FACULTY SENATE
Resolution
September 27, 1990
(from the Senate Floor)

RECEIVED
1990 OCT 23 PM 2:13
OFFICE OF THE PRESIDENT
MARSHALL UNIVERSITY

SR-90-91-(7)160 (SF)

It is the sense of the Faculty Senate that the collections of the Morrow Library and the Health Sciences Library stand at the heart of the University. At this time we have become a doctoral institution, but the University finds itself facing a significant reduction in journal subscriptions. We hold such cutbacks to be unconscionable.

The Faculty Senate believes that the University's journal subscriptions should be maintained and expanded and asks the administration to allocate appropriate funding to accomplish that goal.

COMMENTS: I have been advised the library is conducting a survey to determine which journals and other periodicals are needed, and used. I have also been advised that some costly journals which remain on our subscription lists apparently are no longer pertinent and are not being used. It is the intention of the library to conduct such a survey every third year. I have asked Director of Libraries, Josephine Fidler to evaluate our needs following completion of the survey and to determine the amount of additional funds we may need for the library. At that time, we will address that need appropriately.
