... presidential candidate

BECKY FLETCHER

JIM WOOTON

... presidential candidate

PAM SLAUGHTER

... Wooton's running mate

By **GINNY PITT**
Managing Editor

The largest number of candidates in Marshall's history has filed for the March 12 Student Government elections. This year's 78 candidates top last year's record of 50.

(See story page two)

Under the new registration system candidates have filed under specific constituencies rather than as "at-large" candidates as in the past.

There are two candidates each for president and vice president of the Student Body. Tom Hensley will run for president, with Beckley Fletcher as his running

mate. Both are Huntington juniors. Also running for president is Jim Wooton, Beckley senior, with Pam Slaughter, Dunbar junior as his running mate.

Two students have filed for president of the senior class and two for vice president of that class.

There are four candidates each for president and vice president of the junior class, seven candidates for president of the sophomore class and four for sophomore vice president.

Fifty-one students have filed for positions as student senators: 11 from the Greek (Interfraternity Council) constituency, 9 from the Greek (Panhellenic

constituency, 6 from the Interdorm (Men) constituency, 6 from the Interdorm (Women) constituency, 5 from the Unaffiliated constituency and 14 from the Transient (Town) constituency.

Approximately 2,400 students have registered to vote. The break-down of students registered in each constituency and the number of candidates to be elected from each constituency has not yet been determined.

Last year's Student Government elections saw a record turnout of 1,504 voters. If as much as 65 per cent of those now registered vote in the coming election, the record will be topped.

Students will be voting on computer cards in four areas:

1. For a student body president and vice president.
2. For a class president and vice president.
3. For a given number of senators from the specified constituency.
4. For seven constitutional amendments.

Students vote for class officers in the class to which they return in the fall.

The amendments, which have been listed previously in The Parthenon, concern student representation in Student Government.

Regents bill approved by House

By **MARTI HILL**
News Editor

Reorganization of higher education in West Virginia was virtually assured Monday with approval of the board of regents bill by the House of Delegates. The Senate passed it Saturday 20-13.

The bill which creates a supervising board for state colleges and universities separate from the State Board of Education now goes to Gov. Arch A. Moore.

Governor Moore earlier told The Parthenon he would sign the bill.

The House of Delegates approved the bill as passed by the Senate.

Senate defeated an amendment to the bill to establish a separate nine-member board of governors for Marshall, which was proposed by Sen. V. K. Knapp, R-Putman and a graduate of West Virginia University.

The amendment would have retained the present WVU board of governors which will be "repealed by implication" under the board of regents bill.

Sen. C. H. McKown, D-Wayne, was quoted as opposing Senator Knapp's amendment, saying he at one time favored such an idea but the "people at Marshall have made no request for a separate board. They adhere to the board of regents plan."

Sen. Bernard Smith, D-Logan, said objections were only an attempt to try and kill the bill by "those who oppose it."

Before passing the bill, the Senate amended it to:

- (1) Reduce the terms of the nine members of the board of regents appointed by the governor from nine years to six years and provide that three members shall be appointed each two years.

This follows the idea of the original House version which was amended to provide for terms originally of one, two, three, four, five, six, seven, eight, and nine years with one member being appointed each successive year for a term of nine years.

(2) Specify that the board of regents would have its offices at Charleston.

The provisions of the bill as passed by the Senate would take effect July 1, 1969. It would place WVU, Marshall and the eight colleges all under the control of the regents, eliminating the WVU board of governors and limiting

the State Board of Education, now supervisor for Marshall and the state colleges, to its other present responsibilities in the fields of public secondary and elementary education.

MU President Roland H. Nelson Jr. when informed Monday afternoon of the House approval of the bill said:

"I supported the concept of reorganization of higher education all along. Although I can not comment on this specific bill before reading it in its final form."

However, he went on to say he believes reorganization would be a step forward.

Coed third in singing

Paulette Vineyard, Williamson junior and winner of the Metropolitan Opera Tri-State Auditions, has won third place in semi-final competition at Indiana University, Bloomington.

Miss Vineyard competed with students from Indiana University, University of Cincinnati, University of Louisville, Western Kentucky University and West Virginia University. First and second place winners were from Indiana University, described by Mrs. Jane B. Shepherd, professor of music, as "the greatest music school in the country."

Professor Shepherd said the judges were impressed with Miss Vineyard's performance and was told by Maestro Kurt Adler of the Metropolitan Opera that Miss Vineyard had "great potential."

"He (Adler) was so impressed with the unusual timbre of Paulette's voice. He told us all beforehand that he was not looking for a finished voice, but one like Paulette's that shows terrific potential," Professor Shepherd said.

Election notes

All candidates in the Student Government election for March 12 must attend a meeting at 5 p.m. Wednesday in Science Hall Auditorium to draw for positions on the ballot. If a candidate cannot attend, he must send a representative, according to the Election Committee.

Voter registration cards have been sent out by members of the Election Committee. If any student who has registered has not received his card by Saturday, he should report to the Student Government Office in Shawkey Student Union.

By press time there were approximately 2,400 students registered to vote. Voters must present registration and activity cards at the polls.

Court proposes center committee

The Student Court has proposed the formation of a Student Senate committee which will consist of five senators to work with the Student Union business manager in planning the policy of the Student Center. The committee would help establish hours, prices, activities and social functions.

Morehead job termed rumor

A report he is a top contender for the head coaching job at Morehead State University was termed a "rumor" Monday by Freshman Coach Larry McKenzie.

"I haven't contacted or been contacted by Morehead," Coach McKenzie said. "I know nothing about it."

Coach McKenzie has just finished coaching MU's second undefeated freshman team in four years. "I feel that the rumor is a compliment to our boys (freshmen)." Coach McKenzie added. "I appreciate the mentioning of my name. Being young, if a rewarding opportunity presented itself I might take the chance to better myself.

"The Morehead job has great possibilities. Their program could be conducive to a winning season, but right now I'm happy here."

A Louisville newspaper carried a story Monday morning in which Coach Bob Wright, present coach at Morehead, denies he is leaving.

The administration termed the report, "pure speculation on the part of one sports writer."
