**Physical Facilities and Planning Committee  
RECOMMENDATION**

**SR-14-15-43**

The Physical Facilities and Planning Committee recommends that two metal "No Smoking" signs be mounted on the brick walls of the outdoor passageway which separates the Birke Art Gallery from the eastern portion of Smith Hall on the 3<sup>rd</sup> Ave. side of the building.

**RATIONALE:**

Marshall University is a non-smoking campus; however, because it is a sheltered area a number of smokers use the outdoor passageway entrance on the north side of the building as a smoking area. As a result non-smokers who wish to use this entrance must walk through an area where smoking is occurring or where smoke lingers because the area has little air circulation. It is hoped that the signs will discourage smoking in this area.
