V. President's Report

Following are the highlights from Dr. Gilbert's report:

Dr. Gilbert thanked the amazing employees at Marshall University. He particularly noted that Tracy Smith and Dr. Larry Dial have been extremely instrumental in guiding the University's response to COVID-19.

The University closed on March 25th for employees to do our part in making the curve flatten in West Virginia. The University gave students an extra week of spring break, having it begin on March 16th as opposed to March 23rd. This allowed us to train the faculty members to teach online classes that would begin the week following spring break, March 30th.

Working with Mark Robinson, Layton Cottrill, and Jason Baldwin, to refinance our existing tax-exempt revenue bonds. The refinance will reduce annual debt service payments by \$1 million per year for ten years and generate \$27.950 million in new money for the proposed School of Business facility and other capital projects as approved. The refinance extends our debt service commitment ten additional years and represents a level debt service structure.

Students will receive some refunds. Refunds will be provided for unused time in residence halls, parking, campus Recreation Center, and unused meal plans.

Regarding enrollment, The University is planning for the worst, and hoping for the best. A Budget Work Group has been assigned to look at cuts at \$15 million and \$25 million, and savings for Marshall University.

Dr. Gilbert announced that he would take a 15% pay cut, and Dr. Taylor would take a 10% pay cut. Everyone will make sacrifices. One Vice President will take a pay cut, however, would like their cut to be used to assist MU Employees that will be cut.

Marshall University is strong and we intend to keep it that way. MU has been through tough times before and The University will not be stymied by fear.

Dr. Gilbert discussed the grants for Aviation from AEP and the Maier Foundation.

VI. Chairman Report

Chairman Bailes stated that he knew he spoke for the entire Board in expressing enormous appreciation and gratitude to President Gilbert and Provost Taylor and their action in voluntarily taking a very significant salary reduction. He also expressed appreciation to President Gilbert and Provost Taylor, as well as administrative staff and faculty, for remarkable and extraordinary service during an uncertain time. He indicated that the ability of the faculty to switch from in-person to online courses mid-year was extraordinary, particularly those not familiar with online teaching who were trained and ready to assume that task in a matter of two weeks. He expressed the hope that the COVID interruptions would not be long lasting. He stated that circumstances will change and that

those changes will be dealt with by the administration and the Board as they occur. The Board may be required to meet in special session as circumstances demand.

Mr. Bailes noted that he, Christie Kinsey and Tim Dagostine were approaching the end of their Board terms. He advised the Board that he had appointed the following members to serve as a Nominating Committee:

Chair - Christie Kinsey

Members – Bill Smith

Geoff Sheils

At the next meeting, the Committee will present its recommendations for officers for the upcoming year. If anyone wants to make a suggestion, please communicate with a member of the Committee.
