MARSHALL UNIVERSITY STUDENT NEWSPAPER

Vol. 62

FRIDAY, MARCH 15, 1963

HUNTINGTON, W. VA.

No. 46

## Election Is Scheduled April 3

### MU Funds Are Hiked

Marshall University's 1963-64 budget is an increase of \$205,074 over the 1962-63 figure, according to tentative figures released by Joseph S. Soto, vice president of business and finance.

The 1963-64 budget is \$2,966,524 as compared to this year's \$2,761,450.

Mr. Soto pointed out, however, that these figures are subject to change since he has not been officially notified of the budget figures. He explained that his figures were based on unofficial information and that the new budget could not be worked out officially until the March 21-22 meeting of the West Virginia Board of Education.

In addition to the regular budget, the Legislature also approved an allocation of \$70,000 from surplus funds. Of this total, \$20,000 will be used for repairs of Fairfield Stadium and \$50,000 for land purchases.

Mr. Soto said he didn't know if there would be enough money in the budget for faculty and staff increments. He explained that even though there was an increase of \$152,909 in the personal services category, there are also several new positions that have been initiated since last year.

There were increases in four other categories including one of \$11,384 for current expenses, \$16,781 for repairs and alterations, \$21,000 for equipment and a \$3,000 increase for the Mason County Project. Also included in the budget was \$32,000 for the annual flood wall tax.

As soon as the official budget is received, an itemized expenditure schedule is completed, Mr. Soto said. This schedule must then be approved by the Board of Education, the Department of Finance and Administration and the Board of Public Works in that order.

### New Housing Ready June 1

Families living in Donald Court were told Wednesday afternoon that they would have preference if they wished to move into the 48 apartments now being prepared at University Heights.

Dean of Men Stanley Shaw said the 12 one-room efficiency apartments, and the 36 two-room apartments, probably would be ready for occupancy around June 1. The efficiency apartments will rent for \$45 a month, while the others will rent for \$55 monthly.

The Donald Court lease expires May 31, but will be extended a month to allow families a chance to move directly onto the second campus.

Applications should be turned in by April 1.

### Well-Equipped For 'Blast'

BLUE MOUNTAIN BLAST GAL is Mary Gail Marple, Charleston sophomore, chosen by the members of the Sigma Phi Epsilon to reign as queen over the Sig Eps Blast last weekend. (See Top Drawer, Page 2)

### 'Corn Is Green' Opens Next Week; Cast Set

By RON HITE  
Staff Reporter

The Marshall University Theatre salutes the West Virginia Centennial by presenting the hit Broadway play, "The Corn Is Green."

Opening night is set for next Thursday and performances also will run March 22-23 at 8:15 p.m. in Old Main Auditorium.

"The Corn Is Green" takes place in a small coal mining community in Wales in 1875.

The cast includes: Grace Barrett, Huntington senior; and John Burke, Huntington junior, in the leading roles.

The play has a definite beauty and a kindly atmosphere set in the rugged Welsh mountains.

An English spinster with an alert intelligence is tired of doing nothing, inherits a small house in a coal mining center in Wales and goes there to open a school to educate boys who normally go into the mines when they are 12 years old.

There is a lad with a thirst for knowledge and the school teacher induces him to further his education by going to college. He becomes involved with a pretty wayward maid and his schooling

BURKE

BARRETT

is endangered. A pompous English country gentleman adds a touch of old English society.

Others in the cast include: Carol Mallory, B. J. Rode, Kay Mullin, David McWhorter and Mary Beth Dorsey.

Prof. Clayton R. Page, director of the University Theatre, said the play's locale resembles the coal mining towns of West Virginia in the 1860's. It is for this reason the play was selected as the Centennial drama.

### Candidates To Compete For Government Posts

By DONALD WAGNER  
Staff Reporter

Handshaking as well as behind the scene negotiations will capture the spotlight during the next three weeks as many of Marshall's politicians begin thinking about filing and campaigning for a Student Government position for 1963-64. The election will be held April 3.

Students who wish to file for a senate post will be able to do so March 25, 26 and 27 in the Student Government office from 10 a.m. until 2 p.m. each day. The filing fees for the candidates are: president of the student body, \$5; vice president of the student body, \$4; class president, \$3; and senator, \$2. Each candidate will also submit a picture and a brief biographical sketch including his hometown, classification and campus activities.

#### Candidates To Be Announced

According to Beth Hutchinson, St. Albans senior and Election Commission coordinator, the candidates will be announced March 27. Posters will be put up around campus on March 31 and the election will be April 3 in the basement of the Student Union from 8 a.m. until 5 p.m. Student government officials — president and vice president of the student body, sophomore, junior, and senior class presidents, and class senators — will be elected.

#### Candidates Must Pass Test

Because all candidates must pass a Senate Candidate Qualifications Test in order to run for election, Student Body Vice President Walt Cosby, will give two lectures on governmental facts and procedures. These periods of instruction will be March 27 and 28 at 4 p.m. in the second floor of the Student Union, and the final test will be given March 29 at 4 p.m. Each candidate must make a passing grade of 70 per cent on the test in order to run for office.

To qualify for candidacy, a student must not be on social or academic probation and must be a full time student. All candidates except first semester freshmen must also have an over-all average of 2.0 or better.

#### Requirements Listed

Some of the requirements that candidates must follow are that each candidate is required to submit an account of his campaign expenses with receipts and an estimate of donations to the Student Government Office; a candidate for senate or class president will not be permitted to spend more than \$25, including donations, for his campaign, and candidates will not be permitted to campaign in the Student Union.

There are also regulations regarding the use of sound amplification devices and campaign material inside campus buildings. The minimum penalty for not abiding by the election rules will be immediate disqualification.

### What Led To Action?

By WILLIAM CALDERWOOD  
Campus Editor

The Student Senate passed a motion last week abolishing the semi-proportional representation system of elections with one dissenting vote by Senior Sen. Patty Bartlett of Huntington.

The confusing election system was originally passed by the Senate several years ago as a result of work done by L. D. Egnor, vice president of the student body in 1959-60.

The stated purpose of the system was "to give equal opportunities for Greeks, Independents, and unaffiliates in Student Government elections. Under this system, students were required to "register" according to social affiliation (Greek, Independent, and unaffiliate) and by classification.

#### Example Cited

To use the sophomore class as an example of how the system worked, let us say that five seats are available and that 200 students are registered from the sophomore class. This would mean that each seat represented 40 people. Of these 200 voters, 100 are Greek, 50 Independent and 50 unaffiliated. In theory, the Greeks would have two and one-half seats and the non-Greeks would have two and one-half.

In practice, however, this did not work out. The non-Greeks did not turn out in sufficient number in Student elections to assure themselves of some of the seats. The Senate is now composed of 23 Greeks and one unaffiliate.

Before the adoption of the semi-proportional system, candidates needed only to have the highest number of votes to win a seat.

#### Reasons Given

In the discussion that followed the abolishment motion, there were several reasons given as to why the system was to be abolished.

The motion was made by Senior Sen. Tom Dunfee of Huntington, who stated that he felt the system was undemocratic and gave the unaffiliates more voting power than affiliates.

Others said that the system was originally instituted to encourage more unaffiliate and independent participation in elections, and had failed in this aim.

There was general agreement  
(Continued on Page 8)

# Top Drawer

**LAMBDA CHI'S ROMAN HOLIDAY** Empress is Vicki Wender, Beckley freshman, who was crowned at the holiday house party last Friday night. Her escort is Frances Fabi, Pittsburgh, Pa. sophomore.

**TRI SIGS GETTING READY** for their chicken dinner Sunday evening, are shown here helping with preparations. From left are Barbara Smith, Belle junior; Phyllis Wright, Huntington senior; Loretta Ufheil, Huntington sophomore, and Janet Dorado, Mt. Hope junior.

## Sorority, Fraternity Activities Listed

**Alpha Sigma Alpha** new officers are: Sara Lipscomb, Barboursville junior, president; Lenora Crabtree, Huntington senior, vice president; Sonra King, Huntington sophomore, secretary; Beverly McKim, Charleston junior, treasurer; and Sharon Smith, Chesapeake, Ohio, sophomore, chaplain.

The Charleston Alumnae Chapter of Alpha Sigma Alpha will give a dinner in honor of the newly elected officers Sunday in Charleston.

**Alpha Xi Delta and Kappa Alphas** will get together for a card party tomorrow at 1:30 p.m.

**Sigma Sigma Sigma** will have its annual chicken dinner Sunday from 4 until 7 p.m. at the house. The menu consists of chicken, potato salad, slaw, bread and butter, cake and coffee or tea. The price of the meal is \$1. and deliveries will be made to dorms and fraternity and sorority houses.

Last week end, fraternities chose queens to reign over the Sig Ep Blue Mountain Blast, the Lambda Chi Alpha "Roman Holiday" and the Sigma Alpha Epsilon Founder's Day.

Mary Gail Marple, Charleston sophomore, is a member of Sigma Sigma Sigma sorority and is majoring in elementary education. She was named Blue Mountain Blast Gal.

Vicki Wender, Beckley freshman, a pledge of Sigma Sigma Sigma sorority majoring in art, is Roman Holiday Empress.

Sharrie Tillson, Charleston junior, who is majoring in nursing, was chosen SAE Founders Day Queen.

**Sigma Phi Epsilon** will host their annual Invitational Basketball Tournament for their brother chapters today and tomorrow. Along with games many

activities have been planned for the visiting chapters.

Tonight the Sig Eps will host the visiting teams and their dates with a house party from 8 p.m. until midnight.

Tomorrow night a dance will be given for the chapters at Riverside Country Club, from 8 until midnight. Music will be furnished by the Majestics. All girls from campus are invited to attend tomorrow night's dance.

**Alpha Lambda Delta**, national scholastic honorary for freshmen women, pledged 23 women Wednesday. Those receiving an invitation to membership have attained a 3.5 or better average for the first semester or an over-all 3.5 average for the freshman year.

Pledges will be initiated at a

banquet April 21. At the same time Phi Eta Sigma, national men's freshman honorary fraternity, will initiate its second semester pledges. The inductees will be active during their sophomore year. After that they will become inactive.

The new pledges of Alpha Lambda Delta are Hazel Jean Legg, Jane McCaskey, Janice Richards, Carolyn Perkins, Nancy McGraw, Ann Sullivan, Susan Moritis, Carolyn Fleming, Catherine Imbrogno, Carolyn Kyle, Constance McIntyre, Laveta Jean Ray, Judy Shearer, Lois Zickefoose, Jean Cattona, Karen Akers, Nancy Stump, Vickie Massey, Carol Adkins, Drema Perry, Sahron Warren, Cheryl Rorrer and Joan Farris.

**S A E FOUNDER'S DAY** Queen, Sharrie Tillson, Charleston junior, poses with her pinmate W. D. Baker, Charleston senior. She was crowned at the Frederick Hotel following the Founder's Day activities.

### GERMAN CLUB MEETS

The German Club will show two color films about Austria at 7:30 p.m. Tuesday in the large room of the Campus Christian Center. The topics are "Happy Austria" and "Heir to Austrian Millionaire." Dr. Arnold Sattler, an Austrian physician who works as an intern at Cabell-Huntington Hospital, will address the audience at intermission.

**WMUL Aired Centennial Speeches**

CARL KEENER (left) and Edward Mullins are shown taping their speeches in the campus-wide Centennial Oratory Contest. The speeches were aired on "Forensic Forum" over WMUL-FM. Winners of the contest were announced this week. At rear are Harry D. Russell, instructor of speech and contest co-ordinator, and John Bruffy, engineer.

**Centennial Speech Winners Named**

Winners of the Centennial Oratory Contest were presented Show." trophies yesterday morning on WSAZ-TV's "Good Morning" in the men's division, winners

are: John Burke, Huntington sophomore, first place; William Suplee, Weirton sophomore, second place, and Michael Bell, Grantsville junior, third place.

In the women's division, winners are: Lelia Moore, Dunmore senior, first place; Joan Fleckenstein, Huntington freshman, second place, and Ann Mecum, St. Albans sophomore, third place.

Trophies in the men's division were presented by the American Legion Post 16; in the women's division, by The Women's Club of Huntington.

Harry D. Russell, speech instructor and contest co-ordinator, said the finals were held last Friday and Sunday with as many as 60 speeches written in each division.

**BRUCE NELSON**  
... His Work Is 'A-OK'

**This Student's Work Is A-OK!**

By JERRY ASHWORTH  
Teachers College Journalist

Attaining a 4.0 average for one semester is a rare occasion for most students, but to have made 110 hours of "A", out of 113 attempted, is an extraordinary accomplishment indeed.

Such a student is Bruce Nelson, Huntington senior. Nelson carries an average of 14 hours a semester along with working 40 hours a week as an engineer at WSAZ-TV. He is majoring in math and physics.

When asked how he maintained his excellent grades, Nelson had this to say: "First, I have always been careful to choose courses that interested me; second, I came to Marshall of my own choice; and third, you get exactly what you pay for and I paid for an education."

Upon completion of his education at Marshall he plans to enter the University of Colorado where he hopes to attain his M. A. and Ph. D.

**Don't be a meat-head! Get Vitalis with V-7. It keeps your hair neat all day without grease.** Naturally, V-7® is the greaseless grooming discovery. Vitalis® with V-7 fights embarrassing dandruff, prevents dryness, keeps your hair neat all day without grease. Try it!

**Library Work To Begin Soon**

Fifteen different bids recently were opened for various phases of the library renovation project.

The alterations and equipment needed for the project were included in a \$60,000 program in the Marshall University budget for 1962-63, signed last week by Gov. W. W. Barron.

Phases included in the library project are electrical, plumbing, air - conditioning, ventilating, general repairs and the supply-

ing of steel cases. Apparent low bidders are Per-sun Construction Co., for general contracting, James Electric Co. for electrical work, and C. W. Davis Co. for air conditioning work, according to Harold W. Apel, librarian.

He expects work to begin in from two to four weeks. We plan to air-condition both the third floor and the second floor reading room, he said.

**On Campus** with Max Shulman

(Author of "I Was a Teen-age Dwarf", "The Many Loves of Dobie Gillis", etc.)

**GLAD RAGS**

The hounds of spring are on winter's traces. Soon buds the crocus, soon trills the giant condor, soon come the new spring fashions to adorn our lissome limbs.

And what will the American college student wear this spring? Gather round, you rascals, and light a Marlboro Cigarette and enjoy that fine mellow tobacco, that pure white filter, and possess your souls in sweet content, and listen.

As everyone knows, campus fashions have always been casual. This spring, however, they have gone beyond being merely casual: they have become makeshift.

The object is to look madly improvised, gaily spur-of-the-moment! For example, why don't you girls try wearing a peasant skirt with a dinner jacket? Or matador pants with a bridal veil? Or Bermuda shorts with bronze breastplates? Be rakish! Be impromptu! Be devil-take-the-hindmost!

And, men, you be the same. Try an opera cape with sweat pants. Or a letter-sweater with kilts. Or a strait jacket with hip boots. Be bold! Be daring! Be a tourist attraction!

*Be rakish! Be impromptu!*

But all is not innovation in college fashions this spring. In fact, one of the highlights of the season turns time backward in its flight. I refer, of course, to the comeback of the powdered wig.

This charming accoutrement, too long neglected, has already caught on with in undergrads everywhere. On hundreds of campuses the bossa nova is giving way to the minuet, and patriotic undergraduates are dumping British tea into the nearest harbor. This, as you may imagine, does not sit well with King George III who, according to reliable reports, has been stamping his foot and uttering curses not fit to reproduce in this family newspaper. For that matter, a lot of our own people are steamed up too, and there has even been some talk about the American colonies declaring their independence of England. But I hardly think it will come to that. I mean, how can we break with the mother country when we are dependent on her for so many things—linsey-woolsey, Minié balls, taper snuffers, and like that? She, on the other hand, relies on us for turkeys, Marlboro Cigarettes, and Route 66. So I say, if Molly Pitcher and those other Radcliffe hotheads will calm down, and if gentlemen will cry "Peace! Peace!" we may yet find an amicable solution to our differences. But let not our British cousins mistake this willingness to negotiate for weakness. If fight we must, then fight we will! Paul Revere is saddled up, the rude bridge arches the flood, and the ROTC is armed!

But I digress. We were smoking Marlboro Cigarettes—O, splendid cigarette! O, good golden tobaccos! O, pristine pure white filter! O, fresh! O, tasty! O, soft pack! O, flip top box! O, get some!—we were, I say, smoking Marlboros and talking about spring fashions.

Let us turn now to the season's most striking new feature—pneumatic underdrawers. These inflatable garments make every chair an easy chair. Think how welcome they will be when you sit through a long lecture! They are not, however, without certain dangers. Last week, for example, Rimbaud Sigafos, a sophomore at the University of Pittsburgh, fell out of a 96th story window in the Tower of Learning. Thanks to his pneumatic underdrawers, he suffered no injury when he struck the sidewalk, but the poor fellow is still bouncing—his seventh consecutive day—and it is feared that he will starve to death.

© 1963 Max Shulman

*Fashions come, fashions go, but year after year Marlboro Cigarettes, sponsors of this column, bring you the tastiest tobaccos and a pure white filter too. Try Marlboro soon.*

## This Freshman Well Equipped With Pencils!

By LINDA C. IZENSON  
Teachers College Journalist

Gary Hamrich, Valley Head freshman, collects mechanical pencils. Hamrich began his collection while a freshman in high school. It now totals 300. These mechanical pencils are not available for sale to the general public. They are distributed as favors by retail and wholesale firms.

Gary acquired his collection by trading or by purchasing the desired pencils with and from his fellow students. The price of a mechanical pencil is between 30 and 40 cents, giving the collection a value of \$90 to \$105.

Gary said, "People collect many things. I like to collect mechanical pencils."

One reason is the ease with which the pencil writes. "This," Gary continued, "is due to its special construction. Most mechanical pencils use long, thick lead but these use short, very thin lead."

Also, the common mechanical pencil is made in one piece. They have a base and a point, and all the parts are interchangeable.

Since the pencils vary from the standard solids of black, yellow and blue to beautiful marbles of red and black, he can exchange the bases and the points and never have the monotony of writing with the same pencil.

GARY HAMRICH, Valley Head freshman, shows a part of his mechanical pencil collection that now totals 300. He has enough of them to use a different pencil each day of the school year.

## 3 At MU Due At Conference

Mrs. Martha Blankenship, Marshall Lab School home economics instructor; Miss Louise Burnette, chairman of Marshall's Home Economics Department, and Miss Reva Neely, head of Marshall's Home Economics Education, will attend the North Atlantic Conference of Home Economics Education in Philadelphia Monday through Friday.

The theme of the meeting will be exploring opportunities for further curriculum development in home economics education.

As chairman of the West Virginia Re-study of Teacher Education Programs in Home Economics, Miss Neely will present a report, assisted by Miss Ruby Holland, chairman of the Home Economics Department at Concord College, and Miss Pauline Stout, state supervisor of Home Economics Education in Charleston.

## Book Of Semester Discussions Slated

The Book of the Semester, "To Kill a Mockingbird" by Harper Lee, will be reviewed and discussed by four different groups on campus at 6 p.m. Tuesday.

The group leaders, and where they will speak are as follows: Jack Smith, instructor in art, Pirchard Hall; Dr. Elizabeth Wolf, associate professor of psychology, Alpha Xi Delta house; Dr. Allen Brown, associate professor of English, Sigma Sigma Sigma house, and Damon Thompson, instructor in English, Lambda Chi house.

Students may attend any of the four groups.

## Campus Inquirer

QUESTION: Spring arrives on March 21; does "Spring fever" interfere with your studying?

Larry Lemaster, Follansbee sophomore:

"Yes, it decreases greatly one's ability to concentrate, therefore lessening the possibility of high scholastic aspiration and achievement."

Julie Monezis, Weirton sophomore: "Yes, because the weather is too inviting and who wants to stay in and study when they could be out enjoying the sunshine."

John Stickler, Kenova sophomore:

"No, I don't think so. In the springtime you want to study more because it's pretty and you feel good."

Glenda Hyer, Titusville, Florida, sophomore:

"Yes, I find it hard to study in the springtime because we have so few pretty days and we like to take advantage of them."

Lemaster

Monezis

Stickler

Hyer

1. With graduation coming up, looks like we'll have to start thinking about the future.

My philosophy is to live from day to day.

2. That's fine when you have no responsibilities. But chances are you'll have a wife to think about soon.

I may just decide to lead the bachelor life.

3. Hardly likely, since 93 per cent of all men and women get married.

Is that so?

4. Yes, indeed. What's more, you'll have children to consider.

Maybe we won't have any.

5. I doubt that — after all, 90 per cent of the women who get married today have children. And, on the average, they have all their children before they're 27.

All my life I've shirked responsibility. Have a ball, enjoy yourself — that's my motto. Now, in two minutes, you've given me a wife and who knows how many children to take care of. What should I do? Where do I begin?

6. First relax. Then look into some good insurance... like Living Insurance from Equitable. It gives the kind of protection every family should have. Helps you save for the future, too. And don't worry — your chances for a happy family life are very good.

I should never have roomed with a statistics major.

**Getting Ready For 'Corn Is Green'**

MEMBERS OF Marshall University Theatre are shown preparing set decorations for "The Corn Is Green," which opens next Thursday and runs through March 23 beginning at 8:15 p.m. in Old Main Auditorium. (Story on Page 1)

**Cast For 'Brigadoon' Announced; Production To Be Staged May 8-11**

Cast members for "Brigadoon", the musical production to be staged on campus May 8-11, have been selected.

Featured in the musical comedy, which will be staged during the first day of Parents' Weekend, May 11-12, will be Al Ross as Tommy, Pat Barbour and Margaret Meyer as Jane, Jo Ann Odum as Jean, Karen Dille as Maggie, Stan Witofsky as Frank, Phil Simpson as Charlie, Dave McWhorter as Archie Beaton, Dale Albee as Angus McGuffie, and Judy Skeens Smith as Fiona.

Susan Harwood and Judy Ayildiz have been double-cast as Meg. Jeff Cowden has been selected as Harry Beaton, Dean Thompson as Jeff, Steve Treasy as Mr. Lundie, Dick Reed as Andrew McLaren, Bill Melton as Sandy, and Robert Edmunds as Stuart Dalrymple.

Appearing as dancers in the musical production will be Barbara Thomas, Sarabeth Grant, Vicki Massey, Ruth Fuller, Joyce Jarrett, Mary Beth Dorsey, Steve Foster, Charles Barnett, Bill Suplee, George Wright, David King

and Roy Webb.

Filling parts as choral singers, townspeople and other roles are Judy Hurley, C. Yarian, L. Gill, C. Nottingham, B. Muncey, B. Fidler, J. Nagle, J. Nicholas, J. Runyan, D. Cordles, C. Glenn, K. Haddad, J. Ross, J. Garrahart, J. Sargent, J. Burke, D. Cottrill, D. Albee, Melton, Edmunds, Wilcox, J. Layne and D. Reed.

Serving as assistant directors for the four-day event are Lynn Carroll and Sandra Lilly. Stage managers are Elaine Keagy and Jerry Daniels.

**Art Major Has Sideline Of Pin - Striping Autos**

By SANDY O'SHEA  
Feature Editor

"Pin-striping is a natural talent. It's a very free-lance type of design and you either have the ability to do it or you don't. I guess it's really something you're born with." This is the opinion of Denny Goodwin, Huntington freshman, who is one of the top pin-strippers in the nation.

Pin-striping is a line design used mostly on cars. Goodwin explains that the main objective on cars is to bring out body lines. "It can either improve a car's appearance or make it look worse depending on the amount of striping and the style."

In 1958 Goodwin went to a car show in Washington D. C. with Billy Carr, owner of the famous prize-winning Aztec custom car, and Carr encouraged him to enter a pin-striping contest at the show. Goodwin competed with more than 150 pin-strippers from all over the nation and won fifth place. Judging was based on simplicity, attractiveness, speed, and accuracy and Goodwin won a four and a half foot trophy for his efforts.

Since then Goodwin has been striping at auto shows all over the United States. He estimates that he has striped over 1,000 cars and in the last three years his biggest market has been for striping on antique models.

He spent last summer traveling to more than 18 different beaches and striping jobs provided him with spending money. "I could stripe a dash and pick up five or ten dollars a day," he said. "I usually charge from ten to fifteen dollars an hour depending on the job, but fifteen dollars is my going rate for one that is well balanced."

Goodwin comments that his pet peeve when striping is the owner who stands over him and tries to tell him what to do. "When that happens I usually charge more or else I just don't do it at all," he said.

He first became interested in striping in 1956. "I saw it on other cars and in magazines so I decided to try it," he said. It took him about six months of constant practice. "Striping," says Goodwin, "is tedious and frustrating. It takes a steady hand and calm nerves but it is my way of letting off steam and relaxing."

"True striping," he says, "requires no instruments other than a brush and paint."

Goodwin has a new style of striping which is rapidly gaining popularity. It is called "contour striping" and consists of outlining all panels and chrome on the car.

Making mistakes is no problem to Goodwin. "Free lance striping has a real advantage in such a case," he said, "because a mistake can be corrected by making the same mistake on the other side. I've come up with some of my best designs this way," he said.

Goodwin is a pledge of Tau Kappa Epsilon fraternity and is an art major at Marshall.

**Social Studies Professors Combine Sessions**

PARTICIPANTS IN the experimental combined lecture method of teaching being continued in the Social Studies Department are, from left, Assistant Professor Mahlon Brown, Associate Professor Edwin Cubby and Assistant Professor Walter C. Felty.

**Group Lecture Experiment Continues**

By MICHAEL HALLEY  
Teachers College Journalist

An experiment in teaching begun last semester is being continued in the Social Studies Department by Assistant Professor Walter C. Felty, Associate Professor Edwin A. Cubby and Assistant Professor Mahlon C. Brown.

The composite group technique, or the combined lecture method, combines the students from three social studies 105 classes once a week. The lectures in the course are divided among the three professors, who lecture on the parts of the course in which they are

most interested. The remaining two class periods in the week are spent in separate classes discussing and enlarging the material in that week's lecture.

The students are in this way exposed to three approaches to the subject instead of one. One student commented, "I like the variations in the presentation. It doesn't get dull this way."

The professors benefit from being able to hear the lectures of their colleagues, as well as concentrating mainly on the parts of the course to which they are assigned.

"We are not trying to enlarge the size of the classes. This, I believe, is not the answer to a teacher shortage. We are only trying to discover the best method of teaching," Professor Felty said.

Professor Cubby added, "The two main advantages are: it makes it possible for the students to hear viewpoints by a number of instructors instead of just one and it makes it possible for the instructors to limit themselves primarily to the parts of the course in which they are most interested."

## The Sports Corner

By JERRY REED  
Sports Editor

Spring is close at hand and the spring sports program will soon get under way but the schedules had not been approved as of Wednesday. Never fear though as the athletic board was due to meet at the end of this week, meaning today would be the last day, and approve the schedules.

This is just in time as the Big Green track team travels to Denison, Ohio, for the Denison Relays tomorrow. Neal B. "Whitey" Wilson, athletic director, said Wednesday that he was going to try to get the meeting set for the end of this week and let's hope he did so that the issue won't have to be kept up in the air.

From what we've heard about the schedules you can bet that the competition is going to be the best and that MU is getting up in the big time where it belongs.

### BOWLING GREEN BIDDING FOR TITLE

With the regular season over for the Mid-American Conference and the regional NCAA tournaments getting started around the country, everyone in this area should notice that the MAC is not altogether dead in basketball yet. Bowling Green, MAC champ, continued its late season winning streak by downing Notre Dame 77-72 in the first game of the Mid-East Regional at Evanston, Illinois Monday night.

Howie Komives, who tossed in his share of points against the Big Green, scored 34 points in the win. The Falcons play Illinois tonight and it will be interesting to see how this game turns out because the Illini are representing the powerful Big Ten Conference this year.

### SPRING GRID DRILLS SCHEDULED

One of the major events that goes along with the spring sports program is spring football training. This spring practice will begin on March 25 and is scheduled to last 20 days. Let's hope Coach Charlie Snyder has better luck with the weather than he did last year as most of the practice sessions were rained out. The purpose of spring training is to see who wants to play ball, to develop the younger players, and to make changes in positions if necessary.

"This year our main problem is finding a quarterback to replace Bob Hamlin," Coach Snyder remarked when talking about the upcoming practice sessions.

The coach said that the position is "up for grabs," but that five players have the inside track on the position. These players are seniors-to-be John Griffin and Charlie Fletcher; junior-to-be Larry Coyer; and sophomores-to-be Alex Sansosti and Howard Miller.

### GOLFERS TO BEGIN PLAY SOON

We were talking to the new golf coach, "Buddy" Graham, the other day and he indicated that the MU golf season will be starting in a few weeks. Some top competition is going to be played this year—competition that is going to help put Marshall right up with the best of them.

## Riv, Tincher Burn Nets In Free-Throwing Event

Coach Jule Rivlin hit 50 out of 50 foul shots for the second straight year in a special exhibition, but Larry Tincher copped the student body free-throwing title with 49 out of 50 in intramural action last week.

In other activities Jim Marnell of Kappa Alpha took the carom billiards title and Jim Scott and Tom Chapman teamed up to capture the pinochle championship for the Sig Eps. The Jokers No. 2 team rolled away with the bowling title by racking up 2511 pins. The individual honors went to SAE's Larry Rowland who knocked over 1593 pins.

In the wrestling competition KA tied the Independents 16-16 for first place with Lambda Chi Alpha placing third with five points. Individual titles went to David Cramp, LXA; Jim Sayre, KA; Robin Reed, Independent; Joe Walker, KA; Tony Marinucci, Independent; John Eisenbraun, KA; George Kasonovich, KA; George Balak, Independent, and Bill Bobbitt, Independent.

Members of the All-Star basketball team are Tony Marvin, Larry Stratton, Tom Russell, John Dietz, Mike Carroll, Jim Farley, Jim Cure, Middy Midkiff, Bill Pasquali and Orman Hall.

Those receiving honorable mention are Joe Dragovich, Darrell Williams, Jerry Clay, Tom

Lang, Bob Hagaman, Lloyd Kiff, Mack Johnson, Glen Kitchen, Bob Maxwell, Stan Smith, Charles Walker, Ron Shy, Dick Fillmore, Zeke Myers, Bob Neal, Dick Wisner, Duke Nazar, Bob Bianchi, Bill Carroll, Pete Brezden.

Ted Napier, Bob Nealy, Dick Montgomery, Harry Townsend, Ted Haddox, John Mason, Lu Sammons, Tom Patterson, Rusty Wamsley, Larry Kelly, Mike Byrd, Jim Scott, Sonny Lemons, Stan Walley, Dave Whipkey, Junior Jones, Tim Hayes, Ron Mazeska, Jerry Morrison, Dave Pugh, Art Fornari, Jack Smales, Al Foddrell, Jim Brown, Jack Mahone, Jan Harr, Tom Young, Chip Woodring, Jim Headley, Jim Wellman, Danny Egnor, Carl Bragg, Jim Boley, Butch Roush, Ed Eckley, Roy Huffman, Jim Joy.

Vaughn Smith, Fred Garnes, Mike Chambers, Jack Tagliente, Benny Williams, Flem Evans, Jim Perry, Bob Hamlin, Bob Venters and Sam Stanley.

Top ten standings are the same as last week.

### Vaulter Tunes Up For First Meet

JOHN BENTLEY, CHARLESTON sophomore, clears the bar twice in pole vaulting practice. At left, he releases the pole after a successful leap. The picture at right shows the start of his descent to the ground, after clearing the bar again.

### To Compete In Denison Relays

## Thinclads Debut Tomorrow

By JERRY REED  
Sports Editor

There is an air of optimism about Coach Charlie Kautz concerning his track team, even though he has lost several boys from last season because of scholastic difficulties.

Coach Kautz takes his forces to Granville, Ohio tomorrow for the 10th annual Walter J. Livingston Relays. Twenty-seven teams have entered the meet with an expected 480 boys participating from five states. There will be four individual running events and four relays plus the high jump, broad jump, shot put, pole vault. The events are the 55-yard dash, 55-yard high hurdles, 55-yard low hurdles, mile run, distance medley relay, two-mile relay, and the three-fourths of mile relay.

Six Mid-American Conference teams, including MU, will par-

ticipate as Kent State, Bowling Green, Toledo, Miami of Ohio and Ohio University are entered. Some other top teams are the University of Cincinnati, Marietta College, Findlay College, Denison University, Eastern Michigan, Central Michigan and University of Rochester (N. Y.)

Coach Kautz will have at least a 15-man traveling squad, including Jim Brown, John Bentley, Jim Epling, John Fisher, Mike Hicks, Richard Turner, Steve Hill, Phil Jackson, Tim Lovett, Jack Mahone, Henry Parrish, Bob Pruett, Willie Tucker and Fred Walker, will be competing in the events.

"This track meet is not for competition between the teams but against the individuals themselves," the coach commented.

"This will be our first indoor meet and most teams will be

finishing their sixth indoor meet so it will all be new to our boys," Coach Kautz added.

The meet is just a warm-up for the regular season as nine meets have been scheduled and the thinclads may possibly travel to Quantico, Va., to participate in the Marine Corps Relays. Morehead State, West Virginia State, Fairmont and West Liberty are the teams scheduled to meet the Big Green at home this season.

Parrish, Richard Kanney, Tucker, and Hill are the only returnees from last year's squad but the coach is looking for help from the members of last season's frosh team.

"Jim Brown, John Bentley, Jack Mahone, Bob Pruett and a few others returning from the freshman team should really help us a lot," Coach Kautz concluded.

HIGH-HURDLER Jim Brown, Wheeling sophomore, clears the first hurdle in a trial run for the meet at Denison, Ohio, tomorrow. Teammates watch in the background as they await their turn.

# Johnson's Optimism Spreading To Others

By SAM STANLEY

Feature Writer

"Who is Ellis Johnson?"

"Why doesn't Marshall go big time instead of hiring someone from Morehead?"

These were just a few sample reactions on campus when Ellis Johnson was reported to have the inside track to the head basketball post and similar remarks were heard even later when the 52-year-old Kentuckian was finally named to the post.

To those people on campus who are in their late 20's and above, and who have followed Big Green basketball through the years, Johnson is no stranger. But the younger generation would hardly recognize the name.

A 22-year-old senior at MU was just 12 years old and younger when Johnson's Morehead teams were giving Big Green basketball and football teams fits. And these were the "great" years at Marshall when the incomparable "Old Man" — Cam Henderson —

was the mastermind.

Since Johnson has been named as Jule Rivlin's replacement, the word has been spread that Johnson does know his basketball. He himself has promised a winner that "will fill the field house."

Although Johnson's teams here at MU may not display the "controlled fast break" that Henderson made famous, Johnson has said his team will play exciting ball.

Johnson has the reputation of being the old-school, roll-the-sleeve-up type of coach who demands respect and 100 per cent effort from his players and gets it.

His basketball teams at Morehead won 70 per cent of their games in his 17-year tenure from 1936 to 1943. This college, in the hills of Eastern Kentucky, is not too big now and it was much smaller when Johnson was there.

Johnson's basketball teams met Marshall 23 times and won seven, but eight losses in nine outings were suffered just

after the war (1946-1950) when Marshall had its greatest teams, including a small college national (NAIB) championship.

Take this streak away and Johnson is 6-8 against the Big Green.

In fact the last time a Johnson-coached team met Marshall, the Big Green was trimmed by 10 points, 72-62. This was in 1953 — Johnson's last season at the Eagle helm. And he hasn't coached since.

Many Marshall basketball stars who played against Johnson's teams are still around the area and remember some of the battles.

"They always ran with us and were hard to beat," says Bill Toothman, middle-man of the Marshall national champions of 1948.

"He was doing everything he could to beat you, and his boys played ball for him," said Carl York of the 1953 Marshall squad.

"Johnson's a go-getter who can get the very best out of a

team," says Andy D'Antoni, who was a Big Green basketball back in 1941.

Johnson, happy to get back into the coaching business after 10 years of selling insurance out of Ashland, Ky., hasn't really been away. He's attended clinics, visited Adolph Rupp's practice sessions on numerous occasions at the University of Kentucky, and has closely followed high school and college ball in the Tri-State area.

Before his winning record at Morehead, he was very successful as a high school coach in Williamson, W. Va., and as a player he was All-America at both college (Kentucky) and high school (Ashland).

Since being named to the MU post (he officially takes over July 1), Johnson has been a picture of optimism.

He has said he's always wanted to be on the Marshall staff and has predicted "winning basketball" for a "great school."

He's injected large and loud

ELLIS JOHNSON

... Winning Personality

notes of optimism throughout the campus and the Huntington area.

He has quickly won the hearts and support of Big Green fans and students. Those at Marshall who have never seen a winning basketball team, can't wait till the season starts next December.

"I can't either," exclaims Johnson.

## Sig Eps Slate Cage Tourney

The Sig Eps will play host to eight Sigma Phi Epsilon basketball teams from Ohio and West Virginia in a basketball tournament to begin at 10 a.m. Saturday in the new men's gymnasium.

Teams are expected from Sig Ep fraternities at the University of Cincinnati, Ohio State University, Miami of Ohio, West Virginia Tech, Virginia Tech, Davis and Elkins, Ohio Wesleyan and West Virginia University.

The finals and the consolation matches of the tourney will be played on Sunday. Trophies will be awarded to the first, second, and third place teams. An all-tournament team of seven players will be chosen.

Marshall's Sig Ep fraternity will be represented by Jake Robinson, Ed Peltz, Larry Tincher, Chris Cremeans, Tom Patterson, Joe Thomas, Butch Bennett, Mike Carroll and Jack Perry.

### CADET OF WEEK

William J. Wheatley, Chesapeake, Ohio, freshman and a member of Company "D", is this week's Cadet of the Week. Recipients for this honor must have a knowledge of military subjects and drill.

### Top Foul-Shooter

LARRY TINCHER, varsity basketball performer, has captured the intramural foul shooting championship. He connected on 49 of 50 shots.

## THE BELL TELEPHONE COMPANIES SALUTE: DON GEORGE

Don George (B.S.E.E., 1957) is responsible for putting together a \$20 million annual construction budget. Don is Senior Engineer for Plant Expansion in Southwestern Bell's Oklahoma City office.

On his first assignment, Don was an Assistant Equipment Engineer. Then came a promotion to Senior Engineer and the challenge of supervising eight people, including

both non-management and management personnel. These earlier steps provided Don with opportunities and proved he could handle the difficult job he's on now.

Don George and other young engineers like him in Bell Telephone Companies throughout the country help bring the finest communications service in the world to the homes and business of a growing America.

### BELL TELEPHONE COMPANIES

TELEPHONE MAN-OF-THE-MONTH

**This Work Proves A 'Bit' Of A Job**

**ACTIVITIES ON THE SITE** where the \$1.25 million women's dormitory will be constructed, created a great deal of interest. Work on the structure is expected to begin next month and the completion date is set for September, 1964. The six-story building will house 250 women. It is being financed through a \$650,000 HHFA loan and \$600,000 from a special state college and university capital improvements fund.

**ONE DRILLING COMPANY** got off to a head start last week as they conducted preliminary drillings before entering a bid for the foundation of the new women's dormitory. According to Charles S. Szekely, superintendent of Buildings and Grounds, bids will be opened on the project next week.

### Student Heads Methodist Unit

Ronald Watson, Winston-Salem, N. C., junior, was elected president of the West Virginia Methodist Student Movement at a conference held at Cedar Lakes last week.

A political science and English major, Ronald is a transfer student from East Carolina College where he served as president of the Wesley Foundation and was North Carolina state publicity chairman for MSM. At Marshall he is associate editor of the literary magazine, Et. Cetera.

**Watson**

As president of the MSM, Ronald will co-ordinate the council, plan for next year's conference and various projects, and attend regional and national conferences this summer.

Marshall was represented at the Cedar Lakes conference by eight student delegates and Rev. Lander Beal, student religious adviser.

## P-R Voting Ended, Reasons Given

(Continued from Page 1) among the senators that the system was confusing.

In an attempt to find out student opinion of the Senate action, most people had no idea what the semi-proportional system was.

Jerry Ashworth, Huntington graduate student, said that he felt the system should have been retained. He commented further by saying that unless the Student Government takes a good look at itself, the students may fail to recognize the Student Government.

Junior Sen. Frank Varacalli of Logan, said, "It's not democratic

and doesn't give equal voting power to all students. Unaffiliates and independents should be encouraged to be candidates, but it is not right for one group to have more voting power than another."

Other arguments in the Senate brought out the fact that unaffiliate candidates living in dormitories have a natural advantage because of number of students living in the dorm.

Because of this advantage, they didn't feel that the semi-proportional system was fair.

Others pointed out that unaffiliates in the past have received a very high number of votes

only because they worked very hard for the votes.

Jim Garrett, Washington junior and president of the Cavaliers independent fraternity, said "The Senate is a Greek organization and does not benefit the whole student body." He felt that the abolishment of this system will be a great blow to unaffiliates and independents because it is very difficult to get those groups out to vote and therefore, they need more voting power.

Since the system has been abolished the persons with the highest number of votes will win the seats in the Senate.

## Campus Briefs

### CADETS TO MANEUVER

The junior class of the Datto Group will participate in a pre-summer camp exercise beginning tonight and running through Sunday.

Titled "Operation Arrowhead", the exercise will involve such events as a class on orientation, physical training, patrolling, and night maneuvers on the grounds of Camp Arrowhead.

The pre-summer camp exercise, in preparation for the actual exercise to be held at Fort Bragg this summer, will close out Sunday afternoon with a leadership reaction test administered by the senior class.

### DEBATE CONTEST TODAY

Students from seven area high schools will be on campus today to compete in the regional high school contests in extemporaneous speaking, oratory, debate, and interpretation.

Contestants placing first and second in each event will represent this region in the state speaking contests in Morgantown on March 29-30.

Schools represented in today's meeting are Marshall High School, Huntington East, Huntington High, Milton, Logan, Duval and Point Pleasant.

The schedule of today's activities is: oratory, 1 p.m.; interpretation, 2:00 p.m., and extemporaneous speaking, 3:15. All contests will be in room 13 and 17 of the Science Hall and are open to the public.

### ENGLISH TEST

The Qualifying Examination in English Composition for this semester is set for March 23 for students whose surnames begin with letters between A and M. The test will be at 9 a.m. in Science Hall Auditorium.

The clear, sharp colors of non-bleeding 65% dacron and 35% cotton madras plaid roll sleeve shirt topping the much wanted reversible back wrap skirt. Colors: Navy, Brown or Loden. Reversible skirt 10.95, blouse 5.00, straight skirt in plaids or solids 7.95, shorts 6.95, and the lined boy jacket, 10.95.

**These delightful spring garments exclusive at A-N's second floor sportswear**
