics, Physics)........................................................................................................ 12-18
- Minor area (Chemistry, Geobiophysical Modeling, Geology, Mathematics, Physics)........................................................................................................ 6
- Electives..................................................................................................................................... 12-18

Minor in Geobiophysical Science

The Department of Physics and Physical Science also offers a minor field in Geobiophysical Science. Please contact the Department Chair for information about this minor.
School of Medicine

Dr. Charles McKown, Dean
http://musom.marshall.edu

Biomedical Sciences, M.S., Ph.D.
Forensic Science, M.S.

BIOMEDICAL SCIENCES, M.S., Ph.D.
Areas of Emphasis
   Medical Sciences
   Cancer Biology
   Cardiovascular Disease, Obesity, and Diabetes
   Molecular Mechanisms of Pathogens
   Neuroscience and Developmental Biology
   Toxicology and Environmental Health Sciences

Program Description
The basic science departments of the Joan C. Edwards School of Medicine offer an interdisciplinary program leading to the Master of Science and Doctor of Philosophy degrees in Biomedical Sciences. The primary aim of the Biomedical Sciences (BMS) Program is to produce graduate students who are broadly based in the biomedical sciences with definite interests and special in-depth training in one of the following areas of emphasis: cancer biology; cardiovascular disease, obesity, and diabetes; molecular mechanisms of pathogenesis; neuroscience and developmental biology; and toxicology and environmental health sciences. These areas are designed to be flexible and research oriented in order to develop the interests, capabilities and potential of all students pursuing careers in academic or industrial biomedical sciences.

In addition, the BMS Program offers a non-thesis Master of Science degree in a medical sciences area of emphasis for students wishing to pursue non-research careers in the health professions or in biotechnology and pharmaceutical industries. This area of emphasis is also designed to improve the science foundation of students seeking admission into doctoral programs in medicine. Admission into this Program does not guarantee admission into medical school. Students in this area of emphasis are required to pay a Health Professions Fee each semester while enrolled in the program. Because of the nature of the curriculum, applicants to the medical sciences area of emphasis will only be considered for admission for the Fall semester.

The Biomedical Sciences Doctor of Philosophy Degree program accepts a very limited number of students to study concurrently with the Doctor of Medicine degree. Individuals must be admitted into each program separately.

Admission Requirements
Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp

Applicants must also meet the admissions requirements of the Graduate Studies Committee of Marshall University’s Joan C. Edwards School of Medicine. Interested persons should contact the Office of Research and Graduate Education, Byrd Biotechnology Science Center, Marshall University School of Medicine, One John Marshall Drive, Huntington, WV 25755 or via the Internet at www.bms.marshall.edu/admissions.

Minimum Requirements for Admission into Master of Science and Doctor of Philosophy Program
All applicants must have baccalaureate degrees in one of the sciences, with one year of general biology, physics, general chemistry, and organic chemistry, all with associated laboratories. Although calculus and physical chemistry are not requirements for admission, they may be required for certain areas of emphasis and are highly recommended.

- Graduate Record Examination (General) scores (minimum of 1,000 Verbal and Quantitative) or MCAT scores (medical science area of emphasis only, minimum of 20 total),
- three letters of recommendation from references familiar with the applicant’s relevant academic/professional performance and
- a personal statement describing educational and career goals.
- A score of 80 on the Internet-based TOEFL examination or 550 on the paper-based TOEFL examination
Duration of Degree Programs

Students generally complete the requirements for the Master of Science degree within two to three years. Those who pursue the doctoral degree usually complete the requirements within five to six years. Students who possess a M.S. degree in Biomedical Sciences or the equivalent when admitted into the doctoral degree program, generally require three to four years to complete the Doctor of Philosophy degree.

BIOMEDICAL SCIENCES, M.S.

All students are required to meet the general requirements of the Graduate College for receipt of a master’s degree. A minimum of thirty-six credit hours is required for a non-thesis degree, while a minimum of thirty-two credit hours is required for the thesis degree. No more than six hours of thesis (BMS 681) may be credited toward the thirty-two hour requirement. Each student will specialize in one of the six areas of emphasis as defined in the program overview. All students are required to successfully complete Foundations of Biomedical Sciences (BMS 600, 6 hrs.), Statistics/Biostatistics (MTH 518, BSC 517, PSY 517, EDF 517 or equivalent, 3 or 4 hrs.), Introduction to Research (BMS 685, minimum of 3 hrs.), and Seminar (BMS 680, minimum of 4 hrs.). In addition, the student must successfully complete other courses required by his/her area of emphasis and advisory committee and pass a written and/or oral comprehensive examination.

BIOMEDICAL SCIENCES, Ph.D.

The doctorate is a research or performance degree and does not depend solely on the accumulation of credit hours. The degree requirements are admission to candidacy, residency, and successful completion and defense of a dissertation. The degree signifies that the holder has the competence to function independently at the highest professional level.

Degree Requirements

To qualify for the Doctor of Philosophy degree, the student must pass (C or better or CR) the following courses:

- Foundations of Biomedical Sciences (BMS 600, 6 hrs)
- Statistics/Biostatistics (MTH 518, BSC 517, PSY 517, EDF 517 or equivalent, 3 or 4 hrs)
- Biomedical Sciences Communication Skills (BMS 600/661, 1 hr. each)
- Seminar (BMS 680, minimum of 6 hrs.), Introduction to Research (BMS 685), and Research (BMS 882, maximum of 15 hrs).

In addition, the student must successfully complete other courses required by his/her area of emphasis and advisory committee. All courses will be defined in the student’s Course of Study.

Advisory Committee

The advisory committee should be formed no later than the end of the first year of graduate education or upon completion of 18 semester hours of credit. As soon as the committee has been identified, an Approval for Dissertation Topic and Committee Membership form is completed and submitted to the Associate Dean for Research and Graduate Education and the Dean of the Graduate College.

The committee will be selected by the student and research advisor and approved by the Associate Dean for Research and Graduate Education and the Dean of the Graduate College. The advisory committee will be composed of at least five faculty members with appropriate expertise. One of the members may be from another institution. The student’s research advisor will act as the chairperson of the committee.

Approval of Course of Study

It is essential for the student and advisory committee to carefully define a Course of Study by the end of the first year. This is considered a basic contract between the student and the program and includes:

1. All transfer credits
2. Required and elective courses to be taken at Marshall University and
3. All competencies to be achieved by the student during graduate study. These details must be recorded on a Course of Study form and submitted for approval by the Associate Dean for Research and Graduate Education and the Dean of the Graduate College.

Graduate Assistantships for the Doctor of Philosophy Program

Research assistantships are available for students in the doctoral degree program on a competitive basis. Applications will be reviewed as soon as complete. The base stipend is renewable annually for up to five years. Priority consideration for the Doctor of Philosophy graduate assistantships will be given to West Virginia residents.
**Academic Performance**

- The student must maintain a grade point average of 3.0, and no more than six hours of C and no grades below C may be applied toward the degree.
- If the GPA falls below 3.0, the student will be placed on academic probation. Following notification of probation, the student will be counseled by his/her advisor. At this time, the deficiency will be identified and a written plan will be prepared for removing it within the next nine semester hours. This plan, co-signed by the student and the advisor, must be approved by the Dean of the Graduate College before the student can register for additional coursework.
- If probationary status is not removed within nine semester hours, the Dean of the Graduate College, in consultation with the Associate Dean for Research and Graduate Education and the Graduate Studies Committee will determine whether the student is retained or dismissed from the program. Retention must be recommended by the interim advisor or student’s advisory committee and endorsed by the Graduate Studies Committee.

**Transfer Credit**

The student may transfer credits completed at other regionally accredited graduate institutions. Approval of the Associate Dean for Research and Graduate Education and the Dean of the Graduate College is contingent on:

1. the grades earned were B’s or better
2. the credits are appropriate to the student’s program and acceptable to the advisory committee, and
3. the time limitations were not exceeded.

The number of transfer hours acceptable for the Ph.D. degree will be determined by the student’s advisory committee. Approval must be received from both the Associate Dean for Research and Graduate Education and the Dean of the Graduate College. Transfer credit will not become part of the Marshall University Grade Point Average.

Transfer of credits should be accomplished as early as possible. This should be accomplished either when the student is admitted to candidacy or submits an approved Course of Study. Attempts to transfer credits during the last semester may delay graduation. Official transcripts must be on file in the Graduate College office by the date that grades are due in the Marshall University Registrar’s Office.

**Validation of Outdated Coursework**

The advisory committee has the option to require validation, by special examination, of courses which members deem to be outdated.

**Time Limitations**

Students must meet all requirements for the Doctor of Philosophy degree within seven years from the date of enrollment in the first course to be used in the degree program. The Graduate Dean may grant an extension upon recommendation by the Graduate Studies Committee. Absence due to military obligations, long serious illness, or similar circumstances beyond the student’s control may be considered valid reasons for an extension. It is the option of the advisory committee to require validation of outdated courses by special examination.

**Admission to Candidacy**

Admission to graduate study and enrollment in graduate courses does not guarantee acceptance as a candidate for the Doctor of Philosophy degree. This is only accomplished by satisfactorily passing a comprehensive qualifying examination and meeting all other specified requirements. The qualifying examination assesses whether the student has attained sufficient knowledge to undertake independent research. The examination should be completed at the end of the second year of study. The examination consists of written and oral components covering all areas specified in the Course of Study. The examination is prepared, administered and graded by the advisory committee. The written portion includes all coursework and relevant topics determined by the advisory committee. The student will be given 2-3 days to complete the written component of the examination. Upon passing the written examination, the student must submit a grant proposal on the topic of his/her dissertation research or a related topic approved by the advisory committee. The proposal must be in the style of an NIH Predoctoral grant proposal. Links to the instructions for the proposal format can be found on the BMS Graduate Program Website. The grant proposal must be submitted within 2 months of completion of the written exam and given to the advisory committee members at least 2 weeks in advance of the oral defense. The oral examination consists of a defense of the grant proposal and, at the discretion of the advisory committee, may include topics from the written portion of the exam in which the student was deemed to be deficient. Successful completion of the qualifying examination is based on approval of the committee. Only one dissenting vote is permitted on each component. If necessary, a single portion of the examination may be repeated at the discretion of the advisory committee. The student must have the approval of the advisory committee to repeat either the written or oral component of the qualifying examination. The committee assesses the deficiencies and determines the time required for the student to make corrections. A student may take a given component of the qualifying examination no more than three times. Failure to pass this examination on the third attempt will result in dismissal.
advisory committee must complete an Admission to Candidacy for Ph.D. form after the student completes the examinations and submit it for approval of the Associate Dean for Research and Graduate Education and the Dean of the Graduate College.

Dissertation

All candidates must successfully complete a biomedical research project and prepare, submit, and defend a dissertation. The dissertation must present the results of the candidate’s individual investigation and make a definite contribution to the current state of knowledge. While conducting research and writing a dissertation, the student must register for Research (BMS 882) at the beginning of each semester or summer term for which progress is to be earned. No more than 15 hours of doctoral research may be credited toward the degree.

Candidates are to follow the general guidelines outlined in Publishing Your Dissertation: How to Prepare Your Manuscript for Publication and General Information About Dissertations. Copies of these documents are on file in the Office of Research and Graduate Education.

Oral Defense of the Dissertation

The oral defense of the dissertation is held during the semester or summer session in which all other degree requirements have been met. The advisory committee must read and tentatively approve the dissertation before the examination can be scheduled. The committee chairperson will complete an Approval to Schedule Dissertation Defense form and submit it for approval of the Associate Dean for Research and Graduate Education and the Dean of the Graduate College before the examination can be given. Such notification must occur at least three weeks before the proposed date of the defense. A portion of the defense is an open examination and sufficient time is required for adequate public notice.

The open examination usually takes the form of a one-hour seminar. This is followed by a thorough review of the dissertation by the advisory committee and the candidate. Successful completion of the defense requires the approval of all but one of the members of the advisory committee. The results (pass/fail) must be recorded on a Results of Dissertation Examination form which is to be reported to the Office of Research and Graduate Education and forwarded to the Graduate College Office within 24 hours. Should the candidate fail the defense, reexamination may not be scheduled without the approval of the advisory committee, Associate Dean for Research and Graduate Education and the Dean of the Graduate College.

All advisory committee members are to be present for the defense. If this is not possible, the Dean of the Graduate College, or designee, may permit one substitute for any member of the committee except the chairperson. A request for a substitute must be submitted in writing to, and approved by, the Associate Dean for Research and Graduate Education and the Dean of the Graduate College. The committee chairperson, the student, and both the original member of the committee to be replaced, and the substitute must sign this request. The substitute must have the same, or higher, graduate faculty status as the original member and represent the same academic discipline or area of emphasis.

Acceptance of Dissertation

Acceptance of the dissertation is a requirement for the doctoral degree. An accepted dissertation must bear the original signatures of at least all but one member of the advisory committee. If more than one member cannot approve the dissertation, the doctoral degree cannot be recommended. If the substitute member attends and approves the dissertation defense, he or she signs the dissertation. For complete information on the preparation and submission of electronic theses and dissertations see www.marshall.edu/graduate/etd/default.asp.

Survey of Earned Doctorates

Please complete and submit the online Survey of Earned Doctorates. Survey of Earned Doctorate information is used by a number of government agencies to assess the state of doctoral education in the U.S., and also to inform their decisions concerning funding of U.S. graduate institutions. The online survey is available at http://survey.norc.uchicago.edu/doctorate/index.jsp

Publication

All doctoral dissertations and their abstracts will be microfilmed through University Microfilms, Ann Arbor, Michigan. This requirement cannot be satisfied by any other publication, but other publication of material in the dissertation is both permitted and encouraged.

Process Summary

1. Inquiry from prospective student to the Office of Research and Graduate Education or Graduate Admissions Office.
2. Mailing of application from the Office of Research and Graduate Education or the Graduate Admissions Office.
3. Receipt of application materials and required fee by the Office of Research and Graduate Education or the Graduate Admissions Office.
4. Referral of application materials and required fee by the Office of Research and Graduate Education or the Graduate Admissions Office.

5. The Office of Research and Graduate Education notifies the Graduate Admissions Office and the prospective student of the admission decision of the Graduate Studies Committee.

6. The accepted student arrives, reports to the Office of Research and Graduate Education, is assigned an interim advisor, and registers for coursework.

7. Selection of an area of emphasis/advisor must be achieved by the end of the first year. After a permanent advisor has been selected, an advisory committee is formed. A Course of Study should be developed by the end of the first year.

8. The student completes requisite coursework and other program requirements.

9. The student takes written and oral qualifying examinations for admission to candidacy to Ph.D. These examinations should be scheduled within two months of each other.

10. The student continues doctoral research under the guidance of his/her advisory committee. The dissertation phase begins with the approval of a dissertation prospectus by the advisory committee, the Office of Research and Graduate Education and the Graduate College Dean.

11. The student applies for graduation at the beginning of his or her last semester no later than the university deadline in the academic calendar. The diploma fee must be paid by this time.

12. A copy of the preliminary draft of the dissertation is given to each member of the advisory committee and the Graduate College Dean at least one month prior to the final defense of the dissertation.

13. The chair of the advisory committee requests clearance for the defense from the Office of Research and Graduate Education and the Graduate College for approval no later than three weeks before the scheduled date of the defense.

14. The time and place of the defense of the dissertation are announced.

15. The student defends the dissertation in an oral defense.

16. The student follows the steps to prepare and submit the electronic thesis or dissertation at www.marshall.edu/graduate/etd/default.asp.

FORENSIC SCIENCE, M.S.

The Master of Science degree in Forensic Science is a broad-science-based, five-consecutive semester curriculum. While all forensic science students are required to complete a research project, both thesis and non-thesis options are available.

_Thesis Option:_ The thesis option stresses a research component where students conduct original research and prepare, as well as defend, a written thesis based on their investigative findings. The thesis option requires a minimum of FSC 685 (3 credit hours) and FSC 681 (3 credit hours) in addition to the general Core Curriculum and a minimum of one Area of Emphasis. The thesis option often requires 1-2 additional semesters to complete. The students’ research committee consists of a minimum of three working professionals or faculty skilled in the art with at least one external to the academic program. The students’ thesis defense and presentation is in addition to the research project and associated activities described for the non-thesis option.

_Non-Thesis Option:_ The research project associated with the non-thesis option is required of all forensic science students. Students electing the non-thesis option only are required to successfully complete an applied research project generally conducted during their summer internship which requires a research paper, formal slide-based and poster presentations. The committee composition is similar for the non-thesis as it is for the thesis option.

**Core Curriculum**

The core curriculum is required of all forensic science students to provide broad-based education and experience. The core curriculum includes:

<table>
<thead>
<tr>
<th>Course No</th>
<th>Course Description</th>
<th>Credit Hrs</th>
</tr>
</thead>
<tbody>
<tr>
<td>FSC 604</td>
<td>Genetics and DNA Technologies</td>
<td>3</td>
</tr>
<tr>
<td>FSC 606</td>
<td>Crime Scene and Death Investigation</td>
<td>2</td>
</tr>
<tr>
<td>FSC 612</td>
<td>Forensic Microscopy</td>
<td>2</td>
</tr>
<tr>
<td>FSC 618</td>

</tr>
<tr>
<td>FSC 632</td>
<td>Foundations and Fundamentals in Digital Evidence</td>
<td>3</td>
</tr>
</tbody>
</table>

(continued)
Areas of Emphasis

The Forensic Science Program offers four areas of emphasis that students may complete to enhance the core curriculum. The student is required to complete at least one area of emphasis but may complete up to four within the five-semester course of study. Completing multiple areas of emphasis is contingent on maintaining good academic standing while enrolled in the program. Students may choose from the following four Areas of Emphasis:

Computer Forensics

Computers and other digital devices hold a wealth of information including text, digital images, audio and video, which can serve as key evidence for solving crimes. Forensic software programs can be used to image digital storage media and the images can be analyzed using a variety of investigative software programs. Cell phone forensics is an area that is emphasized in the forensic science courses, as well as investigation of computers and gaming devices. The opportunity to participate in hands-on experiences with investigative tools allows students to participate in mock investigations in preparation for careers in this exciting discipline. For the Computer Forensics area of emphasis, the student must complete the following courses in addition to the core curriculum:

<table>
<thead>
<tr>
<th>Course No.</th>
<th>Course Description</th>
<th>Credit Hrs</th>
</tr>
</thead>
<tbody>
<tr>
<td>FSC 605</td>
<td>Forensic Digital Imaging</td>
<td>3</td>
</tr>
<tr>
<td>FSC 609</td>
<td>Introduction to Cybercrimes</td>
<td>3</td>
</tr>
<tr>

<td>Digital Evidence Search and Seizure</td>
<td>3</td>
</tr>
<tr>
<td>FSC 676</td>
<td>Advanced Digital Evidence Detection &amp; Recovery</td>
<td>2</td>
</tr>
</tbody>
</table>

Total emphasis requirements .................................. 11
Total including core requirements .......................... 49

Forensic DNA Analysis

The Marshall University Forensic Science Center is home to the academic program as well as a service-oriented DNA laboratory. This lab also serves as a Combined DNA Indexing System (CODIS) for West Virginia. MU DNA Lab facility and staff serve as instructors and supervisors for various DNA-based courses while providing select students with real-world experience, training, and exposure to the inner workings of a Forensic DNA Laboratory. The DNA emphasis exceeds the DNA Advisory Board standards by requiring a total of 12 graduate-level credit hours addressing the DNA guidelines. For the Forensic DNA Analysis area of emphasis, the student must complete the following courses in addition to the core curriculum:

<table>
<thead>
<tr>
<th>Course No.</th>
<th>Course Title</th>
<th>Credit Hrs</th>
</tr>
</thead>
<tbody>
<tr>
<td>FSC 600</td>
<td>Cell and Molecular Biology/ Molecular Biology</td>
<td>3</td>
</tr>
<tr>
<td>FSC 603</td>
<td>Genetics and DNA Technologies Lab</td>
<td>1</td>
</tr>
<tr>
<td>FSC 627</td>
<td>Human Genetics</td>
<td>2</td>
</tr>
<tr>
<td>FSC 629</td>
<td>Advanced DNA Technologies</td>
<td>2</td>
</tr>
</tbody>
</table>

Total emphasis requirements* .................................. 8
Total including core requirements .......................... 46

*Students considering a career in Forensic DNA Analysis are encouraged to enroll in FSC 650 Crime Laboratory Technical Assistance (Fall, 2 credits ; and Spring, 2 credits).

Forensic Chemistry

Students pursuing careers in forensic drug analysis, toxicology, and trace evidence will benefit from the completion of the Forensic Chemistry emphasis. As some agencies may require 30 or more hours of chemistry coursework, the Forensic Chemistry emphasis provides additional education and hands-on training to meet these federal and state guidelines. This emphasis requires the completion of the following chemistry related courses in addition to the core curriculum:

<table>
<thead>
<tr>
<th>Course No</th>
<th>Course Description</th>
<th>Credit Hrs</th>
</tr>
</thead>
<tbody>
<tr>
<td>FSC 608</td>
<td>Forensic Toxicology</td>
<td>3</td>
</tr>
<tr>
<td>FSC 626</td>
<td>Chemical Analysis of Trace Evidence</td>
<td>2</td>
</tr>
<tr>
<td>FSC 628</td>
<td>Advanced Drug Analysis</td>
<td>2</td>
</tr>
</tbody>
</table>

Total emphasis requirements .................................. 7
Total including core requirements .......................... 45
Crime Scene Investigation

The Crime Scene Investigation emphasis provides students with the tools and hands-on experience to excel and become leaders in their field. The Forensic Science program has its own Crime Scene House that allows students to obtain real-world experience and training through the completion of mock crime scene exercises. Upon completion of this emphasis, students qualify to sit for the International Association for Identification Basic Student Knowledge in Crime Scene Examination. In addition to the core curriculum, this area of emphasis includes:

<table>
<thead>
<tr>
<th>Course No.</th>
<th>Course Description</th>
<th>Credit Hrs.</th>
</tr>
</thead>
<tbody>
<tr>
<td>FSC 607</td>
<td>Bloodstain Pattern Analysis</td>
<td></td>
</tr>
<tr>
<td>FSC 615</td>
<td>Adv. Crime Scene Investigation</td>
<td></td>
</tr>
<tr>
<td>FSC 617</td>
<td>Adv. Crime Scene Photography &amp; Documentation</td>
<td></td>
</tr>
</tbody>
</table>

Total Emphasis requirements ........................................9

Total including Core requirements ................................. 47

Other Requirements

In the third term, students are required to complete an approved research-based internship in a crime laboratory or other approved facility. In the fifth term, students are expected to pass a written, comprehensive examination.

FORENSIC SCIENCE ADMISSION POLICY

Entrance into the Forensic Science Program is restricted to the fall semester only. Applicant materials should be submitted by March 1 to have the best chance for admission for the fall term. The program observes a rolling application policy so that individuals may apply at any time. Applicants are considered after the deadline if openings are available in the program. Students who apply by or before March 1 have a better chance of admission than those who apply after March 1; however, it is not uncommon for applicants to be notified throughout the year.

The complete application process includes:

1. Submission of the Marshall University Graduate College Application available online at www.marshall.edu/graduate.
2. Completion of a Free Application for Federal Student Aid (FAFSA) as soon after January 1 as possible at www.fafsa.ed.gov.
3. Submission of formal transcript(s) documenting that the applicant has:
   a) A bachelor’s degree in a forensic or natural science (or its equivalent coursework in a relevant field) for entrance into the graduate forensic science program.
   b) Achieved an overall Grade Point Average of 3.0 or better.
   c) Completed 1 academic year of biology and its associated labs with no grade of less than a C.
   d) Completed 1 academic year of general chemistry and its associated labs with no grade of less than C.
   e) Completed 1 academic year of organic chemistry and its associated labs with no grade of less than C.
   f) Completed 1 academic year of physics and its associated labs with no grade of less than C.
   g) It should be noted that successful completion of an undergraduate course in biochemistry is recommended, but not required, prior to entry into this program.
4. Graduate Record Exam scores documenting that the applicant has a Combined Score (Verbal + Quantitative) of 1000 or better, consisting of:
   a) A verbal score of 420 or better.
   b) A quantitative score of 550 or better.
5. Formal Letters
   a) Applicant’s personal statement providing reasons why he or she should be admitted to the Forensic Science Program.
   b) 3 Letters of Recommendation on formal letterhead from individuals familiar with applicants.

*With minor deficiencies, individuals who do not meet the preceding criteria may be considered for provisional or conditional admission. Students admitted with deficiencies must maintain a 3.0 GPA or above while enrolled in the program and those deficiencies determined by the admissions committee must be rectified prior to the completion of the 12th credit hour of enrollment in the program.

Full admission to the program, once an offer is made, is also contingent on successful completion of a background check, required hepatitis B vaccination/titer or formal declination of vaccination, and receipt of other documentation required for enrollment.

The Forensic Science Fee is a special fee designed to support the Forensic Science Program. For more information on tuition and fees, e-mail forensics@marshall.edu or call 304-691-8931. For more information regarding the Forensic Science Center and the MSFS Program, go to www.marshall.edu/forensics.
W. Page Pitt School of Journalism and Mass Communications

www.marshall.edu/sojmc

JOURNALISM, M.A.J.

Program Description

Journalism and Mass Communications offers a flexible program designed to accommodate persons with or without an undergraduate degree in journalism and with or without mass communications or professional media experience. Career interests should include one or more of the following: advertising, broadcast journalism, online journalism, print journalism, public relations, radio-television, sports journalism and journalism education.

Admission Requirements

Applicants should follow the admissions process described in this catalog or at the Graduate Admissions website at www.marshall.edu/graduate/admissionsrequirements.asp.

In addition:

1. Applicants who earned an undergraduate GPA of 3.0 or better must score a minimum of 1200 on the three combined sections of the GRE.
2. Applicants who earned an undergraduate GPA of 2.5 to 2.99 must score a minimum of 1500 on the three combined sections of the GRE.

GRE scores are reported in three areas of verbal, quantitative and analytical writing. The verbal and quantitative sections are scored on a scale of 200 to 800. The analytical writing score is reported on a scale of 0 to 6. Before adding the three sections to determine if the 1200 or 1500 requirements have been met, convert the analytical writing score using the following scale:

\[
\begin{align*}
0.5 &= 67 \\
1.0 &= 133 \\
1.5 &= 200 \\
2.0 &= 267
\end{align*}
\]

3. International student applicants must have a minimum score of 525 on the paper Test of English as a Foreign Language (TOEFL) or 71 on the Internet-based test, or they must complete English as a Second Language.

Program Requirements

Students are required to complete EDF 517 (not required if student completed an acceptable statistics course before enrolling in the master’s program); Journalism 600, Proseminar in Mass Communications; Journalism 601, Theory of Mass Communications; and Journalism 602, Mass Communications Research and Methodology, JMC 604, Law and Ethics, and JMC 612, History of American Journalism. In addition students who opt for the thesis track must take JMC 630, Seminar in Media Criticism, and students who opt for the professional track must take JMC 603, Media Management. Completing the core meets the 18 hour 600 level course requirement. The remainder of each student’s program is determined in consultation with and approval from the graduate coordinator.

- International students are not required to take JMC 612, but they must identify, with the approval of the graduate coordinator, an acceptable substitution for their plan of study and for their comprehensive assessment.
- Plan of Study: During the first term students must plan with the graduate coordinator a detailed program of courses and discuss other requirements for the Master of Arts in Journalism degree. A Plan of Study approved by the student’s graduate coordinator must be submitted for approval to the Graduate College Dean before the student registers for his or her 12th semester hour. The Plan of Study is a student’s “blueprint” for completing graduation requirements.
- Students are responsible for learning and for meeting all requirements, guidelines and deadlines included in the Graduate Catalog.
- Professional track students must complete a minimum of 30 graduate hours (plus any undergraduate courses deemed by the graduate coordinator to be necessary) and the comprehensive examination.
- Thesis track students must complete a minimum of 27 graduate hours (plus any undergraduate courses deemed necessary by the graduate coordinator), a three-credit-hour thesis, and the comprehensive examination.
- A minor consisting of a minimum of six hours in one subject area may be approved by the graduate coordinator.
- Students who enter the master’s program without undergraduate preparation in journalism and mass communications and also without any relevant professional experience may be permitted by the graduate coordinator to take all of their coursework in journalism and mass communications.
• A comprehensive written examination is required. The examination is not based exclusively on the specific courses completed but affords the student an opportunity to demonstrate comprehensive knowledge of the major subject. The five-part examination covers mass communications theory, research, law, ethics, and journalism and mass communications history. International students may substitute another area of concentration (approved by the graduate coordinator) for history.

ACCOUNTING (ACC)

510 Survey of Accounting. 3 hrs.
Application of accounting as an information development and communication function that supports economic decision making. Topics include principles, concepts, problems, financial analysis, personal and organizational decisions, business entities, and government.

544 Consulting for CPAs. 3 hrs.
To acclimate students to the consulting work environment; emphasis on collecting relevant information to provide comprehensive solutions. To provide concrete examples of this process. The course will focus on estate tax calculations, and planning; retirement and investment planning.

580-583 Special Topics. 4 hrs.

612 Accounting Functions in Business. 3 hrs.
A study of the generation, transformation, and presentation of quantitative data produced by the accounting process. Emphasis is given to the modern accounting system that generates information (1) for marketing, production, and financial executives in planning and controlling business operations, and (2) by investors, creditors, governmental agencies, and other external groups having an interest in the operating results and financial position of business firms. (PR: Full M.B.A. admission or permission of GSM academic advisor)

613 Profit Planning and Controls. 3 hrs.
Determination, analysis, and reporting of data for planning and controlling operations. Includes flexible budgets, standard costs, and systems of determining historical costs. (PR: Full M.B.A. admission or permission of GSM academic advisor)

614 Theory of Accounting. 3 hrs.
History and development of accounting principles; intensive study of theoretical problems related to determination of income and presentation of financial conditions. (PR: Accounting 613 and full M.B.A. admission or permission of GSM academic advisor)

615 Auditing Theory and Practice. 3 hrs.
Legal and social responsibilities of the auditor. Verification of financial statements by independent public accountants and internal auditors. (PR: Admission to Master of Science in Accountancy program or permission of Program Director)

616 Advanced Income Tax Procedure. 3 hrs.
A study of selected topics in the Internal Revenue code and regulations with emphasis on tax accounting and research. (PR: ACC 348 and full M.B.A. admission or permission of GSM academic advisor)

617 Advanced Controllship. 3 hrs.
Functions of the modern corporate controller. Topics and problems demonstrating the integrative nature of the controller’s role are investigated. The use of the computer is integrated into the course. (PR: Admission to Master of Science in Accountancy program or permission of Program Director)

618 Accounting Research. 3 hrs.
Examination and evaluation of current theories, issues, and problems relating to accounting. Primary emphasis on accounting theory and research. (PR: Admission to Master of Science in Accountancy program or permission of Program Director)

648 Tax Research. 3 hrs.
Examines the primary and secondary sources of income tax law. Assignments will address using paper and electronic research tools to locate, understand, and interpret primary and secondary source materials.

650 Special Topics. 1-3, 1-3 hrs.
(PR: Permission of the division head and full M.B.A. admission)

660 Independent Study. 1-4 hrs.
Independent study of a specific nature under the supervision of a faculty member with graduate status. Hours determined by the magnitude of the project. (PR: Permission of the division head and full M.B.A. admission or permission of GSM academic advisor)

698 Ethics and Professional Development in Accounting. 3 hrs.
This course examines ethical issues facing professional accountants. Professional codes of conduct and corporate governance mechanisms will be applied to manage ethical situations.

ADULT AND TECHNICAL EDUCATION (ATE)

503 Introduction to Adult Learning Theory. 3 hrs.
Designed to acquaint the student with the field of adult education and its underpinnings and the various adult learning theories and/or approaches.

505 Instructional Methods in Technical Training. 3 hrs.
Unit and lesson planning; cooperative education as a method of instruction, project plan of instruction, classroom management and control, demonstration techniques, evaluation methods, field experience in Marketing Education classroom.

508 Teaching Methods in Career and Technical Education. 3 hrs.
Correlating lab instruction with classroom instruction; individual and group instruction sheets and materials; the four teaching steps in career and technical education; physical factors relating to classroom and lab.

510 Developing Selling Curriculum. 3 hrs.
Conduct library research, review selling content, select content objectives, identify content appropriate for the target group, prepare teaching outlines, and design evaluation instruments.
Introduction to Career and Technical Education. 3 hrs.
Designed as a follow-up to Teaching Methods in Career and Technical Education and intended to provide the new teacher guidance and supervision in developing teacher competence.

Course Construction and Planning in Career and Technical Education. 3 hrs.
Analysis procedures for determining career and technical curriculum content; determination of program goals and objectives; involvement of advisory committees; factors, principles, and techniques of developing a course of study.

Organization and Management of School Shops and Laboratories. 3 hrs.
Responsibilities as a manager; methods of handling tools, equipment, and supplies; project instructional resource needs and reporting; improvement of facilities; filing system, and career and technical laboratory.

Principles of Cooperative Education. 3 hrs.
Principles for planning, implementing, and evaluating the cooperative design within the various service areas of technical education; analysis of factors which must be considered in selection of the cooperative design.

Occupational Analysis. 3 hrs.
Assist the instructor in analyzing an occupation; goals and objectives to form a basis for vocational curriculum; classifying and describing occupations; analysis procedures; course content, and technical skills and knowledge.

Administration of Cooperative Programs. 3 hrs.
Administering cooperative education programs, recruiting, and selecting students; selecting training agencies and placing students; conducting public relations activities for the program; and advising the student organization.

Safety in Career and Technical Education. 3 hrs.
Responsibilities of the teacher in providing a safe learning/working environment; effective approaches to accident prevention; laws and regulatory agencies regarding safety management in the classroom and laboratory.

Computer Applications in Business and Marketing Education. 3 hrs.
Study of computer applications and software for Business and Marketing Education.

Methods of Examination in Career and Technical Education. 3 hrs.
Develop written and performance evaluation instruments; develop and use progress charts; determine appropriate grading procedures. Develope rating scales, objectives tests, classroom tests, and manipulative tests. Introduction to statistics.

Coordination of Cooperative Career and Technical Education. 3 hrs.
Background of coordination; methods of techniques for evaluating and selecting work stations; student selection, placement, and follow-up; role of advisory committees; methods of evaluating cooperative work experience.

Developing Merchandising/Sales Promotion Curriculum. 3 hrs.
Conduct library research, review merchandising and sales promotion content, objectives, identify content appropriate for the target group, prepare teaching outlines, and design evaluation instruments.

Principles of Prevocational Exploration. 3 hrs.
Study of the prevocational exploration delivery system. Develop instructional units which include goals, objectives, and criteria for evaluation of students.

Practicum in Prevocational Exploration, I. 3 hrs.
Participants make revisions to instructional units, organize a Career Exploration Club, and recognize apprenticeship opportunities.

Practicum in Prevocational Exploration, II. 3 hrs.
Participants modify the 36-lesson plan project, incorporate additional “hands-on” activities, examine teaching strategies, and design activities for community involvement utilizing an advisory committee.

Computer Applications in Career and Technical Education. 3 hrs.
Designed to introduce modern instructional technology in today's classrooms and labs. Introduction to disk operating systems; application software for instruction and instructional management; student evaluation; record keeping, and work processing.

Applications of Basic Skills in Career and Technical Education. 3 hrs.
Methods, techniques, and strategies for incorporating basic skills in career and technical instruction; emphasis on reading, writing, math, oral communication, and critical thinking skills; job-seeking and job-keeping skills.

Occupational Analysis and Instructional Design. 3 hrs.
Analyzing an occupation to identify knowledge and skills; use of the analysis to develop problem solving objectives and instructional plans; emphasis on approach to facilitate student achievement of objectives.

Interpersonal Skills in the Workplace. 3 hrs.
Course is designed to provide opportunities to learn in preparation for career success with supervisors, co-workers, clients, and customers. Human relations skills are examined and related to business success.

History and Philosophy of Career and Technical Education. 3 hrs.
Historical influences in the development of workforce education in America and Europe; motivating influences and the implications of philosophy in modern career and technical education.

Coordination of Career and Technical Youth Activities. 3 hrs.
Organize and develop co-curricular student organization; defining the purpose of the organization; plan application and integration into the vocational program; competencies in leadership and team building.

Professional Development. 1-4 hrs.
Career Exploration and Development. 3 hrs.
Exploring principles and techniques for career planning and job search. An overview of strategies for gaining a competitive edge in the labor market and for experiencing a successful career beginning.

Business and Occupational Teaching Methods. 3 hrs.
Survey materials and methods for developing competencies in teaching business education and/or occupational training programs.

Practicum in Adult and Technical Education. 1-4 hrs.
Individually designed field experience under supervision of the faculty; such experience related to the student's future professional role.

Special Topics. 1-4 hrs.
Independent Study. 1-4 hrs.
Workshop. 1-4 hrs.
Grant Proposal Writing for Business and Industry. 3 hrs.
This course provides a step-by-step guide to the proposal writing process, from the initial stages of planning, to writing the first draft, to preparing the final document.

Historical Developments in Workforce Preparation. 3 hrs.
An overview of the historical evolution of technical education legislation; analysis of Technical Education Acts as they relate to state and local planning of technical education programs.

Aspects of Training and Development. 3 hrs.
Overview of the training and development profession and theories that support the profession; emphasis on the variety of solutions used by HRD professionals to help improve individual and organizational performance.
601 Philosophy of Workforce Preparation 3 hrs.
Overview of the historical origins of technical education and their relationship to educational philosophies; foundations of areas of technical education; analysis of questions fundamental to a philosophy of technical education.

603 Introduction to Adult Education and Adult Learners 3 hrs.
Designed to acquaint the student with the field of adult and continuing education, its foundations and development in this country and future trends.

605 Foundations of Business and Marketing Education 3 hrs.
Application of philosophy and principles of business and marketing education to the objectives, curriculum, guidance, and teacher preparation, emphasizing the techniques for coordination of federally aided programs.

609 Developing Training Plans for Business and Industry 3 hrs.
Analysis of factors in developing local plans for business and industry; emphasis on implications of federal guidelines; factors which impinge upon programs during implementation; developing evaluation procedures.

610 Current Issues in Business and Marketing Education 3 hrs.
Individual and group analysis of current issues in business and marketing; identification of issues significant to the direction of sound business education and marketing education programs.

Study of the sources of data on employment needs; relationship to planning techniques for conducting a community survey; organizing data for analysis and applying the findings to the planning process.

615 Studying Student Organizations 3 hrs.
A study of various facets of existing state/national student organizations. Special emphasis is placed upon the organizations of student career organizations and parliamentary procedures. (PR: ATE 542 or equivalent)

616 Community Relations in Adult/Technical Programs 3 hrs.
Study of community organization and the relationship of adult/technical education; consideration of models for analyzing employment opportunities and occupational training needs and the process in securing community commitment.

618 Literature of Adult and Continuing Education 3 hrs.
A program of readings and reports on specific areas in adult education or particular problems within an area of adult and continuing education. Readings to be selected cooperatively with advisor.

628 Adult Instruction: Environmental and Personal Aspects 3 hrs.
The course examines both environmental and personal factors which may impact on the adult learning process and is designed to foster awareness, which will be translated into appropriate intervention strategies.

631 Survey Practicum in Computer Applications in Business and Industry 3 hrs.
An introductory course for persons who want to become familiar with the application of computers in the business/industrial fields represented by adult and technical education.

635 Specialized Practicum in Computer Applications in Business and Industry 3 hrs.
An advanced course for persons who want to further their knowledge of the application of computers in the business/industrial fields represented by adult and technical education.

637 Individual Computer Program Applications 3 hrs.
Individually designed learning activities that involve the application of previously learned theories, processes, operations, techniques or systems. The applications are studied, analyzed, and evaluated.

640 Program Design in Technical Education 3 hrs.
An overview of technical education history, philosophy, legislation, certification, evaluation, and operations. Comparison to academic programs to emphasize similarities and differences.

643 Teaching EFL Abroad 3 hrs.
Designed to explore the educational history of teaching a foreign language in different countries. (PR: CISL 550 and CISL 551)

650 Career Education Curriculum Development 3 hrs.
Instructional unit is developed to assist children and youth achieve academic, general, or technical education and also career education goals; includes goals, objectives, procedures, student activities, resources, and evaluation.

651 Developing Marketing Curriculum 3 hrs.
Conduct library research, review marketing content, select content objectives, identify content appropriate for the target group, prepare teaching outlines, and design evaluation instruments.

652 Field Based Job Analysis and Curriculum Design 3 hrs.
Field study of job analysis, curriculum, course, and program design.

653 Developing Management Curriculum 3 hrs.
Conduct library research, review management content, select content objectives, identify content appropriate for the target group, prepare teaching outlines, and design evaluation instruments.

655 Developing Human Resources Curriculum 3 hrs.
Conduct library research, review personnel content, select content objectives, identify content appropriate for the target group, prepare teaching outlines, and design evaluation instruments.

656 Instructional Planning for Adult Populations 3 hrs.
An examination and application of the process involved in the development, operation, and evaluation of adult programs in the community, business, and industry.

659 EFL Methods 3 hrs.
Designed to provide students with the latest methodologies associated with teaching EFL to the adult learner. (PR: ATE 643)

661 Practicum in Adult and Continuing Education 3 hrs.
Individually designed to provide field experience under the supervision of the faculty, such experience to be related to the student’s project role in adult and continuing education.

662 Applied Field Experience in Prevocational Exploration 3 hrs.
Participants are assisted in making revisions in instructional units, organizing an advisory committee, and organizing a Career Exploration Club as an integral part of the classroom instruction. (PR: ATE 542)

663 EFL Practicum 3 hrs.
Designed to engage the student in hands-on teaching in a classroom setting. (PR: ATE 659)

664 Technical Education Practicum 3 hrs.
Individually designed to provide field experience under the supervision of the faculty, such experience to be related to the student’s profession.

667 Cooperative Education Workforce Experience 1-10 hrs.
Alternate or parallel periods of study and paid employment for experiential learning related to student’s academic and/or professional goals (Min. 50 hours of paid work experience per credit hour)

668 Field Based Internship in Business and Industry 3 hrs.
Internship in the technical content areas of marketing, merchandising, management or technology; evaluating methods, and procedures in marketing, merchandising, management, or technology. (PR: ATE 609, 628, 652 and 656)
Evaluation of Adult and Technical Instruction. 3 hrs.
An examination of the design and evaluation processes used in adult learning areas with emphasis on the T&D and technical fields as well as the general field.

Assessment in Adult/Technical Education. 3 hrs.
Evaluation procedures in adult/technical education including principles of test construction; survey of standardized and published tests; utilization in the classroom or training department; review of statistical methods.

Literature and Applied Research in Adult/Technical Education. 3 hrs.
Program of readings and reports on specific areas of adult/technical education or particular problems within an area of adult and technical education; reading selected cooperatively with advisor.

Research Methodology and Design in Adult/Technical Education. 3 hrs.
Study of methodology, application, analysis and synthesis of research; a review of current studies with attention to statistical techniques, data collecting, data handling, and the impact of particular research.

Problem Report. 1-6 hrs.

International Workforce Development. 3 hrs.
This course is designed for students in technical and social fields who are interested in workforce development. It has three components: education and training, collaborative research, and technical assistance.

Thesis. 1-6 hrs.

Community and Technical College. 3 hrs.
History, functions, and unique characteristics of the two-year college in the American education system.

Analysis of Literature on Community and Technical College Teaching. 3 hrs.
Identification and analysis of current issues in community technical college teaching with application of procedures for investigation, accompanied by a critical examination of findings and their application to local programs.

Interpretation and Utilization of Applied Research in Community and Technical College Teaching.
Students will learn how to choose the appropriate statistics, interpret the outputs, and develop skills in writing about the meaning of the results.

Professional Seminar I. 1 hr.
Selected topics in program and institutional assessments related to community and technical colleges.

Professional Seminar II. 1 hr.
Selected topics in thesis proposal, overview of grantsmanship, and funding sources. Discussion of the effects of new technologies and the Internet on the proposal process.

Professional Seminar III. 1 hr.
Provides students an opportunity to synthesize prior course experiences and to prepare and present a draft thesis prospectus.

Classroom Assessment for Community and Technical College Students. 3 hrs.
Presentation of assessment principles that clearly and specifically relate to instruction, current research and new directions in the assessment field, and practical and realistic examples and suggestions.

Community and Technical College Curriculum Design. 3 hrs.
Study of the major curricular programs of the comprehensive community college, including factors that influence the design and implementation, processes for assessing, and strategies for changing the curriculum for open access colleges.

Education and Employment Preparation for Diverse Populations. 3 hrs.
The needs of diverse, special needs populations, including youth and adults with disabilities, disadvantaged, limited English proficient, displaced workers, minorities, incarcerated, and single teen parents. Specific attention to federal legislation.

Perspectives and Strategies for Teaching Workforce Education. 3 hrs.
Teaching/learning process and consideration of teaching methods employed to encourage, guide, and evaluate community and technical college students' learning.

Funding, Planning, and Administrative Issues of Community and Technical Colleges. 3 hrs.
Governance and administration of the contemporary community and technical college in the United States with a focus on planning, funding, and selected administrative issues.

Thesis. 6 hrs.
Individual research in a selected field of community and technical college teaching under the direction of a graduate faculty member of the department.

ANATOMY, CELL AND NEUROBIOLOGY (ACB)

Gross Anatomy/Embryology. 8 hrs. I.
The course presents a comprehensive study of the structures of the human body and their development. Although the course is centered in dissection, additional learning resources include examination of non-invasive images such as CAT scans, MR images and radiographs, and the study of models and the use of computer programs. Clinical correlates and cases are used to establish the anatomical basis of the practice of medicine.

Gross Anatomy/Embryology I. 2 hrs.
Morphology of the upper and lower limbs with dissection. (PR: Permission of instructor)

Gross Anatomy/Embryology II. 6 hrs.
Morphology of the head and neck, thorax, abdomen, pelvis with dissection. (PR: Permission of instructor)

Microscopic Anatomy and Ultrastructure. 4 hrs. II.
Students study the functional and microscopic aspects of cell and tissue types found in different regions of the human body. Presentation of topics correlates with the physiology course, which runs concurrently and provides an organ system approach to the material. In the laboratory portion of the course, tissues from medical histology slide sets and electron micrographs are studied.

Advanced Histological Techniques. 4 hrs., II.
Advanced techniques of tissue preparation, staining, histochemistry and immune localization. (PR: Consent of instructor)

Anatomy of the Nervous System. 4 hrs. II.
The gross and fine structure of the nervous system is correlated with function at each level of the spinal cord and brain. Lectures are supplemented in the laboratory by the study of microscopic sections and gross sections of the spinal cord, brain stem and whole brain. (PR: Consent of instructor)

Microscopic Anatomy and Ultrastructure Part I. 1 hr.
The basic tissue types of the human body will be examined at the light and electron microscopic level. (PR: Permission of instructor)

Microscopic Anatomy and Ultrastructure Part II. 3 hrs.
The organ systems of the human body will be examined at the light and electron microscopic level. (PR: Permission of instructor)

Principles of Mammalian Development. 3 hrs. I.
A course designed to present the salient features of normal human development so that students will have a basis for comprehending normal adult anatomic relations and variations, and a basis for interpreting congenital pathologic conditions. (PR: Consent of instructor)

Neuroanatomy I: Clinical Anatomy of the Brain and Spinal Cord. 2 hrs.
To study the essential organization of the cerebrum and spinal cord, blood supply, the spinal ascending and descending pathways, and clinically related disorders. (PR: BMS 600 or permission of instructor)
Neuroanatomy II: Clinical Anatomy of the Brain Stem and Forebrain. 2 hrs.
To study the functional organization and neurological disorders associated with the brain stem, thalamus, hypothalamus, cerebellum, basal ganglia, limbic system, and cerebral cortex. (PR: ADB 633)

Neuroanatomy Research Techniques. 3 hrs. S.
Students rotate through neuroanatomy faculty research laboratories where they have the opportunity to see state-of-the-art neuroanatomy research skills demonstrated. Each student has the opportunity to participate in neuroanatomical research. (PR: Consent of instructor)

Current Topics in Cellular Biology. 1-3 hrs. II.
Students carry out a guided comprehensive review of the literature on a current research topic. The topic is selected by agreement of the student and faculty member. Consent of instructor is required.

Electron Microscopy. 3 hrs. I.
The theory and practice of transmission electron microscopy (TEM). Sample preparation, TEM operation, darkroom work, manuscript preparation, and an individualized research project. (PR: Consent of instructor)

Independent Study in Electron Microscopy. 1-5 hrs. II.
Supervised individual research projects in electron microscopy and advanced EM Techniques: STEM, SEM, Diffraction, Darkfield. (PR: ACB 641 or approval of instructor)

Research in Cellular Processes. 1-4 hrs. II.
Provides the student with an introduction to research in cellular biology and neurobiology. The education program is arranged in consultation with an individual faculty member. Consent of instructor is required.

Digital Video Imaging. 3 hrs. I, II.
An in-depth study of the theory and practice of fluorescence and confocal microscopy (including Image Deconvolution, Multiphoton Imaging, FRET, FRAP, and GFPs), intracellular ion measurements and Immunocytochemistry. (PR: Consent of instructor)

Current Topics in Neurobiology. 1-3 hrs. II.
Students carry out a guided comprehensive review of the literature on a current research topic in neurobiology. The topic is selected by agreement of the student and faculty. Consent of instructor is required.

Special Topics. 1-4 hrs. I, II.
Present course material on special areas of research or topics which are not routinely covered in existing courses. Consent of instructor is required.

Special Topics. 1-4 hrs. I, II.
Present course material on special areas of research or topics which are not routinely covered in existing courses. Consent of instructor is required.

Special Topics. 1-4 hrs. I, II.
Present course material on special areas of research or topics which are not routinely covered in existing courses. Consent of instructor is required.

ANTHROPOLOGY (ANT)
(See Sociology)

Deconstructing Appalachia. 3 hrs.
Exploration of the historical and cultural significance of Appalachia in the American experience and imagination. (PR: Six hours of undergraduate anthropology on 300 level or higher or departmental permission)

Appalachian Field Experience I. 3 hrs.
Supervised field work in an Appalachian community studying the social and cultural characteristics of the area. (PR: ANT 511 or equivalent)

Appalachian Field Experience II. 3 hrs.
Supervised field work in an Appalachian community studying the social and cultural characteristics of the area. (PR: ANT 511 or equivalent)

Archaeological Theory and Analysis. 3 hrs.
An introduction to archaeological theory and its application to the material record of cultures, past and present. (PR: Six hours of undergraduate anthropology on 300 level or higher or departmental permission)

African Cultures. 3 hrs.
Comparative analysis of the ethnic groups of Africa, using archaeological and ethnographic data. (PR: Six hours of undergraduate anthropology on 300 level or higher or departmental permission)

Oceania. 3 hrs.
Comparative analysis of the indigenous peoples and cultures Melanesia and Polynesia using archaeological and ethnographic data (PR: Six hours of undergraduate anthropology on 300 level or higher or departmental permission)

The Native Americans. 3 hrs.
Comparative analysis of the indigenous inhabitants of North America using archaeological end ethnographic data. (PR: Six hours of undergraduate anthropology on 300 level or higher or departmental permission)

American Ethnicities. 3 hrs.
Comparative overview of historical and contemporary patterns of immigration, settlement, and interethnic relations in the United States. (PR: Six hours of undergraduate anthropology on 300 level or higher or departmental permission)

Anthropology of Global Problems. 3 hrs.
Anthropological study of contemporary environmental and social problems with global impact emphasizing the rise of a culture of capitalism. (PR: Six hours of undergraduate anthropology on 300 level or higher or departmental permission)

Culture through Ethnography. 3 hrs.
In-depth exploration and comparison of diverse cultural groups through reading and discussing ethnographic texts. (PR: Six hours of undergraduate anthropology on 300 level or higher or departmental permission)

National Identity. 3 hrs.
Exploration of the cultural, political and economic processes that contribute to the creation and maintenance of the modern nation state as an imagined community. (PR: Six hours of undergraduate Anthropology on 300 level or higher or departmental permission)

Special Topics. 1-4 hrs.
Study of topics of interest not covered in regularly scheduled classes. (PR: Graduate status and permission)

Independent Study. 1-4 hrs.
Individual study of topics not offered in regularly scheduled classes. (PR: Graduate status and permission)

Theory in Ethnology. 3 hrs.
Introduction to major theoretical traditions of cultural anthropology with emphasis on the connection between fieldwork and development of theory. (PR: Six hours of undergraduate anthropology on 300 level or higher or departmental permission)

Ethnographic Research. 3 hrs.
An advanced project-based introduction to ethnographic research design and practice. (PR: Six hours of undergraduate anthropology on 300 level or higher or departmental permission)
ART AND DESIGN (ART)

Co-Curricular Experiences in the Visual Arts. 0 hrs.
Students attend distinguished lectures, exhibitions, workshops, field trips, and other co-curricular visual arts events as part of their requirement for graduation.

Iconography of Mary. 3 hrs.
Traces the sources and evolution of Catholic doctrine and images of the Virgin Mary.

Art in the United States. 3 hrs. I or II or S.
A survey of the development of architecture, painting, and sculpture from colonial times to the present.

Figure Drawing. 3 hrs. I or II or S.
Practice in drawing from the posed human figure.

Tribal Arts. 3 hrs. I or II or S.
An introduction to the unique Arts of so-called precivilized peoples with a twofold emphasis: First, the European Pre-Historic; Second, the Non-European Primitive.

Art and Architecture of Ancient Egypt. 3 hrs.
History of the visual arts and architecture in Ancient Mesopotamia, Egypt, Greece and Rome.

Nineteenth Century Art. 3 hrs. I or II or S.
A survey of the development of architecture, painting, and sculpture in the western world during the 19th century.

Art and Architecture of Ancient Greece. 3 hrs.
Explores the art and architecture of the ancient Greek world in light of social and religious influences.

Art and Architecture of Ancient Rome. 3 hrs.
Explores the art and architecture of ancient Rome in light of social and religious influences.

20th Century Art. 3 hrs.
A survey of the development of architecture, painting and sculpture in the Western World from 1900 to 2000.

Contemporary Art. 3 hrs.
A survey of the development of architecture, painting and sculpture in the Western World from World War II to the present.

Art and Architecture of the Italian Renaissance. 3 hrs. I or II or S.
Explores the art and architecture of the Italian Renaissance in light of social and religious influences.

Art of the Renaissance in Northern Europe. 3 hrs.
Explores the art of northern Europe during the Renaissance in light of social and religious influences.

Baroque Art. 3 hrs.
Analyzes Baroque art and social milieu that influenced, commissioned, financed, and produced it.

Spinning, Dyeing, and Tapestry. 3 hrs. I or II or S.
Basic procedures in hand spinning, dyeing and tapestry weaving.

Women and Art. 3 hrs.
Explores the relationship of women to art historically: as artists, as subject matter, and as patrons/consumers.

Advanced Graphic Design. 3 hrs.
Directed study in which student may select subject from any area of commercial design with the goal of developing specific area of expertise. Emphasis on original design and research.

Ceramic Materials and Processes. 3 hrs.
Practical and empirical investigation of ceramic materials, techniques and approaches to their use in clay and glazes.

2 & 3 Dimensional Designs for Fabrics. 3 hrs.
Exploring the potentialities of fabric as an art experience in two and three dimensional art form.

Designing for Multimedia. 3 hrs.
Current topics and techniques in multimedia design. Topics include animation, incorporating digital video and sound, interaction design, information design, website design and advanced image processing.

Painting: Acrylic and Oil. 3 hrs. I, II, S.
Study and practice of painting in expressing still life, landscape and the human figure.

Figure Painting. 3 hrs. S.
Painting the nude model using modern and classical methods.

History and Philosophy of Art Education. 3 hrs. I.
A survey of the evolution of art education and philosophy, and a study of problems related to art education on the elementary and high school level.

Problems in Curriculum Development for Public School Art K-12. 3 hrs.
Exploring considerations for curriculum development in Art Education, developing individualized curriculum for specific situations on grade levels K-6 or 7-12.

Printmaking Processes. 3 hrs. I, II, S.
Experiments in the media of Intaglio, Lithography, Serigraphy, Relief, Collagraphs and new techniques of printmaking.

Practicum. 3 hrs. I, II, S.
To be used for learning activities that involve the application of previously learned processes, theories, systems or techniques

Special Topics. 1-4 hrs.
To be used for experimental courses. By permission only.

Independent Studies. 1-4 hrs.
To be reserved for tutorials, directed and independent research and readings, problem reports, and other activities designed to fit the needs of individual students within the major.

Advanced Problems in Art Education (Grades K-12). 3 hrs. I, II, S.
For graduate students with limited experience in the arts and crafts wishing to familiarize themselves with methods and materials used in art education.

Advanced Studio Sequence. 3; 3; 3; 3; 3; 3 hrs. I, II, S.
The student will select special studies from art education, art history, drawing, painting, sculpture, ceramics, graphics, and other related approved projects.

Seminar. 3 hrs. II. Even years only.
Discussion and research in selected areas of art.

Problem Report. 1-3 hrs. I or II or S.

Thesis. 1-6 hrs. I or II or S.
**BIOCHEMISTRY AND MOLECULAR BIOLOGY (BIC)**

620 Human Biochemistry. 6 hrs. I.
A study of structure and metabolism of biological compounds with special reference to the human. Must be taken concurrently with BIC 621. (PR: Organic chemistry and consent of instructor; CR: BIC 621)

621 Human Biochemistry Discussion. 1 hr. CR/NC.
Co-requisite weekly discussion group for Human Biochemistry. Selected topics from the lecture course will be covered in greater depth. Must be taken concurrently with BIC 620. (CR: BIC 620)

634 Lipid Biochemistry. 2 hrs. II.
Advanced study of lipid structure and metabolism. (PR: Biochemistry and consent of instructor)

636 Enzymes and Proteins. 3 hrs. I.
Structure and function of enzymes and proteins, including proteomics, purification, assay, kinetics, molecular chaperones, protein degradation, engineering, and current literature concerning enzymes important in the cell cycle and gene regulation. (PR: Biochemistry and consent)

638 Nucleic Acids and Protein Synthesis. 3 hrs. II.
An advanced course in molecular biology and molecular genetics emphasizing current research in these areas. (PR: Biochemistry and consent of instructor)

**Molecular Signal Transduction. 3 hrs.**
An advanced exploration of the newest information on cellular signalling pathways. Special emphasis will be placed on current literature in following signal transduction from the plasma membrane to the nucleus. (PR: BMS 600 or equivalent)

675 Special Topics. 1-4 hrs.
Present course material on special areas of research or topics which are not routinely covered in existing courses.

**BIOLOGICAL SCIENCES (BSC)**

501 Ichthyology. 4 hrs. II. (Alternate years)
Anatomy, physiology, ecology, zoogeography, economic importance and classification of major groups and representative local species of fishes. 2 lec-4 lab and field. (PR: BSC 120-121, 214 or 310)

504 Cellular Physiology. 4 hrs.
The physio-chemical nature of intracellular processes in plant and animal cells with emphasis on the functional significance of microscopic and submicroscopic structure and organization. 3 lec.-3 lab. (REC: Background in chemistry and physics; PR: 12 hours biological sciences)

505 Economic Botany. 3 hrs.
Plants used by man for food, ornamental purposes, building materials, textiles and other industrial purposes: economic importance of conservation. No laboratory. (PR: BSC 120-121 or equivalent)

506 Herpetology. 4 hrs. II, (Alternate years)
A survey of the reptiles and amphibians of the world with special emphasis placed on forms resident to West Virginia including aspects of zoogeography, morphology, taxonomy, and behavior. 2 lec-4 lab. (PR: BSC 120-121, 214)

507 Genetics. 4 hrs. I, II.
The fundamental principles and mechanisms of inheritance. 3 lec-4 lab. (PR: BSC 120-121 or equivalent)

508 Ornithology. 4 hrs. II, (Alternate years)
An introduction to avian biology: Identification, distribution, migration and breeding activities of birds. 2 lec-4 lab. (PR: BSC 120, 121; REC: BSC 214)

509 Mammalogy. 4 hrs. I (Alternate years).
Study of morphology, evolution and classification, zoogeography, ecology, economic importance; survey techniques and recognition of native mammals of West Virginia. (PR: BSC 121 plus an additional 8 hours of BSC courses)

510 Remote Sensing/GIS Applications. 4 hrs. I.
A study of the physical systems for collecting remotely sensed data. Statistical/spatial analysis and modeling using image processing/geographic information/spatial computer software systems with earth resources applications. (PR: PHY 203-204, MTH 225 or permission)

511 Digital Image Processing/GIS Model. 4 hrs. II.
A study of image processing/geographic information/spatial analysis systems, concurrent and parallel image processing 3-D modeling scenarios utilizing geophysical data for computer simulation modeling. (PR: BSC/PS 410 or BSC 510)

512 Biogeography. 3 hrs.
Biogeography studies distributions of animals and plants in space and time; it combines knowledge from evolutionary biology, ecology, zoology, botany, and conservation science with basics of physical geography and geology.

513 Principles of Organic Evolution. 3 hrs. II.
The facts and possible mechanisms underlying the unity and diversity of life with emphasis on Neo-Darwinian concepts of the role of species in evolutionary phenomena. (PR: 16 hours BSC)

514 Entomology. 4 hrs.
Entomology, anatomy, physiology, identification, classification, life histories and economic importance of representative insect groups. 2 lec-4 lab. (PR: BSC 120-121 or equivalent)

515 Morphology of Plants and Fungi. 4 hrs. I, II, S.
Form, structure, and development of plants and fungi. 2 lec-4 lab. (PR: BSC 120, 121 or equivalent)

516 Plant Taxonomy. 4 hrs. I, II, S.
Identification and classification of seed plants and ferns of eastern United States. Readings in history and principles of taxonomy, rules of nomenclature and related topics. 2 lec-4 lab. (PR: BSC 120-121 or equivalent)

517 Biostatistics. 3 hrs.
Statistical skills for biological/biomedical research, with emphasis on applications. Experimental design/survey sampling, estimation/hypothesis testing procedures, regression, ANOVA, multiple comparisions. Implementation using statistical software such as SAS, BMDP. Same as MTH 518. (PR: Permission)

518 Mycology. 4 hrs. I.
Nature, cause and control of plant diseases. 2 lec-4 lab. (PR: BSC 120-121)

519 Plant Anatomy. 4 hrs. II.
Investigations in plant anatomy with emphasis on seed plants. 2 lec-4 lab. (PR: BSC 120 and 121 or permission)

520 Plant Physiology. 4 hrs. II. (Alternate years)
Experimental study of plant life processes to include applicable biophysical and biochemical principles, water relations, molecular biology, stress physiology, and growth and development. (PR: BSC 322 or equivalent)

521 Physiology. 4 hrs.
Taxonomy and morphology of algae. Techniques used in the study of algae with emphasis upon application of ecological principles to current water quality problems. 2 lec-4 lab. (PR: BSC 105 or 121)
Animal Physiology. 4 hrs. I.
Physiological principles operating in the organ systems of vertebrate animals. (PR: BSC 120, 121 or equivalent; BSC 322)

Animal Parasitology. 4 hrs. I, S.
Morphology, life histories, classification, and host relationships of common parasites. 2 lec-4 lab. (REC: BSC 212 or equivalent)

Biosystematics. 3 hrs.
Biosystematics is a unifying discipline that combines taxonomy (collecting, describing and naming organisms), phylogenetics (evolutionary relationships among species), and classification (organization of taxa into groups which ultimately reflect evolutionary relationship.

Medical Entomology. 4 hrs. II, S.
The characteristics and control of certain insects and other arthropods which transmit disease-causing organisms. 2 lec-4 lab. (REC: BSC 212 or equivalent)

Plant Ecology. 4 hrs. II.
The study of plants and their interactions with their environment at different levels of ecological organization: individuals, populations, communities, and ecosystems. Emphasis on quantitative analysis of ecological data.

Limnology. 4 hrs. I, S.
The study of inland waters; ecological factors affecting lake and stream productivity and various aquatic communities. 2 lec-4 lab. (PR: BSC 120-121 or equivalent; REC: BSC 212)

Advanced Microbiology. 4 hrs.
An advanced treatment of microbiology with emphasis on the molecular aspects of anatomy, taxonomy, and physiology of microorganisms. 2 lec-4 lab. (PR: BSC 302)

Microbial Genetics. 3 hrs.
Microbial Genetics covers the essential functions of DNA replication and gene expression in prokaryotic cells. The course includes molecular genetics of bacteria and phages, bioinformatics and discussion of laboratory techniques.

Microbial Ecology. 3 hrs. II.
This course introduces students to the vital roles that microbes play in sustaining life on earth. Includes both theoretical and practical concepts ranging from the origin of life to biodegradation. (PR: BSC 121 or permission)

Microbial Ecology Lab. 2 hrs. II.
A laboratory course emphasizing the recovery, cultivation, enumeration, and identification of bacteria from environmental samples. Also introduces students to molecular-based methods for studying microbial community structure and dynamics. (PR: BSC 121, CR: BSC 545 or consent)

Molecular Biology. 3 hrs. II.
Advanced principles in molecular function emphasizing current research using recombinant DNA methodology. (PR: BSC 322 or equivalent)

Genes and Development. 3 hrs.
An in-depth study of the genetic mechanisms of complex organismal development including cell specification, induction and morphogenesis. (PR: BSC 324 or BSC 322 or equivalent)

Conservation of Forests, Soil and Wildlife. 3 hrs. I.
Primarily for students in the biological sciences, general and applied sciences. Includes fieldwork, seminars, and demonstrations related to conservation. 2 lec-4 lab. (PR: BSC 105 or 121 or equivalent)

Independent Study. 1-4; 1-4; 1-4; 1-4 hrs. CR/NC
(Per: Permission)

Vertebrate Embryology. 4 hrs. I.
Vertebrate development based on frog, chick and pig embryos. 2 lec-4 lab.

Plant Physiology. Growth and Development. 4 hrs. II. (Alternate years)
Comprehensive advanced study of correlative growth in plants with emphasis on germination, dormancy, growth substances and physiological phenomena associated with phases of development. (PR: BSC 322 or 420 or 520)

Advanced Vertebrate Morphology. 3 hrs.
AVM is an intensive, laboratory-based course in vertebrate morphology. Core responsibilities include detailed dissection and comparative cranial osteology. Each student must complete an independent dissection project and term paper. (PR: biology core)

Taxonomy of Vascular Plants. 1-2; 1-2; 1-2 hrs.
Field studies in the taxonomy of higher plants. (Limited to 4 hours credit per student). (PR: BSC 516 or equivalent)

Advanced Physiology. 4 hrs.
Lecture, current literature and introduction to research in physiological systems. 3 lec-3 lab. (PR: 4 hrs. physiology or permission)

Protozoology. 4 hrs. (Offered every third semester)
A study of free-living and parasitic protozoa important to agriculture, wildlife, and man. Morphology, physiology, reproduction, ecology, and life histories of parasitic protozoa will be emphasized.

Animal Ecology. 4 hrs. I.
A study of population and behavior ecology, community dynamics and field techniques. 2 lec-4 lab.

Special Problems. 1-3; 1-3; 1-3 hrs.
By permission of adviser, graded CR/NC.

Introductory Graduate Seminar. 2 hrs.
Topics relevant to preparation for a career in the life sciences including: literature mining and interpretation, scientific ethics, preparation and delivery of scientific presentations, and career development tools

Seminar I. 2 hrs. I.
In depth group discussion of current biological issues.

Seminar II. 1 hr. II.
Oral presentation of individual topics. (PR: BSC 661)

Problem Report. 1-4 hrs.
Preparation and completion of a written report from experimental or field research in biological sciences. (PR: permission)

Thesis. 1-12 hrs.
(Per: By permission of advisor).

BIOMEDICAL SCIENCE (BMS)

Biochemical, Cellular and Molecular Foundations of Biomedical Science. 6 hrs. I.
A study of the structure and metabolism of biological compounds, the molecular biology of the cell, and the interactions of cell components. (PR: One year of Biology and Organic Chemistry and consent of instructor)
614 Basic Human Genetics. 2 hrs. II.
This course will focus on the (study of heritable human diseases. Major topics include the metabolic/molecular basis and detection of inherited disease, gene mapping and genetic risk assessment. (PR: BIC 620 or permission of instructor)

624 Human Genetics. 4 hrs., II.
An introduction to the study of heritable diseases, their molecular basis and their detection and treatment. Clinical cases will be presented in the second half of the class. (PR: Graduate status in one of the biomedical sciences)

628 Neuroscience I: Major Structures of the Brain, Neuron Function, and Spinal Cord. 3 hrs.
To study and understand the structure and function of the nervous system and disorders of neuronal function. (PR: BMS 600 or permission of instructor)

629 Neuroscience II: Structures and Functions of the Brain Stem and Forebrain. 3 hrs.
To study and understand the structure and function of the nervous system and disorders of neuronal function. (BMS 628 or permission of instructor)

630 Neuroscience. 5 hrs., II.
The structure and function of the nervous system. (PR: Permission of instructor)

631 Neuroscience and Developmental Biology Literature Review. 1 hr.
A seminar course where published articles in the fields of neuroscience and developmental biology will be presented by students and faculty. (PR: Permission of instructor)

632 Neuroscience Research Techniques. 3 hrs.
Class participants will be exposed to state-of-the-art neuroscience research techniques while in the laboratories of the neuroscience faculty. (PR: Permission of instructor)

641 Molecular Developmental Biology. 3 hrs.
An in-depth discussion of current literature in developmental biology with emphasis on early embryo development, morphogenesis, lineage determination and regulation of developmental processes. (PR: Permission of instructor)

651 Cancer Biology. 4 hrs.
This is an advanced graduate course on the core principles underlying the initiation, progression, treatment and prevention of cancer, based on the most current literature in the field. (PR: BMS 600, BIC 620, and permission of instructor)

652 Cancer Biology Colloquium. 1 hr.
This is a mentored journal club for graduate students covering selected areas of current interest in cancer biology research. (PR: Permission of instructor)

660 Communication Skills for Biomedical Sciences I. 1 hr.
Biomedical graduate students are trained to plan, prepare, and deliver effective scientific presentations.

661 Communication Skills for Biomedical Sciences II. 1 hr.
Biomedical graduate students are trained to plan, prepare, and deliver effective scientific presentations.

665 Cardiovascular Disease, Obesity, Diabetes Research Colloquium. 1 hrs. CR/NC.
A seminar-style series that will focus on recent advances in topics related to cardiovascular disease, diabetes and obesity.

670 Basic Methods in Molecular Cloning. 2 hrs. II.
This course is designed to expose students to basic molecular cloning techniques, such as genomic library construction, preparation of plasmid DNA, subcloning, nucleic acid hybridization and DNA sequencing. (PR: Undergraduate biology or chemistry majors or graduate student status in one of the biomedical sciences or third year medical student and permission of instructor)

679 Special Problems. I, II, S. CR/NC
Intensive study of a selected topic or problem. Emphasizes independent study. (PR: Consent of advisor)

680 Seminar. 1 hr. I, II. CR/NC
Study and discussion of current topics related to the Biomedical Sciences.

681 Thesis. 1-6 hrs. I, II. S. CR/NC
Directed research activities requiring a completed prospectus for an advanced research project, a written report, or a research thesis. A minimum of three (3) hours required for all M.S. candidates. (PR: Consent of instructor)

882 Research. 1-15 hrs. I, II. S. CR/NC

CHEMICAL ENGINEERING (CHE)

650-653 Special Topics. 1-4 hrs.
Designed to increase the depth of study in a specialized area of chemical engineering. (PR: Consent)

CHEMISTRY (CHM)

510 Advanced Synthesis and Analysis. 4 hrs.
Advanced problems in synthesis, separation and analysis with emphasis on modern instrumental methods. 1 lec-6 lab. (REC: CHM 356 or equivalent)

511 Modern Instrumental Methods in Chemistry and Biochemistry. 4 hrs.
This course investigates the theory and functional aspects of modern analytical instrumentation. Emphasis is placed on components of instruments and the applicability of various techniques to specific analytical problems.

520 Fundamentals of Chemistry. 4 hrs. S. Offered on demand.
An introductory chemistry course for College of Education graduate students.

522 Spectrophotometric Methods of Analysis. 3 hrs.
Modern theories and methods of spectrophotometric analysis, including atomic absorption, infrared, UV-visible and colorimetric methods. 1 1/2 lec-3 lab. (PR: CHM 345 and 307 or 358)

523 Environmental Analytical Chemistry. 4 hrs.
Sampling and modern instrumental analysis of water, air and sediments according to EPA methodology. (PR: Graduate standing; C or better in CHM 345 or equivalent experience.)

526 Chromatographic Methods of Analysis. 3 hrs.
Modern theories and methods of chemical separations with emphasis on gas and liquid chromatography. (PR: 345, 356, 307 or 357) 2 lec-2 lab.

530 Introduction to Polymer Chemistry. 3 hrs.
Properties of macromolecules. Methods of preparation and characterization. Industrial applications and processes. (PR: CHM 307 or 357, and 356 or permission of instructor)

540 Thermodynamics. 3 hrs.
An introduction to chemical thermodynamics and statistical mechanics. (REC: CHM 358 or equivalent)

542 Quantum Mechanics. 3 hrs.
An introductory course in quantum mechanics. (REC: MTH 231 or equivalent)
Advanced Inorganic Chemistry I. 4 hrs.
Study of physical properties and periodic relationships of inorganic materials. 3 lec-2 lab. (PR: CHM 356 and 307 or 357)

Advanced Inorganic Chemistry II. 3 hrs.
A detailed consideration of bonding, structure, reaction rates and equilibrium involving inorganic materials. (PR: CHM 448 or equivalent)

Industrial Chemistry. 3 hrs.
Modern industrial processes for making chemicals, with emphasis on petrochemicals. An introduction to the engineering, economic, and environmental aspects of these processes. (PR: CHM 307 or 357, and 356 or permission of instructor)

Magnetic Resonance in Chemistry. 3 hrs.
Applications of analysis by magnetic resonance. Emphasis will be placed on proton and heteronuclear magnetic resonance theory and applications. 2 lec-2 lab. (PR: CHM 356)

Nuclear Chemistry and Physics. 3 hrs.
An introduction to the phenomena of nuclear physics and chemistry. (REC: MTH 231 or equivalent)

Nuclear Chemistry and Physics Laboratory. 2 hrs. 4 lab.  (REC: CHM 462 or equivalent)

Advanced Organic Chemistry I. 3 hrs. I.
Studies of the dynamics of organic reactions with emphasis on mechanisms and stereochemistry. (REC: CHM 356 or equivalent)

Intermediate Biochemistry. 3 hrs.
A survey course including introduction to basic biochemical concepts, bioenergetics and information transfer.

Applied Microscopy in Research. 4 hrs.
Catalog Description: A combined lecture/lab/self-motivated research course that results in a microscopy-based project to be presented by each student at an open forum (can augment thesis project). (PR: instructor permission)

Problem Report. 3 hrs.
Preparation of a comprehensive written report on a topic in Chemistry of current importance. Registration only by permission of Department.

Independent Study. 1-4 hrs. 1-4; 1-4 hrs.

Theoretical Organic Chemistry. 2 hrs.
The application of quantitative methods to problems in structure and dynamics. (PR: CHM 565)

Physics for Teachers. 3-5 hrs. S.
Offered on demand. (PR: CHM 556)

Theoretical Organic Chemistry. 2 hrs.
The application of quantitative methods to problems in structure and dynamics. (PR: CHM 565)

Kinetics. 3 hrs.
An advanced study of reaction rates and mechanisms.

Physical Chemistry for Teachers. 3-5 hrs. S.
Offered on demand. 3 lec-6 lab. (PR: CHM 520 or equivalent)

Special Topics (Inorganic). 1-3 hrs. Offered on demand.

Special Topics (Organic). 1-3 hrs. Offered on demand

Special Topics (Physical). 1-3 hrs. Offered on demand

Seminar. 1; 1 hr. I, II.

Applied Microscopy in Research. 4 hrs.

Independent Study. 1-4 hrs. 1-4; 1-4 hrs.

Theories of Analytical Chemistry. 2 hrs.
Offered on demand. (PR: CHM 556)

Advanced Reinforced Concrete Structure Design and Behavior. 3 hrs.
Background of modern reinforced concrete design procedures. Comparison of standard design codes. Review of research on behavior of reinforced concrete structures and projection of future changes in design and construction practices.

Finite Element Applications in Civil Engineering. 3 hrs.
PDM theory and basic analysis steps. Structures and elements: trusses, beams, frames and thin-walled. Two dimensional, three dimensional, and axi-symmetric solids, static and dynamic problems, pre-post processing, data interpretation, and advanced modeling techniques.

Prestressed Concrete Design. 3 hrs.
Design of prestressed concrete structures, methods and losses. Design for flexure, shear, and connections, connections, fire rating, and review of research and projection to changes in construction practices.

Bridge Engineering. 3 hrs.
An overview of design of highway bridges, and an introduction to maintenance of highway bridges, including the history of bridge engineering, types, design rules, loads, inspection, rating, preventive maintenance and aesthetics. (PR: CE 616 and advisor approval)

Traffic Engineering. 3 hrs.
Design and application of signs, markings and signals. Timing of isolated and interconnected signals, speed regulation, one-way streets, capacity and analysis of highway facilities.

Evaluation of Transportation Systems. 3 hrs.
Concepts of transportation economic analysis, transportation costs and benefits, needs studies, finance and taxation, methods of evaluation of plans and projects and environmental impact assessment.

Transportation Planning. 3 hrs.
Techniques used to plan urban transportation systems, data collection, trip generation, trip distribution, mode choice, traffic assignment, modeling, evaluation techniques and travel demand modeling.

Highway Safety Engineering. 3 hrs.
Traffic safety studies including crash analysis, control and geometry improvements, hazard and counter measured identification, before-and-after studies, data collection and computer tools for highway safety and traffic evaluation.

Pavement Design. 3 hrs.
Design of highway pavement systems, subgrades, subbases and bases, soil stabilization, flexible and rigid pavements, cost analysis and pavement selection, traffic data collection, drainage, earthwork, pavement evaluation and maintenance.

CIVIL ENGINEERING (CE)

Structural Steel Design and Behavior. 3 hrs.
Principles and methodologies for conceptual and detailed design of steel structures emphasizing LRFD. Topics include behavior and design of hot-rolled/cold-formed steel, connections, members, frames, plate girders, and advanced analysis techniques.

Advanced Reinforced Concrete Structure Design and Behavior. 3 hrs.
Background of modern reinforced concrete design procedures. Comparison of standard design codes. Review of research on behavior of reinforced concrete structures and projection of future changes in design and construction practices.

Finite Element Applications in Civil Engineering. 3 hrs.
PDM theory and basic analysis steps. Structures and elements: trusses, beams, frames and thin-walled. Two dimensional, three dimensional, and axi-symmetric solids, static and dynamic problems, pre-post processing, data interpretation, and advanced modeling techniques.

Prestressed Concrete Design. 3 hrs.
Design of prestressed concrete structures, methods and losses. Design for flexure, shear, and connections, connections, fire rating, and review of research and projection to changes in construction practices.

Bridge Engineering. 3 hrs.
An overview of design of highway bridges, and an introduction to maintenance of highway bridges, including the history of bridge engineering, types, design rules, loads, inspection, rating, preventive maintenance and aesthetics. (PR: CE 616 and advisor approval)

Traffic Engineering. 3 hrs.
Design and application of signs, markings and signals. Timing of isolated and interconnected signals, speed regulation, one-way streets, capacity and analysis of highway facilities.

Evaluation of Transportation Systems. 3 hrs.
Concepts of transportation economic analysis, transportation costs and benefits, needs studies, finance and taxation, methods of evaluation of plans and projects and environmental impact assessment.

Transportation Planning. 3 hrs.
Techniques used to plan urban transportation systems, data collection, trip generation, trip distribution, mode choice, traffic assignment, modeling, evaluation techniques and travel demand modeling.

Highway Safety Engineering. 3 hrs.
Traffic safety studies including crash analysis, control and geometry improvements, hazard and counter measured identification, before-and-after studies, data collection and computer tools for highway safety and traffic evaluation.

Pavement Design. 3 hrs.
Design of highway pavement systems, subgrades, subbases and bases, soil stabilization, flexible and rigid pavements, cost analysis and pavement selection, traffic data collection, drainage, earthwork, pavement evaluation and maintenance.
**650-652  Special Topics.  3 hrs.**
Formal study of civil engineering topics of current interest. (PR: advisor approval)

**699  Civil Engineering Research.  1-6 hrs.**
Directed research in fields of study relevant to civil engineering including transportation, structural analysis, environmental engineering and engineering management. A limit of six semester hours credit may be applied toward the MSE degree with permission of the student’s advisor. (PR: Advisor approval)

---

**CLASSICS (CL)**

These courses are given in English and require no knowledge of Greek or Latin.

**535  Greek Civilization.  3 hrs.**
Study of ancient Greek culture, emphasizing parallels with present-day issues.

**536  Roman Civilization.  3 hrs.**
Study of ancient Roman culture, emphasizing parallels with present-day issues.

**560  Ancient Goddess Religions.  3 hrs.**
Study of the mythology and cults of the goddesses of Greece, Crete, Asia Minor and Rome, with a view to discovering cultural contexts.

**570  Transformations of Myth.  3 hrs.**
An examination of how ancient myth transforms into the psychological and fictional works of more modern times.

**575  Roman Law.  3 hrs.**
Taught in English, this course provides an introduction to the basic tenets of Roman Law, with particular attention to court cases and speeches.

**580-583  Special Topics in Classics.  1-4; 1-4; 1-4 hrs.**
(PR: Consent of the instructor)

**585-588  Independent Study.  1-4; 1-4; 1-4 hrs.**

**599  Humanities Seminar.  3 hrs.**

**620  Theoretical Approaches to Ancient Literature.  3 hrs.**
A close study of ancient and modern literary approaches to and theories about ancient literature with emphasis on genre and cultural contexts.

---

**COMMUNICATION DISORDERS (CD)**

**518  Communication Disorders of School Children.  3 hrs.**
A survey of the causes, symptoms, and treatment of communication disorders encountered in the classroom. Not open to communication disorders majors.

**524  Diagnostic Processes with Communication Disorders.  3 hrs.**
Evaluation of procedures for securing behavioral information to differentiate among various communication disorders; a study of symptom complexes. (PR: Permission of instructor and graduate standing)

**524L  Diagnostic Processes with Communication Disorders.  3 hrs.**
Observation and practice in evaluating individuals with communication disorders (PR: Permission of instructor and graduate standing)

**526  Therapeutic Procedures I.  3 hrs.**
Examination of therapeutic procedures relative to developmental speech disorders. (PR: Permission of instructor and graduate standing)

**526L  Therapeutic Procedures I.  1 hr.**
Observation of individuals with communication disorders and introduction to analysis of the Clinical process. (PR: Permission of instructor and graduate standing)

**527  Therapeutic Procedures II.  3 hrs.**
Examination of therapeutic procedures relative to speech and language disorders. Investigation into the clinician’s role in case management as well as behavior management techniques. (PR: Permission of instructor and graduate standing)

**527L  Therapeutic Procedures Laboratory II.  1 hr.**
Observation and in-depth analysis of the clinical process. (PR: Permission of instructor and graduate standing)

**561  Sign Language for the SLP.  3 hrs.**
Introduction to basic signs and finger spelling. Overview of different sign systems.

**562  Sign Language for the SLP II.  3 hrs.**
This course will focus on the continuation of exposure to sign language and deaf culture and the various techniques of manual communication. (PR: CD 561)

**570-571  Clinical Practicum.  1-3 hrs.**
Supervised clinical practicum in the Marshall University Speech and Hearing Center. (PR: Permission of instructor)

**580-583  Special Topics.  1-4; 1-4; 1-4 hrs.**
(PR: Permission of chair)

**585-588  Independent Study.  1-4 hrs.**
(PR: Permission of chair)

**601  Introduction to Graduate Studies.  3 hrs.**
An introduction to graduate studies, including clinical and research applications; quantitative and qualitative research methodology; critical analysis of clinical instruments and research literature. (PR: Permission of instructor)

**620  Communication Disorders Related to Cleft Palate and Voice.  3 hrs.**
Intensive study of the anatomy and physiology of laryngeal and maxillofacial structures; voice production and resonance; nature and etiology of voice and resonance disorders; principles of assessment and treatment. (PR: Permission of instructor)

**622  Phonological Processes and Disorders.  3 hrs.**
Advanced study of the phonological component of the linguistic system. Emphasis on phonological disorders in children; social dialects; critical analysis of literature. (PR: Permission of instructor)

**623  Fluency Disorders.  3 hrs.**
Detailed evaluation of theories of fluency disorders and relevant therapies; critical analyses of research literature. (PR: Permission of instructor)

**624  Foundations in Neurogenic Communication and Swallowing Disorders.  3 hrs.**
Study of anatomy/physiology of the nervous and motor systems for communication and swallowing; foundational principles of service provision for people with neurologically based disorders. (PR: permission of instructor)

**625  Acquired Aphasia.  3 hrs.**
Advanced study of the acquired aphasia; critical analysis of research literature. (PR: Permission of instructor)

**628  Child Language Disorders: Infancy through Preschool.  3 hrs.**
Advanced study of the characteristics and etiology of language disorders in young children. Special emphasis will be placed on diagnosis and treatment of young children with language disorders. Helping children with language disorders acquire the oral language skills they need to successfully acquire literate language also will be covered (PR: Permission of instructor).
COMMUNICATION STUDIES (CMM)

501 Organizational Communication. 3 hrs.
Investigation of information flow in organizations with emphasis on identifying communication problems.

502 Rhetorical Theory. 3 hrs.
An exploration of theories of rhetoric from the Greek philosophers to the present. This course will examine the strategic use of symbols in persuasive discourse.

504 Rhetorical Communication Criticism. 3 hrs.
An examination of the construction of situated rhetorical texts and the effects they produce.

506 Interviewing. 3 hrs.
Skill development in the question-answer-response process as it applies to a variety of interviewing situations.

508 Theories of Persuasion and Change. 3 hrs.
A study of the variables affecting, and affected by, the communication process in small groups, with particular emphasis upon leadership variables.

511 Communication Study and Research. 3 hrs.
Introduction to the advanced study of theory and research areas with emphasis on communication research methods and reporting.

513 Theories of Interpersonal Communication. 3 hrs.
A survey and analysis of theories related to interpersonal communication in relationships. Emphasis is on the communication processes and contingencies underlying relationship development, maintenance, and disengagement in various interpersonal contexts.

520 Communication and Conflict. 3 hrs.
An exploration of the theory, research, and practice of communication in understanding and negotiating interpersonal conflict.

521 Gender and Communication. 3 hrs.
An exploration of gender as an organizing principle for communication.

541 Development and Appreciation of Film Since 1930. 3 hrs.
A study of important directions in modern film, including style, genre, and the relationship to contemporary society. A variety of films will be viewed for analysis.

550 Direction of Speech Activities. 3 hrs.
Direction of extracurricular speech activities/assemblies, forensic events, etc. (PR: 15 hours of Communication Studies or permission)

556 Computer-Mediated Communication. 3 hrs.
This course explores the impact of computer-mediated communication on human organization. (PR: E-mail capability; web search capability)

574 Health Communication. 3 hrs.
Explores communication demands of human health care and health care promotion; examines communication controversies in the modern health care system, and examines communication strategies to resolve health care problems.

576 Communication for Classroom Teachers. 3 hrs.
Knowledge and utilization of interpersonal communication skills in all teaching-learning environments.

577 Health Communication Campaigns: Strategies and Processes. 3 hrs.
Examines communication processes that influence human behavior and public policy through health promotion campaigns, including theories and practices of health behavior change and designing, implementing, and evaluating health communication interventions.

580-583 Special Topics. 1-4; 1-4; 1-4 hrs.
(PR: Permission of chair)

585-588 Independent Study. 1-4 hrs.
(PR: Permission of chair)

597-598 Instructional Television Course. 1-4 hrs.
A course based upon Instructional Television Series broadcast by public television. The student is responsible for viewing the series on the air and satisfying all course requirements announced by the department.

601 Problems and Methods in Communication Research. 3 hrs.
Communication Consultation Strategies. 3 hrs.
An in-depth analysis of diagnostic and intervention strategies employed by communication consultants. Strategies include communication network analysis, communication process observation and consultation, communication role and norm negotiation, and team building.

Nonverbal Communication. 3 hrs.
Examines the major dimensions and functions of nonverbal communication with a focus on what constitutes nonverbal competence in a variety of contexts.

Studies in Communication Theory. 3 hrs.
An extensive investigation into the major concepts of contemporary communication theory.

Leaders and Movements in Communication Education. 3 hrs.
The study of speech-communication education from the time of the Greeks to the present, with emphasis upon the evolution of communication education to meet the needs of contemporary society.

Seminar in Public Communication. 3 hrs.
Intensive treatment of principles and processes underlying dyadic communication. Designed to enable the student to diagnose and intervene to resolve communication problems.

Seminar in Communication Pedagogy. 3 hrs.
Primarily for graduate teaching assistants to develop instructional skills of preparation, presentation and evaluation; to understand instructor duties and requirements, and to exemplify interpersonal skills in dealing with students.

Seminars. 1-3; 1-3 hrs.
Program of study not normally covered in other courses. Topics vary from semester to semester.

Special Topics. 1-3; 1-3 hrs.
Program of study not normally covered in other courses. Topics vary from semester to semester.

Thesis. 1-4 hrs.

Independent Study. 1-4; 1-4 hrs.
(PR: Permission of chair)

Internship. 1-3 hrs.
Supervised work experience in communication.

COMPUTER SCIENCE (CS)

Please see Information Systems and Technology Management for degree programs.

Introduction to Computer Graphics. 3 hrs. II.
Introduction to underlying theory and techniques of computer graphics. Historical perspective. Display hardware technology, 2D raster operations, 2D and 3D geometric transformations, and 3D projection and viewing techniques. Project participation. (PR: MTH 330 or equivalent, or permission of instructor)

Introduction to Artificial Intelligence. 3 hrs. I.
Concepts and methods. Heuristic search, planning, hypothesis formation, modeling, knowledge acquisition and representation. Languages, methodologies, tools. Applications including automatic programming, theorem proving, machine vision, game playing, robots. Project participation. (PR: CSD 240 or equivalent, or permission of instructor)

Communication Networks and Distributed Systems. 3 hrs. II.
Network structures; architectures, topology; Layers, protocols, interfaces, local area networks. Coverage of current networks. Distributed processing concepts; architectural trade-offs, distributed databases. Operating system and application software issues. Project participation. (PR: CSD 322 or equivalent, or permission of instructor)

Formal Languages and Automata Theory. 3 hrs. I.
Concepts and formalisms of formal languages and automata theory. Fundamental mathematical concepts. Grammars and corresponding automata. Deterministic parsing of programming languages. (PR: MTH 340 or equivalent, or permission of instructor)

Database Systems. 3 hrs. II.
Basic concepts, semantic models. Data models: object-oriented and relational, lesser emphasis on network and hierarchical. Query languages and normal forms. Design issues. Security and integrity issues. (PR: Permission of instructor)

Computer Simulation and Modeling. 3 hrs. I.
Concepts of model building and computer-based discrete simulation. Special-purpose simulation languages. Experimental design, analysis of results. Statistical aspects, random number generation. Model validation issues and methods. Project participation. (PR: MTH 445 or equivalent, or permission of instructor)

Compiler Design. 3 hrs. I.
Compilation of modules, expressions, and statements. Organization of a compiler including compile-time and run-time aspects; symbol tables, lexical analysis, syntax analysis, semantic analysis, optimization, object-code generation, error diagnostics. Compiler writing tools. Participation project. (PR: CSD 325 or equivalent, or permission of instructor)

Image Processing. 3 hrs.
Image Processing focuses on the application of technology to scientific analysis of images. Topics include: measurement techniques, scientific methods of reconstruction and interpretation of images and video. (PR: Graduate standing in COS or the Medical School)

Introduction to Applied Automation. 3 hrs. I.
Introduction to production economics; programmable logic control, sensors and actuators, digital and analog I/O design. Introduction to robotics and flexible manufacturing systems. (PR: Permission of instructor)

Software Engineering. 3 hrs.
Current techniques in software design and development using Ada, Modula-2, or C for software projects. Formal models of structured programming, top-down design, data structure design, object-oriented design, program verification methods. (PR: CSD 239 and 320)

Special Topics. 1-4 hrs.
(PR: Permission of instructor)

Advanced Educational Computing. 3 hrs.
Allows the educator to develop a more in-depth understanding of the 'BASIC programming' language and become familiar with other languages used on microcomputer.

Using the Computer as a Decision-Making Tool. 3 hrs.
Introduction to statistical software packages and packaged microcomputer software serving as a productivity tool for lower and middle level managers. Spreadsheet, text-editing and file management packages for microcomputers. Open to all graduate students.
CONTROL SYSTEMS (CSE)

601 Advanced Differential Equations. 3 hrs.

602 Modeling and Simulation. 3 hrs.
Process models for flow, heat transfer, mass transfer, and reactions. Analysis includes various lumped parameter and distributed parameter methods.

611 State Space Control-Continuous. 3 hrs.
State space representation of dynamic systems; dynamics of linear systems; frequency domain analyses; controllability and observability; shaping the dynamic response; linear observers and compensator design; linear, quadratic optimum control.

620 Digital Control. 3 hrs.
Discrete time systems and the Z transform; sampling and reconstruction; open-loop and closed-loop discrete systems. System time response characteristics; stability analysis techniques. Pole assignment design and state estimation.

621 Control Systems Design. 3 hrs.
Design of simple control systems. Multivariable control systems. Periodic processing. The concepts will be illustrated using chemical, electrical and mechanical engineering processes.

624 Advanced Control. 3 hrs.
Specific advanced control topics such as dead time compensation, inverse response, cascade control, ratio control, adaptive control, inferential control, decoupling control, process identification, and optimal control.

626 Non-Deterministic Systems. 3 hrs.
Probability models used in engineering, transformations of random variables, multivariate random variables, application of statistical process control. Stochastic processes for engineering applications, linear least-square estimation and regression analysis.

629 Nonlinear Control. 3 hrs.
Methods for analysis and design of nonlinear control systems. State space models, phase plane limit cycles, stability, describing functions, relay system stabilization theory, variable structure systems and advanced topics.

630 Optimal Control. 3 hrs.
General theory of optimal control; calculus of variations; Pontryagin’s maximum principle; Hamilton-Jacobi theory, application of optimal control theory to design of feedback systems, using several performance criteria; advanced topics.

631 Adaptive Control. 3 hrs.
Study of developments in the field of adaptive control; stability, convergence of adaptive systems, model reference, self-tuning and robust adaptive control, adaptive observer, autotuning and gain scheduling, and advanced topics.

650-653 Special Topics. 3 hrs.
Designed to increase the depth of study in a specialized area of control systems. (PR: Consent)

COUNSELING (COUN)

545 Beginning Manual Communication. 3 hrs.
This course provides a beginning study of the psychological characteristics of the hearing impaired and fundamental techniques of manual communication.

554 Advanced Manual Communication. 3 hrs.
This is the follow-up course to COUN 618 and provides an advanced study of the grammar, syntax and idioms of American Sign Language (ASL) and a comprehensive overview of the effect of hearing impairment. Emphasis will be upon communicating in ASL. (PR: COUN 545)

555 Crisis Intervention and Conflict Resolution. 3 hrs.
Students explore various types of crises such as situational and developmental. Specific topics include suicide and sexual assault. Requirements include a class presentation, and 30 supervised clinical hours in a crisis setting approved by instructor.

556 Death and Grief Counseling. 3 hrs.
A study of the stages of death, dying and the grief process are presented in practical, theoretical, social, and psychological aspects. Emphasis is on counseling relating to various forms of loss.

574 Social & Cultural Foundations. 3 hrs.
Examines the use of appropriate resources for effective counseling of individuals of different cultural, ethnic, social, racial, geographic, or other backgrounds. Personal, social, and cultural sources contributing to social and emotional disenfranchisement are explored, as well as the impact of using stereotypes and practicing discrimination in society and human service delivery systems. (PR: program admission or permission)

575 Prevention and Treatment of Addictions. 3 hrs.
Course surveys the field of addictions covering assessment, treatment, prevention, and education. It will explore the development of addiction theory and with particular focus on the bio-psycho-social model. (PR: COUN 600 & 603)

577 Stress Management Counseling. 3 hrs.
This course provides counseling students and others with a comprehensive analysis of stress in contemporary society. Of particular emphasis is an orientation to stress management as a counselor helping intervention. Students explore theoretical and practical alternative in helping the stressed client.

579 Psychotherapy in Counseling. 3 hrs.
Provides basic understanding of the role of therapeutic drugs in the treatment of psychiatric disorders, familiarizes with most commonly used drugs, side effects, and adverse reactions in specific mental illness. (PR: COUN 600 & 601)

580-583 Special Topics. 1-4 hrs.
Study, reading, and research in specialized areas of counseling and human relations. Areas of interest are offered at various times by the faculty to provide specialized study for advanced students or practicing professionals in the field of counseling. (PR: Consent)

585-588 Independent Study. 1-4 hrs.
Individual or group study and research of various issues and fields of emphasis in counseling. (PR: Consent)

600 Professional Orientation. 1-3 hrs.
This course provides an understanding of all aspects of professional helping in mental health including history, roles, ethics, standards and credentialing. (PR: Program admission or permission)

601 Counselors in Consulting Roles. 3 hrs.
This course provides an exploration of consultation roles that are integrated into the various settings in which counselors work. Content includes an orientation to consultation and its historical development, theory and practice issues, and major models. Of special emphasis is the focus upon case applications and presentations. (PR: COUN 600)

602 Human Development and Psychopathology. 3 hrs.
The course will explore human growth/development from birth through adulthood. Theories of character development, social maturation, abnormalities and variations in development due to gender, culture, and environmental factors will be covered. The change processes, helping relationships, and strategies for facilitating development appropriate to various phases of the life span will be addressed. (PR: program admission or permission)
Counseling Theories. 3 hrs.
Survey of classical and contemporary counseling philosophies, history, and techniques as related to interpersonal relationships in the counseling process. (PR: COUN 574, 600, 602, EDF 621)

Group Counseling & Theories. 3 hrs.
An examination of group dynamics and theories of group counseling with demonstrations of specific group techniques and the practice of popular approaches in group counseling. (PR: COUN 574, 600, 602, EDF 621)

Theory and Practice of Human Appraisal. 3 hrs.
Provide an understanding of individual and group approaches to assessment and evaluation including history, theoretical and statistical aspects, applications to special populations, and legal and ethical concerns and issues. (PR: COUN 574, 600, 602, EDF 621)

Career and Lifestyle Development. 3 hrs.
A study of career development theories and decision-making models that impact career development and related life factors. (PR: COUN 603, 604, 605, and 607)

Counseling Techniques in Human Relationships. 3 hrs.
Study of a variety of counseling and therapeutic techniques within the framework of a systematic counseling model. Emphasis on basic interviewing, assessment and counseling skills that facilitate the helping process through integration of various theoretical orientations. (PR: COUN 574, 600, 602, EDF 621)

Practicum. 3 hrs.
A clinical experience under professional supervision preparing the student for internship; audio and video tapes, group supervision and feedback are used to achieve competency in the application of a counseling process. Students must achieve a minimum grade of B. (PR: COUN 603, 604, 605, 607)

Foundations of Community Counseling. 3 hrs.
Examines the history of deinstitutionalization in human services with an emphasis on prevention in the delivery of such services in community agencies. Proposal writing for grants and needs assessment processes and procedures will be emphasized. (PR: COUN 603)

Domestic Violence. 3 hrs.
An introduction to the epidemiology, dynamics, clinical interventions and treatment of domestic violence.

Seminar in Counseling. 1-6 hrs.
For students in degree programs or in post-master’s work who wish to discuss and study theory, principles, and techniques of counseling or other special topics. Instructor will indicate in course syllabus whether class is letter graded or S/U. (PR: Consent)

Workshop. 1-6 hrs.
Special workshops and short intensive courses on theory, methods, supervision and other special topics in counseling, designed for advanced students and professionals in the counseling field or related fields. (PR: Consent)

Introduction to Child Abuse & Neglect. 1 hr.
Introduction to the dynamics of child abuse and neglect and to the legal and ethical issues of persons mandated to report child abuse and neglect. (PR: COUN 600 & 603)

Parent Education. 3 hrs.
Study of family education skills training for conducting family education groups and parent training.

Introduction to Mental Health Counseling. 3 hrs.
Provides an introduction to the foundations and contextual dimensions of mental health counseling. Emphasis is given to an exploration of mental health counseling roles and functions, theories and techniques, professional standards and operations, administration, evaluation, and special issues. (PR: COUN 603 and 607)

Diagnosis and Treatment Planning in Mental Health Counseling. 3 hrs.
Provides an in-depth exploration of the knowledge and skills necessary for the practice of mental health counseling. Emphasis is given to the principles and practices that relate to psychopathology, DSM diagnosis, etiology and assessment, systematic treatment planning, interviewing, and short and long-term interventions. (PR: COUN 600, 603, and 607)

Introduction to Marriage, Couple, and Family Counseling. 3 hrs.
A comprehensive survey of the major theoretical models of marriage, couple, and family therapy from a systems perspective and the applied practices evolving from each orientation.

Core Functions of Addiction Counseling. 3 hrs.
Advanced course designed to prepare students for work with clients presenting with substance abuse, and addiction disorders. The course will address the nature and treatment of addiction with attention to the core functions of the addiction counselor. (PR: COUN 575)

Couple Counseling. 3 hrs.
A comprehensive survey of the major theoretical models of couple counseling and the applied practices evolving from each orientation.

Adult and Family Development and Transition. 3 hrs.
An in-depth study of various theories of family development and interaction. Focus will be on theoretical understanding of family relationships across the stages of the family life cycle and related treatment strategies.

Interventions: Marriage, Couple, and Family Counseling. 3 hrs.
An intensive practical experience in marriage, couple, and family therapy techniques to prepare the student to enter the supervised internship of the program. (PR: Students must have achieved minimum grades of B in COUN 622, 632, 636, and 637)

Correctional Counseling Seminar. 1-9 hrs.
A critical examination of counseling models in corrections and an appraisal of current professional trends in community corrections. The course may include field experience in correctional settings. The course is designed for visiting professors and/or consultants who offer an expertise in a correctional setting. (PR: COUN 600 & 603 or Consent)

Correctional Counseling: Client Advocacy. 3 hrs.
Designed to provide the counselor in a correctional setting with an integration of current contributions from related disciplines. Emphasis will be upon client advocacy, as well as the public, administrative, and legal responsibilities of correctional counselors and others who work with correctional clients. (PR: Consent)

Seminar in Career Counseling. 3 hrs.
For students in career counseling who wish to discuss and study theory, principles, and techniques of career counseling or to study specific topics and issues in the field of career counseling. (PR: Consent)

Career Counseling with Special Populations. 3 hrs.
Introduction to the special career development needs and concerns of various groups of people in a variety of settings. Emphasis will be given to the special concerns of women, various ethnic groups, the physically and mentally challenged, and person at various stages of vocational maturity. (PR: COUN 600 & 603)

Career Assessment Techniques and Report Writing. 3 hrs.
A study of career assessment tools needed to assist individuals in making career choices. Focus will be given to the administering, scoring, and interpreting of vocational and career instruments utilized in career decision making. (PR: COUN 605 and 606)

Ecology of Domestic Violence. 3 hrs.
The course will examine domestic violence from an ecological and sociocultural perspective in the context of the community infrastructure, and its response to victims, child safety, and batterer accountability.
DV 1 - Working with Victims. 3 hrs.
This course will focus on victim dynamics, diagnostic indicators that victims may present without revealing an abusive relationship, and interventions that empower and focus on victim strengths.

DVII – Working with Perpetrators. 3 hrs.
This course will focus on working with the domestic violence perpetrators, by providing guidelines for interviewing, assessment, and interventions for the cessation of violence toward victims.

DVIII – Working with Children. 3 hrs.
This course will address issues related to the cognitive, behavioral and emotional problems of children who witness and/or experience domestic violence, and explore appropriate interventions.

Introduction to Student Affairs. 3 hrs.
Provides a broad, comprehensive introduction to the field of college student affairs and its role with the context of American higher education. Various student affairs functional areas, historical, and philosophical foundations of the field, professional standards, guiding theories, and models, and competencies needed to work with diverse student populations are examined. (PR: COUN 603)

Current Issues in Student Affairs. 3 hrs.
To enhance the student's awareness and understanding of the educational, environmental, administrative, legal, and ethical issues in the field of Student Affairs in colleges and universities, this course provides the opportunity to discover, discuss and analyze current issues impacting student affairs practices both nationally and internationally. (PR: COUN 603 and 607)

Counseling Children, Adolescents, and Parents. 3 hrs.
Consideration of effective counseling strategies and techniques appropriate for children, adolescents and parents through lecture, demonstration and laboratory experiences. Personal, social, career, academic and family related issues and dynamics will be explored. (PR: COUN 600 & 603)

Legal and Ethical Issues for School Counselors. 3 hrs.
An overview of professional issues in the field of counseling, mental health and education; an overview of legal and ethical issues specific to the field of school counseling; an overview of international, national, regional and state legal and ethical cases effecting the field of school counseling; an introduction to ethical and legal issues including an ethical and legal decision making models, licensure and Certification requirements, confidentiality, etc. (PR: COUN 600 and COUN 603)

Internship in Mental Health Counseling. 3 - 9 hrs.
Supervised experience in mental health counseling. Participation in seminars on specified topics. Minimum 100 clock hours for each semester hour credit. (PR: COUN 608 and 631 with minimum grade of B or permission)

Internship in Community Counseling. 3-4 hrs.
Supervised experience in community counseling. Minimum 100 clock hours for each semester hour credit. (PR: COUN 608 with a minimum grade of B or permission)

Internship in Marriage and Family Counseling. 3 - 9 hrs.
Supervised experience in marriage and family counseling. Participation in seminars on specified topics. Minimum 100 clock hours for each semester hour credit. (PR: Student must have achieved a minimum grade of B in COUN 638)

Internship in Corrections Counseling. 3 - 6 hrs.
Supervised experience in corrections counseling. Participation in seminars on specified topics. Minimum 100 clock hours for each semester hour credit. (PR: COUN 608 and 641 with a minimum grade of B or permission)

Internship in Community Counseling. 3 - 6 hrs.
Supervised experience in career counseling. Participation in seminars on specified topics. Minimum 100 clock hours for each semester hour credit. (PR: COUN 608 and 653 with a minimum grade of B or permission)

Internship in Student Affairs Counseling. 3 - 6 hrs.
Supervised experience in student affairs counseling. Participation in seminars on specified topics. Minimum 100 clock hours for each semester hour credit. (PR: COUN 608 with a minimum grade of B or permission)

Internship in School Counseling. 3 - 6 hrs.
Supervised experience in school counseling. Participation in seminars on specified topics. Minimum 100 clock hours for each semester hour credit. (PR: COUN 608 and 673 with a minimum grade of B or permission)

Internship. 1-12 hrs.
A course designed to offer advanced graduate students an opportunity to practice under close supervision the professional skills required in the broad field of counseling in school and community settings. Instructor will indicate in course syllabus whether class is letter graded or S/U. (PR: Consent)

Current Issues in Counseling. 3 hrs.
An examination of current issues affecting professional counselors and training in effectively dealing with the issues. Selected readings, guest speakers, and class discussion will center around professional issues relevant to counselors in various settings (i.e., legal and ethical considerations). (PR: Consent)

Systems Intervention 3 hrs.
Examination of the major systems which may require intervention by a supervisor of counselors and training in effective intervention strategies. (PR: Consent)

Advanced Group Counseling 3 hrs.
The application of counseling theories in group settings, including supervised group leadership experiences. (PR: Consent)

Seminar 3 hrs.
For students in post-master’s work who wish to discuss and study theory, principles, and techniques of counseling or other special topics. Instructor will indicate in course syllabus whether class is letter graded of S/U. (PR: Consent)

Models of Counselor Supervision 3 hrs.
A survey of theoretical approaches and techniques counseling supervision. Emphasis is placed on supervision of counselors in various settings. (PR: Consent)

Residency in Counselor Supervision 6 hrs.
Supervised application of the knowledge and skills gained in the Ed.S. Program. Students will supervise practicing counselors in approved settings. (PR: Acceptance into the Ed.S. Program, completion of all other Ed.S. academic requirements, and consent)

Special Topics 3-6 hrs.
Study, reading, and research in specialized areas of counseling, human relations, guidance or other special topics.
Section: CRIMINAL JUSTICE (CJ)

500 Applied Ethics in Criminal Justice. 3 hrs.
Examines ethical issues and moral dilemmas faced by criminal justice professionals. Traditional ethical theories and practices designed to foster public trust in the criminal justice system are examined and applied.

501 Teaching and Training in Criminal Justice. 3 hrs.
Students examine various theories and techniques used in teaching and training criminal justice professionals, develop lesson plans, and use technology based presentation media to present information.

504 Theoretical Criminology. 3 hrs.
A critical analysis of the major criminological theories and their empirical foundations. Current theory and research receive greater emphasis than historical development.

506 Race, Ethnicity, Gender, & Crime. 3 hrs.
Examines the impact of race, ethnicity, and culture within the criminal justice system. Explores minorities and women as victims, witnesses, and offenders.

510 Police Administration. 3 hrs.
This course studies the functions and activities of police agencies, including police department organizations and responsibilities of police administrators. Current administrative and management techniques and theories are also explored.

521 Corrections and the Law. 3 hrs.
Review of legal principles relating to convicted criminals, including plea negotiations, sentencing, post-conviction remedies, constitutional rights of inmates, and conditions of confinement.

522 Law of Evidence. 3 hrs.
Leading rules and principles of exclusion and selection; burden of proof, nature and effect of presumptions; proof of authenticity and contents of writings; examinations, competency and privilege of witnesses.

526 Civil Liability Issues in Criminal Justice. 3 hrs.
This course examines various theories of civil liability that relate to Criminal Justice professionals, the civil justice system, and preventing and defending civil liability claims.

533 Correctional Administration. 3 hrs.
Objectives of correctional institutions; records; personnel, program development, security; educational programs.

550 Business and Industry Security. 3 hrs.
Selection, training and staffing of a security force; security devices available, techniques of internal security; ground security; security techniques applicable to personnel selection; legal problems.

553 Seminar in Crime Prevention. 3 hrs.
This course examines theory, operation, and evaluation of crime prevention as a function of the criminal justice system. Techniques for crime prevention are analyzed from various orientations, including environmental design.(PR: permission)

580-583 Special Topics in Criminal Justice. 1-4; 1-4; 1-4 hrs.
A study of special interest criminal justice topics under the supervision of a qualified faculty member. (PR: Consent of instructor)

585-588 Independent Study. 1-4; 1-4; 1-4 hrs.
This course permits the student to undertake supervised research (field or library) in any area where there is no appropriate course. (PR: Consent of instructor)

590 Internship. 1-6 hrs.
The placement of an individual into a criminal justice agency (police, probation, courts, jails) to observe and participate in its operation. Grading is CR/NC. (PR: Consent of instructor)

601 Seminar in Criminal Justice. 3 hrs.
A forum to acquaint students, faculty and guests with each others' research and experiences in dealing with criminal justice issues.

602 Law and Social Control. 3 hrs.
An examination of the nature of law and crime with a view towards determining the nature of control of social behavior by the legal system.

603 Criminal Justice Planning. 3 hrs.
A systematic review of procedures to plan and evaluate criminal justice organizations and their operations.

604 Advanced Theory in Criminal Justice. 3 hrs.
Course is designed to provide the student already familiar with the basic concepts of criminological theory the opportunity to examine in depth a selected set of theories (PR: CJ 504, its equivalent, or permission of instructor)

605 Juvenile Delinquency. 3 hrs.
Juvenile delinquency in the modern world; nature, extent, causes, treatment, and control.

620 Criminology. 3 hrs.
Seminar in crime and delinquency.

621 Advanced Criminal Law and Procedure. 3 hrs.
A review of contemporary legislation and court decisions relating to criminal law and procedure. (CJ 322 or permission)

632 Community Corrections. 3 hrs.
A survey of probation, parole, pre-release centers, halfway houses and other forms of community corrections as elements of a total correctional system. Historical development, contemporary organization, and legal issues are emphasized.

655 Research Methods in Criminal Justice. 3 hrs.
Elements of scientific research; interaction between research and theory; use of data processing resources. (PR: Undergraduate research methodology course, undergraduate statistics course, and permission)

656 Applied Statistics in Criminal Justice. 3 hrs.
Principles of statistical techniques with emphasis upon their application in the Criminal Justice system. (PR: Undergraduate statistics course, CJ 655, and permission)

679 Problem Report. 3 hrs.
The preparation of a written report on a research problem or field study in Criminal Justice. (PR: CJ 655 and permission)

681 Thesis. 1-6 hrs.

Section: CURRICULUM AND INSTRUCTION (CI)

501 Middle Childhood Curriculum. 3 hrs. I, II, S.
The study of procedures for creating a functional middle childhood curriculum with emphasis upon the needs of middle childhood learners.

503 Methods and Materials of Teaching in the Middle Childhood Grades. 3 hrs. I, II, S.
The study of methods appropriate for teaching in the middle childhood grades and the production and utilization of materials and resources in these grades.

511 Analysis of Teaching in Early Years. 2 hrs.
The analysis and appraisal of teaching strategies employed in the teaching of young children. (CR: CI 630)
Integrated Methods and Materials: Secondary Education. 3 hrs.
General secondary/middle school course with emphasis on instructional standards and objectives, methods, and materials of the disciplines. A clinical experience provides observation and teaching. MAT students only. (PR: EDF 537; CR: EDF 637)

Comprehensive Classroom Discipline Techniques. 3 hrs.
Identification of common classroom discipline problems and techniques for dealing with behavioral incidents in school settings K-12.

Classroom Motivation. 1-3 hrs. I, II, S.
Classroom motivation with an emphasis on theoretical constructs and practical applications for teachers of students from early childhood through adolescence.

Language Arts and Literature. 3 hrs.
An examination of theory, research, and practical strategies for integrating language arts and teaching literature for students K-8.

Instructional and Classroom Management in Elementary Education. 3 hrs.
This course allows elementary education students to critically examine a variety of classroom management strategies and educational issues that impact instruction.

Instructional and Classroom Management in Secondary Education. 3 hrs.
Classroom management with an emphasis on practical techniques for dealing with management problems in secondary and middle school settings.

Writing in an Integrated Literacy Framework. 3 hrs.
Views writing from an integrated literacy framework emphasizing multiple methods of writing and writing assessment.

Writing to Learn in Content Areas. 3 hrs.
Designed to introduce teachers to successful approaches and strategies to foster thinking and learning through writing, and experiment with a variety of approaches and techniques in their classrooms.

Summer Institute: The National Writing Project Model. 6 hrs.
Participants will examine problems in the teaching of writing, present and demonstrate approaches to the teaching of writing, study current and past research in the field.

Elementary Education: Teaching Contemporary Mathematics. 3 hrs.
Application of modern methods and techniques in the implementation of a contemporary elementary mathematics program.

Multicultural Influences in Education: Materials and Techniques. 3 hrs. I, S.
Multicultural education with an emphasis on methods and materials for teaching students from diverse cultural backgrounds.

Staff Development: Identifying content title to be added. 1-4; 1-4; 1-4 hrs. I, II, S.
Courses and activities designed to meet the specific inservice needs of public school personnel. Credit in these courses may be used for certificate renewal and salary upgrading if approved but not in degree programs. CR/NC grading.

Special Topics. 1-6 hrs. I, II, S.

Independent Study. 1-4 hrs. I, II, S.
Permission of Chair and GPA 3.0 to take class. Limit of 6 hrs. of Independent Study to be used in master’s degree program.

Workshop. 1-4 hrs.
A study of practical applications in teacher education and related fields for advanced students and professionals. Experience in new techniques and application of new knowledge.

Instructional Television Course. 1-4 hrs.
A course based upon Instructional Television Series broadcast by public television. The student is responsible for viewing the series on the air and satisfying all course requirements announced by the department.

Elementary Education: Curriculum in the Modern Elementary School. 3 hrs. I, II, S.
Examination of traditional and current assumptions undergirding the modern elementary school curriculum with emphasis on converting theoretical bases into plans for curriculum change and modernization.

Secondary Education: Curriculum in the Modern Secondary School. 3 hrs. II, S.
Analysis of the social and political factors which affect secondary school curriculum with emphasis upon trends and developments in high schools today.

Elementary Education: Informal Learning in Primary and Middle Schools. 3 hrs.
Informal learning in the primary and middle school with emphasis on the significance of natural child development, learning through games and play, and the British model for infant and junior schools, and related activities for the middle years (ages 10-14) in middle school settings.

Instructional Models and Assessment Techniques. 3 hrs.
Selected teaching models are analyzed with implications for the role of the teacher; assessment of influences of the teacher.

Advanced Instructional Strategies. 3 hrs.
Performance-based laboratory experiences in a micro-teaching laboratory development of a personalized teaching repertoire.

Planning and Evaluation. 3 hrs.
Explicitly links program planning in/for organizations with advances in evaluation research practice in education and closely related fields. Designed for students engaged in varying levels of professional practice.

Early Childhood Education: Practicum in Early Childhood Education. 1-4 hrs.
Supervised experience in teaching kindergarten with a concurrent seminar in organization and administration.

Early Childhood Education: Current Influences on Early Childhood Education. 3 hrs.
A study of recent findings in the behavioral sciences and their implications for early childhood education.

Early Childhood Education: Early Childhood Programs. 3 hrs.
An examination of past and present programs for young children with opportunity provided for curriculum development.

Early Childhood Education: Adult Involvement in Early Education. 3 hrs.
Ways of communicating and involving paraprofessionals, parents, volunteers, staff in the education of young children.

Language and Cognition in Early Childhood. 3 hrs.
Examination of selected studies in language acquisition and cognitive development of children from birth to eight years of age.

Curriculum Planning. 3 hrs.
A study of the fundamental skills needed to evaluate educational progress at the classroom, program, and school levels.

Literature. 1-3 hrs. I, II, S.
A program of reading, either extensive or intensive, and reports on a group of outstanding contributions to education; readings selected with guidance of advisor. Only one registration for Curriculum and Instruction 640 is permitted. (PR: Permission of chair)

Seminar. 3 hrs. I, II, S.
A guided program of readings, reports and discussions. No student may register for this course a second time. (PR: Permission of chair)

Elementary Education: Teaching Language Arts. 3 hrs.
A unified Reading/Language instructional approach to develop a basic understanding of reading/language related principles derived from disciplines, research, and innovative classroom practices.

Elementary Education: Advanced Techniques in Teaching Elementary Mathematics. 3 hrs. II, S.
Historical, social, psychological, and philosophical foundations of mathematics education; investigation of current trends and issues in contemporary programs.
Curriculum and Instruction: Deaf and Hard of Hearing (CIDH)

American Sign Language (ASL) I. 3 hrs.
This course emphasizes the learning of basic person-to-person conversational signing skills as a second language, including use and comprehension of ASL vocabulary, syntax, and fingerspelling.

American Sign Language (ASL) II. 3 hrs.
For professionals serving deaf/hard of hearing (D/HH) individuals. Includes deaf culture, functional language, and legal issues in deaf education.

American Sign Language (ASL) III. 3 hrs.
For professionals serving deaf/hard of hearing (D/HH). Includes deaf culture, the impact of cross-cultural perspectives on D/HH children, language in the Deaf Education classroom.

Auditory Habilitation: Communication Approaches and Sensory Devices for Children with Hearing Loss. 3 hrs.
Course will consist of lecture, demonstration discussion, and student presentations. Graduate students in the course will be required to develop a Web-based instructional module illustrating one of the major communication approaches used with children with hearing loss.

Introduction to Deaf and Hard of Hearing. 3 hrs.
Introduction to the education of deaf and hard of hearing students. (PreK-12) for prospective teachers and other professionals serving deaf/hard of hearing students.

Curriculum and Methods for Deaf and Hard of Hearing Students. 3 hrs.
Study of curriculum, methods, techniques, and materials used in the education of deaf/hard of hearing students. Includes information on classroom organization, classroom management.

Teaching Internship and Practicum (Deaf/Hard of Hearing) I (Residential). 3 hrs.
This course represents a residential placement in which the students works with deaf and hard of hearing students in a classroom under the direction of a licensed teacher.
Teaching Internship and Practicum (Deaf/Hard of Hearing) I (Local School District). 3 hrs.
This course represents a residential placement in which the students works with deaf and hard of hearing students in a classroom under the direction of a licensed teacher.

Development and Remediation of Reading, Writing, and Discourse for the Deaf and Hard of Hearing. 3 hrs.
Study of complex nature of language acquisition, reading, and writing in deaf/hard of hearing students and techniques for enhancing language and teaching reading in this population.

CURRICULUM AND INSTRUCTION: EDUCATIONAL COMPUTING (CIEC)

Computer Software and Methodology in Education. 3 hrs.
This course is designed for inservice teachers who want to become familiar with how to use the microcomputer to improve their instruction.

Applications Software in the Classroom Curriculum Area. 3 hrs.
A hands-on overview of major classes of applications software. A range of computing topics such as hardware, communications, ethics, and types of software will be discussed.

Staff Development. 1-4 hrs.
Courses and activities designed to meet the inservice needs of public school personnel. Credit in these courses may be used for certificate renewal and salary upgrades if approved, but may not be used in degree programs. CR/NC grading.

Special Topics. 1-4 hrs.

Independent Study. 1-4 hrs.

Workshop. 1-4 hrs.

Instructional Design and Technology. 3 hrs.
An analysis of current systems of educational computing based on models of instruction, learning modalities, and desired learning outcomes. (PR: CIEC 534 or equivalent or consent).

Local Area Networks and Telecommunications in the School. 3 hrs.
A hands-on approach to managing and using local area networks and telecommunications to meet the instructional needs of the school. (PR: CIEC 534 or equivalent or consent).

Software Evaluation and Selection. 3 hrs.
In-depth evaluation of software based on student-developed criteria. (PR: CIEC 600 or equivalent).

Authoring Systems and Multimedia. 2 hrs.
A hands-on approach to authoring systems, including stackware, and the integration of other technologies such as CD-ROM, video disk, still video, and video and audio cassette recordings. (PR: CIEC 620 or equivalent).

Using the Internet in the Classroom. 3 hrs.
This course provides an introduction to the Internet, with an emphasis on the World Wide Web and its potential uses in the K-12 classroom.

Using Computers to Improve Instruction in the Classroom. 3 hrs.
This course is designed for inservice teachers who are familiar with the "BASIC programming" language and who want to learn how the microcomputer can be utilized in a content area.

Final Project in Curriculum Area. 3 hrs.
A final project related to the student's curriculum area which demonstrates the ability to design and implement a computer-based curriculum application. (PR: CIEC 630 or equivalent).

Technology and Curriculum. 3 hrs.
This course provides an overview of current issues related to technology in education while also providing participants with the opportunity to improve personal technology skills and use.

Online Course Development and Delivery. 3 hrs.
This course offers participants the opportunity to explore strategies and issues related to the development and delivery of online courses.

CURRICULUM AND INSTRUCTION: ENGLISH AS A SECOND LANGUAGE (CISL)

Second Language Acquisition. 3 hrs.
This course examines current theories of second language acquisition and their implications for second language teaching and learning.

Linguistics for ESL. 3 hrs.
This course examines major linguistic theories on first- and second-language acquisition, emphasizing acquisition of English by non-native students in prekindergarten through twelfth grade. (PR: CISL 550)

Intercultural Communication. 3 hrs.
This course focuses on the interrelationship of language and culture and includes analyses of world cultures, with literature and arts as bridges. Participants develop teaching materials for ESL classrooms.

Methods and Materials for ESL: Language Development. 3 hrs.
Approaches to developing and assessing listening and speaking skills among second language populations at different stages in academic development, with an overview of traditional ESL methods. (PR: CISL 550)

Methods and Materials for ESL: Literacy Acquisition. 3 hrs.
Approaches to developing and assessing writing and reading skills among second language populations at different stages in academic development. Focus also includes literacy acquisition in content areas. (PR: CISL 550)

ESL Practicum for Teaching ESL. 3 hrs.
A culminating practicum that involves participation in ESL curriculum evaluation and development. (PR: CISL 550, 551, 552, 553, 554)

CURRICULUM AND INSTRUCTION: MATH EDUCATION (CIME)

Mathematics for the Elementary Teacher I. 3 hrs.
Systems of numeration, sets, relations, binary operations, decimal and other base systems, natural numbers, integers, rational numbers, and real numbers with emphasis on the algebraic structure.

Mathematics for the Elementary Teacher II. 3 hrs.
Continuation of CIME 500. PR: CIME 500

Technical Mathematics for Mathematics Educators. 3 hrs.
Specialized mathematical knowledge for teaching: an in-depth analysis of the foundations of mathematics: numbers and operations, ratio and proportion, and numbering systems, with emphasis on workplace applications and mathematical tools.

Finite Mathematics for Mathematics Educators. 3 hrs.
Specialized mathematical knowledge for teaching: a study of set theory; probability; data analysis; elements of discrete mathematics, such as combinatorics and graph theory; and the mathematics of finance.

Staff Development. 1-4 hrs.
Courses and activities designed to meet the inservice needs of public school personnel. Credit in these courses may be used for certificate renewal and salary upgrades if approved, but may not be used in degree programs. CR/NC grading.
600 Building Supportive Classrooms for Early Literacy Learning. 3 hrs.
This is a field-based course designed for schools that are adjusting the literacy curriculum to support literacy acquisition. Participants learn to provide appropriate assessment and instruction to foster the development of learning strategies for reading and writing for their pupils.

506 Introduction to Reading Recovery. 3 hrs.
A course designed for Reading Recovery Teachers-in-Training including the basic concepts, practices, theory, and philosophy. Participants will administer, score, and interpret an observation survey.

507 Reading Recovery: Theory and Practice. 6 hrs.
Provides information, direction, and supervision in implementing Reading Recovery within the school setting. This course includes a daily practicum and weekly seminar session relating theory to practice. (PR: CIRG 506)

560-564 Staff Development. 1-4 hrs.
Courses and activities designed to meet the inservice needs of public school personnel. Credit in these courses may be used for certificate renewal and salary upgrades if approved, but may not be used a degree programs. CR/NC grading.

565 Reading for Supervisors of Instruction. 1 hr
A course for individuals seeking certification as a supervisor of instruction. Attention will be given to comprehensive reading programs, approaches to reading instruction, and inservice programs. (PR: Consent)

580-583 Special Topics. 1-4 hrs.

585-588 Independent Study. 1-4 hrs.

601 Professional Guidance for the Literacy Specialist. 3 hrs.
An elective course for candidates in the master’s in reading education. It supports the program’s assessment plan that prepares candidates as literacy specialists.

613 Children’s Literature. 3 hrs.
An examination of teaching methods and of children’s literature that are conductive to promoting permanent interests, skills, and interests in reading for ECE and MCE.

614 Adolescent Literature. 3 hrs.
Analysis of the roles of the teacher in developing a reading program for the late adolescent and adult. The utilization of children’s literature as a medium for bridging the content fields with the process of reading will be a major concept that will be utilized.

615 Writing in the Literacy Curriculum. 3 hrs.
Examine, develop, implement and evaluate traditional and electronic writing within a balanced literacy framework.

619 Reading Leadership: Roles, Responsibilities, and Problems. 3 hrs. S.
Analyses of administrators/supervisor’s roles, responsibilities, problems, and practices in reading programs K-12. Presents practical solutions for problems encountered in a comprehensive reading program.

621 Current Issues and Problems in Reading. 3 hrs.
A seminar course especially designed to explore problems and issues in reading, K-12. Professional literature, empirical research, and practical experience will be used to identify problems and solutions. (PR: CIRG 643)

622 The Use of Technology for Literacy Instruction. 3 hrs.
Candidates will plan for literacy instruction and use literacy technology in their classrooms. Emphasis will be given to the Internet and educational software.

623 Reading Instruction for Literacy Facilitators: A Practicum. 3 hrs.
Practicum experiences requiring demonstration of literacy leadership including demonstration teaching, classroom support of literacy instruction, and developing, implementing, and evaluating the literacy curriculum within the school setting. (PR: CIRG 654)

636 Developmental Reading. 3 hrs.
Principles and practices of teaching development reading.

637 Literacy Assessment. 3 hrs.
Study and the causes of reading difficulties, diagnostic devices and techniques, and theory related to assessing literacy development.

639 Reading Education Seminar: Planning, Organizing and Supervising a Reading Program. 3 hrs.
This course is designed as an in-depth study and analysis of the planning and organizing of reading programs at various administrative levels. (PR: CI 643)

642 Reading Education Seminar: Reading Instruction for Individuals with Special Needs. 3 hrs.
Study of research findings, methodology and instructional materials for atypical learners, illiterate adults and others.

643 Teaching Struggling Readers: A Practicum. 3 hrs.
Clinical experiences in the diagnosis and corrective treatment of reading disabilities. (PR: CIRG 654)

644 Literacy in the Content Area. 3 hrs.
Principles underlying the teaching of reading in the content fields.

653 Literacy Acquisition. 3 hrs.
Literacy acquisition is a foundation course open to professionals whose interests require understanding of the process involved in becoming literate.

**Courses of Instruction**  
Marshall University
Introduction to the Physically Handicapped. 3 hrs.
An introduction to the characteristics and needs of crippled and other health impaired children. The medical aspects of physically handicapping conditions are considered. (PR: CI 520; CR: Field Experience)

Special Education: Introduction to Mental Retardation. 3 hrs.
Acquaints teachers with the characteristics and needs of the mentally retarded child. The status of the mentally retarded in our society and the impact of mental retardation on education (PR: CI 520, CR: Field Experience)

General Special Education Programming. 3 hrs.
Address the educational/curricular needs of students with mild learning problems in the categorical areas of mental retardation, behavior disorders, and specific learning disabilities.

Characteristics/Methods Mentally Impaired. 3 hrs.
Principles and current trends in curriculum development are reviewed and evaluated toward the development of specific curricula for the mentally retarded. Methods and materials are presented in relation to this development.

Working with Families of Exceptional Students. 3 hrs.
Principles and information designed to give the student an understanding of the needs and rights of parents of exceptional children and techniques to involve parents successfully in their child's education.

Staff Development. 1-4 hrs.
Courses and activities designed to meet the inservice needs of public school personnel. Credit in these courses may be used for certificate renewal and salary upgrades if approved, but may not be used a degree programs. CR/NC grading.

Special Topics. 1-4 hrs.

Independent Study. 1-4 hrs.

Grant Writing in Special Education. 3 hrs.
A review of the federal and state guidelines for writing grants in Special Education. The priority areas of special education in which monies are currently available will also be examined.

Psychological Foundations of Giftedness. 3 hrs.
A study of measures used to identify the gifted and interpretation of results, psychological development of the gifted and psychological pressures, problems and adjustments strategies towards mental health in the gifted child.

Education of the Gifted. 3 hrs.
Educational models, identification techniques, teaching strategies and resources available for gifted children. Current trends in curriculum development for the gifted are also examined. (PR: CISP 526)

Field Experience: Gifted. 3 hrs.
Supervised experiences (one semester) in field work with children who exhibit potential giftedness.

Practicum in Emotional Disturbances. 3 hrs.
An initial participation and observation experience with children experiencing behavior problems. Course evolves around bi-weekly seminar and selected projects.

Reading Strategies for Exceptional Students. 3 hrs.
This course examines the purposes, findings and recommendations from the National Reading Panel (NRP) (2001) report. This report is the basis for the reform of instruction currently being carried out throughout the United States and is related to the “No Child Left Behind” legislation. In addition to examining this content of the NRP report, candidates will engage students with assessment and instructional strategies identified as having facilitative effects.

Math Strategies for Exceptional Students. 3 hrs.
This course examines the characteristics and mathematics performance of mildly-disabled students. In addition, teachers will explore those interventions which have been found to be effective in critical areas of mathematics instruction that will permit special education students to acquire those skills and strategies necessary for access to the general education curriculum, including higher-level courses. All course content will address and adhere to the curriculum and evaluation standards established in the Principles and Standards for School Mathematics (NCTM, 2000).

Special Education Research, Part I. 3 hrs.
The study of problems related to the area of exceptionality receiving emphasis in the student’s degree program. (PR: CISP 603, 649, 651 or 647)

Special Education Research, Part II. 3 hrs.
As a part of the requirements for this course, the student will submit a written, bound document, which will be added to the college library collection. (PR: CISP 611)

Special Education: Diagnostic-Clinical Practices. 3 hrs.
Collaborative/consultative multi-disciplinary and curriculum-based assessment process and their use in developing appropriate interventions linking instruction to content standards and objectives. (PR: CISP 520)

Research Methods and Current Significant Findings in Special Education. 3 hrs.
Research methods and current significant findings in special education. Guest speakers. Advanced special education students only.

Characteristics/Methods Emotionally Disturbed. 3 hrs.
Recognition of emotional-social, disturbances, assessment of educational needs, establishment of programs to implement behavioral change and provide necessary modification in educational programs to remediate learning and behavioral difficulties of children.

Special Education: Field Experiences: Learning Disabilities. 3 hrs. S.
Field Experience (practicum) affords graduate students an opportunity to demonstrate the skill-based competences required by CEC standards and to qualify for an LD teaching license.

Characteristics/Methods Specific Learning Disabilities. 3 hrs. I.
Theories, diagnosis, and teaching strategies concerning children who exhibit any or several learning disabilities.

Special Education: Field Experiences: Emotional Disturbances. 3 hrs.
Supervised field experiences (one semester) working with children who exhibit symptoms of emotional disturbances-behavioral disorders. (PR: CISP 645)

Special Education: Diagnostic Evaluation and Prescriptive Teaching Techniques. 3 hrs.
Educational assessment and diagnostic evaluation for remediation-amelioration, advanced course for providing understanding and utilization of evaluation, teacher assessment, and analysis for programming for exceptional individuals. (PR: CISP 626)

Field Experience: Mental Impairment (Mild/Moderate). 3 hrs.
All-day supervised teaching in special classes in the public schools required of all students who are completing curriculum for teachers of mentally retarded children. (PR: CISP 553)

Field Experience: Multi-categorical: Mild/Moderate MI, LD, BD. 3 hrs.
Field Experience (practicum) affords graduate students an opportunity to demonstrate the skill-based competencies required by CEC Standards and to qualify for the multicategorical teaching license. (PR: CISP 647, 649 and 651)

Introduction to Preschool Special Education. 3 hrs.
An overview of early childhood special education programs including historical events, legislation, the population served, program models and components and current issues and trends.
Instructional Characteristics of Autism. 3 hrs.
This course is designed to provide students with practical information on classroom arrangement, teaching techniques, and how to support students with autism who have diverse behavioral and educational needs. There is an emphasis on current developments in the field of autism which are presented through reading research articles, viewing videotapes, and reading the textbooks. Because the literature related to the educational treatment of autism has suggested that a behavioral approach to autism is most effective, the course will rely heavily on material from the field of Applied Behavior Analysis. (PR: CISP 527)

Developmental Issues in Preschool Special Education. 3 hrs.
An examination of the normal development of young children, the interrelated effects of impairment in various areas of development and strategies for intervention.

Practicum in Autism. 3 hrs.
This course contains two components: a competency-based practicum experience with autistic students and a seminar with regular discussions and readings on practical issues concerning the education of autistic children. (PR: CISP 527 and 662)

Assessment in Preschool Special Education. 3 hrs.
An overview of issues in the identification, screening and assessment of young handicapped children, specific assessment techniques for working with families and interdisciplinary teams in the assessment process.

Curriculum and Methods in Preschool Special Education. 3 hrs.
A review of curriculum development and methodology used to teach young children with handicaps. Evaluation techniques, program development and management, adaptation of materials and equipment and program models are presented.

Field Experience: Preschool Special Education. 3 hrs.
Supervised participation and directed teaching activities in an early childhood special education program across ages, disabilities and severity levels. Activities with non-handicapped preschoolers are also required.

Practicum: Preschool Special Education. 3 hrs.
Supervised teaching in a variety of early childhood special education programs across ages, disabilities, and severity levels. Experiences with non-handicapped preschoolers are required. Specific competencies will be individually determined.

CURRICULUM AND INSTRUCTION: VISUAL IMPAIRMENTS (CIVI)

Introduction to Visual Impairments. 3 hrs.
Introduction to educational programs and services for students with visual impairments, history, definitions, incidence and prevalence, development, psychosocial aspects, service delivery models, issues, and professionalism.

Reading and Writing Strategies/Instruction for Students with Visual Impairments. 3 hrs.
Knowledge and skills in reading and writing literary braille code, braillewriter, slate and stylus, proofreading, interlining, basic Nemeth mathematics code, textbook formatting, computer translation, overview of other braille codes.

Structures and Functions of the Human Visual System. 3 hrs.
Structure and function of the eye, development of the visual system, causes of eye conditions, vision assessments, environmental modifications, relationship to other disabilities, and neurological aspects of visual impairment.

Assessment and Program Planning of Students with Visual Impairments. 3 hrs.
Design and adaptation of instruction for students with visual impairments, expanded core curriculum, teaching literacy and other communication skills, assessment, early childhood intervention, parent involvement, and collaboration.

Assessment and Program Planning of Students with Visual Impairments and Additional Disabilities. 3 hrs.
Strategies for students with visual impairments and several multiple disabilities, interaction of sensory disabilities with other disabilities, functional curricula, alternative communication and mobility systems, and collaboration.

Advanced Braille and Technology for Teaching Students with Visual Impairments. 3 hrs.
Codes and techniques for advanced braille. Essential skills in transcribing Nemeth code for mathematics and science, formatting techniques, and computer translation. (PR: CIVI 501 or equivalent)

Math Methods for Visually Impaired. 3 hrs.
An exploration of scientifically-based instructional math research will be developed and applied to the visually impaired. Emphasis will be placed on Nemeth Code and linkage to content standards and objectives. (PR: CIVI 500 and CIVI 501)

Practicum in Visual Impairment I. 3 hrs.
Three hundred documented hours of supervised practicum experiences with students with visual impairments, including those with severe/multiple disabilities ranging from infancy to early adulthood. (PR: Permission of instructor)

Practicum in Visual Impairment II. 3 hrs.
The graduate student will complete an advanced selection of experiences in inclusive and residential settings in order to demonstrate competence as an entry-level teacher. (PR: Permission of instructor)

Basic Orientation and Mobility Skills. 3 hrs.
Strategies for teaching and reinforcing orientation mobility skills, basic concept development, movement, exploration of space in the home and school environment, environmental orientation, and collaboration with O & M specialists.

DIETETICS (DTS)

Special Topics. 1-4; 1-4; 1-4; 1-4 hrs.
Independent Study. 1-4; 1-4; 1-4 hrs.
Workshop. 2-3; 2-3; 2-3 hrs.
Workshop in selected areas of dietetics.

Advanced Medical Nutrition Therapy I. 3 hrs.
Pathophysiology, medical nutrition therapy, and current research of common and unique disease states and conditions. (PR: Dietetic Internship Students or permission)

Administrative Dietetics. 3 hrs.
Application of a systems approach to transforming resources in a foodservice setting. Management theories, principles, organizational climate, and continuous quality improvement are discussed as vehicles to achieve the desired outputs. (PR: Dietetic Internship Students or permission)

Dietetic Internship Practicum I. 3 hrs.
Supervised practice experience focusing on the nutritional screening assessment and education of individuals and groups across the lifespan in a variety of community and longterm settings.

Dietetic Internship Practicum II. 3 hrs.
Supervised practice experience focusing on activities necessary for managing foodservice facilities and introduction to clinical practice.

Dietetic Internship Practicum III. 3 hrs.
Supervised practice experience focusing on skills required to become a competent entry-level clinical practitioner.

Advanced Medical Nutrition Therapy II. 3 hrs.
The continued study of pathophysiology, medical nutrition therapy, and current research of common and unique disease states and conditions.
**Thesis. 1-4 hrs.**
Individual research in a selected field of dietetics under the direction of a graduate faculty member.

**Research Applications in Dietetics. 3 hrs.**
A synopsis of research design and analysis, with principles applied in development and presentation of a research proposal.

**Problem Report in Dietetics. 3 hrs.**
Implementation of research proposal developed in DTS 690 and development of manuscript to describe findings. (PR: DTS 690)

---

### EARLY CHILDHOOD EDUCATION (ECE)

**Preschool Curriculum and Methods. 3 hrs.**
Historical and contemporary curriculum and methods for preschool children with an emphasis on current best practices.

### ECONOMICS (ECN)

**Economic Analysis. 3 hrs.**
Overview of the basic principles of both microeconomics and macroeconomics.

**Environmental Economics. 3 hrs.**
The application of basic economic theory to a wide range of environmental problems, including pollution, natural resource exhaustion, population and economic growth. (PR: ECN 253 or permission of GSM academic advisor)

**Comparative Economic Systems. 3 hrs.**
Marxism, capitalism, communism, fascism and socialism considered as theories, movements and actual political economics. (PR: ECN 253, or permission of GSM academic advisor)

**Regional Economics. 3 hrs.**
A study of location theory and regional development within a framework of economic theory. (PR: ECN 253 or permission of GSM academic advisor)

**International Economics. 3 hrs.**
Movement of goods and balance of payments among nations; exchange rates; exchange controls and tariffs; problems and policies. (PR: ECN 253 or permission of GSM academic advisor)

**Introduction to Mathematical Economics. 3 hrs.**
Modern mathematical methods for use in economics and other social sciences. (PR: ECN 253 and Mathematics 203, or permission of GSM academic advisor)

**History of Economic Thought. 3 hrs.**
Economic theories and ideas from the earliest economists to those of Marshall and Keynes. (PR: ECN 253 or permission of GSM academic advisor)

**Public Finance. 3 hrs.**
Analysis of governmental activities pertaining to raising of revenue and expenditure of monies; analysis of public debt and fiscal programs at all levels of government. (PR: ECN 253 or permission of GSM academic advisor)

**Economic Development. 3 hrs.**
A study of the problems, dynamics and policies of economic growth and development in underdeveloped and developed countries. (PR: ECN 253 or permission of GSM academic advisor)

**Economics Education Workshop. 3 hrs.**
Intensive review of subject matter and teaching methods in economics for elementary and high school teachers. (PR: Consent of instructor or grant scholarship)

**Economics Education Workshop 1-3 hrs.**
Intensive review of subject matter and teaching methods in economics for elementary and high school teachers. (PR: Consent of instructor or grant scholarship)

Note: Students who have taken the Social Studies workshop in American Capitalism Seminar for credit may not take ECN 561 and 562, American Capitalism Seminar, for credit.

**The United States and The Global Economy. 3 hrs.**
A study of the interdependent and transnational nature of the global economy with an emphasis on contemporary global economic issues, commercial policies, trading blocs, developing countries and world economic agencies. (PR: GSM admission)

**Managerial Economics. 3 hrs.**
Utilization of microeconomic theory and optimization techniques for management decision making. (PR: Full M.B.A. admission)

**Special Topics. 1-3; 1-3 hrs.**
Members of the department may teach, when necessary, any economics subject not listed among current course offerings. (PR: Nine hours of economics and permission of division head and of GSM academic advisor)

**Labor Economics. 3 hrs.**
Theoretical and empirical analysis of labor markets, wage determination, hours of work, unemployment and inflation, unions and collective bargaining and related subjects in their social and legal contexts. (PR: Full M.B.A. admission)

**Independent Study. 1-4 hrs.**
Independent study of a specific nature under the supervision of a qualified faculty member. Hours of credit are determined by the magnitude of the project. (PR: Permission of division head and of GSM academic advisor)

### EDUCATION

(See Curriculum and Instruction)

### EDUCATIONAL FOUNDATIONS (EDF)

**Psychology of the Middle Childhood Student. 3 hrs.**
A course in the study of developmental principles relating to the physical, cognitive, social, and moral development of the middle childhood student 10-14 years old.

**Contemporary Issues in Education. 3 hrs.**
The impact of contemporary forces in education with emphasis on current educational issues.

**Human Growth and Development Birth-8. 3 hrs.**
A study of various topics and instructional implications for birth-8. 

**Human Growth and Development Adolescents. 3 hrs.**
A study of various topics and instructional implications for adolescents.

**History of Modern Education. 3 hrs.**
Our debt to the ancient Hebrews, Greeks, and Romans. Emphasis also is placed upon the movements since the beginning of the Renaissance.

**Statistical Methods. 3 hrs.**
A foundation course in descriptive and inferential statistics as applied in education and the social sciences.
MAT Level I Clinical Experience. 0 hrs.
Twenty-hour public school clinical experience in middle/secondary schools designed to provide an opportunity for MAT students to work with faculty, staff and students in a teaching environment. (CR: EDF 616)

Special Topics. 1-4 hrs.

Trends and Issues in Education. 3 hrs.
An investigation of current trends and issues in education through extensive reading, research and discussions. Implications for schools, classrooms, and teachers are the focus of the course.

Educational Evaluation. 3 hrs.
A study of the fundamental skills needed to evaluate educational progress at the individual, classroom, program, and school levels.

History of Education in the United States. 3 hrs.
Development of public and private educational systems in the United States.

Advanced Studies in Human Development. 3 hrs.
The nature of human growth and development from infancy through adulthood. MAT students only. (CR: EDF 537)

Multiple Regression. 3 hrs.
A first course in Multiple Regression Analysis and its application. Designed to be cross-disciplinary. Of interest to students in Education, the Social, Behavioral and Natural Sciences.

Multilevel Analysis and Growth Models. 3 hrs.
An introduction to applied multilevel analysis and growth curve modeling for nested educational data. The nested data may have a repeated measures dependent variable.

Educational Psychology. 3 hrs.
Study of learning theories and their applications to teaching.

Mixed Methods Research. 3 hrs.
Integrates quantitative and qualitative approaches and applications to research, couching these models within developing theories for and approaches to mixed methods research in education and closely related fields.

Educational Research and Writing. 3 hrs.
Research methods, techniques, and their application to education.

Qualitative Research in Education. 3 hrs.
Study of qualitative research methods: understanding historical and philosophical foundations of qualitative research and developing expertise in qualitative research strategies including participant observation, interviewing and inductive content analysis of data.

Advanced Qualitative Research in Education. 3 hrs.
Advanced study of selected topics in qualitative research. Emphasis on application of qualitative research knowledge and skills. (PR: EDF 625)

Comparative Education. 3 hrs.
The study of the origins, nature, scope, basic literature and methodology of comparative education.

Gender and Education. 3 hrs.
The course focuses on gender relations in education and schooling. The course addresses gender in relation to curriculum and knowledge, pedagogy and instructional arrangements, and administration and policy issues. (PR: EDF 621 or equivalent)

Policy Studies in Education. 3 hrs.
The course focuses on current policy issues facing educators today. The course offers conceptual and analytical tools for a critical examination of the uncertain political environment of schooling.

Classroom Assessment. 3 hrs.
History, philosophy and elementary statistical methods for testing, measuring and evaluating pupil behavior are studied.

MAT Level II Clinical Experience. 0 hrs.
Sixty-hour secondary public school experience provides opportunity for preservice, master’s-level teachers to put theory into classroom practice through observation, participation, reflection, individual/small group teaching, and up-front classroom teaching. (PR: EDF 537; CR: CI 515)

Literature. 1-3 hrs.
A program of reading, either extensive or intensive, and reports on a group of outstanding contributions to education; readings selected with guidance of advisor. Only one registration for this course is permitted. (CR: Permission of instructor)

Seminar. 2-3 hrs.
A guided program of readings, reports and discussions. No student may register for this course a second time.

Philosophy of Education. 3 hrs.
Surveys basic philosophy schools and concepts and their application to educational practice.

Sociology of American Schools. 3 hrs.
American school organizational patterns interpreted sociologically; role of power and bureaucracy, social and cultural change, stratification and social mobility, and values; analysis of school rituals and ceremonies.

MAT Level III Clinical Experience. 3-6 hrs.
Culminating clinical experience through directed activity in a clinical setting for MAT students. (PR: EDF 537 and EDF 637)

Problem Report. 1-3 hrs.
The preparation of a written report on a research problem, experiment or field project in education. This report is not a thesis; students must complete an additional 33 credit hours unless 697 is followed by 681 for 3 hours credit.

Thesis. 3-4 hrs.
May be taken for 3 hours of credit by students whose reports in 679 were excellent and are of such character as to warrant further research. Students completing 679 and 681 for a total of 6 hours may qualify for the master’s degree by earning an additional 26 hours of credit. Students completing 681 must defend their theses in an oral examination.

Survey Research in Education. 3 hrs.
Advanced research, theories, methods, and procedures for conducting survey research in education.

ELECTRICAL ENGINEERING (EE)

Special Topics. 1-4 hrs.
Formal study of electrical engineering topics of current interest. (PR: Consent)

ENGINEERING (ENGR)

Applied Statistics 3 hrs.
Practical application of statistical techniques to decision-making, forecasting, optimization, experimental design. Interpretation of data using central tendency and dispersion, t-test, F-test, variance analysis, correlation, and linear regression. (PR: Permission)

Computer Applications 3 hrs.
Introduction to current software technology to solve problems of interest to technical professionals. Covers the use of tables, databases, modeling, curve fitting, and solution of equations. (PR: Permission)
650-653  Special Topics. 1-4 hrs.
Formal study of engineering topics of current interest. (PR: Consent)

685-688  Independent Study. 1-4 hrs.
An approved study of special interest concerning engineering, under the supervision of a faculty member. (PR: Consent)

ENGINEERING MANAGEMENT (EM)

620  Management of Technical Human Resources and Organizations.  3 hrs.
Principles leading to better management and development of technical human resources and organizations. Included are concepts technical managers need to change themselves positively and to lead others toward desired behaviors.

646  Operations Research I.  3 hrs.
Examination of the methodology of operations research, including linear programming, transportation methods, network flows, economic analysis, decision analysis, queueing theory and simulation. (PR: ENGR 610)

647  Operations Research II.  3 hrs.
A continuation of EM 646 including an introduction to sensitivity and parametric analysis in linear programming, integer programming, nonlinear programming, dynamic programming, reliability theory, and inventory control. (PR: EM 646)

650-653  Special Topics. 1-4 hrs.
Study of special topics of an advanced nature. (PR: Consent)

660  Project Management.  3 hrs.
Provides the student with a practical knowledge of how to integrate effectively the functional efforts of many in the execution of programs and projects.

661  Advanced Project Management.  3 hrs.
Course is designed to increase proficiency in the advanced aspects of project management. Participants will become aware of all the project management processes in PMI’s Project Management Body of Knowledge. (PR: EM 660)

664  Management of Research & Development Organizations.  3 hrs.
Techniques and methods for effective management of research and development organizations, projects, and personnel. (PR: EM 601)

665  Management of Engineering Organizations.  3 hrs.
Techniques and methods for effective management of engineering firms, departments, and personnel. (PR: EM 601)

668  Operations Management.  3 hrs.
Examination of the quantitative and conceptual tools for generating goods and services in manufacturing and non-manufacturing organizations.

670  Seminar in Engineering Management.  3 hrs.
Provides the student an opportunity to examine in engineering management and to evaluate their consequences in organizations, in the profession, and in society. (PR: Consent)

675  Engineering Economics.  3 hrs.
The concepts and methods for the financial calculations involving time value of money and uncertainty. Capital and departmental budgeting processes and engineering inputs to cost accounting. (PR: Consent)

694  Engineering Law.  3 hrs.
The American legal system, contracts and specifications, liability of professional engineers, product liability, agency relationships, patent and proprietary rights, and special problems in contracts are studied.

ENGLISH (ENG)

502  Composition and Rhetoric for Teachers. 3 hrs. S.
Study of rhetorical invention and models of composing process, with intensive practice in writing.

505  History of the English Language. 3 hrs.
The phonology, spelling, grammar, syntax, and vocabulary of previous language periods as background to Modern English.

508  Advanced Expository Writing. 3 hrs.
An advanced general composition course. Practice in the rhetorical types and styles used by professionals in all fields. Assignments adapted to the student’s major.

509  Milton. 3 hrs.
Biographical and critical study, including Milton’s English poetry and prose, and his literary and intellectual milieu.

510  Shakespeare’s Comedies, Tragicomedies, and Romances. 3 hrs.
Intensive study of Shakespeare’s comedies, tragiromances, and late romances. Also includes the Sonnets and Venus and Adonis.

511  Chaucer. 3 hrs.
The poetry of Chaucer, including the Canterbury Tales, in the light of medieval tradition and critical analysis.

512  Shakespeare’s Histories and Tragedies. 3 hrs.
Intensive study of Shakespeare’s histories and tragedies.

513  British Novel to 1800. 3 hrs.
Defoe, Richardson, Fielding, Smollett, and Sterne, with supporting study of their most important predecessors and contemporaries.

514  Nineteenth-Century British Novel. 3 hrs.
Austen, Scott, the Brontes, Eliot, Dickens, Thackeray, Trollope, Meredith, Hardy, Butler, Wilde, and their contemporaries.

515  Victorian Poetry. 3 hrs.
Emphasis on Tennyson, the Brownings, Arnold, Hopkins, Christina Rossetti, Hardy and the pre-Raphaelites.

517  British Drama to 1642. 3 hrs.
Non-Shakespearean British drama from its beginnings to the closing of the theatres.

519  Approaches to Teaching Literature. 3 hrs.
The intensive study of the pedagogy of literature and literary critical theory and its classroom applications.

521  American Literature to 1830. 3 hrs.
Study of American literature of the Puritan, Colonial, and Federal periods, including such authors as Jonathan Edwards, Edward Taylor, Anne Bradstreet, Benjamin Franklin, Phillis Wheatley, Washington Irving, and Catharine Maria Sedgwick.

522  American Literature, 1830-1865. 3 hrs.
American literature of the Romantic Period, including such authors as Emerson, Poe, Melville, Hawthorne, Dickinson, Whitman, Fuller, Douglass, Stowe, and other figures of the period.

523  American Literature, 1865-1914. 3 hrs.
American literature of the Realistic and Naturalistic periods, including such authors as Howells, Twain, James, Dreiser, Chesnutt, Wharton, Crane, and Chopin.

524  American Literature, 1914-1945. 3 hrs.
A survey of American writers of the Modern period to World War II.

Online Graduate Catalog Spring 2011  Courses of Instruction  205
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>525</td>
<td>Southern Writers. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>A survey of the poetry, fiction, nonfiction, and drama indigenous to the American South, including Old South, post-Civil War, and Modern periods, and emphasizing the Southern Literary Renaissance.</td>
</tr>
<tr>
<td>526</td>
<td>Appalachian Literature and Theory. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>Appalachian Literature and Theory conducts an in-depth study of aspects of Appalachian culture and literature through the lens of select literary and social theories such as multiculturalism, feminism, or post-colonialism.</td>
</tr>
<tr>
<td>528</td>
<td>International Literature. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>Readings in contemporary literature from the non Anglo-European world. Texts by Asian, African, South American, Australian, and other authors.</td>
</tr>
<tr>
<td>533</td>
<td>Twentieth-Century British and Irish Poetry. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>British poetry since the Victorian period.</td>
</tr>
<tr>
<td>534</td>
<td>Twentieth-Century American Poetry. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>American poetry since 1900.</td>
</tr>
<tr>
<td>535</td>
<td>Modernism. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>A study of trans-Atlantic Modernist writers, including both poetry and prose.</td>
</tr>
<tr>
<td>536</td>
<td>Medieval British Literature. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>Old English elegiac and heroic poetry; Middle English lyrics and romances; the Ricardian poets and Malory.</td>
</tr>
<tr>
<td>537</td>
<td>Tudor Literature: Poetry and Prose of the Sixteenth Century. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>Survey may include works by More, Skelton, Wyatt, Sidney, Spenser, Nashe, Marlowe, Raleigh, Lyly, Sidney, Mary Sidney, and Shakespeare, excluding drama.</td>
</tr>
<tr>
<td>538</td>
<td>Seventeenth Century Literature: Poetry and Prose. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>Survey may include Donne and the Metaphysical poets, the Cavalier lyricists, Bacon, Browne, Wroth, Cary, Lanyer, Herbert, Jonson, Burton, Walton, Hobbes, and Bunyan.</td>
</tr>
<tr>
<td>544</td>
<td>Rendering the Landscape. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>Historical and contemporary approaches to the representation of landscape in art and writing (poetry, fiction, non-fiction, etc.). Joins with course in Art and Design department for a one-week trip to a West Virginia state park for field work (lodging fee required).</td>
</tr>
<tr>
<td>545</td>
<td>Drama of the Restoration and 18th Century. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>Trends, movements, and dramatic types in the British theatre of this period.</td>
</tr>
<tr>
<td>547</td>
<td>British Romantic Poets. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>Emphasis on Blake, Wordsworth, Coleridge, Byron, Shelley, and Reats.</td>
</tr>
<tr>
<td>555</td>
<td>Literary Criticism. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>Historical study, with application of principles.</td>
</tr>
<tr>
<td>558</td>
<td>Contemporary Fiction: Form &amp; Theory. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>Readings in contemporary fiction addressing the work in terms of the formal and theoretical concerns that drive it. Texts that challenge our notions of genre, form, theory, and practice.</td>
</tr>
<tr>
<td>560</td>
<td>Composition and Writing Center Theory. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>Introduces students to the study of teaching writing in a classroom setting and in one-to-one tutoring. (PR: graduate program admission)</td>
</tr>
<tr>
<td>562</td>
<td>Restoration and Eighteenth Century British Poetry and Prose. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>British poetry and prose of the Restoration and eighteenth century (1660-1800), exclusive of the novel. Authors studied include Dryden, Swift, Pope, Johnson, Boswell, Wollstonecraft. Emphasis on satire, biography, essay.</td>
</tr>
<tr>
<td>566</td>
<td>Literacy Studies. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>Surveys theories of writing and reading literacy development with a focus on teaching writing through multi-modal and multi-genre approaches.</td>
</tr>
<tr>
<td>575</td>
<td>Introduction to Linguistics. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>The structural and descriptive approach to the study of the English language.</td>
</tr>
<tr>
<td>578</td>
<td>Introduction to Sociolinguistics. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>Sociolinguistics is the study of the effects of language in society, relevant to discourse practices, language attitudes, variations, shifts, and changes.</td>
</tr>
<tr>
<td>580-583</td>
<td>Special Topics. 1-4 hrs. each.</td>
</tr>
<tr>
<td>585-588</td>
<td>Independent Study. 1-4 hrs.</td>
</tr>
<tr>
<td>591</td>
<td>Creative Writing: Poetry Workshop. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>A practical and intensive class in exploring the varieties of creative expression; exercises on the creating of verse in different forms and styles.</td>
</tr>
<tr>
<td>592</td>
<td>Creative Writing: Fiction Workshop. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>A forum for presentation, discussion, and refinement of the student’s work, either short stories or novels.</td>
</tr>
<tr>
<td>593</td>
<td>Creative Writing: Nonfiction Workshop. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>A writing workshop where students develop and refine their original creative nonfiction (memoir, biography, essays, travel/leisure writing, etc.), employing techniques typically reserved for fiction (dialogue, narrative, poetic language, etc.).</td>
</tr>
<tr>
<td>601</td>
<td>Folk and Popular Literature. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>A study of types, variants, backgrounds, and influences. (PR: ENG 630 or permission of the chair)</td>
</tr>
<tr>
<td>610</td>
<td>Readings in British and American Literature. 2-3 hrs.</td>
</tr>
<tr>
<td></td>
<td>Independent reading in a field not covered by regularly scheduled courses. Limited to English majors who have been admitted to candidacy. (PR: Permission of the chair)</td>
</tr>
<tr>
<td>611</td>
<td>Independent Readings. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>Independent readings and research. Open only to students with an M.A. degree with a major in English or English Education.</td>
</tr>
<tr>
<td>615</td>
<td>Teaching English and Applied Linguistics. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>This course aims at teaching English for academic purposes, ranging from teaching language skills to pragmatics to cultural understanding in relation to theories of language and language learning. (PR: ENG 575 and ENG 576)</td>
</tr>
<tr>
<td>617</td>
<td>TESOL Curriculum Development and Materials Design. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>This course introduces students to core principles of curriculum development for the language classroom. Students develop the abilities to critique and adapt textbooks and to design and create classroom materials.</td>
</tr>
<tr>
<td>618</td>
<td>TESOL Language Assessment. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>Students are introduced to core principles of language assessment. By exploring a variety of assessment techniques, students develop the ability to critique current assessments and to build their own assessments.</td>
</tr>
<tr>
<td>620</td>
<td>Twentieth Century Drama. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>Major British and American dramatists since 1870. (PR: ENG 630 or permission of the chair)</td>
</tr>
<tr>
<td>622</td>
<td>Language Development. 3 hrs.</td>
</tr>
<tr>
<td></td>
<td>This course starts with an overview of disciplinary frameworks of language development, then addresses the four major theoretical perspectives: linguistics, cognitive, sociolinguistic and socioculture. (PR: ENG 575; ENG 576)</td>
</tr>
</tbody>
</table>
The following four courses are for inservice teachers and require permission of the chair and the Director of Writing.

624 **Twentieth Century British Novel. 3 hrs.**
Major British novelists of the twentieth century. (PR: ENG 630 or permission of the chair)

625 **Twentieth Century American Novel. 3 hrs.**
Major American novelists of the twentieth century. (PR: ENG 630 or permission of the chair)

626 **Systemic Functional Grammar. 3 hrs.**
This course is a general introduction to the principles and practice of Systemic Functional Grammar with an emphasis on the paradigmatic meaning making potential of language systems.

627 **Text Analysis. 3 hrs.**
Text analysis compares crucial aspects of English syntax, discourse pragmatics, and prepositional and lexical semantics with those of other languages. (PR: ENG 575 and 576)

628 **Twentieth Century African-American Literature. 3 hrs.**
An intensive study of selected novels, plays and poems of the period. (PR: ENG 630 or permission of the chair)

630 **Materials and Methods of Research. 4 hrs.**
Instruction and practice in scholarly literary research. Required among first 12 hours of coursework and prior to admission to candidacy for the Master of Arts degree with a major in English.

631 **Major American Authors. 3 hrs.**
An intensive study of selected American authors. (PR: ENG 630 or permission of the chair)

632 **Topics in American Literature. 3 hrs.**
A concentrated study of continuing themes or influences in American literature; for example, narrative perspectives, regional influences, or conflicting agrarian and industrial values. (PR: ENG 630 or permission of the chair)

633 **Research Methods in Applied Linguistics. 3 hrs.**
To inform students of various approaches to research in applied linguistics. To equip students with the critical skills to evaluate research with the end result of conducting their own research. (PR: ENG 575 and 576)

634 **Teaching English for Academic Purposes. 3 hrs.**
To help students understand the characteristics of academic English, and to train pre-service ESL or EFL teachers on how to teach English for academic purposes.

635 **Major Texts. 3 hrs.**
An intensive study of a single major text from any period of British, American, or anglophone literature, leading to mastery of the text, its critical responses, and its influences. (PR: ENG 630 or permission of the chair)

636 **Selected British Writers. 3 hrs.**
An intensive study of selected British authors such as the Metaphysical Poets, the Cavalier Poets, or the Bloomsbury Group. (PR: ENG 630 or permission of the chair)

637 **Topics in British Literature. 3 hrs.**
A concentrated study of themes or influences in British literature; for example, narrative strategies, medievalism, the pastoral mode, or conflicting moral, social or literary values. (PR: ENG 630 or permission of the chair)

638 **Language and Context. 3 hrs.**
Survey of genre and register analysis research from the three perspectives of ESP (English for Special Purpose), New Rhetoric, and Systemic Functional Linguistics. (PR: ENG 575 and ENG 576)

640 **Composition Pedagogy. 3 hrs.**
This course builds on composition theory to address the various pedagogies and strategies most commonly practiced in the beginning composition classroom. This course is required for graduate assistants in English. (PR: ENG 560, Composition Theory)

---

The following four courses are for inservice teachers and require permission of the chair and the Director of Writing.

641 **Advanced Composition Institute I. 3 hrs.**
The study of characteristics of effective writing instruction; strategies of effective writers; an introduction to teaching writing with technology; an introduction to field research in writing. (PR: Graduate School Acceptance and Permission)

642 **Advanced Composition Institute II. 3 hrs. CR/NC.**
Advanced Composition Institute II is a seminar course, a follow-up to the intensive summer Advanced Composition Institute I. (PR: ENG 641)

643 **Electronic Writing Project. 3 hrs.**
Study in the application of teaching writing with technology. Teachers create online syllabuses, databases, peer responses, and conferencing environments, and use technology for research, for teaching research, and for publication. (PR: Graduate School Acceptance and Permission)

644 **Teacher Inquiry. 3 hrs.**
An intensive study of composition research methodologies (ethnographic study, classroom based inquiry, reflective practice, qualitative research) with a proposal for an inquiry project. Upon completion, Fellow becomes part of Teacher Inquiry Community (TIC). (PR: ENG 641, 642, and permission)

645 **Research Methods in Composition and Rhetoric. 3 hrs.**
An applied survey course in the theories, methods, and designs of research in the discipline of Composition and Rhetoric. (PR: ENG 560, Composition Theory)

646 **Composition Theory II: Advanced Disciplinary Theory. 3 hrs.**
In-depth analysis of prevailing research within the field of Composition and Rhetoric.

647 **Teaching Writing in the Two-Year College. 3 hrs.**
Survey and pedagogical research informing the teaching of writing in the two-year college. (PR: ENG 560, Composition Theory or permission from chair)

648 **Feminist Rhetorics. 3 hrs.**
An intensive study of various rhetorics which challenge patriarchy and power structures including, but not limited to, feminist histories of rhetoric, theories, pedagogies, epistemologies, and uses of technology.

650-653 **Special Topics.**
(PR: ENG 630 or permission of the chair)

660 **Literary Theory. 3 hrs.**
Intensive introduction to one or more literary or cultural theories, familiarizing students with the major developments, terms, premises, and debates of the theory or theories in question.

661 **Studies in Genre. 3 hrs.**
An intensive study of one or more literary genres, familiarizing students with the major developments, terms, premises, and debates concerning the genre or genres in question. (PR: ENG 630)

670 **Observation Practicum TESOL. 3 hrs.**
This practicum engages students in classroom observation and promotes their ability to reflect on classroom practice. (PR: ENG 615 or ENG 617)
661 Teaching Practicum TESOL. 3 hrs.
In this practicum, students design and implement lessons in language classrooms. Students receive feedback on their teaching and engage in the practice of reflection. (PR: ENG 670)

681 Thesis. 1-6 hrs.

685-688 Independent Study. 1-4 hrs.
(PR: Permission of Chair)

689 Internship. 1-4 hrs.
Supervised work experience in English-related field. (PR: Permission of Chair)

ENVIRONMENTAL ENGINEERING (ENVE)

611 Air Pollution Design I: Control of Gaseous Emissions. 3 hrs.
An introduction to adsorption, condensation, incineration, absorption, and process modification relevant to the design of abatement systems for gaseous air pollutant emissions. (PR: unit operations, thermodynamics and calculus)

612 Air Pollution Design II: Control of Particulate Emissions. 3 hrs.
An introduction to equipment, processes, and basic principles relevant to the design of particulate collection systems including electrostatic precipitators, fabric filtration units, cyclones, and high energy scrubbers. (PR: ES 604 or courses in physics, fluid mechanics, and process design)

615 Environmental Chemistry. 3 hrs.
Fundamental principles governing the various aspects of chemistry relevant to the environment will be addressed. The chemistry of waste treatment, cyclical processes and other applications will be evaluated. (PR: Consent)

616 Principles of Biological Waste Treatment. 3 hrs.
Principles and practices of the process design of biological systems employed in wastewater treatment, including such topics as microbial metabolism, oxygen transfer, and biomass-separation. Lectures, laboratory, and field trips. (PR: ES 651)

617 Physicochemical Treatment of Water and Wastewater. 3 hrs.
A unit operation/unit process approach to industrial and advanced waste treatment covering physical and chemical methods. Application of methods to specific waters and wastes. Lectures and laboratory sessions. (Prerequisite: ENVE. 615)

618 Pollution Prevention. 3 hrs.
Introduces the student to the basic understanding and criteria required for establishing a pollution prevention program, including a review of successful industry practices. Emphasis on management strategies. (PR: undergraduate degree in science or engineering)

620 Solid Waste Management. 3 hrs.

625 Hazardous Waste Management. 3 hrs.

650-653 Special Topics
Occasional special offerings in Environmental Engineering. (PR: Consent)

663 Environmental Permitting. 3 hrs.
The permit process for the construction and operation of facilities, including stream crossing, wetlands, etc.; permits under Clean Air Act, Clean Water Act, NPDES, RCRA and TSCA.

670 Hydrology and Drainage Control. 1-6 hrs.
The course provides an introduction to practical applications of hydrology and sedimentology including precipitation, infiltration, quantification of runoff, flow modeling, soil erosion, sediment transport, basic highway drainage concepts and design of channels and other control structures.

673 Industrial Ventilation. 3 hrs.
The design and analysis of industrial ventilation systems, including properties of air contaminants; hood, duct and fan design; system performance; mine ventilation; air cleaning devices; testing; diagnosis; troubleshooting, cost analysis. (PR: Consent.)

675 Industrial Noise Control. 3 hrs.
Physics of sound, absorption and reflection, sound level measurements and instruments, and noise control criteria; audiometry and the physiology of hearing; community noise abatement; laws and regulations. (PR: undergraduate degree in science or engineering)

680 Air Pollutant Dispersion and Meteorological Modeling. 3 hrs.
Meteorological concepts with emphasis on air pollution; atmospheric dynamics, adiabatic processes; temperature profiles; behavior of stack effluent, atmospheric chemistry, attenuation of solar radiation, and climatology application to dispersion models. (PR: undergraduate course in physics, and spreadsheet capability)

681 Environmental Engineering Design. 3 hrs.
Principles of engineering design of water and wastewater treatment systems and processes, including physical, chemical, and biological treatment and handling of treatment residuals. Includes coverage of relevant water quality concepts. (PR: Engineering degree or permission)

682 Environmental Remediation Technologies. 3 hrs.
Decontamination or removal of pollutants from soil. Aeration of excavated soil on site. Use of solvents and surfactants as removal aids. Removal of soil for treatment at an off-site facility. (PR: ES 651)

683 Environmental Geotechnology. 3 hrs.
Surface and subsurface geology; geotechnical properties of soil and rock. Geotechnical engineering design aspects of landfills, groundwater barriers, tunneling. Mechanics of ground movement; sediment and erosion control. (PR: engineering or geology degree)

ENVIRONMENTAL SCIENCE (ES)

582-583 Special Topics. 1-4 hrs.
Occasional offerings of current topics in environmental sciences, providing important supplementary material for participating students.

585 Introduction to Environmental Science. 3 hrs.
The principles of chemistry, geology, and mathematics used in pollution analysis and control. Topographic maps, environmental regulations, field testing, and compliance. Economics of pollution control devices.

586-88 Independent Study. 1-4 hrs.
An approved study of special interest concerning environmental science that is appropriate for the student's program of study. Carried out under the supervision of a faculty member.

602 A Study of the West Virginia Environment. 3 hrs.
An overview of the diversity of the local natural environment, including the plants, insects, amphibians, reptiles, other wildlife, and the impact of human activities on the local environment.

603 Seminar In Current Environmental Issues. 3 hrs.
The influence of environmental laws, common law, contract law, tort law, and regulatory interpretations, as well as the impact of citizens' groups, professional societies, and trade associations on current practice. (PR: Consent)
Air Pollution.  3 hrs.  
Major air pollution sources; meteorological concepts; physical and chemical characterization; effects on plant and animal life; and development of air pollution laws, with emphasis on West Virginia regulations. (PR: Consent)

Analytical Principles of Environmental Sampling.  3 hrs.  
Identifying and measuring contaminants in air, water, soil, and sludge. Methods of analysis including gas chromatography, nuclear magnetic resonance, colorimetry, infrared absorption, ultraviolet absorption, atomic absorption, and mass spectrometry. (PR: Chemistry and ES 600, or equivalent experience)

Topics in Bioscience Education.  1-6 hrs.  
Selected topics of interest to teachers of biology. (PR: Consent)

Environmental Sampling Practice.  3 hrs.  
Current practice in environmental testing and monitoring. Traditional wastewater tests, bioassay analysis, aquatic toxicity. Current procedures in gas chromatographic analysis, mass spectrometry. Sample preservation, quality control, and quality assurance. (PR: analytical chemistry and instrumental methods, or ES 605)

Environmental Risk Assessment.  3 hrs.  
The course will provide a comprehensive review of currently used methods and applications of risk assessment in environmental science and engineering. The course will focus on the analysis of potential risks in all media, and will include state and federal requirements and guidelines for human health and ecological risk assessment. (PR: Consent)

Environmental Management Systems.  3 hrs.  
EMS principles and elements; environmental, health and safety regulatory issues; ISO 14000 EMS specifications and guidelines; environmental auditing; environmental performance evaluation; life cycle assessment and environmental labeling.

Remote Sensing and Map Use.  3 hrs.  
Introduction to topographic, soil, and geologic maps and aerial and satellite photography as sources of environmental information. Application of various data sources to specific types of environmental problems.

Environmental Site Assessment.  3 hrs.  
Site inspection and investigation, emphasizing the “due diligence” clause of Section 107 of the Comprehensive Environmental Response Compensation Liability Act of 1980, site remediation, and data analysis and reporting.

Groundwater Principles and Monitoring.  3 hrs.  
Introduction to groundwater hydrogeology; including porosity, hydraulic conductivity, aquifers, groundwater flow, well hydraulics, groundwater geology, and water chemistry. (PR: A background in environmental science or geology is recommended)

Applied Hydrogeology.  3 hrs.  
The fundamentals of hydrogeology are utilized to implement a case study investigation of a contaminated groundwater site from the planning stage through a final report. (PR: ES 640 or equivalent experience)

Dynamics of Ecosystems.  3 hrs.  
Species interaction; population, community and ecosystem ecology; productivity; nutrient cycling; physiological ecology, population dynamics; pollution and conservation; and aquatic, marine, and terrestrial ecosystems. (PR: Consent)

Vegetation of West Virginia.  3 hrs.  
Introduces the student with a minimal biology background to basic field and laboratory botany. Introduction to science of plant taxonomy and community ecology, with emphasis given to West Virginia. (PR: Consent)

Special Topics in Environmental Science. 1-4 hrs.  
(Pr: Consent)

Environmental Microbiology.  3 hrs.  
Microbiology of the environment; ecology of the microbial cell; microbial ecosystems; the microbe’s interaction with other micro-organisms and macro-organisms; how micro-organisms obtain nutrients, and the effect on the environment. (PR: General biology and general chemistry or consent)

Environmental Ethics.  3 hrs.  
Introduction to the subject of ethics, environmental ethical theory, moral reasoning, free market regulation, right to know, proprietary information, product liability, cost-benefit analysis, risk assessment, waste disposal, and resource depletion. (PR: Consent)

Preparation and Evaluation of Environmental Impact Statements.  3 hrs.  
A practical course designed to provide students with the ability to prepare and evaluate impact statements. The course is based on the concepts of the environment as a single interrelated system.

Environmental Law I.  3 hrs.  
Introduction to major federal environmental legislation and related state programs, including policy issues, judicial review, and practical effects. Includes CERCLA, RCRA, Clean Water Act, Clean Air Act, NEPA, ESA, and SDWA. (PR: Consent)

Environmental Regulations 3 hrs.  
Practical applications and concentrated study of regulations under all major federal environmental programs, including permitting, reporting, and other practical compliance issues. Includes discussion of procedures used in development of regulations. (PR: ES 660)

Environmental Policy 3 hrs.  
Introduction to processes for formulation and development of env. policy, including administrative procedure and the policy process. Discussion of current env. policy issues in relevant political, legal, social, and scientific contexts.

Environmental Law II.  3 hrs.  
Course covers three general topic areas: environmental assessment and biodiversity (NEPA and ESA), risk management and regulation of toxic substances (TSCA, FIFRA, and SDWA), and international environmental law. (PR: ES 660)

Water Resources Management. 1-6 hrs.  
Course surveys the processes that govern the earth’s hydrologic cycle and the human activities which effect that cycle. It seeks to provide an integrated science/management/policy approach to water resource issues.

Epidemiological Health Research Techniques.  3 hrs.  
An introduction to techniques of epidemiological health research. The primary focus will be health problems in the industrial setting.

Brownfields Management. 1-6 hrs.  
Environmental management and development of abandoned, idled or underused industrial or commercial facilities where expansion or redevelopment is complicated by real or perceived environmental contamination.

Thesis.  1-6 hrs.  
A student completing ES 680 must defend his or her thesis in an oral examination.

EXERCISE SCIENCE AND SPORT (ESS)

Ethics in Sport.  3 hrs.  
Philosophical and historical background to the development of values in contemporary society and examination of how these are manifested in the sports world.

Planning & Developing HPER & Athletic Facilities.  3 hrs.  
A course designed to familiarize students with the basic concepts of facility planning and construction. Current trends and innovative designs are reviewed. (Does not fulfill state certification requirements for a superintendent’s license.)
Sport and Physical Education in the Twentieth Century United States. 3 hrs.
The development of recreation, organized sport and physical education programs in the United States, 1900 to present.

Sport and Film. 3 hrs.
The relationships between sports and feature motion pictures are analyzed in the historical, social, and cultural contexts.

Sport Law. 3 hrs.
The study of the basic principles of the legal system as they operate in the environment of American sport.

Professional Development. (Plus title that identifies content). 1-4; 1-4; 1-4; 1-4 hrs.
Courses and activities designed to meet the specific inservice needs of public school personnel. Credit in these courses may be used for certificate renewal and salary upgrading if approved but not for degrees. CR/NC grading.

Seminar in Sports Management and Marketing. 3 hrs.
This course is designed to provide students with an overview of all aspects involved in the Sports Management and Marketing field through classroom lectures, guest speakers, and field trips.

Theoretical and Practical Aspects of Coaching. 3 hrs.
An indepth study of the principles and problems of coaching.

Exercise Metabolism. 3 hrs.
Addresses the principles of sport nutrition and its effects on physiological systems, body composition, and human exercise performance. (PR: ESS 621 or permission)

Special Topics. 1-4; 1-4; 1-4 hrs.
(PR: Approval by the department chairman, instructor and student's committee)

Independent Study. 1-4; 1-4; 1-4 hrs.

Workshop in Physical Education. 1-3 hrs.

Ethics in Sport. 3 hrs.
A critical analysis of and engagement with leading ethical thinking as applied to sport.

Advanced Exercise Testing. 3 hrs.
Exercise testing techniques presented to determine the biological responses to exercise stress and to investigate the physiological limitations to human performance as it relates to disease and/or sport performance. (PR: ESS 621)

Legal Concern in PE and Athletics. 3 hrs.
An indepth analysis of the legal implications of Sports and Physical Education.

Exercise Physiology I (Cardiorespiratory and Metabolic Adaptations). 3 hrs.
Topics would include bioenergetics, integration of metabolism, metabolic response to exercise, neuroendocrine control of metabolism during exercise, cardiovascular control and adaptation during exercise and respiratory control and adaptation during exercise. (REC: ESS 201 and 345 or equivalent)

Advanced Exercise Physiology II (Neuromuscular and Environmental Adaptations). 3 hrs.
The course is designed to study the neuromuscular and environmental adaptations to both the acute and chronic effects of exercise. Cellular and Molecular Adaptations will be explored. (PR: ESS 621)

Issues in Physical Education. 3 hrs.
Critical selection and analysis of current controversies in physical education. Analysis includes identification of the content fostering each issue and the systematic probing of administrative tenets and philosophical positions taken by all factions. Attempts at resolution are secondary to exploration and analysis of viewpoints.

History and Philosophy of Physical Education and Sport. 3 hrs.
An investigation of historical events, political and social climates, and personalities as well as philosophies which have influenced physical education and sport from early civilizations to the present.

Performance Techniques and Analysis. 3 hrs.
Analysis of lead-up, intermediate and advanced techniques of a selected team, individual or dual sports. Emphasis given to mechanics of performance psychological stress components, psychological factors, strategies and teaching/coaching methodology.

Structural Kinesiology. 3 hrs.
Instruction and laboratory experiences involving musculoskeletal anatomy and biomechanics as applied to human movement.

Devising and Implementing Training and Conditioning Programs. 3 hrs.
Application of neuromuscular and physiological knowledge to the examination of the administration and content of existing exercise programs as well as the development of new programs. (PR: ESS 621)

Sport in the Social Process. 3 hrs.
An indepth analysis of the processes by which sport evolved as a significant component of modern American life.

Cardiovascular Exercise Physiology. 3 hrs.
Detailed study of the anatomy and physiology of the cardiovascular system and its response to acute and chronic exercise. (PR: ESS 621, ESS 623, ESS 670)

Respiratory Exercise Physiology. 3 hrs.
Detailed study of the anatomy and physiology of the respiratory system and its response to acute and chronic exercise. (PR: ESS 621, ESS 623, ESS 670)

Neuromuscular Exercise Physiology/Plasticity. 3 hrs.
This course is a detailed study of the structure and function of the neuromuscular system along with the etiology and functional consequences of numerous neuromuscular diseases. (PR: ESS 621, ESS 623, ESS 670)

Mechanical Analysis of Motor Skills. 3 hrs.
Analysis of motor skills through the application of the principles of physics. (REC: ESS 321 or equivalent)

Organizational Behavior of Sport and Leisure Industry. 3 hrs.
Examines the complexity of human behavior in organizational settings in sport and leisure industry, and the role of managers and leaders in affecting that behavior.

Contemporary and Comparative Physical Education. 3 hrs.
A study of objectives, methods, personnel, facilities, and program uniqueness of the physical education of selected nations and world regions. National sport programs, international sport programs and competition, and international professional organizations are considered.

Research in Kinesiology. 3 hrs.
An examination of experimental research design, laboratory methods, construction of instruments, execution of research, and presentation of research papers with an emphasis on science.

Research Methods in Sport Studies. 3 hrs.
This course provides students with a fundamental understanding of research principles, concepts, methods, techniques, and application related to sport studies.

Sport Finance / Economics. 3 hrs.
This course will provide students with an understanding of financial and economic principles relevant to the sport industry. The course also provides a comprehensive coverage of current economic and financial issues confronting the sport industry.

</table>

**Marketing Management of Sport Industry, 3 hrs.**
Advanced level of marketing concepts in the sport industry.

**Thesis, 1-6 hrs.**

**Health Promotion, Disease Prevention, and Rehabilitation: Clinical Perspectives, 3 hrs.**
Examines disorder/disease prevalent in Westernized societies, with special emphasis on the rationale for intervention with exercise, nutrition, behavioral, and related strategies. (PR: ESS 621)

**Cardiovascular Assessment, 3 hrs.**
Considers cardiovascular assessment strategies, including EKG interpretation, related medical profile variables, patient/client/athlete screening and risk stratification. (PR: ESS 621)

**Behavioral Aspects of Wellness, Disease, Rehabilitation, 3 hrs. 1 or II.**
Survey course to include the pathophysiology of stress, psycholgy of health, behavioral modification, neuromuscular relation/stress reduction techniques, program compliance improvement, and health counseling. (PR: ESS 641)

**Cardiac Life Support, 3 hrs.**
Course is designed to acquaint the student with the current methods in recognizing and treating cardiac conditions. (PR: ESS 683 or permission)

**Seminar in Physical Education, 3 hrs.**
A course designed for library research and discussion of critical questions in physical education. Topics to be selected will vary according to the interests of the students.

**Technology in the Hospitality and Tourism Industry, 3 hrs.**
Opportunities, threats, and effects of competing within the hospitality and tourism industry in a digital economy, i.e., one where information technology and e-commerce are the norm.

**Contemporary Issues and Trends in Hospitality and Tourism, 3 hrs.**
Developments, issues and problems in the hospitality and tourism industry. Examine current and emerging trends, and developments, and their implications for the hospitality and tourism industry.
Security and Risk Management in Hospitality and Tourism. 3 hrs.
Advanced investigation of security and risk management within the hospitality/tourism/foodservice industries.

Hospitality and Tourism Marketing Strategy. 3 hrs.
Examination of the multidimensional marketing functions applied to hospitality and tourism organizations.

Catering and Event Planning in Hospitality and Tourism. 3 hrs.
Theory and application of operation and management principles in the planning, organization, and implementation of on- or off-premise special catering events.

Food and Nutrition Management in Hospitality and Tourism. 3 hrs.
Overview of administrative concepts for directing resources within a variety of food and nutrition services/programs. Use of planning, implementation, and evaluation techniques to measure organizational and personal performance.

Internship in Hospitality and Tourism Management. 3 hrs.
A work experience in a hospitality and tourism organization/business for a minimum of 150 hours to maximum of 300 hours.

Family Economics. 3 hrs.
Factors affecting material level of living for families, expenditure patterns, and impact of social change on resource allocation. (PR: FCS 544)

Family Resource Management Theory and Research. 3 hrs.
Analysis of home management theory and concepts as revealed through current research in the field. (PR: FCS 527)

Problem Report. 1-3 hrs.

Thesis. 1-6 hrs.

Special Problems in Family and Consumer Sciences. 1-3; 1-3 hrs.
Problems of particular interest to the graduate student. Registration by permission of advisor. Not more than four hours of seminar credit may be counted toward a master’s degree.

Seminar. 1-3; 1-3 hrs.
Extensive readings and reports from current literature in selected areas of Family and Consumer Sciences. Not more than six hours of seminar credit may be counted toward a master’s degree.

FINANCE (FIN)

Principles of Business Finance. 3 hrs.
Business finance from the viewpoint of the financial manager. Use of financial statements, tools, and concepts for measuring and planning for profitability and liquidity. (PR: ACC 216 or ACC 510, ECN 253 or ECN 501, MGT 218, and MTH 203 or MGT 500)

Financial Planning Applications. 3 hrs.
This course includes client interactions, time value of money, personal financial statements, cash flow and debt management, asset acquisition, overview of risk management, investment planning, business ethics, and retirement planning. (PR: ECN 501, ACC 510, MGT 501)

Investment Planning. 3 hrs.
This course provides the student with understanding of the various types of securities traded in financial markets, investment theory and practice, portfolio construction and management, and investment strategies and tactics. (PR: FIN 551)

Insurance Planning and Risk Management. 3 hrs.
This course introduces risk management and insurance decisions. Topics include insurance for life, health, disability, property and liability risks, as well as annuities, group insurance, and long term care. (PR: FIN 551)

Income Tax Planning. 3 hrs.
This course focuses on principles and current law and practice of income taxation and its impact on financial planning for individuals, couples and families as investors, employees and business owners. (PR: FIN 551)

Estate Planning. 3 hrs.
Estate Planning focuses on the efficient conservation and transfer of wealth, consistent with the client’s goals such as trusts, wills, probate, advanced directives, charitable giving, wealth transfers and related taxes. (PR: FIN 551)

Retirement Planning. 3 hrs.
The retirement planning course is to provide individuals with knowledge of retirement plans such as Social Security, Medicare, Medicaid, defined benefit and defined contribution plans and their regulatory provisions. (PR: FIN 551)

Special Topics. 1-4 hrs.

Financial Management. 3 hrs.
An examination of business corporations practicing at the level of the individual firm with emphasis on quantitative analysis of the variables which affect liquidity and profitability. (PR: MGT 601, ACC 613 and full M.B.A. admission or permission of GSM academic advisor)

Financial Problems in Business. 3 hrs.
Recognizing and solving financial problems through the use of case presentations and/or corporate annual and interim reports. (PR: FIN 620 and full M.B.A. admission or permission of GSM academic advisor)

Security Analysis and Portfolio Management. 3 hrs.
Analytical procedures used by institutional portfolio managers to measure both past performance of holdings and anticipated market performance of current offerings. Emphasis in this course may be expected to be more centralized in the area of fundamental analysis. (PR: FIN 620 and full M.B.A. admission or permission of GSM academic advisor)

Financial Institutions and Markets. 3 hrs.
An in-depth study of the flow of funds in aggregate financial systems, with emphasis on those in the United States. Because interest rates and bank reserve requirements of Federal Reserve System are all dynamic in character, the content of this course may be expected to vary as financial events of the future dictate. (PR: FIN 620 and full M.B.A. admission or permission of GSM academic advisor)

Special Topics. 1-3 hrs.
(Pr: Permission of the division head, full M.B.A. admission, and permission of GSM academic advisor)

Independent Study. 1-4 hrs.
Independent study of a specific nature under the supervision of a qualified faculty member. Hours of credit are determined by the magnitude of the project. (PR: FIN 620 and permission of division head or permission of GSM academic advisor)

FORENSIC SCIENCE (FSC)

Cell and Molecular Biology. 3 hrs.
A study of the molecular biology of the cell and its organelles, cell interactions, and differentiation.

Genetics-DNA Lab. 1 hr.
Laboratory to be offered in conjunction with FSC 604 Genetics and DNA Technology stressing techniques and methods required for DNA analysis used in forensic case investigations, in CODIS laboratories and in paternity testing.

Genetics and DNA Technology. 3 hrs.
A comprehensive lecture series that covers the genetics and biochemistry of DNA to include the analysis, ethical considerations and quality assurance techniques used to analyze DNA for identification purposes. This course serves as a core course in the forensic science curriculum.
Online Graduate Catalog Spring 2011

Courses of Instruction

Forensic Science Digital Imaging. 3 hrs.
Introductory course in digital image processing. Covers techniques used in forensic laboratory to enhance, analyze, and catalog digital images. Instruction in laboratory setting.

Crime Death Investigation. 2 hrs.
Establishes foundations and techniques for proper crime scene investigation with or without a victim's body. Logical approach for collecting evidence and documenting scene and collection process.

Bloodstain Pattern Analysis. 3 hrs.
A comprehensive course covering bloodstain pattern analysis, bullet trajectory, courtroom testimony, and report writing. This course is taught as a combination of lectures, laboratories, and practical exercises.

Forensic Toxicology. 3 hrs.
An in-depth analysis of both clinical and forensic aspects of toxicology from the viewpoint of the forensic and medical examiner's toxicology laboratories.

Introduction to Cybercrimes.
Teaches the basics of how computers and networks function, how they can be involved in crimes as well as a source of evidence.

Bioterrorism. 3 hrs.
Course traces the historical development, current status, and future threats of bioterrorism in the U.S. and on a global scale. Issues addressed include microbiology, surveillance, detection and post-event investigation.

Introduction to Forensic Microscopy/Trace. 2 hrs.
Introduction to various types of microscopy used in forensics, including scanning electron microscopy, light and fluorescence microscopy and polarizing microscopy.

Advanced Crime Scene Investigation. 3 hrs.
This course addresses various areas of crime scene investigation not, or minimally, addressed in the FSC 606 introductory course. Topics include arson, explosives, body excavation, forensic entomology, advanced impression evidence and wound analysis. (PR: FSC 606)

Advanced Crime Scene Photography and Documentation. 3 hrs.
This series of lectures and practical exercises introduces the student to sophisticated crime scene documentation techniques including sketching, surveying, photography and crime scene management techniques.

Forensic Comparative Science. 2 hrs.
Introduction to comparative methods used by forensic scientists for analysis of fingerprints, questioned documents, and firearms.

Forensic Analytical Chemistry. 3 hrs.
Analytical chemistry instrumentation and methods used by forensic scientists for analysis of drugs, toxicology, arson, explosives, trace evidence, and sample collection and processing.

Forensic Analytical Chemistry Lab. 1 hr.
Laboratory practicum will develop skill set needed in the forensic analysis of physical evidence using standard methods and modern analytical instrumentation.

Biochemistry: Forensic Science. 3 hrs.
This comprehensive course in biochemistry focuses on concepts appropriate to forensic science and designed to meet forensic science educational standards at a national level.

Forensic Drug Analysis. 2 hrs.
Concentration on modern analytical methods used in the isolation and the identification of illicit drugs and their metabolites in biological samples and other forensic evidence. (PR: FSC 622 or permission of instructor)

Human Genetics. 3 hrs.
Human Genetics serves as an introduction to the study of heritable traits in humans and their molecular basis; basic genetic principles, statistics, and probability; population database analysis; principles of population genetics and laws of Mendelian genetics as they relate to human identification; application of paternity testing and identification of human remains; use of single nucleotide polymorphisms (SNPs) and mtDNA profiling in forensic applications. (PR: FSC 624)

Chemical Analysis of Trace Evidence. 2 hrs.
An emphasis on chemical analysis techniques appropriate for trace evidence, including paint, inks, fibers, and plastics. Methods include pyrolysis-GCMS, micro-FTR, chemical microscopy, and capillary electrophoresis. Required for Forensic chemistry emphasis.

Advanced DNA Technologies. 2 hrs.
This course will provide advanced instruction in DNA technologies to assist in the preparation for a career in a forensic DNA laboratory. (PR: FSC 603 and FSC 604)

Forensic Science Internship. 5 hrs.
A 10-week internship in a crime lab or other forensic science-related research laboratory. Application of principles and techniques learned during first year of program. (PR: Completion of two semesters in Forensic Science program)

Foundations and Fundamentals in Digital Forensics. 3 hrs.
This course will provide an overview of the foundations of digital forensics and its component sub-disciplines: computer, audio, and video forensics. The course will be taught as a combination of lectures, laboratory, and practical exercises.

Digital Evidence Search and Seizure. 3 hrs.
Introduces students to the information required by investigators in the proper procedures for seizing computer systems and related storage devices used in the commission of a crime. Includes special needs of the field examiner and legal issues such as probable cause and evidence preservation peculiar to seizing computer systems.

Special Topics. 1-4 hrs.
Present course material on special areas of research or topics which are not routinely covered in existing courses.

Independent Study. 1-4 hrs.
Reserved for directed and independent research, problem reports, etc. (PR: Permission)

Legal Issues, Court Procedures for Forensic Scientists. 3 hrs.
Covers the American legal system with specific emphasis on expert witnessing by forensic scientists. Both the federal and state systems of justice are addressed, plus topics such as the federal rules of evidence and discovery. Frye and Daubert considerations on admissibility of scientific evidence and expert witnessing are discussed. Mock trials provide experience in the courtroom. (PR: Consent of Instructor)

Advanced Digital Evidence Detection and Recovery. 2 hrs.
This course will provide an overview of the advanced procedures and techniques used by investigators working with digital evidence. The course will be taught as a combination of lectures, laboratory, and practical exercises.

Seminar. 1 hr.
Faculty, student and guest speaker presentations of topics pertinent to forensic science.

Thesis. 1-6 hrs.
Research conducted in the laboratories at Marshall University which is focused on a problem of forensic importance. The original research problem will be written up as a formal document and submitted as part of the requirements to fulfill a Master of Science degree in the research track.
Courses of Instruction  Marshall University

THE FOLLOWING COURSES MAY SERVE AS A MINOR IN SOME PROGRAMS.

**GEOGRAPHY (GEO)**

- **501** Historical Geography. 3 hrs.
  Historical study of human settlement patterns, population diffusion, economic development, and the evolution of state boundaries with an emphasis on processes that inform contemporary geographic patterns.

- **502** Geography of Appalachia. 3 hrs.
  A study of settlement, transportation, manufacturing, agriculture and resource potential.

- **503** Geography of Asia. 3 hrs.
  Special attention given activities and environment in continental countries and nearby islands.

- **504** Geography of Europe. 3 hrs.
  Relationship between human activities and natural environment studied by countries, with attention given to interrelation of countries.

- **505** Political Geography. 3 hrs.
  A systematic and regional survey of world political problems and international relations stressing current geopolitical conflicts.

- **506** Population Geography. 3 hrs.
  This course introduces students to the key spatial features, characteristics, and patterns of population geography, with an emphasis on international population issues and trends.

- **507** Geography of Sub-Saharan Africa
  An exploration of the geography of Sub-Sahara Africa, its land and people, with a focus on contemporary issues that challenge Africans in the twenty-first century.

- **508** Geography of South and Middle America. 3 hrs.
  A study of settlement, transportation, manufacturing, agriculture, geopolitics, and natural resources of South and Middle American countries.

- **509** Geography of North Africa and the Middle East. 3 hrs.
  A geographical study of agriculture, transportation, manufacturing, settlement, geopolitics, and natural resources of the North Africa and Southwest Asia realm.

- **510** Urban Geography. 3 hrs.
  Study of city function, patterns, past and current problems confronting the city including planning, zoning, housing, and urban renewal.

- **511** Medical Geography. 3 hrs.
  An introduction to medical geography and its applications, including epidemiology, biometeorology, disease diffusion, health care delivery, folk medicine, regional health variations, agromedicine, and rural health issues in Appalachia.

- **512** Geography of Russia. 3 hrs.
  Geographical appraisal of cultural, political, and economic aspects of Russia.

- **514** Principles and Methods of Planning. 3 hrs.
  An examination of contemporary planning focusing on principles, methods, techniques, and tools; and the political, legal, and ethical contexts of planning.

- **515** Urban Land Use Planning. 3 hrs.
  Application of principles, methods, and tools of planning; and overview of government policy, code of ethics, and the constitutional basis of contemporary urban land use planning. (PR: GEO 514 or permission of instructor)

- **516** Environmental Issues in Planning. 3 hrs.
  An examination of the role the natural environment plays in urban and rural land use planning with an emphasis on consequences of land use change and applications of planning techniques.

- **517** Coal Industries Studies: Past & Present. 3 hrs.
  An interdisciplinary study for all facets of the coal industry within a historic perspective. Emphasis is placed upon coal industry of West Virginia and the tri-state region.

- **518** Geography for Teachers. 3 hrs.
  A study of elements of geography most essential for effective teaching of geographic content in elementary education and the social studies.

- **519** Geography of Gender. 3 hrs.
  Gender as an essential element in understanding geographic literature; the spatial dimensions and implications of gender and the cultural landscape.

- **520** Geographic Field Research. 3 hrs.
  Course focuses on the development of individual research projects based on data collected in the field.

- **522** Environmental Geography. 3 hrs.
  Global environmental problems and their causes.

- **525** Climatology. 3 hrs.
  A study of elements of weather and climate, methods of climatic classification, and distribution and characteristics of world climatic regions.

- **526** Principles of GIS. 4 hrs.
  Introduction to Geographic Information Systems (GIS) principles, techniques, and applications for the social and natural sciences with emphasis on foundational geographic principles in a lecture/lab format.

- **529** Intermediate GIS - Vector Analysis. 3 hrs.
  Introduction to GIS vector analysis, beginning with the vector data model, and including buffering, overlay analysis, geocoding, and network analysis. (PR: GEO 526 or GEO 530 or permission)

- **530** Intermediate GIS - Raster Analysis. 3 hrs.
  GIS raster analysis, including local, neighborhood, and zonal operations; terrain analysis; building raster databases; distance modeling, and surface interpolation. (PR: GEO 526 or GEO 529 or permission)
518 Invertebrate Paleontology. 4 hrs. II. Alternate years (odd numbers)
Taxonomy, morphology, and paleoecology of body and trace fossils representing the major invertebrate phyla; analysis and interpretation of faunal assemblages; theories on evolution and extinction of species.

521 Petrology. 4 hrs. I. Alternate years (even numbers)
Identification and classification of igneous, sedimentary and metamorphic rocks; their origin and occurrence; their geologic and economic importance. 3 lec-2 lab. (PR: GLY 200; 314 or consent)

522 Economic Geology. 4 hrs.
Origin, distribution and economics of the metallic and nonmetallic ore deposits. 3 lec-2 lab. Course taught on a demand basis only. (REC: GLY 201, 314, or equivalent)

523 Sedimentary Petrography. 4 hrs. I., Alternate years (odd numbers)
Megascopic and microscopic identification and a depositional and post-depositional interpretation of the sedimentary rocks. 3 lec-2 lab (PR: GLY 201 and 314 or consent)

525 Geochemistry. 4 hrs. II., Alternate years (odd numbers)
Introduction to the principles of geochemistry. The application of chemistry to the study of the Earth and to geologic problems. Laboratory work includes analysis of rocks, soils, and waters. 3 lec - 2 lab (PR: GLY 200, CHM 211 & 217 or permission)

526 Geophysics. 4 hrs.
Development of seismic, gravity, magnetism, electrical and thermal methods to study the structure and dynamics of the earth. 3 lec-2 lab. Course taught on a demand basis only. (PR: GLY 200, PHY 201, MTH 229)

527 Fossil Fuels. 4 hrs. II. Alternate years (even numbers)
The origin and occurrence of petroleum, coal, and natural gas; the relationships of accumulations to depositional environments and structural history; methods used in exploration, evaluation and recovery. 3 lec-2 lab. (PR: GLY 313, 325 or consent)

530 Computer Methods in Geology. 4 hrs. II. Alternate years (odd numbers)
The computer will be used for compilation, reduction, data analysis and modeling from a wide range of geological problems. Existing and student-developed programs will be used. 3 lec-2 lab. (PR: 12 hrs. GLY and MTH 130.)

551 Principles of Geomorphology. 4 hrs. I., Alternate years (odd numbers).
Identification and analysis of the earth’s surficial features in terms of stratigraphy, structure, processes, tectonics, and time. 3 lec-2 lab.

555 Hydrogeology. 3 hrs. I. Alternate years (odd numbers)
The properties of water, the hydrologic cycle with emphasis on surface and groundwater processes. The uses, needs and problems associated with water resources. 3 lec. (PR: GLY 200; CR: GLY 555L for geology majors)

555L Hydrogeology Laboratory. 1 hr. I. Alternate years (odd numbers)
A two-hour laboratory of practical hydrogeologic problem solving. (PR: GLY 200; CR: GLY 555, required of majors, non-majors elective)

556 Environmental Geology. 4 hrs. II. Alternate years (even numbers)
Consideration of risks posed by natural geo-hazards and from physical/chemical contamination of geologic media.

557 Engineering Geology. 4 hrs. I. alternate years (even numbers).
Consideration of geotechnical problems faced by geologists and engineers. Major topics include mechanics and classification of soil and rock, and geotechnical aspects of groundwater.

585-588 Independent Study. 1-4; 1-4; 1-4; 1-4 hrs.

640 Physical Aspects of Geology. 1-4 hrs. I, II.

641 Biological Aspects of Geology. 1-4 hrs. I, II.

642 Chemical Aspects of Geology. 1-4 hrs.

681 Thesis. 1-6 hrs. I, II, S.
HEALTH CARE ADMINISTRATION (HCA)

600 The Health Care System. 3 hrs.
This course is designed to provide managers with in-depth knowledge of the current health care system, covering the structure and delivery of care, the providers and payers, and the various players in the system. The internal and external forces impacting the system are discussed. Problems in the health care system are explored and evaluated with respect to the issues of access, cost, and effectiveness. (PR: GSM admission or permission of GSM academic advisor)

610 Health Care Financial Management. 3 hrs. I.
Course provides an overview of health care financial management, with special emphasis upon the aspects of financial systems in hospitals that differ from typical financial systems. It includes analysis of capital formation, cash flow management and determination of working capital requirements. (PR: HCA 600)

615 Health Care Economics. 3 hrs. II.
The health care industry is unique. Unlike in other markets, the consumer finds it difficult to evaluate quantity, quality, and pricing. Traditional market forces are modified by government, third-party payers, and professional interests. This course applies economic principles to this unique environment. (PR: HCA 600)

620 The Ethical Dimension of Health Care Management. 3 hrs. II.
Emphasis in this course is on the way managers in health care settings incorporate ethical dimensions into their decision-making. It looks at the wide variety of ethical issues faced by these managers, focusing on those related specifically in the decisions they make about their organization, personnel, and services. Specifically covered are issues regarding the allocation of scarce resources, the type and availability of care for special populations, and conflicts of interest. (PR: HCA 600)

630 Legal Issues in Health Care Management. 3 hrs. I.
This course provides students with a legal framework to analyze health care organizations and their operations. The federal and state legal systems are reviewed and regulatory programs and their requirements discussed. Topics include: tax exemptions, antitrust laws, corporate liability, provider-patient legal issues (contracts and negligence), patient rights, facilities licensure and accreditation, and reimbursement issues. Court cases, as well as governmental agency rulings and findings, are analyzed for their applications to health care management. (PR: HCA 600)

640 The Health Care Professional. 3 hrs.
This course presents an overview of various professional and managerial topics relevant to the health care professional. Each offering of the course focuses on a particular health profession. Emphasis is on defining the profession, understanding its historical development and evolution, examining professional roles, tasks, responsibilities, and accountabilities in current practice, studying the interaction with other professionals, delineating the parameters of the professional in ethical decision-making, and recognizing and responding to challenges faced in contemporary practice and in planning for the future. (PR: HCA 600)

650 Comparative Health Systems. 3 hrs.
A survey of health care provision systems throughout the world. (PR: HCA 600)

651 Health Care Operations Management. 3 hrs.
An investigation of the use of operations management techniques and methodologies that are useful in the health care industry. (PR: HCA 600)

652 Health Care Finance. 3 hrs.
An examination of the various financial systems present within the American health care systems. Special emphasis placed upon the management of assets, cost control, and budgeting. (PR: HCA 600)

653 Integrated Health Care Delivery Systems. 3 hrs.
An investigation of managed care systems within the United States. Emphasis placed on identifying practices that promote quality care at an affordable cost. (PR: HCA 600)

654 Human Resource Management in Health Care. 3 hrs.
An investigation of the human resource function found within contemporary health care provision systems. Discussion of future challenges facing the function in this turbulent environment. (PR: HCA 600)

655 Health Care Marketing. 3 hrs. II.
An investigation of the role of marketing in today's health care organizations. Specific topics include market segmentation, consumer behavior, promotion, and environmental analysis. (PR: HCA 600)

656 Management of Medical Technology & Information Systems. 3 hrs. I.
An investigation of the place technology, primarily hard technology, plays in the formulation of health care policy and strategies. Special emphasis placed on the management of medical information systems. (PR: HCA 600)

657 Health Care Law & Public Policy. 3 hrs.
An examination of the legal, regulatory, and policy-making interactions between government, society, and health care organizations and providers. (PR: HCA 600)

658 Long Term Care. 3 hrs.
An examination of the range of health and social services that are needed to compensate for the functional disabilities of people. Review of available services and governmental policies and regulations. (PR: HCA 600)

659 Health Care for Rural and Underserved Populations. 3 hrs.
An investigation of how health care is provided to rural Americans. Special attention given to the health care systems that provide medical care to the peoples of Appalachia. (PR: HCA 600)

671 Health Care Practicum. 1-6 hrs.
Project-oriented experience in health care operations and organizations. Intended for those students with insufficient experience in the field. (PR: Permission of program director and HCA 600)

695 Field Research in Health Care Management. 3 hrs. S.
In this course, each student selects an in-depth organizational research project on a particular management problem in a health care organization. In this "hands-on" project, the student serves as a consultant to the health care organization, conducting research, analyzing data, and making recommendations for the solution(s) to the management problem. Field research projects are selected in conjunction with the program coordinator during the semester prior to course enrollment. (PR: Permission of academic advisor)

697 Special Topics in Health Care Management. 3 hrs.
The course is designed to allow group study of selected topics of current interest in health care management. (PR: Consent of instructor)

698 Independent Study in Health Care Management. 1-3 hrs.
The course is designed to facilitate individual study of selected topics of interest in health care management. (PR: HCA 600 and permission of program director)

HEALTH PROFESSIONS (HP)

605 Medical Vocabularies and Classification Systems. 3 hrs.
Medical Vocabularies and Classification Systems is a one semester course which focuses on learning prefixes, suffixes, root words, and combining forms which are the basis of the medical language.
615 Health Quality and Safety. 3 hrs.
To provide students with principles of major health care quality and safety measurement, as well as practical case studies involved in the health care system.

650 Health Informatics Practicum. 3 hrs.
Provide an experience to prepare students to work effectively in professional positions, and bridge the learning gained in coursework and the world of practice.

HEALTH SCIENCE (HS)

510 Organization and Administration in Athletic Training. 3 hrs.
This is a course that investigates current trends in administration and organization in the field of athletic training.

523 Orthopedic Assessment of the Upper Extremity for the Athletic Trainer. 3 hrs.
Orthopedic evaluation of the neck and upper extremity for the Athletic Trainer.

524 Orthopedic Assessment of the Lower Extremity for the Athletic Trainer. 3 hrs.
Orthopedic evaluation techniques of the lower extremity for the Athletic Trainer.

522 Prevention, Care and Treatment of Athletic Injuries. 3 hrs.
This course is designed to prepare the athlete for competition, the prevention and protection of the athlete from accidents, the etiology, examination and immediate care of the athlete, and the rehabilitation of the athlete following injury.

526 Curriculum in Health Education. 3 hrs. I.
A study of principles, objectives, and procedures in curriculum construction for elementary and secondary programs. Historical and philosophical perspectives. Study of existing curricular patterns. (PR: HE 220, HE 221, HE 321 and HE 325)

530 Health Issues in Physical Education and Athletics. 3 hrs.
A survey of current health issues such as sanitation, contagious diseases, substance abuse, ergogenic aids, and diet/nutrition in PE and athletics. (PR: HE 201, 215, 221, 435.)

540 Health Evaluation for the Athletic Trainer I. 3 hrs.
A study of common problems and illnesses of athletes and other physically active individuals and the proper methods of evaluating these complaints.

548 Therapeutic Modalities in Athletic Training. 5 hrs.
Investigation and analysis of therapeutic modalities including indications, contraindications, biophysics and procedures. Includes a lab. (PR: ESS 201, 215 & Permission)

549 Therapeutic Exercise in Sports Medicine. 4 hrs.
Investigation and analysis of current trends in rehabilitation exercise, muscle testing and evaluation. Includes a lab. (PR: ESS 201, 215 & Permission)

560-564 Professional Development (Plus title that identifies content). 1-4; 1-4; 1-4; 1-4 hrs.
Courses and activities designed to meet the specific in-service needs of public school personnel Credit in these courses may be used for certificate renewal and salary upgrading if approved but not for degrees.

579 Trends in Athletic Training. 3 hrs.
To provide an in-depth analysis of current trends with regard to administration, liability and insurance. In addition, will cover current standards in surgery, rehabilitation and evaluation of sports related injuries.

580-583 Special Topics in Health Education. 1-4; 1-4; 1-4; 1-4 hrs.
An in-depth examination of selected Health Education topics through a course, seminar or workshop.

585-588 Independent Study. 1-4; 1-4; 1-4; 1-4 hrs.

591-592 Workshop in Health Science. 1-3 hrs.

620 Substance Abuse and the Athlete. 3 hrs.
An indepth study of commonly abused substances by athletes as well as current trends in drug testing of athletes. (PR: ESS 621, permission)

623 Medical Aspects in Sports. 3 hrs.
Emphasis on the development of skills in recognition of symptoms of illness, injuries and proper procedures of medical care.

625 Evidence-Based Practice in Therapeutic Electrophysical Agents. 3 hrs.
An in-depth understanding of therapeutic modalities with an emphasis on evidence-based literature.

630 Seminar in Athletic Training. 3 hrs.
A course designed to emphasize the use of scientific literature to enhance the knowledge base of certified athletic trainers.

640 Health Evaluation for the Athletic Trainer. 3 hrs.
An indepth study of common problems and complaints of athletes and the proper method of evaluating those complaints.

646 Athletic Training I. 3 hrs.
Training in the diagnosis of injuries in athletics. The student will be expected to participate in diagnostic techniques under the supervision of a trainer.

647 Athletic Training II. 3 hrs.
Professional aspects of trainer-doctor and doctor-athlete relations will be taught and exploration of how to professionally handle injuries and cooperation with physicians.

660 Internship. 3-6 hrs.
Practical experience in a clinical setting. (PR: ESS 682, 683, 684)

681 Thesis. 1-6 hrs.

HISTORY (HST)

504 American Diplomacy, 1789-1900. 3 hrs.
American foreign policy from colonial times to 1900 emphasizing the gradual development of the United States and its achievement of membership in the family of nations.

505 American Diplomacy, 1900-Present. 3 hrs.
American foreign relations in the in the 20th-21st centuries. The gradual retreat from isolation in the period between World Wars I and II and modern American involvement in international commitments will be stressed.

506 Tudor and Stuart England, 1450-1688. 3 hrs.
A history of England under the Tudors and Stuarts, focusing primarily on demographic, social, cultural, and political developments.

509 American Revolution. 3 hrs.
A varied view of the American Revolution and its impact on the American people.

511 U.S. Social and Cultural History. 3 hrs.
A study of the changes and continuities in American Social and Cultural History.

513 History of the Old South, 1492-1860. 3 hrs. Alternate years.
The History of the Old South is a study of the political, economic, social, and cultural conditions in the South that led to the development of the South as a distinct section in the United States.
The course will include a discussion of the economic, political, social, and cultural differences leading to the Civil War, the war itself, and an analysis of the political and economic importance of reconstruction.

History of the New South, 1877 to the Present. 3 hrs.
The History of the New South is a study of the political, economic, social, and cultural changes in the South after Reconstruction that explain conditions in the contemporary South.

The Era of the Renaissance and Reformation. 3 hrs.
The impact of the Renaissance upon esthetic, economic, and political developments especially in the 15th and 16th centuries. The decline of Catholicism and the growth of the Protestant movement, and the influence of the two movements upon each other is stressed.

U.S. Latin American Relations. 3 hrs.
An appraisal of political, economic, and cultural relations of the U.S. and Latin America in a historical context with emphasis on the period since 1945.

U.S. Science and Technology. 3 hrs.
A study of the development and impact of science and technology in the U.S.

European History 1814-1914. 3 hrs.
A century of European political, economic, and social history. Its relationship to and influence upon the history of other world areas is noted. The impact of imperialistic rivalry is emphasized.

European History 1914 to Present. 3 hrs.
The impact of World War I upon Europe, the era between two world wars, the search for world peace, World War II and its aftermath are major topics of consideration.

Intelectual and Cultural History of Modern Europe. 3 hrs.
A survey of the main currents in European thought and culture in the 19th and 20th centuries.

Russia to 1917. 3 hrs.
A survey of Russian history to 1917 which examines Russia before the Russians, Kievan Russia, Appanage Russia, Muscovite Russia and Imperial Russia. Emphasis is on Imperial Russia.

Soviet Russia and Beyond. 3 hrs.
The rise and fall of the Soviet Union, with emphasis on political and economic changes and Soviet foreign policy, and including an examination of the aftermath of the Soviet Union's collapse.

In Our Time-America Since 1945. 3 hrs.
A study of America since World War II focusing mainly on domestic politics, foreign affairs, the civil rights movement, the rise of minorities, and the fragmentation of American society.

The American Experience in Vietnam. 3 hrs.
A study of the origin and escalation of American involvement in Vietnam, the domestic impact of the war within the United States and the collapse of the South Vietnamese government.

Modern Japan. 3 hrs.
Begins with an overview of nineteenth century Japan and stresses the twentieth century rise of Japan to the position of world power.

Modern China. 3 hrs.
This course will provide an overview of Chinese history in the modern era (1600 to the present), including the major political, cultural, social, and intellectual events and trends of this period.

Introduction to Public History. 3 hrs.
Introduction to the basic theories, ideas, and approaches to the application of historical theory or methods to projects presented to non-student publics; local and economic development applications and projects emphasized.

Material Culture and History. 3 hrs.
The course investigates the rich potential of "things"—objects, landscapes, buildings, household utensils, furniture, foods, works of art, clothing, etc. as sources of insight about American history and culture.

Modern China Through Film.
Through a combination of films, lectures, readings, discussions, and writings, the course will show how China took its unique path to modernization.

West Virginia History. 3 hrs.
An interdisciplinary study of the state, its people and its institutions within the national context.

Women in Social Movements. 3 hrs.
The course explores factors affecting the emergence, growth, structure, impact of social movements as they attempt to transform social relationships and reshape social values.

20th Century U.S. Women's History. 3 hrs.
This course explores the lives and experiences of U.S. women in the 20th century, but always with an eye on power.

Arab-Israeli Conflict. 3 hrs.
This course will examine the historical developments of the modern Arab-Israeli conflict, with emphasis placed on political, socioeconomic, and cultural change and the prospects for peace.

The Rise of the Atlantic World, 1400-1800. 3 hrs.
Expansion of Western Europe from 1400s to Africa, Latin America and other parts of the Atlantic world.

Special Topics. 1-4 hrs.
Independent Study. 1-4 hrs.
Methodology: Seminar in Historical Methods. 3 hrs.
A research and writing seminar in which students are taught and must exhibit the skills and methodologies of practicing research historians.

Tudor England 1485-1603. 3 hrs.
In this course, students will examine in-depth several selected themes in Tudor history through reading, class discussions, examinations, and a research paper.

Stuart England, 1603-1714. 3 hrs.

American Colonial History. 3 hrs.
A study of the English colonies in America with emphasis on slavery, minorities, and social and economic change.

Problems in European History, 1890-1923. 3 hrs.
An analysis of the politics, diplomacy and military strategy of the period of the First World War. Special emphasis is given to the origin of the war, the war itself, the peace settlement and the Russian Revolution and its aftermath.

Readings in History. 2-3 hrs.
Readings in topics fitted to the need of the individual student. They may deal with any graduate area. This course is ordinarily restricted to off-campus students and is used sparingly.
Seminar in American Historical Biography. 3 hrs.
A reading and research course in which a student investigates biographical topics regarding the men and women whose lives illuminate the American experience. The course will cover a wide range of activities, including the social, political, cultural, and economic development of the United States and the region.

Rebirth of Europe, 1939-Present. 3 hrs.
Background and course of World War II, European politics since 1945, developments in international affairs with emphasis on Cold War, economic and social trends, thought and culture.

Seminar in Reconstruction. 3 hrs.
A reading and research course in which each student investigates a specific issue related to the reunification of the nation after the Civil War.

Problems in American History, 1877-1917. 3 hrs.
A research course in which the student probes a selected problem within the chronological span, 1877-1917.

Problems in American History Since 1917. 3 hrs.
A research course in which a student probes a selected problem within the period since 1917.

Oral/Local History Seminar. 3 hrs.
The course examines the field of oral history. Students will apply oral methodology and other primary sources documentation in researching a local topic.

Seminar in Women’s History. 3 hrs.
A reading and research course in which the student investigates selected topics related to the history of women in America or Europe.

Seminar in Archives and Special Collections. 3 hrs.
The Seminar will introduce the student to current practices and procedures used in the creation of archives and manuscript collections through extensive hands-on work, including the physical processing of a manuscript collection. The emphasis will be improvement of the student’s historical research skills.

Special Topics. 1-4; 1-4 hrs.
(PR: Permission of Instructor)

Thesis Writing Seminar I. 3 hrs.
A writing seminar in which students present their written work on their M.A. theses to the class members, who will read, analyze and critique each submission.

Thesis Writing Seminar II. 3 hrs.
A continuation of HST 677. Students present their written work on their M.A. theses to the class members, who will read, analyze, and critique each submission.

Problem Report. 1-3 hrs.

Public History Internship. 1-6 hrs.
Internship in an approved setting in Public History, Archives, Museum, Oral History, or Historical Preservation. Interns will be supervised by on-site staff and History Faculty.

Thesis. 1-6 hrs.

HOME ECONOMICS
(See Family and Consumer Sciences)

HUMANITIES (HUMN)

Technology and the Humanities. 3 hrs.
This course surveys the effects of electronic media on the humanities and how they are taught in the postmodern society. Content will subsume both philosophical/theoretical issues and technical matters.

Staff Development. 1-4 hrs. S/U.
Courses and activities designed to meet specific needs of public school personnel. Credit may be used for certificate renewal and salary upgrading if approved but not in degree programs.

Introduction to Study in Humanities. 3 hrs.
Interdisciplinary core course addresses questions/concepts central to the humanities. Texts from philosophy, history, literature, the arts and the sciences provide insights into selected historical periods. Open to non-degree students.

Literary Theory and Criticism. 3 hrs.
Core course introduces modern critical approaches, concepts and methods of research and scholarship in the broad field of literature. Open to non-degree students.

Historical Studies. 3 hrs.
Core course acquaints students with problems of historical knowledge, changes in the interpretation of history, nature of historical forces, and methods of historical research. Open to non-degree students.

History and Theory of the Arts. 3 hrs.
Core course provides chronological survey of the arts, emphasizing the social, political and/or religious motives that underlie artistic production. Emphasis on theories of modern art. Open to non-degree students.

Expository Writing for Research. 3 hrs.
The core writing course develops proficiency in writing for research. Note: a degree student may demonstrate competency through an alternative assessment to have the requirement waived. Open to non-degree students.

Western Traditions and Contemporary Cultures. 3 hrs.
Using primary materials from different cultural periods, as well as contemporary critical analyses, this core course explores epistemological questions that underlie conflicts between cultures. Open to non-degree students.

Selected Topics. 1-9 hrs.

Independent Research Symposium. (formerly 701), 3 hrs.
Prerequisite: 24 credit hours, required courses, and comprehensive examination. A pro-seminar required of all Humanities degree students who are beginning the thesis or final project. S/U grade.

Independent Research Symposium. (formerly 702), 3 hrs.
Prerequisite: Humanities 680. A continuation of the pro-seminar for students electing the thesis option. The student will produce a thesis suitable for submission to a committee. S/U grade.

HUMANITIES: ARTS AND SOCIETY (A & S)

Study of Periods and Movements in Western Art and Music. 3 hrs.
The course relates major periods, schools, and movements to the culture of the place and time. May be repeated for a maximum of 6 hours.
Courses of Instruction

Marshall University
Creative Writing and Practical Criticism. 3 hrs.
Exploration of the possibilities for communication and expression in contemporary writing with emphasis on comprehension of structure, technique and self-criticism of the writing experience.

Selected Topics in Writing. (formerly Media 522). 3 hrs.
The study of selected topics in writing (e.g., the expository essay, screen-writing, techniques of editing, etc.)

Studies in Mythology/Folklore. 1-6 hrs.
Selected topics in mythology and folklore (e.g., folk drama, folk tale, folk art). May be repeated for a maximum of 6 hours.

Literature for Teachers. 3 hrs.
Study and appreciation of selected works with special reference to the high school curriculum.

Selected Topics in Literary Studies. 1-9 hrs.

Modern Southern Literature. 3 hrs.
Course surveys important figures in Southern literature since the Southern Literary Renaissance of the 1920s and the Agrarian and Fugitive Movements.

Updating Shakespeare: Text, Stage, and Film. 3 hrs.
Focusing on selected Shakespearean plays, this course considers recent critical interpretations and explores how these have influenced stage and film productions. Contemporary adaptations of the plays will also be considered.

Literature and Society in Late 18th C. England. 3 hrs.
This course examines biographies, social, political and scientific writings, literary texts and the arts from 1750-1800 to understand English culture and the eighteenth-century world.

Modern Irish Novel. 3 hrs.
This course examines the subject matter, techniques, and critical background of the modern Anglo-Irish novel. Students will study representative examples by major novelists from the Republic and Northern Ireland.

Twentieth-Century Irish Drama. 3 hrs.
From the founding of the Abbey Theatre to the present, this course traces the development of Irish drama as art form and cultural artifact.

Contemporary World Fiction. 3 hrs.
Contemporary works of shorter fiction from around the world offer opportunities to apply cultural critiques and comparative literary perspectives, while considering the different national and cultural traditions represented.

HUMANITIES: STUDIO ART (ARTS)

Selected Topics in Studio Arts. 1-6 hrs.

HUMAN RESOURCE MANAGEMENT (HRM)

Development of Labor Relations. 3 hrs. I.
An historical survey of the organized labor movement in the United States and review of legislation affecting the American worker. Attention is given to the industrial relations system of the United States as it relates to those of Western Europe and other nations. (PR: GSM admission or permission of GSM academic advisor)

Human Resource Economics. 3 hrs. I.
Economic issues in the employment and compensation of labor. Topics emphasized include labor force composition and growth, structure and functioning of labor markets, unemployment, wage theories, wage levels and structures, the economic influence of unions, income distribution, and human capital models. (PR: ECN 501 plus GSM admission)

Collective Bargaining, Negotiation and Dispute Resolution. 3 hrs. I.
A comprehensive survey of labor and management relationships with special emphasis given to philosophy, structure, and the processes of collective bargaining, negotiations and dispute resolution in both union and nonunion settings. Arbitration, fact finding and mediation are also examined. (PR: HRM 600)

Arbitration and Grievance Procedures. 3 hrs.
A study of grievance procedures and arbitration as formalized in labor-management relations, including an analysis of principles and practices of complaint handling, review of concepts and methodologies in such grievance handling, review of the role of arbitration as a dispute resolution mechanism, utilization of factfinding and mediation as alternate mechanisms, the preparation and handling of materials in briefs or oral presentations, and the function or role of the arbitrator, impartial chairman, umpire, or similar neutral. (PR: HRM 600)

Human Resource Information Systems and Knowledge Management. 3 hrs.
The development, use, and impact of Human Resource Information Systems and the management of organizational knowledge including knowledge management systems, procedures, policies, and other issues.

Employment Law. 3 hrs.
A survey and analysis of the labor relations law; examination of the extent to which the law regulates and protects concerted action by employees in the labor market; considerations and analysis of the legal framework within which collective bargaining occurs; and analysis of major aspects of employer-employee law, such as wrongful discharge, discrimination, and safety and health law. (PR: HRM 600)

Structural Issues in Union Management Relations. 3 hrs.
A study of the organizing structure found in various types of unions, their operating procedures, governing bodies, and the interrelationships existing at the local, international, and federation levels. Review of the dual role of unions as both societal institutions and employee agents. Discussion of trade union philosophy from early beginnings to the present. Consideration is given to the different philosophical, political, and structural characteristics of American unions and European/Asian unions. (PR: HRM 600 and GSM admission)

Industrial Psychology. 3 hrs.
Survey of the applications of psychological principles and of research methodologies to the various human problems in industry, such as personnel selection and appraisal; the organizational and social context of human work; the job and work situation; human errors, accidents, and safety; and the psychological aspects of consumer behavior. (PR: GSM admission)

Compensation and Benefits. 3 hrs. S.
The development and administration of wage and salary programs, and an analysis of both private and public health, welfare and pension plans. Topics investigated include motivation theory, factors influencing compensation levels, forms of compensation, including incentive plans and fringe benefits, a critical examination of financing, administration, and general effectiveness of the plans, special issues of managerial compensation, comparable worth, special and related issues. (PR: MGT 620 and GSM admission)

Personnel Selection and Testing. 3 hrs.
A study of the personnel employment and selection processes. Emphasis is placed on the rationale for selection and placement; the procedures and problems in recruitment and selection; and the use of tests, interviews, and other selection devices. Special attention is given to the criterion problem and legislation and/or governmental regulations affecting selection procedures. (PR: GSM admission)

Human Resource Development and Training. 3 hrs.
This course teaches students how to develop management training modules and materials. Students also learn and use advanced techniques in training design and group facilitation. (PR: GSM admission)
INFORMATION SYSTEMS (IS)

580-83 Special Topics. 1-4 hrs.
Occasional offerings of current topics in information systems, providing important supplementary material for participating students.

585-88 Independent Study. 1-4 hrs.
An approved study of special interest concerning information systems that is appropriate for the student's program of study. Carried out under the supervision of a faculty member.

600 Management Information Systems. 3 hrs.
The course examines personal, work group, and enterprise information systems with respect to their value, their components, and the processes of developing them.

603 Programming for Artificial Intelligence. 3 hrs.
An introduction to programming for artificial intelligence applications using Prolog.

605 Systems Analysis Techniques. 3 hrs.
Introduction to information systems from system implementor's viewpoint; information systems life cycle; techniques of analysis; data dictionaries and data flow diagrams; computer-oriented system description. (PR: Admission to program)

610 Systems Design. 3 hrs.
Physical design of information systems; hardware selection; software design, database considerations; program development; software structuring techniques; cost/ performance trade-offs; system implementation; evaluation and optimization techniques. (PR: IS 605)

615 System Simulation. 3 hrs.
An introduction to discrete-event computer modeling and simulation. Probability distributions, model verification and validation, input data collection, output analysis. Simulation languages and software. (PR: programming capability and quantitative skills)

618 Computer Applications in Engineering and Science I. 3 hrs.
Computational and algorithmic methods in engineering and science, optimization and numerical analytic techniques including gradient and search methods, linear programming, simulation, and data base mechanics. (PR: Admission to the program)

620 Introduction to Operating Systems. 3 hrs.
General principles of managing jobs, processes and storage (real, virtual, auxiliary) in multiprogramming operating systems; interconnection and management of processors in multi-processing and distributed computing system configurations; operating systems comparison. (PR: IS 621 and IS 630, or consent)

621 Information Structures I. 3 hrs.
Representation and manipulation of numeric and non-numeric information, linear lists, strings, multilinked structures; sorting and searching; storage management; data structures in programming languages. Relevant aspects of discrete mathematics. (PR: IS 510 or equivalent)

622 Information Structures II. 3 hrs.
A continuation of IS 621. Tree, graph, and set structures; file structures for secondary storage; aspects of discrete mathematics. (PR: IS 621)

623 Database Management. 3 hrs.
Review of information structures and of relationships among data elements and objects. Relational database theory; design and organization of databases, retrieval structures, and query mechanisms. (Prerequisite: IS 622 or consent)

624 Data Warehousing. 3 hrs.
A hands-on introduction to the concepts and techniques of data warehousing and data mining. (PR: IS 623 or instructor's permission)

625 Software Engineering. 3 hrs.
The process of developing complex software products. Includes the software life cycle, methods and tools for life cycle phases. Application of concepts, methods, and tools in a class project. (PR: IS 510 or permission)

630 Computer Architecture and Assembly Language. 3 hrs.
An introduction to the composition and operation of electronic digital computers and to assembly language programming. (PR: IS 510 or equivalent)

631 Information Security. 3 hrs.
This course provides foundation knowledge in information security, including protecting information assets, risk mitigation strategies, response to security incidents, and designing secure systems. (PR: IS 600, 620, 636, 610)

635 Computer Graphics. 3 hrs.
An introduction to the areas of computer graphics that are necessary to understand, evaluate, and develop graphics applications. (PR: Admission to program)

640 Programming Languages. 3 hrs.
Definition of program environment, program sequence and control, subroutines and other secondary sequences; statement structures, parsing, grammars, etc.; classes of programming languages. (PR: IS 622 or consent)

645 Geographic Information Systems. 3 hrs.
Covers the elements of GIS hardware, software, data and infrastructure needs. Input data issues; data types, sources, error, preprocessing, manipulation and analysis, GIS tools and applications. (PR: Consent)

646 Computer Systems Security. 3 hrs.
This course is designed to provide the technical and analytical skills to implement computer security. Students review how to manage computer security, current security technologies, and incident response. (PR: IS 656 and instructor permission)

647 IT Disaster Planning & Recovery. 3 hrs.
This course provides the skills necessary to manage IT disaster recovery planning. The course focuses on the protection of information. Students will analyze risk, design a plan and explore available technologies.(PR: instructor permission)

650-653 Special Topics. 1-4 hrs.
Occasional offerings of current topics in information systems, providing important supplementary material for participating students.

655 Multimedia and Electronic Information Dissemination. 3 hrs.
Components of multimedia, such as data, voice, pictures, animations, and videos, and their production, manipulation, dissemination processes. Technologies, processes, and services for electronic dissemination. Applications and current trends. (PR: TM 660 or permission)
Communication and Network Technologies. 3 hrs.
Different transmission media, digital communications, telecommunications services, types of networks and topologies, network protocols, components, and applications. (PR: IS 622, or TM 660, or permission)

Models of Computation. 3 hrs.
Switching algebra and relationship to computers; finite automata; Turing machines; recursion; computability and unsolvability. (PR: IS 622, math maturity)

Language Translators and Concepts. 3 hrs.
Formal language concepts, syntactic analysis; types of translators; detailed review of assemblers, interpreters, and compilers, and techniques of their construction. (PR: IS 622)

Social Issues in Information Systems. 3 hrs.
Aspects of the interaction of computer systems and society including such topics as system security, respect of privacy, changing job requirements, ergonomics, and moral and ethical considerations. (PR: completion of core, or consent of instructor)

Independent Study. 1-4 hrs.
An approved study of special interest concerning information systems that is appropriate for the student's program of study. Carried out under the supervision of a faculty member.

Principles of Artificial Intelligence. 3 hrs.
A survey of the fields of artificial intelligence and expert systems. Students will work together designing and implementing a project. (PR: Permission)

Image Processing for Forensics. 3 hrs.
Image processing focuses on the application of technology to scientific analysis of images. Topics include: measurement techniques; scientific methods of reconstruction and interpretation of images; enhancement of images and video. (PR: Permission of instructor)

Expert Systems. 3 hrs.
A review of expert systems techniques and applications. Participants will develop small expert systems using several different personal computer expert systems development programs (shells).

The following courses do not count for credit toward the master's degree:

Computer Systems and Structured Programming I. 3 hrs.
Introduction to programming: survey of computer information systems. (PR: Facility with algebra)

Introduction to Programming Languages. 3 hrs.
An introduction to a high level language such as BASIC, C, COBOL, FORTRAN, LOGO and PASCAL. The course assumes a knowledge of at least one other high level language.

Computer Systems & Structured Programming II. 3 hrs.
A continuation of IS 500. Topics include algorithm development, manipulation of arrays and an introduction to dynamic data structures. (PR: IS 500 or consent)

Computer Programming in Education. 3 hrs.
Programming with educational applications. S-U grade.

Computers in Management. 3 hrs.
Basic computer concepts, equipment, and use of applications programs (word processor, spreadsheet, data base).

INSTRUCTIONAL TECHNOLOGY AND LIBRARY SCIENCE (ITL)

Certification endorsement program for those with teaching certification

Libraries and the Learning Process. 3 hrs.
The role of the school library in the learning process through instruction collaboration, and curriculum support. Study of information literacy, learning styles, and models and assessment of learning outcomes.

Library Materials for Adolescents. 3 hrs.
Addresses the selection and promotion of library materials in support of a school curriculum and issues of service, diversity and balance in the school library collection.

Reference and Bibliography. 3 hrs.

Special Topics. 1-4 hrs.

Independent Study. 1-4 hrs.

Cataloging. 3 hrs.
Fundamentals of cataloging and classification, applying AACR2, the Dewey Decimal system, and related aids to the organization of library materials. Implications of new technology for technical services will also be addressed.

Library Organization and Administration. 3 hrs.
Principles of administration for elementary and secondary school library media centers, including personnel, facilities, budgets, program planning and evaluation, publicity and public relations, audiovisual equipment and materials, computer hardware and software, and methods and materials for teaching library skills.

Technology and the Library. 3 hrs.
An introduction to the function, management, and the issues of computer and non-computer technology in the library. Students learn to use technology as an educational tool in the classroom.

Library Practice (Field Work). 3 hrs.
Experiences in the application of techniques of library service, adapted as far as possible to the student's needs.

JOURNALISM AND MASS COMMUNICATIONS (JMC)

Photography. 3 hrs.
A course in advanced techniques for newspaper and magazine photography, concentrating on the creation, design and use of photographic essays and picture stories. (PR: JMC 360)

Law of Mass Communication. 3 hrs. I, II, S.
Legal aspects of mass communication as they apply to the professional journalist.

History of American Journalism and Mass Communications. 3 hrs. II.
The development of the press in the United States, the contributions of American journalists, the rise of radio and television, and the relationship of communication developments to political, economic and social trends in America.

Advertising Research. 3 hrs. I.
Lectures, readings, and discussions relating to all media advertising. Students may select special areas of interest.
Public Relations Research Methods. 3 hrs.
The course is designed to provide hands-on experience in collecting, interpreting, evaluating and reporting research valued in the field of public relations. Included: lectures, readings, discussions, and projects.

Magazine Editorial Practices. 3 hrs.
Study of the organization and functions of the magazine editorial department, with practice in planning magazine content, laying out pages and establishing production procedures.

Reporting Public Affairs. 3 hrs. II.
Instruction in reporting local, state and federal government; politics, finance and labor; social and environmental issues and other matters, with emphasis on background and interpretation. Course includes field trips and guest speakers.

Advertising Strategy and Execution. 3 hrs.
Analyzing advertising problems in a case-study approach, proposing a strategic solution, and implementing the strategy. Students must write and produce advertisements for a variety of media.

Advertising Campaigns. 3 hrs. II.
Students function as an advertising agency to plan, prepare, and present local and national advertising campaigns. Problems of the advertiser and the agency are considered.

Supervision of School Publications. 3 hrs.
A comprehensive study of advising and producing school publications, with emphasis on methods, for teachers of journalism.

Magazine Article Writing. 3 hrs. I.
Fundamentals of researching and writing factual articles for popular magazines; techniques of selling articles to magazines.

Corporate and Instructional Video. 3 hrs.
Development of the use of video for communication and instruction in business, agencies, and education. Production and use of video units for specific objectives.

Radio-Television Programming. 3 hrs.
Principles of programming, including audience analysis, production, purchase, and scheduling of various formats.

Advanced Video. 3 hrs.
Development of the elements necessary for the production of detailed video projects. Students study the creation and production of public affairs, educational and creative video programming. (PR: JMC 332 or equivalent)

Radio-Television Law and Regulation. 3 hrs.
Development and current status of the legal structure of broadcasting in the United States.

International Communications. 3 hrs.
Development of various systems of mass communications and comparison with the United States.

Public Relations Writing. 3 hrs. I.
Theory and practice of various writing challenges encountered by public relations practitioners. Some consideration of publications design. (PR: JMC 201, 241 and 330 or equivalent)

Public Relations Case Studies. 3 hrs. I.
Examination of the handling of public relations problems and opportunities by business, educational, governmental, and social organizations, with particular emphasis on public relations analysis and problem solving. (PR: JMC 330 or equivalent)

Public Relations Campaign Management. 3 hrs. II.
Applying the four-step public relations process to an organization’s program or campaign. Includes execution of public opinion research and development of original communication tools. Competitive agency model generally used. (PR: JMC 537 and 538)

Mass Communications Ethics. 3 hrs. I, II, S.
Study of basic concepts underlying contemporary American mass communications operations and practices and how those concepts affect professional ethics in the field. Examination of ethical conflicts encountered and application of ethical principles when determining solutions.

Advertising in Modern Society. 3 hrs.
An examination of issues and problems affecting the advertising industry and a study of advertising’s impact on and responsibility to society.

Contemporary Issues in Radio and Television. 3 hrs.
An examination of the current political, social, economic and legal issues affecting the decision-making process in the newsrooms and programming centers of the electronic media.

Women, Minorities and the Mass Media. 3 hrs.
A seminar that explores the portrayals and participation of women and people of color in the mass media.

Web Strategies. 3 hrs. I.
Examination of web strategies in news and strategic communication contexts. Includes online media trends, content development, ethical issues and best practices.

Web Design for Mass Media. 3 hrs. I, II.
Creative and practical aspects of typography, design and interactivity of online communications for the mass media.

Documentary Journalism. 3 hrs.
Students will produce an original 15-minute film, defend their filmmaking technique in an oral presentation and perform an in-depth written and oral presentation on one filmmaker.

Special Topics. 1-4; 1-4; 1-4 hrs.

Independent Study. 1-4; 1-4; 1-4 hrs. I, II, S.

Journalism and Mass Communications Internship I. 1-3 hrs. I, II, S.
Supervised journalistic work with the professional media. Course is for students without substantial professional media experience. Arrangements must be made in advance with the school’s internship director.

Journalism and Mass Communications Internship II. 1-3 hrs., I, II, S.
Supervised journalistic or mass communications work with professional media including newspapers, magazines, radio, television, advertising and public relations departments or agencies. Students must have completed a previous internship. (PR: Permission and JMC 590)

Proseminar in Graduate Studies. 3 hrs.
Course teaches basic knowledge and fundamental skills of communication theory and research for graduate students. It provides a general survey of theories, methods, research construction and presentation, and graduate education.

Theory of Mass Communication. 3 hrs. I, II.
Major theoretical concepts in mass communications are studied as a basis for understanding the communication process and the institutional impact of the mass media on the individual and on society. Required of all majors.

Mass Communications Research and Methodology. 3 hrs. I, II.
Research techniques applied to problems of mass communication including computer applications, with emphasis on mastery gained by participation in specialized research projects. Required of all majors.

Media Management. 3 hrs.
An in-depth examination of the process and practice of media management.
604 Journalism and Mass Communications Law and Ethics. 3 hrs.
The course examines the legal framework of American media from an ethical perspective. It also offers a basic framework of both the law and ethics. (PR: JMC 402 or equivalent)

606 Depth Reporting. 3 hrs.
Depth reporting of social and environmental activities and problems, with emphasis on thorough research and documentation. Articles will be submitted for publication.

609 Seminar in Public Relations. 3 hrs.
Theoretical and practical aspects of public relations, with special projects and readings to provide skills and insights requisite to success in the profession. Seminar discussions and research projects.

612 History of Mass Communication, Specialized Study. 3 hrs.
Analysis of mass media development in the United States and of current media problems, with emphasis on research. (REC: JMC 504 or equivalent)

630 Seminar in Media Criticism. 3 hrs.
Intensive critical analysis of broadcasting programs and programming procedures from the sociocultural, literary, political and industry points of view.

632 Seminar in Public Broadcasting. 3 hrs.
Examination and evaluation of the unique content, policies, and prospects of public broadcasting.

634 Issues in Radio and Television. 3 hrs.
Problems in the broadcast field on varied subjects which concern the industry.

641 Web/Online Strategies for Journalism and Mass Communications. 3 hrs.
A seminar that analyzes Web strategies in news and strategic communications contexts. Students will examine online media trends; content development; and legal and ethical issues.

650-651 Special Topics. 1-3 hrs.
651 Thesis. 1-4 hrs. (PR: Consent of advisor)
658-688 Independent Study. 1-4; 1-4; 1-4; 1-4 hrs. (PR: Permission of dean)

LATIN (LAT)

501 Cicero: Speeches. 3 hrs.
A close reading in Latin of a selection of the political and/or court speeches of Cicero with attention paid to cultural and literary contexts, as well as a modern scholarship.

503 Roman Comedy. 3 hrs.
(PR: 6 hours of Latin literature numbered 304 or above or equivalent)

504 Roman Elegy: Propertius and Tibullus. 3 hrs.
Close readings in Latin of selections from elegies of Propertius and Tibullus. (PR: 6 hours of Latin literature numbered 304 or above or equivalent)

505 Readings in Vergil. 3 hrs.
Introduction to the poetry of Vergil, especially Vergil’s Aeneid, and to the culture and ideology of the Augustan principate. (PR: 6 hours of Latin literature numbered 303 or above, or equivalent)

506 Horace: Odes, Epodes, Epistles. 3 hrs.
A close reading in Latin of selections from Horace’s non-satirical poetry, with special attention to its literary context. (PR: 6 hours of Latin literature numbered 303 or above, or equivalent)

507 Livy’s History of Rome. 3 hrs.
A close reading in Latin of selections from Livy’s history poetry, with special attention to its literary and cultural contexts. (PR: 6 hours of Latin literature numbered 303 or above, or equivalent)

509 Roman Satire: Horace, Martial, Juvenal. 3 hrs.
Close readings in Latin of selections from the satires of Horace and Juvenal and the epigrams of Martial. (PR: 6 hours of Latin literature numbered 304 or above or equivalent)

510 Tacitus (Selections From): Annals, Agricola. 3 hrs.
(PR: 6 hours of Latin literature numbered 304 or above or equivalent)

580-583 Special Topics in Latin. 1-4; 1-4; 1-4 hrs. I, II.
(PR: 6 hours of literature numbered 304 or above or equivalent and consent of instructor)

585-588 Independent Study. 1-4; 1-4; 1-4 hrs.

625 History and Development of the Latin Language. 3 hrs.
This course examines the linguistic, geographic, cultural and material concerns that influenced the development of the Latin language.

640 Advanced Prose Composition. 3 hrs.
A close study of advanced Latin grammar and style through composition in Latin.

660-665 Special Author in Latin Literature. 3 hrs.
A detailed study of Latin of a single author. Special attention will be given to style, genre, literary and cultural contexts, and study of secondary sources on the author.

681 Thesis. 1-6 hrs.
Students will develop an extensive body of knowledge on a particular topic, author, or issue. This knowledge will cover primary and secondary sources, and secondary sources will include current theoretical approaches. Students will synthesize this knowledge in a comprehensive paper, the development of which will include drafting, revision, redrafting, final copy and presentation. Students will work with a thesis director and a committee throughout the process. (PR: Instructor Permission)

682-683 Special Topics in Latin Literature. 1-4 hrs.
These courses are designed to provide instruction to students in Latin authors or topics that are not part of the regular curriculum. (PR: Instructor Permission)

685-688 Independent Study in Latin Literature. 1-4 hrs.
These courses are designed to provide instruction to students in Latin authors or topics that are not part of our regular curriculum. (PR: Instructor Permission)

LEADERSHIP STUDIES (LS)

500 Introduction to School Leadership. 3 hrs.
Examination of fundamental purposes, functions, and structure of public schools.

510 The Principalship. 3 hrs.
The Principalship is a study of school management as it relates to ethical behavior, and to support services, information systems, fiscal matters, and facility utilization and maintenance.

515 Instructional Leadership. 3 hrs.
This course is designed to develop skills in instructional leadership, including instructional supervision, instructional strategies, program development, instructional evaluation, and human relations.
Administration of Elementary, Middle and Secondary Schools. 3 hrs.
This course addresses the concerns of the school leader, including instruction, learning, communication, discipline, parental involvement, instructional organization, climate, facilities, professional development, and personnel practices. Emphasis is placed on the physical, social/emotional, and cognitive/intellectual characteristics of children and the implications for developmentally appropriate school administration.

Human Relations. 3 hrs.
This course assesses and develops students' knowledge and skills in interpersonal relations and ethical practices. It provides structured experiences in group processes, verbal and non-verbal communications, leadership styles, and team building.

Human Relations in the Public Sector. 3 hrs.
This course is designed to help prospective leaders in the public sector establish and maintain positive interpersonal relationships with their constituents.

Technology and the Classroom. 3 hrs.
This course is designed to examine the effects of technology, both pedagogical and practical, on the educational process.

Schools as Systems. 3 hrs.
This course assesses and develops students' knowledge and skills in change strategies, school cultures, systems theory, and understanding of the school in relation to other systems, agencies and organizations.

Professional Development. 1-4 hrs.
These courses and activities are designed to meet the specific in-service needs of public school administrators. Credit in these courses may be used for certificate renewal and salary upgrading but not in degree programs.

Special Topics in Leadership. 1-9 hrs.
To provide the master's level student an opportunity to examine selected issues in leadership and to apply their findings to the field of study.

Independent Study 1-4 hrs.
By arrangement only.

School Personnel Administration 3 hrs.
This course offers an examination of personnel functions including recruitment, selection, orientation, evaluation, and retention with particular emphasis on staff development.

Planning, Research and Evaluation for School Leaders. 3 hrs.
This course is designed to avail potential school administrators with an understanding of planning strategies, academic research, action research, and program evaluation methods, with the intent of their being able to write a cogent, data-based school improvement plan.

Leadership for School Improvement. 3 hrs.
Leadership preparation for developing and implementing a shared vision and strategic plans focused on teaching and learning, implementing change, applying leadership theory and acting with understanding of society's influences.

Education Technology for Administrators. 3 hrs.
This course provides the requisite knowledge and skill for effective use of educational technology in instruction leadership including leadership and vision; learning and teaching; productivity and professional practice; support, management and operations; assessment and evaluation; and social, legal, and ethical issues.

Leadership in the Public Sector. 3 hrs.
This course will enable potential leaders in the public sector to define and evaluate personal and organizational goals and to develop strategies to achieve shared goals.

Governance of Higher Education. 3 hrs.
This course is designed to develop an understanding of the structure of governance of multi-campus public higher education systems.

Student Affairs Administration in Higher Education. 3 hrs.
This course surveys the purpose and functions of student personnel administration in higher educational institutions and the administrative procedures developed to accomplish these purposes.

Human Resources Management. 3 hrs.
This course will present a historical overview of the factors that influence the development of higher education in America.

Institutional Advancement. 3 hrs.
This course will require students to understand the broad area of institutional advancement, including major campaigns, donor research, donor recognition programs, restricted gifts, etc.

School and the Community. 3 hrs.
This course provides students the opportunity to study the concept of community, to examine relationship patterns, to explore the possibilities for combining the resources of the school and community in the interest of school improvement, and to evaluate communication strategies designed to enhance the school-community relationship.

Community Relations in the Public Sector. 3 hrs.
This course provides students the opportunity to study the concept of community, to examine relationship patterns, to explore the possibilities for combining the resources of the agency/institution and community in the interest of achieving the unit’s mission and to evaluate communication strategies designed to enhance the relationship.

Administration of Community and Technical Colleges. 3 hrs.
This course provides an opportunity for students to examine a specific institutional type and explore its developmental and functional relationship within the total framework of higher education.

Adult and Continuing Education Administration. 3 hrs.
This course develops an understanding of the principles, concepts, and processes involved in planning learning experiences for adults within the framework of higher education.

Externship. 1-9 hrs.
This is a field-based course designed for practicing professionals. (PR: Consent)

Legal and Policy Issues. 3 hrs.
This course examines the principal's role and responsibility related to law and administrative policy.

Internship: Portfolio Assessment. 3 hrs.
This course provides training and assessment experiences for students seeking initial certification as a school principal. The student's degree portfolio and capstone assessment will be completed. (PR: Completion of degree/certification courses and consent)

The Attendance Director. 3 hrs.
This course is designed to develop the skills needed for the school attendance director to manage attendance programs, policies, and programs.

Internship: School Social Services. 3 hrs.
This course will require school social service workers and attendance directors to demonstrate proficiency in those administrative and leadership skills required for managing school social services and student attendance programs.
**School Law for Support Personnel. 3 hrs.**
This course provides the student with a working knowledge of school law and other legal matters as they pertain to the attendance director. The focus of this course is on those laws dealing with mandatory school attendance and juvenile matters. (PR: Admission into the Social Services/Attendance program)

**Superintendency. 3 hrs.**
This course examines the roles, relationships, behaviors and competencies which characterize school superintendents and their staffs.

**Research Design. 3 hrs.**
The purpose of this doctoral research methods course is to prepare College of Education doctoral students to design and carry out research at the doctoral level.

**Administrative Theory. 3 hrs.**
This course analyzes administrative theories and their application to organizational leadership and management.

**Ethical Theories. 3 hrs.**
The course focuses on the primary ethical theories and the ethical reasoning processes which are representative of each, providing students opportunities to analyze decisions against existing ethical models and reinforce or reform those decisions in light of moral principles.

**Principles of Leadership. 3 hrs.**
This course is a study of the characteristics and behaviors of leaders. Emphasis is on the development of understandings and abilities which will work in different situations.

**Administration and Organization of Higher Education. 3 hrs.**
This is a highly survey of higher education with attention to administrative functions at the campus level.

**Introduction to Doctoral Studies. 1 hr.**
This course is designed to introduce students to the tasks and processes involved in the completion of the doctoral programs. (PR: Admission to the Doctoral Program)

**Public School Finance. 3 hrs.**
This course examines concepts in the financing and economics of public education. (PR: Principal or supervisor certificate or consent)

**Organizational Analysis. 3 hrs.**
This course is an interdisciplinary approach to the study of organizational structure, relationships, and functions focusing on problems and alternatives for solving them.

**Higher Education Finance. 3 hrs.**
This course examines basic concepts in the financing and economics of higher education.

**Facility Planning and Management. 3 hrs.**
This course teaches the systematic collection and utilization of data in planning for educational facilities. (PR: Principal or supervisor certificate or consent)

**Public School Law. 3 hrs.**
This course presents the effect of case, statutory, and constitutional law as adjudicated in state and federal courts on public school operation. (PR: Principal or supervisor certificate or consent)

**Higher Education Law. 3 hrs.**
This course presents the effect of case, statutory, and constitutional law as adjudicated in state and federal courts on higher education operation.

**Internship: Administration in Higher Education. 3 hrs.**
This course provides a field experience in higher education administration. (PR: Consent)

**Current Issues in Higher Education. 3 hrs.**
This course focuses on current and emerging problems of higher education. It deals with both societal and internal factors which impinge on the administration of colleges and universities.

**Politics of Education. 3 hrs.**
This course explores the social process of governance in the public schools including higher education. The milieu of federal, state, and local inputs will be explored.

**The Politics of Higher Education. 3 hrs.**
This course is designed to develop an understanding of the complex internal and external forces and the political processes that affect higher education institutions.

**Advanced Research I. 3 hrs.**
This course will develop knowledge about and skills in using quantitative and qualitative methods in educational research. It will further prepare doctoral candidates for comprehensive exams as well as dissertation research.

**Advanced Research II in Leadership Studies. 3 hrs.**
This is an advanced research course directed toward the preparation of a thesis or dissertation. (PR: Consent)

**Practicum. 3 hrs.**
This is a highly individualized cooperative educational administration experience between the college and another public agency. (PR: Consent)

**School District Leadership. 3-6 hrs.**
This is an individualized cooperative field experience in district level school administration. (PR: Consent)

**Seminar. 3 hrs.**
This course is a concentrated analysis of current problems in educational administration. (PR: Consent)

**Computer Analysis in Leadership Studies Research. 3 hrs.**
This course provides the development of skills and competencies in data analysis and management. It is designed for doctoral students in the data analysis stage of dissertation preparation. (PR: Consent)

**Special Topics. 1-12 hrs.**
This course requires study, reading and research in an approved area of education and supervision. (PR: Consent)

**Contemporary First Amendment Issues in Education. 3 hrs.**
This course will examine contemporary first amendment issues as they relate to education in public education and higher education. (PR: Admission to Ed.S or Ed.D. program)

**Doctoral Research. 1-12 hrs.**
Dissertation Research is the purpose of this course. (PR: Consent)

**LEGAL ENVIRONMENT (LE)**

**Government and Business Relationships. 3 hrs.**
Preparing business executives for dealing with problems of the firm in its relationships with government. Applies case analysis to the board categories of antitrust, trade regulation, and agency regulation. (PR: GSM admission)
MANAGEMENT (MGT)

500 Analytical Methods and Techniques. 3 hrs. Provides competency in some of the basic quantitative skills necessary for analytical work in business administration. Required of all candidates who have had little or no undergraduate background in mathematics.

502 Research Methods. 3 hrs. This course provides the student with the necessary knowledge to perform business research. Emphasis is placed on applicable research techniques. In addition, several statistical techniques are covered including multiple regression and analysis of variance. (PR: MGT 500)

520 Operations Management. 3 hrs. An examination of the design and operation of systems for the creation of goods and services in both manufacturing and non-manufacturing organizations. Emphasis is placed upon the application of quantitative and conceptual decision tools for the planning and control of production systems. (PR: MGT 500 or MTH 203 and MGT 218; and MGT 320 or MKT 511; and ECN 253 or ECN 501)

601 Quantitative Methods for Business. 3 hrs. The use of quantitative methods for managerial decision making. A review of basic calculus and statistics as required in business. Other topics include decision analysis, linear programming, and queuing. (PR: M.B.A. admission)

620 Human Resource Management. 3 hrs. The study of policies, methods, and techniques utilized in personnel management and human relations. Specific attention is given to problems of recruitment, selection, compensation, motivation, communications, training, service and benefit programs, performance evaluation, safety, discipline, business ethics, and community relations. (PR: GSM admission or permission of GSM academic advisor)

630 Management and Supervisory Skills Development. 3 hrs. An analysis and application of personal and organizational skills associated with the effective management of both public and private sector organizations. Skills to be developed or refined include time management, decision making, delegation, stress management, oral and written communication, team-building and others. Applied exercises, case studies, simulation, role play, films, and other learning methods are emphasized. (PR: MGT 672)

650-651 Special Topics. 1-3; 1-3 hrs. (PR: Permission of the division head and full M.B.A. admission or permission of GSM academic advisor)

660 Independent Study. 1-4 hrs. Independent study of a specific nature under the supervision of a qualified faculty member. Hours of credit are determined by the magnitude of the project. (PR: permission of division head or GSM academic advisor)

672 Organizational Behavior. 3 hrs. Basic ideas and concepts for the effective management of an organization. Major topics include motivation, communication and decision-making processes, group dynamics, leadership study, conflict management, work and organizational design, and organization development. Emphasis on organizational behavior and theory. (PR: GSM admission and MKT 511)

673 Problems in Personnel Management. 3 hrs. Principles and procedures of the personnel system in the firm; selected areas of recruitment and selection; training and development; performance appraisal and evaluation; general communications system, and role of government in manpower administration. (PR: GSM admission)

674 Production/Operations Management. 3 hrs. A study of operations management methods used in production, manufacturing, services, and other business operations. Includes project management, capacity planning, and transportation problems. (PR: Permission of GSM academic advisor and MGT 500)

675 Problems in Labor-Management Relations. 3 hrs. Comprehensive coverage of the development of the field of industrial relations. The impact of organized labor and federal social legislation of management decision. Alternative directions for future developments are studied. (PR: GSM admission)

676 Organization Theory and Design. 3 hrs. An analysis of organizational systems and subsystems incorporating traditional, behavioral, and situational approaches to organizational and work unit design. Emphasizes environmental interface and interdependencies as functions of internal systems phenomena. (PR: M.B.A. admission)

680 Entrepreneurship. 3 hrs. The management of small business emphasizes how they are started and financed, how they produce and market their products and services and how they manage their human resources. (PR: GSM Admission)

692 Ethics and Global Aspects of Business. 3 hrs. An examination of the administrator’s social, ethical, and environmental responsibilities to his employees, customers, and the general public and other external factors which management must be cognizant of in modern society. (PR: GSM admission)

696 Administrative Policy and Strategy. 3 hrs. Capstone graduate business course for Master of Science students (Human Resource Management and Health Care Administration). Emphasis on policy and strategy issues in a service and/or public setting instead of within a “for-profit” environment. (PR: Permission of GSM assistant director)

699 Business Policy and Strategy. 3 hrs. The study of administrative decision making under conditions of uncertainty. Policy construction at top administrative levels with emphasis on strategy and ethics with consideration of major functions of the business organization. (PR: Permission of GSM academic advisor)

MANAGEMENT INFORMATION SYSTEMS (MIS)

678 Management Information Systems. 3 hrs. To familiarize students with the characteristics and functions of management information systems, as well as the benefits, limitations, and applications for advanced management information systems. (PR: GSM admission)

680 Healthcare Communications Technology and Telematics. 3 hrs. A presentation and analysis of the primary and emerging technological means of communication, collaboration, and information search and retrieval within the healthcare and medical fields.

MANAGEMENT PRACTICE IN NURSE ANESTHESIA (MPNA)

700 Introduction to Health Care Systems: Health Policy and Delivery. 3 hrs. This course is designed to provide the student with an overview of the development of health policy and delivery in the United States. Emphasis is placed on the evolution of the structure, financing and function of the current delivery system in America and how these aspects compare to those of other countries. (PR: Admission to DMPNA program)

710 Financial Management for Health Care Professionals. 3 hrs. Application of financial management techniques to decision making for health care providers. Focus is on financial statement analysis, working capital management, capital budgeting, evaluating financial risk and return, long-term debt financing, and developing a financial portfolio. (PR: Admission to DMPNA program)

711 Marketing and Management for Health Care Professionals. 3 hrs. This course will provide an overview of the basic components of marketing such as the marketing mix and SWOT analysis. It will also enlighten the students regarding the various established basic management theories. (PR: Admission to DMPNA program)
Health Economics. 3 hrs.
Economic analysis applied to the health services sector. Traditional concepts such as efficiency, production and distribution are discussed within the context of the unique health care environment. The micro/macro economic impacts of health insurance, government participation, credentialing and regulation are analyzed. (PR: Admission to DMPNA program)

Evidence-Based Research Methods I. 3 hrs.
To provide the student with the necessary foundation to participate in the design, implementation and evaluation of field and/or clinical research. Upon completion of this course, the student will understand the basics of the scientific method and its application to research design. The role of the Institutional Review Board, including the Belmont Report, will be discussed. Students will be IRB certified by the end of the course. (PR: Admission to DMPNA program)

Evidence-Based Research Methods II. 3 hrs.
To provide the student with an understanding of the appropriateness, benefits and limitations of statistical methods when applied to field and/or clinical research. Upon completion of the course, the student will understand the theory behind parametric and nonparametric statistical techniques. At this point, students will begin to conceptualize their research projects. (PR: Admission to DMPNA program)

Statistical Methods for Field and/or Clinical Research. 3 hrs.
To provide the student with the skills necessary to apply the appropriate statistical techniques for field and/or clinical research. Topics include analysis of variance, correlation and regression, chi-square, t-tests, etc. (PR: Admission to DMPNA program)

Medical/Legal Issues in Health Care. 3 hrs.
Legal aspects of corporate liability, medical malpractice, informed consent, patient rights, privacy, fraud and abuse, plus governmental regulation of health professionals and health facilities. The legislative process, legislative oversight and regulatory agencies are discussed in depth. (PR: Admission to DMPNA program)

Health Care Clinical Practicum. 3 hrs.
Forty eight (48) total hours of course credit for nurse anesthesia clinical practice awarded in 3, 6, or 9 hour increments per semester covering 33 months of time. (PR: Admission to DMPNA program)

Management of Complex Health Care Organizations. 3 hrs.
Emphasis is placed on the management of complex health care institutions representing the organizational spectrum from horizontally integrated group practices to large integrated health centers. (PR: Admission to DMPNA program)

Marketing Goods and Services in a Medical Environment. 3 hrs.
An investigation of the role of marketing in today’s health care environment. Topics include traditional marketing concepts such as segmentation and promotion blended with unique issues like health services marketing, direct to consumer pharmaceutical advertising, mass media ethics, the role of the Internet in health product/services marketing, etc. (PR: Admission to DMPNA program)

Clinical and Administrative Information Systems. 3 hrs.
Foundations of clinical information use starting with information collection, process, problem solving, decision making and recording. Special emphasis on the clinician’s work to support enterprise-wide health care delivery and management information systems. A closer look at technological innovations in the health care field and its impact on health care delivery and costs (PR: Admission to DMPNA program)

Organizational Behavior in Health Care. 3 hrs.
Advanced level theories of effective organization management as they relate to health care organizations will be provided. Topics will include issues related to managing diverse work groups in the American health care system, planning and organizing, decision making models, various leadership styles, and controlling and evaluating management effectiveness. (PR: Admission to DMPNA program)

Moral Management. 3 hrs.
A discussion of the concept of Moral Management. Guidelines for how to make ethical decisions and tough choices are included. Cases relevant to ethical/unethical scenarios will be analyzed. Students will view ethics videos and write a Credo term paper. (PR: Admission to DMPNA program)

Administrative Policy, Strategy and Entrepreneurship. 3 hrs.
The study of administrative decision making under conditions of uncertainty. Policy construction at top administrative levels with emphasis on strategy and ethics with consideration of major functions of an organization. Includes developing a business plan, assessing the environment, evaluating markets, securing financing, marketing services, analyzing and negotiating managed care, and insurance contracts. (PR: Admission to DMPNA program)

Research Project. 1-9 hrs.
This is a 9 credit hour sequence of three (3 credit hours) courses. The student is required to apply the principles of scientific research methods to a field and/or clinical investigation. Students are required to design, implement, evaluate and present (written and oral) a research project approved and guided by the student’s research project committee. Each student will have a research project committee chair and two other designated committee members. (PR: Admission to DMPNA program)

MARKETING (MKT)

Marketing and Management. 3 hrs.
A comprehensive survey of the fundamental principles of management and marketing applicable to all organizations. Provides the student with a basis for analyzing appropriate situations in a management/marketing framework.

Special Topics. 1-4; 1-4 hrs.
Marketing Strategy for Hospitality and Tourism. 3 hrs.
Examination of marketing principles and the unique aspects of services marketing for the purpose of strategic decision making, marketing management and developing market plans in the tourism and hospitality industry.

Special Topics. 1-3; 1-3 hrs.
(PR: Permission of the division head and full M.B.A. admission)

Independent Study. 1-4 hrs.
Independent study of a specific nature under the supervision of a qualified faculty member. Hours of credit are determined by the magnitude of the project. (PR: MKT 682 and permission of division head and academic advisor)

Advanced Marketing Management. 3 hrs.
An integrated approach to marketing from a managerial point of view: making use of economic, quantitative, and behavioral concepts in analyzing and developing a framework for the decision-making and implementation of the firm’s marketing program. (PR: M.B.A. admission or permission of GSM academic advisor)

Advanced Marketing Research. 3 hrs.
A study of research methods and procedures used in the marketing process; emphasis will be given to the sources of market data, sampling, preparation of questionnaires, collection and interpretation of data. (PR: MKT 682)

Marketing Problems. 3 hrs.
Determination of the marketing mix within the framework of the problem-solving and decision-making process. (PR: MKT 682)

Seminar in Marketing. 3 hrs.
An advanced study of basic concepts of current problems in Marketing. Seminar discussions and research projects. (PR: MKT 682)

Advanced Transportation. 3 hrs.
Current national transportation problems and a review of the various modes including history of the modes. (PR: MKT 682)
MATHEMATICS (MTH)

500 Structure of Algebra. 3 hrs.
Informal development of modern elementary algebra. Recommended for pre-service middle school teachers and for elementary and secondary in-service teachers. May not be used for a 5-Adult (or 5-12) mathematics specialization. May not be used for any degree offered by the Department of Mathematics.

501 Structure of Modern Geometry. 3 hrs.
Informal development of geometry with an exploration of probability and statistics. Recommended for pre-service middle school teachers and for elementary and secondary in-service teachers. May not be used for a 5-Adult (or 5-12) mathematics specialization. May not be used for any degree offered by the Department of Mathematics.

518 Biostatistics. 3 hrs.
Statistical skills for biological/biomedical research, with emphasis on applications. Experimental design/survey sampling, estimation/hypothesis testing procedures, regression, ANOVA, multiple comparisons. Implementation using statistical software such as SAS, BMDP. May not be used for any degree offered by the Department of Mathematics.

519 Forensic Statistics. 3 hrs.
Basic theory of probability and statistics, adds from Bayes' Theorem for transfer evidence, likelihood ratio, population and statistical genetics, statistical issues in paternity testing and mixtures, and presenting evidence. May not be used for any degree offered by the Department of Mathematics. (PR: Admission to M.S. program in Forensic Science, or permission)

527 Advanced Calculus I. 3 hrs.
A rigorous study of the real number system, continuity and differentiability of functions of a single variable, integration of functions of a single variable, infinite series.

528 Advanced Calculus II. 3 hrs.
A rigorous development of algebra and topology of Euclidean spaces, differentiability and integrability of functions of several variables. (PR: MTH 527)

545 Probability and Statistics I. 3 hrs.
Probability spaces, conditional probability, and applications. Random variables, distributions, expectations, and moments.

546 Probability and Statistics II. 3 hrs.

548 Modern Geometries. 3 hrs. I.
Finite geometries, basic background material for the modern development of Euclidean Geometry, other geometries.

549 Projective Geometry. 3 hrs.
Projective geometry using both synthetic and algebraic methods. (PR: MTH 300)

550 Modern Algebra I. 3 hrs.
Structure of the abstract mathematical systems; fields, rings groups, with illustrations and applications from number theory.

552 Modern Algebra II. 3 hrs.
Continuation of MTH 550. (PR: MTH 550)

580-583 Special Topics in Mathematics. 1-4; 1-4; 1-4 hrs.
Courses on special topics not listed among the current course offerings. (PR: Permission)

585-588 Independent Study. 1-4; 1-4; 1-4 hrs.
(Pr: Permission)

589 Seminar for Teaching Assistants. 1 hr.
An introduction to techniques of teaching mathematics with emphasis on lower-level mathematics courses. (PR: Assignment to teach mathematics as a teaching assistant; CR/NC)

610 Advanced Modern Algebra. 3 hrs.
Advanced topics in algebraic structures, applications, and related topics beyond a first-year course in modern algebra. (PR: MTH 552)

613 Mathematical Modeling. 3 hrs.
Students will work in teams to construct mathematical models of various real-world situations. Problems to be modeled will be drawn from diverse areas of application and will use a wide range of undergraduate mathematics.

615 Partial Differential Equations. 3 hrs.
Elementary partial differential equations. Heat equation, Laplace's equation, separation of variables, Fourier series, vibrating strings, eigenvalue problems, finite differences, Bessel functions, Legendre polynomials.

616 Advanced Differential Equations. 3 hrs.
Differential equations are studied qualitatively. Topics include the existence and uniqueness of solutions and the behavior of solutions including the stability of nonlinear systems, periodic solutions, and approximation using perturbation methods.

620 Topology I. 3 hrs.

631 Topology II. 3 hrs.
First course in algebraic topology. Homotopy, fundamental group, simplicial homology. (PR: MTH 630 and MTH 550)

632 Advanced Topology. 3 hrs.
Advanced topics in topology, applications, and related topics beyond a first year course in topology. (PR: MTH 631)

635 Graph Theory and Combinatorics. 3 hrs.
The course is designed to introduce students in mathematical sciences to the theorems, techniques and applications of graph theory and combinatorics. (PR: Permission)

640 Complex Variables I. 3 hrs.
Complex numbers, analytic functions, properties of elementary functions, integrals, series, residues and poles, conformal mapping.

641 Complex Variables II. 3 hrs.
Continuation of MTH 640. (PR: MTH 640)

642 Numerical Linear Algebra. 3 hrs.

643 Numerical Analysis. 3 hrs.
The theory and technique of numerical computation involving the difference calculus, the summation calculus, interpolation methods, solutions of equations, and methods of solution of ordinary differential equations.

650 Real Variables I. 3 hrs.
A study of measure and integration and related topics. (PR: MTH 528)
651 Real Variables II. 3 hrs.
Continuation of MTH 650. (PR: MTH 650)

655 Number Theory. 3 hrs.
A survey of some basic properties of the integers: divisibility (prime numbers, factorization, perfect numbers), congruences (modular arithmetic, linear and quadratic congruences, the Chinese Remainder Theorem), and Diophantine equations.

660 Stochastic Processes. 3 hrs.
Theory and applications of Markov processes. (PR: MTH 654)

661 Advanced Mathematical Statistics. 3 hrs.
Topics in mathematical statistics including distribution theory for functions of random variables, convergence concepts, sufficient statistics, finding optimal estimates for parameters, optimal tests of hypotheses. (PR: MTH 546)

662 Multivariate Mathematical Statistics. 3 hrs.
Multivariate distribution theory and statistical inference including estimation and tests concerning mean vectors and covariance matrices (maximum-likelihood and likelihood-ratio techniques emphasized). (PR: MTH 545, BIC 602, MTH 546)

663 Time Series Forecasting. 3 hrs.
Finding statistical models to represent various time-dependent phenomena and processes; coverage of a variety of forecasting techniques, with an emphasis on adaptive, regression, and Box-Jenkins procedures.

667 Numerical Partial Differential Equations. 3 hrs.
Finite difference methods for elliptic, parabolic, and hyperbolic PDEs. Study of properties such as consistency, convergence, and stability. Computer implementation.

670 Independent Study. 1-4 hrs.
An independent program of study of advanced topics not normally covered in other courses. The topics are chosen upon mutual agreement between the student and the instructor. (PR: Permission)

681 Thesis. 1-6 hrs.

690-693 Special Topics. 1-4 hrs.

MICROBIOLOGY, IMMUNOLOGY AND MOLECULAR GENETICS (MCB)

620 Principles of Medical Microbiology. 6 hrs. I.
The study of microorganisms, immunobiology, immunologic diseases, host resistance and the means by which diseases are produced and prevented. (PR: Organic Chemistry, General Microbiology and consent of instructor)

622 Current Topics in Molecular Biology. 1 hr.
Critical discussion of current literature/concepts. Participants present published research papers on topic(s) with a molecular biology component. Presentations are followed by discussion/evaluation of the contribution of the research.

631 Medical Microbiology I. 3 hrs.
This course will present the major aspects of the field of microbiology with emphasis on selected pathogenic organisms. (PR: BMS 600 or equivalent)

632 Medical Microbiology II. 3 hrs.
This course will present a continuation of the major aspects of the field of medical microbiology with emphasis on the major pathogenic organisms. (PR: BMS 600 and MCB 631)

642 Graduate Microbiology I (Physiology/Genetics). 4 hrs. II.
An advanced treatment of microbiology with emphasis on the molecular aspects of anatomy, taxonomy, and physiology and genetics of microorganisms.

643 Principles of Immunology. 3 hrs. I.
Basic principles of the immune response system of humans and related mammals. Concepts of B & T cell function and interrelationships emphasized. (PR: Cellular and Molecular Biology)

648 Molecular Aspects of Pathogenesis. 3 hrs.
An in depth study of molecular mechanisms of bacterial, viral, and immunemediated disease processes. Course Requirements: BMS 600 and BIC 620

660 Diagnostic Virology. 3 hrs., II.
A comprehensive survey of methodologies used to detect and characterize viral specific antibodies and antigens and the status of cellular immunity in virus infected hosts. (PR: MCB 620)

MINE SAFETY (MSF)

510 Survey of Mining. 3 hrs.
An overview of mining to provide the participant with a general understanding of mining history, development systems terminology, procedures, methods and safety and health activities.

511 Mine Safety Program Analysis. 3 hrs.
This course prepares the participant for the effective analysis of safety programs and provides some specific applications in the mining environment.

512 Mine Safety and Health Legislation. 3 hrs.
A survey of the legislation that has affected safety and health in mining with special emphasis of the Federal Mine Safety and Health Act of 1977.

513 Mine Safety and Health Management. 3 hrs.
This course covers the principles, functions and philosophies of mine management.

514 Hazard Control in Mining. 3 hrs.
A study of how to recognize accident potential throughout the mining industry.

525 Statistics/Biostatistics, Epidemiology and Industrial Hygiene. 3 hrs.
Statistics/Biostatistics, Epidemiology and Industrial Hygiene as these subjects relate to health hazards in the mining environment. (PR: Module #1 of the Advanced Industrial Hygiene Program)

526 Industrial Toxicology and Airborne Contamination in Mining Environments. 3 hrs.
Principles of Toxicology: biochemistry, biological monitoring, biological transformation and chemical hazards. Properties, behavior and measurement of airborne particles. Special topics: sampling and evaluating airborne asbestos dust. (PR: Module #1 of the Advanced Industrial Hygiene Program)

527 Physical and Biological Health Hazards in Mining and Milling Operations. 3 hrs.
Physical hazards: heat, noise and radiation. Biological hazards: atmospheric transport of microorganisms that cause disease. (PR: Module #1 of the Advanced Industrial Hygiene Program)

580-583 Special Topics. 1-4; 1-4; 1-4; 1-4 hrs.
A study of special topics not offered in regularly scheduled courses.

585-588 Independent Study. 1-4; 1-4; 1-4; 1-4 hrs.

591-594 Workshop (Selected Topics). 1-4; 1-4; 1-4; 1-4 hrs.

621 System Safety Engineering in the Mining Industry. 3 hrs.
A study of the analytical tools used in the recognition, evaluation and control of exposure to hazards in the Mining Industry.
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>622</td>
<td>Accident Prevention in the Mining Industry. 3 hrs.</td>
<td></td>
<td>A survey course which discusses why and how mining accidents occur, factors in successful safety programs and the recognition, evaluation, and control of accident causes.</td>
</tr>
<tr>
<td>624</td>
<td>Mine Haulage and Transportation. 3 hrs.</td>
<td></td>
<td>A study of the operation of hoisting haulage equipment used in the mining industry.</td>
</tr>
<tr>
<td>625</td>
<td>Philosophical Concepts of Mine Safety and Health. 3 hrs.</td>
<td></td>
<td>An analysis of the philosophies of mine safety and health; application of these philosophies to actual mining situations.</td>
</tr>
<tr>
<td>626</td>
<td>Safety and Health Research in the Mining Industry. 3 hrs.</td>
<td></td>
<td>An analysis and study of selected works of national and international authors concerning mine safety and health.</td>
</tr>
<tr>
<td>627</td>
<td>Health Hazards in Mining. 3 hrs.</td>
<td></td>
<td>A broad spectrum approach to the mine health field which includes: the principles for recognition, evaluation and control of health hazards in mining.</td>
</tr>
<tr>
<td>628</td>
<td>Man, Machines and the Environment in the Mining Industry. 3 hrs.</td>
<td></td>
<td>A study of the interactions of man, machines and the environment. The role of these interactions in causing or in preventing accidents.</td>
</tr>
<tr>
<td>629</td>
<td>Problem Analysis and Consultation in Mine Safety and Health. 3 hrs.</td>
<td></td>
<td>A study of the rational process of problem solving decision making consultation with emphasis on realistic case studies.</td>
</tr>
<tr>
<td>630</td>
<td>Mine Accident Investigation and Reporting. 3 hrs.</td>
<td></td>
<td>A study of the principles, techniques and procedures of investigations of mine accidents including attendance in court and report writing.</td>
</tr>
<tr>
<td>635</td>
<td>Sampling, Industrial Ventilation, and Respiratory Protective Equipment for Mining and Milling Operations. 3 hrs.</td>
<td></td>
<td>Gas, vapor and particulate sampling - industrial ventilation for control of health hazards. Use of respiratory protective equipment to control health hazards. (PR: Module #1 of the Advanced Industrial Hygiene Program)</td>
</tr>
<tr>
<td>636</td>
<td>Threshold Limit Values: Sampling and Analytical Techniques. 3 hrs.</td>
<td></td>
<td>Threshold limit values and material safety data sheets. Hands-on experience in collecting industrial hygiene samples and subsequent laboratory analysis of the samples. (PR: Module #1 of the Advanced Industrial Hygiene Program)</td>
</tr>
<tr>
<td>637</td>
<td>Stress and its Impact on Safety and Health in Mining. 3 hrs.</td>
<td></td>
<td>A study on stress and its impact of safety and health in mining. Activities will be scheduled to enable the student to apply, in a work setting, some of the basic stress concepts.</td>
</tr>
<tr>
<td>679</td>
<td>Problem Report. 3 hrs.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>681</td>
<td>Thesis. 1-4 hrs.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>690-692</td>
<td>Seminar. 1-4 hrs.</td>
<td></td>
<td>Individual research on a specific problem of concern to the student and of significance to mine safety.</td>
</tr>

**MUSIC (MUS)**

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>505</td>
<td>Music Technology Review. 3 hrs.</td>
<td></td>
<td>Review of music software and DAW hardware for classroom instruction, assisted practice, notation, MIDI and recording.</td>
</tr>
<tr>
<td>510</td>
<td>Introduction to World Music. 3 hrs.</td>
<td></td>
<td>This course will survey native musics of Africa, Asia, and the Americas as an aspect of culture. No formal background in music is required, as students will learn techniques for listening and articulating responses to music.</td>
</tr>
<tr>
<td>511</td>
<td>Orff-Schulwerk. 3 hrs.</td>
<td></td>
<td>Experiences in Orff-Schulwerk include use of poetry, rhymes, games, songs, and dances in teaching music. Singing, movement, and instrument playing and the spoken word are the primary learning tools. (PR: Graduate standing and one course in elementary music methods)</td>
</tr>
<tr>
<td>520</td>
<td>Principal Ensemble. 1 hr.</td>
<td></td>
<td>Chamber Choir, Chorus, Orchestra, Symphonic Band, Wind Symphony, 12:00 Jazz Ensemble; Audition may be required. May be repeated for credit.</td>
</tr>
<tr>
<td>521</td>
<td>Secondary Ensemble. 1 hr.</td>
<td></td>
<td>Selected chamber and small ensembles, such as Guitar Ensemble, Brass Quintet, String Ensemble. Audition may be required. May be repeated for credit.</td>
</tr>
<tr>
<td>526</td>
<td>American Music and Its Influences. 3 hrs.</td>
<td></td>
<td>Musical and cultural influences of European, West Africa, Caribbean, and Native American societies on United States music from 1650-1920. Specific application to concert music. (PR: Graduate standing or permission of instructor)</td>
</tr>
<tr>
<td>532</td>
<td>Electronic Music Composition. 2 hrs.</td>
<td></td>
<td>The theory and practice of electronic media used for musical composition. History, Synthesis, and Digital Audio processing will be emphasized. (PR: Graduate standing in music)</td>
</tr>
<tr>
<td>540</td>
<td>Graduate Theory Review. 3 hrs.</td>
<td></td>
<td>Review of undergraduate music theory for entering graduate students who are deficient or wish to review music theory skills.</td>
</tr>
<tr>
<td>550</td>
<td>Guitar Literature. 2 hrs.</td>
<td></td>
<td>A survey of the literature for guitar from c. 1400 to the twentieth century; to expose the guitarist to many of the important composers and their works.</td>
</tr>
<tr>
<td>551</td>
<td>Guitar Pedagogy. 2 hrs.</td>
<td></td>
<td>A survey of guitar pedagogy materials, and a practicum in teaching classical guitar.</td>
</tr>
<tr>
<td>570</td>
<td>Music Production Practicum. 1 hr.</td>
<td></td>
<td>Specialized practical training in aspects of performance production, preparation, and execution. May be repeated once.</td>
</tr>
<tr>
<td>579a-d</td>
<td>Graduate Class Piano. 1 hr.</td>
<td></td>
<td>Class instruction progressing from beginner to advanced. Development of literature and skills needed to pass the piano proficiency exam. (PR: Permission)</td>
</tr>
<tr>
<td>580-583</td>
<td>Special Topics. 1-4; 1-4; 1-4; 1-4 hrs.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>585-588</td>
<td>Independent Study. 1-4; 1-4; 1-4 hrs.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>591-594</td>
<td>Workshop. 1-4; 1-4; 1-4 hrs.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>601</td>
<td>Orchestral Literature. 3 hrs.</td>
<td></td>
<td>A survey of orchestral literature from the 17th century to the present.</td>
</tr>
<tr>
<td>602</td>
<td>Band and Wind Ensemble Literature. 2 hrs.</td>
<td></td>
<td>A comprehensive survey of the literature for concert band and wind ensemble.</td>
</tr>
<tr>
<td>604a</td>
<td>Keyboard Literature. 2 hrs.</td>
<td></td>
<td>A survey of keyboard literature from the 14th to the 20th century. Emphasis is on stylistic developments and formal procedures.</td>
</tr>
<tr>
<td>604b</td>
<td>Chamber Music Literature. 2 hrs.</td>
<td></td>
<td>A survey of chamber music literature from the Baroque Era to the 20th century. Analysis of form emphasized in the study of string quartet trio, quartet, and various other combinations.</td>
</tr>
</tbody>
</table>
604c  Song Literature. 2 hrs.
The song literature of Western Europe and America, also including contemporary material from other countries; interpretation, song study, program building, languages, and interpretation of accompaniments. For singers and accompanists.

604d  Choral Literature. 2 hrs.
A comprehensive study of the forms and styles of Choral Composition from Renaissance to present day.

604f  Percussion Literature. 2 hrs.
A survey of instructional and performance literature for solo brass instruments and brass ensembles.

604g  String Literature. 2 hrs.
A survey of instructional and performance literature for solo violin, viola, cello, bass, guitar, and string ensembles.

604h  Woodwind Literature. 2 hrs.
A survey of instructional and performance literature for flute, oboe, clarinet, bassoon and/or saxophone in both solo and ensemble settings.

610  History and Philosophy of Music Education. 3 hrs.
Historical study and philosophical analysis of objectives, rationales and justifications for the study of music in the public schools.

611  Music Psychology and Learning Theory. 3 hrs.
Theories of learning, neuromuscular, and psychological processes applied to musical development, and their applications to teaching, performance and curriculum development.

612  Projects and Problems in Music. 3 hrs.
Detailed investigation of problems and/or projects in the student's area of specialization.

614  Seminar in Teaching Music Appreciation. 2 hrs.
Methods and materials for teaching music appreciation. Required of all graduate assistants teaching MUS 142, Music Appreciation. May be repeated for credit.

615  Advanced Techniques for Marching Band. 3 hrs.
Advanced study of jazz arranging for combo through big band instrumentation.

616  Music Curriculum and Administration. 3 hrs.
Study of the organization of the school music program including budget, scheduling, organization and curriculum design.

617  Seminar in Music Education. 3 hrs.
Specialized study of advanced concepts and current problems in music education.

618a  Administration of Instrumental Music. 3 hrs.
The planning and operation of the instrumental program and the details of programming the work in a school system.

618b  Administration of Choral Music. 3 hrs.
A study of the organization of choral music programs including: recruitment, auditions, scheduling, rehearsal arrangement, programming, touring, and budget.

619a  Seminar in Vocal Pedagogy. 2 hrs.
A study of the techniques of singing and their application to private and class instruction. Emphasis placed upon diagnosis of problems, and teaching under supervision.

619b  Seminar in Piano Pedagogy. 2 hrs.
An analytical survey of developments in piano techniques and pedagogical procedures with open discussions on various facets of piano teaching.

620a  Instrumental Techniques and Materials. 3 hrs.
Advanced study of the methods and materials of instrumental music instruction at all levels.

620b  Choral Techniques and Materials. 3 hrs.
Advanced study of the methods and materials of choral music instruction.

621  Music Research Methods. 3 hrs.
Introduction to bibliographic sources, historical, analytical and empirical research methods applied to music and music education.

622  Styles and Analysis. 3 hrs.
Identification of structural principles and compositional idioms characteristic of historical eras and representative composers from the Ars Antiqua to the present day.

629  Choral Conducting and Interpretation. 3 hrs.
Advanced study in literature, conducting techniques, score preparation and analysis, interpretation, rehearsal planning and execution for the choral ensemble. May be repeated for credit three times.

630  Instrumental Conducting and Interpretation. 3 hrs.
Advanced study in conducting techniques, score preparation and analysis, interpretation, rehearsal planning and instrumental ensemble literature. May be repeated for credit three times.

640a  Music Theory. 3 hrs.
Analytical and writing techniques of 19th and 20th Century music.

640b  Music Theory. 3 hrs.
Continuation of Music 640a.

641  Advanced Counterpoint. 3 hrs.
An intensive study of contrapuntal techniques, styles, and forms through composition and analysis.

642  Procedures and Techniques for Elementary Music (Grades K-6). 3 hrs.
Fundamentals of Music; experience in keyboard, guitar, recorder and autoharp. Survey of materials and methodology to aid in establishing program in school music. Non-majors only.

645  Original Composition. 2 hrs.

646  Advanced Choral Arranging. 3 hrs.
Techniques of choral composition and arranging with emphasis on the mixed choir. Arrangements and original works sung by choral groups and conducted by students.

647  Advanced Band Arranging. 3 hrs.
A study of the scoring for modern concert and marching bands, the transcription of works for other media as well as original works; analysis of band literature, harmonic and formal.

648  Advanced Orchestration. 3 hrs.
Scoring compositions from other media for modern orchestras of various sizes.

649  Advanced Jazz Arranging. 3 hrs.
Advanced study of jazz arranging for combo through big band instrumentation.

650  Music of the Middle Ages. 3 hrs.
The historical and stylistic study of music of the Middle Ages, ca. 600 to ca. 1400.
Music of the Renaissance. 3 hrs.
The historical and stylistic study of music of the Renaissance, ca. 1400 to ca. 1600.

Music of the Baroque Era. 3 hrs.
The historical and stylistic study of music of the Baroque Era, ca. 1600 to ca. 1750.

Music of the Classical Era. 3 hrs.
The historical and stylistic study of music of the Classical Era, ca. 1720 to ca. 1820.

Music of the Romantic Era. 3 hrs.
The historical and stylistic study of music of the Romantic Era, ca. 1800 to ca. 1900.

Music ca. 1900 to the Present. 3 hrs.
The historical and stylistic study of music ca. 1900 to the present.

Seminar in Performance Practice. 2 hrs.
Students will prepare and perform music from a selected period using editorial methods and research as appropriate to the chosen period. May be repeated for credit.

Methods and materials that engage children in musical learning experiences from an infancy through grade 5, including curriculum development, designing age-appropriate activities; study of current research in music learning.

Music in Early Childhood (Birth to Age 5). 3 hrs.
Methods and materials for music learning in earliest childhood to include developmentally appropriate curriculum and activities, ways that babies and toddlers learn, and current trends in early childhood music education.

Problem Report. 1-3 hrs.

Thesis. 1-6 hrs.

Applied Music

Saxophone. 1-2 hrs.
Flute. 1-2 hrs.
Oboe. 1-2 hrs.
Clarinet. 1-2 hrs.
Bassoon. 1-2 hrs.
French Horn. 1-2 hrs.
Trumpet. 1-2 hrs.
Organ. 1-2 hrs.
Euphonium. 1-2 hrs.
Tuba. 1-2 hrs.
Violin. 1-2 hrs.
Viola. 1-2 hrs.
Cello. 1-2 hrs.
String Bass. 1-2 hrs.
Piano. 1-2 hrs.
Voice. 1-2 hrs.
Organ. 1-2 hrs.
Percussion. 1-2 hrs.
Guitar. 1-2 hrs.

NURSING (NUR)

Graduate nursing courses are open only to those students admitted to the nursing program.

Special Topics in Nursing. 1-4 hrs.
Program of study not normally covered in other courses. Topics vary from semester to semester. (PR: Permission of instructor)

Independent Study in Nursing. 1-4 hrs.
Courses taught by tutors; directed independent readings or research; problem reports, and other activities designed to fill needs of individual students.

Nursing Workshop. 1-4 hrs.
Practical, participatory courses for advanced students. Experience in new techniques and application of new knowledge.

Theoretical Foundations in Nursing. 3 hrs.
Provides students with opportunity to relate a philosophical and theoretical base to concepts and processes inherent in nursing. Emphasis is on analysis of nursing theories and their relationship and application to research and practice.

Leadership in Nursing. 3 hrs.
Explores the theoretical basis for effective leadership in nursing. Emphasis is placed on analysis of leadership, characteristics and behaviors of leaders, and the role of the nurse leader.

Advanced Nursing Research. 3 hrs.
Provides the opportunity to develop a research approach to nursing situations. Focus is upon the development of a research proposal. (PR: or concurrent NUR 602 or Perm)

Issues in Health Care. 3 hrs.
Explores and evaluates concerns germane to contemporary nursing. Focus is upon the role of nursing in addressing health issues affected by social, economic, political, and technological forces.

Curriculum Development in Nursing. 3 hrs.
Introduces the various component in the curriculum development process. Emphasis is on philosophy, objectives, curriculum designs, and program evaluation. Factors influencing curriculum development, implementation, evaluation, and nursing curriculum patterns are examined.

Teaching in Nursing. 3 hrs.
Investigates the responsibilities of the educator in contemporary nursing. Emphasis is upon the instructional process. Practicum allows student to practice the role of the teacher in a variety of educational experiences.

Practicum: Teaching in Nursing. 3 hrs.
Guided experience in didactic teaching of nursing clinical teaching, supervision and evaluation of students.

Advanced Pathophysiology I. 2 hrs.
Advanced knowledge of body systems altered by disease and/or injury. The body systems or diseases studied will include: cell, cardiovascular, pulmonary, digestive, musculoskeletal, neurologic and reproductive across the lifespan. (PR: Permission of instructor)

Advanced Pathophysiology II. 2 hrs.
Advanced knowledge of body systems altered by disease and/or injury including hematologic genes, immunity, cancer, endocrine, renal, urologic, and integumentary across the lifespan. (PR: NUR 620)
Advanced Physical Assessment. 5 hrs.
Introduction to knowledge and skills essential for comprehensive health assessments, analysis of data, formulation of diagnoses, development of the therapeutic plans, and implementation of health promotion and maintenance activities. Practicum included. (PR or concurrent: NUR 602, NUR 604)

Advanced Family Nursing Practice I. 5 hrs.
Provides advanced knowledge and nursing management of common and acute self-limiting health problems of individuals and families of various age groups. Includes pathology and therapeutic modalities related to specific health problems. Practicum included. (PR: NUR 622, PR or concurrent: NUR 606)

Advanced Family Nursing Practice II. 5 hrs.
Provides advanced knowledge of chronic illness and the long-term nursing management of health care problems. Includes pathology and therapeutic modalities related to management of chronic health problems. Practicum included. (PR: NUR 624)

School Nurse - Administration. 3 hrs.
Focus is upon the role of the school nurse and family nurse practitioner in the school system. (PR: NUR 602, NUR 604 or permission)

School Nurse - School-Aged Children. 3 hrs.
Focus is upon the role of the school nurse and family nurse practitioner in providing care to the school-aged children. (PR: NUR 632 or concurrent or permission)

Organizational Dynamics in Nursing. 3 hrs.
Focus is upon the organizational dynamics as they apply to the nurse manager role in health care delivery systems.

Financial Strategies in Nursing Administration. 3 hrs.
Examines the financial management role of the nurse administrator in relation to economic, political, and societal trends.

Nursing Management in Health Care Settings I. 6 hrs.
Focuses on the application of theories and principles related to nursing management. Practicum included. (PR or concurrent: NUR 604, NUR 606; PR: NUR 642, NUR 644)

Nursing Management in Health Care Settings II. 6 hrs.
Practicum focuses upon the application of the role components of the nurse manager in selected health care settings. Seminars included. (PR: NUR 646)

Advanced Pharmacology I. 2 hrs.
Focus on the science of drugs and the application to patient care across the lifespan. Principles of pharmacology covered include infectious diseases, fluids and electrolytes, peripheral nervous and cardiovascular systems. (PR: instructor permission)

Advanced Pharmacology II. 2 hrs.
Focus is on the science of drugs and application to patient care across the lifespan. Drugs affecting the blood, respiratory, gastrointestinal, central nervous and endocrine systems. Anti-inflammatory, anti-allergic and immunologic drugs. (PR: NUR 663)

Problem Report in Nursing. 1-3 hrs.
The preparation of a written report on a research problem or field of study in nursing.

Thesis. 1-6 hrs.
Individual research in a selected area of nursing under direction of a faculty member. (PR: NUR 606)

Seminar in Nursing. 1-3 hrs.
Topics in nursing not covered in other courses; topics will vary.

Internship: Advanced Family Nursing. 6 hrs.
Focus is upon the role of the family nurse practitioner using the case management approach in a supervised contractual work study arrangement with a health care agency. (450 hrs. minimum) (PR: NUR 626)

Instructional TV. 1-4 hrs.
A course based upon Instructional Television series broadcast by public television. The student is responsible for viewing the series on the air and satisfying all course requirements.

PARK RESOURCES AND LEISURE SERVICES (PLS)

Leisure and Aging. 3 hrs.
A course presenting an overview of leisure services for the elderly. Topics include research results, theories, and modern day trends. A wellness model will be included.

Administration of Parks and Recreation. 3 hrs.
Considers administrative practice and various organizational structures. Includes administrative processes, supervision of personnel, budgeting, and public relations. Requires conducting a case study of an existing park and recreation department, including fiscal and personnel policies and an analysis of the effectiveness of such policies.

Assessment and Evaluation in Recreation and Leisure Services. 3 hrs.
Theoretical and practical approach to evaluation as applied to recreation and leisure services. Emphasis will be upon developing sound assessment and evaluation methodology applicable to recreation and leisure studies. (PR: PLS 101 or permission)

Recreation Area and Facility Maintenance. 4 hrs.
A study of the knowledge and skills necessary to supervise and administer the general development and maintenance of park and recreation areas and facilities.

Recreation Areas and Facilities. 3 hrs.
Basic considerations in the planning and design of recreational and sport areas, facilities, and structures including associated amenities.

Recreation for Special Populations. 3 hrs.
Study of the use of recreation activities with disabled persons. Techniques in programming and adaptation to meet the leisure needs of special groups in today's society. In association with a therapeutic recreation institution, student must develop a new/revised procedure for providing recreation programs at that institution. (PR: PLS 120 or permission)

Therapeutic Recreation in Institutional Settings. 3 hrs.
Designed to acquaint students with the role and practice of therapeutic recreation in treatment centers. Requires preparation of an annotated bibliography of current literature in this field and conducting of a case study of therapeutic recreation programmatic offerings in such an institution. (PR: PLS 120 or permission)

Environmental Interpretation. 4 hrs.
Principles and techniques of environmental interpretation as practiced in federal, state, and private agencies. Student must develop an interpretive brochure and evaluate both a facility and a program. 3 lec-2 lab.

Forest Recreation Planning. 4 hrs.
Utilizes the functional planning approach based upon demand and site capability analysis. Student conducts an in-depth recreation capability analysis in an existing park facility, presents this in written form; reviews the current literature on forest recreation development, and makes a final oral report. 3 lec-2 lab.

Introduction to OffHighway Vehicle Recreation. 3 hrs.
A course designed to integrate off-highway vehicle recreation concepts, experiences, research trends, supply and demands, and management issues.
Planning methodologies typically used by federal, state, and local governments. Includes assessment of resource and social value conflicts and partnership creation.

Construction of OHV Trail Systems. 3 hrs.
A course designed to instruct students in contemporary methods and techniques of constructing OHV trails and related facilities.

Operation and Management of OHV Trail Systems. 3 hrs.
Diagnosis of OHV problems and development of solutions based upon recognized trail standards and typical resource impacts.

Special Topics in Recreation. 1-4; 1-4; 1-4 hrs.
Study of an advanced topic not normally covered in other courses. 3 lec.-2 lab. (PR: Permission of Chairman)

Independent Study. 1-4; 1-4; 1-4 hrs.
Requires conducting of individual survey/research projects beyond the requirements for undergraduates. Such projects will be individualized to meet the needs of students while accomplishing some practical need in the field. (PR: Permission)

PATHOLOGY (PTH)

620-621 Human Pathology. 7; 7 hrs., I, II.
General principles of pathology, systemic pathology, and holistic integration with laboratory medicine and autopsy-clinical-and-cytologic material. (PR: Consent of instructor)

PHARMACOLOGY (PMC)

610 Introduction to Pharmacology. 3 hrs., I.
An indepth presentation of the history and introductory principles of pharmacology. Designed to acquaint students with pharmacology as a scientific discipline and provide the basis for more advanced courses. (PR: Consent of instructor)

615 Pharmacology Reviews. 1 hr., I, II.
A course designed for students to read and discuss recent and classic papers in pharmacological sciences. Students become acquainted with the pharmacology literature and classic advances in the field.

620 Medical Pharmacology. 8 hrs., II.
An introduction to the basic concepts of drug actions and therapeutic principles governing drug therapy. Emphasis is placed on general mechanisms, therapeutic uses and toxicity of prototypic drugs. (PR: BIC 620, PHS 629 desirable; consent of instructor)

621 Medical Pharmacology I. 6 hrs.
This course will encompass the core pharmacology concepts as well as drugs used in the treatment of infectious diseases, cancer, hematological matters, nervous system agents and cardiovascular drugs. (PR: BMS 600 or equivalent; REC: PHS 629 desirable)

622 Medical Pharmacology II. 2 hrs.
This course will encompass the core pharmacology concepts as well as drugs used in the treatment of pulmonary, gastrointestinal, endocrine, renal and musculoskeletal diseases, drugs specific for men's and women's health, dermatological agents and toxicology. (PR: BMS 600 or equivalent; REC: PHS 629 desirable)

625 Drug Metabolism. 3 hrs., I.
Topics will include a discussion of the metabolizing enzymes, enzyme induction and inhibition, toxic metabolites, prodrugs, metabolic disorders and analytical methods for studying drug metabolism. (PR: consent of instructor)

630 Chemical Aspects of Pharmacology. 3 hrs., I.
An introduction to the chemical principles of pharmacology. The chemical classification, acid-base chemistry and stereochemical properties of drugs and the reactivity of drugs with biological systems will be discussed. (PR: organic chemistry, consent of instructor)

633 Vistas in Pharmacology. 3 hrs., I.
A discussion and study of recent advances in the various fields of pharmacological investigation. This course is designed to acquaint students with state-of-the-art techniques and developing areas of pharmacology. (PR: PMC 620)

635 Neuropharmacology. 3 hrs., I.
A study of the actions of drugs on the nervous system.

640 Behavioral Pharmacology. 3 hrs., I.
Behavioral methods for assaying drug action. (PR: consent of instructor)

643 Introductory Cardiopulmonary Pharmacology. 3 hrs.
A general overview of the principles of pharmacology and the mechanisms and effects of cardiovascular and respiratory drugs. (PR: PHS 629 or BSC 522, consent of instructor)

645 Advanced Cardiopulmonary Pharmacology. 3 hrs., I.
An in-depth presentation of pharmacological aspects of cardiovascular and pulmonary systems. Current knowledge, principles and methods used in cardiopulmonary research will be discussed. (PR: PMC 620 or PMC 643; consent of instructor)

650 General Toxicology. 3 hrs., I.
An in depth presentation of the general principles and methods of toxicology. Mechanism, distribution and organ system responses to toxins and methods of toxicological evaluation will be discussed. (PR: consent of instructor; PMC 610 or PMC 621 highly recommended)

655 Toxicology Reviews. 1 hr.
This course will provide a presentation and discussion of current literature in the area of toxicology. Fundamental principles and new discoveries will be emphasized.

676-677 Special Topics. 1-4 hrs.
Material on special areas of research of topics which are not routinely covered in existing courses.

PHILOSOPHY (PHL)

500 Ancient Philosophy. 3 hrs.
Advanced study of major philosophers drawn from the ancient Greek and Roman period.

501 Modern Philosophy. 3 hrs.
Advanced study of major movements in philosophy from the 17th century on, including movements such as rationalism, empiricism, idealism, and existentialism.

520 Metaphysics. 3 hrs.
A study of what Aristotle called “first philosophy” or the study of being, later called metaphysics.

521 Philosophy of Knowledge. 3 hrs.
Advanced study of the nature and possibility of knowledge.

551 Philosophy of History and Culture. 3 hrs.
Ancient and modern theories of the meaning and consequence of history and culture.

<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>500</td>
<td>Astronomy</td>
<td>3 hrs.</td>
<td>A study of the stars and planets and galaxies, planetary motion, cosmology and cosmoogy. Designed to assist teachers and others to develop an interest in astronomy. (PR: PHY 101 or 203 or PS 109 or equivalent)</td>
</tr>
<tr>
<td>500L</td>
<td>Astronomy Laboratory</td>
<td>1 hr.</td>
<td>Fundamental observations in astronomy and their interpretation through physical laws. Quantitative discussion of orbital motion, time, telescopes, solar system, stars, galaxies, and limited opportunity for astronomical observation. (PR or CR: PS 500)</td>
</tr>
<tr>
<td>510</td>
<td>Physical Principles of Remote Sensing with Applications</td>
<td>4 hrs.</td>
<td>A study of the physical systems for collecting remotely sensed data. Statistical/spatial analysis and modeling using image processing/geographic information/spatial analysis computer software systems with earth resource applications. (PR: PHY 203 and 204, MTH 225, or permission)</td>
</tr>
<tr>
<td>511</td>
<td>Digital Image Processing and Computer Simulation Modeling</td>
<td>4 hrs.</td>
<td>A study of image processing/geographic information and spatial analysis hardware/software systems, concurrent and parallel image processing modeling scenarios utilizing geophysical data for computer simulation modeling and practicum. (PR: PS 410/510 or permission)</td>
</tr>
<tr>
<td>525</td>
<td>Development of Scientific Thought</td>
<td>3 hrs.</td>
<td>A study of the people and ideas which have influenced science; the philosophy of their periods; the economic conditions leading to scientific advancement and the works of the foremost scientists in the field. (PR: A total of twelve hours in Physical Science, Physics, and Chemistry courses)</td>
</tr>
<tr>
<td>570</td>
<td>Practicum</td>
<td>4 hrs.</td>
<td>Problem solving, geophysical modeling, and proposal development techniques in the physical sciences. (PR: PS 411, 511 or Permission)</td>
</tr>
<tr>
<td>580-583</td>
<td>Special Topics</td>
<td>1-4 hrs.</td>
<td>Offered on demand.</td>
</tr>
<tr>

<tr>
<td>646</td>
<td>Seminar on Recent Developments in the Physical Sciences</td>
<td>3 hrs.</td>
<td>Offered on demand. A course designed to provide additional background material in atomic and nuclear physics for teachers. Lecture and laboratory.</td>
</tr>
<tr>
<td>648</td>
<td>Modern Physics for Teachers</td>
<td>3-5 hrs.</td>
<td>Offered on demand. A course in basic theory of electronics for teachers. Lecture and laboratory.</td>
</tr>
<tr>
<td>650-651</td>
<td>Special Topics</td>
<td>1-4 hrs.</td>
<td>Offered on demand. Advanced special topics to provide additional group research and classroom/laboratory opportunities. (PR: Specific to topic)</td>
</tr>
<tr>
<td>660-661</td>
<td>Independent Studies</td>
<td>1-4 hrs.</td>
<td>Offered on demand. Advanced independent study topics to provide additional individual research and classroom/laboratory opportunities. (PR: Specific to topic)</td>
</tr>
<tr>
<td>670</td>
<td>Advanced Practicum</td>
<td>4 hrs.</td>
<td>Advanced problem solving, geophysical modeling, and project development techniques in the physical sciences. (PR: PS 510, 511, 570)</td>
</tr>
<tr>
<td>681</td>
<td>Thesis Research</td>
<td>1-6 hrs.</td>
<td>Offered on demand. (PR: Graduate status and approval of advisor)</td>
</tr>

<tbody>
<tr>
<td>505</td>
<td>Optics Laboratory</td>
<td>2 hrs.</td>
<td>A course in optical experiments encompassing geometrical and physical optics. This course is to be taken with Physics 304.</td>
</tr>
<tr>
<td>512</td>
<td>Atmospheric Physics with Computer Simulation Modeling</td>
<td>3 hrs.</td>
<td>A general introduction to the earth's atmosphere. The physical and chemical dynamic behavior of the earth's atmosphere will be analyzed by comparing computer simulated profiles with in situ measurements.</td>
</tr>
<tr>
<td>515</td>
<td>Electronics Laboratory</td>
<td>2 hrs.</td>
<td>A course in laboratory measurements encompassing transistors, integrated circuits, and their associated circuits. This course is to be taken with Physics 314.</td>
</tr>
<tr>
<td>521</td>
<td>Modern Physics Laboratory</td>
<td>2 hrs.</td>
<td>Laboratory exercises on modern physics topics encompassing both experiments of historic significance and current applications. To be taken with Physics 320, or equivalent.</td>
</tr>
<tr>
<td>525</td>
<td>Solid State Physics</td>
<td>3 hrs.</td>
<td>The purpose of the course is to provide a broad introduction to the structures and physical properties of solids, which are of extraordinary importance in the modern world.</td>
</tr>
<tr>
<td>542</td>
<td>Quantum Mechanics</td>
<td>3 hrs.</td>
<td>Alternate years. Mathematical formalism of quantum mechanics, particles in potential fields, perturbation theory and other approximation methods, scattering, applications to simple systems. 3 lec. (REC: PHY 331 and MTH 335 or equivalent)</td>
</tr>
<tr>
<td>543</td>
<td>Quantum Mechanics II</td>
<td>3 hrs.</td>
<td>This is the second part of a two-semester introduction to quantum mechanics. Emphasis is on application of quantum theory including approximation techniques and the study of more realistic quantum systems. (PR: PHY 442/542)</td>
</tr>
</tbody>
</table>
Mathematical Methods of Physics. 3 hrs.
Offered on demand. An introduction to the theory of orthogonal functions, curvilinear coordinate systems, vector and tensor fields and their applications in Physics. Problems are drawn from different areas of physics. 3 lec. (PR: PHY 203.)

Mechanics for Teachers. 4 hrs.
An in-depth study of mechanics for education majors specializing in physics with emphasis on problem solving techniques, demonstrations, experiments and computer applications. (PR: PHY 203, MTH 122, MTH 140)

Radiation Physics in the Life Sciences. 4 hrs. II.
Alternate years. A course in radiation physics with emphasis on applications in the medical sciences. Designed for students interested in the life sciences. A field trip to the University of Michigan nuclear reactor is an integral part of the course. 3 lec-2 lab/demonstration. (PR: PHY 203 and 204, or consent of instructor)

Nuclear Chemistry and Physics. 3 hrs. II.
Alternate years. An introduction or the description of nucleons, electric and magnetic properties of a nucleus, nuclear energy levels, nuclear reactions including neutron activation, interaction of particles with matter, and nuclear forces. 3 lec. (PR: PHY 320 and MTH 231 or consent of instructor). See 424d.

Nuclear Physics Laboratory. 2 hrs.
Laboratory techniques for the measurement of nuclear properties, theory and characteristics of various detectors, statistics of counting, and energy determination of nuclear particles and radiation. This course is to be taken with Physics 462/562. A field trip to the University of Michigan Nuclear Reactor is an integral part of the course.

X-Ray Diffraction. 3 hrs.
Offered on demand. A study of the properties of X-rays, X-ray diffraction, and crystal structure. 2 lec-3 lab. (REC: CHM 358 or equivalent)

Modern Astrophysics I. 3 hrs.
Modern astrophysics is firmly grounded in the fundamental principles of physics and will offer students the opportunity to use the physics they have learned in understanding the nature of the universe. This course provides a graduate-level introduction to astrophysics, focusing on stellar structure and evolution. (PR: Permission of instructor)

Condensed Matter Physics. 3 hrs.
This course studies complex phenomena that occur in solids and quantum liquids, and exposes the students to some theoretical tools used to describe the basic interactions behind these phenomena. (PR: Permission of instructor)

Classical Mechanics. 3 hrs.
Study of variational principles and Lagrange's equations, the two-body central force problem, the kinematics and dynamics of rigid-body motion, Hamilton's equations of motion, canonical transformations, Hamilton-Jacobi theory, and small oscillations.

Seminar. 1; 1 hr. I, II.
Fundamentals of Physics. 4 hrs. S.
Offered on demand. A course in fundamental concepts of physics. Subject content varies. Designed primarily to strengthen conceptual understanding of teachers.

Atomic Physics. 3 hrs.
A historical development of the modern theories concerning the structure of matter, electricity, and light, including applications of optical spectra and X-rays. (PR: PHY 203, 204 or PHY 213, 204 or equivalent)

Special Topics. 1-3; 1-3 hrs.
Thesis Research. 1-6 hrs. I, II, S.
(PR: Graduate status and approval of advisor)

Neurophysiology I: Neuron Function and Introduction to Neural Systems. 1 hr.
To study and understand the basic functional principles of the cells of the nervous system, and organization of cells into functional systems. (PR: BMS 600 or permission of instructor)

Neurophysiology II: Neuronal Systems. 1 hr.
To study and understand the major functional systems of the brain. (PR: PHS 626)

Mammalian Neurophysiology. 2 hrs.
This course is a basic introductory, survey course covering neurophysiology from subcellular level to behavioral level. (PR: Consent of instructor)

Mammalian Physiology. 6 hrs. II.
A study of mammalian systems including pulmonary, renal, cardiovascular, gastrointestinal, endocrine and reproductive systems. Emphasis will be placed on homeostatic mechanisms and on experimental approaches to physiology. (PR: PHS 626 or PHS 626, PHS 627)

Experimental Physiology. 1 hr. II.
A laboratory course in mammalian physiology which includes instruction in surgical preparation, bioinstrumentation technique and open-chest surgery in dogs. (PR: PHS 629 and consent of instructor. This course may be taken concurrently with 629)

Physiology Practicum. 2 hrs. II.
Experience in laboratory instruction of medical and graduate students in the mammalian physiology laboratory. (PR: PHS 630 and consent of instructor)

Physiology of Sleep. 1 hr.
Detailed examination of changes in EEG, EMG, cardiorespiratory function and ocular motility during sleep. (PR: PHS 626 or PHS 626, PHS 627; PHS 629)

Advanced Neurophysiology. 1-2 hrs., I.
Bioelectric potentials. A.C. and D.C. potentials, transcortical potentials, E.E.G., cornea-retinal potential, blood-CSF potential, etc. (PR: PHS 626, 629)
Advanced Cardiovascular Physiology. 1-2 hrs., I.
(PR: PHS 629)

Neurophysiology Research Techniques. 3 hrs.
Class participants will be exposed to state-of-the-art neurophysiology research techniques while in the laboratories of neurophysiology faculty.

Advanced Renal and Electrolyte Physiology. 1-2 hrs., I.
(PR: PHS 629)

Recent Advances in Physiology. 1 hr., I., II.
Recently published articles in a selected area of physiological investigation will be presented by participants in the class. Each presentation will be followed by a discussion and evaluation of the paper. (PR: Consent of instructor)

Endocrinology. 3 hrs.
An in depth study of the endocrine system with special emphasis on the role of experiment in the development of concepts in endocrine physiology. (PR: BMS 600 or equivalent, consent of instructor)

Physiology of the Cell. 3 hrs.
An in-depth study of selected topics in cell physiology.

Special Topics. 1-4 hrs.
Present course material on special areas of research of topics which are not routinely covered in existing courses.

Special Topics. 1-4 hrs.
Present course material on special areas of research or topics which are not routinely covered in existing courses.

Special Topics. 1-4 hrs.
Present course material on special areas of research or topics which are not routinely covered in existing courses.

POLITICAL SCIENCE (PSC)

International Organization. 3 hrs.
Study of world and regional organizations as reflections of world politics, as instruments of foreign policies, and as forces for change and order, with emphasis on their role as channels for management of cooperation and conflict.

International Politics. 3 hrs.
Study of major issues in world politics, with emphasis on theoretical approaches, problems of war and peace, and contemporary trends.

Asian Politics. 3 hrs.
Study of such nations as India, China, Japan, and Korea in the contemporary setting.

Middle Eastern Politics. 3 hrs.
Study of the Arab States and such nations as Israel, Iran and Turkey in the contemporary setting.

Western Democratic Politics. 3 hrs.
Study of such nations as Canada and those of Western Europe, particularly Great Britain and France.

Politics of Russia and the Former Soviet Union. 3 hrs.
The study of the politics of Russia and the former Soviet Union.

Latin American Politics. 3 hrs.
This course studies Latin American politics by sectors, such as landed elites, the military, the church, etc. Various styles of governance are considered. Case examples illustrate concepts discussed.

International Political Economy. 3 hrs.
This course will examine the evolution and structure of the global economic system with emphasis on the development of the Liberal International Economic Order.

International Law. 3 hrs.
Study of theories, origins, sources, development, present state, and trends of international law as a factor in various aspects of international politics.

Politics of Development. 3 hrs.
A survey of major theories of development and modernization and issues confronting developing nations around the world.

Homeland Security and Civil Liberties. 3 hrs.
An examination of the policy issues involved in protecting the U.S. homeland from terrorist and other threats, with special attention to the impact such policies have on individual liberties.

American Political Thought I. 3 hrs.
This course is a detailed examination of the philosophical and historical roots of American politics from Reconstruction through the present with emphasis on original texts.

American Political Thought II. 3 hrs.
This course examines how women were conceptualized in the history of political philosophy and how women then began conceptualizing themselves and their relation to politics.

Current World or Regional Issues. 3 hrs.
An intensive study of specific world or regional problems, such as the politics of world hunger. The role of multinational corporations, imperialism, third world communist movements, etc.

American Political Thought I (Founding to Civil War). 3 hrs.
This course is a detailed examination of the philosophical and historical roots of American politics from the Colonial era through the Civil War with emphasis on original texts.

African Political Systems. 3 hrs.
The study of political systems of selected countries, blocs or regions.

American Foreign Policy. 3 hrs.
The study of descriptive, analytical, and normative aspects of American foreign policy with emphasis on contemporary problems and issues.

Comparative Foreign Policy. 3 hrs.
Application of the comparative method to foreign policy decision-making and outputs. Comparisons within or between geographic regions.

Ancient Medieval Political Thought. 3 hrs.
Selective study of classics of Western political theory from earliest times through the 15th century, such as that of Plato, Aristotle, the Romans, Augustine, and Aquinas.

Modern Political Thought. 3 hrs.
Selective study of classics of Western political theory from the 16th century through the 19th century, such as that of Machiavelli, Bodin, Hobbes, Locke, Rousseau, Hume, Burke, Mill, and Marx.

Shapers and Definers. 3 hrs.
A study of political leaders who have shaped and defined the American constitutional tradition.

Islamic Political Ideas and Institutions. 3 hrs.
A study of Islamic political ideas, practices and institutions and their impact on the rise and development of contemporary Islamic movements, organizations and states.
The Politics of Conflict and Revolution. 3 hrs.
Study of major theories of conflict and revolution with emphasis on cross-national explanations and outcomes.

Political Ideologies. 3 hrs.
This course examines modern political ideologies including Liberalism, Conservatism, Anarchism, Socialism, Fascism, Feminism, and Environmentalism with emphasis on the original texts.

Politics of Global Terrorism. 3 hrs.
An examination of terrorism globally, both in its development and its current manifestations, with attention to its attractions, the difficulties of confronting it, and its implications for democratic society.

Public Administration and Policy Development. 3 hrs.
An examination of alternative theoretical approaches to the study of policy and administration and their implications for the use of policy to shape administrative practice.

The American Judiciary. 3 hrs.
Structure and behavior in American national and state judicial systems, including analysis of their decision making and policy making functions, their procedures and administration, and problems and trends.

Power in American Society. 3 hrs.
An examination of some of the major theoretical approaches-pluralist, elitist, etc.-to the study of power. A major concern is on the relationship between the distribution of political resources and the performance of political systems. Efforts to transform political systems are examined on the basis of cross-national research.

American Politics in Film. 3 hrs.
This course examines the way the American people view their political leaders and institutions through the use of film, with a critical eye towards the ebb and flow of public approval or disapproval.

Politics and Welfare. 3 hrs.
A comparative course examining the political institutional methods states use to assist citizens who are poor, primarily women and children. It also addresses behavioral concerns that shape welfare policy.

Dictatorship and Democracy. 3 hrs.
An investigation of the strengths of democracies relative to dictatorships with regard to such dimensions as economic growth, income equality, health and welfare of citizens and war reduction.

Politics in History. 3 hrs.
A study of politics as an order-shattering, order-structuring force during some of America's most transformative moments.

Administrative Law. 3 hrs.
A study of the basic legal framework of administrative organization, including the problems of administrative discretion, rule making and adjudication, regulatory agencies, and administrative responsibility in the democratic state. (PR: PSC 333)

Public Personnel Administration. 3 hrs.
Survey of Public Personnel Administration with particular attention on various facets of the merit system concept. Psychological and human relations aspects of the work situation and supervisor-subordinate interaction emphasized. (PR: PSC 333 or permission)

Governmental Budgetary Administration. 3 hrs.
Study of organization, administration, and accountability in the management of public funds, with emphasis on the political decision-making processes of budget formulation, presentation, and execution. (PR: PSC 333 or permission)

Administrative Organization and Behavior. 3 hrs.
A study of the contributions of the behavioral sciences to the study of organizations with stress on such concepts as leadership, motivation, power conflict, organizational design and decision making.

Civil Rights and Liberties. 3 hrs.
The basic substantive and procedural elements of American constitutional liberties and civil rights with emphasis on historical development as influenced by social and political forces.

Urban Problems and Public Policy. 3 hrs.
Study of policy problems of metropolitan areas in terms of structures, alternatives, and outcomes.

Selected Topics. 1-4; 1-4; 1-4 hrs.
To offer a course on some special topic which is not adequately treated in the regular course offerings.

Constitutional Law. 3 hrs. 1.
Introduction to the principles of American constitutional law and analysis of constitutional issues, emphasizing leading Supreme Court cases.

Independent Study. 1-4; 1-4; 1-4 hrs.
These numbers are reserved for tutorials, directed and independent research, problem reports, etc.

Research Design. 3 hrs.
Philosophy of Science as applied to empirical political inquiry; elements of good research design, measurement theory, writing and critiquing research reports. (PR: PSC 211 or permission)

Readings in Political Science. 2-3 hrs.
Readings to meet the needs and interests of individual students.

Data Analysis. 3 hrs.
A study of quantitative methods used in empirical research with an emphasis upon applied statistical analysis; writing and critiquing research reports.

Seminar in Judicial Politics. 3 hrs.

Seminar in International Relations Theory. 3 hrs.

Seminar in the American Legislative Process. 3 hrs.

Seminar in the American Executive Process.

Seminar in Comparative Politics. 3 hrs.

Public Administration Scope and Practice. 3 hrs.
Orientation to the field Public Administration, ethics, professional standards and skills. Review of foundations, theories, and scope. Study of public management heritage and current trends and issues.

Seminar in Public Administration. 3 hrs.

Comparative Public Administration. 3 hrs.
This course will serve as an introduction to the comparative study of public administration. Students will be introduced to several key areas of comparative administration research, including different methods used for analysis.

Urban Administration. 3 hrs.
Principles and methods of urban administration in the U.S.

Constitutions. 3 hrs.
A study of constitutions, their duration, distribution of power, contribution to a stable government and the rule of law. While the course is comparative, major emphasis is on the United States.
PSYCHOLOGY (PSY)

503 Applied Social Psychology. 3 hrs.
Examination of the applications of social psychological methods, theories, principles and research findings to the understanding of social problems.

506 Psychometrics. 3 hrs.
Mental test theory and applications.

508 Abnormal Psychology. 3 hrs.
Study of the nature, causes and treatment of maladaptive human behavior.

515 Child Psychology. 3 hrs.
Introduction to child development with major emphasis on normal growth and development. Specific topics include theories of child development and the biological, mental, emotional, social and cognitive growth and development of children.

516 Psychology of Learning. 3 hrs.
Critical study of the major theories of learning and related research.

517 Intermediate Behavioral Statistics. 3 hrs.
An intermediate level presentation of descriptive and inferential statistics as applied in behavioral research.

518 Psychology of Personnel. 3 hrs.
Psychological principles and methods applied to functions in personnel administration.

519 Theories of Personality. 3 hrs.
Discussion of theories of personality with attention given to major philosophies of science research and methodological problems in personality theory and research.

520 Introduction to Industrial-Organizational Psychology. 3 hrs.
A systematic study of the application of psychological methods and principles in business and industry. Emphasis is on research methods, motivation, training, leadership, personnel selection, employee safety, and job satisfaction.

526 Cross Cultural Psychology. 3 hrs.
Emic and etic cultural concepts are considered from an American (subcultural) and international perspective. Cultural influences on healing, health and service are covered.

527 Computer Applications in Psychology. 3 hrs.
An introduction to computer applications in psychology, emphasizing data collection, management, organization, analysis and reporting.

533 Current Models of Psychotherapy. 3 hrs.
Introduction to theoretical models and related therapeutic strategies which influence the practice of modern psychotherapy.

540 Physiological Psychology. 3 hrs.
The relationships between physiological functions and biochemical processes and behavior.

543 Health Psychology. 3 hrs.
Introduction to the contribution of psychology to the promotion and maintenance of health and the prevention and treatment of illness. (PR: PSY 201 & 223)

560 History and Systems of Psychology. 3 hrs.
Overview of Psychology from historical perspective. (REC: 12 hours of psychology or equivalent)

565 Love, Intimacy, and Attachment. 3 hrs.
Examination of how childhood attachments, bonds, and relationships affect and influence adult perspectives on love, expectations, intimacy, fidelity, and commitment.

575 Race, Culture, and Developmental Processes. 3 hrs.
Examine the roles that race, ethnicity, and culture play in the physical, cognitive, intellectual, and social developmental processes of people of color.

580-583 Special Topics. 1-4; 1-4; 1-4; 1-4 hours.
Teaching of Psychology. 3 hrs.
A course designed to train psychology graduate students to teach a course in introductory psychology. (PR: Graduate status in Psychology and a minimum of 9 hours Psychology Graduate credit)

605 Ethical, Legal, and Professional Issues in Psychology.
Introduction to ethical standards and issues, laws which influence psychological practice, and current challenges facing psychology as a profession.

606 Advanced Social Psychology. 3 hrs.
Advanced study of selected topics in social psychology.

608 Differential Diagnosis and Treatment Planning. 3 hrs.
A course using the instruments and techniques of psychological clinical assessment to explore psychopathology with an emphasis on differential diagnosis and treatment planning. Students will become competent in the use of the diagnostic and statistical manual for classification of mental disorders and will be able to translate linguistic data into the goals and objectives of a treatment plan.

610 Assessment of Adults. 3 hrs.
Principles and methods of psychological assessment for adults. Key issues in test construction, and training in report writing. (PR: Admission to Clinical Psychology area of emphasis or to Psy.D. program; CR: PSY 620)

611 Assessment of Children. 3 hrs.

615 Advanced Developmental Psychology. 3 hrs.
Psychological development from conception with a focus on major developmental principles, issues, and concepts. An introduction to conducting research with developmental topics and experience in applying basic developmental principles to work situations will be provided. (PR: PSY 515 or equivalent with permission of instructor)
616 Human Memory and Information Processing. 3 hrs.
Theory and research relating to human learning, memory and decision processes. (PR: PSY 323 or equivalent)

617 Applied Developmental Psychology. 3 hrs.
Application of research in developmental psychology to issues of causes of clinical problems, issues of parenting, and factors to be taken into account in interventions. (PR: Graduate status)

619 Psychotherapy with Children. 3 hrs.
Discussion and analysis of the major theories of psychotherapy with children including psychoanalytic, client-centered, existential, and behavioral theories. Students will be expected to participate in an experiential component. (PR: admission to Clinical Psychology area of Emphasis, School Psychology program, or Psy.D. program or permission)

620 Assessment of Adults Practicum. 1 hr.
Students will be expected to administer, score, interpret and write reports for a battery of tests used with adults. Must be taken concurrently with PSY 610.

621 Assessment of Children Practicum. 1 hr.
Students will be expected to administer, score, interpret and write reports for a battery of tests used with children. Must be taken concurrently with PSY 611.

623 Experimental Design. 3 hrs.
An introduction to the design and interpretation of behavioral research. Emphasis is upon tests of significance and assumptions governing their application. (PR: PSY 517 or equivalent)

624 Multivariate Analysis. 3 hrs.
Multivariate analysis in behavioral research including multiple regression, analysis of variance, canonical correlation, and principal components and factor analysis. (PR: either PSY 623 or PSY 652)

627 Social Psychological Bases of Groups. 3 hrs.
Examination of the dynamics of groups such as size, cohesion, leadership, norms and communication channels and their effects on the individual members; consideration of the impact of groups on the larger social structure.

630 Adult Diagnosis and Therapy. 3 hrs.
Current diagnostic criteria for adult psychopathology, including prevalence, epidemiology and socio-cultural milieu; in-depth presentation of psychotherapy with adults, including psychodynamic, gestalt, crisis and other modalities. (PR: PSY 533 or equivalent, or permission; admission to clinical psychology area of emphasis)

633 Individual Psychotherapy and Interviewing. 3 hrs.
An introduction to the basic skills and techniques used in treating various forms of psychopathology. (PR: Admission to Clinical Psychology area of emphasis or Psy.D. program)

634 Group Therapy. 3 hrs.
Different types of group psychotherapy as appropriate for various forms of psychopathology. (PR: Admission to Clinical Psychology area of emphasis or Psy.D. program; PSY 633)

635 Child and Family Diagnosis and Therapy. 3 hrs.
This course covers psychopathology, diagnosis and treatment of the major child and family disorders including childhood anxiety, depression, delinquency, parent-adolescent conflict, eating disorders, and others. (PR: Admission to clinical psychology area of emphasis, Psy.D. program, or permission)

650 Seminar in Performance Appraisal. 3 hrs.
The course will offer students a research-based investigation of the performance evaluation process within work organizations. Emphasis is given to human rater x ratee x appraisal system features interactions (PR: Graduate standing in Psychology; or permission of the instructor)

651 Advanced Nonparametric Statistics. 3 hrs.
An advanced survey of distribution-free statistical methods; dichotomous observations, one-sample tests, two sample tests for both independent and dependent observations, k-sample tests for both independent and dependent observations, ordinal correlational techniques, and relational measures. This course emphasizes both the theoretical constructs of distribution-free statistics and their application. Computer application of these techniques is stressed. (PR: PSY 517)

652 Advanced Regression Techniques. 3 hrs.
Survey course of the theoretical development and application of multiple regression, advanced univariate correlational techniques, covariant analysis, and an introductory factor analysis. The course emphasis is on the application of these techniques to research and data analysis within the student’s professional setting. Students will be expected to design and solve problems using computer-based models. (PR: PSY 517)

654 Single Subject Analysis. 3 hrs.
Statistical analysis of small group designs as might be found in clinical and field situations. Emphasis will be on time series analysis and computer simulation of single subject and small group behaviors. (PR: PSY 517)

656-657 Research in Psychology. 1-3; 1-3 hrs.
A laboratory course designed to give advanced students experience in all aspects of conducting psychological research. (PR: Permission of instructor)

670-671 Clinical Practicum. 1-3; 1-3 hrs.
Supervised application of principles of therapy and evaluation in a clinical setting. CR/NR grading. (PR: PSY 611, 633 and consent of instructor)

672 Cognitive and Emotional Bases of Behavior. 3 hrs.
An exploration of the research and theory concerning cognitive and emotional processes and their influences on behavior.

674 Biological Bases of Behavior. 3 hrs.
A course designed to provide an understanding of the psychophysiological functions of the human organism as an operating entity in the environment. The areas to be covered include the basic characteristics of the nervous system and the internal physiological and biochemical environment; various models of genetic aberrations, stress, drugs and other physiological anatomical factors and their observed effects on behavior. Data will be drawn from experimental work on both human and infrhuman organisms. Both theoretical and applied aspects will be considered. (PR: 6 credit hours in biology or psychology)

675-679 Practicum in Teaching of Psychology. 1-3 hrs. CR/NC.
Supervised teaching experience in introductory psychology, including development of lectures, classroom demonstrations, quizzes, tests, extra-credit activities and syllabi.

679 Testing in Industrial/Organizational Psychology. 3 hrs.
An in-depth study of psychological and educational test theory and application. Emphasis is on classical test theory, constructs, and validation, including sources of variance in test scores and prediction of individual performance. Students will be expected to design, construct, and establish reliability and validity on a test as a class project.

680 Clinical Internship. 1-6 hrs. CR/NC.
Placement in an approved mental health setting for minimum of 400 hours. Supervised by on-site personnel in addition to psychology faculty. CR/NC grading. (PR: completion of required clinical practicum sequence)

681 Thesis. 1-6 hrs. CR/NC.
683 Internship in Industrial-Organizational Psychology. 3 hrs. CR/NC.
This course will offer students applied observational/research experience in Personnel/Human Resource Departments under the supervision of professionals within the fields of Industrial-Organizational Psychology and Human Resources. CR/NC grading. (PR: Advanced standing and admission into the 1/0 degree program)

685-686 Independent Study. 3 hrs.
690-695 Seminar. 1-3; 1-3; 1-3; 1-3; 1-3 hrs.
Reports on current problems and literature in psychology and related fields; professional ethics. (PR: consent of instructor)

706 Integrated Assessment I. 3 hrs.
Integrated, battery-based assessment of adults with emphases on test selection and construction, validity, reliability, special populations, cultural and individual differences, and preparation of professional reports. (PR: Admission to Psy.D. program; CR: PSY 707)

707 Integrated Assessment Practicum I . 1 hr.
Instrument administration for the psychological assessment of adults; includes multiple diagnostic procedures. (PR: Admission to Psy.D Program, CR: PSY 706)

708 Integrated Assessment II. 3 hrs.
Integrated, battery-based assessment of children with emphases on test selection and construction, validity, reliability, special populations, cultural and individual differences, and preparation of professional reports; (PR: Admission to Psy.D program, Psy 706 and Psy 707; CR: PSY 709)

709 Integrated Assessment Practicum II . 1 hr.
Instrument administration for the psychological assessment of children; includes multiple diagnostic procedures. (PR: Admission to Psy.D. program, PSY 706 and PSY 707; CR: PSY 708)

710 Advanced Psychological Assessment. 3 hrs.
This course will offer coverage in advanced topics in psychological assessment. This topics will include geriatric assessment, assessment of addictions, neuropsychological screening, forensic assessment, and cross-cultural assessment issues. (PR: Admission to Psy.D. program or permission of instructor)

712 Geropsychology. 3 hrs.
An examination of normal and abnormal processes of aging, including common social, cognitive, health and psychopathological problems, will be studied. Issues of community resources, assessment, and therapy will be discussed. (PR: Admission to Psy.D. program, Psy 704 or equivalent)

713-714 Advanced Assessment Practicum. 1-3 hrs.
This course is designed to increase proficiency in psychological assessment through client experience. Students are supervised by a licensed psychologist in the campus training clinic.

717 Advanced Quantitative Analysis. 3 hrs.
An advanced level presentation of inferential statistics as applied in behavioral research as a part of experimental design and literature review. (PR: PSY 517 or equivalent)

723 Clinical Research Methods in Psychology. 3 hrs.
This course will provide an overview in basic research methods and ethical issues prevalent in the field of clinical psychology. Use of research to document clinical outcomes will also be addressed.

726 Advanced Studies in Cross Cultural Psychology. 3 hrs.
Comprehensive, broad scope course covering research topics, definitions and methodology; behavioral health needs of minorities; cultural perspectives on health / healing / wellness; international applications of psychological theory / practice.

731 Psychodynamic Therapy. 3 hrs.
This course presents an overview of the theory underlying psychodynamic and insight-oriented psychotherapies, with an emphasis on brief/short-term interventions. Current empirical evaluation of insight therapy is covered. (PR: Admission to Psy.D. program or permission of instructor)

732 Behavior Therapy. 3 hrs.
The course covers the methods of behavior therapy, including its use in treatment of common disorders such as depression, anxiety disorders, child conduct problems, and chronic illnesses such as schizophrenia. (PR: Admission to Psy.D. program or permission of instructor)

733 Cognitive Psychotherapy. 3 hrs.
Introduction to the literature on and profession applications of cognitive approaches to psychotherapy. Readings, case discussions, demonstrations, and seminar interactions will be used throughout. (PR: Admission to Psy.D. program or permission of instructor)

750 Clinical Health Psychology. 3 hrs.
This course will provide an overview of common medical problems, and their related psychological issues. Adjustment issues, health behavior, family impacts, and medical compliance will also be discussed. (PR: Admission to PsyD program or permission of instructor)

752 Rural Community Psychology I. 3 hrs.
This course presents an overview of the philosophy, issues, methods, and interventions of community psychology practice. Students will complete field projects as part of the experience. (PR: Admission to Psy.D. program or permission of instructor)

753 Supervision in Clinical Psychology. 3 hrs.
Review of current supervision research and theory combined with opportunities for doctoral students to gain supervised experience in clinical supervision. (PR: Admission to Psy.D. program or consent of instructor)

755 Rural Community Psychology II. 3 hrs.
This course prepares students to undertake supervised practice in rural areas, including employment of appropriate research techniques and the design of culturally and economically effective interventions. (PR: Admission to Psy.D. program or permission of instructor)

756 Independent Study. 1-4 hrs.
This is a doctorate level course that will permit students to explore topics in-depth that are not part of the regular curriculum. Faculty supervision is required. (PR: Admission to Psy.D. program and permission)

764 Advanced Studies in Human Sexuality. 3 hrs.
An examination of the knowledge and theory which explain important areas of sexual behavior. Topics emphasize sexual orientation, sexual dysfunctions, gender identity, paraphilias, and compulsive and coercive behaviors. (PR: Admission to Psy.D. program or permission of instructor)

769 Practicum in Clinical Psychology. 3 hrs.
Supervised application of principles of therapy and evaluation in a clinical setting. (PR: Admission to Psy.D. program)

770-771 Advanced Practicum in Clinical Psychology. 3 hrs.
Students provide supervised clinical services at an approved field site. (PR: Admission to Psy.D. program)

772-773 Rural Practicum I & II. 3 hrs.
Supervised two-semester sequence providing field experience in rural mental health settings. (PR: Admission to Psy.D. program)

780-783 Pre-Doctoral Internship. 1-9 hrs.
This is the final, capstone clinical training experience completed by students in the doctoral program in clinical psychology (Psy.D.). Students must complete the equivalent of a full-time, full year clinical placement at a site that is APA/APPIC accredited or has been approved by the clinical faculty. (PR: Completion of all coursework in the PsyD program; successfully pass doctoral comprehensive; approval of faculty)

790-96 Seminar in Clinical Psychology. 1 hr.
Seminars on current topics and issues of interest to clinical psychologists. Topics will change for each semester. Psy.D. program students are required to enroll for six semesters of seminars; check with advisor for details. (PR: Admission to Psy.D. program)
QUALITY ASSURANCE (QA)

635 Quality Control. 3 hrs.
Application of statistical methods to quality control: process control charts and acceptance sampling plans by variables and by attributes. Process improvement techniques.

636 Reliability Estimation and Analysis. 3 hrs.
Failure models and distributions, graphical methods of goodness-of-fit and parameter estimation, reliability measures for components and systems, fault trees, accelerated life testing, and censoring mechanisms.

650-653 Special Topics. 1-4 hrs.
Special topics in quality assurance. (PR: Consent)

676 Quality Assurance. 3 hrs.
Provides a technical overview of quality assurance and managerial implications. Management of total quality systems will be stressed. Concepts from statistical process control will be introduced. Quality costs and audits.

RELIGIOUS STUDIES (RST)

519 Religious Thought in the Western World. 3 hrs.
An analysis of the major schools of religious thought as they have developed in the West.

550 Sociology of Religion. 3 hrs.
An investigation into the nature of religion as a social phenomenon.

580-583 Special Topics. 1-4; 1-4 hrs.

585-588 Independent Study. 1-4 hrs.

599 Humanities Seminar. 3 hrs.

SAFETY TECHNOLOGY (SFT)

500 Traffic Law Enforcement. 3 hrs.
A course designed to study and evaluate the varied and complex system of laws governing the control of all forms of human traffic law and enforcement on present and future societies.

505 Introduction to Occupational Safety and Health. CR/NC. 1 hr.
Introduces students to the basic principles and emerging trends in the safety and health discipline. (All students [except safety majors] will be required to enroll.)

510 Problems and Practices in Traffic Safety and Driver Education. 3 hrs.
A survey course for supervisors of traffic accident prevention programs. Examines and evaluates problems, attitudes, activities, and administrative practices in school, city, and state traffic safety programs. Supplements basic teacher training courses in driver education. (PR: SFT 235 and 385)

536 Safety Education for Elementary Teachers. 1 hr.
Survey of accident prevention methods in the elementary school environment, with emphasis on elementary school safety curriculum, laws, personal protection and resources for elementary school teachers.

540 Industrial Fire Protection. 3 hr.
An introductory course that explores the relationship between engineering and fire prevention. Topics include: water supplies, sprinkler systems, behavior of fire and materials, fire protection, fire extinguishers, and other systems.

550 Traffic Engineering. 3 hrs.
Concerned with traffic and pedestrian flow, channelization, light coordination, intersection control, and devices as related to safe, convenient, and economical transportation of persons and goods.

553 International Safety and Health. 3 hrs.
The course covers the impact of globalization on worldwide safety and health programs, and a wide variety of safety and health programs for various countries and multi-national organizations.

554 Industrial Hygiene I. 3 hrs.
Environmental protection as related to industrial settings. Air/water quality, noise and chemical pollution and hazardous material control.

554L Industrial Environmental Auditing/Programming. 2 hrs.
Concerns development of an industrial environmental protection program for a small plant, including workplace experience in sampling/measurement of contaminants. (PR: SFT 454, or 554 or 647)

558 Hospital Safety. 3 hrs.
The course covers the various aspects of safety and health in professional health care services.

560 Fundamentals of Ergonomics. 3 hrs.
Introduction to ergonomics with discussion of ergonomic issues in relevant office, industrial, and service work. Emphasis on anticipation, recognition, evaluation, and control of ergonomic stressors.

565 Incident Investigation Techniques. 3 hrs.
An introductory course in accident investigation designed to give insight into the recognition and collection of evidence, collection and recording data and reconstructing the accident based on the facts.

580-583 Special Topics. 1-4 hrs.
Occasional offerings of current topics in safety, providing important supplementary material for participating students.

585-588 Independent Study. 1-4 hrs.
An approved study of special interest that is appropriate for the student’s program of study concerning safety. Carried out under the supervision of a faculty member. (PR: Permission)

589 Process Safety Management. 3 hrs.
A study of the latest industrial safety information which will assist the student in designing a program to reduce or eliminate all incidents which downgrade the system. (PR: SFT 565)

591-594 Workshop. 1-4 hrs.

597 Occupational Safety and Health Program Development. 3 hrs.
Safety functions in industry. Principles of organization and application of safety programs. Prevention, correction, and control methods are outlined and evaluated.

599 Occupational Safety Program Management. 3 hrs.
A study of safety programs at the state and local levels including the administrative, instructional, and protective aspects of a comprehensive safety program in schools, occupations, home and public.

601 Safety in Transportation. 3 hrs.
Concerned with safe, efficient movement of people and goods. Involves highway, air, water, pipeline, and rail.
Field Experience for the Safety Specialist. 3 hrs.
Concerned with the visitation and evaluation of the safety program of various agencies in the region.

Philosophical and Psychological Concepts of Occupational Safety and Health. 3 hrs. An analysis of the educational philosophies and the application of these philosophies to occupational safety. A study of the effect of occupational safety on modern living.

Current Literature and Research in Occupational Safety and Health. 3 hrs. An analysis and study of selected works of national and international authors concerning significant works in Occupational Safety.

Safety Engineering and Equipment Design. 3 hrs.
The design and engineering of facilities and equipment to meet the physical needs of the human as well as enhancing production.

Industrial Hygiene II. 3 hrs.
Concerned with environmental health and safety hazards that arise out of or occur during work of employees.

Quantitative Industrial Hygiene Lab. 3 hrs.
A laboratory course designed to complement Industrial Hygiene. (CR: SFT 647)

Industrial Ventilation. 3 hrs.
The course will cover the techniques of development, design, maintenance, and trouble shooting of industrial ventilation systems. Also the types of ventilation systems used for different types of toxic materials. (PR: SFT 647 or SFT 554 or permission)

Biophysical Hazards and Monitoring. 3 hrs.
The course will cover sources of biological and physical hazards for various industries and occupations. Hazard controls and preventive techniques will also be covered.

Internship for the Safety Specialist. 3-12 hrs. CR/NC.
Supervised experience on the job site. Involves the student working under safety personnel and analyzing and writing of experiences. (Permission)

Toxicology and Epidemiology. 3 hrs.
The course will emphasize the principles of toxicology, dose-response relationships, xenotoxins, the distribution of toxins, and the storage of toxins. (PR: SFT 554 or SFT 647)

Industrial Noise and Vibration. 3 hrs.
A study of the physical characteristics of noise and vibration, and its effects on the human body. (PR: SFT 554 or SFT 647)

Applied Ergonomics and Human Factors Engineering. 3 hrs.
A study of how humans interact with the work environment, focusing on human capabilities and limitations, repetitive motion disorders, the human-machine interface and workspace design.

Advanced Occupational Ergonomics. 3 hrs.
The study and application of occupational ergonomics to the design and evaluation of various work environments. (PR: SFT 660)

Methods in Work Analysis. 3 hrs.
To study, utilize, and critique several existing ergonomic analysis methods for specific intended purpose, and provide directions for new methodologies. (PR: SFT 660)

Work Environment Issues. 3 hrs.
An examination of the aspects of the work environment that can affect health: time pressure, machine pacing, control, etc. The recognition, measurement, and control of these factors will be discussed.

Traffic Safety Management. 3 hrs.
Concerned with the total Traffic Safety Management Program, including vehicle registration, driver licensing, motorcycle driver education, and motor vehicle registration.

Problem Report. 1-3 hrs. (Permission)

Thesis. 1-6 hrs.

Seminar. 1-4 hrs.

**SCHOOL PSYCHOLOGY (SPSY)**

Independent Research. 1-3 hrs.
Coursework designed to provide the student with the opportunity to work with a School Psychology program professor on a research on a research problem mutually agreed upon in terms of a specific plan of study.

Professional Competence I: Schools. 3 hrs.
Introduction to the roles and functions of school pupil personnel professionals, models of operation, problems, issues, and techniques. The organization and administration of school systems and philosophy of education are considered. Students may be expected to spend a minimum of one-half day a week observing in a local school.

Professional Competence II: Professional School Psychology. 3 hrs.
Examination of current professional issues, theoretical model and research related to delivery of school-based psychological services. Examination of the variety of methodologies and strategies for children of diverse backgrounds and exceptionalities. (PR: SPSY 601 or concurrently with 601).

Adolescent Substance Abuse. 3 hrs.
Substance abuse is a pervasive problem within our society. Mental health professionals and educators require knowledge and skills in adolescent substance abuse prevention, intervention, and treatment to address this problem.

Typical and Atypical Child Development. 3 hrs.
Psychological development from conception with a focus on major developmental principles, issues, and concepts. An introduction to conducting research with developmental topics and experience in applying basic developmental principles to work situations will be provided.

Indirect Service Delivery I: School Consultation. 3 hrs.
This course is an introduction to the theory and practice of consultation and will prepare students to serve as consultants within public schools.

Direct Service Delivery I: Instruction Methods and Behavior Modification. 3 hrs.
This course teaches the application of behavior modification principles to the classroom setting as well as the modification of instruction to meet the needs of atypical learners.

Direct Service Delivery I: Individual and Group Counseling. 3 hrs.
This course is a direct interventions course focusing on individual and group therapy for children. (PR: SPSY 616 or PSY 615)

Indirect Service Delivery II: Primary Prevention. 3 hrs.
This course is an introduction to the science and practice of primary prevention.

Data-Based Decision Making I. 3 hrs.
This course is a beginning problem-solving course designed to provide students with a variety of assessment methods they can use to start constructing their professional “tool kits.”

Data-Based Decision Making II. 3 hrs.
This course is an intermediate problem-solving course designed to provide students with a variety of assessment measures to add to their professional “tool kits.”

Data-Based Decision Making III. 3 hrs.
This course is an advanced problem-solving course designed to provide students with a variety of assessment methods to add to their professional “tool kits.”
Biological Bases of School Psychology. 3 hrs.
SPSY 674 is a 3-credit interactive and reading intensive course that uses both live class meetings and the WebCT format to present information on the biological foundations of school psychology.

Survey of Psychological Foundations of School Psychology. 3 hrs.
PSY 675 is a reading and writing-intensive course that presents information on the psychological foundations of school psychology.

Special Topics, 1-6 hrs.
Courses in specialized areas of school psychology on issues in the practice of school psychology.

School Psychology Practicum I. 3 hrs. CR/NC.
The initial practicum in school psychology is designed to provide a structured, experiential link between early coursework and practical experience.

School Psychology Practicum II. 3 hrs. CR/NC.
The second practicum in school psychology is designed to provide a structured, experiential link between intermediate coursework and practical experience.

School Psychology Practicum III. 3 hrs. CR/NC.
Assessment behavior management and consultation experiences in a school setting, supervised by a certified school psychologist for 2 days per week. (PR: SPSY 624 and SPSY 739)

Internship in School Psychology. 1-12 hrs. CR/NC.
Students may apply for permission to enroll for this course with the Coordinator of Field-Based Experiences. Students must request internship from the program faculty at least one semester in advance of their starting dates. The internship requires full-time experience for one school year or one half-time experience for two consecutive school years (minimum of 1200 clock hours). Each 1 hour credit requires 100 clock hours. The internship in School Psychology requires a contractual agreement between the school system, the university, and the student that outlines the responsibilities of each party. Students will be expected to assume the roles and responsibilities of functioning school psychologists in a school. (PR: SPSY 740)

Ed.D. Thesis Research. 3 hrs.
Development and defense of a research proposal examining a specific hypothesis in School Psychology. Analysis of data, written presentation in thesis form, and public defense are required. (PR: 3 credit hours of 600-level statistics and approved prospectus)

Program Evaluation. 3 hrs.
The course is designed to provide students with the fundamental skills to develop and implement evaluations of educational programs in the classroom, school, county or state. (PR: PSY 517 and SPSY 623)

SOCIIOLOGY (SOC)

Population and Human Ecology. 3 hrs.
The course focuses on population and its relation to characteristics of environment. Specifically, it is designed to discuss the interaction of population processes and resources.

The Family. 3 hrs.
Theoretical analysis of the family as a primary social institution.

Social Movements and Social Change. 3 hrs.
Analysis of large-scale social change, including intentional social movements and revolutions.

Criminology. 3 hrs.
An overview of sociological criminology, including an examination of explanations of criminal behavior, types of criminal activity, and an analysis of the criminal justice system.

Social Class, Power and Conflict. 3 hrs.
Theoretical analysis of economic and political inequality and the role of social conflict in the process of large-scale social organization.

Race and Ethnicity. 3 hrs.
Diverse theoretical approaches to the meaning of race and ethnicity and the character of racial/ethnic relations, with substantive focus primarily on the U.S.

Medical Sociology. 3 hrs.
Social organization of modern medicine and allied health delivery systems.

Sociology of Appalachia. 3 hrs.
Study of the economics, politics, and social relations of Appalachia, including contemporary debates.

Sociology of Work. 3 hrs.
Study of the organization and structure of the workplace as a social system; the meaning and organization of work; managerial functions; management-labor relations; and human relations in industry.

Juvenile Delinquency. 3 hrs.
A sociological analysis of juvenile crime, including a review of the origins of juvenile delinquency, an evaluation of causal theories, and an overview of the juvenile justice system.

Introduction to the Sociology of Aging. 3 hrs.
An introduction to the social processes and consequences of growing older for both the individual and society.

Urban Sociology. 3 hrs.
The sociology of urban and metropolitan communities.

Evaluation Research. 3 hrs.
Analysis and application of theories and methods for assessing the outcomes of applied organizational services and programs to affect change in people and for social conditions.

Sociology of Religion. 3 hrs.
An investigation into the nature of religion as a social phenomenon.

Sociology of Death & Dying. 3 hrs.
The study of death and dying as a societal and cultural phenomenon. Explores how institutions within our society deal with death.

Sociology of Sex and Gender. 3 hrs.
Analysis of social differentiation and inequality by gender, with a focus on the contemporary U.S.

The Holocaust and Genocide. 3 hrs.
An examination of the Holocaust and other genocides from an interdisciplinary social science perspective.

Complex Organizations. 3 hrs.
Analysis of complex organizations with special attention given to bureaucratic organization.

National Identity. 3 hrs.
Exploration of the cultural, political and economic processes that contribute to the creation and maintenance of the modern nation state as an imagined community.

Sociological Field Experience. 3; 3 hrs.
Supervised field work in a social organization or community working on practical problems.
610  Contemporary Sociological Theory. 3 hrs.
An advanced introduction to major theoretical developments and issues of significance in contemporary sociological theory, examining various theoretical perspectives at different levels of analysis and from different viewpoints.

620  Feminist Social Theory. 3 hrs.
Diverse theoretical perspectives on the origins and nature of gender, inequality. Emphasis on contemporary debates and their political implications.

621  Pedagogy and Instructional Experience in the Middle School. 3 hrs.
Students plan and deliver beginning Spanish instruction to middle school students.

622  Composition, Conversation, and Introduction to Hispanic Literature. 3 hrs.
Continuing supervision of students’ teaching experiences. Continued attention to advanced grammar concepts, composition and conversation, and reading proficiency with an emphasis on the introduction of Hispanic literature.

623  Spanish Literature from the Cid through the 17th Century. 3 hrs.
On demand. Readings, lectures, reports and discussions of significant literary works from the Cid through the 17th century. (PR: 6 hours of literature numbered 318 or above or equivalent)

624  The Modernist Movement. 3 hrs. S.
The precursors of the Modernist Movement, its chief exponents, and its influence on the literature of Spanish America and Spain. Readings, lectures, discussions, and reports in Spanish. (PR: 6 hours of literature numbered 318 or above or equivalent)

625  Advanced Syntax and Stylistics. 3 hrs. S.
A detailed analysis of Spanish syntax and shades of meaning with the writing of original compositions in Spanish to perfect the student’s own style. (PR: SPN 204 or equivalent)

626  Special Topics. 1-4; 1-4; 1-4 hrs.
Independent study of topics not offered in regularly scheduled courses.

627  Independent Study. 1-4; 1-4; 1-4 hrs.
Individual study of topics not offered in regularly scheduled courses.

SPANISH (SPN)

505  Pedagogy and Instructional Experience in the Middle School. 3 hrs.
Students plan and deliver beginning Spanish instruction to middle school students.

506  Composition, Conversation, and Introduction to Hispanic Literature. 3 hrs.
Continuing supervision of students’ teaching experiences. Continued attention to advanced grammar concepts, composition and conversation, and reading proficiency with an emphasis on the introduction of Hispanic literature.

510  Spanish Literature from the Cid through the 17th Century. 3 hrs.
On demand. Readings, lectures, reports and discussions of significant literary works from the Cid through the 17th century. (PR: 6 hours of literature numbered 318 or above or equivalent)

560  The Modernist Movement. 3 hrs. S.
The precursors of the Modernist Movement, its chief exponents, and its influence on the literature of Spanish America and Spain. Readings, lectures, discussions, and reports in Spanish. (PR: 6 hours of literature numbered 318 or above or equivalent)

561  Advanced Syntax and Stylistics. 3 hrs. S.
A detailed analysis of Spanish syntax and shades of meaning with the writing of original compositions in Spanish to perfect the student’s own style. (PR: SPN 204 or equivalent)

580-583  Special Topics. 1-4; 1-4; 1-4 hrs.
Independent study of topics not offered in regularly scheduled courses.

585-588  Independent Study. 1-4; 1-4; 1-4 hrs.
Independent study of topics not offered in regularly scheduled courses.

507  Foreign Language Teaching Methodology. 3 hrs.
Introduction to the communicative approach to language teaching. Presentations and practice in the creation of lesson plans using in-class technologies and computer assisted language learning materials. Course taught in English. Required for teaching assistants. Does not count toward degree.

511  Literature I: Pre Modern Latin American Literatures. 3 hrs.
A study of representative Latin American literary works from the Pre-Colonial and Colonial periods and the 19th Century. Course taught in Spanish.

512  Literature II: Contemporary Latin American Literatures. 3 hrs.
A study of a selection of Latin American authors and works representative of the major literary movements in Latin America, from Modernism to present. Course taught in Spanish.

Study of poetry, fiction, drama, essays, etc. in Latin America. At the discretion of the instructor literary genres will be crossed with approaches such as gender, race, religion, ethnicity, etc. Course taught in Spanish.

514  Literature I: Medvil., Russs., Golden Cent. Literature. 3 hrs.
Study of the representative Spanish authors and literary works and the major intellectual movements in pan-Cultural literature from Medieval times to Spain’s Golden century. Course taught in Spanish.
515 Literature II: 18th and 19th Centuries. 3 hrs.
Study of the representative Spanish authors and literary works and the major intellectual movements in peninsular literature during the 18th and 19th Centuries. Course taught in Spanish.

516 Literature III: Contemporary Spanish Literature. 3 hrs.
Study of the representative authors and literary works and the major intellectual movements in peninsular literature from the Generation of 1898 to the present. Course taught in Spanish.

533 Intensive Grammar Review. 3 hrs.
This course will review and expand specific, advanced Spanish language structural points. It will include daily intensive practice in the four linguistic skills. Course taught in Spanish. (PR: SPN 315/316 or SPN 323/324 or permission)

535 Contemporary Latin American Culture. 3 hrs.
The course provides an overview of contemporary Latin American cultures. It deals with political changes, artistic movements and issues of public interest during the 20th Century. Course taught in Spanish.

536 Culture and Society in Contemporary Spain. 3 hrs.
Course based on origins of issues confronting contemporary Spain: the war’s aftermath, transition to democracy and modernization, the European Union, terrorism, regional autonomy, feminism, sexual identity. Course taught in Spanish.

544 Bilingual Contrastive Grammar. 3 hrs.
This course will compare Spanish and English grammatical structures. It will be taught in both languages to demonstrate the similarities, the differences, and intertwining relationship between them. (PR: SPN 315/316 or SPN 323/324 or permission)

610 Readings in Spanish or Spanish America Literature. 1-3 hrs.
Readings designed for the graduate student who has the interest and the ability to study in depth a certain author, genre, or literary movement. (PR: 6 hours of literature numbered 318 or above or equivalent and permission of instructor)

611 Latin American Poetry: Resistance through Verse. 3 hrs.
Course introduces students to Latin American poetry within framework of gender/genre and linguistic subversions of canonical and linguistic codes in traditionalist Western aesthetics of poetry. Course taught in Spanish. (PR: SPN 656 and graduate status).

612 Spanish-American Romanticism. 3 hrs.
Leading writers and trends in thought and versification of the romantic period. (PR: 6 hours of literature numbered 318 or above or equivalent)

613 Texts and Intertextualities in 20th Century Latin America. 3 hrs.
Overview of the various ways in which literary and non-literary Latin American texts have interacted during the 20th century. Course taught in Spanish. (PR: SPN 636 and graduate status).

614 Themes and Styles in Spanish Poetry. 3 hrs.
Survey of Spanish poetry with emphasis on the cultural and intellectual contexts in which it is produced. Poetics. Course taught in Spanish. (PR: SPN 656 and graduate status).

615 Latin American Theater: Plays, Performance and Politics. 3 hrs.
Course introduces students to Latin American theater within framework of literary and discursive subversion theater and realism. Course taught in Spanish. (PR: SPN 656 and graduate status).

616 Traditional and Innovative Forms in Spanish Prose. 3 hrs.
Development of Spanish prose. Reading of selected works by important authors. Comparison and contrast of different types of discourses. Discourse analysis and interpretation. Course taught in Spanish. (PR: SPN 656 and graduate status).

618 Society and Literature: Spanish Theater. 3 hrs.
Application of dramatic theories to samples of Spanish theater. Emphasis will be placed on the cultural contexts of the plays read. Course taught in Spanish. (PR: SPN 656 and graduate status).

620 Spanish Romanticism. 3 hrs.
The trends and characteristics of the romantic period in the writings of its leading exponents in lyric poetry, nondramatic prose, and the theatre. (PR: 6 hours of literature numbered 318 or above or equivalent)

625 Spanish Literature of the Twentieth Century. 3 hrs.
Emphasis on prose, poetry and the theatre since 1936, including writers in exile. (PR: 6 hours of literature numbered 318 or above or equivalent)

650-653 Independent Study. 1-4 hrs.
Independent research in selected areas of Spanish or Spanish American Literature that are not available in other courses.

655 Introduction to Spanish Linguistics. 3 hrs.
General Survey of Spanish linguistics, both theoretical (phonetics, phonology, syntax, and semantics) and applied (pragmatics, discourse analysis, sociolinguistics and bilingualism). Course taught in Spanish. (PR: SPN 533 or SPN 544 and graduate status)

656 Critical Theory for Spanish/Latin American Literature. 3 hrs.
Study of the major trends in literary theory and criticism in the 20th century. Practical application of the theories to various kinds of texts written in Spanish. Course taught in Spanish. (PR: graduate status)

679 Problem Report. 1-3 hrs. (PR: Permission)

681 Thesis. 1-6 hrs. (PR: Permission)

SPECIAL EDUCATION
(See Curriculum and Instruction)

SPEECH
(See Communication Studies)

SPEECH PATHOLOGY
(See Communication Disorders)

SPORT ADMINISTRATION
(See Exercise Science and Sport)
TECHNOLOGY AND ENGINEERING (TE)

580-83 Special Topics. 1-4 hrs. Occasional offerings of current topics in technology and engineering, providing important supplementary material for participating students.

585-88 Independent Study. 1-4 hrs. An approved study of special interest concerning technology and engineering that is appropriate for the student’s program of study. Carried out under the supervision of a faculty member.

600 Orientation to CITE Graduate Study. 0 hrs. Orientation course covering skills such as technical communication, quantitative reasoning, research methods, ethics and professionalism, teamwork, and discipline-specific information.

650-53 Special Topics. 1-4 hrs. Occasional offerings of current topics in technology and engineering, providing important supplementary material for participating students.

685-88 Independent Study. 1-4 hrs. An approved study of special interest concerning technology and engineering that is appropriate for the student’s program of study. Carried out under the supervision of a faculty member.

698 Comprehensive Project Formation. 3 hrs. S/U. Comprehensive project proposal is developed and approved, and work begun under supervision. Technical report writing, oral presentations, and communication skills. (PR: EM 660 and have completed min. 18 hours toward degree)

699 Comprehensive Project. 3 hrs. S/U. Completion of comprehensive project under the supervision of a faculty member. Includes final written submittal and public oral presentation. (PR: TE 698 and have completed minimum 27 hours toward degree)

TECHNOLOGY MANAGEMENT (TM)

600 Program Introduction Seminar. 1 hr. This course reviews fundamental mathematical and statistical methods, presentations, report writing, group project skills, and use of case studies. An orientation and overview to the degree program are also provided. (PR: Full Admission to TM program, or permission of TM Program Director)

610 Technology and Innovation Management. 3 hrs. Provides a comprehensive introduction to technology and innovation management. Considers issues relating to international markets, innovation, and rapidly changing technology. Also covers effective organizational and managerial approach to technology. (PR: Full Admission to TM program, or permission of TM Program Director)

612 Economic and Financial Analysis for Technology Management. 3 hrs. Tools and techniques for financial analysis, cost estimation, budgeting, and control, for technology-oriented projects and organizations. Includes financial statements, economic analysis, reporting, and life-cycle costing and control principles. (PR: CITE majors only or permission)

615 Information Technology Strategies. 3 hrs. This course provides sound principles for managing information technology-computers and telecommunication systems - as well as the processes and procedures for applying the principles. (PR: CITE majors only or permission)

620 Technology Planning. 3 hrs. Methods of technology planning, strategic management, and forecasting for use in technology intensive organizations are discussed, including technology life cycles and strategies for commercializing products.

630 Quality and Productivity Methods. 3 hrs. Study of quality and productivity improvement methods with emphasis on applications to knowledge worker organizations. Examines total quality management, and personal and organizational productivity improvement processes. (PR: CITE majors only or permission)

640 Intelligent Transportation Systems. 3 hrs. Overview of transportation telemetrics and introduction to intelligent transportation systems. Communications and computing technologies in transportation. Overview of issues: traffic safety, public transportation.

650-653 Special Topics. 1-4 hrs. Occasional offerings of current topics in technology management, providing important supplementary material for participating students. (PR: Full Admission to TM program or permission of TM Program Director)

660 Computing and Information Systems Technologies. 3 hrs. Provides a broad understanding of computing and information systems technologies with emphasis on development, current trends, strategic and tactical management, and legal and regulatory issues. (PR: TM 615 concurrent)

664 Health Informatics. 3 hrs. Introduction of various aspects of medical informatics, including medical literature search and retrieval, management and analysis of data, modeling and simulation, data communications, on-line databases, and clinical decision analysis. (PR: TM 615)

667 Modern Manufacturing Concepts. 3 hrs. The course covers modern manufacturing concepts, analysis, and tools such as Just-In-Time, MRP systems, Lean Manufacturing, inventory management, total quality manufacturing, factory physics, and operating and control philosophies. (PR: TM 610 concurrent)

668 Computer Integrated Manufacturing. 3 hrs. The course covers computer-aided design, computer-aided manufacturing, and computerized process support tools for increasing productivity in manufacturing.

685-688 Independent Study. 1-4 hrs. An approved study of special interest concerning technology management, under the supervision of a faculty member. (PR: Full Admission to TM program, or permission of TM Program Director)

699 Capstone Project. 3 hrs. S/U. An individualized technology management capstone project, which will be planned and carried under the supervision of a faculty member.

THEATRE (THE)

510 Playwriting. 3 hrs. Study of dramatic structure, characterization, dialogue, themes, sounds, and spectacle, including the writing of one-act plays. (PR: THE 101 or permission of instructor)

520 Acting for the Musical Theatre. 3 hrs. Analysis of musical scripts; study of spoken and musical scenes; staging musical numbers; and preparation of audition material. (PR: THE 222)

521 Acting for the Camera. 3 hrs. Projects in acting for the camera. Video taping of selected acting exercises. (PR: THE 222)

523 Stanislavsky System of Acting. 3 hrs. Study of the Stanislavsky System of Acting and using it in preparing and performing excerpts from plays.
Children’s Theatre. 3 hrs.
Theory, direction, and staging of plays for children.

Directing I. 3 hrs.
Introduction to theories, principles, techniques, and history of directing. (PR: THE 150, 151, 152, and 222)

Directing II. 3 hrs.
In-depth study of directorial approaches. Analysis of contemporary movements and leaders in the field. Students must stage productions as part of class requirement. (PR: THE 537 or permission of instructor)

Directing for the Camera. 3 hrs.
Projects in directing for the camera. Video taping of selected directing exercises. (PR: THE 437/537 or permission of instructor)

Theatre History to 1660. 3 hrs.
Survey of man’s activities in the theatre from primitive times to 1660. (PR: THE 101 or permission of instructor)

Theatre History since 1660. 3 hrs.
Survey of man’s activities in the theatre from 1660 to the present. (PR: THE 101 or permission of instructor)

Stage Lighting III. 3 hrs.
Advanced study in the aesthetic principles of lighting design. Emphasis on design principles in non-proscenium theatres. (PR: THE 350)

Scene Design II. 3 hrs.
Advanced work in the process and styles of design for the stage. Emphasis on abstraction, different materials, and designing for various theatre forms. (PR: THE 261, 360)

Special Topics in Theatre. 1-4; 1-4; 1-4 hrs.
Program of study not normally covered in other courses. Topics vary from semester to semester. (PR: Permission of chairman)

Independent Study. 1-4; 1-4; 1-4 hrs.
Courses taught by tutorials; directed independent readings or research; problem reports, and other activities designed to fill the needs of individual students. (PR: Permission of chair)
Visit the Marshall University Graduate Council’s website (www.marshall.edu/graduate-council) for additional information on graduate faculty membership such as levels and expiration dates.

ACCOUNTANCY AND LEGAL ENVIRONMENT

Professor
Cal Kent, B.A. 1963, Baylor University; M.A. 1965, Ph.D. 1967, University of Missouri

Associate Professors
Marie Archambault, B.B.A., 1986, Saginaw Valley State College; Ph.D., 1992, Michigan State University

Assistant Professor
Ray Keener, B.S./B.A. 1979, J.D. 1982, West Virginia University; L.L.M., 1990, Georgetown University
T. Maurice Lockridge, B.B.A. 1973, Chicago State University; M.B.A. 1993, Memphis State University; Ph.D. 2004, University of Memphis

Adjunct Faculty
Alice W. Shumlas, B.S. 1968, West Virginia Wesleyan; M.S. 1975, Penn State University; J.D. 1989, University of Pittsburgh

ADULT AND TECHNICAL EDUCATION

Professor

ADVANCED EDUCATIONAL STUDIES

Professor
Linda Spatig, B.S. 1971, Barton College; M.Ed. 1974, Western Washington State; Ed.D. 1986, Houston

ANATOMY AND PATHOLOGY

Professor
Sasha Zill, B. A. 1966, Columbia University; Ph. D. 1979, University of Colorado

Associate Professor
Laura Richardson, B.A. 1972, Newton College of the Sacred Heart; M.S. 1979, U. of Virginia; Ph.D. 1993, Georgetown

Assistant Professor

Adjunct Professor
Guo-Zhang Zhu, B.S. 1992, Shanghai Medical University (China); Ph.D. 1997, Shanghai Institute of Biochemistry (China)
APPLIED SCIENCE AND TECHNOLOGY

Professor

D. Scott Simonton, B.S. 1991, West Virginia Institute of Technology; M.S. 1997, Marshall; Ph.D. 2002, University of New Mexico
Anthony B. Szwilski, B.Sc. 1972, U. of Nottingham, United Kingdom; M.B.A. 1986, Xavier; Ph.D. 1975, U. of Nottingham, United Kingdom

Associate Professor

Tracy Christofero, B.S. 1984, M.S. 1986, Indiana University; Ph.D. 2005, Nova Southeastern University
Clair J. Roudebush, B.S. 1977, California U. of Pa.; M.S. 1980, Central Missouri State; Ph.D., Texas A&M

Assistant Professor

J. Patrick Conlon, B.S. 1976, Indiana University of Pennsylvania; M.S. 1978, Central Missouri State University
James McIntosh, B.S. 1984, Fairmont State College; M.S.E. 1987; West Virginia University

Adjunct Professor

James Wolfe, B.S. 1991, United States Naval Academy; M.S. 1999, Marshall

ART AND DESIGN

Professor

Byron Clercx (Chair), B.S. 1985, University of Wisconsin-River Falls; M.F.A. 1991, California State University-Fullerton
Jonathan Cox, B.F.A. 1972, U. of Florida; M.F.A. 1975, Rhode Island School of Design
Mary Grassell, B.F.A. 1965, Carnegie Mellon University; M.F.A. 1984, Syracuse University

Assistant Professor

Hayson Harrison, B.F.A. 1991, Virginia Commonwealth University; M.B.A. 2003, University of Richmond
Daniel Kaufmann, B.S. 1997, B.A., Florida State University, M.F.A. 2008, University of New Mexico
Brent Patterson, B.A. 2001, Ohio State University; M.F.A. 2004, Washington State University

BIOCHEMISTRY AND MICROBIOLOGY

Professor

Susan Jackman, B.S. 1971, M.S. 1974, Marquette; Ph.D. 1984, Iowa
Michael R. Moore, B.S. 1966, St. Joseph’s College; M.S. 1969, Ph.D. 1975, University of Georgia
Richard Niles (Chair), B.A. 1968, Rhode Island College; M.S. 1970, New Hampshire; Ph.D. 1972, Massachusetts-Amherst
Donald Primmero, B.S. 1976, St. Vincent; Ph.D. 1982, Duke

Associate Professor

Pier Paolo Claudio, M.D. 1989, Ph.D. 1994, U. of Naples (Italy)
Philippe Georgel, Maitrise, 1987, University of Poitiers (France); Ph.D. 1993, Oregon State
Elaine Hardman, B.S. 1979, Auburn; Ph.D. 1993, U. of Texas Health Science Center, San Antonio
Vincent Sollars, B.A. 1993, Ph.D. 2000, Kansas
Wei-Ping Zeng, B.S. 1986, Jiangxi University (China); Ph.D. 1995, SUNY Buffalo

Assistant Professor

Mayon Park, B.S. 1985, Sham Yook University (Korea); M.S. 1994, Ph.D. 1998, University of Michigan

Adjunct Professor

Wendy Trzyna, B.Sc. 1985, Illinois State University; Ph.D. 1993, University of Wyoming

BIOLOGICAL SCIENCES

Professor

Franklin Binder, B.S. 1967, Indiana University; M.S. 1969, Ph.D. 1971, West Virginia University
Dan Evans, B.S. 1961, Murray State University; M.S. 1972, Ph.D. 1976, Southern Illinois University
Victor Fet, B.S./M.S. 1976, University of Novosibirsk (Russia); Ph.D. 1984, Zoological Institute, Academy of Sciences, St. Petersburg (Russia)
Frank S. Gilliam, B.S. 1976, Vanderbilt University; Ph.D. 1983, Duke University
David Mallory, B.S. 1980, Cornell; M.S., 1983, Maine; Ph.D., 1987, West Virginia
Thomas K. Pauley, B.S. 1962, University of Charleston; M.S. 1966, Marshall University; Ph.D. 1977, West Virginia University
Elmer M. Price, B.S. 1983, Northern Kentucky University; Ph.D. 1987, University of Cincinnati
Charles Somerville (Dean, College of Science), B.S. 1978, Penn State; Ph.D. 1990, U. of Maryland
Suzanne G. Strait, Ph.D. SUNY Stony Brook 1991
Jagan Valluri, B.S. 1981, Osmania University; M.S. 1984, Baylor University; Ph.D. 1988, Texas A&M University

Associate Professor
Eric Blough, B.S. 1990, Michigan Technological University; M.S. 1992, Southern Illinois University; Ph.D., 1997, The Ohio State University
Phillipe Georgel, Maitrise, 1987, University of Poitiers (France); Ph.D. 1993, Oregon State University
Nicola LoCascio, B.S. 1975, Mary Washington College of the University of Virginia; Ph.D. 1984, University of North Carolina - Chapel Hill
Frank O’Keefe, B.S. 1992, Stanford University; M.S. 1997, Ph.D. 2000, University of Chicago
Wendy Trzyna, B.Sc. 1985, Illinois State University; Ph.D. 1993, University of Wyoming
Guo-Zhang Zhu, B.S. 1992, Shanghai Medical University (China); Ph.D. 1997, Shanghai Institute of Biochemistry (China)

Assistant Professor
Brian Antonson, B.Sc. 1992, Ph.D., 1999, University of Victoria
Jeffrey L. Kovatch, B.S. 1995, University of Pittsburgh; Ph.D. 2008, Syracuse University

CHEMISTRY

Professor
Michael P. Castellani (Chair), B.S. 1982, Furman; M.S., 1983, Northwestern; Ph.D., 1986, UC-San Diego
John L. Hubbard, B.S. 1969, North Carolina; Ph.D., 1976, Purdue

Associate Professor
Robert Morgan, B.A. 1983, Queens College; Ph.D. 1992, City University of N.Y.

Assistant Professor
Rudolf Burcl, M.S. 1992, Charles University (Czechoslovakia); Ph.D. 1999; Oakland University
Laura McCunn, B.A. 2001, Ohio Wesleyan University; M.S. 2002, Ph.D. 2005, University of Chicago
Bin Wang, B.S. 1994, Beijing Medical University (China); M.S. 2003, National University of Singapore; Ph.D. 2004, Queen’s University (Canada)

CLASSICS

Professor
Caroline A. Perkins, B.A. 1973, McGill University; M.A. 1975, State University of New York at Buffalo; Ph.D. 1984, The Ohio State University

Assistant Professor
E. Del Chrol, B.A. 1995, Rutgers University; M.A. 1997, University of Maryland; Ph.D. 2006, University of Southern California
Christina Franzen, B.A. 1999, University of Georgia; M.A. 2003, University of Washington; Ph.D. 2007, University of Washington

COMMUNICATION DISORDERS

Professor

Associate Professor
Kathryn Chezik (chair), B.A. 1967, M.A. 1969, Indiana University

(continued)
Assistant Professor

Beverly E. Miller, B.A. 1987, Thiel College; M.A. 1989, Ohio

COMMUNICATION STUDIES

Professor

Robert Bookwalter (Interim Dean, College of Education and Human Services), B.A. 1979, California State, Fresno; M.A. 1982, Montana; Ph.D. 1989, Kansas
Camilla Brammer (Interim Chair), B.S. 1979, M.A. 1982, Marshall; Ph.D., 1992, Ohio

Associate Professor

Assistant Professor

Lindsay R. Calhoun, B.A. 1998, Colorado State University; M.A. 2001, University of Denver; Ph.D. 2007, University of Utah

COUNSELING

Professor

Donald Hall, B.A. 1971, Marshall; M.A. 1972, Eastern Kentucky University; Ed.D. 1978, University of Virginia

Associate Professor

Wayne F. Coombs (Director, West Virginia Prevention Resource Center), B.A. 1987, M.A. 1989, Ph.D. 1994, West Virginia

Assistant Professor

Lisa Burton, B.S. 1990, West Virginia University; M.A. 1993, West Virginia Graduate College; Ph.D. 2008, Capella University
Andrew Burck, B.A. 1998 Mercyhurst, College; M.Ed. 2001, Kent State University; Ph.D. 2006, The University of Toledo
Lori Ellison, B.A. 1985, Baylor University; M.A. and MA.1990, Southwestern Baptist Theological Seminary; Ph.D. 2007, Texas A&M University-Commerce.

CRIMINAL JUSTICE AND CRIMINOLOGY

Professor

Margaret Phipps Brown, B.A. 1976, West Virginia Wesleyan; J.D. 1979, Emory
Samuel L. Dameron, A.B. 1973, Ohio; M.S. 1978, Eastern Kentucky State; Ph.D. 1987, Sam Houston State

Associate Professor

Dhruba J. Bora (Chair), B.A. 1991, Marshall University; M.S. 1992, Eastern Kentucky University; Ph.D. 2003, Indiana University of Pennsylvania
DIETETICS

Associate Professor
  Kelli J. Williams (Chair), B.S. 1995 Lipscomb University, M.A. 1997, Marshall University; Ph.D. 2006, The Ohio State University

EDUCATIONAL FOUNDATIONS

Professor

Associate Professor

ELEMENTARY & SECONDARY EDUCATION

Professor
  Sandra S. Bailey, B.S. 1971, Bluefield State; M.A. 1985, WV Graduate College; Ed.D. 1988, West Virginia
  Lisa A. Heaton (Program Director), B.S. 1992, Bethel College; M.Ed. 1995, Ph.D. 1999, University of Virginia
  Rudy D. Pauley (Associate Vice President for Outreach and Continuing Studies), B.S. 1992, Liberty University; M.A. 1994, WV Graduate College; Ed.D. 1998, West Virginia
  Frances Simone, B.A. 1964, Queens College of CUNY, M.Ed. 1967, U. of Florida; Ph.D. 1974, Duke
  Nancy Wilson, B.A. 1966, College of Wooster; M.S. 1973, Midwestern State; Ed.D. 1986, West Virginia

Associate Professor
  Bizunesh Wubie, B.A. 1978, Addis Ababa University; M.E. 1993, Ph.D. 2001, University of Toronto

Assistant Professor

ENGINEERING AND COMPUTER SCIENCE (Weisberg Division)

Professor
  Jamil Chaudri, B.Sc. (Honours)1967, Salford; M.Sc.1970, Nottingham; Ph.D. 1982, Durham University Business School
  Betsy Ennis Dulin (Dean, CITe), B.S. 1985, West Virginia Institute of Technology; M.S. 1986, Virginia Polytechnic Institute and State University; J.D. 1992, Washington & Lee University School of Law
  Venkat Gudivada, B.Tech. 1983, JNT University (India); M.S. 1986, Ph.D. 1993, University of Louisville
  William E. Pierson, B.S. 1969, WV Tech, M.S. 1973, West Virginia University, PhD. 1976, University of Missouri - Rolla
  Wael Zatar, B.S. 1990, Cairo University, M.S. 1994, Cairo University, D. Eng. 1999, Saitama University

Associate Professor
  John Biros, B.A. 1962, M.A. 1964, Duquesne; M.S. 1993, West Virginia Graduate College

(continued)
Assistant Professor

Andrew P. Nichols, B.S.C.E. 2000, West Virginia University; M.S. 2001, Purdue University; Ph.D. 2004, Purdue University

Adjunct Professor

James Wolfe, B.S. 1991, United States Naval Academy; M.S. 1999, Marshall

ENGLISH

Professor

Kellie Bean (Associate Dean, Liberal Arts), B.A. 1986, M.A. 1988, Ohio State; Ph.D. 1994, Delaware
Timothy Burbery, B.A. 1985, Claremont McKenna; Ph.D. 1997, SUNY Stony Brook
Shirley Lumpkin, B.A. 1965, Ohio Wesleyan University; M.A. 1966, Johns Hopkins University; Ph.D. 1983, McGill University
Mary Moore, B.A. 1967, U. of California, Riverside; M.A. 1976, California State; Ph.D. 1994, U. of California, Davis
Arthur Stringer, B.A. 1971, Ohio; M.A. 1974, Colorado State; M.F.A. 1979, Massachusetts
Edmund Taft, B.A. 1970, Duke University; M.A. 1977, University of Rhode Island; Ph.D. 1983, Penn State
John Van Kirk, B.A. 1976, Webster; M.F.A. 1991, Univ. of Maryland

Associate Professor

Roxanne Aftanas, B.A. 1997, M.A.2000, Arkansas Little Rock; Ph.D. 1995, Texas Woman's University
Christopher Green, B.A. 1991, University of Kentucky; M.A. 1993, Appalachian State University; M.F.A. 1996, M.S. 1998, Indiana University; Ph.D. 2004, University of Kentucky
Hyo-Chang Hong, B.A. 1995, Yeung-Nam University (Korea); M.A. 1997, Ph.D. 2002, Ball State
Anthony Viola, B.A. 1994, East Stroudsburg University; M.A. 1998, University of North Dakota; Ph.D. 2003, Ohio University

Assistant Professor

Rachael Peckham, B.A. 2002, Hope College; M.F.A. 2004, Georgia College and SU; Ph.D. 2009, Ohio
Kelli Prejean, B.A. 1998, Nicholls State University; M.A. 2001, University of Southern Mississippi; Ph.D. 2005, University of Louisville
Jun Zhao, B.A. 1993, Huazhong Normal University (China), M.A. 2000, York University (Canada); Ph. D. 2007, University of Arizona

Instructor

FAMILY AND CONSUMER SCIENCE

Professor

Mary Mhang, B.S. 1974, University of Missouri; M.A. 1985, Mount Saint Vincent University; Ph.D. 2006, Iowa State University

FINANCE AND ECONOMICS

Professor

Michael L. Brookshire, B.S. 1971, Ph.D. 1975, Tennessee
Dallas Brozik, B.A. 1972, Coe College; M.B.A. 1980, Lewis University; Ph.D. 1984, South Carolina

Assistant Professor

FORENSIC SCIENCE

Professor

Associate Professor

Graham Rankin, B.S. 1968, Southern Methodist; Ph.D., Oceanography, 1974, Texas A & M; Ph.D., Chemistry, 1993, U. of Houston
Pamela J. Staton, B.S. 1975, Morehead State University; M.S. 1978, West Virginia; Ph.D, 2001, Marshall

Adjunct Professor

Thomas Rushton, B.A. 1985, Vandervilt, M.D. 1989, South Florida

GEOGRAPHY

Associate Professor

Kevin T. Law, B.A. 1998, West Virginia University; M.S. 2001, Ph.D. 2006, The Ohio State University

Assistant Professor

Godwin Djietrour, B.A. 1991, University of Ghana; M.A. 1997, University of Toledo; Ph.D. 2003 McMaster University
Joshua Hagen, B.A. 1997, University of Northern Iowa; M.S. 1998, Ph.D., 2003, University of Wisconsin-Madison
Anita Walz, M.S. 1993, Oregon State University; M.S. equivalent (1994), Universitaet Konstanz (Germany); Ph.D. 2002, University of Maryland

GEOLOGY

Professor

Dewey D. Sanderson, B.S. 1964, Wisconsin; Ph.D. 1972, Michigan State

Associate Professor

Aley K. El-Shazly, B.Sc. 1983, University of Alexandria (Egypt); M.S. 1987, Ph.D. 1991, Stanford University

HISTORY

Professor

William G. Palmer, B.S. 1973, Iowa State University; Ph.D. 1981, University of Maine
Robert D. Sawrey, B.A. 1970, South Dakota; M.A. 1971, Ph.D. 1979, Cincinnati

Associate Professor

Daniel Holbrook (Chair), B.A. 1986, Brandeis University; M.S. 1994, Carnegie Mellon University
Margaret Rensenbrink, B.A. 1993, University of Massachusetts; Ph.D. 2003, Chicago
Phillip Rutherford, B.A. 1987, University of Southern Maine; Ph.D. 2001, Penn State
Christopher White, B.A. 2001, Humboldt State University; Ph.D. 2005 Kansas

Assistant Professor

Kevin Barksdale, B.A. 1995, Winthrop University; Ph.D. 2005, West Virginia
Anara Tabyshalieva, M.A. 1979, Ph.D. 1985, Kyrgyz National; M.A. 2003, Johns Hopkins

Adjunct Professor

Nathaniel DeBruin, B.A. 1976, Texas A&M University; M.L.S. 1996, University of Maryland – College Park
HUMANITIES

Professor
Frances Simone, B.A. 1964, Queens College of CUNY; M.Ed. 1967, U. of Florida; Ph.D. 1974, Duke

Adjunct Professor
Robert D. Sawrey, B.A. 1970, South Dakota; M.A. 1971, Ph.D. 1979, Cincinnati

INTEGRATED SCIENCE AND TECHNOLOGY

Associate Professor
Thomas G. Jones, B.A. 1990 M.S. 1992, Marshall University; PhD 1997, University of Louisville

JOURNALISM AND MASS COMMUNICATIONS

Professor
Corley F. Dennison (Dean), B.A. 1976, James Madison; M.A. 1984, Northwest Missouri State; Ed.D. 1991, West Virginia

Associate Professor
Janet Dooley (Assistant Dean), B. A. 1973, Marshall; M. S. 1974, University of Tennessee at Knoxville

Assistant Professor
Robert Rabe, B.A., 1992, University of Nebraska: 2002, M.A. University of Wisconsin

KINESIOLOGY

Professor
William P. Marley, B.S. 1960, Concord University; M.A. 1962, University of Maryland; Ph.D. 1969, The University of Toledo

Associate Professor
Charles Eric Arnold (Interim Chair), B.S. 1996, West Georgia University; M.S. 1999, Ph.D. 2008, Georgia State University
Jennifer Y. Mak, B.A. 1995, Hong Kong Baptist University; M.S. 1998, Ph.D. 2000, Indiana
Gary McIlvain, B.S. 1993, Lipscomb University; M.S. 1999, Middle Tennessee State University; Ed.D. 2008, University of Kentucky

Assistant Professor
Richard E. Abel, B.S. 1974; M.B.A., 1999, West Virginia University
Jarrod D. Schenewark, B.A. 1994, University of Connecticut; M.A. 1998, University of California, Berkeley; Ph.D. 2008, University of Texas at Austin
Tim Tolbert, B.S. 2000, The University of West Alabama; M.Ed. 2002, Berry College; Ph.D., 2009, Middle Tennessee State University
Gregg Twietmeyer, B.A. 1997, Concordia University; M.A. 2003, University of Michigan; Ph.D. 2008, Penn State University

LEADERSHIP STUDIES

Professor
Dennis M. Anderson (Distinguished Professor of Education), B.S. 1964, Florida State; M.A. 1965, M.A. 1971, Appalachian State; Ed.D. 1975, Virginia Tech
Michael L. Cunningham, B.S. 1972, West Virginia; M.A. 1977, West Virginia College of Graduate Studies; Ed.D. 1996, West Virginia
Teresa R. Eagle (Dean, Graduate School of Education and Professional Development), B.S. 1978, U. of Charleston; M.A. 1982, WV Graduate College; Ed.D. 1996, West Virginia
Linda Spatig, B.S. 1971, Barton College; M.Ed. 1974, Ed.D. 1986, University of Houston

Associate Professor
Assistant Professor

Cynthia Phillips Kolsun, B.S. 1971, West Virginia University; M.A. 1979, University of South Florida; Ed.D. 2009, West Virginia University

Louis Watts, B.A. 1971, Harding University; M.A. 1978, West Virginia College of Graduate Studies; Ed.D. 1997, West Virginia University

Professor Emeritus

Powell E. Toth, B.S. 1956, M.Ed. 1961, Miami U.; Ph.D. 1967, Ohio State

MANAGEMENT, MARKETING AND MANAGEMENT INFORMATION SYSTEMS

Professor

Chong W. Kim (Dean, Lewis College of Business), B.A. 1966, Yon Sei; M.B.A. 1971, Miami; Ph.D. 1976, Ohio State

Deanna Mader, B.A. 1975, M.A. 1978, Western Kentucky University; Ph.D. 1984, University of Georgia

Phil Rutsohn, A.A.S. 1964, SUNY Farmingdale; B.A. 1967, New Mexico Highlands; M.S. 1968, Oklahoma State; Dr.P.H. 1976, The U. of Texas Health Sciences Center

Andrew Sikula, Sr. (Director, Graduate School of Management), B.A. 1966, Hiram College; M.B.A. 1967, Ph.D. 1970, Michigan State University

Uday Tate, B.A., M.B.A. 1967, Univ. of Baroda; M.B.A. 1974, Western Illinois; D.B.A. 1983, Tennessee

Associate Professor

Christopher M. Cassidy, B.S. 1985, United States Air Force Academy; M.B.A. 1992, Gonzaga University; Ph.D. 2002, Texas A&M University

Doohee Lee, B.P.A. 1991, Soougsil University; M.A. 1994, Wichita State University; Ph.D. M.P.H. 1999, The University of Texas School of Public Health

Kurt E. Olmosk, B.S. 1964, Case Institute of Technology; Ph.D. 1970, Case Western Reserve University

Assistant Professor

Alberto Coustasse, M.D. 1992, M.B.A. 1994, Pontifical Catholic University of Chile; M.P.H. 1999, Dr.P.H. 2004, University of North Texas at Fort Worth

Sharath Sasidharan, B.T. 1994, University of Kerala (India); M.B.A. 1997, University of Glasgow (United Kingdom); Ph.D. 2006, University of Kentucky

Adjunct Professor

Joe Price, B.A.B.A. 1967, Nichols College (Dudley, Mass.); J.D. 1978, West Virginia University

MANAGEMENT PRACTICE IN NURSE ANESTHESIA

Doctoral Faculty

Mary Emmett, B.S. 1969, Marquette University; M.S.S. 1981, University of South Dakota; Ph.D. 1991, University of Iowa

Kathryn Newcome, B.S. 1980, West Virginia University; C.R.N.A. 1996, CAMC School of Nurse Anesthesia; M.S. 1996, West Virginia Graduate College; D.M.P.N.A. 2007, Marshall University

Nancy Tierney, (Director, School of Nurse Anesthesia) B.A. 1976, West Virginia State University; M.S. 1984, University of Pittsburgh; D.M.P.N.A. 2007, Marshall University

Priscilla J. Walkup, R.N. 1971, Charleston General Hospital School of Nursing; C.R.N.A 1973, CAMC School of Nurse Anesthesia; B.A. 1977, West Virginia State University; M.S. 1992,University of Charleston; D.M.P.N.A. 2007, Marshall University

MATHEMATICS

Professor
Alfred Akinsete, B.Sc. 1980; M.Sc., 1983; Ph.D., 1996, University of Ibadan (Nigeria)
Ariyadasa Aluthge, B.S. 1981, Kelaniya, Sri Lanka; M.S. 1985, Ottawa; Ph.D., 1990, Vanderbilt
John Drost, B.S. 1978, Florida International; Ph.D. 1983, Miami
Bonita Lawrence, B.A. 1979, Cameron; M.S. 1990, Auburn; Ph.D. 1994, U. of Texas, Arlington
Ralph Oberste-Vorth (Chair), B.A. M.A. 1981, Hunter College; Ph.D. 1987, Cornell U.
Scott Sarra, B.S. 1993, Shepherd College; M.S. 1995, Ph.D. 2002, West Virginia University

Associate Professor
Alan Horwitz, B.S. 1980, Ohio State; M.A. 1985, Ph.D. 1988, SUNY Stony Brook
Basant Karn, B. Sc., M. Sc. 1997, Tribhuvan University (Nepal); Graduate Diploma 1999, International Center for Theoretical Physics; Ph.D. 2004, Baylor University
Peter Saveliev, Diploma 1987, Moscow State University (Russia); Ph.D. 1999, U. of Illinois

Assistant Professor
Anna Mummer, B.A. 2000 SUNY at Geneseo; Ph.D. 2006, Penn State
Carl Mummer, B.S. 1996, Western Carolina University, Ph.D. 2005, Pennsylvania State University

MODERN LANGUAGES

Professor
Maria Carmen Riddle, B.A. 1975, Marshall; M.A. 1977, Universidad De Salamanca (Spain); Ph.D. 1988, Ohio State

Associate Professor
María Rosario Quintana, M.A. 1991, Ph.D. 2006, Universidad Complutense de Madrid (Spain)
Carlos M. Lopez, M.A. 1976, Instituto Alfredo Vázquez Acevedo; Ph.D. 1995, Ohio State

Assistant Professor
Christine M. Huhn, B.A. 1988, University of Wisconsin Oshkosh; M.A. 2001, Northern Illinois University; Ph.D. 2003, Purdue University

MUSIC

Professor
Steve Barnett, B.M.E. 1979, University of Mississippi; M.M. 1992, Mississippi College
Edwin Bingham, B.M. 1976, Tennessee; M.M. 1978, Juillard; D.M.A. 1988, Kentucky
David Castleberry, B.A. 1978, Furman University; M.A. 1980, D.M.A. 1992, University of Texas at Austin
Elizabeth Reed Smith, B.M., 1979, Eastman School of Music; M.M. 1981, Yale; D.M.A. 1983, Eastman School of Music

Associate Professor
Julio Alves, B.M. 1995, University of Brasilia; M.M. 1999, The Peabody Conservatory of the Johns Hopkins University
Ann Marie Bingham, B.S. 1978, University of Tennessee; M.M. 1984, Eastern Kentucky University; M.M. 1994, Marshall; D.M.A. 1990, University of Kentucky
Solen Dikener, B.M. 1986, Hacettepe University; M.M. 1990, Conservatoire National de Nice (France); M.M. 1993, Louisiana State University; D.M.A. 2000, Michigan State University
Martin Saunders, B.M.E. 1992, Winthrop University; M.M. 1996, Wright State University; D.M.A. 2008, University of Oklahoma
Vicki P. Strocher, B.M., B.M.E. 1981, Southwestern; Ph.D. 1994, North Texas
Assistant Professor
Sean Parsons, B.M. Illinois Wesleyan University; M.M. 2003, DePaul University; D.M.A. 2006, University of Illinois

Adjunct Professor

NURSING
Professor
Rebecca Appleton, B.S.N. 1983 Ohio State , M.S. 1987 Ohio State, PhD 1995, University of Utah

Associate Professor
Sandra Prunty, B.S.N., M.S.N., Marshall; Ph.D., University of Kentucky

PHARMACOLOGY, PHYSIOLOGY, AND TOXICOLOGY
Professor
Carl A. Gruetter, B.S. 1972, Pennsylvania State; Ph.D. 1978, Tulane
William D. McCumbee, B.S. 1965, St. Edwards University; M.A. 1967, Sam Houston State; Ph. D. 1977, U. of Houston
Gary O. Rankin (Chair), B.S. 1972, Arkansas-Little Rock; Ph.D. 1976, Mississippi
Monica A. Valentovic, B.S. 1978, Michigan Tech.; M.S. 1980, Toledo; Ph.D. 1983, Kentucky

Associate Professor
Todd Green, B.S. 1978, Florida State; Ph.D. 1986, Virginia
Jung Han Kim, B.S. 1985, M.S. 1987, Dongduk Women’s University (South Korea); Ph.D. 1996, Tennessee
Nalini Santanam, B. Sc. 1984, Meenakshi College for Women (Madras, India); M. Sc. 1986, Post-Graduate Institute for Basic Medical Sciences (Taramani, India); M.P.H., 2004, Emory; Ph.D. 1992, Christian Medical College & Hospital (Vellore, India)

Assistant Professor
Piyali Dasgupta, M.S. Indian Institute of Technology, New Delhi; Ph.D. 1999, National Institute of Immunology, New Delhi
Travis Salisbury, B.S. 1997, Ph.D. 2003, Kent State

Adjunct Professor
Brian Antonsen, B.Sc. 1992, Ph.D., 1999, University of Victoria
Eric Blough, B.S. 1990, Michigan Technological University; M.S. 1992, Southern Illinois; Ph.D. 1997, Ohio State
Robert Harris, B.S. 1985, Marshall; Ph.D. 1992, Ohio U.

PHILOSOPHY
Professor
John N. Vielkind (Chair), B.A. 1967, St. Mary’s; M.A. 1970, Ph.D. 1974, Duquesne

PHYSICS AND PHYSICAL SCIENCE
Professor
Ralph E. Oberly, B.S. 1963, Ph.D. 1970, Ohio State
Nicola Orsini (chair), B.S. 1972, M.S. 1973, Western Michigan; Ph.D. 1977, Michigan

Associate Professor
Huong Nguyen, B.S. 1981, M.S. 1989 Kishinev State University (Moldavia, formerly USSR); Ph.D. 2001 City University of New York

Assistant Professor
Maria Babiuc, M.S. 1991, Ph.D. 2000, University of Iasi, Romania
Xiaojuan Fan, B.S. 1986, M.S. 1989, Anhui University of China; Ph.D. 1999, University of Science & Technology of China
Howard Richards, B.S. 1990, University of Alabama; M.S. 1994, Ph.D. 1996, Florida State University
POLITICAL SCIENCE

Professor

Robert Behrman, B.A. 1967, DePauw University; Ph.D. 1986, Indiana University
Cheryl Brown, B.S. 1987, M.P.H. 1990, Columbus College; Ph.D. 1997, Georgia State

Associate Professor

Marybeth Beller (Chair), B.A. 1989, West Virginia State College; M.A. 1997, Marshall University; Ph.D. 2005, University of Kentucky
George Davis, B.A. 1997, State University of New York at Oswego; M.A. 2000, Virginia Polytechnic Institute and State University; Ph.D. 2005, Pennsylvania State University, 2005

Assistant Professor

Jason J. Morrissette, B.A. 1999, King College; M.A. 2001, Virginia Tech; Ph.D. 2007, University of Georgia
Shawn Schulenberg, B.A. 2002, Sain John’s University; M.A. 2004, Ph.D. 2010, University of California

PSYCHOLOGY

Professor

Marc A. Lindberg, B.A. 1971, Minnesota; M.A. 1973, Ph.D. 1976, Ohio State
Steven Mewaldt (Chair), B.A. 1969, Cornell; M.A. 1972, Ph.D. 1975, Iowa
Pamela Mulder, B.A. 1978, Whittier College; M.A. 1985, California State, Fresno; Ph.D. 1991, California School of Professional Psychology
Stephen O’Keefe, B.S. 1965, M.A., Ohio State; Ph.D. 1973, Peabody College of Vanderbilt University
Joseph Wyatt, B.A. 1969, Morris Harvey; M.S. 1970, Miami; Ph.D. 1980, West Virginia

Associate Professor

Massimo Bardi, M.S. 1994,University of Pisa (Italy); Ph.D. 1998, University of Bologna (Italy)
Thomas Linz, B.A. 1982, M.A. 1983, West Georgia College; Ph.D. 1988, University of Georgia

Assistant Professor

April Fugett, B.A. 2002, M.A. 2004, Morehead State University; Ph.D. 2008, University of Kansas
Tony Goudy, B.A. 1985, M.S. 1988, West Virginia; Ph.D. 1994, Penn State
Angela Kelling, B.S. 2000, M.S. 2003, Ph.D 2008, Georgia Institute of Technology
Nicholas Kelling, B.S. 2001, M.S. 2006, Ph.D 2009, Georgia Institute of Technology

READING EDUCATION

Professor

Terrence Stange, B.S. 1975, M.S. 1981, Northern State University; Ph.D. 1993, University of Oklahoma

Associate Professor

Laura Boswell, B.A. 1973, University of Kentucky; M.A. 1984, Morehead State University; Ed.D. 2001, Univ. of Sarasota;

Assistant Professor

Mindy Allenger, B.A. 1992, California State University; M.A. 2004, Marshall

Professor Emeritus

RELIGIOUS STUDIES

Professor

Clayton McNearney, B.A. 1962, Minnesota; Ph.D. 1970, Iowa

SCHOOL PSYCHOLOGY

Professor

Stephen O’Keefe, B.S. 1965, M.A., Ohio State; Ph.D. 1973, Peabody College of Vanderbilt University

Associate Professor

Sandra Stroebel, B.A. 1982, Ashbury College; M.A. 1986, Ph.D. 1988, University of South Carolina

SOCIOLOGY AND ANTHROPOLOGY

Professor

Anders Linde-Laursen, Exam Art 1981, Mag. Art 1989, Copenhagen University (Denmark); Ph.D. 1995, Lund University (Sweden)

Associate Professor

Markus Hadler, M.A. 1999, Ph.D. 2002, Habilitation 2005, University of Graz (Austria)
Frederick P. Roth, B.A. 1968, The College of William and Mary; M.A. 1985, Rutgers University; Ph.D. 2001, University of Connecticut

Assistant Professor

SPECIAL EDUCATION

Professor

Associate Professor

Jeanette Lee-Farmer, B.S. 1974, West Virginia State University; M.S. 1975, Marshall University (COGS); Ph.D. 1992, The Ohio State University

Assistant Professor

Marshall University Academic Calendar for 2010-2011

SECOND SEMESTER 2010-2011

January 3, 2011, Monday ..............................................................................................................University Offices Open
January 3, Monday – January 7, Friday .............................................................................................Registration/Schedule Adjustment
January 9, Sunday, 9 a.m. ..................................................................................................................Residence Halls Open
January 10, Monday .........................................................................................................................First Day of Classes
January 10, Monday – January 14, Friday ..............................................................................Late Registration and Add/Drop (Schedule Adjustment)
January 14, Friday ...............................................................................................................................Last Day to Add Classes (Withdrawals Only After This Date)
January 17, Monday .........................................................................................................................Martin Luther King, Jr. Holiday – University Closed
January 18, Tuesday ..........................................................................................................................“W” Withdrawal Period Begins
February 4, Friday ..............................................................................................................................Application for May Graduation Due in Academic Dean’s Office
February 11, Friday .............................................................................................................................Last Day to Drop 1st 8 Weeks Courses
March 2, Wednesday ...........................................................................................................................Mid-Semester, 1st 8 Weeks Courses End
March 3, Thursday ...............................................................................................................................2nd 8 Weeks Courses Begin
March 7, Monday, Noon .......................................................................................................................Deadline for Submitting Freshmen Mid Term Grades
March 14, Monday ...............................................................................................................................Final Draft of Thesis Due in Advisor’s Office
March 18, Friday .................................................................................................................................Last Day to Drop a Full Semester Individual Course
March 19, Saturday, Noon .................................................................................................................Residence Halls Close
March 20, Sunday - March 27, Sunday ...............................................................................................Spring Break – Classes Dismissed
March 21, Monday - April 29, Friday ................................................................................................Complete Withdrawals Only
March 27, Sunday, Noon .....................................................................................................................Residence Halls Open
March 28, Monday ..............................................................................................................................Classes Resume
March 28, Monday - April 1, Friday ......................................................................................................Advance Registration For Summer Session Open to All Admitted/Re-admitted Students
April 4, Monday ....................................................................................................................................Recommended Date to Apply for December 2011 Graduation
April 4, Monday .................................................................................................................................Advance Registration For Summer Session Open to All Admitted/Re-admitted Students
April 6, Wednesday ..............................................................................................................................Assessment Day – Classes Cancelled for University-Wide Assessment Activities.

Students obtain list of activities from department chair. Undecided students should go to their college office for a list. (Evening Classes 4:00 p.m. or Later Will Meet)

April 8, Friday .........................................................................................................................................Last Day to Drop 2nd 8 Weeks Courses
April 11, Monday - April 22, Friday ..................................................................................................Advance Registration Fall Semester for Currently Enrolled Students
April 21, Thursday ...............................................................................................................................Last Day for Defense of Dissertation
April 25, Monday ...............................................................................................................................Last Possible Date for Thesis/Dissertation Defense
April 25, Monday - April 29, Friday .................................................................................................“Dead Week”
April 25, Monday – May 6, Friday ......................................................................................................Advance Registration for Fall Semester Open to All Admitted/Re-Admitted Students

Except First-Time Fall Undergraduates

April 29, Friday .................................................................................................................................Last Class Day and Last Day to Completely Withdraw For Spring Semester
April 30, Saturday .............................................................................................................................Exam Day for Saturday Classes (and some common finals)
May 2, Monday ......................................................................................................................................Exam Day
May 3, Tuesday .....................................................................................................................................Exam Day
May 4, Wednesday ............................................................................................................................Study Day – Exams for Wednesday Classes 3 p.m. and After Will Be Held
May 5, Thursday ..................................................................................................................................Exam Day
May 5, Thursday .............................................................. Approved Thesis/Dissertation Must Be Submitted Electronically And All Paperwork/Checks Must Be in Graduate College Office

May 6, Friday .............................................................................................................. Exam Day

May 7, Saturday - May 8, Sunday ................................................................. Advance Registration/Schedule Adjustment for Fall Semester is Suspended

May 7, Saturday ...................................................................................................... 174th Commencement Exercises

May 7, Saturday, Noon ............................................................................................. Residence Halls Close

May 9, Monday ........................................................................................................ Registration/Schedule Adjustment Resumes for Fall Semester for All Students Except First-Time Fall Undergraduates

May 10, Tuesday, Noon ......................................................................................... Deadline for Submitting Final Set of Grades

May 28, Saturday - May 30, Monday ...................................................................... University Computer Services Unavailable

May 30, Monday ...................................................................................................... Memorial Day Holiday - University Closed

July 4, Monday ........................................................................................................ Independence Day Holiday Observed – University Closed
