Scope and Content:
This collection includes research materials used by Dr. Hill, pertaining to his research interests in medical, military, and New Jersey history, in addition to cancer and leprosy, Dr. Hill’s medical specialties. It also includes copies of articles, reports, and abstracts written about Dr. Hill. Additionally, the collection has an assortment of historical pamphlets about leprosy.
Biographical Sketch

George J. Hill was born in Iowa in 1932. He earned his doctorate from Harvard Medical School and was a Professor of Surgery at numerous institutions, including Marshall University, where he served as chair of the surgery department from 1976 to 1981. After retiring from surgery, Dr. Hill earned his MA in History from Rutgers University and his D.Litt. in History from Drew University. He was also a member of the Medical Corp. of the U.S. Navy Reserves and retired as Captain.

Dr. Hill is a member of multiple professional organizations, and has previously served as president of both the Academy of Medicine in New Jersey and the American Association of Cancer Research. During his medical career and retirement, Dr. Hill has authored numerous books on medicine, history, and genealogy.

He is married to Dr. Helene Zimmerman Hill, a Professor of Radiology at the New Jersey Medical School. This Hills reside in New Jersey, where they manage a tree farm and a small publishing company, Hilltree Farm Press.
