## Big Green, Loyola To Tangle Tomorrow

## Falcons Nip Marshall In 73-70 Heartbreaker

By GEORGE ARNOLD Sports Editor

Marshall University's cage team, struggling to get its record over the .500 mark, tangles with a team that's toughter than a 50-cent steak tomorrow night when powerful Loyola of Chicago visits Memorial Field House.

The Big Green needed one victory to even its standing at 8-8 this season Loyola has beaten when it engaged Ohio University in a Mid-American Conference following a 73-70 defeat against MAC leader Bowling Green last Saturday.

Loyola brings to town a sparkling 15-2 record and a 90.7 points per game average which is tops in the nation. The Ramblers are paced in scoring by Jerry Harkness a 6-21/2 junior forward who is hitting at a 21.4 clip.

#### HARKNESS SETS RECORDS

Last year Harkness set school records for the most points scored in a single season (520), most free throws in one season (150), and highest one-year average (22.6). He ranked 23rd in the nation in scoring. This year he is ranked No. 41.

"They're real good shots, aggressive, and drive to the boards." Coach Rivlin said in sizing up his opponents. "And don't forget they're the top scorers in the country," he added.

Other leading point-getters for Loyola are guards John Egan and Mike Gavin, and sophomore forward Vic Rouse, averaging 14, 12 and 10 points, respectively.

The Ramblers' only two defeats were suffered at the hands of Marquette, 63-60, and the nation's No. 1 ranked team, Ohio State,

> A controversial goal tending call and the second-half shooting of Bob Carbaugh were two big factors in MU's loss to Bowling Green, Coach Rivlin said.

#### TAP-IN DISALLOWED

Carbaugh scored 14 points in the final half and Marshall lost a gess tapped in a Jody Sword shot and it was disallowed. This came when MU was trailing 48-44 after six minutes had been played in the second half.

The Big Green was able to overtake the Falcons only once after the goal-tending call at 65-64 with and tight zone defense turned the tide permanently in its favor in th last minutes and it pulled out a three-point victory. The Falcons now stands 16-2 overall and lead the conference with an 8-1 stand-

Forward Dick Wildt gave what Coach Rivlin calls "his best performance of the year" in the losing effort. Wildt, who missed practice last Friday because of a pinched nerve in his right knee, led all scorers in the game with 24 points.

We always had confidence in Dick," Rivlin said, "it was just a matter of his maturing. I hope it continues."

The loss left MU in fifth place in the MAC with a 3-5 record. Overall the Big Green stands 7-8.

## **Guitar Star** To Appear Tomorrow

Carlos Montoya, well known Flamenco guitarist, will be presented at the Convocation at 11 a.m. tomorrow in Old Main Audi-

Flamenco music supposedly cannot be written, since it is mostly improvisation. Montoya has set the melody line down on paper well enough to qualify as the only Flamenco member of the American Society of Authors, Composers and Publishers

Montoya has created Flamenco interest throughout the country through his coast-to-coast personal appearences, TV appearences and recordings. In a recent album entitled "From St. Louis to Scville". Montoya blends Flamenco and blues.

In the offing is a major Montova project-writing a concerto for Flamenco guitar and symphony orchestra. It is to be based on his own works, with the guitar playing improvised passages at specified moments.

In describing Flamenco music, Montoya says, "The music must be in you. Flamenco must come from the heart. You do not pick up a sheet of music and say, 'Now I play Flamenco.' The music musi come from the guitarist . . . not from a book."

Like the true Flamenco performer, Montoya creates as he goes along. The numbers he will play consist of all his own arrangements and original composietions, based on the Spanish Gypsy tradition.

Montoya was born in Madrid. At the age of eight, he started playing under the guidance of his mother, "La Tula", herself an accomplished performer.

In 1945 Montoya decided to give a full concert recital of Flamenco guitar music which had been unheard of since Flamenco guitarists usually work with a singer or dancer.
