DR. CHARLES ANTHONY (CARL) HOFFMAN, M.D., PAPERS

1977; 2014

Accession Number: 189

Processed by: Lisle G. Brown Catherine Staley

Date Completed: 1977; November 2014

Location: Special Collections Department

This collection is the gift of Dr. Charles A. Hoffman, and was received on various dates during 1977.

Literary rights: not assigned to Marshall University

Contents:

Scope and Content of the Collection:	4
Biographical Sketch	5
Processing Notes:	6-11

Scope and Content

This collection complements Accession 094. It includes personal notes about urological practices by Dr. Hoffman, the manuscript of his book, *God, Man, and Medicine*, and the fundraising materials used for the Dr. Charles A. Hoffman Endowment.

The materials in this collection are housed in the Hoffman Room of the Morrow Library. Requests for materials can be made at any time; however, to physically view or use the Hoffman materials, an appointment is required. Please contact the Special Collections Department in Morrow Library at 1-304-696-2343 or speccoll@marshall.edu.

DR. CHARLES A. HOFFMAN, M.D.

Dr. Charles “Carl” A. Hoffman was born in Ironton, Ohio, where he first started in medicine working at a local pharmacy. He earned his Bachelor’s in Science from Marshall College (now University) and his doctorate from the University of Cincinnati College of Medicine. Eventually, he settled in Huntington, WV and opened the Hoffman Urological Clinic here in 1944. He would also serve as Marshall University’s University Physician and teach premedical classes.

While working as a physician, Dr. Hoffman was very active in professional organizations. He served as president of the West Virginia State Medical Association in 1957 and founded the American Association of Clinical Urologists, which continues to sponsor the Hoffman Lecture series in his name. The pinnacle of Dr. Hoffman’s career was his election to the presidency of the American Medical Association in 1972. During his one-year term, he led the medical community through national discussions concerning health insurance and medical malpractice. Furthermore, he embarked on a European tour to study how other countries structured their healthcare systems.

Dr. Hoffman recognized that Marshall University needed a medical school, and he played an integral role in that school’s establishment. He and his wife, Lynn, were Charter Members of the John Marshall Society, and Dr. Hoffman was an enthusiastic supporter of Marshall athletics. The school awarded him an Honorary Doctorate of Science in 1972 to recognize his contributions to the Marshall community. Dr. Hoffman died in 1981 in Huntington.

Processing Notes

Box 1: Publications by and about Dr. Hoffman, case reports, notebooks (*located on Shelf 45 in the Hoffman Library*)

Composition notebooks belonging to Charles A. Hoffman

Clinical pathology

Psycho-pathology

Preventive Medicine

Program – Annual Meeting of the Mid-Atlantic Section of the American Urological Association

Case Report by Dr. Hoffman, April 1940
