# 50 file for Student Government election

By ANITA GARDNER  
Staff Reporter

Fifty students filed Monday and Tuesday for candidacy in the Student Government spring election, according to Pam Evans, Parkersburg senior and election co-ordinator.

"I am extremely pleased with the turnouts in the filing, she said. "This is one of the largest turnouts we have ever had at Marshall."

Miss Evans went on to say, "Since there was such a great interest shown, I hope this is a

sign that student apathy will and is disappearing on Marshall's campus."

Frank Cummings and Gregg Terry, both Huntington juniors, filed as candidates for student body president. Jane Clay, Charleston junior, is running for vice-president on the ticket with Cummings, while Lynda Clay, Huntington junior, is Terry's running mate.

The candidates for senior class president are (listed in the order in which their names will appear on the ballot) Richard Robb, South Charleston, Susan Mead,

Irvington, N. J., and Paul Matheny, Charleston.

Those running for senior senator are: Karen Dooley, Summersville; Tom Wilkinson, Charleston; Sandra Gravely, Huntington; Jennifer Thompson, St. Albans; Linda Ruth Miller, Welch; Peggy Parks, South Charleston; Linda Eakle, Summersville; Mary Jo Brick, Charleston; Lynda Shoemaker, Huntington; Jane Braley, Huntington, and Iris Hudson, Elizabeth.

Three people filed for junior class president: Doug Burgess, Huntington; Larry Sonis, Char-

leston, and Tim Kinsey, Wheeling.

Candidates for junior senator are: Diane Lentz, St. Albans; Mary Ann McElwee, St. Albans; Marcia Ellis, Madison; Susan Hunter, Huntington; Harry Bruner, Charleston; Nancy Hirzel, Bridgeport; Suzanne Maddox, Nitro; Brenda Kennedy, Glen Jean; Pam Slaughter, Dunbar; Riley Cravens, Huntington; Carolyn Wills, Richwood; Richard Newman, Huntington; Linda Pender, Fairmont, and Jeff Stiles, Charleston.

The two people running for

sophomore class president are Alan White and Robert Nuzum, both of Huntington.

Running for sophomore senator are: Marta Jo Maynard, Ragland; Sandy Tanner, Huntington; Barclay Brown, Huntington; Karen Gainer, Charleston; Randy Wilcox, Charleston; Linda Hatten, Kenova; Cathy Perry, Charleston; Robin Chandler, Huntington; Jocelyne McCall, Glen Ellyn, Ill., and Marty Harshbarger, Pam Ison, George Smailes, and Gordon Boggs, all of Huntington.

## Diplomas at issue in polling

Seniors will be polled soon to determine how they wish to receive their diplomas at graduation ceremonies, according to Nick McGrath, Huntington senior and senior class president.

At present, seniors are awarded their diplomas at the ceremonies. However, because of increased enrollment, this tends to make the program unnecessarily long, McGrath said.

The other alternative, he said, was to have President Stewart H. Smith award the diplomas to the colleges, and have the graduates pick up their diplomas after the ceremonies have been completed.

McGrath said he has prepared a questionnaire which will be distributed to all dorms, fraternity houses, and various places around campus.

"We are hoping that all seniors will participate in this poll," McGrath said.

He added that Dr. Smith requested him to conduct this poll as president of the senior class.

"All seniors should take part in this so their graduating ceremony will be satisfactory for them," McGrath said.

The poll will start today with the distribution of the letters proposing the two alternatives, McGrath said, and will continue through Feb. 21.

### FIREMEN TOUR

The Huntington Fire Department toured Smith Hall yesterday morning to familiarize new firemen with the building. The group of firemen checked the location of fire exits and fire equipment as part of the routine check.

## Financial aid filing date set

"Those students who are in need of financial aid for next fall should have their applications in by March 1," said George O. Fraley, financial aid officer.

Applications for financial aid may be picked up at the financial aid office now. Asked as to how much money was left for this semester for financial aid Mr. Fraley stated "absolutely none".

He said, \$730,000 has been given out in financial aid in the past semester. This figure represents a 15 per cent increase in financial aid over the past year.

Of the \$730,000, \$165,000 of it was provided by Marshall University, \$265,000 by the National Defense Plan and \$300,000 from sources outside the University, according to Mr. Fraley.

Mr. Fraley stated about 2,200 of Marshall University students receive some form of financial aid. He also said many of the scholarship donors stress academic performance but some also consider the need factor.

When scholarship donors consider academic performance their demands vary but most of them prefer a 3.4 average or better, said Mr. Fraley.

## Campus briefs

### Committee coming

Two members of the West Virginia Board of Education's selection committee for a president, will visit with the University Council tomorrow. Charles H. Brown, a Kingwood lawyer, and Robert E. Kamm, a coal mining executive, will represent the five-man committee at a 12:30 p.m. luncheon. A reception at 2:15 p.m. for faculty members and administration will be held in North Parlor of Old Main. Student government representatives also are invited to attend.

### Movie tomorrow

"Dear Brigitte" is the movie to be shown in Shawkey Student Union tomorrow at 7:30 p.m. The movie stars James Stewart, Glynis Johns, Billy Mumy and Ed Wynn. It is the story of an eight-year old mathematical genius who calculates race track winners and longs to meet Brigitte Bardot.

### Concert tomorrow

The Music Department will present a one hour program of choral singing tomorrow at 8:15 p.m. in the Evelyn Hollberg Smith Recital Hall. The program will feature the A Cappella Choir, the Concert Choir and the Madrigal Singers under the joint direction of Dr. Paul Balshaw, assistant professor of music, and Larry Phillips, Huntington graduate student. The concert is free and the public is invited.

## CAMPUS COMMENT!

# 'Great debate' moves Marshall faculty

"Are you voting for or against the English Qualifying Exam?"

The professor's whisper caught my ear as I was waiting for the general faculty meeting to begin Tuesday afternoon. My attention aroused, I waited for his colleague to answer.

"I don't really care," his friend answered. "I'll probably vote against it, because I hate to grade all those papers."

Then the faculty meeting began.

Some members were actually concerned with the abolition or retention of the exam. Many, however, were mainly interested in whether Robert's or Sturgis'

rules of parliamentary procedure was the correct one to use.

This concern took much of the valuable hour which was devoted to discussion of the exam.

Example: approximately 10 minutes were wasted trying to determine if an associate professor of English had correctly spelled "originally" in a pamphlet circulated by the Student Government in favor of abolishment.

Mike Farrell, Huntington senior and student body president who presented arguments in favor of abolishment, was challenged by Dr. Kenneth K. Loemker, professor of psychology, who noted that there were errors of

grammar and English in the pamphlet.

Farrell said that these were typographical errors—the fault of the printer. He then pointed out that the English professor had originally spelled "originally" "ornigally." The English professor accepted the challenge by stating that he had originally spelled "originally" as it should be spelled—"originally."

It was a most pressing moment, although the issue—or contention—was finally resolved.

Shortly afterwards some confusion became apparent as these motions were made: 1. table the motion to abolish the exam; 2. send the exam issue to an ad hoc

committee to be appointed by President Stewart H. Smith, and 3). send the issue to the University Council which would, in turn, send it to a standing committee (a committee designated in the faculty Constitution).

Faculty members could not decide which motion had precedence for voting. Arguments were voiced on both sides. A faculty member reached into his brief case and pulled out a copy of Robert's Rules of order.

"The substitute motion (to send to the Council) should be voted on first," he said, and then quoted from Robert's to support his statement.

Immediately, another professor

rose to his feet. "Although we use Sturgis here, we will yield to Robert's on this point," he said.

A third professor, obviously disgusted with the entire meeting, rose to his feet. "I move we adjourn, and that motion takes precedence," he said. And to prove his point, he put on his coat and hat and left.

The faculty finally decided to send the exam issue to the University Council and more "discussion."

And the meeting was adjourned without any discussion of the class cut policy.

Editor-In-Chief

## Coeds need liberal hours, contend men

By DANNY HYRE  
Teacher's College Journalist

Many men on campus, while not involved with setting hours for women in dorms, feel that the coeds should be given the opportunity to regulate their own hours.

The Parthenon sought male reaction to a series of stories about coed dorm regulations which appeared in the paper earlier in the semester.

Interviewed were ten men, both independent and Greek. Most expressed the same opinion—that dorm hours should be left up to the individual concerned.

"Girls of college age are old enough to set their own standards and to prepare their own time limits," said Ron Beuhring, Huntington sophomore. "Marshall girls should not be disciplined as if they were West Point cadets. Let them make their own regulations," he added.

Bob Lemly, Huntington senior, said he feels that girls should have a chance to make their own regulations concerning dorm hours, but added that the administration should have a part in deciding the hours.

"Cooperation is needed in order to make a majority of girls happy and also the school officials," Lemly said.

Perhaps the strongest criticism leveled at the administration for regulating dorm hours was spoken by Ken Gallagher, Huntington sophomore.

"The essential problem is not the specific hours but the fact that the girls are not permitted to make their own regulations," Gallagher said. "The administration enforces arbitrary rules on the girls behind a facade of democracy."

Bill Karbonet, Beckley senior and assistant baseball coach, feels a differentiation should be made between freshmen and upperclassmen, with the freshmen coeds having regulated hours on both weekdays and weekends, while upperclassmen should set hours only for weekdays. On weekends, upperclassmen would be on an honor system, he added.

"Most large universities throughout the nation do not place restrictions on their coeds," said Ken Barber, Stamford, Conn., sophomore. "Why should Marshall be years behind in this area as it is in so many others?"

The other men interviewed expressed similar attitudes and urged the administration to allow the girls to set their own hours.

### Warning!

SAFETY WARNING lights have been installed at the student crossing on Fifth Avenue at Elm Street. The "school crossing" light system, sought by both the administration and student groups, is similar to lights at various public schools in the city. The lights were recently erected following the injury of at least one Marshall student and other near misses.

## Giles wins silver star

The silver star medal for gallantry in action has been awarded to M. Sgt. Richard R. Giles, the sergeant major of the Military Science Department from 1963 to July, 1967.

Sergeant Giles was in charge of training ROTC cadets during his tour of duty at Marshall. He also supervised a weekly drill period and was operations sergeant for the Military Science Department.

The 20-year veteran of military service, whose wife lives in Huntington, was born in Honesdale, Pa. He left Huntington July 18 for assignment to the 25th Infantry Division in the Republic of Vietnam.

The citation reads:  
"Master Sergeant Giles distinguished himself by heroic action on November 5, 1967, while serving as operations sergeant for the 2nd Battalion, 12th Infantry on a search and destroy operation in the Republic of Vietnam. A hostile force launched a heavy mortar attack shortly after the battalion had moved into its defensive positions for the night. The enemy continued their offensive by hitting the battalion perimeter with a ground attack which was repulsed.

"During this attack the 2nd Battalion, 12th Infantry suffered several casualties on the perimeter defensive positions. At this time Master Sergeant Giles voluntarily left the command post and moved the command group to the battalion perimeter and took up the now vacated defensive positions. Approximately one hour later the enemy launched their second attack and pierced the battalion perimeter in several locations. Again Master Sergeant Giles moved from his defensive position to a point where he was able to bring accurate machine gun fire to bear on the enemy.

"This valorous action on the part of Master Sergeant Giles denied the enemy the opportunity to further penetrate the battalion perimeter and hastened the defeat of the enemy force."

# Join a firm that'll give you executive responsibility your first day at work.

Now, that's a pretty funny thing for a civilian firm to say. A boss? Right out of college? The first day?

But the Air Force can make such offers.

As an officer in the world's largest technological organization you're a leader. Engineer. Scientist. Administrator. Right where the Space Age breakthroughs are happening.

Or how about the executive responsibility of a test pilot clocking 2,062 mph in a YF-12A jet?

That could be you, too.

But you don't have to be a pilot in the Air Force to move fast. With your college degree you zip into Officer Training School, spin out an officer, speed on your way as an executive, in the forefront of modern science and technology. Right on the ground.

The Air Force moves pretty fast.

Think it over. A man's career can sometimes move pretty slow.

## MU loses to Loyola in Chicago

By GREG CARANNANTE  
Sports Writer

The Loyola Ramblers dealt Marshall's Thundering Herd its worst defeat of the season, 109-93, Tuesday night in Chicago.

Coach Ellis Johnson said the Ramblers, who handed Marshall its worst defeat in history in February 1964, 117-63, "are a good club. They were hot, fast and quick. I doubt if any other Mid-American Conference team will beat them this year."

Marshall, who has never won in Alumni Gym in Chicago, kept up with Loyola until the middle of the second half. With 8:57 left in the game, the Ramblers broke away for six points, 77-71, and the Herd never caught up.

Even though Loyola scored the most points on the Herd this season, Coach Johnson said, "I was pleased with the team's performance. I definitely don't think it was our worst game of the year."

Loyola (13-5) now has won six out of seven against Marshall (13-7).

George Stone matched Doug Wardlaw's 26 points to lead all scorers as all five starters for both teams hit in double figures. But Stone's 11-for-23 couldn't come close to Wardlaw's 10 for 14 shooting from the floor.

Jim Davidson backed Stone with 23 points as Bob Redd hit for 17 before fouling out with 5:05 left in the game. Bob Allen and Dan D'Antoni scored 11 and 10 respectively. Wade Fuller followed closely behind Wardlaw with 20 points. Then came Walt Robertson with 19, Jim Tillman with 15 and Corky Bell with 14. Art Oates netted 15.

The Ramblers won all statistical honors except for total shots. Marshall got off 89 shots to the Ramblers' 72. Loyola hit 56.9 per cent with 41 for 72.

## Spring sports to begin soon

"We in the intramural department are really being rushed at this time," said Ronald L. Crosbie, intramural director, referring to winding up winter intramurals and beginning spring sports.

Bowling results as of last Thursday show Zeta Beta Tau in first place with a game series score of 2556. Bowling Bums were a close second with 2528 points. Bowling will continue until Feb. 22.

Single elimination tournaments in basketball will begin Feb. 20 at 6 p.m. with 29 teams participating.

Pi Kappa Alpha still holds the first position in flight one with a record of 5-0. There is a four-way tie for second place between Fire Tribe, Hodges Hall, Exiles and Sigma Alpha Epsilon. All have lost two games.

### MEMBERSHIP DRIVE

Alpha Delta, advertising honorary, is conducting its membership drive this week. All students who are majoring or interested in advertising are invited to attend the new-member meeting in Smith Hall, room 154 at 7 p.m. today.

# This freshman is a pro at baseball

By ARNOLD MOLLETTE  
Teachers College Journalist

MIKE McBRAYER

A new freshman entered Marshall this semester, who could really help the baseball team, but he won't be able to play.

Mike McBrayer, Williamson freshman, is signed to the Pittsburgh Pirates' farm club at Gastonia, N. C. Therefore he is a pro, and ineligible for university competition.

"It is the hope of every ball player to reach the major leagues," McBrayer says, "A person can make as much money working in a factory as he can in the minors. The major leagues are the main objective."

After a brilliant career at Williamson High School, McBrayer signed with Pirate scout Joe Consoli shortly after graduation in 1967. (The Pirates chose him in the annual Major League draft.)

McBrayer had a batting average of over .400 for four years varsity competition in high school and hit .518 for Williamson American Legion Post 49 in 1966, his last year of legion competition.

Mike, whose position is second base, played the 1967 season with Salem, Virginia. He averaged over .300 most of the season, but his average dropped below the magic number toward the end of the season. He will play with Gastonia, in the Southern League, this summer.

While he was in high school he received several scholarship offers, including one from MU and Coach Jack Cooke, but he turned them down for pro ball.

Despite this, however, he came to MU this semester after spending the first part of the off season in the Florida Instructional League. This semester will cause McBrayer to miss spring training and the first part of the season. He plans to begin working out with the university team soon and when the semester is over he will spend two weeks of intensive training to get in shape for the rest of the season.

Although Mike was somewhat of a home run hitter in high school, he hit none for Salem. He kiddingly said, "The fences weren't 350 feet down the foul lines and 430 to center field in high school."

## Staff member enjoys skiing, 'unique' sport

By VICKI PHILLIPS  
Staff Reporter

"The special feeling one gets from skiing is unique. The wind and snow and a good 'run' are thrilling!" according to Jane Ludwig, Journalism Department assistant.

Miss Ludwig began skiing 12 years ago, because she wanted to ski like her father. She practiced on the small hills behind her house in Whitehall, Mont.

A '65 graduate of the University of Montana School of Journalism, she skied throughout her college years at the three slopes within a 15-mile radius of campus.

Miss Ludwig has never skied in West Virginia, but plans to try Black Water Falls, Oglebay Park and other nearby slopes as soon as she can.

Her favorite slope is Big Mountain, Mont., a 7,000-foot slope, "the best place in the whole world to ski." Not everything about skiing is so pleasant, however. Twelve years' worth of falls have resulted in three broken ankles, two cracked knee caps, two broken ribs, stitches in her head and skin burns she received for "arguing with a tree."

Her advice for those who want to ski but who are afraid is (1) conquer the fear of falling, (2) get equipment you can handle, (3) have a good skier help you, and (4) start young.

Snow skiing is not as difficult as water skiing, she maintains. "In water skiing, you depend so much on the boat, its power and pull, etc. In snow skiing, you're under your own power," she explained.

Skiing is not Miss Ludwig's only athletic interest. She has played on a women's basketball team, which won the Washington state championship. In colleges, she participated in varsity volleyball, basketball and tennis.

Of her 17 tennis trophies, one is extra special. Miss Ludwig won the Northwest Area Region Tennis Tournament in 1965.
