Will They Be Lost In The New And Changing World?

"The central and predominant right of every child is to have a teacher who, like Socrates, is not only devoted to truth and its inexorable ways, but is also willing to fight for it to the bitter end."

From Your President

Tonite, on the eve of a dream come true and a 1960-62 objective becoming a reality — the first program of the Little White House Conference for Children and Youth in West Virginia is opening in our State Capitol, and I am writing my last message to you as President of the West Virginia Federation of Women's Clubs. As I reminisce on this very vital objective of this administration, I recall the wires and personal letters going out from our Adult Institute in the Fall of 1960 to Governor Underwood and to the State Superintendent of Schools, emphasizing our educational program

for 1960-62 and pleading for the formation of a little White House Conference to implement the recommendations from the big White House Conference in Washington from which your president had just returned, bringing the sad news that in that meeting, West Virginia and perhaps only one other state presented no progress report or any follow up program from the White House Conference for Children and Youth held in Washington a decade ago.

Mrs. Charles Henry, Education Department Chairman, and Miss Helen Stealey also a delegate from West Virginia to the White House Conference in Washington, along with the concerted effort from all West Virginia Clubwomen, to both former Governor Cecil Underwood, and our present Governor, W. W. Barron, urging the formation of this very organization which is convening in Charleston and opening its sessions tonite, has been a very rewarding experience for the West Virginia Federation of Women's Clubs.

The great thrill in my looking over the White House Conference program for West Virginia is that the subjects for discussion in workshops are almost identical to the Federation's recommendations as they were presented to the State Board of Education many months ago.

To some outsiders, this Little West Virginia White House Conference for our Children and Youth may seem like something that just happened but those who have had a close look at the picture since our delegates returned in 1960, inspired and thrilled by the thought of implementing this program, it has been a long, hard battle, but one well worth the courage, patience and effort put forth to initiate its inception and formation.

The Federation could never have completed this task alone — This truly is a real investment the Federation has made in the Future of West Virginia — Our sincere thanks and heartfelt gratitude to all those who have helped make this project a reality and achievement of our Federation

"The Master Healer"

an original by Warner Sallman

Clubwomen of West Virginia share in an original mural "The Master Healer" painted by one of our greatest contemporary religious artists, Warner Sallman.

The Mural hangs in the entrance to the new Union Protestant Hospital, Clarksburg, West Virginia.

The lesson portrayed here is that in the midst of misery, agonizing pain, corruption and sin, Christ often invades the premises of individuals, seeking with tender compassion to help, heal and restore life to one of love, joy and peace in Him.

In this institution founded on the gracious Christian precepts fostered, among others, in the mind of Dr. John F. McCuskey; this particular painting sets forth the heart desire and devotion to Jesus Christ to whom he acknowledged complete sovereignty.

May the blessed memory of Dr. McCuskey's dedication and benevolent service to his fellow man in the name of Him who is known as the Great Physician be constantly recalled by this Memorial.

56th Convention Set For March 29-31

GFWC Officer
Keynote Speaker
At Greenbrier

MRS. DEXTER O. ARNOLD

"Women in America — Fallin vs Fallout" is the topic of Mrs. Dexter O. Arnold's address, Thursday evening, March 29, at the Convention. She is First Vice President of the General Federation of Women's Clubs, and a resident of Concord, New Hampshire.

Cosmopolitan is the word describing Mrs. Dexter O. Arnold, for her activities at home and abroad have kept her close to the hearts of women around the world. She has traveled throughout Europe and spent nine summers abroad from 1930 to 1939. On one of her interesting trips she accompanied a student group to the Salzburg Festival in Austria.

Her work in teaching and communications has included a number of related fields. A graduate of Syracuse University, Syracuse, New York, she has served as Director of Speech and Dramatics in the schools of Syracuse. She has been interviewer and producer, Columbia Broadcasting System, and Radio Director for the State of New Hampshire Development Commission. She is author of a textbook in speech,

Northern District Grets Convention

Greetings to all the women of the West Virginia Federation of Women's Clubs. It is not only an honor but a happy privilege for the clubs of the Northern District to welcome you to the magic of the beautiful and comfortable Greenbrier Hotel in White Sulphur Springs on the occasion of the Fifty-Sixth Annual Convention of the State Federation.

We hope that you will feel that we have looked forward to this event with all the warmth and consideration of a hostess setting her house

in order for a dear friend.

May your visit be one of fun; of enriching old friendships and building new ones, but most of all, may you gain a new insight on your membership in General Federation; your own worth as a member of an organization founded on the basic principles of service to humanity.

Once again, a sincere and cordial welcome!

Dorothy R. (Mrs. Peter) Davis
President, Northern District
WVFWC

and has done extensive work in play-writing.

Mrs. Arnold's work as a former national officer of Delta Gamma Sorority has kept her in touch with young women in campuses throughout the nation. Having no youngsters of her own Mrs. Arnold entertains two nephews, age 11 and 15, during the summer and every school vacation.

She is a member of the Millville Women's Club, membership 34, and the Concord Woman's Club, membership 500, which gives her an opportunity to know the problems of a small club as well as a large one.

Mrs. Arnold was the founder of the New Hampshire Authors Luncheon which is sponsored by the Concord Club and provides scholarships for Concord girls. In 1952 the University of New Hampshire named Mrs. Arnold "New Hampshire's Most Distinguished Citizen".

The New Hampshire woman was Chairman of the United Nations Specialized Agencies and Chairman of the Communications Department of the General Federation of Women's Clubs.

A hobby that has taken on tremendous proportions is Mrs. Arnold's interest in problems of the aging. She is Chairman of the New Hampshire Council of Problems of the Aging; Coordinator and Chairman of the first Governor's Conference to prepare for the White House Conference on Aging.

Mrs. Arnold enjoys living in New England — but she also has the far west in her eyes for she was born in Lusk, Wyoming.

Mrs. J York Welborn, President of the Virginia Federation of Women's Clubs, is a native of Oklahoma. She spent several years of her life in Colorado before moving to Arlington thirty years ago. She is a graduate of the Colorado State University with a B.S. degree in Home Economics.

Because of her background of study, of life on a fruit farm, of 4-H Club, both as a member and as a leader, it is natural that she should stress strengthening home life during her term as the leader of the more than 400 federated women's clubs in Vir-

"Women And the War On Traffic Accidents" Safety Expert's Topic

Amos E. Neyhart

Regarded as America's pioneer in Driver Education, Professor Amos E. Neyhart, Director, Institute of Public Safety, The Pennsylvania State University, and Consultant on Driver Education, American Automobile Association, presented the first high school Driver Education Course in the country in State College (Pennsylvania) High School during the 1933-34 school term.

The Safety Division, Mrs. R. H. Colvin, Chairman, arranged for Professor Neyhart to speak on Friday afternoon at the convention. His subject, "Women and the War on Traffic Accidents."

As the need for many properly prepared teachers became apparent, Professor Neyhart presented the first Teacher Preparation Course in Driver Education in the United States during the 1936 summer session at The Pennsylvania State University. This was followed in 1937 by the first College Professor's Seminar in this field at the University of Kentucky conducted by him and Dr. F. R. Noffsinger. Since then, he has personally conducted numerous such courses on campuses all over the United States, as well as graduate seminars in Safety Education. These courses carry both graduate and undergraduate credit.

Widely traveled as a speaker and lecturer, Professor Neyhart has presented papers and reports and served as moderator and panel member at annual meetings of many associations.

Look for the Steelmark when you buy

When the STEELMARK appears on a product in a store, it means that the product is a good buy, that you will get your money's worth because it is made of steel produced in the United States by American men and women. It has become a symbol of a progressive industry.

The STEELMARKS above represent the types of fine steel produced by the men and women who work in the mills at Weirton Steel Company. These people have demonstrated their awareness of the direct relationship between the company's sales and their jobs. The security of their jobs depends upon the success of Weirton Steel in competing with foreign steels and other American products.

The STEELMARK is helping Weirton Steel sell American steel. The people of Weirton, both company employees and other residents, are also helping the nation's economy when they look for the STEELMARK when they buy.

THE COVER PICTURE

(Continued from page 3)

Will they be lost in a new and changing world? Are they being educated for excellence or have we compromised for less?

Have they been exposed to the Educational Routine on all levels?

Our children now sitting in the public schools of West Virginia will be living and working all over the world, and it is the responsibility of every West Virginia Clubwoman to see that their local schools prepare these children adequately to live harmoniously in other countries.

I thought perhaps you would like reading an article which Dr. Thomas Wikstrom, Music Consultant for the West Virginia Department of Education, found somewhere during his travels revealing what the parents of today might hope the teacher would impart to his child. The article's title is: "Please Teach My Boy About Life But Do It Gently If You Can." A copy of the article follows:

"My young son started to school a few weeks ago. It's all going to be strange and new to him for awhile, and I wish you would sort of treat him gently.

"You see, up to now, he's been king of the roost . . . he's been boss of the backyard. His mother has always been around to repair his wounds, and I've always been handy to soothe his feelings.

"But now things are going to be different.

"This morning he's going to walk down the front steps, wave his hand, and start out on the great adventure . . . it's an adventure that will probably include wars and tragedy and sorrow. To live his life in the world he has to live in will require faith and love and courage. So, world, I wish you would sort of take him by his young hand and teach him the things he will have to know.

"Teach him . . . but gently, if you can.

"He will have to learn, I know, that all men are not just, that all men are not true. But teach him also that for every scoundrel there is a hero . . . that for every

crooked politician, there is a dedicated leader . . . Teach him that for every enemy, there is a friend. It will take time, world, I know, but teach him if you can, that a nickel earned is of far more value than a dollar found . . . Teach him to learn to lose . . . and to enjoy winning. Steer him away from envy, if you can, and teach him the secret of quiet laughter. Let him learn early that the bullies are the easiest people to lick . . .

"Teach him, if you can, the wonder of books . . . But also give him quiet time to ponder the eternal mystery of birds in the sky, bees in the sun, and flowers on a green hill. In school, world, teach him it is far more honorable to fail than to cheat . . . Teach him to have faith in his own ideas, even if everyone tells him they are wrong. Teach him to be gentle with gentle people and tough with tough people.

"Try to give my son the strength not to follow the crowd when everyone else is getting on the bandwagon. Teach him to listen to all men . . . but teach him also to filter all he hears on a screen of truth and take only the good that comes through.

"Teach him, if you can, how to laugh when he is sad . . . Teach him there is no shame in tears . . . Teach him there can be glory in failure and despair in success.

"Teach him to scoff at cynics and to beware of too much sweetness . . . Teach him to sell his brawn and brains to the highest bidders but never to put a price tag on his heart and soul. Teach him to close his ears to a howling mob . . . and to stand and fight if he thinks he's right.

"Treat him gently, world, but don't coddle him because only the test of fire makes fine steel. Let him have the courage to be impatient . . . let him have the patience to be brave. Teach him always to have sublime faith in himself. Because then he will always have sublime faith in mankind.

This is a big order, world, but see what you can do . . . He's such a nice little fellow . . . he is my son!"

The Kanawha Valley Youth Symphony

The Kanawha Valley Youth Symphony will present a concert on Friday afternoon, 2:15 p.m., March 30.

The symphony was organized twelve years ago under the sponsorship of The Woman's Club of Charleston. The Symphony is conducted by Mr. Alfred Moroni and the instructors are Mrs. Nellie Wiant and Mr. John Lambrose.

A well organized committee headed by Mrs.

Robert Trost, supervises the children each week and plans two social activities each season. The instructors are paid by the Woman's Club of Charleston, and the children pay a nominal fee.

Although sponsoring the Kanawha Valley Youth Symphony Orchestra is the most time consuming and expensive of all projects sponsored by the Woman's Club of Charleston, it is also the most rewarding and the one in which each member has the most pride.

FROM YOUR PRESIDENT (Continued from page 3)
goals for 1960-62.

The keynote address of the Little White House Conference was given by Governor Barron. He said at this Conference:

"My idea for West Virginia is centered in the concept of development and new growth. We have programs underway for roads, industrial expansion, natural-resource development, agricultural improvement, and the improvement of State-controlled institutions. But these are not enough. We must have widespread and deep-rooted educational improvement too. We must cause new growth within our system of public education.

In my recent message to the second regular session of the 55th Legislature, I said:

'I already have assured key school leaders that immediately after this session I plan to work with them in

developing a major school improvement program that will guarantee to lift education to its proper level in West Virginia — and equally guarantee our teachers conditions which will make top-flight, modern instruction possible.

'In developing this plan, it is my aim to make it possible for some of our school leaders to visit other states in search of new ideas and ways for improvements. Further, it will be my purpose to see that a blueprint of this school improvement program is completed in time for action by the 1963 Legislature.' "

I should like to strongly recommend that the West Virginia Federation of Women's Clubs give the Governor their whole-hearted support in the coming years and never falter in their efforts and attempts to see that this promise to the children of West Virginia is fulfilled.

THE WESTON FEDERATED CLUB OF WESTON, W. VA. WAS THE FIRST CLUB TO SPONSOR A CLASS IN "WORLD AFFAIRS," according to Dr. E. B. McCue, Director of the Extension Division of the West Virginia University. Dr. McCue said, in a letter written to Miss Genevieve Sweeney, President of the Club, "In my fifteen years experience with adult education, I have never seen such a demand for help on a non-credit informal basis. You and your Weston Group got started first and you seem to have led the parade." "We could organize twenty more, if we had the money," he continued.

Junior Director's Message

Dear Girls,

Remember the song from "Annie Get Your Gun" — taking stock of what I have and what I haven't — what do I find? Well! I find from reviewing all of your marvelous reports that West Virginia has done it again. I am just bursting with pride of your many many accomplishments.

Mrs. Sullivan

With reports behind us we find March is a big month for all of us in the State Federation. I hope you are planning to attend the State Convention at the Greenbrier, March 29-31st. Mrs. McCuskey has a wonderful and most informative program scheduled. The Juniors will report at the Friday night session. Hope to see you there.

One of the pleasant duties I have had as your Junior Director was representing you at the Southeastern

Council meeting held in Pinhurst, North Carolina in January. Thank you for allowing me this privilege.

Don't forget our Junior Convention to be held in Huntington on April 27th and 28th. The Huntington Juniors are planning a fun packed time for all of us. Make your reservations with the Hotel Frederick right away.

The GFWC Convention will be held in Washington, D.C. with West Virginia having Maxine Scarbro as candidate for Junior Director. We should pack that hotel with West Virginians. Start saving your pennies gals and let's all go go to Washington in June. The Sheraton Park will be headquarters.

Love,
Bobbe'

PRE-CONVENTION MEETING
