Letter from the President
Gretchen Beach

Greeting Association Members,

I would like to express my gratitude for allowing me to serve as your president this year. I couldn’t have had a better teacher than Emilee Seese and hope this year goes as well as last.

I would like to welcome Kelly Funkhouser as our new Executive Director. Kelly will be helping with membership, Spring Fling, Annual conference and general Association communication.

2017 looks to be an exciting year with a lot of educational and networking opportunities.

Coming up in 2017:

-- Library Legislative Day, February 27th at the Upper Rotunda of the Capitol. It is so important to talk to our Legislators. Please join us for the reception afterwards.
-- Spring Fling, April 6-7 at the Summersville Arena and Conference Center. We are very excited to try this new venue. Sarah Mitchell has been working hard putting a program together.
-- Annual Joint Conference with SELA (Southeastern Library Association), November 8-10 at The Greenbrier. We will be hosting librarians from several southeastern states and they will be contributing to the programming.

Remember this is your organization and we need our members to volunteer. There are several openings left on committees; contact me if you are interested in serving.

Thank you for all you do and I look forward to an exciting year.

Gretchen Rae Beach,
President WVLA

From the Secretary

Karen Goff

The Legislative session is in full swing here in Charleston. This week I got to observe the committee process in action. Wednesday at 9:00 am the House Education Committee started the day with two bills on its agenda. Wednesday at 9:00 pm, after recessing for the floor session and then again for dinner, the committee completed its work. Every committee member was involved in the deliberations. They did not always agree with each other, but they were always civil. Parliamentary
procedure and committee rules were strictly observed. It was impressive.

I was there to listen to the deliberations on HB 2524, Improving the Focus on School-Level Continuous Improvement Processes. One focus of the bill is professional development for teachers and principals. Another is the dissolving of the Cabinet level Department of Education and Arts. The Library Commission was assigned to this department in 1989 when the Cabinet level departments were created by Governor Caperton. Before that, it was an independent agency of the Executive branch.

The original version of 2524 put WVLC under the Department of Administration which includes Aviation, Fleet Management, and the Ethics Commission among others. None of the Administration agencies has a mission associated with libraries. During breaks, some of the committee members asked me how this might affect the Library Commission. They were also discussing the issue with Sam Love, the West Virginia Library Association Legislative representative. When the deliberation process reached the amendment stage, Delegate Rodney Pyles of Morgantown introduced an amendment that, instead of being assigned to the Department of Administration, that the Library Commission once again become an independent agency. That amendment was defeated. He then introduced an amendment to place the Library Commission under the Department of Commerce. The rationale for this was that the bill placed Culture and History in that department and, since the two agencies share the Culture Center and have similar missions, that there would be more efficiency if both were in the same Cabinet department. This amendment passed easily.

The Library Commission’s Cabinet department location is a very small part of this very complex bill that is more than 70 pages long and involves more than 40 different code cites. After all the amendments are inserted, HB 2524 will go to the House Finance Committee for further consideration as the next stage in the bill-to-law journey.

My purpose in explaining this is not nearly as complex as HB 2524. I wanted to let you know that this particular bill affects the Library Commission and what action was taken. I wanted to let you know that the Library Commission and the West Virginia Library Association are diligently monitoring legislation that affects libraries. And I wanted to let you know that your legislators put in long hours. When you are talking to them about your concerns, I am sure that they would appreciate your recognition of that effort.

Karen Goff
WVLC Executive Secretary

Why WVLA?
Steve Shackelford

In December of 2015, I started working at the Parkersburg Wood County Public Library as the Adult Services Librarian. Although I am a native of West Virginia, I was less than confident about the challenge of scouting a new service population. After all, I left a major metropolitan library system for a rural one, and I had been gone from West Virginia for the better part of a decade. I wondered if I would fit in? Joining WVLA was one way I allayed some of these fears. At Spring Fling 2016, I had the opportunity to reconnect with old colleagues who, during the time I was employed at West Virginia University, mentored me and fostered my interest in libraries. I also made new contacts with librarians possessing great familiarity with librarianship in West Virginia. This experience was invaluable to me. I learned about the ways that the library systems are funded in West Virginia. Likewise, I learned about some challenges that are unique to West Virginia as well as some that are no so unique, like digital inequalities, funding, and information illiteracy. Importantly, I felt like I was part of a community.

At the 2016 Annual Conference, I attended a session entitled Using Canva to Market Your Library -- presented by Suzie Martin of the Brookhaven Elementary & Clarksburg-Harrison Public Library. Canva is one of the most user-friendly design websites that I have ever encountered. Ever since that session, I have continued to use this website on a weekly basis in both my professional and personal life. I attended another session entitled Programming for Tiny Budgets -- presented by Sarah Palfrey of the Summersville Public Library. I have plans to use several of the ideas from that session to implement programs at the Parkersburg & Wood County Public Library, including an upcoming program planned for August about the eclipse. I left the conference with ideas for immediate application for my library and service community.

I received all of this value for the mere sum of $50 in my very first year as a member! I can only hope that all of you will consider joining WVLA and discovering what value the organization might hold for you.

If you remain unconvincéd, consider a few upcoming challenges. The Republican Study Committee’s Blueprint for a Balanced Budget 2.0 calls for the elimination of the Institute of Museum and Library Services—one of the largest library grant makers. Governor Jim Justice projects that the state government faces a $500 million budget deficit for the next fiscal year. In such a climate, it is imperative that our West Virginia Libraries continue to demonstrate our value, while doing more with less. We can demonstrate our value by sharing our successes and failures at conferences, maintaining our connections across the state, and continuing to speak out. Moreover, WVLA’s Legislative Day provides another opportunity for West Virginia Librarians to directly appeal to the State Legislature and make our voices heard.

If you have any questions about membership, the application process, or are experiencing difficulty in registering—please contact me.

Thank you!

President’s Report, Gretchen Beach (see report): The conference evaluations are available and mostly positive. For the 2017 conference, Gretchen has been in contact with SELA. SELA has had a lot of vendors in the past, so we will need to figure out how to accommodate them all at the Greenbrier. Gretchen would like to use the Conference feature of Marshall Digital Scholar for RFPs, for presenters to upload presentations, etc. In the administrative interface, there is the ability to approve programs, have discussions, etc. This will be piloted for Spring Fling and then used for Fall Conference. The board agreed that we should use this.

There are contracts for Jamie Bayne as newsletter editor, Sam Love as lobbyist, and Jessica Tapia as website coordinator. The amounts of the contracts are the same as last year. Brian moved that we approve these contracts for Jamie Bayne, Sam Love, and Jessica Tapia, Emilee seconded, and motion passed.

Megan moves that we approve the checks 1152-11754. Majed seconded. Motion passed. Brian submitted the budget for preliminary approval. Emilee moved to preliminarily approve. Brenna seconded. Motion passed.

Brenna moved that we accept the preliminary committee appointments with intent to fill the remaining openings contingent on final approval in March. Steve seconded. Motion passed.

2nd Vice President, Steve Shackelford—There have been 4 new members since Fall Conference. Membership forms will be going to Kelly. On the membership form, Steve will take off corporate membership, add Kelly’s info for submissions, remove the paper WV Libraries option, remove the membership card option, add the LIRT roundtable, and change the date for Spring Fling Early Bird from 2/15 to 3/1. Emilee moved to approve membership form with these changes, Brian seconded, and motion passed.

Division Reports:

Trustee Division, Charlie Bagley—He is working to encourage trustees to get involved. Jeanette Rowsey is on the Cabell County board and will be talking at Spring Fling. Dennis Taylor will be talking about duties and responsibilities of board members.

School Library Division, Suzie Martin—see report. Suzie is hoping to increase membership among school librarians and to become an AASL affiliate. 700 teachers have gotten SLM certification through Praxis. Half of all ESSA money is supposed to go to school libraries. Future
Ready Librarians is a current statewide initiative in K12 education. AASL will be releasing new standards in 2017. The division will participate in library legislative day. Breanna asked about programming for Spring Fling for school libraries, and Karen mentioned working with the RESA.

Public Library Division, Sarah Mitchell. Spring Fling will be held 4/6-4/7. Proposals are due 1/9. The program should be done by the end of January. Sarah is setting up blocks for rooms and the hotel. It’s the Baymont, which will be changing to a Quality Inn. Sarah asked if we should offer lunch. Sarah will send out a survey to see how much interest there is.

Friends Division—looking for volunteers to chair this division.

ALA Councilor, Majed Khader—see report. Resources for disaster preparedness are available and have been forwarded to the list several times.

SELA Representative, Breanna Bowen—Breanna is working with SELA for the upcoming joint conference. She attended Georgia joint conference which had 700 attendees. Many people will likely be interested in attending the joint conference, because the Greenbrier is an interesting location.

WVLC, Karen Goff—see report. The WVLC has received a cut of 2% to the general fund (not the lottery fund). A new library development director will be starting 12/12, Ann McMillian. Melissa Brown is returning in the continuing education position. There is an issue with internet filtering issue on state library network, but information about this will be forthcoming. The Rainelle library has received $154,000 from FEMA. The WVLC has $11,000 in donations, and will be soliciting grant applications. There are currently a lot of library director openings across the state.
