**Resolution to Oppose the Passage of SB 32,
The Informed Student Act**

LAC

The Legislative Affairs Committee submits the following resolution:

Whereas, institutions of Higher Education have no enforcement mechanism to require alumni to provide information on employment and compensation;

Whereas, providing only the information voluntarily given by part of the alumni on their employment status and compensation would skew the information provided, therefore failing to fulfill the purpose of the bill;

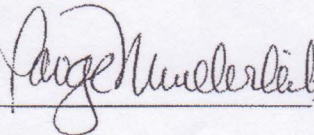

Whereas the purpose of this bill is to provide information to students regarding the employment status and compensation of alumni in each major even though many majors are not directly linked with specific types of employment;

Be it resolved, that the Faculty Senate of Marshall University opposes the passage of SB 32, The Informed Student Act.

We so resolve.
