4 May -

Hi Sugg -

I had a quick trip to S.E.A. Went to Clark on 29<sup>th</sup> find a sparrow missile on 30<sup>th</sup> then borrowed a B-57 from 405<sup>th</sup> flew to Phan Rang RONed returned to Clark got my F-4 and back to Kunsan on 1<sup>st</sup>. \* I'll get the info to finance for Combat pay & tax deduction. Had lunch with Mcneff and talked to Creg. Everything is the same at Clark - all screwed up! with Mats, Rawlins & Mcneff fighting.

Go ahead with the mutual fund deal as you outlined. I agree on the insurance. I never heard of this ASMOA but it sounds O.K. I'll fill out the form and send it with this letter. How about calling Dr. Willis & getting a statement from him on thy diabetes which you can attach to the application.

I am holding at 173 lbs and getting along fine. I think I will get a blood sugar test soon in Japan & see how I am doing.

I am glad that you are giving it to Mike straight. I hope he realizes that he has to be on his

Own in a respectable manner  
some day. But first he had better  
clean up his debt. I hope that no  
news is good news on the Truck &  
F-bud. I wanted to take some  
leave when this flap is ended &  
I get home but if we can't trust  
the house to the kid I don't  
know what we can do. We'll work  
something I guess. at least we always  
have.

I am glad the back yard is working  
out ok. I think you would be happy  
anywhere if you had a place to put  
around in and a few little animals &  
birds to baby.

It looks to me like we may  
be coming home the latter part of  
July. Nothing special just a guess.  
Sure would love to eat a burger  
if you will also do a few other  
things together!! Have just decided  
that my coffee isn't so bad its what  
goes with it that's affecting the  
quality!! Love you much.  
Chuck
