Hi Sug -

We still haven't received our frag Order for the money but it looks from here like the dates will hold. There is one change that probably will take place and that is the 336<sup>th</sup> will return around the 9<sup>th</sup> of July and the 334<sup>th</sup> will return last. There is a problem of having three squadrons here at Kaysan at one time and by moving the 336<sup>th</sup> out of here that solves the problem. This is pretty rough on the 334<sup>th</sup> since they have had the hard part of this whole deal. I could return when we close up the wing here at Kaysan when the 336<sup>th</sup> leaves but I think you understand that the 334<sup>th</sup> will need not only moral support but a little guidance also. It is the weakest squadron in the wing and Sigemore doesn't have the ability to control his people with a firm hand. So Howie will return with the first, Dag with the second & I with the 3<sup>rd</sup> bunch. I have the feeling there will be a lot of "go home it's" in the last bunch & I don't want airplanes flying

if they aren't perfect. and as I said in the last letter it will give me a chance to ~~at~~ see Don.

You remember the wart I had on the back of my right hand? I just had the Dr. remove it this morning. It wasn't getting larger or anything but just decided to have it cut out. It was just on the skin.

I received a letter from Jackie & she is thinking about getting a house in L.A. for the summer or maybe back east. Says Floyd is fine.

I agree on the Neowig deal and we can do something. That sure was a good looking dress you had on for the dinner. Did you make it out of Thai silk or was it the one you made in the P.I.? Blue I think.

I sure do miss you and am looking forward to getting fondled on you when I return home. Throw your P.I. away the first site. I want to see your tan! ha!

Your Yoda  
all in love Chuck
