Hi Sug -

Sounds like you should be getting Combat pay instead of me. am glad that Mike's operation turned out ok. and that he is back in the grind of things.

Sounds like we should get to know the fellow who owns the Caspa better. might even cut a hole in the fence.

I was in viet nam in march but ~~didn't~~ didn't send the info to finance. I will try to get back down there the end of this month and the first of next then I will send the info to finance and let them compute it in my pay.

I think the best thing to do about the down money is to have Wally write a letter to the President of W.V.U. and enclose a copy of my original letter to the down and request his help. also send a copy to the down. The Col. who was at WVU on the ROTC program has left I am sure. I don't even know his name!

I received the package of photos and things from Wally also thanks for the list of addresses.

I did hunt the last day of the season (31 march). didn't even see a bird

but did shoot a deer. they are about the size of a roe deer. 40 lbs.

I'll try to get a letter off to Sharon today. I haven't done anything about Don's assignment because I just don't know anyone. I was hoping that he would take it upon himself to write the Cmdr of the 101st or go in and talk to his C.O. about it.

As far as I know Howie will stay in the wing. Darnwood is in Japan redoing his annual phys. Seems a little heart oddity turned up. Won't know the results for awhile. Don't know if he told his wife or not so best to keep it quiet.

Thanks for the \$200⁰⁰ if you put the same in the first of May I should be above the red line.

I sure miss you & love you more each day I'm away. you might send me a little instant prissy in your next letter!! which reminds me I don't have a picture of you of any kind

all my love

Chutz
