Jane McCaskey Named Wilson Fellow

Coed Is Woodrow Wilson Fellow

THE LATEST RECIPIENT of a Woodrow Wilson Fellowship on Marshall's campus is Miss Nancy Jane McCaskey, Huntington senior. Miss McCaskey is an English major. Shown with her is her uncle, Dean A. E. McCaskey (left) of the College of Applied Science and Dean J. Frank Bartlett of the College of Arts and Science.

Fire Routs Students

By BOB ROGERS
News Editor

Fire was discovered Wednesday afternoon at approximately 3:40 in a University approved apartment building at 1622 3rd Avenue.

John Stevens, St. Albans senior, was the first to discover the fire. He said he and another tenant tried to put out the fire with extinguishers but failed. Stevens said he then ran through the building warning the other tenants, while the other man called the fire department.

Stevens said, in praise of the fire department, "They were here in less than three minutes. I've never seen anything like it."

The fire started in a second floor rear apartment and apparently spread to the third floor apartments rapidly.

Cause of the fire and the damage estimate had not been released by the Fire Department at "Parthenon" press time Wednesday.

Kenneth Cohen, Marshall Housing Director, said the building was being repaired to meet Fire Department regulations.

Traffic was blocked on Third Avenue for over an hour.

VISIT MICHIGAN

Seven members of the Marshall Student section of the American Institute of Physics have returned from a two-day visit to the University of Michigan in Ann Arbor. Members attending were Robert Campbell, Gilbert junior; Al Duda, Accoville senior; Rodney Honaker, Huntington senior; William Huss, Huntington senior; Steve Hutchison, St. Albans junior; Charles Miller, Huntington sophomore and William Snyder, Pittsburgh, Pa., freshman.

Third Avenue Fire

THE HUNTINGTON FIRE DEPARTMENT extinguished a fire in a student apartment house on third avenue Wednesday afternoon about "Parthenon" press time. The building is across from the campus. Photo by Mike Bell.

Honors Seminar To Host Authority On Communism

Dr. Ralph L. Powell, an outstanding authority on Communist China, will speak at the Honors Seminar Tuesday at 6:30 p.m.

Dr. Powell attended the University of Southern Idaho and the University of California. He received his M.A. and Ph.D. from Harvard University.

As an officer in the U.S. Marine Corps for seven years, Dr. Powell served as Chinese language specialist and Assistant Division Intelligence Office for the

First Marine Division.

He is currently a professor of Far Eastern Studies, School of International Service, American University, Washington, D.C.

Dr. Powell has written several books. Among them are: "The Rise of Military Power, 1895-1912," "Politico-Military Relationships in Communist China," and "The Chinese Red Army, 1927-1963: An Annotated Bibliography."

Patricia Faller, Charles Lloyd Picked For Honorable Mention

Nancy Jane McCaskey, Huntington senior, is Marshall's seventh Woodrow Wilson Fellowship winner. Her selection was announced yesterday by Dr. N. Bayard Green, professor of zoology and campus representative for the Woodrow Wilson National Fellowship Foundation.

Miss McCaskey, niece of Dr. A. E. McCaskey, dean of the College of Applied Science, is an English and mathematics major in the College of Arts and Sciences. She is the daughter of Mr. and Mrs. R. F. McCaskey of 4 Southwood Drive.

Two other Marshall seniors received Honorable Mention in the competition, said Dr. Green. They are Patricia Ann Faller and Charles Otis Lloyd, both of Huntington. Miss Faller, a psychology major and English minor in Arts and Sciences, is the daughter of Mr. Andrew K. Faller of 1628 Upland Rd. Mr. Lloyd, the son of Mr. and Mrs. Charles O. Lloyd of 1820 Crestmont Drive, is a Latin and French major in Teachers College.

Miss McCaskey, a graduate of Huntington High School, will receive a \$2,000 fellowship for a first year of graduate study at the university of her choice (with tuition and fees paid by the Foundation). Purpose of the Wilson grants is to encourage students to enter the teaching field at the college or university level.

The Marshall coed was selected from Region Five, which includes the states of West Virginia, Delaware, District of Columbia, Maryland, North Carolina and Virginia. She was one of the select 1,408 across the nation to receive the Wilson award. Nearly 400 different colleges and universities are represented by the new fellows.

"This year is the best overall we've ever done," said Dr. Green. Marshall had two winners in 1963, but with a fellow and two honorable mentions, noted Dr. Green, this year stands out in overall comparisons.

Dr. J. Frank Bartlett, dean of the College of Arts and Sciences, was delighted.

"The Woodrow Wilson fellowship is the highest scholastic award that can come to one of our students," said Dean Bartlett, who for many years was the University's campus representative. "We are proud of Miss McCaskey and her achievements at Marshall."

Previous winners of Wilson grants were James Leslie Davis, (1957), Joseph Smith (1959), Carolyn Muriel Davies (1962); Mrs. Juliet Willman Kincaid (1963), Mrs. Joyce Rohr Lillie (1963) and Bruce Allen Nelson (1964). Marshall had no winner last year.

MU Leads State In Wilson Fellows

Marshall University leads the state in Woodrow Wilson Fellows.

With yesterday's selection of Nancy Jane McCaskey, Huntington senior, Marshall has had seven winners since 1957, the year James Leslie Davies was named MU's first Fellow. Next in the state in number of fellows is West Virginia's University with five, including one fellow this year.

"We are very selective in our nominees," explained Dr. N. Bayard Green, professor of Zoology and campus representative for the Woodrow Wilson Foundation. Of 27 nominations made from 1961-65, Marshall had four winners.

This academic year, seven seniors were nominated. Three — Miss McCaskey, Patricia Faller, Huntington senior, and Charles Lloyd, Huntington senior visited Washington, D.C., as finalists. Miss Faller and Mr. Lloyd received Honorable Mention.

Of Marshall's six previous fellows, one now holds an academic appointment and five are in graduate school. Mr. Davis, son of Dr. Leslie M. Davis, professor of geography at Marshall since 1939, is an associate professor of geography at Western Kentucky State College and holds his Ph.D. from Northwestern University.

Joseph Smith, named a fellow in 1959, is a Ph.D. candidate in philosophy at Ohio State University. Carolyn Muriel Davies, an Honorary Fellow in 1962, is a

research associate in psychology at the Fels Institute at Antioch (Ohio) College. She holds an M.A. from Ohio State.

MU's two 1963 winners are both pursuing their doctorate. Mrs. Juliet Willman Kincaid, an Honorary Fellow, is a Ph.D. candidate in comparative literature at the University of Colorado, and Mrs. Joyce Rohr Lillie is a candidate for the Ph.D. in political science at Johns Hopkins University.

Bruce Allen Nelson, an Honorary Fellow in 1964, is a Ph.D. candidate in mathematics at the University of Colorado.

TV Newsmen Is Forum Guest

Sander Vanocur, correspondent for NBC news, will speak at the Forum tomorrow at 8 p.m. in Old Main auditorium.

Millions of Americans saw him during both the 1964 national Presidential nominating conventions when he seemed to be everywhere, talking to everyone, prying answers out of cornered politicians. "Newsweek" magazine cited Mr. Vanocur's outstanding efforts at the conventions, calling him one of the ablest reporters on the scene.

As White House correspondent, and a close associate of the late President John F. Kennedy, Mr. (Continued on Page 4)

Candidates Take Care With Signs!

Ladybird Johnson's beautification program will be ingloriously defeated Sunday with the start of the student election campaigns.

While we can sympathize with the First Lady on her pet project, we also realize that the putting up of signs around our beautiful campus is an important part of the campaigns. As a matter of fact, in the past many of the signs have been quite clever and humorous.

On the other hand, many signs have been put up in such a sloppy fashion that they have fallen over, been blown down, or just sagged beyond recognition. It seems always to rain on the day following the erection of the signs.

Now a poorly placed sign or one that has fallen down just won't do the job. Neither will one in which the ink or colors have run and has become unreadable. You might say that a sign in need could be a vote lost, indeed.

While we are not worried about the signs hiding too much of our beautiful shrubbery, it would be nice if some care were taken in the erection and maintenance of signs in this year's great political campaigns.

HARRY FISHER,

'Christian Agnosticism' Is Topic For Encounter

By NANCY SMITHSON
Staff Reporter

The Rev. Louis G. Buckalew, assistant pastor of Christ Methodist Church, Charleston, will speak on "Christian Agnosticism" in the Encounter Series, Sunday night at 7 p.m. at the Campus Christian Center.

In a recent article in the "Gazette-Mail" the 31 year-old minister was quoted as saying, "A lot of ministers my age aren't too much concerned about theology."

"The men who graduated right after the war were different" said Rev. Buckalew, they were wrapped up in theology." But fellows my age aren't—except as it helps us express ourselves. We want to be in the world, to get things done in the world, to be involved."

As an advocate of the "new theology" theory that is being expressed by various religious leaders and teachers throughout the country today, Rev. Buckalew explains his views concerning such religious principles as the Trinity, Virgin birth, divinity and resurrection of Christ by saying, "I have not believed in the Virgin birth in a long time and neither did any of my teachers in seminary. I don't think I believe in the Trinity.

I'll accept it as poetry, but it has no practical meaning for modern-day people. I reject the typical orthodox position that says Jesus took again his body. He was a human being as much as I am. In Him, God chose a person to reveal what God's nature was like."

Rev. Buckalew, a graduate of Hartford Theological Seminary, continued, "I do believe that people's lives can be changed . . . and that God is in charge of the course of the whole human history. I don't worry too much about the miracles of Christ . . . but His compassion showed what God is like. His divinity is that people responded to Him."

He acknowledged the writings of Dietrick Bonhoeffer, an anti-Nazi minister, killed by the Gestapo during World War II, who advocated that the church was a failure because after centuries of Christianity the Germans were still capable of mass murder, as a leading force in the "new theology" movement.

The Encounter Series is a program sponsored by the Campus Christian Center to provide an opportunity for discussion of pertinent issues. It is open to all interested students and faculty members.

Roses, Cigarettes Cause Dorm Fire

Dead roses and a lighted cigarette brought home the importance of fire regulations to the girls in Prichard Hall last weekend.

A lighted cigarette, carelessly put out in a trash can, ignited the dried blooms causing the girls two floors above to report smoke to the housemother, Beatrice Terry. Systematic searching was begun immediately to try to discover the smoke's source and put out the blaze.

Mrs. Terry said, "This just brings to mind how serious we should take our fire drills. If the girls had panicked or gone out of their rooms before the fire blazed, the beds would soon have been in flames. As it was, the girls managed to put the flames out and no one panicked."

The blaze was quickly smothered without serious damage to the room.

It's A Long Road To Wilson Grant

Editor's note: The following story is published as background information on the Woodrow Wilson National Fellowship.

The road to a Woodrow Wilson National Fellowship is not an easy one. Nor is it a short one.

There are no shortcuts; none outside hard work, much study and determination.

The road really begins back in grammar school, where one acquires the basics in mathematics, English grammar, geography and the sciences. In high school, the potential Woodrow Fellow broadens his knowledge while at the same time strengthening his basics.

But, for practical purposes, the road to a Woodrow Fellowship begins the day a freshman registers for his first classes. Four years later, if he has a 3.8 average or above (on, for example, Marshall's 4.0 scale), he'll probably be in the running for one of the 1,000 coveted \$2,000 Wilson grants awarded each year by the Foundation. If his average is much below that, he's out of the running.

He's also out of the running for a Woodrow Wilson Fellowship if his field of study falls into one of the professional areas such as dentistry or law or business administration. Or if he's chosen for a National Science Foundation grant, he must accept it over a Wilson Fellowship.

"The Wilson grants are primarily for the humanities and the social sciences," explains Dr. N. Bayard Green, campus representative for the Woodrow Wilson National Fellowship Foundation. The grants, he said, fill in gaps where fellowships are often slim. The sciences, for example, generally offer more opportunities than the humanities, said Dr. Green, and thus most of the fellows selected are in fields such as history, English, the languages, psychology, mathematics or political science.

First step on the path to a fellowship is nomination by a faculty member on the student's campus. Any member of a college or university's faculty may nominate a candidate if he believes the student meets the academic qualifications of the Foundation.

Next step is submission by the campus representative of the names of candidates. Nominees must be in by Oct. 31, said Dr. Green, who begins his search for potential candidates in the spring or the student's junior year.

"I ask faculty members to be on the outlook for potential nominees," said Dr. Green, campus representative since 1964, when Dr. J. Frank Bartlett, dean of the College of Arts and Sciences, relinquished the official title to Dr. Green.

"Then, at the first faculty meeting of the fall semester," added Dr. Green, "I explain the Wilson program to the faculty and again ask for potential candidates." Once he has his candidates, Dr. Green submits their names.

Next step is the candidate's, for he must fill out personal data sheets and submit recommendations. Deadline for this material, said Dr. Green, is usually late November. In early January, about 25 per cent of the nominees are called to Washington (all expenses paid) for personal interviews. In March, awards are announced.

Selection as a Woodrow Wilson Fellow carries a great deal of prestige, even though the amount of the grant, \$2,000, is topped by other fellowships.

"The Woodrow Wilson ranks almost as high as a Danforth Fellowship," said Dr. Green. For each 10-15 nominees, he said, only one Fellow is selected.

"The competition is keen," observed Dr. Green. "Today, more women are being picked and being given more consideration." Of Marshall's seven Fellows, four have been coeds.

And, added Dr. Green, the grants are not limited to those students in Arts and Sciences. Teachers College majors are eligible, he noted, although their backgrounds are not often as liberal as an Arts and Sciences student. An absolute requirement for consideration, in addition to a high academic average, is a competence in at least one foreign language.

The Wilson program was started in 1945 at Princeton University and named after the former Princeton president and President of the United States. The idea was that of Professor Whitney J. Oates, chairman of the Department of Classics at Princeton. Professor Oates and Sir Hugh Taylor, Princeton's Graduate Dean in 1945, procured from Princeton friends and alumni enough funds to establish four graduate fellowships for young men who wished to teach at the college or university level. From four in 1945, the number of Fellowships jumped to 100 by 1957, and Fellows were permitted to study on campuses other than Princeton.

Then, in 1957, the Foundation received a \$24,500,000 grant from the Ford Foundation, with the understanding the grant would be used over a five-year program for recruiting of college teachers. One thousand fellows were to be picked each year.

Today, 1000 Fellows receive \$2,000 fellowships for a first-year of graduate school at the university of their choice. Fifteen regional offices through the nation process the candidates and make their choices each March. An elected Fellow who refused the Fellowship to accept another fellowship is designated an Honorary Woodrow Wilson Fellow.

KAZUKO OTAKI
... to study in Mexico

Foreign Student Receives Grant

Japanese student Kazuko Otaki, was recently granted a summer session scholarship to the Universidad Ibero Americana, Mexico.

Miss Otaki, a junior majoring in Spanish and French, plans to study Spanish Literature 19th Century and Spanish civilization. "I want to speak Spanish, so it would be good for me to go where Spanish is spoken," said Miss Otaki.

Miss Otaki is former president of the International Club and was candidate for Junior Attendant to Miss Marshall.

When she returns from Mexico and completes her requirements for graduating, Miss Otkai plans to teach in secondary schools.

ROTC LEADS AGAIN

The ROTC Battalion donated 83 per cent of the blood collected at the Student Union last Wednesday in the blood drive held each semester. Of the 136 pints of blood donated by the faculty and students the ROTC gave 113 pints. "A" Company, commanded by Cadet Capt. Michael Bergin, contributed the most in the ROTC department with 26 pints.

Ohio Professor To Speak Tonight

"Modern Utilization of Scientific Information" will be the subject of Dr. Herbert Siegel's talk tonight in the Science Hall Auditorium at 7:30. The program is sponsored by the Sigma Xi Club.

Dr. Siegel, head of the Applied Organic Editing Department of Chemical Abstracts Service, is from New York City. He obtained his B.S. degree in chemistry in 1947 from Indiana University, and his Ph.D. in chemistry from West Virginia University. He did his post-doctoral research and teaching at Bedford College of the University of London, England, Studying at the University of Paris, as a French Government Fellow, was also a part of his education.

Dr. Siegel joined Chemical Abstracts Service in 1959 as an assistant editor in the Abstract

Editorial Department, and was named assistant head of the Applied Organic Editing Department in 1962, becoming department head in 1964. He is now with the information arm of the American Chemical Society, at Ohio State University, Columbus, Ohio.

Prior to joining Chemical Abstracts Service, Dr. Siegel was Associate Professor of Chemistry at Waynesburg College, Waynesburg, Penn.

Chemical Abstracts Service (CAS) publishes Chemical Abstracts, international compendium of chemical knowledge and key to the world's chemical literature. This publication currently digests information taken from 11,000 scientific journals in 52 languages by a global staff of 3,500 professional technical people.

CAS also provides several publications and services directed toward specific areas of chemistry and chemical engineering. These include custom searches of the literature via computer as well as computer-generated tapes of selected publications. CAS is in a state of transition from a purely publications base to a computer base and from its present line of 20 services to more than 50 services within five years.

American Documentation Institute, the Chemical Society of London, the Society of Sigma Xi, Phi Lambda Upsilon Chemistry Honorary and the American Chemical Society are the organizations to which Dr. Siegel belongs.

22 In TC Make 4.0

A total of 493 students in Teachers College made the Dean's list last semester, and 22 earned a 4.0 average.

Suzanne Berger, Huntington freshman, was the only one out of 916 enrolled freshmen to make a 4.0 grade point average.

Priscilla Fannin, Ashland sophomore, and Angela Miller, Huntington sophomore, were the only two of 601 sophomores to earn a 4.0 point, and Connie Brammer, Huntington junior, was the only one in her class to make all A's.

Of the 492 seniors, 163 made the Honor Roll. Among these are 18 who earned a 4.0 grade point average. They are: Charles Lloyd, Huntington senior; Patricia Smith, Ashland senior; Carolyn Fleming, Huntington senior; Lynn Rae Slavin, Huntington senior; Martha Fike, Nitro senior; Joan Henry, Logan senior; Richard Hodge, Huntington senior; Ruth Ann Cooper, West Hamlin senior; Carol Lycan, Fort Gay senior; Connie Jackson, Huntington senior; Sylvia Brennan, Charleston senior; Jonetta Stephenson, Huntington senior; Charles Brown, Huntington senior; William Crabtree, Huntington senior; David Cracraft, South Charleston senior; Penelope Deery, Huntington senior; Elanore Fraizer, Nitro senior; and Wilma Hatcher, Princeton senior.

Welcome To Marshall, Phi Mu!

PHI MU SORORITY will hold pledging ceremonies tonight, concluding a week of interviews and coke parties. National officers of the sorority attended a tea last Sunday at the Student Union. From left are Miss Louise Horn, central office director of Phi Mu; Janet Ratcliff, Panhellenic president and Huntington junior; Mrs. Becky Peterson, national collegiate vice-president; Barbara Beverly, president of Tri-State Alumnae and Huntington senior; and Shirley Kendall, rushee and Beckley sophomore. (Photo by student photographer Rosemary Flaherty.)

Hechler Asks Name Change

Fourth District Congressman Ken Hechler (D-W. Va.) has announced that he has asked the Post Office Department to change the name of the Twentieth Street Post Office Substation to the Marshall University Substation.

The congressman said that he has asked for the change in conjunction with the proposed renovation of the facility.

He said that the change was requested due to the expansion of the Marshall campus toward the Twentieth Street Area.

Congressman Hechler said there should be little difficulty in receiving the okay for the name change.

Professor Displays Own Book

DR. HOWARD A. SLAATTE, philosophy professor, is shown holding one of his earlier works entitled "Time and Its End." Recently Dr. Slaatte completed another book entitled "The Pertinence of the Paradox," which is a study of existentialism in relation to contemporary cultural issues. Besides his talents as an author, Dr. Slaatte has also been the pastor of several Methodist churches and taught Systematic Theology at Temple University.

Dr. Slaatte Also Author, Minister

By DOTTIE KNOLL
Feature Writer

Dr. Howard A. Slaatte, philosophy professor, minister and author, has recently completed his third book entitled "The Pertinence of the Paradox."

This book reached the finals last summer in the national contest sponsored by the Philosophical Library, Inc. of New York. Its studies are in the dialectics or tensions within reason. It is a specialized study in existentialism with relevance to contemporary cultural issues.

Dr. Slaatte came to Marshall last September from McMurry College, Abilene, Texas. He is a former professor of Systematic Theology at Temple University.

Prior to his teaching experience, Dr. Slaatte was the pastor of Methodist churches in Michigan, Minnesota and Brooklyn, N. Y.

He received his B.A. degree from the University of North Dakota, and his B.D. and Ph.D. from Drew University. Awarded the Pilling Fellowship by Drew University he also studied at Oxford, where he lectured before the distinguished Wesley Society.

In addition to research in London and Paris, he traveled for a time in Norway and England.

A baritone vocalist who has done radio, concert, and operetta work, Dr. Slaatte likes to collect limestone fossils and enjoys softball and tennis.

Last summer Dr. Slaatte was a participant in the National Science Foundation Institute held in Washington D.C. for six weeks.

The author's other two books are "Time and Its End" and "Fire in the Brand."

"Time and Its End" is a comparative existential interpretation of time and problems of destiny. This book shows the inadequacy of classical philosophical

views and the need for the inter-relationship of time and eternity without their fusion, as best seen through the Christian revelation. It centers around the existentialist religious views of the Russian philosopher Nicholas Berdyaev, one-time communist turned Christian.

The second book, "Fire in the Brand" is an introduction to the creative work and theology of John Wesley.

This book, suggests Dr. Slaatte, is a helpful guide for both the layman and the student of Wesley who wish to look at him to discover the relevance of his insights to life and thought in today's world.

The professor finds that a research problem keeps him "stretching" and is of aid to him in his teaching.

Dr. Slaatte's books will be available in the bookstore at a special discount to anyone associated with Marshall University.

TV Newsmen

(Continued from Page 1)

Vanocur became familiar with problems and complexities facing the United States today. He reports with first-hand knowledge of these problems, and brings to his audience a concise analysis of what is really happening in Washington and on the world scene.

During the 1964 Presidential election campaign, Americans everywhere saw Mr. Vanocur on many of the NBC news specials covering the campaign, and also on such programs as "The Huntley-Brinkley Report," "Today," "NBC News Afternoon Report," and "Saturday Night Report."

All Marshall students are welcome to attend the Forum. Identification cards or activity cards must be presented for admittance.

WAKE ME WHEN IT'S OVER

The trouble with early morning classes is that you're too sleepy. At late morning classes you're too hungry. At early afternoon classes you're too logy. At late afternoon classes you're too hungry again. The fact is—and we might as well face it—there is no good time of day to take a class.

What shall we do then? Abandon our colleges to the ivy? I say no! I say America did not become the hope of mankind and the world's largest producer of butterfats and tallows by running away from a fight!

If you're always too hungry or too sleepy for class, then let's hold classes when you're not too hungry or sleepy: namely, while you're eating or sleeping.

Classes while eating are a simple matter. Just have a lecturer lecture while the eaters eat. But watch out for noisy foods. I mean who can hear a lecturer lecture when everybody is crunching celery or matzo or like that? Serve quiet stuff—like anchovy paste on a doughnut, or steaming bowls of lamb fat.

Now let us turn to the problem of learning while sleeping. First, can it be done?

Yes, it can. Psychologists have proved that the brain is definitely able to assimilate information during sleep. Take, for instance, a recent experiment conducted by a leading Eastern university (Stanford). A small tape recorder was placed under the pillow of the subject, a freshman named Wrobert Wright. When Wrobert was fast asleep, the recorder was turned on. Softly, all through the night, it repeated three statements in Wrobert's slumbering ear:

1. Herbert Spencer lived to the age of 109 and is called "The Founder of English Eclectic Philosophy."
2. The banana plant is not a tree but a large perennial herb.
3. The Archduke Ferdinand was assassinated in 1914 at Sarajevo by a young nationalist named Mjilas Cvetnik, who has been called "The Trigger of World War I."

When Wrobert awoke in the morning, the psychologists said to him, "Herbert Spencer lived to the age of 109. What is he called?"

Wrobert promptly answered, "Perennial Herb."

Next they asked him, "What has Mjilas Cvetnik been called?"

Wrobert replied, "Perennial Serb."

Finally they said, "Is the banana plant a tree?"

"To be honest," said Wrobert, "I don't know too much about bananas. But if you gents want any information about razor blades, I'm your man."

"Well," said the psychologists, "can you tell us a blade that shaves closely and cleanly without nicking, pricking, scratching, scraping, scoring, gouging, grinding, flaying or flensing?"

"Yes, I can," said Wrobert. "Personna® Stainless Steel Blades. Not only does Personna give you a true luxury shave, but it gives you heaps and gobs and bushels and barrels of true luxury shaves—each one nearly as truly luxurious as the first."

"Land's sake!" said the psychologists.

"Moreover," said Wrobert, "Personna is available not only in the Double Edge style blade, but also in the Injector style blade."

"Great balls of fire!" said the psychologists.

"So why don't you rush to your dealer and get some Personnas at once?" said Wrobert.

"We will," said the psychologists, twinkling, "but there is something we have to do first."

Whereupon they awarded Wrobert an honorary L.L.B. (Lover of Luxury Blades) degree, and then, linking arms, they sang and danced and bobbed for apples till the campfire had turned to embers.

Here Are Election Hopefuls

Here is a list of candidates and their qualifications as given to "The Parthenon" by the candidates themselves. The list may be subject to change by Wednesday's election. The positions they are running for are according to members of the Election Committee of the Student Government.

Lowell E. Adkins, Huntington junior, is a candidate for student body president. He is a psychology major with a 4.0 average in his major and a 3.81 overall average. He was co-ordinator of the New Student Orientation Program in the fall of 1965 and the summer and fall of 1966. He was assistant residence director at the Prichard Hotel during the first semester of 1965-1966. He is president of the Methodist Student Movement.

He is a member of Pi Kappa Delta, national debate honorary and Psi Chi, national psychology honorary. He is also a member of the Board of Stewards, Westmoreland Methodist Church.

Larry Bruce, a candidate for student body president, is a Huntington junior. He was a senator for both his freshman and sophomore years where he served on 10 senate committees. In the student cabinet, he was commissioner of athletic affairs this year. He has served as a freshman guide. In high school he was a member of the student council for three years, the secretary of the junior class and the vice-president of the senior class. Last year, he served as an attache to the West Virginia Legislature.

In civic affairs, he was school coordinator for the United Fund Campaign, a member of the Cabell-Wayne Red Cross Council and a member of the Huntington Young Democrats Club. He is a member of the Christian Science Church.

He has a cumulative average of 2.95 and is a member of Pi Sigma Alpha, political science honorary. He is a member of the Sigma Alpha Epsilon fraternity where he served two terms as parliamentarian. He was also rush chairman and a representative to Little Sisters of Minerva.

David Frost, a candidate for student body vice-president, is a Huntington junior. He served both as sophomore and junior senator and president of the junior class. During his senate experience, he has served on 24 senate committees, including chairmanship of two—the Appropriations and Academic Committees. He was orientation coordinator and a freshman guide.

He maintains a 2.75 cumulative average, was selected to "Who's Who in Colleges and Universities", is a member of The Robe, men's leadership honorary and has attended leadership seminar for two years.

He is a member of Lambda Chi Alpha social fraternity where he has served as ritualist and rush chairman. He was also an Inter-Fraternity Council Representative.

In civic affairs, he has been a Methodist Sunday School teacher for nearly two years, an assistant scoutmaster for one year, the district chairman for the March of Dimes and freshman coordinator for the Multiple Sclerosis Drive.

Ronald Jarrell, a Point Pleasant junior, is a candidate for student body vice-president. For the past three years Ronald Jarrell has represented Marshall as a member of the University De-

bate Team. He is now president of Pi Kappa Delta, the National Debate Fraternity. He has had previous experience in student government as student prosecutor and commissioner of publications and public relations. As a history major, he will soon become eligible for membership in the history honorary with a 3.83 average in his major.

SENIORS

Tom T. Baker is a candidate for president of the senior class. Baker is a member of Sigma Alpha Epsilon fraternity. He is also a letterman on the baseball team. He is majoring in mathematics and is minoring in physics. He is a member of the Marshall University Engineering Association.

Conrad Neely, a candidate for senior class president was sophomore class president and president of the student body at Beckley college. He was the president of the junior Inter-Fraternity Council, president of the Sigma Phi Epsilon pledge class and a candidate for freshman and sophomore class president at West Virginia University. He was area coordinator for Youth For Nixon in West Virginia.

Sam Samworth, a write-in candidate for senior class president, is a business major. He was a freshman guide for two years and has been a member of the senate for three years. In high school he was vice-president of his sophomore class. Samworth is a member of Alpha Kappa Psi business honorary.

Patty Crans, a candidate for senior senator, is a Huntington junior. Miss Crans is secretary of Kappa Pi, art honorary; and a member of Alpha Sigma Alpha sorority of which she was elected corresponding secretary. Miss Crans has served on the Life Planning Week Committee in 1964 and on Impact Committees in 1965 and 1966. She has maintained an over-all grade average of 2.8.

Carol Grace, a kindergarten-primary education major, is a candidate for senior senator.

Carol is a member of the Greek Week Commission, the State Awareness Commission, American Council on Education, and she is the activities chairman of Alpha Chi Omega Sorority.

Ben Hale Jr., a candidate for senior class senator, is vice-president of Pi Kappa Alpha of which he is a member and a representative to the Inter-Fraternity Council. He is a pre-law major.

Thomas Johnson, a Philadelphia, Pa. junior, is a candidate for senior senator. Tom has been a member of the Homecoming Committee, the Greek Week Commission, Spring Weekend, and is a member of Sigma Alpha Epsilon fraternity. He has been herald and provost of the fraternity. He is a Parthenon staff reporter, feature writer, and editorial writer.

Jim MacQueen, a candidate for senior senator, is a Sigma Phi Epsilon pledge. In high school, he was a member of the student council and the National Honor Society. Last semester he was on the dean's list.

Betty Theis, Huntington junior, is a candidate for senior senator. She is a member of Alpha Xi Delta sorority of which she held

the office of assistant pledge trainer.

She has been a member of the varsity cheerleading squad for two years, a freshman guide, a musical "Pajama Game" dancer, and she also has been on the dean's list. In her sophomore year, Betty was on the Greek Week Commission. She served as secretary. She is also a member of the Student National Education Association.

JUNIORS

Bill Evans, a candidate for junior class president is a Huntington sophomore majoring in accounting. Presently, he is student prosecutor on the Student Court. He is secretary of the Constitution Committee and a member of Lambda Chi Alpha, social fraternity. He is a member of two honorary fraternities, Alpha Kappa Psi, business, and Pi Kappa Delta, debate. He is the past president of the Marshall Young Republicans Club and vice-president of West Virginia College Young Republicans. He is on the varsity debate team.

Doug Warner is a candidate for junior class president. He was a freshman class senator and has worked in all three branches of the Student Government. He is also a Student Court justice. He is a member of the Marshall University Tennis Team and a member of the Alpha Kappa Psi, business honorary.

James R. (Randy) White, a candidate for junior class president is Student Government Relations Coordinator and serving on special dorm committee to set a Student Conduct Court for the Men's Residence Halls, under direction of Office of Student Affairs. He has served on Homecoming and Freshman Orientation Committees. He has a 3.0 plus overall average. He is from Scott Depot, W. Va., formerly of South Charleston and Huntington.

Ron Beatty, a candidate for junior senator, is a Weirton sophomore in Teachers' College, and is majoring in speech and science. A graduate of Weir High School, he was a member of the cabinet and council for four years. In high school he also lettered in football, swimming, and track. In college he has been active in ROTC, is a member of Tau Kappa Epsilon, and was a freshman guide in the fall of 1965. Beatty intends to attend Graduate School at Ohio State.

Harry E. Budden Jr., a Huntington sophomore candidate for junior senator, was chairman of the Student Council at Ottawa Hills High School, member of the junior and senior executive boards and student council representative to the regional student council. He is now publicity chairman in the Sigma Alpha Epsilon fraternity.

Barbara Campbell, a candidate for junior senator, has an overall "B" average. In high school she was president of the Y-Teens and the treasurer of the National Honor Society. She was also treasurer of Mu Alpha Theta.

Susan Hibbert, a candidate for junior senator, has an overall average of 3.3 She is a justice on the Student Court, house president of Alpha Chi Omega Sorority and an assistant in the Geology Department.

Here Are Election Hopefuls

baseball, football and basketball. He is a pre-law student majoring in political science. Last semester he compiled a 2.6 grade average.

Emma Sue Kincaid, 19, a Point Pleasant sophomore, is a candidate for junior class senator. She is a member of the Alpha Xi Delta Sorority in which she holds the office of quill chairmen and assistant pledge trainer. She was on the Greek Week Commission. The candidate was an officer in her high school class for three years. She is majoring in speech (Continued from Page 5) correction.

Georgann Lensenmeyer, from Huntington, is a candidate for Junior class senator. She participated in Girls State while in high school and was a member of Inter-campus Council while attending the University of Dayton. She is president of Alpha Chi Omega's pledge class. She has a 3.12 over all average and is majoring in Social Studies.

Linda Lycan, Fort Gay sophomore, is on the dean's list, member of the Big Green Marching Band and a member of the Freshman Handbook Committee. She was a freshman guide and participated in the Experiment in International Living. She is vice-president of the National Education Association 1965-66, Laidley Hall chaplain 1965-66 and Laidley Hall Council 1965-66. She is a Tri Sigma pledge.

Paul Matheny, a candidate for junior senator, is a Lambda Chi Alpha member and secretary of W. Va. College Young Republican Federation. He is also President of Marshall's Young Republican Club. He participated in Charleston High Student Council activities. He is a Political Science major. He is from Charleston, W. Va.

Welcome Given Merit Finalists

Approximately 80 students will be on campus this weekend for a program being given for merit semi-finalists of the state.

James R. Vander Lind, associate dean of students, said the purpose of the program is to insure that those qualified for college will go.

Attending the meeting will be West Virginia high school students who are merit semi-finalists or are in top percentages of their class.

Dean Vander Lind commented that this is the first time the program has been given. "Hopefully it will be an annual occasion," he added.

Activities begin today at 3 p.m. with registration in West Hall. After dinner this evening they will meet at the Christian Center for an address by President Stewart H. Smith.

Saturday morning the students will attend three talks given by Dr. J. Stewart Allen, vice president of academic affairs; Dr. Charles Moffat, professor of history and Charles Snyder, head football coach.

After lunch the students will have the opportunity to question a faculty panel including Dr. Jack Brown, professor of English; Mr. Walter Felty, associate professor of social studies; Dr. Samuel Habel, professor of sociology and Dr. Ned Heindel, assistant professor of chemistry.

Keith Skidmore, a Nitro sophomore, is a candidate for Junior Senator. He is a member of Tau Kappa Epsilon Fraternity and chairman of the Inter-Fraternity Judicial Board. At one time he was Student Court bailiff and a member of the Inter-Fraternity Council.

SOPHOMORES

Larry Sonis, Charleston freshman, is running for the post of sophomore class president. During the past year, Sonis has served as a freshman senator where he has served on various committees in the body. Sonis has introduced numerous pieces of legislation in the senate this year. One of the most controversial was a three-bill package of legislation labeled as "apathy legislation."

Gregg Terry, a candidate for sophomore class president is president of the freshman class. He was president of the W. Va. 1965 G.O.P. Young Republican Camp and president of the W. Va. Conference of Methodist Youth Fellowship. Gregg is a Sigma Phi Epsilon fraternity brother and a pledge to Phi Eta Sigma Freshman men's honorary. He ranked 14th among freshmen in College of Arts and Sciences. His first semester's average was 3.76. He is a member of the Inter-Fraternity Council and Young Republican's Club. He is a member of two senate committees-Appropriations and Academic Affairs and through these committees worked on research grants.

Bill Blenko, a candidate for sophomore class senator, is a member of the Sigma Alpha Epsilon fraternity. He is a junior Inter-Fraternity Council representative and a member of Student Court. He is a member of the Academic Standards Committee and has a 2.14 average.

Jane Clay is a candidate for sophomore class senator. She is a freshman class senator and is secretary of the Student Government Affairs Committee and Academic Affairs Committee and the Parliamentary Affairs Committee. She is a member of the Alpha Chi Omega Sorority and is a business education major.

Lynda Clay, from Huntington, is a candidate for sophomore class senator. She is a member of the Alpha Xi Delta Sorority of which she is parliamentarian and activities chairman. She is now vice-president of the freshman class and a member of the Social Affairs Committee and Publication and Public Relations while in the senate. She is on the Dean's List.

Keith Cotrell, a candidate for sophomore senator, is an active member of Sigma Alpha Epsilon fraternity. He was President of student council and student body in his senior year of high school. He was a candidate for sophomore president last semester.

Oakie Doak, candidate for sophomore senate, is a freshman from Camden, New Jersey majoring in advertising. He has been

on the freshman senate, Student Government Affairs Committee, Athletic Affairs Committee, Lambda Chi Alpha fraternity, assistant Rush Chairman, Pledge Class Social Chairman, Intramurals, New Jersey Young Democrats Club, and also maintains a 2.40 scholastic average.

Linda Elaine Lawrence, 18, a Charleston sophomore, is a candidate for sophomore class senator. She served as feature editor on the Jackson Journal, the school newspaper, at Stonewall Jackson High School. She was a

member of the National Honor Society and participated in such school activities as French club, science club, Y-Teens, and Leaders' Corps.

Jane Winston Meisel, a candidate for sophomore senator, has a 3.4 average. She participated in Impact and is a member of the Newman Club. She is a member of the Alpha Sigma Alpha pledge class and a Panhellenic Council representative. She is a member of the Mother's Day Sing Committee and song leader. She was a candidate for Freshman senator.

Election Activities To Begin Sunday

As you leave the campus today, take a good look. It won't be quite the same until Thursday.

Next week is election week with the all-important general elections scheduled for Wednesday in the Student Union basement.

Election Coordinator Caroline Massey, Ashland, Ky., junior, said that all is in readiness for the elections.

Signs and campaign posters are to go up on campus Sunday at 3 p.m. Each candidate may not have more than eight campaign signs.

Balloting will be done by voting machines Wednesday in the

basement of the Student Union. Voting will be conducted from 8 a.m. until 5 p.m.

All regular full time students are eligible to vote in the election. Students desiring to vote must have their activity and ID cards.

The long list of amendments to be voted upon will be on a separate ballot. Students must vote separately for each amendment.

There will also be provisions for write-in candidates.

The candidates will be elected and the results of the voting will be approved by the Student Senate Wednesday night. The results of the election will be announced at the mix in the Student Union Wednesday.

Resting After A Great Game!

SEVEN BASKETBALL champions from Sigma Kappa sorority gather in the Student Union after finishing first in the Women's Recreation Association basketball tournament. Sigma Kappa won over Delta Zeta sorority 26-25, scoring the winning point during overtime minutes of the game. Pictured from left are Charlotte Hoffman, Red House junior; Carolyn McDonel, Wise, Va.; Linda Arnett, St. Albans junior; Peg Wood, Huntington junior; Nancy Glaser, Hawthorne, N. J. junior; Kathy Wiley, St. Albans freshman; and Christie Arnett, St. Albans freshman.

Herd Basketball Squad To Have More Depth In Future Seasons

While Marshall's basketball team didn't win the Mid-American Conference Championship or even have a winning season, it did establish itself as a team of the future.

Coach Ellis Johnson started an all-sophomore lineup on several occasions this season. The five first-year players who were instrumental in the squad's 12-12 record were Bob Redd, George Stone, Orville Stepp, Bob Allen and Joe Dawson.

With a year's experience under their belts, this group figures to be improved next year. And with the addition of some fine prospects off this year's freshman team, the Herd will have more depth than it has had in recent years.

Stone, Redd and Stepp finished fifth, sixth and seventh on the all-time sophomore scoring list. Stone averaged 18.7 this season while Redd scored at 18.0 and Stepp at 16.9.

Up from coach John "Jody" Sword's 11-8-1 frosh quintet will be standout guards Dan D'Antoni, Dallas Blankenship and Herbie Stephens, forwards Jess McCarty and Mike Watson, and 6-7 center John Mallet.

D'Antoni was the leading frosh scorer with a 22.7 average. Four other players averaged in dou-

ble figures. Blankenship (21.1), McCarty (11.9), Mallet (11.4) and Watson (10.6). Stephens, while averaging only 7.4, is regarded as a strong defensive player.

Another player who is very much in coach Johnson's future plans is 6-3 Jim Davidson. Davidson, a former all-stater from Logan, will be eligible next year after sitting out a year. He is a transfer student and the NCAA rule says transfers must set out one season.

MU lost two players via graduation, Tom Langfitt and George Hicks. Langfitt is the 11th all-time scorer. He also established an individual career free throwing mark of almost 79 per cent.

This season the Herd had an offensive average of 84.2 and went over the century mark on four occasions. A record for most points by two teams combined was also set when MU downed Richmond, 118-103.

Kappa Alphas Host Brothers, Win Own Basketball Tourney

How would you like to have approximately 100 people to visit you for a weekend? This was the recent situation with the brothers of Marshall's chapter of Kappa Alpha Order. Guests came from several schools including West Virginia University (35), Bethany College (20), West Virginia Wesleyan College (25) and Georgetown College, Ky. (20).

Marshall's KAs proved to be poor hosts as they won their own basketball tournament by edging Georgetown College, 47-45 in the final round.

Last Friday began a three-day affair that was highlighted by this tournament. The guests began arriving late Friday. That evening, a "get acquainted" party was held at St. Cloud's Common.

Saturday, the tournament began with six teams participating. (Marshall entered two teams.) Marshall advanced to the semi-finals by trouncing West Virginia University 66-50 in the morning

session and then edged West Virginia Wesleyan College 60-59 in the afternoon contest. Sunday, Marshall defeated Georgetown College in the finals 47-45.

Marshall and Georgetown dominated the All-Tournament team by placing two of their men on the squad. The All-Tournament selections were: Peter M. Donald and Art Frampton from Marshall Gene McWilliams and Bob Williams from Georgetown, and Tim Harris from West Virginia Weslepan. The most valuable player of the tournament was Pete Donald.

The main feature of the weekend, however, was a dance Saturday night. An interesting aspect of this dance was the "Date Service" set up by Social Chairman, John Pettigrew, Barboursville sophomore. Pettigrew contacted all the sororities and women's dorms and was able to obtain 100 dates for the guests.

Bob Redd Makes MAC Second Team

By TIM MASSEY
Staff Reporter

Marshall's versatile sophomore Bob Redd has been named to the second team of the All Mid-American Conference basketball squad selected by the conference coaches.

Redd, considered on of the best all-around performers in Thundering Herd history, earned the spot with a 18.0 scoring average, in addition to his rebounding, ball-handling and defensive work during the season.

Thudering Herd forwards George Stone and guard Tom Langfitt received honorable mention on the squad.

The first team, which had no unanimous choices, was headed by Toledo's "A&C Sparkplugs," 6-8 Bob Aston and 6-5 Jim Cox. Walt Piatkowski, Bowling Green's 6-8 soph scoring machine, took full advantage of his games against MU to take the league's scoring championship and capture a spot on the first five.

Jerry Peirson, Miami's senior defensive specialist, and Ohio University's 6-4 senior Ken Fowlkes complete the all-star selections.

Joining Redd on the second team were Fred Albrecht and Doug Sims of Kent State, Reggie Lacefield of Western Michigan, and Jim Patterson of Miami.

Piatkowski's 18.92 average is eight-tenths of a point better than the Rocket pair's 18.83 averages. The Falcon ace was the only sophomore on the first team.

Aston, the Rockets' big dunker, led the MAC in rebounding with a 13.3 average.

Herd fans remember Cox as a clutch performer. He was the man who sank a crucial basket in overtime against the Herd and spelled the beginning of the end for Marshall's hopes in the MAC standings.

BOB REDD

... MAC Second Team

Fowlkes was instrumental in Ohio's third-place finish in the conference although he sat out the last three games with a broken foot. He was the fifth leading scorer in the conference with a 17.3 average.

Peirson, captain of the champion Redskins, spearheaded the defensive-minded Shrider crew, usually drawing the opponent's top scorer.

1965-66 All-MAC

FIRST TEAM

Ken Fowlkes (6-4) Ohio U. junior, Columbus Ohio.
Bob Aston (6-8) Toledo senior, Pittsburgh, Pa.
Jim Cox (6-5) Toledo senior, Toledo, Ohio.
Jerry Pierson (6-5) Miami senior, Muncie, Ind.
Walt Piatkowski (6-8) Bowling Green sophomore, Toledo, Ohio.

SECOND TEAM

Fred Albrecht (6-6) Kent State senior, Youngstown, Ohio.
Reggie Lacefield (6-4) Western Michigan sophomore, Gary, Ind.
Jim Patterson (6-6) Miami senior, Hamilton, Ohio.
Bob Redd (6-3) Marshall sophomore, Louisville, Ky.
Doug Sims (6-6) Kent State senior, Springfield Township, Ohio.

ROTC Military Dance Plans 'Fiddlers Green'

By TERRY CHAPMAN
Staff Reporter

"Fiddler's Green" will be the theme of the Military Ball to be held tomorrow night from 8 p.m. till midnight at the Hotel Prichard Ballroom.

"This is the biggest formal on campus," said Sgt. Richard R. Giles. He said that an estimated 300 people will attend the dance.

The highlight of the Ball will be the crowning of the Battalion Queen. The candidates are Jarren Houston, Gouverneur, N. Y. junior,

SAE Marks 110 Years

Sigma Alpha Epsilon fraternity will celebrate its 110th anniversary tomorrow, according to Harry Budden, Huntington sophomore and publicity chairman of the fraternity.

The celebration will begin at 5 p.m. with a cocktail hour. Dinner will be served at 6:30 p.m. for the members and their dates at the Hotel Frederick. Jack R. Hotaling, national officer for the Sigma Alpha Epsilon fraternity, is the featured speaker. Mr. Hotaling is assistant to the eminent supreme recorder.

From 1958 to 1960 he served as field secretary for the fraternity in Evanston, Ill. In 1960 he became assistant to the eminent supreme recorder, and has held that office for six years.

The invocation will be given by Rev. Harry F. Perterson III, assistant minister of the First Presbyterian Church. Dr. Charles Moffatt, professor of history, will serve as toastmaster.

Following the dinner, a Founder's Day dance will be held at 9 p.m. in the Georgian Terrace of the Hotel Frederick. During the dance a Founder's Day Queen, chosen from the pinmates of SAE, will be crowned.

The Order of the Olive Wreath and the Order of the Phoenix, two awards given by the national organization for chapter quality, will be given. In addition, the Best Athlete Award and several other local chapter honors will be presented.

ior, Headquarters Company; Sherry Baker, Huntington sophomore, "A" Company; Jackie Bernard, Huntington sophomore, "B" Company; Carol Asbury, Huntington sophomore, "C" Company; and Alice Workman, Danville sophomore, "D" Company.

Miss Houston is majoring in elementary education, a member of Sigma Sigma Sigma sorority and was elected junior attendant to Miss Marshall for 1956-66.

Miss Baker is majoring in Speech, a member of Alpha Xi Delta sorority, a member of the Student Government Advertising Committee and last year was a freshman attendant for Homecoming.

Miss Bernard is majoring in biology and business, a member of Sigma Sigma Sigma sorority and was chosen Pike's Peak Queen for 1965.

Miss Asbury is majoring in elementary education, a member of Delta Zeta sorority and Sisters of the Golden Heart.

Miss Workman is majoring in elementary education.

Miss Maynard is majoring in home economics and is a member of Alpha Xi Delta sorority.

Cadet Capt. Irving Bridgewater will be the master of ceremonies and the queen will be crowned by Lt. Col. Patrick H. Morgan.

Special guests will be Joseph Soto, vice president of business and finance; Fred Smith, comptroller; A. E. McCaskey, dean of applied sciences; Maj. Henry R. Schwartz, deputy engineer for Huntington District Engineers; Col. William D. Faulk, commanding officer of the Huntington District Engineers; and Amil J. Eckhart, professor of military science at Ashland High School.

New Bill Gives Many Benefits To GI Students

President Johnson signed the new GI bill Thursday, March 3, providing for education, housing and other benefits for veterans. The bill will cover retroactively all veterans who have served at least six months on active duty since Jan. 31, 1955 and who were not dishonorably discharged.

This new law should have far-reaching effects at Marshall, according to Lloyd D. Hamlin of the Huntington regional office of the Veterans Administration. He said that he already has a long list of inquiries as to benefits of the bill, and many concern beginning school this summer since financial assistance will become available on June 1.

In West Virginia alone, Hamlin said, the estimated number of veterans in civil life, potentially eligible for benefits under this bill was 58,000 as of Dec. 1, 1965. He would not estimate how many additional students this will add to Marshall's already overcrowded classes, but said that calls are coming in every day and many of them pertain to admission at Marshall.

President Stewart H. Smith said, "There is no doubt that the new bill will make it possible for quite a number of young men to go to school who would not have gone." He did not estimate how many students the GI Bill will bring to the Marshall campus, but did say that there are more than 500 veterans on campus now paying their own way.

For the veterans now on campus and for those who will be coming, for full-time study or training, the new bill provides \$100 a month for a single veteran, \$125 for a veteran with one dependent, and \$150 for a veteran with two dependents. Lesser allowances are provided for part-time training.

Anyone who wishes further information on the bill should contact Mr. Hamlin at the VA's regional office downtown.

Roaming The Green

By KATHY SIX
Society Editor

Alpha Sigma Alpha sorority will have a work and poster making party tomorrow at 9 a.m. for all pledges and actives. New officers for the sorority have also been installed. They are: president, Margaret McGinley, Barbourville junior; vice president, Sharyn Williamson, Proctorville sophomore; recording secretary, Barbara Bickell, St. Albans freshman; corresponding secretary, Patty Crans, Huntington junior; treasurer, Ann Cameron, Harts junior; chaplain, Brook Hartzell, Huntington junior; membership director, Jennifer Plumley, Largo, Fla. sophomore; editor, Pressie King, Huntington freshman; panhellenic representative, Janie Meisel, Huntington freshman; and rush co-chairmen, Donna Broom, St. Albans junior, and Suzie Jones, Rupert sophomore.

Alpha Xi Delta will also have a poster making party tomorrow morning for the campaigning of its candidates for class officers. They have also installed new officers. They are: president, Jane Woodburn, Wheeling junior; vice president, Jan Rife, Huntington junior; recording secretary, Cheryl Copenhaver, St. Albans junior; corresponding secretary, Judy Briscoe, Winfield junior; treasurer, Linda Pepper, Parkersburg sophomore; membership chairman, Betty Theis, Huntington junior; and pledge trainer, Becky Sansom, Huntington junior.

Alpha Chi Omega's national collegiate field advisor, Miss Linda Boswell will be visiting the chapter all next week. New officers have also been elected. They are: President, Jonni Lee Lombardo, Huntington junior; first vice president, Ann DeBussy, Parkersburg sophomore; second vice president, Patti Johnson, Huntington junior; recording secretary, Ellen Walsh, Fort Lauderdale, Fla., junior; corresponding secretary, Sue Herndon, Gauley Bridge sophomore; treasurer, Gail Schneider, Parkersburg sophomore; rush chairman, Bev Hart, Charleston sophomore; social chairman, Sandy Wheeler, Parkersburg sophomore; activities chairman, Carol Grace, Huntington junior; etiquette chairman, Sandy Whitehouse, Winfield sophomore; and panhellenic representative, Marilyn Wooddell, Beckley sophomore.

Phi Mu sorority will have pledging ceremonies tonight at Johnson Memorial Methodist Church with members of the Phi Mu chapter at Ohio University in attendance. A party will be held following the ceremony at the home of Mary Harvey Midkiff, Huntington senior.

Sigma Kappa will hold its annual "Hoopie Hop" informal at Starks Floor Town tonight from 8:30-12. The dance is for members only.

Sigma Sigma Sigma has recently elected officers for the coming year. They are: president, Mary Louise Aliveto; first vice president, Patti Ginger; second vice president, Carolyn Noell; recording secretary, Judy Bolash; treasurer, Melinda Snow; and scholarship chairman, Cathy Call.

The Lambda Chi Alpha fraternity brothers had a party with the sisters of Sigma Sigma Sigma sorority Wednesday evening.

Pi Kappa Alpha fraternity activated 14 fall semester pledges last Sunday. They are: Larry Farley, Bob Hardin, and Bob Dillard, all Huntington juniors; Phil Deibler, Falls Church, Va. junior; Ed Mayer, Charleston sophomore; Russell Cook, Huntington junior; Bob Thorn, Long Branch senior; Tom Keaton, Fayetteville junior; Gene Gatrill, Weston sophomore; Tom MacGlaughlin, Blue Jay sophomore; Mike Slagel, Huntington sophomore; Ed Ashcraft, Huntington sophomore; Jim Lewis, Huntington freshman; and Doc Richmond, Huntington freshman. Tuesday evening the fraternity had a Founders Day dinner and dance. Guest speaker at the dinner was Don Dickson, national secretary. The PKA's will have a house party tomorrow at 8 p.m.

Sigma Phi Epsilon is having the second floor of its house renovated by two actives, Tom Husted, and Ronan Dillard. Monday, the brothers of the fraternity collected money for the Heart Fund throughout the downtown area. Presently, they are working as carry-out boys at the B&B grocery to aid in the Cancer Drive.

Tau Kappa Epsilon pledge class has elected officers. They are: president, Don Boudov, Atlantic City, N. J. junior; vice president, Danny Wallace, Huntington sophomore; secretary-treasurer, Bill Johnson, Nitro junior; sergeant at arms, Terry Chapman, Dupont sophomore; and social chairman, Bob Browning, Barbourville freshman.

Honors Seminar Studies China; Hears Speech On Confucianism

The Honors Seminar introduced its study of China with a speech Tuesday evening by Dr. Siu-chi Huang, professor of philosophy at Beaver College, Glenside, Pa.

In her discussion, "Confucian Tradition in Modern China," Dr. Huang traced the historical changes in Confucianism from the time of its establishment to the present. She emphasized the influence of Buddhism and Western ideologies on Confucian development.

CHEMISTRY PROF. SPEAKS

Dr. Harold Kwart, professor of chemistry at the University of Delaware, will speak at a seminar Tuesday at 4 p.m. in Room 320 of the Science Hall. Dr. Kwart's topic will be "Solvolysis of Halosulfonium Ions." The seminar will be open to all students and faculty members.

fluence of Buddhism and Western ideologies on Confucian development.

According to Dr. Huang, three forces which caused changes in Confucianism are China's international relations with the West resulting from a treaty to end the Opium War, dissemination of Western literature, and the quest for new ideas in the modern world.

Among Confucian ideas still considered valuable today, Dr. Huang named the belief that no class distinction should be made in education. She said that Confucianism recognizes the right of every individual to an education.

A native of Amoy, China, Dr. Huang is noted for her translations from English to Chinese.

Oh! My Aching Sacroiliac

PRACTICING THEIR yoga exercises are Nancy Glaser, Hawthorne, N. J. junior (in the foreground) in the plough-posture and Carolyn Hale, St. Albans junior, in one of the four meditation positions.

Two Coeds Advise Yoga To Enhance Study Habits

By DOTTIE KNOLL
Feature Writer

Exercises not only to lose weight but to enhance concentration—is it possible? Yes, say Nancy Glaser, Hawthorne, N.J. junior and Caroline Hale, St. Albans junior. Both are Sigma Kappas who practice yoga exercises.

What is yoga? To many, “yoga” denotes a strange Indian practice. Many think of men stepping on hot coals or sleeping undisturbed on a bed of nails.

According to the two “yogins,” yoga is one of the six basic systems of philosophy in India. It is not considered a religion or primarily a mystic cult, but rather a Hindu system of meditation and ascetic practice design-

NANCY GLASER (left) Hawthorne, N. J. junior is seated in the semi-Matsyendra-posture as Carolyn Hale, St. Albans junior is in a shoulder stand position.

ed “to yoke” the human soul with the universal Spirit.

Yoga has been defined as the achievement of absolute mastery over the mind and emotions.

There are many different forms of yoga; however, says Miss Glaser, hatha yoga is the most familiar to the West. Hatha yoga evolved around 950 A.D. and has changed little from its beginning. It is about the only form of yoga that is practiced widely today.

Miss Glaser stressed that Hatha yoga was not only exercises to improve the body, but rather it uses exercises, postures, and correct methods of breathing to attain meditation, concentration, and the final liberation of the soul.

Both women hastened to add

that neither are advocates of the philosophy of yoga, but each have read books on the subject and enjoy the exercises.

The true yogi, stated Miss Glaser, strives to elevate his soul, step by step by the practice of penance (tapas) living in purity, until he reaches the ultimate stage where he is perfect. He then leaves the material existence and is united with the supreme soul.

Miss Glaser first learned about yoga in her honors seminar class last semester, which was studying Southeastern Asia. She became so interested in yoga that she used yoga as a term paper topic and tried to interest her sorority sisters into doing the exercises.

While yoga makes sufficient allowances for individuals differences, certain general rules are generally enforced. The exercises should be practiced at dawn and sunset on an empty stomach. Several hours must elapse after a meal and before the exercise is begun. Dietary regulations are to be strictly followed. The yogin should not take sour, pungent, or spicy food. Meat and intoxicating drinks are to be religiously avoided.

Miss Glaser and Miss Hale rarely practice these rules and usually do the exercises when sleep starts to overtake them while studying. “It really relaxes me and stimulates me,” says Miss Glaser, “in fact it helps me to concentrate a lot better.”

Compared to other exercises, a posture, once the position is assumed, is held for a long time—anywhere from three or four minutes to half an hour. Rapid or violent movements are against the yogic tradition.

Each exercise and posture has symbolic meaning and purpose related to the fundamentals of “ayurvedic” medicine. Some of the exercises are to relieve a headache while others are to relax the body.

Yoga is a lot of fun, agree both women, but it takes time, practice and of course sore muscles.

(Editor's Note: All information used in this column is compiled from campus student newspapers and Collegiate Press Service releases.)

Any possibility that camp humor has run its course on the campus was laid to rest with the advent of the “Batman” television series.

Although the “New York Times” critic decided that “Batman” was too good to be bad enough to be good, thousands of students apparently agree that the worst is yet to come.

At the University of Illinois, officials installed 100 extra chairs in the student union TV room, but still had to turn students away. The student center and dormitory lounges were reported overflowing at the University of Kentucky as each new installment of the series was aired.

The “Red and Black” reviewer at the University of Georgia went out on a limb and proclaimed the new series “funny” and said students enjoyed it because of the “demands of the world . . . like Viet Nam. . . .”

The “Minnesota Daily” at the University of Minnesota ran a front page picture of the Batmobile pasted up over a picture of one of the campus streets. A fan club is underway on campus, the paper said, and already has about 50 members. It expects to distribute membership cards and Bat insignias.

At the University of Michigan, the “Michigan Daily’s” television critic tried to explain why students who digest Samuelson by day and Satre by night could be drawn so magnetically toward the “electronic and intellectual vacuum tube.” He quoted Phineas T. Barnum: “No one ever lost money underestimating the intelligence of the American people.”

“Playboy” Magazine does more than display sport pictures of international beauties, as evidenced by a recent Playboy College Opinion Survey showing that 55 per cent of the students polled would vote for a Republican candidate for the Presidency in 1968.

The survey covering 200 campuses, is based on responses from a representative sample of approximately 1,000 students of all classes, ages, and backgrounds from all over the country. A permanent panel of 200 faculty members was also polled.

The coeds on the Texas Tech campus have replied in the affirmative to the question, “Should a gentleman offer a lady a Tiparillo?” One reason that girls prefer the Tiparillo is that cigars are less likely to cause cancer. One coed said, “They last longer, taste better and you don’t have to inhale to get the full satisfaction.”

In response to the coeds smoking cigars, one male commented that “smoking cigarettes is OK, but smoking cigars just doesn’t go.”

Fraternity Helps Heart Fund

BROTHERS OF SIGMA Phi Epsilon Fraternity conducted a door-to-door campaign Monday, collecting donations for the Heart Fund. Taking part were (left to right): Mike Morgan, Beckley sophomore, Gregg Terry, Huntington freshman, Doug Warner, Vienna sophomore and Mike Hettlinger, Alexandria, Va. freshman.

PE Forum Slated For Tomorrow

The Physical Education Majors’ Club will sponsor a forum on March 12 from 9:30 to 11 a.m. in the Women’s Gym, according to Gretchen Adkins, Man senior, president of the club.

The forum will concern injuries confronted by physical education teachers, elementary teachers and playground supervisors. It will consist of a lecture followed by a clinic in which those attending can participate. Girls are asked to dress for participation.

Robert Hosey of Pratt, W. Va. will conduct the forum. He has been assistant instructor at West Virginia Institute of Technology for the past eight years and official trainer for their football and basketball teams.

Engineering Scholarship Awarded

THOMAS OLSEN, (right) associate professor of engineering, presented an engineering scholarship certificate to Ronald Lee Markin, Ona senior. The scholarship was made available to engineering students by a faculty member. It is for one semester's tuition and fees. Photo by Thomas Johnson, student photographer.

Ona Engineering Major Awarded Scholarship

Ronald Lee Markin, Ona senior, has been awarded a scholarship to cover tuition and fees for one semester.

The scholarship was made available by a member of the faculty to be awarded specifically to a member of D-Rho D-Theta, honorary engineering fraternity. Members of the engineering staff made the selection.

Markin maintains a three-point average as an engineering major with an area of concentration in electrical engineering.

He is a member of D-Rho, D-Theta, Marshall University Engineering Association (MUEA), the Student Activities Board, and Chi Beta Phi, national science honorary.

He graduated from Milton High School, where he was president of his class for three years, a member of the National Honor Society, and played in the band.

Language Club Will Present 'Swiss Day'

The Modern Language Club in connection with the Departments of History and Political Science will sponsor a Swiss Day on March 17.

Dr. Lukas F. Burckhardt, cultural attache of the Swiss Embassy at Washington, D.C., will address the language students and other interested persons at the Campus Christian Center at 4:00 p.m. Dr. Burckhardt's topic is "The Languages of Switzerland in Their Relation to Culture and Education."

At 8 p.m., Dr. Burckhardt will talk about Switzerland's history, culture and society. Dr. J. Stewart Allen, Vice President of Academic Affairs will introduce the speaker and moderate the discussion period.

Swiss day follows a tradition of the old German Club which merged with the Modern Language Club that was established in 1962.

FEDERAL EXAM

Final date for applications for the Federal Service Entrance Examination is Wednesday. The written examination will be held on April 16. The test is given by the U.S. Civil Service Commission as a means for recruiting new college graduates for careers in government.

Pass this quiz and Eastern will fly you to Florida or 79 other places for half fare.

Any 12 year-old can pass it.

1. I am 12, 13, 14, 15, 16, 17, 18, 19, 20, 21 years old. (Circle one.)

2. I would like to spend \$3 for an Identification Card entitling me to fly at half fare when a seat is available on Eastern Airlines Coach flights to 96 destinations. ☐ True ☐ False

3. My name is (PLEASE PRINT) _____

4. My home address is (STREET) _____
(CITY) _____ (STATE) _____ (ZIP CODE) _____

5. I was born on (MONTH) _____ (DAY) _____ (YEAR) _____

6. To prove the answer to Question 5, I will submit a photo-copy of my:
☐ Birth certificate ☐ Driver's license ☐ Draft card
☐ Other (PLEASE EXPLAIN) _____

7. I am a male / female. (Cross out one.)

8. I am a student at (SCHOOL NAME) _____

9. My residence address there is (STREET) _____
(CITY) _____ (STATE) _____ (ZIP CODE) _____

10. Eastern Airlines should mail my ID Card to:
☐ Home address ☐ School address
I attest that all answers above are true.
(SIGNATURE) _____

Now, mail the quiz, proof of age and a \$3 check or money order (payable to Eastern Airlines) to: Eastern Airlines, Inc., Dept. 350, Ten Rockefeller Plaza, New York, N.Y. 10020. Or take same to any of our ticket offices.

If you're 12 through 21 and qualify, you'll soon get your ID card. It entitles you to an Eastern Coach seat at half fare, on a space-available basis. Except on April 7 and certain days during the Thanksgiving and Christmas holidays, you can fly to any of Eastern's destinations within the continental U.S. Including Florida.
