Resolution to Amend SB 284 to Include Tuition for the First Sixty Credit Hours for all Students of Higher Education

Whereas the WV Invests Grant Program provides tuition for students to complete an associate degree;

Whereas many West Virginia students prefer to earn a bachelor's degree, which provides even greater career opportunities through helping students to develop more robust and flexible skill sets;

Whereas the WV Invests Grant program incentivizes students to earn an associate degree rather than a bachelor's degree and all the credits for an associate's degree do not readily translate toward a bachelor's degree;

Be it resolved, that the Faculty Senate of Marshall University encourages the legislature to amend SB 284 to include funding for the first sixty hours of all accredited academic institutions in West Virginia which offer associate's or bachelor's degrees.

We so resolve.
