STUDENT CONDUCT & WELFARE COMMITTEE AND
BUDGET & ACADEMIC POLICY COMMITTEE
RECOMMENDATION

SR-96-97-(15) 81 (SCWC) (BAPC)

Recommends approval of an amendment to SR-96-97-(40 70 (BAPC) to add the following to the university withdrawal policy:

Medical Withdrawal Policy:

A request for a medical withdrawal must be supported by a detailed letter from the attending physician.* In order to be readmitted after this withdrawal, the student must provide a letter and supporting documentation from the attending physician that indicates that the student is able to return. *Confidentiality will be maintained at all times except on a need-to-know basis. Requests for medical withdrawals from the university or from an individual class will be handled on a case by case basis through the Associate Dean/Director of Counseling Services located in Prichard Hall.*

* The university will create a form for the physician to use in this event.

RATIONALE: The Student Conduct & Welfare Committee feels that the italicized section will:

1. Facilitate the physician's role in the event of medical withdrawal and readmittance.
2. Ensure confidentiality in all areas.
3. Allow students to withdraw from an individual class without withdrawing completely from the university.
