Court Rules Against Sorority

Plodding Towards Hot Coffee

TWO STUDENTS TRUDGE through the snow that has held the campus in an icy grip for almost two weeks. Many of those living in the out-lying districts were unable to get to class on time after some of the snow falls. The buildings and grounds department were kept busy clearing snow off the walks. Many times this was of no avail.

Thursday Forum Program Will Feature Travelogue Of Trip Through Europe

IRVING M. JOHNSON
... Forum Speaker

Captain Irving M. Johnson, USNR, will present his color motion picture, "Yankee Sails Across Europe", at the Forum at 8 p.m. tomorrow in the Old Main Auditorium.

The film was made by Captain and Mrs. Johnson during a recent trip through Europe's inland waterways and across the Mediterranean to Greece.

The trip was made in a specially made ketch, the "Yankee", which took them across Holland, Belgium, France, and then eastward across the Vosges Mountains to Strasbourg.

The Johnsons then proceeded through more mountains to Lyon, France, and down the Rhone River to the Mediterranean Sea where they spent the winter.

Spring took them briefly to the resort island of Ischia off Naples and then they sailed around the boot of Italy to the mythical island of Greece and to the Aegean. The ship then turned back toward

Italy and France, into Switzerland again, reached the Rhine, and journeyed across Germany to the Baltic Sea.

Captain Johnson, who held the rank of Lt. Commander during World War II, has been going to sea for thirty-seven years. He was born in Hadley, Massachusetts, where his brother and he spent many summers sailing along the New England Coast.

During the Second World War, he was considered one of the leading experts on the South Sea Islands and as a Diving Officer spent many hours undersea, blasting channels, removing coral heads, and hunting for intelligence information on sunken Japanese ships.

Johnson is now a Captain in the Naval Reserve, and he and his wife make many sailing trips such as their recent one. Many interesting adventures and sites were captured on film during this last trip.

Placement Interviews Are Set

Representatives of five companies will be on campus this week to interview graduating seniors, according to Robert Alexander, director of placement.

Thomas E. Cleaver, agency personnel management specialist, will be here Feb. 1 to interview those interested in an accounting job with the U.S. Army Audit Agency.

On Feb. 1 and 2, R. H. Donaldson, personnel manager of the Goodyear Tire & Rubber Co., will interview business administration majors and those interested in industrial selling.

Chemistry majors interested in working with the Sinclair Re-

search Laboratories, will see J. F. Zimmerman on Feb. 6. Accounting majors will see Charles Riser from the Internal Audit Division of the U.S. Department of Agriculture on Feb. 3.

Teacher's College students who are interested in employment will be interviewed by Mr. Grady L. Ballard, director of personnel of the Annapolis, Md., Anne Arundel County Schools on Feb. 1 and 2.

Students interested in being counselors for summer camps will be interviewed on Feb. 2 by C. H. Cubbon from the industrial relations department of Union Carbide Chemicals Co.

Sigma Kappa Planning Injunction Order Appeal

By PATTY POLISKEY
Campus Editor

Sigma Kappa social sorority will be forced to vacate its residence at 1535 Fifth Avenue in less than 60 days unless the State Supreme Court sustains an appeal.

The plaintiffs charged that the properties in the 1500 block were for residential use only. The suit contended that Sigma Kappa was violating restrictive covenants in the deeds and that noise, cheers, yells and singing came from the sorority house.

Attorney L. W. Blankenship served as Special Circuit Court Judge in the suit.

Blankenship submitted the final order Jan. 14. His opinion stated in part that "the sorority house, being so operated and maintained, is a direct and overt violation of said restrictive covenants and that plaintiffs are entitled to a permanent injunction to inhibit, prohibit, restrain and enjoin the sorority from further maintenance and operation or permit the same to be done by any other person or corporate entity."

A 60-day stay has been granted to permit a possible appeal of the ruling. Attorney Luther E. Woods, who is representing Sigma Kappa, said he plans to submit an appeal within the next few weeks. If the appeal is granted by the State Supreme Court, a review of the case probably will not take place before next fall.

Attorney Woods said that the injunction was the lower court's ruling and would not be final until a review had been granted or denied.

If such action can be taken against Sigma Kappa, the question arises whether similar action could be taken against other sorority and fraternity houses in the 1400 and 1600 block of Fifth

Avenue. Blankenship said, "I was concerned only with the one sorority," but he added that other sorority and fraternity houses fall under the same restrictive covenants.

He said that he did not know whether the surrounding residents had waived their rights by permitting or tolerating the house to remain for a length of time. Sigma Kappa purchased their present residence in 1959.

Joyce Rutledge, president of Sigma Kappa and Huntington senior, said that the ruling "does not or will not curtail any of our present activities. We are not on social probation as I have heard rumored."

Miss Rutledge also said, "Although the injunction does not or may not directly affect the other sororities and fraternities, the ruling will have some influence on the Greek organizations. For instance, if any of the present or future organizations wanted to establish a residence in this block, there would be a precedent set."

"We are pioneers. We hope to encourage the Greek system and all extracurricular organizations to keep pace with the growth of Marshall. It is inevitable that Marshall will someday expand and that more sororities and fraternities will be installed on the campus. These organizations will want houses. But this will be a closed block unless we are granted an appeal by the State Supreme Court and win the case."

Final Date Announced For Insurance Benefits

The deadline for enrolling in the student insurance program is February 8. Enrollment cards may be taken or mailed to the student government office.

Approximately 2500 enrollment cards were sent to parents of students, with a folder and a letter from Bill Wortham, student body president, explaining the program. One hundred of these were returned because of insufficient address. Enrollment cards are available in the student government office for students who did not receive them.

The cost of the insurance is \$7.50 for the second semester and \$16.00 for both the second semester and summer vacation.

Benefits became effective Jan. 23 and will continue until May 28 or Sept. 8, depending on the coverage selected. The student is protected 24 hours a day wherever he may be, except while participating in intercollegiate football. Claim forms are available at the clinic.

The plan of benefits includes

a \$1,000 blanket accident medical re-imbursment, and the following sickness benefits: hospital room and board, \$10 a day up to 120 days; hospital miscellaneous expense, \$100 maximum; doctors calls, non-surgical, hospital confined, \$4 a call up to \$480, beginning with the first call; doctors calls, non-confined, \$4 a call up to \$200, beginning with the third call; consultant fee, up to \$25; nurse expense, \$8 a day up to \$960; surgical schedule, \$225; and ambulance fee, \$25.

Dr. Smith Attends Relative's Funeral

President Stewart H. Smith was called to Washington, D.C. Sunday because of the death of Mrs. Smith's brother, Mr. Otto Hollberg. Mr. Hollberg died Sunday of a heart attack.

President Smith hopes to return to the campus tomorrow.

Coed Wins Prize As Grid Guesser

Rita Joyce Guss, Kenova, Ohio, freshman, has been named the second place winner in the Liggett and Myers "Score the Game Contest" on the Marshall-Western Michigan football game.

Miss Guss will receive \$150 for her winning prediction.

Contestants at 108 colleges and universities across the nation entered similar contest with predictions of the final and half-time scores and the rival eleven.

TRYOUTS SLATED

Tryouts for the third College Theatre play, "Rashomon", will be held today in Old Main Auditorium. The tryouts today will be at 3 and 7 p.m. and tomorrow at 3 p.m.

The production concerns a murder trial in Japan. All college students are eligible to try out.

An Editorial

Students Must Act Now For University Status

You, as a student, can help Marshall attain "University status" but you must act NOW.

While there is still time, ask your parents and friends to write or talk to their legislators urging "U-Status" for Marshall. But, remember that this action must be taken in the near future.

At the present time the bill advocating "Marshall University" is before the Education Committees of both the House and the Senate. After it is studied by these committees, it will go before both sections of the legislature for final action.

Help Marshall become a "University" in name as well as in fact. Urge your parents and friends to contact their legislators immediately. Final action on the bill is not far away so you must ACT NOW!

SUSAN ATKINSON
Editor-In-Chief

Campus Briefs

The Board of Public Works has placed the college in the budget for \$2,353,910. The budget document asked the Legislature for \$2,856,663 for fiscal 1961-62.

The Cabell-Wayne County delegation to the Legislature consulted Keith Dunlap, state commissioner of public institutions, to try to have the West Virginia Home for the Aged and Infirm transferred to the college.

A new program was initiated by the college to give top high school students an advantage in seeking admission to the college and in reserving rooms in dormitories.

The policy is designed to give the high school students with a "B" average or better the first chance to be admitted to the college, because these students are generally more likely to remain in school.

Marshall College and West Virginia University will join the Huntington Area Labor Council, AFL-CIO, in conducting an educational program in basic econo-

mics. The objective is to develop an understanding of current economic practices.

Seven senior home economics majors began their off-campus teaching at various high schools throughout the state. They will return to the campus March 23.

The student teachers, who are under the supervision of a home economics teacher in cooperation with the college staff are: Alethea Butler, Ashland; Fernia Shrewsbury, Beckley; Jo Ellen Jack, Exchange; Rachael Fox, Huntington; Judy Burns, Hamlin; Sharon Pratt, Branchland; and Joan Brookover, Charleston.

Lewis A. Walker, instructor in chemistry, has been granted a leave of absence beginning June 1961, to September 1962, to work toward his Ph.D. He holds a National Science Foundation faculty fellowship for his study.

Wayne Warncke, assistant professor of English, is now finishing his course work for his doctorate at the University of Michigan.

Marco's Memorandum

Wednesday, Feb. 1—Last day for schedule change, full-time students, 1 p.m. Marshall vs. Morris Harvey, Charleston Civic Center, 8:15 p.m.

Thursday, Feb. 2—Community Forum, "The Yankee Sails Across Europe," Old Main Auditorium, 8 p.m.

Friday, Feb. 3—Music Department dinner-dance, Hotel Frederick, 6 to midnight.

Saturday, Feb. 4—Last day for schedule change, part-time students, noon. Marshall vs. Western Michigan, Field House

JOHN V. WILSON
... New Physics Teacher

Ex-Navy Officer Teaches Here

John V. Wilson, former head of applied engineering at the United States Naval General Line and Naval Science School at Monterey, California, has been named associate professor of physics here.

Professor Wilson earned his Bachelor of Science degree at the United States Naval Academy and retired from the Navy in 1959 after 20 years service with the rank of captain. He received his Master of Science degree in acoustics from the University of California and worked for the Minneapolis Honeywell Corporation, Los Angeles, as senior engineer of mathematical analysis for digital computers before coming to Marshall.

He belongs to the Acoustical Society of America and recently completed a special course in radiotopes at the Oak Ridge Institute of Nuclear Studies, Oak Ridge, Tenn.

HODGES COUNCIL MET

Hodges Hall's Council of Directors held a general business meeting at the men's dormitory, Monday evening, Jan. 30.

CIT, Armco Set Program For 16

The college has recently announced that it has entered an agreement with the Carnegie Institute of Technology at Pittsburgh to conduct a nine-month training program in management and production methods of the U.S. steel industry for 16 trainees from India.

The program will be conducted with the cooperation of the Armco Steel Corporations' plant at Ashland, Ky.

College president Stewart H. Smith explained that the Carnegie Tech program is financed by the Ford Foundation, several American steel companies and the federal government. Marshall will be reimbursed for its participation.

The 16 visitors, most of whom are graduate engineers, will spend one day a week on the campus

for classes in industrial management, industrial relations, general economics and the technical aspects of steelmaking. Four days a week will be spent in the Armco plant to observe operations.

An Armco spokesman said most of the visitors will be assigned to open hearth and blast furnace operations and maintenance procedures, the others in the gray iron foundry, safety department, and diesel and electric locomotive repair and power distribution departments.

Arrangements for the program will begin about Feb. 15 with John Sayre, director of development and alumni affairs, serving as coordinator. The college will be in complete charge of housing and meals for the trainees.

Seven Commissioned By Army, One Is Distinguished Graduate

Seven ROTC cadets were recently commissioned into the U.S. Army according to Lt. Col. Thomas M. Ariail, professor of military science.

Those commissioned second lieutenant were: Carl J. Hickey, Jr., Huntington, infantry; David E. Jordan, Ona, artillery; Bruce E. Moss, St. Albans, armored; Richard L. Shank, Huntington, infantry.

Samuel D. Stone, Jr., Charleston, ordnance corps; Howard H.

Sutherland, Matewan, armored; Windel E. Wooton, Red Jacket, finance corps.

Howard H. Sutherland was also commissioned a distinguished military graduate.

The invocation and benediction was delivered by Reverend Lander Beal, Marshall religious counselor. President Stewart H. Smith, awarded the commissions; and Major Anthony Cararie, assistant professor of military science administered the oath of office.

Inauguration Day Is Now A Memory

ROTC Cadets Honor Kennedy

By HAL DILLON
Staff Reporter

One hundred ROTC Cadets will remember the 20th day of January for many years. On that day the 100-man select unit of our Battle Group moved down Washington D. C.'s Pennsylvania Ave. to do a "eyes left" and dip our colors to our Commander-In-Chief, the President of the United States, John F. Kennedy.

The trip to Washington was highlighted by many interesting experiences. At our parade area we were met, in the bitter 18 degree cold, by our congressman, Dr. Ken Hechler, who greeted many of us personally and told us of the honor of the invitation to march in the parade.

We stayed in an Army billet and ate in an Army mess hall. The cadets learned that what they say about Army food "just a'int so."

The most enjoyable part of the trip was the six hour pass that we had in Washington. Three of our cadets used a car which belonged to a senator and brought the special license plate back to prove it.

After the 16 hour bus trip back through the snow we were all tired but "would do it over again."

ONE HUNDRED cadets from Marshall College Battle Group marched in the inaugural parade Jan. 20—in below freezing weather. The selected cadets are shown as they passed the nation's Capitol several hours after President Kennedy had taken the oath of office. (Photos by Staff Photographer Hal Dillon).

CADET CAPT. ARLIE TURNER, Chesapeake senior, and Cadet Capt. Lowell Morrison (right), Wayne senior, place Marshall College sign on one of three buses that transported 100-man cadet group to Washington.

CONGRESSMAN KEN HECHLER of Huntington shows Lt. Col. Thomas M. Ariail "standard equipment" for the Marshall cadet corps that marched in the inaugural parade—ear muffs. It was 18 above along Pennsylvania Avenue—but the cadets couldn't wear them.

FOUR ROTC CADETS warm up with chow at the Ft. McNair mess hall shortly before they left for the inaugural parade. The entire contingent was billeted at the fort overnight and had three meals served there.

Cadets Prove Good Samaritans; Help Motorist Who's Stranded

The 100-man R.O.T.C. contingent to the inaugural parade proved a "friend in need" during the return trip to Huntington. Between Hinton and Beckley, the buses carrying the cadets came upon a woman motorist whose car had slid off the road.

The cadets from two buses jumped off, literally picked the car up and set it back on the road, then hurriedly boarded the buses again.

The woman tried to thank each cadet, but they were already two hours behind schedule. They left her standing in the road—waving good-by.

Williams, Moody Spark 64-58 Win

Marshall's Big Green rebounded from a loss to Morehead last week to defeat Bowling Green 64 to 58 in a home game last Saturday night.

Marshall's Tex Williams led the Big Green in the scoring attack with an over-all total of 26 points. Williams was slow in the first half and only picked up three points, but in the second half he caught fire and dumped in 23 more. Williams had eight field goals and 10 free throws.

Bruce Moody was close behind Williams with a total of 15 points for the evening. He had better than 50 per cent in shooting with six for 10 field goals and three for six free throws.

Lou Mott, who had a good night against Morehead, dropped to five points for the Bowling Green game.

Bowling Green also had it's

outstanding players Saturday night, with Routson and Thurmond scoring 22 and 18 points respectively. Bowling Green made it apparent that the game was a close one because the half time score was tied at 27-27. They also came close to matching the Big Green's field goal percentage. Marshall had 32.3 per cent as compared to 31.6 per cent for Bowling Green.

In last week's Morehead game, Marshall lost 68 to 70 although they led most of the way through the game and were ahead 39 to 35 at half time. Marshall's percentage from the floor was a big 42 per cent but Morehead was out ahead with 43.1 per cent. Tex Williams took the honors in this game also with 16 and Lou Mott followed with a total of 13.

TEX WILLIAMS
... Top Scorer

Morris Harvey And Big Green Will Resume Rivalry Tonight

The Golden Eagles of Morris Harvey and the Big Green will resume an old feud at 8:15 p.m. today at the Charleston Civic Center—the first time in two years.

The Golden Eagles and the Big Green haven't clashed since Jan. 18, 1958 when the Big Green tallied a 98-88 win to rack up the 50th win over the Eagles.

Morris Harvey has beaten the Big Green only 8 times and only once since 1935. This occurred on Feb. 14, 1957, when they edged the Big Green 82-79. In that historic game Luther Stover and Hal Greer were matched against

each other and Stover tallied 34 for the Golden Eagles while Greer got 21 for the Big Green. To date Marshall has a 6-7 record while Morris Harvey has a 10-6 record.

According to Coach Jule Rivlin the Big Green has been working out on both a zone defense and a man-to-man. The Golden Eagles have two men which are dangerous both on the outside and on the inside. They are O'Neal and Miller. Coach Rivlin said, "If we expect to win we will have to control the boards and not let them get more than one shot."

BRUCE MOODY
... Rebounding Star

LUCKY STRIKE PRESENTS:

DEAR DR. FROOD:

DR. FROOD'S THOUGHT FOR THE DAY: A penny saved is a penny earned. And if you could put away a penny a week for one year... why, you will have fifty-two cents!

Dear Dr. Frood: Our college mascot is a great big lovable Saint Bernard. He loves everyone—except me. In fact, he has bitten me viciously eight times. What can I do to get him to like me?

Frustrated Dog Lover

DEAR FRUSTRATED: Mother him. To carry this off, I suggest you wear a raccoon coat, let your hair and eyebrows grow shaggy and learn to whimper affectionately.

Dear Dr. Frood: Most of my life here is extracurricular. I carry the drum for the band, pull the curtain for the drama society, wax the court for the basketball team, scrape the ice for the hockey team, clap erasers for the faculty club and shovel snow for the fraternity houses. Do you think these activities will really help me when I get out of college?

Eager

DEAR EAGER: I don't think the college will let you out.

Dear Dr. Frood: On New Year's Eve I foolishly resolved to be more generous with my Luckies. My friends have held me to this, and I've been forced to give away several packs a day. What do you think would happen if I broke this resolution?

Resolute

DEAR RESOLUTE: It's hard to tell, really. Lightning, a runaway horse, a tornado—who knows?

22 Games Face Baseball Team In '61 Schedule

The 1961 Marshall baseball schedule is completed with 22 games scheduled. Twenty-four games are allowed leaving Dayton and Xavier as possible schools to finish the list. The schedule is as follows:

March 27-28	Indiana	Home
April 4	Rio Grande	Home
11	W. Va. Tech	Home
14	Bowling G.	Away
15	Bowling G.	Away
18	Morehead	Home
21-22	Toledo	Away
25	Morehead	Home
28-29	Miami	Home
May 2	W. Va. State	Away
3	Dayton	Home
5-6	Kent State	Away
9	W. Va. Tech	Away
12-13	W. Mich.	Home
16	Rio Grande	Away
19-20	Ohio U.	Home

TICKETS ON SALE

Student tickets for tonight's game with Morris Harvey may be picked up in the Athletic Director's office in the new Health and Education building. The price for these tickets is \$1.00. The game will be played at 8:15 tonight in the Charleston Civic Center.

Dear Dr. Frood: Before vacation, my girl and I agreed to exchange Christmas presents. I sent her a nice hanky. You can imagine how I felt when I awoke Christmas morning to find a sports car from her. What can I do now?

Distraught

DEAR DISTRAUGHT: Remind her that Easter giving time is just around the corner.

Dear Dr. Frood: Can you help me convince my girl that I'm not as stupid as she thinks I am?

Anxious

DEAR ANXIOUS: Perhaps, but you'll have to convince me first.

TO GET A QUICK LIFT, suggests Frood, step into an elevator and light up a Lucky. Instantly, your spirits will rise. When you savor your Lucky, you're IN—for college students smoke more Luckies than any other regular. They're a wisened-up bunch who've known all along that Luckies taste great. Get the cigarettes with the toasted taste—get Luckies.

CHANGE TO LUCKIES and get some taste for a change!
