Goodman Is New President

The Parthenon

MARSHALL UNIVERSITY STUDENT NEWSPAPER

Vol. 64 HUNTINGTON, W. VA. FRIDAY, MARCH 19, 1965 No. 48

MU Budget Is Increased

Marshall received a \$498,993 increase in its budget for the next fiscal year under allocations passed by the 57th West Virginia Legislature Monday.

The 1965-66 budget figure for Marshall is \$3,790,700 compared with \$3,291,707 appropriated for the current fiscal year. Part of the nearly half million dollar increase was earmarked for personnel salary increases as well as for new staff members.

The current budget for personnel services, \$2,787,272, was increased by \$421,362 to \$3,208,634. Current expenses received a \$30,239 additional sum to make a total of \$292,056 for the next fiscal year.

An additional \$22,618 was allocated for repairs and alterations, making a total of \$109,521 available in the new budget for this item. Expenses for equipment rose from \$123,515 allocated in the current budget to \$146,028 for the coming fiscal year.

The flood wall tax of \$3,200 will remain the same for next year, while cost of experimental projects and teacher education mounted from \$29,000 to \$31,261 for the next fiscal year.

IT'S GOODMAN AND FLEMING as Student Body president and vice-president for next year. Steve Goodman and Carolyn Fleming were elected president and vice-president respectively for the coming year in the Student Government. Both Goodman and Miss Fleming are representatives of the University Party and ran as a team in this year's election.

Dr. Smith Issues Statement

Report On Fraternity Incident Made By Dean

President Stewart H. Smith was to receive a report after Parthenon deadline Wednesday of an investigation into an alleged attack on a local Negro band by members of a University fraternity following an off-campus fraternity dance Saturday night.

The report of the incident was to be submitted to President Smith by Dean of Men John E. Shay Jr., who is heading the investigation.

The Civic Interest Progressives, a bi-racial group of University students and non-students, has charged that the attack was racially motivated. In a complaint filed with Dean Shay and President Smith earlier in the week, the CIP's asked that the fraternity be placed on social probation for three years and the students involved in the incident be suspended by the university and expelled by the fraternity.

Concerning possible action, President Smith said, "It is not the prerogative of the CIP or any other group to dictate to the University Administration what penalties should be given in this or any other incident."

"It (the CIP) has a right to protest, but any interference in the University's authority to administer its rules and regulations is an encroachment upon the governing responsibilities of the institution."

"The CIP is not a recognized University organization, has never requested recognition and therefore has no status on the campus."

"By assuming that it can speak for the University, although not accountable to the University, the CIP has placed itself in a highly ambiguous and indefensible position. When a decision is made it will be our decision."

Constitution Is Ratified; University Party Rallies

By DAVID PEYTON
Staff Reporter

The University Party's presidential candidates of Steve Goodman and Carolyn Fleming have been elected president and vice-president of the Student Government.

In addition to the election of senators and Student Government officials for the coming year, the students voted to accept the revised constitution as presented in Wednesday's election.

Four senators were elected to next year's sophomore senate. They are Linda Pepper, Rick Jackson, Ann DeBussey, and Bob Carlisle. Next year's junior senate seats will be filled by Carol Hubbard, Nancy Glaser, Sam Samworth, and Diane Petty. The only class to receive five seats next year will be the seniors. Those juniors to fill senate seats next year are Joan Fleckenstein, Bill Wooton, Samchi Sutikulphanit, George Mills, and Gretchen Adkins.

President of the sophomore class next year will be Dick Smith. President of the junior and senior classes will be Dave Frost and Jack Hill respectively.

The constitutional change was voted in overwhelmingly by the students. The vote was 650 for the changes and only 137 against the changes.

The Election Committee, under the leadership of Carol Martaus, worked for nearly two hours tabulating votes. At 5 p.m., when the polls closed, there was still a long line of students in the freshman class who still wanted to vote. These students were given the opportunity to vote.

There was only one complaint to the Election Committee about voting procedure. One freshman student complained that he had registered to vote before 5 p.m., then left and returned to the line after the closing of the polls. Miss Martaus ruled that since he had left the polls, he was not eligible to vote in the election.

One of the reasons it took such a long time to tally the votes was the large number of write-in candidates plus the constitutional question which appeared on a paper ballot.

No write-in candidates were elected to any offices. In addition to the usual write-in ballots, there were two strange ballots cast. One of them voted for Steve Goodman, the new president, for junior class senator and the other student cast his vote for Loretta Ufheil for homecoming queen. Otherwise, the students cast an unusually large number of rational write-in votes.

Two of the class presidents, Dick Smith and Jack Hill, ran unopposed for their offices on the regular ballot.

The new president and vice-president, along with all the newly-elected senators, will be inaugurated at a special ceremony Tuesday at 11 a.m. in Old Main Auditorium.

In addition, President Dick Cottrill will give his final address as president of the Student Body and the new president will make his inauguration address. President Cottrill and Vice-President Fred Reeder will be awarded honorary gavels for their service during the past

MUST EXAM FOR SENIORS

All seniors in the College of Arts and Sciences must take a Graduate Record Examination from 8 a.m. to noon April 10, according to Dean J. Frank Bartlett. Details will be announced later.

year. The oath of office will be administered by Chief Justice Wendell English.

Election day last Wednesday got off to a soggy start and stayed that way throughout the day. The posters that had held together reasonably well throughout Monday and Tuesday turned into soaking ruins on the day of the election.

Because of the rain, Election Committeewoman Carol Martaus made special arrangements for the candidates whereby they could campaign inside of the Student Union on the day of the election.

She said that she didn't feel that candidates should be restrained altogether from campaigning on the day of the election, and thus Miss Martaus said she used the power given to the Election Committee to specify places of campaigning in case of inclement weather.

Voting seemed to be hampered only slightly due to the weather. At about 1 p.m., the junior class had the largest proportional number of voters, followed closely by the freshmen.

Miss Martaus said that generally the campaign had been good with only one complaint. That complaint, she said, came from one of the candidates, Janet Ratcliff, who claimed that someone had taken down two of her signs before election day.

She said that the Election Committee did not have as many problems with the candidates as it did with the electorate. Signs were posted outside the polling place asking that all students take all campaign material off before going into the polling place. She said that evidently students were ignoring these signs.

Miss Martaus also expressed her deep appreciation to Cabell County Clerk Keith Arthur for allowing the Election Commission to use the four voting machines.

Although the election is over for this year, both the University Party and the Advocates of the Beginning have announced that their parties will continue the work started in this election.

Both parties have expressed a desire to hold conventions before this school year is over and to continue in some form into next spring's election.

300 High School, Junior High Entries In Science Fair Today

The 10th annual regional science fair opens today in Gullickson Hall. The fair will be open to the public, free of charge, from 7:30 to 10 p.m. Friday and 9 a.m. to 3 p.m. Saturday. Awards will be presented at 1:30 p.m. Saturday.

Report Released

Director of Information, David R. Dodrill, released a statement Wednesday night from President Stewart H. Smith concerning the Saturday night fraternity incident. Sigma Phi Epsilon was placed on probation for a year and two students were suspended from the University.

In a report to the President, Dean of Men John E. Shay stated that, "intoxication of men, not racial bias, appears to be the reason for the attack."

President Smith said that suspension was based on University regulations concerning intoxication and general conduct, not on pressures of the CIPs.

"Although several students were involved, those penalized were those determined to be the provocators," President Smith said.

"Their conduct was reprehensible and shameful and brought discredit upon the fraternity and the entire University community," he concluded.

Over 300 entries from 50 high schools in the Tri-State area will compete in two divisions: the junior division for grades seven-nine, and the senior division for grades 10-12. The boy and girl winners in the senior division will win a trip to the National Science Fair in St. Louis, Mo. May 5-8.

Categories for the junior division are biological and physical sciences, and for the senior division, biology, chemistry, physics - mathematics - engineering, and earth sciences.

A special award of an all-expense paid Navy science cruise will be presented to a sophomore or junior boy whose exhibit is linked to Naval activity.

Dr. Robert V. Digman, associate professor of chemistry, is director of the fair. The regional fair is affiliated with the National Science Fair to encourage an interest in science for the junior high and high school student.

Weekend Attendance Is Poor In Student Union

Although Marshall students generally attend the Wednesday night mixes in the Student Union, the same scene is greatly lacking in student attendance and participation for the weekend movies and mixes.

Don Morris, manager of the union, blamed the poor attendance on the fact that Marshall is still primarily a "suitcase" school. Mr. Morris said that the full-length movies now being shown on television are another reason for decreased attendance at this time.

Students themselves had many ideas and opinions concerning the problem.

(1) Many freshmen said that they did not know there were

mixes on weekends;

(2) Students active in fraternities and sororities usually have things planned for the weekend;

(3) Independents remaining on campus for the weekend usually have dates, especially if they have a car or access to one;

(4) Friday and Saturday nights are considered date nights and no one wants to admit he doesn't have a date by going to the weekend mixes alone or in a small group. Wednesday night is different because students want to take time out to relax during the busy week and don't usually have a date then.

Commenting on students' reactions, Mr. Morris stressed that the Union belongs to the students and it is their money that provides the activities scheduled there for them. Therefore, it is up to the students whether the attendance will rise or continue as it is.

A solution to this problem would be to let the suitcases remain in storage for longer periods of time and for students to begin familiarizing themselves with campus weekend activities.

Commission Filing Deadline Is Today

This is the last day to file for next year's student government commissions, according to John Hill, commissioner of student government affairs. All applications should be in the Student Government Office by 5 p.m. today.

To date, there have been some 500 applications received from interested students. For the first time this year the applications have included space for the applicants' photos.

Utilizing this year's new filing system, the student body president will be presented with a complete list of applicants for each position. From this list he will make his appointments. Thus the newly appointed commissioners will be able to attend Leadership Camp at Jackson's Mill April 2, 3, and 4.

Christian Center Offers Varied Activity Program

Are you familiar with the activities of the Christian Center? A variety of activities and events — more than you would think — take place each week at the Center.

Let's start with Sunday. At 9:30 a.m., there is a class dealing with a timely theological subject. Coffee and donuts are served. Worship is at 11 a.m., often with prominent visiting clergyman.

The atmosphere becomes less formal Sunday evening. Students representing various denominations take turns preparing dinner. For 40 cents, anyone may dine.

During the week, study and discussion groups meet in the

center and interested students, led by a clergyman, delve into and discuss pertinent topics.

The library in the Center is an inviting study room. At any hour of the day or evening, students may go there to study.

The Proctor Project, a recreational program for underprivileged children, headlines Saturday morning at the Center. As a part of Education 218, Marshall students direct the children in their play.

Besides the more serious side of the Center, there's a "fun" side too. On Friday and Saturday beginning at 7:30 p.m. the coffee house is open to students. It closes shortly after midnight.

DEAN TAKES TRIP

Dr. A. E. McCaskey, dean of the College of Applied Science was scheduled to travel to New York City yesterday to attend the North East Zone of National Council of State Boards of Engineering Examiners meeting.

There will be representatives attending from as far north as Maine and as far west as Kentucky for the two day meeting.

Sunshine Brings Spectators

AT LEAST ONE election sign was noticed by an unidentified coed before the rains came Wednesday. Many signs were ruined by the showers.

City Police Captain Will Discuss 'Pep Pill' Situation On Saturday

How bad is the "pep pill" and drug situation in Huntington?

Capt. Earl Duff of the Huntington police force, will speak and lead discussions concerning the drug situation in the city at a forum sponsored by MUST (Marshall University Seekers of Truth) on Sunday.

Beginning at 8:30 p.m. at the Campus Christian Center, Captain Duff will play tapes recorded in Georgia by two Huntington detectives in which a Huntington youth, who is facing the death penalty for murder while under the influence of "pep pills," confesses to the crime. The tapes also contain comments by the condemned youth on the availability of dope in Huntington and how he himself was able to obtain "pep pills."

Captain Duff has stated that the city of Huntington is wide open to the sale of drugs, from "pep pills" to heroin. He will dis-

cuss the situation in detail at the MUST meeting.

MUST was organized last semester by students interested in social, moral, and personal problems, said Joe Willis, Scott Depot senior and president of the group. According to Willis, the meetings are open to the public and all students are welcome to attend.

New Dean Here; Takes Post April 19

Dr. Robert Bruce Hayes, dean of Teachers College elect, was on campus earlier this week to meet with Dean Ralph W. Cherry, representative of North Central Accreditation of Teacher Education (NCATE).

In addition to meeting with Dean Cherry in connection with NCATE, Dr. Hayes also met with the department chairmen and staff members.

Dr. Hayes, who is presently chairman of the Department of Education and acting dean of Teachers College at Taylor University, Upland, Ind., will assume the position of Dean of Teachers College at Marshall on April 19. The date had previously been set for April 1.

College Dropouts Tell Reasons Why

Why do students drop out of college once they're finally situated? The reasons listed by students who withdrew after the first semester were released by Joseph S. Soto, vice president of business and finance.

One hundred eighty-four students gave 23 reasons why they were leaving, while 18 others gave no reason.

Reasons given were conflict with work schedule, 3; doctor's orders, 46; not enough time, 6; no transportation, 6; got married, 4; just wanted to leave, 1; moving, 11; didn't like school, 4; ineligible, 5; lack of funds, 7; personal reasons, 23; transferring, 5; advice of instructor, 1; death in family, 2; needed at home, 8.

Ministerial duties, 1; refused admission, 3; homesick, 1; going into military service, 4; administrative action, 4; not enough background, 1; changing fields, 1; and low grades, 1.

Reasons were listed on cards left at the Office of Business and Finance during the withdrawal process.

How Covert Can Infiltrators Get?

Operation "Thundering Herd" may have been a success but, strangely enough, the infiltrators were infiltrated.

A MU student, John Astle, Barboursville senior, decided he wanted to see the parachutists first hand as an interested citizen. So he and an unidentified friend passed the perimeter guards and strolled casually into the drop zone, and they were not challenged.

Finally, after about an hour, one of the participants asked Astle and friend what they were doing. It was then that Astle learned that they were off limits — about an hour after they had first walked into the field. (See Page 6).

3 Shown New Technique In Language Field

New, advanced methods of language instruction were the main topics of discussion at the National Language Conference last week at the University of Indiana.

Marshall faculty members who attended were Dr. Dorothea Dauer, chairman of the Modern Language Department; Dr. Julius Lieberman, professor of German; and John Miller, instructor of Spanish.

A bridge between psychology and language learning was introduced at the meeting. Several psychologists worked with linguists to explain this relationship.

New electronic machines were exhibited and explained. There is now a new television laboratory which enables the student using the lab equipment to see visual aids while he is being given his lesson. Dr. Dauer has expressed great interest in this television lab, and mentioned that a representative is coming to Marshall to discuss further the use of it. This lab is practical because it is not restricted only to language, but all other departments could also profit from it.

The uses and mis-uses of the lab were also discussed at the meeting. Dr. Dauer mentioned that a closed lab is of no good to anyone, and the lab doors should be open as long as possible for the students' use. She said that the 24-hour language lab used at Yale University sends the lessons to the students' dormitories after the lab is closed. The student merely dials the course number to receive his lesson, and the lesson is available to him throughout the night.

Dr. Dauer also expressed the growing importance of a language as a college entrance requirement. In the future, students will probably not be accepted into colleges without having studied a language in high school. Nearly 1,000 persons from all over the United States, including Hawaii, attended.

THE LAYOUT OF the last four Parthenons, including today's, is the work of Bob Oney, South Charleston senior, as part of his training in Copyediting 302. Carolyn McDonel, Wise Va. junior will be responsible for the next issues of The Parthenon.

The Parthenon

MARSHALL UNIVERSITY STUDENT NEWSPAPER

Pianist Moravec Likes French Expressionists

By PATRICIA TAYLOR
Teachers College Journalist

After a very versatile performance, Ivan Moravec, famed Czechoslovakian pianist, bowed slightly for the ringing applause. Main Auditorium was nearly filled for Moravec's performance March 11. He played selections from Beethoven, Brahms, Debussy and Chopin.

When questioned about his favorite composers, Moravec replied, "I am not specialized. I play the big names of music, and I have particular love for French expressionists."

During his first tour to the U.S. in 1962 Moravec made two recordings for the Connoisseur Society of New York. The selections include Moonlight Sonata, Sonata Opus 90, and Sonata Patetique. He has also recorded a Beethoven album for the Book of the Month Club.

Moravec said that playing for college audiences is a new experience and that he enjoys it tremendously. He finds college students receptive and is pleased that they go to his performances of their own choosing, not by force.

Moravec's favorite American pianists are Ann Schein and Leon Fleisher whom he "knows well and likes."

Mrs. Moravec plans to join her husband in early April to complete his two-month tour in the U.S.

Moravec has a daughter 10 and a son 12. The daughter has begun piano lessons, but not under her father's instruction because he "would get angry at her mistakes." The son dislikes music.

This was Moravec's first appearance in West Virginia. His travel led to Cincinnati from here.

Forensic Tournament At W. V. U. To Draw Regional Contest Winners

Region eight high school students will participate in the West Virginia State High School Drama Festival and the Forensic Tournament April 1-3 in Morgantown.

Twelve high school students were chosen Saturday at Mar-

shall to represent this region in the speech contests. First and second place winners were: Interpretation, Tom Way of Huntington High, and Norah McNeil of Pt. Pleasant, and Arline Fain of Huntington High; radio announcing, Randy Maynard of Lo-

gan, and Dave Dorosky of Huntington High; extemporaneous speaking, Joan Tumpson of Huntington High, and Brad Johnson of Logan; debate, Greg Terry and Frank Cummings of Huntington High, Dennis Trammel and Glen Bias of Logan.

The Regional West Virginia State High School Drama Festival recently was held in Old Main Auditorium. Taking first honors in the competition was Huntington East High School with the performance of "Impromptu" by Ted Mosel. It was directed by Mrs. Kathrine Cummings, instructor of speech at Huntington East.

Judging the five plays was John Sowards, professor of speech at the Ashland branch of the University of Kentucky.

Christian Center Speaker Set

The Rev. James William Young Jr., assistant to the president of Louisville Presbyterian Theological Seminary in Louisville, Ky. will be the guest speaker at the 11 a.m. Sunday service in the Campus Christian Center.

The title of his sermon will be "The Purpose of Election."

He received his A.B. degree with honors from Southwestern in Memphis, Tenn.; his M.B.A. degree from the University of North Carolina; and his B.D. de-

gree from Louisville Presbyterian Seminary, where he attended on an Anderson Fellowship.

Before becoming assistant to the president at the Seminary, Reverend Young served in the U.S. Army and as auditor for C. C. Clark, Inc.

The weekly dinner will be held in the fellowship hall of the Center at 6 p.m. Sunday, and will be followed by the Ecumenical program. All interested persons are invited to attend.

Deadline Is April 1 For Financial Aid

All students interested in financial aid for the 1965-66 school year must turn in their completed applications by April 1. This announcement was made last Tuesday by John E. Shay Jr., dean of men.

This applies to incoming freshmen, transfer students, and others requesting aid.

The necessary forms and instructions for financial aid may be obtained in Dean Shay's office and should be returned there upon completion.

Last year Marshall issued 645 scholarships and loans. Of the more than 500 students applying for loans, roughly 75 per cent qualified on the grounds of academic standing and financial need.

Due to the eligibility of half-time students for loans, an increase of applicants is expected for the next term.

Young Democrats Pick New Officers

James Farrell, Huntington sophomore, was elected president of the Young Democrats March 10 in the Campus Christian Center.

Other new officers are: vice president, Robert Arnold, Huntington sophomore secretary, Judy Smith, Huntington sophomore; treasurer, Jack Childers, Huntington freshman, and coordinator, Nancy Ball, Huntington sophomore.

Members have extended an invitation to all interested students to attend future meetings.

INTERNATIONAL CLUB TO MEET

The International Club will meet at 7 p.m. Wednesday, March 24 in the Campus Christian Center. Though the nucleus of the club is composed of the approximately nine foreign students on campus, it is not restricted to foreign students alone. All Marshall students are invited to attend.

Zahra Tabatabal Iran sophomore is the new president of the club. A coffee hour will follow the meeting.

A message of importance to sophomore men

If you've got what it takes to be an Army Officer, you may qualify for this new on-campus training program

A new Army ROTC program starts this coming Summer for sophomore men who apply prior to May 1—only 3,000 applicants to be accepted

If you're a sophomore now attending one of the 247 colleges and universities that offer Army Officer training—or you plan to transfer to one of these schools next Fall—you may qualify for the new two-year Army ROTC program.

This new program—designed especially for college men who have not taken Army ROTC during their first two years—will commence with six weeks of field training this coming Summer, beginning June 14. Then you'll have on-campus training during your junior year . . . six additional weeks at camp during the following Summer . . . and more on-campus training during your senior year. Even flight training is offered at some schools.

ROTC training is really a process of learning to organize and direct others—to be a leader. Consider how important this ability can be to you throughout life; yet, to acquire it you will spend relatively little time in the ROTC classroom. You'll obtain valuable junior management experience . . . a fuller and richer campus life . . . extra spending money (\$40 per month during your junior and senior school years, and even more during Summer training) . . . and, when you graduate, an Army Officer's commission as Second Lieutenant. Then you'll normally spend two interesting years on active duty, often abroad with opportunities for travel.

Talk to the Professor of Military Science on your campus about this opportunity. Ask him to describe this new short program in detail.

Or send in the coupon below for complete information. There's no obligation involved, and you'll not be subjected to any "hard sell" recruiting effort. The kind of men the Army wants can decide for themselves if this new opportunity is right for them.

If you're good enough to be an Army Officer, don't settle for less. Sign up now for Army ROTC.

Send in this coupon for more information on this new two-year on-campus Army Officer training program.

U.S. Army ROTC, Post Office Box 1040, Westbury, New York 11591

Please send me complete information on the new two-year Army ROTC program. I understand there is no obligation involved.

New Exhibits Added To Geology Museum

The Marshall University Geology Museum has been enhanced by the addition of several new exhibits.

Dr. Raymond E. Janssen, chairman of the Geology Department, announced that several solid gold foils have been donated by Dr. R. C. Curray, a Huntington dentist. An ore containing copper, zinc, lead, iron, and quartz, from Creede, Col. was given to the Museum by Mrs. Marian Frost,

Caps And Gowns Orders Scheduled

Caps and gowns may be ordered April 5-9, in the bookstore, by seniors and candidates for degrees. According to Percy Gallo-way, bookstore manager, the rental price is \$3.08, plus a cash deposit of \$10 when the cap and gown are picked up. This \$10 will be refunded when the cap and gown are returned.

Those who wish to buy announcements may purchase them now in the Student Union at 15 cents each. Don Morris, manager of the Student Union, has also stated that calling cards may be ordered in the Union.

Class rings may now be ordered in the bookstore by seniors and second semester juniors.

Co-Op Teachers' Deadline April 1

Applications for the 1965-66 Co-op Student Teaching Program should be made note later than Monday, according to Prof. Eric V. Core, director of the Experimental Program in Teacher's Education. Applications can be secured at the Student Teaching Center, second floor of Old Main.

The Co-Op Program is especially interested in science and mathematics majors, but applications are still being received in elementary education, foreign languages, social studies, English, art, and physical education.

Students interested in co-op teaching on the elementary education level should schedule appointments with Professor Core, Old Main 31. Secondary education majors should see Hillard Hoffman, assistant professor of education, in Old Main 29.

According to Professor Core, tentative appointments to the co-op program will be announced April 1.

Negro Scholarship List Is Available

Financial aid information for Negro students is now available according to Dr. J. Frank Bartlett, dean of the College of Arts and Sciences.

A list of scholarships, fellowships, and loans specially designated for Negro students will be provided to any interested student through Dean Bartlett's office.

Man senior.

From Mammoth Cave, Ky. came a flow stone presented by Gary Ochsenbein, Wheeling freshman.

Professor Janssen has given to the Museum some sharks teeth imbedded in limestone. This specimen was found in Colorado by the geologist while on vacation last summer.

Other objects that were purchased for the Museum include: a rare glassy, tear-shaped meteorite from Delat, Viet Nam; a garnet crystal from Australia weighing over three pounds; a fossil of bird tracks from Utah; and two salt crystals, orange and blue, colored by impurities.

The Museum is open Monday through Friday from 8:30 a.m. to 4 p.m. and is located on the third floor of Science Hall.

3 Attend Foreign Language Meeting

Three members of the modern language department attended the three day Indiana University-Purdue University Foreign Language Conference last weekend.

The conference was held at Indiana University in Bloomington. The theme was "Language Learning: The Individual and the Process."

Dr. Dorothea W. Dauer, head of the modern languages department; Dr. Julius Lieberman, professor of German; and Mr. John H. Miller, instructor in Spanish, were among approximately 1,000 language teachers attending from throughout the United States and parts of Canada.

"Keep Questions Open," was the opening address for the conference, given by John S. Diekhoff, Professor of Higher Education, University of Michigan.

During the language meet, the three language teachers heard addresses on the topics, "Psychology and Language Learning," "Toward Individualized Learning," "Materials and Methods," and "Toward A New Foreign Language Classroom."

CADET OF WEEK

Cadet Robert K. Taylor, Newton sophomore, representing Headquarters Co., was chosen cadet of the week at the battalion's weekly drill Tuesday. To be so chosen, a cadet must exhibit outstanding qualities of leadership and military bearing, and be well read in military science.

RECEPTION SET

Kappa Delta Pi, national education honorary society, will honor the Freshmen Honor Students of Marshall University at a reception in North Parlor of Old Main, March 23, at 7:30 p.m. This is an annual affair to recognize scholarship and acquaint students with the ideals of the organization. Dr. Lawrence Nuzum will be the principal speaker.

Brochure Planned On Health Clinic

Louise Thorp Kirby, assistant professor of English and chairman of the Student Conduct and Welfare Committee, has appointed a subcommittee to prepare a brochure on the services offered by the Student Health Clinic.

Chairman of the subcommittee is Harold E. Ward, associate professor of science. Other members are Dr. Craig T. McKee, university physician, and Claire Grace, Huntington senior.

In a letter to Student Body President Dick Cottrill, Professor Kirby suggested that the following information be included in the survey that the Student Government was requested to make concerning health programs at colleges comparable in size to Marshall: the fee each student pays per semester or per year, the specific services available, the facilities on campus available, and the policies concerning responsibilities of administrative staff and/or members of the faculty in emergencies.

President Cottrill said that no action could be taken by the Student Government until after student elections.

UNION ACTIVITIES

Participants in the science fair this weekend will be guests of the Student Union activities.

"The Second Time Around," starring Debbie Reynolds and Steve Forrest which is in color and cinemascope, will be shown Friday at 7:30 p.m. followed by a mix. Also, a juke-box dance is scheduled from 8 to 12 p.m. Saturday night.

MU WOMEN WIN

The women's basketball team played West Virginia Institute of Technology Saturday, March 13. Marshall won with a score of 43-14. Sandy Sunderland, Milton freshman, was high scorer with 18 points.

The team will be traveling to Fairmont Saturday, March 20, and will be playing the Williamson branch here on Sunday, March 21.

Pistol And Rifle Teams Travel To Morgantown

The ROTC and coed rifle and pistol teams will travel to Morgantown tomorrow to compete in the sectional Intercollegiate rifle and pistol competition.

The tournament will run Saturday with individual matches slated in the morning and team competition in the afternoon. The two teams are coached by Sgt. Major James Dowling.

The mens team is composed of seven freshmen and one sophomore which makes them one of the youngest teams in the tournament, reported Sgt. Major Dowling. Last year's team finished in the middle of 21 teams but hopes to better that mark in this year's

tournament. Defending National Champions West Virginia will be out to win the title again this year.

The men's team positions are held by Joe Dandois, So. Charleston sophomore; George Riegel, New Martinsville freshman; Richard Benson, Elkins freshman; Bill Cook, Eunice freshman; Jim Reese, Huntington freshman; Don Wright, Follansbee freshman; David Richie, Parkersburg freshman and Michael McCormick, Huntington freshman.

The coed team is the first that Marshall has fielded in the tournament. "They have done well in practice thus far and should do well at Morgantown," said Dowling.

This will be the first match for the girls this year. They are also scheduled to compete in the 1965 Fiesta rifle team championship postal match sponsored by the St. Mary's University Union Rifle Club of San Antonio, Tex. This match will be the only other match on their schedule.

The women's team consists of June Patton, Huntington senior; Betsy Stutz, Huntington freshman; Barbara Elliott, Charleston freshman; and Margaret Chambers, Huntington freshman.

Novice Debaters Face Tournament

The novice team of Marshall's debate squad will compete in a cross-examination tournament tomorrow at Eastern Kentucky College, Richmond, Ky.

Taking the affirmative will be Lowell Adkins, Huntington sophomore, and Mike Engle, Charleston sophomore. Negative representatives will be Caroline Massey, Ashland, Ky., freshman, and Bill Evans, Huntington freshman.

On March 30 four debate squad members will speak to the PTA of Washington Elementary School in Huntington.

Speaking on "Automation and Unemployment" will be Ranald Jarrell, Pt. Pleasant sophomore; Mike Engle, Charleston sophomore; John Cross, Huntington senior, and Danie Stewart, Salt Rock junior.

Officer Tells Of Dangers In 'Pep Pills'

By DAN FIELDS
Staff Reporter

"It makes you feel like you can do anything, even fly."

This was the way Detective Don Harper of the Huntington Police Department, a former Marshall student, described the feeling that drug users have when they are "high" on pills.

Harper, a member of the vice squad, presented a lecture on the "pep pill" situation in Huntington to the House Mothers Campus Club last Monday. He distinguished between the addicting drugs-narcotics, and the dangerous, but non-addictive, drugs which are prevalent in this area.

"These dangerous drugs go by several names," said Harper, "such as Yellow Jackets, Co-pi-lo's, Bennies, and Blue Heavens.

They are not addicting in the sense that you need them, but they are habit forming and are extremely dangerous if taken

continuously."

He said that before the State Legislature passed the new "Pep Pill Law" there was no way of controlling the drugs because it was not illegal to possess them.

"One woman was giving out these pills to children on Halloween," he said. The dosage that she gave them was enough to put an adult into a deep sleep."

In a tape-recorded interview with a Huntington youth who has been sentenced to death for committing murder, the boy said that "Huntington was a wide open town. At least half of the teenagers I know use dope of some kind."

But Harper said this was before the law went into effect. He added that the law will become a lot "tighter" than it has been in Huntington.

"It is a serious problem everywhere in Huntington. I've seen it

(drugs) passed in bars, on the street, at the high schools, and here on campus," he said. "Some kids take to selling it as a means of income so that they can stay in school."

Harper stated that a lot of students take the drug so that they may study late for tests. After taking it repeatedly, the drug becomes a habit and the student relies on it more and more until he unknowingly takes an overdose and it injures him.

Harper was the one who introduced the bill before the 1964 State Legislature and "had his

ears beaten down."

"When I went up there this time, though, I had a lot more

voters behind me who were stirred up enough to do something," he said.

Men's Dormitory Brightened Up By Student Assistant's Arrival

Men living in South Hall this semester have found the dorm office to be somewhat brighter by the addition of a new student assistant.

She is Sharon Barber, Barboursville freshman. Miss Barber, majoring in speech, has been hired to perform secretarial duties between 8-10 a.m. each weekday

and alternate Saturday mornings from 8-11.

One of her important daily duties is putting up the morning mail. "The amount of mail is very great at times," she said, "especially when magazine and newspaper subscriptions come in for the residents."

Other duties consist of such things as typing restrictions issued to the residents by the dorm council, keeping the dorm's banking accounts, selling stamps, keeping the bulletin board up to date, and other general office requirements.

Miss Barber's work is supervised by Phil Harmon, director of South Hall.

Four Professors Attend Conference

Four Marshall University professors will attend the Area Conference of the Biological Sciences Curriculum Study Saturday in Charleston. Dr. N. Bayard Green, Dr. Harold E. Ward, Mr. Stanley E. Ash and Mr. Philip Modlin will represent the one-day event.

Professor Ash, the area consultant, expects about 60 teachers from West Virginia high schools and colleges.

During the morning session four separate discussion groups on versions of BSCS classroom materials will take place. Dr. Ward will be a discussion leader of one group and Dr. Green the leader of another.

The BSCS was set up by the Education Committee of the American Institute of Biological Sciences and was established for the improvement of biology education.

SNAP Sets Parley At Bluefield Sunday

Members of Civic Interest Progressive's are planning to attend a meeting of SNAP (Students Now for Action and Progress) at 1:30 p.m. Sunday at Bluefield State College.

SNAP is a student action group recently formed by students from Marshall, Bluefield State, Concord, and West Virginia State. Students from West Virginia Wesleyan and Davis and Elkins have shown an interest in the organization.

"The organization was formed as a direct outgrowth of the attempts to integrate the YWCA and YMCA in Bluefield, and of the denial of academic freedom to students involved in civil rights activity," according to Pat Austin, Cedar Grove senior.

Cadets Take Part In Guerrilla Operation

THE ROTC COUNTER-GUERRILLA TEAM in photograph at left, received training in the use of the AR-15 rifle now being issued to troops in Vietnam during weekend maneuvers called "Operation Thundering Herd." Left to right are Jim Reese, Joe Dandois, Carl McClanahan, George Burke, James Brennan and John

Frank. In photo at right, the underbrush provides cover as Marshall "guerrillas" search for the aggressors. Carl McClanahan leads ROTC contingent. (Photos by student photographer John Haeberle).

Attack! Cadets Fill Role As Guerrillas

By RON HITE
Feature Writer

The Marshall ROTC Counter-Guerrilla team spent last weekend in the rugged hills near Martha, W. Va., taking part in Operation "Thundering Herd."

As the Parthenon reporter assigned to the exercise, I was given a sleeping bag and several cans of food-stuffs known as "C" rations and told to get the facts. Little did I know that in order to get the "facts" I would hike endless miles, sleep under the stars in 30-degree weather and be bombarded with corn meal by aggressor helicopters.

The exercise began Friday night when the guerrilla bands were transported to the hills to await the arrival of paratroopers from Co. B, 7th Spec-

ial Forces Group at Ft. Bragg, N. C.

Twenty Marshall cadets were assigned to meet the paratroopers when they bailed out of their aircraft at drop zone Guyan and to escort them back to a safe area some six miles away. The Marshall cadets did such an outstanding job in aiding the paratroopers that at a debriefing later they were given special recognition for their efforts.

The purpose of the exercise was to conduct training in the art of guerrilla warfare, so the paratroopers served as instructors during classes conducted on Saturday.

The guerrillas from Marshall received training in the use of demolitions, the type of weapons now being used in Viet Nam, including the new AR-15 rifle and the M-79 grenade

launcher, the latest in signal communications and first aid.

The cadets during the exercise carried M-1 rifles and other personal equipment which enabled them to handle any situation.

While at the drop zone, the guerrillas managed to capture several members of the aggressor forces and these were taken to a safe area for interrogation, which added realism to the exercise.

Saturday afternoon, just as preparations had begun for the noon meal, the guerrilla team known as Black Bart's Band, was attacked by helicopters using mock bombs which consisted of sacks of corn meal. Fortunately there were no cas-

ualities as a result of the "bombs."

The exercise ended Sunday with a critique and buffet dinner at the 16th Special Forces Armory.

The members of the Counter-Guerrilla Platoon who took part were: John Wideman, James Brennan, Joe Dandois, Richard Dillon, Donnie Wright, John Gerwig, Terry Handley, Jim Reese, Les Channel, John Frank, Carl McClanahan, George Burke, Bill Cook, Tom Kolterjohn, John Koch, Richard Benson, Mike Bergin, Butch Mosser, Gary Rumberg and Chan Stear.

Capt. William H. Dearborn of the ROTC Department, is advisor for the group.

LEARNING TO OPERATE the U. S. Army's signal communication equipment is cadet John Frank.

CHOW TIME — Not beans again! "Enjoying" the morning menu of "C" rations are (left to right) James Brennan, Joe Dandois and Don Wright.

Cage Mentor Signs Four Top Prospects

By **TIM MASSEY**
Sports Editor

Coach Ellis Johnson has done it again!

Proving himself as a real "go-getter" last year when he came up with this season's unbeaten freshmen, Johnson is out to repeat again in 1966 as he signed four top-flight high school basketball players this week. The new recruits signed are Terry Young of Blaine, Ky., John Mallett of Wheeling, Danny D'Antoni of Mullens and Dallas Blankenship of Pineville.

"We have the two best little men in the state," said Johnson of D'Antoni and Blankenship. "And Mallett is the best big man while Young rates among the top in Kentucky."

Comparing the two Wyoming County guards to Joe Dawson and Orville Stepp of the Little Green, the MU mentor called Blankenship "The best shooter I've seen all season."

The Pineville ace averaged 30.5 points a game this season, although double and triple-teamed by most opponents, and captured the Wyoming, Raleigh and Fayette Tri-County scoring championship. As a junior Blankenship scored at a 28 point clip and was a member of the Class AA All-State team. "What makes his average look so good is that most of his shots are from 20 to 30 feet out," Johnson pointed out.

D'Antoni is more of the all-around type player and playmaker. Coming from a long line of basketball players, D'Antoni's father was a hoop star for Concord in his playing days and coached Mullens' teams prominent during the '50's.

Also a member of the AA All-State team last year, the lean 5 ft. 11 in. sparkplug averaged better than 25 points a game this season. He scored 33 markers against defensive-minded Oceana in the sectional final two weeks ago but the Rebels still lost.

Mallett, a husky 6 ft. 7 in., 230-pounder, was the first of the group to ink an MU grant Tuesday. Freshmen coach Sonny Allen, who signed Mallett, said he regreted not being able to work with the tall youngster next season. Mallett paced Wheeling to a respectable 16-7 record, averaging 22 points a start.

"His shooting was better than his average and he showed great strength under the boards," added Allen.

Young, a rangy 6 ft. 7 in. center for Blaine, was accorded the top spot on the 1965 All-Eastern Kentucky Conference team. "He is the type of big man we're looking for," commented Johnson. "He has speed and is strong off the boards."

"All we need now is a player about 6-6 who can run like the devil and we'll be set next season," Johnson promised. He and Allen will be scouting both the Kentucky and West Virginia State Tournaments looking for more talent this weekend.

BOOK-OF-THE-SEMESTER

The Book - of - the - Semester Committee is now considering books for the second semester. Book titles should be submitted by interested students in the suggestion boxes placed in the main cafeteria and the Student Government Office.

Sophomores Will Man Defense

By **WOODY WILSON**
Sports Reporter

"Our first few days of spring practice looked pretty good but we'll have to wait until a couple of scrimmages to determine just what we've got," exclaimed coach Charlie Snyder when asked how his gridders looked the first few days of spring practice.

The Big Green football squad started spring practice Monday and have 30 days to get the maximum 20 practices sessions in which is allowed a school during this period.

"Most of the defensive positions left vacant by graduation will have to be filled by sophomores," stated Snyder. "They will have to fill the trouble spots at end, linebacker, offensive center, corner back and deep back."

The promising sophomores who Snyder is hoping will fill the vacancies are Ken Simpson and John DeMarco, offensive ends; Tom Wilkinson and Jim Maerker, offensive and defensive tackles; Mike Keener and Paul Dotson, linebackers; Tom McLaughlin, halfback; Jim Heaton, deep back; Charlie Rine, offensive guard; Tom Harris, placekicker; Glenn Smith, fullback, and Bob Hale, quarterback.

While much of the talent on the squad is young, Snyder is optimistic. "This is probably the best bunch of sophomore linemen I've had here," he said.

With key returnees in All-MAC linebacker Tom Good, 1963 MAC passing champ Howard Lee Miller, star wingback Ray Henderson and linemen Bill Bobbitt and Fred Anderson back from last year's 7-3 squad, Snyder feels mixing them with the promising sophomores should bring another winning season of football.

Good, Gary Marvin, a halfback, and Clyde Owens, a middle-guard, are the only returning starters from last year's defen-

CONTACT DRILL — Although Marshall's football team will not begin scrimmaging until some time next week, Coach Charlie Snyder had his men "knocking heads" last Tuesday. Here a blue-shirted player is being tackled by a member of the red-shirts.

sive squad. Good was the only unanimous choice for the ALL-MAC football team last year. He was picked at linebacker for this honor.

The death of defensive tackle Pat Woody leaves the biggest hole to be filled. Wilkinson, Maerker and Rine are the candidates at the position.

The offense will be lead this year by Howard Lee Miller, one of the top offensive signal callers in MU history. Also in the backfield who is expected to see plenty of action this season are Henderson, Mickey Jackson, Smith, McLaughlin, Gene Gattrell, and Andy Socha. Henderson, Jackson, Smith, and McLaughlin are halfbacks while Gattrell and Socha are fullbacks.

In the offensive line, Bill Bobbitt and Fred Anderson, two huge tackles, will be back along with guard Dennis Miller. Wilkinson, Maerker, Jim Preston, Bill Murrell and ex-end Dave Arritt will all get their shots at tackle positions also.

Marshall U's Thinclads In Opener At Denison

Marshall's track team will make its debut tomorrow when it travels to Dennison, Ohio to take part in the Dennison Indoor Relays. Coach Bob McCollins' thinclads will be pitted against some of the top teams in the Mid-West.

"There will be some real strong teams and some outstanding individuals in the meet", commented McCollins. Among the teams expected to enter are Ohio U., Ohio State, Miami, Western Michigan, Toledo, Kent State, Bowling Green, Central State, Kentucky State, Wooster, Mount Union and Marietta.

In the 55 yard dash McCollins will use Mickey Jackson and either Bob Bloom or Frank Maneras. Jackson is rated as the top sprinter on the squad.

Bloom and Arthur Miller will compete in the hurdling events. Bloom will run in the low hurdles, an event in which he placed last year in the Dennison meet. Miller is scheduled to participate in both the high and low hurdles.

In the mile run the Herd will send out its fine pair of sophomores Ellis Wiley and Gary Prater. They are considered to be MU's top distance runners in recent years, however they will be facing some stiff competition tomorrow. Prater has missed prac-

tice this week because of the flu but is expected to run.

In the field events Marshall will enter Bloom, Jackson, and maybe Maneras in the broad jump, John Bentley in the pole vault and George Hicks in the high jump, if he has recovered from an illness which has kept him at home this week.

In addition to the individual events the Big Green will take part in four relays, the eight-lap (approximately two-thirds of a mile), the distance medley, mile and two-mile.

In the eight-lap relay McCollins will select his four competitors from a group that includes Bloom, Maneras, Jackson, Richard Dillon and Steve Mays. For the distance medley McCollins listed Maneras, Prater, Wiley, Miller, Larry Butcher and Earl Jackson as possibilities. Four members will compose the relay team.

Prater, Wiley, Butcher and Earl Jackson will make up the Herd's two-mile relay team. Ohio U. rates as the favorite in this one on the basis of its third place finish in last week's NCAA indoor championships at Detroit. In the mile relay Marshall will probably use Earl Jackson, Mays, Miller, and either Maneras or David Hansen.

Roaming The Green

All this week **Sigma Sigma Sigma** has participated with the brothers of **Lambda Chi Alpha** in Bowl Down Cancer Week. Sunday the Tri-Sigmas will hold a tea in honor of their alumnae at the sorority house.

The brothers of **Lambda Chi Alpha** will celebrate their Founders' Day this week-end. Tonight the men will gather at the home of one of the brothers for an informal party. Tomorrow night they will hold all of the activities at the Uptowner Inn. First will be a cocktail party, then a banquet with a guest speaker and presentation of various awards such as the scholarship award. Then the brothers and their dates will attend a dance starting immediately after the banquet.

It was at this time last year that the Lambda Chi's adopted an orphan boy in Germany and took care of him by sending money each month.

The pledges of Lambda Chi presented each sorority on campus with a cake last Friday.

The cakes, baked by Anna T. Fricke, the Lambda Chi house mother, were decorated with the appropriate greek letters and one was presented to each sorority in order to acquaint them with the pledge class.

Members of the pledge class are: Mike Davis, South Charleston freshman; Jr. Holbrook, Middletown, Ohio freshman; Harold Johnson, Point Pleasant, New Jersey freshman; John Koch, Charleston junior; Bob Lee, Cleveland, Ohio junior; Bill Skelly, Pittsburgh Pennsylvania freshman, and Richard Waters, Neptune New Jersey freshman.

The brothers of **Pi Kappa Alpha** will have a TGIF party at Swing Town this afternoon. Then tonight they will meet at the house for a party at 8 p.m. Tomorrow all of the chapter members and pledges will meet at the house for a work party to put in a patio in their back yard.

Alpha Sigma Phi will have a house party tonight.

Sigma Kappa sorority recently initiated these new members: Kristi Carpenter, Mary Harrison, Judy Kirtley, Dawn Miller, Mary Margaret Reed, Cheryl Rucker, Doris Wright, Huntington freshmen; Lou Glasgow, Huntington

sophomore; Joan Macel, Huntington junior; Carolyn Hale, St. Albans sophomore; Pat Jarrell, Nitro freshman; Delores Orlor, Weirton junior; Cathy Turner, Barboursville freshman; and Pat Somerville, Parkersburg freshman.

The initiates were honored at a banquet last Sunday, at which time Sigma Kappa's officers for 1965-66 were announced. They are: President, Carolyn McDonel, Wise, Va. junior; 1st Vice-President, Elaine Johnson, Huntington junior; 2nd Vice-President, Patricia Taylor, Charleston junior; Treasurer, Garnet Varnum, Huntington junior; Recording Secretary, Virginia Smith, Richwood junior; Corresponding Secretary, Ree Frecka, Ironton, Ohio junior; Rush Chairman, Peg Wood, Huntington sophomore; Social Chairman, Kathy Burke, Huntington junior; and Nancy Glaser, Scholarship Chairman, Hawthorne, N. J. sophomore.

PREPARING FOR the TKE Spaghetti Dinner to be given Sunday by the Order of Diana are Bill Allen, Roy Slack, Jeff Wellhofer, the housemother, Mrs. Elizabeth Haden, Ron Beatty and Larry Lauhon. The dinner will be held at the fraternity house from 2-7 p.m.

I didn't think Charlie was that kind of guy...

<p>He's always been sort of a, well, you know what.</p> <p>Yes, I know. Wide ties, wide lapels and all.</p>	<p>That car he's driving tonight... bucket seats, carpeting, console, vinyl trim, big V8.</p> <p>Frankly, I don't think he can afford it.</p>	<p>Yes, who does he think he's going to impress?</p>	<p>Hi, Charlie.</p>
---	---	--	---------------------

It's Dodge Coronet. And frankly, Charlie can afford it. So can you. Coronet. The hot new Dodge at a new lower price.

Coronet 500 sports the following as standard equipment: all-vinyl interior, front bucket seats, full carpeting, padded dash, directional signals, backup lights, deluxe wheel covers, center console, 273 cubic inch V8.

'65 Dodge Coronet

See all the new Dodges on display at your nearby Dodge Dealer's.

WRA Appoints Intramurals Group For Next Month

A meeting of the Women's Recreation Association was held Monday afternoon. The group discussed the intramural program and appointed a committee for the intramurals of the month of April.

Each member of the W.R.A. will pay dues of \$1.

Also discussed was the play day for various high schools of the surrounding area which will be held April 24.

W.R.A. officers of this year are president, **Bobbie Loudermilk**, Ronceverte, junior; vice president, **Gaynell Epling**, Matewan, sophomore; second vice president, **Alice Cline**, Kopperston, senior; secretary, **Lynn Gray**, Huntington, senior; treasurer, **Linda Arnett**, St. Albans sophomore; reporter, **Ruby Varney**, Williamson senior and recorder, **Linda Reed**, Dunbar junior.
