**ACADEMIC STANDARDS AND CURRICULA REVIEW COMMITTEE
RECOMMENDATION**

SR-94-95-(88)195(ASCR)

Recommendation that the following process be required for the approval of Honors sections of already existing departmental offerings:

1. Department requests approval of the Honors Council for designation of specific courses as Honors courses.
2. Honors Council considers requests and forwards those approved to the Faculty Senate Executive Committee.
3. The Executive Committee puts the proposed Honors course on the Senate agenda.
4. Upon receiving approval of the Faculty Senate and the University president, the creation of Honors sections of departmental offerings will be noted in the University catalog by adding an "H" to the appropriate course.

RATIONALE:

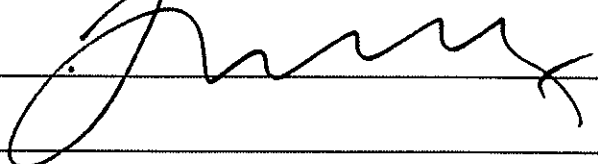

1. The Honors Council already has the authority to create for individual students an Honors option of current departmental offerings. This proposal merely allows the Honors Council to do the same for an entire section of a departmental offering.
2. Approval of the proposal will avoid unnecessary and duplicative work for departmental and collegiate curriculum committees and the Academic Standards and Curricular Review Committees, all of which would have already approved the departmental offering.
