CONFERENCE COMMITTEE
Recommendation

SR-91-92-103(CC)

RECEIVED
OFFICE OF THE
MARSHALL
1992 JUL 15

To establish a procedure for the review of courses in the catalog.

1. Any course other than university-wide courses with special names such as internships, workshops, independent study, professional development, special topics, thesis, problem report, advanced studio sequence, television classes, etc., that has not been taught for the previous six academic years will be identified by the Registrar.
2. The list of such courses will be forwarded through the Vice-President for Academic Affairs to the Dean of the appropriate college in which the course is taught, and the department will be given the opportunity to justify maintaining the course in the catalog.
3. If the department chooses not to maintain the course, the Vice-President for Academic Affairs will notify the Registrar that the course has been deleted from the catalog.
4. If the department chooses to maintain the course but the Vice-President for Academic Affairs wishes to drop the course, the matter will be referred to the Academic Standards and Curricula Review Committee or to the Graduate Committee for resolution.
5. Courses dropped from the catalog by the process defined in this policy will be kept in a master file (I for inactive) to be revived without having to go through a committee.

RATIONALE: This procedure establishes a process for the continuous review of courses.
