Press Talks Draw 350

Termed as the best United High School Press meeting since World War II, the two-day meet was highlighted Saturday by a banquet at the Prichard Hotel with Jack Davis, Charleston A.P. Bureau Chief as featured speaker.

Mr. Davis, a former Marshall journalism student, said that the important question in journalism was not whether one was proud of his profession, but "is the profession proud of you?"

He told the some 350 guests at the luncheon that the three major qualifications of a journalist are desire, dedication and loyalty.

A young newspaperman with desire, he illustrated, is willing to work more than a 40-hour week. He is willing to follow up leads on his own time. A by-line is an ultimate reward to a journalist.

An estimated 330 students and teachers from 29 high schools throughout West Virginia attended.

Newly elected officers are: United High School Press: Joe Davis, Wayne High School, president; John Hoover, Elkview High School; vice president, and Sue Anderson, Nitro High School, secretary.

United High School Yearbook Association officers: John Bunting, Barboursville High School, president; Paulette Barbour, Wayne High School, vice president; Kay Cook, Williamson High School, secretary, and Douglas Litton, Cedar Grove, parliamentarian.

West Virginia Journalism Teachers Association officers: Mrs. Ruth Sutherland, Ceredo-Kenova High School, president; Mrs. Jack Nichols, Huntington High School, vice president, and Sister Joan of Arc, St. Joseph's Central High School, secretary.

Line-Breaking? Any Gripes?

Students wishing to complain about line-breaking in the cafeteria may do so until the end of February, according to Roger Jones, Parkersburg senior and chief justice of the student court.

If enough complaints are received, action will be taken, Jones said. So far five complaints have been lodged. Complaints may be given to any member of the student court.

Court members are Jim Nash, Huntington senior; Judy Hockman, Paw Paw junior; John Andrews, Clendenin junior; Walter Cosby, White Sulphur Springs sophomore; Karen Danley, Moundsville junior; Artie Jo Fredeking, Huntington senior; Pat Joyce, Parkersburg senior; Bill Price, Hinton junior; Bill Tow, Man senior; and Juanita Wheatley, Danville junior.

Eight Students Capital Visitors

By DOROTHY LOCKE Staff Reporter

Legislators are showing a favorable attitude toward university status for Marshall, according to L. D. Egnor, Huntington senior and vice president of the student body.

Egnor was one of eight students who visited the lawmakers in Charleston on Thursday.

"I only spoke to one violently opposed, and he was from Morgantown," said Egnor.

Other students who visited the Legislature were Suzanne Tamplin, Madison junior; Nancy Wood, Moundsville junior; Jane Butler, Huntington junior; Vern Scan-

dola, Huntington senior; Bob Bledsoe, Webster Springs senior; Bill Wortham, Huntington senior, and Larry Matthews, Huntington graduate student.

According to Egnor, the students talked to everyone possible including Governor W. W. Barron.

During a recess Egnor spoke before the House of Delegates. He presented a yearbook and a certificate of honorary membership in the University Status Commission to Delegate Mino D'Aurora. D'Aurora, from Follansbee, has already been named honorary cheerleader for Marshall.

Egnor concluded his talk by saying, "If things go as we hope it will, I'll be only too happy to present everyone with an honorary membership in the University Status commission."

He said the delegates were very attentive and interested in Marshall.

Building And Grounds To 'Spring' Into Action

By **BOB SMITH**
Feature Writer

Campus cutters may be hindered by this spring, according to Mr. J. P. Haskell, superintendent of building and grounds.

Mr. Haskell said that due to students transporting themselves from class to class by the way of well worn paths across campus, he may be forced to place fences at different locations. This has always been a major problem for the ground maintenance crew, and one that has yet to be solved.

'In Step' Plan Gains Helper

Larry Matthews, Huntington graduate student, has been named counselor to represent Marshall in the new program, "IN STEP" This is the Indian Steel Training and Educational Program starting here March 4 for graduate engineers from India.

Marshall and the Armco Steel Company of Ashland, Ky., are jointly participating in this program for the training of 14-16 engineers.

Larry will be assistant to John M. Sayre, director of Alumni Affairs, who is program co-ordinator. Larry will be working closely with the graduate engineers in all phases of their on-campus training and will assist them in their cultural, social and everyday adjustment to the American way of life.

The actual program will be for a nine-month period, from March 4 through early December.

These paths definitely distract from the beauty of the campus, said Mr. Haskell.

Another difficulty faced by the ground workers are the litter-bugs. Several plans are in the offering for improvements on campus in the coming year, according to Haskell. He said that contracts which call for tree experts to come to the college will be wulfilled as soon as possible. Their job will be to brace the trees and fill up rots around them.

Several garden clubs throughout the area have expressed an interest in beautifying the grounds in front of the new physical education building. Also a new sidewalk and gate opening to the main entrance of the building will be constructed in the near future.

The annual seeding will take place around the middle of March, Mr. Haskell said. Equipment is being repaired and readied for spring work. And so, in the not too distant future, Marshall students may look forward to the "new look."

Former Marshall Educator Is Dead

Services were incomplete Monday at press time for Lindley Edward VanderZalm, retired professor of education who died Sunday afternoon at Lakeland, Fla.

Professor VanderZalm, who died Sunday afternoon, retired two years ago after a 30-year Teachers College career.

Professor and Mrs. VanderZalm had gone to Florida Nov. 8 for a five-month vacation and had planned to return to their Huntington home, 1540 Terrace Drive, in April. He suffered a stroke earlier last week which proved fatal.

The educator began his long career at Concord College after completing his graduate work at Columbia University in 1920. Survivors, in addition to the widow, Mrs. Marie VanderZalm, include a son, Robert, of Huntington.

Letter To The Editor

DEAR EDITOR:

After numerous weekends of making major decisions as to whether to go home, watch TV, or go to the movies with the girls, we met this weekend, as usual, to decide our exciting arrangements. Having a veteran of several colleges in our midst, we listened to her views on the dating situation.

She says that the girls on this campus were too over-dressed for campus affairs, differing from other schools. Why not wear slacks to games so that you could cheer without thought to personal appearance? This would make the game more comfortable for those who walk in cold weather or who are limited in their wardrobe.

Another idea was the "coffee date." Almost all campuses in other states employ this situation. Applied to Marshall it would work like this: The men on campus would ask any girl, without formal introduction, to go out for a cup of coffee at 8:30 p. m., possibly on a week night, realizing that the girl had to be back in the dorm at 9:45 p. m. The girl would dress very informally, possibly slacks or bermudas or skirts depending on the weather. They would then spend an hour or less

over coffee and, by talking with one another, would know each other better and then could decide whether to continue dating or end it there. In this manner, the man would not spend more than 20 or 40 cents. This would also bring back a lost art — that of conversation — and it would be a chance for a person to date many people without feeling obligated or spending a great deal of money.

It is a great way for this campus to aid itself in a University atmosphere (which we are aiming for) and to eliminate our reputation of being a "suitcase school." We are college students and should think as such. If we want University status academically, we should meet the responsibilities as a University socially. We are adults not children!

Signed: The Girls of Laidley Hall

Baseball Team Still Searching For A 'Home'

By ROGER HUTCHISON
Sports Editor

Where will Marshall's baseball team play its home games this season?

Inco park, where the Big Green previously played its games, has been taken over as a site for a new building.

St. Cloud Common park and the Owens Illinois park are alternate sites now being considered—but no definite decision has been made yet.

Equipment, such as lights and fences, has been removed from Inco field but has not yet been placed at another park, Athletic Director Neal "Whitey" Wilson said. He added that if the equipment is set up at St. Cloud Common, and if Marshall gains approval to play there, this will be the new home for the baseball team.

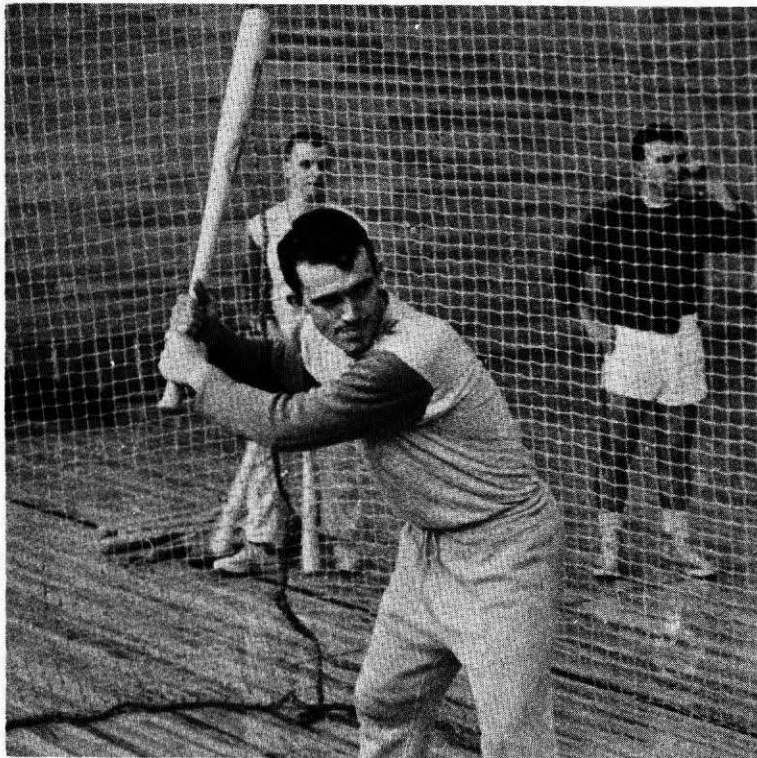

If not then Marshall might be allowed to use the Owens Illinois park along with Huntington High School, which uses the park for both practice and games.

Big Green Mat Team Defeated

Marshall's Wrestling Team fell victim to Miami's grapplers Saturday night by a score of 21 to 9.

The Big Green's Bill Cyrus picked up five points for his team by defeating Bob Burton in a fall. Cyrus was wrestling in the 137 lb. class. Phil Harris, in the 147 lb. class and Roger Jefferson, in the 177 lb. class, accounted for the remainder of Marshall's score. They each picked up two points by drawing with their opponents.

James Keatly, in Marshall's heavyweight class, lost to Joe Galat in a fall giving five points to the Miami team's score. Dave Kaiser of Miami defeated Alpha Mayfield in a decision for three points in the 167 lb. class. Picking up three more points in the 157 lb. class, Miami's Dick Orstein defeated Ralph Mav. Two more decisions, over Jim Mattern and Dan Evans, gave Miami 17 points and with the four points picked up in the draws, they wound out the day with 21 points.

First-Half Rally Gives Marshall Ninth Victory

By ROGER HUTCHISON
Sports Editor

Bouncing back from a defeat which broke their three-game winning streak, Marshall's Big Green trounced St. Francis of Pennsylvania Saturday night by a score of 91 to 70. The entire lineup sparked on offense with five men scoring in double figures.

Phil Carter sparked the Big Green offense as he contributed 15 points for the evening. Carter was injured in a previous game but the injury did not slow him down in Saturday's game. Carter was also outstanding on defense as he, Bruce Moody and Lou Mott held the Frankies to seven points and picked up 22 points for themselves in a rally just before half-time.

St. Francis got off to an early

start but Marshall came back to lead at the half 45 to 34.

In the second half the Big Green raced ahead and led by as much as 23 points. Marshall scoring was fairly even with Tex Williams getting 10; Bruce Moody, 16; Bob Burgess, 12; Mott, 17, and Carter, 15.

Marshall's overall record stands at nine wins-eight losses for the season and four victories against five defeats in the conference. The Big Green will take to the road tonight to play three away games. They will face Morehead tonight.

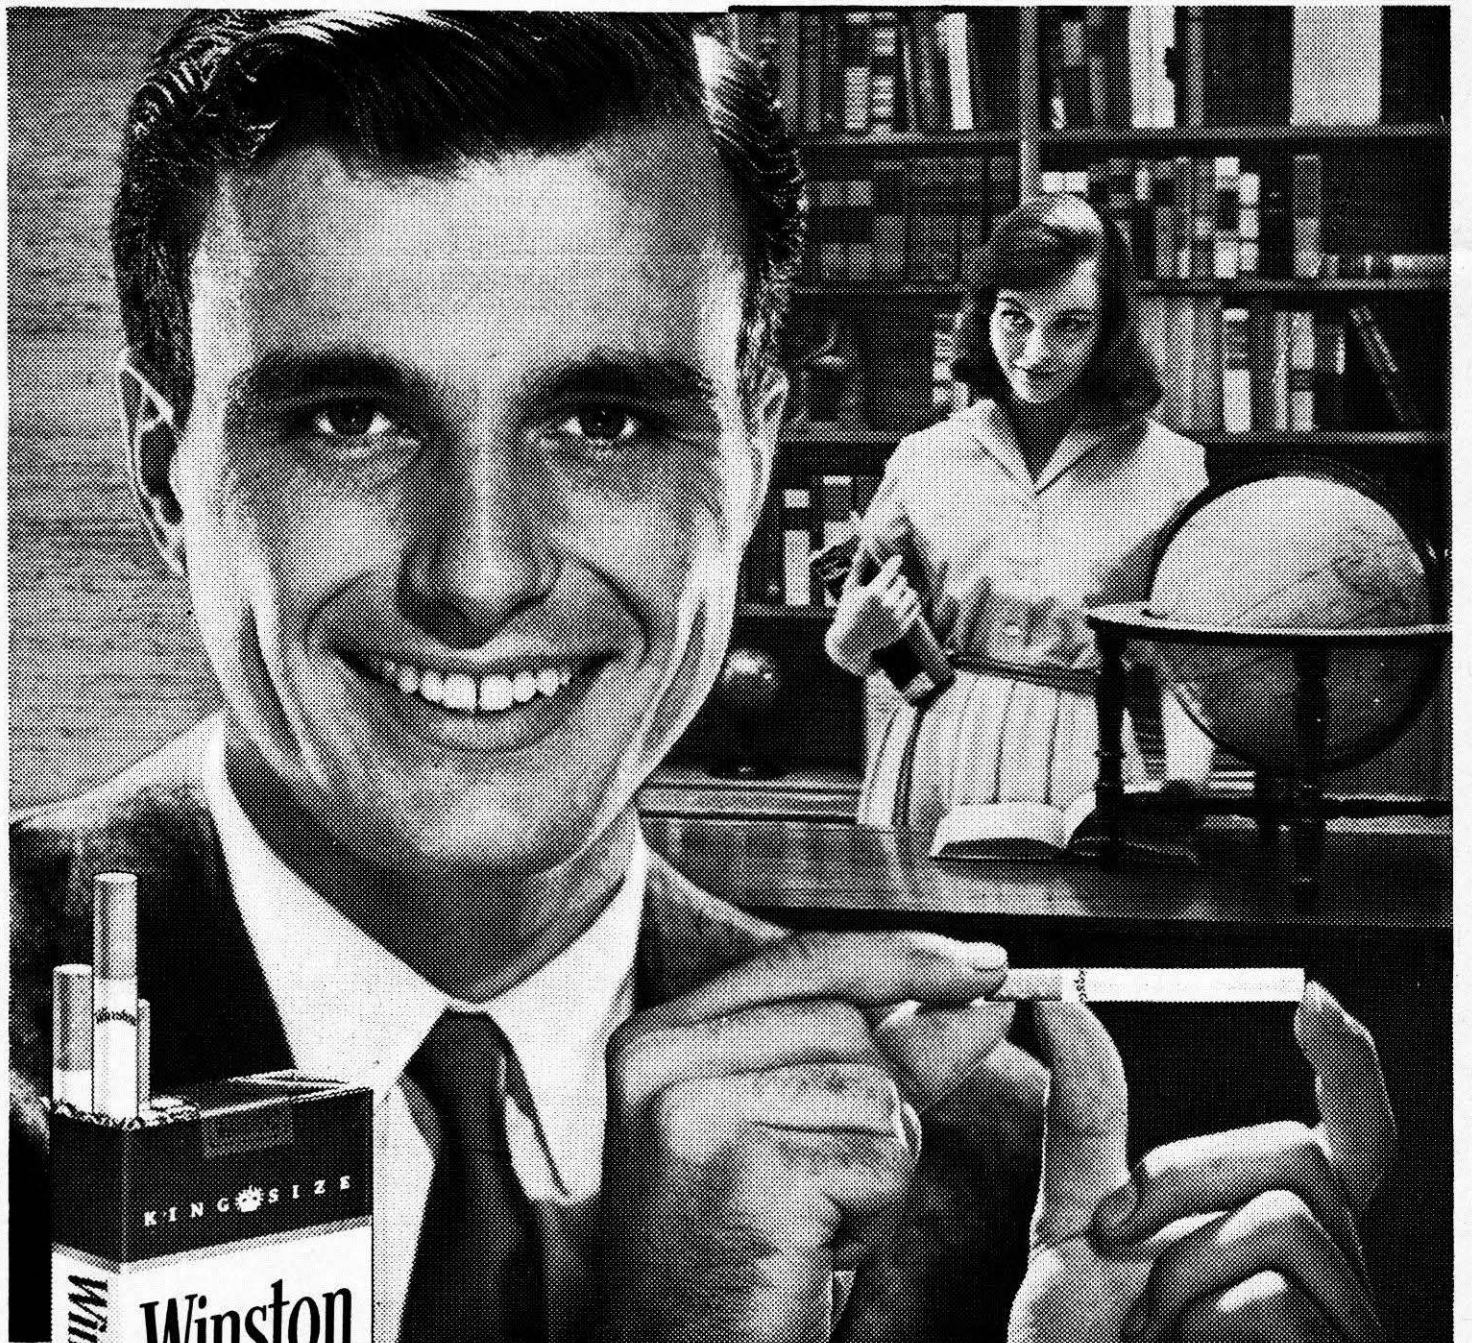

Marshall's little Green was also victorious Saturday night as they defeated Morehead's freshmen 99 to 90. High man for the Little Green was Butch Clark with 33 points, a third of the total team effort.

RABBI SUNDHEIM
... He'll Look at Life

By RICK TOLLEY
Staff Reporter

Have you noticed sleepy-eyed male students stumbling around campus in the past few weeks with unusual objects in their possession?

If so, you have probably seen a pledge of one of the social fraternities on campus in a portion of the ritual of his initiation week; generally known as "Hell Week."

Many eyes may be turned to see a young man walking across campus through the snow with a bright red rose pinned to his lapel. He is not trying to rush the arrival of spring, but wears it for identification and individuality for his organization.

Some groups require their pledges to wear labels or signs which identify the pledge and his fraternity. Also, the pledge is always wearing a suit and may be sporting anything from a brightly colored shopping bag to

a child's sand bucket, or one or two wooden paddles swinging from his belt.

The pledges are usually required to carry several brands of cigarettes and chewing gum for the active members of the fraternity, and they are absolutely forbidden to talk to girls.

There is a reason for "Hell Week", according to John Dietz, Richwood sophomore and president of Sigma Phi Epsilon, who says, "the purpose of the initiation week is to unite each pledge to his fellow fraternity members and to stimulate a true feeling for brotherhood which is the basic principle of the fraternity system."

It is a week in which each man decides whether the association with the group is one which will be beneficial to him throughout his college career and later life. It is a time of very important decision and strengthening of character."
