### **VI. Policy Commission's Proposal "Rule on Rules, Guidelines, and Other Policy Statements"**

Dr. Dan Angel discussed the Policy Commission's proposed rules, which were forwarded previously to governing board members for review. Discussion ensued; Dr. Steve Haid discussed previous higher education governance structures in West Virginia; the passage of Senate Bill 653 resulted in the de-centralization of institutional control, allocating greater governance authority to individual institutions and their respective governing boards. Concern was expressed that any proposed rules must not effectively move institutional control back to the central authority.

Mr. Mike Farrell inquired as to the position of other institutions on the proposed rules; Mr. Layton Cottrill replied that to our knowledge, only two institutions had formally expressed concerns relative to the proposed rules.

Dr. Steve Haid recommended that the board consider requesting an extension of the time period designated for institutional governing boards to review and comment on proposed Policy Commission rules; Dr. Haid suggested that a ninety day review period would be appropriate.

Following discussion, Mr. David Todd moved, seconded by Mr. Mike Perry, that the board correspond with the Policy Commission and request that the review and comment period for proposed rules be extended to a ninety (90) day period. This correspondence is to also address a provision in Item 3.8, Section 3 of Series 4, concerning institutional governing boards' authority to adopt rules, guidelines, and policies without requiring subsequent approval by the higher education central office. This correspondence is to be sent by Chairman Gary White on behalf of the board, and directed to HEPC Chair John Hoblitzell, with copies provided to the chairs of the governing boards of all other public higher education institutions in West Virginia. Motion carried.
