Resolution to Support the Creation of a Periodic Faculty Service Communication

Whereas, WV Legislators have data through HEPC documenting the faculty classes taught and research conducted each year; however, they do not see the impact that our faculty have through service to their communities and to the wider world;

Be it resolved, that the Faculty Senate support the creation of a periodic Faculty Service communication so that legislators may see the service that Marshall Faculty contributes to their districts and to the state, region, nation, and international domains.

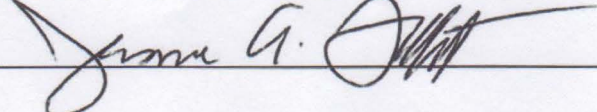

We so resolve.
