1973

Calspan

Season's Greetings

Calspan Corporation
Buffalo, New York 14221

Formerly Cornell Aeronautical Laboratory, Inc.

Calspan's research photographers, whose creative extracurricular work is represented in this calendar. Clockwise from the left, George Padginton, Ray Kelly, Bob Scott and Shirley Mandel. George, Ray and Bob are veteran photographers who have won numerous awards for their photographic abilities. Shirley just recently became a professional photographer, but her skill is already apparent.

CREDITS: Raymond Kelly — January 1973, October and November
Shirley Mandel — March and August
George Padginton — June, September, December and January 1974
Robert Scott — February, April, May and July

The new corporate symbol on the cover signals both change and continuity in our organization. Your 1973 calendar comes to you from the same people who comprised, in the past, Cornell Aeronautical Laboratory. We are continuing our broad program of applied research and development at the same facilities from the same independent viewpoint, under the same management. What's different? We recently changed our name to Calspan Corporation and converted to for-profit operation. With continued dedication to technical excellence and with new attention to diversity and growth, we hope to serve you better in the days and years ahead.

It is fitting that this calendar contains the creative work of Calspan's photographers, depicting the continuity of life during the changing seasons of the year. May the holidays and all of the seasons of 1973 be filled with good days for you.
